Trademarks Journal

Vol. 70 No. 3600

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

On the left-hand side, the lower body and the foot of the foetus is green, the torso of the foetus is red and orange, and the arm is green. The head of the foetus is green, with yellow and black spots and the spine of the foetus is white. The first square, on the fourth row starting from the left-hand side, has a violet background, with the design of a colored MRI of a rose. The peduncle is pink, there is one orange dot in the middle of the peduncle. The middle of the head of the flower is white and gradually becomes yellow, orange, red and then violet. The design of the leaves is pink and violet. The second square, on the fourth row starting from the left-hand side, has a background that is orange on the right-hand side and gradually becomes white on the left-hand side, with the design of a x-rays of a skull. The lower part of the skull, on the left-hand side, has a violet outline with a violet spot, the brain is violet with orange spots, the jaw is violet. The nose, lips and chin are orange. The vertebrae of the neck are orange. The third square, on the fourth row starting from the left-hand side, has a colored MRI of a flower that seems a fireball erupting on a violet background. The bottom of the design is blue with violet, the fire eruption is white in the middle and has yellow, orange, red and pink lines emanating from the eruption. At the top of the background there is a pink line. The fourth square, on the fourth row starting from the left-hand side, has many colored bubbles with blue dots that has a blue halo, there is also red dots with a halo that gradually passes from orange to yellow, to green, to blue. The fifth square, on the fourth row starting from the left-hand side, has a green background, there are pink lines emanating from the bottom of the design of the neck veins colored angiogram that shape two triangles and emanating from the triangles going towards the top of the design, there are pink lines. The sixth square, on the fourth row starting from the left-hand side, has a -yellow

background, with the design of a colored MRI of flowers. The peduncles of the flower are red. The middle of the head of the flowers is violet and gradually becomes red. There are orange spots around the flowers. The seventh square, on the fourth row starting from the left-hand side, has a blue background. There is a design of the neck veins colored angiogram, a shadow of the shoulders, neck and head of a human, which is pink. Within the shadow there are white lines, that emanate from the bottom left corner and bottom right corners towards the top of the design. Within the design of the shadow there are violet spots. The first square, on the last row starting from the left-hand side, has a blue background with the design of a heart. The outline of the heart starting from the bottom to the left-hand side is orange with yellow spots. The outline on the top of the design is like green with a blue spot. Towards the middle of the design there is a blue and blue spot. On the right-hand side, there is a circle-like shape that has a yellow outline and the middle of the shape there are blue spots. The second square, on the last row starting from the left-hand side, has a yellow background with the design of a wheat on it emanating from the bottom. The stem of the wheat is red, there are red line emanating from the stem on the left and the right of the stem. On the top of the stem, the design of the wheat has violet, orange and red dots. The third square, on the last row starting from the left-hand side, has a blue background, with the design of a colored MRI of head and neck. The human profile which is facing towards the left emanating from the bottom right corner. The bottom of the design gradually goes from yellow, to orange, to violet and red. The middle of the design has some pink that gradually becomes light blue as you go towards the left hand-side of the design. There is a yellow, red and orange spot on the left hand-side. The top of the brain has the shape of a brain, the brain is yellow, and orange and the top of the shape of the brain has some red. The outline of the head is yellow with some blue. The fourth square, on the last row starting from on the left-hand side, has a black background, with the design of the colored MRI of three (3) flowers emanating from the bottom. The flower on the left hand-side has a violet outline, as you go towards the middle of the design of the flower it gradually passes from violet to pink and some orange. The flower in the middle has a violet outline, the stem of the flower is pink, and the center of the flower has a yellow spot, that gradually becomes pink and red as you go towards the outside of the design. The flower on the right-hand side also has a violet outline, the stem of that flower has some orange and yellow spots, the center of the flower head is yellow, with red and orange spots. There are also purple lines emanating from the bottom of the design. The fifth square, on the last row starting from the left-hand side, has the red background with the design of a colored MRI of puddle flower. The middle of the abstract puddle is green, which gradually becomes blue as you go towards the outside of the puddle. There are pink and violet lines emanating from the abstract puddle. The sixth square, on the last row starting from the left-hand side, has a blue background. It is the colored MRI of the human lungs. The outline of the square is green, and gradually becomes blue as it goes towards the middle of the design. In the middle of the design there are pink lines. There are also pink lines on the left-hand and right-hand side of the square. The seventh square, on the last row starting from the left-hand corner has a blue background. The written matter "BRACCO" and "LIFE FROM INSIDE" is white. There is a white line emanating from the top of the letter R which forms the top of a hexagon with two white lines emanating from the top of the letter O. There is a white line emanating from the bottom of the letter R which forms the bottom part of a hexagon when it reaches the white line emanating from the bottom of the letter C.

Colour Claim

Colour is claimed as a feature of the trademark. The first square, on the top row's starting from the left-hand corner, has a yellow background with the design of a sunflower MRI, a sphere which is violet, with a black design in the middle and has an orange outline and an orange line emanating from the bottom of the sphere. There are also orange lines emanating from the sphere and the red line. The second square, on the top row starting from the left-hand corner, has a red background with the design of a violin MRI which is red, the outline of the design is blue. The top of the design of the violin is blue, surrounded by red. Within the design towards the middle there is a blue shape and has pink shadows. Within the design the bottom of the design is red. The third square, on the top row starting from the left-hand corner, has a violet background with the design of a x-ray of a hand, each bone found on the skeleton is yellow, the outline of the top of the hand is pink, the outline of the hand is orange, and towards the middle of the hand in-between each fingers it is violet. The fourth square, on the top row starting from the left-hand corner, for which the design starting on the left is red background, with yellow veins. It is followed by a yellow background with green veins, then a green background with blue veins, then a blue background with blue veins, and then a blue background with a pink triangle starting from the bottom on the right-hand side, going towards the middle of the top of the design. The fifth square, on the top row starting from the left-hand corner, the background is yellow, in the design of a colored MRI of a flower, there are black dots, that gradually becomes a violet halo and each halo have a red outline. There are red lines that emanate from each dot. The sixth square, on the top row starting from the left-hand corner, has a pink back ground, with an abstract puddle: it is the colored MRI of a flower. The

middle of the abstract puddle is red, with a yellow outline. The yellow outline has a green outline. The green outline has a blue outline that forms feather like shapes to emanate from the design, which are blue. There are also blue lines to emanate from the design. The seventh square, on the top row starting from the left-hand corner, has a blue back ground, with the design of the colored x-ray of two legs placed horizontally. The outline of the design is blue, and gradually becomes green. The femur is yellow with red lines, between the femur bones there is some green, the knee cap is yellow with orange spots, below the knee cap there are green spots. The tibia gradually passes from yellow to red, the fibula is red with a yellow outline. The first square, on the second row starting from the left-hand side, has a blue background, in which the written matter "THE BEAUTY OF IMAGING" is white. The third square, on the second row starting from the right-hand side, has a black background, with the design of a horizontal slide of a brain. The outline of the brain is blue and gradually becomes blue, as it goes towards the middle. Starting from the bottom of the brain, there is a red line that does the circumference of the brain, that gradually becomes orange as it goes towards the top of the sphere. Within the sphere, there are orange and green lines. At the top right corner of the sphere, there is a large blue spot. The second square, on the second row starting from the right-hand side, has a red background with the design of colored MRI of a flower. The pistil of the flower is black, there are white lines that gradually become white lines emanating from the pistil. There is petal like shapes emanating from the pistil that gradually passes from white to red. The first square, on the second row starting from the right-hand side, has a pink back ground, with the design of a colored MRI of tulips. On the left-hand side, there are two red spots, there are blue lines with a blue shadow. The peduncle of the design is green. The third square, on the third row starting from the right-hand side, has a violet background, with a design colored MRI of flowers. There is petal like shapes that are blue and within those shapes, there are green lines emanating from the bottom of the design. The second square, on the third row starting from the right-hand side, has a violet background, with the design of colored MRI of an orchid emanating from the bottom right corner. The stem of the design of the orchid is yellow, the flower buds are yellow, red and white, and the petals are violet. The first square, on the third row starting from the right-hand side, has a yellow background, with the design of a foetus. At the top of the design, the uterus line is green with black and orange spots. On the left-hand side, the lower body and the foot of the foetus is green, the torso of the foetus is red and orange, and the arm is green. The head of the foetus is green, with yellow and black spots and the spine of the foetus is white. The first square, on the fourth row starting form the left-hand side, has a violet background, with the design of a colored MRI of a rose. The peduncle is pink, there is one orange dot in the middle of the peduncle. The middle of the head of the flower is white and gradually becomes yellow, orange, red and then violet. The design of the leaves is pink and violet. The second square, on the fourth row starting from the left-hand side, has a background that is orange on the right-hand side and gradually becomes white on the left-hand side, with the design of a x-rays of a skull. The lower part of the skull, on the left-hand side, has a violet outline with a violet spot, the brain is violet with orange spots, the jaw is violet. The nose, lips and chin are orange. The vertebrae of the neck are orange. The third square, on the fourth row starting from the left-hand side, has a colored MRI of a flower that seems a fireball erupting on a violet background. The bottom of the design is blue with violet, the fire eruption is white in the middle and has yellow, orange, red and pink lines emanating from the eruption. At the top of the background there is a pink line. The fourth square, on the fourth row starting from the left-hand side, has many colored bubbles with blue dots that has a blue halo, there is also red dots with a halo that gradually passes from orange to yellow, to green, to blue. The fifth square, on the fourth row starting from the left-hand side, has a green background, there are pink lines emanating from the bottom of the design of the neck veins colored angiogram that shape two triangles and emanating from the triangles going towards the top of the design, there are pink lines. The sixth square, on the fourth row starting from the left-hand side, has a -yellow

There are orange spots around the flowers. The seventh square, on the fourth row starting from the left-hand side, has a blue background. There is a design of the neck veins colored angiogram, a shadow of the shoulders, neck and head of a human, which is pink. Within the shadow there are white lines, that emanate from the bottom left corner and bottom right corners towards the top of the design. Within the design of the shadow there are violet spots. The first square, on the last row starting from the left-hand side, has a blue background with the design of a heart. The outline of the heart starting from the bottom to the left-hand side is orange with yellow spots. The outline on the top of the design is like green with a blue spot. Towards the middle of the design there is a blue and blue spot. On the right-hand side, there is a circle-like shape that has a yellow outline and the middle of the shape there are blue spots. The second square, on the last row starting from the left-hand side, has a yellow background with the design of a wheat on it emanating from the bottom. The stem of the wheat is red, there are red line emanating from the stem on the left and the right of the stem. On the top of the stem, the design of the wheat has violet, orange and red dots. The third square, on the last row starting from the left-hand side, has a blue background, with the design of a colored MRI of head and neck. The human profile which is facing towards the left emanating from the bottom right corner. The bottom of the design gradually goes from yellow, to orange, to violet and red. The middle of the design has some pink that gradually becomes light blue as you go towards the left hand-side of the design. There is a yellow, red and orange spot on the left hand-side. The top of the brain has the shape of a brain, the brain is yellow, and orange and the top of the shape of the brain has some red. The outline of the head is yellow with some blue. The fourth square, on the last row starting from on the left-hand side, has a black background, with the design of the colored MRI of three (3) flowers emanating from the bottom. The flower on the left hand-side has a violet outline, as you go towards the middle of the design of the flower it gradually passes from violet to pink and some orange. The flower in the middle has a violet outline, the stem of the flower is pink, and the center of the flower has a yellow spot, that gradually becomes pink and red as you go towards the outside of the design. The flower on the right-hand side also has a violet outline, the stem of that flower has some orange and yellow spots, the center of the flower head is yellow, with red and orange spots. There are also purple lines emanating from the bottom of the design. (2) Full line of absorbent products, namely, absorbent pads, absorbent socks, absorbent pillows, and absorbent dikes and skimmers comprised of liquid permeable casings containing absorbent granular and fibrous material, for the containment and clean-up of leaks and spills, none of these goods relating to the pipeline industry, nor being used in the pipeline industry; absorbent pads for containing leaks and spills and dispensers for use therewith sold as a unit, none of these goods relating to the pipeline industry, nor being used in the pipeline industry; spill kits primarily comprised of absorbent pads, absorbent mats, absorbent pillows, absorbent wipes, absorbent socks, absorbent dikes and absorbent skimmers for containing spills inside of disposable bags and also containing pans with liquid permeable covers and absorbent liners and pulp for containing spills inside of disposable bags, none of these goods relating to the pipeline industry, nor being

used in the pipeline industry; elongate tubular oil absorbent socks and oil absorbent pillows for placing about the bases of machines to collect oil and other liquid waste, none of these goods relating to the pipeline industry, nor being used in the pipeline industry.

Class 19

(3) Containment systems for liquid spills and releases, namely, polyurethane berms used as barriers for containing machine fluids, leaks and spills, none of these goods relating to the pipeline industry, nor being used in the pipeline industry.

Class 22

(4) Liquid impermeable tarpaulins with drains and hosing for collecting and draining leaks, none of these goods relating to the pipeline industry, nor being used in the pipeline industry.

Class 27

(5) Adsorbent polypropylene mats for commercial and industrial use in absorbing liquid spills and leaks, none of these goods relating to the pipeline industry, nor being used in the pipeline industry; polyurethane mats for sealing off grates, drains, storm drains and manholes against passage of surface liquids, none of these goods relating to the pipeline industry, nor being used in the pipeline industry; ground coverings, namely, polypropylene floor covering and ground covering in the nature of polypropylene floor covering with textile and barrier film layers; textile floor mats, none of these goods relating to the pipeline industry, nor being used in the pipeline industry; absorbent polypropylene mats, none of these goods relating to the pipeline industry, nor being used in the pipeline industry.

Services**Class 35**

Distributorship services, mail order catalog services, mail order services, and online distributorship services, all featuring catalogs in the field of facility safety, maintenance, filtration and material handling products, synthetic and natural absorbents, absorbent socks, pads, mats and wipes for absorbing liquid spills, drips, and overspray, none of these goods relating to the pipeline industry, nor being used in the pipeline industry; providing consumer information in the field of products used in facility safety and maintenance, specifically, filtration and material handling products, synthetic and natural absorbent products consisting of absorbent socks, pads, mats and wipes for absorbing liquid spills, drips, and overspray, none of these goods relating to the pipeline industry, nor being used in the pipeline industry.

Scientific, nautical, geodetic, photographic, cinematographic and optical apparatus and instruments, and weighing, measuring, signaling, checking, life-saving and teaching apparatus and instruments, namely, sonars, embedded computers, sea vessel ultrasonic, sonar, global navigation satellite system (GNSS) and inertial navigation system (INS) sensors, underwater indicator lights, underwater indicator and monitoring lights for use in connection with fisheries and in the field of aquaculture, surface acoustic-based wave sensors and submersible acoustic based electric sensors for use in subsea communication and navigation, toll collection systems comprised of computer hardware for toll collection systems, circuit boards, electronic data loggers, analog and digital signal processing units, altimeters, printed circuit boards, integrated circuits, radar antennas, acoustic amplifiers, electronic navigational and global positioning transmitter, transmitter of subsea navigation communication, apparatus for the detection of radar being radar detectors, cameras, laser-scanners for subsea mapping, surveying and inspection, downloadable computer programs and downloadable computer software for the use in connection with the acquisition, analysis and management of subsea mapping data for creating maps for underwater topography; apparatus and instruments for controlling electric current, namely, electrical controllers for magnetic bearing control; apparatus for recording, transmission and reproduction of sound and images, namely, computers, computer screens, computer keyboards, printers, telephones, telecopiers, televisions; blank magnetic data carriers, namely, blank compact discs, blank DVDs, USB flash drives and external computer hard drives, and digital event data recorders for subsea mapping data, GPS data, GNSS data, INS data and toll collection data; cash registers, calculators, data processing equipment namely, embedded electronics circuitry based on Digital Signal Processors, Field Programmable Gate Arrays and microcontrollers with tailored signal processing algorithmics and software, computers; downloadable computer software for use in connection with the operation and programming of sonars, embedded computers, sea vessel sensors, underwater lights, acoustic-based sensors, toll collection systems and circuit boards and for collecting, analyzing and managing the data collected by the foregoing; downloadable registered computer programs for use in connection with the operation and programming of sonars, embedded computers, sea vessel

sensors, underwater lights, acoustic-based sensors, toll collection systems and circuit boards and for collecting, analyzing and managing the data collected by the foregoing; fire extinguishers; electronic and scientific apparatus and instruments for collecting, storing, systematizing, transmitting and receiving data and information, namely, sound, radio waves, power line communication data and digital computer navigational and identification data for use in connection with sonars, embedded computers, sea vessel ultrasonic, sonar, global navigation satellite system (GNSS) and inertial navigation system (INS) sensors, underwater indicator lights, underwater indicator and monitoring lights for use in connection with fisheries and in the field of aquaculture, surface acoustic-based wave sensors and submersible acoustic-based electric sensors for use in subsea communication and navigation, toll collection systems comprised of computer hardware for toll collection systems and circuit boards via acoustics, radar, ultrasound, sonar, DSRC, navigation systems, radio and antenna systems and power line modems, computer systems and databases for collection, storage, systematization and reception of navigational, tracking and identification data, namely, embedded computers for electronic navigation and positioning; electronic and scientific apparatus and instruments for collecting, storing, systematizing, transmitting and receiving data and information, namely, embedded computers for electronic navigation and positioning; electronic and scientific apparatus and instruments for collecting, storing, systematizing, transmitting and receiving data and information, namely embedded computers for electronic navigation and positioning; electronic vehicle mounting, namely, dedicated short range communication devices (DSRC) namely DSRC modules capable of the transmission of wireless communication over one-way and two-way short and medium-range wireless channels, global navigation satellite system (GNSS) antennas, global system for mobile communications (GSM) antennas, tolling integrated circuit modules, tachographs and connectivity transponder modules, roadside units (RSU) being transceivers that exchange data with onboard units (OBU) via radio frequencies and dedicated short range communication (DSRC) systems, roadside units (RSU) specially adapted for desktop computer use being transceivers comprised of both an antenna and integrated computer that exchanges data with desktop computers via dedicated short range communication (DSRC) systems and onboard units (OBU) being transceivers that exchange data with roadside units (RSU) via dedicated short range communication (DSRC) systems for use in traffic monitoring and flow, finding parking opportunities and providing driver information on obstacles such as toll booths and road works; sonars and sonar equipment and parts; electronic devices for subsea communication, subsea terrain analysis and subsea mapping and depth to avoid collisions and obstacles underwater, namely, multi-signal sonars; acoustically based sensors for classification and assessment of subsea topography and subsea, as well as for depth measurement in connection with image processing and mapping of the subsea; acoustic-based sensors for monitoring instruments for analyzing waves and water movement for estimating lifetime and planning maintenance for pipes, risers, cables and other subsea installations; radio and radio antennas for wireless communication and data transmission; radars and radars; altimeters; electronic apparatus and instruments for use in navigation systems and navigation equipment, namely dynamic positioning systems consisting of radars, sonars and global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices for use by sea and sea vessels for control and positioning purposes; electronic devices for subsea communications, namely, long-wave frequency transmitters, power line modems and high-speed data lines and modems; rectangular multiplex lines for radio frequency modems; shortwave lines for wireless data cables and computer hardware for telemetry systems for use in communications, data collection and data transfer from otherwise inaccessible or removable points; acoustic modems, power transducers and acoustic couplings; sensors and measuring instruments based on acoustics for monitoring underwater conditions, namely measuring and mapping the depth and subsea topography in connection with photography and

bathymetric mapping and classification of the seabed, hydrocarbon identification, water flow measurement, wave velocity estimation, wave velocity estimation, wave velocity estimation, and monitoring any weaknesses in subsea installations; acoustic-based sensors and measuring instruments, namely, multi-purpose wideband multi-beam sonars for underwater navigation and positioning information; echo sounders for the fishing industry; sonars, sonar equipment and parts thereof; radio and radio signal antennas; radar instruments, apparatus and equipment, namely, radar transmitters and radar receivers for use in measuring position monitoring, distance measurement, altitude measurement, azimuth measurements, level sensors and instruments for measuring speed using a radar detection system, namely, radar scanning in the nature of a radar detector; multi-signal broadband sonars systems comprised of sonars and sonar equipment used for collecting, storing, systematizing, transmitting and retrieving navigational, tracking, and identification data and information; anemometer; apparatus and instruments for forecasting weather and measuring wind, namely radars and acoustic sensors; radars; components for altimeters, namely circuit boards, integrated circuits, antennas and amplifiers; apparatus for generating, transmitting and receiving microwaves, namely navigation apparatus, namely, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, underwater microwave transmitters and receivers, radar detectors and altimeter sensors; apparatus for geographical mapping and cataloging of the seabed, namely acoustic based sensors, sonars, cameras, laser scanners and combinations thereof; apparatus and instruments for use in electronic toll systems, namely electronic transponders, interrogators and transceivers; apparatus and instruments for use in electronic enforcement, asset tracking and monitoring systems, namely electronic integrated circuits, transponders, microwave transmitters and receivers, and transceivers; downloadable software for use in connection with the acquisition, analysis and management of traffic control, speed and traffic flow data and for use in connection with the operation and optimization of and acquisition, analysis and management of data collected from global positioning system (GPS) and global navigation satellite system (GNSS)-based tolling hardware, smart tachographs and dedicated short range communication (DSRC)-based roadside and onboard units in the transportation systems management industry; downloadable software for two or three-dimensional simulation for use in product development and modeling in connection with electronics and hardware manufacturing; downloadable software and mobile applications for use in connection with the acquisition, analysis and management of subsea mapping data, namely, topographical data, and for use in connection with the operation, programming and analysis and management of data collected from sonars, embedded computers, sea vessel sensors, underwater lights, acoustic-based sensors and circuit boards in the maritime industry; downloadable software applications for use in connection with the acquisition, analysis and management of traffic control, speed and traffic flow data and for use in connection with the operation and optimization of and acquisition, analysis and management of data collected from global positioning system (GPS) and global navigation satellite system (GNSS)-based tolling hardware, smart tachographs and dedicated short range communication (DSRC)-based roadside and onboard units in the transportation systems management industry; electronic payment terminals; downloadable software in the form of a mobile application for securing of financial transactions and payments; telecommunications equipment, namely, transmission lines being telecommunications cables, communication satellites, wave division multiplexers, waveguides for radio wave delivery, telecommunication switches, electric switches, network routers, wireless routers, VoIP equipment being network routers, modems and VoIP-compatible internet phones, modems, wireless communication devices for transmission of voice and image data, namely, wireless speakers, audiovisual computer communication hubs, audio-visual computer network hubs, radio-wave frequency transmitters and interfaces for the transmission and processing of high speed light wave communication data; downloadable software and mobile device software for

managing and processing of financial transactions, electronic funds transfers and electronic payment transactions; downloadable software and mobile applications for financial management, namely software and mobile applications to create, customize, print, export, and e-mail financial reports, balance sheets, profit and loss statements, cash flow statements, and taxable sales reports; debit cards, credit cards, identification cards, namely magnetically encoded identification cards for use in the electronic transfer of financial transactions and payments; encoded smart cards for accessing and making payments at charging stations; touchless debit cards; SIM cards; downloadable computer programs, computer software applications and computer software platforms for aggregation management, analysis and processing of financial and insurance data

Services

Class 38

(1) Telecommunications services in the nature of facilitating telecommunications being the transfer of navigational and location data by telecommunications, providing subsea navigation and tracking communications via underwater fibre-optic cable lines and peer-to-peer acoustic networks and wireless above-ground broadband communications; communication via data terminals, namely, communication by mobile data computer terminals in the field of subsea and marine navigation; wireless and electronic transmission of data, namely, location, date and time, temperature, vibration, acceleration, proximity and light sensitivity; mobile Internet services, namely telecommunications services for access to Internet via a mobile phone or through a service provider; inter-server communication services, namely, communication between servers over the Internet Protocol; transmission of messages, data, namely, graphics, images, audio and video content in the fields of insurance, banking and finance, financial transactions, electronic funds transfers and electronic payment transactions via wireless communication networks.

Class 41

(2) Providing educational courses, conferences and training in the field of computers, computer hardware, computer software, software-as-a-services (SaaS), cloud computing and information technology security and vulnerability of computers and networks; organizing, arranging and conducting educational courses and educational conferences and seminars in the field of computers, computer hardware, computer software, software-as-a-services (SaaS), cloud computing and information technology security and vulnerability of computers and networks.

Class 42

(3) Scientific and technological services and research and development related thereto, namely, mechanical engineering research and product development related to navigational systems and equipment, subsea communication, acoustic based sensors, sonars and sonar components, radio and antenna systems, radars and radar components, radar detection devices; scientific research and industrial analysis, namely, industrial analysis of technology specifications of computer and navigation mapping systems of industry competitors and peers for analysis and evolution of product development, and to assure compliance with industry standards; design and development of computers and computer programs and mobile applications; technical and professional consultations relating to computers, namely, computer technology consultancy; research and development of new products for others; scientific and technological services for technical and professional consultancy services relating to the design and development of software for navigation systems and equipment therefor, subsea communications, acoustic-based sensors, sonars and sonar components, radio and antenna systems, radars and systems and radar detection units and devices, altimeter components, development, transmission and reception of microwave signals, mapping, imaging and cataloging of the seabed, customs and money collection systems, traffic monitoring and access to parking and power line telemetry; Software as a Service

featuring software for data aggregation, management, analysis and processing in the field of finance; providing on-line non-downloadable computer software programs, computer application software and computer software platforms for filing, processing and managing insurance claims and enabling insurance billing; software programs, computer application software and computer software platforms for online banking and financial management, namely, to allow customers to access bank account information and transact bank business; providing temporary use of web-based applications for money transfers and payments

(3) 35mm cameras; 360-degree camcorders; 360-degree cameras; 3D glasses; 3D holographic displays; 3D holographic projectors; 3D printing software for sculpting; 3D scanners; 3D spectacles; 9V batteries; AA batteries; AAA batteries; abacuses; AC adapters for consumer video game apparatus; AC adapters for games with liquid crystal displays; AC adapters for handheld electronic game apparatus; AC adapters for handheld electronic game devices; AC to DC converters; AC to DC inverters; AC/DC converters; AC/DC inverters; AC/DC power supplies; ac/dc, dc/ac and dc/radio frequency (rf) inverters for the generation of heat for industrial and commercial processes; acceleration sensors; accelerometers; accessories for karaoke machines, namely, microphones, amplifiers and speakers; accounting software; acetylene regulators; acid hydrometers; acidimeters for batteries; acidometers for batteries; acoustic amplifiers; acoustic conduits; acoustic couplers; acoustic meters; acoustic microscopes; acoustic transformers; acrylic screen protectors adapted for portable electronic devices; actinometers; active-matrix liquid-crystal displays; ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; adapter cables for headphones; adapter plugs; adapter rings for attaching objectives on cameras; adapter rings for camera lenses; adding machine parts; adding machines; aerial amplifiers; aerial cables for heavy currents; aerials for radio and television; aerometers; air line respirators; air particle analyzers for detecting COVID-19 and other coronaviruses; air tanks for scuba diving; air traffic control radio equipment; air/fuel ratio gauges; airbag deactivation switches for automobiles; airline security x-ray apparatus; airplane cock pit recorders; airplane control panels; airport security scanners; alarm control panels; alarms for the detection of inflammable gases; alcohol breath testing units; alcoholmeters; alidades; alkaline batteries; all-in-one printers; alternating electrical current monitor modules; altimeters; ammeters; ampere-hour meters; amplifier stands; amplifiers for bass guitars; amplifiers for guitars; amplifiers for musical instruments; amplifiers for use with servo motors; amplifying tubes; amplifying valves; amplitude modulation tuners; anaerobic jars for bacteria culture; analog-to-digital converters; analogue to digital converters; analogue-to-digital converters; analysis instruments for photogrammetric purposes; analytical apparatus, namely, an automated slide stainer for use in medical laboratories; anatomical models for scientific purposes; anatomical training models; anemometers; angle dividing protractors; angle finders; angle gauges; angle viewfinder; animal signalling rattles for directing livestock; anodes; answering machines; antenna amplifiers; antenna duplexer; antenna masts; antennas for radio; antennas for radio and television; antennas for

television; anti-dazzle spectacles; anti-glare filters for computer monitors; anti-glare filters for televisions; anti-glare filters for televisions and computer monitors; anti-glare glasses; anti-glare spectacles; anti-glare visors; anti-intrusion alarms; anti-piracy software; anti-pollution masks for cycling; anti-pollution masks for respiratory protection; anti-reflective lenses; anti-slipping dashboard mats specially adapted for holding mobile telephones and smartphones; anti-spyware software; anti-theft alarms, other than for vehicles; anticathodes; antifreeze testers; antireflection coated eyeglasses; antireflective lenses; apertometers; apparatus for adjusting headlights; apparatus for automatic chromatography; apparatus for measuring the speed of golf swing; apparatus for measuring the thickness and elasticity of facial skin; apparatus for measuring the thickness of skins; apparatus for testing the thickness and elasticity of facial skin; appliances for measuring the thickness of leather; applications for mobile phones for accessing weather information; applications for mobile phones in the form of downloadable sports games; aprons for protection against accidents or injury; aquarium thermometers; aquarium thermostats; architects' scales; arm rests for use with computers; armatures for use in electrical apparatus; articles of protective clothing for wear by automobile racing drivers for protection against accident or injury; articles of protective clothing for wear by motorcyclists for protection against accident or injury; artificial bones for medical instruction purposes; artificial intelligence software for autonomous vehicles; artistic wraps for smartphones; artistic wraps for tablet and laptop computers; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; asbestos safety screens for firemen; asbestos screens for firemen; aspirators for laboratory use; astronomical spectrographs; atmospheric oxygen monitors; attenuators; audio amplifiers; audio analyzers; audio and video cassette recorders; audio and video mixing desks; audio and video receivers; audio baby monitors; audio books; audio books featuring educational materials for children and parents; audio cables; audio cassette and CD players; audio cassette and compact disc players; audio cassette decks; audio cassette decks for automobiles; audio cassette players; audio cassette players for automobiles; audio cassette recorders; audio circuit boards; audio equipment for vehicles, namely, loud speakers for automotive audio systems; audio frequency amplifiers; audio mixers; audio mixing desks; audio receivers; audio recorders; audio speaker enclosures; audio speakers; audio speakers for automobiles; audio tape recorders; audio tape recordings; audio tapes featuring music; audio transformers; audio transmitter units; audio- and video-receivers; audio-video receivers; audio/video cable connectors; audio/video cables; audiobooks; audiovisual headsets for playing video games; audiovisual receivers; augmented reality computer game software; augmented reality computer games for use on cellular phones; augmented reality computer games for use on mobile phones; augmented reality computer games for use on notebook computers; augmented reality computer games for use on personal computers; augmented reality computer games for use on smart phones; augmented reality computer games for use on tablet computers; augmented reality computer hardware; augmented reality game software; augmented reality glasses; augmented reality headsets; augmented reality software for cinematography; augmented reality software for creating maps; augmented reality software for medical teaching; augmented reality software for pilot training; augmented reality software for use in mobile phones for integrating electronic data with real world environments; augmented reality training simulation software in the field of aviation; augmented reality training simulation software in the field of cinematography; augmented reality software for playing computer games; auto racing helmets; auto-darkening welding helmets; autocollimators; automated bank note sorting machines; automated banking machines; automated cash machines; automated debris management system software for use in cleaning up after major disasters; automated fuel cell test stations; automated laundry detergent dispensers; automated microscope and operating software sold as a unit for use in laboratory operations; automated teller machines; automated teller machines (ATM); automated teller machines for the purchase and sale of

cryptocurrency; automatic altitude indicators; automatic answering machines; automatic cash dispensers; automatic cash registers; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic controllers for revolving doors; automatic deposit machines; automatic electronic control valves for regulating the flow of gases and liquids; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; automatic ion-exchange chromatography apparatus for laboratory use; automatic money counting and money changing machines; automatic pill counters; automatic solar tracking sensors; automatic switchboards; automatic telegraph apparatus; automatic telephone dialers; automatic telephone diallers; automatic telephone exchanges; automatic teller machines; automatic teller machines for making change and for exchange of coins to cash; automatic ticket dispensers; automatic time switches; automatic transfer switches; automatic valves; automobile airbag deactivation switches; automobile stereo adapters; automotive batteries; automotive batteries, electric batteries for vehicles, automotive battery chargers, battery cables, battery cases, battery jump starters, solar batteries, solar panels for the production of electricity and parts thereof; automotive battery chargers; automotive fuses; automotive lead acid batteries; automotive testing equipment, namely, transmission testing and brake testing equipment; autotransformers; avalanche airbag backpacks; avalanche airbags; avalanche backpacks; avalanche beacons; avalanche probes; avalanche probes featuring sensors for measuring snow depth; avalanche transceivers; aviation oxygen masks; avionic sensor systems, namely, aircraft airspeed sensors; avionic sensor systems, namely, aircraft altitude indicators; azimuth instrument; baby alarms; baby monitors; baby monitors, security cameras; baby scales; backlit signs; backpacks especially adapted for holding laptops and notebook computers; backplanes; bags adapted for computers; bags adapted for laptops; bags adapted for tablet computers; bags and cases specially adapted for holding or carrying portable telephones and telephone equipment and accessories; bags for cameras and photographic equipment; bags specially adapted for cameras and photographic equipment; bags specially adapted for projectors; bags specially adapted for protective helmets; balaclavas for protection against accidents, irradiation and fire; ballasts for electric lighting apparatus; ballasts for fluorescent lamps; ballasts for gas discharge lamps; ballasts for halogen lamps; ballasts for halogen lights; baluns; BAN (body area network) hardware; banana plugs; banknote acceptors; banknote counting machines; banknote sorting machines; bar code printers; bar code readers; bar code scanners; bar-code scanners; barcode readers; barcode scanner; barcode scanners; bariatric scales; bark control devices for training dogs; barometers; barricade flashers; baseball batting helmets; baseball catchers' helmets; bathroom scales; batteries and battery chargers for mobile telephones; batteries and battery chargers for notebook computers; batteries and chargers for electronic cigarettes; batteries for cell phones; batteries for cellular telephones; batteries for electronic cigarettes; batteries for electronic cigars; batteries for hearing aids; batteries for mobile phones; batteries for mobile telephones; batteries for pocket lamps; batteries for pocketlamps; batteries for use in hearing aids; battery boxes; battery cables; battery cases; battery chargers for cell phones; battery chargers for cellular phones; battery chargers for electronic cigarettes; battery chargers for home video game machines; battery chargers for laptop computers; battery chargers for mobile phones; battery chargers for smartphones; battery chargers for tablet computers; battery chargers for use with telephones; battery jars; battery jump starters; battery monitoring devices that may be attached to a battery to monitor the performance of the battery and operating software for use therewith, sold as a unit; battery operated highway flares; battery plates; battery separators; battery starter cables; battery terminal connector clamps; battery terminals; battery testers; batting helmets; beacon lights; beakers for laboratory use; beekeeping clothing for protection against bee stings; beekeeping gloves for protection against bee stings; beekeeping helmets for protection against bee stings; beekeeping jackets for

protection against bee stings; beekeeping suits for protection against bee stings; beekeeping veils for protection against bee stings; beeper carrying cases; bellows for cameras; betatrons; bevel rules; bevels; bias lighting conductors; bias voltage conductors; bicycle flashing safety lights; bicycle helmets; bicycle speedometers; bidirectional meters for electricity monitoring; bifocal contact lenses; bifocal eyeglasses; bifocal lenses for eyeglasses; bifocal lenses for spectacles; bifocal spectacles; bike computers; binaural microphones; binders adapted for compact discs; binders for CDs; binocular cases; binocular covers; binoculars; biochip sensors; biohazard suits; bioinformatics software; biological microscopes; biological safety cabinets for laboratory use; biometric access control systems; biometric fingerprint readers; biometric fingerprint scanners; biometric gait recognition readers; biometric gait recognition scanners; biometric hand readers; biometric hand scanners; biometric identity cards; biometric iris scanners; biometric locks; biometric passports; biometric retinal scanners; biometric sensors for access control systems; biometric voice recognition systems; biomicroscopes; bioreactor for cell culturing; bioreactors for cell culture; bioreactors for laboratory use; BIOS [basic input/output system] software; bipods for cameras; black box data recorders for airplanes; blank audio cassettes; blank audio compact discs; blank audio digital discs; blank audio discs; blank audio tapes; blank audiotapes; blank cassettes; blank CD-ROMs; blank CD-ROMs for sound or video recording; blank CDs; blank compact discs; blank computer discs; blank digital audio discs; blank digital audio tapes; blank digital audiotapes; blank digital versatile discs; blank digital videodiscs; blank discs for computers; blank diskettes; blank DVDs; blank flash memory cards; blank floppy computer discs; blank floppy discs; blank floppy disks; blank hard discs; blank hard disks for computers; blank integrated circuit cards; blank laser discs; blank magnetic computer tapes; blank magnetic discs; blank magnetic disks; blank magnetic tapes for tape recorders; blank nearfield communication stickers; blank optical discs; blank optical disks; blank record disks; blank recordable DVDs; blank secure digital (SD) memory cards; blank smart cards; blank tapes for storage of computer data; blank USB cards; blank USB flash drives; blank video cassettes; blank video tapes; blank videocassettes; blank videodiscs; blank videotapes; blind spot cameras for cars; blueprinting machines; body armor; body armour; body cameras; body fat scales for household use; body harnesses for support when lifting loads; body temperature cameras; body-tubes for microscopes; bone conduction earphones; books recorded on disc; books recorded on tape; boom boxes; boom poles; boom poles for sound transmission apparatus; booms for microphones; boost gauges; booster cables; boot covers for protection against accidents or injury; boots for protection against accidents; boots for protection against accidents, irradiation and fire; boots for protection against fire; boots for protection against irradiation; borescopes; boresighters; boxes adapted for slides; boxing head guards; boxing helmets; brackets for setting up flat screen television sets; brackets for setting up flat screen TV sets; braille mobile phones; brake fluid testers; breathing apparatus for underwater swimming; bridges for eyeglass frames; bridges for spectacle frames; broadband radios; bubble levels; buckles for camera lens caps; bullet proof glass; bullet resistant vests; bullet-proof clothing; bullet-proof personal protection shields in the form of a backpack; bullet-proof vests; bullet-proof waistcoats; bullet-resistant face masks; bullet-resistant vests; bullet-resistant waistcoats; bulletproof clothing; bulletproof vests; bullhorns; bump caps; buoyancy bladders for diving; buoyancy compensator for divers; buoyancy helmets; burettes; burglar alarm systems; burglar alarms; busbar chambers; busbar support frames; busbars; C-cell batteries; cabinets for loudspeakers; cable adapters; cable connectors; cable harnesses; cable jump leads; cable locators; cable modems; cable reels incorporating electric sockets; cable television converters; cable television receivers; cable television transmitters; cables for electrical and optical signal transmission; cables for electrical signal transmission systems; cables for optical signal transmission; cables for transmitting and receiving cable television signals; calculating machines; calculators; calibrated glassware; calibrated photovoltaic reference cells; calibrating devices for

calibrating atomic absorption spectrometers; calibration devices for calibrating optical emission spectrometers; calibration instruments for hygrometers; calipers; call bells; call processors; calorimeters; camcorder cases; camcorder covers; camcorder handles; camcorders; camera adapters; camera and camera accessory cases and straps; camera bags; camera batteries; camera battery chargers; camera bellows; camera bipods; camera brackets; camera cases; camera containing a linear image sensor; camera covers; camera filters; camera flashes; camera goggles; camera handles; camera hoods; camera housings; camera lens adapters; camera lens mounts; camera lenses; camera monopods; camera shutters; camera spools; camera stability accessory, namely, a support arm, vest and sled for film and video cameras to absorb shaking moves while shooting; camera straps; camera sunshades; camera tripods; cameras; cameras for inspecting underground infrastructures; cameras for monitoring and inspecting equipment in a nuclear power station; cameras for self-developing film; cameras for self-developing films; cameras for smartphones; cameras shutters; cameras with linear image sensors; cameras, electric door bells; candy thermometers; capacitance boxes; capacitance meters; capacitive pens for touch screen devices; capacitive styluses for touch screen devices; capacitors; capillary tubes; capillary tubes for laboratory use; car aerials; car antennas; car batteries; car broadcasting tuners; car cassette players; car chargers for devices that are used for heating tobacco; car chargers for electronic cigarettes; car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands free; car navigation computers; car radios; car stereos; car televisions; car video recorders; car videorecorders; carbon dioxide detectors; carbon dioxide discharge valves for use in fire suppression systems; carbon dioxide feeders for treating water by automatically injecting a predetermined concentration of carbonic acid solution for pH control; carbon monoxide detectors; carbon nanotubes for use in extremely small scale electronic and mechanical applications; card punching and sorting machines for data processing; card readers for credit cards; card readers for magnetically encoded cards; card reading equipment; carpenter's levels; carpenters' folding rules; carpenters' rules; carrying cases adapted for compact discs (CDs); carrying cases adapted for computers; carrying cases and containers for contact lenses; carrying cases for cell phones; carrying cases for cellular phones; carrying cases for contact lenses; carrying cases for contact lenses, cases for contact lenses, contact lens blanks, contact lens cases, contact lens containers, contact lenses, containers for contact lenses, optical lenses, sunglasses, eyeglasses; carrying cases for digital music players; carrying cases for document printers; carrying cases for mobile telephones; carrying cases for notebook computers; carrying cases for portable music players; carrying cases for radio pagers; carrying cases specially adapted for computer printers; cases adapted for camcorders; cases adapted for cameras; cases adapted for CD players; cases adapted for cellular phones; cases adapted for compact disc players; cases adapted for computers; cases adapted for DVD players; cases adapted for holding smartwatches; cases adapted for mobile phones; cases adapted for mobile telephones; cases adapted for MP3 players; cases adapted for netbook computers; cases adapted for notebook computers; cases adapted for photographic equipment; cases adapted for sunglasses; cases adapted for video cameras; cases and covers for cameras; cases and covers for cellular phones; cases and covers for laptops; cases and covers for MP3 players; cases fitted for dissecting instruments; cases for binoculars; cases for children's eye glasses; cases for children's spectacles; cases for compact discs; cases for compact discs and DVDs; cases for contact lenses; cases for digital media players; cases for diskettes; cases for diskettes and compact disks; cases for earphones and headphones; cases for electronic diaries; cases for eyeglasses; cases for eyeglasses and sunglasses; cases for floppy disks; cases for laptops; cases for mobile phones; cases for MP3 players; cases for personal digital assistant; cases for personal digital assistants; cases for photographic cameras; cases for pince-nez; cases for pocket calculators; cases for satellite navigation devices; cases for smartphones; cases for spectacles; cases for spectacles and sunglasses; cases for spectacles, for

pince-nez and for contact lenses; cases for sunglasses; cases for tablet computers; cases for telephones; cases for video cameras; cash dispensing machines; cash dispensing machines for making change and for exchange of coins to cash; cash exchanging machines; cash registers; casino management software; cassette players; cassette players for cars; cassette recorders; cassette tape players; casualty mannequins for medical professionals; catchers' helmets; cathode ray tubes; cathode-ray tubes; cathodes; CD burners; CD cases; CD drives for computers; CD music recordings; CD players; CD sleeves; CD storage wallets; cd-rom drives; CD-ROM writers; CD-ROMs containing computer games; CD-ROMs containing electronic telephone directories; CD-ROMs containing encyclopedias; CD-ROMs containing music; CDs containing audio recordings of dramatic performances; CDs containing audio recordings of live comedic performances; CDs containing audio recordings of live musical performances; cell culture microplates; cell phone antennas; cell phone auxiliary cables; cell phone backplates; cell phone batteries; cell phone battery chargers; cell phone battery chargers for use in vehicles; cell phone cases; cell phone cases made of leather or imitations of leather; cell phone covers; cell phone faceplates; cell phone holders; cell phone straps; cell phones; cellular phone batteries; cellular phone battery charger for use in vehicles; cellular phone battery chargers for use in vehicles; cellular phone cases; cellular phone cases made of leather or imitations of leather; cellular phone covers made of cloth or textile materials; cellular phone straps; cellular phone transmission towers; cellular phones; cellular telephone batteries; cellular telephone covers made of cloth or textile materials; cellular telephone straps; cellular telephones; cellular television towers; cement testing machines; central processing unit (cpu) coolers; central processing unit [CPU] clocks; central processing unit [CPU] coolers; central processing unit [CPU] fans; central processing unit coolers; central processing units; central processing units for wearable computer hardware; centrifuge tubes for laboratory use; centrifuges for laboratory use; centrifuges used as laboratory apparatus; chains and cords for sunglasses; chains for eyeglasses; chains for eyeglasses and sunglasses; chains for pince-nez; chains for spectacles; chains for spectacles and for sunglasses; chains for sunglasses; change-over switches for telecommunication apparatus; changeover switches for telecommunication apparatus; chaps for protection against accident or injury; charge meters; charge regulators for electric vehicles; charge-coupled devices (CCD); chargers for electric accumulators; chargers for electric batteries for electric vehicles; chargers for electric toothbrushes; chargers for electronic cigarettes; chargers for general purpose batteries; charging carts for tablets and laptops; charging stations for electric vehicles; charging stations for electronic cigarettes; charging stations for hybrid cars; charging trolleys for tablets and laptops; chemical exposure protective clothing; chemical exposure protective footwear; chemical vapor deposition apparatus for use in research; chemical vapor deposition apparatus for use in scientific laboratory research; chemical vapor deposition laboratory vacuum for use in scientific research; cheque encoding machines; chess timers; children's educational music CDs and DVDs; children's eye glasses; children's eyeglasses; children's spectacles; chin straps for American football helmets; chin straps for athletic use; chin straps for baseball batting helmets; chin straps for baseball helmets; chin straps for football helmets; chin straps for helmets for motorcyclists; chin straps for hockey helmets; chin straps for softball helmets; chip card readers; chip carriers, namely, semiconductor chip housings; chip coils; chip multiprocessors; chipsets for connecting multimedia home devices, home and VoIP phones and digital cordless phone devices; choking coils for use in electrical apparatus; chromatography apparatus for laboratory use; chromatography columns for laboratory use; chronographs for use as specialized time recording apparatus; cine cameras; cine projectors; cinematographic cameras; cinematographic projectors; circuit boards; circuit boards provided with integrated circuits; circuit breaker panel boards; circuit breakers; circuit breakers and circuit closers; circuit testers; circuits for heavy current; circular slide rules; clamp meters for measuring electric current; clamp meters for measuring electricity; clapperboards; cleaning cartridges for photocopy machines and computer

printers; cleaning discs for cleaning the lens of optical disc drives used in computers and digital video recorders; clear protective covers adapted for cellular phones; clear protective covers adapted for mobile phones; clear protective covers adapted for MP3 players; clear protective covers adapted for personal digital assistants; clear protective covers adapted for smartphones; clickers for training dogs; climate control digital thermostats; clinical centrifuges; clinometers; clinometers for measuring of angles and slopes; clip-on flashing safety lights; clock generators; clock generators for computers; close-up lenses for cameras; closed captioning glasses; closed circuit television; closed circuit television cameras; cloth helmet pinnies for use in sporting events specially fitted for helmets; clothing and gloves for use in welding for protection against accidents or injury; clothing for protection against accidents; clothing for protection against accidents, irradiation and fire; clothing for protection against biological hazards; clothing for protection against chemicals; clothing for protection against chemicals and radiation; clothing for protection against fire; clothing for protection against injury; clothing for protection against irradiation; clothing for protection against radiation; clothing incorporating LEDs, for the prevention of accidents; cloud servers; cloud storage gateways; coaxial attenuators; coaxial cable splitters; coaxial cables; coaxial cables incorporating filters; coaxial connection gender changers; coaxial relays; cocktail measuring cups; coelostats; coffee densitometers; coin and banknote proofing machines; coin changers; coin counting and sorting machines; coin counting machines; coin sorters; coin sorting machines; coin-operated mechanisms for arcade games; coin-operated mechanisms for operating gates for car parking lots; coin-operated mechanisms for operating photo booths; coin-operated mechanisms for photo booths; coin-operated mechanisms for television sets; coin-operated mechanisms for vending machines; coin-operated musical automata; collimators; color blindness correction glasses; color filters for liquid crystal displays; color filters for television and motion picture film cameras; color laser printers; color separation film; colorimeters; coloring and drawing computer programs featuring learning activities of creative expression for children; colour blindness correction glasses; colour filters for liquid crystal display [LCD] screens; colour filters for television and cinematographic cameras; colour filters for television and motion picture film cameras; colour laser printers; colour printers; colour separation films; combination carbon monoxide and smoke detectors; combination video players and recorders; combustible gas concentration detectors; combustion boats for laboratory use; combustion spoons for laboratory use; communication modems; communication software to access data stored on an oximeter and transfer data to another device; communications computers; communications software for monitoring and managing electrical charging stations and networks; compact digital cameras; compact disc boxes; compact disc cases; compact disc drives for computers; compact disc players; compact disc recorders; compact discs containing computer games; compact discs containing encyclopedias; compact discs containing music; compact discs featuring music; compact discs featuring music and spoken word in the form of poetry; compact disks containing instruction manuals in welding; comparators; compiler software; component parts of batteries, namely, vent caps; component video cables; compressed air bailout units for diving; computed radiography phosphor scanners not for medical use; computer accelerator boards; computer anti-virus software; computer application software for handheld computers that allows users to access and browse online profiles of pet care service providers; computer application software for mobile phones for use in database management; computer application software for mobile phones that allows users to access and browse online profiles of pet care service providers; computer application software for mobile phones that allows users to remotely manage and control advertisements on electronic advertising displays; computer application software for route planning and driver assistance, for use on mobile phones, portable media players, handheld computers and in automobiles; computer application software for streaming audio-visual media recordings featuring topics of instruction in the field of material science via the internet; computer application

software for streaming audio-visual media recordings featuring topics of instruction in the fields of mechanical engineering, chemical engineering and electrical engineering via the internet; computer application software for tablet devices that allows users to access and browse online profiles of pet care service providers; computer application software in playing video and computer games; computer assisted medical interventions information database recorded on computer media; computer bags; computer bags; computer buffers; computer buffers; computer cables; computer cables; computer card adapters; computer card adapters; computer carrying cases; computer carrying cases; computer cases; computer cases; computer central processing units; computer central processing units; computer chassis; computer chassis; computer chatbot software for simulating conversations; computer chatbot software for simulating conversations; computer chips; computer chips; computer chipsets for use in digital subscriber line [DSL] data transmission systems; computer chipsets for use in digital subscriber line [DSL] data transmission systems; computer chipsets for use in transmitting data to and from a central processing unit; computer chipsets for use in transmitting data to and from a central processing unit; computer circuit boards; computer circuit boards; computer communications software to allow customers to access bank account information and transact bank business; computer communications software to allow customers to access bank account information and transact bank business; computer database servers; computer database servers; computer daughterboards; computer daughterboards; computer digital maps; computer digital maps; computer disc drives; computer disc drives; computer disk drives and drivers; computer disk drives and drivers; computer disk/disc drives; computer disk/disc drives; computer display monitors; computer display monitors; computer display screens; computer display screens; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer expansion boards; computer fax modem cards; computer fax modem cards; computer fingerprint imaging software; computer fingerprint imaging software; computer fingerprint scanning software; computer fingerprint scanning software; computer firewall software; computer firewall software; computer firmware for programming of function of hardware computer network; computer firmware for programming of function of hardware computer network; computer firmware for remote monitoring of function of hardware and computer network; computer firmware for remote monitoring of function of hardware and computer network; computer game cartridges; computer game cartridges; computer game cartridges and discs; computer game cartridges and discs; computer game cassettes; computer game cassettes; computer game discs; computer game discs; computer game programmes; computer game programmes; computer game programs; computer game programs; computer game programs downloadable via the Internet; computer game programs downloadable via the Internet; computer game software; computer game software; computer game software downloadable from a global computer network; computer game software downloadable from a global computer network; computer game software downloadable from a global computer network; computer game software downloadable from a global computer network; computer game software downloadable from a global computer network; computer game software downloadable via a global computer network; computer game software downloadable via a global computer network; computer game software for game machines; computer game software for game machines; computer game software for playing online betting games; computer game software for playing online betting games; computer game software for playing online casino games; computer game software for playing online casino games; computer game software for playing online gambling games; computer game software for playing online gambling games; computer game software for playing online games of skill; computer game software for playing online games of skill; computer game software for playing online prize games; computer game software for playing online prize games; computer game software for use on cellular phones; computer game software for use on cellular phones; computer

game software for use on mobile and cellular phones; computer game software for use on mobile and cellular phones; computer game software for use on mobile phones; computer game software for use on mobile phones; computer game software, downloadable; computer game software, downloadable; computer game software, recorded or downloadable; computer game software, recorded or downloadable; computer game tapes; computer game tapes; computer games; computer games; computer games downloadable from a global computer network; computer games downloadable from a global computer network; computer games for use on gaming machines; computer games for use on gaming machines; computer games for use on mobile and cellular phones; computer games for use on mobile and cellular phones; computer games for use on notebook computers; computer games for use on notebook computers; computer games for use on personal computers; computer games for use on personal computers; computer games for use on slot machines; computer games for use on slot machines; computer games for use on tablet computers; computer games for use on tablet computers; computer games for use on video lottery terminals; computer games for use on video lottery terminals; computer games in the field of basketball; computer games in the field of basketball; computer gaming software for recreational game playing purposes; computer gaming software for recreational game playing purposes; computer graphics boards; computer graphics boards; computer graphics cards; computer graphics cards; computer hard drive enclosures; computer hard drive enclosures; computer hardware; computer hardware; computer hardware and computer network servers for conducting financial transaction; computer hardware and computer network servers for conducting financial transaction; computer hardware and computer software for database management; computer hardware and computer software for database management; computer hardware and computer software for retail inventory management, sold as a unit; computer hardware and computer software for retail inventory management, sold as a unit; computer hardware and software for charging electric storage batteries and electric batteries for vehicles; computer hardware and software for charging electric storage batteries and electric batteries for vehicles; computer hardware and software for charging electric vehicle batteries; computer hardware and software for charging electric vehicle batteries; computer hardware and software for database management; computer hardware and software for database management; computer hardware and software for processing digital music files; computer hardware and software for processing digital music files; computer hardware and software for processing financial payments for electric vehicle charging stations; computer hardware and software for processing financial payments for electric vehicle charging stations; computer hardware and software for processing financial payments for electricity; computer hardware and software for processing financial payments for electricity; computer hardware and software for setting up and configuring local area networks; computer hardware and software for setting up and configuring local area networks; computer hardware and software for setting up and configuring wide area networks; computer hardware and software for setting up and configuring wide area networks; computer hardware and software system for tracking people, objects and pets using GPS data on a device on the tracked people, objects and pets; computer hardware and software system for tracking people, objects and pets using GPS data on a device on the tracked people, objects and pets; computer hardware for cryptocurrency mining; computer hardware for cryptocurrency mining; computer hardware for data processing; computer hardware for data processing; computer hardware for network access servers; computer hardware for network access servers; computer hardware for telecommunications; computer hardware for telecommunications; computer hardware for tracking driver behavior; computer hardware for tracking driver behavior; computer hardware for tracking driver behaviour; computer hardware for tracking driver behaviour; computer hardware, namely, wireless network extenders; computer hardware, namely, wireless network extenders; computer hardware, namely, wireless network repeaters; computer hardware, namely, wireless network repeaters; computer heat sinks;

computer heat sinks; computer housings; computer housings; computer interface boards; computer interface boards; computer interface cards; computer interface cards; computer keyboard covers; computer keyboard covers; computer keyboard keycaps; computer keyboard keycaps; computer keyboards; computer keyboards; computer keypads; computer keypads; computer memory boards; computer memory boards; computer memory expansion modules; computer memory expansion modules; computer mice; computer mice; computer monitor arms; computer monitor arms; computer monitor frames; computer monitor frames; computer monitors; computer monitors; computer motherboards; computer motherboards; computer motherboards and daughterboards; computer motherboards and daughterboards; computer mouse; computer mouse; computer mouse mats; computer mouse mats; computer mouse pads; computer mouse pads; computer network adapters; computer network adapters; computer network adaptors; computer network adaptors; computer network bridges; computer network bridges; computer network hubs; computer network hubs; computer network hubs, switches and routers; computer network hubs, switches and routers; computer network routers; computer network routers; computer network server; computer network server; computer network switches; computer network switches; computer network-attached storage [NAS] hardware; computer network-attached storage [NAS] hardware; computer networking hardware; computer networking hardware; computer operating programmes; computer operating programmes; computer operating programs; computer operating programs; computer operating recorded programs; computer operating recorded programs; computer operating system software; computer operating system software; computer operating systems; computer operating systems; computer parallel ports; computer parallel ports; computer power supplies; computer power supplies; computer power supplies plug adapters protective films adapted for smartphones; computer power supplies plug adapters protective films adapted for smartphones; computer printers; computer printers; computer program for the compilation of credit reporting data; computer program for the compilation of credit reporting data; computer programmes for document management; computer programmes for document management; computer programmes for printing purposes; computer programmes for printing purposes; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs and software for image processing; computer programs featuring badges for use in online virtual worlds; computer programs featuring badges for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring characters for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring clothes and accessories for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring emojis for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs featuring stickers for use in online virtual worlds; computer programs featuring virtual beauty products being skin care preparations, sun care preparations and cosmetics for use in an online virtual world; computer programs featuring virtual beauty products being skin care preparations, sun care preparations and cosmetics for use in an online virtual world; computer programs for accessing information in the field of dietary supplements; computer programs for accessing information in the field of dietary supplements; computer programs for accessing information in the field of skin care information; computer programs for accessing information in the field of skin care information; computer programs for connecting to remote computers and computer networks; computer programs for connecting to remote computers and computer networks; computer programs for editing images, sound and

video; computer programs for editing images, sound and video; computer programs for language translations and training; computer programs for language translations and training; computer programs for network management; computer programs for network management; computer programs for processing digital music files; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for searching the contents of computers and computer networks by remote control; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for use in electronic commerce for processing electronic payments and authenticating the identity of payers; computer programs for use in teaching children to read; computer programs for use in teaching children to read; computer programs for use in the operation of non-medical ultrasound detectors; computer programs for use in the operation of non-medical ultrasound detectors; computer programs for user interface design; computer programs for user interface design; computer programs for using the Internet and the World Wide Web; computer programs for using the Internet and the World Wide Web; computer programs used for electronic cash register systems; computer programs used for electronic cash register systems; computer scanners; computer scanners; computer screen filters; computer screen filters; computer screen saver software; computer screen saver software; computer screen saver software, recorded or downloadable; computer screen saver software, recorded or downloadable; computer screen savers; computer screen savers; computer screens; computer screens; computer screensaver software; computer screensaver software; computer search engine software; computer search engine software; computer serial ports; computer serial ports; computer servers; computer servers; computer shells; computer shells; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer skins, namely, fitted plastic film for covering and providing a scratch proof barrier for computers; computer software and applications for electric vehicle navigation; computer software and applications for electric vehicle navigation; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on dedicated gaming consoles; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on reel based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video based slot machines; computer software and firmware for playing games of chance on video lottery terminals; computer software and firmware for playing games of chance on video lottery terminals; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software for accessing email and text messages; computer software for accessing email and text messages; computer software for accessing information directories that may be downloaded from the global computer network; computer software for accessing information directories that may be downloaded from the global computer network; computer software for accessing, browsing and searching online databases; computer software for accessing, browsing and searching online databases; computer software for accessing, querying and analyzing information stored in databases and data warehouses; computer software for accessing, querying and analyzing information stored in databases and data warehouses; computer software for administering employee payroll; computer software for administering

employee payroll; computer software for administration of computer local area networks; computer software for administration of computer local area networks; computer software for administration of computer networks; computer software for administration of computer networks; computer software for application and database integration; computer software for application and database integration; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in mobile internet applications and client interfaces; computer software for assisting developers in creating program code for use in multiple application programs; computer software for assisting developers in creating program code for use in multiple application programs; computer software for authorising access to data bases; computer software for authorising access to data bases; computer software for authorising access to databases; computer software for authorising access to databases; computer software for biometric gait recognition analysis; computer software for biometric gait recognition analysis; computer software for bitcoin data mining; computer software for bitcoin data mining; computer software for blockchain data mining; computer software for blockchain data mining; computer software for calculation of operational and status data collected from metalworking machines and metalworking tools for use in determining the status of such machines and tools and for optimizing the use and efficiency of such machines and tools; computer software for calculation of operational and status data collected from metalworking machines and metalworking tools for use in determining the status of such machines and tools and for optimizing the use and efficiency of such machines and tools; computer software for collecting, processing, extracting and analysing data for farm management; computer software for collecting, processing, extracting and analysing data for farm management; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; computer software for connecting computers and for enabling cloud computing; computer software for connecting computers and for enabling cloud computing; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for contact tracing and tracking of COVID-19 and other infectious diseases; computer software for controlling and managing access server applications; computer software for controlling and managing access server applications; computer software for controlling and managing patient medical information; computer software for controlling and managing patient medical information; computer software for controlling and operating laser rangefinders; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer software for creating and inserting metatags into documents and information; computer software for creating computer games; computer software for creating computer games; computer software for creating digitized patterns; computer software for creating digitized patterns; computer software for creating maps; computer software for creating maps; computer software for creating music; computer software for creating music; computer software for creating searchable databases; computer software for creating searchable databases; computer software for creating searchable databases of information and data; computer software for creating searchable databases of information and data; computer software for creating video games; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for creating, sending and receiving e-mail; computer software for cross blockchain transfers; computer software for cross blockchain transfers; computer software for cryptocurrency asset management; computer software for cryptocurrency asset management;

computer software for customizing wireless network access for end users; computer software for customizing wireless network access for end users; computer software for data deduplication; computer software for data deduplication; computer software for data security; computer software for data security; computer software for database management; computer software for database management; computer software for developing, building, and operating consumer blockchain applications; computer software for developing, building, and operating consumer blockchain applications; computer software for digital animation and special effects of images; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for displaying orders and driver locations on maps; computer software for document management; computer software for document management; computer software for editing images, sound, and video; computer software for editing images, sound, and video; computer software for editing music and for editing digital audio recordings; computer software for editing music and for editing digital audio recordings; computer software for electronic trading of currency; computer software for electronic trading of currency; computer software for electronic trading of virtual currency; computer software for electronic trading of virtual currency; computer software for fingerprint imaging; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for fingerprint scanning; computer software for global positioning systems; computer software for global positioning systems; computer software for graphic designing and editing; computer software for graphic designing and editing; computer software for image processing; computer software for image processing; computer software for interacting with blockchain platforms; computer software for interacting with blockchain platforms; computer software for inventory management; computer software for inventory management; computer software for language training; computer software for language training; computer software for language translations; computer software for language translations; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing and validating cryptocurrency transactions using blockchain-based smart contracts; computer software for managing and validating cryptocurrency transactions using blockchain-based smart contracts; computer software for managing retail store customer accounts; computer software for managing retail store customer accounts; computer software for managing transactional data, providing statistical analysis, and producing notifications and reports in the field of warehousing and distribution; computer software for managing transactional data, providing statistical analysis, and producing notifications and reports in the field of warehousing and distribution; computer software for mathematical calculation; computer software for mathematical calculation; computer software for medical imaging; computer software for medical imaging; computer software for monitoring computer network access and activity; computer software for monitoring computer network access and activity; computer software for oil and gas reservoir analysis; computer software for oil and gas reservoir analysis; computer software for operating an electronic coffee maker; computer software for operating an electronic coffee maker; computer software for operating automobile fuel cell batteries; computer software for operating automobile fuel cell batteries; computer software for operating computer games on the internet; computer software for operating computer games on the internet; computer software for operating fuel cell system stacks; computer software for operating fuel cell system stacks; computer software for operating system programs; computer software for operating system programs; computer software for optical character recognition; computer software for optical character recognition; computer software for ordering, tracking, and reviewing whole bean and ground coffees; computer software for ordering, tracking, and reviewing whole bean and ground coffees; computer software for organising food recipes, monitoring calorie intake, and weigh control; computer software for organising food recipes, monitoring calorie intake,

and weigh control; computer software for organizing and viewing digital images and photographs; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images; computer software for processing digital images; computer software for processing digital music files; computer software for processing digital music files; computer software for producing financial models; computer software for producing financial models; computer software for project management; computer software for project management; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; computer software for pulmonary, cardiovascular and edema analysis for use in small animal research studies; computer software for pulmonary, cardiovascular and edema analysis for use in small animal research studies; computer software for recording and displaying motor racing information; computer software for recording and displaying motor racing information; computer software for redistricting, namely, aggregating smaller geographical areas into multiple larger areas; computer software for redistricting, namely, aggregating smaller geographical areas into multiple larger areas; computer software for running computer games on the internet; computer software for running computer games on the internet; computer software for running development programs and application programs in a common development environment; computer software for running development programs and application programs in a common development environment; computer software for scanning, digitizing, altering and retouching of photographs; computer software for scanning, digitizing, altering and retouching of photographs; computer software for scientific analysis of genetic sequences; computer software for scientific analysis of genetic sequences; computer software for synchronizing data between hand-held or portable computers and host computers; computer software for synchronizing data between hand-held or portable computers and host computers; computer software for tax planning, tax calculation, tax return preparation and tax return filing; computer software for tax planning, tax calculation, tax return preparation and tax return filing; computer software for text editing; computer software for text editing; computer software for the collection of statistical production data for oil and gas field operations; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for the creation of firewalls; computer software for the design, development and updating of digital electronic labels; computer software for the design, development and updating of digital electronic labels; computer software for the management of commercial printing companies; computer software for the management of commercial printing companies; computer software for the management of sales; computer software for the management of sales; computer software for the operation of camera drones; computer software for the operation of camera drones; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use as a spreadsheet; computer software for use as an application programming interface (API) for use in the fields of image content analysis; computer software for use as an application programming interface (API) for use in the fields of image content analysis; computer software for use as an application programming interface (API) for use in the fields of natural language processing; computer software for use as an application programming interface (API) for use in the fields of natural language processing; computer software for use as an application programming interface (API) for use in the fields of

speech recognition; computer software for use as an application programming interface (API) for use in the fields of speech recognition; computer software for use as an application programming interface (API) for use in the fields of virtualization; computer software for use as an application programming interface (API) for use in the fields of virtualization; computer software for use in cancer diagnosis; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in creating and designing web sites; computer software for use in creating and designing websites; computer software for use in creating and designing websites; computer software for use in customer relationship management (CRM); computer software for use in customer relationship management (CRM); computer software for use in database management; computer software for use in database management; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in integrated circuit design; computer software for use in integrated circuit design; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in map making; computer software for use in map making; computer software for use in migrating between different computer network operating systems; computer software for use in migrating between different computer network operating systems; computer software for use in planning and booking competency tests; computer software for use in planning and booking competency tests; computer software for use in processing semiconductor wafers; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in providing multiple user access to a global computer information network; computer software for use in the detection, analysis, mitigation and resolution of threats in the field of cybersecurity; computer software for use in the detection, analysis, mitigation and resolution of threats in the field of cybersecurity; computer software for use in the encryption and decryption of digital files; computer software for use in the encryption and decryption of digital files; computer software for use in the management of payroll; computer software for use in the management of payroll; computer software for validating address and zone information; computer software for validating address and zone information; computer software for video editing; computer software for video editing; computer software for virtual telephone cards; computer software for virtual telephone cards; computer software for visual art designing and editing; computer software for visual art designing and editing; computer software for visualization in the nature of graphical representation and analysis of satellites; computer software for visualization in the nature of graphical representation and analysis of satellites; computer software for word processing; computer software for word processing; computer software namely non-fungible tokens for facilitating commercial transactions; computer software namely non-fungible tokens for facilitating commercial transactions; computer software platforms for social networking; computer software platforms for social networking; computer software that allows transmission of graphics to mobile telephones; computer software that allows transmission of graphics to mobile telephones; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software to allow users to perform electronic payment transactions; computer software to allow users to perform electronic payment transactions; computer software to automate

data warehousing; computer software to automate data warehousing; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to calculate and charge sales tax and to create reports to pay sales tax to appropriate tax agencies; computer software to create and manage budgets; computer software to create and manage budgets; computer software to create price quote estimates and transfer price quote estimates to invoices; computer software to create price quote estimates and transfer price quote estimates to invoices; computer software to create, customize, print, export, and e-mail financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, and taxable sales reports; computer software to create, customize, print, export, and e-mail financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, and taxable sales reports; computer software to create, customize, print, export, and e-mail purchase orders; computer software to create, customize, print, export, and e-mail purchase orders; computer software to create, print, and track checks and purchase orders; computer software to create, print, and track checks and purchase orders; computer software to design and monitor pharmaceutical treatment plans, track patient compliance and verify treatment outcomes of prescription medication; computer software to design and monitor pharmaceutical treatment plans, track patient compliance and verify treatment outcomes of prescription medication; computer software to enable accessing information in electronic form via computer and communication networks in the field of news; computer software to enable accessing information in electronic form via computer and communication networks in the field of news; computer software to enable downloading information in electronic form via computer and communication networks in the field of news; computer software to enable downloading information in electronic form via computer and communication networks in the field of news; computer software to enable providing information in electronic form via computer and communication networks in the field of news; computer software to enable providing information in electronic form via computer and communication networks in the field of news; computer software to enable sharing information in electronic form via computer and communication networks in the field of news; computer software to enable sharing information in electronic form via computer and communication networks in the field of news; computer software to enable teleconferencing services; computer software to enable teleconferencing services; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to cellular telephones; computer software to enable the transmission of photographs to cellular telephones; computer software to enable the transmission of photographs to mobile phones; computer software to enable the transmission of photographs to mobile phones; computer software to enable the transmission of photographs to mobile telephones; computer software to enable the transmission of photographs to mobile telephones; computer software to enable uploading information in electronic form via computer and communication networks in the field of news; computer software to enable uploading information in electronic form via computer and communication networks in the field of news; computer software to enable videoconferencing services; computer software to enable videoconferencing services; computer software to manage customer lists, e-mail and print sales forms, and track running balances; computer software to manage customer lists, e-mail and print sales forms, and track running balances; computer software to track sales, expenses, and payments; computer software to track sales, expenses, and payments; computer software used for running cloud computing based applications; computer software used for running cloud computing based applications; computer software, namely cryptocurrency blockchain for peer-to-peer sharing of financial data; computer software, namely cryptocurrency blockchain for peer-to-peer sharing of financial data;

computer software, namely cryptocurrency tokens for facilitating commercial transactions; computer software, namely cryptocurrency tokens for facilitating commercial transactions; computer software, namely, game engine software for video game development and operation; computer software, namely, game engine software for video game development and operation; computer speakers; computer speakers; computer stands; computer stands; computer stands specially designed for holding a computer, printer and accessories; computer stands specially designed for holding a computer, printer and accessories; computer storage area network (SAN) servers; computer storage area network (SAN) servers; computer stylus; computer stylus; computer styluses; computer styluses; computer systems for vehicle safety and security for autonomous vehicles; computer systems for vehicle safety and security for autonomous vehicles; computer terminals for banking purposes; computer terminals for banking purposes; computer touch screens; computer touch screens; computer touchscreens; computer touchscreens; computer user manuals in electronic format; computer user manuals in electronic format; computer user manuals in the form of downloadable electronic publications; computer user manuals in the form of downloadable electronic publications; computer utility file compression programs; computer utility file compression programs; computer utility file storage programs; computer utility file storage programs; computer utility programs for adding or repartitioning a hard disk drive; computer utility programs for adding or repartitioning a hard disk drive; computer utility programs for data compression; computer utility programs for data compression; computer utility programs for file management; computer utility programs for file management; computer utility programs for managing, scheduling, queuing and execution of batch jobs; computer utility programs for managing, scheduling, queuing and execution of batch jobs; computer utility programs for providing diagnostic details on devices installed in a computer system; computer utility programs for providing diagnostic details on devices installed in a computer system; computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality; computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality; computer utility virus protection programs; computer utility virus protection programs; computer video games; computer video games; computer video games downloaded via the internet; computer video games downloaded via the internet; computer virtualization software; computer virtualization software; computer virtualization software for running a virtual desktop infrastructure (VDI) through a computer network; computer virtualization software for running a virtual desktop infrastructure (VDI) through a computer network; computer whiteboards; computer whiteboards; computer workstations comprising computer, monitor, and printer; computer workstations comprising computer, monitor, and printer; computer-aided manufacturing (CAM) software for general use; computer-aided manufacturing (CAM) software for general use; computer-generated holograms; computer-generated holograms; computerised personal organisers; computerised personal organisers; computerized time clocks with fingerprint recognition; computerized time clocks with fingerprint recognition; computerized vehicle engine analyzers; computerized vehicle engine analyzers; computers; computers; computers and computer hardware; computers and computer hardware; computers and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment; computers and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment; computers and instructional manuals in electronic format sold as a unit; computers and instructional manuals in electronic format sold as a unit; computers for managing control devices for aircraft; computers for managing control devices for aircraft; computers for use in data management; computers for use in data management; computers to read periodicals; computers to read periodicals; concentration meters; concentration meters; concrete testing machines; concrete testing machines; conductive fibers, namely, fluoride

containing topics of instruction in the field of spiritual growth; downloadable electronic books; downloadable electronic books featuring educational materials for children and parents; downloadable electronic data files and databases, namely, business and tax forms, for use with computer software; downloadable electronic files featuring presets for editing photos; downloadable electronic games; downloadable electronic games for use with mobile telephones, handheld computers and tablet computers; downloadable electronic greeting cards; downloadable electronic mail software; downloadable electronic maps; downloadable electronic newsletters; downloadable electronic newspapers; downloadable electronic publications in the field of seeds, landscaping and lawn replacement; downloadable electronic publications in the nature of books; downloadable electronic publications in the nature of journals; downloadable electronic publications in the nature of catalogues; downloadable electronic publications in the nature of directories; downloadable electronic publications in the nature of e-books, newsletters, pamphlets, and articles in the field of computer games; downloadable electronic publications in the nature of information pamphlets; downloadable electronic publications in the nature of magazines; downloadable electronic publications in the nature of magazines in the field of video games; downloadable electronic publications in the nature of newsletters; downloadable electronic publications namely journals in the field of computer games and video games; downloadable electronic publications namely magazines in the field of computer games and video games; downloadable electronic publications namely newsletters in the field of computer games and video games; downloadable electronic sheet music; downloadable embroidery design patterns; downloadable emojis; downloadable emoticons; downloadable emoticons for mobile phones; downloadable expense management computer programs; downloadable expense management software; downloadable fiction electronic books; downloadable game software for use on computers and mobile devices for on-line gambling; downloadable geographic information system [GIS] software; downloadable graphic novels; downloadable graphics for mobile phones; downloadable image files containing artworks, texts, graphics and photographs; downloadable image files containing human anatomy images; downloadable image files containing photographic images and artwork; downloadable instant messaging software; downloadable instant messaging software for electronically exchanging text messages, photographs, graphics, music, audio books, podcasts, and voice messages; downloadable interactive entertainment software for playing computer games; downloadable interactive entertainment software for playing video games; downloadable interactive multimedia computer game programs for playing video and computer games; downloadable interactive video games; downloadable inventory management computer programs; downloadable inventory management software; downloadable invoicing computer programs; downloadable invoicing software; downloadable knitting patterns; downloadable metronome software applications; downloadable mobile app for accessing and viewing advice and support relating to sports and physical activities; humanoid robots with artificial intelligence; humanoid robots with artificial intelligence for use in scientific research; humidity sensors; hunting binoculars; hydrogen detection sensors for hydrogen generators; hydrogen electrolyzers; hydrogen reactors for generating hydrogen fuel; hydrometers; hydrophones; hygienic covers adapted for virtual reality head-mounted displays; hygienic covers adapted for virtual reality headsets; hygrometer sensors; hygrometers; hyperbaric oxygen chambers, not for medical purposes; iconoscopes; identification cards with embedded chips; identification sheaths for electric wires; identification smart cards; identification threads for electric wires; ignition batteries; illuminated advertising signs; illuminated exit signs; illuminated signs; illuminated signs used for advertising; illumination regulators; illuminometers; image fuser units for computer printers; image intensifier tubes; image recognition software; image scanner; image scanners; impact printers; in-car telephone handset cradles; in-ear earphones; in-ear headphones; in-ear monitors not for medical purposes; inclinometers; incubators for bacteria culture; incubators for bacteria cultures; incubators

for laboratory use; indicator lights for circuit boards; indicator lights for telecommunication apparatus; inductance capacitance filters; induction chargers for electric vehicles; induction voltage regulators; industrial automation software for thermoformers; industrial betatrons; industrial magnets; industrial safety glasses; industrial X-ray apparatus; infant movement alarms; inflatable apparatus for life-saving purposes; inflatable devices for life-saving purposes; inflatable dinghies; inflatable jackets for use in life saving; inflatable life rafts with convertible rooftops; inflatable lifeboats; infra-red thermometers; infrared cameras; infrared sensors; infrared thermometers; infrared thermometers for checking electrical equipment; infrared thermometers, not for medical purposes; ink cartridges, unfilled, for computer printers; ink cartridges, unfilled, for facsimile machines; ink cartridges, unfilled, for photocopiers; ink cartridges, unfilled, for printers; ink cartridges, unfilled, for printers and photocopiers; ink jet colour printers; ink jet printers; ink-jet color printers; ink-jet printers; inkjet printers; input/output solid state channel strips; inserts for breathing masks, other than for medical use; inserts for breathing masks, other than for surgical use; inspection mirrors; instant messaging software; instructional software for language training; instruments and apparatus for controlling electric current, namely, electrical controllers for magnetic bearing control; instruments for measuring milk quality parameters; insulated clothing for protection against accidents or injury; insulated copper wire; insulation resistance meters; integrated boiler control systems consisting of electronic flame safeguard and modulating controls; integrated chip [IC] voice recorders; integrated circuit [IC] memory cards; integrated circuit electronic toll cards; integrated circuit hotel room key cards; integrated circuit identification cards; integrated circuit modules; integrated circuits; integrated circuits incorporating algorithms for use in processing television signals; integrated electronic circuits and electronic circuit boards; integrated electronic driver assistance systems for land vehicles; integrated fuel cell stacks; intelligent copiers; intelligent videodisc players; intelligent virtual assistant [IVA] software; intensifying screens for X-ray films; interactive computer application software for use in cell phones that enables users to connect remotely with their vehicles to access vehicle information and control functions; interactive computer game programs; interactive entertainment computer software for video games; interactive multimedia computer game programs; interactive multimedia computer games; interactive multimedia software featuring audio and video information for dentists on the subject of treatments, procedures and alternatives related to dentistry; interactive photo kiosks for capturing, printing and uploading digital images for future use; interactive touch screen terminals; interactive whiteboards; intercoms; intercoms and parts thereof; interface boards for computers; interface cards for computers; interface cards for data processing equipment in the form of printed circuits; interface circuits for video cameras; interfaces for computers, namely, electroencephalography (EEG) helmets allowing users to interface with computer hardware via brain activity; interferometers; internal cooling fans for computers; internal modems; Internet access software; Internet messaging software; internet phones; internet servers; internet telephones; intranet servers; inverters for electric vehicles; inverters for power supply; iris recognition security devices; jack cables; jacket sleeves for compact discs; jackets for protection against accidents, irradiation and fire; jackets for video cassettes; japanese style box-shaped volume measure [masu]; jaw pads specially adapted for protective sports helmets; jewelers loupes; jewelers' magnifying glasses; jigs being measuring instruments; joint meters being measuring instruments; joystick chargers; joysticks for use with computers, other than for video games; juke boxes for computers; jukeboxes; jump cables; jump leads; jump start cables; jumper cables; junction boxes; junction boxes for electric wires; junction boxes for housing cable joints; junction sleeves for electric cables; junction sleeves for electrical cables; junction sleeves for fiber optics; karaoke amplifiers; karaoke machines; karaoke machines and programs for karaoke; karaoke microphones; karaoke players; karate head guards; keyboard pads; keyboards for cellular phones; keyboards for cellular telephones; keyboards for computers; keyboards for mobile

phones; keyboards for mobile telephones; keyboards for smartphones; keyless entry systems for automotive vehicles; keyless ignition switch systems for automotive vehicles; keypads for cell phones; keypads for cellular phones; keypads for cellular telephones; keypads for electric garage door openers and closers; keypads for mobile phones; keypads for mobile telephones; keypads for security alarms; kilometer recorders for vehicles; kilometre recorders for vehicles; kitchen scales; kitchen timers; kitchen weighing scales; kits comprised primarily of a fire hose and also including a fire nozzle and non-metallic fire hose adapter sold as a unit; knee pads for gardening; knee pads for workers; knee-pads for workers; KVM switches; labels carrying magnetically recorded bar codes; labels with integrated radio frequency identification [RFID] chips; labels with machine-readable codes; laboratory apparatus and instruments, namely, bottle top filters used for the purification of tissue culture media; laboratory apparatus, namely, a syringeless filter; laboratory baths; laboratory calipers; laboratory centrifuges; laboratory chemical reactors; laboratory countertops; laboratory eyewash fountains; laboratory flasks; laboratory fluidized bed reactors (FBR); laboratory furniture; laboratory glassware; laboratory incubators; laboratory instrument for the detection of pathogens and toxins in a biological sample for research use; laboratory ovens; laboratory photochemical reactors; laboratory pipettes; laboratory racks; laboratory robots; laboratory scales and balances; laboratory slides; laboratory stirrers; laboratory storage tubes; laboratory swabs; laboratory test tubes; laboratory thermometers; laboratory transfer pipettes; laboratory trays; laboratory water baths; lactodensimeters; lactometers; laminar flow cabinets for laboratory use; laminar flow hoods for laboratory use; LAN (local area network) operating software; LAN (local operating network) hardware; lan [local area network] computer cards for connecting portable computer devices to computer networks; LAN [local area network] operating software; lanyards for cameras; lanyards for cell phones; lanyards for cellular telephones; lanyards for holding encoded identity cards; lanyards for holding eyeglasses; lanyards for mobile phones; lanyards for mobile telephones; lanyards for safety purposes for fall protection; lap-counting devices, namely, counters for use during sporting activities; laptop bags; laptop carrying cases; laptop cases; laptop computer cooling pads; laptop computers; laptop covers; laptop docking stations; laptop locks; laptop shells; laptop sleeves; large scale integrated circuits; large-scale integrated circuits; large-screen liquid crystal displays; laser altimeters; laser diode modules; laser diodes; laser distance meters; laser distance sensors; laser doppler for measuring purposes; laser equipment designed for cutting, drilling, marking, engraving and shaping optical lenses for eyeglasses; laser for use in industrial drilling; laser measuring tapes; laser object detectors for use on vehicles; laser plotting tables for the application of conduction patterns on insulated supports; laser pointers; laser printers; laser projection virtual keyboards; laser rangefinders; laser scanners; laser speed detectors; laser tracers for application of conduction patterns to insulation media; lasers for additive manufacturing; lasers for bar code readers; lasers for capture microdissection; lasers for compact disc players; lasers for engraving; lasers for land surveying; lasers for lunar ranging; lasers for photochemistry; lasers for surveying; lasers for the treatment of metal surfaces to repel water; lasers for use as visual effects; lasers for use in firearm sights; lasers for use in industrial cutting applications; lasers for use in industrial welding applications; lasers to store and retrieve data from CDs and DVDs; latching relays; LCD large-screen displays; lcd monitors; LCD panels; lcd projectors; LCD televisions; lead acid batteries; lead acid batteries for cycle use; leather cases for portable computers; leather cases for cell phones; leather cases for cellular phones; leather cases for cellular telephones; leather cases for computers; leather cases for mobile phones; leather cases for mobile telephones; leather covers for electronic diaries; leather shells for portable computers; leather-covered electronic diaries; LED display panels; LED displays; LED drivers; LED emergency flares; led emergency underwater lights for submarine rescue; LED Microscopes; led monitors; LED position sensors; LED signaling flares; LED televisions; led underwater lights for use as a safety beacon for scuba divers; leg gaiters for

protection against accident or injury; lens barrels for microscopes; lens barrels for telescopes; lens caps for use with film, digital, and video cameras; lens filters for cameras; lens hoods; lens hoods for cameras; lens shutters; lens shutters for cameras; lens-barrels; lenses for astrophotography; lenses for binoculars; lenses for cameras; lenses for cellular phone cameras; lenses for digital cameras; lenses for eyeglasses; lenses for industrial laser cutting machines; lenses for microscopes; lenses for monoculars; lenses for smartphone cameras; lenses for spectacles; lenses for sunglasses; lenses for telescopes; lenses for use with still cameras; lenses for video cameras; lenses for welding helmets; lenses for workmen's protective face-shields; lenses for workmen's protective masks; letter scales; letter scales for domestic use; letter scales for office use; level converters; level gauges; level measuring machines for surveying; leveling rods for surveying; leveling staffs; levelling rods for surveying; lever scales; lever scales steelyards; library management software; life belts; life boats; life buoys; life jackets; life jackets for dogs; life jackets for pets; life jackets, life vests; life nets; life preservers; life rafts; life rafts for emergency use; life saving rafts; life vests; life-buoys; life-saving capsules for natural disasters; life-saving equipment, namely, backpacks equipped with airbags for protection against avalanches; life-saving rafts; life-saving vests for dogs; life-saving vests for use by dogs; lifebelts; lifeboats; lifejackets; light conducting filaments; light dimmers; light diodes; light emitting diode displays; light emitting diodes; light meters; light pens; light switches; light-dependent resistors; light-emitting diode [LED] microscopes; light-emitting diode [LED] monitors; light-emitting diode [LED] televisions; light-emitting diode display panels; light-emitting diode microscopes; light-emitting diode monitors; light-emitting diode televisions; light-emitting diodes; light-emitting diodes [LED]; light-emitting electronic pointers; lighting ballasts; lighting control panels; lighting control software for use in commercial and industrial facilities; lighting controls, light switches, and electric light dimmers; lightning arrester equipment; lightning arresters; lightning conductors; lightning rods; lights for use on video cameras; line drivers; line drivers being electronic amplifier circuits; liquid chromatography apparatus for laboratory use; liquid crystal display (LCD) televisions; liquid crystal display [LCD] panels; liquid crystal display [LCD] projectors; liquid crystal display monitors; liquid crystal display panels; liquid crystal display projectors; liquid crystal display screens; liquid crystal display televisions; liquid crystal displays; liquid crystal displays [LCDs] for home theaters; liquid crystal displays for computer monitors; liquid crystal displays for digital cameras; liquid crystal displays for laptop computers; liquid crystal displays for mobile phones; liquid crystal displays for tablet computers; liquid crystal displays for televisions; liquid dispensing machines for dispensing pre-measured amounts; liquid level sensors; liquid-level gauges; lithium batteries; lithium iron phosphate batteries; lithium secondary batteries; lithium-ion batteries; load banks; local area network [LAN] access points; local area network [LAN] access points for connecting network computer users; local area network [LAN] computer cards; local area network [LAN] operating software; local area network operating software; lock-out valves and switches for use in carbon dioxide fire suppression systems; locomotive event recorders; long distance telephone calling cards, magnetically encoded; long range transceivers; long range transmitters; loran navigation machines; lorgnettes; loud speakers; loudspeaker cabinets; loudspeakers; loudspeakers with built in amplifiers; loudspeakers with built-in amplifiers; loudspeakers, headphones, microphones and cd players; low pass inductor filter used in high power electrical applications; low power microcontrollers; low profile DC/DC converters; low-voltage power supplies; lp records; luggage scales; lumber testing machines; luminoflux meters; luminous beacons for safety or warning purposes; luminous flux meters; luminous or mechanical signals; luminous pointers; luminous road signs; luminous safety beacons; luminous safety beacons for use as a personal locator; luminous safety signs; luminous signs; luminous traffic signs; luminous vehicle breakdown warning beacons; luminous warning signs; machine learning software used in computer e-mail filtering programs; machine learning software used in computer genetic algorithms programs; machine learning

software used in computer intrusion networks detection programs; machine learning software used in computer speech analysis programs; machines for verifying identification cards and credit cards; macro lenses for cameras; magazines downloaded in electronic form from the internet; magazines in the field of theology; magic lantern slide projectors; magic lanterns; magnet plates for laboratory use; magnetic agitators for laboratory use; magnetic and electromagnetic coils; magnetic cabinet door catches; magnetic clip-on sunglass lenses; magnetic coded card readers; magnetic coils; magnetic compasses; magnetic compasses for surveying; magnetic contacts; magnetic cores; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic encoders; magnetic field generators other than for medical use; magnetic gyrocompasses; magnetic head cleaners; magnetic identifying cards; magnetic labels; magnetic locks; magnetic mount flashing safety lights for vehicles; magnetic object detectors; magnetic pens; magnetic rafter center locators; magnetic resonance quantum analyzers; magnetic separators for scientific use; magnetic stripe readers; magnetic stud finders; magnetic tape cleaners; magnetic tape drives; magnetic tape erasers; magnetic tape recorders; magnetic tape units for computers; magnetic telephone cards; magnetic telephone wires; magnetic valves; magnetic wall stud finders; magnetic wires; magnetic-tape recorders; magnetically encoded bank cards; magnetically encoded card readers; magnetically encoded cards used in connection with customer loyalty reward programs; magnetically encoded charge cards; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded gift vouchers; magnetically encoded hotel room key cards; magnetically encoded identification bracelets; magnetically encoded identification cards; magnetically encoded key cards; magnetically encoded payment cards; magnetically encoded phone cards; magnetizers; magneto-optical pens; magnetometers; magnetrons for use in generating alternating currents at microwave frequencies; magnets for industrial purposes; magnifying eyeglasses; magnifying glasses; magnifying lenses; magnifying peepholes for doors; magnifying rulers; magnifying spectacles; manipulators for the remote operation of robotic arms; manometers; manual control panels for use in carbon dioxide fire suppression systems; manual telegraph apparatus; marine compasses; marine control system, namely, dynamic positioning system hardware and software for vessel positioning and vessel management; marine depth finders; marine luminous safety beacons; marine luminous warning beacons; marine radios; maritime patrol radar; maritime patrol radars; marker buoys; marking and signalling buoys; marking buoys; marking gauges for joinery purposes; mask aligners; masks for diving; masks for protection against dust; masks for scuba diving; masks for snorkelling; mass spectrometers; master ring gauges; masts for aerials; masts for wireless aerials; math coprocessors; matrix switchers for audio and video signals; measuring and control devices for air-conditioning technology; measuring bowls; measuring buckets; measuring cups; measuring cups for cooking; measuring devices, namely, fluorometers; measuring jugs; measuring jugs for cooking; measuring rods; measuring rulers; measuring rules; measuring scoops; measuring spoons; measuring spoons for cooking; measuring tapes; measuring transducers; measuring wheels; meat thermometers; mechanic's stethoscopes; mechanical egg timers; mechanical keyboard switches; mechanical keyboards; mechanical metronomes; mechanical road signs; mechanical signs; mechanical traffic signs; media bottles for laboratory use; medical alert response systems (MERS); medical scales; medical teaching mannequins; megaphones; memory card readers; memory cards for cameras; memory cards for video game machines; memory expansion cards; mercury switches; meridian transit telescopes; metal compression testing machines; metal detectors; metal detectors for industrial or military purposes; metal hardness testing machines; metal strength testing machines; metallurgical microscopes; meteorological balloons; meteorological instruments; metering orifices, namely, orifice plates for metering or controlling the flow rate of liquids; meters for checking ink consumption; meters for internal combustion engines; meters for measuring alkalinity; meters for measuring electric current; meters

for measuring electrical resistance; meters for measuring electrical voltage; meters for measuring gaseous flow; meters for measuring values of electrical parameters; meters for measuring voltage; meters for testing humidity; metronomes; micro processors; micro-computers; micro-processors; microchannel wafers; microchip cards; microchips; microchips for computer hardware; microcircuits; microcomputers; microcontrollers; microfiche; microfiches; microfilm readers; microhardness testers; micrometer gauges; micrometer screws; micrometer screws for optical instruments; micrometers; microorganism swabbing packets for use in the food inspection industry; microphone cables; microphone mixers; microphone modules; microphone plugs; microphone stands; microphone windscreens; microphones; microphones for communication devices; microphones for telecommunication apparatus; microplate readers; microprocessors; microprocessors and semi-conductors; microscope condensers; microscope illuminating devices; microscope lamps; microscope lenses; microscope objectives; microscope slides; microscope slides for laboratory use; microscopes; microscopes and parts thereof; microscopes for medical use; microscopes for operations; microtomes; microwave antennae; microwave antennas; microwave ovens for laboratory use; middleware to filter noisy and redundant raw data for radio-frequency identification (RFID) software; milage recorders for vehicles; mileage recorders for vehicles; military lasers for directed energy weapons; military lasers for guiding missiles; military low power infrared lasers; millivolt meters; mine detecting apparatus; mine probes, namely, elongated rods used to manually probe for covered mines; mineral insulated electric cables; mini beam projectors; mini-disc players; minicomputers; mirror and star diagonals; mirrorless cameras; mixed reality glasses; mobile and portable fax machines; mobile application software for booking taxis; mobile application software for the delivery and ordering of groceries; mobile applications for booking taxis; mobile applications, namely, downloadable mobile application for facilitating charging of electric vehicles, locating electric vehicle charging stations, remote observation, management and operation of electric vehicle charging stations, and authentication and payment of electric vehicle charging stations; mobile computer workstations comprising notebook computers; mobile computers; mobile data terminal (MDT); mobile operating systems; mobile phone batteries; mobile phone chargers; mobile phone covers; mobile phone holders for vehicles; mobile phone ring holders; mobile phone ring stands; mobile phone screen protectors; mobile phone straps; mobile phones; mobile phones with integrated cameras and video cameras; mobile radios; mobile telecommunications handsets; mobile telephone batteries; mobile telephone battery chargers for use in vehicles; mobile telephone cases; mobile telephone cases made of leather or imitations of leather; mobile telephone covers made of cloth or textile materials; mobile telephone holders specially adapted for use in land vehicles; mobile telephone holders specially adapted for use in vehicles; mobile telephone straps; mobile telephones; modem cables; modems; modular phones; modular smartphones; modules for fuel cell power generation; modules for photovoltaic power generation; moisture meters; money counting and sorting machines; monitoring modules for measuring fuel cells for electrical impedance and voltage to ensure electrical efficiency; monitors for handheld electronic game apparatus; monocle frames; monocles; monocular frames; monoculars; monolithic ceramic capacitors; monopods for cameras; motherboards; motion control software for autonomous vehicles; motion detectors; motion picture cameras; motion picture films; motion picture projectors; motion picture screens; motion pictures; motion sensors; motion sensors for computer and video games; motion sensors for security lights; motion-activated cameras; motion-picture cameras for self-developing film; motor vehicle power locks; motorcycle goggles; motorcycle helmets; motorcyclist protective clothing; mounting brackets adapted for bathroom scales; mounting brackets adapted for computer monitors; mounting brackets adapted for computers; mounting racks adapted for computer hardware; mounting racks adapted for telecommunications hardware; mounting racks for computer hardware; mounts adapted for near field communication [NFC] tags; mounts adapted for radio-frequency identification [RFID] tags;

mounts and mounting brackets adapted for televisions; mounts for helmet cameras; mounts for smartphones; mouse mats; mouse pads; mouse scanners; mousepads; mouth guards; mouth guards for athletic use; mouth guards for sports; moveable sockets; movie editing projectors; movie film developing machines; movie projectors; mp3 players; mp4 players; multi-outlet socket blocks; multichannel sound processors; multifocal eyeglass lenses; multifocal eyeglasses; multifocal spectacle lenses; multifocal spectacles; multiframe view cameras; multifunction computer keyboards; multifunction keyboards; multifunctional photocopier; multifunctional printer; multifunctional sleep monitors for displaying, measuring, and uploading user sleep information, namely, motion, position, breathing, respiration, heart rate, quality of sleep, hours slept, and heart and respiration issues to the Internet; multilayer printed wiring boards; multimedia accelerator boards; multimedia applications for mobile phones in the form of word games; multimedia CD-ROMs containing information in the field of tax management; multimedia projectors; multimedia software for teaching language training; multimedia software for teaching piano; multimeters; multimeters for measuring electric current; multimeters for measuring electrical resistance; multimeters for measuring electrical voltage; multiple purpose cameras; multiplexers; multiplexers for fibre-optic communications networks; multiplexors; multipurpose cameras; music composition software; music headphones; music-composition software; musical instrument amplifiers; musical instrument digital interface controllers being audio interfaces; musical juke boxes; musical recordings in the form of tapes; nanoparticle size analysers; nanoparticle size analyzers; navigation apparatus for vehicles in the form of on-board computers; navigation bridge simulators for use in maritime and seamanship training; navigation computers for cars; navigational buoys; navigational systems for traffic and vehicle security and safety for autonomous vehicles; near field communication [NFC] tags; near field communication [NFC] technology-enabled readers; near-eye display optics; neck gaiters for protection against accident or injury; needles for record players; needles for surveying compasses; neon signs; netbook computers; nets for protection against accidents; network access server hardware; network access server operating software; network analyzer; network facsimile servers; network gateway; network gateway proxy servers; network interface cards; network management computer software; network operating system programs; network operating system programs for mobile phones; network printers; network routers; network servers; nickel-cadmium batteries; nickel-cadmium storage batteries; night vision goggles; nitrogen concentration detectors; no-go ring gauges; noise cancelling headphones; noise cancelling headphones for workers; noise level meters; noisemeters; non-impact printers; non-linear optical fibres; non-magnetic credit cards of plastic; nonfungible tokens (NFTs) for use in authenticating ownership of digital files; nonlinear optical fibers; nonlinear optical fibres; nose clips for divers; nose clips for divers and swimmers; nose clips for swimmers; nose clips for swimming; nose guards which can be worn by attachment to eyewear such as sunglasses and ski goggles; nose pads for eyeglasses; nose pads for eyewear; nose pads for spectacles; nose pads for sunglasses; notebook and laptop computers; notebook computer carrying cases; notebook computer cooling pads; notebook computers; nuclear gauges used for measuring the physical properties of materials; nucleic acid sequencers for scientific purposes; numeric keypads for computers; nursing mannequins for medical professionals; observation rockets; occupancy sensors, namely, electronic devices which detect the presence of occupants and control the lighting system accordingly; octants; odometers; ohmmeters; oil and gas well downhole survey and measurement equipment; oil level indicators for vehicles; oil level sensors; omnidirectional cameras; onboard computers; opacimeter; opacimeters; opaque projectors; opera glasses; operating and user instructions for computers stored in digital form; operating and user instructions for computers stored in digital form on CD-ROM; operating and user instructions stored in digital form for computers and computer software; operating and user instructions stored in digital form for computers and computer software, in particular on floppy disks or CD-ROMs; operating

microscope stands; operating software for network access servers; operating system software; ophthalmic eyeglasses; ophthalmic lenses; optical amplifiers; optical apparatus for guiding projectiles; optical apparatus in the form of stereo microscopes; optical breadboards; optical cables; optical character readers; optical character recognition apparatus; optical condensers; optical devices, namely, eye pieces for helmet mounted displays; optical disc drives; optical disc readers; optical discs and CD-ROMs pre-recorded with audio visual recordings, namely music and animated fictional stories; optical discs and CD-ROMs pre-recorded with sound recordings, namely music and fictional stories; optical discs containing software and programming, used to set-up and calibrate televisions and video output devices; optical disk drives; optical disk players; optical disk readers; optical disks featuring music; optical fiber cables; optical fiber telecommunications apparatus; optical fibers; optical fibers for the transmission of sounds and images; optical fibre connectors; optical fibres; optical filters; optical filters for plasma display panels; optical filters for screens; optical frames; optical frequency metrology devices; optical glass; optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits; optical inspection apparatus for inspecting the circuitry used in cell phones; optical inspection apparatus for inspection of food; optical lanterns; optical lens blanks; optical lens sights; optical lenses; optical lenses for sunglasses; optical lenses for use with sunglasses; optical microscopes for biological purposes; optical microscopes for industrial purposes; optical microscopes for materials testing; optical microscopes for scientific purposes; optical multiplexers; optical phase shifters; optical position sensors; optical power meters; optical profilers; optical receivers; optical reflectors; optical scanners; optical semi-conductor amplifiers; optical semiconductor amplifiers; optical sensors; optical sensors radio antennas; optical shutters; optical spectacles; optical switches; optical tables; optical transceivers; optical transmitters; optical waveguides; organic light emitting diode display panels; organic light emitting diodes (OLED); organic light-emitting diode (OLED) display panels; organic light-emitting diode (OLED) displays; organic light-emitting diode (OLED) televisions; organic light-emitting diode display panels; organic light-emitting diode displays; organic light-emitting diode screens; organic light-emitting diode televisions; organic light-emitting diodes; organic light-emitting diodes (OLED); ornaments being cases for mobile telephones; ornaments being straps for mobile telephones; oscillators; oscillographs; oscilloscope tubes; oscilloscopes; outdoor power relays; ovens for laboratory experiments; ovens for laboratory use; over the top (OTT) computer and television terminals; over-voltage protection relays; overhead projectors; oxygen masks, not for medical purposes; oxygen monitors, not for medical purposes; oxygen regulators; oxygen sensors, not for medical use; ozonators; ozonisers; pacemarkers; padlocks, electronic; pads for computer mice; pagers; palm rests; palmtop computers; panel antennas; paper covers for telephone receivers; paper currency detectors; parabolic aerials; parabolic antennae; parabolic antennas; parking meters; parking sensors for vehicles; particle accelerators; particle counters for measuring air quality; particle emission monitors; particle flow monitors; particle generators; particle size analyzers; parts and fittings for fuel cells; parts and fittings for hydrogen electrolyzers; parts of integrated fuel cell stacks; passports being magnetically encoded identification document; pattern recognition systems composed of computer chips, computer hardware and software; payment gateway software for linking e-commerce websites to credit card processing networks; PC cards; PC on a stick; PC tablet mounts; PDA phones; PDF creation and conversion software; pedometers; peepholes; pens with conductive point for touch screen devices; periscopes; personal accounting software; personal alarms; personal computers; personal digital assistants; personal digital assistants [PDAs]; personal digital assistants in the shape of a watch; personal digital voice assistants; personal emergency response systems (PERS); personal floatation aids; personal headphones for use with sound transmitting systems; personal protective equipment being avalanche airbag backpacks; personal protective equipment being avalanche airbags; personal protective equipment in the nature of avalanche backpacks; personal security

alarms; personal stereos; personal video recorders [PVRs]; personal weighing scales; personnel tracking devices; pet collar accessories, namely, safety blinkers; pet collar accessories, namely, safety lights; pet collar accessories, namely, signaling bells; Petri dish racks for laboratory use; petri dishes; petri dishes for laboratory use; petrol gauges; pH meters; phablets; phase angle meters; phase indicators; phase modifiers; phone cases; phone extension leads; phone ring holders; phone ring stands; phone shells; phonograph needles; phonograph record players; phonograph records; phonograph records featuring music; phonographic records; phonographs; photo booths; photo electron spectroscopy analyzers, not for medical purposes; photo potentiometers; photo printers; photocells; photocopiers; photocopy machines; photocopying machines; photodiodes; photoelectric cells; photoelectric sensors; photographic cameras; photographic cameras for the instant production of pictures; photographic digital cameras; photographic exposure meters; photographic filters; photographic flash units for cameras; photographic flashbulbs; photographic lenses; photographic lenses for use in aerial photography; photographic negatives; photographic projectors; photographic racks; photographic slide transparencies; photographic slides; photographic transparencies; photographic viewfinders; photography dark room lamps; photography darkroom lamps; photography projectors; photography reflectors; photoionization detectors (PIDs); photomask blanks; photomasks; photometers; photoresistors; photosensors; phototubes; photovoltaic cells; photovoltaic cells and modules; photovoltaic installations for generating solar electricity; photovoltaic inverters; photovoltaic modules; picture projectors; piezoceramic modules for high voltage generation; piezoelectric switches; pince-nez; pince-nez cases; pince-nez chains; pince-nez cords; pince-nez mountings; pipeclay triangles for laboratory use; pipette racks for laboratory use; pipette tips for laboratory use; pipettes; pitot tubes; plane tables; planetarium projectors; planimeters; plant growth chambers for research purposes; plasma display panel [PDP] televisions; plasma display panels; plasma screens; plasma televisions; plastic and cardboard cases adapted for the storage of record albums; plastic covered electric wires; plastic guard for covering wall switches; plastic housings specially adapted for mini cameras; plastic screen protectors adapted for portable electronic devices other than gaming apparatus; plastic sleeves for compact discs; plastic testing machines; plastic-coated electrical wires; plastic-covered electrical wires; plate cameras; plates for batteries; plates for electric accumulators; plug adapters; plug adaptors; plug connectors; plug gauges; plug-in connectors; plugs for charging electronic devices used for heating tobacco; plumb bobs; plumb levels; plumb lines; pocket calculators; pocket computers for note-taking; pocket scales; pocket secretaries; pocket translators; pocket-sized electronic calculators; point of sale printers and terminals; point-of-sale [POS] terminals; point-of-sale terminals; polarimeters; polarisation maintaining optical fibres; polarization-maintaining optical fibers; polarizing eyeglasses; polarizing filters for digital cameras; polarizing microscopes; polarizing spectacles; pollutant sensors; polyethylene measuring cups; polygraph machines, not for medical purposes; polygraphs; polymer light-emitting diodes; polymer light-emitting diodes [PLED]; polyphase electricity meters; pool alarms; portable 3D scanners; portable battery chargers for heating pads, cushions and blankets; portable battery chargers for use with electric vehicles; portable battery chargers for use with smart phones; portable CD players; portable computer hardware; portable computers; portable digital luggage scales; portable digital scales for weighing suitcases; portable document scanners; portable DVD players; portable electric power supplies for electronic cigarettes; portable electric power supplies for electronic devices used for heating tobacco; portable emergency intercoms; portable facsimile machines; portable fax machines; portable MP3 players; portable power chargers for heating pads, cushions and blankets; portable power supplies for electronic cigarettes; portable power supplies for electronic devices used for heating tobacco; portable power supplies, namely, batteries for use with electric vehicles; portable power supply in the nature of rechargeable power banks for use with cellular phones; portable proton exchange membrane

(PEM) fuel cells; portable proton exchange membrane for hydrogen fuel cells; portable radios; portable telephones; portable ultrafine dust meters; portable vibration speakers; portable video cameras with built-in videocassette recorders; portable weighing scales for weighing fish; position sensors; position sensors for the tracking and visualization of performance of baseball swing; position sensors for the tracking and visualization of performance of golf swing; position sensors for the tracking and visualization of performance of softball swing; position sensors specially designed to be attached to baseball bats; position sensors specially designed to be attached to golf clubs; position sensors specially designed to be attached to softball bats; positive displacement meters; postage stamp meters; potentiometers; power adapters for computers; power adapters for use in vehicle lighter sockets; power amplifiers; power banks; power cable sheathes; power cables; power cables for projectors; power connectors; power controllers for fuel cells; power cords; power distributing boxes; power distribution boxes; power distribution panels; power inverter; power inverters; power limiters; power line conditioners; power line phase meters; power locks for motor vehicles; power mixers being audio apparatus; power modules for sequential control; power relays; power strips; power strips with movable sockets; power strips with moveable sockets; power supplies for smartphones; power switches; power system meters; power transformers; power transformers for amplification; power wires; powersport batteries; prayer wheels containing pre-recorded dvds featuring prayers; pre-amplifiers; pre-paid telephone calling cards, magnetically encoded; pre-recorded audio cassettes; pre-recorded audio cassettes featuring music; pre-recorded audio cassettes featuring musical sound recordings; pre-recorded audio tapes cassettes live musical performances; pre-recorded audio tapes featuring music; pre-recorded audio tapes featuring musical sound recordings; pre-recorded audiotapes; pre-recorded cards being pre-recorded gift cards; pre-recorded cd-roms containing motion picture films; pre-recorded CDs and DVDs containing audio and video clips; pre-recorded CDs featuring music videos; pre-recorded CDs featuring musical sound recordings; pre-recorded compact discs and DVDs featuring theological lessons and teachings; pre-recorded compact discs containing computer games; pre-recorded compact discs containing encyclopaedias; pre-recorded compact discs containing information in the field of art history; pre-recorded compact discs containing music; pre-recorded digital versatile discs containing information in the field of trademarks; pre-recorded digital videodiscs containing topics of instruction in first-aid training; pre-recorded dvds containing comedy performances; pre-recorded dvds containing concerts, songs and music, and musical performances; pre-recorded dvds containing documentaries; pre-recorded dvds containing motion pictures; pre-recorded DVDs containing music; pre-recorded dvds containing video and audio recordings of television programs; pre-recorded DVDs featuring live musical performances; pre-recorded DVDs featuring music; pre-recorded DVDs featuring music videos; pre-recorded DVDs featuring musical sound recordings; pre-recorded exercise DVDs; pre-recorded fitness DVDs; pre-recorded floppy discs containing information in the field of trademarks; pre-recorded floppy discs containing spreadsheet software; pre-recorded floppy discs containing word processing software; pre-recorded gift certificates being pre-recorded gift cards; pre-recorded gift tokens being pre-recorded gift cards; pre-recorded laser discs containing movies; pre-recorded laser discs containing video games; pre-recorded music compact discs; pre-recorded music videotapes; pre-recorded optical discs containing information in the field of hospital medical records; pre-recorded optical discs featuring topics related to the game of baseball; pre-recorded optical discs featuring topics related to the game of soccer; pre-recorded phonograph records; pre-recorded record albums featuring music; pre-recorded tokens being pre-recorded gift cards; pre-recorded video cassettes; pre-recorded video cassettes featuring cartoons; pre-recorded video cassettes featuring music; pre-recorded video films; pre-recorded videodiscs containing topics related to the game of baseball; pre-recorded videotapes; pre-recorded videotapes featuring music; pre-recorded vinyl records; preamplifiers; precipitated beakers for laboratory use; precision

theodolites; prepaid telephone calling cards, magnetically encoded; prerecorded and downloadable DVDs containing audio and video recordings featuring music and dance; prerecorded audio cassettes; prerecorded audio tapes; prerecorded audio tapes featuring music; prerecorded digital audio tapes; prerecorded DVDs featuring music; prerecorded exercise DVDs; prerecorded fitness DVDs; prerecorded motion picture films; prerecorded music audio tapes; prerecorded music compact discs; prerecorded music videotapes; prerecorded non-musical audio tapes; prerecorded non-musical videotapes; prerecorded video cassettes; prerecorded video cassettes featuring cartoons; prerecorded video cassettes featuring music; prerecorded videotapes; prerecorded videotapes featuring music; prescription eyeglasses; prescription goggles for sports; prescription goggles for swimming; prescription spectacles; prescription sunglasses; pressure control equipment, namely, blowout preventers; pressure gauges; pressure indicating plugs for valves; pressure indicator plugs for valves; pressure measurement films; pressure meters; pressure recorders; pressure relief valves; pressure sensors; pressure switches; pressure transmitters; pressure-to-current converters; print heads for computer printers; print heads for ink-jet printers; print heads for plotters; print heads for printers; printed circuit boards; printed circuit boards incorporating integrated circuits; printed circuits; printed electronic circuits; printed electronic circuits for apparatus and cards bearing integrated circuits; printer cables; printer plotters; printers for computers; printers for use with computers; printers, namely, computer printers and photo printers; printing fonts that can be downloaded provided by means of electronic transmission; prisms for microscopes; prisms for telescopes; privacy protection software; privacy screen protectors adapted for cell phones; privacy screen protectors adapted for cellular phones; privacy screen protectors adapted for laptops; privacy screen protectors adapted for personal digital assistants [PDAs]; privacy screen protectors adapted for smartphones; probe cards; probes for testing integrated circuits; probes for testing semi-conductors; probes for testing semiconductors; profile gauges; profile projectors; programmable digital television recorders; programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, energy management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural production; programmable logic controllers; progressive addition lenses for eyeglasses; progressive addition lenses for spectacles; progressive eyeglass lenses; progressive spectacle lenses; projected capacitive touch sensors; projection keyboards; projection screens; projection screens for cinematographic films; projection screens for movie films; projectors for home theatre systems; projectors for the entertainment industry; protective body armor for dogs; protective boots for protection against accidents or injury; protective cases for cell phones; protective cases for cellular phones; protective cases for cellular telephones; protective cases for e-book readers; protective cases for electronic book readers; protective cases for mobile phones; protective cases for mobile telephones; protective cases for MP3 players; protective cases for personal digital assistants; protective cases for personal digital assistants [PDAs]; protective cases for smartphones; protective cases for tablet computers; protective clothing being body armor; protective clothing made from ballistic resistant materials; protective clothing with air-conditioning function by the integration of phase change cooling devices for cooling people, namely, vests for cooling surgeons, nurses and medical personnel; protective clothing, namely, heated garments in the nature of apparel consisting of carbon fiber which produces heat; protective covers and cases for tablet computers; protective covers for cell phones; protective covers for e-book readers; protective covers for electronic book readers; protective covers for smartphones; protective covers for tablet computers; protective ear covering shields; protective electrostatic discharge [ESD] grounding gloves; protective eyeglasses; protective face masks for the prevention of accident or injury; protective face-shields for protective helmets; protective films adapted for cellular phones; protective films adapted for computer screens; protective films adapted for mobile phones screen; protective films adapted for mobile telephone

screens; protective films adapted for screens for mobile phones; protective films adapted for screens for tablet computers; protective films adapted for smart phones; protective films adapted for smartphone lenses; protective films adapted for smartphone screens; protective films adapted for smartphones; protective films adapted for tablet computer screens; protective gloves specially adapted for moto competitions and races; protective goggles for animals; protective goggles for dogs; protective goggles for pets; protective goggles for sports; protective headgear, namely, hard hats; protective helmets for animals; protective helmets for bikers; protective helmets for boxing; protective helmets for cyclists; protective helmets for military use; protective helmets for motorcyclists; protective helmets for motorists; protective helmets for sports; protective industrial face shields; protective industrial respirators; protective industrial respiratory masks; protective lens covers for telescopic gun sights; protective metal gloves for meat cutting; protective rescue apparatus, namely, fire-resistant protective bags; protective rescue apparatus, namely, fire-resistant protective carriers; protective rescue apparatus, namely, fire-resistant protective enclosures; protective safety helmets for use on the job site; protective sheaths for fiber optical cables; protective sheaths for fibre optical cables; protective shells for cellphones; protective shells for e-book readers; protective shells for smartphones; protective shells for tablet computers; protective shoes for protection against accidents or injury; protective skins for smart phones; protective skins for tablet and laptop computers; protective spectacles; protective sports helmets; protective suits for aviators; protective visors for athletic use; protective work gloves; protocol translation network gateways; protractor gauges; proximity sensors; pseudo-dynamic random-access memory (PSDRAM) chips; pseudo-static random-access memory (PSRAM) chips; public address systems; public telephones; pull-through charging stations for electric vehicles; pulse generators for electronic revolution counters; pulse operated latching relays; punch clocks; punched card machines for offices; punched card office machines; push buttons for bells; pyrometers; QLED display panels; QLED displays; QLED screens; QLED televisions; quantum computers; quantum computing hardware; quantum dot light-emitting diode display panels; quantum dot light-emitting diode displays; quantum dot light-emitting diode screens; quantum dot light-emitting diode televisions; quantum dot light-emitting diodes [QLED]; quantum software development kits; quartz crystal oscillators; quartz glass thermometers; racing suits for protection against accident or injury; racks adapted for amplifiers; racks adapted for loudspeakers; radar; radar antennas; radar detectors; radar displays; radar guns for police work; radar guns for sporting events; radar receivers; radar receivers with amplifiers; radar transmitters; radars; radiation detectors; radiation protective clothing; radiation shields for electronic products; radio aerials; radio and television aerials; radio antennas; radio buoys; radio direction finders; radio frequency adapters; radio frequency adaptors; radio frequency amplifiers; radio frequency connectors; radio frequency generators for supplying radio-frequency energy; radio frequency mixers; radio frequency receivers; radio frequency repeaters; radio frequency transmitters; radio pagers; radio receivers; radio receivers and radio signal tuners; radio receivers and radio transmitters for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment; radio receivers and transmitters; radio receivers for remote controls; radio relay cables; radio sets; radio signal antennas; radio signal tuners; radio telephones; radio transceivers; radio transceivers for use in radio telephones; radio transmission towers; radio transmitters; radio transmitters and receivers; radio transmitters for remote controls; radio tuners; radio-clock; radio-controlled life buoys; radio-controlled lifebuoys; radio-frequency antennas; radio-frequency controlled locks; radio-frequency filters; radio-frequency identification (RFID) readers; radio-frequency identification [RFID] stickers; radio-frequency identification [RFID] tags; radio-frequency modulators; radio-frequency power meters; radio-frequency transmitters; radiometers; radiometers for use in research; radios; radios and telephones; radios for vehicles; radios incorporating alarm clocks; radios incorporating clocks;

radiotelegraphy sets; radiotelephones; radiotelephony sets; radon detectors; railway signals; rain gauges; RAM (random access memory) cards; random access memory [RAM] cards; random access memory cards; range finders for cameras; range finders for golf; rangefinders for golf; raster image processors; reach-in plant growth chambers for research purposes; reading devices for cards incorporating electronic chips; reading eyeglasses; reading glasses; reading spectacles; reagent bottles for laboratory use; rearview cameras for vehicles; rebreathers for diving; receivers for receiving cable television; receiving antennas for satellite broadcast; receptacles for contact lenses; receptacles for microscope slides; rechargeable batteries for portable computers; rechargeable batteries for electric vehicles; rechargeable batteries for mobile phones; rechargeable batteries for smart phones; rechargeable batteries for tablet computers; rechargeable electric storage batteries; rechargeable general purpose batteries; rechargeable lithium batteries; reclosers; record decks; record players; record players for digital compact disks; record players incorporating a compact disc player; record turntables; recorded and downloadable computer software for monitoring and managing patient medical records; recorded cards being encoded gift cards; recorded cards being magnetically encoded gift cards; recorded computer anti-virus software; recorded computer game programs; recorded computer gaming software for gambling; recorded computer operating programs; recorded programs for hand-held games with liquid crystal displays; recorded software for the redirection of electronic messages to alternate addresses; recorded tokens being encoded gift cards; recorded tokens being magnetically encoded gift cards; recorded video game programs; rectifier modules; rectifier tubes; rectifiers; redundant array of independent disks (RAID) controllers; reflective apparel and clothing for the prevention of accidents; reflective safety bands to be worn on the body; reflective safety vests; reflectors for microscopes; reflectors for photographing; reflectors for photography; reflectors for telescopes; reflectors for traffic signals; refractometers; refractors; refrigerant meters; refrigerant scales; refrigerator magnets; regulators for scuba diving; regulators for use in scuba diving; regulators for use in turbo engines in vehicles; regulators for use in VCRs; relays for radio and television stations; relays for radio and TV stations; release valves and switches for use in carbon dioxide fire suppression systems; remote circuit breaker control switch operators; remote control receivers; remote control starters for vehicles; remote control transmitters; remote controls for adjustable beds; remote controls for air-conditioning apparatus; remote controls for gas stoves and fireplaces; remote controls for massage chairs; remote controls for operating alarm systems; remote controls for operating vehicle alarms; remote controls for projectors; remote controls for radios; remote controls for stereos; remote controls for televisions; remote controls for video players, namely, cd players, dvd players and mp4 players; remote temperature sensors; remote training collars for animals; remotely controlled electrical plug and socket; remotely deployable spike strips used to stop cars by puncturing tires; remotely deployable spike strips used to stop cars by puncturing tyres; repeaters for radio and television stations; replacement ear pads for headphones; replacement lenses for eyeglasses; replacement lenses for spectacles; replacement mouse feet; rescue flares, non-explosive and non-pyrotechnic; rescue laser signalling flares; residual gas analyzers; resistance wires; resonators for motor vehicles; resonators for percussion instruments; resonators for stringed instruments; respirators for filtering air; respiratory mask filters; respiratory masks for the prevention of accident or injury; resuscitation mannequins; resuscitation training simulators; retinal cameras, other than for medical use; retinal imaging display device, namely, a device using image projection technology that focuses light onto the retina to create afterimages for the user; retorts; retorts' stands; reusable dispenser syringes for laboratory use; revolution counters; rheometers; rheostats; riding helmets; riding helmets for jockeys; rifle scopes; ring buoys for use in water rescue; ring gauges; ring lights for use in photography; ring sizers; riot shields; robotic arms for laboratory purposes; rocker switches; rods for water diviners; rotary converters; rotary encoders; rotary gas meters; rotating signaling lights; rotating signalling lights;

round plug connectors; routers with embedded network configuration software; rubber covered electrical wires; rubber-covered electrical wires; rugged computers; saccharometers; safety boots; safety bracelets with warning whistles attached; safety clothing for protection against accident or injury; safety contact plugs; safety covers for electrical sockets; safety devices, namely, crane load sensors for use in preventing overloading or turning over of construction cranes; safety equipment, namely, explosive containment vessel; safety flag for water sports; safety footwear for protection against accident or injury; safety glasses; safety goggles; safety harnesses; safety harnesses, other than for vehicles or sports purposes; safety helmets; safety life jackets; safety life jackets for dogs; safety markers; safety products, namely, reflective helmet skirts; safety restraints being fall protection equipment for fall restraint and fall arrest, other than sports equipment; safety signals, luminous or mechanical; safety valves for flow shutoff in well construction being solenoid valves; safety vests for water-skiing; safety vests incorporating airbags for fall protection; salinometers; sandglasses; satellite aerials; satellite antennas; satellite components, namely, feed horns; satellite dish covers; satellite dishes; satellite dishes for satellite transmissions; satellite finder meters; satellite navigation devices; satellite navigation systems; satellite phones; satellite processors; satellite radios; satellite receivers; satellite telephones; satellite transceivers; satellite transmitters; satellites; satellites for scientific purposes; scales with body mass analysers; scales with body mass analyzers; scanners for performing automotive diagnostics; scanning electron microscopes; scanning probe microscopes; scientific apparatus and instruments, namely, ultra-high vacuum chambers; scientific apparatus for determining the water content in petroleum products; scientific measuring instruments, namely, conductivity meters; scientific prisms; scintillation counters; scratch cards, electronic; screen filters for computers and televisions; screen protectors made of polyethylene terephthalate [PET] specially adapted for cameras; screen protectors made of polyethylene terephthalate [PET] specially adapted for cell phones; screen protectors made of polyethylene terephthalate [PET] specially adapted for computer screens; screen protectors made of polyethylene terephthalate [PET] specially adapted for e-readers; screen protectors made of polyethylene terephthalate [PET] specially adapted for laptop screens; screen protectors made of polyethylene terephthalate [PET] specially adapted for personal digital assistants; screen protectors made of polyethylene terephthalate [PET] specially adapted for portable media players; screen protectors made of polyethylene terephthalate [PET] specially adapted for smartphones; screen protectors made of polyethylene terephthalate [PET] specially adapted for smartwatches; screen protectors made of polyethylene terephthalate [PET] specially adapted for tablet screens; screen protectors made of polyethylene terephthalate [PET] specially adapted for time clocks; screen protectors made of polyethylene terephthalate [PET] specially adapted for wearable activity trackers; screen protectors made of tempered glass specially adapted for cameras; screen protectors made of tempered glass specially adapted for cell phones; screen protectors made of tempered glass specially adapted for computer screens; screen protectors made of tempered glass specially adapted for e-readers; screen protectors made of tempered glass specially adapted for laptop screens; screen protectors made of tempered glass specially adapted for personal digital assistants; screen protectors made of tempered glass specially adapted for portable media players; screen protectors made of tempered glass specially adapted for smartphones; screen protectors made of tempered glass specially adapted for smartwatches; screen protectors made of tempered glass specially adapted for tablet screens; screen protectors made of tempered glass specially adapted for time clocks; screen protectors made of tempered glass specially adapted for wearable activity trackers; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for cameras; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for cell phones; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for computer screens; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for e-readers; screen protectors made of

thermoplastic polyurethane [TPU] specially adapted for laptop screens; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for personal digital assistants; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for portable media players; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for smartphones; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for smartwatches; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for tablet screens; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for time clocks; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for wearable activity trackers; screen savers; screens for photoengraving; screensavers; screw-tapping gauges; screw-thread measuring machines and instruments; scuba diving compressed-air tanks; scuba diving goggles; scuba diving masks; scuba goggles; scuba masks; scuba snorkels; seam gauges; secure digital (SD) memory cards; secure digital [SD] card readers; secure microprocessors; secure terminals for electronic transactions; security cameras; security software; security surveillance robots; security systems for elevators; security tokens; seismic detectors; seismic exploration machines; seismographs; seismometer; self-acting focussing projectors; self-contained breathing apparatus [SCBA]; self-inflating evacuation slides; self-inflating life rafts; self-inflating life rafts adapted for hard-shelled canisters; self-timers for cameras; selfie lenses; selfie ring lights for smartphones; selfie stick; selfie sticks adapted for cellular phones; selfie sticks for mobile phones; selfie sticks for use with digital cameras; selfie sticks for use with smartphones; selfie sticks used as smartphone accessories; semi-circle protractors; semi-conductor chips; semi-conductor wafers; semi-conductors; semiconductor chip housings; semiconductor chips; semiconductor diodes; semiconductor integrated circuits; semiconductor lead frames; semiconductor memory devices being computer memories; semiconductor power elements; semiconductor transistors; semiconductor wafers; semiconductors; sensitized microfilms, exposed; sensors for determining acceleration; sensors for determining position; sensors for determining temperature; sensors for determining velocity; sensors for tracking projectiles in flight; separation funnels for laboratory use; servo-systems for flowmeters; set squares being measuring instruments; set-top boxes; setting ring gauges; sextants; shaped electric outlet covers; shaped electrical outlet plates; sheaths for electric cables; shells and covers for cellular phones; shells and covers for laptops; shells for tablet computers; shield cases for magnetic disks; shoe covers for protection against accidents or injury; shoes for protection against accidents; shoes for protection against accidents and fire; shoes for protection against accidents, irradiation and fire; shoes for protection against fire; shoes for protection against irradiation; short range radios; short-range radios; shutter releases for cameras; shutter releases for photography; shutters for cameras; shutters for photography; side guards for eyeglasses; side guards for spectacles; side shields for eyeglasses; side shields for spectacles; sighting telescopes for firearms; signal amplifiers; signal bells; signal lanterns; signal mirrors; signal processors; signalling buoys; signalling panels, luminous or mechanical; signalling whistles; silicon anodes for lithium batteries; silicon carbide diodes; silicon chips; silicon epitaxial wafers; silicon wafers; silicon wafers for integrated circuits; silicone nose pads for spectacles; simulators for the steering and control of vehicles; simultaneous interpretation receivers; simultaneous interpretation systems; single-board computers; single-crystal silicon wafers; single-use cameras; sirens; sirens for vehicles; skateboard helmets; skateboarding helmets; ski glasses; ski goggles; ski helmets; skin diving masks; skin moisture analyzers, not for medical purposes; sleeves for electric cables; sleeves for laptops; sleeves for record albums; slide boxes; slide calipers; slide film; slide film mounts; slide projectors; slide rules; slide-rules; sliding bevels; sliding squares being measuring instruments; slowpitch pitchers' helmets; small business accounting software; smart bracelets; smart card readers; smart chargers for electric vehicles; smart glasses; smart home hubs; smart necklaces; smart phones; smart printers; smart rings; smart speakers; smart tactile switches; smart terminals; smart watches; smart wristbands that communicate data to other

electronic devices; smart wristbands that communicate data to smartphones; smartglasses; smartphone mounts; smartphone screen magnifiers; smartphone straps; smartphones; smartphones in the shape of a watch; smartwatch bands; smartwatch straps; smartwatches; smartwatches incorporating electronic game functions; smartwatches incorporating telecommunication functions; smartwatches specially adapted for individuals who are deaf; smartwatches specially adapted for individuals who are hard of hearing; smartwatches that communicate data to personal digital assistants [PDAs]; smoke alarm testers; smoke alarms; smoke and combination smoke and carbon monoxide alarms; smoke breathing hoods with filter against toxic gases and particles; smoke breathing masks with filter against toxic gases and particles; smoke detectors; smoke hoods; snap gauges; snorkels; snow goggles; snowboarding helmets; socks for protection against accidents, irradiation and fire; softball helmets; software and mobile application for emergency call management; software application for smartphones to allow users to access their interactive banking services, debit card services; software applications for mobile devices for monitoring and managing patient medical information; software as a medical device [SaMD], downloadable, for adjusting infusion pump settings based on personalized patient data; software as a medical device [SaMD], downloadable, for analyzing heart rate data; software as a medical device [SaMD], downloadable, for detecting interrupted breathing during sleep and alerting the sleeper; software as a medical device [SaMD], downloadable, for measuring and displaying the electrical signal produced by the heart; software as a medical device [SaMD], downloadable, for the diagnosis of balance disorders by recording, viewing, or analyzing eye movements; software as a medical device [SaMD], downloadable, for tracking physical changes of skin moles to determine the risk of melanoma; software as a medical device [SaMD], downloadable, for use as electrocardiographs; software for accessing and searching online databases and websites; software for administrative processing of storage, packaging, delivery and transportation of goods; software for authenticating the identity of a payer; software for cloud infrastructure management and automation; software for computer aided design CAD; software for computer aided mechanical design; software for creating photo slide shows; software for creating virtual picture frames; software for creating virtual reality games; software for cryptocurrency exchange; software for dosimetry purposes in the field of radiotherapy; software for ensuring the security of electronic mail; software for environmental monitoring of user sleep environments in relation to ambient temperature and noise; software for facilitating secure credit card transactions; software for GPS navigation systems; software for operating computer games; software for operating laser altimeters; software for optical character recognition; software for playing video games; software for processing credit and debit card payments; software for processing digital images of the anatomy for diagnosis and treatment; software for processing electronic bill payments; software for processing images, graphics and text; software for providing online trading platform for digital assets; software for route planning and driver assistance; software for satellite navigation systems; software for the creation of digital infrastructure for use by autonomous vehicles; software for the integration of artificial intelligence and machine learning in the field of Big Data; software for the management of a data center network; software for the management of electric vehicle charging stations; software for the operation of a data center network; software for the remote control, monitoring and command of home appliances; software for use in the evaluation and analysis of data utilizing computational linguistics; software for use in the evaluation and analysis of data utilizing machine learning; software in the field of human resources management; software to control and improve audio equipment sound quality; software to facilitate design, sale and installation of alternative energy systems including solar power systems; soil moisture meters; solar batteries; solar cells; solar cells and panels for electricity generation; solar panels and solar energy collectors for the production of electricity; solar panels for the production of electricity; solar power towers; solar wafers; solar-powered battery chargers; solar-powered

rechargeable batteries; solderers' helmets; solenoid valves; solenoid-actuated valves; solenoid-operated valves; solid phase extraction cartridges for laboratory use; solid state drives; solid-state video recorders; sonar; sonar equipment and parts thereof; sonars; sound amplifiers; sound bars; sound cards; sound effects pedals for musical instruments; sound filters made of cloth, for radio apparatus; sound level meters; sound masking loudspeakers; sound mixers; sound mixers with integrated amplifiers; sound processors; sound projectors; sound projectors and amplifiers; sound recordings in the form of cassettes; sound recordings in the form of discs; sound recordings in the form of gramophone records; sound recordings in the form of phonograph records; sound recordings in the form of records; sound recordings in the form of tapes; soundbars; sounding leads; sounding lines; space blankets; space probes; space suits; spaghetti measurers; spark plug feeler gauges; spark plug gap gauges; spark-guards; speaker enclosures; speaker mounting brackets; speaker systems consisting of loudspeakers and cabinets for use with loudspeakers; speakerphones being telephones with speaker and microphone; speakers for computers; speakers for portable media players; speaking tubes; special bags for carrying mobile phones; special clothing for use in laboratories; specially adapted parts for fuel cell power generation modules for automobiles; specially adapted parts for hydrogen electrolyzers; spectacle cases; spectacle chains; spectacle cords; spectacle frames; spectacle frames made of metal; spectacle frames made of plastic; spectacle holders; spectacle lanyards; spectacle lens blanks; spectacle lenses; spectacle lenses with anti-reflective coating; spectacle nose pads; Spectacle temples; spectacles; spectacles and sunglasses; spectacles, spectacle frames and spectacle cases; spectacles, sunglasses, eyeglasses, lenses, frames, cases for spectacles, parts and fittings for all the aforesaid goods; spectrograph apparatus; spectrophotometers; spectrophotometers for laboratory use; spectroscopes; spectroscopes for laboratory use; spectrum analyzers; speech analytics software; speech and voice recognition software; speech recognition software; speech-to-text conversion software; speed guns for recording velocity of ball pitches; speed limiters for limiting automobile engine speed; speed meters; speed regulators for record players; speedometer testers; speedometers; speedometers for vehicles; spherometers; spirit level indicators; spirit levels; spirit measures; splices for electrical transmission lines; spools for cameras; spools for photography; sport whistles; sports eyewear; sports glasses; sports goggles; sports helmets; sports training apparatus featuring electronic sensors and software to analyze bat swings and electronically display results; sports whistles; spotting scopes; sprinkler heads for fire sprinklers; sprinkler systems for fire protection; sprinkler valve wiring hubs, including both computerized and non-computerized units; spyglasses; square rulers for measuring; squares for measuring; stab proof vests; stage lighting regulators; stand-off explosives and chemical detection system; stands adapted for laptops; stands adapted for mobile phones; stands adapted for stereos and audio speakers; stands adapted for tablet computers; stands adapted for tablet PCs; stands adapted for tablets; stands for computer equipment; stands for mobile phones; stands for use with operating microscopes; starter cables for motors; starters for electric lights; starters for fluorescent lamps; static electricity eliminators; static exciters; static power converters; static random-access memory [SRAM] modules; static voltage regulators; steel masts for aerials; steel-toe boots; steelyard; steelyard balances; steelyards; step counter; step down transformers; step up transformers; step-down transformers; step-up transformers; stereo amplifiers; stereo cables; stereo headphones; stereo headsets; stereo microscopes; stereo receivers; stereo speakers; stereo tuners; stereo zoom microscopes; stereomicroscopes; stereoscopes; stereoscopic equipment for 3D viewing; sterilizers for laboratory use; still cameras; stills cameras; stills for laboratory experiments; storage containers adapted for compact discs; storage wallets adapted for compact discs; straightedges; strain gauges; straps for cameras; straps for cellular phones; straps for mobile phones; straps for sunglasses; strobe flash units; stroboscopes; structured semi-conductor wafers; studio strobe flash; styli for record players; stylus pens for use with touch-screens; sub-woofers; subscriber

identification module (SIM) card; subscription boxes comprised of protective cases for mobile phones, protective cases for tablets, cases adapted for computers, measuring cups, measuring spoons, downloadable applications for mobile phones and computers to edit photographs, sunglasses, sunglass cases; subwoofers; subwoofers for vehicles; suits of armor; sulfimeters; sulphimeters; sump alarms responsive to rising water levels in a sump; sun glasses; sunglass cases; sunglass chains and cords; sunglass cords; sunglass lenses; sunglass temples; sunglasses; sunglasses and optical lenses; sunglasses and spectacles; sunglasses cases; sunglasses for animals; sunglasses for dogs; sunglasses for pets; sunshine recorders; super luminescent laser diodes; supercapacitors for energy storage; supercomputers; superminicomputers; support belts for workers; surface acoustic wave sensors; surface roughness testing machines and instruments; surge protectors; surge protectors and power strips; surgical microscopes; surveying chains; surveying compass needles; surveying instruments; surveyor's levels; surveyors' levels; survival blankets; survival blankets being thermal blankets for retaining body heat; survival blankets being thermal blankets for retaining body heat against hypothermia; survival kits comprising primarily radios and signalling whistles; survival kits comprising primarily survival suits and blankets; survival suits; swim floats for safety purposes; swim goggles; swim masks; swimming face masks; swimming goggles; swimming pool alarms; switchboards; T-squares for measuring; tablet computer; tablet computers; tablet monitors; tablet PCs; tachographs; tachometers; tactical video recorders [TVR]; tactile screens; talking books; tape and videotape players; tape cartridges; tape drives; tape measures; tape recorders; tape recorders and players; tax management software; tax preparation software; taximeters; teaching apparatus in the nature of hairdressing training heads; telecameras; telecommunications circuit board units; telecommunications multiplexers; telecommunications switchboards; telecommunications switching systems; telecopiers; telecopying equipment; telegraph wires; telemeters; telephone adapters; telephone answering machines; telephone cables; telephone call screening and blocking device; telephone connectors; telephone equipment, namely, caller identification boxes; telephone headsets; telephone receivers; telephone recorders; telephone sets; telephone sets with screen and keyboard; telephone smart cards; telephone switchboards; telephone terminals; telephone transmitters; telephone wires; telephones; telephoto lenses for cameras; telepresence robots; telepresence robots for guiding visitors in airports; telepresence robots for guiding visitors in exhibitions; telepresence robots for guiding visitors in fairs; telepresence robots for guiding visitors in museums; telepresence robots for guiding visitors in railway stations; telepresence robots for use in corporate offices; telepresence robots for use in hospitals; telepresence robots for use in medical clinics; telepresence robots for use in schools; teleprinters; teleprompters; telescopes; telescopic bow sights for archery; telescopic inspection mirrors for automotive use; telescopic lens sights; telescopic riflescopes; telescopic sights; telescopic sights for artillery; telescopic sights for firearms; telescopic sights for guns; teletypewriters; television aerials; television cameras; television converters; television decoder; television decoders; television monitors; television receivers; television screen protectors in the nature of acrylic shields to be mounted over television screens; television sets; television transmitters; television tuners; televisions; televisions and video recorders; televisions for projection purposes; temperature gauges; temperature indicator labels for dishwashers; temperature indicator labels, not for medical purposes; temperature indicators; temperature meters for household purposes; temperature meters for industrial purposes; temperature meters for scientific use; temperature monitors for household purposes; temperature monitors for industrial purposes; temperature monitors for scientific purposes; temperature sensors; temperature transmitters; tempered glass screen protectors adapted for portable electronic devices other than gaming apparatus; temples for sunglasses; tension testers; terminal blocks; terminal connectors for telecommunication lines; terminals for electronically processing credit card payments; terminals for radiotelephones; test adapters for testing printed circuit boards;

test pins for testing printed circuit boards; test stations for fuel cells; test tubes; test tubes for laboratory use; test weights for scales; testers for axle clearance; textile testing machines; theater glasses; theatre glasses; theft alarms; theodolites; thermal cameras; thermal clothing specifically adapted for protection against accidents, injury, irradiation and fire; thermal copiers; thermal imaging cameras; thermal overload relays; thermal printers; thermal scanners; thermal sensors; thermally activated manually resettable fire safety valves; thermionic tubes; thermionic valves; thermionic valves for radios; thermistors; thermo-hygrometers; thermocouples; thermometers for laboratory use; thermopile infrared digital sensors; thermopile infrared sensors; thermopile infrared temperature sensors; thermosensitive temperature indicator strips; thermostats; thermostats for vehicle engines; thermostats for vehicles; thickness gauges; thin client computers; thin film speakers; Thin Film Transistor-Liquid Crystal Display (TFT-LCD) panels; thread counters; threaded cable connectors of metal; threaded electrical cable connectors; three dimensional (3d) scanners; three dimensional movement based computer systems for vehicle security and safety; three-dimensional scanners; thyristors; ticket cancelling machines; ticket dispensers; ticket printers; ticket validation mechanisms for automatic gates; tilting heads for cameras; time and date stamping machines; time clocks; time lapse digital cameras for viewing plant growth; time switches; time switches, automatic; timer switches; timer that may be attached to a prescription vial cap for reminding persons to take medicine; timing discs; timing sensors; tinted spectacle lenses with anti-reflective coating; tire balancing machines for land vehicles; tire pressure gauges; tire tread depth gauges; tone arms for record players; toner cartridges, unfilled, for facsimile machines; toner cartridges, unfilled, for photocopiers; toner cartridges, unfilled, for printers; toner cartridges, unfilled, for printers and photocopiers; toolmakers' microscopes; torque meters; torsion testers; totalizers; touch pads; touch pads for computers; touch panels; touch screen monitors; touch screen pens; touch screens; touch sensitive display and control screens; touch sensitive electronic screens; touch sensitive switches; touchpads for computers; touchscreen monitors; touchscreen sensors; touchscreens for personal digital assistants [PDAs]; touchscreens for smartphones; tour guide audio equipment for group tours; tour guide audio equipment for individual tours; tour guide audio equipment for remote excursions; tour guide audio equipment for synchronized and simultaneous translation; tour guide electronic equipment for synchronized and simultaneous translation; toy cameras capable of taking a photograph; toy walkie-talkies capable of transmitting and receiving communications; toy walkie-talkies with communications capability; track ball input devices; track balls; trackball input devices; trackballs; traffic cones; traffic control lights; traffic lights; traffic-light signaling devices; trail cameras; transceivers; transducers that utilize ultrasonic oscillations to test for stress and fatigue in metal and metal structures; transducers that utilize ultrasonic oscillations to treat and reduce stress and fatigue of metals and metal structures; transistor outline package; transistor outline package with integrated infrared windows; transistor outline package with integrated lens; transistor outline package with integrated surface mount devices; transistor radios; transistors; transits for surveying; transmission electron microscopes; transmultiplexers; transparencies for use in photography; transparency projection apparatus; transponders; triangles for laboratory use; triodes; trip unit for circuit breakers; tripods for cameras; tripods for surveying apparatus; tripods for surveying machines; tripods for telescopes; trousers for protection against accidents, irradiation and fire; truck scales; turbine control systems comprising electronic sensors and related software; turbine flow meters; turntable slipmats; turntables being parts of microscopes; TV cameras; TV monitors; TV sets; tweeters; two-way radios; typeface fonts recorded on magnetic media; tyre tread depth gauges; tyre-pressure measurers; ultra high definition televisions; ultracapacitors for energy storage; ultrashort pulse lasers for spectroscopy; ultrasonic detectors; ultrasonic flaw detectors; ultrasonic level transmitters; ultrasonic object detectors for use on vehicles; ultrasonic sensors; ultrasonic thickness gauges; ultrasound flaw detectors, not for medical purposes; ultrasound probes, not for

medical use; umpires' helmets; umpires' protective helmets; underwater breathing apparatus; underwater cameras; underwater enclosures for photographic flash units; underwater power cables; uninterruptible power supplies; uninterruptible power supply apparatus; universal disc players; universal disturbance analyzers; universal serial bus [USB] cables; universal serial bus [USB] hardware; universal serial bus [USB] modems; universal serial bus [USB] operating software; unmounted spectacle frames; urinometers; urinometers, not for medical purposes; USB (universal serial bus) operating software; USB adapters; USB cables; USB cables for cellular phones; USB cables for mobile phones; USB card readers; USB cards; USB chargers; USB chargers for electronic devices that are used for heating tobacco; USB computer access control key; USB computer security key; usb data cables; USB dongles being wireless network adapters; USB flash drives; USB hubs; USB port cards; USB web keys; USB web keys for automatically launching pre-programmed website URLs; usb wireless routers; utility programs for performing computer system diagnostics; vacuum distillation apparatus for laboratory use; vacuum distillation columns for laboratory use; vacuum gauges; vacuum tube characteristic testers; vacuum tubes for radios; valve position indicators; varifocal eyeglass lenses; varifocal eyeglasses; varifocal spectacle lenses; variometers; varistors; vehicle breakdown warning lamps; vehicle breakdown warning lamps, other than parts of vehicles; vehicle breakdown warning triangles; vehicle climate controls; vehicle dipsticks; vehicle drive training simulators; vehicle driving simulators for training purposes; vehicle locating devices; vehicle locating systems; vehicle locator and recovery device programmed to use global positioning systems [GPS] and cellular telecommunications; vehicle mounted GPS sensor for determining the rate of motion for a vehicle; vehicle parking meters; vehicle radios; vehicle safety equipment, namely, an on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle; vehicle safety equipment, namely, back-up sensors and cameras; vehicle safety equipment, namely, electronic deer alerts; vehicle security systems; vehicle stereos; vehicle tracking devices; vehicle tracking systems; vehicle wheel alignment machines; velocity sensors; verniers; vertical levels; vials for laboratory use; vibrating alarms as reminders to take medication; vibrating spatulas for laboratory purposes; vibrating spatulas for scientific purposes; vibration dampeners for electronic audio equipment; vibration meters; vibration sensors; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video accelerators; video and computer game programs; video baby monitors; video cable adapters; video cables; video camera cases; video camera covers; video camera stands; video cameras; video cameras for analyzing golf swing; video cameras for broadcasting; video cards; video cassette players; video cassette recorders; video cassette recorders and players; video cassettes; video circuit boards; video compact disc players; video digitizers; video disc players; video disk players; video disks and video tapes with recorded animated cartoons; video disks with recorded animated cartoons; video display terminals; video display units; video editing software; video films; video frequency amplifiers; video game cartridges; video game cartridges and cassettes; video game cassettes; video game discs; video game programs; video game software; video game software for game machines; video game tape cassettes; video games; video games and downloadable video game software; video games on disc; video mixers; video mixing desks; video monitor controllers; video monitor controllers for machine tools; video monitors; video multiplexers; video phones; video printers; video processors; video processors for microscopes; video projectors; video receivers; video recorders; video recorders for automobiles; video recorders for cars; video screens; video servers; video surveillance cameras; video surveillance systems; video tape players; video tape recorders; video tape recorders for video cassettes; video tape recordings; video tape recordings featuring recorded films; video tapes with recorded animated cartoons; video telephones; video terminals for machine tools; video terminals for thermoformers; video transmitters; video-telephones; video-telephones; videocameras; videocameras;

videocassette recorders; videocassette recorders; videocassettes containing comedy performances; videocassettes containing comedy performances; videocassettes containing concerts, songs and music, and musical performances; videocassettes containing concerts, songs and music, and musical performances; videocassettes containing documentaries; videocassettes containing documentaries; videocassettes containing motion pictures; videocassettes containing motion pictures; videocassettes containing video and audio recordings of television programs; videocassettes containing video and audio recordings of television programs; videodisc players; videodisc players; videodiscs recorded with animated cartoons; videodiscs recorded with animated cartoons; videogame engine software; videogame engine software; videophones; videophones; videorecorders; videorecorders; videotape recorders; videotape recorders; videotapes and video disks recorded with animation; videotapes and video disks recorded with animation; videotapes and videodiscs recorded with animation; videotapes and videodiscs recorded with animation; videotapes recorded with animated cartoons; videotapes recorded with animated cartoons; vidicons; vidicons; view cameras; view cameras; viewfinders for cameras; viewfinders for cameras; viewphones; viewphones; vinyl pressed records; vinyl pressed records; vinyl records; vinyl records; virtual assistant software; virtual assistant software; virtual classroom software in the field of materials science; virtual classroom software in the field of materials science; virtual classroom software in the fields of mechanical engineering, chemical engineering and electrical engineering; virtual classroom software in the fields of mechanical engineering, chemical engineering and electrical engineering; virtual private network [VPN] hardware; virtual private network [VPN] hardware; virtual private network [VPN] operating software; virtual private network [VPN] operating software; virtual reality computer game programs; virtual reality computer game programs; virtual reality computer game software; virtual reality computer game software; virtual reality computer games for use on tablet computers; virtual reality computer games for use on tablet computers; virtual reality computer games for use on cellular phones; virtual reality computer games for use on cellular phones; virtual reality computer games for use on mobile phones; virtual reality computer games for use on mobile phones; virtual reality computer games for use on notebook computers; virtual reality computer games for use on notebook computers; virtual reality computer games for use on personal computers; virtual reality computer games for use on personal computers; virtual reality computer games for use on smart phones; virtual reality computer games for use on smart phones; virtual reality game software; virtual reality game software; virtual reality games; virtual reality games; virtual reality glasses; virtual reality glasses; virtual reality goggles; virtual reality goggles; virtual reality head-mounted video displays for use in playing video games; virtual reality head-mounted video displays for use in playing video games; virtual reality headsets; virtual reality headsets; virtual reality headsets adapted for use in playing video games; virtual reality headsets adapted for use in playing video games; virtual reality headsets and helmets adapted for use in playing video games; virtual reality headsets and helmets adapted for use in playing video games; virtual reality software for cinematography; virtual reality software for cinematography; virtual reality software for doctors to perform test surgery; virtual reality software for doctors to perform test surgery; virtual reality software for education in the field of materials science; virtual reality software for education in the field of materials science; virtual reality software for education in the fields of mechanical engineering, chemical engineering and electrical engineering; virtual reality software for education in the fields of mechanical engineering, chemical engineering and electrical engineering; virtual reality software for medical teaching; virtual reality software for medical teaching; virtual reality software for meditation classes; virtual reality software for meditation classes; virtual reality software for movie special effects; virtual reality software for movie special effects; virtual reality software for pilot training; virtual reality software for pilot training; virtual reality software for playing computer games; virtual reality software for playing computer games; virtual reality software for simulating golf game; virtual reality software for simulating golf game;

virtual reality software for simulating motor racing for the instruction and training of motor racing drivers; virtual reality software for simulating motor racing for the instruction and training of motor racing drivers; virtual reality training simulation software in the field of air traffic control; virtual reality training simulation software in the field of air traffic control; virtual reality training simulation software in the field of aviation; virtual reality training simulation software in the field of aviation; virtual reality training simulation software in the field of cinematography; virtual reality training simulation software in the field of cinematography; virtual reality training simulation software in the field of information technology; virtual reality training simulation software in the field of information technology; virtual reality training simulation software in the field of security; virtual reality training simulation software in the field of security; virtualization software for the creation of a virtual computer operating software for data migration; virtualization software for the creation of a virtual computer operating software for data migration; viscosimeters; viscosimeters; visors for helmets; visors for helmets; visual telephones; visual telephones; voice over internet protocol (VOIP) phone adapter; voice over internet protocol (VOIP) phone adapter; voice recognition software; voice recognition software; voip phones; voip phones; VoIP telephones; VoIP telephones; voltage converters; voltage converters; voltage detectors; voltage detectors; voltage dividers; voltage dividers; voltage limiters; voltage limiters; voltage monitor modules; voltage monitor modules; voltage monitoring units; voltage monitoring units; voltage multipliers; voltage multipliers; voltage regulators; voltage regulators; voltage regulators for electric power; voltage regulators for electric power; voltage regulators for vehicles; voltage regulators for vehicles; voltage stabilizers; voltage stabilizers; voltage stabilizing power supply; voltage stabilizing power supply; voltage surge protectors; voltage surge protectors; voltage surge suppressors; voltage surge suppressors; voltage testers; voltage testers; voltage-to-current converters; voltage-to-current converters; voltmeters; voltmeters; volume control pedals; volume control pedals; voting machines; voting machines; VPN (virtual private network) operating software; VPN (virtual private network) operating software; wafer surface defect inspection tools; wafer surface defect inspection tools; wafers for integrated circuits; wafers for integrated circuits; wafers for solar cells; wafers for solar cells; wah pedals for guitars; wah pedals for guitars; wah-wah pedals; wah-wah pedals; wah-wah pedals for guitars; wah-wah pedals for guitars; walk-in plant growth chambers for research purposes; walk-in plant growth chambers for research purposes; walkie-talkies; walkie-talkies; wan (wide area network) operating software; wan (wide area network) operating software; warning bells; warning bells; warning flags; warning flags; warning lights, namely, flashing beacons; warning lights, namely, flashing beacons; warning lights, namely, beacons; warning lights, namely, beacons; warning streamers; warning streamers; warning triangles; warning triangles; warning triangles for road safety; warning triangles for road safety; washing trays for photography; washing trays for photography; watch batteries; watch batteries; watches that communicate data to smartphones; watches that communicate data to smartphones; watchmakers loupes; watchmakers loupes; watchmakers' magnifying glasses; watchmakers' magnifying glasses; water activity meters; water activity meters; water electrolytic cells; water electrolytic cells; water electrolyzers; water electrolyzers; water level gauges; water level gauges; water level indicators; water level indicators; water level indicators for vehicles; water level indicators for vehicles; water level sensors; water level sensors; water meters; water meters; water ski safety vests; water ski safety vests; water temperature gauges; water temperature gauges; waterproof camera cases; waterproof camera cases; waterproof cases adapted for cameras; waterproof cases adapted for cameras; waterproof cases for smart phones; waterproof cases for smart phones; waterproof cases for smartphones; waterproof cases for smartphones; waterproof survival suits for the prevention of drowning; waterproof survival suits for the prevention of drowning; wattmeters; wattmeters; wave meters adapted for use with microwaves; wave meters adapted for use with microwaves; waveguides being telecommunications components; waveguides being

telecommunications components; waveguides for high power beam delivery; waveguides for high power beam delivery; waveguides for high-power beam delivery; waveguides for high-power beam delivery; wavelength division multiplexers; wavelength division multiplexers; wavemeters; wavemeters; wearable activity tracker; wearable activity tracker; wearable activity trackers; wearable activity trackers; wearable activity trackers for use during sport activities; wearable activity trackers for use during sport activities; wearable activity trackers with heart rate monitoring function; wearable activity trackers with heart rate monitoring function; wearable activity trackers with pulse rate monitoring pulse function; wearable activity trackers with pulse rate monitoring pulse function; wearable cameras; wearable cameras; wearable smartphones; wearable smartphones; wearable speakers; wearable speakers; wearable video display monitors; wearable video display monitors; weather balloons; weather balloons; weather protecting housings specifically adapted for cameras; weather protecting housings specifically adapted for cameras; web camera; web camera; web cameras; web cameras; web site development software; web site development software; webcams; webcams; website development software; website development software; weighbridges; weighbridges; weighing scales for cargo handling purposes; weighing scales for cargo handling purposes; weighing scales for medical purposes; weighing scales for medical purposes; weighing scales for medical use; weighing scales for medical use; weight belts for divers; weight belts for divers; weight belts for scuba diving; weight belts for scuba diving; weights for use with weighing scales; weights for use with weighing scales; welding aprons; welding aprons; welding goggles; welding goggles; welding helmets; welding helmets; welding masks; welding masks; welding transformers; welding transformers; wet suits for scuba diving; wet suits for scuba diving; wheel alignment gauges; wheel alignment gauges; wheel alignment machines; wheel alignment machines; wheel alignment measuring apparatus, namely, roll test stands; wheel alignment measuring apparatus, namely, roll test stands; wheel alignment meters; wheel alignment meters; wheel balancing machines; wheel balancing machines; wheel pulse generator actuators; wheel pulse generator actuators; wheel speed sensors; wheel speed sensors; whistle alarms; whistle alarms; whistles; whistles; wide angle lenses for cameras; wide angle lenses for cameras; wide area network (WAN) routers; wide area network (WAN) routers; wide area network [WAN] hardware; wide area network [WAN] hardware; wide area network [WAN] operating software; wide area network [WAN] operating software; wind pressure gauges; wind pressure gauges; wind sleeves in the form of wind -direction indicators; wind sleeves in the form of wind -direction indicators; wind socks for indicating wind direction; wind socks for indicating wind direction; wind socks for indicating wind direction and intensity; wind socks for indicating wind direction and intensity; wind-direction indicators; wind-direction indicators; window alarms; window alarms; windsocks; windsocks; windsocks for indicating wind direction; windsocks for indicating wind direction; wire connectors; wire connectors; wire diameter measuring devices; wire diameter measuring devices; wireless audio speakers; wireless audio speakers; wireless charging mouse pads; wireless charging mouse pads; wireless charging pads for smartphones; wireless charging pads for smartphones; wireless charging stands for smartphones; wireless charging stands for smartphones; wireless charging stations for electric vehicles; wireless charging stations for electric vehicles; wireless computer mice; wireless computer mice; wireless computer mice; wireless computer mice; wireless controllers to remotely monitor and control the function and status of security systems; wireless controllers to remotely monitor and control the function and status of security systems; wireless device for transmitting electronic data being earbuds; wireless device for transmitting electronic data being earbuds; wireless devices being electronic item finders; wireless devices being electronic item finders; wireless devices being electronic item locators; wireless devices being electronic item locators; wireless devices being electronic peer-to-peer bag finders; wireless devices being electronic peer-to-peer bag finders; wireless devices being electronic peer-to-peer bag locators; wireless devices being electronic peer-to-peer bag locators;

wireless devices being electronic peer-to-peer key finders; wireless devices being electronic peer-to-peer key finders; wireless devices being electronic peer-to-peer mobile phone finders; wireless devices being electronic peer-to-peer mobile phone finders; wireless devices being electronic peer-to-peer wallet finders; wireless devices being electronic peer-to-peer wallet finders; wireless devices being electronic peer-to-peer wallet locators; wireless devices being electronic peer-to-peer wallet locators; wireless devices being electronic radio-based item finders; wireless devices being electronic radio-based item finders; wireless devices being electronic radio-based item locators; wireless devices being electronic radio-based item locators; wireless ear buds; wireless ear buds; wireless earphones; wireless earphones; wireless earphones for smartphones; wireless earphones for smartphones; wireless electronic door bells; wireless electronic door bells; wireless headphones; wireless headphones; wireless headphones with built-in radio; wireless headphones with built-in radio; wireless headsets; wireless headsets; wireless headsets for smartphones; wireless headsets for smartphones; wireless headsets for tablet computers; wireless headsets for tablet computers; wireless headsets for use with cellular phones; wireless headsets for use with cellular phones; wireless headsets for use with cellular telephones; wireless headsets for use with cellular telephones; wireless headsets for use with mobile phones; wireless headsets for use with mobile phones; wireless headsets for use with smartphones; wireless headsets for use with smartphones; wireless indoor and outdoor speakers; wireless indoor and outdoor speakers; wireless remote temperature and humidity monitors for building maintenance; wireless remote temperature and humidity monitors for building maintenance; wireless routers; wireless routers; wireless security cameras; wireless security cameras; wireless speaker microphones; wireless speaker microphones; wireless speakers; wireless speakers; wireless switch controllers for the distribution of filtered water through faucets; wireless switch controllers for the distribution of filtered water through faucets; wireless switch system for controlling distribution of filtered water through faucets; wireless switch system for controlling distribution of filtered water through faucets; wireless telephones; wireless telephones; wireless transceiver radio; wireless transceiver radio; wireless weather stations; wireless weather stations; wires, electric; wires, electric; woofers; woofers; word processing equipment; word processing equipment; word processors; word processors; work clothing for protection against accident or injury; work clothing for protection against accident or injury; workmen's protective face-shields; workmen's protective face-shields; workmen's safety harnesses being fall protection equipment for fall restraint and fall arrest; workmen's safety harnesses being fall protection equipment for fall restraint and fall arrest; wrist pads; wrist pads; wrist rest pads for keyboards; wrist rest pads for keyboards; wrist rests; wrist rests; wrist rests for computer keyboards; wrist rests for computer keyboards; wrist rests for computer mouse users; wrist rests for computer mouse users; wrist rests for use with computer keyboards; wrist rests for use with computer keyboards; wrist rests for use with computer peripherals; wrist rests for use with computer peripherals; wrist rests for use with computers; wrist rests for use with computers; wrist-mounted smartphones; wrist-mounted smartphones; wristwatches featuring a cellphone and display screen for viewing, sending and recording text messages and emails; wristwatches featuring a cellphone and display screen for viewing, sending and recording text messages and emails; x-ray apparatus for crystallography; x-ray apparatus for crystallography; x-ray apparatus for detecting moisture in building material; x-ray apparatus for detecting moisture in building material; x-ray apparatus for screening luggage at airports; x-ray apparatus for screening luggage at airports; X-ray films, exposed; X-ray films, exposed; X-ray fluorescence analyzers; X-ray fluorescence analyzers; X-ray security screening machines; X-ray security screening machines; x-ray tubes for airport luggage scanners; x-ray tubes for airport luggage scanners; x-ray tubes for neutralization; x-ray tubes for neutralization; X-Y plotters; X-Y plotters; xerographic printers; xerographic printers; yardsticks; yardsticks; zenith telescopes; zenith telescopes; zone plate antennas; zone plate antennas; zoom lenses for cameras; zoom lenses for

cameras; zoom microscopes; zoom microscopes
