Canada

Trademarks Journal
Vol. 70 No. 3591

General Information

The *Trademarks Journal* (the "*Journal*") is published on the website of the Canadian Intellectual Property Office (http://cipo.gc.ca). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the "*Act*"), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Goods

Class 03

(1) Skin, body, bath and hair care cleansing preparations, namely, soaps; skin cleansing creams and washes, cleansing gels, cleansing scrubs, oil free skin cleansers, body and facial scrubs, bath and shower gel, hair and body wash, bubble bath and bath salts, crystals and oils; skin, body and hair care preparations, namely, body, face and skin masques, toners, freshener, moisture cream, mists and sprays, skin conditioning face and body oils, astringent spray, exfoliant, moisturizer, oil free toner, skincare powder, body, face and skin serums, and gelées; haircare preparations, namely, shampoo, conditioner, hair protectant, hair oil, hair mousse, scalp revitalizer, crèmes, primers and hair mask; skin, body and hair lotions; skin, body, hand, foot, eye and hair creams; suncare preparations, namely, sunscreen, after sun preparations, and suntanning preparations; fragrances, namely, essential oils, scents, and perfumery; makeup for the face including face oils, non-medicated face brightener, foundation, concealer, facial powder, tinted moisturizers and tinted creams; full line of color cosmetics, namely, makeup, color wand, finishing powder, pressed powder, eye pencils, eye shadow, blush, eyelash thickener, lip moisturizer, lipsticks, lip pencils, lip

gloss, eye makeup remover, lip ointment; non-medicated skin care preparations; non-medicated acne treatment preparations, namely, cleansers, washes, lotions and spot treatments; antiperspirants and deodorants for personal use; dentifrices, namely, toothpaste; massage oil; shave gels.

Class 05

(2) Supplements, namely, vitamins, mineral supplements, nutritional supplements, dietary supplements, food supplements consisting of trace elements, and herbal supplements all for general health and wellbeing; nutritional supplement meal replacement energy boosting tablets and powders; powdered nutritional supplement drink mix for general health and wellbeing; nutritional supplement for eliminating toxins from the body; dietary and nutritional supplements containing fiber for general health and wellbeing; dietary supplements in the nature of nutritionally fortified soft chews for general health and wellbeing; herbal teas for use as dietary supplements; medicated preparations, namely, acne cleansers, acne control moisturizers, acne spot treatments, acne medicated preparations for the treatment of acne, and dietary supplements for hydrating the skin, treating acne, and anti-aging.

Class 14

(3) Jewelry.

Class 18

(4) Fashion handbags, purses, handbags, shoulder bags, carryalls, makeup bags, cosmetics bags, toiletry bags all sold empty.

(5) Travel bags.

Class 25

(6) Clothing, namely, shirts, t-shirts, sweaters, jackets, sweatshirts, pants, hats.

(7) Socks.

Class 32

(8) Energy drinks; concentrates and powders used in the preparation of energy drinks and fruit-flavored beverages.

Services

Class 35

Retail shop-at-home party services in the field of general health and well-being, namely, retail shop-at-home party services for nutrition and food supplements, skin, hair and beauty care products; mail order services in the field of general health and well-being, namely, mail order services for nutrition and food supplements, skin, hair and beauty care products; on-line ordering services in the field of general health and well-being, namely, on-line ordering services for nutrition and food supplements, skin, hair and beauty care products; distributorship services in the field of general health and well-being, namely, distribution services for nutrition and food supplements, skin, hair and beauty care products.

Services

Class 35

(1) Promotional services for promoting snow skiing, namely promoting the goods and services of others by arranging for sponsors to affiliate goods and services with alpine ski and recreational snow skiing for the public; Administration of a discount ticket program which enables participants to obtain ski hill lift tickets at a reduced price on specifically identified dates of the year.

Class 36

(2) Fundraising services, namely organization and holding of fundraising events in the field of snow skiing, including arranging and conducting a national ski day across Canada.

Class 41

(3) Organizing and conducting sport events, namely recreational snow skiing for the public.

Goods

Class 09

(1) Scientific apparatus and instruments, namely glassware for scientific experiments in laboratories, satellites for scientific use, scientific prisms, laboratory instruments for the detection of pathogens and toxins in a biological sample intended for research; nautical apparatus and instruments, namely electrolysis apparatus for producing hydrogen and oxygen from water, rebreathers for diving; surveying apparatus and instruments, namely theodolites, range finders; photographic apparatus and instruments, namely photographic apparatus; cinematographic apparatus and instruments, namely cinematographic cameras, movie projectors, virtual reality software for movie special effects; optical apparatus and instruments, namely optical sensors, optical switches, optical condensers, electric and optical cables, optical amplifiers; weighbridges; measuring apparatus and instruments, namely measuring instruments for concentration, scale rules, measuring wheels, measuring tapes, laser measuring tapes, measuring cups; signalling apparatus and instruments, namely signal lights, digital signage monitors, luminous safety or signalling beacons; checking apparatus and instruments, namely switchboards, optical inspection apparatus for detecting defects on surfaces of wafers and printed circuits, life-saving apparatus and instruments, namely life buoys, rescue ladders, life nets; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely power distribution boxes, electrical connection boxes, electrical cables, electric accumulators, electrical circuits, electrical connectors for current converters, current converters, current rectifiers, current transformers, electrical power distribution blocks; apparatus for recording, transmitting, reproducing sound and images, namely sound recording discs, computer software enabling the transmission of photographs to mobile telephones; magnetic tape recorders, recording discs; blank compact discs, blank recordable DVDs and other digital recording media, namely video recording tapes, sound recording discs; mechanisms for coin-operated apparatus; cash registers,

calculators, electronic calculators, data processing hardware, computers; software, namely database management software, computer programs and software for image processing, software for data storage automation; fire-extinguishing apparatus; electronic organizers; analysis apparatus other than for medical use, namely diesel oil analyzers, residual gas analyzers; antennas, namely satellite aerials, microwave antennas, radio signal antennas; applications, downloadable computer software, namely software for capturing gesture recognition, operating a local area network, carrying out studies, trials, tests, analysis, evaluations, appraisals, audits, certifications, training related to goods, services, materials, devices and apparatus, installations, in particular related to aircraft, ships, motor vehicles, railway materials, civil engineering apparatus, hoisting apparatus, , namely automotive hoists, wire hoists, electric, thermal or hydraulic power plants, material for oil development, material for nuclear facilities, building construction and civil engineering, soils, data processing equipment, namely data processing hardware, computers, electronic data transmission equipment, namely cellular telephony transmission towers, telecommunication equipment, namely computer hardware for telecommunications; electronic bracelets for measuring step count; magnetic encoded identification bracelets; magnetic identification bracelets; magnetic identification cards; encoded magnetic cards, namely encoded electronic smart cards for identifying users of computers and mobile telephones, encoded identification cards, secure digital memory cards; memory cards; encoded key cards, namely smart cards for use as room keys; chemistry apparatus and instruments, namely glassware for laboratory use, laboratory scales and balances, laboratory baths, laboratory test tubes, laboratory flasks; chromatography apparatus for laboratories; printed circuits; integrated circuits; radio transmitters for remote controls, electrodynamic apparatus for the remote control of switch rails; computer network switches, automatic transfer switches, piezoelectric switches; materials for electrical conduits, namely electric conduits, ducts for electrical cables, electrical cables, electric connector cables, electrical circuits; electrical connectors; electric apparatus for the control of equipment and installations, for the certification of quality standards, namely particle counters for measuring air quality, instruments for measuring air quality parameters, programs related to services for testing and assessing the quality of images rendered on screens, related to products, namely aircraft, ships, motor vehicles, railways, equipment for manufacturers of industrial equipment, for suppliers and for assemblers, civil engineering machines, namely machines used in the industrial, tertiary, agricultural and railway sectors, hoisting apparatus, namely automotive hoists, wire hoists, electric power plants, thermal facilities, namely heating boilers, industrial boilers, steam engine boilers, air conditioners, facilities for the distribution of thermal energy, ventilation systems, hydraulic facilities, namely hot water tanks, hydrogen power plants, equipment for oil development, equipment for nuclear facilities, real estate constructions and civil engineering constructions, namely industrial constructions, namely plants, warehouses and structures, transportation infrastructure, namely roads, tunnels, ports, bridges, hydraulic constructions, namely dams and levees, soils, computer hardware, in particular computers and software, electronic materials for the transmission of data, namely cellular telephony transmission towers, hardware for telecommunications, namely computer hardware for telecommunications; detectors, namely combination smoke and carbon monoxide detectors, fire and smoke detectors, metal object detectors for industrial and military use, carbon dioxide detectors, metal detectors, motion sensors; computer utility programs for providing diagnostic details on devices installed in a computer system, namely computers, tablets, printers and servers; pre-recorded DVDs and compact discs containing audio and video clips; blank optical discs, optical discs featuring music; distillation columns for laboratory use; dosage dispensers; electrodynamic apparatus for the remote control of electrical, digital signals and for the control via satellite, for positioning, navigation, navigation databases, satellite navigation, radio navigation; digital signage monitors, digital signage display panels; transmitters, radio receivers and radio signal tuners, satellite signal processors, signal

processors, radio signal antennas, signal amplifiers; distance recording apparatus, namely theodolites, range finders; time recording apparatus, namely minute counters; magnetic tape recorders; pressure sensors, tire pressure gauges; audiovisual teaching apparatus, namely educational software containing instructions relating to electrical engineering; material testing instruments and machines, namely metal strength testing machines, concrete testing machines, plastic testing machines, textile testing machines, cement testing machines, metal compression testing machines; electronic tags for goods; fibre optic cables; downloadable images for electronic tablets, downloadable images for mobile telephones, downloadable images for hand-held computers; laboratory ovens; frequency meters; gasometers [measuring instruments]; surveying apparatus and instruments, namely theodolites; global positioning system transmitters; computer software for global positioning systems, holograms; computers and computer hardware; intercommunication apparatus, namely microphones for communication devices, computers for communication; lasers for non-medical use, namely lasers for disc players, ultrashort pulse lasers for spectroscopy, lasers for industrial welding applications; barcode scanners; optical scanners; data processing hardware; optical lenses; computer programs and software for image processing, computer operating programs; smart glasses; 3D glasses; distance measuring apparatus, namely range finders, range sensors; speed sensors, speed indicators; electric measuring apparatus, namely laboratory thermometers; precision measuring apparatus, namely precision theodolites; measuring instruments, namely range finders; car navigation computers; global positioning system (GPS) satellites; optical inspection apparatus and instruments for inspecting buildings; computers; portable computers; smart phones; solar panels for the generation of electricity; luminous and mechanical signalling panels, namely signal lights, warning triangles, luminous safety or signalling beacons, rotating signalling lights; computer peripherals, namely computer screens, computer keyboards, headphones, webcams, computer printers, optical scanners; dosing devices, namely laboratory scales and balances, helicopter load monitoring scales, scales for medical use; photographic apparatus; apparatus and instruments used in physics, namely dynamometers; galvanic batteries, all-purpose batteries; solar batteries; central processing units; computer operating programs, computer utility file storage programs, computer utility file compression programs, computer utility anti-virus protection programs; recorded operating system programs for computers, computer programs for using the Internet and the Web, computer programs for document management, computer utility programs for file management; projection apparatus, namely slide projection apparatus, photographic projectors, projection screens, liquid crystal projection panels; electronic publications in the form of magazines, electronic publications in the form of journals, electronic medical publications; radiology apparatus for industrial use, namely gamma radiation detectors; X-ray equipment other than for medical use, namely X-ray tubes for neutralization; audio-video signal receivers; oil and gas well downhole survey and measurement equipment; electronic tablets; mobile telephones; portable telephones.

Class 16

(2) Paper and cardboard; printed matter, namely print letters, printing moulds; bookbinding material; photographs; office stationery; adhesives for stationery or household purposes; artists' materials, namely artists' pencils, artists' pens, artists' palettes; paintbrushes; typewriters; educational books; plastic materials for packaging, namely plastic bags for packaging, plastic film for packaging, packaging made of cellular plastic; printers' type; printing blocks; catalogues; flyers; graphic prints; newspapers; books; manuals; flyers; printed publications in the field of music.

Services

Class 35

(1) Advertising for others on the Internet, advertising services for the goods and services of others; business management; business administration; office services, secretarial and clerical services; procurement of contracts for the purchase and sale of the goods and services of others, business administration in the field of transport and delivery; business information agency providing information in the field of construction; assistance in managing commercial or industrial businesses; cost-price analysis; business auditing [business analyses]; management and compilation of computer databases; business organization and management advice; personnel management advice; business management consulting, advice related to the conduct of business; business appraisals; market studies; business productivity expert services; organization and conduct of trade shows in the field of fitness equipment, organization and holding of arts and crafts exhibitions; outsourced administrative management of businesses; computer file management; consulting and information concerning business management; commercial management advice provided via the Internet; provision of business information related to commercial and business contacts in the field of industrial certification, namely business intermediary services matching prospective private investors with entrepreneurs in the field of industrial certification; provision of others' business and marketing information; conduct of business and market research surveys for others; development of marketing strategies and concepts for others; updating and maintenance of data in computer databases; negotiation and conclusion of business transactions for others; conduct of an online trade show exhibition in the field of jewellery; economic forecasting; advertising related to the goods and services of others provided via any public means of communication; research related to consumption for others; web indexing for commercial or advertising purposes; business administration assistance; personnel recruitment; psychological testing for the selection of personnel; development of statistics for businesses.

Class 37

(2) Building construction, construction of piping, road construction; repair of aircraft, ships, motor vehicles, railway vehicles, civil engineering machines, namely machines used in the industrial, tertiary, agricultural and railway sectors, hoisting apparatus, namely automotive hoists, wire hoists, electric power plants, thermal facilities, namely heating boilers, industrial boilers, steam engine boilers, air conditioners, facilities for the distribution of thermal energy, ventilation systems, hydraulic facilities, namely hot water tanks, hydrogen power plants, equipment for oil development, equipment for nuclear facilities, real estate constructions and civil engineering constructions, namely industrial constructions, namely plants, warehouses and structures, transportation infrastructure, namely, roads, tunnels, ports and bridges, hydraulic constructions, namely dams and levees, soils, computer hardware, in particular computers, electronic materials for the transmission of data, namely computer hardware for data processing, hardware for telecommunications, namely computer hardware for telecommunications; installation services, namely installation of elevators and lifts, installation of electric machinery and power generators, installation of electrical systems, installation of building scaffolds; dispensing of advice related to building construction; maintenance and repair services, namely repair and maintenance of building scaffolds, working and building platforms, repair and maintenance of construction machines, maintenance and repair of buildings, building maintenance and repair; consulting services related to the supervision of building construction, provision of aircraft construction, repair and maintenance information; provision of information related to the repair of buildings; installation and repair of industrial apparatus and equipment, namely elevators and lifts, electrical systems, refrigerating apparatus; construction supervision.

Class 41

(3) Educational services related to electrical engineering; training in the field of electrical engineering; entertainment consisting of automobile races; organization of sports events in the field of football, organization of community festivals; coaching and training in the field of industrial certification; organization and conduct of colloquiums in the field of industrial certification; organization of fishing competitions, organization of math competitions; organization and holding of conferences related to mechanical engineering; recording of film on video tapes; correspondence courses related to technical writing; teaching in the field of computer programming; educational examination for users to qualify to pilot drones; organization and conduct of non-virtual educational forums in the field of industrial certification; provision of information about higher education credit courses and online education; organization and holding of art exhibitions, organization of fitness equipment shows; workshops and seminars in the field of photography; vocational guidance services; publishing of books, publishing of catalogues, publishing of booklets, publishing of magazines, publishing of electronic magazines, publishing of periodicals, publishing of flyers, publishing of journals; online publishing of electronic books and trade journals; provision of non-downloadable electronic publications online, namely publishing of electronic magazines; vocational retraining, namely professional training in the field of industrial certification; organization and holding of home security seminars; organization of conferences and symposiums in the field of medical science; translation services; tutoring.

Class 42

(4) Research pertaining to mechanical engineering, research in the field of chemistry, research in the field of physics, laboratory research in the field of chemistry, research related to building construction; consulting, research and analysis in the field of interior design; design and development of computers and software; drafting of construction plans, planning of buildings and building infrastructure; research, testing, analysis, evaluation, quality assessment and inspection, for the certification of, goods, services, materials, machines and apparatus, installations, namely aircraft, ships, motorized vehicles, civil engineering machines railway equipment, hoisting equipment, namely automotive hoists, wire hoists, electric, thermal and hydraulic power plants, equipment for oil development, equipment for nuclear facilities, real estate constructions and civil engineering constructions, namely industrial constructions, namely plants, warehouses and structures, transportation infrastructure, namely roads, tunnels, ports and bridges, hydraulic constructions, namely dams and levees, soils, computer equipment, in particular computers and software, electronic equipment for the transmission of data, namely computer hardware for data processing, hardware for telecommunications, namely computer hardware for telecommunications; chemical, mechanical and nuclear engineering services; mechanical engineering, chemical engineering; development of technical reference materials in the field of electrical engineering; technical advice in the field of environmental sciences, architectural advice services; consulting in the field of product certification and product quality standards, namely relating to aircraft, ships, motor vehicles, railway vehicles, equipment, namely for manufacturers of industrial equipment, for suppliers and for assemblers, civil engineering machines, namely machines used in the industrial, tertiary, agricultural and railway sectors, hoisting apparatus, electric power plants, thermal and hydraulic facilities, equipment for oil development, equipment for nuclear facilities, real estate constructions and civil engineering constructions, namely industrial constructions, namely plants, warehouses and structures, transportation infrastructure, namely roads, tunnels, ports and bridges, hydraulic constructions, namely, dams and levees, soils, computer hardware, in particular computers and software, electronic materials for the transmission of data, namely computer hardware for data processing, hardware for telecommunications, namely computer hardware for telecommunications; quality evaluation of wool; energy auditing services; issuance of certificates in the field of industrial certification; quality assurance services in the construction industry; consumer

product safety auditing, safety testing of consumer goods; quality control for the food industry, quality control of automobile parts; technical control of motor vehicles; non-destructive testing services, namely inspection services using infrared thermography in the field of industrial certification; installation of software; provision of research services in the field of industrial certification; research of new products for others; laboratory testing of materials, safety testing of consumer goods; testing, inspection and research in the fields of aeronautics, shipbuilding, the automotive industry, railway transport, the civil engineering industry, electric power plant construction, thermal power plant construction, hydraulic power plant construction, the oil industry, nuclear engineering, building construction, geology; testing and evaluation of automobile hoisting apparatus; testing of computer software; testing of computers; testing of computer hardware for telecommunications; software development; computer programming; technical advice and information in the field of environmental sciences; computer software advisory services; consultant services related to computer hardware design and development; data transfer and conversion from one medium to another; conversion of data and documents from physical to electronic media; creation and maintenance of websites for others; design of software; calibration of laboratory instruments; installation of software; maintenance of software and computers; updating of software; provision of search engines for the Internet; computer programming; technical research in the field of chemistry, technical research in the field of physics; technical writing; provision of cloud computing for data storage; remote monitoring of computer systems; repair of computer software.

Class 44

(6) Performance assessment services in the field of health.

Class 45

(5) Legal services; security services for the protection of property and individuals; personal and social services provided by others to meet the needs of individuals, namely legal research services, legal investigation services, security guard services and monitoring services; granting of computer software licences [legal services]; granting of intellectual property licences; advice in the field of workplace safety; legal document preparation services; factory inspection related to security; baggage inspection for security purposes; reviewing of standards and practices related to environmental regulations; advice and information in the legal field; advice related to workplace safety regulations.

Class 09

(1) Computers; tablet computers; wireless handheld devices, namely, voice-controlled information devices comprised of cloud-connected and voice-controlled smart audio speakers with virtual personal assistant capabilities; computer hardware; digital audio, video and media players, namely digital music players, digital video players, MP3 players, MP4 players, CD players, and DVD players; entertainment systems comprising a computer, multiple image display screen, and multiple input devices; entertainment systems, namely, music, stereo, home theatre and hi-fi sound systems; entertainment systems, namely, computer hardware for transferring, receiving and storing sound, images and data in digital form on a home computer network; home theatre systems; computer peripheral devices, namely computer monitors, computer display screens, electric wires, computer cables, modems, computer printers, computer disk drives, computer network adapters, computer card adapters, cable connectors, plug-in connectors, electrical power connectors; wireless controllers to monitor and control the functioning of other electronic devices, namely computers, televisions, stereos, electrical switches, lights, thermostats, and home security systems; accessories for TV and portable and handheld electronic devices, namely, TV monitors, computer monitors, video monitors, touchscreen monitors, LCD monitors, LCD displays, keyboards, compute mice, electric wires, electronic cables, modems, optical disk drives, floppy disk drives, hard disk drives, electrical plug adapters, computer card adapters, flash memory card adaptors, cable connectors, plug-in connectors, electrical power connectors, electronic docking stations, charging stations, computer styluses, LED drivers, battery chargers, battery packs for cell phones, battery packs for mobile computers, battery packs for tablet computers, battery packs for electronic book readers, flash memory cards, secure digital (SD) memory cards, random access memory cards, memory card readers, headphones and earphones, speakers, microphones, and headsets; voice command and recognition software, speech to text conversion software; voice-enabled software applications for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; voice-enabled software applications for use in providing retail store and ordering services for a wide variety of consumer goods; voice-enabled software applications for use in playing video games and computer games; voice-enabled software applications for the operation of internet of things (IoT) electronic devices,

namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; software for enabling wireless communication and transmission via the Internet of voice, audio, video, and data for use with cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities for the purposes of managing, connecting and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing consumer entertainment and educational information, movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, water, art and cultural activities, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural events, concerts, publishing, animation, current events, and fashion; providing information,

news, and commentary in the fields of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law to cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; search engine software; computer software used for controlling wireless handheld devices, namely, voice-controlled information devices comprised of cloud-connected and voice controlled smart audio speakers with virtual personal assistant capabilities; computer software used for controlling gaming systems; computer software used for controlling toys, namely, electronic hand-held game units; computer software for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; computer software for accessing, browsing, and searching online databases, digital format audio files, digital format video files, and digital format multimedia files, computer games, video games, and third party software applications, software application marketplaces; computer software programs for developing computer software applications; computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest, namely topics in the fields of sports, movies, television shows, celebrities, video games, business news, financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, healthy lifestyle and personal growth, vehicles and air transportation, railway transportation, boat transportation, freight transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate development, real estate agencies, personal fashion, fashion design, interior design, food and cooking, home decorating, music and cinema, history, medicine, legal services and current events; computer software for use in providing retail and ordering services for a wide variety of consumer goods; computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide

detectors, and light bulbs; computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs via wireless networks; computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; software development kits (SDKs) consisting of computer software development tools for the development of a voice service delivery platform and natural language understanding software distributed across global computer networks, wireless networks, and electronic communications networks; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by third party consumer electronic devices, gaming systems, toys and games that exchange third party data via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application

programming interface (API) for creating software and applications related to internet connected consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; application programming interface (API), namely, software for facilitating the development of voice service delivery platform and virtual personal assistant software; computer application software for controlling, integrating, operating, connecting, and managing voice controlled devices, namely, voice-controlled information devices comprised of cloud-connected and voice controlled smart audio speakers with virtual personal assistant capabilities; computer application software for controlling, integrating, operating, connecting, and managing toys, namely, electronic hand-held game units; computer application software for controlling, integrating, operating, connecting, and managing game consoles; computer software development tools, namely computer software code that enables developers to create voice command and recognition; downloadable audio and video recordings featuring content on a variety of topics; downloadable audio files featuring music, games and stories on a wide range of topics; downloadable digital files, namely, video, audio, and multimedia files featuring content on a variety of topics; downloadable podcasts featuring content on a variety of topics; none of the aforesaid for professional film cameras and cinematographic equipment or for professional photographic or cinematographic specific accessories therefor or for professional photographic and cinematographic software

Class 28

(2) Toys, namely, electronic hand-held game units; games, namely, electronic game consoles other than those adapted for use with television receivers only; handheld unit for playing electronic games; hand-held games with liquid crystal displays; cases for play accessories, namely hand-held video game machines, LCD game consoles, and electronic controllers; protective carrying cases specially adapted for hand-held video game systems; hand-held games with liquid crystal displays and parts and fittings for hand-held games with liquid crystal displays; game machines and apparatus, namely, LCD game consoles; electronic controllers for game consoles; video game controllers for computer games; gaming systems; computer game consoles adapted for use with external display screen or monitor; accessories for computer game consoles adapted for use with external display screen or monitor, namely computer monitors, video monitors, touchscreen monitors, LCD monitors, LCD displays, keyboards, computer mice, electric wires, electronic cables, optical disk drives, floppy disk drives, hard disk drives, electrical plug adapters, computer

card adapters, flash memory card adapters, cable connectors, plug-in connectors, electrical power connectors, electronic docking stations, charging stations, computer styluses, LED drivers, battery chargers, battery packs for computer game consoles, flash memory cards, secure digital (SD) memory cards, random access memory cards, memory card readers, headphones and earphones, speakers, microphones, and headsets

Services

Class 35

(1) Advertising and marketing services, namely, advertising the goods and services of others; order fulfillment services, namely packing, tracking and shipping the products of others; providing product information for the purpose of assisting with the selection of general consumer merchandise to meet the consumer's needs; providing information and related news to consumers about products and services in the field of sports, movies, television shows, video games, financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles, air transportation, railway transportation, boat transportation, freight transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education and child development, real estate development, real estate agencies, personal fashion, fashion design, interior design, food and cooking, home decorating, music and cinema, history, medicine, legal services and current events; operating online marketplaces featuring software applications; search engine optimization for sales promotion; on-line retail store services in the field of computers, and tablet computers; on-line retail store services in the field of wireless handheld devices, namely voice-controlled information devices comprised of cloud-connected and voice-controlled smart audio speakers with virtual personal assistant capabilities not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail stores services in the field of computer hardware; on-line retail store services in the field of audio, video and media players not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail store services in the field of entertainment systems not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail store services in the field of gaming systems; on-line retail store services in the field of home theatre systems not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail store services in the field of computer peripheral devices; on-line retail store services in the field of wireless controllers to monitor and control the functioning of other electronic devices, namely computers, televisions, stereos, electrical switches, lights, thermostats, and home security systems not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail store services in the field of computer game consoles adapted for use with external display screen or monitor not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; accessories for computer game consoles adapted for use with external display screen or monitor, namely computer monitors, video monitors, LCD monitors, LCD displays, keyboards, computer mice, electric wires, electronic cables, optical disk drives, floppy disk drives, hard disk drives, electrical plug adapters, computer card adapters, flash memory card adapters, cable connectors, plug-in connectors, electrical power connectors, electronic docking stations, charging

stations, computer styluses, LED drivers, battery chargers, battery packs for computer game consoles, flash memory cards, secure digital (SD) memory cards, random access memory cards, memory card readers, headphones and earphones, speakers, microphone, and headsets not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail stores services in the field of accessories for TV and portable and handheld electronic devices, namely TV monitors, computer monitors, video monitors, touchscreen monitors, LCD monitors, LCD displays, keyboards, mouse, wires, cables, modems, optical disk drives, floppy disk drives, hard disk drives, electrical plug adapters, computer card adapters, cable connectors, plug-in connectors, electrical power connectors, docking stations, charging stations, computer styluses, LED drivers, battery chargers, battery packs for tablet computers, battery packs for electronic book readers, memory cards and memory card readers, headphones and earphones, speakers, microphones, and headsets not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail store services in the field of software, voice command and recognition software, speech to text conversion software, voice-enabled software applications; on-line retail store services in the field of wireless communication software for voice, audio, video, and data transmission; on-line retail store services in the field of search engine software; on-line retail store services in the field of computer software used for controlling wireless handheld devices, gaming devices, and toys; on-line retail store services in the field of computer software for personal information management; on-line retail store services in the field of computer software for accessing, browsing, and searching online databases, audio, video, and multimedia content, games, and software applications, software application marketplaces; on-line retail store services in the field of application development computer software programs; on-line retail store services in the field of computer software for accessing, monitoring, tracking, searching, saving, and sharing information; on-line retail store services in the field of computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail store services in the field of computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic

devices via wireless networks; on-line retail store services in the field of computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs not for professional film cameras and cinematographic equipment or for professional photographic specific accessories therefor or for professional photographic and cinematographic software; on-line retail store services in the field of computer software for use as an application programming interface (API); on-line retail store services in the field of software development kits (SDKs) consisting of computer software development tools for the development of voice service delivery platform and natural language understanding software distributed across global computer networks, wireless networks, and electronic communications networks; on-line retail store services in the field of software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by electronic devices, systems, toys and games, and interchanges that exchange data via communications networks and the internet and that connect with cloud-based data storage and exchange services; on-line retail store services in the field of software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications related to internet connected consumer electronic devices; on-line retail store services in the field of application programming interface (API), namely, software facilitating the development of voice service delivery and personal assistant capability tools; on-line retail store services in the field of computer application software for controlling, integrating, operating, connecting, and managing voice controlled devices, toys, and games; on-line retail store services in the field of computer software development tools; on-line retail store services in the field of downloadable audio and video recordings featuring content on a variety of topics; on-line retail store services in the field of downloadable audio files featuring music, games and stories on a wide range of topics; on-line retail store services in the field of downloadable digital files, namely, video, audio and multimedia files featuring content on a variety of topics; on-line retail store services in the field of downloadable podcasts featuring content on a variety of topics; on line retail store services in the field of electronic hand-held game units, electronic game consoles other than those adapted for use with television receivers only, handheld unit for playing electronic games, hand-held games with liquid crystal displays; on-line retail store services in the field of cases for play accessories, namely hand-held video game machines, LCD game console and electronic

controllers; on-line retail store services in the field of protective carrying cases specially adapted for hand-held video game systems; on-line retail store services in the field of hand-held games with liquid crystal displays and parts and fittings for hand-held games with liquid crystal displays; on-line retail store services in the field of game machines and apparatus, namely LCD game consoles; on-line retail store services in the field of electronic controllers for game consoles, and video game controllers for computer games

Class 38

(2) Telecommunications, namely, transmitting, accessing, receiving, uploading, downloading, encoding, decoding, streaming, displaying, storing, caching, and transferring voice, audio files, digital visual images, books, photos, videos, text files, audiovisual files, multimedia files, literary works, files, and other electronic works via digital music players, digital video players, MP3 players, MP4 players, CD players, DVD players, mobile phones, smart phones, tablet computers, and smart audio speakers with virtual personal assistant capabilities; telecommunications services, namely, electronic transmission of streamed and downloadable audio and video and multimedia content files via computer and other communications networks; fixed and mobile telephone services; communications services, namely, transmission of voice recordings, audio recordings, visual digital images via global communications networks; electronic transmission of e-mails, text messages, phone calls, voice messages, data, computer graphics, digital images, audio recordings and video recordings over computer networks and global communications networks; providing online forums and chat rooms for the transmission of messages among computer users concerning topics in the field of general interest; providing electronic bulletin boards for the transmission of messages among users in the field of general interest

Class 41

(3) Education, namely, providing information, news, and commentary in the field of video and computer gaming, gaming machines, video and computer gaming strategy and instruction, current events, television shows, cultural community social events, sports, physical fitness, arts and literature, education, music, cinema, and history; entertainment, namely, providing non-downloadable electronic games and non downloadable computer games; entertainment, namely, providing non-downloadable prerecorded audio clips, video clips and multimedia clips; providing information, news, and commentary featuring topics of general interest; providing information through computer networks and global communication networks in the field of entertainment, namely movies, television programs, music, audio books, visual works of art, books, theatre literary works, sporting events, hiking, skiing, bicycling, backpacking, climbing, camping, mountaineering, boating, arts and crafts, gardening, cooking, sports tournaments, art, dance, musicals, art exhibitions, book trade fairs, craft trade show exhibitions, figure skating exhibitions, animal exhibitions, sports, health clubs, night clubs, social clubs, travel clubs, mail order book clubs, country clubs, radio programs, comedy, promotional contests, video games, ethnic festivals, wine festivals, dance festivals, food festivals, music festivals, museums, parks, cultural community social events, live dance performances, live music performances, concerts, book publishing, desktop publishing, animation, current events, and fashion; providing non-downloadable pre-recorded music and podcasts in the field of movies, television programs, music, audio books, visual works of art, books, theatre, literary works, sporting events, hiking, skiing, bicycling, backpacking, climbing, camping, mountaineering, boating, arts and crafts, gardening, cooking, sports tournaments, art, dance, musicals, art exhibitions, book trade fairs, craft trade show exhibitions, figure skating exhibitions, animal exhibitions, sports, health clubs, night clubs, social clubs, travel clubs, mail order book clubs, country clubs, radio programs, comedy, promotional contests, video games, ethnic festivals, wine festivals, dance festivals, food festivals, music festivals, museums, parks, cultural community social events, live dance performances, live music

performances, concerts, book publishing, desktop publishing, animation, current events, and fashion; providing information, news, and commentary in the field of entertainment, namely movies, television programs, music, audio books, visual works of art, books, theatre literary works, sporting events, hiking, skiing, bicycling, backpacking, climbing, camping, mountaineering, boating, arts and crafts, gardening, cooking, sports tournaments, art, dance, musicals, art exhibitions, book trade fairs, craft trade show exhibitions, figure skating exhibitions, animal exhibitions, sports, health clubs, night clubs, social clubs, travel clubs, mail order book clubs, country clubs, radio programs, comedy, promotional contests, video games, ethnic festivals, wine festivals, dance festivals, food festivals, music festivals, museums, parks, cultural community social events, live dance performances, live music performances, concerts, book publishing, desktop publishing, animation, current events, and fashion; providing information, news and commentary in the field of preschool education, elementary school education, middle school education, high school education, post-secondary education and child development; providing information, news, and commentary in the field of historical figures, news about current events, sports, fitness, arts and literature, and music and cinema

Class 42

(4) Platform as a service (PaaS) featuring computer software platforms for voice command and recognition software; platform as a service (PaaS) featuring computer software platforms for speech to text conversion software; platform as a service (PaaS) featuring computer software platforms for voice-enabled software applications for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; platform as a service (PaaS) featuring computer software platforms for voice-enabled software applications for use in providing retail store and ordering services for a wide variety of consumer goods; platform as a service (PaaS) featuring computer software platforms for voice-enabled software applications for the operation of internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; platform as a service (PaaS) featuring computer software platforms for software development; Platform as a service (PaaS) featuring computer software platforms for the operation of electronic action toys, electronic learning toys, gaming machines, game consoles, and software for playing video games and computer games; Platform as a service (PaaS) featuring

computer software platforms for device integration software, namely software for integrating home automation hubs with home automation and control devices, namely audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for use with cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities, for the purposes managing, connecting, and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for the purposes of providing consumer entertainment and educational information, movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events,

recreational fitness, sport, water, art and cultural activities, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, current events, and fashion; providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law to cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; Software as a service (SaaS) featuring computer software used for controlling computers, and tablet computers; software as a service (SaaS) featuring computer software used for controlling wireless handheld devices, voice-controlled information devices comprised of cloud-connected and voice-controlled smart audio speakers; software as a service (SaaS) featuring computer software used for controlling computer hardware; software as a service (SaaS) featuring computer software used for controlling digital audio, video and media players, namely digital music players, digital video players, MP3 players, MP4 players, CD players, DVD players; software as a service (SaaS) featuring computer software used for controlling entertainment systems comprising a computer, multiple image display screen, and multiple input devices; software as a service (SaaS) featuring computer software used for controlling entertainment systems, namely, music, stereo, home theatre and hi-fi sound equipment; software as a service (SaaS) featuring computer software used for controlling entertainment systems, namely, computer hardware for transferring, receiving and storing sound, images and data in digital form on a home computer network; software as a service (SaaS) featuring computer software used for controlling gaming systems, and home theatre systems; software as a service (SaaS) featuring computer software used for controlling stand alone voice controlled information, and personal assistant devices, namely, cloud-connected and voice controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; Software as a service (SaaS) featuring computer software for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; Software as a service (SaaS) featuring computer software for accessing, browsing, and searching online databases, digital format audio files, digital format video files, and digital format multimedia files, computer games, video games, and third party software applications, software application marketplaces; Software as a service (SaaS) featuring computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; providing temporary use of online non-downloadable computer software for use in providing retail department store services and enabling users to order a wide variety of consumer goods from online retail department stores; Software as a service (SaaS) featuring computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens,

conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs via wireless networks; Software as a service (SaaS) featuring computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling

fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; design, development and maintenance of proprietary computer software for others; technical support and consultation services for developing applications; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; providing customized computer searching services, namely, searching and retrieving information at the user's specific request via the internet; computer services, namely, providing remote management of devices via computer networks, wireless networks or the Internet; provision of Internet search engine services; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical support services, namely, troubleshooting of computer software problems; creating an online community for registered users to participate in discussions, get feedback from peers, form virtual communities, and engage in social networks; information, advisory and consultancy services in the fields of the provision of voice command and recognition software, speech to text conversion software, voice-enabled software applications, home automation, and software for monitoring and controlling third party internet-of-things devices; none of the aforesaid for professional film cameras and cinematographic equipment or for professional photographic or cinematographic specific accessories therefor or for professional photographic and cinematographic software

Class 45

(5) Personal concierge services; on-line social networking services; personal stylist services, namely, personal wardrobe styling consultancy and personal shopping services for others; personal fashion consulting services; security services for the protection of property and individuals; providing information, news, and commentary in the field of legal services, personal fashion, fashion design, interior design, personal growth and diverse human lifestyles, namely diversity in race, ethnicity, gender, sexual orientation, socio-economic status, age, physical abilities, religious beliefs, political beliefs, and ideological beliefs

Goods

Class 09

(1) Ultrasound imaging apparatus for scientific use; computer equipment for data processing, namely computers; computers; medical imaging software and algorithm included in the imaging software for scientific research; detectors by way of ultrasound.

Class 10

(2) Ultrasound imaging apparatus for medical use; neurosurgical adapters for medical imaging apparatus, namely positioning devices for neuroimaging and medical imaging; ultrasound medical imaging apparatus; diagnostic apparatus and medical monitoring apparatus for neurological and vascular diseases of the central nervous system by way of ultrasound; ultrasound medical diagnostic apparatus; electronic nerve stimulators for medical use; medical ultrasound imaging apparatus and instruments for functional neuroimaging before and during neurosurgery for monitoring and guidance use during surgery; medical ultrasound imaging apparatus and instruments related to neuroscience, neurology and connectomics, namely for the diagnosis and treatment of diseases and the evaluation of treatment effectiveness.

Services

Class 38

(1) Provision of access to an electronic database containing medical information; provision of access to a medical database via a global computer network.

Class 42

(2) Design and development of software in the medical field, of ultrasound imaging apparatus for medical use; design and development of software for use in the context of medical technologies; design and development of medical diagnostic apparatus, namely medical ultrasound imaging apparatus for the diagnosis of diseases; computer programming in the medical field; medical research; biological, clinical and medical research; scientific research for medical purposes; computer program writing services for medical applications; medical and pharmacological research services; scientific research in the fields of medicine, biomedecine, and biotechnology.

Class 44

(3) Medical imaging services; medical services in the field of neurology; medical examination services; medical testing; hospital services; ultrasonography in the nature of a medical service; medical imaging.

Claims

Priority Filing Date: December 08, 2017, Country or Office: FRANCE, Application No: 4411499 in association with the same kind of goods and in association with the same kind of services

Class 09

Voice command and recognition software, speech to text conversion software; voice-enabled software applications for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; personal assistant software for controlling voice-controlled information and personal assistant devices, namely, cloud-connected and voice-controlled smart audio speakers with virtual personal assistant capabilities; personal assistant software for voice recognition and for searching, controlling, storing, displaying, streaming, playing, and recording media, namely movies, television shows, music, and video games; personal assistant software for connecting, monitoring, and controlling entertainment multimedia interfaces, vehicle navigational computers, and other electronic devices, namely wireless headphones, wireless earphones, smart watches, smart thermostats, smart speakers, televisions, computers, laptops, tablet computers, telephones, smart phones, network routers, smart light switches, smoke detectors, carbon monoxide detectors; personal assistant software for accessing, browsing, and searching online databases in the field of sports, movies, television shows, video games, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles, air transportation, railway transportation, boat transportation, freight transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate development, real estate agencies, personal fashion, fashion design, interior design, food and cooking, home decorating, music and cinema, history, medicine, and law; home automation and home device integration software for controlling air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure

cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, lighting, HVAC, building access control systems, personal security alarms, building automation systems, motion sensitive security lights, and security cameras; personal vehicle integration software, namely, software for integrating and connecting to smart audio speakers and computer hardware for use and voice control within a vehicle; personal vehicle integration software, namely, software for the connection and synchronization of vehicle on-board computers and portable electronic devices, namely, smart phones, smart watches, personal digital assistants, electronic book readers, and tablet computers, and for controlling vehicle operations and features; software for enabling wireless communication and transmission via the Internet of voice, audio, video, and data for use with cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities for the purposes of managing, connecting and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing consumer entertainment and educational information, movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, water, and art activities, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, concerts, publishing, animation, current events, and fashion; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, news about current events, team and individual sports of all types, business news, personal health and physical fitness, weather, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema to cloud-connected, and voice-controlled smart audio speakers and computer hardware

with virtual personal assistant capabilities; search engine software; computer software used for controlling stand-alone voice controlled information and personal assistant devices, namely cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; computer software for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; computer software for accessing, browsing, and searching online databases, digital format audio files, digital format video files, and digital format multimedia files, computer games, video games, and third party software applications, software application marketplaces; computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; computer software for use in providing retail and ordering services for a wide variety of consumer goods; computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air

vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; computer software connecting, operating, integrating, controlling, and managing networked home climate devices and lighting fixtures via wireless networks; computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; computer software for use as an application programming interface (API) for communications software for facilitating calls, text messages, instant message, online shopping, voice-enabled commands, trip navigation and online social networking services; software development kits (SDKs) consisting of computer software development tools for the development of a voice service delivery platform and natural language understanding software distributed across global computer networks, wireless networks, and electronic communications networks; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by third party consumer electronic devices, gaming systems that exchange third party data via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications for internet connected consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can

openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; application programming interface (API), namely, software for facilitating the development of voice service delivery platform and personal assistant software for use in connection with consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; computer application software for enabling users of mobile phones, tablet computers, and personal digital assistants to control, integrate, operate, connect, and manage cloud-connected and voice-controlled smart audio speakers, computer hardware with virtual personal assistant capabilities, and internet of things (IoT) devices, namely audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; computer software development tools, namely computer software code that enables developers to

create voice command and recognition software; voice-enabled software that provides users the ability to control features of their motor vehicle, namely, locking and unlocking vehicle doors, and starting and turning off the vehicle; voice-enabled software that provides users the ability to check statuses of motor vehicle systems, namely, engine oil life, fuel level, tire pressure and battery charge; voice-enabled software that provides users the ability to access and control vehicle HVAC, media, communication, infotainment and navigation systems; in vehicle, voice-enabled software that provides users the ability to connect and control smart home connected and internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; software for transmitting vehicle diagnostic and status information via computer and communications networks; software for receiving traffic status information and providing responsive directional guidance information to vehicle operators; software that enables communication between vehicles and connected devices, namely mobile phones, car navigation computers, audio speakers, and in-vehicle entertainment electronics; none of the aforesaid for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software

Services

Class 35

(1) Providing product information for the purpose of assisting with the selection of general consumer merchandise to meet the consumer's needs; providing information and recommendations to consumers in the field of entertainment products, services, events, activities, facilities and locations; ;providing consumer information relating to a wide variety of products; providing online business information directories on the internet featuring restaurants, bars, movie theaters, dance clubs, museums and art galleries; providing online business directory services for telephone numbers, business addresses, electronic mail addresses, network home page addresses, addresses and telephone numbers of people, places, and organizations

Class 36

(2) Providing information, news, and commentary in the field of real estate

Class 38

(3) Telecommunication access services, namely internet access provider services; telecommunications services, namely, electronic transmission of streamed and downloadable audio files, namely music, news, sports, audio books, and podcasts in the field of current events, movies, television shows, video games, news, sports, business, personal health and physical fitness, weather, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion design, food and cooking, home decorating, music and cinema, and consumer affairs via computer and communications networks; web casting of fashion shows, news shows, television shows, and sports shows services; telecommunications services, namely, electronic transmission of streamed and downloaded digital format audio files via computer and communications networks; audio broadcasting of spoken word recordings, music, concerts, and radio programs; providing access to third party computer databases via the Internet; providing internet access provider services for the transfer of images, messages, audio, visual, audiovisual, data, media and content to in-vehicle media, communication, infotainment and navigation systems; telecommunications services, namely, transmission of podcasts in the fields of current events, movies, television shows, video games, news, sports, business, personal health and physical fitness, weather, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion design, food and cooking, home decorating, music and cinema, and consumer affairs, via the Internet; telecommunications services, namely, transmission of webcasts in the fields of current events, movies, television shows, video games, news, sports, business, personal health and physical fitness, weather, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion design, food and cooking, home decorating, music and cinema, and consumer affairs, via the Internet; transmission of vehicle diagnostic information via computer and electronic communications networks; transmission of motor vehicle status information via computer and electronic communications networks

Class 39

(4) Providing information, news, and commentary in the field of travel, available vehicle parking, current vehicle traffic, and public transportation; providing traffic status information and responsive directional guidance information to vehicle operators; order fulfillment services, namely packing, tracking and shipping the products of others

Class 41

(5) Providing online non-downloadable pre-recorded music and podcasts in the field of movies, television programs, music, books, theatre, literary works, sporting events, hiking, skiing, bicycling, backpacking, climbing, camping, mountaineering, boating, arts and crafts, gardening, cooking, sports tournaments, art, dance, musicals, sporting exhibitions, entertainment exhibitions, sports, health clubs, night clubs, social clubs, travel clubs, mail order book clubs, country clubs, radio programs, comedy, promotional contests, video games, ethnic festivals, wine festivals, dance festivals, food festivals, music festivals, museums, parks, cultural community social events, live dance performances, live music performances, concerts, book publishing, desktop publishing, animation, current events, and fashion design; providing information, news, and commentary in the field of entertainment, namely movies, television programs, music, audio books, visual works of art, books, theatre literary works, sporting events, hiking, skiing, bicycling, backpacking, climbing, camping, mountaineering, boating, arts and crafts, gardening, cooking, sports tournaments, art,

dance, musicals, art exhibitions, book trade fairs, craft trade show exhibitions, figure skating exhibitions, animal exhibitions, sports, health clubs, night clubs, social clubs, travel clubs, mail order book clubs, country clubs, radio programs, comedy, promotional contests, video games, ethnic festivals, wine festivals, dance festivals, food festivals, music festivals, museums, parks, live dance performances, live music performances, concerts, book publishing, desktop publishing, animation, current events, and fashion design; providing information, news and commentary in the field of preschool education, elementary school education, middle school education, high school education, post-secondary education and child educational development; providing information, news and commentary in the field of news about current events, sports, fitness, arts and literature, and music and cinema; providing news via the Internet in the fields of sports, television shows, video games, physical fitness, arts and literature, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, music and cinema, and current events

Class 42

(6) Platform as a service (PaaS) featuring computer software platforms for voice command and recognition software for creating, controlling and operating speech to text conversion software, voice-enabled software applications for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; Platform as a service (PaaS) featuring computer software platforms for creating, controlling and operating personal assistant software for controlling voice-controlled information and personal assistant devices, namely, cloud-connected and voice-controlled smart audio speakers with virtual personal assistant capabilities; Platform as a service (PaaS) featuring computer software platforms for personal assistant software for searching, controlling, storing, displaying, streaming, playing, and recording media, namely movies, television shows, music, and video games; Platform as a service (PaaS) featuring computer software platforms for personal assistant software for connecting, monitoring, and controlling entertainment multimedia interfaces, vehicle navigation computers, and other electronic devices, namely wireless headphones, wireless earphones, smart watches, smart thermostats, smart speakers, televisions, computers, laptops, tablet computers, telephones, smart phones, network routers, smart light switches, smoke detectors, carbon monoxide detectors; Platform as a service (PaaS) featuring computer software platforms for personal assistant software for accessing, browsing, and searching online databases in the field of sports, movies, television shows, video games, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles, air transportation, railway transportation, boat transportation, freight transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate development, real estate agencies, personal fashion, fashion design, interior design, food and cooking, home decorating, music and cinema, history, medicine, and law; Platform as a service (PaaS) featuring computer software platforms for home automation and home device integration software for controlling air conditioners, air purifiers, ceiling fans, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure

cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, lighting, HVAC, building access control systems, personal security alarms, building automation systems, motion sensitive security lights and security cameras; Platform as a service (PaaS) featuring computer software platforms for creating, controlling and operating software for enabling wireless communication and transmission via the Internet of voice, audio, video, and data for use with cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities for the purposes of managing, connecting and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission via the Internet of voice, audio, video, and data for the purposes of providing consumer entertainment and educational information, movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, water, and art activities, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, concerts, publishing, animation, current events, and fashion; Platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission via the Internet of voice, audio, video, and data for the purposes of providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, news about current events, team and individual sports of all types, business news, personal health and physical fitness, weather, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema to cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; Software as a service (SaaS) featuring computer software used for controlling stand-alone voice controlled information and personal assistant devices, namely, cloud-connected and voice-controlled smart audio

speakers, computer hardware with virtual personal assistant capabilities, and internet of things (IoT) devices, namely audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; Software as a service (SaaS) featuring computer software for personal information management, namely software for organizing and accessing calendars, schedules, address books, telephone directories, to-do lists, geographic location coordinates, maps, alarms and reminders; Software as a service (SaaS) featuring computer software for accessing, browsing, and searching online databases, digital format audio files, digital format video files, and digital format multimedia files, computer games, video games, and third party software applications, software application marketplaces; Software as a service (SaaS) featuring computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; providing temporary use of online non-downloadable computer software for use in providing retail department stores services and enabling users to order a wide variety of consumer goods from online retail department stores; Software as a service (SaaS) featuring computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home

security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs via wireless networks; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked home climate devices and lighting fixtures via wireless networks; Software as a service (SaaS) featuring computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; Software as a service (SaaS) featuring computer software for use as an application programming interface (API) for communications software for facilitating calls, text messages, instant message, online shopping, voice-enabled commands, trip navigation and online social networking services; design, development and maintenance of proprietary computer software for others in the field of natural

language, speech, language, and voice recognition excluding post production of picture and sound recordings; technical support and consultation services for developing applications; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; providing customized computer searching services, namely, searching and retrieving information at the user's specific request via the internet; computer services, namely, providing remote management of devices via computer networks, wireless networks or the Internet; provision of Internet search engine services; information, advisory and consultancy services for voice command and recognition software, speech to text conversion software, and voice-enabled software applications, home automation software, and software for monitoring and controlling third party internet-of-things devices; providing information, news, and commentary in the field of computer technology, home decorating, weather; providing temporary use of non downloadable cloud-based, voice-enabled software that provides users the ability to control features of their motor vehicle, namely, locking and unlocking vehicle doors, and starting and turning off the vehicle; providing temporary use of non-downloadable cloud-based, voice-enabled software that provides users the ability to check statuses of motor vehicle systems, namely, engine oil life, fuel level, tire pressure and battery charge; providing temporary use of non-downloadable cloud-based, voice-enabled software that provides users the ability to access and control vehicle HVAC, media, communication, infotainment and navigation systems; providing temporary use of non-downloadable cloud-based, in-vehicle, voice-enabled software that provides users the ability to connect and control smart home connected and internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, home security systems, heating and cooling systems, automobiles, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors, and light bulbs; providing temporary use of non downloadable cloud-based software for transmitting vehicle diagnostic and status information via computer and communications networks; providing temporary use of non-downloadable cloud-based software for receiving traffic status information and providing responsive directional guidance information to vehicle operators; providing temporary use of non-downloadable cloud-based software that enables communication between vehicles and connected devices, namely mobile phones, car navigation computers, audio speakers, and in-vehicle entertainment electronics; none of the aforesaid for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and

professional photographic and cinematographic software

Class 43

(7) Providing information, news, and commentary in the field of cooking, restaurants and bars

Class 44

(8) Providing information, news, and commentary in the field of personal health, and healthy childhood physical development

Class 45

(9) Personal concierge services for others comprising making requested personal arrangements and reservations and providing customer-specific information to meet individual needs; Internet-based social networking services; providing information, news, and commentary in the field of personal fashion, fashion design, personal growth and diverse human lifestyles, namely diversity in race, ethnicity, gender, sexual orientation, socio-economic status, age, physical abilities, religious beliefs, political beliefs, and ideological beliefs

Goods

Class 06

(1) water treatment equipment, namely, metal water storage basins for collecting and storing water; fluid valves, namely, water-pipe valves of metal, animal drinking valves of metal; water distribution equipment, namely, metal water pipes, manifolds of metal for pipelines, industrial water tanks of metal; manually operated metal valves, namely, water drinking valves for animals; vivarium equipment, namely, manifolds of metal for pipelines

Class 07

(2) fluid valves, namely, control valves for regulating the flow of liquids; animal watering systems in the nature of mechanized waterers for use in vivariums, namely, mechanized waterers for providing water to mice, rats, dogs, guinea pigs, non-human primates, birds, cats, and rabbits in vivariums

Class 09

(3) facility management software, namely, software to control laboratory and vivarium environments and water distribution; automatic control valves, namely, water drinking valves for animals; vivarium equipment, namely, electric monitoring sensors for measuring temperature, light levels, humidity levels and pressure levels in a room

Class 11

(4) water treatment equipment, namely, water filtration units for research laboratory facilities, reverse osmosis water purification units; water purification equipment, namely, water purification units, water purification tanks, water purification machines, water filtration and purification units and replacement cartridge and filters thereof for research laboratory facilities; water distribution equipment in the nature of regulating accessories for water supply, namely, water control metered valves for supplying water to water manifold providing water to mice, rats, dogs, guinea pigs, non-human primates, birds, cats, and rabbits in vivariums; fluid valves, namely, manually-operated plumbing valves, and plumbing fittings, namely, water control valves for regulating the flow of water; water drinking valves for animals for regulating the flow of water from an automated watering system for animals; vivarium equipment, namely, water filtering units for commercial use, water purification units, and water proportioner units in the nature of chlorinating and acidifying

units primarily used for water treatment to maintain water quality, also used as a drug delivery device for animal drinking water treatment, all of the foregoing sold as a unit for water treatment

Class 19

(5) water distribution equipment, namely, plastic water pipes

Class 20

(6) water treatment equipment, namely, water tanks of plastic for collecting and storing water

Class 21

(7) animal watering systems in the nature of animal activated waterers and automated animal waterers for use in vivariums, namely, animal activated waterers and automated animal waterers for providing water to mice, rats, dogs, guinea pigs, non-human primates, birds, cats, and rabbits in vivariums; animal water containers, namely, water bottles sold empty, collapsible water pouches sold empty

Services

Class 42

engineering services, namely, laboratory and vivarium facility management engineering services

(1) Diagnostic reagents and chemical reagents for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; immunodiagnostic reagents for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; buffer solutions, not for medical purposes; immunoassay test strips for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; drug testing kits comprising reagents and assays for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; alcohol testing kits comprising reagents and assays for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; drug testing kits comprised of diagnostic reagents and assays for testing body fluids, not for medical purposes; drug and alcohol testing systems comprising reagents and assays for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; kits comprising reagents and assays for testing for the presence of analytes in biological fluids, other fluids and other matrices, not for medical purposes; kits comprising reagents and assays for collecting and testing oral fluid for the presence of drugs and drug metabolites, not for medical purposes; kits comprising reagents and assays for collecting and testing oral fluid for the presence of alcohol and alcohol metabolites, not for medical purposes

Class 05

(2) Diagnostic reagents and chemical reagents for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for medical purposes; medical diagnostic and immunodiagnostic reagents for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for medical purposes; drug and alcohol testing kits comprising reagents and assays for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for medical purposes; drug and alcohol testing kits comprised of diagnostic reagents and assays for testing body fluids, for medical purposes; drug and alcohol testing systems comprising reagents and assays for testing body fluids for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for medical purposes; kits comprising

reagents and assays for testing for the presence of analytes in biological fluids, other fluids and other matrices, for medical purposes; kits comprising reagents and assays for collecting and testing oral fluid for the presence of drugs and drug metabolites, for medical purposes; kits comprising reagents and assays for collecting and testing oral fluid for the presence of alcohol and alcohol metabolites, for medical purposes

Class 09

(3) Computer software for downloading, storing, managing, analyzing, reporting, and printing test results in the fields of fields of toxicology, forensics, drug testing, and alcohol testing; mobile applications for downloading, storing, managing, analyzing, reporting, and printing test results in the fields of fields of toxicology, forensics, drug testing, and alcohol testing; software for downloading, storing, managing, analyzing, reporting, and printing drug and alcohol test data; battery chargers for use with drug and alcohol testing systems, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; printers for sale as part of drug and alcohol testing systems, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; forensic drug and alcohol analyzer systems, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; electronic immunodiagnostic apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; electronic drug testing apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; electronic alcohol testing apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; drug and alcohol testing cartridges for use with oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; drug testing cartridges comprised of immunoassay test strips for use with oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; chromatographic immunoassay forensic test cartridges for use with oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; drug and alcohol testing systems comprising non medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; forensic drug and alcohol testing kits comprising non-medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, not for medical purposes; forensic kits comprising non-medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for testing for the presence of analytes in biological fluids, other fluids and other matrices, not for medical purposes; kits comprising non-medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for collecting and testing oral fluid for the presence of drugs and drug metabolites, not for medical purposes; kits comprising non-medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for collecting and testing oral fluid for the presence of alcohol and metabolites, not for medical purposes

Class 10

(4) Medical apparatus and instruments for the screening of drugs and alcohol, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; medical diagnostic and immunodiagnostic apparatus and instruments for the screening of drugs and alcohol, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; drug and alcohol testing analyzers for medical purposes, namely, oral fluid

analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; drug and alcohol testing cartridges for medical purposes, namely, cartridges for use with oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; drug and alcohol testing cartridges comprised of immunoassay test strips for medical purposes, namely, cartridges for use with oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; chromatographic immunoassay test cartridges for medical purposes, namely, cartridges for use with oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; drug and alcohol testing systems comprising medical apparatus and instruments for medical purposes, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; medical drug testing kits comprising medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; medical alcohol testing kits comprising medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing; kits comprising medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for testing for the presence of analytes in biological fluids, other fluids and other matrices, all for medical purposes; kits comprising medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for collecting and testing oral fluid for the presence of drugs and drug metabolites, for medical use; kits comprising medical apparatus and instruments, namely, oral fluid analyzers for use in the fields of toxicology, forensics, drug testing, and alcohol testing, for collecting and testing oral fluid for the presence of alcohol and alcohol metabolites, for medical use

Services

Class 42

(1) Scientific software services, including online scientific software services, namely, providing online non downloadable software for others to download, store, manage, analyze, report, and print test results from oral fluid analyzers in the fields of toxicology, forensics, drug testing, and alcohol testing; scientific and technological services in the fields of toxicology, forensics and drug and alcohol testing, and research and design relating thereto; online databases for the provision of information in the fields of toxicology, forensics, drug testing, and alcohol testing; providing updates for software; laboratory toxicology services; laboratory drug testing services; design and development of computer software for use with medical and non-medical technology

Class 44

(2) Medical drug and alcohol testing services; medical toxicology services

(1) Electricity generators powered by waste heat; electricity generators; modules for generating electricity using waste heat as parts and accessories of industrial robots, apparatus for machining, electronic-component manufacturing machines and systems, semiconductor manufacturing machines and systems; modules for generating electricity as parts and accessories of industrial robots, apparatus for machining, electronic-component manufacturing machines and systems, semiconductor manufacturing machines and systems; industrial robots and parts and attachments thereof; welding robots and parts and attachments thereof; cutting machines for metalworking; waste crushing machines; construction machines for building or construction of roads, bridges and dams; snow ploughs and parts and attachments thereof; metalworking machines and tools and parts and attachments thereof; mining machines, namely, excavators for mining, wheel loaders for mining, bulldozers for mining, motor graders for mining, rope shovels for mining, hybrid shovels for mining, continuous miners, jumbo drills, rock crushing machines, underground entry drivers, underground longwall mining machines, underground room and pillar mining machines, vertical shaft sinking machines, underground hard rock bolters, underground hard rock drills, underground hard rock haulage, mining bits, mining drills, mine borers, mining drill sharpeners, and parts and attachments thereof; construction machines, namely, excavating machines, foundation work machines, ground surface finishing and earth compacting machines, concrete construction machines, asphalt paving machines and dredging machines, power shovels, hydraulic shovels, mechanical shovels, backhoes, wheel loaders, bulldozers, graders, earth moving scrapers, and parts and attachments thereof; loading-unloading machines, namely, cranes, conveyors, wheel loaders, front end loaders, pallet unloaders, and parts and attachments thereof; mobile cranes and parts and attachments thereof; industrial fishing machines and instruments, namely, net hauling machines, fish netting machines, and parts and attachments thereof; chemical processing machines, namely, agitators, blending machines, calcining machines, disintegrators, dissolving machines, emulsifying machines, extracting machines, filter presses, granulating machines, grinding mills, kneading machines, separating machines, sorting machines, sintering machines, and parts and attachments thereof; textile machines, namely, textile calendering machines, textile scutching machines, textile tentering machines, textile washing machines for industrial purposes,

and parts and attachments thereof; lumbering, woodworking, or veneer or plywood making machines, namely, lumbering band saws, saw-tooth setting machines for lumbering or woodworking saws, laser engraving machines for woodworking, sanding machines for woodworking, circular saws for woodworking, woodworking dust collectors, veneer manufacturing machines, plywood clipping machines, plywood finishing machines, plywood gluing machines, plywood jointing machines, plywood presses, and parts and attachments thereof; pulp making machines, pulp processing machines, pulp refining machines, paper bag making machines, paper calendering machines, paper coating machines, paper cutting machines, paper reeling machines, and parts and attachments thereof; printing machines for textile, printing machines for use on sheet metal, embossing printing machines, flexographic printing machines, intaglio printing machines, planographic printing machines, printing presses, silk screen printing machines, or bookbinding laminating machines, bookbinding machines for industrial purposes, and parts and attachments thereof; agricultural machines and agricultural implements, namely, tillers, cultivators, harvesters, disk harrows, and seeders, bulldozers for agricultural uses other than hand-operated; machines for use in forestry, namely, tree cutting machines, timber harvesting machinery, harvesters, forwarders, and feller bunchers, and structural parts thereof; painting machines and parts and attachments thereof; packaging or wrapping machines and parts and attachments thereof; plastic processing machines, namely, extrusion machines for plastic, injection plastic molding machines, plastic molding machines, and parts and attachments thereof; semiconductor manufacturing machines and parts and attachments thereof; stone working machines and parts and attachments thereof; non-electric prime movers, not for land vehicles, namely, engines and diesel engines for electricity generators, and motors other than for land vehicles, namely, motors for industrial machinery, and structural parts thereof; pneumatic and hydraulic machines, namely, hydraulic pumps, hydraulic motors, hydraulic and pneumatic cylinders, and structural parts thereof; machines for repairing and fixing construction machines and apparatus in the form of industrial robots, cutting machines, crushing machines, concrete machines, metalworking machines, cranes, waste compacting and crushing machines, power shovels, hydraulic shovels, mechanical shovels, backhoes, bulldozers, graders, wheel loaders, excavating machines, and structural parts thereof; food mixing machines for commercial use; lawnmowers; waste compacting machines and apparatus and parts and attachments thereof; waste crushing machines and apparatus and parts and attachments thereof; machine elements, not for land vehicles, namely, bushings for use as parts of machines, belts for machines; starters for motors and engines; alternating current servo motors and direct current motors [not including those for land vehicles], and parts for direct current motors and alternating current servo motors; AC generators [alternators]; DC generators; oil coolers for motors and engines; air condensers.

Class 11

(2) Desiccating apparatus, namely, industrial dehumidifiers; desiccating apparatus, namely, thermoelectric dehumidifiers for controlling moisture at a constant level in the gas sampling section of environmental pollution gas analyzers; recuperators; alcohol distillation units, water distillation units, distillers for chemical processing; heat exchangers; industrial furnaces; forage drying apparatus; feed water heaters for industrial purposes; air conditioners; air dehumidifiers; waste water treatment tanks for industrial purposes; solar water heaters; water purifying apparatus for industrial purposes, namely, tap water purifiers for commercial purposes; tap water faucets; level controlling valves for tanks; pipe line cocks; bath fittings; water heaters; heaters for heating liquid chemicals for use in semiconductor manufacturing machines; apparatus and installations for cooling, namely, cooling units for industrial purposes; automatic temperature regulators for central heating radiators.

Class 12

(3) Aircraft and their parts and fittings; railway rolling stock and their parts and fittings; automobiles and their structural parts and fittings; carts, namely, dump carts, go carts, golf carts, grocery carts, handling carts, hose carts, hospital carts, shopping carts; bicycle trailers [Riyakah]; car dampers; car pushers; car pullers; traction engine; non-electric prime movers, namely, combustion engines for land vehicles, not including their parts; anti-theft alarms for vehicles; machine elements for land vehicles, namely, gearboxes, transmissions, motors, brakes, and engines; AC motors or DC motors for land vehicles, not including their parts; self-driving cars; camera drones; civilian drones; dump trucks; fork lift trucks.

Services

Class 37

(1) Repair or maintenance of metalworking machines and tools; providing location information regarding metalworking machines and tools for repair and maintenance purposes; providing operational status information regarding metalworking machines and tools; providing information regarding maintenance of metalworking machines and tools; providing information regarding location and operational status of metalworking machines and apparatus for construction; providing information regarding location and operational status of metalworking machines and apparatus for repair and maintenance; repair or maintenance of construction machines and apparatus; providing location information regarding construction machines and apparatus for repair and maintenance purposes; providing operational status information regarding construction machines and apparatus; providing information regarding maintenance of construction machines and apparatus; providing information regarding location and operational status of construction machines and apparatus for construction; providing information regarding location and operational status of construction machines and apparatus for repair and maintenance; repair and maintenance of loading-unloading machines and apparatus for maintenance purposes, namely, cranes, forklifts, conveyors and wheel loaders; providing location information regarding loading-unloading machines and apparatus for repair or maintenance purposes; providing operational status information regarding loading-unloading machines and apparatus for repair or maintenance purposes; providing information regarding maintenance of loading-unloading machines and apparatus for repair or maintenance purposes; providing information regarding location and operational status of loading-unloading machines and apparatus for construction for maintenance purposes; providing information regarding location and operational status of loading-unloading machines and apparatus for repair and maintenance , namely, cranes, forklifts, conveyors and wheel loaders; repair or maintenance of civil engineering machines and apparatus, namely, bulldozers, road scrapers, excavators, power shovels, road rollers, paving machines, wheel loaders and motor graders; providing location information regarding civil engineering machines and apparatus for maintenance purposes; providing operational status information regarding civil engineering machines and apparatus for maintenance purposes; providing information regarding maintenance of civil engineering machines and apparatus for maintenance purposes; providing information regarding location and operational status of civil engineering machines and apparatus for construction for maintenance purposes; providing information regarding location and operational status of civil engineering machines and apparatus for repair and maintenance, namely, bulldozers, road scrapers, excavators, power shovels, road rollers, paving machines, wheel loaders and motor graders; repair or maintenance of mining machines and apparatus; providing location information regarding mining machines and apparatus for repair or maintenance purposes; providing operational status information regarding mining machines and apparatus; providing information regarding maintenance of mining machines and apparatus; providing information regarding location and operational status of mining machines and apparatus for construction; providing information regarding location and operational status of mining machines

and apparatus for repair and maintenance; repair or maintenance of machines and apparatus for use in forestry; providing location information regarding machines and apparatus for use in forestry for repair or maintenance purposes; providing operational status information regarding machines and apparatus for use in forestry; providing information regarding maintenance of machines and apparatus for use in forestry; providing information regarding location and operational status of machines and apparatus for use in forestry for construction; providing information regarding location and operational status of machines and apparatus for use in forestry for repair and maintenance; repair or maintenance of agricultural machines and agricultural implements other than hand-operated; providing location information regarding agricultural machines and agricultural implements other than hand-operated for repair or maintenance purposes; providing operational status information regarding agricultural machines and agricultural implements other than hand-operated; providing information regarding maintenance of agricultural machines and agricultural implements other than hand-operated; providing information regarding location and operational status of agricultural machines and agricultural implements other than hand-operated for construction; providing information regarding location and operational status of agricultural machines and agricultural implements other than hand-operated for repair and maintenance; repair or maintenance of waste compacting machines and apparatus; providing location information regarding waste compacting machines and apparatus for repair or maintenance purposes; providing operational status information regarding waste compacting machines and apparatus; providing information regarding maintenance of waste compacting machines and apparatus; providing information regarding location and operational status of waste compacting machines and apparatus for construction; providing information regarding location and operational status of waste compacting machines and apparatus for repair and maintenance; repair or maintenance of waste crushing machines and apparatus; providing location information regarding waste crushing machines and apparatus for repair or maintenance purposes; providing operational status information regarding waste crushing machines and apparatus; providing information regarding maintenance of waste crushing machines and apparatus; providing information regarding location and operational status of waste crushing machines and apparatus for construction; providing information regarding location and operational status of waste crushing machines and apparatus for repair and maintenance; repair or maintenance of waste and trash separator machines; providing location information regarding waste and trash separator machines for repair or maintenance purposes; providing operational status information regarding waste and trash separator machines; providing information regarding maintenance of waste and trash separator machines; providing information regarding location and operational status of waste and trash separator machines for construction; providing information regarding location and operational status of waste and trash separator machines for repair and maintenance; repair or maintenance of snow ploughs; providing location information regarding snow ploughs for repair or maintenance purposes; providing operational status information regarding snow ploughs; providing information regarding maintenance of snow ploughs; providing information regarding location and operational status of snow ploughs for snow removal; providing information regarding location and operational status of snow ploughs for repair and maintenance; repair or maintenance of measuring or testing machines and instruments, namely, thickness gauges, speed indicators, accelerometers, pressure sensors, moisture meters, potentiometers; providing location information regarding measuring or testing machines and instruments for maintenance purposes, namely, thickness gauges, speed indicators, accelerometers, pressure sensors, moisture meters, potentiometers; providing operational status information regarding measuring or testing machines and instruments for maintenance purposes, namely, thickness gauges, speed indicators, accelerometers, pressure sensors, moisture meters, potentiometers; providing information regarding maintenance of measuring or testing machines and instruments, namely, thickness gauges, speed indicators,

accelerometers, pressure sensors, moisture meters, potentiometers; providing information regarding location and operational status of measuring or testing machines and instruments for repair and maintenance, namely, thickness gauges, speed indicators, accelerometers, pressure sensors, moisture meters, potentiometers; repair or maintenance of automobiles; providing location information regarding automobiles for repair or maintenance purposes; providing operational status information regarding automobiles for maintenance purposes; providing information regarding maintenance of automobiles; providing information regarding location and operational status of automobiles for construction; providing information regarding location and operational status of automobiles for repair and maintenance; repair or maintenance of industrial robots; providing location information regarding industrial robots for repair or maintenance purposes; providing operational status information regarding industrial robots; providing information regarding maintenance of industrial robots; providing information regarding location and operational status of industrial robots for construction; providing information regarding location and operational status of industrial robots for repair and maintenance; civil engineering, building, road, and pipeline construction and providing civil engineering, building, road and pipeline construction information; civil engineering, building, road and pipeline construction using intelligent computerized construction technology via computer communications and providing information relating to civil engineering, building, road and pipeline construction using intelligent computerized construction technology via computer communications; consultation in civil engineering, building, road and pipeline construction supervision of building construction, civil engineering structures and underground structures; building construction services in the nature of operation of building equipment and providing information relating thereto; maintenance of building equipment and providing information relating thereto; mining and providing advice and information relating thereto; snow removal and providing advice and information relating thereto.

Class 39

(2) Providing information regarding operational control and operational status of cars and dump trucks for process management at construction sites; providing information regarding the location of cars and dump trucks for process management at construction sites; transport by cars and dump trucks and providing information relating thereto; consultancy relating to planning of operational control of cars and dump trucks in transport for process management at construction sites; providing information regarding the operational control and operational status of the land vehicles for process management at construction sites; providing information regarding the operating location of land vehicles; physical storage of electronic media containing data, drawings, texts, digital photographs, music, images, video and electronic data; warehousing services; advisory services relating to the warehouse storage and transportation of goods, freight and cargo by air, boat, rail and truck; freighting services, namely, freight brokerage, freight forwarding and freight loading; rental of warehouse space; rental of land vehicles; providing information regarding dynamic control of cars and dump trucks.

Class 42

(3) Computer software design, computer programming and maintenance of computer software; design and development of operating software for accessing and using a cloud computing network; computer programming for information management; providing computer programs on data networks, namely, providing software as a service featuring software for controlling and programming metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, automobiles, industrial robots, and measuring and testing

machines and instruments for regulating and monitoring position and battery power levels, operational status and maintenance information, and wear of underbody components of metalworking machines, construction machines, loading-unloading machines, mining machines, agricultural machines, and forest machines; providing on-line non-downloadable computer programs for use in database management on data networks; cloud computing, namely, providing software as a service featuring software for controlling and programming metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, automobiles, and industrial robots, and measuring and testing machines and instruments for regulating and monitoring position and battery power levels, operational status and maintenance information, and wear of underbody components of metalworking machines, construction machines, loading-unloading machines, mining machines, agricultural machines, and forest machines; rental of operating software for accessing and using cloud computing network; electronic storage of electronic data; data back-up services for others; electronic storage of data, drawings, texts, digital photographs, music, images, video and electronic data by cloud computing; computer data processing, namely, storing, saving, updating, and syncing data, namely, operational data of metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, automobiles, industrial robots, and measuring and testing machines and instruments for regulating and monitoring position and battery power levels, operational status and maintenance information, and wear of underbody components of metalworking machines, construction machines, loading-unloading machines, mining machines, agricultural machines, and forest machines; technical data analysis services, namely, data mining, computer programming and computer modelling for data analysis; engineering surveying services; mechanical engineering services; testing, data-analysing and measuring regarding civil engineering and building construction; drafting of building construction, civil engineering structures and underground structures and consultancy relating thereto; technical urban project planning; testing and research services, namely, quality control for others relating to machines, apparatus and instruments; design of machines, apparatus, instruments and their parts and design of systems composed of such machines, apparatus and instruments; design and development of computer hardware, software and databases; technical advice relating to operation of construction machines in building, road and pipeline construction; technical advice relating to operation of computer programs; technical advice relating to operation of computer programs; technological advice relating to computers, automobiles and industrial machines; analysis and consultancy of consumed fuel, fuel level and operating data of metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, namely, cranes, forklifts, conveyors and wheel loaders, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, automobiles, industrial robots, and measuring and testing machines and instruments for regulating and monitoring position and battery power levels, operational status and maintenance information, and wear of underbody components of metalworking machines, construction machines, loading-unloading machines, mining machines, agricultural machines, and forest machines; analysis and consultancy of consumed power, charge level and operating data of metalworking machines and tools, construction machines and

apparatus, loading-unloading machines and apparatus, namely, cranes, forklifts, conveyors and wheel loaders, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, automobiles, and industrial robots; energy auditing; consultancy in the field of energy efficiency; consultancy in the field of energy-saving; construction planning services.

Colour Claim
Colour is claimed as a feature of the trade-mark. The colours blue, gold, silver-grey, yellow and black are claimed as features of the mark. The mark consists of the word COPLINE, in which the letters C,P,L,I, N and E are blue and the O takes the form of a badge with seven gold triangular points around an oval silver-grey shield in which the words LAW ENFORCEMENT appear in a semi-circle in blue font at the top portion of the shield. The interior of the shield is also silver-grey and contains a crest, with a black outline that contains the words POLICE and PROTECT & SERVE in black. Across the mid-bottom of the shield is a banner containing the word OFFICER in blue, below which is a silver-grey rectangle containing the number 9 in blue. Across the letters L,I, N and E, there is a yellow line in the form of a heart rhythm EKG reading line. The text AN OFFICER'S LIFELINE and 1-800-267-5463 are in black at the bottom.

Services

Class 41

(1) Telephone hotline with United States national toll-free dialing access offering supportive and active listening by licensed professionals, trained retired law enforcement officers, law enforcement officers' spouses and law enforcement officers' children regarding career counseling, that are of general and particular interest to the law enforcement community, their families and significant others;

Class 44

(2) Telephone hotline with United States national toll-free dialing access offering supportive and active listening by licensed professionals, trained retired law enforcement officers, law enforcement officers' spouses and law enforcement officers' children regarding physical well-being, mental well-being and stress, substance abuse, and the psychological stress of untimely deaths, of retirement, and of promotions within police forces, all within the career of police officers,

that are of general and particular interest to the law enforcement community, their families and significant others;

Class 45

(3) Telephone hotline with United States national toll-free dialing access offering supportive and active listening by licensed professionals, trained retired law enforcement officers, law enforcement officers' spouses and law enforcement officers' children regarding family and non-family personal relationships, all within the career of police officers, that are of general and particular interest to the law enforcement community, their families and significant others;

Goods

Class 06

(1) Ironwork for doors; joists of iron or steel; goods of common metal, namely square holding tubes, handrails, handrails of stainless steel for clamp mountings, structural tubes, shackles, universal joints [cardan joints], cardan shafts, ball joints [parts of machines], angle joints [parts of machines], fork joints, pipe clamp connectors, clamp holders; nuts of metal, bolts of metal, box fasteners of metal; control, operating and clamping elements of metal, namely operating handles, tool handles, crank handles, hand wheels, clamping and operating levers, palm grips and star handles, knobs, screws, nuts, headless pins and door bolts; knobs of metal; bolts of metal, hardware springs of metal; door bolts of metal; metal hinges; levelling machine feet of metal; hinged levelling feet of metal for supporting and stabilizing machinery; metal water pipes, tubes and hoses for plumbing use with metal water-pipe valves, collars of metal for fastening pipes, clips of metal for pipes, couplings of metal for pipes, elbows of metal for pipes, end caps of metal for pipes, fittings of metal for pipes; collars of metal for fastening pipes; metal balls for bearings; standard elements for metal profile systems, namely telescopic rails, roller guides, roller rails, ball rails

Class 07

(2) Control, operating and clamping elements of metal and plastic for devices, machines and apparatus (machine parts), namely adjustable clamping levers, tension levers, safety clamping lever, ratchet tensioner, steel clamping lever, gear levers, clamping hubs, star grips, palm grips,

three-star grips, winged screws of metal, wing nuts of metal, knurled handles, knurled screws, knurled nuts, torque handles, eccentric clamps, spiral clamps, wedge clamps, centring clamps, quick release clamps, pneumatic clamps, locking bolts, index plungers, spring-loaded thrust pads, operating handles, handles, stirrup handles, tube handles, control and locking cranks, hand cranks, hand wheels, spoke hand wheels, disc hand wheels with fixed or folding handle, clamping, tensioning and shifting levers, palm grips and star handles, knobs, screws, nuts, headless screws and door bolts (machine parts); crank handles being parts of machines; analog, digital, mechanical and electronic position displays being machine parts; pipe plugs and threaded plugs for pipes, made of metal; stainless steel toggle clamps for holding piece parts during machining; pneumatic toggle clamp for holding piece parts during machining; ball bearings, namely, anti-friction bearings for machines; telescopic slides, namely extendible metal runners for drawers; bearings as machine parts, roller bearings for machines

Class 09

(3) industrial holding magnets; holding magnets; inspection windows for displaying the oil level in containers for liquids, namely, oil level indicators; position indicator; spirit level indicators, oil level sensors; flow meter; electric and electronic control, operating and clamping elements, all being electronic controllers for operating industrial machinery, namely electric hand cranks, electric switch cranks, electric and electronic hand wheels, feed wheels, gear levers, clamping levers, eccentric clamps, spiral clamps, electronically operated control closures; closures for machinery and doors with measuring gauge, namely, electronic slide calipers; electrical terminal blocks

Class 20

(4) plastic parts for furniture, namely, U-shaped handles, bow-shaped handles, finger handles, folding handles, tube handles, grip strips and grip shells; control, operating and clamping elements made of plastic, being furniture parts and fittings, namely operating handles, hand cranks, hand wheels, clamping levers, palm grips and star handles, knobs, screws, nuts, headless screws; door fasteners, not of metal; hinged levelling feet, not of metal, for supporting and stabilizing machinery; pipe fasteners, connectors and holders, not of metal, namely, screws and collars of plastic; clip clamps, not of metal; collars, not of metal, for fastening pipes; screw plugs, not of metal; ventilation and airing sealing caps, not of metal

(1) Display devices, television receivers and film and video devices, in particular LED light boxes for use in advertising and display, and light emitting diode (LED) displays, batteries for use with emergency lighting, apparatus and instruments for controlling electricity, in particular light dimmers, lightning conductors, lightning arresters, lightning rods, light regulators, lightning arrester equipment, regulated power supplies, electric power supplies, and uninterruptible power supplies, electrical and electronic components, namely, light switches, light diodes, laser diodes, light emitting diodes (LEDs), zenor diodes, organic light emitting diodes (OLEDs), polymer emitting diodes, LED drivers, electrically-powered light modulators, lighting ballasts, starters for electric lights, dimmer switches for electric lights, ballasts for halogen lights, and ballasts for electrical lighting fittings, electrical and electronic components, in particular electrical circuits and circuit boards, lamp starters, fiber optic light and image conduits, light barriers, namely, safety light barriers for the prevention of accidents and light barriers forming part of a luminaire, inductors and inductor coils, namely, electrical coils, electric coils, and choking coils for use in lighting equipment, LED modules, control modules, namely, electrical control systems for lighting and lighting systems, connecting modules for electric controls, namely, connectors for electronic circuits, electric connectors, and electronic connectors for circuit boards, all in the field of lighting, power modules, namely, integrated circuit modules, semiconductor power modules, and hybrid electronic circuits, regulating modules, namely, voltage and current regulators for lighting, sensors and controllers for lighting regulation, and illumination regulators, electrical sockets, electric power supply sockets, and electric cables and wires, communication equipment, in particular signal couplers for lighting, Internet of Things gateways for connecting lighting devices and lighting systems with one another, and with other networks, wireless communication devices for use in lighting systems, namely, wireless routers, wireless light sensors for use in lighting systems for determining the intensity of light, the illumination level and colour, wireless gas sensors, wireless air quality sensors, wireless temperature sensors, wireless ambient light sensors, wireless illumination level sensors, wireless occupancy sensors, wireless vacancy sensors, wireless humidity sensors, wireless sound sensors,

wireless optical sensors, wireless thermal sensors, wireless motion sensors, wireless PIR sensors, wireless radar detectors, wireless light control sensors, wireless electronic radiation sensors, wireless light switches, wireless lighting control panels, wireless lighting controllers, wireless electrical control systems for lighting and lighting systems, wireless light dimmers, and wireless application controllers, display devices, in particular light emitting diode displays, and electronic displays, namely, backlit illuminated displays, front-lit illuminated displays, and matrix illuminated displays, light meters, sensors and detectors, in particular light sensors for use in lighting systems for determining the intensity of light, the illuminance level and colour, electrical sensors for use in lighting systems, namely, gas sensors, air quality sensors, temperature sensors, ambient light sensors, illumination level sensors, occupancy sensors, vacancy sensors, humidity sensors, and sound sensors, optical sensors, thermal sensors, motion sensors, occupancy sensors, PIR sensors, and radar detectors, signaling apparatus, in particular warning lights [flashing beacons], neon lights (signals), and rotating lights, namely, rotating signaling lights and moving lights for use on entertainment stage and for architectural lighting, apparatus and instruments for controlling electricity, in particular transformers, and rectifier modules, controllers, in particular electrical controllers for lighting systems, lighting control apparatus, namely, lighting control panels, lighting control sensors, and lighting actuators, programmable controls for lighting apparatus and instruments, remote control apparatus for lighting apparatus and instruments, and electronic control gears [ECGs] for LED lamps and light fixtures, software (recorded and downloadable) for the control of lighting, computer application software for operating, controlling, and managing lighting for Internet of Things (IoT) enabled homes, buildings, highways, parking lots, amenity, cars, smart watches, and smartphones, computer hardware, in particular for the control of lighting, computer hardware modules for use with the Internet of Things, radiation measuring apparatus and installations, namely, electronic radiation sensors and detectors for measuring illumination level and colour, colour spectra, ultraviolet (UV), infrared (IR) and visible radiation, electric and electronic equipment and apparatus, namely, electric and electronic light switches, light dimmers, voltage regulators, and lighting controllers, all for operating, regulating and controlling lighting installations, electric lights and electric lamps, parts and fittings of all the aforesaid goods, all of the aforementioned goods for lighting apparatus, lighting equipment, lighting control systems, lighting networks, lighting interoperability and lighting management systems

Class 11

(2) Lighting apparatus and installations, in particular, luminaires, LED luminaires, lamps, namely, electric lamps, LED lamps, desk lamps, fluorescent lamps, downlights, floor lamps, hanging lamps, and street lamps, lamp fixtures, lamp holders, lamp fittings, lamp bulbs, lamp bases, lamp standards, lamp glasses, lamp globes, lamp for electrical installations, lighting fixtures, transformers being parts of lighting installations, and sockets for electric lights, filters for lighting, namely, digitally-controlled and electrically-operated optical filters, and electrical filters, LED light strips, parts and fittings of all the aforesaid goods

Services

Class 38

(1) Telecommunication services, namely, wireless electronic transmission of control commands and information in the field of lighting via wireless broadband networks and cellular networks; provision of access to content, websites and portals, in particular providing access to databases, portals chatrooms, forums, and Internet platforms for the purpose of exchanging information in the field of lighting

Class 42

(2) Testing, authentication and quality control, in particular certification services, namely, providing quality control for the lighting industry, quality testing, analysis and evaluation of the products and services of others in the field of lighting to determine conformity with certification standards, technical testing and product engineering of products of others in the field of lighting for new product development and for determining conformity with standard protocols, technical research and technical measurement evaluations of products of others in the field of lighting, technical survey services in the field of lighting, and technical project planning and conducting feasibility studies in the field of lighting; computer programming and software development and implementation in the field of lighting apparatus, lighting equipment, lighting control system, lighting networks, lighting interoperability and lighting management systems; design of lighting installations and consultancy with regard thereto, architecture and interior design in the field of lighting; providing planning and simulation programs for lighting applications, including via the Internet

Class 45

(3) Legal services related to licensing of intellectual property; licensing of industrial property rights and advice related thereto; legal advice and legal information concerning standards and norms for the lighting industry.

Colour Claim
Colour is claimed as a feature of the trademark. The mark consists of a gray oval outline that is white on the inside within which is a shaded gray oval connected to the outline by two curved lines. In the center of the shaded gray oval is a white stylized letter "G" to the left of which is a red apostrophe shape. Below the gray oval outline is a gray hexagonal outline that is white on the inside, within which is a red five-sided polygon, and within that is a gray four leaf clover design. To the right of the red polygon is the gray stylized wording "GARIBALDI".

Goods

Class 09

(1) Helmets for motorcyclists; protective helmets for motorists; dust protective goggles; spectacles.

Class 25

(2) Headwear, namely, caps; footwear, namely, shoes, boots, tall boots, short boots, motorcyclist boots; sports footwear; motorcyclist protective clothing; motorcycle jackets; gloves for motorcyclists; gloves; scarves; balaclavas; panties; t-shirts; suspenders; vests; trousers.

Goods

Class 03

(1) De-greasing preparations for household purposes; rust removing preparations; stain removing benzines; fabric softeners for laundry use; laundry bleach; adhesives for affixing false hair; laundry starch; seaweed gelatine for laundry use [funori]; adhesives for affixing false eyelashes; breath freshening preparations; shoe cream; shoe black [shoe polish]; bath soaps, anti-bacterial skin soaps, body soaps, detergent soaps, detergent for household use; dentifrices; cosmetics, oils for toiletries purposes; perfume and food flavorings [essential oils]; incenses and fragrances; abrasive paper [sandpaper]; abrasive cloth; abrasive sand; artificial pumice stones; polishing papers; false nails; false eyelashes.

Class 09

(2) Ear plugs for divers; ozonisers [ozonators]; egg-candlers; cash registers; coin counting or sorting machines; photo-copying machines; time and date stamping machines; time clocks [time recording devices]; punched card office machines; voting machines; mechanisms for coin-operated car parking gates; fire extinguishers; fire hoses; fire hose nozzles; sprinkler systems for

fire protection; fire alarms; gas alarms; vehicle breakdown warning triangles; luminous or mechanical road signs; game programs for arcade video game machines; simulators for the steering and control of vehicles; rotary converters; phase modifiers; solar batteries; electric wires and cables; magnetic cores; resistance wires; fire boats; satellites for scientific purposes; fire engines; dust masks; gas masks; welding masks; fireproof garments; protective hoods for children; gloves for protection against accidents; spectacles [eyeglasses and goggles]; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; protective helmets for sports; weight belts [for scuba diving]; air tanks [for scuba diving]; regulators [for scuba diving]; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; amplifiers for electric or electronic musical instruments; phonograph records; downloadable music files; downloadable image files; video game cassettes, video disk and video tapes with recorded animated cartoons; exposed cinematographic films; exposed slide films; slide film mounts; downloadable electronic publications in the nature of magazines, downloadable electronic books.

Class 12

(3) Tipping apparatus, parts of railway freight cars; pusher cars for mining; puller cars for mining; traction engines; ropeways for cargo or freight handling; parachutes; anti-theft alarms for vehicles; wheelchairs; AC motors or DC motors for land vehicles [not including "their parts"]; aircraft and their parts and fittings; railway rolling stock and their parts and fittings; automobiles and their parts and fittings; motorcycles, motor scooters, motorized bicycles, bicycles and their parts and fittings; rickshaws; bob-sleighs, horse-drawn sleighs, snow sleds, rescue sleds, dog racing sleds; shopping trolleys, motorized golf trolleys, two-wheeled trollies; horse drawn carriages; bicycle trailers [Riyakah]; adhesive rubber patches for repairing tubes or tires; baby carriage [prams].

Class 14

(4) Precious metals; unwrought and semi-wrought precious stones and their imitations; keyrings [trinkets or fobs]; jewellery cases; trophies [prize cups]; commemorative shields; hair ornaments, hat ornaments of precious metal, negake (hair tassel ornaments for Japanese hair styling); shoe ornaments of precious metal; clocks and watches; bonnet pins [not of precious metal]; good luck charms or amulets; charms for bracelets, charms for jewelry; amulets; prayer beads.

Class 16

(5) Pastes and other adhesives for stationery or household purposes; sealing wax; printers' reglets [interline leads]; printing type; addressing machines; ink ribbons; automatic stamp affixing machines; electric staplers for offices; envelope sealing machines, for offices; stamp obliterating machines; artist pencils, pens; typewriters; checkwriters; mimeographs; paper shredders [for office use]; franking machines; rotary duplicators; marking templates; decorators' paintbrushes; containers of paper, for packaging; bags [pouches] of plastics, for packaging; food wrapping plastic film for household purposes; garbage bags of paper [for household purposes]; garbage bags of plastics [for household purposes]; paper patterns; tailors' chalk; banners of papers; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of papers; hand towels of paper; handkerchiefs of paper; baggage tags; toilet paper, duplicating paper, napkin paper, paper for making wrapping paper, corrugated cardboard; note books, sticky notes, notepads, seals (stationery), paper stationery, writing stationery, writing journals; printed matter, namely books, newspapers, pamphlets; paintings and calligraphic works; photographs; photograph stands; Omikuji [sacred lots] [printed strips of paper used for fortune telling].

Class 18

(6) Handbag frames; purse frames; horseshoes; industrial packaging containers of leather; clothing for domestic pets; bags of leather, bags for sports, cloth bags for storage; folding

briefcases; shoulder bags; gladstone bags; Japanese wicker trunks [Kori]; briefcases; suitcases; luggage and trunks; handbags; boston bags; schoolchildren's backpacks; rucksacks; leather pouches, Japanese utility pouches [Shingen-Bukuro], waist pouches; charm bags [Omamori-ire]; card cases [notecases]; shopping bags, including; wheeled shopping bags; purses; key cases; money pouches; wallets; commutation-ticket holders; business card cases; vanity cases [not fitted]; umbrellas and their parts; walking sticks; canes; metal parts of canes and walking sticks; handles for canes and walking sticks; saddlery; leather and fur [unworked or semi-worked]; leather cloth.

Class 25

(7) Clothing, namely t-shirts, sweatshirts, trousers, shorts, jackets, underwear; garters; sock suspenders; suspenders [braces]; waistbands; belts for clothing; footwear, namely shoes, boots, sandals, training shoes, sneakers [other than special footwear for sports]; masquerade costumes; clothes for sports; special footwear for sports.

Class 28

(8) Toys for domestic pets; stuffed toys, sets of dolls and changing clothes therefor, toy musical boxes, toy pianos, toy xylophones, housekeeping-play sets, toy figures, rubber balls, rattles [playthings], four-wheeled vehicles, tricycles for infants [toys], inflatable swimming pools [play articles], portable games with liquid crystal displays, dolls' clothes, dolls' feeding bottles, masks [playthings], puppets; dolls; Japanese chess [Shogi games]; Japanese playing cards [Utagaruta]; dice; Japanese dice games [Sugoroku]; dice cups; Chinese checkers [games]; chess games; checkers [checker sets]; dominoes; playing cards; Japanese playing cards [Hanafuda]; mah-jong; billiard equipment; sports equipment, namely golf clubs, golf balls, golf bags, golf gloves, golf club cases, golf iron covers, covers for golf club heads, covers for golf bags, golf ball markers, golf tees, ball for basketball, ball for volleyball, ball for football, ball for tennis; fishing tackle; scratch cards for playing lottery games; roulette wheels; board games; backgammon games; bingo cards; tables for table football; darts; decoys for hunting or fishing; gut for fishings; scent lures for hunting or fishings; camouflage screens [sports articles]; bite sensors [fishing tackle]; ascenders [mountaineering equipment]; bodyboards; harness for sailboards; masts for sailboards; sailboards.

Class 30

(9) Binding agents for ice creams; meat tenderizers for household purposes; preparations for stiffening whipped creams; tea; coffee; cocoa; ice; confectionery, namely cakes, donuts, bread, cookies, ice cream, chewing gums, chocolates, candies; bread and buns; sandwiches; steamed buns stuffed with minced meat [Chinese-manjuh]; hamburgers [sandwiches]; pizzas; hot dogs [sandwiches]; meat pies; seasonings [other than spices]; spices; ice cream mixes; sherbet mixes; unroasted coffee beans; Chinese stuffed dumplings [Gyoza, cooked]; Chinese steamed dumplings [Shumai, cooked]; Sushi; fried balls of batter mix with small pieces of octopus [Takoyaki]; Boxed lunches consisting of rice, with added meat, fish or vegetables; ravioli; yeast powder; Koji [fermented malted rice]; yeast; baking powders; pasta sauce; by-product of rice for food [Sake lees]; husked rice; husked oats; husked barley; flour.

Services

Class 41

(1) Operating lotteries; educational and instruction services relating to fine arts, crafts, sports, general knowledge through the provision of seminars and conferences; arranging, conducting and organization of seminars in the field of intellectual property; animal training; plant exhibitions; animal exhibitions; providing downloadable electronic publications in the nature of magazines, downloadable electronic books; services of reference libraries for literature and documentary

records; book rental; art exhibitions; gardens for public admission; caves for public admission; publication of books; arranging and planning of movies, plays or musical performances; movie showing, movie film production, or movie film distribution; presentation of live musical show performances; presentation of live theatre performances; entertainment in the form of ice skating shows; direction or presentation of plays; presentation of musical performances; production of radio or television programs; production of videotape film in the field of education, culture, entertainment or sports [not for movies or television programs and not for advertising or publicity]; directing of radio and television programs; operation of video and audio equipment for the production of radio and television programs; organization, arranging and conducting track and field competitions; organization, arranging and conducting judo competitions; organization of entertainment events, namely arranging and conducting of beer tasting events for entertainment purposes, booking of entertainment halls; organization, arranging and conducting of horse races organization, arranging and conducting of bicycle races; organization, arranging and conducting of boat races; organization, arranging and conducting of auto races; providing audio or video studio services; providing sports facilities; providing amusement facilities, namely amusement park, amusement arcade; providing facilities for movies, shows, plays, music educational training; booking of seats for shows; rental of cinematographic machines and apparatus; rental of cine-films; rental of musical instruments; rental of sports equipment; rental of television sets rental of radio sets; rental of records or sound-recorded magnetic tapes; rental of image-recorded magnetic tapes; rental of film negatives; rental of film positives; rental of toys; rental of amusement machines and apparatus; rental of game machines and apparatus; rental of paintings and calligraphic works; photography; language interpretation; translations; rental of cameras.

Class 43

(2) Hotel services providing temporary accommodations, providing temporary accommodation in vacation apartments; booking of hotels and boarding houses; restaurant services, operation of a coffee shop; boarding for animals; preschooler and infant care at daycare centers; retirement home; rental of conference rooms; rental of futon and quilts; rental of pillows; rental of blankets; rental of electric toasters [for household purposes] rental of microwave ovens [for household purposes]; rental of hot plates [for household purposes]; rental of cooking equipment for industrial purposes; rental of non-electric cooking heaters; rental of dishes; rental of kitchen worktops; rental of curtains; rental of furniture; rental of wall hangings; rental of floor coverings; rental of wet wipes; rental of towels.

Class 09

(1) Display devices, television receivers and film and video devices, in particular LED light boxes for use in advertising and display, and light emitting diode (LED) displays, batteries for use with emergency lighting, apparatus and instruments for controlling electricity, in particular light dimmers, lightning conductors, lightning arresters, lightning rods, light regulators, lightning arrester equipment, regulated power supplies, electric power supplies, and uninterruptible power supplies, electrical and electronic components, namely, light switches, light diodes, laser diodes, light emitting diodes (LEDs), zenor diodes, organic light emitting diodes (OLEDs), polymer emitting diodes, LED drivers, electrically-powered light modulators, lighting ballasts, starters for electric lights, dimmer switches for electric lights, ballasts for halogen lights, and ballasts for electrical lighting fittings, electrical and electronic components, in particular electrical circuits and circuit boards, lamp starters, fiber optic light and image conduits, light barriers, namely, safety light barriers for the prevention of accidents and light barriers forming part of a luminaire, inductors and inductor coils, namely, electrical coils, electric coils, and choking coils for use in lighting equipment, LED modules, control modules, namely, electrical control systems for lighting and lighting systems, connecting modules for electric controls, namely, connectors for electronic circuits, electric connectors, and electronic connectors for circuit boards, all in the field of lighting, power modules,

namely, integrated circuit modules, semiconductor power modules, and hybrid electronic circuits, regulating modules, namely, voltage and current regulators for lighting, sensors and controllers for lighting regulation, and illumination regulators, electrical sockets, electric power supply sockets, and electric cables and wires, communication equipment, in particular signal couplers for lighting, Internet of Things gateways for connecting lighting devices and lighting systems with one another, and with other networks, wireless communication devices for use in lighting systems, namely, wireless routers, wireless light sensors for use in lighting systems for determining the intensity of light, the illumination level and colour, wireless gas sensors, wireless air quality sensors, wireless temperature sensors, wireless ambient light sensors, wireless illumination level sensors, wireless occupancy sensors, wireless vacancy sensors, wireless humidity sensors, wireless sound sensors, wireless optical sensors, wireless thermal sensors, wireless motion sensors, wireless PIR sensors, wireless radar detectors, wireless light control sensors, wireless electronic radiation sensors, wireless light switches, wireless lighting control panels, wireless lighting controllers, wireless electrical control systems for lighting and lighting systems, wireless light dimmers, and wireless application controllers, display devices, in particular light emitting diode displays, and electronic displays, namely, backlit illuminated displays, front-lit illuminated displays, and matrix illuminated displays, light meters, sensors and detectors, in particular light sensors for use in lighting systems for determining the intensity of light, the illuminance level and colour, electrical sensors for use in lighting systems, namely, gas sensors, air quality sensors, temperature sensors, ambient light sensors, illumination level sensors, occupancy sensors, vacancy sensors, humidity sensors, and sound sensors, optical sensors, thermal sensors, motion sensors, occupancy sensors, PIR sensors, and radar detectors, signaling apparatus, in particular warning lights [flashing beacons], neon lights (signals), and rotating lights, namely, rotating signaling lights and moving lights for use on entertainment stage and for architectural lighting, apparatus and instruments for controlling electricity, in particular transformers, and rectifier modules, controllers, in particular electrical controllers for lighting systems, lighting control apparatus, namely, lighting control panels, lighting control sensors, and lighting actuators, programmable controls for lighting apparatus and instruments, remote control apparatus for lighting apparatus and instruments, and electronic control gears [ECGs] for LED lamps and light fixtures, software (recorded and downloadable) for the control of lighting, computer application software for operating, controlling, and managing lighting for Internet of Things (IoT) enabled homes, buildings, highways, parking lots, amenity, cars, smart watches, and smartphones, computer hardware, in particular for the control of lighting, computer hardware modules for use with the Internet of Things, radiation measuring apparatus and instruments, namely, electronic radiation sensors and detectors for measuring illumination level and colour, colour spectra, ultraviolet (UV), infrared (IR) and visible radiation, electric and electronic equipment and apparatus, namely, electric and electronic light switches, light dimmers, voltage regulators, and lighting controllers, all for operating, regulating and controlling lighting installations, electric lights and electric lamps, parts and fittings of all the aforesaid goods, all of the aforementioned goods for lighting apparatus, lighting equipment, lighting control systems, lighting networks, lighting interoperability and lighting management systems.

Class 11

(2) Lighting apparatus and installations, in particular, luminaires, LED luminaires, lamps, namely, electric lamps, LED lamps, desk lamps, fluorescent lamps, downlights, floor lamps, hanging lamps, and street lamps, lamp fixtures, lamp holders, lamp fittings, lamp bulbs, lamp bases, lamp standards, lamp glasses, lamp globes, lamp for electrical installations, lighting fixtures, transformers being parts of lighting installations, and sockets for electric lights, filters for lighting, namely, digitally-controlled and electrically-operated optical filters, and electrical filters, LED light strips, parts and fittings of all the aforesaid goods

Services

Class 38

(1) Telecommunication services, namely, wireless electronic transmission of control commands and information in the field of lighting via wireless broadband networks and cellular networks; provision of access to content, websites and portals, in particular providing access to databases, portals chatrooms, forums, and Internet platforms for the purpose of exchanging information in the field of lighting

Class 42

(2) Testing, authentication and quality control, in particular certification services, namely, providing quality control for the lighting industry, quality testing, analysis and evaluation of the products and services of others in the field of lighting to determine conformity with certification standards, technical testing and product engineering of products of others in the field of lighting for new product development and for determining conformity with standard protocols, technical research and technical measurement evaluations of products of others in the field of lighting, technical survey services in the field of lighting, and technical project planning and conducting feasibility studies in the field of lighting; computer programming and software development and implementation in the field of lighting apparatus, lighting equipment, lighting control system, lighting networks, lighting interoperability and lighting management systems; design of lighting installations and consultancy with regard thereto, architecture and interior design in the field of lighting; providing planning and simulation programs for lighting applications, including via the Internet

Class 45

(3) Legal services related to licensing of intellectual property; licensing of industrial property rights and advice related thereto; legal advice and legal information concerning standards and norms for the lighting industry.

Goods

Class 09

(1) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments, namely, radios, televisions, computers, cameras, telephones, telephone sets with screen and keyboard and telephone answering apparatus, smart phones and tablet computers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electrical conductors for integrated circuits, electric switches, electrical transformers, electric accumulators, voltage regulators and electrical controllers; electrical equipment, apparatus and instruments, namely, cables for electrical and optical signal transmission, electric cables, automatic telephone exchanges, electric switches, computer network switches, cellular phone and radio transmission towers, radio, radar, optical, telephone and satellite transmitters, automatic transfer switches, and change-over switches for telecommunications apparatus, computer hardware for telecommunications, electronic location and immobilization devices installed after purchase for use with vehicles, navigation apparatus for vehicles in the nature of on-board computers, navigational instruments for vehicles, downloadable computer software and sensors for monitoring and recording vehicle wear and fuel efficiency, electronic sensors for anti-theft automotive alarms, remote control transmitters and receivers for remotely operating land vehicles, remote control starters for vehicles, simulators for driving or control of vehicles, remote control starters for vehicles and equalizers being audio apparatus, temperature control systems, namely, thermostats, temperature sensors and temperature meters not for medical use; blank and pre-recorded magnetic data carriers featuring operating software for use with telecommunication computers, household automation systems, namely, computer hardware and downloadable mobile applications using artificial intelligence for home automation, technology computers; mechanisms

for coin operated apparatus, namely, coin-operated mechanisms for arcade games, coin-operated mechanisms for operating gates for car parking lots, coin-operated mechanisms for photo booths, coin-operated mechanisms for television sets, coin-operated mechanisms for vending machines, coin-operated musical automata; calculating machines, namely calculators; hardware for data processing, namely, computers; recorded and blank data carriers, namely, pre-recorded CDs, DVDs, laser discs, video tapes, audio tapes, diskettes, computer disks, optical disks, optical recording disks, magnetic data carriers, optical data carriers, USB cards and encoded smart cards, all featuring music and videos, audio, images, text and metadata in the fields of telecommunications, home and office connectivity, data security, data storage, news and business; computer programs, (recorded), for telecommunications, automation systems and information technology for home, office and vehicle automation, namely, for controlling lighting systems, heating and cooling systems, security systems, home appliances and electronic devices; downloadable computer game programs; downloadable electronically recorded data files featuring video recording software and computer game programs; downloadable electronic publications in the nature of periodicals, newsletters, magazines, advertisements, reports, in the fields of telecommunications, home and office connectivity solutions, automation systems, computing and data storage; electronic components for motor vehicles, namely, stereos, speakers, amplifiers, batteries, electric locks, electric luminescent display panels, satellite-aided navigation systems, capacitors, electric connectors, filters for optical devices, oscillators, electric relays, electric switches, transformers, electric resistors, semiconductors, integrated circuits, rectifiers and transistors; computer software for analysing patient data, patient vital signs, patient diagnosis and patient treatment

Class 16

(2) Printed matter namely, books, booklets, brochures and magazines about telecommunications, computers, computer networks, computer software, computer databases, computer services and internet services; photographs (printed); office requisites, except furniture, namely, binders, staplers, rubber bands, ball point pens, ball pens, pen and pencil holders, drafting rulers, drawing rulers, ungraduated rulers and erasers; printed instructional and teaching material, except apparatus, in the fields of radio and television broadcasting, teleconferencing and videoconferencing, telephony, information technology, computer security, news, sports, movies, television, celebrity personalities, current events, business and finance, weather and travel

Services

Class 35

(1) Advertising the goods and services of others; business merchandising display services; sponsorship in the form of advertising, namely, sponsorship search; sales promotion for others by providing advantage programs for customers; business management; business administration; providing office functions in the nature of filing documents; commercial business management and commercial corporate management for third parties, in particular in the area of energy, gas, water; collection, systematization, compilation and analysis of business data and information stored in computer data bases; retail store services and online retail store services provided via Internet and other communication networks, featuring scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments, namely, radios, televisions, computers, cameras, telephones, telephone sets with screen and keyboard and telephone answering apparatus, smart phones and tablet computers, electrical conductors for integrated circuits, electric switches, electrical transformers, electric accumulators, voltage regulators and electrical controllers, cables for electrical and optical signal transmission, electric cables, automatic telephone exchanges, electric

switches, computer network switches, cellular phone and radio transmission towers, radio, radar, optical, telephone and satellite transmitters, automatic transfer switches and change-over switches for telecommunications apparatus, computer hardware for telecommunications, electronic location and immobilization devices installed after purchase for use with vehicles, navigation apparatus for vehicles in the nature of on-board computers, navigational instruments for vehicles, downloadable computer software and sensors for monitoring and recording vehicle wear and fuel efficiency, electronic sensors for anti-theft automotive alarms, remote control transmitters and receivers for remotely operating land vehicles, remote control starters for vehicles, simulators for driving or control of vehicles, remote control starters for vehicles and equalizers being audio apparatus, temperature control systems, namely, thermostats, temperature sensors and temperature meters not for medical use, blank and pre-recorded magnetic data carriers featuring operating software for use with telecommunication computers, household automation systems, namely, computer hardware and downloadable mobile applications using artificial intelligence for home automation, technology computers, mechanisms for coin operated apparatus, calculating machines, hardware for data processing, namely, computer apparatus, recorded and blank data carriers, namely, pre-recorded CDs, DVDs, laser discs, video tapes, audio tapes, diskettes, computer disks, optical disks, optical recording disks, magnetic data carriers, optical data carriers, USB cards and encoded smart cards, all featuring music and videos, audio, images, text and metadata in the fields of telecommunications, home and office connectivity, data security, data storage, news and business, computer programs, for telecommunications, automation systems and information technology for home, office and vehicle automation, namely, for controlling lighting systems, heating and cooling systems, security systems, home appliances, downloadable computer game programs, downloadable electronically recorded data files featuring video recording software and computer game programs, downloadable electronic publications in the nature of periodicals, newsletters, magazines, advertisements, reports, marketing materials in the fields of telecommunications, home and office connectivity solutions, automation systems, computing and data storage, electronic components for motor vehicles, namely, stereos, speakers, amplifiers, batteries, electric locks, electric luminescent display panels, satellite-aided navigation systems, capacitors, electric connectors, filters for optical devices, oscillators, electric relays, electric switches, transformers, electric resistors, semiconductors, integrated circuits, rectifiers and transistors, computer software for analysing patient data, patient vital signs, patient diagnosis and patient treatment, printed matter, photographs (printed), office requisites (except furniture); services provided by an e-commerce operator, namely order processing services, administrative processing of delivery orders and accountancy for electronic ordering systems; accountancy (office functions); sponsorship search

Class 36

(2) Insurance; financial affairs and monetary affairs, namely, financial management and analysis services; compilation of information relating to financial data; conducting financial sponsorship of sporting, entertainment, social, environmental and cultural events; debt collection services; arranging financial transactions via electronic communication networks and/or by means of contactless data transmission, namely, payment settlement and debt settlement services, clearing and reconciling financial transactions via a global computer network

Class 37

(3) Building construction; installation, repair and maintenance of data carriers and data processing equipment, namely, computer and telecommunications hardware; installation, repair and maintenance of electrical equipment being lighting apparatus for vehicles, steam generators, stoves, namely, gas stoves, electric stoves, duel-fuel stoves and solar stoves, cooking ovens, microwave ovens for cooking, refrigerators, freezers, dryers, namely, clothes dryers and dish

dryers, climate control apparatus, namely, air cooling apparatus, air ventilating apparatus and metered water valves for plumbing and heating and cooling installations, burglar alarms and machines being washing machines for clothes, dishwashers, floor cleaning machines and steam cleaning machines

Class 38

(4) Telecommunication, namely, transmission of voice, audio, visual images and documents by telecommunications networks, wireless communications networks, the Internet, information services networks and data networks; press agency services; rental of telecommunications equipment, namely, audio/visual and photographic and multimedia devices and communications equipment in the form of radios, televisions, computers, cameras, telephones, telephone sets with screen and keyboard and telephone answering machines, smart phones and tablet computers; providing information on telecommunications in the nature of information about radio and television broadcasting, teleconferencing and videoconferencing, telephony; value-added telecommunications services, namely, electric, digital, cellular and wireless transmission of voice, documents, photographs and digital images, messages and transmission of voice, photographs and digital images, audio, video and documents via telephone, television and global communication networks that allow users to enable value-added services in the use of fixed or mobile networks in the nature of telephone directory assistance search services or telephone number information services; telecommunication services for others namely, peer-to-peer network computer services providing transmission of data over electronic communications networks in the fields of home automation, workplace connectivity and integration, travel, transport and logistic solutions, public sector solutions, energy efficiency solutions, multimedia distributions, health solutions, security systems, application performance management, consulting services, installation services, data hosting services, network connectivity services and performance enhancement services, application operations and management services, web, social and mobility enabling services and data management services

Class 41

(5) Education services, namely, classes and seminars in the fields of radio and television broadcasting, teleconferencing and videoconferencing, telephony, automation systems and information technology; training services in the field of radio and television broadcasting, teleconferencing and videoconferencing, telephony, automation systems and information technology; entertainment services in the nature of providing live musical, variety, news and comedy performances via global telecommunications networks, providing information to mobile communications devices in the field of entertainment news, entertainment movies, television, music, sports, celebrity personalities, current events and social commentary on entertainment, ticket agency services for entertainment events, information about entertainment and entertainment events provided via online networks and internet, provision of non-downloadable films, television programs and other video content in the nature of motion pictures, documentaries, entertainment shows, talk-shows, drama, entertainment, fiction, non-fiction, educational, travel, adventure, action, comedy, arts, sports and education, documentaries via a video-on-demand service; operation and coordination of team sports competitions and cultural activities, namely organizing, arranging and conducting workshops in cultural awareness; organization sponsored cultural, sporting, social and environmental events in the nature of competitions, exhibitions and conferences; providing online non-downloadable electronic publications in the nature of instructional materials in the fields of radio and television broadcasting, teleconferencing and videoconferencing, telephony automation systems and information technology; game services provided online; online publication of electronic books and journals

Class 42

(6) Scientific and technological services. namely, product research and design in the fields of telecommunications equipment, automation systems and information technology equipment; industrial research services in the fields of telecommunications, automation systems and information technology; industrial analysis in the nature of product testing in the fields of telecommunications, automation systems and information technology; design and development of computer hardware, software and software for databases; maintenance of software; computer services, namely, cloud computing provider services for general storage of data; rental of computers; design of websites for others; performing chemical analysis and technical tests and checks in the nature of chemical research and analysis; technical consultancy in the field of computer security; technical monitoring of industrial plants in the fields of energy, gas, water and technical monitoring of heat generation plants; engineering services in the fields of computer hardware engineering, computer software engineering, electrical engineering, industrial engineering, wireless communication networks; computer consultation (online), namely providing technical information about computer software for computer networking; consultancy in the design and development of computer hardware, computer software and databases; technological services in relation to telemetering (remote metering), meter reading systems and smart metering

Class 05

(1) Pharmaceutical, medicinal and therapeutic preparations for human and veterinary use for the treatment of infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt- Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza, Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology, human and animal vaccines, human and animal vaccine preparations, diagnostic reagents for medical and veterinary diagnostic use, biological tissue cultures for medical purposes, blood and plasma for human medical diagnostics and analysis, transdermal patches, bandages, poultices and medical dressings impregnated with vaccines, patches, bandages, poultices and medical dressings impregnated with vaccines, transdermal vaccine delivery system being patches for administering vaccines, pharmaceutical preparations for treating infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt-Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza,

Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology contained in transdermal patches, skin patches for the transdermal delivery of pharmaceuticals for use in the treatment of infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt-Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza, Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology, transdermal patches for administering pharmaceuticals for use in the treatment of infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt-Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza, Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology and vaccines, intradermal patches for use in the medical treatment of infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt-Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza, Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology, intradermal vaccine delivery system being patches for administering human and animal vaccines, pharmaceutical preparations contained in intradermal patches for use in the medical

treatment of infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt-Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza, Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology, skin patches for the intradermal delivery of pharmaceuticals for use in the treatment of infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt-Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza, Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology, intradermal patches for medical treatment for administering pharmaceuticals for use in the medical treatment of infectious diseases, namely, anthrax, bat lyssavirus infection, avian influenza, botulism, brucellosis, campylobacteriosis, chickenpox, chikungunya virus, chlamydial infection, cholera, COVID-19, Creutzfeldt-Jakob disease, cryptosporidiosis, dengue virus infection, diphtheria, donovanosis, encephalitis, flavivirus, gonococcal, streptococcal disease, haemolytic uraemic syndrome, haemophilus influenzae type b, hepatitis, hepatitis A, hepatitis B, hepatitis C, hepatitis D, hepatitis E, human immunodeficiency virus, human papillomavirus, influenza, Japanese encephalitis, legionellosis, leprosy, leptospirosis, listeriosis, lyssavirus infection, malaria, measles, meningococcal disease, Middle East respiratory syndrome, monkeypox, mumps, paratyphoid fever, pertussis, plague, pneumococcal disease, polio, psittacosis, ornithosis, Q fever, rabies, respiratory syncytial virus, rotavirus, rubella, salmonellosis, severe acute respiratory syndrome, shiga toxin producing Escherichia coli, shigellosis, shingles, smallpox, syphilis, tetanus, tuberculosis, tularaemia, typhoid fever, varicella zoster infection, viral haemorrhagic fever, West Nile virus infection, Yellow fever, allergies and oncology and vaccines, microprojection array patches for medical purposes impregnated with vaccines, structural parts and fittings for the aforesaid goods.

Class 10

(2) Surgical and medical apparatus and instruments namely, vaccine and drug delivery microneedle array patches sold without medication, drug delivery devices and apparatus, namely, hermetically sealed applicators containing patches for applying vaccine sold without medication, drug delivery devices sold empty, namely, uncoated patches sold without medication, transdermal drug delivery devices and apparatus namely, transdermal drug delivery patches sold without

medication, intradermal drug delivery devices and apparatus, namely, intradermal drug delivery patches sold without medication, micro-projection drug delivery devices and apparatus, namely, drug delivery patches sold without medication, structural parts, fittings for the aforesaid goods.

Services

Class 40

(1) Custom manufacturing services in the field of drug delivery patches, custom manufacture of medical devices, pharmaceuticals, diagnostic tests and testing kits, custom manufacture of micro-projection array patches, custom manufacture of drug delivery devices and apparatus, custom manufacture of transdermal drug delivery devices and apparatus, custom manufacture of intradermal drug delivery devices and apparatus, custom manufacture of micro-projection drug delivery devices and apparatus, advisory, consultancy and information services in relation to all of the aforesaid.

Class 42

(2) Research, design and development services in the field of medical apparatus and instruments, medical research, design and development services in the field of drug delivery devices, research and development in the pharmaceutical and biotechnology fields, research and development of vaccines and medicines, pharmaceutical drug development services, vaccine screening, namely safety testing of vaccines, scientific and technological research services related to immunopharmaceuticals and vaccines, biological research, clinical research in the field of immunology, vaccines, and medical research, conducting clinical trials for others, providing medical and scientific research information in the field of pharmaceuticals and clinical trials, chemical and biochemical analysis services, medical research, pharmaceutical research services, laboratory testing services in the field of vaccines, pharmaceuticals, laboratory research in the fields of biotechnology, microbiology, molecular biology, nanotechnology analytical chemistry, biochemistry, medicinal chemistry and drug development, technology services, namely, design and development of computer hardware, scientific research, clinical research, development, advisory and consultancy services in relation to antibody production, research and development services in the field of antibodies, antibody generation services being research and development services, diagnostic and research services and screening in the field of infectious disease, allergies and oncology for medical research purposes, diagnostic testing services in the field of medical apparatus and instruments, medical research services, advisory services relating to diagnostic testing of pharmaceutical drugs for quality control and safety purposes, research and development of pharmaceutical drugs, advisory, consultancy and information services in relation to all of the aforesaid.

Class 44

(3) Medical services in the nature of administering human vaccines and providing medical information regarding human vaccines, healthcare services for providing and administering human vaccines, advisory and consultancy services in relation to clinical medical and veterinary services, medical testing for diagnostic or treatment purposes, advisory, consultancy and information services in relation to all of the aforesaid.

Class 45

(4) Legal services relating to the exploitation and licensing of intellectual property and technology, licensing of medical technology, legal services relating to the licensing of research and development of products, advisory, consultancy and information services in relation to all of the aforesaid.

Goods

Class 01

(1) Industrial chemicals, namely, acetylene for industrial purposes, oxygen for industrial purposes, sulphuric acid, ethylene, sodium hydroxide for industrial purposes, propylene, nitrogen, industrial chemicals for use in the manufacture of polyurethane, industrial chemicals for use in the manufacture of varnish, waste water treatment chemicals for industrial purposes; chemical preparations for facilitating the alloying of metals; chemical preparations for preserving foodstuffs; chemical preparations for preventing scale formation; chemical preparations for the manufacture of paints; chemical preparations for use in the manufacture of corrosion inhibitors; chemical preparations for use in the manufacture of pharmaceuticals; chemical preparations, namely, silica based density centrifugation media, to be used in biochemical and clinical research; ion-exchange resins in the form of chemical preparations; leather processing chemical preparations; chemical preparations for use in photography; chemicals for use in agriculture; chemicals used in horticulture; chemicals used in forestry; chemical preparations and materials for films, photography and printing, namely, chemicals for photographic film processing, chemicals for X-ray film processing, photographic films, sensitized photographic films, chemical additives for printing inks, chemical compositions for developing and printing photographs , detergents for use in the manufacture of printing ink, dispersions of plastics for use in the manufacture of printing inks, gelatin for use in the manufacture of printing paper, molding compound in the nature of a synthetic putty for use in the manufacture of printing inks in the printing industry; detergents for industrial use; detergents for industrial use as part of manufacturing operations; biodegradable detergents for use in manufacturing processes; industrial detergents for use in manufacturing processes; detergent additives for fuels; detergents for use in the manufacture of printing ink; detergents for use in the manufacture of cosmetics; detergents for use in the manufacture of paper; chemicals for use in the automotive industry; chemicals for use in the plastics industry; chemicals for use in the construction industry; chemicals for use in the shipbuilding industry; chemicals for use in the aviation and aerospace industries; fire extinguishing and fire prevention compositions; chemical preparations which penetrate through walls, floors and ceilings used for fire prevention in buildings,

chemical sealants used for buildings which penetrate through walls, floors and ceilings for fire prevention, fire absorbent chemicals for use in the manufacture of fire retardant paints, fire extinguishing preparations, fire retardant preparations, fire retardants, fire extinguishing chemicals, fire extinguishing compositions; chemical compositions and materials for use in science, namely, esters, unprocessed plastics, unprocessed polymer resins, unprocessed synthetic resins, unprocessed artificial resins, acrylic acids, acrylic esters, acrylic monomers, monomers for use as sealants; chemical compositions and materials for use in the manufacture of cosmetics; chemical compounds for use in construction, namely, chemical additives for use with concrete, chemical compounds for curing concrete, adhesives for use in the construction industry, epoxy resins, self-leveling chemical compounds for use in building construction; chemical compounds for water treatment; chemical and organic compounds and substances for treatment of leather and textile; salts for industrial purposes, namely, ammonium salts, halides and halogen acid salts, magnesium salts, nickel salts, sodium chromate, sodium cyanide, sodium gold chloride, salts for colouring metal, salts for galvanic batteries, toning salts for photography, anhydrous sodium hydroxide for industrial purposes; starches for use in manufacturing and industry, namely, potato starch for industrial purposes, sago palm starch for industrial purposes, starch for manufacturing washing preparations, starch for use in the manufacture of paper, starch for use in the manufacture of textiles, starch paste for industrial purposes; molding compound in the nature of a synthetic putty for use in the manufacture of printing inks in the printing industry; glazing putty; putty for use by plumbers for affixing toilets; fillers for automobile body repair; fillers for cardboard; fillers for bleaching earths; fillers for paper; fillers for rubber; paste fillers for automobile body repair; starch paste for industrial purposes; unprocessed artificial resins as raw materials in the form of powders, liquids or pastes; fillers for vehicle body and tyre repair; synthetic resins, unprocessed; unprocessed plastics; unprocessed and synthetic resins; activated aluminium material in particulate form for use as filtering media; carbon for filters; manganese dioxide material in particulate form for use as filtering media; microglass filter media for removing particulates in industrial in-plant equipment, lube systems and return line hydraulic systems; mineral filtering materials for the sewage treatment industry; mixed-media filtering material in particulate form being activated and catalytic carbon; mixed-media filtering material in particulate form being copper and zinc carbonate particles; mixed-media filtering material in particulate form being synthetic resins and catalytic carbon; growing media, fertilizers and chemicals for use in agriculture, horticulture and forestry; tempering and soldering preparations; chemical substances for preserving foodstuffs; chemical and organic compositions for use in the manufacture of food and beverages; tanning substances, namely, leather tanning agents, oils for tanning leather, enzymes for use in the tanning of leather, sumac for use in tanning, substances for tanning animal skins and hides, tanning oils for animal skins; adhesives for use in industry, namely, adhesives for the building industry, adhesives for use in the automobile industry, adhesives for use in the construction industry, adhesives for use in the consumer packaging industry, adhesives for use in the furniture industry, adhesives for use in the textile industry; plastics in liquid form as binders for road markings and as sealants for concrete and screed surfaces; plastics as raw materials, namely esters of acrylic and methacrylic acid lacquer (except solvents and diluents) based on the aforementioned plastics; acrylic resins, unprocessed; artificial and synthetic resins, unprocessed; chemicals used in the manufacture of unprocessed artificial resins; epoxy resins; chemical additives for use in the moulding of metals; unprocessed synthetic resins for use in the manufacture of moulding compounds; unprocessed synthetic resins for use in the manufacture of plastic moulding compounds; mould-release compounds; masking compounds; mold release compounds for use in the plastic industry; chemical additives for lacquers; unprocessed liquid plastic for use as binders for road markings; unprocessed liquid plastic for use as sealants for concrete surfaces; unprocessed liquid plastic for use as sealants for screed surfaces; unprocessed

plastics as raw materials for manufacture; unprocessed acrylic resins for casting; unprocessed liquid plastics for use as binders for mineral fillers; plastics in liquid form as binders for mineral fillers.

Class 02

(2) Acrylic paints; aluminium paints; anti-corrosion paints; automobile paints; ceramic paints; oil paints; watercolour paints; coatings for wood as paints; damp proofing paints; fire retardant paints; exterior paints; interior paints; paints for industrial equipment and machinery; paints for use in the automobile industry; synthetic resin-based paints; Thermoplastic paints for use in marking road surfaces; thermoplastic paints for use in marking walkways; pavement marking paint; paints for use in the manufacture of chemicals for industry; thickeners for paints; thickeners for varnishes; thickeners for inks; thinners for paints; thinners for varnishes; thinners for inks; acrylic varnish for painting; copal varnish; floor protection varnishes; polymer varnish; sumac for varnishes; bronzing lacquers; wood lacquers; lacquers for coating papers; waterproof lacquers; anticorrosion lacquers; acrylic varnishes for coating walkways; acrylic varnishes; non-stick coatings in the nature of paint; anti-friction coatings in the form of paints; automobile finishing coatings; coating compositions in the nature of interior and exterior paints for architectural applications; coatings for wood as paints; corrosion inhibiting paint type coatings; weatherproofing coatings in the form of paints; coatings used for furniture finishing; binding preparations for paints; thickeners for paints; fixatives [varnishes], paints and surface coatings for use in the marking of walkways and roads; dyestuffs; artists' pigments; interior and exterior paint pigments; organic pigments; paint pigment powders; fire retardant pigments; printing inks, coatings, pigments and dispersions for use in the graphic arts industry; colour pigments for use in the manufacture of clothing; binding agents for paints, varnishes and lacquers; binding preparations for acrylic varnishes; binding preparations for bronzing lacquers; binding agents of liquid plastic for pavement marking paint; plastics in liquid form used as binding agents for road marking paints; plastic coatings in the nature of paint for use in the construction industry; primer paint; floor paints; floor protection varnishes; paint sealant for floors; paints for use as waterproofing coatings on the surfaces of structure; anti-friction coatings in the form of paints; coatings used for furniture finishing; weatherproofing coatings in the form of paints; preservatives against rust and against deterioration of wood; cobalt oxide for use as a colorant; indigo for use as a colorant; inks for colouring textiles; soot for use as a colorant; yellowwood for use as a colorant; color masterbatch; masterbatches for colouring of plastic materials; colorants for concrete; colorants for use in the manufacture of paint; colorants for use in the manufacture of plastic molding compounds; colorants for use in the manufacture of printing ink; colorants for use in the manufacture of paper; oil soluble dyes; sulfur dyes; dyes for use on plastics; dyes for wood; mordant dyes; mordants fixatives for water colours, mordants for dyeing natural fibres, mordants for wood and leather, mordants for the textile industry; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; thinners and thickeners for paints, varnishes and inks.

Class 17

(3) Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; extruded plastics for use in manufacturing; extruded plastics in the form of bars for use in manufacture; extruded plastics in the form of blocks for use in manufacture; extruded plastics in the form of pellets for use in manufacture; extruded plastics in the form of rods for use in manufacture; extruded plastics in the form of sheets for use in manufacture; extruded plastics in the form of tubes for use in manufacture; Fiberglass insulation for buildings; fiberglass electrical insulating tape; foam sheeting for use as building insulation; foils of metal for building insulation; glass wool for building insulation; insulating foam for use in buildings; insulating varnish; insulating paints; insulating lacquers; insulating waterproofing membranes; flexible plastic hoses

for use with ventilation systems; hoses for air conditioners; hoses of rubber for air conditioners; hoses for pneumatic tools; fuel oil hoses, not of metal; hoses of plastic for agricultural purposes; hoses of rubber for agricultural purposes; hydraulic hoses of rubber; plastic plumbing hoses; flexible plastic pipes for conveying natural gas; flexible plumbing pipes of plastic; pipe couplings of rubber; artificial resins in the form of tubes for use in manufacture; extruded plastics in the form of tubes for use in manufacture; flexible plastic hoses for use with ventilation systems; hoses for air conditioners; hoses of rubber for air conditioners; hoses for pneumatic tools; fuel oil hoses, not of metal; hoses of plastic for agricultural purposes; hoses of rubber for agricultural purposes; hydraulic hoses of rubber; plastic plumbing hoses; rubber valves; bonded seals; composite seals; dynamic seals; encapsulated seals, not of metal; seals of metal for pipes; adhesive sealants; general purpose sealants; pipe joint sealants; sealants for repairing leaks, other than paste fillers, for automobile body repair; expansion joint fillers; acrylic resins, semi processed; acoustical insulation barrier panels; aluminium foils being insulating materials; bamboo fibres for insulation; bark coverings for sound insulation; electric, thermal and acoustic insulators; glass fiber insulation materials for use in construction; insulating foam for use in building and construction; unprocessed and partially processed materials, namely, spun polyester fiber, other than for textile use, asbestos fabrics, asbestos fibres, graphite sheets for insulation, acrylic glass, semi-processed, acrylic resin sheeting for use in the manufacture of laminated glass, glass fibre filtering materials, elastomers for bonding to articles used for shot-blasting, elastomers for bonding to articles used for shot-peening, thermoplastic elastomer resins in pellet form for use in manufacture, semi-processed acrylic resins, semi-processed natural resins, semi-processed synthetic resins, semi-processed thermoplastic polymer resins, semi-worked polymer resins in the form of fibres, thermoplastic resins reinforced with natural fibers, resins in bars, blocks, pellets, rods, sheets and tubes for general industrial use, plastic in bars, blocks, pellets, rods, sheets, tubes or extruded form for general industrial or manufacturing use, glass wool for insulation, semi-processed cellulose acetate, polypropylene film, other than for wrapping, artificial resins in the form of sheets for use in manufacture, plastic sheet materials for use in manufacture, plastic sheeting for general industrial or manufacturing use, rubber sheets, viscose sheets for packing, cushioning and stuffing purposes, asbestos yarn, rubber thread and covered rubber yarn; semi- worked synthetic resins; semi-worked plastics; shock-absorbing buffers of rubber or plastics; vibration damping materials of rubber; insulating waterproofing membranes; waterproof membranes of EPDM rubber; waterproof membranes of polymers; waterproof membranes of polyurethane; waterproof membranes of PVC; waterproof membranes of rubber; waterproof membranes of vulcanized fibre; filtering materials of semi-processed films of plastic; filtering materials of semi-processed foams of plastic; glass fibre filtering materials; mineral wool for use in the manufacture of filter media; adhesive anti-slip tape for flooring applications; adhesive elastomeric tape for placement onto electronic devices to prevent slipping; adhesive elastomeric tape for placement onto motorcycles, all-terrain vehicles, and bicycles to prevent riders from slipping; insulating bands; insulating tape and band; semi-worked polymer resins in the form of bands; polymer films for use in manufacture; adhesive polymer films for use in commercial or industrial manufacturing; clear sheets of polymeric film to be applied to automotive vehicles to coat and protect the vehicle's finish; laminated plastic films for use on windows; anti-glare films for windows; cellulose acetate film used as packing material; biodegradable plastic film for agricultural use; clutch and brake linings; foam supports for floral arrangements; floor marking tapes; rubber pouches for packaging; protective asbestos screens; rubber bands for commercial and industrial uses; threads of plastic for soldering; statues and works of art, namely decorative articles [badges] made of mica, decorative articles [badges] made of rubber, figurines made of rubber; decorative plastics films being semi-finished products; drywall joint compounds.

Class 19

(4) Building boards of plastic; building cardboard; building construction materials in the nature of aromatic cedar planking; building glass; building stones for building; building timber; cement partitions for buildings; clay for use as building material; glass slabs for use in building; sandstone for building; construction timber; insulating glass for construction purposes; wooden partitions for building; doors, gates, windows and window coverings, not of metal; cement pipes; clay pipes and conduits; concrete pipes; plastic branching pipes; asphalt; pitch; bitumen; unprocessed and semi-processed materials, namely, artificial stone, natural stone, clay slabs, fire clay, pottery clay, non-metallic minerals for building, non-metallic minerals for construction, boards of wood, cask wood, fire resisting wood, laminated wood, moldable wood, semi-worked wood, veneer wood; flagpole structures of concrete; structural monuments of concrete; structural monuments of marble; structural monuments of stone; wooden structural beams; transportable buildings made of plastic; transportable buildings made of wood; transportable greenhouses of plastic for household use; soundproof booths, transportable, not of metal; portable stages, not of metal; portable traffic barriers, not of metal; acid and alkali-resistant, jointless wall and floor coverings, namely, rubber flooring, floor and wall-forming semiprocessed acrylic resins, floor and wall-forming semi-processed natural resins, floor and wall-forming semiprocessed synthetic resins, floor and wall-forming semi-processed thermoplastic polymer resins, floor and wall-forming semi-worked polymer resins, floor and wall-forming epoxy resins, floor and asl-forming selfleveling chemical compounds, floor and wall forming raw materials, namely methacrylates, all in liquid form for the construction of industrial and commercial flooring and walls; road surfacing materials, namely, methacrylate based cold plastic road marking liquid, foils and slabs; statues in stone, concrete and marble.

Barij Essence Pharmaceutical Co.
P.O.Box 1178,
44 KM of Kashan-Delijan Road,
Mashhad Ardehal
Kashan
IRAN (ISLAMIC REPUBLIC OF)

TRADEMARK DETAILS

Trademark Type

Design

Visual Representation

Trademark Description

Words "Barij Essence Pharmaceutical Co" in Latin characters and a fantasy image of a four-cornered flower, in green, black and purple colors.

Colour Claim

Colour is claimed as a feature of the trademark. The colors, green, blue, and black are claimed as a feature of the mark. The design element of a four-cornered flour is green, the word "Barji" below the design element is blue with a heart shape above the "I and J" in green. The curved line and the words "Barij Essence Pharmaceutical Co" are black

Disclaimer

The right to the exclusive use of the words "Essence, Pharmaceutical, Co" is disclaimed apart from the trademark.

Goods

Class 03

(1) Lotions for cosmetic purposes; cosmetic creams; dentifrice; herbal extracts for cosmetic purposes; cosmetics; distilled oils for beauty care; essential oils for cosmetic purposes

Class 05

(2) Dietary food supplements in the nature of mixed herbal infusions for maintaining normal blood pressure and heart function; dietary food supplements in the nature of mixed herbal infusions for reducing cholesterol; dietary, nutritional and herbal supplements for general health and well-being; herbal and dietary supplements for promoting faster muscle recovery after exercise; herbal nutritional supplements in the form of powders for general health and well-being; herbal pills for the treatment of diabetes; herbal supplements for general health and well-being; herbal supplements for the treatment of the respiratory system; herbal supplements for use in dermatology, namely, dermatitis, eczema, psoriasis; herbal topical creams, gels, sprays, balms, liniment and ointments for the relief of pain; oral nutritional supplements containing herbal extracts for general health and well-being

Class 30

(3) Herbal teas, other than for medicinal use.

Class 32

(4) Plant-based beverages.

Goods

Class 05

(1) Cannabis for medical purposes; tobacco-free combustible and non-combustible smoking articles, namely, tobacco-free cigarettes, for smoking cessation purposes; tobacco substitutes for medical purposes, namely, herbs for use as tobacco substitutes in liquid, gel and wax form for smoking cessation purposes.

Class 07

(2) Machines for producing and filling alternative combustible and non-combustible smoking articles, particularly alternative cigarette products or components thereof, and structural and replacement parts and components of the aforementioned machines and plants; machines for producing and filling electronic cigarettes for vaporising nicotine based liquid solution and electronic cigarette cartridges for heating nicotine based solids and liquid solutions and components thereof, and structural and replacement parts and components of the aforementioned machines and plants; machines for producing and filling nicotine inhalers and components thereof, and structural and replacement parts and components of the aforementioned machines and plants;

machines for producing drinking straws; filling machines for filling cartridges for electronic smoking articles, particularly e-cigarettes, and structural and replacement parts and components of the aforementioned machines and plants; machines for filling cartridges for electronic smoking articles, particularly e-cigarettes, and structural and replacement parts and components of the aforementioned machines and plants; machines and machine parts for the tobacco, cigarettes, cigars, foodstuffs, paper, cardboard and sanitary products processing industry, namely, tobacco processing machines, cigarette machines for industrial purposes, bottle capping machines for food and beverages, packaging machines for food, paper making machines, machines for making cardboard boxes, and structural and replacement parts and components of the aforementioned machines and plants; machines and plants for handling and processing of tobacco, and structural and replacement parts and components of the aforementioned machines and plants; cigarette, cigar and cigarillo making machines, and structural and replacement parts and components of the aforementioned machines and plants; filter-making machines for tobacco products, and structural and replacement parts and components of the aforementioned machines and plants; machines for conditioning of filter material for tobacco products, in particular of filter tow and filter fibres, and structural and replacement parts and components of the aforementioned machines and plants; filter assembling machines, namely, filter rod making machines, machines for making cigarette filter rods, and structural and replacement parts and components of the aforementioned machines and plants; bobbin splicing and changeover machines for the making of tobacco rods, tobacco filters and cigarette rods cigarette filters, and structural and replacement parts and components of the aforementioned machines and plants; tobacco cutters, and structural and replacement parts and components of the aforementioned machines and plants; membrane filters for use as parts of machines or and motors, air filters for use as parts of machines and motors, and structural and replacement parts and components of the aforementioned machines and plants; mechanical tray fillers and dischargers for machines used in the tobacco processing industry, and structural and replacement parts and components of the aforementioned machines and plants; belt conveyors, and structural and replacement parts and components of the aforementioned machines and plants; compressed air conveyors, and structural and replacement parts and components of the aforementioned machines and plants; conveyor belts, and structural and replacement parts and components of the aforementioned machines and plants; conveyor chains, and structural and replacement parts and components of the aforementioned machines and plants; conveying machines, and structural and replacement parts and components of the aforementioned machines and plants; conveying plants namely, pneumatic conveyors and mechanical conveyors, and structural and replacement parts and components of the aforementioned machines and plants; packaging machines, and structural and replacement parts and components of the aforementioned machines and plants; banderoling machines, and structural and replacement parts and components of the aforementioned machines and plants; separators, namely, centrifugal separators, condensate separators, grain separators, oil separators, water separators, and structural and replacement parts and components of the aforementioned machines and plants; sifting machines, namely, tobacco leaf sifting machines, tobacco fibers sifting machines, and structural and replacement parts and components of the aforementioned machines and plants; mixing machines, namely, feed mixing machines, industrial mixer for mixing liquids in the pharmaceutical and chemical industries, tobacco leaf mixing machines, and structural and replacement parts and components of the aforementioned machines and plants; cigarette reservoirs as part of machines for making cigarettes, and structural and replacement parts and components of the aforementioned machines and plants; filter reservoirs as parts of machines for making cigarettes, and structural and replacement parts and components of the aforementioned machines and plants; mechanical dust extractors for removing dust particles and impurities from tobacco, and structural and replacement parts and components of the aforementioned machines

and plants; cutting machines, namely, fabric cutting machines, metal cutting machines, tobacco cutting machines, and structural and replacement parts and components of the aforementioned machines and plants; cigarette recovery machines, namely, machines for reclaiming tobacco, paper and filters from cigarettes, and structural and replacement parts and components of the aforementioned machines and plants; moistening machines for tobacco and tobacco products, and structural and replacement parts and components of the aforementioned machines and plants.

Class 09

(3) Chargers and battery chargers for electronic smoking articles, particularly electronic cigarettes; batteries for electronic smoking articles, particularly electronic cigarettes; USB chargers for electronic smoking articles, particularly electronic cigarettes; firmware and software for operating electronic smoking articles, namely, electronic cigarettes; portable charging holders for electronic smoking articles, particularly electronic cigarettes and vaporizers; power adapters for use in cigarette lighters of vehicles; material testing and measuring instruments and machines, namely, meters for testing humidity, temperature gauges, temperature meters for scientific use, moisture meters; sensors, namely, infrared sensors, optical sensors, pollutant sensors, pressure sensors, temperature sensors, humidity sensors, microwave sensors for measuring the weight, density and moisture content of tobacco; optical inspection apparatus, namely, optical sensors, optical detectors; optical inspection apparatus for inspection of tobacco; metal detectors; lasers, not for medical purposes, namely, lasers for additive manufacturing, lasers for bar code readers, lasers for surveying, lasers for use in industrial cutting applications; weighing apparatus and instruments, namely, weighing scales for cargo handling purposes, weighing scales for medical use, laboratory scales and balances; electric apparatus for commutation, namely, electrical commutator switches, electricity distribution consoles and electric control panels.

Class 10

(4) Inhalers for medical purposes sold empty and parts thereof; inhalers for medical purposes, namely, inhalers for administering aerosol medications to a patient's respiratory system.

Class 21

(5) Drinking straws.

Class 34

(6) Combustible and non-combustible smoking articles, namely, electronic cigarettes for vaporising nicotine based liquid solutions and electronic cigarette cartridges for heating nicotine based solids and liquid solutions and components thereof; evaporators, namely, oral vaporizers for inhaling for smokers; inhalers for us as alternative to tobacco cigarettes; atomizers for electronic smoking articles, particularly electronic cigarettes; cartomizers (aroma vaporisers) for electronic smoking articles, particularly electronic cigarettes; electronic devices for inhaling nicotine-containing aerosol; liquids for electronic smoking articles, particularly electronic cigarettes; gels and waxes as flavourings and tobacco substitutes for electronic smoking articles, particularly electronic cigarettes; cartridges filled with liquid, gel-type, waxen or solid chemical flavouring for electronic smoking articles, particularly electronic cigarettes; refill cartridges for electronic smoking articles, particularly electronic cigarettes; cartridges for electronic smoking articles, particularly electronic cigarettes; flavours for electronic smoking articles, particularly electronic cigarettes, except essential oils; heaters for tobacco substitutes for inhaling purposes; vaporisers for personal use and electronic smoking articles, particularly electronic cigarettes, as well as flavourings and solutions therefor; holding devices for electronic smoking articles, particularly electronic cigarettes; cleaning devices for electronic smoking articles, particularly electronic cigarettes; vaporising tubes for electronic smoking articles, particularly electronic cigarettes; cases and boxes for electronic smoking articles, particularly electronic cigarettes; depots for electronic smoking articles,

particularly electronic cigarettes; combustible and non-combustible smoking articles containing cannabis, particularly cigarettes; tobacco; tobacco products; tobacco substitutes, namely, chemical flavorings in liquid form used to refill electronic cigarette cartridges, electronic cigarette liquid comprised of flavorings in liquid form, other than essential oils, herbal molasses as a tobacco substitute, herbs for use as tobacco substitutes, mentholated tobacco substitutes in the form of chemical flavorings in liquid form for electronic cigarettes, liquid solutions for electronic cigarettes; tobacco filters; humidifiers for tobacco; cigarettes, cigars, cigarillos and other ready-to use smoking articles, namely, electronic cigarettes.

Services

Class 39

(1) Filling of cartridges for combustible and non-combustible smoking articles, particularly electronic cigarettes.

Class 42

(2) Scientific and technological research and design in the field of, mechanical engineering, relating to alternative combustible and non-combustible smoking articles, namely, cigarette products and components thereof, namely, electronic cigarettes for evaporating liquid, gel and waxen chemical flavouring and electronic cigarette cartridges for heating solid, liquid, gel-type and waxen chemical flavouring and components thereof and inhalers for medical purposes sold empty and components therefor; services of an engineer, namely, agricultural engineering, chemical engineering, civil engineering, computer hardware engineering, construction project engineering, mechanical engineering, software design engineering; services of a computer scientist, namely, computer diagnostic services, computer programming and software design, computer software engineering; services of an engineer and services of a computer scientist in process matters, namely, mechanical engineering services and computer hardware engineering services for industrial process optimisation and automatisation of tobacco manufacturing processing, cigarette filter tow conditioning, cigarette filter fibre conditioning, cigarette production and cigarette filter production processes; technical consultancy in the development of building facility management; design, development and maintenance of computer software; computer software consultancy, computer programming; surveying, namely, architecture surveying, engineering surveying services, farm surveying, geological surveying, land surveying, technical surveying; research in the field of mechanical engineering; technical consultancy services in the field of design and development of tobacco processing machines and machines for making cigarettes and cigarette filter rods; technical project planning in the design and development of tobacco processing machines and machines for making cigarettes and cigarette filter rods; technical production planning in the design and development of tobacco processing machines and machines for making cigarettes and cigarette filter rods; transfer of technical know-how through technical consultancy in the design and development of tobacco processing machines and machines for making cigarettes and cigarette filter rods; design, development and maintenance of computer software for apparatus and plants for treating and processing tobacco and filter material as well as for the production of cigarettes, cigarillos, cigars and cigarette filters.

computer game software for playing online gambling games; computer game software for playing online games of skill; computer game software for playing online prize games; computer game software for use on cellular phones; computer game software for use on mobile phones; computer game tapes; computer games; computer games downloadable from a global computer network; computer games for use on gaming machines; computer games for use on mobile and cellular phones; computer games for use on notebook computers; computer games for use on personal computers; computer games for use on slot machines; computer games for use on tablet computers; computer games for use on video lottery terminals; computer games in the field of basketball; computer graphics boards; computer graphics cards; computer hardware; computer hardware and computer network servers for conducting financial transaction; computer hardware and computer software for database management; computer hardware and software for database management; computer hardware and software for setting up and configuring local area networks; computer hardware for data processing; computer hardware for network access servers; computer hardware for telecommunications; computer heat sinks; computer housings; computer interface boards; computer interface cards; computer joysticks; computer keyboards; computer keypads; computer memory boards; computer memory expansion modules; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer mouse; computer mouse mats; computer mouse pads; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network server; computer network switches; computer network-attached storage [NAS] hardware; computer networking hardware; computer operating programmes; computer operating programs; computer operating recorded programs; computer operating system software; computer operating systems; computer parallel ports; computer power supplies; computer printers; computer programmes for document management; computer programmes for printing purposes; computer programs (cad/cam)recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs featuring badges for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs for connecting to remote computers and computer networks; computer programs for editing images, sound and video; computer programs for language translations and training; computer programs for network management; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for using the Internet and the World Wide Web; computer programs used for electronic cash register systems; computer scanners; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video lottery terminals; computer software featuring mathematical algorithms and indices for use in

analyzing and evaluating dairy cow health and productivity; computer software for accessing, browsing and searching online databases; computer software for accessing, querying and analyzing information stored in databases and data warehouses; computer software for administering employee payroll; computer software for administration of computer local area networks; computer software for application and database integration; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in multiple application programs; computer software for authorising access to databases; computer software for bitcoin data mining; computer software for blockchain data mining; computer software for calculation of operational and status data collected from metalworking machines and metalworking tools for use in determining the status of such machines and tools and for optimizing the use and efficiency of such machines and tools; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for connecting computers and for enabling cloud computing; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for controlling and managing access server applications; computer software for controlling and managing patient medical information; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer software for creating computer games; computer software for creating digitized patterns; computer software for creating maps; computer software for creating music; computer software for creating searchable databases; computer software for creating searchable databases of information and data; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for cross blockchain transfers; computer software for cryptocurrency asset management; computer software for data deduplication; computer software for data security; computer software for database management; computer software for developing, building, and operating consumer blockchain applications; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for document management; computer software for editing images, sound, and video; computer software for editing music and for editing digital audio recordings; computer software for electronic trading of currency; computer software for electronic trading of virtual currency; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for global positioning systems; computer software for graphic designing and editing; computer software for image processing; computer software for interacting with blockchain platforms; computer software for inventory management; computer software for language training; computer software for language translations; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for managing transactional data, providing statistical analysis, and producing notifications and reports in the field of warehousing and distribution; computer software for mathematical calculation; computer software for medical imaging; computer software for monitoring computer network access and activity; computer software for oil and gas reservoir analysis; computer software for operating an electronic coffee maker; computer software for operating computer games on the internet; computer software for operating system programs; computer software for optical character recognition; computer software for ordering, tracking, and reviewing whole bean and ground coffees; computer software for organising food recipes, monitoring calorie intake, and weigh control; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images;

computer software for processing digital music files; computer software for producing financial models; computer software for project management; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for recording and displaying motor racing information; computer software for running computer games on the internet; computer software for running development programs and application programs in a common development environment; computer software for scanning, digitizing, altering and retouching of photographs; computer software for synchronizing data between hand-held or portable computers and host computers; computer software for text editing; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for the management of sales; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in creating and designing websites; computer software for use in database management; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in integrated circuit design; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in map making; computer software for use in migrating between different computer network operating systems; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the encryption and decryption of digital files; computer software for use in the management of payroll; computer software for validating address and zone information; computer software for video editing; computer software for virtual telephone cards; computer software for visual art designing and editing; computer software for word processing; computer software namely non-fungible tokens for facilitating commercial transactions; computer software platforms for social networking; computer software that allows transmission of graphics to mobile telephones; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software to allow users to perform electronic payment transactions; computer software to automate data warehousing; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to create and manage budgets; computer software to create price quote estimates and transfer price quote estimates to invoices; computer software to create, customize, print, export, and e-mail financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, and taxable sales reports; computer software to create, customize, print, export, and e-mail purchase orders; computer software to create, print, and track checks and purchase orders; computer software to design and monitor pharmaceutical treatment plans, track patient compliance and verify treatment outcomes of prescription medication; computer software to enable accessing information in electronic form via computer and communication networks in the field of news; computer software to enable downloading information in electronic form via computer and communication networks in the field of news; computer software to enable providing information in electronic form via computer and communication networks in the field of news; computer software to enable sharing information in electronic form via computer and communication networks in the field of news; computer software to enable teleconferencing services; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to cellular telephones; computer

software to enable the transmission of photographs to mobile phones; computer software to enable the transmission of photographs to mobile telephones; computer software to enable uploading information in electronic form via computer and communication networks in the field of news; computer software to enable videoconferencing services; computer software to manage customer lists, e-mail and print sales forms, and track running balances; computer software to track sales, expenses, and payments; computer software used for running cloud computing based applications; computer software, namely cryptocurrency blockchain for peer-to-peer sharing of financial data; computer software, namely cryptocurrency tokens for facilitating commercial transactions; computer speakers; computer stands; computer stands specially designed for holding a computer, printer and accessories; computer storage area network (SAN) servers; computer stylus; computer styluses; computer terminals; computer touch screens; computer touchscreens; computer user manuals in electronic format; computer user manuals in the form of downloadable electronic publications; computer utility file compression programs; computer utility file storage programs; computer utility programs for adding or repartitioning a hard disk drive; computer utility programs for data compression; computer utility programs for file management; computer utility programs for managing, scheduling, queuing and execution of batch jobs; computer utility programs for providing diagnostic details on devices installed in a computer system; computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality; computer utility virus protection programs; computer video games; computer video games downloaded via the internet; computer whiteboards; computer workstations comprising computer, monitor, and printer; computer-generated holograms; computers; computers and computer hardware; computers and instructional manuals in electronic format sold as a unit; computers for managing control devices for aircraft; computers for use in data management; connecting electrical cables; control panels for security alarms; convex security mirrors; coolant-temperature sensors; covers for cameras; covers for laptop computers; covers for smartphones; covers for tablet computers; covers for video cameras; credit card-style USB flash drives; credit screening software; cryptocurrency hardware wallets; cycle computers; cycling computers; dashboard cameras; data cables; data compression software; data gloves for wireless interaction with a computer or remote device; data gloves incorporating haptic sensors; data gloves incorporating motion sensors; data gloves incorporating position sensors; data synchronization cables; data transmission cables; database management software; desktop computers; desktop publishing software; digital books downloadable from the Internet; digital camcorders; digital camera lights; digital camera memory cards; digital cameras; digital cameras for industrial use; digital music downloadable from internet; digital music downloadable from the Internet; digital photo cameras; digital single lens reflex cameras; digital single-lens reflex (dslr) cameras; digital still cameras; digital video cameras; discs bearing computer game software; disk drives for computers; display screen filters adapted for use with computer monitors; display screen filters adapted for use with tablet computers; displays for smartphones; disposable cameras; disposable computer keyboard covers; distance sensors; dive computers; docking stations for smartphones; downloadable application for mobile phones to download video games via the internet; downloadable applications for handheld computers to download music, movie and television graphics; downloadable applications for handheld computers to download video games; downloadable applications for handheld computers to enable the streaming of movies and television shows; downloadable applications for handheld computers to enable the streaming of music; downloadable applications for handheld computers to read periodicals; downloadable applications for handheld computers to take and edit photographs; downloadable applications for tablet computers to download music, movie and television graphics; downloadable applications for tablet computers to download video games; downloadable applications for tablet computers to enable the streaming of movies and television shows; downloadable applications for tablet

computers to enable the streaming of movies and television shows;; downloadable applications for tablet computers to enable the streaming of music; downloadable applications for tablet computers to read periodicals; downloadable applications for tablet computers to take and edit photographs; downloadable computer anti-virus software; downloadable computer application software for computer game; downloadable computer application software for playing video games; downloadable computer chatbot software for providing business management information; downloadable computer chatbot software for simulating conversations; downloadable computer desktop wallpaper; downloadable computer game programs; downloadable computer game software; downloadable computer game software for gambling machines; downloadable computer games; downloadable computer games via a global computer network; downloadable computer graphics; downloadable computer programs for accounting; downloadable computer programs for video and computer games; downloadable computer security software; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable computer software for broadcasting and streaming of digital media content sessions; downloadable computer software for hosting web-based meetings and classes; downloadable computer software for managing subscription services for pet products; downloadable computer software for matching computer game spectators with live digital media content sessions; downloadable computer software for mobile phones for providing classified advertising space accessible via a global computer network; downloadable computer software for online appointment scheduling; downloadable computer software for producing cryptocurrency wallets built on the blockchain to allow consumers to earn, use and trade non-fungible tokens for facilitating commercial transactions; downloadable computer software for reviewing and purchasing pet products; downloadable computer software for streaming videos from digital media content sessions; downloadable computer software for use as a digital wallet; downloadable computer software for use as an e-wallet; downloadable computer software for use as screensavers and wallpaper; downloadable computer software for use in creating avatars for playing games over the internet; downloadable computer software for use in viewing data on the internet; downloadable computer software of photo slideshow; downloadable computer software to access and display computer browsers; downloadable computer software to access and view computer wallpaper; downloadable cryptographic keys for receiving and spending crypto assets; downloadable cryptographic keys for receiving and spending cryptocurrency; downloadable digital music provided from a computer database; downloadable digital music provided from MP3 Internet web sites; downloadable digital music provided from the Internet; downloadable educational software containing topics of instruction in meditation; downloadable educational software containing topics of instruction in mental health and wellness; downloadable educational software containing topics of instruction in personal growth in the field of self-awareness; downloadable educational software containing topics of instruction in the field of spiritual growth; downloadable electronic games for use with mobile telephones, handheld computers and tablet computers; downloadable electronic mail software; downloadable electronic publications namely journals in the field of computer games and video games; downloadable electronic publications namely magazines in the field of computer games and video games; downloadable electronic publications namely newsletters in the field of computer games and video games; downloadable expense management computer programs; downloadable expense management software; downloadable instant messaging software; downloadable instant messaging software for electronically exchanging text messages, photographs, graphics, music, audio books, podcasts, and voice messages; downloadable interactive entertainment software for playing computer games; downloadable interactive entertainment software for playing video games; downloadable interactive multimedia computer game programs for playing video and computer games; downloadable inventory management computer programs; downloadable inventory management

software; downloadable invoicing computer programs; downloadable invoicing software; downloadable metronome software applications; downloadable mobile application software for ordering, tracking, and posting reviews whole bean and ground coffees; downloadable mobile application software for the remote operation of an electronic coffee maker; downloadable mobile application software to create, print, e-mail and save purchase orders and for tracking the delivery of purchase orders; downloadable music for mobile telephones, handheld computers and tablet computers; downloadable ring tones and graphics for hand-held computers; downloadable ring tones and graphics for tablet computers; downloadable software and mobile applications for requesting insurance quotes, managing insurance policies, and for the submission of insurance claims for administrative processing; downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; downloadable software for instant messaging and electronic mail services; downloadable software for playing computer games via web browser, gaming console, and cellular phone for playing video games; downloadable software for the home automation of electric control systems for electrical power switches; downloadable software for the home automation of electric control systems for home security systems; downloadable software for the home automation of electric control systems for HVAC; downloadable software for the home automation of electric control systems for kitchen appliances; downloadable software for the home automation of electric control systems for lighting; downloadable software for the operation of a mobile application for grocery delivery and ordering; downloadable software in the nature of a mobile application for food delivery and ordering; downloadable software in the nature of a mobile application for providing beauty related articles covering the lastest styles and trends in the field of cosmetics and make-up; downloadable software in the nature of a mobile application for providing beauty related articles covering the lastest styles and trends in the field of hair care, skincare, and nail care; downloadable software in the nature of a mobile application for virtual kitchen delivery and ordering; downloadable speech recognition software; downloadable text files in the field of video and computer games; downloadable trivia game software; downloadable virtual assistant software; downloadable wallpaper for handheld computers; downloadable wallpaper for tablet computers; ducting for electric cables; ducts for electric cables; dust covers for computers; e-commerce software to allow users to perform electronic business transactions via a global computer network; e-mail security software; earphones for smartphones; earth cables; earth satellites for use in the security surveillance of national spacecraft; educational software containing topics of instruction in astronomy; educational software containing topics of instruction in math; educational software containing topics of instruction in nutrition; educational software for children; electric adapter cables; electric adapter cables for headsets; electric batteries for cameras; electric batteries for portable computers; electric batteries for smartphones; electric batteries for tablet computers; electric cable connectors; electric cables; electric cables and wires; electric cables for the transmission of sounds and images; electric sirens for the mining industry; electric whistles for the mining industry; electric wire harnesses for automobiles; electric wires and cables; electrical and optical cables; electrical cables; electrical cables for projectors; electrical cabling; electrical industrial controls for conveyor systems in underground mines; electrical leak detection hardware with embedded operating system software; electrical network analyzers; electrical raceways; electronic cables; electronic computers; electronic computers for use in motor vehicles; electronic databases containing information in the field of allergies recorded on computer media; electronic databases containing topics related to financial planning recorded on computer media; electronic databases in the field of dentistry recorded on computer media; electronic databases in the field of financial planning recorded on computer media; electronic databases in the field of language training recorded on computer media; electronic equipment for detecting mines; electronic equipment for mine detection; electronic game software; electronic game software for cellular phones; electronic mail software; electronic sensors for measuring solar radiation; embedded

operating software; encoded electronic chip cards for identifying particular users of computers and cell phones; encoded electronic chip cards for identifying particular users of computers and cellular telephones; encoded electronic chip cards for identifying particular users of computers and mobile phones; endoscopy cameras for industrial purposes; ethernet cables; event recorders for security purposes; expansion boards for computers; exposed camera film; exposed camera films; extension cables; external computer hard drives; facial analysis software; facial recognition software; facilities management software to control building environmental access and security systems; fax modem cards for computers; feeder cables; fever detection cameras; fiber interconnection cable; fiber optic cables; fibre optic cables; fibre-optic cables; film cameras; film magazines for cameras; filters for computer screens; fisheye lenses for cameras; flash guns for cameras; flash lamps for cameras; flash lamps for smartphones; flashlamps for cameras; flexible flat panel displays for computers; flip covers for smartphones; floppy discs drives for computers; foldable smartphones; games software for playing games on amusement arcade games; games software for playing games on casino games; games software for playing games on gaming machines; games software for playing games on slot machines; games software for playing games on video lottery gaming machines; gaming software that generates and displays wager outcomes of gaming machines; gamma cameras, not for medical purposes; gas sensors; gender changers for coaxial cables; gesture recognition software; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; guitar cables; hand straps for smartphones; hand-held computers; hand-held personal computers; hand-held security wands; handheld computers; hard drives for computers; head mounted audio-visual display units containing integrated cameras and sensors; headphones for smartphones; headsets for smartphones; headsets for use with computers; headsets with microphone for smartphones; heat sinks for use in computers; helmet camera mounts; helmet cameras; high definition multimedia interface cables; high-definition multimedia interface cables; housings specifically adapted for computers; humidity sensors; hygrometer sensors; image recognition software; industrial automation software for thermoformers; infrared cameras; infrared sensors; ink cartridges, unfilled, for computer printers; instant messaging software; instructional software for language training; intelligent virtual assistant [IVA] software; interactive computer application software for use in cell phones that enables users to connect remotely with their vehicles to access vehicle information and control functions; interactive computer game programs; interactive entertainment computer software for video games; interactive multimedia computer game programs; interactive multimedia computer games; interface boards for computers; interface cards for computers; interface circuits for video cameras; internal cooling fans for computers; Internet access software; Internet messaging software; internet phones; internet servers; internet telephones; jack cables; joysticks for use with computers, other than for video games; juke boxes for computers; jump cables; jump leads; jump start cables; jumper cables; junction boxes for housing cable joints; junction sleeves for electric cables; keyboards for computers; keyboards for smartphones; keypads for security alarms; LAN (local area network) operating software; lan [local area network] computer cards for connecting portable computer devices to computer networks; LAN [local area network] operating software; lanyards for cameras; laptop computers; laser distance sensors; leather cases for portable computers; leather cases for computers; LED position sensors; lens filters for cameras; lens hoods for cameras; lens shutters for cameras; lenses for cameras; lenses for use with still cameras; lenses for video cameras; library management software; liquid crystal displays for computer monitors; liquid crystal displays for digital cameras; liquid crystal displays for laptop computers; liquid crystal displays for tablet computers; liquid level sensors; local area network [LAN] access points; local area network [LAN] access points for connecting network computer users; local area network [LAN] computer cards; local area network [LAN] operating software; local area network operating software; machine learning software used

in computer e-mail filtering programs; machine learning software used in computer genetic algorithms programs; machine learning software used in computer intrusion networks detection programs; machine learning software used in computer speech analysis programs; macro lenses for cameras; magazines downloaded in electronic form from the internet; magnetic resonance quantum analyzers; magnetic tape units for computers; memory cards for cameras; micro-computers; microchips for computer hardware; microphone cables; middleware to filter noisy and redundant raw data for radio-frequency identification (RFID) software; mine detecting apparatus; mineral insulated electric cables; mirrorless cameras; mobile application software for booking taxis; mobile application software for the delivery and ordering of groceries; mobile computers; modem cables; modular smartphones; monopods for cameras; motion picture cameras; motion sensors; motion sensors for computer and video games; motion sensors for security lights; motion-activated cameras; motion-picture cameras for self-developing film; mounting brackets adapted for computer monitors; mounting racks adapted for computer hardware; mounting racks for computer hardware; mounts for helmet cameras; mounts for smartphones; multiframe view cameras; multifunction computer keyboards; multimedia software for teaching language training; multimedia software for teaching piano; multiple purpose cameras; multipurpose cameras; music composition software; music-composition software; navigation apparatus for vehicles in the form of on-board computers; navigation computers for cars; netbook computers; network access server hardware; network access server operating software; network facsimile servers; network interface cards; network management computer software; network operating system programs; network operating system programs for mobile phones; network printers; network routers; network servers; notebook and laptop computers; notebook computer carrying cases; notebook computer cooling pads; notebook computers; oil level sensors; omnidirectional cameras; onboard computers; operating and user instructions for computers stored in digital form; operating and user instructions for computers stored in digital form on CD-ROM; operating and user instructions stored in digital form for computers and computer software; operating and user instructions stored in digital form for computers and computer software, in particular on floppy disks or CD-ROMs; operating software for network access servers; operating system software; optical cables; optical fiber cables; optical position sensors; optical sensors; over the top (OTT) computer and television terminals; oxygen sensors, not for medical use; palmtop computers; parking sensors for vehicles; pattern recognition systems composed of computer chips, computer hardware and software; PDF creation and conversion software; personal accounting software; personal computers; personal security alarms; photographic cameras; photographic cameras for the instant production of pictures; photographic digital cameras; photographic flash units for cameras; plastic housings specially adapted for mini cameras; plate cameras; pocket computers for note-taking; polarizing filters for digital cameras; pollutant sensors; portable computer hardware; portable computers; portable video cameras with built-in videocassette recorders; position sensors; position sensors for the tracking and visualization of performance of baseball swing; position sensors for the tracking and visualization of performance of golf swing; position sensors for the tracking and visualization of performance of softball swing; position sensors specially designed to be attached to baseball bats; position sensors specially designed to be attached to golf clubs; position sensors specially designed to be attached to softball bats; power adapters for computers; power cable sheathes; power cables; power cables for projectors; power supplies for smartphones; pre-recorded compact discs containing computer games; pre-recorded floppy discs containing spreadsheet software; pre-recorded floppy discs containing word processing software; pressure sensors; print heads for computer printers; printer cables; printers for computers; printers for use with computers; privacy protection software; privacy screen protectors adapted for smartphones; projected capacitive touch sensors; protective cases for smartphones; protective cases for tablet computers; protective covers and cases for tablet computers; protective covers for smartphones; protective covers for

tablet computers; protective films adapted for computer screens; protective films adapted for screens for tablet computers; protective films adapted for smartphone screens; protective films adapted for smartphones; protective films adapted for tablet computer screens; protective sheaths for fiber optical cables; protective sheaths for fibre optical cables; protective skins for tablet and laptop computers; proximity sensors; quantum computers; quantum computing hardware; quantum dot light-emitting diode display panels; quantum dot light-emitting diode displays; quantum dot light-emitting diode screens; quantum dot light-emitting diode televisions; quantum dot light-emitting diodes [QLED]; quantum software development kits; radio relay cables; range finders for cameras; rearview cameras for vehicles; receivers for receiving cable television; rechargeable batteries for portable computers; rechargeable batteries for tablet computers; recorded and downloadable computer software for monitoring and managing patient medical records; recorded computer anti-virus software; recorded computer game programs; recorded computer gaming software for gambling; recorded computer operating programs; recorded software for the redirection of electronic messages to alternate addresses; remote temperature sensors; resistance wires; retinal cameras, other than for medical use; routers with embedded network configuration software; rubber covered electrical wires; rugged computers; screen filters for computers and televisions; screen protectors made of polyethylene terephthalate [PET] specially adapted for cameras; screen protectors made of polyethylene terephthalate [PET] specially adapted for computer screens; screen protectors made of polyethylene terephthalate [PET] specially adapted for smartphones; screen protectors made of tempered glass specially adapted for cameras; screen protectors made of tempered glass specially adapted for computer screens; screen protectors made of tempered glass specially adapted for smartphones; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for cameras; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for computer screens; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for smartphones; secure digital (SD) memory cards; secure digital [SD] card readers; secure microprocessors; secure terminals for electronic transactions; security cameras; security software; security surveillance robots; security systems for elevators; security tokens; self-timers for cameras; selfie ring lights for smartphones; selfie sticks for use with digital cameras; selfie sticks for use with smartphones; selfie sticks used as smartphone accessories; semiconductor memory devices being computer memories; sensors for determining acceleration; sensors for determining position; sensors for determining temperature; sensors for determining velocity; sensors for tracking projectiles in flight; sheaths for electric cables; shutter releases for cameras; shutters for cameras; single-board computers; single-use cameras; small business accounting software; smart wristbands that communicate data to smartphones; smartglasses; smartphone mounts; smartphone screen magnifiers; smartphone straps; smartphones; smartphones in the shape of a watch; software applications for mobile devices for monitoring and managing patient medical information; software for accessing and searching online databases and websites; software for administrative processing of storage, packaging, delivery and transportation of goods; software for authenticating the identity of a payer; software for cloud infrastructure management and automation; software for computer aided design CAD; software for computer aided mechanical design; software for creating photo slide shows; software for creating virtual picture frames; software for creating virtual reality games; software for cryptocurrency exchange; software for dosimetry purposes in the field of radiotherapy; software for ensuring the security of electronic mail; software for facilitating secure credit card transactions; software for GPS navigation systems; software for operating computer games; software for operating laser altimeters; software for optical character recognition; software for playing video games; software for processing credit and debit card payments; software for processing electronic bill payments; software for processing images, graphics and text; software for providing online trading platform for digital assets; software for satellite navigation systems; software for the integration of artificial

intelligence and machine learning in the field of Big Data; software for the management of a data center network; software for the operation of a data center network; software for the remote control, monitoring and command of home appliances; software for use in the evaluation and analysis of data utilizing computational linguistics; software for use in the evaluation and analysis of data utilizing machine learning; software to control and improve audio equipment sound quality; speakers for computers; speech analytics software; speech recognition software; speech-to-text conversion software; spools for cameras; stands adapted for tablet computers; stands for computer equipment; starter cables for motors; still cameras; stills cameras; straps for cameras; tablet computer; tablet computers; tax preparation software; telecameras; telephone cables; telephoto lenses for cameras; television cameras; temperature sensors; thermal cameras; thermal imaging cameras; thermal sensors; thermopile infrared digital sensors; thermopile infrared sensors; thermopile infrared temperature sensors; thin client computers; threaded cable connectors of metal; threaded electrical cable connectors; tilting heads for cameras; timing sensors; touch pads for computers; touchpads for computers; touchscreen sensors; touchscreens for smartphones; toy cameras capable of taking a photograph; trail cameras; tripods for cameras; TV cameras; ultrasonic sensors; underwater cameras; underwater power cables; universal serial bus [USB] cables; universal serial bus [USB] hardware; universal serial bus [USB] modems; universal serial bus [USB] operating software; USB (universal serial bus) operating software; USB adapters; USB cables; USB cables for cellular phones; USB cables for mobile phones; USB card readers; USB cards; USB chargers; USB chargers for electronic devices that are used for heating tobacco; USB dongles being wireless network adapters; USB flash drives; USB hubs; USB port cards; USB web keys; USB web keys for automatically launching pre-programmed website URLs; utility programs for performing computer system diagnostics; vehicle security systems; velocity sensors; vibration sensors; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video and computer game programs; video cable adapters; video camera cases; video camera covers; video camera stands; video cameras; video cameras for analyzing golf swing; video cameras for broadcasting; video editing software; video game software; video game software for game machines; video games; video surveillance cameras; videocameras; view cameras; viewfinders for cameras; virtual assistant software; virtual private network [VPN] hardware; virtual private network [VPN] operating software; virtual reality computer game programs; virtual reality computer game software; virtual reality computer games for use on tablet computers; virtual reality computer games for use on cellular phones; virtual reality computer games for use on mobile phones; virtual reality computer games for use on notebook computers; virtual reality computer games for use on personal computers; virtual reality computer games for use on smart phones; virtual reality game software; virtual reality games; virtual reality software for cinematography; virtual reality software for doctors to perform test surgery; virtual reality software for movie special effects; virtual reality software for pilot training; virtual reality software for playing computer games; virtual reality software for simulating golf game; virtual reality software for simulating motor racing for the instruction and training of motor racing drivers; virtual reality training simulation software in the field of air traffic control; virtual reality training simulation software in the field of aviation; virtual reality training simulation software in the field of cinematography; virtual reality training simulation software in the field of information technology; virtual reality training simulation software in the field of security; voice recognition software; VPN (virtual private network) operating software; wan (wide area network) operating software; watches that communicate data to smartphones; water level sensors; waterproof camera cases; waterproof cases adapted for cameras; waterproof cases for smartphones; wearable cameras; wearable smartphones; weather protecting housings specifically adapted for cameras; web camera; web cameras; web site development software; wide angle lenses for cameras; wide area network (WAN) routers; wide area network [WAN] hardware; wide area network [WAN]

operating software; wireless charging pads for smartphones; wireless computer mice; wireless computer mouses; wireless controllers to remotely monitor and control the function and status of security systems; wireless earphones for smartphones; wireless headsets for smartphones; wireless headsets for tablet computers; wireless headsets for use with smartphones; wireless security cameras; wrist rests for computer keyboards; wrist rests for computer mouse users; wrist rests for use with computer keyboards; wrist rests for use with computer peripherals; wrist rests for use with computers; X-ray security screening machines; zoom lenses for cameras

Services

Class 42

advice on designing, selecting, and using computer hardware and systems; advisory services in the field of product development and quality improvement of software; application service provider featuring application programming interface (api) software for analyzing market data; application service provider featuring application programming interface (api) software for gathering market data; authentication services for computer security; building and maintaining websites; cloud computing enabling file storage of payroll data; cloud computing photo sharing services; cloud computing provider services for general storage of data; cloud computing providing software for database management; cloud computing video hosting web sites; cloud computing web hosting services; cloud hosting provider services; cloud seeding; computer aided graphic design; computer aided imaging; computer animation production services; computer anti-virus protection services; computer consultation in the field of computer security; computer design services; computer diagnostic services; computer disaster recovery planning; computer graphic design for video projection mapping; computer graphics design services; computer graphics digitization; computer graphics imaging; computer hardware and software design; computer hardware design; computer hardware development; computer hardware engineering; computer help desk services; computer integrated manufacturing (CIM) engineering; computer leasing; computer network configuration services; computer network design for others; computer network security services; computer programming; computer programming and maintenance of computer programs; computer programming and software design; computer programming consultancy; computer programming for others; computer programming in the medical field; computer programming of computer games; computer programming of video games; computer programming services; computer programming services for commercial analysis and reporting; computer programming services for others in the field of software configuration management; computer programming, coding and decoding; computer rental; computer security consultancy; computer security threat analysis for protecting data; computer services for creating an online community for registered users to participate in discussions on the topics of jobs, careers, and career placement for the purpose of connecting employers with agile professionals; computer services in the form of filtering unwanted e-mails; computer services, namely, creating an online community for registered users to participate in discussions, share recommendations, get feedback from their peers, from virtual communities and engage in social networking; computer site design services; computer software consultancy; computer software consulting; computer software design; computer software design and development; computer software design and updating; computer software design for others; computer software development; computer software development in the field of mobile applications; computer software engineering; computer software installation and maintenance; computer software programming services; computer software project management services; computer software system design; computer software technical support services; computer system analysis services; computer system design; computer systems design; computer systems design services for others; computer systems integration services; computer systems monitoring services; computer technical support services, namely, troubleshooting in the nature of diagnosing computer

hardware and software problems; computer technology consulting for the development of computer disaster mitigation strategies in the event of a natural disaster; computer time sharing; computer virus protection services; computer website design; configuration of computer networks; consultancy in the design and development of computer hardware; consultancy in the field of computer data security; consultancy in the field of software design; consultancy in the field of webpage design; consultation services relating to computer software; consulting in the field of cloud computing networks and applications; consulting services in the field of software as a service (saas); copying of computer software; creating and designing web pages for others; creating and designing website-based indexes of information for others [information technology services]; creating and maintaining web sites for others; creating and maintaining weblogs for others; creating and maintaining websites; creating of computer programs for others; creating of home pages for computer networks for others; creating web pages for others; creation and maintenance of web sites for others; creation and provision of web pages to and for third parties; creation of internet web sites for others; creation, design, development and maintenance of web sites for third parties; cryptocurrency mining; data mining services; data security consultancy; debugging computer software for others; design and creating web sites for others; design and development of computer game software; design and development of computer game software and virtual reality software; design and development of computer hardware; design and development of computer hardware and software; design and development of computer hardware for the manufacturing industries; design and development of computer software; design and development of computer software for supply chain logistics; design and development of computers; design and development of computers and programs for computers; design and development of electronic data security systems; design and development of virtual reality software; design and development of webpages; design and development of wireless computer networks; design and maintenance of computer sites for third parties; design and maintenance of web sites for others; design and writing of computer software; design of handheld computers; design of portable computers; design of computer database; design of computer databases; design of computer hardware; design of computer programs and software for aircraft dashboards; design of computer sites; design of computer-simulated models; design of computers; design of computers for others; design of digital cameras; design of homepages and websites; design of laptop computers; design of notebook computers; design, creation, hosting and maintenance of internet sites for third parties; design, creation, hosting, maintenance of websites for others; design, development and implementation of software; design, development, installation and maintenance of computer software; design, installation, updating and maintenance of computer software; design, maintenance, development and updating of computer software; design, updating and rental of computer software; design, upgrading and rental of computer software; designing and creating web sites for others; designing and developing webpages on the internet for others; designing computer software for controlling self-service terminals; designing of computer hardware; designing websites for the advertising purposes of others; developing and updating computer software; developing computer programs for electronic cash register systems; developing computer software; development and creation of computer programmes for data processing; development of computer games; development of computer hardware for computer games; development of computer programs recorded on software designed for use in construction and automated manufacturing (cad/cam); development of software for secure network operations; development of video and computer games; digital compression of computer data; digital forensic investigations in the field of computer crimes; document data transfer from one computer format to another; duplication of computer programs; elaboration and maintenance of web sites for third parties; electrical network engineering; electronic digitizing of photographs into a computer readable media; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying

information to detect identity theft via the internet; exploration services in the field of the oil, gas and mining industries; geophysical exploration for the mining industry; geophysical exploration for the oil, gas and mining industries; homepage and webpage design; hosting computer websites; hosting internet sites for others; hosting of web sites; hosting on-line web facilities for others; hosting webpages for others; hosting websites on the internet; image processing software design; industrial data mining analysis and research services; infrastructure-as-a-service (iaas) services featuring computer software platforms for syncing, storing, archiving, and backing-up data to cloud servers; installation and maintenance of computer software; installation of computer software; installation, maintenance and repair of computer software; installation, maintenance and repair of Internet access software; installation, maintenance and repair of software for computer systems; installation, repair and maintenance of computer software; installation, updating and maintenance of computer software; installing computer programs; integration of computer systems and networks; internet security consultancy; leasing of computer programs; leasing of computer servers; leasing of computers; maintenance and updating of computer software; maintenance and upgrading of computer software; maintenance of computer software; maintenance of computer software relating to computer security and prevention of computer risks; maintenance of computer software used for operating filling apparatus and machines; maintenance of software for Internet access; maintenance of websites for others; managing web sites for others; mine exploration; mining engineering; mining surveying; monitoring of computer systems by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; multimedia and audio-visual software consulting services; oil well wirelining; platform as a service (PaaS) featuring blockchain based software platforms namely, software for transfer or exchange of virtual currencies for data using smart contracts for conducting transaction; platform as a service (PaaS) featuring computer software platforms for analyzing communication networks and calculating network usage prices; platform as a service (PAAS) featuring computer software platforms for use in the field of financial services for trading derivatives; platform as a service (PaaS) featuring computer software platforms used to facilitate blockchain and distributed ledger technology to support a marketplace for roaming communication services between networks; platform as a service (PaaS) provider featuring computer software platforms for use by employers in employee candidate résumé evaluation and ranking; platform as a service (PaaS) provider featuring computer software platforms for use by employers in job analysis of vacant position requirements; platform as a service (PaaS) provider featuring computer software platforms for use by employers to automatically mask potential bias indicators in an application for employment; platform as a service (PaaS) provider for the searching and identifying consumer behaviour patterns using a computer searching algorithm to locate data stored in multi-structured formats based on key indexes over the Internet; preparation, update, installation and maintenance of computer software; providing certification for quality assurance of the services of others in the field of computer security; providing cloud storage facilities for use as a data center for others; providing information in the field of aerospace electronics via an interactive website; providing information in the field of astronomy via an interactive website; providing information in the fields of computer technology and software development via a global computer network; providing information on computer technology and programming via a web site; providing internet search engines; providing online non-downloadable enterprise resource planning (ERP) software in the field of customer relationship management; providing online non-downloadable enterprise resource planning (ERP) software in the field of database management; providing online non-downloadable enterprise resource planning (ERP) software in the field of inventory management; providing online non-downloadable enterprise resource planning (ERP) software in the field of supply chain management; providing quality assurance in the field of computer software; providing quality control consultancy for the computer

software development industry; providing quality control for the computer software development industry; providing search engines for the internet; providing software as a service for the administration of a program encouraging the designing of disaster and extreme weather resilient buildings reduce economic losses caused by extreme weather; providing software as a service for the administration of a program encouraging the designing of disaster and extreme weather resilient buildings to reduce property damage caused by natural disasters; providing software as a service for the administration of a program encouraging the designing of disaster and extreme weather resilient commercial structures; providing software as a service for the management of a program encouraging the designing of disaster and extreme weather resilient buildings; providing software as a service for the management of a program encouraging the designing of disaster and extreme weather resilient buildings to reduce human suffering caused by natural disasters; providing software as a service for the management of a program encouraging the designing of disaster and extreme weather resilient commercial structures to reduce property damage caused by extreme weather; providing software as a service for the operation of a program encouraging the designing of disaster and extreme weather resilient buildings to reduce property damage caused by natural disasters; providing software as a service for the operation of a program encouraging the designing of disaster and extreme weather resilient homes; providing software as a service for the operation of a program encouraging the designing of disaster and extreme weather resilient homes to reduce deaths and injuries caused by extreme weather; providing software as a service, namely providing others with computer software and mobile device software applications for implementing and recording financial transactions in data networks; providing temporary use of non-downloadable computer software for connecting doctors with medical patients and providing medical information to doctors; providing temporary use of non-downloadable software featuring coursework in the field of mathematics via a website; providing temporary use of non-downloadable software featuring games in the field of mathematics via a website; providing temporary use of non-downloadable software featuring homework in the field of mathematics via a website; providing temporary use of non-downloadable software featuring interactive personalized tutorials in the field of mathematics via a website; providing temporary use of non-downloadable software featuring learning assessments in the field of mathematics via a website; providing temporary use of non-downloadable software featuring progress reports in the field of mathematics via a website; providing temporary use of non-downloadable software featuring written instruction in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for coursework in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for games in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for homework in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for interactive personalized tutorials in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for learning assessments in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for progress reports in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for written instruction in the field of mathematics via a website; providing temporary use of on-line non-downloadable software for creating school yearbooks; providing temporary use of on-line non-downloadable software for planning school yearbooks; providing temporary use of on-line non-downloadable software for processing electronic payments; providing temporary use of on-line non-downloadable software for submitting school yearbooks; providing temporary use of on-line non-downloadable software for the development of machine learning in the field of computer

technology; providing temporary use of on-line non-downloadable software for uploading school yearbooks; providing temporary use of online non-downloadable personal finance software; providing temporary use of online non-downloadable software for controlling access to financial information via electronic permission settings; providing temporary use of online non-downloadable software for credit card invoicing; providing temporary use of online non-downloadable software for credit card payment processing; providing temporary use of online non-downloadable software for inventory management; providing temporary use of online non-downloadable software for online backup of electronic files; providing temporary use of online non-downloadable software for use in data collections and account receivables data; providing temporary use of online non-downloadable software for use in the field of project costing management; providing temporary use of online non-downloadable software for use in the field of tax management; providing temporary use of online non-downloadable software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; providing virtual computer systems and virtual computer environments through cloud computing; quantum computing; recovery of computer data; rental and updating of software for data processing; rental of computer hardware and computer peripherals; rental of computer software; rental of computer software for developing video games; rental of computer systems; rental of computers; rental of software for data processing; rental of space in a computer co-location data centre infrastructure facility for others; rental of web servers; rental of web servers and co-location servers for containerized data centres for others; repair of damaged computer programs; research and design in the field of computer hardware; research and design in the field of computer datacenter architecture; research and design in the field of computer networking; software as a service (SAAS) provider featuring online non-downloadable software for developing, generating and uploading courses of instruction and coaching material in the field of business leadership development; software as a service (SAAS) provider featuring online non-downloadable software for developing, generating and uploading courses of instruction and coaching material in the field of business management; software as a service (SAAS) provider featuring online non-downloadable software for developing, generating and uploading courses of instruction and coaching material in the field of business risk management; software as a service (SAAS) provider featuring online non-downloadable software for developing, generating and uploading courses of instruction and coaching material in the field of computer software development; software as a service (SAAS) provider featuring online non-downloadable software for developing, generating and uploading courses of instruction and coaching material in the field of project management for businesses; software as a service (SAAS) provider featuring online non-downloadable software for developing, generating and uploading courses of instruction and coaching material in the field of time management; software as a service (SAAS) provider featuring online non-downloadable software for developing, generating and uploading courses of instruction and coaching material to encourage employee creative development to increase productivity; software as a service (SAAS) provider featuring software for coursework in the field of mathematics; software as a service (SAAS) provider featuring software for disseminating digital course materials for coursework in the field of mathematics; software as a service (SAAS) provider featuring software for disseminating digital course materials for games in the field of mathematics; software as a service (SAAS) provider featuring software for disseminating digital course materials for homework in the field of mathematics; software as a service (SAAS) provider featuring software for disseminating digital course materials for interactive personalized tutorials in the field of mathematics; software as a service (SAAS) provider featuring software for disseminating digital course materials for learning assessments in the field of mathematics; software as a service (SAAS) provider featuring software for disseminating digital course materials for progress reports in the field of mathematics; software as a service (SAAS) provider featuring software for disseminating digital course materials for written instruction in the field of mathematics; software as

a service (SAAS) provider featuring software for games in the field of mathematics; software as a service (SAAS) provider featuring software for homework in the field of mathematics; software as a service (SAAS) provider featuring software for interactive personalized tutorials in the field of mathematics; software as a service (SAAS) provider featuring software for learning assessments in the field of mathematics; software as a service (SAAS) provider featuring software for progress reports in the field of mathematics; software as a service (SAAS) provider featuring software for written instruction in the field of mathematics; software as a service (SaaS) provider for the searching and identifying consumer behaviour patterns using a computer searching algorithm to locate data stored in multi-structured formats based on key indexes over the Internet; software as a service (SaaS) provider in the field of customer relationship management; software as a service (SaaS) provider in the field of human resources management; software as a service (SaaS) provider in the field of inventory management; software as a service (SaaS) provider in the field of providing customer relations management; software as a service (SaaS) provider in the field of revenue management; software as a service (SAAS) provider in the field of software for small business accounting; software as a service (SaaS) provider in the field of supply chain management; software as a service (saas) services featuring online non-downloadable software for use in management of servers; software as a service (SaaS), namely providing temporary use of on-line non-downloadable software to allow users to track and analyze consumer consumption of cannabis for medical purposes; software creation; software design and development; software design engineering; software development for searching structured and unstructured data in the field of data analytics; software development in the framework of software publishing; software systems integration engineering; software testing engineering; surveying of mines; technical supervision and inspection in the field of geological mining; technical support in the form of monitoring global computer network systems; technical support in the nature of troubleshooting to diagnose computer hardware and software problems; technical support in the nature of troubleshooting to diagnose computer software problems; telecommunications software engineering; testing of computer hardware; testing of computer hardware and software; testing of computer software; testing of computers; troubleshooting of computers, servers and computer software problems; updating and rental of software for data processing; updating of computer programs for third parties; updating of computer software; updating of computer software for others; updating of computer software relating to computer security and prevention of computer risks; updating of software for data processing; updating websites for others; upgrading of computer software; user authentication services using blockchain technology; user authentication services using single sign-on of online software applications; user authentication services using single sign-on technology for online software applications; web hosting; web site design consultancy; website design; website design consultancy; website development for others; wireless communications network engineering; writing and updating computer software; writing of computer code
