Trademarks Journal

Vol. 70 No. 3571

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Class 03

(1) Cleaning apparatus for phonograph records, namely cleaning chemicals for phonograph records

Class 05

(2) Babies' diapers of textile, and parts and fittings therefor

Class 07

(3) Electronically controlled electric window openers; electric garage door openers; electronic door openers; washing machines; dishwashers; electric juicers; polishing apparatus and machines, for household purposes, namely, non-electric shoe polishers, and non-electric floor polishers, and parts and fittings therefor

Class 08

(4) Kitchen appliances being hand-operated kitchen appliances for dicing, slicing and chopping food, namely hand-operated food dicers, hand-operated food processors, hand-operated pasta cutters, and hand-operated vegetable shredders; ice scrapers, and parts and fittings therefor; polishing apparatus and machines, for household purposes, namely, non-electric fingernail polishers, and parts and fittings therefor

Class 09

(5) Smart home products, namely smart thermostats, smart security alarm systems, smart digital door locks, smart meters and home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making

machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, all with built-in capability to connect to the internet and home automation electronic security alarm systems, home automation systems comprising wireless and wired controllers, controlled electronic home security alarm systems and software for controlling lighting fixtures, HVAC, security cameras, safety and home monitoring, and computers that are embedded into vehicles and stored on or associated with a computer; smart home display monitors; devices, namely, thermostats; heating, ventilation, and air conditioning controllers; temperature sensors; smoke detectors; carbon monoxide detectors; air quality monitors; hazard detectors to detect radon, seismic activity, and carbon dioxide; electric meters; gas meters; energy controllers being electric control panels for energy management; energy use consumption monitors; lighting switches; lighting controllers; water meters; electronic water level and flow controllers; electronic fire sprinkler controllers; electronic water valve controllers; electronic water usage monitors; landscaping controllers being electrical controllers for irrigation sprinkler systems; environmental controllers being controllers for temperature; televisions; stereo equipment being stereo receivers, amplifiers, and tuners; media display equipment, namely video display monitors; remote controls for televisions; remote controls for stereos; remote controls for media display equipment, namely video display monitors; window shade controllers; electronic window controllers; smart-home monitors for remotely discerning the status of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; smart-home controllers for remotely adjusting the operation of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; wireless communications equipment being devices for data transmission, namely wireless telephones; home computers; smartphones; handheld computers; tablet computers; entertainment equipment, namely televisions, and optical disk players; media remote controllers for audio speakers, CD players and recorders, digital music players and recorders, DVD players and recorders, intelligent videodisc players and recorders, MP3 players and recorders, MP4 players and recorders, optical disk players and recorders, video disc players and recorders, home

entertainment systems comprising audio amplifiers and audio speakers, and home theatre surround sound systems; network routers; network communications equipment, namely, wireless network routers; wearable communications devices, namely smartwatches; wearable computing devices, namely smartglasses; geofencing sensors; geofencing equipment, namely GPS sensors; electronic door controllers; motion sensors; occupancy sensors; vibration sensors; electromagnetic sensors; thermal sensors; ultrasonic sensors; security display monitors; security sensors, namely motion sensors; security equipment, namely, security cameras; electronic security key fobs being remote control apparatus; wearable security devices, namely body cameras; intercom speakers; intercom controllers; electronic door locks; security cameras; keypads for security systems; security surveillance robots; electronic doorbells; security gates; security gate controllers; home monitoring robots; home service robots, namely, humanoid robots with artificial intelligence; electronic remote controllers for household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; computer software that facilitates energy efficiency in energy delivery control systems and environmental control systems for controlling remote gas, electricity, water and steam energy metering systems, and gas, electricity, water and steam energy systems, water systems, steam systems, and natural gas systems within buildings, facilities, grounds, and a designated spatial area; computer software for use with networked consumer devices, namely home automation hubs, wireless and wired controllers, and electrical control systems, all for lighting fixtures, HVAC systems, security systems, temperature control systems, humidity sensors, smoke sensors, door and window sensors, cameras, and household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, for the purposes of monitoring, control and automation in residential, commercial, and automotive environments that allow the sharing and electronic transmission of operational data and information between such devices; software for environmental monitoring, control, and automation; downloadable software for connecting, operating, and managing networked kitchen appliances in the internet of things (IoT); food weighing scales and measurement devices, namely, scales, balances and measuring cups; thermometer fork used in cooking; measuring cups; measuring spoons; thermometers, namely aquarium thermometers, candy thermometers, infra-red thermometers, and meat

thermometers; computer application software for mobile phones, namely, software for controlling smart light dimmers, smart electrical plugs, smart light switches, smart netcams, and smart lights; smart electrical plugs, intelligent and interactive white goods, namely, heat sensors, humidity sensors, contact sensors, motion sensors, cameras, electric wall plugs, smart electrical plugs, smart power sockets, smart light switches, and communication hubs, namely computer network hubs, switches and routers, modems, USB hubs and wireless communication hubs; alarms, namely, burglar and anti-intrusion alarm alerts; alarm alert systems for monitoring homes and other buildings, comprised of security cameras and motion sensors; audio speakers; batteries, namely automotive batteries, batteries for pocket lamps, camera batteries, cell phone batteries, electric storage batteries, electronic cigar batteries, general purpose batteries, hearing aid batteries, ignition batteries, lithium secondary batteries, mobile phone batteries, nickel-cadmium storage batteries, and watch batteries; battery chargers, namely automotive battery chargers, battery chargers for electronic cigarettes, battery chargers for use with telephones, camera battery chargers, cell phone battery chargers, cell phone battery chargers for use in vehicles, electronic pipette battery chargers, mobile telephone battery chargers, mobile telephone battery chargers for use in vehicles; blank computer discs; blank digital storage media, namely, blank digital audio discs, blank digital versatile discs, blank digital videodiscs, and blank secure digital (SD) memory cards; blank electronic storage media, namely, blank audio compact discs, blank CD-ROMs, blank flash memory cards, blank hard discs, blank laser discs, blank record disks, blank USB cards, blank USB flash drives, and blank videodiscs; blank smart cards; computer cables; battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; calculators; camera cases; camera tripods; computer peripherals, namely, computer speakers, microphones, digital cameras, webcams, image scanners, and disk drives; computer mice; computer network routers and hubs; computer accessories, namely, computer leads for external computer cabling in the nature of firewire leads, USB cables; USB port hubs; flash card readers; headphones; projectors, namely, sound projectors and amplifiers; DVD burners; DVD drives; memory cards, namely, digital camera memory cards, flash memory cards, random access memory cards, and secure digital (SD) memory cards; computer peripherals in the nature of wireless cards, namely, LAN [local area network] computer cards for connecting portable computer devices to computer networks; media players, namely, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, protective covers and cases for portable DVD players, portable CD players, portable MP3 players, portable MP4 players, digital music players, and digital video players; media player components and accessories, namely chargers for digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, electrical and power cables; loud speakers; audio electronic components and accessories, namely, electrical and power cables; video electronics components and accessories, namely, electrical and power cables; digital electronic components and accessories, namely, holsters, carrying cases, and fitted plastic films known as skins for covering and providing a scratch proof barrier or protection specifically designed for computers, digital audio and video players, MP3 players, mobile phones, personal digital assistants; video electronics, namely, video display terminals, computer displays, liquid crystal displays, and components and accessories therefor in the nature of electrical cords, power cords, video cable adapters, video screens, video receivers, video projectors, video processors, video transmitters, and stylus pens for use with touch-screens; stands specially designed for personal digital devices in the nature of cameras, digital audio and video players, MP3 players, global positioning systems, personal digital assistants, electronic book readers, and camcorders; bags and cases specifically

adapted for holding electronics and accessories in the nature of computers, cameras, camcorders, digital audio and video players, MP3 players, mobile telephones, global positioning systems, personal digital assistants, video display terminals, computer displays, liquid crystal displays, and electronic book readers, and components and accessories therefor in the nature of electric cables, and camera tripods, computer speakers, microphones, digital cameras, webcams, image scanners, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, video disc players, USB cables, and battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; electric cables; USB cables; video cables; extension cables; electrical and power cables; electric connectors; cable connectors; plug connectors; converters, namely, analogue to digital converters, converters for electric plugs, current converters, digital to analogue converters, electric power converters, electronic currency converters, electronic power converters, frequency converters, and pressure-to-current converters; keyboards; computer and memory storage devices, namely, blank flash drives, USB drives, digital USB storage cards and card readers; printer components and accessories, namely, cables; musical instrument connectors, namely, audio cable connectors, power connectors, and plug connectors; musical instrument adaptors, namely, power adaptors and plug adaptors; electrical pickups for use with musical instruments, namely, electronic sound pickups for guitars and basses; electrical cables for musical instruments; electronic effects pedals for use with musical instruments; audio speakers for automobiles; fuses for automobiles; cameras for self-developing film; lens caps for use with film, digital, and video cameras; camera straps; camera mounts and supports; camera filters; lenses for cameras; baby monitors; infant movement alarms; game software; computer hardware; mouse pads; cases for mobile phones; cases for computers; CD cases; DVD cases; bags and cases specifically adapted for holding electronic equipment and accessories, namely, printers, computers, mobile phones, portable electronic computer hardware, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers, and cameras; thermometers, not for medical use, namely for testing the temperature of food, non-medical temperature gauges and humidity gauges; 3D spectacles; abacuses; accelerometers; electric accumulators for vehicles; acid hydrometers; acidimeters for batteries; sound alarms, namely, warning alarms for pedestrians, and vehicle alarms; acoustic conduits; acoustic couplers; actinometers; electric adapter cables; adding machines; aerials, namely, car aerials, dish aerials, parabolic aerials, radio aerials, and television aerials; antennas, namely, car antennas, cell phone antennas, dish antennas, microwave antennas, parabolic antennas, radio antennas, radio signal antennas, satellite antennas; aerometers; air analysis apparatus, namely, particle counters for measuring air quality; alarm bells, electric; alarms, namely, alarms for the detection of inflammable gases, anti-intrusion alarms, baby alarms, burglar alarms, door alarms, electronic window alarms, gas alarms, gas leak alarms, personal security alarms, pool alarms, security alarms, smoke alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers, namely, aerial amplifiers, antenna amplifiers, audio amplifiers, audio frequency amplifiers, musical instrument amplifiers, power amplifiers, pre-amplifiers, radio frequency amplifiers, signal amplifiers, sound amplifiers, stereo amplifiers; amplifying tubes; amplifying valves; anemometers; animated cartoons; anode batteries for cameras and cell phones; high tension batteries; anodes; answering machines; anti-glare glasses; anti-theft warning apparatus, namely, anti-theft alarms and electronic sensors used with anti-theft alarms; anticathodes; asbestos gloves for protection against accidents; asbestos clothing for protection against fire; asbestos screens for firemen; apparatus and instruments for astronomy, namely, astronomical spectrographs, and supercomputers; audio- and video- receivers; audio interfaces, namely, audio interface boards for musical instruments;

audio mixers; audiovisual teaching apparatus, namely, overhead projectors, video projectors, and LCD projectors; automated teller machines [ATM]; azimuth instruments, namely, nautical compasses and altimeters which include azimuth indicators; baby scales; bags adapted for laptops; balancing apparatus, namely, laboratory balances, steelyard balances, tire balancing machines for land vehicles, and wheel balancing machines; bar code readers; barometers; bathroom scales; batteries, electric, for vehicles; batteries for lighting; electric storage batteries; batteries for electronic cigarettes; battery boxes; beacons, luminous; betatrons; binoculars; biochips; blueprinting machines; boiler control instruments, namely, boiler flow control instruments, boiler pressure control instruments, boiler temperature control instruments, electromagnetic switches for monitoring boilers, and electric control panels; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration, with integrated camera and electronic display for user enabled viewing of safety and tracking information and situational intelligence; breathing apparatus, except for artificial respiration, namely, self-contained breathing apparatus for filtering air; bullet-proof clothing; electric buzzers; cabinets for loudspeakers; cables, electric; calibrating rings for calibrating optical emission spectrometers; calipers; calorimeters; camcorders; cameras; capillary tubes; carpenters' rules; cases especially made for photographic equipment; cases for smartphones; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus, namely, alloy anodes for the cathodic protection of pipelines; cell phone straps; centering apparatus for photographic transparencies, namely, frames for photographic transparencies; apparatus for changing record player needles; chargers for electric storage batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemistry apparatus and instruments, namely, laboratory glassware, laboratory flasks, laboratory scales and balances, laboratory slides, laboratory stirrers, laboratory storage tubes, laboratory swabs, laboratory thermometers, pipette racks for laboratory use, pipette tips for laboratory use, and sterilizers for laboratory use; integrated circuit chips; chromatography apparatus for laboratory use; chronographs for use as a specialized time recording apparatus; cinematographic cameras; cinematographic film, exposed; circuit closers; circuit breakers; circular slide rules; recording discs, namely, blank magnetic discs; close-up lenses for cameras; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; clothing especially made for laboratories; coaxial cables; coils, electric; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; electric current collectors; electric apparatus for commutation, namely, commutation sensors, electric sensors, devices for reversing the direction of an electrical current, electric switches, inverters, and power converters; electric commutators; blank compact discs; compact discs containing computer games; compact discs containing encyclopedias; compact discs containing music; compact discs containing audio books; compact disc players; comparators; compasses for measuring; computer memory devices, namely, computer memory expansion modules, flash memory card adapters, flash memory expansion modules, memory boards, random access memory cards, secure digital (SD) memory cards; computer programs, recorded, namely computer programs for image processing, computer programs for connecting to remote computers and computer networks, computer programs for processing digital music files, computer programs for searching remotely for content on computers and computer networks, computer programs for using the Internet and the World Wide Web, computer utility file compression programs, computer utility file storage programs, computer utility programs for adding or repartitioning a hard disk drive, computer utility programs for data compression, computer utility programs for file management, computer utility programs for providing diagnostic details on devices installed in a computer system, computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality, computer utility virus protection programs, interactive multimedia computer game programs, video and computer game programs; computer keyboards; computer operating

programs, recorded; computer software, recorded, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer game software; computer software for database management; computer software for setting up and configuring local area networks; computer operating system software; computer software for electronic trading of securities; computer software for image processing; computer screen saver software; computer search engine software; computer software for use in diagnosis, repair and configuration of computers; computer software for administration of local area networks; computer software for assisting developers in creating program code for use in multiple application programs; computer software for controlling and managing access server applications; computer software for converting document images into electronic formats; computer software for creating computer games; computer software for creating searchable databases; computer software for database management; computer software for displaying orders and driver locations on maps; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for processing digital music files; computer software for running development programs and application programs in a common development environment; computer software for use as a spreadsheet; computer software for use in controlling and improving computer processing speed; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in providing multiple user access to a global computer information network; computer software that allows transmission of graphics to mobile telephones; computer software to automate data warehousing; computer software to enable the transmission of photographs to mobile phones; computer video games; interactive multimedia computer games; downloadable software, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; downloadable computer game software; downloadable computer software for database management; downloadable computer software for setting up and configuring local area networks; downloadable computer operating system software; downloadable computer software for electronic trading of securities; downloadable computer software for image processing; downloadable computer screen saver software; downloadable computer search engine software; downloadable computer software for use in diagnosis, repair and configuration of computers; downloadable computer software for administration of local area networks; downloadable computer software for assisting developers in creating program code for use in multiple application programs; downloadable computer software for controlling and managing access server applications; downloadable computer software for converting document images into electronic formats; downloadable computer software for creating computer games; downloadable computer software for creating searchable databases; downloadable computer software for database management; downloadable computer software for displaying orders and driver locations on maps; downloadable computer software for logistics, namely, software for tracking documents, packages and freight; downloadable computer software for managing retail store customer accounts; downloadable computer software for organizing and viewing digital images and photographs; downloadable computer software for processing digital images; downloadable computer software for processing digital music files; downloadable computer software for running development programs and application programs in a common development environment; downloadable computer software for use as a spreadsheet; downloadable computer software for use in controlling and improving computer processing speed; downloadable computer software for use in generating streaming advertisements on the web sites of others; downloadable computer software for use in providing multiple user access to a global computer information network; downloadable computer software that allows transmission of graphics to mobile telephones; downloadable computer software to automate data warehousing;

downloadable computer software to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer game software; computer software applications, downloadable, namely downloadable computer e-commerce software application to allow users to perform electronic business transactions via a global computer network; downloadable computer game software application; downloadable computer software application for database management; downloadable computer software application for setting up and configuring local area networks; downloadable computer operating system software application; downloadable computer software application for electronic trading of securities; downloadable computer software application for image processing; downloadable computer screen saver software application; downloadable computer search engine software application; downloadable computer software application for use in diagnosis, repair and configuration of computers; downloadable computer software application for administration of local area networks; downloadable computer software application for assisting developers in creating program code for use in multiple application programs; downloadable computer software application for controlling and managing access server applications; downloadable computer software application for converting document images into electronic formats; downloadable computer software application for creating computer games; downloadable computer software application for creating searchable databases; downloadable computer software application for database management; downloadable computer software application for displaying orders and driver locations on maps; downloadable computer software application for logistics, namely, software application for tracking documents, packages and freight; downloadable computer software application for managing retail store customer accounts; downloadable computer software application for organizing and viewing digital images and photographs; downloadable computer software application for processing digital images; downloadable computer software application for processing digital music files; downloadable computer software application for running development programs and application programs in a common development environment; downloadable computer software application for use as a spreadsheet; downloadable computer software application for use in controlling and improving computer processing speed; downloadable computer software application for use in generating streaming advertisements on the web sites of others; downloadable computer software application for use in providing multiple user access to a global computer information network; downloadable computer software application that allows transmission of graphics to mobile telephones; downloadable computer software application to automate data warehousing; downloadable computer software application to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer software platforms, recorded or downloadable, namely an internet based software platform used to access, run and manage cloud computing networks and applications; computer software platforms, recorded or downloadable, namely Internet access software platforms, software platforms for restricting access to the Internet, and software platforms for tracking smart phone, mobile phone, computer and tablet users connected to the Internet; computer software platforms, recorded or downloadable, namely for banking and performing electronic business transaction via a global computer network; computer software platforms, recorded or downloadable, namely networks, network operating systems, and gateways for collection, sharing, management, interpretation, and analysis of business-specified data that enables users to process and analyze sets of big data in computer clusters for the purposes of examining their large and varied data sets to uncover patterns, correlations, market trends and customer preferences; computer software platforms, recorded or downloadable, namely computer software platforms for the management and operation of cameras and electronic sensors for use in the field of video surveillance, home security and business security; computer software platforms, recorded or downloadable, namely computer operating

programs; computer screen saver software, recorded or downloadable; computers; microscope condensers; capacitors; electrical conductors for electric motors; electrical conductors for transformers; connections for electric lines; contact lenses; electric contacts for semiconductor testers; electric contacts for testing LCD panels; electric contacts, namely electric connectors; electrical contacts, namely, electrical circuits; containers for microscope slides; containers for contact lenses; electrical control panels; converters, electric; copper wire, insulated; cordless telephones; correcting lenses; cosmographic instruments, namely, telescopes; mechanisms for counter-operated apparatus, namely, for point-of-sale terminals; counterfeit coin detectors; couplers for data processing equipment, namely, cable connectors and plug-in connectors; electrical couplings; covers for electric outlets; covers for smartphones; covers for personal digital assistants [PDAs]; covers for tablet computers; crash test dummies; crucibles for laboratory use; current rectifiers; cyclotrons; darkroom lamps; portable darkrooms for photography; data processing apparatus, namely, word processors, computer disk drives, barcode readers, and switchboards; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers; metal detectors for industrial or military purposes; detectors, namely, air particle analyzers for detecting COVID-19 and other coronaviruses; detectors, namely, carbon dioxide detectors, electromagnetic frequency detectors, electromagnetic measuring detectors, electronic equipment for detecting mines, fire detectors, galena crystal detectors for use in electronics, gamma radiation detectors, laser speed detectors, magnetic object detectors, metal detectors, motion detectors, paper currency detectors, radar detectors, radon detectors, seismic detectors, and x-ray apparatus for detecting moisture in building material; diagnostic apparatus, not for medical purposes, namely, wearable and stretchable electronic adhesive for the skin allowing users to measure and monitor levels of sun exposure; diagnostic apparatus, not for medical purposes, for measuring, analyzing, and estimating the cost to repair and repairing damage to vehicles; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for the detection of pathogens for laboratory and research use; diagnostic apparatus, not for medical purposes, namely, apparatus used for computer system analysis and optimization and for managing large scale data centres; diagnostic apparatus, not for medical purposes, for testing water; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing food; diaphragms for photography; dictating machines; diffraction apparatus for optical microscopes; digital photo frames; digital signs; digital weather stations; personal digital assistants [PDAs]; directional compasses; electric discharge tubes, other than for lighting; distance measuring apparatus, namely, tape measures, measuring wheels, odometers, and distance sensors; distance recording apparatus, namely, sonars and sonar equipment and parts thereof, trip meters, and GPS tracked and electronically measured distance recorders; distillation apparatus for scientific purposes, namely, distillation columns for laboratory use; electrical distribution boxes; electrical distribution boards; electrical distribution consoles; divers' masks; diving suits; DNA chips for scientific and research use; dog whistles; electric door bells; dosage dispensers; downloadable ring tones for mobile phones; downloadable music files; downloadable image files, namely, downloadable computer graphics, downloadable photographs, downloadable clip art, downloadable drawings, and downloadable pictures; downloadable graphics for mobile phones; drainers for use in photography; dressmakers' measures; drying racks for photography; electrical ducts; DVD players; dynamometers; ear plugs for divers; apparatus for editing cinematographic film, namely, editing appliances for cinematographic films, editing machines for movie films, and movie editing projectors; egg timers; hourglasses; egg-candlers; electricity conduits; materials for electricity mains, namely, electric wires and electric cables; electrified rails for mounting spot lights; electrified fences; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals, namely, electric transformers, pressure sensors, current rectifiers, and power distributing boxes for the remote

control of signals; electrolyzers, namely, electrolysis apparatus for producing hydrogen and oxygen from water; electrolyzers, namely electrolytic cells; electromagnetic coils; electronic pens for visual display; electronic agendas; electronic pocket translators; electronic tags for goods; electronic notice boards; downloadable electronic publications, namely, magazines, books, periodicals, journals, electronic legal publications, and electronic medical publications; electronic book readers; electronic collars to train animals; electronic access control systems for interlocking doors; electric and electronic effects units for musical instruments; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic sheet music, downloadable; electronic numeric displays, namely, computer display monitors and computer display screens, digital displays for picking and sorting systems, digital display for electronic shelf label, light-emitting diode [LED] displays, and liquid crystal display panels; encoded magnetic cards, namely, magnetically encoded bank cards, magnetically encoded credit cards, magnetically encoded debit cards, magnetically encoded gift cards, and magnetically encoded phone cards; encoded identification bracelets, magnetic; magnetically encoded key cards; epidiascopes; audio equalizers; ergometers; light meters; instruments containing eyepieces, namely, lorgnettes, microscopes, and opera glasses; eyewear, namely, antireflection coated eyeglasses, bifocal eyeglasses, children's eyeglasses, corrective eyeglasses, fashion eyeglasses, glacier eyeglasses, magnifying eyeglasses, multifocal eyeglasses, ophthalmic eyeglasses, polarizing eyeglasses, prescription eyeglasses, prescription goggles for sports, protective eyeglasses, sports eyewear, varifocal eyeglasses, cyclists' glasses, dustproof glasses, field glasses, prescription sunglasses, ski glasses, theatre glasses, and spectacles; facsimile machines; laboratory apparatus for fermentation; fiber optic cables; film cutting apparatus, namely, film cutters; films, exposed; filters for respiratory masks; photography filters; filters for ultraviolet rays, for photography; finger sizers; fire extinguishers; fire alarms; fire beaters; fire escapes; fire hose nozzles; fire engines; fire pumps; fire boats; fire blankets; fire hose; fire extinguishing apparatus, namely, fire-extinguishing blankets, and fire sprinklers; flash-bulbs for photography; rotating signaling lights; flashlights; blank floppy disks; flowmeters; fluorescent screens; fog signals, non-explosive; food analysis apparatus, namely, optical inspection apparatus for inspection of food; frames for photographic transparencies; frequency meters; furnaces and ovens for laboratory use; furniture especially made for laboratories; fuse wire; fuses, namely, electric fuses, fuses for fire alarm control panels, and fuses for lighting control panels; galvanic cells; galvanic batteries; galvanometers; gas testing instruments, namely, residual gas analyzers, gas flow monitors, gas gauges, gas meters, gas leak detectors, and sensors for determining the composition of gases; gasoline gauges; gasometers; glazing apparatus for photographic prints, namely glass printers; Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices; Global Positioning System [GPS] receivers; Global Positioning System [GPS] satellites; Global Positioning System [GPS] transmitters; gloves for protection against accidents; gloves for divers; gloves for protection against X-rays for industrial purposes; goggles for sports; grids for batteries; hand-held electronic dictionaries; hands-free kits for telephones; head cleaning tapes for audio and video recorders; head guards for sports; heat regulating apparatus, namely, temperature sensors, temperature regulators for heaters, thermostats, and electrical control systems for heating and air conditioning systems; heliographic apparatus, namely, signal mirrors for use in communicating over long distances in military, survey, and forest protection work; hemline markers; high-frequency apparatus, namely, high-frequency switching power supplies; holders for electric coils; holograms; horns for loudspeakers; humanoid robots with artificial intelligence; hydrometers; hygrometers; identification threads for electric wires; identification sheaths for electric wires; identity cards, magnetic; electric apparatus for remote ignition, namely, ignition devices for motors of land vehicles; incubators for bacteria culture; automatic indicators of low pressure in vehicle tires; infrared detectors, namely, infrared sensors; integrated circuits; integrated circuit cards; interactive

touch screen terminals; intercommunication apparatus, namely, intercoms, and wireless radio transmitters and receivers; intercommunication apparatus, namely, computer hardware and software to communicate, control, and check the status of security alarm systems, automated environmental systems, networked kitchen appliances, electronic doorbells, and cameras in homes and other buildings; interfaces for computers, namely, computer interface boards, and computer interface cards; electricity inverters; invoicing machines, namely, cash registers, and computer terminals with printers; ionization apparatus not for the treatment of air or water, namely, automatic ion-exchange chromatography apparatus for laboratory use; joysticks for use with computers, other than for video games; juke boxes, musical; juke boxes for computers; electrical junction boxes; junction sleeves for electric cables; knee-pads for workers; laboratory trays; laboratory centrifuges; laboratory robots; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes, namely, lasers for additive manufacturing, lasers for bar code readers, lasers for capture microdissection, lasers for compact disc players, lasers for engraving, lasers for land surveying, lasers for lunar ranging, lasers for photochemistry, lasers for use as visual effects, lasers for use in firearm sights, lasers for use in industrial cutting applications, lasers for use in industrial welding applications, and lasers to store and retrieve data from CDs and DVDs; lens hoods; lenses for astrophotography; letter scales; levelling staffs for surveying; levelling instruments, namely, bubble levels, carpenter's levels, digital laser levels, level gauges, levelling staffs, plumb levels, and vertical levels; lifesaving apparatus and equipment, namely, life jackets for pets, life nets, life preservers, life vests, and lifeboats; life buoys; life jackets; life belts; life-saving rafts; life-saving capsules for natural disasters; electric light dimmers; light-emitting electronic pointers; light-emitting diodes [LED]; lighting ballasts; lightning rods; electric locks for vehicles, and electric door locks; electric loss indicators; magic lanterns, namely image projectors for use with transparent plates; blank magnetic tapes for tape recorders; magnetic wires; magnetic encoders, namely, credit card encoding machines, cheque encoding machines, and smart card magnetic encoders; magnetic tape units for computers; magnetic resonance imaging [MRI] apparatus for industrial purposes, and not for medical purposes; magnets, namely, craft magnets, decorative magnets, erasing magnets, fridge magnets, and industrial magnets; magnifying glasses; marine compasses; marine depth finders; marking buoys; masts for wireless aerials; mathematical instruments, namely, T-squares for measuring, slide rules, and abacuses; appliances for measuring the thickness of leather; measuring apparatus, namely, apparatus for measuring the speed of golf swing; measuring glassware; measuring instruments, namely, clinometers for measuring of angles and slopes, electronic sensors for measuring solar radiation, instruments for measuring milk quality parameters, laser measuring tapes, measuring bowls, measuring buckets, measuring jugs, measuring rods, measuring scoops, measuring tapes, and wire diameter measuring devices; apparatus for measuring the thickness of skins; megaphones; memory cards for video game machines; mercury levels, namely mercury manometers; meteorological balloons; meteorological instruments; metronomes; micrometer screws for optical instruments; micrometer gauges; microphones; microprocessors; microscopes; microtomes; mileage recorders for vehicles; mirrors for inspecting work; scientific and technical optical mirrors; mobile telephones; cellular phones; modems; money counting and sorting machines; monitoring apparatus, other than for medical purposes, namely, dust emission monitors, electrical industrial controls for monitoring waste water treatment, firmware for remote monitoring of hardware, and helicopter load monitoring scales; computer monitors; computer mouse; mouth guards for sports; nautical apparatus and instruments, namely, marine luminous safety beacons, marine luminous warning beacons, and marine radios; naval signaling apparatus, namely, marking and signalling buoys; navigation apparatus for vehicles in the form of on-board computers; navigational instruments, namely, navigational buoys; needles for record players; needles for surveying compasses; neon signs; nets for protection against accidents; nose clips for divers and swimmers;

notebook computers; observation instruments, namely, field-glasses, binoculars, night vision goggles, and observation rockets; octants; ohmmeters; optical lamps for optical apparatus and instruments combined with optical devices, namely telescopes and microscopes; optical lenses; optical apparatus and instruments, namely, digital photo-optical systems, optical amplifiers, optical breadboards, optical cables, optical disk drives, optical disc readers, optical fibre cables, optical filters for plasma display panels, optical filters for screens, optical frames, optical frequency metrology devices, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, optical inspection apparatus for inspecting the circuitry used in cell phones, optical lens sights, optical multiplexers, optical profilers, optical reflectors, optical scanners, optical semiconductor amplifiers, optical sensors, optical shutters, optical switches, optical transceivers, and optical transmitters; optical glass; optical fibers; optical condensers; optical character readers; blank optical discs; pre-recorded optical discs containing music, movies, television shows, and video games; oscillographs; oxygen transvasing apparatus for use in making wine; parking meters; particle accelerators; pedometers; peepholes for doors; periscopes; petri dishes; phonograph records; photocopiers; phototelegraphy apparatus, namely, apparatus for the telegraphic transmission of images; photovoltaic cells; apparatus and instruments for physics, namely, calipers, particle accelerators, test weights, scientific prisms, ammeters, and barometers; pince-nez; pipettes; pitot tubes; plane tables for surveying; planimeters; plates for batteries; plotters, namely digital plotters, electronic plotters, printer plotters, and X-Y plotters; plugs, sockets and connections for electric lines; plumb bobs; plumb lines; pocket calculators; polarimeters; precision measuring apparatus, namely hygrometers, planimeters, wattmeters, salinometers, motion sensors, optical sensors, temperature sensors, and velocity sensors; laboratory precision balances; pressure indicator plugs for valves; pressure gauges; pressure measuring apparatus, namely pressure gauges, and pressure sensors; pressure indicators; printed circuits; printed circuit boards; printers for use with computers; optical prisms, namely scientific prisms; probes for scientific purposes, namely avalanche probes, probes for testing integrated circuits, probes for testing semiconductors, and space probes; central processing units; projection screens; projection apparatus, namely cinematographic projectors, home theatre projectors, photographic projectors, picture projectors, planetarium projectors, projection screens, and self-acting focussing projectors; protection devices for personal use against accidents, namely, articles of protective clothing for wear by motorcyclists for protection against accident or injury, balaclavas for protection against accidents, boots for protection against accidents, chemical exposure protective clothing, chemical exposure protective footwear, clothing and gloves for use in welding for protection against accidents or injury, clothing for protection against biological hazards, face shields for protective helmets, fire protective footwear, fireproof clothing, insulated clothing for protection against injury, karate head guards, protective metal gloves for meat cutting, protective visors for athletic use, shoes for protection against fire, shoes for protection against irradiation, and side shields for eyeglasses; protection devices against X-rays, not for medical purposes, namely leaded aprons and gloves, goggles for protection against X-rays, and clothing for protection against X-rays; protective suits for aviators; protective helmets, namely, batting helmets, bicycle helmets, boxing helmets, buoyancy helmets, catchers' helmets, crash helmets, diving helmets, football helmets, hockey helmets, motorcycle helmets, safety helmets, skateboarding helmets, ski helmets, snowboarding helmets, and welding helmets; protective masks, namely, dust masks, gas masks, scuba masks, swim masks, and welding masks; protective helmets for sports; protective films adapted for computer screens; protective films adapted for smartphones; protractors, namely, angle dividing protractors, full-circle protractors, protractor gauges, and semi-circle protractors; punched card machines for offices; push buttons for bells; pyrometers; quantity indicators, namely, liquid level sensors; radar apparatus, namely, maritime patrol radars, radar detectors, radar guns for sporting events, radar receivers, radar receivers with amplifiers, radar transmitters, and radars;

radio pagers; radiological apparatus for industrial purposes, namely, x-ray apparatus for detecting moisture in textiles and leather; radiology screens for industrial purposes; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances, namely, railway signals; range finders, namely, laser rangefinders, range finders for cameras, and range finders for golf; rearview cameras for vehicles; record players; reflective articles for wear, for the prevention of accidents, namely reflective safety bands to be worn on the body; reflective safety vests; refractometers; optical telescopes, namely, refractors; regulating apparatus, electric, namely, voltage regulators; relays, electric; electric installations for the remote control of industrial operations, namely, electric control panels, electronic control systems for heating and air conditioning systems, electronic control systems for room locking systems, elevator control panels, fire alarm control panels, remote controls for industrial machinery, and lighting control panels; remote control apparatus, namely, remote controls for adjustable beds, remote controls for operating vehicle alarms, and remote controls for radios; rescue laser signaling flares; electric resistors; respirators for filtering air; respiratory masks, other than for artificial respiration; resuscitation mannequins; resuscitation training simulators; rheostats; riding helmets; ring sizers; road signs, luminous or mechanical; rods for water diviners; rulers, namely, folding rulers, graduated rulers, magnifying rulers, and measuring rulers; saccharometers; safety nets; safety tarpaulins; safety restraints, other than for vehicle seats and sports equipment, namely safety harnesses; salinometers; satellite navigational apparatus, namely, satellites, satellite aerials, satellite processors, satellite receivers, and satellite transmitters; satellite finder meters; satellites for scientific purposes; scales, namely, architects' scales, electronic weighing scales for kitchen use, electronic weighing scales for personal use, glass graduated scales, kitchen weighing scales, level scales, medical scales, pocket scales, and truck scales; scales with body mass analyzers; screens for photoengraving; screw-tapping gauges; encrypted security tokens; security surveillance robots; selfie sticks; selfie lenses; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; telescopic sights for firearms; signal bells; signal lanterns; signaling panels, luminous or mechanical; signaling whistles; signaling buoys; signals, luminous or mechanical; mechanical signs; signs, luminous; simulators for the steering and control of vehicles; sirens; sleeves for laptops; slide calipers; slide projectors; slide-rules; slope indicators, namely, clinometers for measuring of angles and slopes; smartglasses; smartphones; smartwatches; smoke detectors; snorkels; solar batteries; solar panels for the production of electricity; solderers' helmets; solenoid valves; electromagnetic switches; sonars; sound transmitting apparatus, namely, digital sound processors, echo sounding devices, home theatre surround sound systems, radio transmitters, and earphones; sound recording apparatus, namely, airplane cock pit recorders, audio cassette recorders, audio tape recorders, digital audio tape recorders, digital voice recorders, and magnetic tape recorders; sound reproduction apparatus, namely, sound mixers; sounding lines; sounding apparatus and machines, namely, sound level meters; sounding leads; spark-guards; speaking tubes; eyeglass chains and cords; eyeglass lenses; eyeglass frames; eyeglass cases; eyeglasses; spectrograph apparatus; spectroscopes; speed checking apparatus for vehicles, namely, electronic speed controllers, laser speed detectors, speedometer testers, speedometers, and radar detectors; speed indicators; speed regulators for record players; spherometers; spirit levels; sports whistles; sprinkler systems for fire protection; square rulers for measuring; squares for measuring; stage lighting regulators; stands for photographic equipment; starter cables for motors; steering apparatus, automatic, for vehicles, namely, computer hardware and operational software for steering autonomous cars; step-up transformers; personal stereos; stereoscopes; stereoscopic apparatus, namely, stereoscopic cameras, and stereoscopic video players; stills for laboratory experiments; stroboscopes; subwoofers; sulfimeters; sunglasses; surveying instruments; surveying chains; surveying apparatus, namely, lasers for surveying, level measuring machines for surveying, levelling rods for surveying, magnetic compasses for surveying, oil and gas well

downhole survey and measurement equipment, transits for surveying, and tripods for surveying machines; surveyors' levels; switchboards; electrical switchboxes; switches, electric; T-squares for measuring; tablet computers; tachometers; tape recorders; taximeters; teaching apparatus, namely, educational software for children; teaching robots; teeth protectors, namely, mouth guards; telecommunication apparatus in the form of jewelry, namely smart jewelry; telegraph wires; telegraph apparatus, namely, automatic telegraph apparatus, and manual telegraph apparatus; telephone receivers; telephone apparatus, namely, automatic telephone diallers, automatic telephone exchanges, digital telephones, electronic telephone diallers, fixed location telephones, internet telephones, magnetic telephone wires, portable telephones, public telephones, satellite telephones, telephone cables, telephone connectors, telephone headsets, telephone recorders, telephone sets, telephone switchboards, telephone terminals, telephones, viewphones, visual telephones, and VoIP telephones; telephone transmitters; telephone wires; teleprompters; telescopes; telescopic sights for artillery; television apparatus, namely, antennas for television, brackets for setting up flat screen television sets, car televisions, cellular television towers, closed circuit television, closed circuit television cameras, DMB (Digital Multimedia Broadcasting) televisions, filters for television screens, HD (High Definition) televisions, LCD televisions, LED televisions, plasma televisions, programmable digital television recorders, television cameras, television converters, television decoder, television monitors, television receivers, television sets, television transmitters, and ultra-high definition televisions; temperature indicators; temperature indicator labels, not for medical purposes; test tubes; material testing instruments and machines, namely, cement testing machines, concrete testing machines, lumber testing machines, metal compression testing machines, metal hardness testing machines, metal strength testing machines, plastic testing machines, and textile testing machines; testing apparatus not for medical purposes, namely, antifreeze testers, battery testers, brake fluid testers, circuit testers, continuity testers, crash test dummies, diesel oil emission testers, ductility testers, extruding machine for soil testing, microhardness testers, smoke alarm testers, surface roughness testing machines and instruments, test adapters for testing printed circuit boards, test pins for testing printed circuit boards, test tubes, testers for axle clearance, and vacuum tube characteristic testers; theft prevention installations, electric, namely, theft sensors and theft alarms; theodolites; thermal imaging cameras; thermo-hygrometers; thermostats; thermostats for vehicles; thin client computers; thread counters; ticket dispensers; time switches, automatic; time recording apparatus, namely, time and date stamping machines, time clocks, and time switches; time clocks; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; totalizers; traffic cones; traffic-light apparatus, namely, traffic lights and traffic-light signalling devices; electrical transformers; transmitters of electronic signals, namely, emergency signal transmitters; photographic slides; transponders; triodes; tripods for cameras; urinometers; USB flash drives; vacuum gauges; vacuum tubes; variometers; vehicle radios; vehicle breakdown warning triangles; verniers; video recorders, namely, car video recorders, DVD recorders, personal video recorders [PVRs], and video tape recorders; video cassettes; video game cartridges; video screens; video telephones; video baby monitors; videotapes, namely, blank videotapes and pre-recorded videotapes; viewfinders, photographic; virtual reality headsets; viscosimeters; visors for helmets; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; walkie-talkies; water level indicators; wavemeters; wearable activity trackers; wearable computers; wearable video display monitors; weighbridges; weighing machines, namely, checkweighers, beltweighers, weighing scales for transport containers, and industrial scales and balances for use in the food and beverage industries; weights, namely, diving weights; whistle alarms; wind socks for indicating wind direction; wire connectors; electric wire harnesses for automobiles; wires, electric; workmen's protective face-shields; wrist rests for use with computers; X-ray tubes not for medical purposes, namely, X-ray tubes for airport luggage scanners, and X-ray

tubes for neutralization; X-ray apparatus not for medical purposes, namely, X-ray apparatus for crystallography, X-ray apparatus for detecting moisture in building material, and X-ray apparatus for screening luggage at airports; X-ray films, exposed; X-ray photographs, other than for medical purposes; apparatus and installations for the production of X-rays for screening vehicles, not for medical purposes; application programming interface (API) software for environmental monitoring, control, and automation; smart sockets for electric lights; smart switches, for heating, lighting, drying, ventilating, air conditioning, water supply and sanitary purposes; electric sockets for electric appliances; sensors, namely motion sensors, optical sensors, pollutant sensors, and temperature sensors, and cameras, for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary installations; postage meters for office use, and parts and fittings therefor

Class 10

(6) Health monitors comprising sensors that monitor the health of the wearer, namely blood glucose monitors, blood pressure monitors, body fat monitors, heart monitors, oxygen monitors, and pulse rate monitors; home medical equipment, namely stethoscopes; wearable health monitors comprising sensors that monitor the health of the wearer, namely heart monitors to be worn during exercise; thermometers, namely, clinical thermometers, digital thermometers for medical purposes, fever thermometers, infrared thermometers for medical purposes, and medical thermometers

Class 11

(7) Apparatus for cooking, namely, cooktops; baking ovens; cooking ovens; electric ranges; electric refrigerators; freezers; gas ranges; gas refrigerators; hoods for ranges; microwave ovens for cooking; warming drawers for kitchens; electric small kitchen appliances for domestic and commercial use, namely, electric hot cappuccino and espresso makers, electric iced cappuccino and espresso makers, electric coffee percolators, electric tea kettles; appliances for domestic use, namely, temperature controlled wine chiller; electric pizzelle press and electric sandwich grill; electric cookware namely, electric convection ovens, and electric broilers; electric fondue pots, electric roasters, electric slow cookers, electric rice cookers, electric skillet, electric woks, electric popcorn popper for domestic use, water coolers, electric flat grill, electric panini press, electric indoor grill, electric contact grill, and electric griddle; electric deep fryers; electric bread making machine; electric pressure cookers; barbecue smoker accessories, namely, boxes used to hold wood chips; electric coffee makers; electric yogurt makers; electric grills; electric toaster ovens; electric toasters; electric waffle maker; electrical ice cream makers; electric food steamers; water filtration and purification unit replacement cartridges; apparatus, namely, light bulbs; devices, namely, thermostats, sockets for electric lights, light switches, thermostatic radiator valves; flashlights; lights, namely, bicycle lights, ceiling lights, electric holiday lights, electric night lights, light post luminaires, chandeliers, wall lights; outdoor lighting, namely, paver lights, torches, lanterns, lighting tubes, lamps for outdoor use, outdoor solar powered lighting units and fixtures, lights for automatic vending machines, landscape lighting installations and fixtures, light towers, lighting balloons, portable battery-operated lights that can be placed on surfaces where other light sources are unavailable, outdoor halogen lamps; lanterns; bulbs, namely, light bulbs, electric light bulbs, lamp bulbs, fluorescent electric light bulbs, halogen light bulbs, incandescent light bulbs, led light bulbs, miniature light bulbs; reflectors, namely, light reflectors for vehicles, lamp reflectors, bicycle reflectors; lighting fixtures; headlights for automobiles; lamps, namely, bicycle lamps, desk lamps, electric lamps, floor lamps, fluorescent lamps, gas lamps, germicidal lamps, halogen lamps, head lamps, incandescent lamps, laboratory lamps, lamps for directional signals of automobiles, mercury lamps, miners' lamps, nail lamps, oil lamps, overhead lamps, pet heat lamps, safety lamps for underground use, solar powered lamps, standard lamps, street lamps, sun lamps, table lamps, tanning lamps, ultraviolet (UV) lamps for use in disinfecting surfaces, UV halogen metal

vapour lamps, vehicle dynamo lamps, and wall lamps; pen lights; book lights; reading lights; household appliances, namely, convection ovens, temperature-controlled wine cellars, electric frying pans, microwave ovens, gas cook tops, combination steamers, ice-making machines, refrigerators, laundry dryers in the nature of clothes dryers, dehumidifiers, humidifiers, air conditioners, heaters, namely, electric beverage heaters, electric heaters for infant food, electric heaters for babies' bottles, electric heaters for commercial use, electric patio heaters, electric radiant heaters for household purposes, gas patio heaters, portable electric heaters, water heaters; bread makers in the nature of bread baking machines; ice-cream makers; hot plates; electric appliances, namely, electric cooking ovens, electric cook tops, electric stoves, self-cleaning electric ovens, electric coffee grinders, automatic electric waffle makers, electric barbecue grills, fondue pots with heat source, electric cookers for making preserves, electric sandwich toasters, electric kettles, immersion heaters, electric baby food warmers, baby bottle sterilizers, milk sterilizers, sterilizers for dental instruments, sterilizers for medical use, sterilizers for waste treatment, water sterilizers, electric hotplates, electric egg cookers, automatic electric coffee machines, face saunas, infrared lamps, electric facial steamers, whirlpool baths, heating pads not for medical purposes, hair dryers, electric espresso machines, electric coffee filter machines, electric mocha machines, electric blankets, electric fans; electric space heaters; cooling apparatus, namely, evaporative air coolers, and beverage cooling machines; evaporators, namely, cooling evaporators, evaporators for air conditioners; electric lighting fixtures; light shades; barbecue grills, rotisseries, lighters primarily for lighting grills, barbecue starter chimneys, fireplaces, candle lanterns, electronic candles, flameless candles, lamps for outdoor use, solar light fixtures, namely indoor and outdoor solar power lighting units and fixtures; electronic faucets; intelligent and interactive white goods, namely intelligent and interactive furnace boilers and hot water boilers; apparatus for controlling temperature in heating installations, namely, thermostatic radiator valves; refrigeration condensers; electric beverage urns, and parts and fittings therefor; deodorizing apparatus for personal use, namely, air deodorizing apparatus, and parts and fittings therefor; strainers for household purposes, namely, sink strainers, and parts and fittings therefor; electronic water heaters

Class 14

(8) Precious metals and their alloys; jewelry; precious stones; badges of precious metal; beads for making jewelry; boxes of precious metal; imitation gold for jewelry; ivory for jewelry; jewelry cases; key rings; medals; objects of imitation gold, namely, figurines made of imitation gold, and jewellery made from imitation gold; semi-precious stones; statues of precious metal; horological and chronometric instruments, namely, diving watches, stop watches, chronometers, watch cases, chronograph watches, alarm clocks, pocket watches, wall clocks, and chronoscopes; watches; wrist watches; clocks; movements for clocks and watches; cases for clock and watch-making; presentation cases for watches; straps for wrist watches; watch bands; watch cases; watch chains; leather key chains; key chains; parts and fittings for all the aforesaid goods

Class 15

(9) Musical instruments, namely, balalaikas being stringed musical instruments, brass instruments, carillons, cornets being musical instruments, drums and percussion instruments, electronic musical instruments, guitars, kettledrums, koto [Japanese stringed musical instruments], lutes being musical instruments, musical chimes being musical instruments, musical instrument handbells, musical instrument triangles, pianos, rattles being musical instruments, sheng [Chinese musical wind instruments], string instruments, trombones, wind instruments, and woodwind instruments; replacement parts and fittings for musical instruments, namely, bellows for musical instruments, bow nuts for musical instruments, bridges for musical instruments, catgut for musical instruments, chin rests for string instruments, colophony for stringed musical instruments, dampers for musical

instruments, electronic practice mutes for musical instruments, fingerboards for stringed musical instruments, horsehair for bows for musical instruments, mallets for musical instruments, musical instrument stands, mutes for musical instruments, plectrums, reeds for musical instruments, rosin for stringed musical instruments, and sticks for bows for musical instruments; cases for musical instruments; tuners for musical instruments; bags specially adapted for holding musical instruments; strings for musical instruments; drum sticks; bows for musical instruments; keyboards for musical instruments; keys for musical instruments; mouthpieces for musical instruments; music stands; music synthesizers; musical boxes; mutes for musical instruments; pedals for musical instruments; pegs for musical instruments; perforated music rolls; piano keyboards; piano keys; piano strings; plectrums; reeds; stands for musical instruments; tuning forks; tuning hammers; turning apparatus for sheet music; valves for musical instruments; parts and fittings for all the aforesaid goods

Class 16

(10) Office glues; glue for stationery or household use; paper clip trays; paper clip dispensers; office perforating machines; pen holders; pen trays; letter trays; blotters; letter racks; correspondence holders; bookends; slate boards for writing; chalk; globes, namely, celestial globes; stencil cases; pouches for writing instruments; binders, namely, office binders, ring binders, stationery binders, and three-ring binders; address labels; paper labels; stickers; printed forms, namely, accounting forms, bookkeeping forms, and business forms; stamp pad inks; ink stamps; rubber stamps; stamp pads; stamp cases; ink stamp stands; drawing rulers; drafting compasses; drafting curves and drawing curves; drawing templates; stencils; clip boards; binder clips; book rings, namely, mechanical binders comprising rings; staplers; staples; staple removers; adhesive tape for stationery or household purposes; address books; rubber bands; index cards and index dividers; travel guide books; appointment books; business record books; personal organizers; blank forms; poster boards; push pins; paper shredders for home use; envelopes; dry erase boards, namely, dry erase writing boards and writing surfaces comprised of decorative plastic laminate; office desk accessories, namely, desk file trays, desk pads, desk sets, desk stands and holders for pens and pencils; desktop business card holders; desktop document racks and organizers; paper hole punches; pencil sharpeners; passport holders; passport covers; photograph albums; coin albums; event albums; stamp albums; sticker albums; scrapbooks; photographs; office and school supplies, namely, file boxes for storage of business and personal records, markers, paper folders, notebooks and paper; note pads, pens, felt tip markers, fiber-tip markers, highlighting makers, and marker pens; file folders; calendars; posters; gift wrapping paper; paper gift tags; pen and pencil cases and boxes; stationery cases; writing instruments, namely erasers, crayons, highlighter pens; maps; day planners; calendar desk pads; lap desks; pads of paper; money clips; baby books; printed matter, namely, printed advertising boards of cardboard, printed advertising boards of paper, printed awards, printed calendars, printed flip charts, printed materials in the nature of colour samples, printed patterns for dressmaking, printed periodicals in the field of dance, printed periodicals in the field of figurative arts, printed periodicals in the field of movies, printed periodicals in the field of music, printed periodicals in the field of plays, printed periodicals in the field of tourism, and printed tags; bookbinding material; adhesives for stationery or household purposes; paintbrushes; instructional and teaching materials, namely, textbooks; plastic sheets, films and bags for wrapping and packaging; non-magnetically encoded fidelity cards used to store and redeem reward points for grocery store customer loyalty program; printed matter and paper products, namely, brochures, pamphlets and printed guides on healthy living, wellness, nutrition, skin care, hair care, and personal care; printed matter and paper products, namely, newsletters and informational flyers pertaining to money saving tips, recipes, menu planners, shopping, and nutrition; printed recipe cards, and brochures featuring recipes;

Class 03

(1) Cleaning apparatus for phonograph records, namely cleaning chemicals for phonograph records

Class 05

(2) Babies' diapers of textile, and parts and fittings therefor

Class 07

(3) Electronically controlled electric window openers; electric garage door openers; electronic door openers; washing machines; dishwashers; electric juicers; polishing apparatus and machines, for household purposes, namely, non-electric shoe polishers, and non-electric floor polishers, and parts and fittings therefor

Class 08

(4) Kitchen appliances being hand-operated kitchen appliances for dicing, slicing and chopping food, namely hand-operated food dicers, hand-operated food processors, hand-operated pasta cutters, and hand-operated vegetable shredders; ice scrapers, and parts and fittings therefor; polishing apparatus and machines, for household purposes, namely, non-electric fingernail polishers, and parts and fittings therefor

Class 09

(5) Smart home products, namely smart thermostats, smart security alarm systems, smart digital door locks, smart meters and home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep

fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, all with built-in capability to connect to the internet and home automation electronic security alarm systems, home automation systems comprising wireless and wired controllers, controlled electronic home security alarm systems and software for controlling lighting fixtures, HVAC, security cameras, safety and home monitoring, and computers that are embedded into vehicles and stored on or associated with a computer; smart home display monitors; devices, namely, thermostats; heating, ventilation, and air conditioning controllers; temperature sensors; smoke detectors; carbon monoxide detectors; air quality monitors; hazard detectors to detect radon, seismic activity, and carbon dioxide; electric meters; gas meters; energy controllers being electric control panels for energy management; energy use consumption monitors; lighting switches; lighting controllers; water meters; electronic water level and flow controllers; electronic fire sprinkler controllers; electronic water valve controllers; electronic water usage monitors; landscaping controllers being electrical controllers for irrigation sprinkler systems; environmental controllers being controllers for temperature; televisions; stereo equipment being stereo receivers, amplifiers, and tuners; media display equipment, namely video display monitors; remote controls for televisions; remote controls for stereos; remote controls for media display equipment, namely video display monitors; window shade controllers; electronic window controllers; smart-home monitors for remotely discerning the status of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; smart-home controllers for remotely adjusting the operation of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; wireless communications equipment being devices for data transmission, namely wireless telephones; home computers; smartphones; handheld computers; tablet computers; entertainment

equipment, namely televisions, and optical disk players; media remote controllers for audio speakers, CD players and recorders, digital music players and recorders, DVD players and recorders, intelligent videodisc players and recorders, MP3 players and recorders, MP4 players and recorders, optical disk players and recorders, video disc players and recorders, home entertainment systems comprising audio amplifiers and audio speakers, and home theatre surround sound systems; network routers; network communications equipment, namely, wireless network routers; wearable communications devices, namely smartwatches; wearable computing devices, namely smartglasses; geofencing sensors; geofencing equipment, namely GPS sensors; electronic door controllers; motion sensors; occupancy sensors; vibration sensors; electromagnetic sensors; thermal sensors; ultrasonic sensors; security display monitors; security sensors, namely motion sensors; security equipment, namely, security cameras; electronic security key fobs being remote control apparatus; wearable security devices, namely body cameras; intercom speakers; intercom controllers; electronic door locks; security cameras; keypads for security systems; security surveillance robots; electronic doorbells; security gates; security gate controllers; home monitoring robots; home service robots, namely, humanoid robots with artificial intelligence; electronic remote controllers for household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; computer software that facilitates energy efficiency in energy delivery control systems and environmental control systems for controlling remote gas, electricity, water and steam energy metering systems, and gas, electricity, water and steam energy systems, water systems, steam systems, and natural gas systems within buildings, facilities, grounds, and a designated spatial area; computer software for use with networked consumer devices, namely home automation hubs, wireless and wired controllers, and electrical control systems, all for lighting fixtures, HVAC systems, security systems, temperature control systems, humidity sensors, smoke sensors, door and window sensors, cameras, and household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, for the purposes of monitoring, control and automation in residential, commercial, and automotive environments that allow the sharing and electronic transmission of operational data and information between such devices; software for environmental monitoring, control, and automation; downloadable software

for connecting, operating, and managing networked kitchen appliances in the internet of things (IoT); food weighing scales and measurement devices, namely, scales, balances and measuring cups; thermometer fork used in cooking; measuring cups; measuring spoons; thermometers, namely aquarium thermometers, candy thermometers, infra-red thermometers, and meat thermometers; computer application software for mobile phones, namely, software for controlling smart light dimmers, smart electrical plugs, smart light switches, smart netcams, and smart lights; smart electrical plugs, intelligent and interactive white goods, namely, heat sensors, humidity sensors, contact sensors, motion sensors, cameras, electric wall plugs, smart electrical plugs, smart power sockets, smart light switches, and communication hubs, namely computer network hubs, switches and routers, modems, USB hubs and wireless communication hubs; alarms, namely, burglar and anti-intrusion alarm alerts; alarm alert systems for monitoring homes and other buildings, comprised of security cameras and motion sensors; audio speakers; batteries, namely automotive batteries, batteries for pocket lamps, camera batteries, cell phone batteries, electric storage batteries, electronic cigar batteries, general purpose batteries, hearing aid batteries, ignition batteries, lithium secondary batteries, mobile phone batteries, nickel-cadmium storage batteries, and watch batteries; battery chargers, namely automotive battery chargers, battery chargers for electronic cigarettes, battery chargers for use with telephones, camera battery chargers, cell phone battery chargers, cell phone battery chargers for use in vehicles, electronic pipette battery chargers, mobile telephone battery chargers, mobile telephone battery chargers for use in vehicles; blank computer discs; blank digital storage media, namely, blank digital audio discs, blank digital versatile discs, blank digital videodiscs, and blank secure digital (SD) memory cards; blank electronic storage media, namely, blank audio compact discs, blank CD-ROMs, blank flash memory cards, blank hard discs, blank laser discs, blank record disks, blank USB cards, blank USB flash drives, and blank videodiscs; blank smart cards; computer cables; battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; calculators; camera cases; camera tripods; computer peripherals, namely, computer speakers, microphones, digital cameras, webcams, image scanners, and disk drives; computer mice; computer network routers and hubs; computer accessories, namely, computer leads for external computer cabling in the nature of firewire leads, USB cables; USB port hubs; flash card readers; headphones; projectors, namely, sound projectors and amplifiers; DVD burners; DVD drives; memory cards, namely, digital camera memory cards, flash memory cards, random access memory cards, and secure digital (SD) memory cards; computer peripherals in the nature of wireless cards, namely, LAN [local area network] computer cards for connecting portable computer devices to computer networks; media players, namely, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, protective covers and cases for portable DVD players, portable CD players, portable MP3 players, portable MP4 players, digital music players, and digital video players; media player components and accessories, namely chargers for digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, electrical and power cables; loud speakers; audio electronic components and accessories, namely, electrical and power cables; video electronics components and accessories, namely, electrical and power cables; digital electronic components and accessories, namely, holsters, carrying cases, and fitted plastic films known as skins for covering and providing a scratch proof barrier or protection specifically designed for computers, digital audio and video players, MP3 players, mobile phones, personal digital assistants; video electronics, namely, video display terminals, computer displays, liquid crystal displays, and components and accessories therefor in the nature of electrical cords, power cords, video cable

adapters, video screens, video receivers, video projectors, video processors, video transmitters, and stylus pens for use with touch-screens; stands specially designed for personal digital devices in the nature of cameras, digital audio and video players, MP3 players, global positioning systems, personal digital assistants, electronic book readers, and camcorders; bags and cases specifically adapted for holding electronics and accessories in the nature of computers, cameras, camcorders, digital audio and video players, MP3 players, mobile telephones, global positioning systems, personal digital assistants, video display terminals, computer displays, liquid crystal displays, and electronic book readers, and components and accessories therefor in the nature of electric cables, and camera tripods, computer speakers, microphones, digital cameras, webcams, image scanners, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, video disc players, USB cables, and battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; electric cables; USB cables; video cables; extension cables; electrical and power cables; electric connectors; cable connectors; plug connectors; converters, namely, analogue to digital converters, converters for electric plugs, current converters, digital to analogue converters, electric power converters, electronic currency converters, electronic power converters, frequency converters, and pressure-to-current converters; keyboards; computer and memory storage devices, namely, blank flash drives, USB drives, digital USB storage cards and card readers; printer components and accessories, namely, cables; musical instrument connectors, namely, audio cable connectors, power connectors, and plug connectors; musical instrument adaptors, namely, power adaptors and plug adaptors; electrical pickups for use with musical instruments, namely, electronic sound pickups for guitars and basses; electrical cables for musical instruments; electronic effects pedals for use with musical instruments; audio speakers for automobiles; fuses for automobiles; cameras for self-developing film; lens caps for use with film, digital, and video cameras; camera straps; camera mounts and supports; camera filters; lenses for cameras; baby monitors; infant movement alarms; game software; computer hardware; mouse pads; cases for mobile phones; cases for computers; CD cases; DVD cases; bags and cases specifically adapted for holding electronic equipment and accessories, namely, printers, computers, mobile phones, portable electronic computer hardware, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers, and cameras; thermometers, not for medical use, namely for testing the temperature of food, non-medical temperature gauges and humidity gauges; 3D spectacles; abacuses; accelerometers; electric accumulators for vehicles; acid hydrometers; acidimeters for batteries; sound alarms, namely, warning alarms for pedestrians, and vehicle alarms; acoustic conduits; acoustic couplers; actinometers; electric adapter cables; adding machines; aerials, namely, car aerials, dish aerials, parabolic aerials, radio aerials, and television aerials; antennas, namely, car antennas, cell phone antennas, dish antennas, microwave antennas, parabolic antennas, radio antennas, radio signal antennas, satellite antennas; aerometers; air analysis apparatus, namely, particle counters for measuring air quality; alarm bells, electric; alarms, namely, alarms for the detection of inflammable gases, anti-intrusion alarms, baby alarms, burglar alarms, door alarms, electronic window alarms, gas alarms, gas leak alarms, personal security alarms, pool alarms, security alarms, smoke alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers, namely, aerial amplifiers, antenna amplifiers, audio amplifiers, audio frequency amplifiers, musical instrument amplifiers, power amplifiers, pre-amplifiers, radio frequency amplifiers, signal amplifiers, sound amplifiers, stereo amplifiers; amplifying tubes; amplifying valves; anemometers; animated cartoons; anode batteries for cameras and cell phones; high tension batteries; anodes; answering machines; anti-glare glasses; anti-theft warning apparatus, namely, anti-theft alarms and electronic

sensors used with anti-theft alarms; anticathodes; asbestos gloves for protection against accidents; asbestos clothing for protection against fire; asbestos screens for firemen; apparatus and instruments for astronomy, namely, astronomical spectrographs, and supercomputers; audio- and video- receivers; audio interfaces, namely, audio interface boards for musical instruments; audio mixers; audiovisual teaching apparatus, namely, overhead projectors, video projectors, and LCD projectors; automated teller machines [ATM]; azimuth instruments, namely, nautical compasses and altimeters which include azimuth indicators; baby scales; bags adapted for laptops; balancing apparatus, namely, laboratory balances, steelyard balances, tire balancing machines for land vehicles, and wheel balancing machines; bar code readers; barometers; bathroom scales; batteries, electric, for vehicles; batteries for lighting; electric storage batteries; batteries for electronic cigarettes; battery boxes; beacons, luminous; betatrons; binoculars; biochips; blueprinting machines; boiler control instruments, namely, boiler flow control instruments, boiler pressure control instruments, boiler temperature control instruments, electromagnetic switches for monitoring boilers, and electric control panels; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration, with integrated camera and electronic display for user enabled viewing of safety and tracking information and situational intelligence; breathing apparatus, except for artificial respiration, namely, self-contained breathing apparatus for filtering air; bullet-proof clothing; electric buzzers; cabinets for loudspeakers; cables, electric; calibrating rings for calibrating optical emission spectrometers; calipers; calorimeters; camcorders; cameras; capillary tubes; carpenters' rules; cases especially made for photographic equipment; cases for smartphones; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus, namely, alloy anodes for the cathodic protection of pipelines; cell phone straps; centering apparatus for photographic transparencies, namely, frames for photographic transparencies; apparatus for changing record player needles; chargers for electric storage batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemistry apparatus and instruments, namely, laboratory glassware, laboratory flasks, laboratory scales and balances, laboratory slides, laboratory stirrers, laboratory storage tubes, laboratory swabs, laboratory thermometers, pipette racks for laboratory use, pipette tips for laboratory use, and sterilizers for laboratory use; integrated circuit chips; chromatography apparatus for laboratory use; chronographs for use as a specialized time recording apparatus; cinematographic cameras; cinematographic film, exposed; circuit closers; circuit breakers; circular slide rules; recording discs, namely, blank magnetic discs; close-up lenses for cameras; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; clothing especially made for laboratories; coaxial cables; coils, electric; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; electric current collectors; electric apparatus for commutation, namely, commutation sensors, electric sensors, devices for reversing the direction of an electrical current, electric switches, inverters, and power converters; electric commutators; blank compact discs; compact discs containing computer games; compact discs containing encyclopedias; compact discs containing music; compact discs containing audio books; compact disc players; comparators; compasses for measuring; computer memory devices, namely, computer memory expansion modules, flash memory card adapters, flash memory expansion modules, memory boards, random access memory cards, secure digital (SD) memory cards; computer programs, recorded, namely computer programs for image processing, computer programs for connecting to remote computers and computer networks, computer programs for processing digital music files, computer programs for searching remotely for content on computers and computer networks, computer programs for using the Internet and the World Wide Web, computer utility file compression programs, computer utility file storage programs, computer utility programs for adding or repartitioning a hard disk drive, computer utility programs for data compression, computer utility programs for file management, computer utility programs for

providing diagnostic details on devices installed in a computer system, computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality, computer utility virus protection programs, interactive multimedia computer game programs, video and computer game programs; computer keyboards; computer operating programs, recorded; computer software, recorded, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer game software; computer software for database management; computer software for setting up and configuring local area networks; computer operating system software; computer software for electronic trading of securities; computer software for image processing; computer screen saver software; computer search engine software; computer software for use in diagnosis, repair and configuration of computers; computer software for administration of local area networks; computer software for assisting developers in creating program code for use in multiple application programs; computer software for controlling and managing access server applications; computer software for converting document images into electronic formats; computer software for creating computer games; computer software for creating searchable databases; computer software for database management; computer software for displaying orders and driver locations on maps; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for processing digital music files; computer software for running development programs and application programs in a common development environment; computer software for use as a spreadsheet; computer software for use in controlling and improving computer processing speed; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in providing multiple user access to a global computer information network; computer software that allows transmission of graphics to mobile telephones; computer software to automate data warehousing; computer software to enable the transmission of photographs to mobile phones; computer video games; interactive multimedia computer games; downloadable software, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; downloadable computer game software; downloadable computer software for database management; downloadable computer software for setting up and configuring local area networks; downloadable computer operating system software; downloadable computer software for electronic trading of securities; downloadable computer software for image processing; downloadable computer screen saver software; downloadable computer search engine software; downloadable computer software for use in diagnosis, repair and configuration of computers; downloadable computer software for administration of local area networks; downloadable computer software for assisting developers in creating program code for use in multiple application programs; downloadable computer software for controlling and managing access server applications; downloadable computer software for converting document images into electronic formats; downloadable computer software for creating computer games; downloadable computer software for creating searchable databases; downloadable computer software for database management; downloadable computer software for displaying orders and driver locations on maps; downloadable computer software for logistics, namely, software for tracking documents, packages and freight; downloadable computer software for managing retail store customer accounts; downloadable computer software for organizing and viewing digital images and photographs; downloadable computer software for processing digital images; downloadable computer software for processing digital music files; downloadable computer software for running development programs and application programs in a common development environment; downloadable computer software for use as a spreadsheet; downloadable computer software for use in controlling and improving computer processing speed;

downloadable computer software for use in generating streaming advertisements on the web sites of others; downloadable computer software for use in providing multiple user access to a global computer information network; downloadable computer software that allows transmission of graphics to mobile telephones; downloadable computer software to automate data warehousing; downloadable computer software to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer game software; computer software applications, downloadable, namely downloadable computer e-commerce software application to allow users to perform electronic business transactions via a global computer network; downloadable computer game software application; downloadable computer software application for database management; downloadable computer software application for setting up and configuring local area networks; downloadable computer operating system software application; downloadable computer software application for electronic trading of securities; downloadable computer software application for image processing; downloadable computer screen saver software application; downloadable computer search engine software application; downloadable computer software application for use in diagnosis, repair and configuration of computers; downloadable computer software application for administration of local area networks; downloadable computer software application for assisting developers in creating program code for use in multiple application programs; downloadable computer software application for controlling and managing access server applications; downloadable computer software application for converting document images into electronic formats; downloadable computer software application for creating computer games; downloadable computer software application for creating searchable databases; downloadable computer software application for database management; downloadable computer software application for displaying orders and driver locations on maps; downloadable computer software application for logistics, namely, software application for tracking documents, packages and freight; downloadable computer software application for managing retail store customer accounts; downloadable computer software application for organizing and viewing digital images and photographs; downloadable computer software application for processing digital images; downloadable computer software application for processing digital music files; downloadable computer software application for running development programs and application programs in a common development environment; downloadable computer software application for use as a spreadsheet; downloadable computer software application for use in controlling and improving computer processing speed; downloadable computer software application for use in generating streaming advertisements on the web sites of others; downloadable computer software application for use in providing multiple user access to a global computer information network; downloadable computer software application that allows transmission of graphics to mobile telephones; downloadable computer software application to automate data warehousing; downloadable computer software application to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer software platforms, recorded or downloadable, namely an internet based software platform used to access, run and manage cloud computing networks and applications; computer software platforms, recorded or downloadable, namely Internet access software platforms, software platforms for restricting access to the Internet, and software platforms for tracking smart phone, mobile phone, computer and tablet users connected to the Internet; computer software platforms, recorded or downloadable, namely for banking and performing electronic business transaction via a global computer network; computer software platforms, recorded or downloadable, namely networks, network operating systems, and gateways for collection, sharing, management, interpretation, and analysis of business-specified data that enables users to process and analyze sets of big data in computer clusters for the purposes of examining their large and varied data sets to uncover patterns,

correlations, market trends and customer preferences; computer software platforms, recorded or downloadable, namely computer software platforms for the management and operation of cameras and electronic sensors for use in the field of video surveillance, home security and business security; computer software platforms, recorded or downloadable, namely computer operating programs; computer screen saver software, recorded or downloadable; computers; microscope condensers; capacitors; electrical conductors for electric motors; electrical conductors for transformers; connections for electric lines; contact lenses; electric contacts for semiconductor testers; electric contacts for testing LCD panels; electric contacts, namely electric connectors; electrical contacts, namely, electrical circuits; containers for microscope slides; containers for contact lenses; electrical control panels; converters, electric; copper wire, insulated; cordless telephones; correcting lenses; cosmographic instruments, namely, telescopes; mechanisms for counter-operated apparatus, namely, for point-of-sale terminals; counterfeit coin detectors; couplers for data processing equipment, namely, cable connectors and plug-in connectors; electrical couplings; covers for electric outlets; covers for smartphones; covers for personal digital assistants [PDAs]; covers for tablet computers; crash test dummies; crucibles for laboratory use; current rectifiers; cyclotrons; darkroom lamps; portable darkrooms for photography; data processing apparatus, namely, word processors, computer disk drives, barcode readers, and switchboards; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers; metal detectors for industrial or military purposes; detectors, namely, air particle analyzers for detecting COVID-19 and other coronaviruses; detectors, namely, carbon dioxide detectors, electromagnetic frequency detectors, electromagnetic measuring detectors, electronic equipment for detecting mines, fire detectors, galena crystal detectors for use in electronics, gamma radiation detectors, laser speed detectors, magnetic object detectors, metal detectors, motion detectors, paper currency detectors, radar detectors, radon detectors, seismic detectors, and x-ray apparatus for detecting moisture in building material; diagnostic apparatus, not for medical purposes, namely, wearable and stretchable electronic adhesive for the skin allowing users to measure and monitor levels of sun exposure; diagnostic apparatus, not for medical purposes, for measuring, analyzing, and estimating the cost to repair and repairing damage to vehicles; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for the detection of pathogens for laboratory and research use; diagnostic apparatus, not for medical purposes, namely, apparatus used for computer system analysis and optimization and for managing large scale data centres; diagnostic apparatus, not for medical purposes, for testing water; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing food; diaphragms for photography; dictating machines; diffraction apparatus for optical microscopes; digital photo frames; digital signs; digital weather stations; personal digital assistants [PDAs]; directional compasses; electric discharge tubes, other than for lighting; distance measuring apparatus, namely, tape measures, measuring wheels, odometers, and distance sensors; distance recording apparatus, namely, sonars and sonar equipment and parts thereof, trip meters, and GPS tracked and electronically measured distance recorders; distillation apparatus for scientific purposes, namely, distillation columns for laboratory use; electrical distribution boxes; electrical distribution boards; electrical distribution consoles; divers' masks; diving suits; DNA chips for scientific and research use; dog whistles; electric door bells; dosage dispensers; downloadable ring tones for mobile phones; downloadable music files; downloadable image files, namely, downloadable computer graphics, downloadable photographs, downloadable clip art, downloadable drawings, and downloadable pictures; downloadable graphics for mobile phones; drainers for use in photography; dressmakers' measures; drying racks for photography; electrical ducts; DVD players; dynamometers; ear plugs for divers; apparatus for editing cinematographic film, namely, editing appliances for cinematographic films, editing machines for movie films, and movie editing projectors; egg timers; hourglasses; egg-candlers; electricity

conduits; materials for electricity mains, namely, electric wires and electric cables; electrified rails for mounting spot lights; electrified fences; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals, namely, electric transformers, pressure sensors, current rectifiers, and power distributing boxes for the remote control of signals; electrolyzers, namely, electrolysis apparatus for producing hydrogen and oxygen from water; electrolyzers, namely electrolytic cells; electromagnetic coils; electronic pens for visual display; electronic agendas; electronic pocket translators; electronic tags for goods; electronic notice boards; downloadable electronic publications, namely, magazines, books, periodicals, journals, electronic legal publications, and electronic medical publications; electronic book readers; electronic collars to train animals; electronic access control systems for interlocking doors; electric and electronic effects units for musical instruments; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic sheet music, downloadable; electronic numeric displays, namely, computer display monitors and computer display screens, digital displays for picking and sorting systems, digital display for electronic shelf label, light-emitting diode [LED] displays, and liquid crystal display panels; encoded magnetic cards, namely, magnetically encoded bank cards, magnetically encoded credit cards, magnetically encoded debit cards, magnetically encoded gift cards, and magnetically encoded phone cards; encoded identification bracelets, magnetic; magnetically encoded key cards; epidiascopes; audio equalizers; ergometers; light meters; instruments containing eyepieces, namely, lorgnettes, microscopes, and opera glasses; eyewear, namely, antireflection coated eyeglasses, bifocal eyeglasses, children's eyeglasses, corrective eyeglasses, fashion eyeglasses, glacier eyeglasses, magnifying eyeglasses, multifocal eyeglasses, ophthalmic eyeglasses, polarizing eyeglasses, prescription eyeglasses, prescription goggles for sports, protective eyeglasses, sports eyewear, varifocal eyeglasses, cyclists' glasses, dustproof glasses, field glasses, prescription sunglasses, ski glasses, theatre glasses, and spectacles; facsimile machines; laboratory apparatus for fermentation; fiber optic cables; film cutting apparatus, namely, film cutters; films, exposed; filters for respiratory masks; photography filters; filters for ultraviolet rays, for photography; finger sizers; fire extinguishers; fire alarms; fire beaters; fire escapes; fire hose nozzles; fire engines; fire pumps; fire boats; fire blankets; fire hose; fire extinguishing apparatus, namely, fire-extinguishing blankets, and fire sprinklers; flash-bulbs for photography; rotating signaling lights; flashlights; blank floppy disks; flowmeters; fluorescent screens; fog signals, non-explosive; food analysis apparatus, namely, optical inspection apparatus for inspection of food; frames for photographic transparencies; frequency meters; furnaces and ovens for laboratory use; furniture especially made for laboratories; fuse wire; fuses, namely, electric fuses, fuses for fire alarm control panels, and fuses for lighting control panels; galvanic cells; galvanic batteries; galvanometers; gas testing instruments, namely, residual gas analyzers, gas flow monitors, gas gauges, gas meters, gas leak detectors, and sensors for determining the composition of gases; gasoline gauges; gasometers; glazing apparatus for photographic prints, namely glass printers; Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices; Global Positioning System [GPS] receivers; Global Positioning System [GPS] satellites; Global Positioning System [GPS] transmitters; gloves for protection against accidents; gloves for divers; gloves for protection against X-rays for industrial purposes; goggles for sports; grids for batteries; hand-held electronic dictionaries; hands-free kits for telephones; head cleaning tapes for audio and video recorders; head guards for sports; heat regulating apparatus, namely, temperature sensors, temperature regulators for heaters, thermostats, and electrical control systems for heating and air conditioning systems; heliographic apparatus, namely, signal mirrors for use in communicating over long distances in military, survey, and forest protection work; hemline markers; high-frequency apparatus, namely, high-frequency switching power supplies; holders for electric coils; holograms; horns for loudspeakers; humanoid robots with artificial intelligence; hydrometers; hygrometers;

identification threads for electric wires; identification sheaths for electric wires; identity cards, magnetic; electric apparatus for remote ignition, namely, ignition devices for motors of land vehicles; incubators for bacteria culture; automatic indicators of low pressure in vehicle tires; infrared detectors, namely, infrared sensors; integrated circuits; integrated circuit cards; interactive touch screen terminals; intercommunication apparatus, namely, intercoms, and wireless radio transmitters and receivers; intercommunication apparatus, namely, computer hardware and software to communicate, control, and check the status of security alarm systems, automated environmental systems, networked kitchen appliances, electronic doorbells, and cameras in homes and other buildings; interfaces for computers, namely, computer interface boards, and computer interface cards; electricity inverters; invoicing machines, namely, cash registers, and computer terminals with printers; ionization apparatus not for the treatment of air or water, namely, automatic ion-exchange chromatography apparatus for laboratory use; joysticks for use with computers, other than for video games; juke boxes, musical; juke boxes for computers; electrical junction boxes; junction sleeves for electric cables; knee-pads for workers; laboratory trays; laboratory centrifuges; laboratory robots; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes, namely, lasers for additive manufacturing, lasers for bar code readers, lasers for capture microdissection, lasers for compact disc players, lasers for engraving, lasers for land surveying, lasers for lunar ranging, lasers for photochemistry, lasers for use as visual effects, lasers for use in firearm sights, lasers for use in industrial cutting applications, lasers for use in industrial welding applications, and lasers to store and retrieve data from CDs and DVDs; lens hoods; lenses for astrophotography; letter scales; levelling staffs for surveying; levelling instruments, namely, bubble levels, carpenter's levels, digital laser levels, level gauges, levelling staffs, plumb levels, and vertical levels; lifesaving apparatus and equipment, namely, life jackets for pets, life nets, life preservers, life vests, and lifeboats; life buoys; life jackets; life belts; life-saving rafts; life-saving capsules for natural disasters; electric light dimmers; light-emitting electronic pointers; light-emitting diodes [LED]; lighting ballasts; lightning rods; electric locks for vehicles, and electric door locks; electric loss indicators; magic lanterns, namely image projectors for use with transparent plates; blank magnetic tapes for tape recorders; magnetic wires; magnetic encoders, namely, credit card encoding machines, cheque encoding machines, and smart card magnetic encoders; magnetic tape units for computers; magnetic resonance imaging [MRI] apparatus for industrial purposes, and not for medical purposes; magnets, namely, craft magnets, decorative magnets, erasing magnets, fridge magnets, and industrial magnets; magnifying glasses; marine compasses; marine depth finders; marking buoys; masts for wireless aerials; mathematical instruments, namely, T-squares for measuring, slide rules, and abacuses; appliances for measuring the thickness of leather; measuring apparatus, namely, apparatus for measuring the speed of golf swing; measuring glassware; measuring instruments, namely, clinometers for measuring of angles and slopes, electronic sensors for measuring solar radiation, instruments for measuring milk quality parameters, laser measuring tapes, measuring bowls, measuring buckets, measuring jugs, measuring rods, measuring scoops, measuring tapes, and wire diameter measuring devices; apparatus for measuring the thickness of skins; megaphones; memory cards for video game machines; mercury levels, namely mercury manometers; meteorological balloons; meteorological instruments; metronomes; micrometer screws for optical instruments; micrometer gauges; microphones; microprocessors; microscopes; microtomes; mileage recorders for vehicles; mirrors for inspecting work; scientific and technical optical mirrors; mobile telephones; cellular phones; modems; money counting and sorting machines; monitoring apparatus, other than for medical purposes, namely, dust emission monitors, electrical industrial controls for monitoring waste water treatment, firmware for remote monitoring of hardware, and helicopter load monitoring scales; computer monitors; computer mouse; mouth guards for sports; nautical apparatus and instruments, namely, marine luminous safety beacons, marine luminous

warning beacons, and marine radios; naval signaling apparatus, namely, marking and signalling buoys; navigation apparatus for vehicles in the form of on-board computers; navigational instruments, namely, navigational buoys; needles for record players; needles for surveying compasses; neon signs; nets for protection against accidents; nose clips for divers and swimmers; notebook computers; observation instruments, namely, field-glasses, binoculars, night vision goggles, and observation rockets; octants; ohmmeters; optical lamps for optical apparatus and instruments combined with optical devices, namely telescopes and microscopes; optical lenses; optical apparatus and instruments, namely, digital photo-optical systems, optical amplifiers, optical breadboards, optical cables, optical disk drives, optical disc readers, optical fibre cables, optical filters for plasma display panels, optical filters for screens, optical frames, optical frequency metrology devices, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, optical inspection apparatus for inspecting the circuitry used in cell phones, optical lens sights, optical multiplexers, optical profilers, optical reflectors, optical scanners, optical semiconductor amplifiers, optical sensors, optical shutters, optical switches, optical transceivers, and optical transmitters; optical glass; optical fibers; optical condensers; optical character readers; blank optical discs; pre-recorded optical discs containing music, movies, television shows, and video games; oscillographs; oxygen transvasing apparatus for use in making wine; parking meters; particle accelerators; pedometers; peepholes for doors; periscopes; petri dishes; phonograph records; photocopiers; phototelegraphy apparatus, namely, apparatus for the telegraphic transmission of images; photovoltaic cells; apparatus and instruments for physics, namely, calipers, particle accelerators, test weights, scientific prisms, ammeters, and barometers; pince-nez; pipettes; pitot tubes; plane tables for surveying; planimeters; plates for batteries; plotters, namely digital plotters, electronic plotters, printer plotters, and X-Y plotters; plugs, sockets and connections for electric lines; plumb bobs; plumb lines; pocket calculators; polarimeters; precision measuring apparatus, namely hygrometers, planimeters, wattmeters, salinometers, motion sensors, optical sensors, temperature sensors, and velocity sensors; laboratory precision balances; pressure indicator plugs for valves; pressure gauges; pressure measuring apparatus, namely pressure gauges, and pressure sensors; pressure indicators; printed circuits; printed circuit boards; printers for use with computers; optical prisms, namely scientific prisms; probes for scientific purposes, namely avalanche probes, probes for testing integrated circuits, probes for testing semiconductors, and space probes; central processing units; projection screens; projection apparatus, namely cinematographic projectors, home theatre projectors, photographic projectors, picture projectors, planetarium projectors, projection screens, and self-acting focussing projectors; protection devices for personal use against accidents, namely, articles of protective clothing for wear by motorcyclists for protection against accident or injury, balaclavas for protection against accidents, boots for protection against accidents, chemical exposure protective clothing, chemical exposure protective footwear, clothing and gloves for use in welding for protection against accidents or injury, clothing for protection against biological hazards, face shields for protective helmets, fire protective footwear, fireproof clothing, insulated clothing for protection against injury, karate head guards, protective metal gloves for meat cutting, protective visors for athletic use, shoes for protection against fire, shoes for protection against irradiation, and side shields for eyeglasses; protection devices against X-rays, not for medical purposes, namely leaded aprons and gloves, goggles for protection against X-rays, and clothing for protection against X-rays; protective suits for aviators; protective helmets, namely, batting helmets, bicycle helmets, boxing helmets, buoyancy helmets, catchers' helmets, crash helmets, diving helmets, football helmets, hockey helmets, motorcycle helmets, safety helmets, skateboarding helmets, ski helmets, snowboarding helmets, and welding helmets; protective masks, namely, dust masks, gas masks, scuba masks, swim masks, and welding masks; protective helmets for sports; protective films adapted for computer screens; protective films adapted for smartphones; protractors, namely,

angle dividing protractors, full-circle protractors, protractor gauges, and semi-circle protractors; punched card machines for offices; push buttons for bells; pyrometers; quantity indicators, namely, liquid level sensors; radar apparatus, namely, maritime patrol radars, radar detectors, radar guns for sporting events, radar receivers, radar receivers with amplifiers, radar transmitters, and radars; radio pagers; radiological apparatus for industrial purposes, namely, x-ray apparatus for detecting moisture in textiles and leather; radiology screens for industrial purposes; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances, namely, railway signals; range finders, namely, laser rangefinders, range finders for cameras, and range finders for golf; rearview cameras for vehicles; record players; reflective articles for wear, for the prevention of accidents, namely reflective safety bands to be worn on the body; reflective safety vests; refractometers; optical telescopes, namely, refractors; regulating apparatus, electric, namely, voltage regulators; relays, electric; electric installations for the remote control of industrial operations, namely, electric control panels, electronic control systems for heating and air conditioning systems, electronic control systems for room locking systems, elevator control panels, fire alarm control panels, remote controls for industrial machinery, and lighting control panels; remote control apparatus, namely, remote controls for adjustable beds, remote controls for operating vehicle alarms, and remote controls for radios; rescue laser signaling flares; electric resistors; respirators for filtering air; respiratory masks, other than for artificial respiration; resuscitation mannequins; resuscitation training simulators; rheostats; riding helmets; ring sizers; road signs, luminous or mechanical; rods for water diviners; rulers, namely, folding rulers, graduated rulers, magnifying rulers, and measuring rulers; saccharometers; safety nets; safety tarpaulins; safety restraints, other than for vehicle seats and sports equipment, namely safety harnesses; salinometers; satellite navigational apparatus, namely, satellites, satellite aerials, satellite processors, satellite receivers, and satellite transmitters; satellite finder meters; satellites for scientific purposes; scales, namely, architects' scales, electronic weighing scales for kitchen use, electronic weighing scales for personal use, glass graduated scales, kitchen weighing scales, level scales, medical scales, pocket scales, and truck scales; scales with body mass analyzers; screens for photoengraving; screw-tapping gauges; encrypted security tokens; security surveillance robots; selfie sticks; selfie lenses; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; telescopic sights for firearms; signal bells; signal lanterns; signaling panels, luminous or mechanical; signaling whistles; signaling buoys; signals, luminous or mechanical; mechanical signs; signs, luminous; simulators for the steering and control of vehicles; sirens; sleeves for laptops; slide calipers; slide projectors; slide-rules; slope indicators, namely, clinometers for measuring of angles and slopes; smartglasses; smartphones; smartwatches; smoke detectors; snorkels; solar batteries; solar panels for the production of electricity; solderers' helmets; solenoid valves; electromagnetic switches; sonars; sound transmitting apparatus, namely, digital sound processors, echo sounding devices, home theatre surround sound systems, radio transmitters, and earphones; sound recording apparatus, namely, airplane cockpit recorders, audio cassette recorders, audio tape recorders, digital audio tape recorders, digital voice recorders, and magnetic tape recorders; sound reproduction apparatus, namely, sound mixers; sounding lines; sounding apparatus and machines, namely, sound level meters; sounding leads; spark-guards; speaking tubes; eyeglass chains and cords; eyeglass lenses; eyeglass frames; eyeglass cases; eyeglasses; spectrograph apparatus; spectrometers; speed checking apparatus for vehicles, namely, electronic speed controllers, laser speed detectors, speedometer testers, speedometers, and radar detectors; speed indicators; speed regulators for record players; spherometers; spirit levels; sports whistles; sprinkler systems for fire protection; square rulers for measuring; squares for measuring; stage lighting regulators; stands for photographic equipment; starter cables for motors; steering apparatus, automatic, for vehicles, namely, computer hardware and operational software for steering autonomous cars; step-up transformers; personal stereos; stereoscopes; stereoscopic

apparatus, namely, stereoscopic cameras, and stereoscopic video players; stills for laboratory experiments; stroboscopes; subwoofers; sulfimeters; sunglasses; surveying instruments; surveying chains; surveying apparatus, namely, lasers for surveying, level measuring machines for surveying, levelling rods for surveying, magnetic compasses for surveying, oil and gas well downhole survey and measurement equipment, transits for surveying, and tripods for surveying machines; surveyors' levels; switchboards; electrical switchboxes; switches, electric; T-squares for measuring; tablet computers; tachometers; tape recorders; taximeters; teaching apparatus, namely, educational software for children; teaching robots; teeth protectors, namely, mouth guards; telecommunication apparatus in the form of jewelry, namely smart jewelry; telegraph wires; telegraph apparatus, namely, automatic telegraph apparatus, and manual telegraph apparatus; telephone receivers; telephone apparatus, namely, automatic telephone diallers, automatic telephone exchanges, digital telephones, electronic telephone diallers, fixed location telephones, internet telephones, magnetic telephone wires, portable telephones, public telephones, satellite telephones, telephone cables, telephone connectors, telephone headsets, telephone recorders, telephone sets, telephone switchboards, telephone terminals, telephones, viewphones, visual telephones, and VoIP telephones; telephone transmitters; telephone wires; teleprompters; telescopes; telescopic sights for artillery; television apparatus, namely, antennas for television, brackets for setting up flat screen television sets, car televisions, cellular television towers, closed circuit television, closed circuit television cameras, DMB (Digital Multimedia Broadcasting) televisions, filters for television screens, HD (High Definition) televisions, LCD televisions, LED televisions, plasma televisions, programmable digital television recorders, television cameras, television converters, television decoder, television monitors, television receivers, television sets, television transmitters, and ultra-high definition televisions; temperature indicators; temperature indicator labels, not for medical purposes; test tubes; material testing instruments and machines, namely, cement testing machines, concrete testing machines, lumber testing machines, metal compression testing machines, metal hardness testing machines, metal strength testing machines, plastic testing machines, and textile testing machines; testing apparatus not for medical purposes, namely, antifreeze testers, battery testers, brake fluid testers, circuit testers, continuity testers, crash test dummies, diesel oil emission testers, ductility testers, extruding machine for soil testing, microhardness testers, smoke alarm testers, surface roughness testing machines and instruments, test adapters for testing printed circuit boards, test pins for testing printed circuit boards, test tubes, testers for axle clearance, and vacuum tube characteristic testers; theft prevention installations, electric, namely, theft sensors and theft alarms; theodolites; thermal imaging cameras; thermo-hygrometers; thermostats; thermostats for vehicles; thin client computers; thread counters; ticket dispensers; time switches, automatic; time recording apparatus, namely, time and date stamping machines, time clocks, and time switches; time clocks; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; totalizers; traffic cones; traffic-light apparatus, namely, traffic lights and traffic-light signalling devices; electrical transformers; transmitters of electronic signals, namely, emergency signal transmitters; photographic slides; transponders; triodes; tripods for cameras; urinometers; USB flash drives; vacuum gauges; vacuum tubes; variometers; vehicle radios; vehicle breakdown warning triangles; verniers; video recorders, namely, car video recorders, DVD recorders, personal video recorders [PVRs], and video tape recorders; video cassettes; video game cartridges; video screens; video telephones; video baby monitors; videotapes, namely, blank videotapes and pre-recorded videotapes; viewfinders, photographic; virtual reality headsets; viscosimeters; visors for helmets; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; walkie-talkies; water level indicators; wavemeters; wearable activity trackers; wearable computers; wearable video display monitors; weighbridges; weighing machines, namely, checkweighers, beltweighers, weighing scales for transport containers, and industrial scales and

balances for use in the food and beverage industries; weights, namely, diving weights; whistle alarms; wind socks for indicating wind direction; wire connectors; electric wire harnesses for automobiles; wires, electric; workmen's protective face-shields; wrist rests for use with computers; X-ray tubes not for medical purposes, namely, X-ray tubes for airport luggage scanners, and X-ray tubes for neutralization; X-ray apparatus not for medical purposes, namely, X-ray apparatus for crystallography, X-ray apparatus for detecting moisture in building material, and X-ray apparatus for screening luggage at airports; X-ray films, exposed; X-ray photographs, other than for medical purposes; apparatus and installations for the production of X-rays for screening vehicles, not for medical purposes; application programming interface (API) software for environmental monitoring, control, and automation; smart sockets for electric lights; smart switches, for heating, lighting, drying, ventilating, air conditioning, water supply and sanitary purposes; electric sockets for electric appliances; sensors, namely motion sensors, optical sensors, pollutant sensors, and temperature sensors, and cameras, for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary installations; postage meters for office use, and parts and fittings therefor

Class 10

(6) Health monitors comprising sensors that monitor the health of the wearer, namely blood glucose monitors, blood pressure monitors, body fat monitors, heart monitors, oxygen monitors, and pulse rate monitors; home medical equipment, namely stethoscopes; wearable health monitors comprising sensors that monitor the health of the wearer, namely heart monitors to be worn during exercise; thermometers, namely, clinical thermometers, digital thermometers for medical purposes, fever thermometers, infrared thermometers for medical purposes, and medical thermometers

Class 11

(7) Apparatus for cooking, namely, cooktops; baking ovens; cooking ovens; electric ranges; electric refrigerators; freezers; gas ranges; gas refrigerators; hoods for ranges; microwave ovens for cooking; warming drawers for kitchens; electric small kitchen appliances for domestic and commercial use, namely, electric hot cappuccino and espresso makers, electric iced cappuccino and espresso makers, electric coffee percolators, electric tea kettles; appliances for domestic use, namely, temperature controlled wine chiller; electric pizzelle press and electric sandwich grill; electric cookware namely, electric convection ovens, and electric broilers; electric fondue pots, electric roasters, electric slow cookers, electric rice cookers, electric skillet, electric woks, electric popcorn popper for domestic use, water coolers, electric flat grill, electric panini press, electric indoor grill, electric contact grill, and electric griddle; electric deep fryers; electric bread making machine; electric pressure cookers; barbecue smoker accessories, namely, boxes used to hold wood chips; electric coffee makers; electric yogurt makers; electric grills; electric toaster ovens; electric toasters; electric waffle maker; electrical ice cream makers; electric food steamers; water filtration and purification unit replacement cartridges; apparatus, namely, light bulbs; devices, namely, thermostats, sockets for electric lights, light switches, thermostatic radiator valves; flashlights; lights, namely, bicycle lights, ceiling lights, electric holiday lights, electric night lights, light post luminaires, chandeliers, wall lights; outdoor lighting, namely, paver lights, torches, lanterns, lighting tubes, lamps for outdoor use, outdoor solar powered lighting units and fixtures, lights for automatic vending machines, landscape lighting installations and fixtures, light towers, lighting balloons, portable battery-operated lights that can be placed on surfaces where other light sources are unavailable, outdoor halogen lamps; lanterns; bulbs, namely, light bulbs, electric light bulbs, lamp bulbs, fluorescent electric light bulbs, halogen light bulbs, incandescent light bulbs, led light bulbs, miniature light bulbs; reflectors, namely, light reflectors for vehicles, lamp reflectors, bicycle reflectors; lighting fixtures; headlights for automobiles; lamps, namely, bicycle lamps, desk lamps, electric lamps, floor lamps, fluorescent lamps, gas lamps, germicidal lamps, halogen lamps,

head lamps, incandescent lamps, laboratory lamps, lamps for directional signals of automobiles, mercury lamps, miners' lamps, nail lamps, oil lamps, overhead lamps, pet heat lamps, safety lamps for underground use, solar powered lamps, standard lamps, street lamps, sun lamps, table lamps, tanning lamps, ultraviolet (UV) lamps for use in disinfecting surfaces, UV halogen metal vapour lamps, vehicle dynamo lamps, and wall lamps; pen lights; book lights; reading lights; household appliances, namely, convection ovens, temperature-controlled wine cellars, electric frying pans, microwave ovens, gas cook tops, combination steamers, ice-making machines, refrigerators, laundry dryers in the nature of clothes dryers, dehumidifiers, humidifiers, air conditioners, heaters, namely, electric beverage heaters, electric heaters for infant food, electric heaters for babies' bottles, electric heaters for commercial use, electric patio heaters, electric radiant heaters for household purposes, gas patio heaters, portable electric heaters, water heaters; bread makers in the nature of bread baking machines; ice-cream makers; hot plates; electric appliances, namely, electric cooking ovens, electric cook tops, electric stoves, self-cleaning electric ovens, electric coffee grinders, automatic electric waffle makers, electric barbecue grills, fondue pots with heat source, electric cookers for making preserves, electric sandwich toasters, electric kettles, immersion heaters, electric baby food warmers, baby bottle sterilizers, milk sterilizers, sterilizers for dental instruments, sterilizers for medical use, sterilizers for waste treatment, water sterilizers, electric hotplates, electric egg cookers, automatic electric coffee machines, face saunas, infrared lamps, electric facial steamers, whirlpool baths, heating pads not for medical purposes, hair dryers, electric espresso machines, electric coffee filter machines, electric mocha machines, electric blankets, electric fans; electric space heaters; cooling apparatus, namely, evaporative air coolers, and beverage cooling machines; evaporators, namely, cooling evaporators, evaporators for air conditioners; electric lighting fixtures; light shades; barbecue grills, rotisseries, lighters primarily for lighting grills, barbecue starter chimneys, fireplaces, candle lanterns, electronic candles, flameless candles, lamps for outdoor use, solar light fixtures, namely indoor and outdoor solar power lighting units and fixtures; electronic faucets; intelligent and interactive white goods, namely intelligent and interactive furnace boilers and hot water boilers; apparatus for controlling temperature in heating installations, namely, thermostatic radiator valves; refrigeration condensers; electric beverage urns, and parts and fittings therefor; deodorizing apparatus for personal use, namely, air deodorizing apparatus, and parts and fittings therefor; strainers for household purposes, namely, sink strainers, and parts and fittings therefor; electronic water heaters

Class 14

(8) Precious metals and their alloys; jewelry; precious stones; badges of precious metal; beads for making jewelry; boxes of precious metal; imitation gold for jewelry; ivory for jewelry; jewelry cases; key rings; medals; objects of imitation gold, namely, figurines made of imitation gold, and jewellery made from imitation gold; semi-precious stones; statues of precious metal; horological and chronometric instruments, namely, diving watches, stop watches, chronometers, watch cases, chronograph watches, alarm clocks, pocket watches, wall clocks, and chronoscopes; watches; wrist watches; clocks; movements for clocks and watches; cases for clock and watch-making; presentation cases for watches; straps for wrist watches; watch bands; watch cases; watch chains; leather key chains; key chains; parts and fittings for all the aforesaid goods

(4) Kitchen appliances being hand-operated kitchen appliances for dicing, slicing and chopping food, namely hand-operated food dicers, hand-operated food processors, hand-operated pasta cutters, and hand-operated vegetable shredders; ice scrapers, and parts and fittings therefor; polishing apparatus and machines, for household purposes, namely, non-electric fingernail polishers, and parts and fittings therefor

Class 09

(5) Smart home products, namely smart thermostats, smart security alarm systems, smart digital door locks, smart meters and home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens,

conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, all with built-in capability to connect to the internet and home automation electronic security alarm systems, home automation systems comprising wireless and wired controllers, controlled electronic home security alarm systems and software for controlling lighting fixtures, HVAC, security cameras, safety and home monitoring, and computers that are embedded into vehicles and stored on or associated with a computer; smart home display monitors; devices, namely, thermostats; heating, ventilation, and air conditioning controllers; temperature sensors; smoke detectors; carbon monoxide detectors; air quality monitors; hazard detectors to detect radon, seismic activity, and carbon dioxide; electric meters; gas meters; energy controllers being electric control panels for energy management; energy use consumption monitors; lighting switches; lighting controllers; water meters; electronic water level and flow controllers; electronic fire sprinkler controllers; electronic water valve controllers; electronic water usage monitors; landscaping controllers being electrical controllers for irrigation sprinkler systems; environmental controllers being controllers for temperature; televisions; stereo equipment being stereo receivers, amplifiers, and tuners; media display equipment, namely video display monitors; remote controls for televisions; remote controls for stereos; remote controls for media display equipment, namely video display monitors; window shade controllers; electronic window controllers; smart-home monitors for remotely discerning the status of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; smart-home controllers for remotely adjusting the operation of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; wireless communications equipment being devices for data transmission, namely wireless

telephones; home computers; smartphones; handheld computers; tablet computers; entertainment equipment, namely televisions, and optical disk players; media remote controllers for audio speakers, CD players and recorders, digital music players and recorders, DVD players and recorders, intelligent videodisc players and recorders, MP3 players and recorders, MP4 players and recorders, optical disk players and recorders, video disc players and recorders, home entertainment systems comprising audio amplifiers and audio speakers, and home theatre surround sound systems; network routers; network communications equipment, namely, wireless network routers; wearable communications devices, namely smartwatches; wearable computing devices, namely smartglasses; geofencing sensors; geofencing equipment, namely GPS sensors; electronic door controllers; motion sensors; occupancy sensors; vibration sensors; electromagnetic sensors; thermal sensors; ultrasonic sensors; security display monitors; security sensors, namely motion sensors; security equipment, namely, security cameras; electronic security key fobs being remote control apparatus; wearable security devices, namely body cameras; intercom speakers; intercom controllers; electronic door locks; security cameras; keypads for security systems; security surveillance robots; electronic doorbells; security gates; security gate controllers; home monitoring robots; home service robots, namely, humanoid robots with artificial intelligence; electronic remote controllers for household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; computer software that facilitates energy efficiency in energy delivery control systems and environmental control systems for controlling remote gas, electricity, water and steam energy metering systems, and gas, electricity, water and steam energy systems, water systems, steam systems, and natural gas systems within buildings, facilities, grounds, and a designated spatial area; computer software for use with networked consumer devices, namely home automation hubs, wireless and wired controllers, and electrical control systems, all for lighting fixtures, HVAC systems, security systems, temperature control systems, humidity sensors, smoke sensors, door and window sensors, cameras, and household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, for the purposes of monitoring, control and automation in residential, commercial, and automotive environments that allow the sharing and electronic transmission of operational data and information between such

devices; software for environmental monitoring, control, and automation; downloadable software for connecting, operating, and managing networked kitchen appliances in the internet of things (IoT); food weighing scales and measurement devices, namely, scales, balances and measuring cups; thermometer fork used in cooking; measuring cups; measuring spoons; thermometers, namely aquarium thermometers, candy thermometers, infra-red thermometers, and meat thermometers; computer application software for mobile phones, namely, software for controlling smart light dimmers, smart electrical plugs, smart light switches, smart netcams, and smart lights; smart electrical plugs, intelligent and interactive white goods, namely, heat sensors, humidity sensors, contact sensors, motion sensors, cameras, electric wall plugs, smart electrical plugs, smart power sockets, smart light switches, and communication hubs, namely computer network hubs, switches and routers, modems, USB hubs and wireless communication hubs; alarms, namely, burglar and anti-intrusion alarm alerts; alarm alert systems for monitoring homes and other buildings, comprised of security cameras and motion sensors; audio speakers; batteries, namely automotive batteries, batteries for pocket lamps, camera batteries, cell phone batteries, electric storage batteries, electronic cigar batteries, general purpose batteries, hearing aid batteries, ignition batteries, lithium secondary batteries, mobile phone batteries, nickel-cadmium storage batteries, and watch batteries; battery chargers, namely automotive battery chargers, battery chargers for electronic cigarettes, battery chargers for use with telephones, camera battery chargers, cell phone battery chargers, cell phone battery chargers for use in vehicles, electronic pipette battery chargers, mobile telephone battery chargers, mobile telephone battery chargers for use in vehicles; blank computer discs; blank digital storage media, namely, blank digital audio discs, blank digital versatile discs, blank digital videodiscs, and blank secure digital (SD) memory cards; blank electronic storage media, namely, blank audio compact discs, blank CD-ROMs, blank flash memory cards, blank hard discs, blank laser discs, blank record disks, blank USB cards, blank USB flash drives, and blank videodiscs; blank smart cards; computer cables; battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; calculators; camera cases; camera tripods; computer peripherals, namely, computer speakers, microphones, digital cameras, webcams, image scanners, and disk drives; computer mice; computer network routers and hubs; computer accessories, namely, computer leads for external computer cabling in the nature of firewire leads, USB cables; USB port hubs; flash card readers; headphones; projectors, namely, sound projectors and amplifiers; DVD burners; DVD drives; memory cards, namely, digital camera memory cards, flash memory cards, random access memory cards, and secure digital (SD) memory cards; computer peripherals in the nature of wireless cards, namely, LAN [local area network] computer cards for connecting portable computer devices to computer networks; media players, namely, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, protective covers and cases for portable DVD players, portable CD players, portable MP3 players, portable MP4 players, digital music players, and digital video players; media player components and accessories, namely chargers for digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, electrical and power cables; loud speakers; audio electronic components and accessories, namely, electrical and power cables; video electronics components and accessories, namely, electrical and power cables; digital electronic components and accessories, namely, holsters, carrying cases, and fitted plastic films known as skins for covering and providing a scratch proof barrier or protection specifically designed for computers, digital audio and video players, MP3 players, mobile phones, personal digital assistants; video electronics, namely, video display terminals, computer displays, liquid crystal displays, and

components and accessories therefor in the nature of electrical cords, power cords, video cable adapters, video screens, video receivers, video projectors, video processors, video transmitters, and stylus pens for use with touch-screens; stands specially designed for personal digital devices in the nature of cameras, digital audio and video players, MP3 players, global positioning systems, personal digital assistants, electronic book readers, and camcorders; bags and cases specifically adapted for holding electronics and accessories in the nature of computers, cameras, camcorders, digital audio and video players, MP3 players, mobile telephones, global positioning systems, personal digital assistants, video display terminals, computer displays, liquid crystal displays, and electronic book readers, and components and accessories therefor in the nature of electric cables, and camera tripods, computer speakers, microphones, digital cameras, webcams, image scanners, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, video disc players, USB cables, and battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; electric cables; USB cables; video cables; extension cables; electrical and power cables; electric connectors; cable connectors; plug connectors; converters, namely, analogue to digital converters, converters for electric plugs, current converters, digital to analogue converters, electric power converters, electronic currency converters, electronic power converters, frequency converters, and pressure-to-current converters; keyboards; computer and memory storage devices, namely, blank flash drives, USB drives, digital USB storage cards and card readers; printer components and accessories, namely, cables; musical instrument connectors, namely, audio cable connectors, power connectors, and plug connectors; musical instrument adaptors, namely, power adaptors and plug adaptors; electrical pickups for use with musical instruments, namely, electronic sound pickups for guitars and basses; electrical cables for musical instruments; electronic effects pedals for use with musical instruments; audio speakers for automobiles; fuses for automobiles; cameras for self-developing film; lens caps for use with film, digital, and video cameras; camera straps; camera mounts and supports; camera filters; lenses for cameras; baby monitors; infant movement alarms; game software; computer hardware; mouse pads; cases for mobile phones; cases for computers; CD cases; DVD cases; bags and cases specifically adapted for holding electronic equipment and accessories, namely, printers, computers, mobile phones, portable electronic computer hardware, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers, and cameras; thermometers, not for medical use, namely for testing the temperature of food, non-medical temperature gauges and humidity gauges; 3D spectacles; abacuses; accelerometers; electric accumulators for vehicles; acid hydrometers; acidimeters for batteries; sound alarms, namely, warning alarms for pedestrians, and vehicle alarms; acoustic conduits; acoustic couplers; actinometers; electric adapter cables; adding machines; aerials, namely, car aerials, dish aerials, parabolic aerials, radio aerials, and television aerials; antennas, namely, car antennas, cell phone antennas, dish antennas, microwave antennas, parabolic antennas, radio antennas, radio signal antennas, satellite antennas; aerometers; air analysis apparatus, namely, particle counters for measuring air quality; alarm bells, electric; alarms, namely, alarms for the detection of inflammable gases, anti-intrusion alarms, baby alarms, burglar alarms, door alarms, electronic window alarms, gas alarms, gas leak alarms, personal security alarms, pool alarms, security alarms, smoke alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers, namely, aerial amplifiers, antenna amplifiers, audio amplifiers, audio frequency amplifiers, musical instrument amplifiers, power amplifiers, pre-amplifiers, radio frequency amplifiers, signal amplifiers, sound amplifiers, stereo amplifiers; amplifying tubes; amplifying valves; anemometers; animated cartoons; anode batteries for cameras and cell phones; high tension batteries; anodes; answering

machines; anti-glare glasses; anti-theft warning apparatus, namely, anti-theft alarms and electronic sensors used with anti-theft alarms; anticathodes; asbestos gloves for protection against accidents; asbestos clothing for protection against fire; asbestos screens for firemen; apparatus and instruments for astronomy, namely, astronomical spectrographs, and supercomputers; audio- and video- receivers; audio interfaces, namely, audio interface boards for musical instruments; audio mixers; audiovisual teaching apparatus, namely, overhead projectors, video projectors, and LCD projectors; automated teller machines [ATM]; azimuth instruments, namely, nautical compasses and altimeters which include azimuth indicators; baby scales; bags adapted for laptops; balancing apparatus, namely, laboratory balances, steelyard balances, tire balancing machines for land vehicles, and wheel balancing machines; bar code readers; barometers; bathroom scales; batteries, electric, for vehicles; batteries for lighting; electric storage batteries; batteries for electronic cigarettes; battery boxes; beacons, luminous; betatrons; binoculars; biochips; blueprinting machines; boiler control instruments, namely, boiler flow control instruments, boiler pressure control instruments, boiler temperature control instruments, electromagnetic switches for monitoring boilers, and electric control panels; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration, with integrated camera and electronic display for user enabled viewing of safety and tracking information and situational intelligence; breathing apparatus, except for artificial respiration, namely, self-contained breathing apparatus for filtering air; bullet-proof clothing; electric buzzers; cabinets for loudspeakers; cables, electric; calibrating rings for calibrating optical emission spectrometers; calipers; calorimeters; camcorders; cameras; capillary tubes; carpenters' rules; cases especially made for photographic equipment; cases for smartphones; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus, namely, alloy anodes for the cathodic protection of pipelines; cell phone straps; centering apparatus for photographic transparencies, namely, frames for photographic transparencies; apparatus for changing record player needles; chargers for electric storage batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemistry apparatus and instruments, namely, laboratory glassware, laboratory flasks, laboratory scales and balances, laboratory slides, laboratory stirrers, laboratory storage tubes, laboratory swabs, laboratory thermometers, pipette racks for laboratory use, pipette tips for laboratory use, and sterilizers for laboratory use; integrated circuit chips; chromatography apparatus for laboratory use; chronographs for use as a specialized time recording apparatus; cinematographic cameras; cinematographic film, exposed; circuit closers; circuit breakers; circular slide rules; recording discs, namely, blank magnetic discs; close-up lenses for cameras; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; clothing especially made for laboratories; coaxial cables; coils, electric; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; electric current collectors; electric apparatus for commutation, namely, commutation sensors, electric sensors, devices for reversing the direction of an electrical current, electric switches, inverters, and power converters; electric commutators; blank compact discs; compact discs containing computer games; compact discs containing encyclopedias; compact discs containing music; compact discs containing audio books; compact disc players; comparators; compasses for measuring; computer memory devices, namely, computer memory expansion modules, flash memory card adapters, flash memory expansion modules, memory boards, random access memory cards, secure digital (SD) memory cards; computer programs, recorded, namely computer programs for image processing, computer programs for connecting to remote computers and computer networks, computer programs for processing digital music files, computer programs for searching remotely for content on computers and computer networks, computer programs for using the Internet and the World Wide Web, computer utility file compression programs, computer utility file storage programs, computer utility programs for adding or repartitioning a hard disk drive, computer utility programs for data

compression, computer utility programs for file management, computer utility programs for providing diagnostic details on devices installed in a computer system, computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality, computer utility virus protection programs, interactive multimedia computer game programs, video and computer game programs; computer keyboards; computer operating programs, recorded; computer software, recorded, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer game software; computer software for database management; computer software for setting up and configuring local area networks; computer operating system software; computer software for electronic trading of securities; computer software for image processing; computer screen saver software; computer search engine software; computer software for use in diagnosis, repair and configuration of computers; computer software for administration of local area networks; computer software for assisting developers in creating program code for use in multiple application programs; computer software for controlling and managing access server applications; computer software for converting document images into electronic formats; computer software for creating computer games; computer software for creating searchable databases; computer software for database management; computer software for displaying orders and driver locations on maps; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for processing digital music files; computer software for running development programs and application programs in a common development environment; computer software for use as a spreadsheet; computer software for use in controlling and improving computer processing speed; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in providing multiple user access to a global computer information network; computer software that allows transmission of graphics to mobile telephones; computer software to automate data warehousing; computer software to enable the transmission of photographs to mobile phones; computer video games; interactive multimedia computer games; downloadable software, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; downloadable computer game software; downloadable computer software for database management; downloadable computer software for setting up and configuring local area networks; downloadable computer operating system software; downloadable computer software for electronic trading of securities; downloadable computer software for image processing; downloadable computer screen saver software; downloadable computer search engine software; downloadable computer software for use in diagnosis, repair and configuration of computers; downloadable computer software for administration of local area networks; downloadable computer software for assisting developers in creating program code for use in multiple application programs; downloadable computer software for controlling and managing access server applications; downloadable computer software for converting document images into electronic formats; downloadable computer software for creating computer games; downloadable computer software for creating searchable databases; downloadable computer software for database management; downloadable computer software for displaying orders and driver locations on maps; downloadable computer software for logistics, namely, software for tracking documents, packages and freight; downloadable computer software for managing retail store customer accounts; downloadable computer software for organizing and viewing digital images and photographs; downloadable computer software for processing digital images; downloadable computer software for processing digital music files; downloadable computer software for running development programs and application programs in a common development environment; downloadable computer software for use as a spreadsheet;

downloadable computer software for use in controlling and improving computer processing speed; downloadable computer software for use in generating streaming advertisements on the web sites of others; downloadable computer software for use in providing multiple user access to a global computer information network; downloadable computer software that allows transmission of graphics to mobile telephones; downloadable computer software to automate data warehousing; downloadable computer software to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer game software; computer software applications, downloadable, namely downloadable computer e-commerce software application to allow users to perform electronic business transactions via a global computer network; downloadable computer game software application; downloadable computer software application for database management; downloadable computer software application for setting up and configuring local area networks; downloadable computer operating system software application; downloadable computer software application for electronic trading of securities; downloadable computer software application for image processing; downloadable computer screen saver software application; downloadable computer search engine software application; downloadable computer software application for use in diagnosis, repair and configuration of computers; downloadable computer software application for administration of local area networks; downloadable computer software application for assisting developers in creating program code for use in multiple application programs; downloadable computer software application for controlling and managing access server applications; downloadable computer software application for converting document images into electronic formats; downloadable computer software application for creating computer games; downloadable computer software application for creating searchable databases; downloadable computer software application for database management; downloadable computer software application for displaying orders and driver locations on maps; downloadable computer software application for logistics, namely, software application for tracking documents, packages and freight; downloadable computer software application for managing retail store customer accounts; downloadable computer software application for organizing and viewing digital images and photographs; downloadable computer software application for processing digital images; downloadable computer software application for processing digital music files; downloadable computer software application for running development programs and application programs in a common development environment; downloadable computer software application for use as a spreadsheet; downloadable computer software application for use in controlling and improving computer processing speed; downloadable computer software application for use in generating streaming advertisements on the web sites of others; downloadable computer software application for use in providing multiple user access to a global computer information network; downloadable computer software application that allows transmission of graphics to mobile telephones; downloadable computer software application to automate data warehousing; downloadable computer software application to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer software platforms, recorded or downloadable, namely an internet based software platform used to access, run and manage cloud computing networks and applications; computer software platforms, recorded or downloadable, namely Internet access software platforms, software platforms for restricting access to the Internet, and software platforms for tracking smart phone, mobile phone, computer and tablet users connected to the Internet; computer software platforms, recorded or downloadable, namely for banking and performing electronic business transaction via a global computer network; computer software platforms, recorded or downloadable, namely networks, network operating systems, and gateways for collection, sharing, management, interpretation, and analysis of business-specified data that enables users to process and analyze sets of big data in computer

clusters for the purposes of examining their large and varied data sets to uncover patterns, correlations, market trends and customer preferences; computer software platforms, recorded or downloadable, namely computer software platforms for the management and operation of cameras and electronic sensors for use in the field of video surveillance, home security and business security; computer software platforms, recorded or downloadable, namely computer operating programs; computer screen saver software, recorded or downloadable; computers; microscope condensers; capacitors; electrical conductors for electric motors; electrical conductors for transformers; connections for electric lines; contact lenses; electric contacts for semiconductor testers; electric contacts for testing LCD panels; electric contacts, namely electric connectors; electrical contacts, namely, electrical circuits; containers for microscope slides; containers for contact lenses; electrical control panels; converters, electric; copper wire, insulated; cordless telephones; correcting lenses; cosmographic instruments, namely, telescopes; mechanisms for counter-operated apparatus, namely, for point-of-sale terminals; counterfeit coin detectors; couplers for data processing equipment, namely, cable connectors and plug-in connectors; electrical couplings; covers for electric outlets; covers for smartphones; covers for personal digital assistants [PDAs]; covers for tablet computers; crash test dummies; crucibles for laboratory use; current rectifiers; cyclotrons; darkroom lamps; portable darkrooms for photography; data processing apparatus, namely, word processors, computer disk drives, barcode readers, and switchboards; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers; metal detectors for industrial or military purposes; detectors, namely, air particle analyzers for detecting COVID-19 and other coronaviruses; detectors, namely, carbon dioxide detectors, electromagnetic frequency detectors, electromagnetic measuring detectors, electronic equipment for detecting mines, fire detectors, galena crystal detectors for use in electronics, gamma radiation detectors, laser speed detectors, magnetic object detectors, metal detectors, motion detectors, paper currency detectors, radar detectors, radon detectors, seismic detectors, and x-ray apparatus for detecting moisture in building material; diagnostic apparatus, not for medical purposes, namely, wearable and stretchable electronic adhesive for the skin allowing users to measure and monitor levels of sun exposure; diagnostic apparatus, not for medical purposes, for measuring, analyzing, and estimating the cost to repair and repairing damage to vehicles; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for the detection of pathogens for laboratory and research use; diagnostic apparatus, not for medical purposes, namely, apparatus used for computer system analysis and optimization and for managing large scale data centres; diagnostic apparatus, not for medical purposes, for testing water; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing food; diaphragms for photography; dictating machines; diffraction apparatus for optical microscopes; digital photo frames; digital signs; digital weather stations; personal digital assistants [PDAs]; directional compasses; electric discharge tubes, other than for lighting; distance measuring apparatus, namely, tape measures, measuring wheels, odometers, and distance sensors; distance recording apparatus, namely, sonars and sonar equipment and parts thereof, trip meters, and GPS tracked and electronically measured distance recorders; distillation apparatus for scientific purposes, namely, distillation columns for laboratory use; electrical distribution boxes; electrical distribution boards; electrical distribution consoles; divers' masks; diving suits; DNA chips for scientific and research use; dog whistles; electric door bells; dosage dispensers; downloadable ring tones for mobile phones; downloadable music files; downloadable image files, namely, downloadable computer graphics, downloadable photographs, downloadable clip art, downloadable drawings, and downloadable pictures; downloadable graphics for mobile phones; drainers for use in photography; dressmakers' measures; drying racks for photography; electrical ducts; DVD players; dynamometers; ear plugs for divers; apparatus for editing cinematographic film, namely, editing appliances for cinematographic films, editing machines for

movie films, and movie editing projectors; egg timers; hourglasses; egg-candlers; electricity conduits; materials for electricity mains, namely, electric wires and electric cables; electrified rails for mounting spot lights; electrified fences; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals, namely, electric transformers, pressure sensors, current rectifiers, and power distributing boxes for the remote control of signals; electrolyzers, namely, electrolysis apparatus for producing hydrogen and oxygen from water; electrolyzers, namely electrolytic cells; electromagnetic coils; electronic pens for visual display; electronic agendas; electronic pocket translators; electronic tags for goods; electronic notice boards; downloadable electronic publications, namely, magazines, books, periodicals, journals, electronic legal publications, and electronic medical publications; electronic book readers; electronic collars to train animals; electronic access control systems for interlocking doors; electric and electronic effects units for musical instruments; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic sheet music, downloadable; electronic numeric displays, namely, computer display monitors and computer display screens, digital displays for picking and sorting systems, digitals display for electronic shelf label, light-emitting diode [LED] displays, and liquid crystal display panels; encoded magnetic cards, namely, magnetically encoded bank cards, magnetically encoded credit cards, magnetically encoded debit cards, magnetically encoded gift cards, and magnetically encoded phone cards; encoded identification bracelets, magnetic; magnetically encoded key cards; epidiascopes; audio equalizers; ergometers; light meters; instruments containing eyepieces, namely, lorgnettes, microscopes, and opera glasses; eyewear, namely, antireflection coated eyeglasses, bifocal eyeglasses, children's eyeglasses, corrective eyeglasses, fashion eyeglasses, glacier eyeglasses, magnifying eyeglasses, multifocal eyeglasses, ophthalmic eyeglasses, polarizing eyeglasses, prescription eyeglasses, prescription goggles for sports, protective eyeglasses, sports eyewear, varifocal eyeglasses, cyclists' glasses, dustproof glasses, field glasses, prescription sunglasses, ski glasses, theatre glasses, and spectacles; facsimile machines; laboratory apparatus for fermentation; fiber optic cables; film cutting apparatus, namely, film cutters; films, exposed; filters for respiratory masks; photography filters; filters for ultraviolet rays, for photography; finger sizers; fire extinguishers; fire alarms; fire beaters; fire escapes; fire hose nozzles; fire engines; fire pumps; fire boats; fire blankets; fire hose; fire extinguishing apparatus, namely, fire-extinguishing blankets, and fire sprinklers; flash-bulbs for photography; rotating signaling lights; flashlights; blank floppy disks; flowmeters; fluorescent screens; fog signals, non-explosive; food analysis apparatus, namely, optical inspection apparatus for inspection of food; frames for photographic transparencies; frequency meters; furnaces and ovens for laboratory use; furniture especially made for laboratories; fuse wire; fuses, namely, electric fuses, fuses for fire alarm control panels, and fuses for lighting control panels; galvanic cells; galvanic batteries; galvanometers; gas testing instruments, namely, residual gas analyzers, gas flow monitors, gas gauges, gas meters, gas leak detectors, and sensors for determining the composition of gases; gasoline gauges; gasometers; glazing apparatus for photographic prints, namely glass printers; Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices; Global Positioning System [GPS] receivers; Global Positioning System [GPS] satellites; Global Positioning System [GPS] transmitters; gloves for protection against accidents; gloves for divers; gloves for protection against X-rays for industrial purposes; goggles for sports; grids for batteries; hand-held electronic dictionaries; hands-free kits for telephones; head cleaning tapes for audio and video recorders; head guards for sports; heat regulating apparatus, namely, temperature sensors, temperature regulators for heaters, thermostats, and electrical control systems for heating and air conditioning systems; heliographic apparatus, namely, signal mirrors for use in communicating over long distances in military, survey, and forest protection work; hemline markers; high-frequency apparatus, namely, high-frequency switching power supplies; holders for electric coils; holograms;

horns for loudspeakers; humanoid robots with artificial intelligence; hydrometers; hygrometers; identification threads for electric wires; identification sheaths for electric wires; identity cards, magnetic; electric apparatus for remote ignition, namely, ignition devices for motors of land vehicles; incubators for bacteria culture; automatic indicators of low pressure in vehicle tires; infrared detectors, namely, infrared sensors; integrated circuits; integrated circuit cards; interactive touch screen terminals; intercommunication apparatus, namely, intercoms, and wireless radio transmitters and receivers; intercommunication apparatus, namely, computer hardware and software to communicate, control, and check the status of security alarm systems, automated environmental systems, networked kitchen appliances, electronic doorbells, and cameras in homes and other buildings; interfaces for computers, namely, computer interface boards, and computer interface cards; electricity inverters; invoicing machines, namely, cash registers, and computer terminals with printers; ionization apparatus not for the treatment of air or water, namely, automatic ion-exchange chromatography apparatus for laboratory use; joysticks for use with computers, other than for video games; juke boxes, musical; juke boxes for computers; electrical junction boxes; junction sleeves for electric cables; knee-pads for workers; laboratory trays; laboratory centrifuges; laboratory robots; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes, namely, lasers for additive manufacturing, lasers for bar code readers, lasers for capture microdissection, lasers for compact disc players, lasers for engraving, lasers for land surveying, lasers for lunar ranging, lasers for photochemistry, lasers for use as visual effects, lasers for use in firearm sights, lasers for use in industrial cutting applications, lasers for use in industrial welding applications, and lasers to store and retrieve data from CDs and DVDs; lens hoods; lenses for astrophotography; letter scales; levelling staffs for surveying; levelling instruments, namely, bubble levels, carpenter's levels, digital laser levels, level gauges, levelling staffs, plumb levels, and vertical levels; lifesaving apparatus and equipment, namely, life jackets for pets, life nets, life preservers, life vests, and lifeboats; life buoys; life jackets; life belts; life-saving rafts; life-saving capsules for natural disasters; electric light dimmers; light-emitting electronic pointers; light-emitting diodes [LED]; lighting ballasts; lightning rods; electric locks for vehicles, and electric door locks; electric loss indicators; magic lanterns, namely image projectors for use with transparent plates; blank magnetic tapes for tape recorders; magnetic wires; magnetic encoders, namely, credit card encoding machines, cheque encoding machines, and smart card magnetic encoders; magnetic tape units for computers; magnetic resonance imaging [MRI] apparatus for industrial purposes, and not for medical purposes; magnets, namely, craft magnets, decorative magnets, erasing magnets, fridge magnets, and industrial magnets; magnifying glasses; marine compasses; marine depth finders; marking buoys; masts for wireless aerials; mathematical instruments, namely, T-squares for measuring, slide rules, and abacuses; appliances for measuring the thickness of leather; measuring apparatus, namely, apparatus for measuring the speed of golf swing; measuring glassware; measuring instruments, namely, clinometers for measuring of angles and slopes, electronic sensors for measuring solar radiation, instruments for measuring milk quality parameters, laser measuring tapes, measuring bowls, measuring buckets, measuring jugs, measuring rods, measuring scoops, measuring tapes, and wire diameter measuring devices; apparatus for measuring the thickness of skins; megaphones; memory cards for video game machines; mercury levels, namely mercury manometers; meteorological balloons; meteorological instruments; metronomes; micrometer screws for optical instruments; micrometer gauges; microphones; microprocessors; microscopes; microtomes; mileage recorders for vehicles; mirrors for inspecting work; scientific and technical optical mirrors; mobile telephones; cellular phones; modems; money counting and sorting machines; monitoring apparatus, other than for medical purposes, namely, dust emission monitors, electrical industrial controls for monitoring waste water treatment, firmware for remote monitoring of hardware, and helicopter load monitoring scales; computer monitors; computer mouse; mouth guards for sports;

nautical apparatus and instruments, namely, marine luminous safety beacons, marine luminous warning beacons, and marine radios; naval signaling apparatus, namely, marking and signalling buoys; navigation apparatus for vehicles in the form of on-board computers; navigational instruments, namely, navigational buoys; needles for record players; needles for surveying compasses; neon signs; nets for protection against accidents; nose clips for divers and swimmers; notebook computers; observation instruments, namely, field-glasses, binoculars, night vision goggles, and observation rockets; octants; ohmmeters; optical lamps for optical apparatus and instruments combined with optical devices, namely telescopes and microscopes; optical lenses; optical apparatus and instruments, namely, digital photo-optical systems, optical amplifiers, optical breadboards, optical cables, optical disk drives, optical disc readers, optical fibre cables, optical filters for plasma display panels, optical filters for screens, optical frames, optical frequency metrology devices, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, optical inspection apparatus for inspecting the circuitry used in cell phones, optical lens sights, optical multiplexers, optical profilers, optical reflectors, optical scanners, optical semiconductor amplifiers, optical sensors, optical shutters, optical switches, optical transceivers, and optical transmitters; optical glass; optical fibers; optical condensers; optical character readers; blank optical discs; pre-recorded optical discs containing music, movies, television shows, and video games; oscillographs; oxygen transvasing apparatus for use in making wine; parking meters; particle accelerators; pedometers; peepholes for doors; periscopes; petri dishes; phonograph records; photocopiers; phototelegraphy apparatus, namely, apparatus for the telegraphic transmission of images; photovoltaic cells; apparatus and instruments for physics, namely, calipers, particle accelerators, test weights, scientific prisms, ammeters, and barometers; pincenez; pipettes; pitot tubes; plane tables for surveying; planimeters; plates for batteries; plotters, namely digital plotters, electronic plotters, printer plotters, and X-Y plotters; plugs, sockets and connections for electric lines; plumb bobs; plumb lines; pocket calculators; polarimeters; precision measuring apparatus, namely hygrometers, planimeters, wattmeters, salinometers, motion sensors, optical sensors, temperature sensors, and velocity sensors; laboratory precision balances; pressure indicator plugs for valves; pressure gauges; pressure measuring apparatus, namely pressure gauges, and pressure sensors; pressure indicators; printed circuits; printed circuit boards; printers for use with computers; optical prisms, namely scientific prisms; probes for scientific purposes, namely avalanche probes, probes for testing integrated circuits, probes for testing semiconductors, and space probes; central processing units; projection screens; projection apparatus, namely cinematographic projectors, home theatre projectors, photographic projectors, picture projectors, planetarium projectors, projection screens, and self-acting focussing projectors; protection devices for personal use against accidents, namely, articles of protective clothing for wear by motorcyclists for protection against accident or injury, balaclavas for protection against accidents, boots for protection against accidents, chemical exposure protective clothing, chemical exposure protective footwear, clothing and gloves for use in welding for protection against accidents or injury, clothing for protection against biological hazards, face shields for protective helmets, fire protective footwear, fireproof clothing, insulated clothing for protection against injury, karate head guards, protective metal gloves for meat cutting, protective visors for athletic use, shoes for protection against fire, shoes for protection against irradiation, and side shields for eyeglasses; protection devices against X-rays, not for medical purposes, namely leaded aprons and gloves, goggles for protection against X-rays, and clothing for protection against X-rays; protective suits for aviators; protective helmets, namely, batting helmets, bicycle helmets, boxing helmets, buoyancy helmets, catchers' helmets, crash helmets, diving helmets, football helmets, hockey helmets, motorcycle helmets, safety helmets, skateboarding helmets, ski helmets, snowboarding helmets, and welding helmets; protective masks, namely, dust masks, gas masks, scuba masks, swim masks, and welding masks; protective helmets for sports; protective films

adapted for computer screens; protective films adapted for smartphones; protractors, namely, angle dividing protractors, full-circle protractors, protractor gauges, and semi-circle protractors; punched card machines for offices; push buttons for bells; pyrometers; quantity indicators, namely, liquid level sensors; radar apparatus, namely, maritime patrol radars, radar detectors, radar guns for sporting events, radar receivers, radar receivers with amplifiers, radar transmitters, and radars; radio pagers; radiological apparatus for industrial purposes, namely, x-ray apparatus for detecting moisture in textiles and leather; radiology screens for industrial purposes; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances, namely, railway signals; range finders, namely, laser rangefinders, range finders for cameras, and range finders for golf; rearview cameras for vehicles; record players; reflective articles for wear, for the prevention of accidents, namely reflective safety bands to be worn on the body; reflective safety vests; refractometers; optical telescopes, namely, refractors; regulating apparatus, electric, namely, voltage regulators; relays, electric; electric installations for the remote control of industrial operations, namely, electric control panels, electronic control systems for heating and air conditioning systems, electronic control systems for room locking systems, elevator control panels, fire alarm control panels, remote controls for industrial machinery, and lighting control panels; remote control apparatus, namely, remote controls for adjustable beds, remote controls for operating vehicle alarms, and remote controls for radios; rescue laser signaling flares; electric resistors; respirators for filtering air; respiratory masks, other than for artificial respiration; resuscitation mannequins; resuscitation training simulators; rheostats; riding helmets; ring sizers; road signs, luminous or mechanical; rods for water diviners; rulers, namely, folding rulers, graduated rulers, magnifying rulers, and measuring rulers; saccharometers; safety nets; safety tarpaulins; safety restraints, other than for vehicle seats and sports equipment, namely safety harnesses; salinometers; satellite navigational apparatus, namely, satellites, satellite aerials, satellite processors, satellite receivers, and satellite transmitters; satellite finder meters; satellites for scientific purposes; scales, namely, architects' scales, electronic weighing scales for kitchen use, electronic weighing scales for personal use, glass graduated scales, kitchen weighing scales, level scales, medical scales, pocket scales, and truck scales; scales with body mass analyzers; screens for photoengraving; screw-tapping gauges; encrypted security tokens; security surveillance robots; selfie sticks; selfie lenses; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; telescopic sights for firearms; signal bells; signal lanterns; signaling panels, luminous or mechanical; signaling whistles; signaling buoys; signals, luminous or mechanical; mechanical signs; signs, luminous; simulators for the steering and control of vehicles; sirens; sleeves for laptops; slide calipers; slide projectors; slide-rules; slope indicators, namely, clinometers for measuring of angles and slopes; smartglasses; smartphones; smartwatches; smoke detectors; snorkels; solar batteries; solar panels for the production of electricity; solderers' helmets; solenoid valves; electromagnetic switches; sonars; sound transmitting apparatus, namely, digital sound processors, echo sounding devices, home theatre surround sound systems, radio transmitters, and earphones; sound recording apparatus, namely, airplane cock pit recorders, audio cassette recorders, audio tape recorders, digital audio tape recorders, digital voice recorders, and magnetic tape recorders; sound reproduction apparatus, namely, sound mixers; sounding lines; sounding apparatus and machines, namely, sound level meters; sounding leads; spark-guards; speaking tubes; eyeglass chains and cords; eyeglass lenses; eyeglass frames; eyeglass cases; eyeglasses; spectrograph apparatus; spectroscopes; speed checking apparatus for vehicles, namely, electronic speed controllers, laser speed detectors, speedometer testers, speedometers, and radar detectors; speed indicators; speed regulators for record players; spherometers; spirit levels; sports whistles; sprinkler systems for fire protection; square rulers for measuring; squares for measuring; stage lighting regulators; stands for photographic equipment; starter cables for motors; steering apparatus, automatic, for vehicles, namely, computer hardware and operational software for

steering autonomous cars; step-up transformers; personal stereos; stereoscopes; stereoscopic apparatus, namely, stereoscopic cameras, and stereoscopic video players; stills for laboratory experiments; stroboscopes; subwoofers; sulfimeters; sunglasses; surveying instruments; surveying chains; surveying apparatus, namely, lasers for surveying, level measuring machines for surveying, levelling rods for surveying, magnetic compasses for surveying, oil and gas well downhole survey and measurement equipment, transits for surveying, and tripods for surveying machines; surveyors' levels; switchboards; electrical switchboxes; switches, electric; T-squares for measuring; tablet computers; tachometers; tape recorders; taximeters; teaching apparatus, namely, educational software for children; teaching robots; teeth protectors, namely, mouth guards; telecommunication apparatus in the form of jewelry, namely smart jewelry; telegraph wires; telegraph apparatus, namely, automatic telegraph apparatus, and manual telegraph apparatus; telephone receivers; telephone apparatus, namely, automatic telephone diallers, automatic telephone exchanges, digital telephones, electronic telephone diallers, fixed location telephones, internet telephones, magnetic telephone wires, portable telephones, public telephones, satellite telephones, telephone cables, telephone connectors, telephone headsets, telephone recorders, telephone sets, telephone switchboards, telephone terminals, telephones, viewphones, visual telephones, and VoIP telephones; telephone transmitters; telephone wires; teleprompters; telescopes; telescopic sights for artillery; television apparatus, namely, antennas for television, brackets for setting up flat screen television sets, car televisions, cellular television towers, closed circuit television, closed circuit television cameras, DMB (Digital Multimedia Broadcasting) televisions, filters for television screens, HD (High Definition) televisions, LCD televisions, LED televisions, plasma televisions, programmable digital television recorders, television cameras, television converters, television decoder, television monitors, television receivers, television sets, television transmitters, and ultra-high definition televisions; temperature indicators; temperature indicator labels, not for medical purposes; test tubes; material testing instruments and machines, namely, cement testing machines, concrete testing machines, lumber testing machines, metal compression testing machines, metal hardness testing machines, metal strength testing machines, plastic testing machines, and textile testing machines; testing apparatus not for medical purposes, namely, antifreeze testers, battery testers, brake fluid testers, circuit testers, continuity testers, crash test dummies, diesel oil emission testers, ductility testers, extruding machine for soil testing, microhardness testers, smoke alarm testers, surface roughness testing machines and instruments, test adapters for testing printed circuit boards, test pins for testing printed circuit boards, test tubes, testers for axle clearance, and vacuum tube characteristic testers; theft prevention installations, electric, namely, theft sensors and theft alarms; theodolites; thermal imaging cameras; thermo-hygrometers; thermostats; thermostats for vehicles; thin client computers; thread counters; ticket dispensers; time switches, automatic; time recording apparatus, namely, time and date stamping machines, time clocks, and time switches; time clocks; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; totalizers; traffic cones; traffic-light apparatus, namely, traffic lights and traffic-light signalling devices; electrical transformers; transmitters of electronic signals, namely, emergency signal transmitters; photographic slides; transponders; triodes; tripods for cameras; urinometers; USB flash drives; vacuum gauges; vacuum tubes; variometers; vehicle radios; vehicle breakdown warning triangles; verniers; video recorders, namely, car video recorders, DVD recorders, personal video recorders [PVRs], and video tape recorders; video cassettes; video game cartridges; video screens; video telephones; video baby monitors; videotapes, namely, blank videotapes and pre-recorded videotapes; viewfinders, photographic; virtual reality headsets; viscosimeters; visors for helmets; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; walkie-talkies; water level indicators; wavemeters; wearable activity trackers; wearable computers; wearable video display monitors; weighbridges; weighing machines, namely,

checkweighers, beltweighters, weighing scales for transport containers, and industrial scales and balances for use in the food and beverage industries; weights, namely, diving weights; whistle alarms; wind socks for indicating wind direction; wire connectors; electric wire harnesses for automobiles; wires, electric; workmen's protective face-shields; wrist rests for use with computers; X-ray tubes not for medical purposes, namely, X-ray tubes for airport luggage scanners, and X-ray tubes for neutralization; X-ray apparatus not for medical purposes, namely, X-ray apparatus for crystallography, X-ray apparatus for detecting moisture in building material, and X-ray apparatus for screening luggage at airports; X-ray films, exposed; X-ray photographs, other than for medical purposes; apparatus and installations for the production of X-rays for screening vehicles, not for medical purposes; application programming interface (API) software for environmental monitoring, control, and automation; smart sockets for electric lights; smart switches, for heating, lighting, drying, ventilating, air conditioning, water supply and sanitary purposes; electric sockets for electric appliances; sensors, namely motion sensors, optical sensors, pollutant sensors, and temperature sensors, and cameras, for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary installations; postage meters for office use, and parts and fittings therefor

Class 10

(6) Health monitors comprising sensors that monitor the health of the wearer, namely blood glucose monitors, blood pressure monitors, body fat monitors, heart monitors, oxygen monitors, and pulse rate monitors; home medical equipment, namely stethoscopes; wearable health monitors comprising sensors that monitor the health of the wearer, namely heart monitors to be worn during exercise; thermometers, namely, clinical thermometers, digital thermometers for medical purposes, fever thermometers, infrared thermometers for medical purposes, and medical thermometers

Class 11

(7) Apparatus for cooking, namely, cooktops; baking ovens; cooking ovens; electric ranges; electric refrigerators; freezers; gas ranges; gas refrigerators; hoods for ranges; microwave ovens for cooking; warming drawers for kitchens; electric small kitchen appliances for domestic and commercial use, namely, electric hot cappuccino and espresso makers, electric iced cappuccino and espresso makers, electric coffee percolators, electric tea kettles; appliances for domestic use, namely, temperature controlled wine chiller; electric pizzelle press and electric sandwich grill; electric cookware namely, electric convection ovens, and electric broilers; electric fondue pots, electric roasters, electric slow cookers, electric rice cookers, electric skillet, electric woks, electric popcorn popper for domestic use, water coolers, electric flat grill, electric panini press, electric indoor grill, electric contact grill, and electric griddle; electric deep fryers; electric bread making machine; electric pressure cookers; barbecue smoker accessories, namely, boxes used to hold wood chips; electric coffee makers; electric yogurt makers; electric grills; electric toaster ovens; electric toasters; electric waffle maker; electrical ice cream makers; electric food steamers; water filtration and purification unit replacement cartridges; apparatus, namely, light bulbs; devices, namely, thermostats, sockets for electric lights, light switches, thermostatic radiator valves; flashlights; lights, namely, bicycle lights, ceiling lights, electric holiday lights, electric night lights, light post luminaires, chandeliers, wall lights; outdoor lighting, namely, paver lights, torches, lanterns, lighting tubes, lamps for outdoor use, outdoor solar powered lighting units and fixtures, lights for automatic vending machines, landscape lighting installations and fixtures, light towers, lighting balloons, portable battery-operated lights that can be placed on surfaces where other light sources are unavailable, outdoor halogen lamps; lanterns; bulbs, namely, light bulbs, electric light bulbs, lamp bulbs, fluorescent electric light bulbs, halogen light bulbs, incandescent light bulbs, led light bulbs, miniature light bulbs; reflectors, namely, light reflectors for vehicles, lamp reflectors, bicycle reflectors; lighting fixtures; headlights for automobiles; lamps, namely, bicycle lamps, desk

lamps, electric lamps, floor lamps, fluorescent lamps, gas lamps, germicidal lamps, halogen lamps, head lamps, incandescent lamps, laboratory lamps, lamps for directional signals of automobiles, mercury lamps, miners' lamps, nail lamps, oil lamps, overhead lamps, pet heat lamps, safety lamps for underground use, solar powered lamps, standard lamps, street lamps, sun lamps, table lamps, tanning lamps, ultraviolet (UV) lamps for use in disinfecting surfaces, UV halogen metal vapour lamps, vehicle dynamo lamps, and wall lamps; pen lights; book lights; reading lights; household appliances, namely, convection ovens, temperature-controlled wine cellars, electric frying pans, microwave ovens, gas cook tops, combination steamers, ice-making machines, refrigerators, laundry dryers in the nature of clothes dryers, dehumidifiers, humidifiers, air conditioners, heaters, namely, electric beverage heaters, electric heaters for infant food, electric heaters for babies' bottles, electric heaters for commercial use, electric patio heaters, electric radiant heaters for household purposes, gas patio heaters, portable electric heaters, water heaters; bread makers in the nature of bread baking machines; ice-cream makers; hot plates; electric appliances, namely, electric cooking ovens, electric cook tops, electric stoves, self-cleaning electric ovens, electric coffee grinders, automatic electric waffle makers, electric barbecue grills, fondue pots with heat source, electric cookers for making preserves, electric sandwich toasters, electric kettles, immersion heaters, electric baby food warmers, baby bottle sterilizers, milk sterilizers, sterilizers for dental instruments, sterilizers for medical use, sterilizers for waste treatment, water sterilizers, electric hotplates, electric egg cookers, automatic electric coffee machines, face saunas, infrared lamps, electric facial steamers, whirlpool baths, heating pads not for medical purposes, hair dryers, electric espresso machines, electric coffee filter machines, electric mocha machines, electric blankets, electric fans; electric space heaters; cooling apparatus, namely, evaporative air coolers, and beverage cooling machines; evaporators, namely, cooling evaporators, evaporators for air conditioners; electric lighting fixtures; light shades; barbecue grills, rotisseries, lighters primarily for lighting grills, barbecue starter chimneys, fireplaces, candle lanterns, electronic candles, flameless candles, lamps for outdoor use, solar light fixtures, namely indoor and outdoor solar power lighting units and fixtures; electronic faucets; intelligent and interactive white goods, namely intelligent and interactive furnace boilers and hot water boilers; apparatus for controlling temperature in heating installations, namely, thermostatic radiator valves; refrigeration condensers; electric beverage urns, and parts and fittings therefor; deodorizing apparatus for personal use, namely, air deodorizing apparatus, and parts and fittings therefor; strainers for household purposes, namely, sink strainers, and parts and fittings therefor; electronic water heaters

Class 14

(8) Precious metals and their alloys; jewelry; precious stones; badges of precious metal; beads for making jewelry; boxes of precious metal; imitation gold for jewelry; ivory for jewelry; jewelry cases; key rings; medals; objects of imitation gold, namely, figurines made of imitation gold, and jewellery made from imitation gold; semi-precious stones; statues of precious metal; horological and chronometric instruments, namely, diving watches, stop watches, chronometers, watch cases, chronograph watches, alarm clocks, pocket watches, wall clocks, and chronoscopes; watches; wrist watches; clocks; movements for clocks and watches; cases for clock and watch-making; presentation cases for watches; straps for wrist watches; watch bands; watch cases; watch chains; leather key chains; key chains; parts and fittings for all the aforesaid goods

Class 15

(9) Musical instruments, namely, balalaikas being stringed musical instruments, brass instruments, carillons, cornets being musical instruments, drums and percussion instruments, electronic musical instruments, guitars, kettledrums, koto [Japanese stringed musical instruments], lutes being musical instruments, musical chimes being musical instruments, musical instrument handbells,

musical instrument triangles, pianos, rattles being musical instruments, sheng [Chinese musical wind instruments], string instruments, trombones, wind instruments, and woodwind instruments; replacement parts and fittings for musical instruments, namely, bellows for musical instruments, bow nuts for musical instruments, bridges for musical instruments, catgut for musical instruments, chin rests for string instruments, colophony for stringed musical instruments, dampers for musical instruments, electronic practice mutes for musical instruments, fingerboards for stringed musical instruments, horsehair for bows for musical instruments, mallets for musical instruments, musical instrument stands, mutes for musical instruments, plectrums, reeds for musical instruments, rosin for stringed musical instruments, and sticks for bows for musical instruments; cases for musical instruments; tuners for musical instruments; bags specially adapted for holding musical instruments; strings for musical instruments; drum sticks; bows for musical instruments; keyboards for musical instruments; keys for musical instruments; mouthpieces for musical instruments; music stands; music synthesizers; musical boxes; mutes for musical instruments; pedals for musical instruments; pegs for musical instruments; perforated music rolls; piano keyboards; piano keys; piano strings; plectrums; reeds; stands for musical instruments; tuning forks; tuning hammers; turning apparatus for sheet music; valves for musical instruments; parts and fittings for all the aforesaid goods

Class 16

(10) Office glues; glue for stationery or household use; paper clip trays; paper clip dispensers; office perforating machines; pen holders; pen trays; letter trays; blotters; letter racks; correspondence holders; bookends; slate boards for writing; chalk; globes, namely, celestial globes; stencil cases; pouches for writing instruments; binders, namely, office binders, ring binders, stationery binders, and three-ring binders; address labels; paper labels; stickers; printed forms, namely, accounting forms, bookkeeping forms, and business forms; stamp pad inks; ink stamps; rubber stamps; stamp pads; stamp cases; ink stamp stands; drawing rulers; drafting compasses; drafting curves and drawing curves; drawing templates; stencils; clip boards; binder clips; book rings, namely, mechanical binders comprising rings; staplers; staples; staple removers; adhesive tape for stationery or household purposes; address books; rubber bands; index cards and index dividers; travel guide books; appointment books; business record books; personal organizers; blank forms; poster boards; push pins; paper shredders for home use; envelopes; dry erase boards, namely, dry erase writing boards and writing surfaces comprised of decorative plastic laminate; office desk accessories, namely, desk file trays, desk pads, desk sets, desk stands and holders for pens and pencils; desktop business card holders; desktop document racks and organizers; paper hole punches; pencil sharpeners; passport holders; passport covers; photograph albums; coin albums; event albums; stamp albums; sticker albums; scrapbooks; photographs; office and school supplies, namely, file boxes for storage of business and personal records, markers, paper folders, notebooks and paper; note pads, pens, felt tip markers, fiber-tip markers, highlighting makers, and marker pens; file folders; calendars; posters; gift wrapping paper; paper gift tags; pen and pencil cases and boxes; stationery cases; writing instruments, namely erasers, crayons, highlighter pens; maps; day planners; calendar desk pads; lap desks; pads of paper; money clips; baby books; printed matter, namely, printed advertising boards of cardboard, printed advertising boards of paper, printed awards, printed calendars, printed flip charts, printed materials in the nature of colour samples, printed patterns for dressmaking, printed periodicals in the field of dance, printed periodicals in the field of figurative arts, printed periodicals in the field of movies, printed periodicals in the field of music, printed periodicals in the field of plays, printed periodicals in the field of tourism, and printed tags; bookbinding material; adhesives for stationery or household purposes; paintbrushes; instructional and teaching materials, namely, textbooks; plastic sheets, films and bags for wrapping and packaging; non-magnetically encoded

Class 03

(1) Cleaning apparatus for phonograph records, namely cleaning chemicals for phonograph records

Class 05

(2) Babies' diapers of textile, and parts and fittings therefor

Class 07

(3) Electronically controlled electric window openers; electric garage door openers; electronic door openers; washing machines; dishwashers; electric juicers; polishing apparatus and machines, for household purposes, namely, non-electric shoe polishers, and non-electric floor polishers, and parts and fittings therefor

Class 08

(4) Kitchen appliances being hand-operated kitchen appliances for dicing, slicing and chopping food, namely hand-operated food dicers, hand-operated food processors, hand-operated pasta cutters, and hand-operated vegetable shredders; ice scrapers, and parts and fittings therefor; polishing apparatus and machines, for household purposes, namely, non-electric fingernail polishers, and parts and fittings therefor

Class 09

(5) Smart home products, namely smart thermostats, smart security alarm systems, smart digital door locks, smart meters and home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making

machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, all with built-in capability to connect to the internet and home automation electronic security alarm systems, home automation systems comprising wireless and wired controllers, controlled electronic home security alarm systems and software for controlling lighting fixtures, HVAC, security cameras, safety and home monitoring, and computers that are embedded into vehicles and stored on or associated with a computer; smart home display monitors; devices, namely, thermostats; heating, ventilation, and air conditioning controllers; temperature sensors; smoke detectors; carbon monoxide detectors; air quality monitors; hazard detectors to detect radon, seismic activity, and carbon dioxide; electric meters; gas meters; energy controllers being electric control panels for energy management; energy use consumption monitors; lighting switches; lighting controllers; water meters; electronic water level and flow controllers; electronic fire sprinkler controllers; electronic water valve controllers; electronic water usage monitors; landscaping controllers being electrical controllers for irrigation sprinkler systems; environmental controllers being controllers for temperature; televisions; stereo equipment being stereo receivers, amplifiers, and tuners; media display equipment, namely video display monitors; remote controls for televisions; remote controls for stereos; remote controls for media display equipment, namely video display monitors; window shade controllers; electronic window controllers; smart-home monitors for remotely discerning the status of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; smart-home controllers for remotely adjusting the operation of internet-connected home appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; wireless communications equipment being devices for data transmission, namely wireless telephones; home computers; smartphones; handheld computers; tablet computers; entertainment equipment, namely televisions, and optical disk players; media remote controllers for audio speakers, CD players and recorders, digital music players and recorders, DVD players and recorders, intelligent videodisc players and recorders, MP3 players and recorders, MP4 players and recorders, optical disk players and recorders, video disc players and recorders, home

entertainment systems comprising audio amplifiers and audio speakers, and home theatre surround sound systems; network routers; network communications equipment, namely, wireless network routers; wearable communications devices, namely smartwatches; wearable computing devices, namely smartglasses; geofencing sensors; geofencing equipment, namely GPS sensors; electronic door controllers; motion sensors; occupancy sensors; vibration sensors; electromagnetic sensors; thermal sensors; ultrasonic sensors; security display monitors; security sensors, namely motion sensors; security equipment, namely, security cameras; electronic security key fobs being remote control apparatus; wearable security devices, namely body cameras; intercom speakers; intercom controllers; electronic door locks; security cameras; keypads for security systems; security surveillance robots; electronic doorbells; security gates; security gate controllers; home monitoring robots; home service robots, namely, humanoid robots with artificial intelligence; electronic remote controllers for household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers; computer software that facilitates energy efficiency in energy delivery control systems and environmental control systems for controlling remote gas, electricity, water and steam energy metering systems, and gas, electricity, water and steam energy systems, water systems, steam systems, and natural gas systems within buildings, facilities, grounds, and a designated spatial area; computer software for use with networked consumer devices, namely home automation hubs, wireless and wired controllers, and electrical control systems, all for lighting fixtures, HVAC systems, security systems, temperature control systems, humidity sensors, smoke sensors, door and window sensors, cameras, and household appliances, namely air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, for the purposes of monitoring, control and automation in residential, commercial, and automotive environments that allow the sharing and electronic transmission of operational data and information between such devices; software for environmental monitoring, control, and automation; downloadable software for connecting, operating, and managing networked kitchen appliances in the internet of things (IoT); food weighing scales and measurement devices, namely, scales, balances and measuring cups; thermometer fork used in cooking; measuring cups; measuring spoons; thermometers, namely aquarium thermometers, candy thermometers, infra-red thermometers, and meat

thermometers; computer application software for mobile phones, namely, software for controlling smart light dimmers, smart electrical plugs, smart light switches, smart netcams, and smart lights; smart electrical plugs, intelligent and interactive white goods, namely, heat sensors, humidity sensors, contact sensors, motion sensors, cameras, electric wall plugs, smart electrical plugs, smart power sockets, smart light switches, and communication hubs, namely computer network hubs, switches and routers, modems, USB hubs and wireless communication hubs; alarms, namely, burglar and anti-intrusion alarm alerts; alarm alert systems for monitoring homes and other buildings, comprised of security cameras and motion sensors; audio speakers; batteries, namely automotive batteries, batteries for pocket lamps, camera batteries, cell phone batteries, electric storage batteries, electronic cigar batteries, general purpose batteries, hearing aid batteries, ignition batteries, lithium secondary batteries, mobile phone batteries, nickel-cadmium storage batteries, and watch batteries; battery chargers, namely automotive battery chargers, battery chargers for electronic cigarettes, battery chargers for use with telephones, camera battery chargers, cell phone battery chargers, cell phone battery chargers for use in vehicles, electronic pipette battery chargers, mobile telephone battery chargers, mobile telephone battery chargers for use in vehicles; blank computer discs; blank digital storage media, namely, blank digital audio discs, blank digital versatile discs, blank digital videodiscs, and blank secure digital (SD) memory cards; blank electronic storage media, namely, blank audio compact discs, blank CD-ROMs, blank flash memory cards, blank hard discs, blank laser discs, blank record disks, blank USB cards, blank USB flash drives, and blank videodiscs; blank smart cards; computer cables; battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; calculators; camera cases; camera tripods; computer peripherals, namely, computer speakers, microphones, digital cameras, webcams, image scanners, and disk drives; computer mice; computer network routers and hubs; computer accessories, namely, computer leads for external computer cabling in the nature of firewire leads, USB cables; USB port hubs; flash card readers; headphones; projectors, namely, sound projectors and amplifiers; DVD burners; DVD drives; memory cards, namely, digital camera memory cards, flash memory cards, random access memory cards, and secure digital (SD) memory cards; computer peripherals in the nature of wireless cards, namely, LAN [local area network] computer cards for connecting portable computer devices to computer networks; media players, namely, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, protective covers and cases for portable DVD players, portable CD players, portable MP3 players, portable MP4 players, digital music players, and digital video players; media player components and accessories, namely chargers for digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, and video disc players; media player components and accessories, namely, electrical and power cables; loud speakers; audio electronic components and accessories, namely, electrical and power cables; video electronics components and accessories, namely, electrical and power cables; digital electronic components and accessories, namely, holsters, carrying cases, and fitted plastic films known as skins for covering and providing a scratch proof barrier or protection specifically designed for computers, digital audio and video players, MP3 players, mobile phones, personal digital assistants; video electronics, namely, video display terminals, computer displays, liquid crystal displays, and components and accessories therefor in the nature of electrical cords, power cords, video cable adapters, video screens, video receivers, video projectors, video processors, video transmitters, and stylus pens for use with touch-screens; stands specially designed for personal digital devices in the nature of cameras, digital audio and video players, MP3 players, global positioning systems, personal digital assistants, electronic book readers, and camcorders; bags and cases specifically

adapted for holding electronics and accessories in the nature of computers, cameras, camcorders, digital audio and video players, MP3 players, mobile telephones, global positioning systems, personal digital assistants, video display terminals, computer displays, liquid crystal displays, and electronic book readers, and components and accessories therefor in the nature of electric cables, and camera tripods, computer speakers, microphones, digital cameras, webcams, image scanners, digital music players, digital video players, MP3 players, MP4 players, optical disk players, portable DVD players, video disc players, USB cables, and battery chargers for portable electronic computer hardware, computers, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers; electric cables; USB cables; video cables; extension cables; electrical and power cables; electric connectors; cable connectors; plug connectors; converters, namely, analogue to digital converters, converters for electric plugs, current converters, digital to analogue converters, electric power converters, electronic currency converters, electronic power converters, frequency converters, and pressure-to-current converters; keyboards; computer and memory storage devices, namely, blank flash drives, USB drives, digital USB storage cards and card readers; printer components and accessories, namely, cables; musical instrument connectors, namely, audio cable connectors, power connectors, and plug connectors; musical instrument adaptors, namely, power adaptors and plug adaptors; electrical pickups for use with musical instruments, namely, electronic sound pickups for guitars and basses; electrical cables for musical instruments; electronic effects pedals for use with musical instruments; audio speakers for automobiles; fuses for automobiles; cameras for self-developing film; lens caps for use with film, digital, and video cameras; camera straps; camera mounts and supports; camera filters; lenses for cameras; baby monitors; infant movement alarms; game software; computer hardware; mouse pads; cases for mobile phones; cases for computers; CD cases; DVD cases; bags and cases specifically adapted for holding electronic equipment and accessories, namely, printers, computers, mobile phones, portable electronic computer hardware, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) transmitters and receivers, and cameras; thermometers, not for medical use, namely for testing the temperature of food, non-medical temperature gauges and humidity gauges; 3D spectacles; abacuses; accelerometers; electric accumulators for vehicles; acid hydrometers; acidimeters for batteries; sound alarms, namely, warning alarms for pedestrians, and vehicle alarms; acoustic conduits; acoustic couplers; actinometers; electric adapter cables; adding machines; aerials, namely, car aerials, dish aerials, parabolic aerials, radio aerials, and television aerials; antennas, namely, car antennas, cell phone antennas, dish antennas, microwave antennas, parabolic antennas, radio antennas, radio signal antennas, satellite antennas; aerometers; air analysis apparatus, namely, particle counters for measuring air quality; alarm bells, electric; alarms, namely, alarms for the detection of inflammable gases, anti-intrusion alarms, baby alarms, burglar alarms, door alarms, electronic window alarms, gas alarms, gas leak alarms, personal security alarms, pool alarms, security alarms, smoke alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers, namely, aerial amplifiers, antenna amplifiers, audio amplifiers, audio frequency amplifiers, musical instrument amplifiers, power amplifiers, pre-amplifiers, radio frequency amplifiers, signal amplifiers, sound amplifiers, stereo amplifiers; amplifying tubes; amplifying valves; anemometers; animated cartoons; anode batteries for cameras and cell phones; high tension batteries; anodes; answering machines; anti-glare glasses; anti-theft warning apparatus, namely, anti-theft alarms and electronic sensors used with anti-theft alarms; anticathodes; asbestos gloves for protection against accidents; asbestos clothing for protection against fire; asbestos screens for firemen; apparatus and instruments for astronomy, namely, astronomical spectrographs, and supercomputers; audio- and video- receivers; audio interfaces, namely, audio interface boards for musical instruments;

audio mixers; audiovisual teaching apparatus, namely, overhead projectors, video projectors, and LCD projectors; automated teller machines [ATM]; azimuth instruments, namely, nautical compasses and altimeters which include azimuth indicators; baby scales; bags adapted for laptops; balancing apparatus, namely, laboratory balances, steelyard balances, tire balancing machines for land vehicles, and wheel balancing machines; bar code readers; barometers; bathroom scales; batteries, electric, for vehicles; batteries for lighting; electric storage batteries; batteries for electronic cigarettes; battery boxes; beacons, luminous; betatrons; binoculars; biochips; blueprinting machines; boiler control instruments, namely, boiler flow control instruments, boiler pressure control instruments, boiler temperature control instruments, electromagnetic switches for monitoring boilers, and electric control panels; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration, with integrated camera and electronic display for user enabled viewing of safety and tracking information and situational intelligence; breathing apparatus, except for artificial respiration, namely, self-contained breathing apparatus for filtering air; bullet-proof clothing; electric buzzers; cabinets for loudspeakers; cables, electric; calibrating rings for calibrating optical emission spectrometers; calipers; calorimeters; camcorders; cameras; capillary tubes; carpenters' rules; cases especially made for photographic equipment; cases for smartphones; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus, namely, alloy anodes for the cathodic protection of pipelines; cell phone straps; centering apparatus for photographic transparencies, namely, frames for photographic transparencies; apparatus for changing record player needles; chargers for electric storage batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemistry apparatus and instruments, namely, laboratory glassware, laboratory flasks, laboratory scales and balances, laboratory slides, laboratory stirrers, laboratory storage tubes, laboratory swabs, laboratory thermometers, pipette racks for laboratory use, pipette tips for laboratory use, and sterilizers for laboratory use; integrated circuit chips; chromatography apparatus for laboratory use; chronographs for use as a specialized time recording apparatus; cinematographic cameras; cinematographic film, exposed; circuit closers; circuit breakers; circular slide rules; recording discs, namely, blank magnetic discs; close-up lenses for cameras; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; clothing especially made for laboratories; coaxial cables; coils, electric; mechanisms for coin-operated apparatus; coin-operated mechanisms for television sets; electric current collectors; electric apparatus for commutation, namely, commutation sensors, electric sensors, devices for reversing the direction of an electrical current, electric switches, inverters, and power converters; electric commutators; blank compact discs; compact discs containing computer games; compact discs containing encyclopedias; compact discs containing music; compact discs containing audio books; compact disc players; comparators; compasses for measuring; computer memory devices, namely, computer memory expansion modules, flash memory card adapters, flash memory expansion modules, memory boards, random access memory cards, secure digital (SD) memory cards; computer programs, recorded, namely computer programs for image processing, computer programs for connecting to remote computers and computer networks, computer programs for processing digital music files, computer programs for searching remotely for content on computers and computer networks, computer programs for using the Internet and the World Wide Web, computer utility file compression programs, computer utility file storage programs, computer utility programs for adding or repartitioning a hard disk drive, computer utility programs for data compression, computer utility programs for file management, computer utility programs for providing diagnostic details on devices installed in a computer system, computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality, computer utility virus protection programs, interactive multimedia computer game programs, video and computer game programs; computer keyboards; computer operating

programs, recorded; computer software, recorded, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer game software; computer software for database management; computer software for setting up and configuring local area networks; computer operating system software; computer software for electronic trading of securities; computer software for image processing; computer screen saver software; computer search engine software; computer software for use in diagnosis, repair and configuration of computers; computer software for administration of local area networks; computer software for assisting developers in creating program code for use in multiple application programs; computer software for controlling and managing access server applications; computer software for converting document images into electronic formats; computer software for creating computer games; computer software for creating searchable databases; computer software for database management; computer software for displaying orders and driver locations on maps; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for processing digital music files; computer software for running development programs and application programs in a common development environment; computer software for use as a spreadsheet; computer software for use in controlling and improving computer processing speed; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in providing multiple user access to a global computer information network; computer software that allows transmission of graphics to mobile telephones; computer software to automate data warehousing; computer software to enable the transmission of photographs to mobile phones; computer video games; interactive multimedia computer games; downloadable software, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network; downloadable computer game software; downloadable computer software for database management; downloadable computer software for setting up and configuring local area networks; downloadable computer operating system software; downloadable computer software for electronic trading of securities; downloadable computer software for image processing; downloadable computer screen saver software; downloadable computer search engine software; downloadable computer software for use in diagnosis, repair and configuration of computers; downloadable computer software for administration of local area networks; downloadable computer software for assisting developers in creating program code for use in multiple application programs; downloadable computer software for controlling and managing access server applications; downloadable computer software for converting document images into electronic formats; downloadable computer software for creating computer games; downloadable computer software for creating searchable databases; downloadable computer software for database management; downloadable computer software for displaying orders and driver locations on maps; downloadable computer software for logistics, namely, software for tracking documents, packages and freight; downloadable computer software for managing retail store customer accounts; downloadable computer software for organizing and viewing digital images and photographs; downloadable computer software for processing digital images; downloadable computer software for processing digital music files; downloadable computer software for running development programs and application programs in a common development environment; downloadable computer software for use as a spreadsheet; downloadable computer software for use in controlling and improving computer processing speed; downloadable computer software for use in generating streaming advertisements on the web sites of others; downloadable computer software for use in providing multiple user access to a global computer information network; downloadable computer software that allows transmission of graphics to mobile telephones; downloadable computer software to automate data warehousing;

downloadable computer software to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer game software; computer software applications, downloadable, namely downloadable computer e-commerce software application to allow users to perform electronic business transactions via a global computer network; downloadable computer game software application; downloadable computer software application for database management; downloadable computer software application for setting up and configuring local area networks; downloadable computer operating system software application; downloadable computer software application for electronic trading of securities; downloadable computer software application for image processing; downloadable computer screen saver software application; downloadable computer search engine software application; downloadable computer software application for use in diagnosis, repair and configuration of computers; downloadable computer software application for administration of local area networks; downloadable computer software application for assisting developers in creating program code for use in multiple application programs; downloadable computer software application for controlling and managing access server applications; downloadable computer software application for converting document images into electronic formats; downloadable computer software application for creating computer games; downloadable computer software application for creating searchable databases; downloadable computer software application for database management; downloadable computer software application for displaying orders and driver locations on maps; downloadable computer software application for logistics, namely, software application for tracking documents, packages and freight; downloadable computer software application for managing retail store customer accounts; downloadable computer software application for organizing and viewing digital images and photographs; downloadable computer software application for processing digital images; downloadable computer software application for processing digital music files; downloadable computer software application for running development programs and application programs in a common development environment; downloadable computer software application for use as a spreadsheet; downloadable computer software application for use in controlling and improving computer processing speed; downloadable computer software application for use in generating streaming advertisements on the web sites of others; downloadable computer software application for use in providing multiple user access to a global computer information network; downloadable computer software application that allows transmission of graphics to mobile telephones; downloadable computer software application to automate data warehousing; downloadable computer software application to enable the transmission of photographs to mobile phones; downloadable computer video games; downloadable interactive multimedia computer games; computer software platforms, recorded or downloadable, namely an internet based software platform used to access, run and manage cloud computing networks and applications; computer software platforms, recorded or downloadable, namely Internet access software platforms, software platforms for restricting access to the Internet, and software platforms for tracking smart phone, mobile phone, computer and tablet users connected to the Internet; computer software platforms, recorded or downloadable, namely for banking and performing electronic business transaction via a global computer network; computer software platforms, recorded or downloadable, namely networks, network operating systems, and gateways for collection, sharing, management, interpretation, and analysis of business-specified data that enables users to process and analyze sets of big data in computer clusters for the purposes of examining their large and varied data sets to uncover patterns, correlations, market trends and customer preferences; computer software platforms, recorded or downloadable, namely computer software platforms for the management and operation of cameras and electronic sensors for use in the field of video surveillance, home security and business security; computer software platforms, recorded or downloadable, namely computer operating

programs; computer screen saver software, recorded or downloadable; computers; microscope condensers; capacitors; electrical conductors for electric motors; electrical conductors for transformers; connections for electric lines; contact lenses; electric contacts for semiconductor testers; electric contacts for testing LCD panels; electric contacts, namely electric connectors; electrical contacts, namely, electrical circuits; containers for microscope slides; containers for contact lenses; electrical control panels; converters, electric; copper wire, insulated; cordless telephones; correcting lenses; cosmographic instruments, namely, telescopes; mechanisms for counter-operated apparatus, namely, for point-of-sale terminals; counterfeit coin detectors; couplers for data processing equipment, namely, cable connectors and plug-in connectors; electrical couplings; covers for electric outlets; covers for smartphones; covers for personal digital assistants [PDAs]; covers for tablet computers; crash test dummies; crucibles for laboratory use; current rectifiers; cyclotrons; darkroom lamps; portable darkrooms for photography; data processing apparatus, namely, word processors, computer disk drives, barcode readers, and switchboards; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers; metal detectors for industrial or military purposes; detectors, namely, air particle analyzers for detecting COVID-19 and other coronaviruses; detectors, namely, carbon dioxide detectors, electromagnetic frequency detectors, electromagnetic measuring detectors, electronic equipment for detecting mines, fire detectors, galena crystal detectors for use in electronics, gamma radiation detectors, laser speed detectors, magnetic object detectors, metal detectors, motion detectors, paper currency detectors, radar detectors, radon detectors, seismic detectors, and x-ray apparatus for detecting moisture in building material; diagnostic apparatus, not for medical purposes, namely, wearable and stretchable electronic adhesive for the skin allowing users to measure and monitor levels of sun exposure; diagnostic apparatus, not for medical purposes, for measuring, analyzing, and estimating the cost to repair and repairing damage to vehicles; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for the detection of pathogens for laboratory and research use; diagnostic apparatus, not for medical purposes, namely, apparatus used for computer system analysis and optimization and for managing large scale data centres; diagnostic apparatus, not for medical purposes, for testing water; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing food; diaphragms for photography; dictating machines; diffraction apparatus for optical microscopes; digital photo frames; digital signs; digital weather stations; personal digital assistants [PDAs]; directional compasses; electric discharge tubes, other than for lighting; distance measuring apparatus, namely, tape measures, measuring wheels, odometers, and distance sensors; distance recording apparatus, namely, sonars and sonar equipment and parts thereof, trip meters, and GPS tracked and electronically measured distance recorders; distillation apparatus for scientific purposes, namely, distillation columns for laboratory use; electrical distribution boxes; electrical distribution boards; electrical distribution consoles; divers' masks; diving suits; DNA chips for scientific and research use; dog whistles; electric door bells; dosage dispensers; downloadable ring tones for mobile phones; downloadable music files; downloadable image files, namely, downloadable computer graphics, downloadable photographs, downloadable clip art, downloadable drawings, and downloadable pictures; downloadable graphics for mobile phones; drainers for use in photography; dressmakers' measures; drying racks for photography; electrical ducts; DVD players; dynamometers; ear plugs for divers; apparatus for editing cinematographic film, namely, editing appliances for cinematographic films, editing machines for movie films, and movie editing projectors; egg timers; hourglasses; egg-candlers; electricity conduits; materials for electricity mains, namely, electric wires and electric cables; electrified rails for mounting spot lights; electrified fences; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals, namely, electric transformers, pressure sensors, current rectifiers, and power distributing boxes for the remote

control of signals; electrolyzers, namely, electrolysis apparatus for producing hydrogen and oxygen from water; electrolyzers, namely electrolytic cells; electromagnetic coils; electronic pens for visual display; electronic agendas; electronic pocket translators; electronic tags for goods; electronic notice boards; downloadable electronic publications, namely, magazines, books, periodicals, journals, electronic legal publications, and electronic medical publications; electronic book readers; electronic collars to train animals; electronic access control systems for interlocking doors; electric and electronic effects units for musical instruments; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic sheet music, downloadable; electronic numeric displays, namely, computer display monitors and computer display screens, digital displays for picking and sorting systems, digital display for electronic shelf label, light-emitting diode [LED] displays, and liquid crystal display panels; encoded magnetic cards, namely, magnetically encoded bank cards, magnetically encoded credit cards, magnetically encoded debit cards, magnetically encoded gift cards, and magnetically encoded phone cards; encoded identification bracelets, magnetic; magnetically encoded key cards; epidiascopes; audio equalizers; ergometers; light meters; instruments containing eyepieces, namely, lorgnettes, microscopes, and opera glasses; eyewear, namely, antireflection coated eyeglasses, bifocal eyeglasses, children's eyeglasses, corrective eyeglasses, fashion eyeglasses, glacier eyeglasses, magnifying eyeglasses, multifocal eyeglasses, ophthalmic eyeglasses, polarizing eyeglasses, prescription eyeglasses, prescription goggles for sports, protective eyeglasses, sports eyewear, varifocal eyeglasses, cyclists' glasses, dustproof glasses, field glasses, prescription sunglasses, ski glasses, theatre glasses, and spectacles; facsimile machines; laboratory apparatus for fermentation; fiber optic cables; film cutting apparatus, namely, film cutters; films, exposed; filters for respiratory masks; photography filters; filters for ultraviolet rays, for photography; finger sizers; fire extinguishers; fire alarms; fire beaters; fire escapes; fire hose nozzles; fire engines; fire pumps; fire boats; fire blankets; fire hose; fire extinguishing apparatus, namely, fire-extinguishing blankets, and fire sprinklers; flash-bulbs for photography; rotating signaling lights; flashlights; blank floppy disks; flowmeters; fluorescent screens; fog signals, non-explosive; food analysis apparatus, namely, optical inspection apparatus for inspection of food; frames for photographic transparencies; frequency meters; furnaces and ovens for laboratory use; furniture especially made for laboratories; fuse wire; fuses, namely, electric fuses, fuses for fire alarm control panels, and fuses for lighting control panels; galvanic cells; galvanic batteries; galvanometers; gas testing instruments, namely, residual gas analyzers, gas flow monitors, gas gauges, gas meters, gas leak detectors, and sensors for determining the composition of gases; gasoline gauges; gasometers; glazing apparatus for photographic prints, namely glass printers; Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices; Global Positioning System [GPS] receivers; Global Positioning System [GPS] satellites; Global Positioning System [GPS] transmitters; gloves for protection against accidents; gloves for divers; gloves for protection against X-rays for industrial purposes; goggles for sports; grids for batteries; hand-held electronic dictionaries; hands-free kits for telephones; head cleaning tapes for audio and video recorders; head guards for sports; heat regulating apparatus, namely, temperature sensors, temperature regulators for heaters, thermostats, and electrical control systems for heating and air conditioning systems; heliographic apparatus, namely, signal mirrors for use in communicating over long distances in military, survey, and forest protection work; hemline markers; high-frequency apparatus, namely, high-frequency switching power supplies; holders for electric coils; holograms; horns for loudspeakers; humanoid robots with artificial intelligence; hydrometers; hygrometers; identification threads for electric wires; identification sheaths for electric wires; identity cards, magnetic; electric apparatus for remote ignition, namely, ignition devices for motors of land vehicles; incubators for bacteria culture; automatic indicators of low pressure in vehicle tires; infrared detectors, namely, infrared sensors; integrated circuits; integrated circuit cards; interactive

touch screen terminals; intercommunication apparatus, namely, intercoms, and wireless radio transmitters and receivers; intercommunication apparatus, namely, computer hardware and software to communicate, control, and check the status of security alarm systems, automated environmental systems, networked kitchen appliances, electronic doorbells, and cameras in homes and other buildings; interfaces for computers, namely, computer interface boards, and computer interface cards; electricity inverters; invoicing machines, namely, cash registers, and computer terminals with printers; ionization apparatus not for the treatment of air or water, namely, automatic ion-exchange chromatography apparatus for laboratory use; joysticks for use with computers, other than for video games; juke boxes, musical; juke boxes for computers; electrical junction boxes; junction sleeves for electric cables; knee-pads for workers; laboratory trays; laboratory centrifuges; laboratory robots; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes, namely, lasers for additive manufacturing, lasers for bar code readers, lasers for capture microdissection, lasers for compact disc players, lasers for engraving, lasers for land surveying, lasers for lunar ranging, lasers for photochemistry, lasers for use as visual effects, lasers for use in firearm sights, lasers for use in industrial cutting applications, lasers for use in industrial welding applications, and lasers to store and retrieve data from CDs and DVDs; lens hoods; lenses for astrophotography; letter scales; levelling staffs for surveying; levelling instruments, namely, bubble levels, carpenter's levels, digital laser levels, level gauges, levelling staffs, plumb levels, and vertical levels; lifesaving apparatus and equipment, namely, life jackets for pets, life nets, life preservers, life vests, and lifeboats; life buoys; life jackets; life belts; life-saving rafts; life-saving capsules for natural disasters; electric light dimmers; light-emitting electronic pointers; light-emitting diodes [LED]; lighting ballasts; lightning rods; electric locks for vehicles, and electric door locks; electric loss indicators; magic lanterns, namely image projectors for use with transparent plates; blank magnetic tapes for tape recorders; magnetic wires; magnetic encoders, namely, credit card encoding machines, cheque encoding machines, and smart card magnetic encoders; magnetic tape units for computers; magnetic resonance imaging [MRI] apparatus for industrial purposes, and not for medical purposes; magnets, namely, craft magnets, decorative magnets, erasing magnets, fridge magnets, and industrial magnets; magnifying glasses; marine compasses; marine depth finders; marking buoys; masts for wireless aerials; mathematical instruments, namely, T-squares for measuring, slide rules, and abacuses; appliances for measuring the thickness of leather; measuring apparatus, namely, apparatus for measuring the speed of golf swing; measuring glassware; measuring instruments, namely, clinometers for measuring of angles and slopes, electronic sensors for measuring solar radiation, instruments for measuring milk quality parameters, laser measuring tapes, measuring bowls, measuring buckets, measuring jugs, measuring rods, measuring scoops, measuring tapes, and wire diameter measuring devices; apparatus for measuring the thickness of skins; megaphones; memory cards for video game machines; mercury levels, namely mercury manometers; meteorological balloons; meteorological instruments; metronomes; micrometer screws for optical instruments; micrometer gauges; microphones; microprocessors; microscopes; microtomes; mileage recorders for vehicles; mirrors for inspecting work; scientific and technical optical mirrors; mobile telephones; cellular phones; modems; money counting and sorting machines; monitoring apparatus, other than for medical purposes, namely, dust emission monitors, electrical industrial controls for monitoring waste water treatment, firmware for remote monitoring of hardware, and helicopter load monitoring scales; computer monitors; computer mouse; mouth guards for sports; nautical apparatus and instruments, namely, marine luminous safety beacons, marine luminous warning beacons, and marine radios; naval signaling apparatus, namely, marking and signalling buoys; navigation apparatus for vehicles in the form of on-board computers; navigational instruments, namely, navigational buoys; needles for record players; needles for surveying compasses; neon signs; nets for protection against accidents; nose clips for divers and swimmers;

notebook computers; observation instruments, namely, field-glasses, binoculars, night vision goggles, and observation rockets; octants; ohmmeters; optical lamps for optical apparatus and instruments combined with optical devices, namely telescopes and microscopes; optical lenses; optical apparatus and instruments, namely, digital photo-optical systems, optical amplifiers, optical breadboards, optical cables, optical disk drives, optical disc readers, optical fibre cables, optical filters for plasma display panels, optical filters for screens, optical frames, optical frequency metrology devices, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, optical inspection apparatus for inspecting the circuitry used in cell phones, optical lens sights, optical multiplexers, optical profilers, optical reflectors, optical scanners, optical semiconductor amplifiers, optical sensors, optical shutters, optical switches, optical transceivers, and optical transmitters; optical glass; optical fibers; optical condensers; optical character readers; blank optical discs; pre-recorded optical discs containing music, movies, television shows, and video games; oscillographs; oxygen transvasing apparatus for use in making wine; parking meters; particle accelerators; pedometers; peepholes for doors; periscopes; petri dishes; phonograph records; photocopiers; phototelegraphy apparatus, namely, apparatus for the telegraphic transmission of images; photovoltaic cells; apparatus and instruments for physics, namely, calipers, particle accelerators, test weights, scientific prisms, ammeters, and barometers; pince-nez; pipettes; pitot tubes; plane tables for surveying; planimeters; plates for batteries; plotters, namely digital plotters, electronic plotters, printer plotters, and X-Y plotters; plugs, sockets and connections for electric lines; plumb bobs; plumb lines; pocket calculators; polarimeters; precision measuring apparatus, namely hygrometers, planimeters, wattmeters, salinometers, motion sensors, optical sensors, temperature sensors, and velocity sensors; laboratory precision balances; pressure indicator plugs for valves; pressure gauges; pressure measuring apparatus, namely pressure gauges, and pressure sensors; pressure indicators; printed circuits; printed circuit boards; printers for use with computers; optical prisms, namely scientific prisms; probes for scientific purposes, namely avalanche probes, probes for testing integrated circuits, probes for testing semiconductors, and space probes; central processing units; projection screens; projection apparatus, namely cinematographic projectors, home theatre projectors, photographic projectors, picture projectors, planetarium projectors, projection screens, and self-acting focussing projectors; protection devices for personal use against accidents, namely, articles of protective clothing for wear by motorcyclists for protection against accident or injury, balaclavas for protection against accidents, boots for protection against accidents, chemical exposure protective clothing, chemical exposure protective footwear, clothing and gloves for use in welding for protection against accidents or injury, clothing for protection against biological hazards, face shields for protective helmets, fire protective footwear, fireproof clothing, insulated clothing for protection against injury, karate head guards, protective metal gloves for meat cutting, protective visors for athletic use, shoes for protection against fire, shoes for protection against irradiation, and side shields for eyeglasses; protection devices against X-rays, not for medical purposes, namely leaded aprons and gloves, goggles for protection against X-rays, and clothing for protection against X-rays; protective suits for aviators; protective helmets, namely, batting helmets, bicycle helmets, boxing helmets, buoyancy helmets, catchers' helmets, crash helmets, diving helmets, football helmets, hockey helmets, motorcycle helmets, safety helmets, skateboarding helmets, ski helmets, snowboarding helmets, and welding helmets; protective masks, namely, dust masks, gas masks, scuba masks, swim masks, and welding masks; protective helmets for sports; protective films adapted for computer screens; protective films adapted for smartphones; protractors, namely, angle dividing protractors, full-circle protractors, protractor gauges, and semi-circle protractors; punched card machines for offices; push buttons for bells; pyrometers; quantity indicators, namely, liquid level sensors; radar apparatus, namely, maritime patrol radars, radar detectors, radar guns for sporting events, radar receivers, radar receivers with amplifiers, radar transmitters, and radars;

radio pagers; radiological apparatus for industrial purposes, namely, x-ray apparatus for detecting moisture in textiles and leather; radiology screens for industrial purposes; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances, namely, railway signals; range finders, namely, laser rangefinders, range finders for cameras, and range finders for golf; rearview cameras for vehicles; record players; reflective articles for wear, for the prevention of accidents, namely reflective safety bands to be worn on the body; reflective safety vests; refractometers; optical telescopes, namely, refractors; regulating apparatus, electric, namely, voltage regulators; relays, electric; electric installations for the remote control of industrial operations, namely, electric control panels, electronic control systems for heating and air conditioning systems, electronic control systems for room locking systems, elevator control panels, fire alarm control panels, remote controls for industrial machinery, and lighting control panels; remote control apparatus, namely, remote controls for adjustable beds, remote controls for operating vehicle alarms, and remote controls for radios; rescue laser signaling flares; electric resistors; respirators for filtering air; respiratory masks, other than for artificial respiration; resuscitation mannequins; resuscitation training simulators; rheostats; riding helmets; ring sizers; road signs, luminous or mechanical; rods for water diviners; rulers, namely, folding rulers, graduated rulers, magnifying rulers, and measuring rulers; saccharometers; safety nets; safety tarpaulins; safety restraints, other than for vehicle seats and sports equipment, namely safety harnesses; salinometers; satellite navigational apparatus, namely, satellites, satellite aerials, satellite processors, satellite receivers, and satellite transmitters; satellite finder meters; satellites for scientific purposes; scales, namely, architects' scales, electronic weighing scales for kitchen use, electronic weighing scales for personal use, glass graduated scales, kitchen weighing scales, level scales, medical scales, pocket scales, and truck scales; scales with body mass analyzers; screens for photoengraving; screw-tapping gauges; encrypted security tokens; security surveillance robots; selfie sticks; selfie lenses; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; telescopic sights for firearms; signal bells; signal lanterns; signaling panels, luminous or mechanical; signaling whistles; signaling buoys; signals, luminous or mechanical; mechanical signs; signs, luminous; simulators for the steering and control of vehicles; sirens; sleeves for laptops; slide calipers; slide projectors; slide-rules; slope indicators, namely, clinometers for measuring of angles and slopes; smartglasses; smartphones; smartwatches; smoke detectors; snorkels; solar batteries; solar panels for the production of electricity; solderers' helmets; solenoid valves; electromagnetic switches; sonars; sound transmitting apparatus, namely, digital sound processors, echo sounding devices, home theatre surround sound systems, radio transmitters, and earphones; sound recording apparatus, namely, airplane cock pit recorders, audio cassette recorders, audio tape recorders, digital audio tape recorders, digital voice recorders, and magnetic tape recorders; sound reproduction apparatus, namely, sound mixers; sounding lines; sounding apparatus and machines, namely, sound level meters; sounding leads; spark-guards; speaking tubes; eyeglass chains and cords; eyeglass lenses; eyeglass frames; eyeglass cases; eyeglasses; spectrograph apparatus; spectroscopes; speed checking apparatus for vehicles, namely, electronic speed controllers, laser speed detectors, speedometer testers, speedometers, and radar detectors; speed indicators; speed regulators for record players; spherometers; spirit levels; sports whistles; sprinkler systems for fire protection; square rulers for measuring; squares for measuring; stage lighting regulators; stands for photographic equipment; starter cables for motors; steering apparatus, automatic, for vehicles, namely, computer hardware and operational software for steering autonomous cars; step-up transformers; personal stereos; stereoscopes; stereoscopic apparatus, namely, stereoscopic cameras, and stereoscopic video players; stills for laboratory experiments; stroboscopes; subwoofers; sulfimeters; sunglasses; surveying instruments; surveying chains; surveying apparatus, namely, lasers for surveying, level measuring machines for surveying, levelling rods for surveying, magnetic compasses for surveying, oil and gas well

downhole survey and measurement equipment, transits for surveying, and tripods for surveying machines; surveyors' levels; switchboards; electrical switchboxes; switches, electric; T-squares for measuring; tablet computers; tachometers; tape recorders; taximeters; teaching apparatus, namely, educational software for children; teaching robots; teeth protectors, namely, mouth guards; telecommunication apparatus in the form of jewelry, namely smart jewelry; telegraph wires; telegraph apparatus, namely, automatic telegraph apparatus, and manual telegraph apparatus; telephone receivers; telephone apparatus, namely, automatic telephone diallers, automatic telephone exchanges, digital telephones, electronic telephone diallers, fixed location telephones, internet telephones, magnetic telephone wires, portable telephones, public telephones, satellite telephones, telephone cables, telephone connectors, telephone headsets, telephone recorders, telephone sets, telephone switchboards, telephone terminals, telephones, viewphones, visual telephones, and VoIP telephones; telephone transmitters; telephone wires; teleprompters; telescopes; telescopic sights for artillery; television apparatus, namely, antennas for television, brackets for setting up flat screen television sets, car televisions, cellular television towers, closed circuit television, closed circuit television cameras, DMB (Digital Multimedia Broadcasting) televisions, filters for television screens, HD (High Definition) televisions, LCD televisions, LED televisions, plasma televisions, programmable digital television recorders, television cameras, television converters, television decoder, television monitors, television receivers, television sets, television transmitters, and ultra-high definition televisions; temperature indicators; temperature indicator labels, not for medical purposes; test tubes; material testing instruments and machines, namely, cement testing machines, concrete testing machines, lumber testing machines, metal compression testing machines, metal hardness testing machines, metal strength testing machines, plastic testing machines, and textile testing machines; testing apparatus not for medical purposes, namely, antifreeze testers, battery testers, brake fluid testers, circuit testers, continuity testers, crash test dummies, diesel oil emission testers, ductility testers, extruding machine for soil testing, microhardness testers, smoke alarm testers, surface roughness testing machines and instruments, test adapters for testing printed circuit boards, test pins for testing printed circuit boards, test tubes, testers for axle clearance, and vacuum tube characteristic testers; theft prevention installations, electric, namely, theft sensors and theft alarms; theodolites; thermal imaging cameras; thermo-hygrometers; thermostats; thermostats for vehicles; thin client computers; thread counters; ticket dispensers; time switches, automatic; time recording apparatus, namely, time and date stamping machines, time clocks, and time switches; time clocks; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; totalizers; traffic cones; traffic-light apparatus, namely, traffic lights and traffic-light signalling devices; electrical transformers; transmitters of electronic signals, namely, emergency signal transmitters; photographic slides; transponders; triodes; tripods for cameras; urinometers; USB flash drives; vacuum gauges; vacuum tubes; variometers; vehicle radios; vehicle breakdown warning triangles; verniers; video recorders, namely, car video recorders, DVD recorders, personal video recorders [PVRs], and video tape recorders; video cassettes; video game cartridges; video screens; video telephones; video baby monitors; videotapes, namely, blank videotapes and pre-recorded videotapes; viewfinders, photographic; virtual reality headsets; viscosimeters; visors for helmets; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; walkie-talkies; water level indicators; wavemeters; wearable activity trackers; wearable computers; wearable video display monitors; weighbridges; weighing machines, namely, checkweighers, beltweighers, weighing scales for transport containers, and industrial scales and balances for use in the food and beverage industries; weights, namely, diving weights; whistle alarms; wind socks for indicating wind direction; wire connectors; electric wire harnesses for automobiles; wires, electric; workmen's protective face-shields; wrist rests for use with computers; X-ray tubes not for medical purposes, namely, X-ray tubes for airport luggage scanners, and X-ray

tubes for neutralization; X-ray apparatus not for medical purposes, namely, X-ray apparatus for crystallography, X-ray apparatus for detecting moisture in building material, and X-ray apparatus for screening luggage at airports; X-ray films, exposed; X-ray photographs, other than for medical purposes; apparatus and installations for the production of X-rays for screening vehicles, not for medical purposes; application programming interface (API) software for environmental monitoring, control, and automation; smart sockets for electric lights; smart switches, for heating, lighting, drying, ventilating, air conditioning, water supply and sanitary purposes; electric sockets for electric appliances; sensors, namely motion sensors, optical sensors, pollutant sensors, and temperature sensors, and cameras, for heating, lighting, steam generating, drying, ventilating, air conditioning, water supply and sanitary installations; postage meters for office use, and parts and fittings therefor

Class 10

(6) Health monitors comprising sensors that monitor the health of the wearer, namely blood glucose monitors, blood pressure monitors, body fat monitors, heart monitors, oxygen monitors, and pulse rate monitors; home medical equipment, namely stethoscopes; wearable health monitors comprising sensors that monitor the health of the wearer, namely heart monitors to be worn during exercise; thermometers, namely, clinical thermometers, digital thermometers for medical purposes, fever thermometers, infrared thermometers for medical purposes, and medical thermometers

Class 11

(7) Apparatus for cooking, namely, cooktops; baking ovens; cooking ovens; electric ranges; electric refrigerators; freezers; gas ranges; gas refrigerators; hoods for ranges; microwave ovens for cooking; warming drawers for kitchens; electric small kitchen appliances for domestic and commercial use, namely, electric hot cappuccino and espresso makers, electric iced cappuccino and espresso makers, electric coffee percolators, electric tea kettles; appliances for domestic use, namely, temperature controlled wine chiller; electric pizzelle press and electric sandwich grill; electric cookware namely, electric convection ovens, and electric broilers; electric fondue pots, electric roasters, electric slow cookers, electric rice cookers, electric skillet, electric woks, electric popcorn popper for domestic use, water coolers, electric flat grill, electric panini press, electric indoor grill, electric contact grill, and electric griddle; electric deep fryers; electric bread making machine; electric pressure cookers; barbecue smoker accessories, namely, boxes used to hold wood chips; electric coffee makers; electric yogurt makers; electric grills; electric toaster ovens; electric toasters; electric waffle maker; electrical ice cream makers; electric food steamers; water filtration and purification unit replacement cartridges; apparatus, namely, light bulbs; devices, namely, thermostats, sockets for electric lights, light switches, thermostatic radiator valves; flashlights; lights, namely, bicycle lights, ceiling lights, electric holiday lights, electric night lights, light post luminaires, chandeliers, wall lights; outdoor lighting, namely, paver lights, torches, lanterns, lighting tubes, lamps for outdoor use, outdoor solar powered lighting units and fixtures, lights for automatic vending machines, landscape lighting installations and fixtures, light towers, lighting balloons, portable battery-operated lights that can be placed on surfaces where other light sources are unavailable, outdoor halogen lamps; lanterns; bulbs, namely, light bulbs, electric light bulbs, lamp bulbs, fluorescent electric light bulbs, halogen light bulbs, incandescent light bulbs, led light bulbs, miniature light bulbs; reflectors, namely, light reflectors for vehicles, lamp reflectors, bicycle reflectors; lighting fixtures; headlights for automobiles; lamps, namely, bicycle lamps, desk lamps, electric lamps, floor lamps, fluorescent lamps, gas lamps, germicidal lamps, halogen lamps, head lamps, incandescent lamps, laboratory lamps, lamps for directional signals of automobiles, mercury lamps, miners' lamps, nail lamps, oil lamps, overhead lamps, pet heat lamps, safety lamps for underground use, solar powered lamps, standard lamps, street lamps, sun lamps, table lamps, tanning lamps, ultraviolet (UV) lamps for use in disinfecting surfaces, UV halogen metal

vapour lamps, vehicle dynamo lamps, and wall lamps; pen lights; book lights; reading lights; household appliances, namely, convection ovens, temperature-controlled wine cellars, electric frying pans, microwave ovens, gas cook tops, combination steamers, ice-making machines, refrigerators, laundry dryers in the nature of clothes dryers, dehumidifiers, humidifiers, air conditioners, heaters, namely, electric beverage heaters, electric heaters for infant food, electric heaters for babies' bottles, electric heaters for commercial use, electric patio heaters, electric radiant heaters for household purposes, gas patio heaters, portable electric heaters, water heaters; bread makers in the nature of bread baking machines; ice-cream makers; hot plates; electric appliances, namely, electric cooking ovens, electric cook tops, electric stoves, self-cleaning electric ovens, electric coffee grinders, automatic electric waffle makers, electric barbecue grills, fondue pots with heat source, electric cookers for making preserves, electric sandwich toasters, electric kettles, immersion heaters, electric baby food warmers, baby bottle sterilizers, milk sterilizers, sterilizers for dental instruments, sterilizers for medical use, sterilizers for waste treatment, water sterilizers, electric hotplates, electric egg cookers, automatic electric coffee machines, face saunas, infrared lamps, electric facial steamers, whirlpool baths, heating pads not for medical purposes, hair dryers, electric espresso machines, electric coffee filter machines, electric mocha machines, electric blankets, electric fans; electric space heaters; cooling apparatus, namely, evaporative air coolers, and beverage cooling machines; evaporators, namely, cooling evaporators, evaporators for air conditioners; electric lighting fixtures; light shades; barbecue grills, rotisseries, lighters primarily for lighting grills, barbecue starter chimneys, fireplaces, candle lanterns, electronic candles, flameless candles, lamps for outdoor use, solar light fixtures, namely indoor and outdoor solar power lighting units and fixtures; electronic faucets; intelligent and interactive white goods, namely intelligent and interactive furnace boilers and hot water boilers; apparatus for controlling temperature in heating installations, namely, thermostatic radiator valves; refrigeration condensers; electric beverage urns, and parts and fittings therefor; deodorizing apparatus for personal use, namely, air deodorizing apparatus, and parts and fittings therefor; strainers for household purposes, namely, sink strainers, and parts and fittings therefor; electronic water heaters

Class 14

(8) Precious metals and their alloys; jewelry; precious stones; badges of precious metal; beads for making jewelry; boxes of precious metal; imitation gold for jewelry; ivory for jewelry; jewelry cases; key rings; medals; objects of imitation gold, namely, figurines made of imitation gold, and jewellery made from imitation gold; semi-precious stones; statues of precious metal; horological and chronometric instruments, namely, diving watches, stop watches, chronometers, watch cases, chronograph watches, alarm clocks, pocket watches, wall clocks, and chronoscopes; watches; wrist watches; clocks; movements for clocks and watches; cases for clock and watch-making; presentation cases for watches; straps for wrist watches; watch bands; watch cases; watch chains; leather key chains; key chains; parts and fittings for all the aforesaid goods

Class 15

(9) Musical instruments, namely, balalaikas being stringed musical instruments, brass instruments, carillons, cornets being musical instruments, drums and percussion instruments, electronic musical instruments, guitars, kettledrums, koto [Japanese stringed musical instruments], lutes being musical instruments, musical chimes being musical instruments, musical instrument handbells, musical instrument triangles, pianos, rattles being musical instruments, sheng [Chinese musical wind instruments], string instruments, trombones, wind instruments, and woodwind instruments; replacement parts and fittings for musical instruments, namely, bellows for musical instruments, bow nuts for musical instruments, bridges for musical instruments, catgut for musical instruments, chin rests for string instruments, colophony for stringed musical instruments, dampers for musical

instruments, electronic practice mutes for musical instruments, fingerboards for stringed musical instruments, horsehair for bows for musical instruments, mallets for musical instruments, musical instrument stands, mutes for musical instruments, plectrums, reeds for musical instruments, rosin for stringed musical instruments, and sticks for bows for musical instruments; cases for musical instruments; tuners for musical instruments; bags specially adapted for holding musical instruments; strings for musical instruments; drum sticks; bows for musical instruments; keyboards for musical instruments; keys for musical instruments; mouthpieces for musical instruments; music stands; music synthesizers; musical boxes; mutes for musical instruments; pedals for musical instruments; pegs for musical instruments; perforated music rolls; piano keyboards; piano keys; piano strings; plectrums; reeds; stands for musical instruments; tuning forks; tuning hammers; turning apparatus for sheet music; valves for musical instruments; parts and fittings for all the aforesaid goods

Class 16

(10) Office glues; glue for stationery or household use; paper clip trays; paper clip dispensers; office perforating machines; pen holders; pen trays; letter trays; blotters; letter racks; correspondence holders; bookends; slate boards for writing; chalk; globes, namely, celestial globes; stencil cases; pouches for writing instruments; binders, namely, office binders, ring binders, stationery binders, and three-ring binders; address labels; paper labels; stickers; printed forms, namely, accounting forms, bookkeeping forms, and business forms; stamp pad inks; ink stamps; rubber stamps; stamp pads; stamp cases; ink stamp stands; drawing rulers; drafting compasses; drafting curves and drawing curves; drawing templates; stencils; clip boards; binder clips; book rings, namely, mechanical binders comprising rings; staplers; staples; staple removers; adhesive tape for stationery or household purposes; address books; rubber bands; index cards and index dividers; travel guide books; appointment books; business record books; personal organizers; blank forms; poster boards; push pins; paper shredders for home use; envelopes; dry erase boards, namely, dry erase writing boards and writing surfaces comprised of decorative plastic laminate; office desk accessories, namely, desk file trays, desk pads, desk sets, desk stands and holders for pens and pencils; desktop business card holders; desktop document racks and organizers; paper hole punches; pencil sharpeners; passport holders; passport covers; photograph albums; coin albums; event albums; stamp albums; sticker albums; scrapbooks; photographs; office and school supplies, namely, file boxes for storage of business and personal records, markers, paper folders, notebooks and paper; note pads, pens, felt tip markers, fiber-tip markers, highlighting makers, and marker pens; file folders; calendars; posters; gift wrapping paper; paper gift tags; pen and pencil cases and boxes; stationery cases; writing instruments, namely erasers, crayons, highlighter pens; maps; day planners; calendar desk pads; lap desks; pads of paper; money clips; baby books; printed matter, namely, printed advertising boards of cardboard, printed advertising boards of paper, printed awards, printed calendars, printed flip charts, printed materials in the nature of colour samples, printed patterns for dressmaking, printed periodicals in the field of dance, printed periodicals in the field of figurative arts, printed periodicals in the field of movies, printed periodicals in the field of music, printed periodicals in the field of plays, printed periodicals in the field of tourism, and printed tags; bookbinding material; adhesives for stationery or household purposes; paintbrushes; instructional and teaching materials, namely, textbooks; plastic sheets, films and bags for wrapping and packaging; non-magnetically encoded fidelity cards used to store and redeem reward points for grocery store customer loyalty program; printed matter and paper products, namely, brochures, pamphlets and printed guides on healthy living, wellness, nutrition, skin care, hair care, and personal care; printed matter and paper products, namely, newsletters and informational flyers pertaining to money saving tips, recipes, menu planners, shopping, and nutrition; printed recipe cards, and brochures featuring recipes;

parchment paper; kitchen paper, namely, paper food wrap, paper hand-towels, and paper place mats; paper towels; toilet paper; bathroom tissue; facial tissues; grocery bags, namely, paper shopping bags, and plastic shopping bags; paper bags; plastic trash bags; freezer bags; plastic sandwich bags; plastic food storage bags for household use; plastic bags for packaging; general purpose plastic bags; paper napkins; paper pads for changing diapers; books; booklets; brochures; catalogues; decalcomanias; decals and bumper stickers; diaries; gift bags; gift boxes; gift cards; gift vouchers; greeting cards; journals; labels, namely, adhesive labels, bar code labels, gummed labels, mailing labels, shipping labels, and stationery labels; leaflets; magazines; manuals; mounted and unmounted photographs; newsletters; pamphlets; periodicals; photographic printing paper; postage stamps for collectible purposes; postcards; printed publications in the field of dance; printed publications in the field of figurative arts; printed publications in the field of movies; printed publications in the field of music; printed publications in the field of plays; printed publications in the field of tourism; printed sewing patterns; stationery, namely, file pockets for stationery use, glitter for stationery purposes, glitter glue for stationery purposes, glitter pens for stationery purposes, glue pens for stationery purposes, paper stationery, paste for stationery purposes, planners for stationery use, protractors for stationery use, stationery pencil ornaments, stationery seals, stationery tabs, and writing stationery; table mats of paper; table runners of paper; telephone books; office requisites, namely, electric staplers for offices, franking machines for offices, imprinters for office use, office hole punchers, office machine ribbons, office paper stationery, office requisites in the form of finger-stalls, office supply binders, paper binding machine for office use, paper folding machines as office requisites, and rubber fingers for the office; advertising pamphlets; printed promotional materials, namely, advertising signs of cardboard, and advertising signs of paper; artists' materials, namely, artists' brushes, artists' moulds, artists' palettes, artists' pastels, artists' pencils, artists' pens, and canvas stretcher bars for artists; advertising and promotional material, namely, advertising leaflets and pamphlets; fiction and non-fiction books on a variety of topics; series of fiction and non-fiction books, comic books, graphic novels, printed stories in illustrated form and comic book stories, storyboards, and art prints; periodicals in the field of comic book stories, storyboards, and artwork; printed publications in the field of computers; printed publications in the field of tablet computers; printed matter, namely books, periodicals, magazines, newspapers, newsletters and journals in the field of multi-media products, interactive products and online services; catalogues relating to computer software; computer brochures; computer handbooks; computer hardware publications; computer hardware reference manuals; computer hardware users guides; computer instruction manuals; computer manuals; printed publications, namely books, periodicals, magazines, newspapers, newsletters and journals in the field of technology, digital technology and gadgets; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, portable electronic computer hardware, tablet computers, electronic book readers, digital audio and video players, electronic personal organizers, personal digital assistants, global positioning system (GPS) transmitters and receivers, and computers; catalogues relating to musical apparatus and instruments; catalogues relating to telecommunications apparatus, mobile phones, handheld and mobile digital electronic devices for the sending and receiving of telephone calls, faxes, electronic mail, video, instant messaging, music, audiovisual and other multimedia works, and other digital data; music books; music instruction manuals; music magazines; desk accessories, namely, desk blotters, desk diaries, desk organizers, and desk trays; stationery agendas; printed sewing patterns for T-shirts and sweatshirts; display materials, namely, paper banners, decals, flags and pennants of paper, posters, and bumper stickers; booklets for sale with audio tapes; dictionaries; paper replacement bags for vacuum cleaners; bags for microwave cooking of paper; disposable paper products, namely, disposable housebreaking pads for use in training puppies, and disposable napkins; tissues of paper; towels of paper; voucher books;

absorbent sheets of paper or plastic for foodstuff packaging; address stamps; address plates for addressing machines; addressing machines; adhesive tape dispensers; adhesive bands for stationery or household purposes; advertisement boards of paper or cardboard; almanacs; animation cels; announcement cards; watercolor paintings; architects' models; arithmetical tables; artists' watercolor saucers; atlases; bags, envelopes, and pouches of paper or plastics, for packaging; bags for microwave cooking; balls for ball-point pens; banknotes; banners of paper; bibs of paper; bibs, sleeved, of paper; bookbinding strips; blackboards; blueprints; bookbinding machines for office use; bookmarkers; bottle envelopes of paper or cardboard; bottle wrappers of paper or cardboard; boxes of paper or cardboard; bunting of paper; canvas for painting; carbon paper; cardboard; cardboard tubes; cases for rubber stamps and stationery seals; chalk for lithography; chalk holders; charcoal pencils; chart pointer sticks, non-electronic; chromolithographs; clips and staples for office use; clips for name badge holders; bookbinding cloth; coasters of paper; comic books; compasses for drawing; composing sticks; conical paper bags; cords for bookbinding; correcting fluids; correcting tapes; credit card imprinters, non-electric; dental tray covers of paper; desk mats; wiring diagrams; document files; document laminators for office use; document holders; drawer liners of paper, perfumed or not; drawing pads; thumbtacks; drawing boards; drawing materials, namely, drawing paper, drawing pins, and drawing protractors; drawing sets comprised of drawing paper, drawing pads, pens, pencils, and drawing rulers; drawing pens; duplicators, namely, duplicating machines, and rotary duplicators; elastic bands for offices; electrocardiograph paper; electrotypes; printed patterns for embroidery designs; engraving plates; engravings; envelope sealing machines for offices; erasing products, namely, chalk erasers, eraser dusting brushes, ink erasers, and whiteboard erasers; erasing shields; etching needles; etchings; fabrics for bookbinding; face towels of paper; filter paper; flags of paper; covers of paper for flower pots; flyers; jackets for papers; fountain pens; French curves; garbage bags of paper or of plastics; geographical maps; graining combs; graphic prints; graphic reproductions; gummed cloth for stationery purposes; hand labelling appliances, namely label printing machines; hand-rests for painters; handkerchiefs of paper; handwriting specimens for copying; hat boxes of cardboard; hectographs; histological sections for teaching purposes; holders for stamps; holders for check books; humidity control sheets of paper or plastic for foodstuff packaging; index cards; Indian inks; ink sticks; ink reservoirs; inking pads; inking ribbons; inking sheets for duplicators; inking sheets for document reproducing machines; inking ribbons for computer printers; inkstands; inkwells; isinglass for stationery or household purposes, namely, isinglass for use in repairing parchment and damage to paintings on canvas; labels cardboard; ledger books; lithographic works of art; lithographic stones; lithographs; loose-leaf binders; marking chalk; marking pens; mats for beer glasses; mimeograph apparatus and machines, namely, mimeographs, and mimeograph paper; modelling clay; modelling wax, not for dental purposes; modelling paste; moisteners for office use, namely, finger moisteners; molds for modelling clays; apparatus for mounting photographs, namely, photograph mounts; musical greeting cards; name badge holders; newspapers; nibs for writing instruments; nibs of gold; note books; numbering apparatus, namely, numbering machines, and numbering stamps; obliterating stamps, namely, black out stamps for identity theft protection purposes; office perforators; oleographs; packaging material made of starches; packing materials of paper or cardboard; padding materials of paper or cardboard; stationery pads, namely, account slip pads, adhesive note pads, loose-leaf pads, memo pads, score pads, scribble pads, seal ink pads, and sketch pads; page holders; paint boxes; paint trays; painters' easels; paintings, framed or unframed; palettes for painters; paper; paper for recording machines; stationery paper; paper clasps; luminous paper; paper creasers; paper for radiograms; paper ribbons, other than haberdashery or hair decorations; paper shredders for office use; letter openers; paper coffee filters; paper bows, other than haberdashery or hair decorations; paper bags for use in the sterilization of medical instruments; paper for medical examination tables; paper

cutters; paper-clips; papers for painting and calligraphy; paperweights; papier mâché; pastel crayons; pen clips; pen cases; pen wipers; pencil sharpening machines, electric or non-electric; pencil leads; pencil holders; pencil lead holders; pencils; penholders; ink pens; photo-engravings; photograph stands; pictures; placards of paper or cardboard; place mats of paper; plastic film for wrapping; plastic bubble packs for wrapping or packaging; plastic cling film, extensible, for palletization; plastic bags for pet waste disposal; plastics for modelling; polymer modelling clay; portraits; printed timetables; printed coupons; printed sheet music; printers' blankets, not of textile; printers' reglets; printing blocks; printing type; printing sets, portable, namely letter writing sets; engraved prints; prospectuses; retractable reels for name badge holders; rice paper; rollers for typewriters; rubber erasers; erasers for offices; sealing stamps; sealing wax; sealing compounds for stationery purposes; sealing wafers; self-adhesive tapes for stationery or household purposes; sewing patterns; sheets of reclaimed cellulose for wrapping; paper seals; signboards of paper or cardboard; silver paper; slate pencils; song books; spools for inking ribbons; spray chalk; square rulers for drawing; squares for drawing; stamp stands; stands for pens and pencils; stapling presses; starch paste for stationery or household purposes; steel letters; steel pens; stencil plates; T-squares for drawing; table linen of paper; table napkins of paper; tablecloths of paper; tags for index cards; tailors' chalk; terrestrial globes; tickets, namely, airline tickets, automated meter parking tickets, passenger tickets, and sporting event tickets; tissues of paper for removing make-up; tracing patterns; tracing paper; tracing cloth; tracing needles for drawing purposes; trading cards, other than for games; trays for sorting and counting money; typewriter ribbons; typewriter keys; typewriters, electric or non-electric; viscose sheets for wrapping; waxed paper; wood pulp board for stationery; wood pulp paper; wrapping paper; wristbands for the retention of writing instruments; writing slates; writing or drawing books; writing chalk; writing materials, namely, writing pads, writing tablets, felt pens, pen and pencil sets, writing books, and blank journals; writing paper; writing brushes; writing instruments; writing board erasers; printers' type; graphic novels; paper gift cards; packaging and carry bags, namely, paper shopping bags, and plastic shopping bags; series of fiction and non-fiction books; packaging materials, namely, cardboard packing boxes in collapsible form, containers of cardboard for packaging, industrial packaging containers of paper, packaging boxes of cardboard, packaging boxes of paper, packaging containers of paper, paper bags for packaging, paperboard boxes for industrial packaging, plastic film for packaging; shipping boxes, namely cardboard shipping containers; document portfolios; parts and fittings for all the aforesaid goods

Class 18

(11) Sport bags; book bags, bum bags; backpacks; leather laces; umbrellas; luggage; cosmetic cases sold empty; duffle bags; shoulder bags; all-purpose carrying bags; leather and imitation leather; baggage tags; carrying cases for documents; athletic bags; beach bags; briefcases; business card cases; key cases; trunks; travelling bags; handbags; purses; fanny packs; tote bags; coin purses; wallets; knapsacks; document cases; pouches and carryalls; bags, namely, all-purpose carrying bags, briefcase-type business folders, beauty cases, business cases, catalogue cases, cosmetic cases, and travel cases; leather and imitation leather products, namely, cases, document cases, pouches and carryalls, binders for travel purposes, bags, namely, all-purpose carrying bags; luggage tags; animal skins, hides; walking sticks; whips, harness and saddlery; attaché cases; bags, namely, airline travel bags, animal game bags, baby carrying bags, baby changing bags, bags for carrying animals, bags for climbers, bags for umbrellas, bags made of leather, barrel bags, belt bags, hip bags, Boston bags, canvas bags for shopping, carry-all bags, changing bags, charm bags (omamori-ire), children's shoulder bags, clutch bags, cosmetic bags, cosmetic bags sold empty, courier bags, cross-body bags, diaper bags, drawstring bags, evening bags, feed bags, flexible bags for garments, flight bags, garment bags for travel made of leather,

road conditions, other than for medical use, and acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms, for autonomous parking and automated parking of automobiles; telecommunication machines and apparatus, namely, transmitters and receivers, for autonomous parking and automated parking of automobiles; electronic control apparatus and instruments for controlling autonomous parking and automated parking of automobiles, namely, computers; remote controls for autonomous parking and automated parking of automobiles; photographic machines and apparatus, namely, cameras and video cameras, for use in autonomous parking and automated parking of automobiles; radar apparatus, namely, radar, radar receivers and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature and road conditions, other than for medical use, acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms and automatic adjusting and regulating machines and instruments for automobiles comprised thereof, namely, automated electronic controls for automobiles and autonomous electronic controls for automobiles in the nature of electronic speed controllers, computer systems for vehicle safety and security for autonomous vehicles, and driver assistance systems for autonomous vehicles, including advanced driver assistance systems (ADAS).

Class 12

(3) Shaft couplings and connectors for land vehicles; bearings, machine elements for land vehicles; vehicle suspension components, namely, suspension systems for motor vehicles, automotive suspension springs, and automobile suspension spindles; shock absorbers, machine elements for land vehicles; vehicle suspension springs; non-pneumatic tires for wheelchairs; fenders for vessels [boat side protectors]; vessels in the form of boats and ships and their parts and fittings; tires for aircraft; retreaded tires for aircraft; nonpneumatic tires for aircraft; inner tubes for aircraft tires; tread rubber for retreading tires for aircraft; aircraft and their parts and fittings; tires for railway cars; retreaded tires for railway cars; non-pneumatic tires for railway cars; inner tubes for railway car tires; wheels for railway cars; tread rubber for retreading tires for railway cars; railway rolling stock and their parts and fittings; tires for automated guideway transit [AGT] vehicles; non-pneumatic tires for automated guideway transit [AGT] vehicles; retreaded tires for automated guideway transit [AGT] vehicles; inner tubes of tires for automated guideway transit [AGT] vehicles; wheels for automated guideway transit [AGT] vehicles; tread rubber for retreading tires for automated guideway transit [AGT] vehicles; automated guideway transit [AGT] vehicles and their parts and fittings; tires for magnetic levitation trains; non-pneumatic tires for magnetic levitation trains; retreaded tires for magnetic levitation trains; inner tubes for magnetic levitation train tires; wheels for magnetic levitation trains; tread rubber for retreading tires for magnetic levitation trains; magnetic levitation trains and their parts and fittings; tires for monorail vehicles; non-pneumatic tires for monorail vehicles; retreaded tires for monorail vehicles; inner tubes for monorail vehicle tires; wheels for monorail vehicles; tread rubber for retreading tires for monorail vehicles; monorail vehicles and their parts and fittings; tires for next-generation streetcars such as light rail vehicles; non-pneumatic tires for next-generation streetcars such as light rail vehicles; retreaded tires for next-generation streetcars such as light rail vehicles; inner tubes for next-generation streetcar tires such as light rail vehicle tires; wheels for next-generation streetcars such as light rail vehicles; tread rubber for retreading tires for next-generation streetcars such as light rail vehicles; next-generation streetcars such as light rail vehicles and their parts and fittings; tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; non-pneumatic tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; retreaded tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid

transit [BRT] and Dual Mode Vehicle [DMV]; inner tubes of tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; wheels for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; tread rubber for retreading tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV], and their parts and fittings; autonomous cars; automated cars; vehicles with driving assistance functions, namely self-driving cars, cars designed for automatic and hands-free driving, and cars featuring a Forward Collision Warning (FCW) system with pedestrian detection, Lane Departure Warning (LDW) system, Lane Keeping Assist System (LKAS), Collision Mitigation Braking System (CMBS), Blind spot information (BSI) system, and rear cross traffic monitoring system; tires for automobiles; tires for vehicles; retreaded tires for automobiles; retreaded tires for vehicles; non-pneumatic tires for small electric cars; non-pneumatic tires for automobiles; inner tubes for automobile tires; inner tubes for vehicle tires; tread rubber for retreading tires for automobiles; wheels for automobiles; wheels for motor vehicles; anti-vibration rubber for automobiles, namely engine mounts made of rubber for antivibration of automobiles; treads for vehicles [tractor type]; seat cushions for vehicles; hydraulic hoses for vehicles, not of metal; automobiles and their parts and fittings; non-pneumatic tires for mobility scooters; non-pneumatic tires for golf carts; non-pneumatic tires for electric carts; non-pneumatic tires for all-terrain vehicles; tires for two-wheeled motor vehicles; retreaded tires for two-wheeled motor vehicles; non-pneumatic tires for two-wheeled motor vehicles; inner tubes for two-wheeled motor vehicle tires; wheels for two-wheeled motor vehicles; tires for bicycles; retreaded tires for bicycles; non-pneumatic tires for bicycles; inner tubes for bicycle tires; wheels for bicycles; tread rubber for retreading tires for two-wheeled motor vehicles and bicycles; electric bicycles; two-wheeled motor vehicles, bicycles and their parts and fittings; wheel rims and wheel covers for aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; wheel rims and spare wheel covers for vehicles; wheel rims and wheel covers for automated guideway transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, next-generation streetcars such as light rail vehicles and new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; valves for tires of aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; valves for vehicle tires; valves for tires of automated guideway transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, next-generation streetcars such as light rail vehicles and new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; adhesive rubber patches for repairing tubes or tires.

Class 17

(4) Seals, namely, encapsulated seals, not of metal, non-metal seals for use in doors for vehicles and vehicle headlights; hoses made of rubber; valves of rubber and valves of vulcanized fiber; pipe joints made of synthetic resin; non-metal pipe couplings and joints; urethane foam for use in the manufacture of non-metal gaskets for vehicles, mattresses, cushioning materials of rubber or plastics, sound absorbing wall coverings, sound absorbing metal discs, and scrub sponges; sound absorbing sponge for automobile tires; semi-worked synthetic plastic in the form of foam, pellets, rods, sheets, tubes and extruded form for general industrial and manufacturing use; foam rubber [semi-finished product]; sound absorbing materials for automobile tires, namely, soundproofing foam; sound absorbing plates for automobile tires, namely, soundproofing foam; rubber for retreading and repairing tires; rubber for repairing tubes; rubber materials for recapping tires; rubber, namely, raw rubber and semi-worked rubber.

Services**Class 35**

(1) Business management analysis and business management consultancy; market analysis and research; providing information concerning commercial sales; business management of hotels; business organization and management consulting; collection of market research information; collection and analysis of business information on vehicles; management of inventory and sales incentives for retail stores and wholesale stores; retail and wholesale sales of automobiles; retail and wholesale sales of two-wheeled motor vehicles; retail and wholesale sales of bicycles; retail and wholesale sales of electrical machinery and apparatuses, namely, computers, remote controls for motors and steering, temperature sensors, pressure sensors, motion sensors, distance sensors, vibration sensors, GPS transmitters and receivers, radio transmitters and receivers, radar transmitters and receivers, video transmitters and receivers, and telephone transmitters and receivers; retail and wholesale sales of agricultural machines and agricultural implements, other than hand-operated, namely, box scrapers, cultivators, tractor-towed harrows, irrigation machines, agricultural seed planting machines, harvesters and mowing and reaping machines; retail and wholesale sales of automobiles and their parts and fittings; retail and wholesale sales of mining, construction, loading-unloading and agricultural machinery, namely, earth moving machines in the nature of earthmovers, scrapers, motor graders, shovel loaders, bulldozers, wheeled cranes, cranes, compact track loaders, multi terrain loaders, belt conveyors, overland conveyors, pipe conveyors, inclined conveyors, front-end loaders, back-hoe loaders, skid steer loaders, power operated lifts for cargos, cargo handling machines, forklifts, asphalt paving machines, earth compacting machines, box scrapers, cultivators, tractor-towed harrows, irrigation machines, agricultural seed planting machines, harvesters and mowing and reaping machines, and their parts and fittings, namely tires and rubber tracks; retail and wholesale sales of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; retail and wholesale sales of pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings; research and retrieval regarding computer-assisted business information; providing information and advice to consumers on the selection of tires to be attached and driving techniques and practices; providing commercial information and advice related to tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of vehicle tires; advice and consultancy relating to business management and organization intended especially for automotive and pneumatic tire professionals; advice and consultancy relating to business management and organization; arranging and conducting of marketing analysis; input, processing, systemization and compilation into computer databases of information and data relating to vehicle and tire management, vehicle location and road itineraries; commercial information and advice related to vehicle location; consultancy relating to management, strategy, organization management of businesses and of its employees; administrative advice, information linked to employment development and professional and social integration; business management services relating to information and data compiling and analyzing; business management analysis, business management advice, and business management consultancy; professional business consultancy, namely, commercial business management services; collection, management and analysis of customer information, namely, collection of market research information.

Class 37

(2) Repair and maintenance of automobiles and their parts and fittings and inspection, consultancy and information services relating thereto; repair and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings and inspection, consultancy and information services relating thereto; repair and maintenance of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings and inspection, consultancy and information

services relating thereto; repair and maintenance of pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings and inspection, consultancy and information services relating thereto; information services on maintenance of automobile tires, by telecommunication, relating to tire pressure and tire temperature; inspection, consultancy and information services relating to retreading of tires; battery charging services for electric vehicles.

Class 39

(3) Providing information and advice relating to transportation of passengers and freight, namely, provision of transport information and advice for travel by air, rail, ship, bus, tram and truck for leisure, recreation, tourism, holiday and vacation travel, and providing information relating to freight brokerage; providing information relating to operation status of vessels; providing information relating to operation status of aircraft; providing information relating to operation status of railway cars; providing information relating to operation status of automated guideway transit [AGT] vehicles; providing information relating to operation status of magnetic levitation trains; providing information relating to operation status of monorail vehicles; providing information relating to operation status of next-generation streetcars such as light rail vehicles; providing information relating to operation status of new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; providing information relating to operation status of autonomous cars and automated cars; providing information relating to operation status of vehicles with driving assistance functions, namely self-driving cars, cars designed for automatic and hands-free driving, and cars featuring a Forward Collision Warning (FCW) system with pedestrian detection, Lane Departure Warning (LDW) system, Lane Keeping Assist System (LKAS), Collision Mitigation Braking System (CMBS), Blind spot information (BSI) system, and rear cross traffic monitoring system; providing information relating to operation status of automobiles; providing information relating to operation status of small electric cars; providing information relating to operation status of treads for vehicles [tractor type]; providing information relating to operation status of mobility scooters; providing information relating to operation status of golf carts; providing information relating to operation status of electric carts; providing information relating to operation status of all-terrain vehicles; providing information relating to operation status of two-wheeled motor vehicles; providing information relating to operation status of bicycles; providing road and traffic information; tracking of autonomous motor vehicles, and driverless cars by computer, wireless receivers, and wireless transmitters, namely, tracking and tracing of packages in transit; providing information relating to autonomous driving and automated driving devices for automobiles comprised of telecommunication machines and apparatus namely, electronic transmitters and receivers, electrical and electronic control apparatus and instruments, namely, computers, remote control for motors and steering, photographic machines and apparatus, namely, cameras and video cameras, and automatic speed and direction adjusting and regulating machines and instruments, namely, radar apparatus, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature, velocity, and road conditions, other than for medical use, and acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms, for autonomous driving and automated driving of automobiles; tracking services for autonomous motor vehicles, and driverless cars by telecommunication machines and apparatus, namely, electronic transmitters and receivers; tracking services for autonomous motor vehicles, and driverless cars by electrical and electronic control apparatus and instruments, namely, computers; tracking services for autonomous motor vehicles, and driverless cars by remote controls for motors and steering of motor vehicles; tracking services for autonomous motor vehicles, and driverless cars by photographic machines and apparatus, namely, cameras and video cameras; providing information relating to autonomous parking and automated parking devices for automobiles

comprised of telecommunication machines and apparatus, namely, transmitters and receivers, electrical and electronic control apparatus and instruments, namely, computers, remote control for motors and steering, photographic machines and apparatus, namely, cameras and video cameras, and automatic speed and direction adjusting and regulating machines and instruments, namely, radar apparatus, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature and road conditions, other than for medical use, and acoustic alarms in the nature of obstacle and speed alarms and burglar and fire alarms, for autonomous parking and automated parking of automobiles; tracking services for autonomous parking and automated parking of automobiles by telecommunication machines and apparatus, namely, electronic transmitters and receivers; tracking services for autonomous parking and automated parking of automobiles by electrical and electronic control apparatus and instruments, namely, computers; tracking services for autonomous parking and automated parking of automobiles by remote controls for motors and steering of motor vehicles; tracking services for autonomous parking and automated parking of automobiles by photographic machines and apparatus, namely, cameras and video cameras; tracking of automobiles by radar apparatus, namely, radar, radar receivers and radar transmitters, scanners in the nature of data processing equipment, cameras, video cameras, sensors for measuring distance, temperature and road conditions, other than for medical use, and burglar and fire alarms for automobiles; vehicle-driving services, namely, providing driving directions for travel purposes, providing customized driving directions, arrangement of driving expeditions, arrangement of driving experience days and driving holidays, arrangement of off-road adventure expeditions, arrangement of multi-day driving expeditions, chauffeur services.

Class 42

(4) Designing of tires, other than for advertising purposes; designing, programming and maintenance of computer programs for managing information of belts for conveyors; designing, programming and maintenance of computer programs for simulation relating to tires and road surface condition; design, development, installation and maintenance of computer software; designing, programming and maintenance of computer programs relating to visualization tools for solution effectiveness, namely, improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; technical advice relating to specialized knowledge as to tires and methods to check up on tires; technological advice relating to computers, automobiles and industrial machines; technical analysis and consulting services related to the selection, condition, maintenance, retreading or replacement of tires; technical analysis and consulting services related to the selection, condition, maintenance and replacement of vehicle component parts, spare parts and accessories; technical analysis and consulting services related to the selection and maintenance of automobiles and their parts and fittings; technical analysis and consulting services related to the selection and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings; technical analysis and consulting services related to the selection and maintenance of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; technical analysis and consulting services related to the selection and maintenance of pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings; rental of computers; providing computer programs for vehicle drive information, vehicle kinetic information and tire pressure information; providing computer programs for managing information of belts for conveyors; providing computer programs for simulation relating to tires and road surface condition; providing on-line non-downloadable computer software for visualization in the nature of graphical representation and analysis of industrial manufacturing process for use in improving manufacturing productivity, optimizing inventory and improving manufacturing efficiency, namely, factory

automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; providing on-line nondownloadable computer programs for use in database management on data networks; providing technical consultancy and information relating to design, development and use of tires and their parts; testing and research on tires and road surface condition and information services relating thereto; providing computer programs regarding management of inventory and sales incentives for retail stores and wholesale stores; remote monitoring services of computer systems; monitoring of computer systems by remote access; monitoring of data from in-vehicle systems by remote access; monitoring of data from in-vehicle systems by remote access; testing and research on vehicles with autonomous driving functions and autonomous driving assistance functions and information services relating thereto; testing and research on next-generation streetcars, namely, light rail vehicles and their parts and fittings and information services relating thereto; testing and research on new transportation system vehicles, namely, automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV], and their parts and fittings and information services relating thereto; providing computer programs connected with customers' systems for improving productivity at customers by quality management and inventory management of tires; providing technical information and consultancy related to scientific and technological research and development of tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of vehicle tires; technological consultancy and preparation of reports relating to technical research on the selection, condition, maintenance and repair of tires, spare parts and accessories for vehicles; providing technical information and consultancy related to scientific and technological research and development related to vehicle and trailer tracking; testing and quality control of tires and inner tubes; design of business premises such as retail stores and wholesale stores for the tire trade; design, development and maintenance of software, mobile applications, databases and web sites; providing temporary use of online non-downloadable software for publishing and sharing digital media and information, namely, text messages, graphic files, live audio feeds, pre-recorded audio messages, live video feeds, prerecorded video messages, and voice messages for users of video and audio conferencing and telephony services via global computer and communications networks; providing search engines for obtaining data via communications networks; conducting technical project studies, namely, feasibility studies in the field of new technologies; studies and research in the field of waste treatment.

Trademark Description

The trademark consists of the following elements appearing on a three-dimensional bottle with broad shoulders narrowing to the base and its cap. The center of the bottle has a panel consisting of an arch along the top with sides that are parallel to the bottle and that narrow to a flat base. The panel has a frame consisting of parallel lines that extend from the bottom of the panel to create a geometric pattern of diamond shapes with one smaller diamond shape in the center. At the top of the panel and along its sides is an intersecting geometric design. The words CROWN ROYAL are written in script on the center of the bottle. The bottle in three-dimensions shown in dotted outline does not form part of the trademark.
