Trademarks Journal

2022-12-21 — Vol. 69 No. 3556

Trademarks Journal

Vol. 69 No. 3556

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Electronic data processing equipment namely, a digital touch screen platform incorporating computer software and hardware for merging, integrating, detecting, copying, examining, analyzing, unlocking, decrypting, decoding, extracting, retrieving, storing, restoring, preserving, editing, managing, synchronizing, distributing, inputting, collecting, transmitting, processing and presenting data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely, locations, cell towers and wireless networks connections, web related artifacts namely, web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, namely, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely, apps usage and list of apps and meta data namely, timestamp, parties, Business object documents (BODs) messaging namely, pre-drafted messages used to exchange data for business purposes namely information on individual location, identifiers, URL, sources, credentials data, password, all from a wide variety of computer hardware and computer software storage devices, namely, mobile phones, GPS receivers and transmitters, and tablets, and cloud-based NETWORK services relating to digital intelligence, in the field of Law Enforcement relating to the extraction, analysis and transfer of information stocked on mobile phones, tablets, computers and forensic science; Software for merging, integrating, detecting, copying, examining, analyzing, unlocking, decrypting, decoding, extracting, retrieving, storing, restoring, preserving, editing, managing, synchronizing, distributing, inputting, collecting, transmitting, processing and presenting data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely, locations, cell towers and wireless networks connections, web related artifacts namely, web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, namely, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely, apps usage and list of apps and meta data namely, timestamp, parties, Business object documents (BODs) messaging namely, pre-drafted messages used to exchange data for business

purposes namely information on individual location, identifiers, URL, sources, credentials data, password, all from a wide variety of computer hardware and computer software storage devices, namely, mobile phones, GPS receivers and transmitters, and tablets, and cloud-based NETWORK services relating to digital intelligence, in the field of Law Enforcement relating to the extraction, analysis and transfer of information stocked on mobile phones, tablets, computers and forensic science; Computer software for integrating data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely, locations, cell towers and wireless networks connections, web related artifacts namely, web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely, apps usage and list of apps with other data analysis tools relating to artificial intelligence and forensic science; Software for unifying and organizing cloud data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely, locations, cell towers and wireless networks connections, web related artifacts namely, web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, namely, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely apps usage and list of apps into a unified format in the field of artificial intelligence and forensic science; All-in-one mobile forensic kiosk that enables users to forensically access, extract, decode, collect and monitor data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely locations, cell towers and wireless networks connections, web related artifacts namely web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, namely, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely apps usage and list of apps and meta data namely, timestamp, parties, Business object documents (BODs) messaging namely pre-drafted messages used to exchange data for business purposes namely information on individual location, identifiers, URL, sources, credentials data, password, from computer hardware and computer software storage devices namely mobile phones, GPS receivers and transmitters, and tablets, and from cloud-based NETWORK services and share actionable data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely, locations, cell towers and wireless networks connections, web related artifacts namely, web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, namely, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely apps usage and list of apps; An intuitive user interface software, for extracting data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely, locations, cell towers and wireless networks connections, web related artifacts namely, web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, namely, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely apps usage and list of apps and meta data namely, timestamp, parties, Business object documents (BODs) messaging namely already drafted messages used to exchange data for business purposes namely information on individual location, identifiers, URL, sources, credentials

data, password, saving time while ensuring strict access control and data management in the field of digital intelligence, in the field of Law Enforcement relating to the extraction, analysis and transfer of information stocked on mobile phones, tablets, computers and forensic science; Electronic communications and memory devices namely, computer software for mobile applications, for use in merging, integrating, detecting, copying, examining, analyzing, unlocking, decrypting, decoding, extracting, retrieving, storing, restoring, preserving, editing, managing, synchronizing, distributing, inputting, collecting, transmitting processing and presenting data namely, personal contact information, calendar, calls information, chat messages, instant messages, posts, text messages, emails, geographical data namely, locations, cell towers and wireless networks connections, web related artifacts namely, web history, download history, web bookmarks and cookies, users accounts and passwords, searches, personal records such as notes, health records, voice messages, documents, namely, photographic images, digital video files, digital audio files, digital databases, text configuration, text messages, map data, apps data namely, apps usage and list of apps and meta data namely, timestamp, parties, Business object documents (BODs) messaging namely, pre-drafted messages used to exchange data for business purposes namely information on individual location, identifiers, URL, sources, credentials data, password, on any mobile devices, laptop, computers, CPU from a remote or fixed unit and amongst any mobile devices

(2) Kit comprised of custom hardware and enhanced phone adapter in the nature of power adaptors, adapter cables in the nature of computer cables and connection cables, individual connectors in the nature of cable connectors and usb cables

Goods

Class 01

(1) Petrol additives (petrochemical), namely, chemical additives for petrol; substances for use in binding dust; namely, activated carbon; hydrocarbon compositions, namely, hydrocarbon compositions, namely alkanes, olefins, alkynes, cyclic hydrocarbons and aromatic hydrocarbons

Class 04

(2) Coal; coal based fuels; coal briquettes; coal dust for fuel; coal gas; coal naphtha; coal tar oil; fuel, namely, fuels derived from crude oil; fuel briquettes, namely, fuel pellets; fuel gas; fuel mixture, namely fuel mixture comprised of gasoline, diesel, and kerosene; fuel pellets; fuel oil; fuels in liquid form, namely, fuels derived from crude oil in liquid form; gasoline; grease, namely, general purpose grease; hydrocarbon fuels, namely, benzene fuel; industrial fuel oil; industrial gasoline; industrial grease, namely general purpose grease; industrial lubricants; lubricants containing low friction additives, namely industrial lubricants; lubricants for use in industrial processes, namely, lubricants for industrial machinery; lubricants having cleaning properties, namely, lubricants used in cleaning and maintaining guns; lubricating agents, other than for medical use, namely, lubricating agents for transportation tools; lubricating fluids, namely, lubricating fluids made from distilled material of petroleum; lubricating oil and greases, namely,

mineral lubricating oils and greases; liquefied petroleum; liquefied petroleum gas; kerosene; manufactured solid fuels, namely, coke; mineral coal, namely, lignite; mineral fuel, namely, natural gas; mineral lubricating oils; industrial oil, namely all-purpose industrial oils, gear oils, heat conducting oils, oils for steam turbines, oils for compressors, oils for transformers, oils for vacuum pumps and refrigeration oils; oil based lubricants, namely, oil based lubricants used for industrial machinery; oil for the preservation of masonry; oil for surface treatment, namely, oil for industrial machinery surface treatment; petrol, namely, unleaded petrol; petroleum; petroleum by-products, namely, fluid wax, petroleum coke; petroleum coke; petroleum based dust suppressing compositions; preparations for absorbing dust, namely, petroleum-based dust absorbing compositions; preparations for binding dust, namely, petroleum-based dust binding compositions; preservatives for the surfaces of buildings (oils), namely, permeable preservative-silane paste; preservatives for cement being oils, namely, sulfate resistance cement preservatives; preservatives for cement being oils, namely, sulfate resistance concrete preservatives; solid lubricants for industrial purposes; spray-on lubricants, used for industrial machinery; synthetic lubricants used for aviation machinery; substances for use in absorbing dust, namely, dust suppression; raw wax; wax for use in manufacture, namely, wax for industrial purposes

Class 09

(3) Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric connectors; apparatus for analysing substances (other than for medical use), namely, mass spectrometers; apparatus for attracting lightning, namely, lightning rods; apparatus for controlling the supply of electrical current, namely, electric control panels; apparatus for electrical safety protection, namely, surge protectors; apparatus for extinguishing fires, namely, fire extinguishers; apparatus for the supply of electricity, namely, electric storage batteries; apparatus for use in fuel measurement, namely, fuel gauges; concrete testing machines; electric conductors, namely electric conductors for motors, transformers, air compressors and winding machines; diagnostic apparatus for industrial use, namely, mechanical fault diagnosis instrument; distance measuring instruments, namely, measuring tapes; ducting (electricity), namely, electrical ducts; ducting containing electrical conductors for electric cables; electric conductors for transformers; electric discharge apparatus, namely, electric discharge tubes; electrical control apparatus for electric welding machines, namely, welding transformers; electrical control apparatus for use in welding processes, namely, automatic electronic welding machines; electronic distance measuring apparatus, namely, optical range finder; fire control equipment, namely, sprinkler systems for fire protection; fire control apparatus, namely water extinguishers; fire detecting apparatus, namely, fire and smoke detectors; fire extinguishers; fire fighting apparatus, namely, fire blankets; fire protection apparatus, namely, sprinkler systems for fire protection; fire resistant gloves; fireproof articles of clothing, namely fire protective clothing; footwear for protection against fire; fuel consumption measuring apparatus, namely, fuel consumption flow meters; fuel flow measurement apparatus, namely, fuel flow meters; fuel consumption meters; lightning conductors; material testing apparatus, namely, heat analyzer; material testing instruments and machines, namely strength tester; measuring tapes; petrochemical analyzers, namely, chemical element analyser in petroleum; petrol gauges; apparatus for analysing substances in liquids (other than for medical use), namely, laser spectrometer

Class 19

(4) petroleum by-products, namely, asphalt

Class 22

(5) bags made of textile material for packaging; binding twine made of plastic fibres; carbon fibers for textile use; carded threads in natural fibres for textile use; chemical fibers for textile use; bags and sacks for the transport and storage of materials in bulk; cords made of plastics; cords made of textile fibres; down feathers; fibre being partly prepared synthetic materials for textile use; fibres being raw synthetic materials for textile use; fibres made of synthetic material; flexible containers in the nature of sacks for polyethylene terephthalate chips; loose down feathers; mesh bags for storage; metallic fibers for textile use; natural fibres, namely, cotton fibres, ramie fibres, coconut fibres, bamboo fibers and silk fibers; non-metallic binding thread for binding industrial products, namely binding thread made of polyester fibers for binding boxes; nonmetallic ropes; non-metallic twines; non-metallic ties for tying, wrapping and binding, namely, plastic fastening ties for tying, wrapping and binding; packaging bags of textile material; plastic liners (sacks) that go inside a container for polyester fibers; raw fibre for use in manufacture, namely, raw carbon fibre for use in manufacture; raw fibres of carbon for textile use, namely, raw carbon fibers for textile use; raw textile fibers; raw fibrous textile materials, namely, raw textile fibers; sacks of textile for packaging; synthetic fibers for textile use; textile fibers; plastic mesh not for packaging and wrapping, namely, plastic mesh for textile use; elastic strips of synthetic fibres for textile use; spun polyester fibre for textile use; textile filaments (threads)

Class 23

(6) Carded yarns in natural fibres for textile use; ceramic fibre yarns for textile use; chemical fiber base mixed thread and yarn; chemical-fiber threads and yarns for textile use; combed yarns made of natural fibres; elastic thread and yarn for textile use; metal fibre thread for textile use; mixed spun threads and yarns; natural yarns; non-metallic yarns for textile use; polyester pre-oriented yarns; polyester textured yarns; rubber thread for textile use; silica threads and yarns; spun thread and yarn; synthetic fibre thread and yarn; textile yarns; threads for textile use; threads of plastic materials for textile use; weaving fibres for industrial use; twisted thread and yarn; worsted yarn; yarns and threads, for textile use; yarns for sale in kit form; yarns for textile applications, namely, yarns for textile use; yarns made of natural fibres for textile use; yarns made of synthetic material for textile use; semi-synthetic fiber thread and yarn [chemically treated natural fiber yarn]

Goods

Class 09

Computer software for use in uploading, indexing, visualization, and analysis of geo-referenced data, namely, data that are assigned with information about the physical location using geospatial coordinates such as latitude and longitude in a three-dimensional recursively subdivided 3D space and time series data namely datasets from various databases and sensor data that are collected by sensors; computer software for use in linking computer networks; computer software for searching for information in the field of volumetric spatial analytics namely, 3D viewing and analysis of volumetric objects and structures with sides such as length, width, height and depth, on linked computer networks; computer software for retrieving, presenting and traversing information resources in the field of volumetric spatial analytics namely, 3D viewing and analysis of volumetric objects and structures with sides such as length, width, height and depth, on linked computer networks; computer software for shared data management and analytics namely, the support of dynamic annotation of spatial structures, volumes and objects in space; computer networking hardware; downloadable databases containing volumetric spatial analytics namely, 3D viewing and analysis of volumetric objects and structures with sides such as length, width, height and depth; downloadable electronic publications in the nature of online articles in the field of data mining and analysis services of georeferenced data.

Services

Class 38

(1) Telecommunications, namely, electronic exchange and transmission of volumetric spatial data, analytic functions and results; providing access to databases, online sites and linked computer networks containing information in the field of volumetric spatial analytics namely, 3D viewing and analysis of volumetric objects and structures with sides such as length, width, height and depth; transmission of information in the field of volumetric spatial analytics namely, 3D viewing and analysis of volumetric objects and structures with sides such as length, width, height and depth, namely, online and over linked computer network.

Class 42

(2) Data mining and analysis services of geo-referenced data; creating indexes of information namely, volumetric spatial information, representations and visualisations, for searching purposes over linked computer networks;

(1) Printing ink, filled ink cartridges for postage meters

Class 03

(4) Cleaning fluid for print heads, cleaning fluid for envelopes

Class 07

(5) Feeding station for envelopes and postcards

Class 09

(2) Computer software for an internet platform that provides digital certification of the closure of tenders, business communications, contracts and a legally-binding digital exchange of documents such as sign-off, formal notifications, tender acceptance, confidentiality agreements, weighing scale for postal items

Class 16

(3) Paper, cardboard and goods made of paper and cardboards, namely envelopes, self-adhesive labels (franking strips and packaging material), office requisites, in particular franking machines (for office use) and parts and accessories, namely print heads, address printer, letter scales, letter stacker and letter trays, envelope sealing machines for offices, envelope separating machines for offices

Services

Class 35

(1) Assistance at board-level and administrative services for business transactions based on digital exchange of documents with digital signatures of the involved parties, in particular offers and proposals, business communications, contracts, sign-off, formal notifications, confidentiality agreements; providing information regarding the exchange of business documents and contracts via website

Class 38

(2) Internet access provider services, provision of internet access on an online portal using video identification; providing access to a website for exchanging legal documents and contracts

Class 39

(3) Transportation by truck, packaging and storage of franking machines and their accessories, namely spare parts, ink cartridges, stripes, labels, cleaning fluid for print heads, cleaning fluid for rollers, sealing fluid for flaps, storage containers for postal items, wetting station for flaps of envelopes, flap pressing station for envelopes, dynamic scalers, envelope and postcard separators, feeding station for envelopes and postcards, weighing scale for postal items; franking of letters, envelopes, parcels, postcards, labels, franking strips, catalogues, magazines and newspapers

Class 42

(4) Development of computer software; computer systems integration services; rental of computer software; providing online non-downloadable software for digital execution of legal documents and contracts

(1) Computer software for human resources management and developing artificial intelligence software; computer software for use in business and technology consulting in the fields of human capital management and artificial intelligence; computer software for facilitating internal business audits, creating and employing financial, business management and information technology compliance and financial, business management and information and computer technology risk management programs, analyzing business performance and assessing business risk, and for improving employee productivity and business management and financial performance; computer software for use in business management and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business management and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services; computer software for use in business audit and financial data collection; electronic databases in the field of financial auditing and financial, business management and information and computer technology compliance recorded on computer media; downloadable audio and video recordings, namely, presentations in the fields of business and financial performance improvement, financial, business management and information and computer technology data management, advanced business management, financial and technical data analytics, digital transformation, financial, business management and technical forensics, internal financial, business management and technology audit and financial analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services; Downloadable video recordings in the field of enterprise content management, namely, related to storing, preserving and organizing information related to internal organization business processes; downloadable electronic publications in the fields of human capital management and artificial intelligence; downloadable electronic educational programs, courses, and materials in the fields of business and financial performance improvement, financial,

business management and information and computer technology data management, advanced business management and financial data analytics, digital transformation, financial, business management and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services; downloadable electronic educational programs, courses, and materials in the field of technology consulting in the fields of human capital management and artificial intelligence

Class 16

(2) Printed matter in the fields of human capital management and artificial intelligence; Printed publications, namely books, brochures, and pamphlets in the field of business management and computer software and hardware consulting; Printed publications, namely books, brochures, and pamphlets in the field of technology consulting in the fields of human capital management and artificial intelligence; Printed training materials in the field of business management and computer software and hardware consulting; Printed training materials in the field of business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services; Printed training materials in the field of technology consulting in the fields of human capital management and artificial intelligence; Educational publications, namely manuals in the field of enterprise content management, namely, related to storing, preserving and organizing information related to internal organization business processes

Services

Class 35

(1) Business management; Providing business information in the fields of financial performance improvement, business management, business forensics, internal business audit and analysis, managing and organizing outsourced labour and technology, and business risk and compliance; Employment hiring, recruiting, placement and staffing; consulting in the field of human capital management; Business management consulting; business consulting in the fields of human capital management and artificial intelligence; business management consulting; business organization consulting; business acquisition and merger consulting; Business consulting in the fields of business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services, supply chain management, information management, model risk management, business intelligence, financial analytics, predictive analytics, accounting, anti-corruption, anti-fraud, audit committee advisory, anti-money laundering compliance, product manufacturing and distribution, outsourcing services, business training, business transaction process improvement, enterprise architecture design, personnel management, document management, employment recruiting, placement and staffing, revenue cycle performance

consulting, and risk assessment, risk analysis, risk management and risk controls; Human resource consulting

Class 36

(2) Financial consulting in the fields of business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business management and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services, supply chain management, information management, model risk management, business intelligence, financial analytics, accounting, anti-corruption, anti-fraud, audit committee advisory, anti-money laundering compliance, product manufacturing and distribution, outsourcing services, business training, business transaction process improvement, enterprise architecture design, personnel management, document management, employment recruiting, placement and staffing, revenue cycle performance consulting, and risk assessment, risk analysis, risk management and risk controls; Financial consulting in the field of technology consulting in the fields of human capital management and artificial intelligence; Financial restructuring consulting; Creditors and debtor advisory services; Providing information in the fields of financial performance improvement, financial data management, advanced financial data analytics, financial forensics, internal financial audit and analysis, financial risk and compliance, and financial transaction services

Class 41

(3) Education in the fields of human capital management and artificial intelligence; Training in the fields of human capital management and artificial intelligence; Business management education and training services; Business education and training services, namely, developing customized in-company programs in the fields of business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business management and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services; Educational services, namely, conducting conferences, roundtables, seminars, webinars, speaking engagements, lectures, classes, and workshops offered live and via video on-demand services in the fields of business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services; Providing continuous business management education courses; Educational services, namely, providing training of accountants, auditors, business management, finance and information technology professionals for certification in the field of finance, accounting, and computer hardware and software; Business employee training services in the field of financial services, business management and computer technology

Class 42

(4) Computer software design; Computer software development; Computer software development in the fields of business performance improvement, data management, advanced data analytics, digital transformation forensics, internal audit and financial advisory, managed business services, managed technology solutions, risk and compliance, technology consulting, and transaction services; Computer software maintenance; Computer software testing; Software as a service (SAAS) services featuring software for business management consulting, business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services; Platform as a service (PAAS) services featuring electronic platforms for business management consulting; Providing electronic storage and organization of business records, financial records, computer software corporate records, and general storage of data; Data warehousing consulting; Consulting in the field of software as a service (SAAS); Providing computer software for facilitating internal business audits, creating and utilizing compliance and risk management software programs, analyzing business performance and assessing business risk, for improving employee productivity and business financial performance, and for use in business audit and financial, business management and information and computer technology data collection; Computer hardware and software consulting in the fields of business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services, human capital management and artificial intelligence; computer software consulting; cybersecurity consulting; Computer hardware and software security consulting; consulting in the field of artificial intelligence; computer security consulting; Providing information in the fields of computer technology data management, digital transformation, technical forensics and technology audit and analysis, managing and organizing outsourced technology, computer technology risk and compliance, and hardware and software consulting

(5) Providing computer software for facilitating internal business audits, creating and employing compliance and risk management programs, analyzing business performance and assessing business risk, for improving employee productivity and business financial performance, and for use in business audit and financial, business management and information and computer technology data collection; Computer hardware and software consulting in the fields of business and financial performance improvement, financial, business management and information and computer technology data management, advanced financial data analytics, digital transformation, financial, business and technical forensics, internal financial, business and technology audit and analysis, managing and organizing outsourced labour and technology, financial, business management and information and computer technology risk and compliance, hardware and software consulting, and financial, business management and information and computer technology transaction services, human capital management and artificial intelligence; computer software consulting; cybersecurity consulting; Computer hardware and software security consulting; consulting in the field of artificial intelligence; computer security consulting

Class 45

(6) Personal data regulatory consulting; Personal and building security consulting; workplace safety compliance consulting; electronic document discovery services for legal proceedings

(1) Weighing apparatus and instruments, namely bathroom scales, baby scales, kitchen scales, radio apparatus, namely transceivers for monitoring babies and young children, as well as parts of aforesaid goods, scientific, nautical and surveying apparatus and instruments, namely marine compasses, marine depth finders, marine radios, photographic, cinematographic and optical apparatus and instruments, namely photographic digital apparatus, cinematographic cameras, exposure meters for photographic apparatus, lenses for photographic apparatus, apparatus for the projection of slides, optical character recognition apparatus, measuring apparatus and instruments, namely electromagnetic measuring detectors, signalling apparatus and instruments, namely signalling cones, signalling lights, signalling mirrors, emergency luminous signalling, checking (supervision) apparatus and instruments, namely USB computer access control keys, Ethernet controllers, video monitor controllers, optical inspection apparatus for detecting defects on surfaces of wafers and printed circuits, life-saving (rescue) apparatus and instruments, namely radio-controlled life buoys, and teaching apparatus and instruments, namely projectors, computers, video projectors, overhead projectors, computers with their user guide in electronic form sold as a unit, apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, namely electric and electronic effects units for video game consoles, electric batteries for portable computers, tablets, smart phones, apparatus for recording sound, namely acoustic amplifiers, audio speakers, loudspeaker enclosures, audio mixers, apparatus for transmitting sound, namely personal headphones for use with sound transmitting systems, boom poles for sound transmission apparatus, apparatus for reproducing sound, namely digital voice recorders, digital audio tape recorders, apparatus for recording images, namely digital photographic cameras, video mixers, image scanners, apparatus for transmitting images, namely video processors, magnetic, optical, digital and electronic recording media, namely blank compact discs, blank optical discs, blank video cassettes, blank audio cassettes, blank magnetic identification cards, blank acoustic discs, recording discs, blank magnetic discs, magnetic discs featuring video games, blank optical discs, optical discs featuring

video games, compact discs containing video games, compact discs containing music, blank DVDs and other digital recording media, namely tape recorders, cassettes, digital audio tape recorders, digital versatile disc recorders, digital voice recorders, printed circuits, calculating machines, namely calculators, data processing equipment, namely interface cards for data processing equipment in the form of integrated circuits, computers, computer notebooks, portable computers, wearable computers, smart phones, recorded program software, namely recorded operating system programs for computers, recorded operating systems for use in the field of electronic video games, computer utility programs for file management, computer programs and software for image processing, computer operating system programs, computer peripherals, namely computers and computer hardware, computer memory expansion modules, random access memory cards, touch screen monitors, computer monitors, monitors for hand-held electronic game apparatus, computer keyboards, multifunctional keyboards for computers, computer mice, wireless computer mice, joysticks for use with computers, computer printers, laser printers, computer scanners, optical scanners, USB keys, hard drives, magnetic, optical and digital disc players, disc drives for computers, intelligent video disc players, microphones, webcams, loudspeaker enclosures, headsets, computer hardware, including mouse pads, USB (universal serial bus) operating software, computer network hubs, computer network adapters, power cables, jumper cables, computer cables, extension cables, power cords, cable connectors, connectors for nutrition, computer servers, computer terminals, smart and telephone terminals, namely for access to Internet-type global communications networks, modems, communications transmitting and receiving apparatus, namely radio receivers and transmitters, television receivers and transmitters, satellite geolocation receivers [GPS], global positioning system transmitters, telephone switches, software for the provision of access to a computer and data transmission network, namely Internet-type global communication network, software for the provision of multiple-user access to a global computer information network, network operating software for network access servers, electronic decoders, namely television set-top boxes, software for decoders, apparatus and instruments for recording, transmitting, reproducing, storing, encrypting, decrypting, transforming and processing sound and images, namely computers, portable computers, computer keyboards, computer screens, computer printers, modems, audiovisual apparatus and instruments, namely televisions, television receivers, home theatre systems consisting of a television receiver, an audio amplifier and speakers, devices for accessing and controlling access to information processing apparatus, namely facilities management software for controlling access to buildings and security systems, authentication devices for providing access to global telecommunications networks, namely electronic identification cards, electronic cards for image processing, signal scrambling, signal descrambling and retransmission apparatus, namely signal processors, smart terminals, computer terminals, blank smart cards, smart personal identification cards, encoded electronic smart cards for identifying individual computer and mobile telephone users, electronic identification cards, downloadable electronic cards, electronic card readers, smart card readers, flash memory card readers, magnetically encoded card readers, electronic components for integrated circuit cards, television screens, multi-media terminals, namely photographic cameras, video cameras, media players, namely DVD players, video game software, downloadable video game programs, video game cartridges, downloadable electronic publications in the field of video games, namely downloadable electronic newspapers, downloadable digital image files, namely downloadable computer desktop wallpapers, downloadable wallpapers for computers and mobile telephones, downloadable screen savers for computers and mobile telephones, downloadable video recordings, namely downloadable musical sound recordings, downloadable video recordings featuring music, digital electronic portable and mobile devices for sending and receiving telephone calls, faxes, electronic mail, video content, instant messages, music, audiovisual content and other multimedia content, and other digital data, namely smart phones, smart watches, digital tablets,

portable computers, telephone apparatus, namely mobile telephones and smart phones, equipment for mobile telephones, namely smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, namely camera covers, laptop cases, CD sleeves, protective sleeves for DVDs, covers for electronic tablets, covers for smart phones, filters for computer screens, protective films adapted for computer monitors, screen filters, namely colour filters for liquid crystal displays, display screen filters, optical filters for screens, batteries, namely all-purpose batteries, mobile telephone batteries, rechargeable batteries for mobile telephones, electronic tablets, portable computers, portable power supplies, namely rechargeable batteries for use with cellular telephones, battery jump starters, battery chargers, namely induction chargers for smart phones, portable battery chargers for smart phones, earpieces, namely headsets, stereo headsets, in-ear headsets, neck gaiters for protection against accidents and injury, internal cooling fans for computers, flash memory expansion modules, flash memory card adapters, docking stations for portable computers, smart phones, stands adapted for portable computers, electronic tablets, stands specially designed for holding a computer, a printer and accessories, computer stands, mounting brackets adapted for computers, mounting brackets for computer monitors, frequency stabilizers, voltage stabilizing power supply, selfie sticks, stereo speakers, audio speakers, stereo speaker apparatus, namely audio speakers, audio speaker apparatus, namely microphones, audio adapters for cars, hands-free kits for telephones, remote controls for televisions, remote controls for stereos, remote controls for radios, blank computer memory cards and flash memory cards, RAM (random access memory) cards, secure digital memory cards, integrated circuit memory cards, power cables, jumper cables, computer cables, extension cables, power cords, cable connectors, power connectors, docking stations for portable computers, smart phones, AC adapters for hand-held electronic game apparatus, power adapters for computers, adapter plugs, audiovisual apparatus and instruments, namely earpieces, earphones, stereo earphones, in-ear earphones, headsets, speaker systems, cabinets for loudspeakers, speakers, speakers with built-in sound amplifiers, sound amplifiers, horns for loudspeakers, audio equipment with built-in sound amplifiers, namely audio amplifiers, audio players, namely compact disc players, compact disc players and recorders and electronic audio and video recorders, namely MP3 and other prerecorded digital audio formats, media players, namely DVD players and digital audio tape players, intelligent video disc players, personal stereos with speakers, radiotelephony sets, radio apparatus, radio receivers, digital audio and video devices, namely digital video cameras, digital audio tape recorders, digital video players, apparatus for digital mixing, namely digital audio mixers, apparatus for audio and video mixing, namely audio and video mixers, record players, electronic transistors, electronic control units for adjusting sound signals, namely signal amplifiers, electronic audio signal processors for compensating sound distortion in speakers, electronic switches for audio and video signals, remote controls for stereo tuners, remote controls for stereos, light dimmers, karaoke machines, namely sound amplifiers, speaker systems, microphones, compact disc players, accessories for karaoke machines, namely microphones, amplifiers and speakers, apparatus and equipment for remote guidance, namely radars, direction beacons, laser pointers that calculate the distance between a shooter and a target, computer software and programs machines for remote guidance, namely computer software for operating camera drones, remote controls for televisions, remote controls for stereos, remote controls for radios, radio transmitters for remote controls, paging apparatus, batteries for photographic apparatus, downloadable piloting software and piloting applications for smart phones and tablets, namely USB piloting software, apparatus and devices for electromagnetic wave protection, namely electromagnetic switches, electronic magnetostrictive equipment, namely wave generators, wave sensors and wave analyzers, remote controls for televisions, remote controls for stereos, remote controls for radios, power cables, jumper cables, computer cables, extension cables, power cords,

cable connectors, power connectors, constituent parts and pieces for all of the aforesaid goods, protective and transport bags, covers and cases designed and adapted for containing whichever of the aforesaid goods, styluses for touch screen devices, styluses for touch screens.

Class 12

(2) Remote guidance apparatus and equipment, namely camera drones.

Class 20

(3) Neck support cushions.

Class 28

(4) Electronic action games, toys and playthings, electronic learning toys, toys, namely dolls, toys, namely figurines, toys, namely collectible toy figurines, toys, namely remote-controlled vehicles, toys, namely drones, toys, namely robots, toys with microchips, toys, namely card games and accessories therefor, namely playing card cases and trading card games, playing cards, trading card games, card games, namely collectible cards, games, namely puzzles, portable games equipped with liquid crystal displays, protective films adapted for screens for portable games, hand-held electronic games, coin-operated electronic games, educational electronic games for children, hand-held electronic games, computer game consoles, controls and controllers for portable video game apparatus, controls and controllers for hand-held electronic games, parts and accessories for electronic game apparatus, namely joysticks for computer games and video games, controllers for computer games and video games, gaming keyboards, parts and accessories for hand-held electronic game apparatus, namely hand-held controllers for playing video games, interactive hand-held remote controls for electronic video games, game machines and apparatus other than those designed for use with video devices, namely gaming wheels, billiard tables, billiard equipment, exercise and gymnastic apparatus, namely spring bars for exercise, fishing equipment, namely fishing rods, fishing lines, fishing reels, fishing hooks, fishing tackle, artificial bait for fishing, play balls, sports balls, ice skates, roller skates, toy scooters, windsurfing boards, surfboards, racquets for ball games, racquets for shuttlecock games, gymnastic and sporting articles, namely rhythmic gymnastic balls, sports balls, gymnastic rings, game machines and apparatus designed for use with video devices, namely video game apparatus for use with televisions, video game machines for use with televisions, game machines and apparatus designed for use with video devices, namely video game consoles, game machines, arcade game machines, hand-held electronic game apparatus designed for use with external display screens, video game machines and apparatus, namely video game machines, hand-held video game apparatus, parts and accessories for video game machines and apparatus, namely bags specially adapted for video game consoles, cabinets for arcade video game apparatus, controllers for game consoles and controllers for video games, Christmas trees of synthetic material, decorations for Christmas trees, constituent parts and pieces for all of the aforesaid goods.

Services

Class 35

(1) Advertising for others on the Internet; business management; business administration; office functions, namely business administration; provision of information to consumers regarding the organization and conduct of trade shows in the field of video games, provision of information to consumers regarding the organization and conduct of trade shows and exhibitions in the field of electronic games; market opinion polling and provision of information about market opinion polling; provision of information to consumers regarding commercial sale in the field of electronic games; cost/price analysis, price comparison services; general information clearing house in the form of Q&A games, advice and information concerning business management in the form of Q&A games;

promotion of the sale of the goods and services of others in the form of questionnaires and games and provision of information in the field of electronic games; coupon procurement services for others and provision of information about coupon procurement in the field of electronic games, sales promotion for others through the distribution and administration of discount coupons; wholesale and retail of electric apparatus and electronic apparatus, namely video game consoles, computer software; wholesale and retail of computers and computer peripherals, including computer memories, monitors, keyboards, mice, controllers, printers, scanners, USB keys, hard drives, magnetic, optical and digital disc readers, microphones, webcams, speaker systems, headsets; wholesale and retail of computer hardware, including mouse pads, USB (Universal Serial Bus) hub (transfer unit), connecting cables, cords and connectors, and other storage media containing programs for computers, namely compact discs containing video games, blank video tapes, video cameras, audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, and other portable digital devices, namely compact digital photographic cameras, portable digital devices, namely smart phones, digital tablets, portable computers, wholesale and retail of electronic game apparatus, namely computer game consoles, wholesale and retail of electronic hand-held game apparatus, game machines and apparatus other than those designed for use with video devices, wholesale and retail of game machines and apparatus designed for use with video devices, namely video game apparatus for use with televisions, video game machines for use with televisions, wholesale and retail of video game machines and apparatus, namely video game machines, hand-held video game apparatus; wholesale and retail of computers, audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, namely compact digital photographic cameras, wholesale and retail of electronic game apparatus, namely computer game consoles, wholesale and retail of electronic hand-held game apparatus, wholesale and retail of game machines and apparatus other than those designed for use with video devices, namely foosball tables, horseshoe games, pinball machines, dart games, chess games; wholesale and retail of parts and accessories for computers, audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, namely compact digital photographic cameras, wholesale and retail of electronic games apparatus, namely electronic game consoles, wholesale and retail of electronic hand-held game apparatus; wholesale and retail of controls and controllers for video games; wholesale and retail of video game software and video game cartridges; wholesale and retail of photographic cameras, video cameras, media players, karaoke machines, remote guidance apparatus, namely radars, direction beacons, laser pointers that calculate the distance between a shooter and target; wholesale and retail of parts and accessories for photographic cameras, video cameras, media players, karaoke machines and remote guidance apparatus, namely radars, direction beacons, laser pointers that calculate the distance between a shooter and target, apparatus and devices for electromagnetic wave protection, namely electromagnetic switches, electronic magnetostrictive equipment, namely wave generators, wave sensors and wave analyzers; wholesale and retail of apparatus for lighting, namely lamps, light fixtures, light bulbs, light fixtures and lamps for interior and exterior decoration, namely night lights, wholesale and retail of games, toys, namely dolls, toys, namely figurines, toys, namely collectible figurines, toys, namely remote-controlled vehicles, toys, namely, drones, toys, namely robots, integrated circuits, toys, namely card games and accessories therefor, playing cards, trading card games, card games, namely collectible cards, accessories for trading cards, games, namely puzzles, portable games equipped with liquid crystal displays, protective films adapted for portable game screens, electronic games, namely hand-held electronic games, coin-

operated electronic games, educational electronic games for children, hand-held electronic games, control devices and controllers for electronic games, namely controls and controllers for video game apparatus, control devices and controllers for hand-held electronic games, namely hand-held game consoles, hand-held video game consoles, controls and controllers for hand-held electronic games, parts and accessories for electronic game apparatus, namely joysticks for computer games and video games, gaming keyboards, parts and accessories for hand-held portable electronic game apparatus, namely hand-held game joysticks for playing video games, interactive hand-held remote controls for electronic video games, billiard equipment, exercise and gymnastic equipment, namely spring bars for exercise, fishing equipment, namely fishing rods, fishing lines, fishing reels, fishing hooks, fishing tackle, artificial bait for fishing, play balls, sports balls, ice skates, roller skates, toy scooters, windsurfing boards, surfboards, racquets for ball games, racquets for shuttlecock games, gymnastic and sporting articles, namely rhythmic gymnastic balls, sports balls, gymnastic rings, parts and accessories for video game machines and apparatus, namely bags specially adapted for video game consoles, cabinets for arcade video game apparatus, controllers for game consoles and video games, video game parts and accessories, namely bags specially adapted for video game consoles, cabinets for arcade video game apparatus, Christmas trees of synthetic material, decorations for Christmas trees; administration and management of social networking website activities, namely dispensing of marketing advice in the field of electronic games; marketing of advertising space on the Internet; provision of information to consumers via a website in the field of electronic games; arranging and management of online exhibitions for commercial and advertising purposes in the field of electronic games; online sale of electronic games and electronic accessories, online retail sales of video games; preparation, conduct and organization of online trade shows for promoting the sale of goods and services in the field of electronic games; organization of consumer loyalty programs for commercial, promotional and advertising purposes.

Class 38

(2) Telecommunications; radio and television communications; transmission and switching of messages, sounds, images and other data through computer communications networks; communications via computer terminals, audiovisual apparatus and instruments, mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, electronic game apparatus, electronic hand-held game apparatus, game machines and apparatus other than those designed for use with video devices; game machines and apparatus designed for use with video devices; video game machines and apparatus and provision of information therefor; communication through messages and images via the use of computers; provision of access to computer databases; provision of chat rooms for social network users; provision of online chat room services; instant messaging services; provision of access to virtual installations for real-time interaction among computer users; provision of online forums; provision of information on lists of broadcasting programs; provision of access to a global computer network; provision of access to a radiotelephony network, including subscriptions and rate plans; telecommunications, namely electronic display services; telecommunications connections to a global computer network; rental of telecommunication apparatus; data, sound and image transmission and broadcasting services; transmission of information via access codes to computer databases and to computer and telematic database server centres; information dissemination services via electronic means, in particular for Internet-type global communications networks; rental of apparatus for transmitting and receiving data; rental; lending; free access to modems for others; rental of access time to a database server centre, in particular for Internet-type global communications networks

Class 41

(3) Entertainment in the form of online electronic games, entertainment in the form of video game competitions, organization of video game competitions, provision of entertainment information via an interactive website in the field of electronic games, provision of online electronic publications, namely publishing of online magazines related to a variety of subjects, provision of digital images, digital artworks, digital photographs, films, music and sounds through computer terminal communication, namely the Internet, audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, electronic game apparatus, namely hand-held game consoles, hand-held video game consoles, electronic hand-held game apparatus, game machines and apparatus other than those designed for use with video devices, namely gaming wheels, billiard tables, game machines and apparatus designed for use with video devices, namely video game apparatus for use with televisions, game machines and apparatus designed for use with video devices, namely video game consoles, game machines, arcade game machines, electronic hand-held game apparatus designed for use with external display screens, video game machines and apparatus, namely video game machines, hand-held video game apparatus; preparation, holding and organization of video game events in the field of electronic games; organization of contests related to education and entertainment in the form of video game competitions, organization of video game competitions; organization and conduct of seminars in the field of electronic games; operation of games rooms, namely video game room services; educational services regarding video games; provision of information related to educational services regarding video games; operation of a website offering electronic games and information about such games, provision of online electronic games and information relating to electronic games via a website, audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, personal digital assistants and other portable digital devices, namely compact digital photographic cameras, electronic game apparatus, namely computer game consoles, electronic hand-held game apparatus; provision of games through computer network communication, namely the Internet and other devices for remote communication, provision of games through computer network communication and the Internet; provision of online computer games, provision of online video games, audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, personal digital assistants and other portable digital devices, namely compact digital photographic cameras, electronic game apparatus, namely computer game consoles, electronic game machines your pocket, machines and game apparatus other than those designed for use with video devices, namely gaming wheels, billiard tables, game machines and apparatus designed for use with video devices, namely video game apparatus for use with televisions, video game machines and apparatus, namely video game machines, hand-held video game apparatus; rental of storage media for computers programs, namely data storage devices in the form of magnetic tapes, cassettes, discs, audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, and other portable digital devices, namely compact digital photographic cameras, electronic game apparatus, namely computer game consoles, electronic hand-held game apparatus, game machines and apparatus other than those designed for use with video devices, namely gaming wheels, billiard tables, rental of audiovisual apparatus and instruments, namely mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, namely compact digital photographic cameras, electronic game apparatus, namely

computer game consoles, electronic hand-held game apparatus, game machines and apparatus designed for use video devices, namely video game apparatus for use with televisions, game machines and apparatus other than those designed for use video devices, namely gaming wheels, billiard tables, video game machines and apparatus, namely video game machines, hand-held video game apparatus; rental of game equipment, namely rental of video games, game consoles, game software, game machines, video screen; rental of bounce houses, rental of toy scooters; provision of information in the field of entertainment regarding online computer game access.

Class 42

(4) Computer design services, design in the field of electronic games, design of computer game materials, design, programming and maintenance of computer programs design, programming and maintenance of programs for computers, video game apparatus and electronic game apparatus, provision of advice and information related to the design, programming and maintenance of programs for computers, video game apparatus and electronic game apparatus, design, management, hosting and maintenance of websites, design of software, programming of computers and maintenance of software, provision of information regarding the design and maintenance of websites, rental of web servers, provision of cloud computing for data storage, rental of computers, provision of computer programs for the creation, editing and treatment of images, illustrations, texts and drawings, provision of computer programs for access to an electronic message board on the Internet, creation of computer programs for others, design and development of computers and computer programs, computer systems design, provision of information related to computer technology and programming through websites, design, programming and maintenance of computer programs for mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, namely compact digital photographic cameras, provision of information related to the design and development of computer hardware and software for mobile telephones, smart phones, mobile tablets, computer tablets, portable computers, cellular telephones, photographic digital cameras, personal digital assistants and other portable digital devices, namely compact digital photographic cameras, computer program design services for the implementation of online work platforms in the field of electronic games, development of interactive programs and devices, namely design of video game and interactive game software, provision of information related to the design and development of computer hardware and software for image processing, rental of server storage space for social networking allowing Internet users to interact, consulting in the form of programs related to the design and development of computers in the field of electronic games, hosting of Internet sites for social networking allowing Internet users to interact, design and maintenance of websites for social networking, provision of search engines for use on social networking websites, rental of a database server to others, advice related to computer hardware, software and computer networks, assistance related to computer hardware, software and computer networks, including maintenance and updating of software, research and development of new products for others, technical project study, namely technical advice related to logistics in the field of electronic games, technical feasibility studies for the benefit of others, in the field of electronic games, provided by engineers, related to software and computer hardware, development of software for secure network operations, design and development of wireless computer networks, design and development of systems for encryption, decryption, access control to television programs, radio programs and all transmissions of information, such as texts, electronic documents, digital databases, graphics and audiovisual information, sounds and images by telematic means, research and development of electronic data security systems, computers and computer and audiovisual programs, namely computer system control services, remote monitoring of computer systems, for secure network

operations in the field of television, computer technology, telecommunications, audiovisual media, telecommunication engineering, computer engineering, audiovisual engineering assistance, information and advisory services in the fields of television, electronic games, computers, telecommunications, audiovisual, telecommunication engineering, computer engineering, audiovisual engineering.

(1) Applications for mobile phones for the collection of donations for charitable fundraising and for providing information in the fields of religion, charitable services, and vocational education for women; pre-recorded audio tapes and video tapes, computer discs, CDs and DVDs containing sound recordings and video recordings featuring music and teachings in the fields of Christianity, religion, theology, spirituality, ethics, and culture; electronic publications of a religious nature, namely, magazines, books, booklets, bibles, newspapers, newsletters, tracts, brochures, pamphlets, colouring books, instructional manuals, and teaching manuals in the fields of Christianity, religion, theology, spirituality, ethics, and culture.

Class 14

(2) Key holders, namely, key chains, key rings, cases for keys, cases for holding keys; jewellery and pendants.

Class 16

(3) Stationery, namely, writing pads, note pads, memo pads, paper, and envelopes; calendars; bumper stickers; pens; framed and unframed pictures, and posters; printed publications of a religious nature, namely, magazines, books, booklets, bibles, newspapers, newsletters, tracts, brochures, pamphlets, colouring books, instructional manuals, and teaching manuals in the fields of Christianity, religion, theology, spirituality, ethics, and culture.

Class 18

(4) Bible bags.

Class 21

(5) Mugs.

Class 25

(6) Clothing, namely, casual clothing, t-shirts, sweaters, sweatshirts, sweatpants, shirts, golf shirts, pants, shorts, toques, caps, hats.

Class 28

(7) Toy figurines.

Services

Class 35

(1) Mail order services and on-line retail sales services featuring music, publications, books, magazines, cassettes, CDs and DVDs of a religious nature; sale of clothing, toques, caps, hats, bumper stickers, calendars, pens, key holders, mugs, statues and figurines, framed and unframed pictures, posters, stationery, jewellery, pendants, pre-recorded audio tapes and video tapes, computer discs, CDs and DVDs containing sound recordings and video recordings featuring music and teachings in the fields of Christianity, religion, theology, spirituality, ethics, and culture, printed and electronic publications of a religious nature, namely, magazines, books, booklets, bibles, newspapers, newsletters, tracts, brochures, pamphlets, colouring books, instructional manuals, and teaching manuals in the fields of Christianity, religion, theology, spirituality, ethics, and culture; cultural exchange, namely, administration of cultural and educational programs; student exchange services.

Class 36

(2) Charitable fundraising services; charitable fundraising services, namely, promoting development in foreign nations through the delivery of financial assistance and disaster and poverty relief services through financial aid.

Class 38

(3) Broadcasting services namely, broadcasting and transmission of radio and television programs.

Class 41

(4) Educational services, namely, providing classes, courses, workshops, conferences, forums, and seminars in the fields of Christianity, religion, theology, spirituality, ethics, and culture, and the publication and printing of printed and electronic materials in connection therewith; publishing and distribution of printed and electronic publications of a religious nature, namely, magazines, books, booklets, bibles, newspapers, newsletters, tracts, brochures, pamphlets, colouring books, instructional manuals, and teaching manuals in the fields of Christianity, religion, theology, spirituality, ethics, and culture; religious education and training of pastors, ministers, missionaries, and the general public through structured classroom programs and seminars; organizing and operating retreats in the fields of Christianity, religion, theology, spirituality, ethics, and culture; organizing and operating choirs; organizing and operating a soccer team; recordings services of CDs and DVDs; operating a book store; operating a bible college; organizing and operating youth fellowship meetings and gatherings; audio recording of choral music; organizing and operating seminars in the field of financial topics; organizing and operating youth camps, namely, providing entertainment and educational day camp services and youth ministry services; organizing and

operating educational programs at the elementary and high school levels in the fields of Christianity, religion, theology, spirituality, ethics, and cultural values; operation and maintenance of a website providing information of a religious nature; training of missionaries in foreign nations.

Class 43

(5) Operating and organizing a food bank; providing infant and pre-school child care services; promoting public awareness of the benefits of the relief of poverty.

Class 45

(6) Evangelistic and ministerial services; religious worship services, namely, conducting religious prayer services; providing information about ministerial services via a website; the propagation of the Gospel of Jesus Christ through the preaching and provision of pastoral care to congregational members and the general public; organizing and operating worship and prayer services; missionary services; providing information in the fields of Christianity, religion, theology, spirituality, ethics, and culture via a website; organizing and operating Christian churches in foreign nations; counselling services to the general public, namely, marriage, bereavement, and spiritual counselling; counselling services for immigrants and refugees; counselling in leadership skills to prospective and practicing pastors, missionaries; organizing and operating Christian churches; providing counselling services to other Christian churches; operating a prison ministry; organizing and operating missionary services in foreign nations; consulting and counseling services provided to Canadian and foreign governments, businesses, and organizations in government administration, environmental issues, trade matters, culture, and information technology services, namely, web hosting, email administration, and repairing and maintaining computer systems; promoting development in foreign nations through the delivery of financial assistance and educational services.

Computer programs, recorded, namely computer programs for collection, storage, analysis, processing and transformation of electronic data namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Downloadable software for collection, storage, analysis, processing and transformation of electronic data namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical

computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; calculators; Computer peripheral devices, namely, computer mice, computer display screens, cables for computers, docking stations for computers, web cameras, microphones, computer speakers and external computer memory storage devices; smart card readers; Computer memory devices, namely USB flash drives, hard drives, memory boards, and random access memory (RAM) devices namely computer memory boards, ram (random access memory) cards, random access memory card cases; Computer programs for monitoring the operation of computer systems in the industry of finance, energy, transportation, public service, education, health, commerce and media; Downloadable mobile applications, namely downloadable mobile applications for collection, storage, analysis, processing and transformation of electronic data namely mobile applications for database management, mobile applications for creating searchable databases of information and data, computer utility mobile applications for file management, mobile applications for use in controlling and improving computer processing speed, mobile applications for accessing, querying and analyzing information stored in databases and data warehouses, mobile applications for searching the contents of computers and computer networks by remote control, mobile applications for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Data processing apparatus, namely computer servers, laptop computers, tablet computers, routers and scanners; computer chips;

Services

Class 35

(1) online advertising for others via a computer communications network; business efficiency expert services; outsourcing of web development services; business management consultancy; Procurement services in the form of purchasing computer hardware and software; Procuring of contracts for the purchase and sale of goods and services; management and compilation of computerized databases; Data search in computer files for others in the fields of finance, energy, transportation, public service, education, health, commerce and media industry namely searches in computer files for purposes of the systemization of information into computer databases, searches in computer files for purposes of updating and maintenance of data in computer databases; updating and maintenance of data in computer databases; Computer recording services, namely computer typing.

Class 38

(2) broadcasting of radio programs; Message sending, namely, transmission of text, image, video and voice message via telephone, mobile phones, computer terminals and Internet; Communications by computer terminals, namely electronic transmission of text, image, video and voice data via computer terminals in the field of finance, energy, transportation, public service, education, health, commerce and media industry; Computer aided transmission of text, image, video and voice data in the field of finance, energy, transportation, public service, education, health, commerce and media industry via a global computer network and wireless mobile phone services; providing user access to a global computer network; Providing access to a computer database in the field of finance, energy, transportation, public service, education, health, commerce and media industry; Electronic transmission of digital files, namely, text, image, video

and voice data via the Internet; Streaming of audio and video via the Internet featuring information of finance, energy, transportation, public service, education, health, commerce and media industry; telex services; Telecommunications routing and junction services namely videoconferencing, wireless digital messaging, electronic mail and voice over internet protocol (voip) services.

Class 42

(3) conducting feasibility studies; Laboratory research in the field of computer; research and development of new products for others; conversion of data or documents from physical to electronic media; recovery of computer data, namely, computer disaster recovery planning; Conversion of computer programs and data, namely conversion of computer programs from one programming language to another and document data conversion from one computer format to another; computer system design; data encryption services; Software as a service [SaaS], featuring software for collection, storage, analysis, processing and transformation of electronic data namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Computer systems analysis, namely diagnosis and testing of computer systems; Platform as a service (PAAS) featuring computer software platforms for use in the field of finance, energy, transportation, public service, education, health, commerce and media, namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Information technology [IT] consultancy, namely, consultancy in the design and development of computer hardware; cloud computing provider services for general storage of data; cloud computing providing software for database management; Computer software consultancy; Technological consulting services in the field of the design and manufacture of computer hardware; monitoring of computer systems to detect breakdowns; database design and development;

Class 09

Computer programs, recorded, namely computer programs for collection, storage, analysis, processing and transformation of electronic data namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Downloadable software for collection, storage, analysis, processing and transformation of electronic data namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical

computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; calculators; Computer peripheral devices, namely, computer mice, computer display screens, cables for computers, docking stations for computers, web cameras, microphones, computer speakers and external computer memory storage devices; smart card readers; Computer memory devices, namely USB flash drives, hard drives, memory boards, and random access memory (RAM) devices namely computer memory boards, ram (random access memory) cards, random access memory card cases; Computer programs for monitoring the operation of computer systems in the industry of finance, energy, transportation, public service, education, health, commerce and media; Downloadable mobile applications, namely downloadable mobile applications for collection, storage, analysis, processing and transformation of electronic data namely mobile applications for database management, mobile applications for creating searchable databases of information and data, computer utility mobile applications for file management, mobile applications for use in controlling and improving computer processing speed, mobile applications for accessing, querying and analyzing information stored in databases and data warehouses, mobile applications for searching the contents of computers and computer networks by remote control, mobile applications for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Data processing apparatus, namely computer servers, laptop computers, tablet computers, routers and scanners; computer chips;

Services

Class 35

(1) online advertising for others via a computer communications network; business efficiency expert services; outsourcing of web development services; business management consultancy; Procurement services in the form of purchasing computer hardware and software; Procuring of contracts for the purchase and sale of goods and services; management and compilation of computerized databases; Data search in computer files for others in the fields of finance, energy, transportation, public service, education, health, commerce and media industry namely searches in computer files for purposes of the systemization of information into computer databases, searches in computer files for purposes of updating and maintenance of data in computer databases; updating and maintenance of data in computer databases; Computer recording services, namely computer typing.

Class 38

(2) broadcasting of radio programs; Message sending, namely, transmission of text, image, video and voice message via telephone, mobile phones, computer terminals and Internet; Communications by computer terminals, namely electronic transmission of text, image, video and voice data via computer terminals in the field of finance, energy, transportation, public service, education, health, commerce and media industry; Computer aided transmission of text, image, video and voice data in the field of finance, energy, transportation, public service, education, health, commerce and media industry via a global computer network and wireless mobile phone services; providing user access to a global computer network; Providing access to a computer database in the field of finance, energy, transportation, public service, education, health, commerce and media industry; Electronic transmission of digital files, namely, text, image, video

and voice data via the Internet; Streaming of audio and video via the Internet featuring information of finance, energy, transportation, public service, education, health, commerce and media industry; telex services; Telecommunications routing and junction services namely videoconferencing, wireless digital messaging, electronic mail and voice over internet protocol (voip) services.

Class 42

(3) conducting feasibility studies; Laboratory research in the field of computer; research and development of new products for others; conversion of data or documents from physical to electronic media; recovery of computer data, namely, computer disaster recovery planning; Conversion of computer programs and data, namely conversion of computer programs from one programming language to another and document data conversion from one computer format to another; computer system design; data encryption services; Software as a service [SaaS], featuring software for collection, storage, analysis, processing and transformation of electronic data namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Computer systems analysis, namely diagnosis and testing of computer systems; Platform as a service (PAAS) featuring computer software platforms for use in the field of finance, energy, transportation, public service, education, health, commerce and media, namely computer software for database management, computer software for creating searchable databases of information and data, computer utility programs for file management, computer software for use in controlling and improving computer processing speed, computer software for accessing, querying and analyzing information stored in databases and data warehouses, computer programs for searching the contents of computers and computer networks by remote control, software for use in the evaluation and analysis of data utilizing machine learning, computer software to automate data warehousing, downloadable computer operating software for use in protecting, managing, sharing and storing data, downloadable software for use in viewing data on the Internet, software for the integration of artificial intelligence and machine learning in the field of machine learning, software for performing numerical computation using data flow graphs, computer software for use in converting user-defined data from one computer format to another in the fields of machine learning and deep learning; Information technology [IT] consultancy, namely, consultancy in the design and development of computer hardware; cloud computing provider services for general storage of data; cloud computing providing software for database management; Computer software consultancy; Technological consulting services in the field of the design and manufacture of computer hardware; monitoring of computer systems to detect breakdowns; database design and development;

Goods

Class 01

(1) Adhesives used in industry, namely adhesives for floor, ceiling and wall tiles, construction industry adhesives, polyurethane adhesives, roofing adhesives; Adhesive materials (other than for stationery purposes), namely premixed adhesive foam cements, wood glue for industrial purposes, fabric glue for industrial purposes; solvents for lacquers and paints.

Class 02

(2) Paints, namely interior paint, exterior paint, artist's paint; varnishes for protecting floors, lacquer glazes; Anti-rust preparations; Colouring matters, namely colorants of concrete, colorants for use in the manufacture of paint; dyestuffs; Mordant dyes; Hard wax oils for hardwood floors and wood furniture; Thinners and thickeners for paints and lacquers; Metals in foil and powder form for painters, decorators, printers and artists.

Class 03

(3) Abrasive paper (sandpaper); Furbishing preparations, namely cleaning solutions for refurbishing furniture stains; Exfoliating agents for paints, namely paint removers, paint strippers; lacquer removing preparations.

Class 04

(4) Wax [raw material].

Class 06

(5) Metal tool walls, namely pegboards; metal trestles for use in construction; Ladders and scaffolding, of metal; Metal building materials, namely doors, windows, trims for buildings, structural beams; Non-electric cables and wires of common metal; Cable clamps of metal and ropes of metal; Metal storage tanks, metal water tanks, Tool boxes of metal (empty); Closures of metal for containers, Metal padlocks; Ironmongery and small items of metal hardware, namely door hardware, metal hardware for luggage, metal hardware for mountaineering equipment; Dowel bars, nails, pins, namely ball lock pins of metal, cotter pins; screws, nuts, sleeves, namely cable junction sleeves of metal, metal expanding sleeves for affixing screws; Hooks of metal, namely garment hooks, hat-hanging hooks, mountaineering hooks; Springs, namely hardware springs,

valve springs; restraint straps, namely steel strapping for securing loads; cable clamps, all of metal; Bindings of metal, namely binding screws of metal for cables, binding strips of metal used on packaging; Fittings of metal for building and furniture, namely door fittings of metal, window fittings of metal; Cable drums (Nonmechanical -) of metal; Door kick plates of metal; Tool chests of metal, empty; Hand operated metal garden hose reels.

Class 07

(6) Machines, machine tools and electric tools for materials processing, namely compressed air pumps; Machines, machine tools and electric tools for the treatment of materials, namely sanders, continuous scouring machine; Machines, machine tools and electric tools for use in woodworking, metal treating, stone processing and/or plastics processing, namely wood chipping machines, wood drilling machines, wood grinding machines, wood sawing machines; Electronic tools for domestic use for woodworking, metal processing, stone working and/or plastics processing, namely wood burning pens, stone hammers; Trueing machines, namely cutting and drilling machines for metalworking; drilling machines, namely wood drilling machines, drilling machines for metalworking; saws, namely band-saws, circular saws, jigsaws; welding machines, milling cutters for machine tools, impact wrenches, electric planes, electric soldering apparatus, glue guns, floor polishing machines, Accessories and parts for the aforesaid machines, apparatus and implements, namely saw blades, cut off wheels, abrasive discs, polishing discs, filters and, inserts for electronic tools, namely drill bits, hammer bits, screwdriver bits, cutting inserts, saw bits; Electric soldering apparatus, Electric soldering irons; Agricultural machines and implements, namely balers, cultivators, tractors, agricultural irrigation equipment, agricultural land fertilizing equipment, agricultural seed planting machines; Horticultural machines and equipment, namely mechanical lawn mowers, electric lawn trimmers, lawn mower blades, lawn sprinklers, electric hedge shears; Harvesters for agricultural use; Electric lawn mowers; Electric lawnmowers; Lawn and garden string trimmer spools; Powered Gardening machines, namely electric garden shredders, garden tilling machines; Electric Gardening tools, namely electric garden chippers; Garden rotavators; Pumps [machines], namely compressed air pumps, concrete pumps, electric water pumps of swimming pools and spas; Valves for pumps; Hand-held power tools, other than hand- operated; Motorised gardening power tools; Sharpening machines, namely electric knife sharpeners, electric scissor sharpeners, drill sharpening machines; Machine pulleys; Grease guns operated by compressed air; Compressed air machines, namely compressed air sprayers; High-pressure washers, steam cleaners, namely high-pressure pumps for washing appliances and installations, multi-purpose steam cleaners; Vacuum cleaners; Electric brooms; Attrition machines for cleaning, namely floor cleaning machines; Power-operated plumbing snakes; Power supply apparatus [generators].

Class 08

(7) Hand tools and implements; Hand tools and implements (hand-operated) for processing wood, metal, stone and plastics, in particular grinding tools, borers, saws, hatchets, axes, screwdrivers, hammers, cutting tools; Accessories and parts for the aforesaid apparatus and tools, in particular saw blades, cutting wheels, sanding discs, polishers, drill bits, screwdriver inserts, cutter inserts; Hand tools and implements (hand operated) for agricultural, horticultural and forestry purposes, namely hand saws, hand cultivators, handoperated insecticide sprayers, hand-operated lawn aerators; Hand-operated lifting jacks; Expanders, namely exhaust pipe expanders; Hand-operated drain cleaning pumps; Scissors; Knives, Cutlery, including of precious metals; Knife sharpeners, Tool sharpeners, namely hammer sharpeners, lawn mower blade sharpeners; Tool bags filled with hand-operated hand tools; Fitted tool backpacks; Tool belts [holders]; Fire irons; Hand-operated

pumps for pumping well water; Manually operated knife sharpeners; Holders for gardening tools; Caulking guns [hand tools]; Hand operated plumbing snakes; Wire brushes (hand-operated) for cleaning hand tools.

Class 09

(8) Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely electric plugs, electrical adaptors, electrical fuses, electric control panels, power lines, electric cables, electrical wires, power transformers, extension cords with socket, extension cords, electric coils, electrical junction boxes, terminal strips, terminal blocks, electric flushmounting boxes, socket sets, flush sockets, covers for electric outlets, electric switches, moisture-proof switches, child safety devices for sockets, multiple socket strips, extension cables, cable drums; Battery and storage batteries, namely automotive batteries, camera batteries, cellular phone batteries, general purpose batteries, watch batteries; Charging equipment for batteries and storage batteries, namely automotive battery chargers, camera battery chargers, cellular phone battery chargers, general purpose battery chargers; Parts and accessories for all the aforesaid goods, namely battery boxes, battery cables, battery cases; Surveying, cinematographic, optical, weighing, measuring, signalling, checking (supervision) apparatus and instruments, namely cameras, kitchen scales, bathroom scales, letter scales; Meters and measuring tools, namely decibel meters, flow meters, gas meters, vibration meters, aquarium thermometers, infra-red thermometers, meat thermometers; Fire extinguishers; Projectors, namely video projectors, slide projectors, projectors for the entertainment industry; enlarging apparatus, namely magnifying glasses, magnifying lenses; Vehicle breakdown warning triangles; Time switches (switch clocks); Safety clothing for protection against accident or injury; Safety glasses for protecting the eyes; Safety shoes and boots for protection against accident or injury; Safety headgear, namely hard hats, solderers' helmets, welding helmets; Gloves for protection against accidents; Protective masks, namely dust masks, gas masks, welding masks; Knee pads for protecting the knee during DIY works; Measuring tapes; Household thermometers; Irrigation computers.

Class 10

(9) Hearing protection devices, namely hearing protection headsets, ear plugs for soundproofing; Ear plugs (ear protection devices) for protection against noise.

Class 11

(10) Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely sinks, portable electric heaters, domestic furnaces, steam generators, domestic cooking ovens, electric and gas stoves, hot air cooking ovens, electric heaters for baby bottles, heat pumps, air conditioning units for domestic use, facial saunas, electrically heated hot pots, electric coffee makers for domestic use, electric toasters, hot water heaters, electric waffle irons, electric juice presses and juice extractors, electric refrigerators, freezers, hand held hair dryers, tumble dryers for clothes, electric light switches, electric light dimmers, electric light bulbs and electric ventilators; Apparatus and instruments for lighting, namely lighting diffusers, lighting fixtures; Lighting electric lamps; Luminaires; Electric torches; LED luminaires; Lighting devices, namely desk lamps, aquarium lamps, electric lamps, aquarium lights, book lights, ceiling lights, Christmas tree lights, pocket search lights; Camping stoves; Roasting devices, namely coffee roasters, corn roasters, fish roasters; Barbecue grills, roasting spits; Cooking grills; Grill heating plates; Protective covers for barbecues; Blowers for barbecues; Portable fire pits; Fire baskets; Fire bowls; Appliances for smoking foodstuffs; Watering installations, automatic, namely irrigation apparatus being machines for watering plants; Irrigation apparatus for horticultural use, namely Irrigation sprinklers, Irrigation spray nozzles.

Class 12

(11) Vehicles, namely automobiles, trucks, motorcycles, all-terrain vehicles, sport utility vehicles; Sack trucks, Wheelbarrows, Handling carts; Mobility scooters [for transportation]; Carts for garden hoses.

Class 16

(12) Paint brushes; Paper and plastic used for wrapping; Adhesive tapes for stationery and household purposes; Pastes for stationery and household purposes; Painters' brushes, Canvas for painting, Palettes for painters, House painters' rollers, Painting templates, Brushes for painters, Painters' easels, Telescopic poles for rollers, Wood correction pens; Writing instruments, Sharpeners for writing implements.

Class 17

(13) Rubber for use in manufacture; Packing, stopping and insulating materials, namely rubber packing for shipping containers, rubber stoppers for industrial packaging containers, glass fibers for insulation; Flexible plumbing pipes of plastic; Buffers for doors, Door stops consisting of rubber sealing plugs, Rubber solutions for tiling; Masking films; Plastic Reflective sheets for obviating heat transmission; Adhesive strips for placement on furniture and in potted plants to deter pets from scratching on furniture or digging in potted plants; drywall joint tape.

Class 18

(14) Backpacks for storing and transporting tools.

Class 19

(15) Scaffolding of wood.

Class 20

(16) Furniture and parts of furniture, namely bedroom furniture, dining room furniture, kitchen furniture, living room furniture, office furniture, outdoor furniture, drawers that are furniture parts, furniture partitions, furniture doors; Worktables, clamping tables, cupboards, tool walls, namely wall-mounted tool racks, support blocks, namely wooden chopping block tables, all not of metal; Steps [ladders], not of metal; Containers, not of metal, for storage and non-metal tool boxes; Non-metal tool storage containers; Dowels, screws and binding screws for cables, none of the aforesaid of metal; Patio furniture of metal; Working tables, Clamping tables, Metal cabinets; Cable drums (Non-mechanical -) of plastic; Hose reels, not of metal; Hinges, not of metal for the fastening of electrical cables; Cushions; Stools; Temporary furniture casters, not of metal; Door stops, door buffers of plastic.

Class 21

(17) Household or kitchen utensils and containers, namely cooking utensils, food storage containers; Articles for cleaning purposes, namely cleaning cloths, cleaning mitts, cleaning rags, pipe cleaners, pipe cleaning tools, namely pipe cleaning waves, drain cleaning snakes, cleaning cables; Brushes (except paintbrushes), namely basting brushes, brushes for pets, clothes brushes, lint brushes, washing brushes; Brooms; Brushmaking materials, namely filaments for use in paint brushes and tooth brushes; Scouring sponges, Steelwool; Buckets, namely bait buckets, ice buckets, wine buckets; Barbecue tongs; Barbecue forks; Non-electric griddles [cooking utensils]; Oven mitts; Grill supports; Grill scrapers [cleaning articles]; Holders for grilled food, namely wire baskets for grilling; Non-electric griddles; Cooking utensils, non-electric; Skewers (cooking utensil); Spray nozzles for garden hoses; Sprayers attached to garden hoses; Nozzles for watering hose; Sprayer wands for garden hoses; Spray nozzles for garden hoses; Broiling pans.

Class 22

(18) Ropes and string; nets, namely animal feeding nets, camouflage nets, fishing nets, mosquito nets; awnings, tarpaulins; sacks and bags, namely sacks for the transport and storage of materials in bulk, sacks of textile for packaging; plastic cable ties; Nylon tie-down straps; Binding bands, not of metal.

Class 24

(19) Textiles and textile goods, namely textiles for carpets, clothes, footwear and furniture, textile fabrics, raw textile fibres, textile labels; Felt, namely craft felt, roofing felt, felt for door seals; Furniture felt slides to protect floors; Coverings for windows, namely curtains.

Class 25

(20) Clothing, namely athletic clothing, business clothing, casual clothing, children's clothing, outdoor winter clothing, beachwear, bridal wear, formal wear, maternity wear, rainwear, sleepwear, underwear; footwear, namely athletic footwear, beach footwear, casual footwear, outdoor winter footwear, sports footwear, rain footwear; headgear, namely hats, baseball caps, berets, earmuffs, headbands; Work wear, namely work boots, work gloves, uniforms for medical personnel; Working overalls, Working vests, Work trousers, Work shoes, Gloves for workers.

Class 26

(21) Hook and pile fastening tapes.

Class 27

(22) Carpets, rugs, mats, namely bath mats, door mats, floor mats; Non-textile wall hangings.

Colour Claim

Colour is claimed as a feature of the trademark. The term "versalis" is white with a grey outline. The term "revive" is green. The letters "ive" in "revive" are surrounded by three green and light green design elements. The letter "i" in "revive" forms part of the bottom left design element. The entire design is on a white background".

Goods

Class 01

(1) Chemicals for use in the manufacture of adhesives, thickeners, thinners, emulsifiers, dispersants, stabilizers, sizing agents, accelerators and descalers for use in the oil refining, mining, paper, textile, metalworking, iron and steel, electrical, electronic, pharmaceutical, food, photographic and graphic arts, plastics, rubber, bitumen and asphalt, colors, paints and varnishes, detergents, soaps, cosmetics, leather, and glassware industries; chemicals for use in science, namely, chemicals for use in the processing of plastics; chemicals for use in photography, agriculture, horticulture, forestry; natural and artificial fertilizers for soils; fire extinguisher preparations; antifreeze; chemical dressing preparations, namely, leather-dressing chemicals, chemical preparations for use in the dressing of suede; tanning substances, namely, leather tanning agents; gases and chemical preparations for welding; chemicals for preserving foodstuffs; tanning materials, namely, sumac for use in tanning; unprocessed plastic materials and synthetic resins for molding in the form of powder, pastes and granules; adhesive substances for industry, namely, synthetic resin adhesives for industrial purposes, adhesives for use in the consumer

packaging industry; molding compound in the nature of unprocessed expandable polystyrene resins; polyethylene resins, unprocessed; acrylic resins, unprocessed for the manufacture of laminates, glass items and molded plastic.

Class 17

(2) Plastics in extruded form for use in manufacture; packing materials, namely, packing materials of plastic for shipping containers, packing materials of rubber for shipping containers, packing material for forming seals for medical and pharmaceutical packaging, cellulose acetate film used as packing material, packing foam in sheet form, molded foam for packing, plastic pellets for packing; sealant materials, namely, general purpose sealants, adhesive sealants, polyurethane sealants, silicone sealants, rubber sealants for joints; insulating materials, namely, insulation materials for pipes, insulating refractory materials, aluminium foils being insulating materials; flexible hoses, not of metal, namely, hydraulic hoses of plastic, hoses of plastic for agricultural purposes, plastic plumbing hoses; flexible plastic pipes and plastic pipes for plumbing purposes and fittings thereof, not of metal, namely, rubber valves; metal gaskets, insulating plaster and putties; insulating waterproofing membranes for waterproofing from water and humidity; acoustic insulating and barrier articles and materials, namely, acoustical insulation barrier panels; articles and materials for thermal insulation, namely, refractory materials used for thermal insulation being carbon precursor fibres, refractory materials used for thermal insulation being melamine fibres, refractory materials used for thermal insulation being poly-phenylene benzobisoxazole fibres, refractory materials used for thermal insulation being polybenzimidazole fibres; articles and materials for electrical insulation, namely, plastic films for electrical insulation; articles and materials for sound insulation, namely, soundproofing materials made of mineral wool, soundproofing foam, soundproofing batting; fire resistant insulated panels and asbestos fire curtains; spun polyester fiber, not for textile use; semi-finished plastic substances; thermoplastic elastomer resins in pellet form for use in manufacture and synthetic resins, semi-processed; rubber material for recapping tires; ebonite molds; rubber sheets for cushioning and packing purposes, vibration dampers of rubber; semiprocessed plastic, rubber and synthetic resin membranes and filtering materials of semi-processed foams and films of plastic; insulating adhesive tapes, strips, bands and films; elastomeric polymers in the form of blocks for use in manufacture; elastomeric polymers in the form of sheets for use in manufacture; insulating materials made of polyethylene foam; gutta-percha, elastic rubber, balata and their substitutes obtained from plastics and synthetic resins, in the form of wires, sheets, slabs, films, plates, blocks, tubes, bars, strips, drawn sections, and products manufactured with these materials, such as flexible hoses with or without coating; printed, dyed, lacquered, colored, metallized and coated cellulose acetate films, other than for wrapping; printed, dyed, lacquered, colored, metallized and coated polypropylene films, other than for wrapping; plastic laminates for use in manufacture, for thermal welding and vacuum-forming; plastic and polymer films for use in manufacture for coating drums and bottle caps; metalized and non-metallic adhesive tapes for industrial use, waterproofed and printed, to be used for covering, reconditioning, thermal insulating and cable insulation; gaskets for pipes; small plastic parts, namely, gaskets for use in plumbing and packing glands in the nature of sealing plugs made primarily from plastic; materials for caulking, stopping and insulation, namely, insulating fabrics, insulating felt, insulating plaster, insulating paint, rubber stoppers for industrial packaging containers; plastic film for general industrial use in the manufacture of dry products; plastic in the form of blocks, sheets and rods for the production of semi-finished shapes for use in production; thermal insulation for aircrafts.

Services

Class 40

Processing services of recycled plastic material.

management processes namely, in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; computer software for application and database integration; computer software for use in data management; downloadable and recorded cloud computing software for connecting computers to enabling cloud computing; electronic databases containing information in the field of industrial machine automation to record machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots recorded on computer media; downloadable and recorded artificial intelligence computer programs for use in asset optimization, industrial automation, machine diagnostics, and optimization of industrial, mining, healthcare, manufacturing and infrastructure management processes namely in relation to energy, transportation and water purification infrastructure; downloadable and recorded computer programs for database analysis to develop machine learning in the field of industrial machine automation in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; recorded electronic mobile software applications using artificial intelligence in the field of industrial machine automation to record machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; downloadable and recorded computer software platforms using artificial intelligence in the field of industrial machine automation to record machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; computer software platforms for assisting developers in creating program code for use in multiple computer software applications, web hosting, and database management; computer servers; computer network servers; downloadable and recorded computer software and computer hardware, sold as a unit, for the operation of industrial machine automation in the fields of energy production and distribution, transportation infrastructure and traffic signal optimization, as well as for industrial machinery, mining machinery, medical surgical robots; computer hardware.

Services

Class 35

(1) Database marketing, namely, database management of market research data and statistics, and database marketing services in the form of compiling customer specific databases; business management analysis and consultancy; management of business for giving others use of database through the Internet; management of business; market research and analysis; providing information concerning commercial sales; business administration consulting; office functions, namely providing business administration of filing documents and magnetic tapes; business research investigations for the analysis and the implementation of strategy plans and management projects; business consultancy and analysis of data relating to the planning and operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; management and compilation of computerised databases; updating and maintenance of data in computer databases; systemization of information into computer databases; consulting in relation to systemization and compilation of information of computer database; collection, systematization, compilation and analysis of business data and

information stored in computer databases, namely computerised database management; management and compilation of artificial intelligence computer databases; management and compilation of computerised databases; search engine optimization for computer database management using artificial intelligence.

Class 42

(2) Designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments, namely, custom design and development of automated machinery for use in the manufacturing industry; design services of artificial intelligence computer program-typed products; design services, namely, computer design services, computer software design and development, software design engineering, database design and development, computer graphics design services, civil engineering design consultancy, design of industrial products; design, programming, or maintenance of computer software for data retrieval; design, programming and maintenance of software for database management; design, programming and maintenance of software for information platforms on the Internet; design, programming and maintenance of software for e-commerce platforms; design, programming and maintenance of artificial intelligence computer programs; computer software design, computer programming, and maintenance of computer software; copying of computer software; design and development of electronic databases; collection, analysis, or storage of big data, namely, cloud computing provider services for general storage of big data, and for the collection of big data for machine automation analysis and reporting; installation and maintenance of database software; installation and maintenance of computer software; design, programming, configuration, maintenance, installation, function enhancement, function change, function addition and other optimization of computer programs and research, advice, consulting and providing information relating to aforementioned services; fault diagnosis and virus check of computer programs and research, advice, consulting and providing information relating to aforementioned services; monitoring of computer systems and computer programs; design, programming and maintenance of computer systems, communications network systems and information processing systems and research, advice, consulting and providing information relating to aforementioned services; configuration, installation, function enhancement, function change, function addition and other optimization of computers and research, advice, consulting and providing information relating to aforementioned services; computer system analysis and providing information relating thereto; software development for searching structured and unstructured data in the field of data analytics for the collection of technical data of machine automation operation analysis and reporting in particular for health care, energy production and distribution, traffic and transport to the end of the computer programming statement; technological advice relating to computers, automobiles and industrial machines; research on building construction and city planning; testing and research on prevention of pollution; testing and research on electrical engineering; testing and research on civil engineering; testing or research on machines, apparatus and instruments, namely, quality control testing services and operation check services for industrial machinery; rental of computers; rental of computer programs; providing computer programs on data networks, namely, providing on-line non-downloadable software for remote monitoring of industrial machine automation to provide machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; cloud computing featuring computer software for asset optimization of industrial machine automation and to provide machine usage diagnostics in the fields of manufacturing and infrastructure management processes, namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery,

mining machinery, and medical surgical robots; software as a service (SaaS) provider for the remote monitoring of industrial machine automation to provide machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; software as a service (SaaS) featuring software for use in processing and analyzing multiple sources of business and business operational data for business management and business operational purposes; software as a service (SaaS) provider for the integration of artificial intelligence and machine learning in the field of Big Data; software as a service (SaaS) featuring software for use in cloud service brokerage and management; software as a service (SaaS) services featuring software for database management, use as a spreadsheet, and for word processing; platform as a service (PaaS) provider for the remote monitoring of industrial machine automation to provide machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; platform as a service (PaaS) featuring computer software platforms for use in processing and analyzing multiple sources of business and business operational data for business management and business operational purposes; platform as a service (PaaS) featuring computer software platforms for cloud service brokerage and management; platform as a service (PaaS) provider for database management, use as a spreadsheet, and for word processing; providing temporary use of on-line non-downloadable cloud computing software for monitoring of industrial machine automation to provide machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; providing temporary use of on-line non-downloadable software for database management, for use as a spreadsheet, and for word processing; providing temporary use of on-line non-downloadable cloud computing software for the remote monitoring of industrial machine automation to provide machine usage diagnostics and determine asset optimization in the fields of manufacturing and infrastructure management processes namely in relation to energy distribution, transportation infrastructure, as well as water purification infrastructure, industrial machinery, mining machinery, and medical surgical robots; providing artificial intelligence computer programs, namely, design and development of computer software programs featuring artificial intelligence; web hosting of Internet platforms; hosting of computer websites by means of cloud computing; hosting of Web sites; rental of memory space on computer servers on the Internet; rental of memory space of computers; providing of computer software and computer hardware for collection and analysis of data for planning and operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; providing rental of computer hardware and online non-downloadable computer software; cloud computing and technical consultancy for the operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; technological services for optimising the operation of industrial installations, infrastructure installations, in particular for health care, energy production and distribution, traffic and transport; computer programming of computer-aided industrial analysis software; computer-aided industrial analysis, in the nature of computer diagnostic services of industrial machines operation; consulting services in the field of software as a service (SaaS) design and development; consulting services in the field of design and development of industrial machine engineering; consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; consultancy services in the field of cloud computing for the general storage of data;

computer technology consultancy, namely, consultancy in the fields of computer software design and development, and computer network design for others; consultancy relating to computer security.

Goods

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus, instruments and sensors, namely, apparatus, instruments and sensors for measuring the chlorophyll content in plants, apparatus, instruments and sensors for measuring the fertilizer content of the soil, apparatus, instruments and sensors for measuring of crop nitrogen requirements and apparatus and instruments for measuring and dosing of fertilizers, fertilizer injection units, namely, devices connected to a water distribution line, which automatically injects a predetermined proportion of fertilizer into an irrigation system used by a greenhouse complex, apparatus, instruments and sensors for measuring precipitation, apparatus, instruments and sensors for measuring the content of minerals in the soil; computer hardware and computer software for controlling and regulating the dispersion of agricultural fertilizers; automatic dose metering units for measuring, dosing and mixing of gases and fluids comprising electronic control panel, proximity sensors, liquid level sensors, optical sensors, liquid fertilizer injectors, flow meters, pressure switches and electronic control valves for regulating the flow of gases and liquids, pressure sensors, meters and gauges, pressure relief valves, valves acting as a meter for measuring gaseous flow, warning unit, and computer software for controlling and monitoring the aforesaid equipment; manometer; calculating

machines, computers, microprocessors, signal processors; computer software, namely, software for measuring of crop nitrogen requirements and software for measuring, varying and distributing of fertilizers, software for measuring chlorophyll content in plants, software for measuring fertilizer content of the soil, software for measuring the content of minerals in the soil software for measuring dosing and mixing of gas and fluids; software applications for precision farming and farm management, crop monitoring, fertilization measuring and monitoring, crop optimization, crop nutrition management, namely, computer software applications for managing crop harvests, for managing fertilizer distribution and composition, for analyzing water requirements in crops, for analyzing fertilizer mixability and for analyzing nutrient requirements in crops; NO_x and SO_x emission monitors, instruments and sensors for NO_x and SO_x emission control; laboratory respirators for filtering air, namely, for lessening NO_x and SO_x in the air, laboratory instruments and sensors for NO_x and SO_x abatement; computer software for measuring, dosing and mixing of gas and fluids for laboratory use within the field of agriculture, horticulture, aquaculture and forestry and maritime services, computer software for controlling NO_x and SO_x emissions in a laboratory environment within the field of agriculture, horticulture, aquaculture and forestry and maritime services, computer software for operating and controlling respirators for lessening amounts of NO_x and SO_x in air; measuring and controlling electronic apparatus and instruments, namely, sensors, liquid level sensors, optical sensors, liquid fertilizer injectors, flow meters and liquid-level gauges for use in facilitating precision farming and farm management, crop monitoring, fertilization measuring and monitoring, optimization, and better nutrition management; instruments and sensors for dispensing liquid fuels, fuel additives, chemical additives, petrol and diesel for service stations and their accessories, in particular metering devices, monitoring devices and dosage dispensers.

Services

Class 42

Industrial analysis and research services relating to agriculture, horticulture, aquaculture and forestry and maritime services, namely, analysis and research relating to crop nutrition; design and development of computer hardware and software; scientific and technological services relating to agriculture, horticulture, aquaculture and forestry and maritime services, namely, design and development of agricultural fertilizers; industrial analysis and research services relating to agriculture, horticulture, aquaculture and forestry and maritime services, namely, industrial design and development of agricultural fertilizers and industrial analysis and research services relating to measuring the chlorophyll content in plants, measuring the fertilizer content of the soil, measuring of crop nitrogen requirements and measuring tank mixture and tank mixability identification, varying and distributing of fertilizers, measuring precipitation, measuring the content of minerals in the soil, emission control and abatement of polluting gases and other pollutants, including NO_x and SO_x and H₂S emission control and abatement; industrial analysis and research services in the fields of measuring the chlorophyll content in plants, measuring the fertilizer content of the soil, measuring of crop nitrogen soil requirements and measuring, varying and distributing of agricultural fertilizers, measuring precipitation amounts, measuring of mineral content in soil, monitoring NO_x and SO_x emission control and NO_x and SO_x abatement all for use in the agricultural industry.

ANTYLIA SCIENTIFIC

Trademark Type

Standard Characters

Goods

Class 01

(1) Laboratory chemicals, namely buffer and standard solutions for use in analytical chemistry, namely, colorimetric, pH solutions; reagents for scientific and laboratory use, namely, cell culture, antibody, in vitro diagnostic reagents; containers filled with a chemical preservative for collecting and storing samples for environmental testing

Class 07

(2) Pumps, namely, peristaltic, diaphragm, dispensing, centrifugal, filling, piston, rotary piston, syringe, and bellows metering pumps, positive displacement pumps, peristaltic pumps, roller pumps, diaphragm pumps, microfluidic pumps, hand operated drum pumps, centrifugal pumps, gear pumps, hose pumps, single-use pumps, flexible liner pumps, magnetic levitation pumps, lobe pumps, rotary vane pumps, quaternary diaphragm pumps, oscillating pumps, bellows pumps, nutating disc pumps, and progressive cavity pumps; component parts for scientific laboratory pumps, namely, pump drives, pump fittings, connectors, gaskets, calibration columns, and pump valves; fluid transfer assemblies, namely, tubing, connectors, clamps, filters, capsule filters and containers for use in the transfer of fluids in scientific laboratories; filters for pumps, namely, filter membranes and filter papers for use in scientific laboratory pumps

Class 09

(3) Scientific, electrical, weighing, measuring, monitoring and process control instruments all for use in scientific laboratories, namely, bottles, dishes, vials, tubes, measuring glassware, flasks for laboratory use, beakers, cylinders, tubing, connectors, clamps, fluid leak detectors, fluid leak sensors, funnels, gloves for laboratory use, pump and vial filters, pressure gauges, sensors for measuring liquid levels, sensors for measuring gas levels, sensors for measuring pressure, flow controllers, level switches, level indicators, sampling containers, chemical-resistant rubber membranes for the transfer of liquids and gases, desiccators for laboratory use, homogenizers for laboratory use, cuvettes for laboratory use, calibration devices for thermometers, calibration devices for laboratory evaporators, calibration devices for rotators, calibration devices for scales and balances, digital pH meters and temperature indicators, electrochemical oxygen monitors and

sensors for laboratory use, sensors for measuring pH, sensors for measuring dissolved oxygen content in laboratory samples, sensors for measuring conductivity, spectrophotometers for use in identifying and measuring colors, fluorimeters, dissolved oxygen meters for laboratory use, chromatography apparatus for laboratory use, portable and bench dissolved oxygen meters for laboratory use, conductivity meters, portable and bench conductivity meters, conductivity cells in the nature of electrical conductivity sensors, photometers for laboratory use, flame photometers, pH meters, portable and bench pH meters, pH meter components in the nature of pH electrodes, combined pH and conductivity meters, colorimeters, humidity meters, flowmeters for measuring gas, air, and water for industrial or laboratory use, digital and thermocouple thermometers, thermocouple probes, thermistor probes, resistance temperature detectors, thermocouple meters, infrared temperature measuring devices, luxometers, instruments for measuring properties of light, pressure meters, carbon dioxide meters, manometers, barometers, tachometers, meters for measuring sound level, weather stations comprised of thermometers and barometers, hygrometers, anemometers, gauges for measuring precipitation, udometers, pluviometers, ombrometers, stroboscopes, accelerometers, instruments for measuring vibration, timers, countdown timers, micrometers, instruments for measuring small distances or dimensions, protractors, durometers, instruments for measuring hardness in polymers, elastomers and rubbers, electronic torque wrenches, electronic tools for applying torque to fasteners, tools for measuring the amount of torque applied to fasteners, gauges for measuring thickness of coatings, thickness gauges, gauges for measuring torque or force, torque gauges, hydrometers, refractometers, thermal imaging cameras and thermal displacement gauges, temperature transmitters and panel meters, temperature data logger and recorders, thermostats, thermocouples and thermistors, instruments for measuring total dissolved solids, pipettes and tips therefor, pipettors, pipets for laboratory use, electric motor driven stirrers and mixers primarily for laboratory use, count-down timers, ultrasonic cleaners in the nature of sterilizers for laboratory use, water baths, thermal immersion circulators, calibration baths, fluidized bath heater, cell culture stirrers, hotplates, stirrers, stirring hotplates, refrigerators, freezers, ovens, ventilation hoods, incubators, heating blocks, furnaces, dry block heaters, nucleic acid sequencing instruments, DNA analysis instruments, vortex mixers, mixers incubators, flask shakers, rollers, roller mixers, rockers, platform rockers and rockers providing a gyratory motion, orbital shaker incubators, temperature controlled shaking water baths, orbital shakers and reciprocating shakers and platforms therefor, machines that heat items and measure those items' melting points, handheld tally counters, colony counters and digital counters for measuring bacteria and mold colonies, electrical heating equipment and apparatus for laboratory and scientific use in the nature of heating mantles, heating tapes, armored heater, water, air, and histological baths, apparatus for Soxhlet and Kjeldahl tests, solid phase extraction (SPE) cartridges for laboratory use, testing sample collection equipment, namely, wipes and swabs for use in diagnostic testing, air monitoring, sampling, and testing devices, namely, indoor and outdoor air quality sampling cassettes, digestion vessels for determining metal content in samples for environmental testing purposes, test tubes, test tube heaters, heating panels and pads, cellulose extraction thimbles, specimen cups not for medical purposes, electronic controllers, pyrometers and energy regulators for the control of scientific laboratory machines and equipment; downloadable computer software for mobile phones, laptop computers, notebook computers, smart phones and smart watches, namely, software for controlling, measuring, monitoring, and evaluating scientific laboratory measuring instruments and scientific laboratory equipment from a remote location; downloadable software for mobile phones, laptop computers, notebook computers, smart phones and smart watches, namely software for accessing, storing, retrieving, and measuring data generated by scientific laboratory machines, equipment and computers; downloadable cloud-based software for controlling, measuring, monitoring, and evaluating scientific laboratory measuring instruments and scientific laboratory

equipment; downloadable cloud-based software for accessing, storing, and retrieving measurement data generated by scientific laboratory machines, equipment and computers

Class 14

(4) Stopwatches

Class 17

(5) Non-metal tubes for use in laboratory fluid pumps for moving liquids and gases

Services

Class 35

(1) Distributorships in the field of scientific and electrical machines and equipment, and weighing, measuring, monitoring and process control instruments all in the nature of laboratory equipment, namely, digital pH meters and temperature indicators, electrochemical oxygen monitors and sensors for laboratory use, sensors for sensing pH, dissolved oxygen content in laboratory samples, and conductivity, spectrophotometers for use in identifying and measuring colors, fluorimeters, dissolved oxygen meters for laboratory use, portable and bench dissolved oxygen meters for laboratory use, conductivity meters, portable and bench conductivity meters, conductivity cells in the nature of electrical conductivity sensors, photometers for laboratory use, flame photometers, pH meters, portable and bench pH meters, pH meter components in the nature of pH electrodes, combined pH and conductivity meters, colorimeters, flowmeters which measure gas, air, and water for industrial or laboratory use, digital and thermocouple thermometers, pipettes and tips therefor, electric motor driven stirrers and mixers primarily for laboratory use, ultrasonic cleaners in the nature of sterilizers for laboratory use, water baths, thermal immersion circulators, calibration baths, fluidized bath heater, cell culture stirrers, hotplates, stirrers, stirring hotplates, refrigerators, freezers, ovens, incubators, heating blocks, furnaces, dry block heaters, nucleic acid sequencing instruments, DNA analysis instruments, vortex mixers, mixers incubators, flask shakers, laboratory roller equipment that uses shaking, rotary, or wave motion to mix samples, substances, and liquid-solid suspensions, roller mixers, platform rockers and rockers providing a gyratory motion, orbital shaker incubators, temperature controlled shaking water baths, orbital shakers and reciprocating shakers and platforms therefor, equipment for measuring the melting points of products and heating blocks therefor, handheld tally counters, colony counters and digital counters for measuring bacteria and mold colonies, electrical heating equipment and apparatus for laboratory and scientific use in the nature of heating mantles, heating tapes, armoured heater, water, air, and histological baths, apparatus for Soxhlet and Kjeldahl tests, test tube heaters, heating panels and pads, pyrometers and energy regulators for control of all of the above listed goods, auxiliary equipment for the automatic operation of aforementioned laboratory goods, namely, computer software and hardware for the control, measurement, monitoring, and assessment of the functionality of laboratory measuring instruments

Class 42

(2) Calibration of laboratory equipment; providing an interactive website allowing users to control, measure, monitor and evaluate scientific laboratory measuring instruments and scientific laboratory equipment from a remote location; providing an interactive website allowing users to access, store, and retrieve measurement data generated by scientific laboratory machines, equipment and computers; providing on-line non-downloadable software for controlling, measuring, monitoring, and evaluating scientific laboratory measuring instruments and scientific laboratory equipment; providing on-line non-downloadable software for accessing, storing, and retrieving measurement data generated by scientific laboratory machines, equipment and computers

Colour Claim

Colour is claimed as a feature of the trademark. The outline of the oval design is made of two lines. The outer line is brown-gold or goldenish brown and inner line is green (moss or lighter olive). The goldenish brown color transitions from golden to darker goldenish-brown going left to right. The word Bamiyan is centered and positioned in front of the oval with the ends of the oval aligning with the letters "B" and "n" of the word "Bamiyan". The word is in brown-gold / goldenish-brown with white outline giving illusion of embossment. The colors transition from lighter golden on top half of the word to darker golden brown on the bottom half. There is a "wheat leaves" image inside the oval but above the letters "a" and "m" of the word "Bamiyan". It is two wheat leaves joined together with the wheat portion being goldenish-brown and the leaf portion being green (moss, light olive color). Lastly, there is the word "RICE" in all caps underneath the word Bamiyan, centered and also inside the oval. It is in the color green (moss or light olive green color).

Foreign Character Translation

The translation provided by the applicant for the word "Bamiyan" is a Persian word that means "middle roof".

Trademark Description

The mark consists of large stylized letters "AQA", with the tail of the letter "Q" extending outward in a wavy line below the second letter "A", with the smaller stylized words "TALKING RAIN" appearing above the letters "QA", with a stylized umbrella design appearing above the letters "ING", all superimposed over the larger, stylized numbers "9.5" shown in a contrasting darker shade.

Disclaimer

The right to the exclusive use of "9.5" is disclaimed apart from the trademark.
