Trademarks Journal

2022-11-16 — Vol. 69 No. 3551

Trademarks Journal

Vol. 69 No. 3551

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Goods

Class 07

(1) Electric door openers; electronic door closers

Class 09

(2) Telephones; mobile telephones; cordless telephones; telecommunications products, namely, gateway routers in the nature of computer control hardware for use in wireless telephone communication systems; computer software for use in accessing the global computer network; telephone accessories, namely, telephone cords and batteries; electronic products, namely, digital photograph receivers; television peripheral equipment, namely, set-top boxes, remote controls and instructional manuals sold as a unit; telecommunications hubs, switches, wireline routers, wireless routers and integrated routers which include a modem; digital subscriber line modems otherwise known as DSL modems, cable modems and satellite modems that interface directly with digital subscriber line otherwise known as DSL, satellite data and cable broadband data services; network interface card adaptors otherwise known as adaptors; RJ 45 transmission cables; telephone line filters; telecommunication couplers, namely acoustic couplers; telecommunication modular plugs, namely electrical and adapter plugs; transceivers; wireless transceivers; corded and cordless wireline teleconferencing telephones; telephone answering machines; internet telephones; wireless telephones; earphones and antennae for cordless and wireless telephones; magnetically encoded credit cards; magnetically encoded stored value payment, debit and gift cards; computer software used to operate, manage and monitor security systems and home automation devices; security cameras; smoke detectors; carbon monoxide detectors; motion detectors; remote control units, keypads and control panels for security systems and home automation devices; electronic door locks; home automation systems comprising wireless and

wired controllers, electronic controls for lighting, HVAC, security, safety and personal and property safety and home monitoring software

Class 16

(3) Telephone directories; paper goods, printed matter and promotional materials, namely, tickets, posters, brochures, pamphlets for use in the field of baseball games and sporting and live entertainment, namely golf tournaments, auto racing and concerts; prepaid calling cards not magnetically encoded for mobile, internet, long distance and telephone communication services

Services

Class 35

(1) Retail store services and online retail store services all featuring telephones, wireless hand-held devices for access to global computer networks, handheld mobile digital electronic devices and other consumer electronics, personal computers, tablet computers, carrying cases for telephones, wireless and handheld devices, wireless and corded headsets, chargers, batteries and home security and automation systems; providing online telephone directories; advertising services, namely, promoting the goods and services of others by preparing and placing advertisements in directory listing databases accessed through a global information network; providing retail store information, shoppers guide information and business listings by electronic means

Class 36

(2) Telephone calling card services

Class 37

(3) Repair services for telecommunications wiring, jacks and telephone equipment; installing and maintaining telecommunication systems and equipment, namely transceivers, wireless transceivers, corded and cordless wireline teleconferencing telephones, telephone answering machines, internet telephones, wireless telephones, earphones, antennae for cordless and wireless telephones, cables, wires, switches, plugs, sockets, connectors, converters, transmitters, receivers and optical fibers for others; telephone communication network support services, namely, repair and maintenance of wireless computer networks, global computer networks and mobile telephone communication networks; maintenance of wireless computer networks, global computer networks and mobile telephone communication networks; installation of home security and automatic alarm and security systems

Class 38

(4) Telecommunications services, namely, providing telephone communication and internet telephony services, providing a group of specialized telephone services with custom calling features and telephone calling plans; electronic voice messaging, namely, the recording and subsequent transmission of voice messages by telephone; providing multiple user dial-up, high-speed and dedicated access to the internet, global computer networks, wireless computer networks, providing access to online bulletin boards of others in the field of mobile telephone communication networks; electronic transmission of voice messaging, wireless voice mail; electronic processing and transmission of wireless communication audio, text and visual data and information via the internet; wireless transmission of voice messaging, wireless voice mail, switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages; high-speed access services and wireless access services to the internet, global computer networks, wireless computer networks, providing access to on-line bulletin boards of others in the field of mobile telephone communication networks; television transmission services; satellite television broadcasting services; telephone communication

services in the nature of providing voice and data networking services, namely, providing digital and analog networking services to transmit wireless telephone communications, audio, voice, text and images and voice messaging and wireless voice mail services; audio teleconferencing, video teleconferencing and web audio and video teleconferencing services; cellular and mobile telephone communications; mobile telephone communication consultation, namely technical consulting in the field of audio, text and visual data transmission and communication; voice over internet protocol (VOIP) services; paging services; streaming via the Internet of audio and video data featuring movies, TV shows, and music; frame relay telephone communication services, namely providing frame relay connectivity services for document data transfer; virtual network telephone communication services, namely providing virtual private network (VPN) services, namely private and secure electronic communications over a private and public global computer network via the Internet; computer aided transmission of voice messaging, wireless voice mail, text messages and emails by telephone, cellular telephone and document data transfer; private line voice messaging, wireless voice mail, text messaging, facsimile transmission, video streaming and transmission of wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages; integrated services digital network (ISDN) global computer communication routing and junction network services; 800 telecommunication routing and junction network services; 900 telecommunication routing and junction network services; worldwide switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages and electronic transmission of wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages; location independent personal communications services comprising mobile, voice messaging, wireless voice mail, text messaging, wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages and facsimile transmission services; providing back-bone telecommunication network services, namely wireless computer networks, global computer networks, internet and telephone communication networks services to others to enable the display of voice messaging, wireless voice mail, text messaging, facsimile transmission, video streaming and transmission of wireless multimedia communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages on worldwide global computer networks, wireless computer networks, internet and telephone communication networks; the transmission over cable of entertainment services, namely transmission of movies, television, entertainment videos and music and voice messaging, wireless voice mail, text messaging, video streaming and transmission of wireless multimedia communication data and facsimile telephony services; instant office deployment, namely, providing an office-based system of voice messaging, wireless voice mail transmission and wireless multimedia communication data and facsimile services to a remote location; communications services, namely, wireless mobile telephone calling, data and messaging service plans; fiber optic and telecommunication services, namely, high-speed access to the internet and global computer network, and wireless electronic, digital and IP transmission of voice messages, voice mail, text messages, graphical images, transmission of wireless multimedia communication data, as well as high definition multimedia streaming and transmission of television shows, movies, entertainment videos and music and IP television and IP video streaming transmission; telecommunications services, namely, telephony services, Internet and IP telephony services, unified voice messaging and text messaging and unified IP voice messaging and text messaging services, high-speed access to the Internet and global computer network, and wireless electronic, digital and IP transmission of voice messaging, wireless voice mail, text messaging, graphical images transmission and transmission of wireless multimedia

communication services, namely switched voice messaging, wireless voice messaging, text messaging, high definition multimedia streaming of voice and video messages on worldwide global computer networks, wireless computer networks; and television and video streaming transmission services and IP television and IP video streaming transmission services; operation of telecommunications call center services for others, namely, call flow optimization, toll-free number optimization, command center mentoring, call center workforce management services, call center consolidation, call center measurements and speech processing assessment, and call center audits

Class 41

(5) Entertainment services in the nature of baseball games, professional auto races and golf tournaments; Arena services, namely, providing facilities such as buildings, arenas and sports fields and sports stadiums for sports activities, namely soccer, baseball and golf games, entertainment activities, namely music concerts, theatrical plays, tradeshow, namely industry tradeshow, exhibitions and conventions

Class 42

(6) Hosting the web sites of others on a computer server for a global computer network; development and maintenance of web server software for others; consultation in the field of computers and online networks; design and development of global computer networks and wireless telephone communication networks; telephone communication network strategy advisory services namely, technology strategy advisory development, telephone communication network advisory strategy and development, wide area network strategy development, computer network software application development, web services, network continuity and disaster recovery, and the development of voice messaging and multi-channel portals; telecommunication network creation and design and network technology creation and design services, namely virtual private telephone communication network assessment, virtual private telephone communication network token authentication; public key infrastructure development, namely the development of encryption systems, local area telephone communication network assessment, namely reviewing and evaluating the components of telephone communication networks that interconnect computers within a limited area, such as a residence, school, laboratory and office building, internet protocol network design, addressing, routing and load balancing functions to optimize network server productivity and efficiency by enhancing the delivery of applications over computer networks and managing network traffic, the development and design of advanced internet protocol, voice over internet protocol (VOIP) and quality of service networks (QoS) standards, token ring to Ethernet design, web site stress testing, data center transformation, namely changes in the form, appearance, nature and character of the telephone communication networks, server assessment, namely reviewing and evaluating computer servers, the development and design of messaging services, namely text messages, voice messages, email messages and voice mail messages and wireless local area telephone communication networks, networking management center design, namely the designing of locations from which network monitoring and control are exercised over a computer, telephone communication or satellite network, web performance monitoring and telework readiness assessments; telephone communication networks deployment services, namely, project management, namely the overseeing of customized communication solutions provided to customers, token ring to Ethernet to Ethernet migration; wireless local area telephone communication network implementation, video conferencing implementation, and deployment of telecommunication networks, wide area network (WAN) deployment using routers and local area telephone communication network implementation; information technology security services, namely, firewall design analysis and implementation, internet security vulnerability assessments, enterprise global computer network security assessment, and health insurance portability and

accountability act compliance assessments; basic computer telephony integration; and design of interactive voice response systems and voice web browsers, customer profiling and routing application software systems to create customer profiles to provide design decisions and distribute appropriate service requirements

Class 45

(7) Intrusion detection scans, rogue modem identification, security policy assessments; security system monitoring services; home security monitoring using wireless and wired sensors for glass breakage, motion detectors, cameras, alarms, shutoff valves, and gate, door and window contact sensors; computer services, namely, providing a web-based system and online portal for customers to remotely manage, administer, modify and control home security and home automation devices

(2) Coin-operated entertainment equipment, namely juke boxes; sports ear protection, namely head guards for sports

Class 10

(3) Medical equipment, namely therapeutic and physiotherapy ultrasound apparatus, patient examination tables and physiotherapy tables, medical image processors, medical instruments for general examination, and medical slings, blood glucose meters, blood pressure meters, massage appliances, namely facial massagers and vibrating massagers, electric massage bed for medical purposes, massage gloves, antiinsomnia medical pillows, medical stockings, namely elastic stockings for medical and surgical purposes, medical finger rings, namely for use in finger splints for medical purposes, medical wrist bands, namely elastic bandages, elastic stockings for medical purposes, and wrist splints for medical purposes, orthotic shoe inserts, orthopedic belts, orthopedic braces, orthopedic shoes, orthotic foot arch supports, flat feet supports, orthotic shoe soles, support bandages, eye masks, namely anesthetic masks and eye shields for medical use, medical earplugs, ice pillows for medical purposes, ice bags for medical purposes, hot water bags for medical purposes, instant cold packs, namely ice packs, medical ice packs, chemically activated cold gel packs for medical purposes, and thermal packs for first aid purposes, pregnancy belts, namely maternity belts, foot arch belts, orthopedic toe separators, toe bands for correction of

overlapping toes, shoe inserts, namely orthopedic insoles, heel balance pads for preventing pressure sores on feet, orthopedic back supports, medical protective collars, namely neck braces and orthopedic braces, medical chest supports, medical waist supports, medical ankle supports, medical wrist supports, medical finger supports, medical foot supports, medical knee supports, medical elbow supports, medical shoulder supports, medical finger cots, hernia belts, abdominal support belts, surgical sterile sheets, medical compression stockings, surgical elastic stockings, elastic bandages, plaster bandage for orthopedic purposes, triangular bandages for orthopedic purposes and anatomical joints, knee bandages for cosmetic surgery, joint bandage for surgery, orthopedic belts for cosmetic surgery, smart tourniquets, medical beds, namely, hydrostatic beds for medical purposes, massage beds for medical purposes, and water beds for medical purposes, hand grips for medical rehabilitative purposes, rehabilitation standing equipment with wall bars, namely parallel and exercise bars for physical therapy, back rehabilitation equipment for medical rehabilitative purposes, namely weights, back rolls, back pulleys, back supports, tension bands, and back braces, medical crutches, orthopedic shoes for polio survivor, skill rehabilitation assistive device for the disabled, namely spinal braces, elastic binders, pads, and guards for supporting the abdomen, medical corsets, collar bone supports, surgical splints, masks, namely anesthetic masks, cardiopulmonary resuscitation masks, masks for use by medical personnel, surgical masks, respiratory masks for medical purposes, prostheses, namely limb prostheses, foot prostheses, kneejoint prostheses, and facial prostheses, artificial joints; foot protection pads, namely arch supports

Class 12

(4) Handling carts, strollers, wheelchairs, powered wheelchairs, mobile scooters, child safety chairs for automobiles

Class 20

(5) Pillows, sitting pads, back support cushions not for medical purposes, sofa cushions, throw pillows, nonmedical air pillows, chair cushion pads, non-medical air pads for non-medical air pads for back support, electric massage chairs

Class 25

(6) Clothing, namely athletic clothing, tops, namely tank tops, warm-up tops, sweat tops, knit tops, fleece tops, crop tops, and halter tops, belts, casual clothing, sports clothing, and fishing clothing, footwear, namely shoes and boots, hats and caps, sports clothes, tight fitted clothing, namely tight fitted shirts, tight fitted pants, tight fitted girdle, socks, and stockings, gloves as clothing accessories, cold-proof gloves, sleeping eye masks, puttees, underclothing, undergarments, shorts, tights, athletic support tops, girdles, compression shirts, compression shorts, compression pants, compression sleeves for athletic use, leggings, wrist bands, cotton-padded jackets, raincoats, scarves, bibs, namely bib overalls, bib shorts, cloth bibs, ski bibs, and sport bibs, Headbands, earmuffs, aprons, all of the foregoing for medical, compression, recovery and rehabilitative purposes

Class 28

(7) Sports equipment and muscle workout machines, namely treadmills, stationary bikes, pulleys, steppers, ellipticals, exercise balls, sports balls, shoulder pulleys, parallel bars, sports knee protection, namely knee guards for athletic use, sports wrist protection, namely wrist guards for athletic use, sports chest protection, namely chest guards and protectors for athletic use, sports shoulder protection, shoulder pads for athletic use and protective supports for shoulders, sports neck protection, namely neck braces and throat protectors for athletic use, sports hand protection, namely sports gloves, sports elbow protection, namely elbow pads and elbow guards for athletic use, and protective supports for elbows, sports arm protection, namely arm pads and guards for

athletic use, sports leg protection, namely leg guards for athletic use, sports shin protection, shin pads and guards for athletic use, sports ankle protection, namely ankle braces for athletic use, sports waist protection, namely men's athletic supporters, sports abdominal protection, namely abdomen protectors for athletic and martial arts use, sports crotch guards, sports shin guards, dumbbells, hand grippers, chest expanders, toys, namely baby toys, bath toys, beach toys, educational toys, electronic action toys, electronic learning toys, gift baskets containing plush toys, inflatable thin rubber toys, mechanical toys, plush toys, pull toys, ride-on toys, sand toys, small toys, squeeze toys, toy action figures, toy and novelty face masks, toy figures, toy furniture, and toy models, fishing devices, namely, rods for fishing, fish hooks and lines for fishing, card games, Christmas tree decorations, large powered entertainment equipment for amusement parks, namely roller coasters and electric trains, coin-operated entertainment equipment, namely pinball machines, dart machines, pool tables, slot machines, and foosball machines, sports balls, namely beach balls, billiard balls, bowling balls, cricket balls, exercise balls, field hockey balls, golf balls, gym balls for yoga, hockey balls, lacrosse balls, medicine balls, petanque balls, playing balls, playground rubber action balls, punching balls, rubber balls, rugby balls, soccer balls, soft tennis balls, squash balls, table-tennis balls, and tennis balls, archery equipment, namely bows, crossbows, arrows, targets, arrow rests, and bow cases, sports apparatus, namely trampolines for jump training and jump playing, bat grip tapes, athletic protective tapes to be worn on the skin, butterfly nets, floats for bathing and swimming

Class 09

(1) Multifunctional electronic devices, namely wireless activity trackers for displaying, measuring, and uploading to the internet information, namely time, date, body and heart rates, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, weather information, temperature, wind speed, and the declination of body and heart rates; Computer software programs namely, computer software for measuring personal health data and analyzing personal health data; medical data acquisition and monitoring system, namely, microprocessors, biometric sensing elements, interface modules, and modems which collect and store data concerning cardiac, pulmonary, respiratory, posture and other physiological measures, and transmits the data for review and delivery of reports including by transmission over computer information networks; Wearable wireless computers for recording, organizing, transmitting, manipulating, reviewing, and storing text, data, audio, image and video files redirected from computers and digital electronic devices, namely handheld computers, tablet computers and mobile telephones; computer hardware; Network communication apparatus namely, mobile and wearable computers for sending, receiving and storing text, data, audio, image, and video files across cellular networks and computer networks; electronic communication equipment and instruments namely, mobile and wearable computers for sending and receiving of text, data, audio, image, and video files; Electronic apparatus with interactive functions namely, pedometers, altimeters, weight scales and body weighing scales, multifunctional electronic devices namely, wireless activity trackers for displaying, measuring, and transmitting information including, time, date, heart rate, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, weather information, temperature, changes in heart rate and activity level, sensors for scientific use to be worn by a human to gather human biometric data; Health, fitness, exercise, and wellness biometric sensors, biometric monitors and biometric displays for measuring, interpreting and registering parameters and data of movement, of displacement, of orientation, of pressure, adapted, namely, to the capturing of kinematics and dynamics, of physical and physiological motor activity; portable electronic sensors and detectors for sensing and detecting fitness data namely, data regarding time, distance, pace, movement related data, balance, goniometry, coordination, motion, heart rate, energy expenditure, sports and

exercise, for the purpose of biomechanical analysis and for analyzing and monitoring body movements to quantify and estimate the performance of the movement; electronic movement sensor and motion measurement transmitter controlled by human gesture; medical apparatus and devices namely, biometric sensors, biometric scanners, biometric detectors, biometric meters and biometric monitors all for use in measuring and monitoring the vital functions in humans namely, physiological functions namely, temperature, blood pressure, heart rate, amount of exercise and calorie consumption; Computer software in the field of health and exercise for tracking and logging health and physical activities and information, creating workouts, activity and fitness goals and related fitness information, and transferring such information between smartphones, wearable activity trackers, pedometers, tablets and a computer; Computer software applications for mobile phones, namely software for users to track and record physical activity, upload, and share activity data to track, locate, monitor and record health and exercise goals and progress, calculate calories, heart rate, and body mass index; Computer interfaces and software in the field of receiving, processing, transmitting and displaying personal health and personal fitness information for receiving, processing, transmitting and displaying information to be used with smart phones, wearable activity trackers, pedometers, heart rate monitors, weighing scales, tablets and computers for athletic use; multifunctional electronic devices, namely, wearable activity trackers and pedometers for displaying, measuring, and uploading to the Internet information, namely, time, distance, activity level, and calories burned; Information transfer unit, namely, a computer interface to download and upload information between biometric and other health and physical activity related monitors, namely smartphones, wearable activity trackers, pedometers, heart rate monitors, weighing scales, personal smart tablets and computers; Smart watch

Class 10

(2) Wearable devices, namely monitors to measure personal and health data, namely heart rate, heart rate variability, respiration activity, sinus rhythm, fitness level, stress level, and blood pressure; Medical apparatus and instruments namely, biometric wearable physiological and environmental sensors, textilebased sensors, and biosensors, global positioning system (GPS) transmitters, heart monitors, oxygen monitors, pulse rate monitors, temperature sensors and thermal sensors, sensors to measure movement of body parts, acceleration, speed, and position of body parts or the whole body, body vibrations and body response to vibration, movement and physical effort; Clothing, namely gloves, stockings, socks, undergarments, compression garments, head coverings for medical use and shirts for the purposes of preventing, treating, monitoring and analyzing medical conditions and personal health and wellness and providing haptic or passive feedback; Personal wearable garments namely footwear for the purposes of preventing, treating, monitoring and analyzing medical conditions and personal health and wellness and providing haptic or passive feedback; Jewelry, namely bracelets and necklaces for the purpose of preventing, treating, monitoring and analyzing medical conditions and personal health and wellness and providing haptic or passive feedback; Watches for the purpose of preventing, treating, monitoring and analyzing medical conditions and personal health and wellness and providing haptic or passive feedback; Medical devices, namely a device worn on the person for monitoring cardiopulmonary indications electro-cardiograms, position sensors, and other third party sensors, such as blood pressure, body temperature, weight and blood glucose;

Class 14

(3) Jewelry

Services

Class 35

(1) Providing equipment sales, namely for personal and fitness use, computer software sales, sales of mobile applications integrating and maintaining technology in the field of tele-health and e-health; Outsourcing consulting services in the field of healthcare, namely personal, nutritional and physical fitness; Designing and conducting surveys in the field of healthcare, telemedicine, tele-health and e-health; Management of health records and insurance claims and records; Providing an online directory information service featuring information regarding legal medical marijuana pharmacies and stores, health care provider and equipment for administering medical marijuana, on behalf of third parties; Database management in the field of medical marijuana; Sales of medical marijuana, cannabis, cannabis oils and cannabis derivatives;

Class 38

(2) Providing access to health records, correspondence, client and patient communication; payment and billing information via a secure online computer platform; Operation of an online bulletin board for publishing of information about benefits of medical cannabis and marijuana, research related to medical marijuana and cannabis and for users to provide commentary about the content or about subjects relating thereto; Operation of an online bulletin board for registered users to participate in discussions, provide and obtain feedback from other registered users, form virtual communities, and engage in social networking in the field of medical marijuana; sales of medical marijuana, cannabis, cannabis oils and cannabis derivatives; Database development services in the field of healthcare, telemedicine, tele-health and e-health; Computer services, namely providing access to a secure online computer and browser platform and mobile applications to access medical, personal health and wellness consultations in the field of nutrition and physical fitness; Information technology services, namely providing patient and physician web portals and applications to enable electronic health records, electronic health information exchange, claims processing and tele-health; Computer programming; Software as a services (SAAS) services featuring software in the field of tele-health, telemedicine and e-health; Scientific research and development in the field of medicine and healthcare, namely, nutritional and physical fitness; Scientific research and development in the field of medicine and healthcare for the development of therapeutics, and to target specific symptoms, diseases, illnesses and disorders; providing access to a website about information, providing information relating to medical cannabis and medical marijuana; Operation of a website providing information on medical marijuana, medical cannabis, marijuana and cannabis; Operation of a website providing information featuring the ratings, reviews and recommendations on medical marijuana products for commercial purposes posted by users; Operation of a website providing information on of medical marijuana, medical cannabis, marijuana, cannabis, their related products and derivatives; Operation of a website containing information in the field of marijuana and cannabis; Operation of a website providing information about benefits of medical cannabis and marijuana and research related to medical cannabis and marijuana Providing access to a website about health related services as an employee benefit; Provision of on demand access to medical, personal health and wellness professionals in the field of nutrition and physical fitness via a secure online computer system;

Class 41

(3) Educational services in the field of healthcare, telemedicine, tele-health and e-health and medical devices, all relating to personal, nutritional and physical fitness; Educational services namely organizing and conducting workshops, conferences, courses, seminars, symposiums, classes and lectures in the field of healthcare, telemedicine, tele-health and e-health, all relating to home healthcare, nutritional and physical fitness; Providing training and education services to health care providers in the field of healthcare, namely, home healthcare, nutritional and physical fitness; Organizing community events to promote public awareness and provide educational

services in the field of medicine and healthcare, namely home healthcare, nutrition and physical fitness; Educational services, namely providing information relating to medicine and healthcare, in the field of home healthcare, nutrition, physical fitness; Educational services and patient educational services, namely, audio, visual and print materials, seminars, workshops, classes and training sessions all in the field medicine and healthcare, namely home healthcare, nutrition and physical fitness; Educational services and patient educational services, namely, the production and publication of audio, visual and print materials relating to educational information about medicine and healthcare, namely pre-recorded DVD's containing educational information about medicine and healthcare, in the field of home healthcare, nutrition, physical fitness and telemedicine, electronic and paper brochures containing educational information about medicine and healthcare, in the field of home healthcare, nutrition and physical fitness, electronic and paper newsletters containing educational information about medicine and healthcare, in the field of home healthcare, nutrition and physical fitness and online videos containing educational information about medicine and healthcare, in the field of home healthcare, nutrition and physical fitness, the production and publication of seminars, workshops, classes and training sessions all in the field of medicine and healthcare, namely home healthcare, nutrition and physical fitness; Educational services, namely providing information relating to medical cannabis and medical marijuana; Educational services and patient educational services, namely, the production and publication of audio, visual and print materials relating to educational information about pharmaceuticals, namely pre-recorded DVD's containing educational information about pharmaceuticals, electronic and paper brochures containing educational information about pharmaceuticals, electronic and paper newsletters containing educational information about pharmaceuticals and online videos containing educational information about pharmaceuticals, the production and publication of seminars, workshops, classes and training sessions all in the field of pharmaceuticals; Educational services, namely providing information relating to medical cannabis and medical marijuana; Tele-health sales and telemedicine services, in the field of fitness training

Class 42

(4) Computer programming; Software as a services (SAAS) services featuring software in the field of telehealth, telemedicine and e-health relating to home healthcare, nutrition and physical fitness; Provision of tele-health services in the field of home healthcare, nutrition and physical fitness by means of mobile applications; Database development services in the field of healthcare, telemedicine, tele-health and ehealth;

Class 44

(5) Provision of medical, personal health and wellness consultations in the field of home healthcare, nutrition and physical fitness, via a secure online computer platform; Provision of medical, personal health and wellness consultations in the field of home healthcare, nutrition and physical fitness; Providing medical consultation by telephone, email, text, video, mobile applications and cloud based applications;; Telemedicine services, namely provision of medical, health and wellness consultations via a secure online computer platform; Consultancy services in the field of healthcare, namely home healthcare, nutrition and physical fitness, telemedicine, tele-health and e-health and medical devices, in the field of home healthcare, nutrition and physical; Employee assistance services, namely provision of online consultation, information, assessment and referral service for physical health, mental health, substance abuse and daily living problems; Providing patient health information to computer and mobile device users, healthcare personnel and health care institutions, offered via the internet; Medical services, namely, gathering data obtained from a wearable device with medical sensors, for use in clinical trials, medical research, sleep studies, and doctor/patient medical information; medical evaluation services, namely, gathering and analysis of data acquired by a medical data acquisition and monitoring apparatus

through review of patient physiological data by health professional and transmittal of the results to the patient's medical professional;; Provision of online tele-health and telemedicine services in the field of home healthcare, nutrition and physical fitness; Telehealth sales and telemedicine services, namely health consulting in the field of home healthcare, nutrition and physical fitness; Designing and conducting assessments in the field of healthcare, telemedicine, telehealth and e-health; Providing an online directory information service featuring information regarding medical treatment; Providing an online directory information service featuring information regarding medical marijuana;

Class 45

(6) Providing an online directory information service featuring information regarding medical marijuana laws

TRADEMARK DETAILS

THE GREEN ORGANIC DUTCHMAN

Trademark Type

Standard Characters

Goods

Class 05

(1) Medicinal marijuana and cannabis; Medical herb extracts, namely medicinal marijuana extracts; medicinal herbal extracts for medical purposes namely medicinal cannabis and marijuana extracts; medicinal herbal preparations, namely marijuana preparations namely dried flower and marijuana derivatives that may be legally produced, namely, CBD, THC and cannabis oils, medical cannabis in the form of oral sprays and capsules that facilitate the delivery of drugs; medicinal herbs in dried or preserved form, namely medicinal marijuana; Infused baked goods namely brownies, cakes, muffins and doughnuts containing medicinal marijuana and cannabis.

Class 09

(2) electronic publications, namely newsletters and brochures about benefits of medical cannabis and marijuana and research in the field of medical cannabis and marijuana;

Class 16

(3) Printed publications, namely newsletters and brochures about benefits of medical cannabis and marijuana and research related to medical cannabis and marijuana.

Class 18

(4) Bags namely carry-all bags, knapsacks and tote bags

Class 25

(5) Clothing, namely casual clothing, shirts, sweatshirts, hats, hardhats, dresses, skirts, pants, jackets, scarves, toques, lab coats, undergarments, belts, tank tops, and gloves.

Services

Class 35

(1) online sales of medical cannabis and marijuana; online sales of smoking products and accessories, namely smoking pipes, cigarette rolling papers, water pipes, vaporizers, grinders, scales; ; retail sale of cannabis and marijuana for medical purposes; providing information

featuring the ratings, reviews and recommendations on medical marijuana products for commercial purposes posted by users via a website;

Class 38

(2) operation of an online bulletin board for publishing of information about benefits of medical cannabis and marijuana, research in the field of medical cannabis and marijuana and for users to provide commentary about the content and about subject relating thereto; operation of an online bulletin board for registered users to participate in discussions, provide and obtain feedback from other registered users, form virtual communities, and engage in social networking in the field of medical marijuana

Class 39

(3) distribution of cannabis marijuana for medical purposes, namely, transportation by air, ship, rail and motor vehicle

Class 40

(4) Custom manufacture of cannabis and marijuana for medical purposes

Class 41

(5) educational services and patient educational services, namely the production and publication of audio, visual and print materials in the field of educational information about medical marijuana, namely pre-recorded DVDs containing educational information about medical marijuana, electronic and paper brochures containing educational information about medical marijuana, electronic and paper newsletters containing educational information about medical marijuana, online videos containing educational information about medical marijuana, and seminars, workshops, classes and training sessions all in the field of medical cannabis and marijuana;

Class 44

(6) Consulting services in the field of medical use of cannabis and marijuana; Cultivation and breeding of cannabis and marijuana for medical purposes; providing information in the field of medical marijuana, and regarding indications and effects of particular cannabis strains via website; providing information about benefits of medical cannabis and marijuana and medical research in the field of medical cannabis and marijuana via a website.

Colour Claim

Colour is claimed as a feature of the trade-mark. The words IQ CHP are in the colour teal. The wheel cog is in the colour of dark red and the wheel bearing is in the colour of aquamarine.

Goods

Class 09

(1) Downloadable software for use in the field of automation of technical and industrial processes for energy production, power generation and heating installations; information technology devices, namely, computer hardware and software for use in the field of automation of technical and industrial processes for energy production, power generation and heating installations; electric and electronic signalling sensors, namely, smoke and heat sensors for energy production, power generation and heating installations; electric and electronic measurement tools namely pressure sensors and coordinate-measuring machines in the field of energy production, power generation and heating installations; frequency meters for energy production, power generation and heating installations; integrated circuits; interfaces board for computers; integrated electronic circuits; circuit board for use in telecommunication; data processing apparatus, namely, computer

hardware and software for the generation, management and authentication of data in the field of energy production, power generation and heating installations; electric switching plates for use in the field of energy production and power generation; electric batteries and parts thereof for use in the field of energy production and power generation; electric accumulators and parts thereof for use in the field of energy production and power generation; fuel cells and parts thereof; battery chargers for electric accumulators and batteries; electric control panels for use in the field of energy production and power generation; electric and electronic power controllers for industrial machinery used in energy production plants and power generation plants and for controlling the temperature of heating installations; electronic sensors for surveillance, monitoring, testing, operating and controlling of heating, cooling, ventilation and conditioning equipment as well as facilities for energy production and power generation; thermal sensors [thermostats]; thermostats; thermostat controllers; electric and electronic industrial controls for energy conservation, energy consumption, energy management, access control, security and environmental surveillance for energy production plants, power generation plants and heating installations; electric and electronic industrial controls for the operation of buildings; computer software and hardware for the remote control of combined heat and power (CPH) installations in the field of energy production, power generation and heating installations; electric and electronic controls for security surveillance and fire prevention for buildings; electric and electronic sensors for energy production plants, power generation plants and heating installations; electric and electronic signal transmitters namely signal processors and emergency signal transmitters for energy production plants, power generation plants and heating installations; electric and electronic surveillance video installations for remote control of industrial working processes in the field of energy production, power generation and heating installations; electric and electronic controls for electricity generation in the field of energy production and power generation; computer software for collection and evaluation of technical data in the field of energy production, power generation and heating installations; computer software for the remote control of combined heat and power (CHP) installations in the field of energy production, power generation and heating installations; electric and electronic apparatus for remote ignition namely keyless ignition switch systems for combined heat and power (CHP) installations; electronic controls for combined heat and power (CHP) installations; computer software for remote visualization and processing of technical data in the field of power generation and energy production; computer hardware and software for secure authentication via digital certificates in the fields of technical project management and monitoring as well as construction planning, in particular in the development and installation of power generation plants, energy production plants, heating installations and ventilation; computer software applications for the organization, administration, retracing, automatization, remote accessing and cataloguing of information and functions in relation to the maintenance, utilization, repair, security and management of energy recovery systems, systems for electricity generation and heating installations.

Class 11

(2) Air ventilators for use in the field of power generation plants; heating systems for use in the field of energy production plants, power generation plants and heating installations, namely, industrial furnaces; boilers for heating installations; combustion channels for heating boilers for use in industrial plants and machines; boiler pipes [tubes] for heating boilers; heating elements; heat exchangers; boilers for heating installations for use in energy production and power generation installations, in particular combined heat and power (CHP) installations; burners for heating installations for use in energy production and power generation installations, in particular combined heat and power generation installations; steam accumulators; thermostatic valves [parts of heating installations] for use in energy production and power generation installations, in particular

combined heat and power (CHP) installations; heat pumps for energy generation and energy processing; fireplaces; refrigerating and freezing equipment, namely, refrigerators for use in energy production and power generation installations, in particular combined heat and power (CHP) installations; water coolers; water heaters; hot water appliances, namely, hot water boilers, hot water tanks, and hot water heaters for use in energy production and power generation installations, in particular combined heat and power (CHP) installations; water heaters and boilers; hot water heaters; heat accumulators and heat regenerators.

Services

Class 35

(1) Business consultancy and advisory services for third parties, namely the provision of business advice and solutions for cost savings in relation to operational costs, operating costs and services from suppliers; conducting and analysis of energy billing audits; combined invoicing for customers supplied by several energy provider's as well as checking and verifying energy bills; procurement of contracts for third parties, including via the Internet, for construction projects, particularly in the field of power generation and energy production; creation of cost-price analyses, price comparison services (also online); preparation of business reports, economic forecasts and statistics; procurement of contracts for the purchase and sale of goods for third parties in the field of power generation and energy production; arranging and concluding commercial transactions for third parties, including through e-commerce and via the internet; arranging contracts for third parties concerning the purchase and selling of goods, including through e-commerce and via the internet; consultancy services, in particular via the Internet, in connection with the selling of goods, including energy, and the use of services, in particular of energy suppliers and electricity providers; consultancy services in the field of energy usage management for buildings; business risk assessment through the preparation of technical/analytical reports in the field of energy production, power generation and heating installations; business management in the field of efficiency, sustainable supply with and consumption of energy for buildings.

Class 37

(2) Building construction and demolition services; construction, installation, maintenance, deconstruction, modernization and repair of energy production installations and installations for power generation, in particular CHP installations; installation, maintenance and repair of heating installations and heating systems; maintenance, cleaning and repair of heating installations, air conditioning installations, refrigerating and ventilating equipments, in particular of steam boilers and burners; repair and maintenance of microcomputers and computer hardware; installation and maintenance of power monitoring devices and environmental monitoring devices in the field of power generation and energy production; installation, maintenance, servicing and repair of generators and transformers as well as of electrical equipment in the field of power generation and energy production; installation, maintenance and repair of devices and instruments for examining, controlling, measuring and testing for use in the field of power generation and energy production; installation of electrical systems; installation of gas and water systems.

Class 38

(3) Telecommunication services, in particular computer-aided transmission of electronic data and technical information and mobile communication services in the field of energy production, power generation and heating installations; providing multiple user access to a global computer network; providing telecommunications connections namely providing user access to a global computer network; electronic text messaging, e-mail, and internet service provider services; providing telecommunications connections to a global computer network via satellite; providing access to computer programs, namely, computer software for the administration of computer local area

networks in the field of data networks; electronic text messaging, via satellite; rental of access time to global computer networks; providing multiple user access to a computer network; providing online telecommunication services for the transfer of electronic data namely electronic mail and video conferencing between companies and service providers or other third parties.

Class 40

(4) Generation of electricity; Treatment of gas, namely, gas production services, gas compression services, liquefaction of natural gas and petroleum gas.

Class 42

(5) Architectural services and construction drafting services, namely, preparation of reports relating to technical project studies for construction projects; engineering and industrial engineering services in the fields of technical project management and monitoring as well as construction planning, in particular in the development and installation of power generation plants, energy production plants, heating installations and ventilation equipments; performing physical investigations, namely, providing testing services regarding the physical integrity of energy production plants, power generation plants and heating installations; environmental analysis in particular in the field of energy production plants, power generation plants and heating installations; technical consultancy services in the field of energy savings; technical consultancy services relating to the computer-aided automatization of technical and industrial processes namely providing technical information updates of industrial process control computer software via the global computer network; technical studies, in particular for optimizing the generation, storage and transformation of heat and steam generated in the course of power generation; evaluation of technical data, in particular of energy consumption in technical or industrial plants; comparative analysis studies on the efficiency of energy consumption in technical or industrial plants; technical consultancy services, in particular in the field of construction, manufacturing and quality control, technical examination and evaluation of power plants; planning of data communication networks with regard to increased security requirements; technological consultancy in the field of energy generation, energy use and energy utilization; professional consultancy services on energy saving measures; technical consultancy services in the field of building services for energy production and power generation; technical consulting and testing in relation to efficiency, sustainable supply of energy for buildings; technical consultancy services in the field of energy consumption and energy savings; drafting services, namely, preparation of reports on energy consumption and energy savings for buildings; energy audits; design of cooling systems, air conditioning systems, energy systems and security systems for buildings; development of energy and power management systems in the field of energy production and power generation; research services relating to the computer-aided automatization of technical and industrial processes in the field of energy production and power generation; technical consultancy services relating to the computer-aided automatization of technical and industrial processes in the field of energy production and power generation; design and development of systems for the computeraided automatization of technical processes and industrial processes in the field of energy production and power generation; development, customization and technical planning of intelligent combined heat and power (CHP) installations for the computer-aided automatization of the customization of energy consumption in technical and industrial processes as well as technical and industrial plants, including based on specific customer requirements; design and development of computer hardware and software for data transmission in the field of energy production and power generation; design and development of electronic data security systems for use in the field of energy production and power generation; development of computer software for energy product and power generation, as well as for real estate management; development of computer software for digital signal processing; design, installation, verification and maintenance of computer software; maintenance, updating and

customization of data processing programs to the needs of users; providing on-line support services to users of computer programs; programming of mobile and web-based software applications for organizing, managing, tracking, automatizing, accessing, and cataloging information and functions relating to the maintenance, utilization, repair, security, and management of power plants, electricity generation plants, and heating installations; programming of energy management software; technical consultancy services in the field of the design, development, engineering, maintenance and management of computer networks; computer network security services in the field of energy production and power generation.

Class 45

(6) Licensing of computer software; consulting services relating to licensing of wireless communication systems

CHANGING WASTE FOR GOOD

Trademark Type

Word

Goods

Class 01

Compost, fertilizers, soil amendments for agricultural and horticultural purposes, soil conditioners for agricultural, domestic and horticultural use, planting and potting soil, horticultural potting soil, agricultural lime, wood fibers, namely wood pulp.

Services

Class 35

(1) Operation of facilities for the processing, recovery, and recycling and disposal of solid and liquid, hazardous and non-hazardous waste from oilfields, industrial, commercial and institutional facilities and households; operation of waste water disposal wells; operation of landfills for non-hazardous and hazardous waste from oilfields, industrial, commercial and institutional facilities and households; business management namely management and maintenance of plants and plants for processing and storage of organic wastes and organic waste products; sale of solvents and the sale of equipment, all for use in motor vehicle parts washers and paint gun washers; sale of oil-derived products for use in the manufacture of bulk explosives in mining applications and to cap and prevent surface erosion in mining caverns; wholesale sale of industrial and automotive lubricants; providing labourers for refractory removal and safety watch for refractory removal.

Class 37

(2) Natural disaster and industrial accident response and environmental remediation services being treatment of polluted soils, polluted groundwaters, and waste disposal; emergency response services, namely spill containment and clean up, and on-call service; services for onshore oil and natural gas drill sites, namely solids control services and recycling and disposal of related wastes; salt cavern disposal; industrial cleaning services, namely high pressure cleaning, vacuum and specialty cleaning for industrial premises, high pressure water blasting, turnaround services for cleaning of industrial premises, wet and dry vacuum cleaning, hydro-excavation, mobile steaming, sewer flushing, pipeline descaling technology services, automated technology, namely use of industrial robots for cleaning industrial premises, exchanger, line and vessel cleaning, high pressure water cutting, tank cleaning fibre line, evaporators, power boilers, recaust and kiln

cleaning, and remote camera and video inspections; tank cleaning services, namely robotics services, customized automated tank cleaning, extractor/sludge deinventory tool, treatment of hazardous waste water, and remote camera and video inspections; dredging and dewatering services, namely pond management, sludge removal, geo-bag sludge processing, centrifugate sludge processing, debris management, waste minimization and processing, pump rentals, filter presses, pond dredging, high volume fluid management, process-flow filtration units, product polishing, solids control management, recovery of valuable product, filtering, and water treatment for reuse; chemical cleaning services, namely acid descaling, alkaline degreasing, preoperational cleaning, foam cleaning chemistries, organic solvent circulation, vapour phase/decontamination, chelant chemistry for iron scale removal, passivation of steel or stainless steel surfaces, mobile laboratory, boiler and digester cleaning, insitu exchanger cleaning, pressure testing, inhouse testing and analysis, temporary pipe installations and tank rentals, remote camera and video inspections; hydro excavation services, namely sludge removal, sludge processing, and disposal; labour services, namely refractory removal; land reclamation and amendment; disposal of contaminated soils; discharge and disposal of contaminated water; maintenance of equipment, all for use in motor vehicle parts washers and paint gun washers.

Class 39

(3) Collection, transportation, storage and disposal of solid and liquid, hazardous and non-hazardous waste from oilfields, industrial, commercial and institutional facilities and households; disposal of solid, nonhazardous and hazardous industrial wastes from commercial, industrial and institutional sources and households and by products generated by the oil and gas industry; collection, transportation and storage of household and yard waste, and of organic waste from industrial, commercial and institutional sources; transportation and storage of organic waste removed from treated wastewater and manures; collection of food waste and organic waste for purposes of converting them to compost, soil amendment, soil conditioners, planting and potting soil, topsoil, planter mix, fertilizer and mulch; organic waste disposal services, namely, transport and storage of compost; oil collection, namely the collection of used oil, automotive glycols, waste fuels and solvents; recovery of used plastics; recovery services, namely removal of valuable materials from oilfield, industrial, commercial and household waste streams; services for offshore oil and gas facilities, namely the collection and disposal of naturally occurring radioactive materials, the collection, and disposal of drilling mud; man-less entry tank cleaning for offshore supply vessels; the collection, sorting and disposal of hazardous waste.

Class 40

(4) Consulting in the fields of management and disposal of solid and liquid, hazardous and nonhazardous waste from oilfields, industrial, commercial and institutional facilities and households; information services, namely providing information on the reduction of solid and liquid, hazardous and non-hazardous waste from oilfields, industrial, commercial and institutional facilities and households, on the development of programs for diverting, re-using and recycling solid and liquid, hazardous and non-hazardous waste from oilfields, industrial and commercial facilities and households, and on programs for environmental protection; treatment of contaminated soils; treatment, recycling of contaminated water; the production and the rental of equipment, all for use in motor vehicle parts washers and paint gun washers, and the recycling of used solvents; the production of oil-derived products for use in the manufacture of bulk explosives in mining applications and to cap and prevent surface erosion in mining caverns; services for offshore oil and gas facilities, namely the treatment of naturally occurring radioactive materials, the processing of drilling mud, bioremediation, recycling of used plastics; recycling services, namely recycling of valuable materials from oilfield, industrial, commercial and household waste streams; oil recycling, namely the processing of used oil, automotive glycols, waste fuels and solvents, the production of

recycled base oils and lubricants, and the recycling of oil, fuel and air filters; recycling of lead acid batteries and other materials and lead resource recovery, namely the processing of industrial wastes indigenous to the lead smelting process; waste water treatment services; organic waste management services, namely recycling of compost; waste sorting services; waste management contracting services, namely recycling of waste and trash; treatment and processing of solid organic waste removed from wastewater; treatment and processing of organic food waste; composting services; material treatment services namely aerobic decomposition and decaying of leaf and yard waste and anaerobic digestion of organic waste; consultation in the field of recycling of waste and trash; processing, recovery, and recycling and disposal of solid and liquid, hazardous and non-hazardous waste from oilfields, industrial, commercial and institutional facilities and households.

Class 41

(5) Educational services, namely providing training for others in the fields of waste management, health and safety for commercial and industrial companies, and environmental management.

Class 42

(6) Designing waste disposal systems; research in the fields of recycling and recovery of solid and liquid, hazardous and non-hazardous waste from oilfields, industrial, commercial and institutional facilities and households; consulting, development and management of ASM (Agricultural Source Management) plans, NASM (Non-Agricultural Source Material) plans, and regulatory plans related to handling and processing of treated and recycled materials; consultation and planning in the field of management of soil health; consultation and planning in the field of land reclamation.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a triangle in violet with two partial circles which are orange with white outlines and two partial circles which are violet with white outline. Below the triangle is the term "MILTENYI BIOTEC" in violet.

Goods

Class 01

(1) Chemical, biological and biochemical products for industrial, scientific and diagnostic purposes, other than for medical purposes, namely, biological tissue specimens for industrial and scientific purposes; products for use in separation processes for biological materials, namely, chemical additives for use in separation processes of biological tissue, bone marrow, cells, and blood; chemical and diagnostic reagents for cell separation, labeling chemical reagents, biochemical and diagnostic reagents, cell culture media for growing cells, chemical substances and chemical ingredients for the preparation of cell culture media, all for non-medical commercial and scientific purposes and for the use in medical research laboratories; chemical, biochemical and diagnostic reagents for non-medical purposes for the processing, separation, isolation, enrichment, depletion, detection, screening, analysis and counting of chemical and biological material for scientific and research purposes; diagnostic reagents with magnetic beads for medical-scientific research use;

antibody reagents for scientific purposes; buffer solutions and antibody reagents for use with laboratory instruments, especially separation instruments, analysis instruments, reactors and imaging instruments in analytical chemistry; chemical reagents for processing of biological material, namely, tissue, bone marrow, cells, blood and its components for scientific or research purposes; diagnostic reagents and preparations for scientific purposes and for use in medical laboratories, namely, diagnostic reagents for medical-scientific research use and diagnostic preparations for medical-scientific research use; cell and blood culture media for scientific purposes, cryopreservation cell freezing media for scientific purposes, contrast agents for diagnostic ultrasound imaging for scientific purposes; antibody reagents for use in biotechnology, in biological treatment processes and in the biotechnology industry, all for scientific purposes

Class 02

(2) Dyestuffs, colorants for use in the manufacture of pharmaceuticals, all especially for pharmaceutical, medical, or scientific purposes

Class 05

(3) Pharmaceutical, medical and veterinary preparations, namely, diagnostic preparations for clinical laboratory use for the purpose of early recognition and characterization of diseases; clinical diagnostic reagents, contrast media for in vivo imaging, and diagnostic agents for the preparation of contrast media for in vivo imaging, all for medical and veterinary purposes; chemical, biochemical and diagnostic reagents for the processing, separation, isolation, enrichment, depletion, detection, screening, analysis and counting of biological tissue, bone marrow, cells, and blood, diagnostic reagents with magnetic beads, and antibody reagents, all the foregoing for medical or veterinary purposes; all purpose disinfectants and clinical diagnostic reagents for use with medical instruments, especially separation instruments, analysis instruments, reactor and imaging instruments; cell culture media for the processing of biological material, especially tissue, bone marrow, cells, blood and its components, all for medical laboratory use and veterinary research; blood culture media, cell culture media, and clinical diagnostic reagents for medical and veterinary purposes; diagnostic preparations for clinical laboratory use; cryopreservation cell freezing media for medical and veterinary purposes, contrast agents for diagnostic ultrasound imaging all for medical and veterinary purposes; pharmaceutical products, for the cellular therapy, namely, pharmaceutical products for the treatment of cancer, immunologic diseases, namely, autoimmune diseases, immunologic deficiency syndromes, bacterial skin infections, fungal skin infections, viral skin infections, parasitic skin infections and neurological diseases, namely, Alzheimer's, Huntington's Disease, cerebral palsy and cardiovascular diseases; chemical, biological and biochemical products for therapeutic and diagnostic purposes, namely, diagnostic preparations made from chemicals and biochemicals for medical purposes for the treatment of cancer and biological preparations for the therapeutic treatment of cancer, immunologic diseases, namely, autoimmune diseases, immunologic deficiency syndromes, bacterial skin infections, fungal skin infections, viral skin infections, parasitic skin infections and neurological diseases, namely, Alzheimer's, Huntington's Disease, cerebral palsy and cardiovascular diseases

Class 09

(4) Scientific, optical and measuring apparatus and instruments, namely, laboratory apparatus and instruments for the separation, analysis, processing and cultivation of biological material, namely, biological microscopes; computer software for controlling and managing samples of blood and blood elements information; computer software for use in operating medical equipment for use in the separation, analysis, processing and cultivation of biological tissue, bone marrow, cells, and blood; computer software for controlling and managing samples of cells especially blood and blood elements information; scientific, electrical and electronic laboratory instruments for conducting

enzymatic reactions, namely, spectrophotometers for laboratory use; laboratory equipment, namely, cytometer for measuring physical and chemical properties of cells and other particles in suspensions

Class 10

(5) Apparatus for magnetic cell separation for medical purposes, namely, magnetic columns for laboratory use, medical drainage and transfusion tubing, medical diagnostic apparatus in the nature of columns for cell analysis for medical purposes, medical sacks, bags, surgical sterile sheets, tubes and tubing connectors for medical, scientific and biotechnological purposes, namely, for tissue and blood collection for cryopreservation, apparatus and instruments for medical, biotechnological and scientific purposes, namely, medical instruments for general examination, spare structural parts for the aforesaid goods; dialysis machines for medical use; apheresis machines for medical use; surgical apparatus, namely, surgical instruments; dental instruments; medical apparatus and instruments, namely, medical instruments for apheresis

Class 16

(6) Plastic materials for packaging, namely, bags of plastics for packaging and polypropylene foils for packaging, for the cryopreservation of biological and biochemical material, namely, cellular material for biological and medical research and therapy

Class 17

(7) Sacks, bags, sheets, tubes and joints of rubber for packaging, gutta-percha, natural rubber, semi-processed plastics, for medical, scientific and biotechnological purposes, namely, cryopreservation, polymer films for the manufacture of the aforesaid goods; cell suspension hoses, hose assemblies and fittings for cell suspension, for medical, scientific and biotechnological purposes

Services

Class 39

(1) Biological and biochemical storage, especially cryopreserved material for medical, scientific and biotechnological purposes; services of medical, pharmaceutical or biotechnology laboratories in connection with the aforementioned services, namely, providing information about biological and biochemical storage, especially cryopreserved material for medical, scientific and biotechnological purposes

Class 42

(2) Scientific and technological services and research and design services relating hereto, namely, scientific research and design of medical and laboratory equipment for others; industrial analysis and research services, namely, medical research laboratory services and laboratory research in the fields of biology and medicine; design and development of computer hardware and software for the analysis, all of the aforementioned services for and in connection with the analysis of biological and biochemical material, especially of cellular material for biological and medical research and therapy

Class 44

(3) Providing medical and pharmaceutical laboratory services, for the manufacture of cell therapeutic agents, cell compounds, cell preparations, and cellular medicines for the treatment of cancer, the selection, stimulation, and activation of cells cultures for the treatment of cancer, as well as the manufacture of diagnostic test kits comprising diagnostic agents, preparations and

substances for detecting cancer and antibody and cell culture reagents; medical laboratory services for providing extracorporeal plasma therapy; medical treatment services, namely, medical care and analysis services related to patient treatment

Colour Claim

Colour is claimed as a feature of the trademark. The colors blue, grey, yellow, orange, mauve, and teal are claimed as a feature of the mark. The mark consists of a product label incorporating a hologram. The design is composed of two overlapping circles. The top circle is grey with a grey circular border with the words "BLU GIOVELLO" in blue in the center of the circle. The overlapping portion of the circles is grey with a blue border with three blue stars in a horizontal line in the center. The bottom circle has a blue outer border with a grey inner border and a grey dragonfly in the center on a primarily blue hologram background which also features incidental iridescent polygons of yellow, orange, mauve and teal.

Goods

Goods

Class 01

(1) Adhesives for use in construction; chemical compounds for use in construction, namely chemical additives for mortar, industrial chemicals for use in the manufacture of polyurethane, polyurethanes; chemical products for use as fasteners, namely agglutinants for mortar, epoxy resins; adhesive and glues for industrial purpose, namely polyurethane adhesives, adhesives for use in the construction industry, latex glue for industrial purposes, wood glue for industrial purposes.

Class 06

(2) Fasteners of metal, namely dowel pins, ball lock pins, cotter pins, push pins and dowels; anchor; anchor plates of metal; cover plates of metal; hinges of metal; self-tapping bushings of metal (other than parts of machines); wire hooks for lifting and rigging, for supporting cable bundles on walls and ceilings; mounting plate of metal, namely metal bonding fasteners for mounting and demounting of ceiling and wall panels; flanges of metal; cantilevered beams of metal; guide rails of metal; clamps [small items of metal hardware], namely cable clamps of metal,

metal beam clamps, metal fence rail clamps, metal hose clamps, pipe clamps of metal; masonry anchors of metal; metal anchors; metal anchor plates; metal ducts for cable distribution; metal ventilation pipes; metal braces for handling loads; metal trims for buildings; sleeves [small items of metal hardware], namely metal expanding sleeves for affixing screws and for cable junction; plates of metal annular-shaped metal fittings for building and pipes; down poles of metal for accessing to cables; down poles of metal for cable management; connecting rods of metal; washers of metal; wall hooks of metal for pipes; steel angles for use in building construction; anchor bushes of metal; anchor flanges of metal; anchor plates; anchor devices of metal, namely anchor bolts; reinforcements of metal for building; metal reinforcing bars for masonry; rods of metal used for strengthening and reinforcing concrete structures; beams of metal, beams of steel; metal building material for reinforcement purposes; building materials of steel, namely anchor bolts of steel, tie plates of steel, steel clamps, steam beams, stainless steel hexagon bolts, stainless steel hexagon nuts, stainless steel washers, all the aforesaid for assembling modular support systems; concrete reinforcing bars of metal; ironmongery of metal for building, namely anchor bolts, tie plates, clamps, beams, hexagon bolts, hexagon nuts, all the aforesaid for assembling modular support systems; iron beams; moldings of metal for cornices; metal reinforcement for concrete; metal reinforcement fabrics for building; metal beams for building; metal reinforcement for concrete; metal structures for mounting solar panels; metal ventilation ducts; metallic ventilation ducts steel girder; steel rails; steel structures, namely anchor bolts of steel, tie plates of steel, steel clamps, steam beams, stainless steel hexagon bolts, stainless steel hexagon nuts, stainless steel washers, all the aforesaid for assembling modular support systems; struts of metal, namely brackets of metal; prefabricated building elements of metal, namely prefabricated metal walls for building.

Class 09

(3) Scientific, nautical, surveying, photographic, film, optical, weighing, measuring, signaling, checking, life-saving and teaching apparatus and instruments, namely laser distance meters, laser distance sensors, point-marking and construction layout apparatus used on floors, walls and ceilings, digital laser levels used for leveling, squaring and aligning, humidity sensors, temperature sensors, energy meters for tracking and monitoring energy usage, optical sensors, theodolites, laser scanners, scanners for analysing concrete and detecting embedded objects in it, 3D scanners; apparatus and instruments for renting, switching, converting, storing, regulating and controlling electricity, namely ducts specially adapted for holding and spacing electricity conduits, electricity distribution consoles, electricity limiter, electric switchbox; compact discs, DVDs and other digital recorders, namely compact disc recorders, DVD recorders, tape recorders, video recorders; cash registers, calculating machines, namely electronic calculators, data processing hardware computers and scanners, computers; computer software for construction purposes, namely for processing digital images, 3D models and plan views, analysing concrete structures, creating reports and documentation; fire extinguishers.

Class 16

(4) Stickers; adhesive labels and QR code labels; stickers containing information about building materials and building accessories; stickers containing codes, for example QR codes, which can be read in by means of communication device.

Class 19

(5) Mortar for building; self-curing resin and mortar compounds for anchoring fasteners and filled in cartridges and capsule for use in building; non-metallic minerals for building; adhesive mortar for building; bonding mortar for building; cement mortar for building; ready-mixed cement for building purposes; mineral mixtures for the construction; mortar for construction; fire protection materials, not of metal, for building constructions fire-resistant boards and panels made of glass and cement

for building; non-metallic fabric for use in construction, namely fabrics for underlayment of flooring, fiberglass fabrics for structural reinforcement, geotextile fabrics for use in civil engineering, roofing fabrics.

Class 20

(6) Non-metallic fasteners, namely dowels and cotter pins; self-drilling dowels, not of metal.

Services**Class 35**

(1) Maintenance of computerized databases; administration of computerized databases; compilation of information into computer databases relating to statistics; systemization of data into computer databases; computer data entry services computer-aided updating and maintenance of data in computer databases; collection of data in computer databases; computerized business information management for the buying, selling and usage of building materials.

Class 42

(2) Database development services; installation of database software; updating of computer software databases; design of computer databases; design of computer database software; design and development of computer database software; computer system analysis services used for large amounts of data relating to data; providing internet search engines; design services for computer software; development, programming and implementation of software; development of computerized networks; development of computer platforms for others; design and development of data entry systems, data output systems, data processing systems, data display systems and data storage system design and creation of computer programs; design and maintenance of websites for mobile phones; software engineering services for data processing programs; administration of user rights in computer networks; configuration of computer networks; providing information on construction materials and supplies from a database via a website.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the word POST in white inside a red oval design. A gold border surrounds the red oval, and gold colored arcuate elements extend about the perimeter of the red oval, just inside the border. Below the word POST is a depiction of a gold sun and gold wheat fields. Other than as previously described, the color white represents background and is not claimed as a feature of the mark.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the stylized wording "DR JUICE", with "DR" in blue and "JUICE" in black. The "J" is formed by a stylized stethoscope design and a stylized design of an orange in the color orange appears above and is partially encompassed by the "J". The orange design also has two black eyes, with the eye on the right winking, and two green leaves on top. The "E" also has two green leaves above it. The color white represents background, outlining, shading and/or transparent areas only and is not claimed as a feature of the mark.

Goods

Class 01

(1) Chemical, biological and biochemical products for industrial, scientific and diagnostic purposes, other than for medical purposes, namely, biological tissue specimens for industrial and scientific purposes; products for use in separation processes for biological materials, namely, chemical additives for use in separation processes of biological tissue, bone marrow, cells, and blood; chemical and diagnostic reagents for cell separation, labeling chemical reagents, biochemical and diagnostic reagents, cell culture media for growing cells, chemical substances and chemical ingredients for the preparation of cell culture media, all for non-medical commercial and scientific purposes and for the use in medical research laboratories; chemical, biochemical and diagnostic reagents for non-medical purposes for the processing, separation, isolation, enrichment, depletion, detection, screening, analysis and counting of chemical and biological material for scientific and research purposes; diagnostic reagents with magnetic beads for medical-scientific research use; antibody reagents for scientific purposes; buffer solutions and antibody reagents for use with laboratory instruments, especially separation instruments, analysis instruments, reactors and imaging instruments in analytical chemistry; chemical reagents for processing of biological

material, namely, tissue, bone marrow, cells, blood and its components for scientific or research purposes; diagnostic reagents and preparations for scientific purposes and for use in medical laboratories, namely, diagnostic reagents for medical-scientific research use and diagnostic preparations for medical-scientific research use; cell and blood culture media for scientific purposes, cryopreservation cell freezing media for scientific purposes, contrast agents for diagnostic ultrasound imaging for scientific purposes; antibody reagents for use in biotechnology, in biological treatment processes and in the biotechnology industry, all for scientific purposes

Class 05

(2) Pharmaceutical, medical and veterinary preparations, namely, diagnostic preparations for clinical laboratory use for the purpose of early recognition and characterization of diseases; clinical diagnostic reagents, contrast media for in vivo imaging, and diagnostic agents for the preparation of contrast media for in vivo imaging, all for medical and veterinary purposes; chemical, biochemical and diagnostic reagents for the processing, separation, isolation, enrichment, depletion, detection, screening, analysis and counting of biological tissue, bone marrow, cells, and blood, diagnostic reagents with magnetic beads, and antibody reagents, all the foregoing for medical or veterinary purposes; all purpose disinfectants and clinical diagnostic reagents for use with medical instruments, especially separation instruments, analysis instruments, reactor and imaging instruments; cell culture media for the processing of biological material, especially tissue, bone marrow, cells, blood and its components, all for medical laboratory use and veterinary research; blood culture media, cell culture media, and clinical diagnostic reagents for medical and veterinary purposes; diagnostic preparations for clinical laboratory use; cryopreservation cell freezing media for medical and veterinary purposes, contrast agents for diagnostic ultrasound imaging all for medical and veterinary purposes; pharmaceutical products, for the cellular therapy, namely, pharmaceutical products for the treatment of cancer, immunologic diseases, namely, autoimmune diseases, immunologic deficiency syndromes, bacterial skin infections, fungal skin infections, viral skin infections, parasitic skin infections and neurological diseases, namely, Alzheimer's, Huntington's Disease, cerebral palsy and cardiovascular diseases; chemical, biological and biochemical products for therapeutic and diagnostic purposes, namely, diagnostic preparations made from chemicals and biochemicals for medical purposes for the treatment of cancer and biological preparations for the therapeutic treatment of cancer, immunologic diseases, namely, autoimmune diseases, immunologic deficiency syndromes, bacterial skin infections, fungal skin infections, viral skin infections, parasitic skin infections and neurological diseases, namely, Alzheimer's, Huntington's Disease, cerebral palsy and cardiovascular diseases; contrast agents for magnetic resonance imaging

Class 10

(3) Apparatus for magnetic cell separation for medical purposes, namely, magnetic columns for laboratory use, medical drainage and transfusion tubing, medical diagnostic apparatus in the nature of columns for cell analysis for medical purposes, medical sacks, bags, surgical sterile sheets, tubes and tubing connectors for medical, scientific and biotechnological purposes, namely, for tissue and blood collection for cryopreservation, apparatus and instruments for medical, biotechnological and scientific purposes, namely, medical instruments for general examination, spare structural parts for the aforesaid goods; dialysis machines for medical use; apheresis machines for medical use; surgical apparatus, namely, surgical instruments; dental instruments; medical apparatus and instruments, namely, medical instruments for apheresis

Class 16

(4) Plastic materials for packaging, namely, bags of plastics for packaging and polypropylene foils for packaging, for the cryopreservation of biological and biochemical material, namely, cellular material for biological and medical research and therapy

Services

Class 39

(1) Biological and biochemical storage, especially cryopreserved material for medical, scientific and biotechnological purposes; services of medical, pharmaceutical or biotechnology laboratories in connection with the aforementioned services, namely, providing information about biological and biochemical storage, especially cryopreserved material for medical, scientific and biotechnological purposes

Class 42

(2) Scientific and technological services and research and design services relating hereto, namely, scientific research and design of medical and laboratory equipment for others; industrial analysis and research services, namely, medical research laboratory services and laboratory research in the fields of biology and medicine; design and development of computer hardware and software for the analysis, all of the aforementioned services for and in connection with the analysis of biological and biochemical material, especially of cellular material for biological and medical research and therapy

Class 44

(3) Providing medical and pharmaceutical laboratory services, for the manufacture of cell therapeutic agents, cell compounds, cell preparations, and cellular medicines for the treatment of cancer, the selection, stimulation, and activation of cells cultures for the treatment of cancer, as well as the manufacture of diagnostic test kits comprising diagnostic agents, preparations and substances for detecting cancer and antibody and cell culture reagents; medical laboratory services for providing extracorporeal plasma therapy; medical treatment services, namely, medical care and analysis services related to patient treatment

Visual Representation

Trademark Description

The mark consists of an oval label, with a golden border and a smaller oval inside in bright grey background where the words «BIRRA-BIÈRE-BIER-BEER» are reproduced in white. At the top of the label is represented a design of three evergreen trees on a white hill with green patches of grass. In the middle of the label there is another smaller oval label outlined by two concentric lines, one black and the other red, with the black block letters Spezialbier-Brauerei at the top and the word PREMIUM in red colour and block letters at the bottom. In the middle there is a horizontal inscription on a white background with the word FORST in capital letters and coloured in green. Inside the letter «O» three stylized evergreen trees in green colour are placed.

Colour Claim

Colour is claimed as a feature of the trademark. White, black, red, green, gold and grey. The mark consists of an oval label, with a golden border and a smaller oval inside in bright grey background where the words «BIRRA-BIÈRE-BIER-BEER» are reproduced in white. At the top of the label is represented a design of three evergreen trees on a white hill with green patches of grass. In the middle of the label there is another smaller oval label outlined by two concentric lines, one black and the other red, with the black block letters Spezialbier-Brauerei at the top and the word

PREMIUM in red colour and block letters at the bottom. In the middle there is a horizontal inscription on a white background with the word FORST in capital letters and coloured in green. Inside the letter «O» three stylized evergreen trees in green colour are placed.

Foreign Character Translation

As provided by the applicant, the translation of the mark is FORST Special beer brewery premium.

Goods**Class 32**
