Trademarks Journal

2023-04-19 — Vol. 70 No. 3573

Trademarks Journal

Vol. 70 No. 3573

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Colour Claim

Colour is claimed as a feature of the trademark. The TEXT of the logo 'SURGUIN' is in three colours which are RED, Black and Blue. 2 Design on the top of the logo are in blue colour. The statement under the logo "Your Source for HealthCare Products" is in black.

Goods

Class 05

(1) Finished products namely adult diapers, dressing bandages, absorbent pants, incontinence pads and ostomy bags.

Class 08

(2) Hand operated tools and cutlery namely knives, nail clippers, hair clippers, scissors, can openers, forks.

Class 10

(3) Physiotherapy , medical, surgical, therapeutic and assistive devices used for diagnosis treatment and improvement of health namely blood pressure monitors, glucose monitors, timers adapted for disabled, weight scale, back and body massagers . Medical Furniture namely hospital beds, massage tables, treatment table or chairs. Bed Wedges. Support devices namely back support belts, braces for knees and ankle . Aircast to support sprains and fracture .Chemically activated Hot and Cold gel packs used for medical purposes to generate heat in therapy ; heated socks; heating units used in clinics like hydrocollators; moist heat therapy packs.

Class 11

(4) Shower chair, toilet seat frame, bed rails and bath safety frames for limited mobility and support.

Class 12

(5) Power mobility goods to transport individuals namely self driven 4- wheels wheel chair, assistive wheel Chair. Walkers namely 2 wheels ,4 wheels or no- wheels walkers.

Class 16

(6) clinical examination paper namely massage table paper .

Class 18

(7) walking Sticks, body slings, neck collars, posture control belts for body.

Class 20

(8) Metal furniture namely massage tables, chiropractic and physiotherapy treatment table, desks and chairs.

Class 28

(9) Amusements goods namely yoga, gym mats and exercise mats. Exercise bands, wobble boards, flex bars, exercise pulleys for shoulder, pedal exercisers, hand exercise balls, exercise weights.

Services

Class 35

(1) Retail sale of healthcare goods to physiotherapy clinics namely physiotherapy, medical, surgical, therapeutic and assistive devices used for diagnosis treatment and improvement of health namely blood pressure monitors, glucose monitors, timers adapted for disabled, weight scale, back and body massagers. Medical furniture namely hospital beds, massage tables, treatment tables or chairs. Support devices namely back support belts, braces for knees and ankle. Aircast to support sprains and fracture. Chemically activated Hot and Cold gel packs used for medical purposes to generate heat in therapy; heating units used in clinics like hydrocollators; moist therapy packs. wholesale services for medical goods to healthcare and physiotherapy clinics namely blood pressure monitors, glucose monitors, timers adapted for disabled, weight scale, back and body massagers. Medical furniture namely hospital beds, massage tables, treatment tables or chairs. Bed wedges. Support devices namely back support belts, braces for knees and ankle. Aircast to support sprains and fracture. Chemically activated Hot and Cold gel packs used for medical purposes to generate heat in therapy; heating units used in clinics like hydrocollators; moist therapy packs.

Class 37

(2) Repair and Installation services offered for Health Care goods on Assistives Devices like clinical beds, chairs , Massage Table installation of Mobility Devices like 2 and 4 wheel walkers, , self driven an4- wheel wheel chairs. Installing shower chairs, Raised toilet seats

Blank magnetic data carriers, namely floppy discs and hard discs; blank recording discs, namely blank compact discs, blank digital versatile discs, blank optical discs, and blank laser discs; pre-recorded compact discs containing music; pre-recorded DVDs containing movies and television shows; cash registers; calculators; computer software namely downloadable computer software featuring an entertainment database for providing, purchasing, renting, and accessing downloadable and non-downloadable movies, TV shows, music, and digital video recordings; computer software for streaming, broadcasting, transmitting, distributing, reproducing, organizing and sharing music, comedy and spoken word poetry performances, audio books, downloadable and non-downloadable digital content being videos, video games, movies, and television programs via a global communications network; computer software for use in authoring, downloading, transmitting, receiving, editing, extracting, encoding, decoding, playing, viewing, storing and organizing digitized documents, digital images, audio and video files, namely movies, television programs, music, comedy and spoken word poetry performances, audio books and downloadable and non-downloadable digital content being videos; computer software to enable users to view and listen to music, comedy and spoken word poetry performances, audio books, downloadable and non-downloadable digital content being videos, and digitized documents, namely electronic books, electronic newspapers, electronic booklets, electronic brochures, electronic handbooks, electronic magazines, electronic newsletters, and electronic pamphlets; computer software for creating and providing user access to searchable databases of information and data; search engine software; computer software for wireless content delivery of digital voice recordings, digital images, music, comedy and spoken word poetry performances, audio books, downloadable and non-downloadable digital content being videos, video games, movies, and television shows; computer software for accessing online information in the field of online retail store services, and in the fields of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business and finance, politics and government, health and physical fitness, weather, science and technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law; computer software for facilitating electronic payments and

online e-commerce transactions made by mobile phones, smart phones, tablet computers, electronic book readers, personal digital assistants, and smart watches; computer software for use in disseminating advertising material for others via the Internet; computer software for use in sharing information about consumer products, services, and deals via the Internet; computer software for electronic storage of data, namely computer utility file storage programs; computer software for image and speech recognition; computer software for home automation, namely computer software to allow users to operate, control and monitor home automation systems; computer software for purchasing, accessing and viewing movies, TV shows, digital video recordings, music, comedy and spoken word performances, audio books, and video games; internet browser software; audiovisual recordings featuring entertainment programs, namely movies, musical programs, TV shows, and digital video recordings on a variety of topics; downloadable music files; downloadable digital audiovisual recordings and digital multimedia recordings, containing fiction and non-fiction stories on a variety of topics, provided via a video-on-demand service; downloadable motion pictures and television shows featuring fiction and non-fiction stories on a variety of topics, and audio and video recordings featuring fiction and non-fiction stories on a variety of topics; digital media, namely, pre-recorded digital video discs, digital versatile discs containing movies, television shows, digital video recordings, and sports; downloadable audio and video recordings, DVDs, and high definition digital discs featuring fiction and non-fiction stories on a variety of topics; downloadable digital audio recordings, digital multimedia recordings, digital text files, electronic written documents, digital video recordings, all containing fiction and non-fiction stories on a variety of topics in the field of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business and finance, politics and government, health and physical fitness, weather, science and technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law; downloadable mobile applications to enable users access to music, comedy and spoken word performances, audio books, digital video recordings, video games, movies, and television programs; digital media streaming devices, namely computer hardware, MP3 players, MP4 players, tablet computers, personal computers, electronic book readers, mobile phones, smart phones, cellular phones, personal digital assistants, televisions, and set-top boxes; set-top boxes; portable and handheld electronic computer hardware for transmitting, storing, manipulating, recording, and reviewing text, images, audio, video and data, including via global computer networks, wireless networks, and electronic communications networks and electronic and mechanical parts and fittings thereof; computers, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic personal organizers, personal digital assistants, and global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and electronic and mechanical parts and fittings thereof; computer monitors, computer display screens, electric wires, computer cables, modems, computer printers, disk drives for computers, computer network adapters, computer adapter cards, cable connectors, plug-in connectors, electrical power connectors, computer hardware drivers, and docking stations for mobile phones, smart phones, cellular phones, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic personal organizers, electronic book readers, and personal digital assistants; battery chargers for mobile phones, smart phones, cellular phones, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic personal organizers, electronic book readers, and personal digital assistants; battery packs for mobile phones, smart phones, cellular phones, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic personal organizers, electronic book readers, and personal digital assistants; flash

memory cards and memory card readers; headphones and earphones; speakers, microphones, and headsets; cases, covers, and stands for computers and portable and handheld electronic devices, namely mobile phones, smart phones, cellular phones, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic personal organizers, electronic book readers, and personal digital assistants; remote controls for portable and handheld electronic devices, namely personal digital assistants, electronic key fobs and tags, barcode readers, barcode scanners, handheld scanners, smart phones, portable computers, laptops, tablet computers and mobile phones, and computers; magnetically encoded gift cards; computer software for the collection, organizing, modifying, book marking, transmission, storage, and sharing of data and information, namely movies, television shows, music, and digital video recordings; software for the electronic transmission and display of text files, images and sound files in the field of movies, television shows, music, and digital video recordings; computer software for online shopping, namely software that enables users to view and purchase goods over the Internet; computer hardware; computer chips; general purpose batteries; batteries for mobile phones, smart phones, cellular phones, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic personal organizers, electronic book readers, and personal digital assistants; handheld devices, namely remotes for controlling televisions, audio speakers, audio amplifiers, home audio stereo systems, and home entertainment systems comprised of televisions, audio speakers, DVD players, video disc players, set-top boxes, video game consoles, and audio-video receivers; computer software for personal information management, namely, computer software to enable users to manage their personal file collections, notes, address books, task lists, calendars, reminders, e-mail and instant message archives, and voicemail messages; database synchronization software; computer programs for accessing, browsing, and searching online databases; software for the synchronization of user-generated data between a remote station and device and a fixed or remote station and device; software for telecommunication and communication via local or global communications networks, namely, software for the transmission of data between two points comprising of text messages, e-mails, internet access and streaming of television shows, movies, digital video recordings and music; software for telecommunication and communication via local and global communications networks, namely software for upload, storage, retrieval, download, transmission and delivery of digital content, namely television shows, movies, digital video recordings and music; software for telecommunication and communication via local and global communications networks, namely software for communicating digital voice recordings, music, comedy and spoken word poetry performances, audio books, downloadable and non-downloadable digital content being videos, video games, movies, and television programs between computers via local and global computer networks; software for telecommunication and communication via local and global communications networks, namely software for accessing the internet, intranets, extranets, mobile communications networks, cellular and satellite networks; software for access to communications networks namely the Internet; software for analyzing and recovering information stored in databases and data warehouses; software for computer system backup; radios, radio transmitters, and receivers; audio speakers; audio components and accessories, namely earphones, headphones, microphones, radio transmitters, radio receivers, audio amplifiers, audio receivers, and audio decoders; telephones; mobile phones; audio amplifiers and receivers; sound effects pedals for musical instruments; electronic tone generators for use with musical instruments; electronic components for use with musical instruments, namely amplifiers; toy audio apparatus, namely toy stereo headphones, toy in-ear headphones, toy audio speakers, toy digital audio players, toy portable and handheld digital audio players, toy earphones, toy ear buds, toy microphones and toy headsets; audio speakers, telephones, global positioning system (GPS) receivers, global positioning system (GPS) transmitters, and computers for use in motor vehicles; digital voice recorders and voice

recognition apparatus, namely smart audio speakers and computer hardware with virtual personal assistant and home automation capabilities; network communication apparatus, namely, wired and wireless routers, wired and wireless modems, computer network hubs, computer network switches, satellite transmitters and receivers, computer network adapters, computer network bridges, computer network servers, and network interface cards; electronic communication equipment and instruments, namely mobile and wearable computers for sending and receiving of text, data, audio, image, and video files, namely smartphones, tablet computers, smartwatches, wearable activity trackers, and smart glasses; cameras; camcorders; cinematographic cameras; cases especially made for photographic apparatus and instruments; centering apparatus for photographic transparencies, namely frames for photographic transparencies; close-up lenses; projection screens; projection apparatus, namely home theatre projectors, motion picture projectors, overhead projectors, photographic projectors, picture projectors, projection screens, slide projectors, sound projectors, and video projectors; televisions; television receivers; television monitors; stereo systems, home theater surround sound systems, and home entertainment systems, comprised of televisions, audio speakers, DVD players, video disc players, set-top boxes, video game consoles, and audio-video receivers; application development software; computer software used in developing other software applications; computer operating system software; computer software for configuring, operating and controlling smart phones, cellular phones, tablet computers, electronic personal organizers, electronic book readers, personal digital assistants, wearable activity trackers, wearable video display monitors, smart glasses, mobile phones, computers, computer monitors, computer display screens, modems, computer printers, digital music players, MP3 players, MP4 players, and digital video players; computer software for creating searchable databases of information and data for peer-to-peer social networking databases; computer game software; downloadable electronic books, magazines, periodicals, newsletters, newspapers, journals and catalogues; downloadable ring tones for mobile phones; downloadable animated cartoons; video disks with recorded animated cartoons; intercommunication apparatus, namely, computer hardware and software to communicate, control, and check the status of security alarm systems, automated environmental systems, networked kitchen appliances, electronic doorbells, and cameras in homes and other buildings; smartphones; portable telephones; telephone receivers; telephone transmitters; video telephones; phonograph records; video cassettes; video game cartridges; blank videotapes and pre-recorded videotapes; computer memory devices, namely computer memory expansion modules, flash memory card adapters, flash memory expansion modules, computer memory boards, random access memory cards, secure digital (SD) memory cards; microprocessors; modems; 3D spectacles; straps, armbands, lanyards and clips for portable and handheld digital electronic devices for recording, organizing, transmitting, manipulating, and reviewing text, data, audio, image and video files, namely mobile phones, smart phones, cellular phones, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic personal organizers, electronic book readers, and personal digital assistants; bags and cases adapted or shaped to contain digital music players, digital video players, hand held computers, personal digital assistants, electronic organizers and electronic notepads; user manuals in electronically readable, machine readable or computer readable form for use with, and sold as a unit with, each of the goods set out in this class

9

Services

Class 38

(1) Telecommunications, namely, communication via portable electronic devices, portable media players, and portable digital devices, namely mobile phones, smart phones, cellular phones, tablet computers, digital music players, MP3 players, MP4 players, digital video players, electronic

personal organizers, electronic book readers, and personal digital assistants, for transmitting, receiving, uploading, encoding, decoding, streaming, displaying, storing, caching, and transferring voice messages, audio books, music, visual digital images, books, photos, downloadable and non-downloadable digital content being videos, text messages, e-mails, movies, television shows, video games, literary works, personal file collections, and other electronic works, namely periodicals, magazines, newsletters, brochures, booklets, pamphlets, manuals, journals, and catalogues; video-on-demand transmission; Internet protocol television (IPTV) transmission services; electronic transmission of streamed and downloadable audio and video files via computer networks and the Internet featuring music, audio books, movies, television shows, news, sports, digital content being videos, and video games; electronic transmission and streaming of digital media entertainment and educational content for others via global and local computer networks, namely digital format audio books, music, digital images, books, photos, digital format music videos, movies, television shows, video games, and literary works; telecommunication services, namely, transmission and streaming of voice recordings, images, films, television programs, comedy and spoken word performances, music, audio books, video games, sportscasts, and news programs, and information related thereto by means of global communication networks, wireless computer networks, and the internet; streaming of audio, video and audiovisual material, namely movies, television shows, digital video recordings, music and audio books on the Internet, global communications networks and wireless computer networks; streaming of music, films, movies, TV shows and games on the Internet; broadcasting services, namely, radio and television broadcasting; audio and video broadcasting services, namely broadcasting of spoken word, music, comedy shows, concerts, radio programs, television programs, movies, video games, and sports and news webcasts via the Internet; broadcasting of cinematographic films and television programs, television news programs, and teleshopping programs; subscription-based audio and video broadcasting services over the Internet, namely offering subscriptions to Internet broadcasts of spoken word, music, comedy shows, concerts, radio programs, television programs, movies, video games, and sports and news webcasts; provision of telecommunication access to and broadcasting of films, television programs, radio programs, music concerts and information related thereto, provided via a video-on-demand service; Internet radio broadcasting services; telecommunication services, namely, transmission of radio and television webcasts via the Internet; electronic transmission of digital content, namely movies, television shows, sports events and music concerts by computer networks, the Internet, DSL, cable networks, digital download, digital streaming, video-on-demand, near-video-on demand, TV, free-to-air TV, pay-per-view TV, satellite, cable, telephone and mobile telephone; electronic transmission of digital photo files among Internet users via a peer-to-peer network; providing telecommunication access to online directories, websites, and reference materials, all in the field of TV shows, movies, music, musical variety shows, musical concerts, comedy and spoken word poetry performances, audio books, downloadable and non-downloadable digital content being videos, video games, digital images, books, photos, and literary works on the Internet; providing access to databases; electronic transmission of news programs via the Internet; delivery of messages by electronic transmission, namely wireless digital messaging services; electronic transmission of mail and messages, namely providing electronic mail and instant messaging services; podcasting of music, audio books, television shows, comedy shows, sportscasts, and news programs; providing on-line chat rooms for social networking; providing an on-line forum for transmission of messages among computer users and the transmission of photos, videos, text, data, images and sound; telecommunications services, namely, providing online electronic bulletin boards for the transmission of messages among computer users concerning entertainment; providing telecommunication connectivity services for the transfer of digital images, electronic mail and text messages, audio recordings, visual images, audiovisual

recordings and multimedia presentations containing music, pictures and digital audio files among mobile phones, smartphones, portable electronic computer hardware, laptops, personal digital assistants, tablets, computers, and smart audio speakers with virtual personal assistant and home automation capabilities; electronic transmission of television and movie guides over the Internet; provision of access time to global computer networks in order to view multimedia materials on the Internet; electronic transmission of data by audio-visual apparatus controlled by data processing apparatus or computers, namely transmission and processing of personal information, text messages, electronic mail, audio files, video files, multimedia files, music files, calendar and contact information, news, weather, financial information, map and direction information, spreadsheets, graphics, still images, moving pictures, books, magazines, periodicals, newsletters, and journals by means of global communication networks, wireless computer networks, and the internet; telecommunications routing and junction services, namely telecommunication bundle services that allow customers to reach cellular phones, voicemail and call routing between wireline and wireless phones and voicemail boxes; rental of access time to global computer networks; transmission of greeting cards online; rental of message sending apparatus, namely, modems, computers, telephones, facsimile machines, pagers, tablet computers, and mobile phones; rental of modems; entertainment services, namely, providing access to an Internet discussion website featuring virtual communities in which users can interact for recreational, leisure or entertainment purposes

Class 41

(2) Educational and entertainment services, namely, ongoing radio and television programs about a variety of topics in the field of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business and finance, politics and government, health and physical fitness, weather, science and technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law accessible by means of television, satellite, audio sharing portals, video sharing portals, web-based applications, mobile phone applications, and computer networks; organizing community team and individual sporting events of all types in the field of football, basketball, baseball, volleyball, hockey, lacrosse, diving, gymnastics, swimming, karate, dance, cricket, golf, figure skating, speed skating, skateboarding, badminton, bowling, boxing, cycling, equestrian, handball, motorsport, rowing, rugby, skiing, snowboarding, soccer, archery, track and field, surfing, tennis, and e-sports; organizing community cultural events, namely community festivals and music festivals; entertainment services, namely, providing information via a global computer network in the field of entertainment and entertainment-related topics, namely movies, television shows, digital video recordings, sports, and music; providing non-downloadable audio, video and audiovisual content in the nature of recordings featuring movies, TV shows, music, and videos about a variety of topics in the field of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business and finance, politics and government, health and physical fitness, weather, science and technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law via a website; entertainment services, namely, providing temporary use of non-downloadable online video featuring music, movies, TVs, and digital video recordings about a variety of topics in the field of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business and finance, politics and government, health and

physical fitness, weather, science and technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law; provision of non-downloadable digital video recordings featuring programs on a wide variety of entertainment topics in the field of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business and finance, politics and government, health and physical fitness, weather, science and technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law via a video-on-demand service; provision of non-downloadable films, movies and television shows via a video-on-demand service; distribution and rental of entertainment content, namely computerized on-line searching and ordering service featuring movies, motion pictures, documentaries, films, television programs, graphics, animation and multimedia presentations containing music, pictures and digital audio files, video games, and sportscasts in the form of digital downloads and direct digital transmission viewable over computer networks and global communication networks; film and video rental services; rental of audio-visual works, specifically, motion pictures, television programming, videos, music videos, and music; film, movie, TV show and video production and distribution; creating and developing concepts for movies and television programs for others; audio and video recording services; providing audio, video and audiovisual content in the field of movies, TV shows, videos and music via a searchable database on the Internet, global communication networks and wireless computer networks; providing online radio programming; digital audio and video publishing services, namely publishing of audio books, music, podcasts, and publishing of video game software; digital audio and video publishing services, namely publishing of television, movie, music, and video game videos; digital multimedia publishing of newspapers, periodicals, newsletters, guides, quizzes, tests, journals, manuals, and television entertainment; entertainment services, namely, providing non-downloadable prerecorded music and audio programs featuring fiction and non-fiction stories on a variety of topics, and information in the field of music, and commentary and articles about music, all on-line via a global computer network; entertainment services, namely, live visual and audio performances featuring musical, musical variety, news, dramatic and comedy shows; entertainment services, namely, providing a website featuring the ratings and reviews of television, movies, videos, music, screenplays, scripts, books and video game content; providing entertainment information in the fields of movies, television shows, music, audio books, comedy shows, sports, and video games; providing online news, information and commentary in the field of entertainment, namely movies, television shows, music, audio books, comedy shows, sports, and video games; providing information about entertainment, namely movies, television shows, music, audio books, comedy shows, sports, and video games via an online journal, namely a blog; arranging of beauty contests, wrestling contests, boxing contests, and video gaming contests; publishing of books, magazines, periodicals, literary works, art prints, art pictures, photographs, music, spoken word poetry recordings, audio books, and audiovisual works; arranging and conducting live musical concerts and performances; music production services; music publishing services; entertainment services, namely, profiling of musicians, artists and bands by providing non-downloadable video clips of musical performances over a global computer network; providing non-downloadable interactive resource for searching, selecting, managing, and viewing audiovisual content in the nature of recordings featuring movies, TV shows, videos and music; providing online newsletters in the field of television, movies, and videos via e-mail; translation and interpretation services; providing online non-downloadable electronic publications, namely, books, comic books, graphic novels, newspapers, magazines, periodicals, newsletters, journals, and catalogues; publication of texts, other than publicity texts, namely publication of magazines, books,

journals, newspapers, textbooks, and periodicals; writing of texts, other than publicity texts, namely magazine writing, screenplay writing, speech writing, book writing, and writing for journals, newspapers, textbooks and periodicals; rental of audio equipment, namely, audio speakers, audio amplifiers, audio mixers, microphones, microphone stands, mixing consoles and tape recorders; movie theatres; game services provided on-line from a computer network, namely online video gaming services; rental of game machines; providing karaoke services; rental of movie projectors and accessories; movie studios; music composition services; organization of shows, namely organizing musical and theatrical performances; radio entertainment, namely production of radio programs; rental of radio and television sets; production of radio and television programmes; rental of sound recordings, namely rental of audio books, music recordings, and audio recordings of dramatic performances, live comedic performances, and live musical performances; subtitling; television entertainment, namely, production of motion pictures, television shows, and multimedia entertainment content for viewing on television; theatre productions; organization of competitions, namely organization of fishing competitions, ice-skating competitions, gymnastics competitions, math competitions, soccer competitions, spelling competitions, music competitions, hockey competitions, track and field competitions, golf competitions, video game competitions, dance competitions, martial arts competitions, cooking competitions, football competitions, tennis competitions, and singing competitions; organization of interactive fan exhibitions in the fields of television, movies and music for cultural or educational purposes; recording studio services; videotape editing; videotaping; providing education information in the field of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business management, business leadership, financial planning, financial management, politics and government, health and physical fitness, weather, social science, medical science, environmental science, biology, chemistry, physics, medical technology, computer technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law; religious education; teaching, educational services, instruction services in the field of consumer affairs and current events, fashion and design, arts and literature, architecture, celebrities, motion picture films and television programs, history, poetry, video games, board games, sports, business management, business leadership, financial planning, financial management, politics and government, health and physical fitness, weather, social science, medical science, environmental science, biology, chemistry, physics, medical technology, computer technology, travel, personal lifestyle management and personal growth, vehicles and transportation, education and child development, real estate, food and cooking, home decorating, music, medicine and law; providing information in the field of TV shows, movies, music, musical variety shows, musical concerts, comedy and spoken word poetry performances, audio books, downloadable and non-downloadable digital content being videos, video games, digital images, books, photos, and literary works via an online blog on the Internet; sweepstake services, namely arranging and conducting sweepstake draws for promoting the sale of goods and services; sweepstake services, namely arranging and conducting sweepstake draws for promoting the sale of goods and services, provided over a global computer network

Class 42

(3) Hosting of web sites featuring online sweepstakes and contests for others for promoting the sale of goods and services

Goods

Class 07

(1) Compressors, namely, pneumatic compressors, hydraulic compressors, air compressors and electric compressors; compressed air systems, namely, compressed air pumps, compressed air engines for industrial machinery, compressed air generators for vehicles; compressed air supply systems, namely, air compressors for vehicle compressed air systems, automotive intake manifolds; electromechanical and electropneumatic entrance systems as parts of door systems for vehicles, namely, electromechanical and electropneumatic drive devices for opening and closing vehicle doors

Class 09

(2) Scientific, nautical, surveying, optical, measuring, signaling, controlling apparatus and instruments, namely, electronic distance meters, pressure regulators for vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; measuring couplings for measuring temperature, pressure, quantity and concentration of fluids in hydraulic and pneumatic systems for vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; surveying machines and instruments, all of

the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; sensors for measuring vibrations, accelerations and distances, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; electro-optical calibration instruments for use in inspection and measurement of industrial components in the field of vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, namely, electrical switch plates, electrical transformers, electric power converters, frequency converters, electrical power distribution blocks, electrical controllers engines of vehicle, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; electric apparatus for commutation, namely current switches, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; material testing instruments and machines for testing components of land vehicles, vehicle steering systems, power converters, traction inverters, traction and power components, and industrial conveyor systems for land vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; lifesaving apparatus and equipment, namely, electronic control systems for land vehicle and industrial manufacturing equipment emergency stop brakes, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; switches, electric, namely electric current switches, electric toggle switches, electric light switches, electric tactile switches, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; high-frequency apparatus, namely, high-frequency power switches, high-frequency switching power supplies, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; telecommunications equipment, namely computer hardware for telecommunications, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; data processing apparatus, namely data cables, data meters, electronic data recorders for vehicles, computers, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; data communications apparatus, namely, wireless routers for voice, data and image transmission, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; telematics apparatus, namely, telematics communication signal processors for the purpose of displaying and reproducing wirelessly transmitted information and data from vehicles, vehicle trailers and components thereof, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; telematics terminal apparatus, namely, telematics communication video display terminals for the purpose of displaying and reproducing wirelessly transmitted information and data from vehicles, vehicle trailers and components thereof, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; computer hardware, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; recorded and downloadable computer software for monitoring vehicles, railway stations and railway lines, for detecting and controlling vehicles, ground faults, broken rails, power failures, switches and lights, for controlling signaling equipment for vehicles, railway stations and railway lines, for facilitating and managing the transportation and delivery of people and goods by road and rail, for facilitating the maintenance of vehicles, railway stations and

railway lines, for fleet management, for facilitating and managing logistics of railway systems, for facilitating the training of staff with respect to vehicles and railway stations, for the steering and control of vehicles, for the remote control of railway points, for automatic steering of vehicles, for voltage regulation of vehicles, for tracking and mapping of road and rail traffic, for the management and maintenance of rail and road traffic, for the maintenance of vehicles, for modelling and simulation of road and railway equipment and optimization of road and railway equipment, for cyber security of railway systems, for measuring energy, for controlling energy, for protection against surges or electrical interferences, for controlling doors including railway platform screen doors, for controlling vehicle trailer functions, for monitoring, diagnosing, controlling and operating vehicles, for pressurizing brake systems for land vehicles, for monitoring and controlling brakes for land vehicles, for monitoring and controlling heating, ventilating, air conditioning and air purification equipment, for education featuring instruction in the field of equipment for vehicles, for management and operation of railway stations and railway lines, for use in connecting information systems, for use in monitoring, controlling and operating telecommunications equipment and systems, and for data processing in relation to all of the foregoing, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; downloadable and recorded computer software which creates, controls, records and analyzes virtual reality scenarios, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; recorded and downloadable software for monitoring, controlling and operating electronic driving assistance systems for land vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; downloadable and recorded computer programs for processing data relating to commercial and rail vehicles, for computerized navigation, and for use in the assisted driving of vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; automatic electronic vehicle speed controllers, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; adaptive speed control (ACC) (software based on sensors), namely adaptive cruise controls for motor vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; recorded and downloadable computer software for adaptive cruise control (ACC), all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; recorded and downloadable computer software for smart vehicle steering, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; recorded and downloadable computer software for smart hydraulic steering, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; recorded and downloadable computer software for monitoring, controlling and operating lane departure warning systems, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; recorded and downloadable computer software for monitoring, controlling and operating side wind compensation systems, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; simulators and computer programs for the steering and control of vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; electronic databases recorded on computer media in the field of commercial vehicles and rail vehicles, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; levelling apparatus for land vehicles in the

nature of apparatus for the electrical regulation of the height of vehicles and electrical components thereof, namely, height sensors, electronic control panels, automatic valves and recorded and downloadable software for control of vehicle level and height, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods; electronic control systems for vehicle doors and railway platform screen doors, all of the aforementioned goods for commercial and rail vehicles, railway stations and railway lines, parts and fittings for all of the aforementioned goods

Class 11

(3) Heating, ventilating, air-conditioning apparatus, namely heating elements, heating radiators, ventilating fans, ventilation hoods, air conditioners, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; air treatment apparatus, namely air purification units, air purifying machines, air cleaning units, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods

Class 12

(4) Commercial trucks, cars and rail vehicles for long-distance and local transport as well as for passenger and freight transport, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; brakes, brake systems and their parts for vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; pumps, namely, pneumatic pumps, hydraulic pumps, electric pumps for land vehicles, vehicle hydraulic and pneumatic pumps, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; engine air control valves for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; exhaust brakes for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; compressed air tanks, namely, pressure media containers in the nature of brake air cylinders and components of air suspension systems for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; compressed air apparatus for controlling brakes, clutches, and transmissions being structural parts of land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; pneumatic suspension systems in vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; steering units for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; transmissions, transmission control units, transmission components, for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; clutch and clutch actuating units for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; drive gears for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; power-trains, including motors and engines, for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; motors, electric, for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; vehicle wheels, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; axles and axle bearings for land vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; pedal systems for land vehicles comprised of brake pedals, accelerator pedals, and clutch mechanisms, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; dampers for rotating shafts for

land vehicles, torsional vibration dampers, each being parts for land vehicle engines and land vehicle drive shafts, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; door systems, namely, doors for vehicles, in particular exterior doors, interior doors, connecting doors, sliding doors, driver's cab doors, pivot sliding doors, swing doors, and boarding aids for railway vehicles, in particular ramps, sliding steps, folding steps, gap-bridging devices, trapping protection devices being parts of a vehicle door system, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; traction controls, namely, traction control systems for land vehicles comprised of brakes, automatic traction control valves, and an electronic brake module, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; tractions controls, namely, an electronic stability system to allow better control and maneuverability of trucks and trailers, sold as an integral component of trucks and trailers, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; bogies for railway wagons and rail-bound vehicles, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; sanding devices, namely, brakes for rail vehicles using sand as a braking medium, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods; windscreen wiper and washer systems, all of the aforementioned goods for commercial and rail vehicles, parts and fittings for all of the aforementioned goods

Services

Class 35

(1) Business management; professional business management consultancy; supply chain management services

Class 37

(2) Assembly, modernisation, maintenance, overhauling and repair of vehicles; assembly, installation, modernisation, maintenance, overhauling and repair of electric and electronic apparatus, in particular in vehicles; maintenance and repair of motor vehicle engines; repair and overhaul of compressors, dampers, transmission components, brakes and their parts, control units, valves [machine parts], pedal systems, clutches, motor vehicle engines, heating, ventilating, air conditioning apparatus and air treatment apparatus for land vehicles; overhaul of worn or partially destroyed compressed air machines; vehicle repair consultancy; advisory services relating to the maintenance and repair of mechanical and electrical equipment for vehicles

Class 38

(3) Telecommunications, namely, electronic mail and facsimile transmission services and instant messaging services, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; providing telecommunications connections to databases, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; computerized telecommunications services, namely, providing access to a global computer network, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; electronic transmission of data, namely email transmission of data and documents via computer terminals, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; providing multiple user access to global computer information networks for the transfer and dissemination of information and files, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; providing multiple user access to a global computer network, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; telematics services, namely telematic in-vehicle communication service providing wireless vehicle navigation and tracking, all of the aforementioned services for commercial and rail vehicles, their parts and

fittings; digital text messaging services via computers connected to the same telematics network, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; telematics communication services, namely, information transmission by telematics codes in the field of in-vehicle navigation and tracking, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; interactive broadcasting and communications services, namely interactive teletext services, interactive videotext services, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; providing multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information, all of the aforementioned services for commercial and rail vehicles, their parts and fittings; consultancy in the field of telecommunications, namely radio broadcasting consultancy, all of the aforementioned services for commercial and rail vehicles, their parts and fittings

Class 40

(4) Treatment and conversion of materials, namely custom assembling of land and rail vehicles and their component parts for others; treatment of rubber by vulcanization in the field of land and rail vehicles; metal tempering, heat treatment of metals; metal plating and laminating; treating materials with ultrasonic waves to modify their properties, namely ultrasonic welding and soldering services; treatment of materials by laser beam, namely laser scribing of metals; treatment of materials using chemicals, namely treatment of materials for the manufacture of steel tubes for HVAC, automotive, oil and gas, fluid power, power generation and recreational vehicle industries; metal casting; custom construction of machines, namely custom building of engines for land vehicles; providing information in the field of heat treatment of metals

Class 41

(5) Provision of training courses in the fields of vehicle maintenance, vehicle servicing and vehicle brake systems, land vehicles, commercial vehicles, trucks, buses, agricultural machines, rail vehicles, public transportation services and equipment, state and private railroads, industrial supply, plant construction for power plants, conveyor systems and product safety; provision of online training in the fields of vehicle maintenance, vehicle servicing and vehicle brake systems, land vehicles, commercial vehicles, trucks, buses, agricultural machines, rail vehicles, public transportation services and equipment, state and private railroads, industrial supply, plant construction for power plants, conveyor systems and product safety; consultancy services relating to training in the fields of vehicle maintenance, vehicle servicing and vehicle brake systems, land vehicles, commercial vehicles, trucks, buses, agricultural machines, rail vehicles, public transportation services and equipment, state and private railroads, industrial supply, plant construction for power plants, conveyor systems and product safety

Class 42

(6) Scientific and technological services, namely, scientific research and development of new products for others; scientific and industrial research in the fields of land vehicles, commercial vehicles, trucks, buses, agricultural machines, rail vehicles, public transportation equipment, state and private railroads, power plants, conveyor systems, energy consumption, and the reliability, availability, predictive maintenance, preventive maintenance and punctuality of mass transit vehicles, rail vehicles, commercial trucks, truck trailers, buses, and agricultural machines; research in the fields of civil engineering, computer software engineering, construction project engineering, electrical engineering, mechanical engineering, and traffic engineering; design services, namely technical design of new products for others in the fields of land vehicles, commercial vehicles, trucks, buses, agricultural machines, rail vehicles, public transportation services and equipment, state and private railroads, industrial supply industries, power plants, and conveyor systems; engineering services, namely construction project engineering, computer software engineering,

electrical engineering, mechanical engineering, traffic engineering; engineering services relating to energy supply systems; engineering services relating to information technology, namely computer hardware engineering, computer software engineering, software design engineering, software testing engineering, software systems integration engineering; design and development of computer software; industrial testing, namely, analyzing and evaluation for others in the field of land vehicles, commercial vehicles, trucks, buses, and agricultural machines, rail vehicles, conveyor systems and their structural parts to assure compliance with commercial and industry standards; quality control testing of land vehicles, commercial vehicles, trucks, buses, and agricultural machines, rail vehicles, conveyor systems and their structural parts; conducting engineering surveys; testing, analysis and evaluation of the goods and services of others for the purpose of certification; materials testing and analysing; providing information in the field of product design; providing information in the field of product development; providing information about industrial analysis and research services in the fields of vehicles, railway stations and railway lines; technological consultancy services in the fields of vehicles, railway stations and railway lines; consultancy services in the field of chemical engineering, construction project engineering, civil engineering, computer software engineering, electrical engineering, mechanical engineering, and traffic engineering; information technology [IT] consultancy, namely computer software consultancy, computer programming consultancy, computer security consultancy, consultancy in the design and development of computer hardware; advisory services relating to material testing

Goods

Class 09

(1) Scientific research and laboratory apparatus namely, spectrometers, portable spectrometers, optical measuring laboratory instruments for the testing and analysis of biological samples for research and diagnostic use, diagnostic testing equipment, namely spectrometers, portable spectrometers for testing and analysis of biological samples for laboratory and scientific purposes, medical laboratory apparatus and instruments namely spectrometers, portable spectrometers for analysing biological samples for laboratory and scientific use, biological and microbiological testing equipment not for medical purposes, namely spectrometers, portable spectrometers, kits for scientific testing purposes comprised of a portable medical spectrometer for testing biological samples for scientific purposes, optical apparatus, devices and instruments namely optical reflectors and optical lenses, scientific spectrometers, scientific apparatus, namely, spectroscopic apparatus for use in connection with Fourier-Transform Infrared (FTIR) spectroscopy, discrete filter spectroscopy, Attenuated Total Reflection (ATR) spectroscopy and line array plus Linear Variable filter spectroscopy, fourier-transform infrared (FTIR) spectrometers, parts and fittings for the aforesaid goods; analysers consisting of computers and downloadable computer programs for use in biological sample analysis for diagnostic purposes; microchips; semiconductors; data processing equipment for accumulating and storage of data namely computer network-attached storage NAS hardware, computer utility file storage programs and computers; computer hardware, downloadable computer software and downloadable computer programs for analysing measurement data from spectrometers and spectroscopic apparatus for the analysis of biological data; blank optical data carriers

Class 10

(2) Medical and veterinary apparatus and instruments, namely, spectrometers, hand held medical diagnostic spectrometers, diagnostic, screening and analysis apparatus and instruments for use in the medical and veterinary fields, namely spectrometers, hand held medical diagnostic spectrometers, optical instruments and apparatus for medical purposes, namely spectrometers and hand held medical diagnostic spectrometers, medical spectrometers and spectroscopic

apparatus for use in connection with Fourier-Transform Infrared (FTIR) spectroscopy, discrete filter spectroscopy, Attenuated Total Reflection (ATR) spectroscopy and line array plus Linear Variable filter spectroscopy, fourier-transform infrared (FTIR) spectrometers for medical and veterinary use, biochemical and biological detection apparatus and instruments namely spectrometers and hand held medical diagnostic spectrometers, medical spectrometers and spectroscopic apparatus for obtaining, sampling, analysing and monitoring of biological samples for medical and veterinary purposes, kits for medical and veterinary testing purposes comprised of a portable medical spectrometer for testing biological samples in the nature of tissue and bodily fluids for use in disease detection, mobile apparatus and instruments for medical and veterinary testing purposes namely medical spectrometers and hand held medical diagnostic spectrometers, medical and veterinary apparatus and instruments for diagnostic and testing purposes, namely medical spectrometers for use in relation to detecting infectious diseases, for blood grouping, virology, for detecting antibodies, genetics, diagnostics in oncology, urology, hepatology, pharmacogenetics, cardiovascular medicine, and respiratory ailments, and parts, fittings and accessories for the aforesaid goods

Services

Class 42

Medical and veterinary research services, medical research laboratory services, scientific laboratory services for medical and veterinary purposes, information technology services namely creating and designing web-based indexes of information for others, scientific and technological services, namely, research and design for detecting and analysing measurement data from spectrometers and spectroscopic apparatus, scientific services, namely, research, development, testing and analysis in the field of clinical diagnostics, scientific testing services in the field of testing, analysis and measurement of biological samples, scientific and technological services, namely scientific research in relation to development of measuring and testing methods, product development in the nature of design and development of laboratory apparatus and instruments in the field of biomedical research, clinical research and medical research, services of a technical measurement and testing laboratory, namely measurement and analysis of molecules and molecular characteristics in the field of life science and clinical applications, technical measuring services, namely analysis and measurement of biological samples, technological analysis services in the field of biological and biochemical research and analysis, consultancy services in the field of medical devices and diagnostics for medical purposes, consultancy and advisory services relating to the aforesaid services

GRASSFIT

Goods

Class 01

(1) Milk proteins, whey protein concentrates, namely proteins for the manufacture of food supplements and proteins for industrial use, milk permeates, milk replacements, all these goods intended for the food industry, the pharmaceutical industry and in the manufacture of specialized nutritional products and animal feed.

Class 05

(2) Food for babies, powdered milk in the nature of food for babies, nutritional and dietary supplements, namely vitamin and mineral food supplements, mineral nutritional supplements, meal replacement protein powders for use as a dietary supplement, dietary supplements in the form of beverages, namely vitamin preparations in the form of meal replacement beverages and powders, dietary supplements for people on special diets, namely vitamin and mineral supplements, dietetic supplements for athletes, dietetic food for infants, sports drink powder mixes, nutritional supplement powder mixes for beverages, namely trace element, vitamin, mineral mixes in the form of powder used for making beverages, all these goods being made with milk products and milk substitutes.

Class 29

(3) Milk products, milk, powdered milk, yoghurt, beverages made with milk products, desserts made with milk products.

Class 32

(4) Preparations for making beverages, namely powder mixes for making beverages, namely alcohol-free beverages.

Goods

Class 09

Computer hardware and computer software for secure network connection namely an architecture for secure processing and transfer of data requiring high levels of security and risk-free access from a protected IT system onto an unprotected IT system, namely the internet; computer accessories, namely, computer monitors, computer mouse, USB adapters, USB cables, USB chargers, USB hubs; computer hardware and software for providing secure remote access to computers and computer networks; data-processing equipment namely, personal computers, servers, hand-held devices, namely personal digital assistants (PDA'S), hardware components, namely, electronic passport and identity card readers, access control terminals, external devices for data processing equipment, interfacing human beings and electronic ID documents; biometric equipment, namely biometric software components for capturing and matching biometric characteristics, namely, the identification and automatic recognition of persons, finger and palm prints, characteristics of the iris, veins and voice, facial and body features; data processing equipment, namely, printers for use with computers, computer scanners, image scanners; storage mediums, namely, computer storage area network (SAN) servers; magnetic data media, namely, encoded magnetic cards and pre-recorded CD-ROMS featuring information technology encoding programs used in the field of biometric processes; computer hardware and software for secure network connections in the form of data security architecture for the secure processing and transmission of highly sensitive data and risk-free access to an unprotected IT system, in particular the Internet, from a protected IT system; computer software for data security in the field of computer network telecommunications and information technology, namely, Internet protocol based virtual private networks for the secure transmission of electronic data using cryptography; VPN [virtual private network] hardware; VPN [virtual private network] operating software; electronic control systems, namely, security access control terminals, electronic access control systems for interlocking doors, electronic control systems for room locking systems; electronic border control systems for checking of, in particular, biometric data; computer hardware and software for authenticating identities; cryptographic software; computer software for biometric systems for the identification and authentication of individuals; computer hardware and software, in particular for

testing the authenticity of identity and travel documents, and for identity verification and database retrieval; computer software for creating digital certificates; IT security software for establishing and continuously carrying out management systems for information safety (ISMS); software and hardware for the automated execution of weak point analysis and safety tests for electronic control apparatus; measuring and detection instruments, namely, directional compasses and magnetic compasses; hardware and software for the remote maintenance of machines; optical devices, namely, optical character recognition apparatus; computer terminals, interactive touch screen terminals.

Services

Class 38

(1) Telecommunications and transmission services, namely, the transmission of electronic signatures, via a global computer network; digital network telecommunications services, namely, the transmission of digital images and digital electronic signatures, via a global computer network; information, consultancy and advisory services relating to the transmission of electronic signatures and the transmission of digital images and digital electronic signatures, via a global computer network; telecommunications, in particular the transmission of electronic signatures being online services.

Class 42

(2) Scientific research and development in the field of computer data security and secure network operations; computer programming services; research and development in the field of computer hardware and software and telecommunications software engineering technology; consultancy in the field of computer information technology (IT), telecommunications software engineering technology, computer security and Internet security; consultancy and information services relating to the design and programming of computer software and hardware; design, development, updating and use of computer hardware and software, in particular cryptographic software and software for biometric processes and for the creation of electronic signatures, and for the electronic verification of documents; creation of electronic signatures and certificates; technical project planning in connection with electronic travel documents and the issuing and use of certificates; technical consultancy relating to the security of electronic travel documents.

Goods

Class 04

(1) Industrial oils and greases, namely non-mineral oils and greases for industrial use (other than for use as fuel), emulsified industrial oils and lubricating oils for industrial use, lubricants for industrial use, all-purpose lubricants, general-purpose lubricants, industrial lubricating oils, all-purpose and industrial greases and lubricating oils, hardened oils being hydrogenated oils for industrial use, mineral oils and greases for industrial use (other than for use as fuel), motor oils, non-chemical additives for motor oils, all of the aforesaid goods intended exclusively for the field of vacuum pumps and systems, all of the aforesaid goods not intended for compressors for motor vehicle air conditioners.

Class 07

(2) Vacuum pumps, suction pumps, electric pumps for cooling engines, screw pumps, rotary lobe pumps, rotary pumps, multiphase screw pumps, refrigerant recovery pumps, positive displacement pumps, compressed air pumps, ejectors, hydraulic pumps, valves (pump parts), control valves for pumps, unloading check valves for air compressor outlets, automatic inlet control valves for reciprocating air compressors, dosing valves (machine parts), pressure valves (machine parts), pressure reducing valves being parts of machines, hydraulic valve actuators, control valves for regulating the flow of gases and liquids (machine parts), positive crankcase ventilation (PCV) valves for motors, exhaust gas recirculation (EGR) valves for motors, pump impellers, pump shafts, suction cups for vacuum pumping machines, pressure regulators being parts of machines, namely valves, speed governors for machines, air filters being parts of machines or motors, oil filters, air filters for engines and motors, replacement parts and components for all of the aforesaid

goods, all of the aforesaid goods intended exclusively for the field of vacuum pumps and systems, all of the aforesaid goods not intended for compressors for motor vehicle air conditioners.

Class 09

(3) Apparatus and instruments for measuring, signalling and monitoring, namely apparatus for acoustic measurement, measurement apparatus for testing humidity, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely electric current meters, meters for measuring values of electrical parameters, electrical conductors for transformers, electrical connectors, electrical charge controllers, electrical converters, electrical circuit breakers, electrical plugs, electrical switches, electric apparatus for controlling, testing and monitoring, namely electronic speed controllers, electronic servomotor controllers, electric current control devices, joysticks for use with computers, other than for video games, electrical control panels, radio transmitters for remote controls, vacuum pump characteristic testing apparatus, torsion testing apparatus, particle flow and emission monitors, dust emission monitors, electric and electronic video surveillance installations, energy control or distribution machines and apparatus, namely power distribution boxes, optical power meters, energy converters, control software for industrial processes, namely software for the remote control of vacuum pumps, power controllers, electronic power controllers, voltage regulators, measuring instruments and apparatus, namely multimeters for measuring electrical resistance, voltage, current, accelerometers, aerometers, ammeters, capacitance meters, flow meters, hydrometers, densitometers, dosimeters, dynamometers and moisture meters, apparatus and instruments for controlling and measuring, namely trackballs, semiconductor power elements, radio transmitters for remote controls; precision measuring apparatus, namely straightedges and temperature indicators, pressure measuring instruments, namely pressure sensors and pressure meters, vacuum gauges, electric measuring apparatus, namely electronic timers, electronic concentration meters, electronic noise level meters and electronic photometers, gauges, sound measuring devices, namely decibel meters, sensors (measuring apparatus) other than for medical use, namely biochip sensors, ultrasonic sensors, acceleration sensors, timing sensors, liquid level sensors, vibration sensors, hygrometric sensors, infrared sensors and optical sensors, optical transmitters; electronic signal transmitters, namely FM transmitters and radio frequency transmitters, vibration meters; computer hardware; software for checking, monitoring and controlling (remotely) industrial machinery, namely vacuum pumps, computer software that provides real-time, integrated business management intelligence by combining information from various databases, computer software for use in database management, downloadable computer software for accessing, viewing and controlling remote computers and computer networks, software for downloading information in electronic form via computer and communication networks in the field of vacuum pumps and vacuum systems, computer software for accessing, browsing and searching online databases, downloadable computer programs, namely downloadable computer application software used to create, print, email and save purchase orders, and track the delivery of purchase orders, recorded and downloadable software for monitoring and managing client records, application software for portable telephones, namely downloadable mobile applications for portable telephones, intended for managing and monitoring the operation of vacuum pumps, downloadable electronic publications, namely brochures, newsletters, books, magazines, manuals, pamphlets, journals and catalogues, all of the aforesaid goods intended exclusively for the field of vacuum pumps and systems, all of the aforesaid goods not intended for compressors for motor vehicle air conditioners.

Services

Class 37

(1) Installation, maintenance and repair of compressors, air pumps, vacuum pumps, blowers, air filters, alternators, pressure regulators and oil separators, reconditioning of vacuum pumps and parts thereof, provision of information related to the repair and maintenance of diffusion pumps, vacuum pumps, suction pumps, electric pumps for cooling engines, screw pumps, rotary lobe pumps, rotary pumps, multiphase screw pumps, refrigerant recovery pumps, positive displacement pumps, compressed air pumps, hydraulic pumps, consultancy and advisory services relating to the repair and maintenance of vacuum pumps and parts thereof, provision of information related to the repair and maintenance of electric current meters, meters for measuring values of electrical parameters, electrical conductors for transformers, electrical connectors, electrical charge controllers, electrical converters, electrical circuit breakers, electrical plugs, electrical switches, namely power distribution boxes, optical power meters and energy converters, trackballs, semiconductor power elements and radio transmitters for the remote control, installation, maintenance and repair of measurement apparatus for testing humidity, electric current meters, meters for measuring values of electrical parameters, electrical conductors for transformers, electrical connectors, electrical charge controllers, electrical converters, electrical circuit breakers, electrical plugs, electrical switches, electronic speed controllers, electronic servomotor controllers, electric current control devices, joysticks for use with computers, other than for video games, electrical control panels, radio transmitters for remote controls, vacuum pump characteristic testing apparatus, torsion testing apparatus, particle flow and emission monitors, dust emission monitors, electric and electronic video surveillance installations, repair and maintenance of power distributing boxes, optical power meters, energy converters, electric current meters, meters for measuring values of electrical parameters, electrical conductors for transformers, electrical connectors, electrical charge controllers, electrical converters, electrical circuit breakers, electrical plugs and electrical switches, all of the aforesaid services intended exclusively for the field of vacuum pumps and systems, all of the aforesaid services not intended for compressors for motor vehicle air conditioners.

Class 42

(2) Industrial research, development and testing, namely testing and research in the field of diffusion pumps, vacuum pumps, suction pumps, electric pumps for cooling engines, screw pumps, rotary lobe pumps, rotary pumps, multiphase screw pumps, refrigerant recovery pumps, positive displacement pumps, compressed air pumps, hydraulic pumps, research in the field of semiconductor processing technology, hydrological research, research and development of new products for others, technical research in the field of industrial data retrieval and material testing, engineering consultant services, namely advice in the field of engineering of software systems integration, computer integrated manufacturing, electrical networks and mechanical engineering, engineering research for software systems integration, computer integrated manufacturing, electrical networks and mechanical engineering, analysis and testing services related to electrical engineering apparatus, namely analysis and testing of vacuum pumps and vacuum systems, consultant services related to technical and scientific analyses, namely technical support in the nature of troubleshooting to diagnose computer software problems, technical survey services, technical monitoring, consultant services related to technical and scientific measurement in the field of vacuum pumps, consultant services related to technical and scientific monitoring, namely computer systems monitoring services, testing laboratory services and technical measurement services in the field of vacuum pumps, testing and technical measurement services in the field of vacuum pumps, conduct and drafting of technical project studies for construction projects, namely feasibility studies, technical data analysis, analysis and research services related to industrial data retrieval, expertise (engineering work), namely expert consulting related to vacuum pumps, experts regarding vacuum pumps, technical consultancy services in the field of energy conservation and

energy efficiency, technical consultancy services related to product development; design, development, maintenance and updating of process control software, calibration (measuring) of vacuum pumps, development of measuring and testing methods in the field of vacuum pumps, design and development of analysis and testing methods in the field of vacuum pumps, industrial analysis and research services in the field of vacuum pumps, rental of measuring apparatus, namely rental of vacuum measurement devices, installation, maintenance, updating and upgrading of computer software, rental of computer hardware and software, technical support related to software, software as a service (SaaS) in the field of supply chain management, software as a service (SaaS) featuring online non-downloadable software for use in the management of system software, development of software, all of the aforesaid services intended exclusively for the field of vacuum pumps and systems, all of the aforesaid services not intended for compressors for motor vehicle air conditioners.

Trademark Description

The mark consists of the word "Mang INASAL" inside a yellow rectangle outlined in black and green, with the word "Mang" in the upper left corner in black, and the word INASAL in the center of the rectangle. The word "INASAL" is in staggered and overlapping red, capital letters outlined in black.

Colour Claim

Colour is claimed as a feature of the trademark. The colours red, green, yellow and black are claimed as a feature of the trademark. In particular, the wording MANG is black; the wording INASAL is red with a black outline and the background is yellow with black and green outlines.

Disclaimer

The right to the exclusive use of the word INASAL is disclaimed apart from the trademark.

Foreign Character Translation

The translation provided by the applicant of the foreign word(s) MANG INASAL is MR. BARBEQUE.

Class 01

(1) acetylene tetrachloride; adhesives for floor, ceiling and wall tiles; adhesives for wallpaper; anti-freeze preparations; antifreeze; biochemical catalysts; brake fluids; carbon tetrachloride; catalysts for use in the manufacture of industrial chemicals; cement for footwear; chemical additives for motor fuel; chemical preparations to prevent diseases affecting cereal plants; chemical preparations to prevent mildew; chemical substances for preserving foodstuffs; chemically sensitized photographic paper; chemicals for the manufacture of paints; chemicals for the manufacture of pigments; chemicals for the manufacture of preparations for preventing corrosion; coolants for vehicle engines; defoliants; descaling preparations for industrial purposes; detergent additives to gasoline; diagnostic preparations for medical-scientific research use; fabric glue for industrial purposes; fertilisers; fixing baths [photography]; flower preservatives; gelatin glue for industrial purposes; glue for use in the lumber industry; horticultural chemicals, except fungicides, herbicides, insecticides and parasiticides; isotopes for industrial purposes; latex glue for industrial purposes; litmus paper; loam; metallic soap for industrial purposes; nutrient preparations for plants; oleic acid; paper pulp; planting soil; plastics, unprocessed; potting soil; preparations for preventing the tarnishing of glass; preparations for preventing the tarnishing of lenses; proteins for use in the manufacture of food and beverages; reducing agents for use in photography; renovating preparations for phonograph records; salicylic acid; self-toning paper [photography]; synthetic resins, unprocessed; test paper, chemical; tin tetrachloride; toluene; viscose; vitamins for use in the manufacture of food supplements; wallpaper removing preparations; wood glue for industrial purposes; zirconium tetrachloride

Class 02

(2) aniline dyes; anti-corrosion greases; anti-corrosion oils; anti-corrosion paints; anti-corrosion waxes; anti-graffiti paint; anti-rust oils; artists' pigments; bronzing lacquers; caramel coloring for use in the manufacture of foodstuffs; ceramic paints; coatings for wood as paints; colorants for beverages; colorants for the restoration of furniture in the form of markers; colorants for use in the manufacture of paint; distemper paints; dyestuffs; edible inks; engraving ink; fireproof paints;

fixatives for watercolors; floor protection varnishes; food dyes; gum resins; ink cartridges, filled, for printers and photocopiers; ink for leather; ink for printers and photocopiers; lime wash; malt colorants; metal foil for use in painting, decorating, printing and art; metals in powder form for use in painting, decorating, printing and art; natural resins; natural resins, raw; oil paints for use in art; paint and lacquer glazes; paint primers; paints for artists; paper for dyeing easter eggs; preservatives against deterioration of wood; printers' ink in the form of pastes; printing ink; repositionable paint patches; shoe dyes; siccatives [drying agents] for paints; stains for leather; thickeners for paints; toner cartridges, filled, for printers and photocopiers; toner for printers and photocopiers; undercoating for vehicle chassis; varnishes for protection of watercolour painting; watercolour paints for use in art; whitewash; wood floor finishes; wood preservatives

Class 17

(3) adhesive elastomeric tape for placement onto electronic devices to prevent slipping; asbestos felt; asbestos sheets; bags of rubber for packaging; balata; boiler composition to prevent the radiation of heat; bottle stoppers of rubber; canvas hose pipes; caulking; caulking materials; ceramic insulators; clutch linings; draught excluder strips; flexible plastic hoses for use with ventilation systems; glass fibers for insulation; glass wool for insulation; hydraulic hoses of rubber; insulating gloves; insulating materials made of polyethylene foam; insulating materials made of polyurethane foam; insulating oils; insulators for cables; latex for industrial use; liquid rubber; packing materials of plastic for shipping containers; packing materials of rubber for shipping containers; paper for electrical capacitors; plastic fibers for use in the manufacture of tire cord; plastic hoses for agricultural purposes; plastic hoses for air conditioners; plastic hoses for plumbing use; plastic hoses for swimming pools; plastic rods and bars; plastic soldering threads; raw gum; raw rubber; rubber rings for use as pipe connection seals; rubber solutions; rubber thread and covered rubber yarn; sealing rings; self-adhesive plastic sheets for use in manufacturing; semi-processed cellulose acetate; semi-processed synthetic resins; semi-worked gum; semi-worked rubber; soldering threads of plastic; stuffing of plastic; stuffing of rubber; synthetic rubber; vulcanized fibre; watering hoses; waterproof packing for shipping container; weatherstripping; window stops of rubber

Class 19

(4) agglomerated cork for building; alabaster; artificial stone; asphalt; balustrades; bitumen; bricks; building glass; building stone; cask wood; concrete bird baths; concrete partitions for buildings; concrete piles; concrete slabs for building; diving platforms; door leaves not of metal; fence gates, not of metal; fireclay; fireproof cement coatings; flagpole structures of concrete; granite; gypsum; lime; lumber; marble; moldable wood; non-metal door casings; non-metal door frames; non-metal door panel; non-metal semi-refractory bricks; non-metal stairs; parquet floor boards; parquet flooring; plastic windows; potters' clay; refractory concrete; roof coatings; roofing shingles; slate; stained glass windows; statues in stone, concrete and marble; transportable greenhouses of plastic for household use; wired plate glass for building; wood for making household utensils; wood panelling; wooden floor boards; wooden folding doors; wooden staircases; wooden veneers; wooden window frames

Class 09

(1) adapter plugs; anti-glare filters for computer monitors; anti-glare filters for televisions and computer monitors; arm rests for use with computers; augmented reality computer games for use on cellular phones; augmented reality computer games for use on mobile phones; augmented reality computer games for use on notebook computers; augmented reality computer games for use on personal computers; augmented reality computer games for use on smart phones; augmented reality computer games for use on tablet computers; augmented reality software for playing computer games; automatic altitude indicators; automatic answering machines; automatic cash dispensers; automatic cash registers; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic controllers for revolving doors; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; automatic ion-exchange chromatography apparatus for laboratory use; automatic money counting and money changing machines; automatic solar tracking sensors; batteries and battery chargers for notebook computers; blank computer discs; blank discs for computers; blank floppy computer discs; blank hard disks for computers; blank USB flash drives; cameras; car antennas; car navigation computers; car videorecorders; carbon dioxide detectors; carbon monoxide detectors; card readers for magnetically encoded cards; carrying cases adapted for computers; carrying cases for notebook computers; carrying cases specially adapted for computer printers; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; cases for smartphones; cases for tablet computers; CD cases; CD drives for computers; CD-ROMs containing computer games; cell phone antennas; cheque encoding machines; clock generators for computers; communications computers; compact disc drives for computers; compact discs containing computer games; computer accelerator boards; computer anti-virus software; computer application software for handheld computers that allows users to access and browse online profiles of pet care service providers; computer application software for mobile phones for use in database management; computer application software for mobile phones that allows users to access and browse online profiles of pet care service providers; computer application software for tablet devices that allows users to access and browse online profiles of pet

care service providers; computer application software in playing video and computer games; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer cases; computer central processing units; computer chassis; computer chips; computer chipsets for use in transmitting data to and from a central processing unit; computer communications software to allow customers to access bank account information and transact bank business; computer daughterboards; computer disc drives; computer disk/disc drives; computer display monitors; computer display screens; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer fingerprint imaging software; computer fingerprint scanning software; computer game cartridges; computer game cartridges and discs; computer game cassettes; computer game programmes; computer game programs; computer game software; computer game software for game machines; computer game software for playing online betting games; computer game software for playing online casino games; computer game software for playing online gambling games; computer game software for playing online games of skill; computer game software for playing online prize games; computer game software for use on cellular phones; computer game software for use on mobile phones; computer game tapes; computer games; computer games downloadable from a global computer network; computer games for use on gaming machines; computer games for use on mobile and cellular phones; computer games for use on notebook computers; computer games for use on personal computers; computer games for use on slot machines; computer games for use on tablet computers; computer games for use on video lottery terminals; computer games in the field of basketball; computer graphics boards; computer graphics cards; computer hardware; computer hardware and computer software for database management; computer hardware and software for database management; computer hardware and software for setting up and configuring local area networks; computer hardware for data processing; computer hardware for network access servers; computer hardware for telecommunications; computer heat sinks; computer interface boards; computer interface cards; computer joysticks; computer keyboards; computer keypads; computer memory expansion modules; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer mouse; computer mouse mats; computer mouse pads; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network server; computer network switches; computer network-attached storage [NAS] hardware; computer networking hardware; computer operating programmes; computer operating programs; computer operating recorded programs; computer operating system software; computer operating systems; computer parallel ports; computer power supplies; computer printers; computer programmes for document management; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs featuring badges for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs for connecting to remote computers and computer networks; computer programs for editing images, sound and video; computer programs for language translations and training; computer programs for network management; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for using the Internet and

the World Wide Web; computer programs used for electronic cash register systems; computer scanners; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video lottery terminals; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software for accessing, browsing and searching online databases; computer software for administering employee payroll; computer software for administration of computer local area networks; computer software for application and database integration; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in multiple application programs; computer software for authorising access to databases; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for controlling and managing access server applications; computer software for controlling and managing patient medical information; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer software for creating computer games; computer software for creating searchable databases; computer software for creating searchable databases of information and data; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for data deduplication; computer software for data security; computer software for database management; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for document management; computer software for editing images, sound, and video; computer software for editing music and for editing digital audio recordings; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for global positioning systems; computer software for graphic designing and editing; computer software for image processing; computer software for inventory management; computer software for language training; computer software for language translations; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for mathematical calculation; computer software for medical imaging; computer software for monitoring computer network access and activity; computer software for oil and gas reservoir analysis; computer software for operating computer games on the internet; computer software for operating system programs; computer software for optical character recognition; computer software for organising food recipes, monitoring calorie intake, and weigh control; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images; computer software for processing digital music files; computer software for project management; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for running computer games on the internet; computer software for running development

programs and application programs in a common development environment; computer software for scanning, digitizing, altering and retouching of photographs; computer software for text editing; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in database management; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the encryption and decryption of digital files; computer software for use in the management of payroll; computer software for validating address and zone information; computer software for video editing; computer software for visual art designing and editing; computer software for word processing; computer software that allows transmission of graphics to mobile telephones; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software to allow users to perform electronic payment transactions; computer software to automate data warehousing; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to create and manage budgets; computer software to create price quote estimates and transfer price quote estimates to invoices; contact lenses; covers for tablet computers; credit card encoding machines; desktop computers; dish aerials; door chimes; DVD burners; DVD cases; DVD drives; DVD players; DVD recorders; DVD sleeves; DVDs containing instruction manuals in welding; DVDs containing movie recordings; DVDs containing recordings of television shows and movies; electric batteries for cameras; electric batteries for portable computers; electric batteries for powering electric vehicles; electric batteries for smartphones; electric batteries for tablet computers; electric batteries for vehicles; electric batteries for watches; electric buzzers; electric cable connectors; electric cables; electric door chimes; electronic ballasts for lamps; electronic door locks; electronic lock assemblies; electronic sensors for measuring solar radiation; encoded bank cards; encoded bar code labels; encoded credit cards; encoded debit cards; encoded electronic chip cards for identifying particular users of computers and cell phones; encoded electronic chip cards for identifying particular users of computers and mobile phones; encoded gift cards; encoded identity cards; encoded key cards; encoded key cards, namely, encoded identity cards, identification cards with embedded chips, identification smart cards; encoded magnetic identification bracelets; encoded prepaid credit cards; eyeglass mountings; flash lamps for cameras; flash lamps for photography; fuel level indicators for vehicles; head mounted audio-visual display units containing integrated cameras and sensors; head mounted displays; headsets; helmet camera mounts; infrared sensors; integrated circuit modules; keyboards for cellular telephones; keyboards for computers; lanyards for holding encoded identity cards; laser diode modules; lcd monitors; LED displays; led monitors; LED position sensors; lens filters for cameras; light-emitting diode [LED] microscopes; light-emitting diode [LED] monitors; light-emitting diode [LED] televisions; light-emitting diodes [LED]; liquid crystal display (LCD) televisions; liquid crystal display monitors; liquid level sensors; long distance telephone calling cards, magnetically encoded; loud speakers; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic mount flashing safety lights for vehicles; magnetically encoded bank cards; magnetically encoded card readers; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded hotel room key cards;

magnetically encoded identification bracelets; magnetically encoded identification cards; magnetically encoded phone cards; metal detectors; mobile phone chargers; motion detectors; motion sensors; motion sensors for security lights; mounting racks adapted for computer hardware; mounting racks for computer hardware; mounts for helmet cameras; mounts for smartphones; oil level indicators for vehicles; oil level sensors; optical sensors; phase indicators; photovoltaic cells and modules; photovoltaic modules; pince-nez mountings; pollutant sensors; pre-paid telephone calling cards, magnetically encoded; pressure sensors; protective cases for smartphones; protective face-shields for protective helmets; proximity sensors; radio aerials; radio antennas; radio signal antennas; rectifier modules; satellite aerials; sensors for determining acceleration; sensors for determining temperature; sensors for determining velocity; slide film mounts; smartphone mounts; speaker mounting brackets; subscriber identification module (SIM) card; tablet computers; television aerials; temperature sensors; thermal sensors; timing sensors; USB cables; USB chargers; USB flash drives; velocity sensors; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video cards; video cassette recorders; video monitors; video recorders; virtual reality head-mounted video displays for use in playing video games; wearable video display monitors; wireless audio speakers; wireless headsets for smartphones; wireless routers

Class 11

(2) air purifiers for household purposes; barbecue grills; barbecues; barbecues and grills; bathtubs; bicycle lamps; bicycle lights; book lights; bread baking machines; bread machines; candle lanterns; ceiling lights; charcoal roasters for household purposes; cooking grills; desk lamps; disinfectant dispensers for toilets; disinfectant distributors for toilets; dispensing units for room deodorant; electric grills; electric lamps; facial steamers; faucets; hair dryers; humidifiers; industrial air purifiers; irrigation sprinklers; lamp bulbs; lanterns; LED flashlights; led landscape lights; led light bulbs; light bulbs; lighting fixtures; lights for vehicles; mercury lamps; nail lamps; portable electric fans; portable electric heaters; portable evaporative air coolers; portable foot baths; portable headlamps; portable paper lanterns [chochin]; range hoods; reading lights; showerheads; solar powered lamps; sprinkler systems for lawn irrigation; steam accumulators; steam cookers; steam generating installations; steam generators; steam reformers for use in generating hydrogen gas; steam superheaters for industrial purposes; stoves; street lights; string lights for festive decoration; tail lights for vehicles; toilet bowls; toilet seats; ultraviolet (UV) lamps for use in disinfecting surfaces; ultraviolet light (UV) water purification device; ultraviolet sterilizers for water treatment; valves for lawn sprinkler systems; water fountains

(1) adapter plugs; anti-glare filters for computer monitors; anti-glare filters for televisions and computer monitors; arm rests for use with computers; augmented reality computer games for use on cellular phones; augmented reality computer games for use on mobile phones; augmented reality computer games for use on notebook computers; augmented reality computer games for use on personal computers; augmented reality computer games for use on smart phones; augmented reality computer games for use on tablet computers; augmented reality software for playing computer games; automatic altitude indicators; automatic answering machines; automatic cash dispensers; automatic cash registers; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic controllers for revolving doors; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; automatic ion-exchange chromatography apparatus for laboratory use; automatic money counting and money changing machines; automatic solar tracking sensors; batteries and battery chargers for notebook computers; blank computer discs; blank discs for computers; blank floppy computer discs; blank hard disks for computers; blank USB flash drives; cameras; car antennas; car navigation computers; car videorecorders; carbon dioxide detectors; carbon monoxide detectors; card readers for magnetically encoded cards; carrying cases adapted for computers; carrying cases for notebook computers; carrying cases specially adapted for computer printers; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; cases for smartphones; cases for tablet computers; CD cases; CD drives for computers; CD-ROMs containing computer games; cell phone antennas; cheque encoding machines; clock generators for computers; communications computers; compact disc drives for computers; compact discs containing computer games; computer accelerator boards; computer anti-virus software; computer application software for handheld computers that allows users to access and browse online profiles of pet care service providers; computer application software for mobile phones for use in database management; computer application software for mobile phones that allows users to access and browse online profiles of pet care service providers; computer application software for tablet devices that allows users to access and browse online profiles of pet

care service providers; computer application software in playing video and computer games; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer cases; computer central processing units; computer chassis; computer chips; computer chipsets for use in transmitting data to and from a central processing unit; computer communications software to allow customers to access bank account information and transact bank business; computer daughterboards; computer disc drives; computer disk/disc drives; computer display monitors; computer display screens; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer fingerprint imaging software; computer fingerprint scanning software; computer game cartridges; computer game cartridges and discs; computer game cassettes; computer game programmes; computer game programs; computer game software; computer game software for game machines; computer game software for playing online betting games; computer game software for playing online casino games; computer game software for playing online gambling games; computer game software for playing online games of skill; computer game software for playing online prize games; computer game software for use on cellular phones; computer game software for use on mobile phones; computer game tapes; computer games; computer games downloadable from a global computer network; computer games for use on gaming machines; computer games for use on mobile and cellular phones; computer games for use on notebook computers; computer games for use on personal computers; computer games for use on slot machines; computer games for use on tablet computers; computer games for use on video lottery terminals; computer games in the field of basketball; computer graphics boards; computer graphics cards; computer hardware; computer hardware and computer software for database management; computer hardware and software for database management; computer hardware and software for setting up and configuring local area networks; computer hardware for data processing; computer hardware for network access servers; computer hardware for telecommunications; computer heat sinks; computer interface boards; computer interface cards; computer joysticks; computer keyboards; computer keypads; computer memory expansion modules; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer mouse; computer mouse mats; computer mouse pads; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network server; computer network switches; computer network-attached storage [NAS] hardware; computer networking hardware; computer operating programmes; computer operating programs; computer operating recorded programs; computer operating system software; computer operating systems; computer parallel ports; computer power supplies; computer printers; computer programmes for document management; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs featuring badges for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs for connecting to remote computers and computer networks; computer programs for editing images, sound and video; computer programs for language translations and training; computer programs for network management; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for using the Internet and

the World Wide Web; computer programs used for electronic cash register systems; computer scanners; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video lottery terminals; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software for accessing, browsing and searching online databases; computer software for administering employee payroll; computer software for administration of computer local area networks; computer software for application and database integration; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in multiple application programs; computer software for authorising access to databases; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for controlling and managing access server applications; computer software for controlling and managing patient medical information; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer software for creating computer games; computer software for creating searchable databases; computer software for creating searchable databases of information and data; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for data deduplication; computer software for data security; computer software for database management; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for document management; computer software for editing images, sound, and video; computer software for editing music and for editing digital audio recordings; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for global positioning systems; computer software for graphic designing and editing; computer software for image processing; computer software for inventory management; computer software for language training; computer software for language translations; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for mathematical calculation; computer software for medical imaging; computer software for monitoring computer network access and activity; computer software for oil and gas reservoir analysis; computer software for operating computer games on the internet; computer software for operating system programs; computer software for optical character recognition; computer software for organising food recipes, monitoring calorie intake, and weigh control; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images; computer software for processing digital music files; computer software for project management; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for running computer games on the internet; computer software for running development

programs and application programs in a common development environment; computer software for scanning, digitizing, altering and retouching of photographs; computer software for text editing; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in database management; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the encryption and decryption of digital files; computer software for use in the management of payroll; computer software for validating address and zone information; computer software for video editing; computer software for visual art designing and editing; computer software for word processing; computer software that allows transmission of graphics to mobile telephones; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software to allow users to perform electronic payment transactions; computer software to automate data warehousing; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to create and manage budgets; computer software to create price quote estimates and transfer price quote estimates to invoices; contact lenses; covers for tablet computers; credit card encoding machines; desktop computers; dish aerials; door chimes; DVD burners; DVD cases; DVD drives; DVD players; DVD recorders; DVD sleeves; DVDs containing instruction manuals in welding; DVDs containing movie recordings; DVDs containing recordings of television shows and movies; electric batteries for cameras; electric batteries for portable computers; electric batteries for powering electric vehicles; electric batteries for smartphones; electric batteries for tablet computers; electric batteries for vehicles; electric batteries for watches; electric buzzers; electric cable connectors; electric cables; electric door chimes; electronic ballasts for lamps; electronic door locks; electronic lock assemblies; electronic sensors for measuring solar radiation; encoded bank cards; encoded bar code labels; encoded credit cards; encoded debit cards; encoded electronic chip cards for identifying particular users of computers and cell phones; encoded electronic chip cards for identifying particular users of computers and mobile phones; encoded gift cards; encoded identity cards; encoded key cards; encoded key cards, namely, encoded identity cards, identification cards with embedded chips, identification smart cards; encoded magnetic identification bracelets; encoded prepaid credit cards; eyeglass mountings; flash lamps for cameras; flash lamps for photography; fuel level indicators for vehicles; head mounted audio-visual display units containing integrated cameras and sensors; head mounted displays; headsets; helmet camera mounts; infrared sensors; integrated circuit modules; keyboards for cellular telephones; keyboards for computers; lanyards for holding encoded identity cards; laser diode modules; lcd monitors; LED displays; led monitors; LED position sensors; lens filters for cameras; light-emitting diode [LED] microscopes; light-emitting diode [LED] monitors; light-emitting diode [LED] televisions; light-emitting diodes [LED]; liquid crystal display (LCD) televisions; liquid crystal display monitors; liquid level sensors; long distance telephone calling cards, magnetically encoded; loud speakers; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic mount flashing safety lights for vehicles; magnetically encoded bank cards; magnetically encoded card readers; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded hotel room key cards;

magnetically encoded identification bracelets; magnetically encoded identification cards; magnetically encoded phone cards; metal detectors; mobile phone chargers; motion detectors; motion sensors; motion sensors for security lights; mounting racks adapted for computer hardware; mounting racks for computer hardware; mounts for helmet cameras; mounts for smartphones; oil level indicators for vehicles; oil level sensors; optical sensors; phase indicators; photovoltaic cells and modules; photovoltaic modules; pince-nez mountings; pollutant sensors; pre-paid telephone calling cards, magnetically encoded; pressure sensors; protective cases for smartphones; protective face-shields for protective helmets; proximity sensors; radio aerials; radio antennas; radio signal antennas; rectifier modules; satellite aerials; sensors for determining acceleration; sensors for determining temperature; sensors for determining velocity; slide film mounts; smartphone mounts; speaker mounting brackets; subscriber identification module (SIM) card; tablet computers; television aerials; temperature sensors; thermal sensors; timing sensors; USB cables; USB chargers; USB flash drives; velocity sensors; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video cards; video cassette recorders; video monitors; video recorders; virtual reality head-mounted video displays for use in playing video games; wearable video display monitors; wireless audio speakers; wireless headsets for smartphones; wireless routers

Class 11

(2) air purifiers for household purposes; barbecue grills; barbecues; barbecues and grills; bathtubs; bicycle lamps; bicycle lights; book lights; bread baking machines; bread machines; candle lanterns; ceiling lights; charcoal roasters for household purposes; cooking grills; desk lamps; disinfectant dispensers for toilets; disinfectant distributors for toilets; dispensing units for room deodorant; electric grills; electric lamps; facial steamers; faucets; hair dryers; humidifiers; industrial air purifiers; irrigation sprinklers; lamp bulbs; lanterns; LED flashlights; led landscape lights; led light bulbs; light bulbs; lighting fixtures; lights for vehicles; mercury lamps; nail lamps; portable electric fans; portable electric heaters; portable evaporative air coolers; portable foot baths; portable headlamps; portable paper lanterns [chochin]; range hoods; reading lights; showerheads; solar powered lamps; sprinkler systems for lawn irrigation; steam accumulators; steam cookers; steam generating installations; steam generators; steam reformers for use in generating hydrogen gas; steam superheaters for industrial purposes; stoves; street lights; string lights for festive decoration; tail lights for vehicles; toilet bowls; toilet seats; ultraviolet (UV) lamps for use in disinfecting surfaces; ultraviolet light (UV) water purification device; ultraviolet sterilizers for water treatment; valves for lawn sprinkler systems; water fountains

Colour Claim

Colour is claimed as a feature of the trademark. Specifically, the colors black, white and orange are claimed as a feature of the trade-mark. logo consists of a rectangular cube with a diagonal dimension which is orange with three parallel lines that are in white. on the rectangular cube; the word "FATECH" is placed in a simple font in color black. The spelling of the letter "A" is reminiscent of a beat with lines extending to the sides in orange.

Goods

Class 09

air traffic control radio equipment; airplane control panels; alarms for the detection of inflammable gases; antennas for radio; antennas for radio and television; applications for mobile phones for accessing weather information; broadband radios; cameras; carrying cases for radio pagers; change-over switches for telecommunication apparatus; changeover switches for telecommunication apparatus; computer communications software to allow customers to access bank account information and transact bank business; computer hardware for telecommunications; computer software that allows transmission of graphics to mobile telephones; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to cellular telephones; computer software to enable the transmission of photographs to mobile phones; computer software to enable the transmission of photographs to mobile telephones; demodulators; demultiplexers; downloadable radio podcasts; electronic access control systems for interlocking doors; electronic audio signal processors for compensating sound distortion in speakers; electronic frequency converters for high velocity electro motors; ethernet

repeaters; ethernet switches; ethernet transceivers; event recorders for security purposes; facial recognition software; facilities management software to control building environmental access and security systems; indicator lights for telecommunication apparatus; intercoms; interface circuits for video cameras; labels with integrated radio frequency identification [RFID] chips; LAN [local area network] operating software; Ip records; marine radios; microcircuits; mobile radios; multiplexers; optical multiplexers; optical transceivers; optical transmitters; portable radios; radio aerials; radio and television aerials; radio antennas; radio frequency adapters; radio frequency adaptors; radio frequency amplifiers; radio frequency connectors; radio frequency receivers; radio frequency repeaters; radio frequency transmitters; radio pagers; radio receivers; radio receivers and radio signal tuners; radio receivers and transmitters; radio receivers for remote controls; radio relay cables; radio sets; radio signal antennas; radio signal tuners; radio transceivers; radio transmission towers; radio transmitters; radio transmitters and receivers; radio transmitters for remote controls; radio tuners; radio-clock; radios; radios and telephones; radios for vehicles; radios incorporating alarm clocks; radios incorporating clocks; remote controls for radios; repeaters for radio and television stations; security and fire alarms; security software; security surveillance robots; short range radios; short-range radios; single-channel radio communication machines and apparatus for fixed stations; software for dosimetry purposes in the field of radiotherapy; solar panels for the production of electricity; speech analytics software; speech recognition software; telephone recorders; terminals for radiotelephones; two-way radios; voice recognition software; voip phones; VoIP telephones

(1) adapter plugs; anti-glare filters for computer monitors; anti-glare filters for televisions and computer monitors; arm rests for use with computers; augmented reality computer games for use on cellular phones; augmented reality computer games for use on mobile phones; augmented reality computer games for use on notebook computers; augmented reality computer games for use on personal computers; augmented reality computer games for use on smart phones; augmented reality computer games for use on tablet computers; augmented reality software for playing computer games; automatic altitude indicators; automatic answering machines; automatic cash dispensers; automatic cash registers; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic controllers for revolving doors; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; automatic ion-exchange chromatography apparatus for laboratory use; automatic money counting and money changing machines; automatic solar tracking sensors; batteries and battery chargers for notebook computers; blank computer discs; blank discs for computers; blank floppy computer discs; blank hard disks for computers; blank USB flash drives; cameras; car antennas; car navigation computers; car videorecorders; carbon dioxide detectors; carbon monoxide detectors; card readers for magnetically encoded cards; carrying cases adapted for computers; carrying cases for notebook computers; carrying cases specially adapted for computer printers; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; cases for smartphones; cases for tablet computers; CD cases; CD drives for computers; CD-ROMs containing computer games; cell phone antennas; cheque encoding machines; clock generators for computers; communications computers; compact disc drives for computers; compact discs containing computer games; computer accelerator boards; computer anti-virus software; computer application software for handheld computers that allows users to access and browse online profiles of pet care service providers; computer application software for mobile phones for use in database management; computer application software for mobile phones that allows users to access and browse online profiles of pet care service providers; computer application software for tablet devices that allows users to access and browse online profiles of pet

care service providers; computer application software in playing video and computer games; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer cases; computer central processing units; computer chassis; computer chips; computer chipsets for use in transmitting data to and from a central processing unit; computer communications software to allow customers to access bank account information and transact bank business; computer daughterboards; computer disc drives; computer disk/disc drives; computer display monitors; computer display screens; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer fingerprint imaging software; computer fingerprint scanning software; computer game cartridges; computer game cartridges and discs; computer game cassettes; computer game programmes; computer game programs; computer game software; computer game software for game machines; computer game software for playing online betting games; computer game software for playing online casino games; computer game software for playing online gambling games; computer game software for playing online games of skill; computer game software for playing online prize games; computer game software for use on cellular phones; computer game software for use on mobile phones; computer game tapes; computer games; computer games downloadable from a global computer network; computer games for use on gaming machines; computer games for use on mobile and cellular phones; computer games for use on notebook computers; computer games for use on personal computers; computer games for use on slot machines; computer games for use on tablet computers; computer games for use on video lottery terminals; computer games in the field of basketball; computer graphics boards; computer graphics cards; computer hardware; computer hardware and computer software for database management; computer hardware and software for database management; computer hardware and software for setting up and configuring local area networks; computer hardware for data processing; computer hardware for network access servers; computer hardware for telecommunications; computer heat sinks; computer interface boards; computer interface cards; computer joysticks; computer keyboards; computer keypads; computer memory expansion modules; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer mouse; computer mouse mats; computer mouse pads; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network server; computer network switches; computer network-attached storage [NAS] hardware; computer networking hardware; computer operating programmes; computer operating programs; computer operating recorded programs; computer operating system software; computer operating systems; computer parallel ports; computer power supplies; computer printers; computer programmes for document management; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs featuring badges for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs for connecting to remote computers and computer networks; computer programs for editing images, sound and video; computer programs for language translations and training; computer programs for network management; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for using the Internet and

the World Wide Web; computer programs used for electronic cash register systems; computer scanners; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video lottery terminals; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software for accessing, browsing and searching online databases; computer software for administering employee payroll; computer software for administration of computer local area networks; computer software for application and database integration; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in multiple application programs; computer software for authorising access to databases; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for controlling and managing access server applications; computer software for controlling and managing patient medical information; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer software for creating computer games; computer software for creating searchable databases; computer software for creating searchable databases of information and data; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for data deduplication; computer software for data security; computer software for database management; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for document management; computer software for editing images, sound, and video; computer software for editing music and for editing digital audio recordings; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for global positioning systems; computer software for graphic designing and editing; computer software for image processing; computer software for inventory management; computer software for language training; computer software for language translations; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for mathematical calculation; computer software for medical imaging; computer software for monitoring computer network access and activity; computer software for oil and gas reservoir analysis; computer software for operating computer games on the internet; computer software for operating system programs; computer software for optical character recognition; computer software for organising food recipes, monitoring calorie intake, and weigh control; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images; computer software for processing digital music files; computer software for project management; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for running computer games on the internet; computer software for running development

programs and application programs in a common development environment; computer software for scanning, digitizing, altering and retouching of photographs; computer software for text editing; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in database management; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the encryption and decryption of digital files; computer software for use in the management of payroll; computer software for validating address and zone information; computer software for video editing; computer software for visual art designing and editing; computer software for word processing; computer software that allows transmission of graphics to mobile telephones; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software to allow users to perform electronic payment transactions; computer software to automate data warehousing; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to create and manage budgets; computer software to create price quote estimates and transfer price quote estimates to invoices; contact lenses; covers for tablet computers; credit card encoding machines; desktop computers; dish aerials; door chimes; DVD burners; DVD cases; DVD drives; DVD players; DVD recorders; DVD sleeves; DVDs containing instruction manuals in welding; DVDs containing movie recordings; DVDs containing recordings of television shows and movies; electric batteries for cameras; electric batteries for portable computers; electric batteries for powering electric vehicles; electric batteries for smartphones; electric batteries for tablet computers; electric batteries for vehicles; electric batteries for watches; electric buzzers; electric cable connectors; electric cables; electric door chimes; electronic ballasts for lamps; electronic door locks; electronic lock assemblies; electronic sensors for measuring solar radiation; encoded bank cards; encoded bar code labels; encoded credit cards; encoded debit cards; encoded electronic chip cards for identifying particular users of computers and cell phones; encoded electronic chip cards for identifying particular users of computers and mobile phones; encoded gift cards; encoded identity cards; encoded key cards; encoded key cards, namely, encoded identity cards, identification cards with embedded chips, identification smart cards; encoded magnetic identification bracelets; encoded prepaid credit cards; eyeglass mountings; flash lamps for cameras; flash lamps for photography; fuel level indicators for vehicles; head mounted audio-visual display units containing integrated cameras and sensors; head mounted displays; headsets; helmet camera mounts; infrared sensors; integrated circuit modules; keyboards for cellular telephones; keyboards for computers; lanyards for holding encoded identity cards; laser diode modules; lcd monitors; LED displays; led monitors; LED position sensors; lens filters for cameras; light-emitting diode [LED] microscopes; light-emitting diode [LED] monitors; light-emitting diode [LED] televisions; light-emitting diodes [LED]; liquid crystal display (LCD) televisions; liquid crystal display monitors; liquid level sensors; long distance telephone calling cards, magnetically encoded; loud speakers; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic mount flashing safety lights for vehicles; magnetically encoded bank cards; magnetically encoded card readers; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded hotel room key cards;

magnetically encoded identification bracelets; magnetically encoded identification cards; magnetically encoded phone cards; metal detectors; mobile phone chargers; motion detectors; motion sensors; motion sensors for security lights; mounting racks adapted for computer hardware; mounting racks for computer hardware; mounts for helmet cameras; mounts for smartphones; oil level indicators for vehicles; oil level sensors; optical sensors; phase indicators; photovoltaic cells and modules; photovoltaic modules; pince-nez mountings; pollutant sensors; pre-paid telephone calling cards, magnetically encoded; pressure sensors; protective cases for smartphones; protective face-shields for protective helmets; proximity sensors; radio aerials; radio antennas; radio signal antennas; rectifier modules; satellite aerials; sensors for determining acceleration; sensors for determining temperature; sensors for determining velocity; slide film mounts; smartphone mounts; speaker mounting brackets; subscriber identification module (SIM) card; tablet computers; television aerials; temperature sensors; thermal sensors; timing sensors; USB cables; USB chargers; USB flash drives; velocity sensors; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video cards; video cassette recorders; video monitors; video recorders; virtual reality head-mounted video displays for use in playing video games; wearable video display monitors; wireless audio speakers; wireless headsets for smartphones; wireless routers

Class 11

(2) air purifiers for household purposes; barbecue grills; barbecues; barbecues and grills; bathtubs; bicycle lamps; bicycle lights; book lights; bread baking machines; bread machines; candle lanterns; ceiling lights; charcoal roasters for household purposes; cooking grills; desk lamps; disinfectant dispensers for toilets; disinfectant distributors for toilets; dispensing units for room deodorant; electric grills; electric lamps; facial steamers; faucets; hair dryers; humidifiers; industrial air purifiers; irrigation sprinklers; lamp bulbs; lanterns; LED flashlights; led landscape lights; led light bulbs; light bulbs; lighting fixtures; lights for vehicles; mercury lamps; nail lamps; portable electric fans; portable electric heaters; portable evaporative air coolers; portable foot baths; portable headlamps; portable paper lanterns [chochin]; range hoods; reading lights; showerheads; solar powered lamps; sprinkler systems for lawn irrigation; steam accumulators; steam cookers; steam generating installations; steam generators; steam reformers for use in generating hydrogen gas; steam superheaters for industrial purposes; stoves; street lights; string lights for festive decoration; tail lights for vehicles; toilet bowls; toilet seats; ultraviolet (UV) lamps for use in disinfecting surfaces; ultraviolet light (UV) water purification device; ultraviolet sterilizers for water treatment; valves for lawn sprinkler systems; water fountains

(1) adapter plugs; anti-glare filters for computer monitors; anti-glare filters for televisions and computer monitors; arm rests for use with computers; augmented reality computer games for use on cellular phones; augmented reality computer games for use on mobile phones; augmented reality computer games for use on notebook computers; augmented reality computer games for use on personal computers; augmented reality computer games for use on smart phones; augmented reality computer games for use on tablet computers; augmented reality software for playing computer games; automatic altitude indicators; automatic answering machines; automatic cash dispensers; automatic cash registers; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic controllers for revolving doors; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; automatic ion-exchange chromatography apparatus for laboratory use; automatic money counting and money changing machines; automatic solar tracking sensors; batteries and battery chargers for notebook computers; blank computer discs; blank discs for computers; blank floppy computer discs; blank hard disks for computers; blank USB flash drives; cameras; car antennas; car navigation computers; car videorecorders; carbon dioxide detectors; carbon monoxide detectors; card readers for magnetically encoded cards; carrying cases adapted for computers; carrying cases for notebook computers; carrying cases specially adapted for computer printers; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; cases for smartphones; cases for tablet computers; CD cases; CD drives for computers; CD-ROMs containing computer games; cell phone antennas; cheque encoding machines; clock generators for computers; communications computers; compact disc drives for computers; compact discs containing computer games; computer accelerator boards; computer anti-virus software; computer application software for handheld computers that allows users to access and browse online profiles of pet care service providers; computer application software for mobile phones for use in database management; computer application software for mobile phones that allows users to access and browse online profiles of pet care service providers; computer application software for tablet devices that allows users to access and browse online profiles of pet

care service providers; computer application software in playing video and computer games; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer cases; computer central processing units; computer chassis; computer chips; computer chipsets for use in transmitting data to and from a central processing unit; computer communications software to allow customers to access bank account information and transact bank business; computer daughterboards; computer disc drives; computer disk/disc drives; computer display monitors; computer display screens; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer fingerprint imaging software; computer fingerprint scanning software; computer game cartridges; computer game cartridges and discs; computer game cassettes; computer game programmes; computer game programs; computer game software; computer game software for game machines; computer game software for playing online betting games; computer game software for playing online casino games; computer game software for playing online gambling games; computer game software for playing online games of skill; computer game software for playing online prize games; computer game software for use on cellular phones; computer game software for use on mobile phones; computer game tapes; computer games; computer games downloadable from a global computer network; computer games for use on gaming machines; computer games for use on mobile and cellular phones; computer games for use on notebook computers; computer games for use on personal computers; computer games for use on slot machines; computer games for use on tablet computers; computer games for use on video lottery terminals; computer games in the field of basketball; computer graphics boards; computer graphics cards; computer hardware; computer hardware and computer software for database management; computer hardware and software for database management; computer hardware and software for setting up and configuring local area networks; computer hardware for data processing; computer hardware for network access servers; computer hardware for telecommunications; computer heat sinks; computer interface boards; computer interface cards; computer joysticks; computer keyboards; computer keypads; computer memory expansion modules; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer mouse; computer mouse mats; computer mouse pads; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network server; computer network switches; computer network-attached storage [NAS] hardware; computer networking hardware; computer operating programmes; computer operating programs; computer operating recorded programs; computer operating system software; computer operating systems; computer parallel ports; computer power supplies; computer printers; computer programmes for document management; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs featuring badges for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs for connecting to remote computers and computer networks; computer programs for editing images, sound and video; computer programs for language translations and training; computer programs for network management; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for using the Internet and

the World Wide Web; computer programs used for electronic cash register systems; computer scanners; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video lottery terminals; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software for accessing, browsing and searching online databases; computer software for administering employee payroll; computer software for administration of computer local area networks; computer software for application and database integration; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in multiple application programs; computer software for authorising access to databases; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for controlling and managing access server applications; computer software for controlling and managing patient medical information; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer software for creating computer games; computer software for creating searchable databases; computer software for creating searchable databases of information and data; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for data deduplication; computer software for data security; computer software for database management; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for document management; computer software for editing images, sound, and video; computer software for editing music and for editing digital audio recordings; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for global positioning systems; computer software for graphic designing and editing; computer software for image processing; computer software for inventory management; computer software for language training; computer software for language translations; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for mathematical calculation; computer software for medical imaging; computer software for monitoring computer network access and activity; computer software for oil and gas reservoir analysis; computer software for operating computer games on the internet; computer software for operating system programs; computer software for optical character recognition; computer software for organising food recipes, monitoring calorie intake, and weigh control; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images; computer software for processing digital music files; computer software for project management; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for running computer games on the internet; computer software for running development

programs and application programs in a common development environment; computer software for scanning, digitizing, altering and retouching of photographs; computer software for text editing; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in database management; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the encryption and decryption of digital files; computer software for use in the management of payroll; computer software for validating address and zone information; computer software for video editing; computer software for visual art designing and editing; computer software for word processing; computer software that allows transmission of graphics to mobile telephones; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software to allow users to perform electronic payment transactions; computer software to automate data warehousing; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to create and manage budgets; computer software to create price quote estimates and transfer price quote estimates to invoices; contact lenses; covers for tablet computers; credit card encoding machines; desktop computers; dish aerials; door chimes; DVD burners; DVD cases; DVD drives; DVD players; DVD recorders; DVD sleeves; DVDs containing instruction manuals in welding; DVDs containing movie recordings; DVDs containing recordings of television shows and movies; electric batteries for cameras; electric batteries for portable computers; electric batteries for powering electric vehicles; electric batteries for smartphones; electric batteries for tablet computers; electric batteries for vehicles; electric batteries for watches; electric buzzers; electric cable connectors; electric cables; electric door chimes; electronic ballasts for lamps; electronic door locks; electronic lock assemblies; electronic sensors for measuring solar radiation; encoded bank cards; encoded bar code labels; encoded credit cards; encoded debit cards; encoded electronic chip cards for identifying particular users of computers and cell phones; encoded electronic chip cards for identifying particular users of computers and mobile phones; encoded gift cards; encoded identity cards; encoded key cards; encoded key cards, namely, encoded identity cards, identification cards with embedded chips, identification smart cards; encoded magnetic identification bracelets; encoded prepaid credit cards; eyeglass mountings; flash lamps for cameras; flash lamps for photography; fuel level indicators for vehicles; head mounted audio-visual display units containing integrated cameras and sensors; head mounted displays; headsets; helmet camera mounts; infrared sensors; integrated circuit modules; keyboards for cellular telephones; keyboards for computers; lanyards for holding encoded identity cards; laser diode modules; lcd monitors; LED displays; led monitors; LED position sensors; lens filters for cameras; light-emitting diode [LED] microscopes; light-emitting diode [LED] monitors; light-emitting diode [LED] televisions; light-emitting diodes [LED]; liquid crystal display (LCD) televisions; liquid crystal display monitors; liquid level sensors; long distance telephone calling cards, magnetically encoded; loud speakers; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic mount flashing safety lights for vehicles; magnetically encoded bank cards; magnetically encoded card readers; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded hotel room key cards;

magnetically encoded identification bracelets; magnetically encoded identification cards; magnetically encoded phone cards; metal detectors; mobile phone chargers; motion detectors; motion sensors; motion sensors for security lights; mounting racks adapted for computer hardware; mounting racks for computer hardware; mounts for helmet cameras; mounts for smartphones; oil level indicators for vehicles; oil level sensors; optical sensors; phase indicators; photovoltaic cells and modules; photovoltaic modules; pince-nez mountings; pollutant sensors; pre-paid telephone calling cards, magnetically encoded; pressure sensors; protective cases for smartphones; protective face-shields for protective helmets; proximity sensors; radio aerials; radio antennas; radio signal antennas; rectifier modules; satellite aerials; sensors for determining acceleration; sensors for determining temperature; sensors for determining velocity; slide film mounts; smartphone mounts; speaker mounting brackets; subscriber identification module (SIM) card; tablet computers; television aerials; temperature sensors; thermal sensors; timing sensors; USB cables; USB chargers; USB flash drives; velocity sensors; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video cards; video cassette recorders; video monitors; video recorders; virtual reality head-mounted video displays for use in playing video games; wearable video display monitors; wireless audio speakers; wireless headsets for smartphones; wireless routers

Class 11

(2) air purifiers for household purposes; barbecue grills; barbecues; barbecues and grills; bathtubs; bicycle lamps; bicycle lights; book lights; bread baking machines; bread machines; candle lanterns; ceiling lights; charcoal roasters for household purposes; cooking grills; desk lamps; disinfectant dispensers for toilets; disinfectant distributors for toilets; dispensing units for room deodorant; electric grills; electric lamps; facial steamers; faucets; hair dryers; humidifiers; industrial air purifiers; irrigation sprinklers; lamp bulbs; lanterns; LED flashlights; led landscape lights; led light bulbs; light bulbs; lighting fixtures; lights for vehicles; mercury lamps; nail lamps; portable electric fans; portable electric heaters; portable evaporative air coolers; portable foot baths; portable headlamps; portable paper lanterns [chochin]; range hoods; reading lights; showerheads; solar powered lamps; sprinkler systems for lawn irrigation; steam accumulators; steam cookers; steam generating installations; steam generators; steam reformers for use in generating hydrogen gas; steam superheaters for industrial purposes; stoves; street lights; string lights for festive decoration; tail lights for vehicles; toilet bowls; toilet seats; ultraviolet (UV) lamps for use in disinfecting surfaces; ultraviolet light (UV) water purification device; ultraviolet sterilizers for water treatment; valves for lawn sprinkler systems; water fountains

(1) adapter plugs; anti-glare filters for computer monitors; anti-glare filters for televisions and computer monitors; arm rests for use with computers; augmented reality computer games for use on cellular phones; augmented reality computer games for use on mobile phones; augmented reality computer games for use on notebook computers; augmented reality computer games for use on personal computers; augmented reality computer games for use on smart phones; augmented reality computer games for use on tablet computers; augmented reality software for playing computer games; automatic altitude indicators; automatic answering machines; automatic cash dispensers; automatic cash registers; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic controllers for revolving doors; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; automatic ion-exchange chromatography apparatus for laboratory use; automatic money counting and money changing machines; automatic solar tracking sensors; batteries and battery chargers for notebook computers; blank computer discs; blank discs for computers; blank floppy computer discs; blank hard disks for computers; blank USB flash drives; cameras; car antennas; car navigation computers; car videorecorders; carbon dioxide detectors; carbon monoxide detectors; card readers for magnetically encoded cards; carrying cases adapted for computers; carrying cases for notebook computers; carrying cases specially adapted for computer printers; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; cases for smartphones; cases for tablet computers; CD cases; CD drives for computers; CD-ROMs containing computer games; cell phone antennas; cheque encoding machines; clock generators for computers; communications computers; compact disc drives for computers; compact discs containing computer games; computer accelerator boards; computer anti-virus software; computer application software for handheld computers that allows users to access and browse online profiles of pet care service providers; computer application software for mobile phones for use in database management; computer application software for mobile phones that allows users to access and browse online profiles of pet care service providers; computer application software for tablet devices that allows users to access and browse online profiles of pet

care service providers; computer application software in playing video and computer games; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer cases; computer central processing units; computer chassis; computer chips; computer chipsets for use in transmitting data to and from a central processing unit; computer communications software to allow customers to access bank account information and transact bank business; computer daughterboards; computer disc drives; computer disk/disc drives; computer display monitors; computer display screens; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer fingerprint imaging software; computer fingerprint scanning software; computer game cartridges; computer game cartridges and discs; computer game cassettes; computer game programmes; computer game programs; computer game software; computer game software for game machines; computer game software for playing online betting games; computer game software for playing online casino games; computer game software for playing online gambling games; computer game software for playing online games of skill; computer game software for playing online prize games; computer game software for use on cellular phones; computer game software for use on mobile phones; computer game tapes; computer games; computer games downloadable from a global computer network; computer games for use on gaming machines; computer games for use on mobile and cellular phones; computer games for use on notebook computers; computer games for use on personal computers; computer games for use on slot machines; computer games for use on tablet computers; computer games for use on video lottery terminals; computer games in the field of basketball; computer graphics boards; computer graphics cards; computer hardware; computer hardware and computer software for database management; computer hardware and software for database management; computer hardware and software for setting up and configuring local area networks; computer hardware for data processing; computer hardware for network access servers; computer hardware for telecommunications; computer heat sinks; computer interface boards; computer interface cards; computer joysticks; computer keyboards; computer keypads; computer memory expansion modules; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer mouse; computer mouse mats; computer mouse pads; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network server; computer network switches; computer network-attached storage [NAS] hardware; computer networking hardware; computer operating programmes; computer operating programs; computer operating recorded programs; computer operating system software; computer operating systems; computer parallel ports; computer power supplies; computer printers; computer programmes for document management; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs featuring badges for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs for connecting to remote computers and computer networks; computer programs for editing images, sound and video; computer programs for language translations and training; computer programs for network management; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for using the Internet and

the World Wide Web; computer programs used for electronic cash register systems; computer scanners; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video lottery terminals; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software for accessing, browsing and searching online databases; computer software for administering employee payroll; computer software for administration of computer local area networks; computer software for application and database integration; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in multiple application programs; computer software for authorising access to databases; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for controlling and managing access server applications; computer software for controlling and managing patient medical information; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer software for creating computer games; computer software for creating searchable databases; computer software for creating searchable databases of information and data; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for data deduplication; computer software for data security; computer software for database management; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for document management; computer software for editing images, sound, and video; computer software for editing music and for editing digital audio recordings; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for global positioning systems; computer software for graphic designing and editing; computer software for image processing; computer software for inventory management; computer software for language training; computer software for language translations; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for mathematical calculation; computer software for medical imaging; computer software for monitoring computer network access and activity; computer software for oil and gas reservoir analysis; computer software for operating computer games on the internet; computer software for operating system programs; computer software for optical character recognition; computer software for organising food recipes, monitoring calorie intake, and weigh control; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images; computer software for processing digital music files; computer software for project management; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for running computer games on the internet; computer software for running development

programs and application programs in a common development environment; computer software for scanning, digitizing, altering and retouching of photographs; computer software for text editing; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in database management; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the encryption and decryption of digital files; computer software for use in the management of payroll; computer software for validating address and zone information; computer software for video editing; computer software for visual art designing and editing; computer software for word processing; computer software that allows transmission of graphics to mobile telephones; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software to allow users to perform electronic payment transactions; computer software to automate data warehousing; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to create and manage budgets; computer software to create price quote estimates and transfer price quote estimates to invoices; contact lenses; covers for tablet computers; credit card encoding machines; desktop computers; dish aerials; door chimes; DVD burners; DVD cases; DVD drives; DVD players; DVD recorders; DVD sleeves; DVDs containing instruction manuals in welding; DVDs containing movie recordings; DVDs containing recordings of television shows and movies; electric batteries for cameras; electric batteries for portable computers; electric batteries for powering electric vehicles; electric batteries for smartphones; electric batteries for tablet computers; electric batteries for vehicles; electric batteries for watches; electric buzzers; electric cable connectors; electric cables; electric door chimes; electronic ballasts for lamps; electronic door locks; electronic lock assemblies; electronic sensors for measuring solar radiation; encoded bank cards; encoded bar code labels; encoded credit cards; encoded debit cards; encoded electronic chip cards for identifying particular users of computers and cell phones; encoded electronic chip cards for identifying particular users of computers and mobile phones; encoded gift cards; encoded identity cards; encoded key cards; encoded key cards, namely, encoded identity cards, identification cards with embedded chips, identification smart cards; encoded magnetic identification bracelets; encoded prepaid credit cards; eyeglass mountings; flash lamps for cameras; flash lamps for photography; fuel level indicators for vehicles; head mounted audio-visual display units containing integrated cameras and sensors; head mounted displays; headsets; helmet camera mounts; infrared sensors; integrated circuit modules; keyboards for cellular telephones; keyboards for computers; lanyards for holding encoded identity cards; laser diode modules; lcd monitors; LED displays; led monitors; LED position sensors; lens filters for cameras; light-emitting diode [LED] microscopes; light-emitting diode [LED] monitors; light-emitting diode [LED] televisions; light-emitting diodes [LED]; liquid crystal display (LCD) televisions; liquid crystal display monitors; liquid level sensors; long distance telephone calling cards, magnetically encoded; loud speakers; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic mount flashing safety lights for vehicles; magnetically encoded bank cards; magnetically encoded card readers; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded hotel room key cards;

magnetically encoded identification bracelets; magnetically encoded identification cards; magnetically encoded phone cards; metal detectors; mobile phone chargers; motion detectors; motion sensors; motion sensors for security lights; mounting racks adapted for computer hardware; mounting racks for computer hardware; mounts for helmet cameras; mounts for smartphones; oil level indicators for vehicles; oil level sensors; optical sensors; phase indicators; photovoltaic cells and modules; photovoltaic modules; pince-nez mountings; pollutant sensors; pre-paid telephone calling cards, magnetically encoded; pressure sensors; protective cases for smartphones; protective face-shields for protective helmets; proximity sensors; radio aerials; radio antennas; radio signal antennas; rectifier modules; satellite aerials; sensors for determining acceleration; sensors for determining temperature; sensors for determining velocity; slide film mounts; smartphone mounts; speaker mounting brackets; subscriber identification module (SIM) card; tablet computers; television aerials; temperature sensors; thermal sensors; timing sensors; USB cables; USB chargers; USB flash drives; velocity sensors; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video cards; video cassette recorders; video monitors; video recorders; virtual reality head-mounted video displays for use in playing video games; wearable video display monitors; wireless audio speakers; wireless headsets for smartphones; wireless routers

Class 11

(2) air purifiers for household purposes; barbecue grills; barbecues; barbecues and grills; bathtubs; bicycle lamps; bicycle lights; book lights; bread baking machines; bread machines; candle lanterns; ceiling lights; charcoal roasters for household purposes; cooking grills; desk lamps; disinfectant dispensers for toilets; disinfectant distributors for toilets; dispensing units for room deodorant; electric grills; electric lamps; facial steamers; faucets; hair dryers; humidifiers; industrial air purifiers; irrigation sprinklers; lamp bulbs; lanterns; LED flashlights; led landscape lights; led light bulbs; light bulbs; lighting fixtures; lights for vehicles; mercury lamps; nail lamps; portable electric fans; portable electric heaters; portable evaporative air coolers; portable foot baths; portable headlamps; portable paper lanterns [chochin]; range hoods; reading lights; showerheads; solar powered lamps; sprinkler systems for lawn irrigation; steam accumulators; steam cookers; steam generating installations; steam generators; steam reformers for use in generating hydrogen gas; steam superheaters for industrial purposes; stoves; street lights; string lights for festive decoration; tail lights for vehicles; toilet bowls; toilet seats; ultraviolet (UV) lamps for use in disinfecting surfaces; ultraviolet light (UV) water purification device; ultraviolet sterilizers for water treatment; valves for lawn sprinkler systems; water fountains

Public notices under section 9 of the *Trademarks Act*

Application Number 927,783

PROHIBITED MARK DETAILS

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Aurora College of the mark shown here, as an official mark for goods and services.

Description

The colour is described as a feature of the mark. The mark consists of a design of a bird in flight over three wavy light blue bands representing water, a dark blue background representing the sky with a white circle representing the sun or a full moon. To the right of the design appear the words COLLEGE AURORA COLLEGE stacked horizontally.
