Trademarks Journal

Vol. 71 No. 3629

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Class 06

(1) Common metals, unwrought and semi-wrought common bimetals; alloys of common metal; alloys of common metals, as well as common metals for additive manufacturing; irons and steels; metal bars for further manufacture; hollow metal bars for further manufacture; metal billets; metallurgy blooms; strip steel; precision wire of common metal; controlled expansion alloys of common metals; sheets and plates of metal; branching pipes of metal; drainage pipes of metal; oil and gas drill pipes of metal; branching tubes of metal for pipelines; ground tubes of steel; metal tubes for machinery; oil and gas casing and tubing of metal; rolled and peeled ground tubes of steel; nitric acid tubes of metal for the fertilizer industry; stripper tubes of metal for urea plants for use in the fertilizer industry; subsea oil and gas pipes and tubing of metal; oil and gas chemical injection pipes and tubing of metal; carbon steel tubes; drill pipes and tubes of metal for use in the mining industry; stainless steel pipes and tubes for use in nuclear power plant reactors; nuclear fuel pipes of metal; metal pipe fittings and flanges; small items of metal hardware being bolts, screws, nails, latches and hinges; barrels of metal; barrel hoops of metal; pipe muffs of metal; cables of metal, non-electric; clamping sleeves being threaded bushings of common metal; metal pipe collars; elbows of metal for pipes; nozzles of metal; rods of common metal for further manufacture; rods of common metal for further refinement and processing in the mining industry; rods of common metal for use in nuclear power plant reactors; common metals in powder form; metal shims; metal modular hardware for integrated circuit (IC) and semiconductor packaging being housing, modules, tubs, holders, wafers and wire bonders; brazing alloys, solder pastes; metal hardware being centralizers and centralizer locks for the oil and gas industry; metal hardware being centralizers and centralizer locks further refinement and processing in the mining industry; metal hardware being centralizers and centralizer locks for use in nuclear power plant reactors; metal casing shoes; metal guide shoes for tubes used in oil and gas production; metal cement shoes for tubes used in oil and gas production.

Class 09

(2) Downloadable registered computer programs for monitoring and controlling computer networks and computer operating systems for communications between computers and automated manufacturing machine systems and to monitor and track manufacturing productivity and

manufacturing product orders of advanced stainless steels, special metals, special metal alloys and industrial heating systems, not in connection with medical care; downloadable registered computer operating programs; downloadable registered computer operating software, not in connection with medical care; computers; measuring, detecting and monitoring instruments and apparatus, level (or temperature) indicators and controllers, namely, digital indicators for detecting and monitoring performance temperature indicators, rotational wear, load weight and detecting and monitoring service indicator lights of manufacturing machinery and controllers in the field of advanced stainless steels, special metal alloys and industrial heating systems, not in connection with medical care; electronic control units and systems for the remote control of industrial manufacturing machines in the field of advanced stainless steels, special metal alloys and industrial heating systems, not in connection with medical care; electronic training simulators and downloadable simulation software and hardware for evaluating and testing manufacturing chain efficiencies in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; downloadable mobile applications for providing product information, for inventory automated ordering, inventory management and inventory cost follow-up in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; calculators, not in connection with medical care; data processing equipment, namely, central processing units, computer motherboards, computer daughterboards, computer graphics boards, computer expansion boards, circuit boards, digital signal processors, graphics processor units, video processors, signal processors, computer memory expansion modules, computer monitors, computer terminals, computer touch screens, external computer hard drives, BIOS [basic input/output system] software, computer network servers, computer network hubs, switches and routers; computer peripheral equipment, namely speakers, computer mice, computer mouse pads, computer keyboards, computer monitors, computer printers, computer scanners, all not in connection with medical care; measuring instruments and apparatus, namely, pressure gauges, presume meters, pressure recorders, remote temperature sensors, sensors for determining temperature, temperature gauges, temperature indicators, meters for measuring electrical resistance, not in connection with medical care; software for storage and calculation of temperature, strain and vibration information of industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; temperature sensors; strain sensors being strain gauges, not in connection with medical care; pressure sensors, not in connection with medical care; vibration sensors and acceleration sensors, not in connection with medical care; remote temperature sensors, sensors for determining temperature, temperature gauges, temperature indicators and associated computer programs for monitoring performance temperature indicators and the working capacity of tube systems of industrial heating machinery for use in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; I pressure gauges, presume meters, pressure recorders, remote temperature sensors, sensors for determining temperature, temperature gauges, temperature indicators, meters for measuring electrical resistance all incorporated into tubes and pipes of industrial heating machinery and associated computer monitoring software for use in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; downloadable software applications for providing product information, for inventory automated ordering, inventory management and inventory cost follow-up in the field of advanced stainless steels, special metals, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; downloadable electronic publications in the nature of handbooks, manuals, instructional and teaching material being computer user manuals and downloadable digital content in the field of alloys, metallurgy and tubing systems and 3D printing, stainless steels,

special alloys and titanium, furnace products and heating systems, hard and super-hard materials not in connection with medical care; electrical resistors made of metal alloys, not in connection with medical care; ceramic electric resistors, not in connection with medical care; capacitors, not in connection with medical care; electrical resistance material specifically metal compositions in the forms of wire, strips, ribbons, tubes and powder; computer hardware, computer software and mobile phone applications for collecting, processing, transmitting, receiving, storing, retrieving, accessing and managing operational information and digital data collected from industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; computer hardware, computer software and mobile phone applications enabling users to create, save, and launch sequences of commands and logic within and between computer operating software applications and computer operating software systems to maintain the functionality of industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; computer software and mobile phone applications for database management specifically for accessing, browsing and searching online databases in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; computer software and mobile phone applications for database management specifically for voice command accessing, browsing and searching online databases for audio, video and multimedia content in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; computer software and mobile phone applications for database management specifically for voice command sending, receiving, retrieving, and managing information and digital data from industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; computer hardware, computer software and mobile phone applications for controlling the operation of industrial heating furnaces, not in connection with medical care; computer hardware, computer software and mobile phone applications for monitoring the performance of industrial heating furnaces, not in connection with medical care; computer hardware, computer software and mobile phone applications for the collection, recordation and reporting of the selection, performance and maintenance of industrial heating furnaces, not in connection with medical care; computer hardware, computer software and mobile phone applications for testing, analysis and simulation of industrial heating furnace performance, not in connection with medical care; semi-conductors; printed circuit; electric resistors, not in connection with medical care; electronic light switches; electronic rotary switches; electronic toggle switches; electronic motion sensitive switches; electronic elevator switches; electronic Ethernet switches; electronic optical switches; electronic power switches; video screens, not in connection with medical care; remote controls for industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing, not in connection with medical care; remote controls for operating industrial mining machinery, not in connection with medical care; remote controls for operating nuclear power plant reactors, not in connection with medical care; remote controls for operating nitric acid tubes for the fertilizer industry, not in connection with medical care; remote controls for operating oil and gas chemical injection pipes and tubing, not in connection with medical care; light conducting fibers being optical fibers; heat regulators, not in connection with medical care; lightening conductors; electrolytic voltage tank used as an aid to electron-tube design and in computing ideal fluid flow in the field of stainless steels, metal alloys and industrial heating systems manufacturing, not in connection with medical care.

Class 11

(3) Lights for vehicles; air conditioners; heating elements; air heaters, namely, air heating furnaces and electric space heaters all for industrial purposes; heating elements, continuous flow air heaters for industrial use, space heaters, air heating cassettes for industrial purposes, gas heating cassettes for industrial purposes; electric space heaters for industrial purposes; water heater; diffusion cassettes and tubes for industrial furnaces constituting tubular heating chambers sold as integral components of furnaces; tubes specially adapted for industrial furnaces namely, boiler tubes, ethylene furnace tubes, radiant tubes, reheater tubes and superheater tubes; industrial furnaces; residential heating furnaces; furnaces for the ceramics industry; industrial furnaces made with ceramics; furnace bars, as parts of industrial furnaces; furnace bars as parts of residential heating furnaces; furnace bars for furnaces used in the ceramics industry; furnace bars as parts of industrial furnaces made with ceramics; heating furnaces for industrial purposes; furnace pilot lighters; installations for processing nuclear fuel and nuclear moderating material.

Class 17

(4) Electric ceramic insulation material, namely, ceramic insulators, electrical ceramic insulators; ceramic enamel fiber insulation, refractory ceramic fiber insulation; insulating materials, namely, electrical insulation, fiberglass for insulation, foam glass for use as an insulating material, foils of metal for insulating, glass wool for insulation, insulating bands, insulating covers for industrial heating machinery, insulating fabrics; thermal insulating plating materials of cellular glass, perlite, mineral wood, fiberglass and urethane; padding materials of rubber and plastics.

Services

Class 35

(1) Wholesale and retail store services in relation to products for the industrial manufacturing industries namely industrial heaters and furnaces, and resistance materials being steel and metal alloys; business management, business consulting and planning services in the field of industrial heaters and furnaces, and resistance materials namely common metals, steels, special alloys, noble metals, ceramics and intermetallic compounds; business consulting and planning services for the mining industry; wholesale and retail store services of products within materials technology, namely industrial heaters and furnaces, and resistance materials being common metals, steels, special alloys, noble metals, ceramics and intermetallic compounds; business management consultancy and advisory services in the field of materials technology; inventory control; updating and maintenance of data in computer databases; commercial business management and industrial business management assistance; advisory services for business management; business management and organization consultancy; database management services in relation to industrial heating technology and materials technology; collating of data in computer databases being database management; database management being the collection and systematization of information about temperature, performance and working capacity into computer databases; presentation of goods on communication media for retail purposes, namely, online wholesale and retail sale of products for the industrial manufacturing industries namely industrial heaters and furnaces, and resistance materials being common metals, steels, special alloys, noble metals, ceramics and intermetallic compounds; provision of business information, advice, and consultancy in the field of industrial heaters and furnaces, and resistance materials being steel and metal alloys and energy efficiency; rental of vending machines.

Class 36

(2) Insurance and financial management information and consultancy services not in connection with medical care; insurance services, namely, underwriting of extended warranty contracts, not in connection with medical care; financing of loans, lease-purchase financing, credit and loan services, not in connection with medical care.

Class 37

(3) Heating equipment installation and repair; interference suppression services namely installing interference suppression filters in electronic components; repair, maintenance, assembly, and installation services in the field of industrial heating machinery, industrial heaters and furnaces, and resistance materials being steel and metal alloys; repair, maintenance, assembly in the field of installation and installation of products within materials technology, namely, industrial heaters and furnaces, and resistance materials being common metals, steels, special alloys, noble metals, ceramics and intermetallic compounds; rebuild services of products within materials technology, namely, the rebuilding and upgrade of electric heating systems and heating equipment, and electronic control systems in the field of industrial heating machinery, industrial heaters and furnaces, and resistance materials being steel and metal alloys.

Class 40

(4) Heat treatment of common metals and their alloys; heat treatments of metal alloys for additive manufacturing; polymer coating as a metal treatment; treatment and regrinding of metal surfaces, machine tools and machines; providing metal coating treatments with electroplating capabilities consisting of silver, rhodium, palladium, copper, tin, stainless steel, nickel and brass coatings; gold and silver plating; metal casting and tempering; assembly of products for others, namely, electric heating systems and heating equipment, lighting installations, luminous tubes for lighting, magnesium filaments for lighting, and electronic control systems in the field of industrial heating machinery, industrial heaters and furnaces, and resistance materials being steel and metal alloys; assembly of oil and gas industrial machines for others; assembly services for others being machines, machine tools and automatic systems for treating and processing metals; assembly of fuel cell power generators for others; assembly of fertilizer systems for others; assembly of hydraulic systems for others; assembly of medical tubes for others; assembly of nuclear power generation systems for others; assembly of mining machinery and equipment for others; fuel processing, namely, fuel treatment services; mechanical and chemical treatment processing of common metals and their alloys; metal grinding; providing material treatment information in the field of heat treatment of common metals and their alloys, polymer coating as a metal treatment, treatment and regrinding of metal surfaces, machine tools and machines, rhodium, palladium, copper, tin, nickel and brass coatings as a metal treatment, gold and silver plating, metal casting and tempering, fuel treatment services, and mechanical and chemical treatment processing of common and precious metals and their alloys with electroplating capabilities of silver, rhodium, palladium, copper, brass, stainless steel, gold, tin and nickel; electronics recycling, recycling of metals, recycling of mineral waste, recycling of steel sheets, recycling of waste, waste management being the treatment of chemical and mineral waste, and providing information relating to the recycling of waste; recycling of steel; providing material treatment information in the field of heat treatment of common metals and their alloys, polymer coating as a metal treatment, treatment and regrinding of metal surfaces, machine tools and machines, gold and silver plating, metal casting and tempering, fuel treatment services, and mechanical and chemical treatment processing of common metals and their alloys; custom manufacturing for others of parts and components for the industrial machinery, industrial heaters and furnaces, namely, heating, ventilating, and air conditioning equipment and systems for others, and resistance materials being steel strapping and common metal alloys; consultation services in the field of custom

manufacturing of parts and components for the industrial heating machinery, industrial heaters and furnaces, namely, heating, ventilating, and air conditioning equipment and systems for others, and resistance materials being steel strapping and common metal alloys; custom manufacturing of common metal and their alloys and products and articles thereof, being wire, strips, rods, tubes, pipes, plates, sheets, bars, billets, blooms, powders, and pressed and cast products and articles.

Class 42

(5) Scientific research, technological research and mechanical engineering services in the field of industrial heating machinery, industrial heaters and furnaces, and resistance materials being steel and metal alloys, not in connection with medical care; on-site engineering services for others in the field of industrial heating machinery design, industrial heaters and furnaces design, and design of resistance materials being steel and metal alloys, not in connection with medical care; on-site engineering services for others in the field of aerospace; field service engineering services in the field of nuclear power; on-site engineering services for others for the mining industry; on-site engineering services for others in the field of the fertilizer industry; onsite engineering for others in the field of oil and gas industry; research, design and development of new products and services for others in the field of industrial heating technology and resistance materials not in connection with medical care; technical consultancy services in the field of design and development of industrial engineering processes, not in connection with medical care; technical consultancy services as to energy efficiency and industrial manufacturing productivity solutions, not in connection with medical care; technical material testing and laboratory testing of materials, not in connection with medical care; industrial engineering project management services, not in connection with medical care; conducting feasibility studies being project feasibility analysis and planning services, not in connection with medical care; provision of scientific information, advice, and consultancy in the field of industrial heating machinery, industrial heaters and furnaces, resistance materials being steel and metal alloys, and energy efficiency, not in connection with medical care; provision of information, advice, and consultancy in the field of industrial heating machinery, industrial heaters and furnaces, resistance materials being steel and metal alloys and energy efficiency, not in connection with medical care; research and development of new products for others, not in connection with medical care; chemical research and analysis, not in connection with medical care; oil and gas well drilling services, namely, providing measurement and downhole telemetry while drilling services; cloud computing services, namely, advisory services in the field of cloud computing networks and applications, not in connection with medical care; technology services, namely, providing computer technology information, advisory and consultancy services in the fields of materials testing, industrial heating machinery, industrial heaters and furnaces, resistance materials being steel and metal alloys and alternative energy generation, not in connection with medical care; design services in the field of industrial mechanical engineering, not in connection with medical care; scientific research in the field of renewable energy, not in connection with medical care; energy research, namely, research and development in the field of biomass combustion for the production of energy; technology consultancy in the field of alternative energy generation and renewable energy generation not in connection with medical care; quality control testing of refractory materials, industrial machinery, industrial heaters and furnaces, resistance materials being steel and metal alloys, not in connection with medical care; conducting technical project studies in the field of refractory materials, industrial machinery, industrial heaters and furnaces, resistance materials being steel and metal alloys, not in connection with medical care; custom industrial engineering services, namely, the computer software upgrades for products within materials technology, not in connection with medical care; consulting services in the field of industrial engineering specifically on the topic of industrial heating technology and resistance materials; custom industrial engineering services, namely, the design and development of new

products for others within materials technology, not in connection with medical care; rebuild industrial engineering services in the field of industrial heating technology and resistance materials.

(2) 3D printers; 3D printing pens; abrasive belts for power-operated sanders; abrasive discs for automotive use; abrasive discs for power operated grinders; abrasive discs for power operated sanders; abrasive disks for power-operated sanders; AC generators; adhesive bands for pulleys; adhesive tape dispensing machines; aerated beverage making machines; aerated beverage-making machines; aerating pumps for aquaria; aerocondensers; aeronautic engines; aeronautical engines; aeroplane engines; aeroplane motors; agitators for chemical processing; agricultural aircraft spray nozzles; agricultural balers; agricultural cultivators; agricultural elevators; agricultural equipment for seeding; agricultural land fertilizing equipment; agricultural plows; agricultural reaper machines; agricultural seed planting machine; agricultural seed planting machines; air brushes for

applying make-up; air compressors; air compressors for vehicles; air drills; air filters for automobile engines; air filters for engines; air filters for motors; air hammers; air screwdrivers; airplane engines; airplane motors; alternating current servo motors; alternators for airplanes; alternators for boats; alternators for motor vehicles; alternators for trains; angle valves for use with machines; anti-friction bearings for machines; anti-friction pads for machines; anti-pollution catalytic converters for motors and engines; aquarium pumps; asphalt mixers; asphalt paving machines; autogenous soldering machines; automatic door openers; automatic electrostatic-paint sprayers; automatic floor scrubbers; automatic grapnels for marine purposes; automatic looms; automatic sprayers for electrostatic painting; automatic tire removing and installing machines; automatic vending machines; automotive exhaust pipes; automotive hoists; automotive parking lifts; aviation drive trains; axial flow blowers; axial flow compressors; axial flow pumps; axles for industrial machinery; axles for machines; back hoes; bakery mixing machines; balers for agricultural use; balers for industrial use; ball bearings for hard drives; ball bearings for in-line skates; ball bearings for turntables; ball rings for bearings; ball thrust bearings for turntables; ball valves being parts of machines; band brakes for machines; band saws; barking machines; barley polishing machines; barley press rollers; barley splitting machines; basket presses; bearing brackets for machines; bearing housings for machines; bearing inserts for machines; bearings as machine parts; bearings for transmission shafts; beating machines; beer pumps; belt conveyors; belt sanding machines; belts for conveyors; belts for farm vehicle machines; belts for machines; belts for motors and engines; belts for power-operated sanders; bending machines for metalworking; bicycle assembling machines; bicycle dynamos; bits for mining machines; bitumen making machines; blanking presses; blending machines for chemical processing; blowing machines for the compression, exhaustion and transport of gases; blowing machines for the compression, sucking and carrying of grain; blowing machines or fans for the compression, sucking and carrying of grain; boat engines; boat hoists; boat motors; bobbins for sewing machines; bobbins for weaving looms; bookbinding laminating machines; bookbinding machines for industrial purposes; boring machines for metalworking; bottle capping machines; bottle capping machines for food and beverages; bottle filling machines; bottle sealing machines; bottle stoppering machines; bottle washing machines; bottling machines; braiding machines; brake linings for machines; brake segments for machines; brake shoes for machines; brakes for industrial machinery; brakes for industrial machines; bread cutting machines; bridge cranes; broaching machines for metalworking; brushes for vacuum cleaners; bulldozer tractors; bulldozers; bushings for use as parts of machines; butter machines; butterfly valves being parts of machines; cable cranes; cables for lifts; cake-fodder crushing machines; calcining machines for chemical processing; calenders; cam shafts; cam sprockets and chains for engines; cams being parts of machines; camshafts for vehicle engines; canning machines; capping machines; capstans; car lifts; car washing installations; carburetors; carburetter feeders; carburetters; carding machines; cargo lifting derricks; carpet cleaning machine parts; carpet cleaning machines; carriages for knitting machines; cartoning machines; catalytic converter units for vehicle exhausts; catalytic converters; cemented carbide cutting tools; cemented carbide tips; centering drilling bits being parts of machines; central vacuum cleaning installations; centrifugal compressors; centrifugal mills; centrifugal pumps; cereal processing machines; chaff cutter blades; chaff cutters; chain conveyors; chain saws; chainsaws; chaser machine tools; check valves; cheese making machines; chemical fiber spinning machines; chick brooders; chisels for machines; chucks for power drills; churns; cigarette machines for industrial purposes; cigarette making machines; circular saw benches; circular saws; circular saws for woodworking; circulating pumps; cleaning machines for aviation engines; cleaning machines for ponds; clothes washers; clothes washing machines; clutches for industrial machinery; coal loaders; coal plough; coal-cutting machines; coalcutting machines; coffee extracting machines; coin-operated washing machines; collating machines; combine harvesters; commercial and industrial vacuum cleaners;

compressed air guns for the extrusion of mastics; compressed air pumps; compression moulding machines; compressors for air conditioners; compressors for dehumidifying machines; compressors for industrial machinery; compressors for inflating tires; compressors for motor vehicles; compressors for recovering and recycling refrigerant gases; compressors for refrigerators; compressors for scuba diving; concrete construction machines; concrete finishing machines; concrete mixers; concrete paving machines; concrete placing machines; concrete vibrators; condensed milk making machines; cone brakes being parts of machines; connecting rods for machines, motors and engines; construction rammers; continuous casting machines; continuous metal casting machines; continuous scouring and bleaching machines; conveyer belts; conveyor lines; conveyors; cooling radiators for motors and engines; core drilling bits; corn and grain husking machines; corn husking machines; corrugated cardboard manufacturing machines; corrugated paperboard making machines; couplings for machines; cranes; crank shafts; crankcases for components for motor cars; crankcases for machines; crankcases for motors and engines; crawler cranes; crawler-mounted bulldozers; crawler-tracked loaders; cream separators; current generators; cutting machines for metalworking; cyclone dust collectors; cyclones; cylinder heads for engines; cylinders for engines; cylinders for industrial machinery; cylinders for mills; cylinders for motors; cylinders for motors and engines; cylinders for use in the manufacture of chocolate; cylinders for use in the manufacture of colorants; darning machines; DC generators; degreaser machines for motor vehicles; diamond-pointed metal-cutting tools; die-cutting and tapping machines; die-cutting machines; die-stamping machines; dies for use with machine tools; diesel airplane engines; diesel boat engines; diesel engines for concrete mixers; diesel engines for industrial machinery; diesel-engine heating plugs; diffusion pumps; dip-dyeing machines; direct current motors; disc brakes being parts of machines; dish washing machines for household purposes; dish washing machines for industrial purposes; dishwasher fittings; dishwasher racks being parts of a dishwasher; dishwashers; dishwashing machines for restaurants; disintegrators for chemical processing; dispensing valves being machine parts; dissolving machines for chemical processing; drain cocks; dredging machines; drill bits for rock drilling; drill chucks for power drills; drill presses; drilling machines for metalworking; drilling rigs; drills for the mining industry; drop-forging machines; dust collecting machines for chemical processing; dust filters and bags for vacuum cleaners; dynamo belts; dynamo brushes; dynamos; dynamos for bicycle; earth augers; earth compacting machines; earth moving scrapers; edible kelp processing machines; egg brooders; egg incubators; egr (exhaust gas recirculation) valves; electric and pneumatic hoists; electric arc welders; electric arc welding machines; electric brooms; electric carpet sweeper; electric chaff-cutters; electric chain saws; electric cherry pit removing machines; electric coffee mills; electric compressors; electric concrete vibrators; electric door closer; electric door openers; electric fan units for vacuum cleaners; electric food blenders; electric food blenders for household purposes; electric food choppers; electric food processors; electric food slicers; electric fruit presses for household use; electric fruit squeezers for household purposes; electric generators; electric graters; electric hammers; electric hand drills; electric hand-held drills; electric hedge shears; electric ice crushers; electric ice crushing machines; electric jacks; electric juice extractors; electric juicers; electric knives; electric lawn trimmers; electric lawnmowers; electric meat grinders; electric milk frothers; electric mixers for household purposes; electric motors for machines; electric nail guns; electric parquet wax polishers; electric pasta makers for domestic use; electric pasta making machines; electric pepper mills; electric planers; electric planes; electric power generators; electric power generators for emergency use; electric power generators for ships; electric pulley blocks; electric rotary hammers; electric salt mills; electric screwdrivers; electric shearing machines; electric shoe polishers; electric soldering irons; electric starter motors; electric vacuum cleaners; electric vacuum cleaners and their components; electric washing machines for industrial purposes; electric welding machines; electric window closers; electric window openers; electrical

coffee grinders; electrical drills; electrical juice extractors for fruit; electrical squeezers for fruit and vegetable; electrically operated curtain drawing machines; electrically powered windlasses; electricity generators; electricity winding wires; electrodes for welding machines; electrolysis apparatus for electroplating; electronic ignitions for vehicles; electroplating machines; electrostatic generators; elevator belts; elevator buckets; elevator chains being parts of machines; elevator doors; elevator gears; elevator lifts; elevator motors; elevators; elevators and parts of elevators; embossing printing machines; embroidery machines; emergency power generators; emulsifying machines for chemical processing; engine bearings; engine cooling radiators; engine cylinders; engine fuel pumps; engine injectors; engine timing components, namely, cam chains; engine timing components, namely, cam sprockets; engine timing components, namely, cam sprockets and chains; engines and motors for model vehicles, aircraft and boats; engines and motors for the generation of electricity; engines for air cushion vehicles; engines for boats; engines for industrial machinery; engines for model vehicles; engraving machines; envelope feeders; envelope stuffing and inserting packaging machines; envelope-inserting machines; escalators; etching apparatus for use in manufacturing display panels; excavating machines; excavators; exhaust manifold for engines; exhaust mufflers for motors; exhaust pipes for land vehicles; exhaust silencers for engines; extracting machines for chemical processing; extractors for mines; extruding machines for metals; extrusion machines for plastic; extrusion moulding machines; fan belts; fan belts for motors and engines; fans for motors and engines; fans for the compression, sucking and carrying of grain; feed mills; felt carding machines; felt milling machines; felting machines; fertilizer distributing machines; fiber blowing and scutching machines; fiber blowing machines; fiber cutting machines; fiber scutching machines; filter presses for chemical processing; filter rod making machines; filters for cleaning cooling air for engines; fish paste making machines; fish-netting machines; fittings for engine boilers; fixed and mobile cranes; flap discs for power-operated grinders; flexographic printing machines; floating cranes; floating drilling rig; floor buffing machines; floor cleaning machines; floor polishers; floor polishing machines; floor sanders; floor sanding discs; floor washing machines; flour mill machines; flues for engine boilers; fluid couplings being parts of machines; fodder cutting machines; fodder presses; food chopping machines for commercial use; food cutting machines for commercial use; food garbage disposals; food mixers; food mixing machines for commercial use; food peeling machines for commercial use; food slicing machines for commercial use; food vending machines; food waste disposals; forage crushers; forge bellows; forging machines; forging moulds; free-form forging machines; front-end loaders; fuel and air mixture regulators being parts of internal combustion engines; fuel dispensing pumps for service stations; fuel injection systems for engines; fuel injector parts for land and water vehicle engines; fuel injectors; galvanizing machines; gantry cranes; garbage disposal machines; garbage disposal units; garbage disposals; garbage grinders; gas compressors; gas filters for engines; gas filters for motors; gas operated cutting blow pipes; gas operated power generators; gas pumps; gas turbines for airplanes; gas welding machines; gas-operated blow torches; gas-operated cutting blow pipes; gas operated welding machines; gasifiers; gaskets for engines; gaskets for motors; gasoline lawn mowers; gear cutters for use as a machine tool; gear cutting and finishing machines; gears for weaving looms; generators for boats; generators for industrial machinery; generators for motor vehicles; generators for wind turbines; generators of electricity; glassware manufacturing machines; glaziers' diamonds being parts of machines; glow plugs for diesel engines; glue guns; graders; grain augers; grain elevators; grain husking machines; grain scourers; grain separating machines; grain separators; grain storage dust collectors; granulating machines for chemical processing; grating machines for vegetables; grinding machines for metalworking; grinding machines for the treatment of ceramics and metal; grinding mills for chemical processing; grinding tools for grinding machines; grissini; ground surface finishing and compacting machines; gumball machines; hair clipping machines for animals; hair cutting machines for animals; hair shearing

machines for animals; hand cranked spin dryers; hand mixers; hand weaving looms; hand-held electric drills; hand-held electric hammers; hand-held pneumatic drills; hand-held pneumatic hammers; hand-held power driven grinders; hand-held vacuum cleaners; harrows; hay balers; hay binding machines; hay crushers and forage crushers; hay making machines; hay tedders; heel-making machines; hemming machines; high pressure washers; high pressure water jetting system for the gas and oil industry; high-pressure pumps for washing appliances and installations; high-voltage generators; hoisting drums; horning machines for metalworking; hoses for vacuum cleaners; hosiery looms; hot adhesive guns; hydraulic accumulators being parts of machines; hydraulic conveyors; hydraulic cylinders; hydraulic door closers; hydraulic door openers; hydraulic excavators; hydraulic hammers; hydraulic hoists; hydraulic intensifiers being parts of machines; hydraulic jacks; hydraulic lift tables; hydraulic motors for excavators; hydraulic presses for metalworking; hydraulic pumps; hydraulic torque converters for machines; hydraulic turbines; hydraulic window closers; hydraulic window openers; hydrogen dispensing pumps for service stations; ice-resurfacing machines; idling pulleys being parts of machines; ignition coils; ignition devices for motors of land vehicles; ignition magnetos for engines; ignitions for vehicles; impact wrenches; incubators for eggs; industrial balers; industrial machine presses; industrial sewing machines; industrial steam engine boilers for power generation for machinery; injection molding machines; injection moulding machines; injection plastic molding machines; inking apparatus for printing blocks; inking apparatus for printing machines; intaglio printing machines; intake manifolds for internal combustion engines; internal combustion engines for boats; ironing machines for commercial use; Japanese style wooden clogs [Geta] shaping machines; jet engines; jib cranes; journal boxes that are parts of machines; juice extractors; key cutting machines; kick starters for motorcycles; kneading machines; kneading machines for chemical processing; knife grinding machines; knife sharpening machines; knitting machines; knives for mowing machines; label guns; lace making machines; lace making machines and parts thereof; laminated leaf-springs being parts of machines; laminating machines for industrial use; lapping machines; lapping machines for metalworking; laser engraving machines for woodworking; laser welding machines; lathes; lathes for metalworking; lattice mast cranes; lawn mower blades; lawnmowers; leather paring machines; leather tanning machines; line haulers; linear motors; lineman's pliers; locomotive cranes; loom shafts; looms; lumbering band saws; machine bearings; machine bellows; machine belt pulleys; machine coupling and belting; machine couplings; machine couplings and transmission components; machine fly-wheels; machine parts, namely, bearings; machine propellers; machine pulleys; machine tool for broaching; machine tools for breaking up road surface material; machine tools for breaking up road surfaces; machine tools for removing waste material; machine tools for the automotive industry; machine tools for the metalworking industry; machine tools for the textile industry; machines for banknote cleaning; machines for dyeing textiles; machines for flaking dried fish meat [kezuri-bushi making machines]; machines for molding plastics; machines for separating recyclable materials; machines for the mineralisation of drinking water; mangles; manufacturing machines for liquid crystal display devices; marine engines and parts and fittings thereof; marine mounted dock cranes; material handling buckets; matrices for use in printing; mechanical escalators; mechanical lawn mowers; mechanical presses for metalworking; mechanical railed lifting conveyors; mechanical seals; mechanical spreaders; mechanical winders and machines for forming coils with pipes made of plastic materials; mechanized livestock feeders; membrane filters for use as parts of machines; memory chip manufacturing machines; metal engine gaskets for vehicles; metal extrusion presses; metal forming machines; metal laminated leaf-springs for machinery; metal pulleys being parts of machines; metal sanding discs; metal sawing machines; metal working machines; metalworking machine tools; milk filtering machines; milk homogenizing machines; milking machines; milling cutters for milling machines; milling cutters machine tools; milling grinding motors; milling machines; milling machines and grinding machines for the

treatment of ceramics and metal; milling machines for metalworking; milling machines for the treatment of ceramics and metal; millstones; mine borers; mineral water making machines; mining bits; mining drill sharpeners; miso making machines; mobile cranes; mobile dock cranes; mobile electric power generators; motors and engines used in industrial applications; motors for boats; moving sidewalks; moving staircases; moving walkways; mud dredging machines; mufflers for engines; mufflers for motors; mufflers for motors and engines; mulberry leaf chopping machines; multi-phase screw pumps; multi purpose steam cleaners; nail guns; nailing machines; net hauling machines; nickel plating machines; noodle making machines; oil centrifuges; oil coolers for engines; oil filters; oil filters for engines; oil filters for motors; oil filters for motors and engines; oil hydraulic presses for metalworking; oil separators; oil well boring machines; oil well bridge plugs; oil well derricks; oil-well pumping machines; ore treating machines; outboard motors; overhead travelling cranes; oxy-acetylene welding and cutting machines; packaging machines; packaging machines for food; packing machines; paint guns; paint mixing machines; paint spray guns; painting machines; paper bag making machines; paper bags for vacuum cleaners; paper calendering machines; paper coating machines; paper cutting machines; paper reeling machines; paper sack making machines; passenger elevators; pedal drives for sewing machines; pedal-powered spin dryer; perforating machines for metalworking; photo-engraving machines; photogravure printing presses; pigs for cleaning pipes; pile drivers; pile-drivers; pile-extractors; piston rings; piston rings being engine parts; piston rings for motors; piston segments; pistons; pistons for cylinders; pistons for engines; plaiting machines; planetary gear motors; planing machines for metalworking; planographic printing machines; plastics molding machines; ploughshares; plunger pistons; plywood clipping machines; plywood finishing machines; plywood gluing machines; plywood jointing machines; plywood presses; pneumatic conveyors; pneumatic door closers; pneumatic door openers; pneumatic grease guns; pneumatic hammers; pneumatic hoists; pneumatic jacks; pneumatic nail guns; pneumatic pumps; pneumatic screwdrivers; pneumatic shears; pneumatic transporters; pneumatic tube conveyors; pneumatic waste oil drainers; pneumatic window openers; portable electric spin dryer; portable saw mills; positive displacement pumps; potters' wheels; power blowers for lawn debris; power chain saws; power drill bits; power hammers; power jacks; power looms; power operated boat lifts; power operated cultivators; power operated hedge trimmers; power operated jacks; power operated potters' wheels; power saws; power shovels; power tillers; power tool motors; power tools; power transmission belts for industrial machinery; power transmission belts for machines; power transmissions and gearing for machines; power winches; power-operated flour mills; power-operated lifts for moving, parking and storing land vehicles; power-operated meat mincers; power-operated ski sharpening machines; power-operated sprayers for insecticides; power-operated tire removing and installing machines; press dies for metal forming; pressure washers; printing cylinders; printing machines for textile; printing machines for use on sheet metal; printing plates; printing presses; printing presses for ceramic material; printing rollers; printing rollers for machines; puddling machines; pulp making machines; pulp processing machines; pulp refining machines; pump diaphragms; pump impellers; pump seals; pumps as parts of machines, motors and engines; pumps for counter-current swimming; punching presses for metalworking; push rods for engines; rack and pinion jacks; racket stringing machines; racquet stringing machine; radial drills; radiators for motors and engines; radiators for vehicles; rail-laying machines; railway wagon lifts; raising machines for textile treating; ramie barking machines; ramie brushing machines; ramjet engines for airplanes; reamers being machine tools; reapers; reapers and binders; reapers and threshers; rechargeable hedge cutters; reciprocating vacuum pumps; recoil starters for engines for generators; recoil starters for engines for lawn mowers; reduction gears being parts of machines; reels for weaving looms; refrigerator compressors; refuse crushing machines; rice grain sorting machines; rice huskers; rice husking machines; rice polishing machines; rivet guns; road paving

machines; road rollers; road sanders; road scrapers; road sweepers; robotic controlled mechanical parking lifts for multi-layered parking; robotic vacuum cleaners; rock drills; rocker arms for engines; rocker arms for motors; rocket engines; rocket engines for spacecraft; roller bearings for conveyor belts; roller bearings for industrial machinery; roller bearings for machines; roller bridges; roller chains being parts of machines; roller chains for engines; roller conveyors; rollers for rotary printing machines; rolling machines for rolling metals; rolling mill cylinders; rolling mills; rolling mills for metalworking; root slicing machines; rope making machines; rotary blowers; rotary brushes for machines; rotary lobe pumps; rotary presses for textiles; rotary printing presses; rotary pumps; routing machines; roving machines; rubber forming machines; rubber mixing machines; rubber mixing rolls being parts of rubber mixing machines; rubber tracks being parts of crawlers on agricultural machines; rubber tracks being parts of crawlers on construction machines; rubber tracks being parts of crawlers on mining machines; rubber tracks being parts of crawlers on snow ploughs; safety valves; sand cleaning machines; sand sorting machines; sand-blasting apparatus; sanding machines for woodworking; sausage machines; sausage making machines; saw machines; saw-tooth setting machines for lumbering or woodworking saws; scale collectors for machine boilers; screw conveyors; screw grinding machines; screw pumps; sealing machines for industrial packaging; self-regulating fuel pumps; semiconductor making machines; semiconductor wafer processing equipment; separating machines for chemical processing; servo-valves; servomotors; sewage pulverisers; sewage pulverizer machines; sewage pulverizers being machines; sewing machine attachments; sewing machine parts; sewing machines; sewing machines for household purposes; sewing robots; shaft couplings; shaping machines for japanese style wooden clogs [geta]; shaping machines for metalworking; sheaf-binding machines; shearing machines for animals; shearing machines for metalworking; sheet-continuity sequencing machines; sheet-inserting machines; shock absorbers for industrial machinery; shock absorbers for machines; shoe making machines; shredder machines for industrial use; shredders for industrial use; silencers for motors and engines; silk screen printing machines; silk yarn bundling machines; silk yarn re-reeling machines; silk yarn reeling machines; silkworm egg washing machines; sintering machines for chemical processing; sizing machines; skate blade sharpeners; sliders for knitting machines; slides for knitting machines; slotting machines for metalworking; snow blowers; snow grooming equipment; snow ploughs; snow plows; snowblowers; soda-pop making machines; soldering irons; soldering lamps; soldering machines; soldering torches; sorting machines for chemical processing; soy sauce making machines; spark plugs; spark plugs for aircraft; sparking plugs for internal combustion engines; speed change gears being parts of machines; speed governors for machines, engines and motors; spinning boxes for open-end rotor spinning machines; spinning frames; spinning wheels; spray damping machines for textile treatment; spray guns for paint; spring shock absorbers for machines; staged and segmented conveyors; stair lifts; stamping machines; staple fiber cutting machine; starter alternators; starters for engines; starters for motors; starters for motors and engines; stators for machines; steam cleaners for household purposes; steam cleaning machines; steam engine boilers; steam engines; steam marine engines; steam mops; steam operated power generators; steam pressure variation engines; steam traps; steamrollers; stereotype machines; strapping machines; straw bale tightening machines; straw rope finishing machines; straw rope making machines; suction cups for milking machines; suction nozzles for vacuum cleaners; Sugar making machines; sump pumps; swaging machines; swimming pool pumps; tambours for embroidery machines; taps for use with machine tools; tea leaves sorting machines; tea processing machines; teat cups for milking machines; tedding machines; tenoning machines; textile calendering machines; textile scutching machines; textile tentering machines; textile washing machines for industrial purposes; thermostatic control valves for machines; thread milling cutters for machines; threading machines; threshing machines; thrusters for industrial machinery; tile removal and cutting machines; tilling

machines for agricultural purposes; tilt hammers; timber harvesting machinery; timing belts for engines for land vehicles; timing belts for industrial motors; timing belts for machines used in industrial applications; timing belts for motors and engines used in industrial applications; tobacco processing machines; tool bits for metalworking machines; tool grinding machines; toolholder machine parts for metalworking machines; top drives for oil well drilling; torque converters; tower cranes; tractor towed harrows; tractor-towed fertilizer distributors; tractor-towed harrows; transmission belts for machines; transmission gears for industrial machinery; transmission shafts for boats; transmissions for industrial machinery; transmissions for machines; trash compacting machines; trash compactors; trawl winches; tree stump cutters; trench cutters; truck cranes; truck lifts; truck mills for mining purposes; trussing apparatus for hay; tubing mills for metalworking; tunnel boring machines; turbine generators; turbines for generation of electricity; turbines for jet engines; turbines for steam plants; turbocompressors; turboprop engines for aircraft; turf removing ploughs; turntable drive belts; type-setting machines; typesetting machines; typesetting machines; typographic machines; typographic presses; unloading cranes; vacuum cleaner attachments; vacuum cleaner bags; vacuum cleaner hoses; vacuum cleaner nozzles; vacuum cleaners; vacuum cleaners for household purposes; vacuum cleaners for industrial purposes; vacuum packing machines; vacuum pumps; vacuum shredders for clearing debris; valves as machine components; valves being parts of machines; valves for industrial machinery; vegetable grating machines; vehicle washing installations; vehicle washing machines; vending machines; veneer manufacturing machines; waggon lifts; washing machines; washing machines for household purposes; waste and trash conveying machines; waste and trash separator machines; waste compacting machines; waste crushing machines; waste material conveying machines; water well boring machines; welding electrodes; welding machines; welding torches; well drilling machines; wet decatizing machines; wet scrubbers; wheelchair lifts; wheels for industrial machinery; winch motors; winches; wind turbines; windlasses; wine presses; winnowers; wire drawing machines; wire extruding machines; wire forming machines; wire hoists; wire welding machines; wire-coiling machines; wood beating machines; wood chipping machines; wood cutting machines; wood drilling machines; wood grinding machines; wood lathes; wood milling machines; wood planing machines; wood sawing machines; woodworking dust collectors; woodworking saw-tooth setting machines; wringing machines for laundry; yarn drawing frames; yarn reeling machines; yarn singeing machines; yarn slivering and combing machines; yarn spinning machine; yarn spinning machines; yarn stretching machines; yarn twisting machines; yarn warping machines; yarn winding machines;

Class 19

(3) adhesive mortar for building purposes; agalmatolite for use in building; agglomerated cork for building; alabaster; alabaster glass; alumina cement; amphibole for use as building materials; andesite; anti-decay wood; aquarium gravel; aquarium sand; armour-plating of ceramic; artificial coral fish reefs; artificial fish reefs; artificial stone; artificial timber; asbestos cement; asbestos mortar; asphalt; asphalt felt for building purposes; asphalt for building purposes; asphalt patching compounds; asphalt paving; asphalt paving compositions; asphalt roofing; asphalt roofing felt; asphalt roofing paper; asphalt, pitch and bitumen; asphalt based roofing mastics; balsa wood; balustrades; balustrading; bamboo flooring; binding agents for making briquettes; binding agents for making stones; binding material for road repair; bitumen; bitumen paper for building; bituminous coatings for roofing; blocks of concrete; boards of gypsum plaster; boards of wood; boat dock bumpers; bonding mortar for building purposes; boulders; bricks; building cardboard; building construction materials in the nature of aromatic cedar planking; building glass; building paper; building sand; building stone; building stones for building; building timber; busts of concrete; busts of marble; busts of stone; caissons for construction work under water; calcareous marl; calcareous stone; calcite; cask wood; ceiling boards of wood; cement blocks; cement chimneys; cement

excelsior boards; cement for blast furnaces; cement for furnaces; cement mixes; cement mortar pipes; cement mortar roofing tiles; cement mortar slates; cement partitions for buildings; cement paving tiles; cement posts; cement sewer pipes; cement silos; cement slabs; cement tombs; ceramic ceiling tiles; ceramic drain pipes; ceramic floor tiles; ceramic roofing tiles; ceramic tiles; ceramic tiles for flooring and facing; ceramic tiles for flooring and lining; ceramic tiles for tile floors and coverings; ceramic wall tiles; ceramic water pipe valves; chipboard; clay ash; clay chimney pots; clay for use as building material; clay pipes and conduits; clay roofing tiles; clinker ballast; clinker stone; coal tar; cobbles; cobbles and boulders; coloured sheet glass for building; common sheet glass for building; concrete; concrete bird baths; concrete blocks; concrete bollards; concrete drain pipes; concrete flooring; concrete floors; concrete gutters; concrete manhole covers; concrete mooring bollards; concrete panels; concrete partitions for buildings; concrete paving blocks; concrete paving slabs; concrete piles; concrete pipes; concrete poles for use as building materials; concrete road pavement boards; concrete sculptures; concrete sewer pipes; concrete silos; concrete slabs; concrete slabs for building; concrete street gutters; concrete structural beams; concrete walls; concrete walls for building; construction timber; crash barriers not of metal; dado rails; decorative aquarium stones; decorative glass for building; diving platforms; downspouts not of metal; earth for bricks; earthenware tiles; energy efficient glass; erosion control fabric, mats and sheeting; erosion-control fencing; erosion-control mats; fabrics for underlayment of flooring; facing plaster; feldspar; felt for building; fiberboards; fibreboard; fibreglass drainage pipes; fibreglass window screens; fibreglass window shutters; fibreglass windows; figured plate glass for building; figurines of concrete; figurines of marble; figurines of stone; filling cement; finish plasters made of coloured artificial resin; fire burrs; fire doors made of vermiculite and gypsum; fire resisting wood; fireclay; fired bricks; fireplace mantels; fireproof cement coatings; fireproof tiles; flagpole structures of concrete; flagstones; floor boards of wood; floor tiles of wood; flooring underlayments; footing stone; furrings of wood; garden ornaments of stone, marble and concrete; geotextile fabrics for use in civil engineering; geotextiles; glass bricks; glass granules for marking out roads; glass granules for marking roads; glass granules for road marking; glass panels; glass panes; glass roofing tiles; glass slabs for use in building; glass sliding doors; glass tiles; glazed ceramic tiles; glue-laminated wood; granite; grave markers of stone, concrete or marble; grave slabs of stone; gravel; gravestones; grout; grouting compounds; gypsum; gypsum boards; halved timber; hardwood boards; hardwood flooring; hips for roofing; hume pipes; industrial concrete for use in civil engineering works; infrared-ray absorbing glass for building; insulated glass; insulating glass for building; insulating glass for construction purposes; Japanese sliding screens of thin paper (shoji); Japanese style indoor sliding partitions (fusuma); jointing cement; joists; laminate flooring; laminated flat glass for building; letter boxes of masonry; lime; limestone; liparite; liquid storage tanks of masonry for industrial purposes; logs used as building material; lumber; luminous glass for building; luminous paving blocks; luminous paving blocks of brick; macadam; magnesia cement; mantelpieces; marble flooring; marble sculptures; marble tile flooring; marble used as building material; memorial plaques of stone; mine timber; mineral pellets for use in the building industry; moldable wood; monument stone; mortar; mortar for building; mosaics for building; multi-layered wood; multilayer panels of plastic for use in building; natural stone; natural stone slabs and tiles; non-luminous concrete beacon towers; non-metal ceiling panels; non-metal door casings; non-metal door frames; non-metal door panel; non-metal drain pipes; non-metal duckboards; non-metal rocket launching platforms; non-metal roofing incorporating solar cells; non-metal semi-refractory bricks; non-metal stairs; non-metal vendor booths; non-metallic advertisement columns; non-metallic aviary assembly kits; non-metallic door and window screens; non-metallic minerals for building; non-metallic minerals for construction; non-metallic paving tiles and paving slabs; non-metallic revolving doors; non-metallic roof flashing; non-woven textiles made of synthetic fibres for use in the building industry; nylon mesh insect screens; nylon window screens; olivine for building;

outdoor blinds of vinyl; outdoor plastic blinds; paint spraying booths of concrete; pantiles; paperboard for building; parquet floor boards; parquet flooring; parquet flooring and parquet slabs; parquet flooring of cork; parquet flooring of wood; particle boards; partly processed timber; paving stone; paving tiles; pegboard; petroleum pitch; petuntse; picket fences; pitch; pitch and bitumen; planks; planks of wood for building; plaster; plaster boards; plaster for use in building; plaster used for building purposes; plastic boundary marking posts; plastic branching pipes; plastic doors; plastic downspouts; plastic drywall corner beads; plastic floor panels; plastic floorboards; plastic gutter pipe; plastic gutter pipes; plastic landscape edgings; plastic outdoor blinds; plastic roof gutters; plastic roofing panels; plastic security windows allowing communication; plastic storm sewer pipes for construction; plastic trellises; plastic wainscoting; plastic wallboards; plastic water pipes; plastic window frames; plastic window shutters; plastic windows; playground padded decking; plywood; plywood board; plywood sheets; poly vinyl chloride [PVC] window frames; polyethylene board used as a wood substitute; polymer composite manhole covers; polymeric bitumen emulsion for waterproofing buildings; polymeric bitumen emulsions for road surfaces; portable plastic levees; portland blast-furnace slag cement; Portland cement; potters' clay; pottery clay; pozzolanic cement; preserved wood; pvc conduit pipes for building; PVC drains for construction of basement waterproofing systems; pvc gutter pipes; PVC outdoor blinds; PVC porches for buildings; PVC rigid pipes for construction purposes; PVC roof flashing; pvc roofing membrane; PVC sewer pipes; pvc water pipes; quartz; raw chalk; reeds for building; refractory castable mixes; refractory concrete; refractory mortars; reinforced glass for building; road asphalt; road marking sheets and strips of synthetic material; rock crystal for use as building materials; roof coatings; roof vents of plastic; roofing boards of wood; roofing cements; roofing felt; roofing paper; roofing shingles; roofing slates; roofing tiles; rough sawn timber; rubber bearings for seismic isolation of buildings; rubber flooring; safety glass; sand; sandbags; sandstone; sandstone for building; sandstone pipes; sandstone tubes; sawn timber; scaffolding of wood; schists; sealants for driveways; semi worked wood; serpentine building materials; serpentine for use as building materials; sewer pipes of concrete; shaped timber; shingles; silica cement; silica stone; silver sand; slag stone; slag-lime cement; slate; slate powder; slate roofing tiles; slates for roof cladding; slates for wall cladding; spackling compounds; stained glass windows; stained-glass windows; statues in stone, concrete and marble; statues of concrete; statues of marble; statuettes in stone, concrete and marble; statuettes of concrete; statuettes of marble; statuettes of stone; stave wood; stone lantern garden ornaments; stone mooring bollards; stone paving blocks; stone paving tiles; stone roofing tiles; stone sculptures; stone slabs; stone slates; stone veneer building material; storage tanks of masonry; structural timber; swimming pool bumpers; tar; tar and pitch; tar-based patching compounds; tempered glass for building; terra cotta; terra cotta for building purposes; terra cotta for use as building material; terra-cotta floor tiles; textiles for roofing; tiles of ceramic for ceilings; tiles of ceramic for floors; timber; timber boarding; tombstone monuments; tombstone plaques of marble; tombstones; tombstones of stone, concrete and marble; transportable greenhouses of plastic for household use; trestles for use in construction; tufa; tuff for use as building materials; unfired bricks; veneer wood; vinyl brackets for gutters; vinyl flooring; vinyl garden sheds; vinyl siding; vinyl window frames; vinyl window screens; vinyl window shutters; vinyl window sills; volcanic ash; wainscoting; wall stone; wallboards; water tanks of masonry for household purposes; window glass; window glass for building; window panes for buildings; wired plate glass for building; wood beams; wood blocks; wood boards; wood ceiling tiles; wood doors; wood flooring; wood for making household utensils; wood garden sheds; wood panelling; wood panels; wood paving; wood porches for buildings; wood pulp board for building; wood rafters; wood roofing shingles; wood sheeting; wood shingles; wood sports floors; wood tar; wood trim; wood veneers; wood window shutters; wood-fiber reinforced cement boards; wood-plastic composite garden sheds; wooden arbours; wooden casement windows; wooden cornices; wooden doors;

wooden floor boards; wooden flooring; wooden folding doors; wooden mooring bollards; wooden partitions for building; wooden poles for electric power lines; wooden posts for electric power lines; wooden railings; wooden staircases; wooden structural beams; wooden trellises; wooden veneers; wooden wainscoting; wooden window frames; wooden window shutters; wooden window sills; xylolith;

(2) Downloadable registered computer programs for monitoring and controlling computer networks and computer operating systems for communications between computers and automated manufacturing machine systems and to monitor and track manufacturing productivity and manufacturing product orders of advanced stainless steels, special metal alloys and industrial heating systems; downloadable registered computer operating programs; downloadable registered computer operating software; computers; measuring, detecting and monitoring instruments and apparatus, level (or temperature) indicators and controllers, namely, digital indicators for detecting and monitoring performance temperature indicators, rotational wear, load weight and detecting and monitoring service indicator lights of manufacturing machinery and controllers in the field of advanced stainless steels, special metal alloys and industrial heating systems; electronic control units and systems for the remote control of industrial manufacturing machines in the field of advanced stainless steels, special metal alloys and industrial heating systems; electronic training simulators and downloadable simulation software and hardware for evaluating and testing manufacturing chain efficiencies in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; downloadable mobile applications for providing product information, for inventory automated ordering, inventory management and inventory cost follow-up in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; calculators; data processing equipment, namely, central processing units, computer motherboards, computer daughterboards, computer graphics boards, computer expansion boards, circuit boards, digital signal processors, graphics processor units, video processors, signal processors, computer memory expansion modules, computer monitors, computer terminals, computer touch screens, external computer hard drives, BIOS [basic input /output system] software, computer network servers, computer network hubs, switches and routers; computer peripheral equipment, namely speakers, computer mice, computer mouse pads, computer keyboards, computer monitors, computer printers, computer scanners; measuring instruments and apparatus, namely, pressure gauges, presume meters, pressure recorders, remote temperature sensors, sensors for determining temperature, temperature gauges, temperature indicators, meters for measuring electrical resistance; software for storage and calculation of temperature, strain and vibration information; temperature sensors; strain sensors; pressure sensors; vibration sensors and acceleration sensors; remote sensors for determining temperature, temperature gauges, temperature indicators and associated computer programs for monitoring performance temperature indicators and the working capacity of tube systems of industrial heating machinery for use in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; pressure gauges, presume meters, pressure recorders, remote temperature sensors, sensors for determining temperature, temperature gauges, temperature indicators, meters for measuring electrical resistance all incorporated into tubes and pipes of industrial heating machinery and associated computer monitoring software for use in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; downloadable software applications for providing product information, for inventory

automated ordering, inventory management and inventory cost follow-up in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; downloadable electronic publications in the nature of handbooks, manuals, instructional and teaching material in the field of alloys, metallurgy and tubing systems and 3D printing, stainless steels, special alloys and titanium, furnace products and heating systems, hard and super-hard materials; electrical resistors made of metal alloys; ceramic electric resistors; capacitors; electrical resistance material specifically metal alloys in the forms of wire, strips, ribbons, tubes and powder; computer hardware, computer software and mobile phone applications for collecting, processing, transmitting, receiving, storing, retrieving, accessing and managing operational information and digital data collected from industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; computer hardware, computer software and mobile phone applications enabling users to create, save, and launch sequences of commands and logic within and between computer operating software applications and computer operating software systems to maintain the functionality of industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; computer software and mobile phone apps for accessing, browsing and searching online databases; computer software and mobile phone apps for voice command for accessing, browsing and searching online databases, audio, video, and multimedia content, software applications, and for sending, receiving, retrieving, and managing information and digital data; computer hardware, computer software and mobile phone apps for controlling the operation of industrial heating equipment; computer hardware, computer software and mobile phone apps for monitoring the performance of industrial heating equipment; computer hardware, computer software and mobile phone apps for the collection, recordation and reporting of data relating to the selection, performance and maintenance of industrial heating equipment; computer hardware, computer software and mobile phone apps for testing, analysis and simulation of industrial heating equipment performance; semi-conductors; printed circuit; electric resistors; electronic light switches; electronic rotary switches; electronic toggle switches; electronic motion sensitive switches; electronic elevator switches; electronic Ethernet switches; electron optical switches; electronic power switches; video screens; remote controls for industrial heating machinery in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing; light conducting fibers being optical fibers; heat regulators; lightening conductors; electrolytic voltage tank used as an aid to electron-tube design and in computing ideal fluid flow in the field of advanced stainless steels, special metal alloys and industrial heating systems manufacturing.

Class 11

(3) Air conditioners; heating elements; air heaters, namely, air heating furnaces and electric space heaters for industrial purposes; heating elements, continuous flow air heaters for industrial use, space heaters, air heating cassettes for industrial purposes, gas heating cassettes for industrial purposes; electric heaters for industrial purposes; water heater; diffusion cassettes and tubes for industrial furnaces constituting tubular heating chambers sold as integral components of furnaces; tubes for heating furnace; industrial furnaces; furnace bars as parts of industrial furnaces; heating furnaces for industrial purposes; furnace pilot lighters; installations for processing nuclear fuel and nuclear moderating material.

Class 17

(4) Electric ceramic insulation material; ceramic fiber insulation; padding materials of rubber or plastics; sealing thread.

Services

Class 35

(1) Wholesale and retail store services in relation to products for the industrial heating technology and furnace resistance materials being steel and metal alloys; business consulting, management, and planning services for the industrial heating technology and resistance materials industries; wholesale and retail store services of products within materials technology namely, ceramics organic matrix composites, titanium alloys, and intermetallic compounds; business management consultancy and advisory services in the field of materials technology; inventory control; updating and maintenance of data in computer databases; commercial and industrial management assistance; advisory services for business management; business management and organization consultancy; database management services in relation to industrial heating technology and materials technology; collating of data in computer databases; collection and systematization of information about temperature, performance and working capacity into computer databases; presentation of goods on communication media for retail purposes, namely, online wholesale and retail sale of products for the industrial manufacturing industries namely industrial heaters and furnaces, and resistance materials being steel and metal alloys; provision of business information, advice, and consultancy in relation to industrial heating technology and energy efficiency; rental of vending machines.

Class 36

(2) Insurance and financial management information and consultancy services; insurance services, namely, underwriting of extended warranty contracts; financing, credit, lease and loan services.

Class 37

(3) Heating equipment installation and repair; interference suppression services namely installing interference suppression filters in electronic components; repair, maintenance, assembly, and installation services in the field of industrial heating technology and resistance materials being steel and metal alloys; rebuild engineering services in the field of industrial heating technology and resistance materials; repair, maintenance, assembly in the field of installation and installation of products within materials technology, namely, industrial heating machinery, ceramics organic matrix composites, titanium alloys, and intermetallic compounds; rebuild services of products within materials technology, namely, the rebuilding and upgrade of electric heating systems and heating equipment, electronic control systems in the field of industrial heating machinery, industrial heaters and furnaces, and resistance materials being steel and metal alloys.

Class 40

(4) Treatment of materials in the nature of common metals and their alloys; heat treatments of metal alloys for additive manufacturing; polymer coating as a metal treatment; treatment and regrinding of metal surfaces and machine tools; providing metal coating treatments with electroplating capabilities consisting of silver, rhodium, palladium copper, tin, stainless steel, nickel and brass coatings for machine tools and machines; gold and silver plating; metal casting and tempering; assembly of products for others, namely, electric heating systems and heating equipment, lighting installations, luminous tubes for lighting, magnesium filaments for lighting, and electronic control systems in the field of industrial heating machinery, industrial heaters and furnaces, and resistance materials being steel and metal alloys; assembly of oil and gas machines for others; assembly services for others being machines, machine tools and automatic systems for treating and processing metals; assembly of medical tubes for others; assembly of nuclear power generation system for others; assembly of mining machinery and equipment for others; fuel processing; treatment of materials in the nature of common metals and their alloys by mechanical or chemical processing; metal grinding; providing material treatment information in the field of heat treatment of common metals and their alloys, polymer coating as a metal treatment, treatment and

regrinding of metal surfaces, machine tools and machines, gold and silver plating, metal casting and tempering, fuel treatment services, and mechanical and chemical treatment processing of common metals and their alloys; electronics recycling, recycling of metals, recycling of mineral waste, recycling of steel sheets, recycling of waste, waste management being the treatment of chemical and mineral waste, and providing information relating to the recycling of waste; recycling of steel; custom manufacturing for others of parts and components for the industrial heating technology industries and of resistance materials being steel and metal alloys for industrial heating machinery, industrial heaters and furnaces; consultation services in the field of custom manufacturing of parts and components for the industrial heating technology industries and of resistance materials being steel and metal alloys for industrial heating machinery, industrial heaters and furnaces; manufacturing of common metal and their alloys and products and articles thereof, including wire, strips, rods, tubes, pipes, plates, sheets, bars, billets, blooms, powders, and various pressed and cast products and articles.

Class 42

(5) Scientific research, technological research and engineering services in the field of industrial heating technology and in the field of resistance materials being steel and metal alloys for industrial heating machinery, industrial heaters and furnaces and advanced stainless steels and special alloys; field service engineering services in the field of industrial heating machinery, industrial heaters and furnaces, and resistance materials being steel and metal alloys; research, design and development of new products and services for others in the field of industrial heating technology and in the field of resistance materials being steel and metal alloys for industrial heating machinery, industrial heaters and furnaces and advanced stainless steels and special alloys; technical consultancy services in the field of design and development of industrial engineering processes; technical consultancy services as to energy efficiency and industrial manufacturing productivity solutions; technical material testing and laboratory testing of materials; industrial engineering project management services; conducting feasibility studies being project feasibility analysis and planning services; provision of scientific information, advice, and consultancy in the field of industrial heating technology and energy efficiency and in the field of industrial heating machinery, industrial heaters and furnaces, resistance materials being steel and metal alloys, and energy efficiency; provision of information, advice, and consultancy in relation to industrial heating technology and energy efficiency; research and development of new products for others; chemical research and analysis; cloud computing services, namely, advisory services in the field of cloud computing networks and applications; technology services, namely, providing computer technology information, advisory and consultancy services in the fields of materials testing, industrial heating machinery, industrial heaters and furnaces, resistance materials being steel and metal alloys and alternative energy generation; design services in the field of industrial engineering; renewable energy research; technology consultancy in the field of alternative energy; quality control testing in the field of industrial heating technology and quality control testing of refractory resistance materials being steel and metal alloys; technical project studies in the field of industrial heating technology and in the field of refractory resistance materials being steel and metal alloys; custom industrial engineering services and computer software upgrade services in the field of industrial heating technology and resistance materials; consulting services in the field of industrial engineering specifically on the topic of industrial heating technology and resistance materials; custom industrial engineering services including the upgrading of products within materials technology.
