Trademarks Journal

2021-06-02 — Vol. 68 No. 3475

Trademarks Journal

Vol. 68 No. 3475

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

APPLICANT AND AGENT DETAILS**Applicant**

Fortum Corporation
Keilaniementie 1
02150 Espoo
FINLAND

Agent

ANDREWS ROBICHAUD
1673 Carling Avenue, Suite 215, Ottawa,
ONTARIO, K2A1C4

TRADEMARK DETAILS**FORTUM****Trademark Type**

Standard Characters

Goods**Class 01**

(1) Fuels and illuminants, namely, uranium.

Class 04

(2) Fuels and illuminants, namely, natural gas, coal, biomass, biofuel, fuel oil, peat briquettes, waste-derived fuels and bio-oil fuel; gases, carbons, biofuels such as wood charcoal; pyrolysis oil; biogas.

Class 06

(3) Oil heating apparatus, electrical heating apparatus, gas heating apparatus, and central heating apparatus, namely, ducts of metal for central heating installations.

Class 09

(4) Equipment for storage of energy, namely electrochemical accumulators for the storage and transmission of electrical power, general purpose and industrial batteries, fuel cells; electrical apparatus and instruments used in connection with storage of energy, namely, general purpose and industrial battery re-chargers; equipment for power conditioning and power conversion, namely, electric power converters; general purpose and industrial electric storage batteries; electrical apparatus and instruments related to customers consumption of energy, namely remote and automatic energy consumption meters.

Class 11

(5) Oil heating apparatus, electrical heating apparatus, gas heating apparatus, and central heating apparatus, namely, residential and industrial furnaces for central heating installations; furnaces, ducts, pumps, boilers and burners all used in connection with generating power in power plants; power plant burners; power plants; nuclear power plants.

Services**Class 35**

(1) Auctioneering on the Internet; business projecting and planning services relating to equipment for telecommunication; database management for online databases containing information of the energy industry and energy intensive industry; retail sale of electricity; on-line database management services, namely the search, retrieval, indexing and organization of user defined data in electronic communication networks and enhancing the performance and function of such networks.

Class 36

(2) Arranging of electronic credit card commercial transactions for others: electronic commerce payment services, namely establishing funded accounts used to purchase goods and services on the Internet: Internet financial services, namely, the operations as an electronic commercial platform that allows credit card transactions via the Internet: electronic transfer and dissemination of funds via computer networks.

Class 37

(3) Installation of electrical apparatus, namely, installation of electrical power generators and installation of power transmission networks; installation and repair of heating and cooling equipment and central heating radiators, boilers, furnaces, and pipes; installation of energy meters and computer hardware and monitors for remote reading of energy consumption; construction and maintenance of power plants for the production of energy, namely electricity, heat and coolants; regulation, repair and maintenance of oil-burners; building construction.

Class 38

(4) Providing telecommunications connections to the Internet, namely, providing Internet access; services relating to electronic communications networks and electronic databases, namely providing telecommunications access and links to computer networks, to the Internet and to computer databases in the field energy production, transmission, distribution, trading and use of energy in the form of electricity, heat and coolants; providing access to the Internet; leasing access to online databases containing information of the energy industry and energy intensive industry.

Class 39

(5) Services relating to distribution of electricity, namely transmission of electricity; transmission of gas through pipelines; public utility services in the form of electricity distribution; distribution of natural gas; distribution of reserve power, natural gas, pressurized air and pressurized water.

Class 40

(6) Production of electricity: production of electricity in the form of heat: production of coolants: municipal waste processing, namely decontamination of waste: incineration of waste; operation of power plants.

Class 42

(7) Consulting, research and development, and design advisory services in the field of energy production, transmission, distribution, trading and use of energy in the form of electricity, heat and coolants; computer software consultancy; services and consultations in the field of remote and automatic measurements of customer energy consumption; testing services in the field of production, transmission and distribution of energy for the purpose of certification; computer network design services for others; consultancy, design, testing, technological research and advisory services, all in the field of computer hardware, computer programming and global computer networks; website design services; computer programming; hosting of websites; compilation, analysis and retrieval of user defined data and information in the field energy production, transmission, distribution, trading and use of energy in the form of electricity, heat and

coolants; computer help-line services and technical support services in the field of computer software, computer networks and the Internet, namely, troubleshooting of computer programs; information, consultancy and advisory services in the field energy production, transmission, distribution, trading and use of energy in the form of electricity, heat and coolants; rental of computers and computer hardware; leasing of computer networks; provision of information via computer networks in the field energy production, transmission, distribution, trading and use of energy in the form of electricity, heat and coolants.

Class 45

(8) Legal advisory services in the field of energy production, transmission, distribution, trading and use of energy in the form of electricity, heat and coolants; environmental protection services in the field of energy industry, namely reviewing standards and practices to assure compliance with environmental laws.

Goods

Class 01

(1) unprocessed and semi-processed materials of metal, not specified for use, namely alkaline metals

Class 06

(2) wheel clamps; empty tool boxes of metal, empty tool chests of metal; tool handles of metal;
(3) building and construction materials and elements of metal, namely, metal structural beams, building boards of metal, building panels of metal, linings of metal for building purposes, metal reinforcement materials for building; metal hardware, namely, badges of metal for vehicles, chains of metal, locks of metal for vehicles doors, namely, armored doors of metal, doors of metal, doors and windows of metal; metal safety doors, metal sliding doors, sliding doors of metal; gates, namely, iron gates, metal gates, security gates of metal, windows, namely, metal windows, sash windows of metal, casement windows of metal; fittings of metal for windows; ironwork for windows; metal window shutters; structures and transportable buildings of metal, namely, sheds; statues and works of art of common metals; containers of metal for transport, packaging containers of metal, industrial packaging containers of metal; common metals and their alloys; railway material of metal, namely, materials of metal for railway construction and metal for railway tracks; cables and wires of metal, non-electric, namely, steel wire rope; ironmongery and small items of metal hardware, namely, hardware springs, hardware nails, metal hardware for luggage, metal hardware for mountaineering equipment, clamps, namely, cable clamps of metal, metal hose clamps, pipe clamps of metal, wheel clamps, and screws, nails, bolts and nuts; badges of metal for vehicles, locks of metal for vehicles, metal license plates, signboards of metal, namely, non-luminous, non-mechanical road signs of metal, non-luminous and non-mechanical road signs of metal, and nonluminous traffic signs of metal; tubes of metal, namely, ground tubes of steel; safes; ores; metal foil; ducts of metal for ventilating and air conditioning installations; building materials of metal, namely, flashing of metal for building, metal partitions for building, metal pillars for building, metal slabs for building, metal reinforcement materials for building, steel frames for building, steel angles for use in building construction, and wall tiles of metal for building; building boards of metal, building panels of metal, cladding of metal for construction and building, linings of metal for building purposes, metal reinforcement materials for building; materials of metal for funicular

railway permanent ways; steel wire; binding screws of metal for cables; shims; chests of metal; cattle chains; rods of metal for brazing and welding; anchors; handcuffs; weather vanes of metal; wind vanes of metal; tree protectors of metal; traps for wild animals; bronzes for tombstones;

Class 07

(4) plastics working machines, namely, extrusion machines for plastic, injection plastic molding machines, machines for molding plastics; machines for production, repair and dismantling of land and water vehicles for the chemical industry, for agriculture, for mining, for the textile industry, for the food industry, for the beverage industry, for the construction industry, for the packaging industry, namely, hoists and car lifts, namely, automotive hoists, electric and pneumatic hoists, hydraulic hoists, car lifts, automotive parking lifts, hydraulic lift tables, truck lifts, power-operated lifts for moving, parking and storing land vehicles, and vehicle tire dismantling machines, namely, automatic tire removing and installing machines, power-operated tire removing and installing machines machine tools for the automotive industry; metalworking machines, namely, bending machines, boring machines, broaching machines, cutting machines, drilling machines, grinding machines, honing machines, hydraulic presses, lapping machines, mechanical presses, milling machines, perforating machines, planning machines, punching presses, shaping machines, shearing machines, slotting machines, welding machines; electric screw driver; air brushes for applying paint; welding machines, electric;

(5) earthmoving and construction machines, namely, excavators, backhoes, bulldozers, dump trucks and concrete construction machines; oil and gas extraction and mining equipment, namely, oil well boring machines; motors used in industrial applications; power tool motors; boat motors; electric motors for machines; motor parts for motors of all kinds, namely, pumps and compressors as parts of motors, connecting rods for motors; parts for electric motors of all kinds, namely, pumps and compressors as parts of motors, connecting rods for motors; diesel engine, namely, diesel airplane engines, diesel boat engines, diesel engines for concrete mixers, and diesel engines for industrial machinery; glow plugs for Diesel engines; generic machine parts, namely transmissions, drive shafts and differentials, namely, transmissions for industrial machinery, transmissions for machines, power transmissions and gearing for machines, power transmission belts for machines, power transmission belts for industrial machinery, power transmission belts for machines, motors and engines used in industrial applications, transmission belts for machines, transmission gears for industrial machinery, transmission shafts for boats, shaft couplings; gasoline engine (not for land vehicles), namely, boat engines, steam engines, engines for industrial machinery; pumps, compressors and fans for motors; alternating current servo motors; industrial robots; vehicle oil pump, namely, hydraulic pumps, engine fuel pumps, self-regulating fuel pumps; machine lubricators for pneumatic tools and compressors, namely, machines for dispensing lubrication for pneumatic tools and compressors; clutches other than for land vehicles, namely, clutches for industrial machinery; machine transmissions, except for land vehicles, namely, power transmissions and gearing for machines; machine couplings and transmission components; moving and handling equipment, namely, hydraulic lift tables; generators of electricity; machines and machine tools for treatment of materials and for manufacturing, namely, inert gas welding machines, milling and grinding machines for the treatment of ceramics and metal; machines, namely vending machines; refueling system, namely, fuel dispensing pumps for service stations; fuel and fluid filling and suction systems, namely, fuel dispensing pumps for service stations, vacuum pumps, engine fuel pumps, gas pumps, pneumatic pumps, hydraulic pumps, reciprocating vacuum pumps; Industrial floor sweepers, vacuums, namely, industrial vacuum cleaners, floor cleaning machines, carpet cleaning machines, robotic vacuum cleaners, and steam cleaning machines; stationary cleaning machines for parts and tools for use in workshops and factories, namely, stationary cleaning machines for automotive engines, stationary

cleaning machines for motor vehicle parts, cleaning machines for hand tools; agricultural machines and implements, namely, balers, cultivators, equipment for seeding, irrigation equipment, land fertilizing equipment, plows, reaper machines, seed planting machines; shredders for industrial use; motorized lawn mowers; wind turbines; automatic vending machines; woodworking machines, namely, sanding machines for woodworking, woodworking saw-tooth setting machines; papermaking machines, namely, grinders, rollers, presses, dryers and rollers; printing machines for use on sheet metal; sizing machines; mechanical tea making equipment, namely, tea processing machines; sausage machines; bottle washing machines; cigarette machines for industrial purposes; leather-working machines, namely, leather paring machines and leather tanning machines; bicycle assembling machines, namely, machines for cutting, welding, polishing and assembling parts of bicycles; potters' wheels; engraving machines; enamel production machinery, namely, paint mixers; mixing machines, namely, fodder mixing machines, paint mixing machines, rubber mixing machines; washing machines; glass working machines, namely, drilling machines, grinding machines, edging and polishing machines, glass saws; vehicle washing machines; puddling machines; oil refining machines; industrial agitators for mixing fluids; jacks, namely, power-operated jacks, hydraulic jacks, electric jacks; foundry machines, namely, continuous casting machines; steam engines; electric and hand-held drills, namely, electrical drills, hand-held drills, electric hand-held drills; air filters for engines; Pneumatic door closers;

(6) refueling system, namely, fuel dispensing pumps for service stations;

Class 09

(7) Onboard and off board diagnostic and testing equipment for motor vehicle systems comprised of computer hardware, firmware and software for conducting onboard and off board diagnostics and testing of motor vehicles, interface boards for computers, interface cards for computers, network interface cards, Computer hardware, software and firmware for diagnostics and testing of motor vehicles, Test instrument boxes, namely, electronic diagnostic tools for use in diagnostic testing and real-time data retrieval from computer systems integrated into automobiles, Battery chargers, namely, automotive battery chargers, battery chargers for cell phones, battery chargers for electronic cigarettes, battery chargers for use with telephones, camera battery chargers, cell phone battery chargers for use in vehicles, Modular test instrument modules, namely, battery testers, circuit testers, continuity testers, microhardness testers, ductility testers, probes for testing integrated circuits, probes for testing semi-conductors, Voltage input and output meters, Multi-meter function calibrators and calibration units for use with motor vehicles, namely, electrical current and voltage calibrators, calibrators for thermal conductivity sensors, thermal conductivity measuring equipment, and electronic gas calibrators, Oscilloscopes, Fuel and fluid filling and suction systems, namely, fuel dispensing pumps for service stations, vacuum pumps, vacuum distillation columns for laboratory use, Wireless communication and interface systems with vehicles, namely, electronic interface modules sold as an integral part of automobiles for wired and wireless interfacing with cell phones, electrical systems of motor vehicles and computer software, transmitters, receivers, and network interface devices and for integrating, managing and providing driver access to functions of cell phones, electrical systems of motor vehicles, and computer software, transmitters, receivers, and network interface devices, Information storage units for storing motor vehicle diagnostic information, namely, disk drives for computers, hard disc drives, magnetic tape drives, optical disc drives, solid state drives, DVD drives, cd-rom drives

(14) computer hardware and software of diagnostic testing of land and water vehicles; automobile maintenance equipment, namely, computer hardware and software for providing diagnostic details of automobiles, wheel balancing machines, vehicle battery chargers; oil and gas well downhole survey and measurement equipment; machines, namely onboard and off board diagnostic and testing equipment for motor vehicle systems comprised of computer hardware, firmware and

software for conducting onboard and off board diagnostics and testing of motor vehicle systems, interface boards for computers, interface cards for computers, network interface cards, and computer hardware; battery chargers, namely, automotive battery chargers, battery chargers for cell phones, battery chargers for electronic cigarettes, battery chargers for use with telephones, camera battery chargers, cell phone battery chargers for use in vehicles; modular test instrument modules, namely, battery testers, circuit testers, continuity testers, microhardness testers, ductility testers, probes for testing integrated circuits, probes for testing semiconductors; voltage input and output meters; multi-meter function calibrators and calibration units, namely, electrical current and voltage calibrators, calibrators for thermal conductivity sensors and thermal conductivity measuring equipment, electronic gas calibrators; wireless communication and interface systems with vehicles, namely, electronic interface modules sold as an integral part of automobiles for wired and wireless interface of, and for integrating, managing, and providing driver access to functions of, cell phones, digital information systems, and electrical systems of vehicles; information storage units for vehicle diagnostic information, namely, disk drives for computers, hard disc drives, magnetic tape drives, optical disc drives, solid state drives, DVD drives, cd-rom drives; test instrument boxes, namely, electronic diagnostic tools for use in diagnostic testing and live data retrieval for computerized automobile systems;

Class 11

(8) machines and machine tools for treatment of materials and for manufacturing, namely, ovens and furnaces used in thermal treatment of materials, namely, gas generating furnaces for industrial purposes, heat treating furnaces, heating furnaces for industrial purposes, hot blast furnaces for industrial purposes, electric furnaces for industrial purposes, carbonizing furnaces for industrial purposes, soaking pit furnaces for industrial purposes; superheaters for steam boilers, namely, steam superheaters for boilers for industrial purposes; heat pumps,

Class 12

(9) earthmoving and construction machines, namely, dump trucks; gas engines, namely, automobile engines; hydraulic engines and motors for automobiles; moving and handling equipment, namely, dollies, workshop trolleys; automobile engines, powertrains for motor vehicles and automobile powertrains, and generic machine parts, namely transmissions, drive shafts and differentials, namely, transmissions for land vehicles, transmissions for motor vehicles, transmission belts for land vehicles, transmission chains for land vehicles, transmission mechanisms for land vehicles, transmission shafts for land vehicles, shaft couplings for land vehicles, drive gears, drive belts, axles and cardan shaft for motor vehicles, automotive differentials and differentials for motor vehicles; mixing machines, namely, concrete mixing vehicles; windows, namely, car windows, windows for vehicles,

Class 14

(10) unprocessed and semi-processed materials of metal, not specified for use, namely alloys of precious metal;

Class 19

(11) plastic doors, fibreglass windows, plastic windows,

Class 20

(12) equipment trollies, namely, movable wheeled tool cabinets made of metal and moveable wheeled storage cabinets made of metal

Class 21

(13) boot jacks

Services**Class 37**

Repair services, namely, repair, dismantling, and maintenance of vehicles, Vehicle station services, namely, cleaning, repairing, maintenance, varnishing, polishing and servicing of motor vehicles, Emergency road side assistance, Automobile body shop services including motor vehicle detailing, motor vehicle painting and motor vehicle finishing, Conversion, repair, renovation, refit and maintenance of vehicles and auto body repair services, Maintenance and repair of vehicles, customized carrying out of alterations on body, chassis and motor of motor vehicles [tuning], namely, auto body repair services, automobile body shop services, automobile reconditioning services, automobile salvage, custom installation of automobile interiors, motor vehicle cleaning services, motor vehicle detailing services, motor vehicle finishing services, motor vehicle painting, motor vehicle lubricating services, motor vehicle greasing services, and motor vehicle undercoating services, Varnishing of vehicles, namely, motor vehicle detailing services, motor vehicle finishing services, and motor vehicle painting, Vehicle polishing, Anti-rust treatment for vehicles, Vehicle maintenance, Vehicle cleaning services, Retreading of tires, Maintenance, cleaning and boiler repair and burners, namely, boiler cleaning and repair, repair and maintenance of boilers, and burner maintenance and repair, Repair information, namely, providing information pertaining to automobile construction, repair and maintenance and providing information on repair services in the automobile sector, Construction information, namely, information concerning rental of equipment for building construction, information pertaining to automobile construction, repair and maintenance, providing automobile construction, repair and maintenance information, Installation of doors and windows, Quarrying services, Installation, maintenance and machinery repair, namely, installation, maintenance and repair of air conditioners, installation, maintenance and repair of heating equipment, and installation, maintenance and repair of electrical and generating machinery, Shipbuilding, Photographic apparatus repair, namely, repair and maintenance of photographic laboratory machines, repair and maintenance of cameras, Clock and watch repair, Repair of locks, Rustproofing, Furniture maintenance, Leather care, cleaning and repair, Disinfecting, namely, building disinfecting, carpet disinfecting services, swimming pool disinfecting services, and well disinfecting services, Burglar alarm installation and repair, Advice and consultancy in the fields of all of the aforesaid services

Colour Claim

Colour is claimed as a feature of the trademark. Colour is claimed as a feature of the trade-mark. The color(s) purple is/are claimed as a feature of the mark. The mark consists of a representation of a purple planet with a darker purple ring around it, with a circle on the ring.

Goods

Class 09

Computer software for providing initiation, distribution, delivery and response tracking of public emergency and mass crisis notifications regarding natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions to users via personal communication devices, namely, smart phones, cell phones, telephones, video phones, computers, Personal Digital Assistants (PDAs) and public mass communication devices, namely, public broadcast systems, comprising, loudspeakers, television broadcasts, radio broadcast, Internet broadcasts, mass email distribution, telecommunications and global computer networks; computer software that enables the exchange of information and collaboration processes amongst organizations and people during public emergency and mass crisis events relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires,

terrorist attacks, health hazards, health emergencies and facility intrusions; computer software for the purposes of collecting data concerning public emergency and mass crisis events, namely, natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; computer software for monitoring and providing mass notification services for managing public emergency and mass crisis and business critical situations and improving crisis communications capability relating to public emergency and mass crisis events, namely, natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; computer software for the transmission of mass crisis and public emergency notification and information via personal communication devices, namely, smart phones, cell phones, telephones, video phones, computers, Personal Digital Assistants (PDAs) and public mass communication devices, namely, public broadcast systems, comprising, loudspeakers, television broadcasts, radio broadcast, Internet broadcasts, mass email distribution, telecommunications and global computer networks; computer software for managing and analyzing data feeds and data inputs in the field of crisis reporting, communication and management regarding natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; computer software supporting loading data from personnel directories; computer software supporting managing organization directories and connections across organizations for the purpose of connecting them and facilitating collaboration before, during and after public emergencies and mass crisis events, namely, natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; software for locating personnel for security and safety purposes using a global positioning system, and user self-reporting; software for electronically monitoring, detecting and reporting on fire alarms, facility intrusion alarms, security alarms, medical emergency alarms, dangerous weather, natural disasters, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; computer software for facilitating communication between organizations and individuals before, during and after public emergency and mass crisis events relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions via personal communication devices, namely, smart phones, cell phones, telephones, video phones, computers, Personal Digital Assistants (PDAs) and public mass communication devices, namely, public broadcast systems, comprising, loudspeakers, television broadcasts, radio broadcast, Internet broadcasts, mass email distribution, telecommunications and global computer networks; desktop software applications to provide desktop notifications capturing user attention with audio-visual signals, allowing users to confirm, respond to notification or receive additional information relates to notification; computer hardware

Services

Class 35

(1) Advisory services in the field of crisis communication;

Class 38

(2) Providing electronic message alerts via personal communication devices, namely, smart phones, cell phones, telephones, video phones, computers, Personal Digital Assistants (PDAs) and public mass communication devices, namely, public broadcast systems, comprising, loudspeakers, television broadcasts, radio broadcast, Internet broadcasts, mass email distribution,

telecommunications and global computer networks to deliver emergency notifications and facilitate collaboration amongst individuals and organizations before, during and after public emergency and mass crisis events relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; telecommunications services, namely, electronic transmission of data and digital messaging before, during and after public emergency and mass crisis events relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions, namely, enabling users and organizations to electronically transmit messages, text, multimedia content, videos, audio, animation and images via personal communication devices, namely, smart phones, cell phones, telephones, video phones, computers, Personal Digital Assistants (PDAs) and public mass communication devices, namely, public broadcast systems, comprising, loudspeakers, television broadcasts, radio broadcast, Internet broadcasts, mass email distribution, telecommunications and global computer networks; providing multiple user access to interactive databases through web sites on a global computer network to manage, administrate and use crisis communication capabilities; providing telecommunication connectivity services for transfer of messages, audio, visual, and information before, during and after public emergency and mass crisis events relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions

Class 42

(3) Design and development of crisis communication systems; engineering and systems analysis in the field of crisis communication systems; online system management services that allow users to remotely view, monitor, program, operate and control crisis communication systems; research in the field of crisis communication technology; testing of crisis communication systems; cloud computing featuring software for providing communication before, during and after public emergency and mass crisis events relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions via personal communication devices, namely, smart phones, cell phones, telephones, video phones, computers, Personal Digital Assistants (PDAs) and public mass communication devices, namely, public broadcast systems, comprising, loudspeakers, television broadcasts, radio broadcast, Internet broadcasts, mass email distribution, telecommunications and global computer networks; computer services, namely, integration of private and public cloud computing environments for providing communication before, during and after public emergency and mass crisis events relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; computer services, namely, cloud hosting provider services for crisis communication; computer services, namely, installation of software for private cloud computing for crisis communication; consulting services in the field of cloud computing for crisis communication; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, invite other organizations to the community and engage collaboration in the field of public emergency and mass crisis events communication and management relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; software as a service (SAAS) services featuring software for use in sending, receiving, confirming and responding to alerts, messages, and notifications and collecting information in the field of crisis communication and management; software as a service (SAAS) services, namely,

hosting software for use by others for use in sending, receiving, confirming and responding to alerts, messages, and notifications in the field of crisis communication and management

Class 45

(4) Assisting in the locating of personnel for security and safety purposes using a global positioning system and other locating means, namely, self-user reporting; computerized crisis communication services, namely, electronically monitoring, detecting and reporting on fire alarms, facility intrusion alarms, security alarms, medical emergency alarms, dangerous weather, natural disasters, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions; consultancy services in the field public emergency and mass crisis events communication and management relating to natural disasters, severe weather, floods, industrial accidents, transportation systems disasters, mass power outages, fires, terrorist attacks, health hazards, health emergencies and facility intrusions

Goods

Class 09

Electronic and electromechanical devices and instruments, namely, electronic directional compasses, inertial sensors for altitude and direction reference, underwater acoustic sensors, inertial navigation systems, namely, accelerometers, gyroscopes, magnetometers, and computers, electronic computer display screens, computer monitors and LCD monitors, touch screens, flat panel displays, liquid crystal displays, electronic computers, keyboards, trackballs and mice, and mounting racks for electronic computer display screens, computer monitors and LCD monitors, touch screens, flat panel displays, and liquid crystal displays; electronic detection and monitoring devices for use in underwater applications, namely, sonobuoys and hydrophones; submarine detection and monitoring systems comprised of sonobuoys.

Services

Class 35

(1) Business administration and organization consulting and management services in the field of supply chain logistics, reverse logistics, supply chain management, production systems, namely, design and testing of new products for others, distribution solutions, namely, transportation,

storage and delivery of goods for others by air, rail, ship and truck, product labels, tags and packaging, export compliance for determining compliance with regulatory standards, and environmental sustainability.

Class 37

(2) Custom repairing, refurbishing, and replacing of the electronic and electromechanical equipment, and instruments of others namely, electronic directional compasses, inertial sensors for altitude and direction reference, underwater acoustic sensors, inertial navigation systems, namely, accelerometers, gyroscopes, magnetometers, and computers, electronic computer display screens, computer monitors and LCD monitors, touch screens, flat panel displays, liquid crystal displays, electronic computers, keyboards, trackballs and mice, mounting racks for electronic displays and instruments, sonobuoys and hydrophones, submarine detection and monitoring systems comprised of sonobuoys, and products for underwater acoustics and microelectromechanical ('MEMS')-based inertial measurement for use in the fields of medicine, biotechnology, military defence, and aerospace, custom repairing, refurbishing, and replacing of the electronic and electromechanical equipment, instruments, and components of others for use in the fields of industry and commerce, namely, aftermarket repairer and refurbisher of circuit card assemblies, circuit card sub-assemblies, cable and wire harnesses, and the aforementioned electronic and electromechanical equipment of others, and consultation provided with all of the aforesaid services

Class 40

(3) Custom manufacturing of electronic and electromechanical equipment and instruments for others, namely, electronic directional compasses, inertial sensors for altitude and direction reference, underwater acoustic sensors, inertial navigation systems, namely, accelerometers, gyroscopes, magnetometers, and computers, electronic computer display screens, computer monitors and LCD monitors, touch screens, flat panel displays, liquid crystal displays, electronic computers, keyboards, trackballs and mice, mounting racks for electronic displays and instruments, sonobuoys and hydrophones, submarine detection and monitoring systems comprised of sonobuoys, and products for underwater acoustics and microelectromechanical ('MEMS')-based inertial measurement; contract manufacturing of electronic and electromechanical equipment and instruments for others, namely, electronic directional compasses, inertial sensors for altitude and direction reference, underwater acoustic sensors, inertial navigation systems, namely, accelerometers, gyroscopes, magnetometers, and computers, electronic computer display screens, computer monitors and LCD monitors, touch screens, flat panel displays, liquid crystal displays, electronic computers, keyboards, trackballs and mice, mounting racks for electronic displays and instruments, sonobuoys and hydrophones, submarine detection and monitoring systems comprised of sonobuoys, and products for underwater acoustics and microelectromechanical ('MEMS')-based inertial measurement; prototype fabrication of electronic and electromechanical equipment and instruments for others, namely, electronic directional compasses, inertial sensors for altitude and direction reference, underwater acoustic sensors, inertial navigation systems, namely, accelerometers, gyroscopes, magnetometers, and computers, electronic computer display screens, computer monitors and LCD monitors, touch screens, flat panel displays, liquid crystal displays, electronic computers, keyboards, trackballs and mice, mounting racks for electronic displays and instruments, sonobuoys and hydrophones, submarine detection and monitoring systems comprised of sonobuoys, and products for underwater acoustics and microelectromechanical ('MEMS')-based inertial measurement in the fields of medicine, biotechnology, military defence, and aerospace, and consultation provided with all of the aforesaid services.

Class 42

(4) Product development namely research and development of new product prototypes for others; design, testing, analysis, and evaluation of new products and their development for others; software and firmware engineering, mechanical engineering, electrical and electromechanical engineering, engineering services for product design, product manufacturing, and industrial engineering; engineering analysis in the fields of medicine, biotechnology, military defence, and aerospace; engineering analysis in the fields of industry and commerce, namely, electronic and electromechanical equipment; engineering modeling in the fields of medicine, biotechnology, military defence, and aerospace; engineering modeling in the fields of industry and commerce, namely, electronic and electromechanical equipment; providing computerized simulations for others based on engineering analysis in the fields of medicine, biotechnology, military defence, and aerospace; providing computerized simulations for others based on engineering analysis in the fields of industry and commerce, namely, electronic and electromechanical equipment; testing, analysis, and evaluation of products of others for the purpose of determining conformity with certification standards; testing, analysis, and evaluation of products of others to ensure compliance with standards set forth by governmental regulatory agencies, computer software design, and consultation provided with all of the aforesaid services; computer software maintenance.

(2) Printed advertisements and marketing materials for others, namely, newspaper inserts, retail advertising inserts, and advertising circulars; printed reference guides, course lessons and lesson outlines, instructional and teaching material in the form of course timetables, case studies, lesson plans, class projects, written articles, handouts and worksheets all in the fields of mathematics, English, literature, science, social studies and history, physical and social sciences, technology, arts and humanities, business and accounting, computer science, reading, writing, medicine, engineering, law, history, computer science, and languages; series of educational books on a wide variety of academic and educational subjects covered in kindergarten through post-secondary education; printed publications, namely, fiction and non-fiction books on a variety of topics, magazines on a variety of topics, catalogs featuring a variety of consumer goods and directories of information on businesses and individuals in the nature of classified directories; educational books; publications, namely, combined printed books with a CD-ROM in the fields of royalty-free artworks

for use in design and hobby activities; series of arts and crafts design resource books; series of books with flashcards in a variety of academic and educational fields; series of children's activity books; series of graphic design resource books; series of needlework design pattern books; series of printed educational charts dealing with different subjects directed at persons seeking to review the important concepts of those subjects; coloring books

Services

Class 35

(1) Services in this class provided to publishers, merchandisers and retailers to fulfill their needs in the fields of print and/or digital content, namely, management and compilation of computerized databases; supply chain management services in the field of print and digital publishing; administrative processing of purchase orders; computer database management services, namely, providing a pre-media database publishing service that enables customers to centrally manage, coordinate, store, and segment their corporate information for output to unique and variable versions in electronic and print formats; distribution of advertising materials for others; mailing list preparation; Business management consultation and business management services, namely, managing and administering non-core functions, namely, mailing and shipping, data tracking and analytics information services; customer relationship management and consultation to analyze customer interactions and improve customer relationship; data processing services namely secretarial and clerical services; inventory management in the field of educational software, business management software; inventory management namely supply chain management services; outsourcing of document and book printing services; outsource service provider in the field of business operations and business management for operating and assisting in the operation of a distribution center or warehouse facility containing paper and consumer products, printed documents and advertising material of others; commercial and specialty printing project management services on or off-site for others; database management; business administration assistance services, namely, outsource service provider in the field of business operations for facilities management of technical operations of a distribution warehouse; return management services, namely, management of customer returned merchandise; business consultation in the field of digital asset management and management of printed and electronic materials; business consulting and management services in the field of inventory control and warehousing; logistics management and order fulfillment services in the field of electronic printing of books and manuals, stationery, and advertising matter for others and custom printing on consumer good of others; project management services for others for business purposes in the field of publishing; computerized on-line procurement of contracts for the purchase of goods of others, namely, purchasing printed and digital matter directly from a publisher in the quantities and formats desired by a customer; computerized on-line retail store services in the field of printed and downloadable royalty-free artworks for use in design and hobby activities; computer database management services, namely, providing a premedia database publishing service that enables customers to centrally manage, coordinate, store, and segment their corporate information for output to unique and variable versions in electronic and print formats; electronic tax filing services; duplication of library material and third-party electronic publications; layout services for advertising purposes; copying of documents for others

Class 38

(2) Services in this class provided to publishers, merchandisers and retailers to fulfill their needs in the fields of print and/or digital content, namely, providing access to web sites on the Internet; email transmission services for sending messages, photos, third-party graphic illustrations, and third-party schematics via the Internet; electronic filing services, namely electronic transmission of

tax and accounting data and documents via computer terminals; provision of online access to computer software for preparing and filing tax returns

Class 39

(3) Services in this class provided to publishers, merchandisers and retailers to fulfill their needs in the fields of print and/or digital content, namely, logistic services, namely, storage, transportation and delivery of printed materials and related goods for others by air, rail, ship or truck; transport of printed materials and related goods by truck, air, mail order, train and ship; warehouse storage of printed materials and related goods; product co-palletization and co-binding services for transportation purposes, namely, packaging of articles for transportation; merchandise packaging of printed materials and related articles to the order and specification of others; logistics management in the field of shipping catalogs and magazines on behalf of businesses and publishers; transportation logistics, namely, arrangement of shipment of printed materials for others; logistics management in the field of printing

Class 40

(4) Letterpress printing of print and digital content for publishers, merchandisers and retailers; digital printing services; digital on-demand printing of books and other documents; photographic printing; photographic retouching; document binding services for others, namely, collating, folding, stapling, perforating, cutting, and binding of printed, photocopied, and typewritten materials; paper finishing; catalog finishing services, namely, custom manufacture of paper catalogs including binding, stitching, personalization, tabbing, blow-in cards, tip-on cards, multi-covers, dot whack, shrink wrapping, and poly bagging for catalogs; custom manufacture of printed publications and custom production of electronic publications, namely, digital printing of electronic publications to the order and specification of others; assembly of printed products for others namely prospectuses, annual reports, fund reports, shareholder documents, investor disclosures, fact sheets, newsletters, and brochures; photoengraving services; rotogravure services; photogravure services; photocomposition services; lithographic printing; typesetting; pre-press services, namely, electronic typesetting, typeset alteration, reformatting and retouching of artwork, graphic images, photographs, and graphic designs; photographic enlarging services, photographic film development services, photographic finishing services, photographic printing services, photographic processing services

Class 41

(5) Services in this class provided to publishers, merchandisers and retailers to fulfill their needs in the fields of print and/or digital content, namely, online electronic publishing, namely, publishing of electronic publications; publishing of electronic publications; publishing of textbooks, books, magazines, periodicals, journals, handbooks, catalogues, reviews, booklets, pamphlets, brochures, newsletters, newspapers; desktop publishing for others; editorial consultation; digital imaging services; on-line digital imaging services used for the purpose of viewing, reviewing, and editing digital images; photographic composition services, photographic computer imaging services; photography; photo editing; written text editing; digital multimedia desktop publishing services in the nature of providing electronic versions of the print version format of magazines and publications of others; electronic desktop publishing of customized textbooks and training materials online automatically prepared and formatted for printing; educational services, namely, providing online courses of instruction in conjunction with educational books in the fields of physical and social sciences, languages, mathematics, scientific, technology, arts and humanities, business management, accounting, computer science and writing; providing online non-downloadable electronic books on financial, legal and business topics

Class 42

(6) Services in this class provided to publishers, merchandisers and retailers to fulfill their needs in the fields of print and/or digital content, namely, design and development of computer software; developing customized web pages for others and data feed formats, namely, custom mobile applications, audio-visual presentations, and search engines for marketing purposes, all featuring user-defined information; computer services, namely, designing and implementing websites for others; graphic art, graphic layout, and graphic print design; consulting in the field of graphic arts; hosting a website featuring technology that gives computer users the ability to simultaneously upload, create, and edit documents, printed publications, online publications, photographs, and advertisements; conversion of print materials into digital format; document data transfer from one computer format to another; conversion of data or documents from physical to electronic media; conversion of data or documents from electronic to physical media; providing temporary use of on-line non-downloadable software for expediting the production processes for print and electronic media by allowing multiple users in varied geographical locations fast, secure, and easy access to view, track, manage, retrieve, share, manipulate, edit, and revise digital content specifically graphic designs, photographs, concept drawings, advertisements, copy, and pages over a worldwide computer network; providing temporary use of on-line non-downloadable software for expediting the production processes of third-party print and electronic media by allowing multiple users to view, track, manage, retrieve, share, manipulate, edit, and revise business schedules, personal contact information, employment status, and project plans in the field of the production of graphic art content specifically graphic designs, photographs, concept drawings, advertisements, copy, and pages for users of graphic art production services over a worldwide computer network; providing temporary use of non-downloadable software that streamlines and organizes the process of catalog design which allows for user collaboration, and software that streamlines and organizes the production of retail inserts for others via a global computer network; providing temporary use of non-downloadable software that streamlines, organizes, stores, and tracks graphic design job orders and allows for users to collaborate with other graphic artists via a global computer network; providing temporary use of on-line non-downloadable software that creates master templates of third-party product images, font, and pricing information from content servers in order to automate the layout and composition of structured and non-structured catalogs, circulars, and flyers; providing temporary use of on-line nondownloadable software for multiple users in varied geographical locations that allow color photography images to be tracked and viewed for the purpose of making joint improvements and commentary on said images in real-time over a worldwide computer network; providing temporary use of on-line nondownloadable software for multiple users to track and view their electronic content namely color images, document pages, concept drawings and written text for the purpose of improving, sharing and editing their content in real-time with highly accurate color representations over a worldwide computer network; website design for others; providing temporary use of non-downloadable software via a global computer network for conversion of self-running electronic documents into files in order to simulate page turning that provides the feel of reading a book while permitting the viewing of multiple pages simultaneously if desired in order to provide ease of navigation within the document, provide enhanced embedded advertising of the goods and services of others, and provide reports on the users' daily use of the software; graphic illustration services for others; providing temporary use of non-downloadable software to customers for ordering, customizing, routing, proofing, and tracking their printed and electronic publications via a global computer network; custom design of catalogs based on input provided by the customer; design and development of computer databases; sales analytics services, namely, hosting a website website featuring technology that provides users with the ability to track consumers' buying and use of digital graphic designs; providing online, nondownloadable, Internet-based software application that enables third-party clients of publishing companies to manage their own publishing cycles and methods of their content distribution; cloud

computing provider services for general storage of data in the nature of providing to businesses that publish printed catalogs, retailers and book publishers computing and data storage facilities namely cloud computing provider services for general storage of data, physical web servers, physical file servers, co-location computer network servers, load balancing computer network servers, computer network redundancy servers, computer network media servers, and computer database servers; web-based tool, namely, non-downloadable software for digital publication market monitoring and business intelligence to track compliance, impact, and engagement and view digital graphic design lifecycle from ingestion, distribution, and channel of activity; cloud computing provider services for general storage of data for consumers to access their digital content; platform as a service provider to view business title search reports and to preview promotional and marketing publications of others; hosting of digital content of others for electronic delivery over the Internet; providing on-line nondownloadable software for use in the creation of custom books and electronic publications; software as a service (SaaS) service provider in the field of publishing of electronic publications for use in minimizing the complexity of digital publishing through a platform which allows for transforming, controlling, optimizing and delivering of digital content; software as a service (SaaS) service provider for creating and reading e-books on various reading devices and applications for which they have been granted access rights by public domain, publishers or retailers; software as a service (SaaS) service provider in the field of digital publishing, which enables the display of electronic publications and magazines; printing services and prepress preparation services, namely, digitization of documents, font and graphic designs in preparation for printing in the fields of mathematics, English, literature, science, social studies and history, physical and social sciences, technology, arts and humanities, business and accounting, computer science, reading, writing, medicine, engineering, law, history, computer science, and languages; electronic prepress services namely preparing artwork, images, photographs, text and graphics for printing in the fields of mathematics, English, literature, science, social studies and history, physical and social sciences, technology, arts and humanities, business and accounting, computer science, reading, writing, medicine, engineering, law, history, computer science, and languages; digital scanning and storage of historically significant archival material, namely, artwork, photographs, text and music in the fields of mathematics, English, literature, science, social studies and history, physical and social sciences, technology, arts and humanities, business and accounting, computer science, reading, writing, medicine, engineering, law, history, computer science, and languages; hosting a website featuring temporary use of non-downloadable software for filling out legal forms; providing temporary use of on-line non-downloadable software for filling out legal forms; providing temporary use of on-line non-downloadable software for tax calculating, preparing and filing; providing temporary use of on-line non-downloadable software for tax planning, tax calculation, and tax return preparation and filing; hosting computer software for preparing and filing tax returns; Providing temporary use of on-line non-downloadable software for tax planning, tax calculation, and tax return preparation and filing; providing temporary use of on-line non-downloadable software for organizing, tracking and reporting tax deductible expenses; providing temporary use of on-line non-downloadable software to pre-populate tax forms with tax data from online banking accounts; providing temporary use of on-line non-downloadable software that enables users to capture, upload, download, store, organize, view, create, edit, encrypt and send receipts, documents, information, data, images, and electronic messages, all in the field of tax planning, tax return preparation, and tax return filing; providing temporary use of on-line non-downloadable software that enables communication between technical support representatives and customers; providing temporary use of on-line non-downloadable software for use in providing technical support namely technical support services in the form of troubleshooting of computer hardware and software problems; providing temporary use of on-line non-downloadable software for use in troubleshooting problems with computer software;

technical support services in the form of troubleshooting of online computer hardware and software problems, via the Internet, telephone, online chat, e-mail, video chat and other means; software as a services (SAAS) services featuring software for tax planning, tax calculation, and tax return preparation and filing, processing tax payments, and for organizing, tracking and reporting tax-deductible expenses; hosting a website featuring technology that enables users to capture, upload, download, store, organize, view, create, edit, encrypt, and send receipts, documents, information, data, images, and electronic messages, all in the field of tax planning, tax return preparation, and tax return filing; hosting a website featuring technology that enables communication between technical support representatives and customers; technical support services in the form of troubleshooting of computer hardware and software problems; troubleshooting problems concerning computer software; troubleshooting online computer software problems via the Internet, telephone, online chat, e-mail, video chat and other means; hosting a website featuring non-downloadable software that allows users to create templates for creating covers, label inserts, index pages, index cards and gift certificates; conversion of data or documents from physical to electronic media namely providing electronic versions of the print version format of magazines and publications of others; logistics management in the field of designing catalogs and magazines on behalf of businesses and publishers; electronic digitizing of books

Colour Claim

Colour is claimed as a feature of the trade-mark. The letters are blue and the diagonal bar between the 'S' and the 't' is red.

Goods

Class 07

(1) Machines and apparatus for industrial use and for use in commercial kitchens for producing, processing, treating and preparing of foodstuffs and beverages, namely, electric fruit peelers, electric vegetable peelers, electric food processors, electric cake cutters, cookie cutters, electric French fry cutters, electric cutters for making pasta, electric egg cutters, electric food choppers, electric vegetable choppers, electric ice crushers, electric food blenders, electric coffee mills, electric salt mills, electric pepper mills, flour milling machines, cream separators, electric egg separators, oil separators, electric beverage stirrers, electric food mixers, electric beverage mixers, dough kneaders, electric egg beaters, milk homogenisers, aerated beverage making machines, emulsifying machines and apparatus for the manufacture of food, vacuum sealers, electric creamers, electric coffee granulators, bottling machines, and milk filtering machines; Machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, centrifugal mills, grinding mills for chemical processing, oil separators, production stirrers, gas mixers for production use, emulsifying machines and apparatus for the manufacture of cosmetics, emulsifying machines and apparatus for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, granulating machines for chemical processing, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, membrane filters for use as parts of machines, and centrifuges; Machines and apparatus for the textile industry, namely, machine tools for the textile industry; Machines and apparatus for the rubber industry, namely, production

stirrers; Machines and apparatus for the ceramic industry, namely, tile cutters and milling machines for the treatment of ceramics; Machines and apparatus for the paint and lacquer industries, namely, production stirrers; Machines and apparatus for the chemical, pharmaceutical, and biological industries, namely, production stirrers, grinding mills for chemical processing, centrifugal mills, milling machines for the treatment of chemicals, pharmaceuticals, and biologicals, gas mixers for production use, emulsifying machines and apparatus for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, granulating machines for chemical processing, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, membrane filters for use as parts of machines, and centrifuges; Machines and apparatus for the cosmetic industry, namely, milling machines for the treatment of cosmetics, emulsifying machines and apparatus for the manufacture of cosmetics, granulating machines for chemical processing, and bottling machines; Motors and engines used in industrial applications; Machine couplings and transmission components; Agricultural implements other than handoperated, namely agricultural aircraft spray nozzels, agricultural balers, agricultural cultivators, agricultural elevators, agricultural equipment for seeding, agricultural land fertilizing equipment, agricultural plows, and agricultural reaper machines; Valves being parts of machines; Machine tools for the foodstuff and beverage, paint and lacquer, ceramic, chemical, pharmaceutical, cosmetic, textile and rubber industries and parts and fittings therefor.

Class 09

(2) Electronic and electric controls for producing, processing, treating and preparing of foodstuffs and beverages, namely, electronic and electric controls for pressure cookers, heaters for food, heaters for beverages, coolers for food, coolers for beverages, refrigerators, freezers, convection ovens, conventional ovens, industrial cooking ovens, air conditioners, heat exchangers, heat accumulators, heat regenerators, automatic temperature regulators, thermometers, water sterilisers, steam generators, gas burners, industrial humidifiers, microwave ovens, and computer hardware and software for controlling the aforesaid electronic and electric controls; Electronic and electric controls for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, electronic and electric controls for heaters for baths, immersion heaters, water heaters, water coolers, drying ovens for laboratory use, heat exchangers, heat accumulators, heat regenerators, automatic temperature regulators, thermometers, steam generators, gas burners, industrial humidifiers, microwave ovens, and computer hardware and software for controlling the aforesaid electronic and electric controls; Electronic monitoring and control apparatus for energy management within foodstuff and beverage production, processing, treatment and preparation, namely, electronic monitoring and control apparatus for pressure cookers, heaters for food, heaters for beverages, coolers for food, coolers for beverages, refrigerators, freezers, convection ovens, conventional ovens, industrial cooking ovens, air conditioners, heat exchangers, heat accumulators, heat regenerators, automatic temperature regulators, thermometers, water sterilisers, steam generators, gas burners, industrial humidifiers, microwave ovens, and computer hardware and software for controlling the aforesaid electronic monitoring and control apparatus; Electronic monitoring and control apparatus for energy management within cosmetic, pharmaceutical, chemical, paint and lacquer, ceramic, textile and rubber production, processing, treatment and preparation, namely, electronic monitoring and control apparatus for heaters for baths, immersion heaters, water heaters, water coolers, drying ovens for laboratory use, heat exchangers, heat accumulators, heat regenerators, automatic temperature regulators, thermometers, steam generators, gas burners, industrial humidifiers, microwave ovens, and computer hardware and software for controlling the aforesaid electronic monitoring and control apparatus; Computer hardware and software for receiving, storing, processing, transmitting and displaying records, statistical, or financial data for foodstuff, beverage,

cosmetic, pharmaceutical, chemical, paint and lacquer, ceramic textile and rubber production, processing, treatment, and preparation; Computer hardware and software for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, namely, fruit peelers, vegetable peelers, food processors, cake cutters, cookie cutters, French fry cutters, cutters for making pasta, egg cutters, electric food choppers, manual garlic choppers, vegetable choppers, electric ice crushers, electric food blenders, non-electric food blenders, electric coffee mills, electric salt mills, electric pepper mills, handoperated coffee mills, hand-operated pepper mills, hand-operated salt mills, flour milling machines, cream separators, egg separators, oil separators, beverage stirrers, food mixers, beverage mixers, dough kneaders, manual egg beaters, milk homogenisers, pressure cookers, wine aerators, aerated beverage making machines, emulsifiers for the manufacture of food, heaters for food, heaters for beverages, coolers for food, coolers for beverages, vacuum sealers, creamers, coffee granulators, bottling machines, meat thermometers, paper coffee filters, nylon coffee filters, milk filtering machines, and cheese cloth; Computer hardware and software for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, centrifugal mills, grinding mills for chemical processing, oil separators, separators for the cleaning and purification of air, separators for the cleaning and purification of gases, laboratory stirrers, paint stirrers, gas mixers for laboratory use, emulsifiers for the manufacture of cosmetics, emulsifiers for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, heaters for baths, immersion heaters, water heaters, water coolers, granulating machines for chemical processing, thermometers, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, filter paper, membrane filters for use as parts of machines, and centrifuges; Fault recorders and computer hardware for recording and storing fault data resulting from monitoring and controlling the status, operation, and management of machines and apparatus for producing, processing, treating and preparing foodstuffs and beverages, namely, fruit peelers, vegetable peelers, food processors, cake cutters, cookie cutters, French fry cutters, cutters for making pasta, egg cutters, electric food choppers, manual garlic choppers, vegetable choppers, electric ice crushers, electric food blenders, nonelectric food blenders, electric coffee mills, electric salt mills, electric pepper mills, hand-operated coffee mills, hand-operated pepper mills, hand-operated salt mills, flour milling machines, cream separators, egg separators, oil separators, beverage stirrers, food mixers, beverage mixers, dough kneaders, manual egg beaters, milk homogenisers, pressure cookers, wine aerators, aerated beverage making machines, emulsifiers for the manufacture of food, heaters for food, heaters for beverages, coolers for food, coolers for beverages, vacuum sealers, creamers, coffee granulators, bottling machines, meat thermometers, paper coffee filters, nylon coffee filters, milk filtering machines, and cheese cloth; Fault recorders and computer hardware for recording and storing fault data resulting from monitoring and controlling the status, operation, and management of machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, centrifugal mills, grinding mills for chemical processing, oil separators, separators for the cleaning and purification of air, separators for the cleaning and purification of gases, laboratory stirrers, paint stirrers, gas mixers for laboratory use, emulsifiers for the manufacture of cosmetics, emulsifiers for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, heaters for baths, immersion heaters, water heaters, water coolers, granulating machines for chemical processing, thermometers, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, filter paper, membrane filters for use as parts of machines, and centrifuges; Electric and electronic sensors for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing,

treating and preparing of foodstuffs and beverages, namely, fruit peelers, vegetable peelers, food processors, cake cutters, cookie cutters, French fry cutters, cutters for making pasta, egg cutters, electric food choppers, manual garlic choppers, vegetable choppers, electric ice crushers, electric food blenders, non-electric food blenders, electric coffee mills, electric salt mills, electric pepper mills, hand-operated coffee mills, hand-operated pepper mills, hand-operated salt mills, flour milling machines, cream separators, egg separators, oil separators, beverage stirrers, food mixers, beverage mixers, dough kneaders, manual egg beaters, milk homogenisers, pressure cookers, wine aerators, aerated beverage making machines, emulsifiers for the manufacture of food, heaters for food, heaters for beverages, coolers for food, coolers for beverages, vacuum sealers, creamers, coffee granulators, bottling machines, meat thermometers, paper coffee filters, nylon coffee filters, milk filtering machines, and cheese cloth; Electric and electronic sensors for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, centrifugal mills, grinding mills for chemical processing, oil separators, separators for the cleaning and purification of air, separators for the cleaning and purification of gases, laboratory stirrers, paint stirrers, gas mixers for laboratory use, emulsifiers for the manufacture of cosmetics, emulsifiers for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, heaters for baths, immersion heaters, water heaters, water coolers, granulating machines for chemical processing, thermometers, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, filter paper, membrane filters for use as parts of machines, and centrifuges; Vibration sensors for installation in machines and apparatus for producing, processing, treating and preparing foodstuffs and beverages, namely, fruit peelers, vegetable peelers, food processors, cake cutters, cookie cutters, French fry cutters, cutters for making pasta, egg cutters, electric food choppers, manual garlic choppers, vegetable choppers, electric ice crushers, electric food blenders, non-electric food blenders, electric coffee mills, electric salt mills, electric pepper mills, hand-operated coffee mills, hand-operated pepper mills, hand-operated salt mills, flour milling machines, cream separators, egg separators, oil separators, beverage stirrers, food mixers, beverage mixers, dough kneaders, manual egg beaters, milk homogenisers, pressure cookers, wine aerators, aerated beverage making machines, emulsifiers for the manufacture of food, heaters for food, heaters for beverages, coolers for food, coolers for beverages, vacuum sealers, creamers, coffee granulators, bottling machines, meat thermometers, paper coffee filters, nylon coffee filters, milk filtering machines, and cheese cloth; Vibration sensors for installation in machines and apparatus for producing, processing, treating and preparing of and cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, centrifugal mills, grinding mills for chemical processing, oil separators, separators for the cleaning and purification of air, separators for the cleaning and purification of gases, laboratory stirrers, paint stirrers, gas mixers for laboratory use, emulsifiers for the manufacture of cosmetics, emulsifiers for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, heaters for baths, immersion heaters, water heaters, water coolers, granulating machines for chemical processing, thermometers, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, filter paper, membrane filters for use as parts of machines, and centrifuges; Gas sensors for measuring gas concentration; Liquid level sensors; Humidity sensors; Sensors for determining fluid velocity; Fluid resistance sensors; Optical sensors; Pressure sensors; Proximity sensors; Sensors for determining conductivity, temperature, position, distance, speed and acceleration; Timing sensors; Ultrasound sensors; Safety equipment for machines and apparatus for producing, processing, treating and preparing foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely safety cameras; Environmental monitoring systems, comprising meters and sensors for measuring pressure, moisture and temperature and

alarms for the detection and signaling of gas leaks, fire, fluid leaks, and pressure, moisture and temperature changes; Heat sinks and refrigerating cooling systems for use in electronic and electric controls, control modules, circuits and switches, and measuring apparatus for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing foodstuffs and beverages, namely, fruit peelers, vegetable peelers, food processors, cake cutters, cookie cutters, French fry cutters, cutters for making pasta, egg cutters, electric food choppers, manual garlic choppers, vegetable choppers, electric ice crushers, electric food blenders, nonelectric food blenders, electric coffee mills, electric salt mills, electric pepper mills, hand-operated coffee mills, hand-operated pepper mills, hand-operated salt mills, flour milling machines, cream separators, egg separators, oil separators, beverage stirrers, food mixers, beverage mixers, dough kneaders, manual egg beaters, milk homogenisers, pressure cookers, wine aerators, aerated beverage making machines, emulsifiers for the manufacture of food, heaters for food, heaters for beverages, coolers for food, coolers for beverages, vacuum sealers, creamers, coffee granulators, bottling machines, meat thermometers, paper coffee filters, nylon coffee filters, milk filtering machines, and cheese cloth; Heat sinks and refrigerating cooling systems for use in electronic and electric controls, control modules, circuits and switches, and measuring apparatus for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing of cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, centrifugal mills, grinding mills for chemical processing, oil separators, separators for the cleaning and purification of air, separators for the cleaning and purification of gases, laboratory stirrers, paint stirrers, gas mixers for laboratory use, emulsifiers for the manufacture of cosmetics, emulsifiers for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, heaters for baths, immersion heaters, water heaters, water coolers, granulating machines for chemical processing, thermometers, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, filter paper, membrane filters for use as parts of machines, and centrifuges; Temperature regulators for electronic and electric controls, control modules, circuits and switches, measuring apparatus to measure time, measuring apparatus to measure temperature, measuring apparatus to measure usage, measuring apparatus to measure energy, light regulators, meters to measure time, meters to measure temperature, meters to measure usage, and meters to measure energy for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, namely, fruit peelers, vegetable peelers, food processors, cake cutters, cookie cutters, French fry cutters, cutters for making pasta, egg cutters, electric food choppers, manual garlic choppers, vegetable choppers, electric ice crushers, electric food blenders, nonelectric food blenders, electric coffee mills, electric salt mills, electric pepper mills, handoperated coffee mills, hand-operated pepper mills, hand-operated salt mills, flour milling machines, cream separators, egg separators, oil separators, beverage stirrers, food mixers, beverage mixers, dough kneaders, manual egg beaters, milk homogenisers, pressure cookers, wine aerators, aerated beverage making machines, emulsifiers for the manufacture of food, heaters for food, heaters for beverages, coolers for food, coolers for beverages, vacuum sealers, creamers, coffee granulators, bottling machines, meat thermometers, food paper coffee filters, nylon coffee filters, milk filtering machines, and cheese cloth; Temperature regulators for electronic and electric controls, control modules, circuits and switches, measuring apparatus to measure time, measuring apparatus to measure temperature, measuring apparatus to measure usage, measuring apparatus to measure energy, light regulators, meters to measure time, meters to measure temperature, meters to measure usage, and meters to measure energy for monitoring and controlling the status, operation and management of machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely,

centrifugal mills, grinding mills for chemical processing, oil separators, separators for the cleaning and purification of air, separators for the cleaning and purification of gases, laboratory stirrers, paint stirrers, gas mixers for laboratory use, emulsifiers for the manufacture of cosmetics, emulsifiers for the manufacture of pharmaceuticals, emulsifying machines for chemical processing, heaters for baths, immersion heaters, water heaters, water coolers, granulating machines for chemical processing, thermometers, bottling machines, centrifugal pumps, diffusion pumps, compressed air pumps, circulating pumps, gas pumps, filter paper, membrane filters for use as parts of machines, and centrifuges.

Class 11

(3) Machines and apparatus for producing, processing, treating and preparing foodstuffs and beverages, namely, heaters for food, heaters for beverages, pressure cookers, coolers for food, coolers for beverages, cookers for food, cookers for beverages, refrigerators, freezers, convection ovens, conventional ovens, industrial cooking ovens, air conditioners, water sterilisers, industrial humidifiers, and gas burners; Machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, heaters for baths, immersion heaters, water heaters, water coolers, refrigerators, freezers, drying ovens for production use, gas burners, industrial humidifiers, and microwave ovens; Steam generators; Microwave ovens; Heat exchangers, not parts of machines; Heat accumulators; Heat regenerators; Heat generating apparatus for machines and apparatus for producing, processing, treating and preparing foodstuffs and beverages, namely, heaters for food, heaters for beverages, cookers for food, cookers for beverages, refrigerators, freezers, convection ovens, conventional ovens, industrial cooking ovens, air conditioners, water sterilisers, industrial humidifiers, and gas burners, and burners; Heat generating apparatus for machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, heaters for baths, immersion heaters, water heaters, refrigerators, freezers, drying ovens for production use, gas burners, industrial humidifiers, and microwave ovens; Cooling elements for machines and apparatus for producing, processing, treating and preparing foodstuffs and beverages, namely, refrigerators and freezers; Cooling elements for machines and apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, refrigerators and freezers; Coils for cooling; Cooling evaporators; Heat sinks for use in refrigerating apparatus, ventilating apparatus and heating apparatus for producing, processing, treating and preparing of foodstuffs and beverages, namely, heat sinks for use in heaters for food, heaters for beverages, cookers for food, cookers for beverages, refrigerators, freezers, convection ovens, conventional ovens, industrial cooking ovens, air conditioners, industrial humidifiers, and gas burners; Heat sinks for use in refrigerating apparatus, ventilating apparatus and heating apparatus for producing, processing, treating and preparing cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, heat sinks for use in heaters for baths, immersion heaters, water heaters, refrigerators, freezers, drying ovens for laboratory use, gas burners, industrial humidifiers, and microwave ovens; Cooling fans; Refrigerators; Air conditioners; Cooling tanks for furnaces; Separators for removing condensation caused by refrigeration; Refrigeration condensers; Lighting installations, equipment, devices and lamps, namely, lighting fixtures; Computerised lighting installations, devices and apparatus, namely, lighting fixtures; Filters and colour filters for lighting; Louvres for light deflection; Lighting diffusers; Reflectors for luminaires; Heat exchangers; Separators for the cleaning and purification of air; Separators for the cleaning and purification of gases.

Services

Class 37

(1) Construction, assembly, installation, maintenance and repair of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, namely, peelers, processors, cutters, choppers, crushers, blenders, mills, separators, stirrers, mixers, kneaders, beaters, conches, homogenisers, pressure cookers, aerators, dispersers, emulsifiers, heaters, coolers, vacuum sealers, creamers, granulators, meters, suspenders, feeders, dispensers, sprayers, bottling machines, fillers, decanters, setters, inserters, turners, packers, pumps, filters, centrifuges, refrigerators, freezers, ovens, air conditioners, heat exchangers, heat accumulators, heat collectors, heat regenerators, light installations, lamps, dryers, pasteurisers, steam generators, burners, humidifiers, microwave ovens, and of installations therewith and consisting thereof; Construction, assembly, installation, maintenance and repair of industrial food processing sterilising equipment and sterilising installations; Construction, assembly, installation, maintenance and repair of butchers' slicing machines, bakers' oven and mixing machines, and confectioners' mixing machines; Construction, assembly, installation, maintenance and repair of machines and equipment for paint and lacquer manufacturing, and the production of chemicals, pharmaceuticals and cosmetics; Construction, assembly, installation, maintenance and repair of motors and engines for industrial applications, machine couplings and transmission components, agricultural implements other than hand-operated, namely agricultural aircraft spray nozzles, agricultural balers, agricultural cultivators, agricultural elevators, agricultural equipment for seeding, agricultural irrigation equipment and units, agricultural land fertilizing equipment, agricultural plows, and agricultural reaper machines, machine tools for the foodstuff and beverage, paint and lacquer, ceramic, chemical, pharmaceutical, cosmetic, textile, rubber industries and parts and fittings therefor.

Class 42

(2) Engineering services, namely, chemical engineering and mechanical engineering services; Design and development of machines and apparatus for producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, and of machines and apparatus for the paint and lacquer, the ceramic, chemical, pharmaceutical, cosmetic, biological, textile and rubber industries; Technical consulting in the field of producing, processing, treating and preparing of foodstuffs and beverages, and cosmetic, pharmaceutical and chemical bases, intermediates and end products, and for the paint and lacquer, the ceramic, chemical, pharmaceutical, biological, cosmetic, textile and rubber industries; Research and development in the fields of machine construction and design, electro-technology, industrial process control technology, physics, food technology, chemistry, pharmacy, cosmetics, biology, bacteriology, food processing sterilisation, agriculture, horticulture, animal husbandry, sound absorption, product development, safety technology, and software.

Goods

Class 03

(1) After-shave lotions; antiperspirants; aromatherapy oils; artificial eyelashes and fingernails; baby oil; baby wipes; bath gels; bath powder; beauty masks; blush; body creams, lotions, and powders; breath freshener; bubble bath; cologne; cosmetics; dentifrices; personal deodorants; dusting powder; essential oils for personal use; eye liner; eye shadows; eyebrow pencils; face powder; facial creams; facial lotion; facial masks; facial scrubs; fragrance emitting wicks for room fragrance; fragrances for personal use; hair gel; hair conditioners; hair shampoo; hair mousse; hair creams; hair spray; hand cream; hand lotions; hand soaps; lip balm; lipstick; lipstick holders; lip gloss; liquid soaps; makeup; mascara; mouthwash; nail care preparations; nail glitter; nail hardeners; nail polish; perfume; potpourri; room fragrances; shaving cream; skin soap; talcum powders; toilet water; skin creams; skin moisturizer; sun block; sun screen.

Class 05

(2) Disposable diapers for babies.

Class 09

(3) Audio discs, audio recordings, audio and video recordings, musical recordings and video recordings in the form of pre-recorded compact discs, CD-ROMs, DVDs, digital versatile discs, digital video discs, optical discs and magneto-optical discs all featuring music, stories, games for children, motion picture films, and television shows; audio speakers; binoculars; calculators;

camcorders; cameras; CD-ROM drives (as part of the computer); CD-ROM writers (as part of the computer); cellular telephones; cellular telephone accessories, namely, headphones, head sets, adapters and batteries for cellular telephones; cellular telephone cases; computer chips containing musical recordings; face plates for cellular telephones; compact disc players; compact disc recorders; computer games; computer game cartridges and discs; computers; computer hardware; computer keyboards; computer monitors; computer mouse; computer disc drives; computer software, namely, computer games and educational software for children; cordless telephones; decorative magnets; digital cameras; DVD players; DVD recorders; electrical and optical cables; electronic personal organizers; eyeglass cases; eyeglasses; graduated rulers for office and stationery; headphones; karaoke machines; microphones; MP3 players; modems (as part of a computer); mouse pads; motion picture films; optical and magneto-optical disc players and recorders for audio, video and computer data; pagers; personal stereos; personal digital assistants; computer printers; radios; sunglasses; telephones; television sets; video cameras; video game cartridges; video game discs; videophones; walkie-talkies; wrist and arm rests for use with computers.

Class 14

(4) Jewelry boxes not of metal; alarm clocks; bracelets; busts of precious metal; jewelry charms; clocks; earrings; jewelry; jewelry cases of precious metal; jewelry chains; key rings of precious metal; lapel pins; neck chains; necklaces; necktie fasteners; non-monetary coins; ornamental pins; pendants; jewelry rings; slides for bolo ties; stop watches; tie clips; tie tacks; wall clocks; watch bands; watch cases; watch chains; watch straps; watches; wedding bands; wristwatches; leather key chains; key fobs not of metal.

Class 16

Class 38

(2) Services de télécommunications, à savoir transmission continue de données audiovisuelles notamment de vidéos, de films, d'animations numériques, de clips vidéos, de clips de film, d'images, de dessins, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, de textes, et d'enregistrements sonores par des réseaux informatiques mondiaux, notamment sur des sujets médicaux et relevant de la santé, notamment les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, notamment traitements électroniques de l'information de soins de santé; services électroniques d'émission et de transmission notamment fourniture d'accès à des bases de données au moyen de serveurs informatiques notamment pour l'émission et la transmission, le téléchargement vers le serveur, l'envoi, l'affichage, la présentation, la conduite de journaux, la distribution, l'indexation et le marquage de sujets relatifs au partage de contenus multimédias, notamment des vidéos, des films, des dessins, des images, des textes, des photographies, des images graphiques, des conceptions de graphisme, des illustrations, des animations numériques, des clips vidéos, des clips de film et des enregistrements sonores notamment sur Internet au travers un portail web, notamment pour des sujets médicaux et relevant de la santé, notamment les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, notamment traitement électroniques de l'information de soins de santé; fourniture d'accès à un portail web

pour l'accès commun à des informations et des contenus multimédias nommément des vidéos, des films, des dessins, des images, des textes, des photographies, des images graphiques, des conceptions de graphisme, des illustrations, des animations numériques, des clips vidéos, des clips de film et des enregistrements sonores, nommément pour des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitement électroniques de l'information de soins de santé; transmission de messages électroniques, de contenus multimédias nommément des vidéos, des films, des dessins, des images, des textes, des photographies, des images graphiques, des conceptions de graphisme, des illustrations, des animations numériques, des clips vidéos, des clips de film et des enregistrements sonores via Internet, nommément sur des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitement électroniques de l'information de soins de santé; mise à disposition et fourniture d'accès à des forums nommément à des dialogues en ligne, des journaux et des journaux intimes en ligne et fourniture d'accès à des programmes d'organisation et de conduite de dialogues en ligne sur un réseau de télécommunication nommément sur Internet en relation avec la messagerie électronique, de commentaires et de contenus multimédias nommément des vidéos, des films, des dessins, des images, des textes, des photographies, des images graphiques, des conceptions de graphisme, des illustrations, des animations numériques, des clips vidéos, des clips de film et des enregistrements sonores, entre des utilisateurs, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitement; transmission électronique d'informations et de contenus multimédias nommément de vidéos, de films, de dessins, d'images, de textes, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, d'animations numériques, de clips vidéo, de clips de film et d'enregistrements sonores, nommément sur des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitement électroniques de l'information de soins de santé; fourniture d'accès à des dialogues en ligne et à des forums de discussion en ligne à des utilisateurs pour chercher, examiner, partager, critiquer, évaluer et expliquer des informations et des contenus multimédias nommément des vidéos, des films, des dessins, des images, des textes, des photographies, des images graphiques, des conceptions de graphisme, des illustrations, des animations numériques, des clips vidéos, des clips de film et des enregistrements sonores, nommément pour des sujets médicaux relevant et relevant de la santé, nommément les services

d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitement électroniques de l'information de soins de santé; fourniture d'accès à des bases de données au moyen de serveurs informatiques pour la distribution et le partage d'enregistrements sonores et de vidéos par un réseau informatique global; fourniture d'accès à un portail web pour l'accès commun à des vidéos; fourniture d'accès à des logiciels non téléchargeables.

Class 41

(3) Services d'éducation, de formation et de divertissement nommément en relation avec la fourniture de données multimédias nommément de vidéos, de films, de dessins, d'images, de textes, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, d'animations numériques, de clips vidéo et de clips de film et d'enregistrements et d'accès à des bases de données au moyen de serveurs informatiques, nommément pour des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitement électroniques de l'information de soins de santé; services de divertissement et de formation consistant en la diffusion et la présentation d'informations et de contenus multimédias nommément de vidéos, de films, de dessins, d'images, de textes, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, d'animations numériques, de clips vidéos, de clips de film et d'enregistrements sonores via des réseaux informatiques et de communication, nommément sur des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitements électroniques de l'information de soins de santé; animation et conduite de congrès, de colloques, de séminaires, de réunions et d'ateliers de formation à but éducatif et culturel nommément via Internet nommément sur des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitements électroniques de l'information de soins de santé; édition de publications électroniques nommément des publications électroniques vidéo, audio et multimédia, cours de formation et de formation complémentaire sur des sujets médicaux et relevant de la santé, nommément de soins médicaux ambulatoire, soins de santé gérés, et électroniques de l'information de soins de santé, exploitation et modération d'un site web interactive permettant aux utilisateurs inscrits d'une communauté en ligne de prendre part à des discussions et de créer des communautés virtuelles pour participer à des services de réseautage social sur des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux,

techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitements électroniques de l'information de soins de santé; organisation et modération de groupes d'entraide de patients à des fins de formation et de formation complémentaire sur des sujets médicaux et relevant de la santé nommément par l'organisation de la conduite de forums de discussion pour des docteurs, des patients, leurs amis et proches sur un réseau de télécommunication sur des sujets médicaux et relevant de la santé nommément sur web; services de divertissement et d'éducation en matières de santé nommément de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de produits de nutrition, et de la sexualité, vente en ligne de téléchargements de divertissements et de cours de formation et de formation complémentaire sur des sujets médicaux et relevant de la santé, l'édition et la distribution, de journaux, bulletins et autres textes électroniques sur des sujets médicaux et relevant de la santé sur web, le partage, la manipulation, la distribution, la publication, la représentation et la fourniture par d'autres voies d'informations des données multimédias nommément de vidéos, de films, de dessins, d'images, de textes, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, d'animations numériques, de clips vidéos, de clips de film et de données audio sur web sur des sujets médicaux et relevant de la santé, nommément les services d'évaluation de la performance en matières de santé, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité, de soins médicaux ambulatoire, soins de santé gérés, nommément traitement électroniques de l'information de soins de santé; services d'édition de contenus multimédias, nommément de vidéos, de films, de dessins, d'images, de textes, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, d'animations numériques, de clips vidéos, de clips de film et de données audio, images numériques.

Class 42

(4) Recherche médicale; recherche scientifique à des fins médicales; recherche et développement pharmaceutiques; services scientifiques et technologiques nommément services de recherche, de conception et du développement sur des sujets médicaux et relevant de la santé; services d'analyse et de recherche industriels dans le domaine médical; recherches scientifiques à des fins médicales, conception et développement de matériel et des logiciels informatiques dans le domaine médical pour des tiers; conception de programmes pour le traitement de données; services de logiciels en relation avec des ordinateurs, nommément conception, développement, installation et maintenance services de logiciels; services de logiciels en relation à Internet, nommément exploitation d'un site web interactive facilitant le partage de données multimédias entre docteurs, patients, leurs amis et proches; fourniture d'accès à des logiciels non téléchargeables; fourniture d'accès à des logiciels non téléchargeables pour le téléchargement vers le serveur, le téléchargement, la saisie, l'envoi, la présentation, l'édition, la lecture, la transmission continue, la visualisation, la prévisualisation, l'affichage, l'indexation, le repérage, la conduite de journaux sur Internet, le partage, la manipulation, la distribution, la publication, la reproduction et la fourniture par d'autres voies d'informations et de contenus multimédias, de vidéos, de films, de dessins, d'images, de textes, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, d'animations numériques, de clips vidéos, de clips de film et d'enregistrements sonores nommément via Internet; fourniture d'accès à des logiciels non

téléchargeables afin de permettre le partage de contenus multimédias nommément de vidéos, de films, de dessins, d'images, de textes, de photographies, d'images graphiques, de conceptions de graphisme, d'illustrations, d'animations numériques, de clips vidéos, de clips de film et d'enregistrements sonores et de commentaires parmi les utilisateurs; fourniture d'accès à des logiciels non téléchargeables afin de permettre à des fournisseurs de contenu de suivre du contenu multimédia; hébergement de contenus multimédias pour le compte de tiers; hébergement de sites web pour le compte de tiers; location de temps d'accès à un portail pour un accès commun à des vidéos à des fins de divertissement et de formation; hébergement de sites web en relation avec des contenus multimédia de divertissement et éducatifs pour des tiers.

Class 44

(5) Services médicaux et chirurgicaux nommément services d'évaluation de la performance en matières de santé nommément, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des Page 6 of 7 matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité; en matière de santé, de guérison, de traitements médicaux, techniques d'opérations, médication, de beauté, de forme, de nutrition, de sexualité; conseils médicaux fournis à des patients; conseil en matière de santé; mise à disposition d'informations en matière de soin de la santé par internet et par téléphone; mise à disposition d'informations dans le domaine des services médicaux et des sujets relevant de la santé, nommément, de guérison, de traitements médicaux, techniques d'opérations, médications, de produits de beauté, de forme, de produits de nutrition, des suppléments alimentaires, des cosmétiques, des matériaux biologiques à fins médicales, des céramiques biologiques à fins médicales, des matériaux de revêtement biologiques à fins médicales, et de la sexualité; mise à disposition d'informations à des patients dans le domaine de l'administration de médicaments; services d'un médecin; services de laboratoire médicaux pour l'analyse d'échantillons prélevés sur des patients; services de conseil et d'assistance médicale fournis par des médecins et autres membres du corps médical; soins médicaux et esthétiques pour l'être humain; services de cliniques médicales et de cliniques de santé; services de dispensaires; services de sanatoriums; soins médicaux apportés par des cliniques et des hôpitaux; soins de santé fournis par des bains de cure; soin de la santé à domicile.

Class 45

(6) Concession de licences nommément en matière médicale et relevant de la santé, nommément pour des concepts de franchises et de concepts publicitaires; services de conseil en matière d'octroi de licences de propriété intellectuelle.

Goods

Class 09

Voice command and recognition software, speech to text conversion software; voice-enabled software applications for personal information management; operating software for personal digital assistants; personal vehicle integration software, namely software to allow a motor vehicle driver to use vehicle controls to operate the telephone, messaging, navigation, and audio player functions of a mobile device, namely, handheld computers, tablet computers, and mobile phones; software for enabling wireless communication and transmission via the Internet of voice, audio, video, and data for use with cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities, for the purposes of managing, connecting, and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home

theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, current events, and fashion; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing consumer entertainment and educational information in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, current events, and fashion; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law to cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; computer search engine software; computer software used for controlling stand-alone voice controlled information and personal assistant devices namely, cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; computer software for personal information management; computer software for accessing, browsing, and searching online third party databases, digital format audio files, digital format video files, and digital format multimedia files, games, third party software

applications, and software application marketplaces; computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest, namely topics in the fields of team and individual sports of all types, movies, television shows, celebrities, video games, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, healthy lifestyle and personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law; computer software for use in providing retail department store services and enabling users to order for a wide variety of consumer goods from online retail department stores; computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems via wireless networks; computer software for connecting, operating, integrating, controlling, and managing networked home climate devices, namely heating and cooling systems, ceiling fans, air conditioners, and air vents via wireless networks; computer software for connecting, operating, integrating, controlling, and managing networked smart-light bulbs via wireless networks; computer software for connecting, operating, integrating, controlling, and managing networked personal motor vehicles of all types via wireless networks; computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, garage door systems, ceiling fans, power switches,

thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; software development kits (SDKs) consisting of computer software development tools for the development of a voice service delivery platform and natural language understanding software distributed across global computer networks, wireless networks, and electronic communications networks; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of application programming interfaces (APIs) that are used by third party consumer electronic devices that exchange third party data via communications networks and the internet to connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications for internet connected consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, power switches, digital thermostats, digital door locks, electronic door bells, home security alarms, vehicle security alarms, digital fire alarms, digital fire and smoke detectors, digital carbon monoxide detectors, and smart light bulbs; application programming interface (API), namely, software facilitating the development of a voice service delivery platform and virtual personal assistant software for use in connection with consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, power switches, digital thermostats, digital door locks, electronic door bells, home security alarms, vehicle security alarms, digital fire alarms, digital fire and smoke detectors, digital carbon monoxide detectors, and smart light bulbs; computer application software for handheld wireless devices, namely, software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices namely, cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; computer software development tools, namely computer software code that enables developers to create voice command and recognition software

Services

Class 35

(1) Providing information, namely price, specifications, features, news, reviews and commentary, regarding third party consumer products that are selected by users for the purpose of assisting with the selection of those products to meet the consumer's own needs; providing information and related news to consumers about products and services in the field of business management news; providing information, news, and commentary in the field of business management news

Class 36

(2) Providing information and related news to consumers about products and services in the field of financial management news, and real estate management; providing information, news, and commentary in the field of financial management news, and real estate management

Class 38

(3) Computer services, namely, providing access for the remote management of devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs via computer networks, wireless networks or the Internet

Class 39

(4) Order fulfillment services, namely packing, tracking and shipping the products of others; providing information and related news to consumers about products and services in the field of travel, vehicle rental, air transportation, railway transportation, boat transportation, and freight transportation; providing information, news, and commentary in the field of travel, vehicle rental, air transportation, railway transportation, boat transportation, and freight transportation

Class 41

(5) Providing online non-downloadable pre-recorded music and podcasts in the field of movies, television programs, music, audio books, paintings, sculptures, digital images, photographs, books, theatre, literary works, sporting events, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, ethnic festivals, dance festivals, religious festivals, community festivals, food festivals, museums, parks, cultural community social events, concerts, publishing, animation, news about current events, fashion, and recreational fitness, sport, and water activities, art exhibitions and live dance performances, and live music performances; providing information, news, and commentary in the field of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, physical fitness, arts and literature, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, music and cinema, and history; providing information and related news to consumers about products and services in the field of team and individual sports of all types, movies, television shows, video games, physical fitness, arts and literature, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, music and cinema, history, and current events

Class 42

(6) Platform as a service (PaaS) featuring computer software platforms for voice command and recognition software, speech to text conversion software, and voice-enabled software applications for personal information management; Platform as a service (PaaS) featuring computer software platforms for virtual personal assistant software; Platform as a service (PaaS) featuring computer software platforms for home automation and home device integration software, namely software for integrating home automation hubs with home automation and control devices, namely audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Platform as a service (PaaS) featuring computer software platforms for personal vehicle integration software, namely software to allow a motor vehicle driver to use vehicle controls to operate the telephone, messaging, navigation, and audio player functions of a mobile device, namely, handheld computers, tablet computers, and mobile phones; Platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for use with cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities, for the purposes managing, connecting, and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders

and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; platform as a services (Paas) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for the purposes of providing movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, news about current events, and fashion; platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for the purposes of providing consumer entertainment and educational information in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, news about current events, and fashion; platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for the purposes of providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law to cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; Software as a service (SaaS) featuring computer software used for controlling stand-alone voice controlled information and personal assistant devices, namely, cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; Software as a service (SaaS) featuring computer software for personal information management; Software as a service (SaaS) featuring computer software for accessing, browsing, and searching online third party databases, digital format audio files, digital format video files, and digital format multimedia files, games, third party software applications, and software application marketplaces; Software as a service (SaaS) featuring computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest, namely topics in the fields of team and individual sports of all types, movies, television shows, celebrities, video games, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, healthy lifestyle and personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate,

fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law; providing online non-downloadable computer software for use in providing retail department store services and enabling users to order a wide variety of consumer goods from online retail department stores; Software as a service (SaaS) featuring computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems via wireless networks; software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked home climate devices, namely heating and cooling systems, ceiling fans, air conditioners, and air vents via wireless networks; software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked smart-light bulbs via wireless networks; software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked motor vehicles of all types via wireless networks; Software as a service (SaaS) featuring computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; design, development and maintenance of proprietary computer software in the field of natural language, speech, language, and voice recognition; technical support and consultation services for

developing computer systems, platforms and applications; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice-controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices, namely, cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; providing customized computer searching services, namely, searching and retrieving information from the Internet at the user's specific request; provision of Internet search engine services; advisory and consultancy services in the field of voice command and recognition software, speech to text conversion software, voice-enabled software applications, home automation, and software for monitoring and controlling third party internet-of-things devices; providing information and related news to consumers about products and services in the field of weather, natural science, social science, computer technology, and home decorating; providing information, news, and commentary in the field of weather, natural science, social science, computer technology, and home decorating; providing information and related news to consumers about products and services in the field of fashion design; providing information, news, and commentary in the field of fashion design

Class 43

(7) Providing information and related news to consumers about products and services in the field of food preparation and cooking; providing information, news, and commentary in the field of food preparation and cooking; providing information and related news to consumers about products and services in the field of meal planning; providing information, news, and commentary in the field of meal planning

Class 44

(8) Providing information and related news to consumers about products and services in the field of nutrition, and medicine; providing information, news, and commentary in the field of nutrition, and medicine

Class 45

(9) Personal concierge services for others; social networking services; providing information and related news to consumers about products and services in the field of politics and government, personal growth, and law; providing information, news, and commentary in the field of politics and government, personal growth, and law

Class 05

(1) Capsules for medicines for the treatment of cardiovascular health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy or chemotherapy; capsules for pharmaceutical purposes for the treatment of cardiovascular health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy or chemotherapy; herbal teas for medicinal purposes, namely teas made from Chinese medicines, Chinese patent medicines and extracts of Chinese herbs in individual and compound form, for the treatment of cardiovascular health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy or chemotherapy; herbal extract for medical purposes namely extracts from medicinal herbs and medicinal plants for the treatment, mitigation and prophylaxis of diseases and/or disorders relating to cardiovascular health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and

sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy or chemotherapy; medicinal drinks made from Chinese medicines, Chinese patent medicines and extracts of Chinese herbs in individual and compound form, for the treatment of cardiovascular health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy or chemotherapy; pharmaceutical preparations namely llingchi, yunzhi, flos chrysanthemi, Radix et Rhizoma Glycyrrhizae, Flos Lonicerae Japonicae, Fructus Forsythiae, Radix Paeoniae Alba, Poria, Radix et Rhizoma Salviae Miltiorrhizae, Radix Astragali, Radix Codonopsis, Rhizoma Alismatis, Cortex Magnoliae Officinalis, Cordyceps Mycelium, Radix Platycodi, Herba Menthae, Fructus Arctii, Herba Lophatheri, Herba Schizonepetae, Semen Sojae Praeparatum, Rhizoma Phragmitis, Ganoderma Lucidum, Ganoderma Sinense, Ganoderma Nigrolucidum, Coriolus Versicolor, Ganoderma Tropicum and Ganoderma Applanatum, Fructus Crataegi, Radix Salviae Miltiorrhizae, Radix Notoginseng, Cortex Eucommiae, Radix Ginseng and Stigma Maydis, Ganoderma Applanatum, Flos Magnoliae, Coriolus and Fructus Schisandrae Chinensis, Radix Platycodi, Herba Schizonepetae, Radix Asteris, Radix Stemonae, Rhizoma Cynanchi Stauntonii, Radix et Rhizoma Glycyrrhizae, Pericarpium Citri Reticulatae, Fructus Momordicae, Folium Eriobotryae, Radix Platycodonis, Radix Stemonae, Rhizoma et Radix Cynanchi Stauntonii, Cortex Mori, Semen Ziziphi Spinosae, Radix et Rhizoma Glycyrrhizae, Rhizoma Anemarrhenae, Rhizoma Chuanxiong; medical preparations for dental purposes to control pain and anti-inflammatory medications; veterinary preparations for the treatment of infectious, cardiovascular, respiratory, metabolism and immunity diseases in poultry, livestock and pets; sanitary preparations for medical purposes, namely disinfectant cleaner for hygienic purposes, astringents, bath salts, medicated hair care preparations, articulation and joint creams, skin cleansing lotions and antibacterial wound cleansers, antiseptics; dietetic substances adapted for medical use namely dietetic food preparations namely prepared food rich in grapes, broccoli, beans, carrots, yams, dark green vegetable and dietetic beverages adapted for medical purposes namely diabetic fruit juice beverages adapted for medical purpose, food for babies; dietary supplements for humans and animals namely herbal food supplements for general health and well-being, not adapted for medical use; plaster materials for dressings, namely gauze for dressings; material for stopping teeth, dental wax; all-purpose disinfectants, disinfectants for medical instruments; preparations for destroying vermin; fungicides, herbicides.

Class 11

(2) Electric apparatus for preparing beverages, namely soya milk maker, Chinese herbal medicine cooker, electric herb boiler, electric Chinese medicine pot, ceramic herbal tea boiler; beverage cooling apparatus namely coolers; electric kettles; heating boilers; apparatus for heating namely heating fans, furnaces, steam generating namely, steam ovens, cooking namely, rice cooker, ovens, ranges, microwave ovens, steam ovens, refrigerating, drying namely, washer and dryer, hair dryer, ventilating namely, ventilating hoods, ventilating fans.

Class 16

(3) Printed matters namely newsletters, pamphlets and brochures in the field of herbs, Chinese medicines and healthcare; printed publications in the field of herbs, Chinese medicines and healthcare; catalogues; magazines; pamphlets; newsletters; periodicals; packing paper; photo albums, sticker albums; books; calendars; cards; postcards; passport holders; pens; pencils; photograph stands; pictures; paper and cardboard; bookbinding material; photographs; stationery

and office requisites, except furniture, namely pen, pencils, note pads; adhesives for stationery or household purposes; artists' and drawing materials namely artists' palettes, drawing pencils, colour pencils, sketchbooks, erasers, charcoals, blending stumps; paintbrushes; instructional and teaching materials namely books and journals in promoting vitality, improving health and healthy cooking; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks.

Class 18

(4) Sports bags; purses; key cases; umbrellas; leather and imitations of leather; animal skins and hides; luggage and carrying bags namely carryalls; parasols; walking sticks; whips, harness and saddlery; collars, leashes and clothing for animals.

Class 21

(5) Mugs; cups; dishes; bottles namely drinking bottles for sports; drinking vessels namely cups, goblets, mugs, tumblers, champagne flutes; heat insulated containers for beverages; portable wine cooler bags; nonelectric food blenders for household purposes; cooking utensils, food storage containers and beverage containers; combs for animals; horsehair for brush-making; unworked or semi-worked glass, except building glass; beverage glassware, porcelain plates, cups and dishes and earthenware.

Class 25

(6) T-shirts; shirts; socks; hats; caps; shoes; clothing namely t-shirts, shorts, sweatshirts, sweatpants, polos, jackets; footwear namely, dress shoes, sneakers, boots, slippers; headgear, namely, sun visors, bandannas, baseball caps.

Class 30

(7) Tea-based beverages; flavorings, other than essential oils, for beverages; coffee, tea, cocoa and artificial coffee; rice; tapioca and sago; flour and preparations made from cereals, namely breakfast cereal, cereal bars and cereal-based snack food; bread, pastries and confectionery namely almond confectionery, chocolate confectionery, frozen confectionery; edible ices; sugar, honey, treacle; yeast, baking-powder; salt; mustard; vinegar, sauces (condiments), namely barbecue sauce, soy sauce, soya sauce, chili sauce, fish sauce, Worcestershire sauce; spices; ice.

Class 32

(8) Non-alcoholic beverages namely herbal teas, cocoa-based beverages, chocolate-based beverages, soybased beverages; preparations for making beverages, namely beverage flavouring, fruit concentrates and purées used for making beverages; essences for making beverages namely essences for making flavoured mineral water, essences for making soft drinks; beers; mineral and aerated waters; fruit beverages and fruit juices.

Services

Class 35

(1) Retail and wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; online and physical shop retailing and wholesaling services for pharmaceuticals, food products for human and for animals, Chinese medicines, Chinese herbs, beauty care, medicinal and dietary supplements; advertising of goods and services of others and offered to third parties; business management; business administration; office functions namely, recording namely to enter and record data, transcription, transformation, composition, compilation, and systemization of information used in electronic transmissions production and dissemination of advertising matters for others for use on the Internet.

Class 42

(2) Design and development of computer hardware and software.

Class 43

(3) Restaurants; cafes; self-service restaurants; catering for the provision of food and drink; temporary accommodation namely service apartment, motels.

Goods

Class 05

(1) health preparations for medical purposes for the treatment of cardiac health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy and chemotherapy; medicine for human purposes, namely llingchi, yunzhi, flos chrysanthemi, Radix et Rhizoma Glycyrrhizae, Flos Lonicerae Japonicae, Fructus Forsythiae, Radix Paeoniae Alba, Poria, Radix et Rhizoma Salviae Miltiorrhizae, Radix Astragali, Radix Codonopsis, Rhizoma Alismatis, Cortex Magnoliae Officinalis, Cordyceps Mycelium, Radix Platycodi, Herba Menthae, Fructus Arctii, Herba Lophatheri, Herba Schizonepetae, Semen Sojae Praeparatum, Rhizoma Phragmitis, Ganoderma Lucidum, Ganoderma Sinense, Ganoderma Nigrolucidum, Coriolus Versicolor, Ganoderma Tropicum and Ganoderma Applanatum, Fructus Crataegi, Radix Salviae Miltiorrhizae, Radix Notoginseng, Cortex Eucommiae, Radix Ginseng and Stigma Maydis, Ganoderma Applanatum, Flos Magnoliae, Coriolus and Fructus Schisandrae Chinensis, Radix Platycodi, Herba Schizonepetae, Radix Asteris, Radix Stemonae, Rhizoma Cynanchi Stauntonii, Radix et Rhizoma Glycyrrhizae, Pericarpium Citri Reticulatae; Fructus Momordicae, Folium Eriobotryae, Radix Platycodonis, Radix Stemonae, Rhizoma et Radix Cynanchi Stauntonii, Cortex Mori, Semen Ziziphi Spinosae, Radix et Rhizoma Glycyrrhizae, Rhizoma Anemarrhenae, Rhizoma Chuanxiong; medicines for veterinary

purposes for the treatment of infectious diseases in poultry, livestock and pets; medicine for dental purposes to control pain and anti-inflammatory medications; medicinal herbs, namely flos chrysanthemi, Radix et Rhizoma Glycyrrhizae, Flos Lonicerae Japonicae, Fructus Forsythiae, Radix Paeoniae Alba, Poria, Radix et Rhizoma Salviae Miltiorrhizae, Radix Astragali, Radix Codonopsis, Rhizoma Alismatis, Cortex Magnoliae Officinalis, Cordyceps Mycelium, Radix Platycodi, Herba Menthae, Fructus Arctii, Herba Lophatheri, Herba Schizonepetae, Semen Sojae Praeparatum, Rhizoma Phragmitis, Ganoderma Lucidum, Ganoderma Sinense, Ganoderma Nigrolucidum, Coriolus Versicolor, Ganoderma Tropicum and Ganoderma Applanatum, Fructus Crataegi, Radix Salviae Miltiorrhizae, Radix Notoginseng, Cortex Eucommiae, Radix Ginseng and Stigma Maydis, Ganoderma Applanatum, Flos Magnoliae, Coriolus and Fructus Schisandrae Chinensis, Radix Platycodi, Herba Schizonepetae, Radix Asteris, Radix Stemonae, Rhizoma Cynanchi Stauntonii, Radix et Rhizoma Glycyrrhizae, Pericarpium Citri Reticulatae; Fructus Momordicae, Folium Eriobotryae, Radix Platycodonis, Radix Stemonae, Rhizoma et Radix Cynanchi Stauntonii, Cortex Mori, Semen Ziziphi Spinosae, Radix et Rhizoma Glycyrrhizae, Rhizoma Anemarrhenae, Rhizoma Chuanxiong; medicines, namely Chinese medicines and Chinese patent medicines, namely extracts of Chinese herbs in individual and compound form, for the treatment of cardiac health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy and chemotherapy; infusions (medical), namely extracts of Chinese herbs in infusion form, for the treatment of cardiac health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy and chemotherapy; herbal food supplements adapted for medical use for the treatment of cardiac health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, sleep aid, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy and chemotherapy; herbal food supplements, for general health and well-being, not adapted for medical use; pharmaceuticals, medical and veterinary preparations, extracts of Chinese herbs for the treatment of cardiac health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy and chemotherapy in human and treatment of infectious diseases in poultry, livestock and pets; sanitary preparations for medical purposes, namely disinfectant cleaner for hygienic purposes, astringents, analgesic balms, bath salts, medicated hair care preparations, articulation and joint creams, skin cleansing lotions and anti-bacterial wound cleansers, antiseptics, soaps and cleansers, disinfecting preparations for hands, feet, skin and body, namely sanitizers having antibacterial and anti-microbial properties;

substances adapted for medical use, namely herbal extracts, dietary pills and capsules, drinks, granules and tablets metabolites for the treatment of cardiac health, cholesterol level, enhance blood circulation, stabilizing blood pressure, nasal allergy, hay fever, activate and maintain liver enzymes, strengthen liver functions, promote metabolism in liver cells, respiratory health, promotes vitality and boosts immunity, ideal for strengthening and improving the functions of the heart, flu, headache, fever nasal congestion, running nose, turbid phlegm, dry and sore throat, thirst and muscle pain, cough, stress, sleep aid, eye care, strengthen bodily immunity that can relieve side effects caused by surgery, radiotherapy and chemotherapy, minerals and vitamins, food for babies; dietary supplements for humans and animals for general health and well-being; plaster materials for dressings, namely gauze for dressings; materials for dressings, namely surgical and medical dressing, wound dressing, self-adhesive dressing, first aid dressing, dressing for burns, bandages for dressings; material for stopping teeth, dental wax; all-purpose disinfectants, disinfectants for medical instruments; preparations for destroying vermin; fungicides, herbicides

Class 30

(2) herbs for food purposes; herbal infusions, for general health and well-being, not adapted for medical use; non-alcoholic tea-based beverages; coffee, tea, cocoa and artificial coffee; rice; tapioca and sago; flour and preparations made from cereals, namely cereal bars, high-protein cereal bars, oat bran cereals, muesli, breakfast cereals, cereal based snack food, ready-to-eat cereals, granola-based snack food; bread, pastries and confectionery, namely almond confectionery, chocolate confectionery, confectionery crystal sugar pieces, confectionery fondants, confectionery fruit jellies, frozen confectionery, fruit-based confectionery, peanut confectionery, sugar confectionery; edible ices; sugar, honey, treacle; yeast, baking-powder; cooking salts, table salts; mustard; vinegar, sauces (condiments), namely chili oil for use as a seasoning or condiment, chutney condiments, soya bean paste condiment, barbeque sauce, cheese sauce, chili sauce, chocolate sauce, fish sauce, hot sauce, ketchup sauce, salad dressings, soya sauce, spaghetti sauce, tartar sauce, Worcestershire sauce; spices; ice

Class 32

(3) non-alcoholic herbal tea-based beverages; preparations for making beverages, namely concentrates for making herbal beverages in powder or tablet form; essences for making flavoured mineral water; beers; mineral and aerated waters; fruit beverages and fruit juices; syrups for making beverages

Services

Class 35

business mediation in the purchase and sale of health preparations for medical purposes, medicines for human purposes, medicines for veterinary purposes, medicines for dental purposes, medicinal herbs, medicines, namely Chinese medicines and Chinese patent medicines, herbal food supplements, both for medical and non-medical use, herbs for food purposes, herbal infusions for both medical and non-medical use, namely those in the context of wholesaling; retail services relating to medicinal herbs, medicines, namely Chinese medicines and Chinese patent medicines, herbal food supplements, both for medical and non-medical use, herbs for food purposes, herbal infusions for both medical and non-medical; retail and wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; online wholesale store services and online retail services featuring medicinal herbs, medicines, namely Chinese medicines and Chinese patent medicines, herbal food supplements, both for medical and non-medical use, herbs for food purposes, herbal infusions for both medical and non-medical, operation of wholesale and retail stores services featuring medicinal herbs, medicines, namely

Chinese medicines and Chinese patent medicines, herbal food supplements, both for medical and non-medical use, herbs for food purposes, herbal infusions for both medical and non-medical; advertising the goods and services of others; business management; business administration; office functions, namely recording, transcription, transformation, composition, compilation and systemization of information used in electronic transmissions, office functions, namely, secretarial services, shorthand services, receptionist services, photocopying services, dictation services, handling incoming and outgoing mail

Class 09

Voice command and recognition software; speech to text conversion software; and voice-enabled software applications for personal information management, for use in providing retail department store services and enabling users to order a wide variety of consumer goods from online retail department stores, and for the operation of internet of things (IoT) electronic devices namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric

food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; operation software for personal digital assistants; software for enabling wireless communication and transmission via the Internet of voice, audio, video, and data for use with cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities, for the purposes of managing, connecting, and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, current events, and fashion; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing consumer entertainment and educational information in the field of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, current events, and fashion; software for enabling wireless communication and transmission via the Internet of voice, audio, video and data for the purposes of providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, business news and financial news, politics and government, personal health and physical fitness, weather, natural science,

social science, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law to cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; computer search engine software; computer software used for controlling stand-alone voice controlled information and personal assistant devices namely, cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; computer software for personal information management; computer software for accessing, browsing, and searching online third party databases, digital format audio files, digital format video files, and digital format multimedia files, games, third party software applications, and software application marketplaces; computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest, namely topics in the fields of team and individual sports of all types, movies, television shows, celebrities, video games, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, healthy lifestyle and personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law; computer software for use in providing retail department store services and enabling users to order for a wide variety of consumer goods from online retail department stores; computer software for use to connect and control internet of things (IoT) electronic devices namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems via wireless networks; computer software for connecting, operating, integrating, controlling, and managing networked home climate devices, namely heating

and cooling systems, ceiling fans, air conditioners, and air vents via wireless networks; computer software for connecting, operating, integrating, controlling, and managing networked smart-light bulbs via wireless networks; computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; software development kits (SDKs) consisting of computer software development tools for the development of a voice service delivery platform and natural language understanding software distributed across global computer networks, wireless networks, and electronic communications networks; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of application programming interfaces (APIs) that are used by third party consumer electronic devices that exchange third party data via communications networks and the internet to connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications for internet connected consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, power switches, digital thermostats, digital door locks, electronic door bells, home security alarms, vehicle security alarms, digital fire alarms, digital fire and smoke detectors, digital carbon monoxide detectors, and smart light bulbs; application programming interface (API), namely, software facilitating the development of a voice service delivery platform and virtual personal assistant software for use in connection with consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, power switches, digital thermostats, digital door locks, electronic door bells, home security alarms, vehicle security alarms, digital fire alarms, digital fire and smoke detectors, digital carbon monoxide detectors, and smart light bulbs; computer application software for handheld wireless devices, namely, software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer smart audio speakers and computer hardware; computer application software for handheld wireless devices, namely, software for controlling, integrating, operating, connecting, and managing electronic personal digital assistants; computer software development tools, namely computer software code that enables developers to create voice command and recognition software; none of the aforesaid for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software

Services

Class 35

(1) Providing information, namely price, specifications, features, news, reviews and commentary, regarding third party consumer products that are selected by users for the purpose of assisting with the selection of those same products to meet the consumer's own needs; providing information and related news to consumers about products and services in the field of business management news; providing information, news, and commentary in the field of business management news

Class 36

(2) Providing information and related news to consumers about products and services in the field of financial management news, and real estate management; providing information, news, and commentary in the field of financial management news, and real estate management

Class 38

(3) Computer services, namely, providing access for the remote management of devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs via computer networks, wireless networks or the Internet

Class 39

(4) Order fulfillment services, namely packing, tracking and shipping the products of others; providing information and related news to consumers about products and services in the field of travel, vehicle rental, air transportation, railway transportation, boat transportation, and freight transportation; providing information, news, and commentary in the field of travel, vehicle rental, air transportation, railway transportation, boat transportation, and freight transportation

Class 41

(5) Providing non-downloadable pre-recorded music and podcasts in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, water, art and cultural activities, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, ethnic festivals, dance festivals, community festivals, food festivals, museums, parks, cultural community

social events, concerts, publishing, animation, news about current events, and fashion; providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, physical fitness, arts and literature, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, music and cinema, and history; providing information and related news to consumers about products and services in the fields of team and individual sports of all types, movies, television shows, video games, physical fitness, arts and literature, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, music and cinema, history, and current events

Class 42

(6) Platform as a service (PaaS) featuring computer software platforms for voice command and recognition software, speech to text conversion software; Platform as a service (PaaS) featuring computer software platforms for voice-enabled software applications for personal information management, for use in providing retail department store services and enabling users to order a wide variety of consumer goods from online retail department stores, and for the operation of internet of things (IoT) electronic devices namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Platform as a service (PaaS) featuring computer software platforms for virtual personal assistant software; Platform as a service (PaaS) featuring computer software platforms for home automation and home device integration software, namely software for integrating home automation hubs with home automation and control devices, namely audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers,

electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for use with cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities, for the purposes managing, connecting, and operating internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillets, electric woks, electric hot pots, electric food steamers, soda making machines, vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; platform as a services (Paas) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for the purposes of providing movies, television shows, podcasts and videos in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books, theatre, literary works, sporting events, recreational fitness, sport, and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, news about current events, and fashion; platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for the purposes of providing consumer entertainment and educational information in the fields of movies, television programs, music, audio books, visual works namely paintings, sculptures, digital images and photographs, books,

theatre, literary works, sporting events, recreational fitness, sport, and water activities, art exhibitions, live dance performances, live music performances, professional and amateur game and sport tournaments, art, dance, musicals, craft and fashion exhibitions, sports, radio, comedy, promotional contests, games, festivals, museums, parks, cultural community social events, concerts, publishing, animation, news about current events, and fashion; platform as a service (PaaS) featuring computer software platforms for enabling wireless communication and transmission of voice, audio, video, and data via computer networks, wireless networks, and the Internet for the purposes of providing information, news, and commentary in the fields of movies, television shows, celebrities, video games, cultural community social events, news about current events, team and individual sports of all types, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law to cloud-connected and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; Software as a service (SaaS) featuring computer software used for controlling stand-alone voice controlled information and personal assistant devices namely, cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; Software as a service (SaaS) featuring computer software for personal information management; Software as a service (SaaS) featuring computer software for accessing, browsing, and searching online third party databases, digital format audio files, digital format video files and digital format multimedia files, games, third party software applications, and software application marketplaces; Software as a service (SaaS) featuring computer software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest, namely topics in the fields of team and individual sports of all types, movies, television shows, celebrities, video games, business news and financial news, politics and government, personal health and physical fitness, weather, natural science, social science, computer technology, travel, arts and literature, healthy lifestyle and personal growth, vehicles and transportation, preschool education, elementary school education, middle school education, high school education, post-secondary education, vocational education, child development, real estate, fashion and design, food and cooking, home decorating, music and cinema, history, medicine, and law; providing online non-downloadable computer software for use in providing retail department store services and enabling users to order a wide variety of consumer goods from online retail department stores; Software as a service (SaaS) featuring computer software for use to connect and control internet of things (IoT) electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, namely, air purifiers, electric cooktops, dehumidifiers, dishwashers, electric fans, garbage disposals, humidifiers, clothes irons, garment steamers, microwave ovens, range hoods, ranges, refrigerators, freezers, ice cube makers, space heaters, trash compactors, vacuum cleaners, wall ovens, toaster ovens, conventional ovens, washing machines, clothes dryers, slow cookers, electric rice cookers, deep fryers, electric food blenders, electric juicers, toasters, electric food processors, electric grills, ice cream makers, electric waffle irons, bread machines, electric coffee machines, electric tea kettles, electric espresso machines, electric wine cellars, food mixers, electric griddles, electric pressure cookers, electric skillet, electric woks, electric hot pots, electric food steamers, soda making machines,

vacuum sealers, sous vide machines, food dehydrators, popcorn machines, electric can openers, electric knife sharpeners, electric egg cookers, electric food slicers, electric bottle openers, electric food grinders and mills, and electric yogurt makers, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; Software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices, namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems via wireless networks; software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked home climate devices, namely heating and cooling systems, ceiling fans, air conditioners, and air vents via wireless networks; software as a service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked smart-light bulbs via wireless networks; Software as a service (SaaS) featuring computer software for others to use for the development of software to manage, connect, and operate internet of things (IoT) electronic devices namely, audio speakers, computers, televisions, video monitors, set top boxes, digital format audio players and recorders, digital format video players and recorders, game consoles, home entertainment electronics systems, home theatre systems, home automation hubs, light switches, light dimmers, electrical outlets, electronic door locks, electronic window locks, cameras, video cameras, home security systems, heating and cooling systems, automobiles, consumer appliances, garage door systems, ceiling fans, power switches, thermostats, garage doors, garden sprinklers, lawn sprinklers, fire sprinklers, digital door locks, air conditioners, air vents, electronic door bells, home security alarms, vehicle security alarms, fire alarms, fire and smoke detectors, carbon monoxide detectors and light bulbs; design, development and maintenance of proprietary computer software in the field of natural language, speech, language, and voice recognition; technical support and consultation services for developing computer systems, platforms and applications; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices and electronic personal assistant devices namely, cloud-connected, and voice-controlled smart audio speakers and computer hardware with virtual personal assistant capabilities; providing customized computer searching services, namely, searching and retrieving information from the Internet at the user's specific request; provision of Internet search engine services; advisory and consultancy services in the fields of voice command and recognition software, speech to text conversion software, voice-enabled software applications, home automation, and software for monitoring and controlling third party internet-of-things devices; none of the aforesaid for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; providing information and related news to consumers about products and services in the field of weather, natural science, social science, computer technology, and home decorating; providing information, news, and commentary in the field of weather, natural science, social science, computer technology, and home decorating; providing information and related news to consumers about products and services in the field of fashion design; providing information, news, and commentary in the field of fashion design

Class 43

(7) Providing information and related news to consumers about products and services in the field of food preparation and cooking; providing information, news, and commentary in the field of food preparation and cooking

Class 44

(8) Providing information and related news to consumers about products and services in the field of nutrition, diet planning, and medicine; providing information, news, and commentary in the field of nutrition, diet planning, and medicine

Class 45

(9) Personal concierge services for others; providing information and related news to consumers about products and services in the field of politics and government, personal growth, and law; providing information, news, and commentary in the field of politics and government, personal growth, and law

Claims

Priority Filing Date: December 19, 2016, Country or Office: UNITED STATES OF AMERICA, Application No: 87273797 in association with the same kind of goods and in association with the same kind of services

Goods

Class 25

T-shirts, sweatshirts, sweat pants, tank tops, shorts, golf shirts, neck ties, hats, caps, socks, jackets, jerseys, and sweaters

Services

Class 35

(1) sponsoring athletic events, namely promoting public awareness of the benefits of, and encouraging participation in, intramural, intercollegiate and exhibition athletic and sporting events, namely football, basketball, track and field, gymnastics, baseball, wrestling, volleyball, badminton, golf, tennis, archery, softball, swimming and diving, cross-country, ice hockey, lacrosse, triathlon, water polo, handball, karate, kung fu, krav maga, judo, ju-jitsu, aikido, chen taijiquan, intramural sports, physical fitness, personal training, classes in the field of wellness, namely in the fields of general health and well-being, and sports instruction in the fields of football, basketball, track and field, gymnastics, baseball, wrestling, volleyball, badminton, golf, tennis, archery, softball, swimming and diving, cross-country, ice hockey, lacrosse, triathlon, water polo, handball, karate, kung fu, krav maga, judo, ju-jitsu, aikido, and chen taijiquan

Class 41

(2) educational and entertainment services namely, the operation of an educational institution at the undergraduate, graduate, post-graduate and continuing adult education; and presenting cultural, dramatic and musical entertainment events, namely plays, musicals, concerts, and lectures

Class 42

(3) scientific research in the fields of social sciences, physical sciences, natural sciences, biological sciences, medical sciences, the arts and humanities; providing temporary use of on-line non-downloadable software for use in scientific research for data management and distribution;

operation of computer databases relating to scientific research for data management and distribution; scientific laboratory services; product research and development; materials testing and evaluation; product testing

Colour Claim

Colour is claimed as a feature of the trademark. The color(s) red, yellow, green, orange, white and gray are claimed as a feature of the mark. The mark consist of the stylized wording 'FITLINE' with the wording 'FIT' in gray, the letter 'L' in 'Line' is red and the letters 'INE' are gray. Below the wording is a curved line in red and below is the wording 'BASICS' in gray. Below the wording 'BASICS' is a crystal glass containing orange juice the top right and base of the glass being white and the juice orange. Behind the glass starting to the left are a few red apples, some cut in half, orange carrots, green lettuce, red tomatoes, green pepper, a light brown basket, green broccoli, beige grains, orange oranges, some cut in half, all inside a yellow background.

Goods

Class 05

(1) Preparations for food supplement, namely vitamins, minerals, protein powders, protein bars, meal replacement drinks and powders, glutamine, weight gain supplements, vitamins and minerals; nutritional supplement non-milk based protein shakes, nutritional supplement shakes, namely shakes containing fruits, vegetables, spices, vitamins and minerals for enhancing energy, digestive health, immunity or absorption of nutrients and fiber; nutritional supplement shakes,

namely meal replacement shakes, meal replacement bars, meal replacement powders, meal replacement yoghurts, meal replacement drinks, meal replacement tablets and meal replacement capsules for enhancing energy, digestive health, immunity or absorption of nutrients and fiber; nutritional dietary supplements in the form of tablets, capsules, powder, pastes, granules, bars, gels or in liquid form for non-medical use, namely, nutritional dietary supplements for building body mass, nutritional dietary supplements for improving hair growth, nutritional dietary supplements for improving the appearance of skin

Class 32

(2) mineral waters and aerated waters; mineral waters enriched with vitamins and/or nutrients; non-alcoholic beverages, namely vitamin and nutrient-enriched mineral waters for non-medical use; non-alcoholic drinks, namely soft drinks, energy drinks, juice, namely, fruit beverages and fruit juices, fruit based drinks, nonalcoholic beverages containing vegetable juices, non-alcoholic beverages containing fruit juices, fruit flavoured drinks, vitamin enriched fruit juice, vegetable juices; beverages based on fruit and fruit juices; syrups for making beverages, powders for making beverages, namely, ice tea powder mix, powder used in the preparation of soft drinks and juices; preparations for making beverages, namely syrups, powders, crystals and concentrates for making non-alcoholic beverages, namely energy drinks, fruit drinks, nutritional drinks and milk and yogurt drinks

Goods

Class 07

(1) Concrete mixers [machines]; Road sweeping machines, self-propelled; Garbage disposals; Trash compacting machines; Waste compacting machines; Snow ploughs; Fans for engines, radiators, radiator caps, and fan belts, all for land vehicles; Equipment for use in collecting and converting solar energy into electricity, namely, solar powered electricity generators; aerocondensers; air condensers; Alternators, namely, alternators for motor vehicles, starter alternator; anti-friction bearings for machines and anti-friction pads for machines; anti-pollution devices for motors and engines, namely, anti-pollution catalytic converters for motors and engines; axles for machines; ball rings for bearings; basket presses; bearing brackets for machines; bearings for transmission shafts; belt conveyors; belts for conveyors; belts for machines; belts for motors and engines; blowing machines for the compression, exhaustion and transport of gases; brake linings, other than for vehicles; Bulldozers; camshafts for vehicle engines; carburetter feeders; Carburetters; catalytic converters; cigarette machines for industrial purposes; compressed air pumps; connecting rods for machines, motors and engines; cord making machines; crank shafts; cranks for machines, motors and engines; curtain drawing devices, electrically operated; cylinder heads for engines; cylinders for motors and engines; door openers, hydraulic; door openers, pneumatic; door openers, electric; door closers, electric; door closers, hydraulic; door closers, pneumatic; electrodes for welding machines; electroplating machines; emergency power generators; engines for air cushion vehicles; exhaust manifold for engines; fan belts for motors and engines; fans for motors and engines; filters for cleaning cooling air, for engines; fittings for engine boilers; machine fly-wheels; food processors, electric; fuel economisers for motors and engines; fuel dispensing pumps for service stations; gears for weaving looms; generators of electricity; glow plugs for Diesel engines; heat exchangers [parts of machines]; igniting devices for internal combustion engines; injectors for engines; mufflers for motors and engines and silencers for motors and engines; piston segments and piston rings; pistons for cylinders; pistons for engines; pistons [parts of machines or engines]; pumps for heating installations; radiators [cooling] for motors and engines; self-oiling bearings; self-regulating fuel pumps; shock absorber plungers [parts of machines] and dashpot plungers [parts of machines]

and plunger pistons; sparking plugs for internal combustion engines; speed governors for machines, engines and motors; spinning wheels; starters for motors and engines; superchargers; transmissions for machines; pneumatic transporters; turbocompressors; vacuum pumps [machines]; wind turbines; window openers, electric; window closers, electric; window openers, hydraulic; window closers, hydraulic; window openers, pneumatic; window closers, pneumatic

Class 09

(2) Batteries, namely automotive batteries, electric batteries for vehicles, electric batteries for powering electric vehicles, general purpose batteries; rechargeable batteries, namely, rechargeable automotive batteries, rechargeable electric batteries for vehicles, rechargeable electric batteries for powering electric vehicles; lithium-ion batteries; lithium-polymer batteries; cathode materials and component elements for batteries; electric accumulators for vehicles; accumulators, electric, for vehicles; chargers for electric batteries, namely, chargers for electric batteries for vehicles, and automotive battery chargers; charging stations for electric vehicles ; computer hardware; computers; electric connections for electric lines; converters, electric; digital signs electronic notice boards; inductors [electricity]; switchboxes [electricity]; transistors [electronic]

(3) Battery management circuit, namely electronic control circuit for battery management for electrically powered motor vehicles; parking meters; eyeglasses; fluorescent screens; solar energy equipment, namely, photo-voltaic solar modules for converting electronic radiation to electrical energy; equipment for use in collecting and converting solar into electricity, namely, solar cells and inverters; accelerometers; aerometers; answering machines; anti-glare visors; anti-glare glasses; anticathodes; apertometers [optics]; audio- and video-receivers; audio mixers; bar code readers; barometers; batteries, electric, for vehicles; batteries for lighting; batteries, electric, namely, electric batteries for powering electric vehicles, electric batteries for vehicles, electric storage batteries; batteries for electronic cigarettes; battery jars; battery boxes; battery chargers, namely, automotive battery chargers; branch boxes [electricity]; cabinets for loudspeakers; cables, electric; cameras [photography]; carpenters' rules; cathodes; chargers for electronic cigarettes; choking coils [impedance]; circuit breakers; circular slide rules; coaxial cables; coils, electric; commutators; compact disc players; comparators; computer keyboards; computer operating programs, recorded; copper wire, insulated; cordless telephones; correcting lenses [optics]; covers for electric outlets; covers for smartphones; covers for personal digital assistants [PDAs]; covers for tablet computers; current rectifiers; dictating machines; digital weather stations; directional compasses; disk drives for computers; electric door bells; downloadable ring tones for mobile phones; downloadable music files; DVD players; dynamometers; electricity conduits; electrolyzers; electromagnetic coils; electronic agendas; electronic pocket translators; electronic tags for goods; electronic book readers; electronic access control systems for interlocking doors; electric and electronic effects units for musical instruments; electronic key fobs being remote control apparatus; electronic sheet music, downloadable; encoded identification bracelets, magnetic; ergometers; exposure meters [light meters]; fibre optic cables; fire extinguishers; fire alarms; fire beaters; flowmeters; frames for photographic transparencies; frequency meters; furnaces for laboratory use and ovens for laboratory use; fuse wire and wires of metal alloys [fuse wire]; galvanic cells; galvanic batteries; galvanometers; gas testing instruments; gasoline gauges and petrol gauges; gasometers [measuring instruments]; grids for batteries; hands-free kits for telephones; hemline markers; holders for electric coils; horns for loudspeakers; hydrometers; hygrometers; identification threads for electric wires; identification sheaths for electric wires; identity cards, magnetic; automatic indicators of low pressure in vehicle tires [tyres] and automatic indicators of low pressure in vehicle tires and automatic indicators of low pressure in vehicle tyres; infrared detectors; integrated circuits; interactive touch screen terminals; joysticks for use with computers, other than for video

games; junction boxes [electricity]; junction sleeves for electric cables; laptop computers; lens hoods; light dimmers [regulators], electric and light regulators [dimers], electric; light-emitting electronic pointers; light-emitting diodes [LED]; lighting ballasts; lightning conductors [rods], lightning arresters and lightning conductors; loudspeakers; magnetic wires; magnetic tape units for computers; magnifying glasses [optics]; marking gauges [joinery]; masts for wireless aerials; appliances for measuring the thickness of leather; graduated glassware; apparatus for measuring the thickness of skins; megaphones; micrometer screws for optical instruments; micrometers and micrometer gauges; microphones; microprocessors; microtomes; mileage recorders for vehicles and kilometer recorders for vehicles; mobile telephones and cell phones and cellular phones; mouse [computer peripheral]; navigation apparatus for vehicles in the form of on-board computers; navigational instruments, namely navigation computers for cars; needles for record players and styli for record players; needles for surveying compasses; neon signs; notebook computers; octants; ohmmeters; optical lanterns and optical lamps; optical glass; light conducting filaments [optical fibers [fibres]]; particle accelerators; pedometers; peepholes [magnifying lenses] for doors; periscopes; phonograph records; photocopiers [photographic, electrostatic, thermic]; photometers; photovoltaic cells; pince-nez; pipettes; pitot tubes; plane tables [surveying instruments]; planimeters; plates for batteries; polarimeters; pressure indicator plugs for valves; pressure gauges and manometers; printed circuits; printed circuit boards; central processing units [processors]; push buttons for bells; pyrometers; radios; radiotelegraphy sets; radiotelephony sets; telemeters; record players; reflecting discs for wear, for the prevention of traffic accidents; refractometers; relays, electric; retorts; retorts' stands; rheostats; road signs, luminous and mechanical; saccharometers; salinometers; scales with body mass analysers screens for photoengraving; screw-tapping gauges; semi-conductors; sheaths for electric cables; signal bells; signal lanterns; signalling whistles; mechanical signs; signs, luminous; simulators for the steering and control of vehicles; sirens; slide calipers; clinometers and inclinometers; smartphones; sockets, plugs; solar batteries; solar panels for the production of electricity; solderers' helmets; solenoid valves [electromagnetic switches]; sonars; sounding lines; sounding leads; spark-guards; spectrometers; speed checking apparatus for vehicles, namely speedometers; speed indicators, namely speedometers; speed regulators for record players; spherometers; starter cables for motors; surveying instruments; surveying chains; surveyors' levels; switchboards; tablet computers; tape recorders; telegraph wires; telegraphs [apparatus]; telephone receivers; telephone transmitters; telephone wires; teleprinters and teletypewriters; teleprompters; telerupters; Telescopes; temperature indicator labels, not for medical purposes; theodolites; thermal imaging cameras; thermionic valves and thermionic tubes; thermohygrometers; thermostats for vehicles; time switches, automatic; time clocks [time recording devices]; toner cartridges, unfilled, for printers and photocopiers; totalizers; transponders; urinometers; USB flash drives; variometers; vehicle radios; vehicle breakdown warning triangles; video screens; video telephones; viewfinders, photographic; virtual reality headsets; voltage regulators for vehicles; voltage surge protectors; voltmeters; wafers for integrated circuits; water level indicators; wavemeters; wire connectors [electricity]; wires, electric; wrist rests for use with computers; antiglare devices for vehicles, namely anti-glare visors

Class 11

(4) Electric lamps; lanterns for lighting; lamp mantles; burners for lamps; pocket searchlights; pocket torches, electric; carbon for arc lamps; lamp glasses; light diffusers; sockets for electric lights; chandeliers; filaments for electric lamps; flares; laboratory lamps; ultraviolet ray lamps, not for medical purposes; fairy lights for festive decoration; microwave ovens [cooking apparatus]; miners' lamps; lampshade holders; street lamps; Refrigerators; aquarium lights; diving lights; heat accumulators; hot air bath fittings; water heater; water dispenser; autoclaves [electric pressure

cookers]; air deodorising apparatus; air conditioners for vehicles; anti-dazzle devices for automobiles [lamp fittings], namely, anti-dazzle fittings for lamps for use in automobiles; anti-glare devices for vehicles [lamp fittings], namely, anti-glare fittings for lamps for use in vehicles and anti-dazzle devices for vehicles [lamp fittings], namely, anti-dazzle fittings for lamps for use in vehicles; anti-splash tap nozzles; ceiling lights; central heating radiators; coffee roasters; defrosters for vehicles; discharge tubes, electric, for lighting; electric fans for personal use; filaments for electric lamps; filters for air conditioning; headlights for automobiles; heaters for vehicles; hot plates; hot water bottles; luminous house numbers; humidifiers for central heating radiators; hydrants; lamps for directional signals of automobiles; light bulbs; light bulbs, electric; light bulbs for directional signals for vehicles; lighting apparatus for vehicles, namely brake lights for vehicles, rear lights for vehicles, parking lights for vehicles; lights for vehicles; lights for automobiles and automobile lights; radiator caps; searchlights; Turkish bath cabinets, portable; vehicle headlights; vehicle reflectors; ventilation [air conditioning] installations for vehicles; cooking utensils, electric; lighters, namely, gas lighters

Class 12

(5) Motor vehicles, namely automobiles, trucks, vans, motor coaches and buses; battery-operated land vehicles, namely, automobiles, trucks, vans, motor coaches and buses; buses; brake pads for vehicles; engine and motors for land vehicles; snowmobiles; automobile hoods; automobile chains; automobile chassis; automobile tires [tyres]; automobile bodies; bicycles; electric bicycles; bodies for vehicles; brake linings for vehicles; brake shoes for vehicles; brake segments for vehicles; brake discs for vehicles; brakes for vehicles; bumpers for automobiles; doors for vehicles, namely cars, automobiles, and motor cars; driving motors for land vehicles; driving chains for land vehicles; engine mounts for land vehicles; hoods for vehicle engines; hoods for vehicles; light lorries and trucks; motor buses; motor coaches; motor scooters; motor racing cars; motors, electric, for land vehicles; remote control vehicles, other than toys, namely, automobiles, trucks, vans, motor coaches and buses; transmissions for land vehicles

(6) Aeroplanes and aircrafts; ships; cable cars; tramcars; concrete mixing vehicles; telpher railways [cable cars]; funiculars; repair outfits for inner tubes; rolling stock for railways; locomotives; baby carriages; handcart; tyre repair patches; apparatus for locomotion by land, air or water, namely, automobiles, trucks, vans, motor coaches and buses; Automobiles and structural parts therefor; electric automobiles; electric automobile parts, namely, motors; fully battery electric, high performance sports automobile; vehicles, namely, automobiles, trucks, vans, motor coaches and buses; brake callipers, bumper bars, clutches, differential gears, drive gears, drive shafts, engines and motors, fans for engines, gear change selectors, transmissions, transmission shafts, hydraulic cylinders and motors, couplings and carrying bearings, all for land vehicles; manual and power steering apparatus, namely steering wheels, personal safety restraints, namely seat belts and safety belts for vehicle seats, seats, sliding roofs, steering columns, all for vehicles; vehicle wheel hubs; direction indicators, doors, hatches, upholstery, handles for doors, horns, mirrors (retrovisors), luggage carriers, ski carriers, mud-guards, anti-skid chains, head rests, safety belts, safety seats for children, mud-flaps, roof-racks, shock absorbers, springs, namely, shock absorbing springs for vehicles, stabilizer bars, starter motors, steering wheels, steering linkages, suspensions, namely suspension systems for motor vehicles, torsion bars, tow bars, windows, window winding mechanisms, windscreen wipers, all for vehicles; arm rests for motor vehicles; protective covers (fitted), radiator grilles, reservoirs for fluids, stowage boxes and stowage compartments, wheel carriers, all being parts of vehicles; trim panels for vehicle bodies; starters for land vehicles, namely, starters for motors and engines; structural parts and fittings for motor land vehicles; mechanical controls for engines, brakes, clutches, accelerators and for transmissions, mountings for engines, all for land vehicles; adhesive rubber patches for repairing

inner tubes; air pumps [vehicle accessories], namely, air pumps for automobiles; air cushion vehicles; air bags for automobiles; ambulances; anti-skid chains; anti-theft devices for vehicles; anti-theft alarms for vehicles; armoured vehicles; ashtrays for automobiles; axle journals; axles for vehicles; balance weights for vehicle wheels; bands for wheel hubs; bellows for articulated buses; bicycle kickstands; bicycle chains; bicycle handlebars; bicycle tyres and bicycle tires; bicycle brakes; bicycle mudguards; bicycle cranks; bicycle motors; bicycle pedals; bicycle wheels; bicycle saddles; bicycle frames; bicycle bells; boat hooks; Boats; bodies for railway cars; brake pads for automobiles; motor homes; caps for vehicle petrol [gas] tanks; caravans; casings for pneumatic tires [tyres]; chairlifts; cigar lighters for automobiles; hydraulic circuits for vehicles; civilian drones; clutches for land vehicles; connecting rods for land vehicles, other than parts of motors and engines; couplings for land vehicles; covers for vehicle steering wheels; crankcases for land vehicle components, other than for engines; delivery tricycles and carrier tricycles; dining cars; dining cars [carriages]; direction indicators for bicycles; direction signals for vehicles and turn signals for vehicles; dredgers [boats]; self-driving cars; engines for land vehicles and motors for land vehicles; forklift trucks; freewheels for land vehicles; gear boxes for land vehicles; gearing for land vehicles; gears for bicycles; golf carts [vehicles] and golf cars [vehicles]; head-rests for vehicle seats; headlight wipers; horns for vehicles; hose carts; hub caps; hubs for vehicle wheels and vehicle wheel hubs; hubs for bicycle wheels and bicycle wheel hubs; hydroplanes; luggage carriers for vehicles; luggage nets for vehicles; military vehicles for transport; military drones; mine cart wheels; mobility scooters; Mopeds; motorcycle kickstands; motorcycle saddles; motorcycle chains; motorcycle frames; motorcycle handlebars; motorcycle engines; Motorcycles; Mudguards; non-skid devices for vehicle tires, namely, anti-skid chains for vehicle tires, anti-skid studs for vehicle tires, and antiskid textile covers for tires; Omnibuses; panniers adapted for bicycles; panniers adapted for motorcycles; propulsion mechanisms for land vehicles, namely engines for land vehicles; pumps for bicycle tyres and pumps for bicycle tires; push scooters [vehicles]; rearview mirrors; reduction gears for land vehicles; refrigerated vehicles, namely, refrigerated trucks; reversing alarms for vehicles; rims for bicycle wheels and bicycle wheel rims; rims for vehicle wheels and vehicle wheel rims; saddle covers for bicycles; saddle covers for motorcycles; saddlebags adapted for bicycles; safety belts for vehicle seats; safety seats for children, for vehicles; seat covers for vehicles; security harness for vehicle seats; shock absorbing springs for vehicles; shock absorbers for automobiles; side cars; side view mirrors for vehicles; ski carriers for cars; sleeping berths for vehicles; sleeping cars; solid tyres or vehicle wheels and solid tires for vehicle wheels; spare wheel covers, spare tire covers, and spare tyre covers; spikes for tyres and spikes for tires; spoilers for vehicles; spoke clips for wheels; spokes for bicycle wheels and bicycle wheel spokes; sports cars; sprinkling trucks; steering wheels for vehicles; sun-blinds adapted for automobiles; suspension shock absorbers for vehicles; tailboard lifts [parts of land vehicles], elevating tailgates [parts of land vehicles], and power tailgates [parts of land vehicles]; tilt trucks; tilting-carts; tipping bodies for lorries [trucks]; tipping apparatus, namely, tipping bodies for trucks and tipping bodies for lorries, parts of trucks and waggons; torque converters for land vehicles; torsion bars for vehicles; Tractors; trailer hitches for vehicles; trailers [vehicles], namely, refrigerated trailers, tractor trailers, travel trailers; transmission chains for land vehicles; transmission shafts for land vehicles; treads for retreading tires [tyres]; tubeless tyres for bicycles and tubeless tires for bicycles; inner tubes for pneumatic tires [tyres]; inner tubes for bicycle tyres and inner tubes for bicycle tires; turbines for land vehicles, namely, air turbines for land vehicles, hydraulic turbines for land vehicles, and steam turbines for land vehicles; two-wheeled trolleys, luggage trucks and sack-barrows; tyre mousse inserts and tire mousse inserts; tyres for vehicle wheels and tires for vehicle wheels; pneumatic tyres and pneumatic tires; undercarriages for vehicles; upholstery for vehicles; valves for vehicle tires [tyres]; vans [vehicles]; vehicle wheels; vehicle chassis; vehicle bumpers; vehicle running boards; vehicle wheel spokes; vehicle

suspension springs; vehicle seats; vehicle covers [shaped], namely automobile covers, van covers, bus covers, truck covers; vehicle joysticks; electric vehicles, namely, electrically powered motor vehicles; vehicles for locomotion by land, air, water and rail, namely, automobiles, trucks, vans, motor coaches and buses; wagons; windows for vehicles; windscreens and windshields; windshield wipers and windscreen wipers; Steering apparatus, automatic, for vehicles, namely, steering wheels

Class 17

(7) Anti-dazzle devices for vehicles, namely anti-dazzle films for windows

Class 22

(8) Braces, not of metal, for handling loads and harness, not of metal, for handling loads; vehicle covers, not fitted, namely automobile covers, truck covers, van covers, bus covers

Class 28

(9) Toy trailers

Class 34

(10) Lighters, namely, cigarette lighters, lighters for smokers

Services**Class 35**

(1) Administration of consumer loyalty programs; administrative processing of purchase orders; advertising agency services and publicity agency services; rental of advertising space; rental of advertising time on communication media; appointment scheduling services [office functions]; rental of billboards [advertising boards]; book-keeping and accounting; business management assistance; business auditing; business management and organization consultancy; business management consultancy; business efficiency expert services; business appraisals; business organization consultancy; advisory services for business management; business management of hotels; business management for freelance service providers; business project management services for construction projects; business management of reimbursement programmes for others; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; compilation of information into computer databases; compilation of statistics; compiling indexes of information for commercial or advertising purposes; computerized file management; consultancy regarding public relations communications strategy; consultancy regarding advertising communications strategy; cost price analysis; document reproduction; drawing up of statements of accounts; economic forecasting; employment agency services; import-export agency services; invoicing; layout services for advertising purposes; market studies; marketing research; modelling for advertising or sales promotion; negotiation and conclusion of commercial transactions for third parties; negotiation of business contracts for others; office machines and equipment rental; provision of an on-line marketplace for buyers and sellers of goods and services; opinion polling; payroll preparation; personnel management consultancy; personnel recruitment; price comparison services; psychological testing for the selection of personnel; public relations; publication of publicity texts; relocation services for businesses; retail and wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; rental of sales stands; scriptwriting for advertising purposes; search engine optimization for sales promotion; secretarial services; tax preparation; tax filing services; telemarketing services; telephone answering for unavailable subscribers; typing; updating and maintenance of data in computer databases; web site traffic optimization; web indexing for commercial or advertising purposes; word processing; writing of publicity texts; writing of curriculum vitae for others and writing of résumés for others

Class 36

(2) Providing financial services relating to automobiles, namely insurance services and automobile financing and lease-purchase financing; Insurance; credit consultancy; credit bureau and financing services for the purchase and leasing of motor vehicles; advisory services relating to the insurance of motor vehicles; motor insurance; provision of warranties for motor land vehicles; Solar panel financing services; accident insurance underwriting; actuarial services; apartment house management; rental of apartments; brokerage of carbon credits; business liquidation services, financial; capital investment; charitable fund raising; clearing-houses, financial; issuance of credit cards; debt collection agency services; debt advisory services; electronic funds transfer; exchanging money; arranging finance for construction projects; financial customs brokerage services; financial management; financial analysis; financial evaluation of standing timber and financial valuation of standing timber; financial evaluation of wool and financial valuation of wool; financial management of reimbursement payments for others; fiscal valuation; health insurance underwriting; hirepurchase financing and lease-purchase financing; instalment loans; insurance brokerage; insurance consultancy; insurance information; investment of funds; lending against security; loans [financing]; mutual funds; rental of offices [real estate]; rental of offices for co-working; processing of credit card payments; processing of debit card payments; rental of real estate; real estate agency services; real estate brokerage; real estate appraisal; real estate management; stock exchange quotations; issuance of travellers' cheques and issuance of travelers' checks; trusteeship

Class 37

(3) Building construction supervision; Factory construction; Mining extraction; Heating equipment installation and repair; Motor vehicle maintenance and repair; Shipbuilding; Rustproofing; Retreading of tires (tyres); Vehicle polishing; Leather care, namely, cleaning and repair; Installation, maintenance and repair of computer hardware; Repair, maintenance and servicing of vehicles; Maintenance, servicing, repair and cleaning of motor vehicles; Charging station services for electric vehicles; Providing maintenance and repair services for automobiles; Installation, maintenance and repair of solar panels and other equipment for use in converting solar energy into electricity; installation of solar energy systems and consulting related thereto; anti-rust treatment for vehicles; safe maintenance and repair; telephone installation and repair; upholstery; upholstery repair; vehicle lubrication [greasing] vehicle greasing and vehicle lubrication; vehicle washing; vehicle polishing; vehicle service stations [refuelling and maintenance]; vehicle maintenance; vehicle cleaning; vehicle breakdown repair services; vehicle battery charging; vulcanization of tires [tyres] [repair], vulcanization of tires [repair] and vulcanization of tyres [repair]; window cleaning

Class 39

(4) Providing driving directions for travel purposes; physical storage of electronically stored data or documents; car rental; motor coach rental; vehicle rental

(5) Boat rental; rental of warehouses; rental of diving suits; leasing of motor vehicles; ambulance transport; armored-car transport; bus transport; car sharing services; chauffeur services; collection of recyclable goods [transport]; courier services [messages or merchandise]; delivery of newspapers and newspaper delivery; delivery of goods by mail order; providing driving directions for travel purposes; rental of electric wine cellars; escorting of travellers; flower delivery; franking of mail; freight forwarding; freight brokerage; garage rental; guarded transport of valuables; rental of motor racing cars; rental of navigational systems; parcel delivery; parking place rental; portage; rental of storage containers; taxi transport; towing; traffic information; tram transport and streetcar transport; transport and storage of waste and transport and storage of trash; transporting furniture;

arranging of travel tours; travel reservation; unloading cargo; vehicle breakdown towing services; rental of vehicle roof racks; rental of wheelchairs

(6) Leasing services for vehicles

Class 42

(7) Research and development of lithium-ion batteries; research and development of rechargeable batteries; research and development of electric land vehicles; consultancy in the field of energy-saving; research and development of new products for others; research in the field of environmental protection

(8) chemical analysis; clinical trials; computer rental; computer programming; computer software design; rental of computer software; computer system analysis; computer system design; computer software consultancy; computer virus protection services; computer technology consultancy; computer security consultancy; construction drafting; consultancy in the design and development of computer hardware; creating and maintaining web sites for others; creating and designing website-based indexes of information for others [information technology services]; data encryption services; interior design; digitization of documents [scanning]; duplication of computer programs; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic monitoring of credit card activity to detect fraud via the internet; energy auditing; graphic arts design; handwriting analysis [graphology]; hosting computer sites [web sites]; industrial design; providing information on computer technology and programming via a web site; installation of computer software; internet security consultancy; maintenance of computer software; meteorological information; monitoring of computer systems by remote access; monitoring of computer systems to detect breakdowns; monitoring of computer systems for detecting unauthorized access or data breach; packaging design; quality evaluation of standing timber; recovery of computer data; provision of advice and consultancy in relation to carbon offsetting; providing search engines for the internet; server hosting; technical writing; material testing; textile testing; unlocking of mobile phones; updating of computer software; vehicle roadworthiness testing; rental of web servers; web site design consultancy; Consultation in the field of energy efficiency pertaining to solar and renewable energy; inspection of motor vehicles

Visual Representation

The logo for NIGATA, featuring the word "NIGATA" in a bold, italicized, sans-serif font. The letter "N" is significantly larger and more prominent than the other letters, which are smaller and follow it. The letters are black with a white outline, giving them a three-dimensional appearance.

Goods

Class 07

(1) metalworking machines; chemical processing machines; power machinery excluding power machinery for land vehicles, water mills and wind mills, namely marine engines, diesel marine engines, gas-fueled marine engines, generators for motor vehicles, generators for marine vehicles, power generation diesel engines, power generation gas-fueled engines, power generation gas turbines, emergency diesel engines, emergency gas turbines; selective catalytic reduction systems and components for selective catalytic reduction systems, namely selective catalytic reduction (SCR) catalytic converters, urea mixers, urea injection pipes and injector, electronic controller for processing urea, urea pumps, temperature sensors, injection nozzles, and chemical solution tanks; hybrid tugboat power systems, namely marine engines, auxiliary marine engines, electric motors, batteries and generators; shafts, namely cam shafts, crank shafts, drive shafts; shaft joints, namely drive shaft joints, cam shaft joints; bearings for machines; engines, namely marine engines, diesel engines for railway vehicles, power generation engines, emergency engines, emergency gas turbines; boats; power transmission apparatus not for land vehicles, namely marine engines, diesel marine engines, gas-fueled marine engines, generators for motor vehicles, generators for marine vehicles; braking apparatus not for land vehicles, namely brake shoes, brake pads, brake discs, brake drums; plastic processing machines, namely injection molding machines; check valves; safety valves; butterfly valves being parts of machines; EGR (exhaust gas recirculation) valves; servo-valves; thermostatic control valves for machines; shaft joints, namely shaft couplings

Class 12

(2) vessels in the form of boats and ships, excluding air cushion vehicles; parts and fittings for vessels in the form of boats and ships, excluding air cushion vehicles, namely propellers, screw propellers, steering gears, rudders, steam steering gears, steering wheels, electric steering gears, reversing gears, clutch mechanisms, reduction gears, belt pulleys, toothed wheels or gears, speed

change gears, fluid couplings, hydraulic torque converters, links and roller chains for vehicles in the form of boats and ships, excluding air cushion vehicles; railway vehicles, namely locomotives, railway passenger cars, railway freight cars; parts and fittings for locomotives, railway passenger cars, railway freight cars, namely luggage nets, current collecting equipment, undercarriages, chassis, handstraps, seats, bodies, wheels, doors, door engines and railway couplings for locomotives, railway passenger cars, railway freight cars; power machineries for land vehicles, namely diesel engines for railway vehicles; power transmission machines for land vehicles, namely idling pulleys, cams, reversing gears, clutch mechanisms, reduction gears, belt pulleys, power transmission belts, toothed wheels or gears, speed change gears, fluid couplings, hydraulic torque converters, links and roller chains for land vehicles; shafts, namely transmission shafts for land vehicles; shafts, namely shafts for land vehicles; shaft joints, namely shaft couplings for land vehicles; bearings for railway vehicles

Goods

Class 05

(1) Preparations for destroying vermin; Germicides; Food for babies; Slimming pills; Sanitary towels; Babies' diaper-pants; all-purpose disinfectants; Disinfectant wipes.

Class 09

(2) Computer operating system software; Computers; Downloadable applications for mobile phones for accessing weather information, applications for mobile phones in the form of downloadable sports games, downloadable application for mobile phones to download video games via the internet, downloadable applications for handheld computers to download music, movie and television graphics, downloadable applications for handheld computers to enable the streaming of movies, television shows and music, downloadable applications for mobile phones to enable the streaming of movies, television shows and music, downloadable applications for mobile phones to take and edit photographs, downloadable applications for tablet computers to take and edit photographs, downloadable multimedia applications for mobile phones in the form of word games; Smart watch (data processing); Smart glasses (data processing); Data processing apparatus, namely, computer hardware and computer monitors, computer servers, computers; Electronic agendas; Computer games for use on mobile and cellular phones; Finger Scanner; Photocopiers [photographic, electrostatic, thermic]; Laptop computers; scales with body mass analysers; Downloadable electronic publications in the nature of franchise management in the field of high technology; Computer games; Tablet computers; Chronographs for use as specialized time recording apparatus; Car navigation computers; Telephones; Electronic book readers; Cameras [photography]; Selfie sticks [hand-held monopods]; Headphones; Electronic display board; Wearable activity trackers; Radios; Video recorders; USB flash drives; Audiovisual teaching apparatus, namely, audiovisual receivers; LCD Projectors, video projectors, overhead projectors,

slide projectors; DVD players; Portable DVD players, portable MP3 players; mobile telephones; Man-made satellite; Wires, electric; Electron microscope; Video screens; Fire extinguishers; Electronic lock; 3D spectacles; Electric storage batteries, cell phone batteries, nickel-cadmium storage batteries, galvanic batteries; Rechargeable batteries for mobile phones, power supplies for mobile phones to recharge mobile phones; Video disks and video tapes with recorded animated cartoons.

Class 11

(3) Coffee machines, electric; Refrigerators; Microwave ovens [cooking apparatus]; Hearths; Heaters for baths; Toilets, portable; Solar thermal collectors [heating]; Radiators, electric.

Class 16

(4) Paper; Copying paper [stationery]; Handkerchiefs of paper; Advertisement boards of paper or cardboard; Note books; Almanacs; Posters; Newspapers; Flyers; Printed coupons; Clips for offices; Business card; Books; Steel pens; Paintings [pictures], framed or unframed; Bags [envelopes, pouches] of paper or plastics, for packaging; Drawing boards; Stapling presses [office requisites]; Ink; Writing instruments; Adhesive bands for stationery or household purposes; Toilet paper; Towels of paper.

Class 18

(5) Pelts; Pocket wallets; School bags; Travelling trunks; Umbrellas; Walking sticks; Shopping bags; Parasols; Trunks [luggage]; Travelling bags; Leather straps; Attaché cases; Leather leads; Clothing for pets; Haversacks; Bags for sports.

Class 20

(6) Desks; Filing cabinets; Mirrors [looking glasses]; Indoor window shades [furniture]; Works of art of wood, wax, plaster or plastic; Display boards; Beds; Kennels for household pets; Office furniture; Pillows; Bookcases; Wardrobes; Placards of wood or plastics; Doors for furniture.

Class 25

(7) Underwear; Shoulder wraps; Layettes [clothing]; Babies' pants [underwear]; Swimsuits; Masquerade costumes; Hosiery; Neckties; Caps [headwear]; Scarfs; Gloves [clothing]; Suspenders; Sleep masks.

Class 30

(8) Tea-based beverages; Flowers or leaves for use as tea substitutes; Natural sweeteners; Chocolate; Pastries; Bread; Sandwiches; Semolina; Rice Paste for food preparation; Noodles; Cereal-based snack food; Popcorn; Starch for food; Thickening agents for cooking foodstuffs; Tapioca; Ice cream; Salt; Vinegar; Meat gravies; Leaven; Baking soda [bicarbonate of soda for cooking purposes].

Services

Class 35

(1) Advertising by transmission of on-line publicity for third parties through electronic communications networks, advertising the goods and services of others through all public communication means; Providing and rental of advertising space on the internet; Business management consultancy; Business management of hotels; Business administration and management, business administration services; Database marketing services in the form of compiling customer specific databases; Providing advice and information relating to commercial business management, business management assistance; Providing online marketplace of goods or services for buyers and sellers; Developing promotional campaigns for others; Procurement of

contracts for the purchase and sale of goods of others; Providing marketing strategies for others, advice in the field of business management and marketing; Import-export agencies; Human Resource Management; Commercial administration of the licensing of the goods and services of others, namely, mediation of agreements for others for the sale and purchase of goods; Commercial intermediation services, namely, mediation and conclusion of commercial transactions for others; Providing business information via a web site, namely, providing information on rental of offices for co-working and rental of office equipment in offices for coworking via a web site; Relocation services for businesses; Office machines and equipment rental; Updating and maintenance of data in computer databases; Management of computerized databases for others; Accounting; Sponsorship research, namely research conducted to identify consumer, brand, and competitive insights pre and post selection of sponsorship; Retail and wholesale services for medical supplies; Publicity agencies; Shop window dressing; Secretarial services.

Class 36

(2) Insurance brokerage; Arranging of loans, financing of loans; Financing of purchases ; Financial management; Mortgage services; Hire-purchase financing; Securities brokerage; Financial analysis; Financial analysis consultation services; Financial investment counselling; Electronic funds transfer; Advisory services in the field of credit and debit control, investment, grants and financing of loans; Rent collection; Safe deposit services; Project financing; Fund investments; Stock brokerage services; Debt advisory services; Arranging finance for construction projects; Financial information in the field of credit and debit control, investment, grants and financing of loans provided via a web site; Providing rebates at participating establishments of others through use of a membership card; Venture capital financing; Automobile financing and hire-purchase; Equity capital investment; Providing information on securities market; Providing finance for rental and hirepurchase; Debt collection services; Art appraisal; Leasing of real estate; Real estate agencies; Housing agents; Real estate appraisal; Real estate management; Apartment house management; Renting of flats; Leasing of farms; Apartment rental; Rental of offices [real estate]; Sales of commercial houses; Financial guarantee and surety; Charitable fund raising; Fiduciary representative services; Lending against security; Business brokerage.

Class 37

(3) Building of fair stalls and shops; Installation of doors and windows; Construction of commodity houses; Cleaning of buildings [interior]; Wallpapering; Upholstering; Painting, interior and exterior; Cleaning of buildings [exterior surface]; Street cleaning; Rental of road sweeping machines; Building maintenance and repair; Heating equipment installation and repair; Office machines and equipment installation, maintenance and repair; Air conditioning apparatus installation and repair; Kitchen equipment installation; Freezing equipment installation and repair; Installation, maintenance and repair of computer hardware; Sanitary facilities installation and repair; Lighting apparatus installation and repair; Vehicle maintenance; Motor vehicle maintenance and repair; Safe maintenance and repair; Clock and watch repair; Furniture restoration; Laundering; Lift installation and repair.

Class 38

(4) Wire service; Cable television broadcasting; Broadcasting of film and television features via the Internet, internet radio broadcasting services; Telephone services; Cellular telephone communication; Communication by computer terminals, namely, providing multiple user access to a global computer network; Electronic mail transmission; Electronic exchange of messages via chat lines, chatrooms and Internet forums; Rental of facsimile apparatus; Rental of cell phones, smart phones, modems, teleconferencing equipment and videoconferencing equipment; Rental of telephones; Providing on-line electronic bulletin boards for transmission of messages among

computer users; Provision of access to a global computer network; Teleconferencing services; Providing user access to global computer networks; Providing internet chatrooms; Providing access to databases; Videoconferencing services.

Class 39

(5) Escorting of travellers; Parcel delivery; Courier services [messages or merchandise]; Physical storage of electronically-stored data or documents; Rental of warehouses; Car rental; Vehicle rental ; Chauffeur services; Motor coach rental; Car sharing services; Boat rental; Porterage; Traffic information; Transporting furniture; Bicycle rental; Rental of wheelchairs.

Class 40

(6) Rental of air conditioning apparatus; Dressmaking; custom tailoring; Fruit crushing; Paper finishing; Woodworking; Applying finishes to textiles; Fabric bleaching; Wool treating; Textile dyeing; Cloth dyeing; Flour milling; Freezing of foods.

Class 41

(7) Education, namely, tutoring, boarding school education, physical education, education in the fields of computer technology, business process re-engineering and mathematics (STEM) curriculum, music, maths, product design, art rendered through correspondence courses, providing mentoring, tutoring, classes, seminars and workshops in the field of computer technology, business process re-engineering and mathematics (STEM) curriculum, music, maths, product design, art; Business education and training services, namely, developing customized leadership and business executive development programs, providing executive coaching services, and providing business education programs to employees and executives; Computer training; Personal coaching services in the field of foreign language, computer technology, business process re-engineering and mathematics (STEM) curriculum, music, maths, product design, art; Professional coaching services in the field of foreign language, computer technology, business process re-engineering and mathematics (STEM) curriculum, music, maths, product design, art; Nursery schools; Practical training in the field of welding; Vocational guidance [education or training advice]; Training, namely, vocational guidance services, vocational education in the field of computers, vocational training in the field of food services, vocational training in the field of hospitality, vocational training in the field of mechanics; Tutoring; Arranging and conducting of conferences in the field of rental of offices for co-working; Publication of books; on-line publication of electronic books and journals; Online electronic publishing of nondownloadable books and periodicals; Animal training; Production of radio and television programmes; Production and distribution of radio programs; Production of radio and television programmes; Entertainment in the nature of television news shows; Radio entertainment production; Translation; Providing on-line music, not downloadable; Entertainment services in the nature of non-downloadable videos transmitted via wireless computer networks; Providing on-line computer games; Health club services [health and fitness training]; Providing sports arena facilities; Providing recreational areas in the nature of play areas for children.

Class 42

(8) Industrial design; Packaging design; Architectural services; Construction drafting; Design of interior decor; Interior design; Dress designing; Graphic arts design; Computer rental; Computer programming; Computer software design; Updating of computer software; Maintenance of computer software; Creating and maintaining web sites for others; Hosting computer sites [web sites]; Rental of web servers; Cloud computing enabling file storage of payroll data, cloud computing photo sharing services, cloud computing provider services for general storage of data, cloud computing providing software for database management, cloud computing video hosting web sites, and cloud computing web hosting services; Computer security consultancy.

Class 43

(9) Boarding for animals; Retirement homes; Providing hotel accommodation, providing temporary accommodation in boarding houses, providing temporary accommodation in vacation apartments; Food and drink catering; Cafés; Cafeterias; Rental of chairs, tables and table linen, Rental of table glassware; Rental of rooms as temporary living accommodations; Boarding houses; Hotels; Providing room reservation and hotel reservation services; Providing conference rooms; Hotel reservations; Motels; Snackbars; Bar services; Holiday camp services [lodging]; Rental of transportable buildings.

Class 44

(10) Gardening; Plant nurseries; Weed killing; Aquaculture services; Convalescent home services; Rest homes; Medical clinic services; Chiropractics; Hospitals; Physiotherapy; Dentistry; Medical equipment rental; Pharmacy advice; Plastic surgery.

Class 45

(11) Monitoring of burglar and security alarms; Inspection of factories for safety purposes; Chaperoning; Clothing rental; burial services; funerary undertaking; Opening of security locks; Dating services; Marriage agency services; On-line social networking services; Fire-fighting; Intellectual property consultancy; Copyright management; Licensing of intellectual property; Monitoring intellectual property rights for legal advisory purposes; Legal research.

Class 01

(1) Chemicals for use in industry and science, namely, standardized analytical solutions used for titrations and calibration purposes, namely, chemical buffer solutions, high purity acid and alkaline solutions of certified molarities for chemical purposes, solutions of anions and cations in pre-determined and certified quantities, reagents used for analytical moisture determinations; chemical reagents for scientific research use, namely, analysis, synthesis, quality control, production and for sample preparation, sample digestion, cleaning and extraction; cell culture media for scientific or research purposes, namely for the detection of microorganisms in air, in liquids and on surfaces; chemical reagents for detection toxic substances, namely, organic compounds, inorganic chemical compounds, naturally occurring toxins, toxic metals, radioactive substances; chemically treated non-medical test strips for the semiquantitative detection of ions, organic substances and inorganic substances; chemically-treated nonmedical test strips for pH determination; chemical sorbent materials, namely, absorbing carbons, chromatographic grade silica gel for use in gas chromatography; nucleoside derivatives and nucleotide derivatives for scientific and medical research use and for the synthesis of oligonucleotides particularly for use in the manufacture of diagnostic preparations, therapeutic preparations and pharmaceuticals; chemicals for use in chromatography; culture media for microorganisms and rapid test strips for analysis, quality and process control for use in manufacturing pharmaceutical and medical preparations; chemical reagents for the determination of the degree of deterioration of fats used for deep-frying; test kits consisting of chemical reagents and test paper for assessing the hygiene status of surfaces; chemical reagents used for analytical moisture determinations; high purity acids for use in sample pre-treatment of matrices; phosphorous pentoxide desiccator drying agent; chemical fluxes for use in X-ray fluorescence analysis; ampules of biological indicator solution for checking sterilization of laboratory equipment; high purity chemical solvents for use in environmental analysis; chemicals for use in primary gas chromatography detection; chemical solvents for use in gas chromatography detection; concentrated laboratory reagent solutions prepacked in ampules for scientific, chemical analysis and research use; chemical solvents for scientific ultraviolet and infrared spectroscopy; chemical preparations, namely, chemical reagents for the calibration or qualification of analytical instruments used in chemical quality control laboratories; ph indicator sticks; chemical degreasing and cleaning solvents and deuterated chemical solvents for use in industry and science, namely,

grease-removing preparations for use in laboratory processes, degreasing solvents for use in cleansing of laboratory equipment; silicates, namely, aluminum silicate, calcium silicate, sodium silicate, zinc silicate, potassium silicate, magnesium silicate, olivine for use in industry and science; cells, namely, stem cells for research and scientific purposes, cell growth media for growing cells for use in scientific research; proteins, namely, glycoproteins, milk protein, phosphoproteins, protein plastics, unprocessed protein plastics, plant-based proteins, raw protein used in the manufacturing and quality control testing process of biopharmaceuticals; peptides, nucleic acids and compositions containing cells, proteins, for scientific, laboratory and medical research; peptides and nucleic acids for use in gene expression technology, biological, genetic, chemical and scientific research and development; molecular based assays for use in the pharmaceutical and biopharmaceutical industries, specifically in the determination and identification of microorganisms; synthetic peptides, nucleic acid sequences and chemical reagents containing cells and proteins for scientific research and chemical analysis for calibration and validation of laboratory testing equipment

Class 03

(2) Cleaning, polishing, scouring and abrasive preparations, namely, all-purpose cleaning preparations, glass cleaning preparations, polishing creams, polishing wax, general use abrasives, abrasive sand; bleaching and dyeing preparations, namely, bleaching preparations for laundry use, bleaching soda, hair dyeing preparations, hair dye stripping preparation; detergents, namely, detergent soap, glassware detergents, volatile alkali used as a detergent

Class 05

(3) Pharmaceutical products, namely clinical diagnostic reagents for research, analysis, quality control, synthesis and for sample preparation, sample digestion and extraction; culture media for medical diagnostic purposes, namely growth and detection of bacteria and fungi; clinical diagnostic reagent packed in the form of a column used for extracting fat-soluble substances from secreting liquid of the human body; pharmaceutical water being purified water for medical and clinical diagnostic purposes; empty capsules for pharmaceuticals; bacteriological culture mediums for autoclaving control; synthetic peptides, nucleic acid sequences and chemical diagnostic reagents containing cells and proteins for calibration and validation of clinical laboratory testing equipment in the fields of pharmaceutical and diagnostic medicine

Class 07

(4) Vacuum pumps and pipes and parts and fittings for the aforesaid; filters being sterilizing grade filter cartridges containing absorbent silica gel for use in the biopharmaceutical and food and beverage industries and pipes and parts and fittings for the aforesaid; membrane filter covers as parts of machines for chemical processing and purification of chemical reagents in scientific research and chemical analysis laboratories and pipes and parts and fittings for the aforesaid; air filters as parts of machines for chemical processing and purification of chemical reagents in scientific research and chemical analysis laboratories and pipes and parts and fittings for the aforesaid; machines for testing the integrity of filters and pipes and parts and fittings for the aforesaid; dispensing machines for membrane filters, membrane filters made of plastic or polymer being parts of machines and pipes and parts and fittings for the aforesaid; mixers, namely, disposable industrial mixer for mixing liquids in the testing of pharmaceuticals and chemicals; mixers, namely, agitators for sample preparation in pharmaceutical and chemical testing laboratories; power-operated hand-held crimping tool for sealing and cutting tubing

Class 09

(5) glass, plastic and other non-metallic containers with sealed closures for laboratory chemicals other than for medical or veterinary purposes; measuring glasses, test tubes, laboratory trays, in

particular sedimentation trays; pipettes; measuring and control surveying devices in the nature of air analysis apparatus for determination of airborne particles, namely, particle counters for measuring air quality; air samplers, comprising housings with air direction outlets, electrical and electronic circuitry, stands, mounting fixtures and test strips, all sold as a unit, for the detection, measurement and control of airborne germs; laboratory equipment, namely prepacked columns, namely, chromatography columns for laboratory use, distillation columns for laboratory use, vacuum distillation columns for laboratory use for the extraction of lipophilic components from body fluids; reflectometers, photometers, colorimeters and optical cameras for reflectometrical, optical and electronic measurement, control and analyses; computer software, in particular for controlling, data transmission and data evaluation, namely, software for database management; apparatuses for data recording, processing and output, namely, card punching and sorting machines for data processing, computer central processing units, digital input and output scanners; chromatography apparatus for laboratory use; laboratory equipment for use with chromatography instruments, namely, stands for use with chromatography equipment, compression modules, air manifolds, electrical grounding wires for dissipating static electrical charges, and sample injection modules in the nature of containers for loading separation samples into chromatography apparatus; laboratory kits comprising compression modules, pressure gauges, tubing and valves for use in chromatography all sold as a unit; computer workstations for use in the purification of organic compounds, consisting of computer hardware, computer software for controlling chromatography apparatus and managing related data, automated sample injectors for making simultaneous sample injections into multiple flowpaths, multiple flowpath detectors, multiple pre packed chromatography columns and multiple fraction collectors, and electronic and downloadable manuals sold as a unit therewith; pre-packed column for liquid chromatography, namely, chromatography columns for laboratory use, distillation columns for laboratory use, vacuum distillation columns for laboratory use; portable hygiene monitoring equipment, namely electronic-based instruments such as infrared thermometers and infra-red spectrometers and Raman spectrometers for measuring bacteria and chemical contamination to determine the cleanliness of food processing facilities and the efficacy of cleaning routines in food processing facilities; spectroscopes; specimen sampling tubes; laboratory equipment, namely, empty glass columns, cartridges, frits, adapters and adaptor clamps, extraction units, drying attachments for extraction units, all for use in chromatography; computerized titrators for laboratory and scientific research purposes, namely for analytical moisture determinations in solids, liquids, and gases, and accessories thereto, namely, cooling evaporators, laboratory samplers, and laboratory titration cells; Pumps for dispensing fresh solvents and draining titrated solutions, which are used with computerized titrators for analytical moisture determinations in solids, liquids and gases; apparatuses and instruments for sample preparation and sample digestion, namely, photometers, spectrophotometers and colorimeters measuring in the visual and ultraviolet wavelength range, thermoreactors for decomposition and sample preparation, microwave ovens for decomposition and sample preparation; computer software for data transmission and data evaluation in the field of optical measuring, optical control and optical analysis; data processors, namely, card punching and sorting machines for data processing, central processing units, interface cards for computers; computers for data recording, evaluation and output, in the field of optical measuring, optical control and optical analysis; equipment and instruments, namely electronic and chemical sensors for the determination of the turbidity of aqueous solutions; equipment and instruments in the nature of pH meters for ph-measurement; apparatus and instruments for use in chromatography, namely, high performance thin layer chromatography plates and thin layer chromatography plates and kits comprised of high performance thin layer chromatography plates, thin layer chromatography plates; separation columns for use in chromatography; laboratory testing system comprised of a filter contained within a filtration funnel and parts therefore sold as a unit for the collection, isolation

and counting of micro-organisms; laboratory filters for microbiological analyses; poison filters and charcoal filters for scientific laboratory use; purification units for laboratory use for removing contaminants from water; bioluminescence system comprising detectors for indicating the presence of bioluminescence signals for detecting contaminations in liquids in the beverage industry; membrane filter used to remove endocrine disrupter molecules from water for laboratory use; electronic testing device, namely an air monitor for performing microbial analysis of the air in clean rooms; scientific apparatus, namely, a laboratory testing system comprised of a filter contained within a filtration funnel and parts therefore sold as a unit for the collection, isolation and counting of micro-organisms; Disposable manufacturing apparatus and instruments, namely, disposable industrial bioreactors for growing cells in the pharmaceutical and chemical industries; laboratory filters, namely, tangential flow filter machines for preparation of biological samples; laboratory filters made of paper, plastic, ceramic and synthetic materials for liquid filtration, purification and concentration in apparatus used to prepare ultrapure solvent or water for use in pharmaceutical quality control and chemical analysis laboratories; scientific, laboratory and measuring apparatus and instruments, namely, laboratory filters for liquids, housing for laboratory filters for liquids, and instruments for detection of filter condition, namely, filter integrity testers; analysers and analysis apparatus, namely, sensors for detection of temperature, oxygen, pH levels and other parameters in the nature of carbon dioxide; laboratory filters, namely, liquid and gas purification filters; filter holders and housings for liquid and gas purification filters for laboratory purposes; ion exchange apparatus and instruments, namely, liquid and gas purification filters for laboratory purposes; testing apparatus, namely, liquid and gas purification testing filters for laboratory use; downloadable publications in electronic format and on data carriers, namely, blank magnetic discs, blank DVDs, blank flash memory cards, pre-recorded music compact discs, pre-recorded compact discs containing encyclopaedias, pre-recorded floppy discs containing spreadsheet software, namely, manuals and technical documentation featuring information on liquid and gas filtration; computer software for monitoring liquid and gas filtration; pressure sensors; kits for analysis, determination and identification of biological and chemical molecules and species comprising reaction containers in the nature of beakers and instructions in electronic format; sterility testing devices, namely, electronic apparatus for testing the sterility of filtration equipment, namely, electronic circuit boards, electronic currency converters, electronic integrated circuits, electronic power converters, electronic semiconductors; ultrafiltration membranes, namely, scientific apparatus in the nature of cellulose mixed ester membranes and thermoplastic membranes for use in the chemistry, biology and laboratory research industry; fluorescence, electrochemiluminescence and bioluminescence system comprising detectors for indicating the presence of one of fluorescence, electrochemiluminescence and bioluminescence signals, an image device in the nature of a camera or microscope to show the detected signal, and a filter for capturing the contamination from the liquid to be detected for laboratory use to label the contamination for detection and imaging by the system for detecting contamination in liquids; apparatus for performing chromatographic separations and parts thereof, namely, chromatography columns for laboratory use and control systems for liquid filtration machines for laboratory purposes; purification units, apparatus, instruments and cartridges for laboratory use, namely, laboratory apparatus in the form of liquid and gas filters; adsorptive separation devices, namely, laboratory filters having one or more chemical or charged entities for the absorption of impurities; computer software for management of biopharmaceutical purification processes; temperature sensors and other sensors for temperature, oxygen, pH and other parameters in the nature of carbon dioxide; pH electrodes for laboratory research; membrane filters for laboratory or scientific use; laboratory filters, namely, membranes used in dialysis, reverse osmosis and ultrafiltration for laboratory or scientific use; paper, plastic and ceramic filters for the purification and concentration test samples in quality control laboratories; bioreactors for cell culturing for industrial use; parts

and fittings for all the aforesaid goods, namely, liquid dispense nozzles in the nature of automatic liquid dispense nozzles, liquid tubes in the nature of laboratory storage tubes, laboratory test tubes, liquid pumps in the nature of pumps for laboratory testing purposes; laboratory device, namely a closed vial and piping to dilute soluble powdered products for sterility testing; filtration apparatus for scientific use, namely, filter presses for preparation of testing samples for chromatography and parts and fittings for the aforesaid; filtration manifolds, namely, reverse osmosis purification units and components for use in chemical analysis equipment, parts and fitting for the aforesaid goods; devices for removing contaminants from water, namely, water purification installations, namely, ultraviolet light (UV) water purification device for scientific laboratory use, solvent distillation equipment for scientific laboratory use, molecular sieves, for removing contaminants from water for use in scientific laboratories, and ion exchange equipment and components, parts and fitting for the aforesaid goods; liquid purifying apparatus being separators for the cleaning and purification of liquids, namely, water and components for use in scientific laboratories, parts and fitting for the aforesaid goods; liquid concentrating devices for preparation of samples and sample solutions prior to chromatography testing in scientific laboratories; liquid treatment equipment, namely, separators for the cleaning and purification of liquids, namely, and organic solvents, for use in chemical analysis testing in scientific laboratories

Class 11

(6) filters used for removing endocrine disrupting molecules from water, namely, laboratory water jug filters, filters for drinking water, water filtering units for laboratory use, water filtering units for industrial use, water treatment plant filters and parts and fitting for the aforesaid goods; liquid filtering device, namely, water filtering units for industrial use; tangential flow fluid filtration system comprising water filters for industrial use; point of use purified water dispenser, namely, to dispense water for chemical analysis and quality control testing procedures used in chemical control laboratories; apparatus used in dialysis, reverse osmosis and ultrafiltration for industrial use, namely, reverse osmosis water purification units, ultraviolet sterilizers for water treatment, laboratory water plant treatment filters, laboratory water treatment chlorinator units; water conditioning units; filters for laboratory and industrial installations, namely, air filtering units for removing dust, smoke and allergens from the air, air filters for air conditioning units, filters for drinking water, laboratory water treatment plant filters; air purifying apparatus and machines, namely, air filtering units for removing dust, smoke and allergens from the air, air purifiers for laboratory purposes, air purifying units, germicidal lamps for purifying air, industrial air purifiers, separators for the cleaning and purification of air; electric radiators; water distribution installations, namely, laboratory faucets and other faucets used with scientific installations; electric heating apparatus being electric radiators, electric heating fans and electrical heating installations, namely, electric radiant heaters, portable electric heaters, laboratory heating mantles used for scientific and analytical experiments and techniques; lighting fixtures

Services

Class 42

Scientific and technological services, namely, research and design in the field of analytical chemistry, pharmaceutical preparations and quality control, water purification installations, environmental testing, food and beverage quality control, clinical diagnostics, forensic and toxicological purposes; industrial analysis and research services in the field of pharmaceutical drug development, food and beverage quality control, environmental testing, clinical diagnostics, forensic and toxicological purposes; analytical services for the research or screening of molecules and biological samples; chemical research; biological research, namely, research in the field of bacteriology and biochemistry; scientific, measuring and testing services, namely, provision of

analytical chemistry services, chemical analysis quality control services, analytical chemistry laboratory calibration and validation services, development of customer testing protocols for analytical chemistry and quality control, technical advisory services in the scope of analytical chemistry

Goods

Class 09

(1) Teaching materials in the nature of media containing data recorded in digital or non-digital form, in disc form, namely optical discs, namely compact discs, CD-ROMs, laser audio CDs, interactive compact discs (known as CD-Is), video CDs regarding the fields of personal growth, personal wellness and personal coaching; instructional, educational or teaching media in digital form, namely magazines, newspapers, periodicals, journals, books and circulars.

Class 16

(2) Collections of books, other than fiction; workbooks; circulars; instructional manuals for teaching; instructional, educational or teaching media printed in paper form, namely magazines, newspapers, periodicals, journals, books and circulars.

Services

Class 38

(1) Conduct of conferences by means of communications networks, namely communication, transmission and dissemination of information regarding the fields of personal growth and personal wellness, namely multimedia information disseminated over digital communication networks.

Class 41

(2) Provision of training in the nature of training programs related to personal growth and personal wellness offered in video or audio form on pre-recorded media in the nature of audio cassettes, video cassettes, digital discs; provision of online training in the nature of training programs related to personal growth and personal wellness offered in video or audio form and downloadable from the Web; organization of training courses regarding the fields of personal growth and personal wellness; career counselling (advice related to education or training); training for staying fit and being healthy, namely development of physical fitness programs; training or educational services in the field of personal coaching; personal coaching, education and training regarding the fields of personal growth, personal wellness and personal coaching.

Class 44

(3) Mental health services; therapy, counselling and personal coaching related to psychology; medical services, namely medical examination services; provision of information in the medical field, namely information in the fields of healthy weight maintenance and weight loss; provision of information related to health, namely information in the fields of healthy weight maintenance and weight loss.

Goods

Class 06

(1) Construction materials, namely metal planks, stairs and roofs for the construction of decks, fences, gazebos and pergolas for residential, commercial and industrial buildings and structures; Construction materials, namely metal posts, railings and spindles comprising hand railings for residential, commercial and industrial buildings and structures; Outdoor living area construction materials and accessories, namely, metal screw and interlocking fasteners, joist hangers and pile attachment hardware and post caps;

Class 09

(2) Software for the design of decks, spas, fences, gazebos, pergolas, storage sheds, cabanas, outdoor kitchens, and children's play areas;

Class 11

(3) Outdoor living area construction materials and accessories, namely, low voltage lighting, outdoor barbecues and grills, and outdoor counters;

Class 18

(4) Outdoor living area accessories, namely, umbrellas;

Class 19

(5) Construction materials, namely lumber, wood composite and plastic composite planks, posts, stairs, joists and boards, PVC planks, stairs and roofs for the construction of decks, fences, gazebos and pergolas for residential, commercial and industrial buildings and structures; Construction materials, namely lumber, wood composite and plastic composite treads, risers and steps, PVC and tempered glass posts, railings and spindles comprising hand railings for residential, commercial and industrial buildings and structures; Outdoor living area construction materials and accessories, namely, wood lumber and decking boards, plastic composite lumber and decking boards, post caps, PVC mouldings and trim and PVC siding;

Class 20

(6) Outdoor living area construction materials and accessories, namely, outdoor cabinetry;

Class 22

(7) Outdoor living area construction materials and accessories, namely, awnings and canopies;

Services**Class 35**

(1) Wholesale and retail store services for construction materials and accessories, namely lumber, wood composite building materials, PVC, aluminum, tempered glass construction materials, low voltage lighting, tools, and under-deck waterproofing treatments, awnings and canopies, umbrellas, outdoor kitchens, PVC mouldings and trim and PVC siding, for residential, commercial and industrial users; On-line retail and wholesale store services for construction materials and accessories, namely lumber, wood composite building materials, PVC, aluminum, tempered glass construction materials, low voltage lighting, tools, and under-deck waterproofing treatments, awnings and canopies, umbrellas, outdoor kitchens, PVC mouldings and trim and PVC siding, for residential, commercial and industrial users;

Class 39

(2) Delivery of construction materials and accessories, namely lumber, wood composite building materials, PVC, aluminum and tempered glass materials, low voltage lighting, tools, and under-deck waterproofing treatments, awnings and canopies, umbrellas, outdoor kitchens, PVC mouldings and trim and PVC siding, to residential, commercial and industrial sites;

Class 42

(3) Home improvement services comprised of the design of custom made structures, namely decks, spas, fences, gazebos, pergolas, outdoor furniture, storage sheds, cabanas, outdoor kitchens, and children's play areas, for residential, commercial and industrial buildings and structures;

Cameras; digital cameras; video cameras [camcorders]; digital video cameras; lenses for cameras; lenses for video cameras; lenses for digital cameras; lenses for digital video cameras; tilting heads for cameras; Camera mounts for mounting cameras to other objects and camera supports, namely tripods, bipods, monopods and camera stands, gimbal for camera, housing for camera, bracket for camera; cinematographic cameras; digital video recorder (DVR); computer hardware for editing videos; computer hardware; computer display monitors; microphones; apparatus for recording, transmission and reproduction of sounds, namely, digital audio disc recorders and digital audio tape recorders; network servers; computer hardware for computer data storage; computer hardware for computer data storage connected through computer networks; multi-camera systems comprised of digital cameras and digital video cameras; computer hardware and software for controlling the remote operation of multi-camera systems comprised of digital cameras and digital video cameras; software for capturing images and moving images; computer hardware and software for producing, editing, and processing image data and moving image data; software for converting, operating, and displaying image data and moving image data; software for compressing and decompressing image data and moving image data; software for electronic communication by means of camera, mobile phones and computers of image data and moving image data; downloadable image files and moving image files containing photographs, artwork, text, audio, video, games and Internet Web links; recording media, namely, optical disc, magnetic disk and flash memory, containing recorded image data and moving image data; virtual reality games for arcade game machines; software and computer hardware for converting images to 3D images; software and computer hardware for storing image data; software and computer hardware for operating and displaying images and 3D images; computer hardware and virtual reality software for viewing live action events from various perspectives; operating software for adjusting and resizing pixilation, recording, and transmission of videos; software for digital video effects (DVEs); software for converting videos to 3D videos; multi-platform software for producing, animating, and visualizing 3D multimedia videos and images; software for producing and editing virtual reality software for viewing live action events from various perspectives; virtual reality games for home video game machines

Services**Class 35**

(1) Intermediary services for sales contract of products in electronic commerce; outsourcing data processing services, namely, editing, processing, recording, storing, and inputting into databases of image data and moving image data for others; retail and wholesale store services featuring image data and moving image data; outsourcing services in the nature of arranging for computerized online order receipt and order placement of image data and moving image data for others; retail services and wholesale services for photographic computer hardware and photographic supplies

Class 37

(2) Installation, maintenance, and repair of multi-camera systems comprised of digital cameras, digital video cameras, lenses for cameras, tilting heads for cameras, microphones, computer display monitors, apparatus for connecting computer networks, namely, cables, modems, routers and network hubs, computer hardware for computer data storage, network servers, software for displaying and editing image data and moving image data, remote and non-remote handheld and desktop controllers for capturing and editing image data and moving image data, and consultancy and supply of information relating thereto

Class 38

(3) Broadcasting of television programs over computer networks and the internet; transmission of image data and audiovisual moving images via global computer networks and the Internet; rental of equipment, namely, computers, routers, modems, firewall, network hubs and cables, for connecting computer networks used for distributing image data and moving image data

Class 41

(4) Rental of computer display monitors; rental of media recorded with electronic files of photo image data and moving image data, namely optical disc, magnetic disk and flash memory; rental of electronic files of photo image data and moving image data via the internet; rental of cameras and video cameras; rental of lenses; rental of computer data storage apparatus, namely hard drives, blank computer discs, USB flash drives; photography and video shooting; production of radio or television programs; production of videotape film in the field of education, culture, entertainment or sports [not for movies or television programs and not for advertising or publicity]; directing of radio and television programs; operation of video and audio equipment for production of radio and television programs; entertainment services in the nature of television shows, live action sporting events, live musical concerts; entertainment in the form of television programs; production and distribution via the internet of photo image data and digital video data; presentation of audiovisual video recordings obtained from multi-camera systems; production and presentation of images and moving images obtained from multi-camera systems in the field of education, culture, entertainment or sports; creating, editing and processing image recordings obtained from multi-camera systems; educational and instruction services relating to the operation of multi-camera systems comprised of digital cameras and digital video cameras; organization, arranging and conducting of team sport competitions; arranging, conducting and organizing instructional seminars and educational events in the field of operating multicamera systems comprised of digital cameras and digital video cameras; hosting on-line web facilities for others for the purpose of entertainment

Class 42

(5) Providing online non-downloadable computer software for recording, editing and operating multi-camera systems and providing information relating thereto; rental of computer software for

multi-camera systems; cloud computing provider services for general storage of data; cloud computing provider services for storage of image data and moving image data; web hosting; Software as a service (SaaS) for the analysis, extraction, and retrieval in real time of photo image data and moving image data obtained from multi-camera systems; Providing platform as a service (PaaS) for intelligent equipment, namely, multi-camera systems to connect to software platforms or applications on clouds through remote control for data collection, data display, data storage, data saving, data retrieval, data index, data sharing, data analysis, data monitoring, data tracking, data exchange, and data management; Software as a service (SaaS) provider in the field of designing, creating, and maintaining computer software; animation design for others, architectural design, computer software design, computer design services; designing of computer machines and parts thereof; designing, creation, and maintenance of computer software for multi-camera systems; designing of multi-camera systems comprised of digital cameras, digital video cameras, computer hardware and designing of computer systems comprised of such multi-camera systems; designing, creation, and maintenance of computer software for multi-camera systems, and provision of information and consultancy relating thereto; designing, creation, or maintenance of computer programs, and consultancy relating thereto; failure analysis and virus check of computer software for multi-camera systems; technological advice relating to computer software for multi-camera systems; technological advice relating to the designing of multi-camera systems comprised of digital cameras and digital video cameras; transfer and conversion of photo image data and moving image data from one media to another, from one recording format to another, from storage to media and from cloud storage to media; sound, image and moving image data transfer and conversion from one electronic media to another; sound, image and moving image data transfer between electronic media and electronic data storage; designing of animations and movie special effects using computers; designing of computer software for processing and editing images and moving images; data analysis via computer of image data and moving image data; conversion of 2D image data to 3D image data; design of 3D images via computer; designing and development of computer software for image processing and image editing of standarddefinition televisions and high-definition televisions; designing of image data for display on standarddefinition televisions and high-definition televisions; designing of animations and special effects for others; transfer and conversion of photo image data, CAD data and film from one electronic media to another and between electronic storage and electronic media; consultancy and provision of information in the field of designing multi-camera systems comprised of digital cameras and digital video cameras

Class 09

(1) Solar panels for powering electronic devices; solar panels for the production of electricity; Motion sensitive security lights; Security lights for outdoor use; computer application software for use in controlling security lights, flood lights, spot lights, wall lights and other lighting fixtures.

Class 11

(2) Floodlights, spotlights, wall lights.

Services

Class 38

(1) Telecommunication services, namely, transmission of voice and data gathered from the surrounding environment by electronic doorbells and surveillance systems consisting of cameras, motion sensors, ambient light sensors, air quality sensors, temperature sensors, microphones, and audio speakers via computer and electronic communications networks, in the field of home security; Telecommunication services, namely, providing electronic message alerts via the internet; Transmission of audio tethered downloads, namely electronic transmission of live audio feeds and audio clips to registered users of a security surveillance system; transmission of video tethered downloads, namely, electronic transmission of live video feeds and video recordings to registered users of a security surveillance system; Streaming of audio tethered downloads, namely streaming of live audio feeds and audio clips to registered users of a security surveillance system; streaming of video tethered downloads, namely, streaming of live video feeds and video recordings to registered users of a security surveillance system; Electronic transmission and streaming of digital audio video content, namely live digital audio video feeds and digital audio video clips gathered by electronic doorbells or a security surveillance system via global and local computer networks and computer application software.

Class 45

(2) Providing security surveillance of premises for others; Home security alarm monitoring; Monitoring of alarms and security systems; alarm surveillance services; Providing security surveillance of premises for homeowners and businesses; providing information in the field of

home and personal security; Home safety consulting in the field of crime and security; Emergency response alarm monitoring services, namely, monitoring of alert devices by a remote monitoring center for the dispatch of emergency public health and security services and notification to third parties; consultancy in the field of home security; Security threat analysis for protecting personal safety; security monitoring using sensors, cameras and motion detectors; Alarm response and verification services; Monitoring home security alarms.

Visual Representation

The logo for Lifeseeker features a stylized light blue icon on the left, consisting of a chevron pointing up and to the right, and a square. To the right of this icon, the word "Lifeseeker" is written in a bold, black, sans-serif font.

Colour Claim

Colour is claimed as a feature of the trade-mark. Colours light blue and black are claimed as a feature of the mark. The term LIFESEEKER is black and the chevron and square design elements to its left are light blue.

Goods

Class 09

(1) Computer programs for searching the contents of computers and computer networks by remote control; Radio receivers and transmitters; Computer programs for accessing, browsing and searching online databases; Computer search engine software; Maritime rescue apparatus namely, led emergency underwater lights for submarine rescue, rescue laser signalling flares, ring buoys for use in water rescue; Rescue flares; Ring buoys for use in water rescue; Marine radios; Telescopic sights for nautical artillery; Luminous beacons for safety or warning purposes; floatation vests; Personal security alarms; electronic bells; emergency warning lights; Security alarms; Security surveillance apparatus namely, electric and electronic video surveillance installations, surveillance searchlights; Control panels for security alarms; Magnetic mount flashing safety lights for vehicles; Handheld security wands; Safety equipment for forest-fire extinguishment namely, fire extinguishers, fire hose used for forest fire suppression; Cards encoded with security features for identification purposes; Safety markers; Security software; Downloadable computer security software; Software for network and device security; Software to control building environmental, access and security systems; Security cameras; Security alarm systems [other than for vehicles]; Wireless controllers to remotely monitor and control the function and status of security systems; Telecommunications apparatus namely, computer hardware for telecommunications, microphones for telecommunication apparatus, indicator lights for telecommunication apparatus; Computer software to enable the transmission of photographs to mobile phones; Applications for mobile phones for accessing weather information; Downloadable mobile applications to enable sharing of global positioning system (GPS) receivers; downloadable mobile applications to enable

communication and sharing of user's electronic personal data, namely biometric data, geographic location, body movement among users in the field of emergency rescue assistance; downloadable mobile applications for use for the management of user's electronic personal data, namely biometric data, geographic location, body movement in the field of emergency rescue assistance; Computer software and computer application software for use on mobile devices, namely, software for estimating the geographic location of cell phones, satellite phones, personal digital assistants, tablet computers and wearable activity trackers; Optical sensors; motion sensors; proximity sensors; Computer software for running development programs and application programs in a common development environment; Emergency signal transmitters; computer software for use in providing multiple user access to a global computer information network; Electronic devices used to locate lost articles employing the global positioning system or cellular communication networks namely, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; Boots for protection against accidents; clothing for protection against fire; insulated clothing for protection against accidents or injury; shoes for protection against accidents; Electric and electronic video surveillance installations; Audio baby monitors; video baby monitors; Marking and signalling buoys; rescue laser signalling flares; Fire alarm control panels; Air traffic control radio equipment; electrical controllers for traffic lights; electronic controllers for flight control systems; Electronic speed controllers; electronic access control systems for interlocking doors; remote controls for operating vehicle alarms; Electronic sensors for environmental monitoring of radon, humidity, temperature, bacteria and air quality in residential and commercial buildings; Radars; Computer software and computer application software in the field of personal safety, that enables individual's and animal's location to be tracked during an emergency event.

Class 12

(2) Helicopters; Boats; all-terrain vehicles; rescue vehicles namely, personal watercraft; Disengaging gear for boats; Anti-theft devices for automobiles; Steering gears for ships; Alarm instruments for vehicles; Anti-theft, security and safety devices and equipment for vehicles; Anti-theft alarms for vehicles; Alarm systems for motor vehicles; Electrically operated theft prevention installations for vehicles; Structural parts for aircraft; Alarm systems for aircraft; Airplanes and structural parts therefor.

Services

Class 39

(1) Ambulance transport; helicopter transport; marine towing; vehicle towing services; Salvage of wrecks; Salvage of motor vehicles; Salvage of yachts; Automobile salvage agency services; Automobile salvage services; Animal rescue services, namely, removing animals from harm and transporting them to safety; Marine salvage; Salvage of ships; Vessel salvage; Salvage of ships cargo; Underwater salvage; Salvaging; Vehicle salvage services; Vessel salvage services; Ocean salvage services; Air traffic control services; Ground traffic control services for aircraft; Rescue services, namely, providing standby rescue services to others.

Class 45

(2) Missing person investigations; Providing information relating to security guard services; Security services for the protection of property and individuals; Consultancy services in the field of security guard services; Security guard services; Security guarding for facilities; Security services for buildings; Monitoring of security systems; Consultancy services in the field of home security; leasing of security surveillance equipment; Security inspection services for others; Security services for the protection of individuals; Tracking, locating and monitoring services for recovering lost people, pets, animals, vehicles, ships and boats; Consulting services in the field of national

security; guard patrol security services; advice and consultancy in the field of due diligence, background checks and vetting of customers and potential customers; Assisting in the locating of lost pets; Accident investigation; Surveillance services; Providing reconnaissance and surveillance services; Night guard services.

Goods

Class 01

(1) Chemical injection for stabilizing soil; chemicals for use in oil drilling; chemicals for the separation of crude oil from soil and water; corrosive preparations, namely, chemical preservatives for use as corrosion inhibitors on automobile exhaust systems; chemical preparations for use as corrosion inhibitors in industrial water; tannin; unprocessed synthetic resins.

Class 09

(2) Laboratory apparatus and instruments namely, Gas chromatography apparatus for laboratory use, Laboratory centrifuges; laboratory experimental machines and apparatus for processing, measuring and injecting of liquids, namely, mass and volume flowmeters for petroleum and liquid chemicals, control valves for regulating the flow of petroleum and liquid chemicals, controlled volume pumps for pumping and transferring petroleum and liquid chemicals, and electronic valves for controlling petroleum and liquid chemicals; automatic control machines and instruments for injection of chemical agent, namely, valves for industrial machinery, valves as machine components, fluid-control valves for industrial machinery, flow meters; automatic control machines and instruments for adjusting and regulating liquid flow, namely, valves for industrial machinery, valves as machine components, fluid-control valves for industrial machinery, flow meters; automatic temperature control machines and instruments, namely, temperature controllers for injection of chemical agent; flowmeters; mass flowmeters; temperature measuring device, namely, laboratory thermometers, infra-red thermometers; sensors for determining temperature; temperature indicators; speed indicators; speed measuring apparatus, namely, odometers, laser speed detectors, radars; sensors for measuring the speed (sensors for determining velocity); pressure gauges [manometers]; pressure measuring apparatus, namely, pressure gauges, high pressure manometers; calorimeters; viscosimeters; concentration meters; gravimeters; densimeters; valve positioner; mass flow controllers for fluid plants; power distribution and control machines and apparatus, namely, converters, inverters, power line conditioners; electric control devices for heating management, namely, computer software for on-demand collection, monitoring and display of production data for oil and gas field operations; electric wires and cables; remote control telemetering machines and instruments; radio communication machines and apparatus, namely, radio receivers, radio transceivers, radio transmitters; radio application machines and

apparatus, namely, radio receivers, radio transceivers, radio transmitters; parts and accessories for telecommunication machines and apparatus, namely, routers, modems, network switches, hubs and electronic circuits; radio transmitters and receivers; computers and their peripherals, namely, data processing apparatus in the nature of computers, microprocessors, printers for use with computers, monitors for computers, integrated circuits, mouse for computers, CD Rom organizers for computers, computer keyboards, computer memory boards, computer hardware; electronic circuits [not including those recorded with computer programs]; computer programs for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; computer software for use in the field of flow measurement, namely, computer software for monitoring and calibrating flowmeters, computer software for flow measurement, computer operating software for use in connection with fluid flowmeters, computer software for database management for use in the field of flow measurement; computer software for controlling and managing access to servers; computer programs, downloadable for use in database management, word processing and encryption of the system of supporting the productivity growth in the field of manufacturing and industrial automation; downloadable electronic publications in the nature of instruction manuals, catalogues.

Services

Class 42

Design of computer automatic control apparatus; providing information on design, programming and maintenance of computer programs for protecting computer systems against unauthorized access to computers and providing secure networks; computer programming services for the improvement of productivity; configuration and installation of computers and computer programs; adding and expansion of functions of computers and computer programs; consultancy in the design and development of computer systems; computer software design, computer programming, and maintenance of computer software; providing information on operation and utilization of computers and the Internet through communications by computer terminals; advisory and consultancy services relating to design of apparatus and machines, namely, design of computers, design of computer sites, designing of computer hardware for the improvement of productivity; monitoring of computers and computer programs by remote access; design, creation and maintenance of computer programs and systems and providing advice relating thereto; design and development of computer networks and consultancy services relating thereto; advisory and consultancy services relating to introduction of computer programs into equipment used in computer systems and maintenance thereof; technological advice relating to computers, automobiles and industrial machines; testing services on machines, apparatus and instruments for use in testing, inspection and research of pharmaceuticals, cosmetics and foodstuffs; testing services relating to machines, apparatus and instruments, namely, testing, analysis and evaluation of the goods of others to determine conformity with certification standards; testing services in the field of preventing pollution; testing services in the field of electricity; testing services in the field of civil engineering; providing computer programs in a communication network, namely, providing temporary use of online non-downloadable computer software for database management; providing computer programs designed to the specification of others for protecting computer systems against unauthorized access to computers and providing secure networks; rental of computers; rental of measuring and testing machines and instruments, namely, rental of measuring apparatus; rental of memory space on computer servers and providing information relating thereto; rental of computer servers and providing information relating thereto; cloud

computing, namely, cloud computing provider services for general storage of data, cloud computing providing software for database management, and cloud computing web hosting services; rental of laboratory apparatus and instruments.

As provided by the applicant, the translation of the word SEELE is "soul, spirit or psyche".

Goods

Class 06

(1) anchor plates; building materials and building parts of metal, in particular wall, ceiling, support and clamp profiles; building materials and building parts of metal, namely, explosion-resistant metal panels for buildings; building panels of metal; structural beams of metal for buildings; metal hose clamps, metal wheel clamps; heatable building parts and frameworks of metal, namely, metal tubes and pipes for guiding hot water streams; bolts of metal; gutters of metal; windows of metal, including integrated installations; window frames of metal; wall claddings of metal; frames of metal for building; moldings of metal for cornices; gutter parts, namely, metal water tubes; steel sheets; steel for building, namely steel sheets, steel transoms and mullions; structural steel tubes; poles of metal; lintels of metal; metal props used in the construction of buildings; wainscoting of metal; girders of metal; framework of metal for building, in particular space structures of tube bars, profile bars, linkages, plate members and connection pieces on flat or curved surface areas in terms of roofs, cupolas, ceilings, building walls, halls, hangars, towers, staircases of metal, staircase step treads of metal, staircase stringers of metal; door frames of metal; latches of metal; door constructions and parts of metal, namely, sliding doors, liftable gates, revolving doors; cladding of metal for construction and building; nonelectric cables and wires of common metal, namely, rope facades and roof rope nets, rope facades, roofs made from ropes, roofs made from rope nets

Class 17

(2) unprocessed and semi-processed rubber, gum; plastics in extruded form for use in manufacture; packing, stopping and insulating materials, namely, insulated structural panels and insulated glass; non-metal flexible air ventilation and pressure equalization pipes used in closed-cavity window facades for buildings; plastic foils as wall and ceiling elements for building construction, namely, water and vapour barrier membranes; structural materials used on buildings and transportable buildings, namely, foils of metal for insulating and insulating textile membranes

for use in making opaque roofs for the realization of light effects and opacity and structural membrane facades, namely insulating waterproofing membranes used in building canopies, covered building entryways and walkways

Class 19

(3) building glass; building materials and building parts, not of metal, namely, explosion-resistant glass panels for buildings; glass fiber-reinforced building panels, carbon fiber-reinforced building panels; roofing, not of metal, in particular filigree roof constructions of glass; concrete gutters, plastic gutters, polyurethane gutters; windows of polyurethane, windows of plastic, windows of wood and windows of glass fiber, all the foregoing with integrated installations; window frames of wood, window frames of plastic and window frames of glass fiber; window glass, for building; plate glass windows for buildings; insulating glass for buildings; roof flashing, not of metal; wall claddings, not of metal, for building; glass casement windows with wood frames, glass casement windows with plastic frames, glass casement windows with glass fiber frames, not of metal; glass fiber-reinforced props and carbon fiber-reinforced props used in the construction of buildings; wainscoting, not of metal; glass fiber-reinforced beams and carbon fiber-reinforced beams used in the construction of buildings; glass fiber-reinforced frameworks and carbon fiber-reinforced frameworks used in the construction of buildings; staircases, not of metal, in particular staircases of glass; staircase step treads, not of metal, in particular staircase step treads of glass; staircase stringers, not of metal, in particular stringers of glass; door constructions and parts, not of metal, namely, sliding doors, liftable gates, revolving doors; glass fiber-reinforced cladding and carbon fiber-reinforced cladding used in the construction of buildings; wooden wall linings and plastic wall linings used in building construction

Services

Class 35

(1) management of building construction

Class 37

(2) building construction; building of fair stalls and shops; building construction supervision; services of a property developer, namely the execution of building construction projects; maintenance and repair of buildings; supervision and management of building construction; building design counselling in the field of building construction

Class 42

(3) building design counselling in the field of building construction

Downloadable audio materials, audio-visual materials, video materials, written materials, visual materials and digital content providing pharmaceutical, medical, healthcare, and life sciences information and analysis; Downloadable electronic publications in the nature of brochures, research reports and scientific papers in the pharmaceutical, medical, healthcare and life sciences fields; Computer software that provides web-based access to clinical trial data, health economics data, treatment outcomes research data, pharmaceutical product information, patient medical records and healthcare treatment record information as well as life sciences information namely, behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology information through a web operating system or portal interface and computer software for use in the collection, analysis, integration and reporting of clinical trial data, health economics data, treatment outcomes research data, pharmaceutical product information, patient medical records and healthcare treatment record information and generating genomic data about patients from such records; downloadable computer software in the nature of a mobile application that provides web-based access to clinical trial data, health economics data, treatment outcomes research data, pharmaceutical product information, patient medical records and healthcare treatment record information as well as life sciences information namely, behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology information through a web operating system or

portal interface and computer software for use in the collection, analysis, integration and reporting of clinical trial data, health economics data, treatment outcomes research data, pharmaceutical product information, patient medical records and healthcare treatment record information and generating genomic data about patients from such records; Computer software and downloadable applications for mobile phones and tablets, and instructional manuals sold as a unit therewith, for healthcare management, namely, patient, prescriber, payor and employee management; Electronic database recorded on computer media containing pharmaceutical, medical, healthcare, and life sciences information namely, behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology information; Computer hardware and software for healthcare management and electronic health record (EHR) management; Computer software for collecting, managing, and analyzing data related to patient registries, quality improvement, patient support, and patient management in the pharmaceutical, medical, healthcare, and life sciences fields.

Services

Class 35

(1) Market analysis and research services; Business market consulting; Business consulting and providing business information in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Consulting services and business management consulting in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Business process outsourcing services in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Public policy research services; Computerized database management and analysis of market research data and statistics in the fields of pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology; Sales representatives in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Business marketing consultation and management regarding marketing activities, launching of new products and services, and sales volumes tracking services for others; Personnel recruitment and placement; Business consulting and management in the field of clinical trials, namely, clinical data and regulatory submission management on behalf of pharmaceutical, medical, healthcare, and life sciences companies to assist them with clinical research, clinical trials and applications for drug, biologic and device approval; Providing independent review of clinical trials for business purposes; Maintaining a registry of patients; Business consulting and business management consultation services related to healthcare management and electronic health records (EHR) management; Business management consulting and advisory services in pharmaceutical, medical, healthcare, and life sciences fields; Advertising and development of marketing strategies and marketing concepts for others in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Business management services, namely, quality management services of patient-care programs; Recruitment services, namely, advertising clinical trials, recruiting patients, and placing patients for

participation in clinical trials for testing of drugs, biologics and devices; Business consulting in the fields of healthcare management.

Class 38

(2) Providing access to a web-based online portal that provides customer access to pharmaceutical, medical, healthcare, and life sciences namely, behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology information.

Class 42

(3) Providing temporary use of on-line non-downloadable computer software for use in the collection, analysis, integration and reporting of clinical trial data, health economics data, treatment outcomes research data, pharmaceutical product information, patient medical records and healthcare treatment record information as well as life sciences information namely, behavioral sciences, biochemistry and biotechnology biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology information and genomic data about patients generated from such records; Software as a service (SAAS) services featuring software providing, collecting, analyzing pharmaceutical, medical, healthcare, and life sciences information namely, in the fields of behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology; Computer services, namely, providing on-line, non-downloadable computer software used for accessing, collecting, managing, tracking, analyzing, and reporting data in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Research and analysis related to pharmaceutical, medical, healthcare, and life sciences information namely, in the fields of behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology; Computer services, namely, designing, developing and managing application software and databases related to pharmaceutical, medical, healthcare, and life sciences information namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Computer software development for others; Information technology services related to pharmaceutical, medical, healthcare, and life sciences information namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Clinical research, clinical testing, and laboratory testing services in the pharmaceutical, medical, healthcare, and life sciences fields; Product development consultation in the pharmaceutical, medical, healthcare, medical and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Conducting clinical trials for others; Providing temporary use of on-line non-downloadable software for use in healthcare and electronic health record (EHR) management; Information technology consulting services; Computer software consultation services in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Scientific research in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Computer services, namely, creating computer network-based indexes and databases of information in the

pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Providing electronic data capture (EDC) and management systems, namely, providing temporary use of online, nondownloadable software for collection and management of healthcare and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology data; Non-downloadable computer software for collecting, managing, and analyzing clinical trial data; Providing an on-line interactive database featuring information in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Providing information relating to the development, validation, and regulatory approval of drugs, biopharmaceuticals and medical devices.

(4) Clinical research, clinical testing, and laboratory testing services in the pharmaceutical, medical, healthcare, and life sciences fields; Product development consultation in the pharmaceutical, medical, healthcare, medical and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Conducting clinical trials for others; Providing an on-line interactive database featuring information in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Providing information relating to the development, validation, and regulatory approval of drugs, biopharmaceuticals and medical devices.

Class 44

(5) Providing pharmaceutical, medical, healthcare, and life sciences namely, behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology information to others; Medical evaluation and education services, namely, education and training of patients, physicians and other healthcare providers on disease and treatment management.

Class 45

(6) Regulatory compliance design and development research services in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Regulatory compliance consulting in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Providing regulatory information in the pharmaceutical, medical, healthcare, and life sciences namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields; Providing regulatory implementation services relating to the development, validation, and production of drugs, biopharmaceuticals and medical devices; Providing an online, interactive computer database in the field of regulatory affairs relating to the pharmaceutical, medical, healthcare, and life sciences

namely, in the behavioral sciences, biochemistry and biotechnology, biology, genetics and heredity, genomics, immunology, pharmacology and pharmacy, plant sciences, toxicology, and virology fields.

Goods

Class 29

(1) Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and mixed fruits and vegetables; jellies, jams, compotes; eggs; milk and milk products; oils and fats for food; prepared food kits composed of any combination of meat, poultry, fish, seafood, and vegetables and also including sauces or seasonings, ready for cooking and assembly as a meal; Frozen, prepared, ready-to-eat and packaged entrees, side dishes, appetizers, and hors d'oeuvres all consisting primarily of fish or seafood; Frozen, prepared, ready-toeat and packaged entrees, side dishes, appetizers, and hors d'oeuvres consisting of fish or seafood combination with rice, pasta and vegetables; seafood, not live; frozen, prepared, and tinned seafood; fish, not live; frozen, prepared, and tinned fish; fish burgers; fish fillets; fish nuggets; fish sticks; fish and seafood, namely cod, halibut, mahi mahi, salmon, shrimp, sockeye, swordfish, and tuna; seafood; frozen boxed dinners consisting primarily of meat, fish, poultry or vegetables; prepared, canned, dried and preserved fruits and vegetables; fruit sauces, namely, cranberry sauce and applesauce; potato and fruit-based snack foods; fruit based snack foods; vegetable based snack foods; meat-based snack foods; potato-based snack foods; soy-based snack foods; vegetable-based snack foods; potato and fruit-based chips; frozen fruits; prepared tomatoes; tomato paste; chili con carne; frozen potato based dishes, namely, hash brown potatoes, mashed potatoes, potato dumplings, potato fries, potato fritters, potato pancakes, potato puffs, potato skins; prepared beans; dips made of beans; jams; marmalade; fruit spreads; olive oil; cooking oil; canned tuna; milk; flavored milk; half and half milk and cream mixture; whipped toppings; kefir; butter; butter substitutes; cheeses; cream cheese; yogurt; egg substitutes; luncheon meats; prepared meat, namely, bacon, beef, bologna, chicken, ham, pork, salami sausage, sausage links, and turkey; meat, fish, and vegetable extracts;

frozen fruit extracts for use in prepared meals or food; frosted fruit extracts for use in prepared meals or food; preserved fruit extracts for use in prepared meals or food; prepared fruit extracts for use in prepared meals or food; dried fruit extracts for use in prepared meals or food; cooked fruit extracts for use in prepared meals or food; crystallized fruit extracts for use in prepared meals or food; meat products, namely, beef bouillon, beef jerky, beef and mutton tallow for food, bottled cooked meat, canned cooked meat, charcuterie, chicharron, chitterlings, confit in the nature of a cooked meat-based spread, consommés, corn dogs, corned beef, corned beef hash, dried meat, dried meat floss, flakes of dried fish meat; meat products, namely, frankfurters, hot dogs, jerky, lard, meatballs, meat-based mousse, meat-based spreads, packaged meats, pickled pigs' feet, pork pudding, pork rinds, potted meats, preserved meats and sausages, prepared lamb, quenelles, salted meat, sliced and seasoned barbecued beef, tripe; sausages; packaged meals consisting primarily of meat, fish, poultry or vegetables; frozen, prepared, and packaged meals consisting primarily of vegetable-based entrees; prepared and prepackaged meals and entrees consisting primarily of egg with any combination of meat, fish, poultry, vegetable, cheese and onion; combination meal consisting primarily of a meat based entree and a soup for consumption on and off the premises; combination meal consisting primarily of a meat based entree and a salad for consumption on and off the premises; combination meal consisting primarily of a vegetable-based entree and a soup for consumption on and off the premises; combination meal consisting primarily of a vegetable-based entree and a salad for consumption on and off the premises; prepared meals consisting primarily of vegetable-based meat substitutes; prepared entrees consisting primarily of vegetables, soups, fruit salads and vegetable salads; prepared food kits composed of meat, poultry, fish, seafood, and vegetables, ready for cooking and assembly as a meal; toddler meals, namely, frozen entrees consisting primarily of meat, fish, poultry or vegetables; toddler meals, namely, packaged entrees consisting primarily of meat, fish, poultry or vegetables; fruit preserves; vegetable preserves; nuts, namely, shelled nuts, blanched nuts, caffeine-coated nuts, flavored nuts, roasted nuts, seasoned nuts, nut meats, nut-based snack foods; almond butter; cashew butter; walnut butter; tofu; soups and preparations for making soups; bouillons; soy-based food bars; fruit-based raw food bars; processed fruit and nut-based food bars; fruit-based organic food bars also containing whole grain; vegetable-based raw food bars; refried beans; dried lentils; preserved soya beans for food; soybean milk; rice milk; almond milk; peanut milk; coconut milk; hemp milk; oat milk; chocolate milk; prepared entrees consisting primarily of meat, fish, poultry or vegetables; formed textured vegetable protein for use as a meat substitute; snack food dips; prepared fruits and vegetables; snack mix consisting primarily of any combination of prepared fruits, prepared nuts and raisins; food package combinations consisting primarily of cheese, meat and prepared fruit; margarine; preserves, namely, meat preserves, fish preserves, poultry preserves, game preserves, fruit preserves, vegetable preserves and tomato preserves; pickles; pickled vegetables; tahini; potato chips, potato croquettes, fried potatoes, potato fritters, potato dumplings, fried grated potato cakes, potato pancakes, potato crisps, potato sticks; gherkins; hummus; preserved beans; frozen cooked fruits and vegetables; jellies, namely, meat, fish, vegetable and fruit jellies; liver pâté; dried beans; prepared nuts; dried fruit; dried fruit mixes; edible oils, namely, pumpkin seed, sesame, soybean, sunflower, almond, hazelnut, pine nut, pistachio, walnut, macadamia, pecan, beech nut, cashew, mongongo nut, brazil nut, and peanut oils; candied fruits; candied nuts; preserved truffles; dried truffles; truffle juice; canned food products, namely, beans, meat, fish, poultry, seafood, fruit, vegetables, condensed milk, and evaporated milk; canned tomatoes; prepared salads; vegetable salads; fruit salads; legume salads; poultry salads; potato-based salads; egg salads; yogurt-based beverages; and dairy products excluding ice cream, ice milk and frozen yogurt; almonds, ground; aloe vera prepared for human consumption; anchovy; apple purée; bacon; beans, preserved; black pudding; broth; broth concentrates; buttercream; caviar; charcuterie; cheese products; clams [not live]; cocoa butter;

coconut butter; coconut fat; coconut oil; coconut, desiccated; compotes; condensed milk; corn oil; cranberry sauce [compote]; crayfish (not live); dairy cream; croquettes; crustaceans (not live); curd; dairy products; dates; desserts of yogurt; dried fish; dried meats; dried vegetables; drinking yogurts; edible birds' nests; fish (not live); fish fillets; fish meal for human consumption; fish mousses; fish, preserved; fruit jellies; fruit peel; fruit, preserved; fruit-based snack food; game (not live); gelatine for use in cooking; ginger jam; ham; herrings; hummus [chickpea paste]; kefir [milk beverage]; lard for food; lentils, preserved; liver; liver pâté; lobsters (not live); meat jellies; meat, preserved; milk powder for foodstuffs; milk products; milk shakes; mushrooms, preserved; mussels (not live); nuts (prepared); olive oil for food; canned olives; cocktail olives; preserved onions; oysters (not live); palm kernel oil for food; palm oil for food; peanut butter; peanuts (processed); peas, preserved; pork; potato chips; potato flakes; poultry (not live); powdered eggs; prawns (not live); preparations for making bouillon; preparations for making soup; preparations for making soup in powder or liquid form; soya patties; prepared meals consisting primarily of meat, prepared meals consisting primarily of fish, prepared meals consisting substantially of seafood, prepared meals containing [principally] egg; sesame snacks, coconut-based snacks, milk-based snacks, tofubased snacks, flour based savory snacks, snacks of edible seaweed, snacks manufactured from muesli; preserved garlic; preserved vegetables; prepared fish spawn for human consumption; flax seeds; sesame seeds; pumpkin seeds; sunflower seeds; poppy seeds; pomegranate seeds; chia seeds; raisins; rape oil for food; rennet; ryazhenka [fermented baked milk]; salted fish; salted meats; sauerkraut; seaweed extracts for food; sesame oil; shellfish (not live); shrimps (not live); soup and soup products in powder or liquid form; soups; soya milk [milk substitute]; suet for food; tahini [sesame seed paste]; tinned vegetables; tomato purée; tripe; vegetable juices for cooking; vegetable soup preparations; whey; whipped cream; white of eggs; yolk of eggs.

Class 30

(2) Coffee, tea, cocoa and artificial coffee; rice; tapioca and sago; flour; bread, pastries; edible ices; sugar, honey, treacle; yeast, baking-powder; salt; mustard; vinegar, sauces (condiments); spices; ice (frozen water); marinades; spices; spice mixes; food flavourings and seasonings; prepared herbs for food purposes; spice blends; seasoning blends; marinade mixes; dry spice rub for meats and fish; pasta; granola; ready to eat cereal-based food bars; rice-based food bars; wheat-based food bars; chocolate-based ready-to-eat food bars; cereal-based bars that contain any combination of soy, dried fruits, chocolate, and nuts; prepared popcorn; corn-based chips; flour-based chips; confectionery chips for baking; pretzels; crackers; mayonnaise; ketchup; relish (condiment); chutney; hot sauce; seasonings; natural sweeteners; honey; extracts used as a flavoring; coffee; pasta sauce; chocolate syrup; chocolate chips; barbecue sauces; vinegar; cheese sauce; salsas; rice-based snack foods; wheat-based snack foods; grain-based snack foods; cereal-based snack foods; whole grain-based food bars also containing dried fruit; frozen fruit bars; ice cream; sorbet; bread; bread rolls; tea; iced tea; herbal tea; beverages made of tea; tea-based beverages with fruit flavoring and mixes in the nature of concentrates, syrups or powders used in the preparation of tea based beverages; tea and coffee based beverages, namely, tea, coffee, teas flavored with fruit juice; coffee beans; prepared coffee and coffee-based beverages; ground coffee beans; roasted coffee beans; prepared espresso and espresso-based beverages; coffee essence; coffee extracts; mixtures of coffee and chicory, chicory and chicory mixtures, all for use as substitutes for coffee; prepared cocoa and cocoa-based beverages; cocoa beverages with milk; cakes; pastries; sandwiches; baguettes; muffins; couscous; candy; breakfast cereals; pizza; pasta and pasta products, namely, dried pasta, gluten-free pasta, fresh pasta, prepared pasta, pasta shells, noodles, ravioli, instant noodles, lasagna, and pasta salad; biscuits; cookies; frozen confections; frozen yogurt; puddings; corn syrup; flavoring syrup; ginger syrup; golden syrup; pancake syrup; starch syrup; fruit syrup for use as a food; brown rice and agave

syrups as flavoring syrups and natural sweeteners; molasses; sauces and sauce mixes; prepared pasta meals; rice-based prepared meals; noodle-based prepared meals; prepared pizza meals; prepared meals consisting primarily of rice; prepared meals consisting primarily of noodles; prepared meals consisting primarily of dough-enrobed foods filled with meat, poultry, fish, fruits, vegetables, and cheese; salad dressings; soy based ice cream substitute; macaroni and cheese; cheese flavored puffed corn snacks; food flavorings, other than essential oils; extracts used as flavoring; culinary herbs; preserved garden herbs; dried herbs; herb salt; spice and dried herb mixtures (seasonings); frozen entrees consisting primarily of pasta or rice; prepared entrees consisting primarily of pasta or rice; packaged entrees consisting primarily of pasta or rice; waffles; popcorn; gelato; chocolate; tarts; pies; marshmallow squares; cupcakes; donuts; buns; cocoa; rice flour; bean paste; vanilla; vanilla beans; muesli; truffles [confectionery]; maple syrup; spices and seasonings; frozen dinners consisting primarily of pasta or rice; bread rolls; trail snack mix made primarily of chocolate; pastries; tomato sauce; unpopped popcorn; candy-coated popcorn; corn-based snack foods; fruit sauces excluding cranberry sauce and apple sauce; macaroni, rice and pasta salad; meat pies; mineral salt for human consumption; capers; cheeseburgers; hamburgers in buns; chewing gum; chocolate mousse; chocolate coated nuts; gingerbread; pesto; rice cakes; spring rolls; sushi; tabbouleh; tacos; tapioca; tortillas; allspice; almond confectionery; almond paste; aniseed; artificial coffee; baking powder; baking soda; barley meal; bean meal; bee glue; beer vinegar; binding agents for ice cream; breadcrumbs; cake frosting [icing]; cake powder; cereal bars; cereal-based snack food; cheeseburgers [sandwiches]; chocolate confections; chocolate mousses; chocolate-based beverages; chocolates; cocoa-based beverages; coffee-based beverages; cold tea; candy bars; confectionery in frozen form; cooking salt; corn flakes; corn meal; couscous [semolina]; custard; dessert mousses [confectionery]; dough; dressings for salad; flavourings, other than essential oils; frozen confectionery; frozen yogurt [confectionery ices]; garden herbs, preserved [seasonings]; ginger [spice]; glucose for culinary purposes; gluten additives for culinary purposes; gluten prepared as foodstuff; ham glaze; high-protein cereal bars; ice cream and ice cream products, chilled and frozen confections and desserts; ice for refreshment; ice lollies; ketchup [sauce]; marzipan; meat gravies; natural ice; artificial ice; noodle-based snack foods; noodles; nutmegs; oat flakes; oat-based food; oatmeal; palm sugar; pancakes; pasties; peanut confectionery; pepper; pesto [sauce]; pizzas; pralines; quiches; ravioli; royal jelly; rusks; sago; semolina; sorbets [ices]; soya sauce; spaghetti; sugar; sugar confectionery; tea-based beverages; thickening agents for cooking; turmeric for food; unroasted coffee; wafers; wheat flour; wheat germ for human consumption; chili sauce.

Goods

Class 07

(1) Elevators, escalators, moving walkways; elevator cage frames of metal; elevator platforms of metal; work platforms and building platforms of metal; elevator cages of metal; raisable work platforms and building platforms; electric generators; electric motors and parts thereof for machines; transmissions for machines; hydraulic motors for machines; cables and belts for elevator motors; cables and belts for elevator cages; safety brakes for elevator cages; cables and belts for elevator cage doors; hydraulic and electric drives for machines; operator for elevator car door; drive belts and drive shafts for machines; bearings for machines; brakes and brake linings for machines; brake shoes and brake pads for machines; electronic and mechanical speed limiters for elevators, escalators, moving walkways; safety brakes for elevators for preventing cars and/or counterweights from dropping down; counterweights for lifts; cable pulleys of metal for machines; slip clutches for elevator, escalators and moving walkways; hydraulic, pneumatic and electrical door openers and door closers for doors and gates and components and parts therefor; electronic and mechanical door drives; electronic and mechanical gate drives; geared motors for barrier installations; geared motors for door drives; geared motors for gate drives; electrical, hydraulic and pneumatic door closers and components and parts therefor; elevator doors of metal or

predominantly of metal closers and components and parts therefor; electrical, hydraulic and pneumatic closer apparatus; lift doors of metal or predominantly of metal.

Class 09

(2) electrical and electronic measuring, checking, control and regulating apparatus for elevators, escalators, moving walkways, namely electronic controllers, electric proximity sensors, electric inductive sensors, electric capacitive sensors, electric current sensors, electric voltage sensors, electric load level sensors, infrared sensors, electric ultrasound sensors, electric biometric sensors, electric RFID sensors, electric acoustic sensors, cameras, video cameras, computers, motion detectors, electric light barriers consisting primarily of light emitting diodes (LEDs), photo sensors and safety light curtains, electric signal buzzers, sound alarms, luminous signs, stroboscopic electric warning lights, loudspeakers, computer monitors, video monitors, touchscreen monitors, TV monitors, electronic displays in the nature of thin film transistor-liquid crystal display (TFT-LCD), light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels and plasma display panels and related computer software for monitoring, controlling and regulating the power, movement and functions of elevators, escalators and moving walkways, and for determining the weight load within and the number of users of the aforesaid installations; electrical and electronic control apparatus for elevators with destination call control, namely, signal processors for processing and responding to elevator destination calls; electronic controllers and associated computer software for monitoring, controlling and regulating the operation of elevators, moving walkways, apparatus and installations for access control, namely electric control panels, touch panels, computer hardware, modems, routers, for providing control over building access and elevator access; electronic controllers and associated computer software for monitoring, controlling and regulating access to ships, buildings, fenced-off grounds, access-restricted areas within buildings and ships, elevators, escalators and moving walkways by reading a chip card, a password, and biometric data, namely fingerprints, hand or iris; electronic controllers for monitoring, controlling and regulating guidance and navigation systems for the orientation and guidance of persons and flow of persons inside, between and outside buildings, access restricted areas within buildings, ships and areas surrounded by a fence and associated computer software for processing the inputs of persons and responding with guidance and navigation information; remote monitoring apparatus consisting primarily of electronic controllers, proximity sensors, inductive sensors, capacitive sensors, current sensors, voltage sensors, load and level sensors, infrared sensors, ultra sound sensors, biometric sensors, RFID sensors, acoustic sensors, cameras, video cameras, computers, movement detectors, light barriers, electric signal buzzers, siren alarms, luminous signs, stroboscopic electric warning lights, loudspeakers, computer monitors, video monitors, touchscreen monitors, TV monitors, electronic displays, namely, thin film transistor-liquid crystal display (TFT-LCD) panels, light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels and plasma display panels, all for monitoring the operation of elevators, escalators and moving walkways; remote monitoring apparatus consisting primarily of electronic controllers, proximity sensors, inductive sensors, capacitive sensors, current sensors, voltage sensors, load and level sensors, infrared sensors, ultra sound sensors, biometric sensors, RFID sensors, acoustic sensors, cameras, video cameras, computers, movement detectors, light barriers, electric signal buzzers, siren alarms, luminous signs, stroboscopic electric warning lights, loudspeakers, computer monitors, video monitors, touchscreen monitors, TV monitors, electronic displays, namely, thin film transistor-liquid crystal display (TFT-LCD) panels, light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels and plasma display panels, all for monitoring the operation of systems for access control, namely a system composed of electronic readers and controllers for controlling access to a

premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; remote monitoring apparatus consisting primarily of electronic controllers, proximity sensors, inductive sensors, capacitive sensors, current sensors, voltage sensors, load and level sensors, infrared sensors, ultra sound sensors, biometric sensors, RFID sensors, acoustic sensors, cameras, video cameras, computers, movement detectors, light barriers, electric signal buzzers, siren alarms, luminous signs, stroboscopic electric warning lights, loudspeakers, computer monitors, video monitors, touchscreen monitors, TV monitors, electronic displays, namely, thin film transistor-liquid crystal display (TFT-LCD) panels, light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels and plasma display panels, all for monitoring the operation of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; remote monitoring apparatus consisting of video monitors, electrical controllers cameras, distance sensors, infrared sensors, LED position sensors, optical sensors, proximity sensors, temperature sensors, timing sensors, motion sensors, and light barriers and infrared sensors for monitoring human activity in elevators, ships, buildings and public facilities, namely, airports, train stations, subway stations, bus stations, pedestrian underpasses, parks, theatres, cinema facilities, convention hall facilities, sports arena facilities; remote monitoring apparatus consisting primarily of electronic controllers, proximity sensors, inductive sensors, capacitive sensors, current sensors, voltage sensors, load and level sensors, infrared sensors, ultra sound sensors, biometric sensors, RFID sensors, acoustic sensors, cameras, video cameras, computers, movement detectors, light barriers, electric signal buzzers, siren alarms, luminous signs, stroboscopic electric warning lights, loudspeakers, computer monitors, video monitors, touchscreen monitors, TV monitors, electronic displays, namely, thin film transistor-liquid crystal display (TFT-LCD) panels, light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels and plasma display panels, all for the control of elevators, escalators, and moving walkways as well as access to elevators, escalators and moving walkways and access to buildings, boats, areas surrounded by a fence and restricted areas within buildings and boats; remote control apparatus consisting primarily of electronic controllers, proximity sensors, inductive sensors, capacitive sensors, current sensors, voltage sensors, load and level sensors, infrared sensors, ultra sound sensors, biometric sensors, RFID sensors, acoustic sensors, cameras, video cameras, computers, movement detectors, light barriers, electric signal buzzers, siren alarms, luminous signs, loudspeakers, computer monitors, video monitors, touchscreen monitors, TV monitors, electronic displays, namely, thin film transistor-liquid crystal display (TFT-LCD) panels, light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels and plasma display panels and corresponding downloadable software, all for the control of lighting fixtures; remote control apparatus and associated software for the control of heating, ventilating, airconditioning and fire-alarm installations; electric control panels; floor indicators; elevator fixtures, namely, position indicators; elevator car operating panels; TFT, LCD, LED and OLED projection and plasma displays; computer monitors; television monitors; touchscreen monitors; electronic display panels; computer screens, touch screens, television monitors and multimedia projectors, all for interactions with passengers of elevators, escalators and moving walkways; loudspeakers; LED screens; emergency warning lights; warning call bells; electric warning call bells; electric warning bells; signal bells for warning; electromagnetic signal transmitters; alarm apparatus, namely fire alarms, break-in alarms, burglar alarms, water alarms, danger alarms, movement alarms, emergency call alarms, misuse alarms and interference alarms; data processing apparatus, namely, computer hardware and computer network bridges for receiving, recording, transmitting, processing, converting, output and reproduction of speech data, audio data, video data, drawings, images and signals in connection with the design, installation,

maintenance, repair, overhaul and refurbishment of elevators, escalators, moving walkways, apparatus and installations for access control, namely, electronic control panels, touch panels, computer hardware, modems, routers, for providing control over building access and elevator access, and guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; electronic guidance systems consisting primarily of smartphones, mobile telephones, smart watches, computer processing units, computers, laptops, tablet computers, network routers, wireless routers, modems, microprocessors, computer processors, computer servers, computer network servers, computer monitors, interactive touch screen terminals, microphones, cameras, video cameras, loudspeakers, luminous signs, video monitors, touchscreen monitors, TV monitors, and electronic displays, namely, thin film transistor-liquid crystal display (TFT-LCD) panels, light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels, plasma displays panels, and downloadable software for the orientation and guidance of persons and flow of persons inside, between and outside buildings; Electronic navigation systems, particularly GPS, UHF radio waves, wireless Internet and mobile data-based and radio-based navigation systems; electronic access control systems consisting primarily of electronic card readers, electronic radio frequency identification (RFID) readers, electronic near field communication (NFC) readers, electronic ultra-high frequency (UHF) radio waves readers, electronic readers of optical codes, electronic readers for biometric identification, particularly identification of the face, voice, iris, fingerprints and hand, electronic controllers, smartphones, mobile telephones, smart watches, computer processing units, computers, laptops, tablet computers, network routers, wireless routers, modems, microprocessors, computer processors, computer servers, computer network servers, computer monitors, interactive touch screen terminals, microphones, cameras, video cameras, loudspeakers, luminous signs, video monitors, touchscreen monitors, TV monitors, and electronic displays, namely, thin film transistor-liquid crystal display (TFT-LCD) panels, light emitting diode (LED) displays, organic light emitting diode (OLED) display panels, liquid crystal display (LCD) panels, plasma displays panels, and downloadable software, all for controlling access to ships, buildings, access restricted areas within buildings, areas surrounded by a fence, to elevators, escalators and moving walkways; radio frequency identification (RFID) tags and cards; tags and cards encoded with near field communication (NFC) technology; readers for encoded key cards, encoded identity cards, encoded smart cards and encoded bar code labels; coded identification cards; coded key cards; coded chip cards; encoded smart cards containing programming used to identify individuals in a computer system; readers for optical codes; biometric recognition apparatus, namely biometric face readers, biometric voice recognition systems, biometric iris scanners, biometric retinal scanners, biometric fingerprint readers, biometric hand readers; mobile telephones; smartphones; portable computer systems attached to the body of the user during use, namely virtual reality goggles, and smart bracelets; augmented reality and virtual reality products, namely 3D glasses, headphones, loudspeakers, virtual reality headsets, virtual reality gloves, stereoscopic 3D displays, 3D scanners, 3D cameras and 3D microphones; magnetic and digital storage media, namely blank electronic memory cards, blank USB flash drives, solid-state disk drives, blank recordable DVD-Rs, blank video tapes, blank computer disks, blank CD-ROMs for sound or video recording, as well as prerecorded USB flash drives featuring recorded monitoring and control software in the field of elevators, escalators, moving walkways, access control, GPS navigation and security systems, solid-state prerecorded flash drives featuring recorded monitoring and control software in the field of elevators, escalators, moving walkways, access control, GPS navigation and security systems, DVD recorders, multimedia software recorded on CD-ROMs featuring recorded monitoring and control software in the field of elevators, escalators, moving walkways, access control, GPS navigation and security systems, computer hard disks and

prerecorded video tapes featuring recorded monitoring and control software in the field of elevators, escalators, moving walkways, conveyors, access control, GPS navigation and security systems; tablet computers; computers; network routers; wireless routers; modems; interfaces, namely, computer interface boards, computer interface cards, interface cards for data processing equipment in the form of printed circuits and network interface cards; microprocessors; computer software for management of a database related to operations and performance of elevators, escalators, moving walkways, apparatus and installations for access control, namely electric control panels, touch panels, computer hardware, modems, routers for providing control over building access and elevator access, doors, turnstiles, tripod barriers and gates; computer software and user software for searching for, playing, displaying and storing speech, audio, video and multimedia files; computer software and application software for the remote monitoring and controlling of elevators, escalators and moving walkways; computer software and application software for the monitoring and control of alarms, namely of alarms for the detection of flammable gases, anti-intrusion alarms, burglar alarms, door alarms, gas alarms, personal security alarms, security and fire alarms, vandalism alarms, smoke alarms, and for the monitoring and control of apparatus and installations for access control, namely electric control panels, touch panels, computer hardware, modems, routers for providing control over building access and elevator access; computer software and application software for mobile telephones, smartphones, smartwatches and tablet computers for the monitoring and control of elevators, escalators, moving walkways, and electronic access control systems for locking doors and physical barriers; computer software and application software for wireless routers and network routers; computer software and application software for connecting mobile telephones, smartphones, smartwatches and tablet computers to electronic access control systems to locking/unlocking physical barriers, doors, turnstiles, tripod barriers and gates; computer software and application software for connecting mobile telephones, smartphones, smartwatches and tablet computers to guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; downloadable software and downloadable computer application software for mobile phones, smartphones, smartwatches and tablet computers, all for locating users in and out of buildings, public facilities, namely, airports, train stations, subway stations, bus stations, pedestrian underpasses, parks, theatres, cinema facilities, convention hall facilities, sports arena facilities and elevators, escalators, and moving walkways; downloadable software and downloadable computer application software for mobile phones, smartphones, smartwatches and tablet computers, all for guiding and navigating users in and out of buildings, public facilities, namely airports, train stations, subway stations, bus stations, pedestrian underpasses, parks, theatres, cinema facilities, convention hall facilities, sports arena facilities and to elevators, escalators and moving walkways; electric sensors, namely, proximity sensors, current sensors, voltage sensors, load and level sensors, inductive sensors, capacitive sensors, earthquake sensors, humidity sensors, acoustic sensors, infrared sensors, ultrasound sensors, biometric sensors, radio frequency identification (RFID) sensors and radio frequency (RF) sensors; frequency converters; electrical transformers; photovoltaic solar modules for power generation; electricity storage batteries; uninterrupted electrical power supplies; over-voltage protectors; power distribution boxes; current rectifiers; electric power switches; integrated circuits; printed circuits; electric control panels; electrical fuses; integrated safety circuits; electric and electronic locks for doors, physical barriers, turnstiles, tripod barriers; electric and electronic locks for elevator doors; radio-frequency controlled locks for doors, physical barriers, turnstiles, tripod barriers; radio- frequency controlled locks for elevator doors; radio-controlled locks; electronic publications, namely downloadable magazines, manuals for teaching, manuals for training, practice manuals, installation manuals, repair and modernization instruction manuals, manuals newsletters, brochures and spare parts leaflets, all in the field of

elevators, escalators, moving walkways and access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers.

Services

Class 35

(1) Business management services relating to data compiling, systematizing and analyzing in computer databanks; business management services related to information and data compiling and analyzing; computer software for database management, which processes, analyses and stores in an electronic database data related to the operation and component lifecycle of elevators, escalators, moving walkways, doors, turnstiles, tripod barriers, physical barriers, gates and guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; computer software for database management, which processes, analyses and stores in an electronic database data related to the operation and component lifecycle of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; call centre services, namely, administrative processing of purchase orders by telephone or computer, order fulfillment services, and invoicing; e-commerce services, namely services that allow users to perform electronic business transactions via a global computer network by providing product information via telecommunications networks; provision of information relating to sale, design, specifications and pricing of elevators, escalators, moving walkways and advisory services relating thereto; provision of information relating to sale, design, specifications and pricing of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers and advisory services relating thereto; wholesale, retail and Internet commerce in replacement parts and components of elevators, escalators, moving walkways, door openers, door closers, doors, turnstiles, tripod barriers, physical barriers and gates; wholesale, retail and Internet commerce in replacement parts and components of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; renting of advertising spaces; rental of advertising space on web sites; advertising the goods and services of others; advertising the goods and services of others by means of computer monitors, touchscreen monitors, television monitors, projection apparatus, beamers and electronic display panels; rental of advertising space; placing advertising for others; electronic billboard advertising of the goods and services of others; electronic billboard advertising of the goods and services of others; organisation and management of customer loyalty programmes.

Class 37

(2) Installation, maintenance, repair and overhaul of elevators, escalators, moving walkways and of components and parts thereof; installation, maintenance, repair and refurbishment of elevators, escalators, moving walkways and of parts and components thereof; advice with respect to installation, maintenance, repair, overhaul and refurbishment of elevators, escalators, moving walkways and of parts and components thereof; installation, maintenance, repair, overhaul and refurbishment of doors, door openers, door closers, gates, turnstiles, tripod barriers and barriers and physical barriers and of components thereof; installation, maintenance, repair, overhaul and refurbishment of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors,

turnstiles, tripod barriers, access barriers; installation, maintenance, repair, overhaul and refurbishment of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; installation, maintenance, repair, overhaul and refurbishment of elevators, escalators, moving walkways, doors, door openers, door closers, gates, turnstiles, tripod barriers and physical barriers by remote access via a communications connection, particularly via the Internet; installation, maintenance, repair, overhaul and refurbishment of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers by remote access via a communications connection, particularly via the Internet; installation, maintenance, repair, overhaul and refurbishment of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings by remote access via a communications connection, particularly via the Internet; installation, maintenance and repair of computer hardware and computer network bridges.

Class 38

(3) Providing access to Internet platforms for the operation and monitoring of elevators, escalators and moving walkways via downloadable software; providing access to Internet platforms for the operation and monitoring of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers via downloadable software; providing access to Internet platforms for the operation and monitoring of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings via downloadable software.

Class 42

(4) Design and development of electronic data security systems; design and development of physical security systems; research and development in the field of security; research, monitoring, and analysis in the field of traffic flow inside, between and outside of buildings; development and design of elevators, escalators, moving walkways, doors, turnstiles, tripod barriers, physical barriers and gates; development and design of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; development and design of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; technical-engineering project planning and engineering services in the field of elevators, escalators, moving walkways, doors, turnstiles, tripod barriers, physical barriers and gates; technical-engineering project planning and engineering services in the field of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; technical-engineering project planning and engineering services in the field of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; carrying out quality control tests and technical tests in the field of elevators, escalators, and moving walkways; energy audits; maintenance of computer software by use of remote computer assisted software, the computer software being for the monitoring and control of elevators, escalators and moving walkways, security systems, doors,

turnstiles, tripod barriers, physical barriers and gates and of components and parts thereof; maintenance of computer software by use of remote computer assisted software, the computer software being for the monitoring and control of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; maintenance of computer software by use of remote computer assisted software, the computer software being for the monitoring and control of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings, doors, turnstiles, tripod barriers, barriers and gates; monitoring of computer systems by remote access via a communications signal via the Internet, the computer software being for the operation of elevators, escalators, moving walkways, security systems, doors, turnstiles, tripod barriers, physical barriers and gates via a communications connection; monitoring of computer systems by remote access via a communications signal via the Internet, the computer software being for the operation of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; monitoring of computer systems by remote access via a communications signal via the Internet, the computer software being for the operation of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; remote diagnosis via a communications connection via the Internet of the need of repair and maintenance of elevators, escalators, moving walkways, doors, turnstiles, tripod barriers, physical barriers and gates; remote diagnosis via a communications connection via the Internet of the need of repair and maintenance of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; remote diagnosis via a communications connection via the Internet of the need of repair and maintenance of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings, doors, turnstiles, tripod barriers, barriers and gates; providing quality control of elevators, escalators, moving walkways, doors, turnstiles, tripod barriers, physical barriers and gates by analyzing and evaluating the operational and performance data of each; providing quality control of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers by analyzing and evaluation the operational and performance data of each; providing quality control of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings by analyzing and evaluation the operational and performance data of each; checking and analysis of the strength and speed of telecommunication signals; programming, development, installing, updating and maintenance of computer software and application software; advisory services with respect to programming, development, installing, updating and maintenance of computer software and application software; design and development of virtual reality and augmented reality software; computer programming of software for the internet; provision of software via a computer network over the Internet and telecommunication network for the operation and monitoring of elevators, escalators and moving walkways; provision of software via a computer network over the Internet and telecommunication network for the operation and monitoring of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors,

turnstiles, tripod barriers, access barriers; provision of software via a computer network over the Internet and telecommunication network for the operation and monitoring of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; provision of educational, training and teaching materials, namely, videos, audio and electronic periodicals, via on-line software applications via a computer network or telecommunications connection, with respect to the installation, repair and refurbishment of elevators, escalators and moving walkways; provision of educational, training and teaching materials, namely, videos, audio and electronic periodicals, via on-line and off-line software applications via a computer network or telecommunications connection, with respect to the installation, repair and refurbishment of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; provision of educational, training and teaching materials, namely, videos, audio and electronic periodicals, via on-line and off-line software applications via a computer network or telecommunications connection, with respect to the installation, repair and refurbishment of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; provision of on-line computer software in the field of construction, configuration and design of elevators, escalators and moving walkways; provision of on-line and off-line computer software in the field of construction, configuration and design of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; provision of on-line and off-line computer software in the field of construction, configuration and design of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; providing access to a cloud computing network through non-downloadable software applications; software-as-a-service (SAAS) provider in the field of software for the operation and control of elevators, escalators and moving walkways; software-as-a-service (SAAS) provider in the field of software for the operation and control of access control systems, namely a system composed of electronic readers and controllers for controlling access to a premises and of physical barriers, namely fences, doors, turnstiles, tripod barriers, access barriers; software-as-a-service (SAAS) provider in the field of software for the operation and control of guidance and navigation systems, namely systems comprising of software for mobile phones, computer software, beacons, wireless routers, modems, all for guiding and navigating persons inside, between and outside of buildings; computer software design, installation, and maintenance for data and speech communications between computer databanks and call centres; provision of on-line and off-line computer software for surveillance of interior of elevators, buildings, public facilities, namely, airports, train stations, subway stations, bus stations, pedestrian underpasses, parks, theatres, cinema facilities, convention hall facilities, sports arena facilities, ships; provision of software for automatic triggering of alarm reports, namely of alarms for the detection of flammable gases, anti-intrusion alarms, burglar alarms, door alarms, gas alarms, personal security alarms, security and fire alarms, vandalism alarms, smoke alarms, via peer to peer computer networks and telecommunications networks; computer services, namely design and programming of software for user management in computer networks; computer security services consisting of issuing and management of digital keys; design and programming of computer software for IC card authentication and management of user and use rights relating thereto; rental of computer software.

Colour Claim

Colour is claimed as a feature of the trade-mark. The upper half of the rectangle containing the word LIQUI, is blue. The lower half of the rectangle containing the word MOLY, is red. The words: PRO-ENGINE are black.

Goods

Class 01

(1) Chemicals used in industry and science namely leather tanning substances; synthetic resins, unprocessed; unprocessed plastics; fertilizing preparations; fire extinguishing compositions; tempering and soldering chemicals; chemical substances for preserving foodstuffs; leather tanning substances; adhesives used in the automotive industry; chemical preparations for use in industry, in particular chemically and physically active additives for lubricants, lubricating greases, engineering oils namely gear oils, and for engine, transmission, compressor and hydraulic oils and additives for fuels, in particular petrol and diesel fuels; additives for radiator fluids in the nature of radiator cleaners and sealants to stop radiator leaks; antifreeze for radiator fluids and windscreen washer fluids; anti-freeze; Chemical sealants for waterproofing convertible tops for motor vehicles; actinium; alum; ammonium aldehyde; aldehydes; alginates for industrial purposes; alkalis; alkaline iodides for industrial purposes; alkaline metals; salts of alkaline metals; aluminium alum; aluminium chloride; aluminium iodide; aluminum oxides; aluminium silicate; ammonia namely ammonia alum and anhydrous ammonia; americium; acidulated water for recharging

accumulators; antimony; antimony oxide; ethyl alcohol; caustic soda for industrial purposes; antioxidant enzymes for use in the engine and motor lubricant manufacturing industry; acetates [chemicals]; acetone; acetylene; benzene; benzoic acid; berkelium; biochemical catalysts namely catalysts for use in oil processing; bromine for chemical purposes; chemical preparations for decarbonising engines; chemical preparations for facilitating the alloying of metals; chemicals, except pigments, for the manufacture of enamel; chemical preparations to prevent mildew; color-brightening chemicals for industrial purposes; damp-proofing chemicals, except paints, for masonry; textile-waterproofing chemicals; cement-waterproofing chemicals, except paints; catalysts namely catalysts for use in the manufacture of synthetics, rubbers and polymers; chemical condensation preparations; cryogenic liquids namely liquefied nitrogen, oxygen, helium, carbon dioxide and argon kept at low temperatures; leather-renovating chemicals; chemicals for the manufacture of paints; chlorine namely chlorine for general industrial use; chlorates namely sodium chlorate; hydrochlorates for general industrial use; chlorides namely methyl chloride, phosphorus chloride, silver chloride, vinyl chloride, zinc chloride, mercury chloride, magnesium chloride, and hydrogen chloride; chromates; chromium oxide; chromic salts; curium; detergents for use in manufacturing processes; esters namely acetic acid esters and methyl esters; ferments for chemical purposes namely cultures of microorganisms used to ferment silage; iron salts; fluorine; gums [adhesives] for industrial purposes namely gum arabic glue for industrial purposes; ion exchangers [chemicals] namely ion-exchange resin membranes in the form of chemical preparations; potassium; coolants for vehicle engines; latex glue for industrial purposes; anti-frothing solutions for batteries; solvents for varnishes; magnesium chloride; magnesium carbonate; methane; methyl ether; methyl benzene; methyl benzol; sodium; neon; nitrates namely aluminium nitrate, ammonium nitrate, barium nitrate, iron nitrate, mercury nitrate and calcium nitrate; phenol for industrial purposes; anti-boil preparations for engine coolants; compositions for repairing tyres; mastic for tyres; acid proof chemical compositions namely chemical agents for removing acid in industrial manufacturing applications; acids namely acetic acid, benzene-based acids, boric acid, carbonic acid, chlorinated acids and cholic acid; benzene-based acids; sulfurous acid; fissionable chemical elements, namely, uranium; tungstic acid; xenon; cellulose; acetate of cellulose, unprocessed; chemically and physically acting additives for lubricants, namely chemical additives for lubricants for engines and motors in the form of liquid, gel or spray

Class 02

(2) anti-corrosion oils

Class 04

(3) Industrial oils and greases; lubricants for engines and motors in the form of liquid or gel; dust binding compositions for sweeping; fuels namely methylated spirits for fuel, mineral spirits for use as accelerants and motor spirit; candles and wicks for lighting; industrial oils and greases, including motor oils, gear oils, compressor oils; air compressor oils namely oil to reduce carbon buildup in compressor valves [no edible oils and edible fats and no essential oils]; contact oils and contact greases for industrial purposes; lubricants, namely all-purpose lubricating fluids, non-chemical oil additives as well as non-chemical additives for fuels [in particular for petrol and diesel fuels]; non-chemical additives for industrial greases, industrial oils, engine oils, transmission oils, compressor oils and hydraulic oils; oils for paints; benzene fuel; petrol; ethanol fuel; diesel oil; gasoline; fuel namely alcohol fuel, aviation fuel, benzene fuel, biodiesel fuel, diesel fuel, ethanol fuel, fuel for ships and fuel from crude oil; mineral fuel namely hydrocarbon-based fuels namely petroleum, coal, and natural gas; non-chemical fuel additives; industrial oil; petroleum, raw or refined; lubricating grease for engines and motors in the form of liquid or gel

Visual Representation

Colour Claim

Colour is claimed as a feature of the trademark. The claimed colours are: dark blue, gold and white. The trademark represents two characters dressed as king and a queen. The design is over a gold square. The characters are delimited from the background with a gold and dark blue border. The K letter and clover leaf on the top left of the characters and the Q letter and heart on the lower right of the characters are in gold and delimited in dark blue. Under the characters, a white banner, delimited in dark blue, displays the word KINGS AND QUEENS written in gold. The two characters wear crowns in gold. The characters themselves are drawn in dark blue and white with dark blue for the traits and white for surfaces corresponding with skin, bones and hair. The king's cloth is a combination of white and dark blue and the queen's dress is in gold and white"

Services

Class 36

(1) Insurance; banking services; online banking services; contingency fund services; issuance of credit cards; real estate appraisals; financial management; management of real estate; financing services; financial analysis; capital build-up; capital investment; financial consulting, namely consulting related to investment expenses, consulting related to financial investment; financial estimates (insurance, banking, real estate); investment of funds.

Class 37

(2) Construction, namely building construction, construction of residential and commercial properties; information related to building construction; consulting related to building construction; building construction supervision; masonry; plastering; plumbing; roofing services; insulation (construction) services; demolition of buildings; rental of work site machinery; cleaning of buildings (upkeep); cleaning of buildings (exterior surfaces); window cleaning; vehicle cleaning; vehicle maintenance; assistance in the event of vehicle breakdown (repair); disinfection, namely building disinfection; rat control; cleaning of clothing; renovation of clothing; leather maintenance, cleaning and repair; fur maintenance, cleaning and repair; ironing of clothing; shoe repair; tire retreading; vulcanization of tires (repair); installation, maintenance, and repair of office equipment; installation, maintenance, and repair of machines, namely electric machines power generators, office machines, construction machines; installation, maintenance and repair of computer hardware; installation, maintenance and repair of horological and chronometric instruments; repair of locks; furniture restoration; shipbuilding.

Class 38

(3) Telecommunications, namely telephone communication services, telegraph services, email and facsimile transmission services; information related to telecommunications, namely information related to communications by telephone, telegraph services, email services fax services, television broadcasting via websites; communication of financial advice via computer terminals; communications through fibre optic networks, namely telephone services offered via fibre optic cables; radio communications, namely mobile radiotelephony; telephone communication, namely telephone communication services, telephone communication services provided for hotlines and call centers, long-distance telephone communication services; provision of user access to global computer networks; provision of online forums, namely electronic exchange of messages via Internet forums; provision of access to databases in the fields of insurance, finance, real estate; electronic display services (telecommunication), namely provision of online electronic bulletin boards for the transmission of messages among computer users; telecommunication connections to a global computer network, namely provision of access to a global computer network; information agencies (news), namely news agencies; rental of telecommunications apparatus, namely rental of facsimile machines, rental of telephones; broadcasting of radio programs; television program broadcasting; teleconferencing services; videoconferencing services; electronic messaging services; rental of access time to global computer networks.

Class 41

(4) Education, namely instruction in the fields of insurance, finance, real estate; training, namely professional training in the fields of insurance, finance, real estate; entertainment, namely entertainment in the form of films, entertainment in the field of television programming, organization of leisure activities, namely recreational club services, organization of recreational activities, namely organization of museum visits and cultural outings; sporting and cultural activities, namely organization of sporting events, namely organization of bicycle races and running races, organization of sporting events in the field of soccer, organization of shows, namely organization of concerts, shows and plays, dance performances, magic shows, circus shows, comedy shows, exhibitions and cultural events, namely organization and holding of art exhibitions; information related to entertainment, namely provision of information in the field of films, provision of information in the field of television programming; information related to education, namely provision of information via a website in the field of education, namely provision of information via an interactive website in the field of teaching in the fields of insurance, finance, real estate; vocational retraining, namely career reorientation, namely career counselling; provision of recreational facilities, namely provision of athletic fields, swimming pools, play areas for children; publishing of books; book lending; provision of non-downloadable films via video-on-demand services; production of motion picture films; rental of television sets; rental of set décors; photography services, namely photographic composition, photo editing, rental of cameras; organization of competitions for educational and entertainment purposes, namely organization of competitions in the fields of insurance, finance, real estate; organization and holding of colloquia in the fields of insurance, finance, real estate, organization and holding of conferences in the fields of insurance, finance, real estate; organization and holding of conventions in the fields of insurance, finance, real estate; organization of cultural or educational exhibitions, namely art exhibitions; seat reservations for performances; online gaming services offered through a computer network; gambling services, namely provision of online gambling; online electronic publishing of books and periodicals.

Class 42

(5) Technical assessments regarding the design of engineering work, namely technical assessments regarding construction; scientific research in the field of construction; technical

research in the field of construction; design of computers for others; development of computers; computer software design; computer software development; research and development of new products for others; conduct of technical project studies, namely feasibility studies; architecture; interior design; computer software design; installation of computer software; maintenance of computer software; updating of computer software; rental of computer software; computer programming; computer systems analysis; computer systems design; consultant services related to computer hardware design and development; scanning of documents; software as a service in the fields of insurance, finance, real estate; provision of cloud computing for data storage; information technology consulting, namely software design consulting services, computer software consulting services, Internet security consulting services; server hosting, namely web hosting; technical control of motor vehicles; graphic art design services; artwork authentication; energy auditing; electronic storage of data via a cloud computing supplier.

Class 43

(6) Services for providing food and drink; temporary accommodation, namely rental of rooms as temporary living accommodations, rental of temporary student accommodations, rental of temporary accommodation in the nature of villas and bungalows; bar services; catering services; hotel services; reservation of temporary accommodations; daycare services for children; provision of campgrounds; retirement home services; boarding services for domestic animals.

Class 44

(7) Agriculture, horticulture and forestry services, namely gardening services, landscaping services, weed, parasite and vermin control services in the fields of agriculture, horticulture and silviculture; medical services, namely medical examination services, medical testing; veterinary services; skin care services (hygiene and beauty care); medical assistance, namely emergency medical assistance, respite care services in the nature of nursing aid services; cosmetic surgery; hospital services; nursing homes; convalescent home services; rest home services; optician services; beauty salon services; hairdressing salon services; pet grooming; gardening; landscaping services.

(13) cannabis oil for cosmetic purposes;

Class 05

(2) cannabis for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; cannabis related products, namely oils, salves, concentrated pastes, tinctures, tablets and capsules, each containing cannabis, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; oils, salves, concentrated pastes, tinctures, tablets and capsules each containing resins and oils derived from cannabis, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; nutraceuticals for medicinal purposes for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; nutraceuticals for medicinal purposes containing cannabis for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and wellbeing, for relieving anxiety, for relieving

depression, as a sleep aid; nutraceuticals for medicinal purposes containing derivatives of cannabis, namely resins and oils, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; topical skin creams, bar and liquid soaps, bath additives, bath herbs, bath oils, body creams, body oils, face and body lotions, face and body milk, face lotion, and skin care preparations each containing derivatives of cannabis, and each of the aforementioned products for the relief of pain, for relaxation, for reducing stress and fatigue, for mood enhancement, for maintaining general health and well-being, for relieving anxiety, for relieving depression, as a sleep aid; personal sexual lubricants; tetrahydrocannabinol [THC] oil for medical purposes

(3) cannabidiol [CBD] oil for medical purposes; CBD oil for medical purposes; medicinal cannabis; THC oil for medical purposes;

Class 09

(4) electronic publications, namely, newsletters, brochures, reports and guides in the field of cannabis

Class 16

(5) printed publications, namely, newsletters, brochures, reports and guides in the field of cannabis

Class 29

(6) oils derived from cannabis, namely edible oils and oils for food; food products containing cannabis, cannabis resins and cannabis oils, namely butter

(7) cannabis oil for food;

Class 30

(8) food products containing cannabis, cannabis resins and cannabis oils, namely chocolates, cookies, brownies, candy and food energy bars

(9) chocolate bars infused with cannabis;

Class 31

(10) live cannabis plants

Class 34

(11) cannabis for recreational use, for smoking; cannabis for recreational use, for vaporizing; cannabis cigarettes; cigarette cases; smokers' articles, namely, smoking pipes, pouches for use with cannabis, lighters for smokers; smokers' articles, namely, grinders for use with cannabis, and oral vaporizers for smokers; cannabis-derived resins and oils for recreational use, for smoking; cannabis-derived resins and oils for recreational use, for vaporizing; cannabidiol [CBD] oil for oral vaporizers for smoking; cannabis oil for electronic cigarettes; cannabis oil for oral vaporizers for smoking; tetrahydrocannabinol [THC] oil for electronic cigarettes; tetrahydrocannabinol [THC] oil for oral vaporizers for smoking;

(12) cannabidiol [CBD] oil for electronic cigarettes; dried cannabis;

Services

Class 35

(1) providing the retailing, wholesaling and distributorship of cannabis; providing the retailing, wholesaling and distributorship of live cannabis plants; providing the retailing, wholesaling and distributorship of dried cannabis; providing the retailing, wholesaling and distributorship of medicinal cannabis; providing the retailing, wholesaling and distributorship of cannabis related

products, derivatives of cannabis and natural health products containing cannabis, namely resins and oils derived from cannabis, tetrahydrocannabinol [THC] oil, and cannabidiol [CBD] oil, cannabis-derived salves, crumbles, concentrated pastes, tinctures, tablets and capsules, each containing cannabis, resins and oils derived from cannabis, food products containing cannabis, food products containing derivatives of cannabis, namely resins and oils, cannabis oil for food, cannabis oil for cosmetic purposes, cannabis oil for oral vaporizers for smoking, cannabis oil for electronic cigarettes, skin care preparations and hair care preparations containing cannabis, and skin care preparations and hair care preparations containing cannabis-derived oils and resins, smoking pipes, pouches for use with cannabis, lighters for smokers, grinders for use with cannabis, oral vaporizers for smokers and personal sexual lubricants containing derivatives of cannabis, namely oils and resins; online retail sale of cannabis; providing consumer information in the field of cannabis dispensary locations; providing via a web site, the ratings, reviews and recommendations on products and services for commercial purposes posted by users in the field of cannabis

Class 39

(2) providing the packaging of cannabis; providing the packaging of live cannabis plants; providing the packaging of medicinal cannabis; providing the packaging of derivatives of cannabis; providing the packaging of food products containing cannabis, food products containing derivatives of cannabis, namely resins and oils, cannabis oil for food, cannabis oil for cosmetic purposes, cannabis oil for oral vaporizers for smoking, cannabis oil for electronic cigarettes, skin care preparations and hair care preparations containing cannabis, and skin care preparations and hair care preparations containing cannabis-derived oils and resins, providing the delivery of cannabis; providing the delivery of live cannabis plants; providing the delivery of medicinal cannabis; providing the delivery of derivatives of cannabis; providing the delivery of food products containing cannabis, food products containing derivatives of cannabis, namely resins and oils, cannabis oil for food, cannabis oil for cosmetic purposes, cannabis oil for oral vaporizers for smoking, cannabis oil for electronic cigarettes, skin care preparations and hair care preparations containing cannabis, and skin care preparations and hair care preparations containing cannabis-derived oils and resins

Class 41

(3) providing entertainment information in the field of cannabis culture via a website; providing news via a website in the nature of current event reporting in the field of cannabis and cannabis culture; providing educational information in the field of cannabis via a website

Class 42

(4) research services in the area of cannabis, cannabis related products, derivatives of cannabis, and natural health products containing cannabis

Class 44

(5) providing the breeding, growing, cultivation, harvesting and production of cannabis

Class 45

(6) computer services, namely, online social networking services for registered users to participate in discussions, get feedback from their peers, from virtual communities, and engage in social networking in the field of cannabis

Class 02

- (3) Precious metal powders for use in the manufacture of paints

Class 03

- (4) Casting powders; continuous casting powders; welding powder; solvents for use in the cleaning of machines during manufacturing processes

Class 06

- (5) Metal reinforcement materials for building and load bearing structures, metal clips for cables and pipes; branching tubes of metal for pipelines; pipe clips of metal; ground tubes of steel; drain pipes of metal; elbows of metal for flexible pipes; branching pipes of metal; branching pipes of alloy steel; branching pipes of titanium; collars of metal for fastening pipes; fittings of metal for pipes; insulated pipe supports of metal; metal fasteners, namely, nails, springs; mountaineering equipment, namely, climbing cams and anchors made of metal; cantilevered brackets of metal; gutter brackets of metal; brackets of metal for furniture; shelf brackets of metal; spacer brackets of metal; metal braces for handling loads; poles of metal, posts of metal; dust powder of common metal alloys; dust powder of common metals; electrolytic iron powders; metal powders for use in manufacture (common metal); metals in foil form for 3D printers; metals in powder form for industrial use (powder metallurgy, additive manufacturing, advanced manufacturing)
- (6) Common metals and their alloys; titanium; titanium alloys; titanium iron; bars of titanium; base metals; partially processed common metals; partially worked common metals; unworked base metals; unworked common metals; metal carabiners; climbing irons; metal platforms for climbing purposes; metals in powder form for 3D printers; armour plate and armour plating; armoured doors of metal; armour sheetings of metal; steels for armour; armour-plating of metal; tent pegs of metal; tent poles of metal; ceramic reinforced aluminium alloys; ores for use in ceramics

Class 07

(7) Pneumatic peening tools; powder coating spray equipment; spray guns being parts of machines; spray heads being parts of machines; spray nozzles being parts of machines; 3D printers; industrial robots for use in manufacture; industrial robot machines; machines for surface coating; metal forming machines

Class 09

(8) 3D scanners; digital control for industrial robots, computer hardware and computer software for database management; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing

(9) Soldiers' helmets, sports helmets; hand-held protective shields for use by the police; bullet-proof clothing; bullet-proof personal protection shields in the form of a backpack; boots for protection against accidents; balaclavas for protection against accidents, irradiation and fire; face shields for protective helmets; hand-held protective shields for use by the police; workmen's protective face-shields; insulated clothing for protection against accidents or injury; articles of protective clothing for wear by motorcyclists for protection against accident or injury; computer operating system software for use by industrial robots

Class 12

(10) Land vehicles, air vehicles and water vehicles, namely, cars, airplanes and boats; armoured land vehicles

(11) Air pumps for bicycles for the inflation of tyres; bells for bicycles, cycles; bicycles; bottle carriers for bicycles; brakes for bicycles, cycles; braking installations for bicycles; carrying racks for bicycles; chains for bicycles, cycles; children's bicycles (for transport); derailleurs for bicycles; direction indicators for bicycles, cycles, direction signals for bicycles; dress guards for bicycles, cycles; fittings for bicycles for carrying beverages; fittings for bicycles for carrying food; fittings for bicycles for carrying luggage; frames for bicycles, cycles; handle bars for bicycles, cycles; handlebars for bicycles, cycles; hubs for bicycles; inner tubes for bicycles, cycles; metal bells for bicycles; motorised bicycles; mountain bicycles; non-motorised bicycles; pedal bicycles; pedals for bicycles; pumps for bicycles, cycles; racing bicycles; rims for wheels of bicycles, cycles; saddle covers for bicycles or motorcycles; saddles for bicycles, cycles or motorcycles; splash guards (mudguards) for bicycles; spokes for bicycles, cycles; stabilisers (wheels) for use on bicycles; stabilizers (wheels) for use on bicycles; stands for bicycles (parts of); stands for bicycles, cycles (parts of bicycles, cycles); tyres for bicycles, cycles; toe straps for use on bicycles; toe clips for use on bicycles; tubeless tires (tyres) for bicycles, cycles; tubeless tyres for bicycles; twist grips for bicycles; tyres for bicycles, cycles; water bottle cages for bicycles; wheels being parts of bicycles; wheels for bicycles, cycles; cranks for cycles; drive gears for cycles; kickstands for cycles; luggage carriers for cycles; bicycle pedals; bicycle handlebars; suspension systems for motor vehicles; oars; stern oars; marine masts; masts for boats; metal masts for watercraft; metal poles being masts for watercraft; boat hulls; ship hulls; industrial robots for use in the transport of work pieces; unmanned aerial vehicles (UAVs); armoured bodies for vehicles; armoured land vehicles; armoured cars

Class 14

(12) Gold; gold alloys; gold base alloys; gold base alloys; precious metal alloys (other than for use in dentistry); platinum (metal); precious metal in powder form, other than for printers, painters and decorators; precious metals, unwrought or semi-wrought; precious metals and their alloys; powders of precious metals (other than for use by painters, decorators, printers and artists); precious metal in powder form, other than for printers, painters and decorators

(13) Alloys of precious metal

Class 19

(14) Armour-plating of ceramic; armor-plating of aramid composite Kevlar; non-metallic cladding for facades

(15) Armour-plating, not of metal

Class 21

(16) Water bottles for bicycles

Class 22

(17) Non-metallic tow ropes; non-metallic towing cables; non-metallic twines; non-metallic webbed belts for handling loads; non-metallic webbing straps for handling loads

(18) Lanyards for rigging; sails; sails for yachts; sails for sailboards; sails for windsurfing

Class 28

(19) Skateboards; surf boards, surf skis; paddles for surf skis; snow skis; ski sticks; snow sledges (playthings); snowboards; surfboards; windsurfing boards; basketball hoops; climbing frames (playthings); squash racket; table tennis rackets; tennis racket frames; badminton rackets; field and ice hockey sticks; golf sticks; ski sticks; baseball bats; bats for games; cricket bats; softball bats; bats for games; protective face masks for use in the sport of fencing; goal posts; ski poles; poles for pole vaulting; high jump poles; fins for windsurfing boards; fencing foils; mountain boards

Services

Class 35

(1) Business administration consulting services; business management; business administration; market analysis and research

(2) Business management consultancy service

Class 37

(3) Application of protective coatings for building surfaces; aircraft repair and maintenance, maintenance and repair of boats, maintenance and repair of pipelines, maintenance and repair of railway vehicles, maintenance of 3D printers; ship building; installation, maintenance and repair of three dimensional printer

(4) Application of protective coatings to wood; application of protective coatings to furniture

Class 40

(5) Digital printing; 3D printing; pattern printing; consulting services, namely, technical consulting related to the 3D printing process of products to the order and specification of others; technical advice, information and consultancy in relation to 3D printers and 3D printing; technical consultation in the field of 3D printing; treatment of materials, in particular in connection with 3D printing

(6) Application of protective surface coatings to machines and tools; application of wear-resistant coatings on metals and plastics; heat treatment of metals; 3D printing services; coating and surface finishing of machines and tools

Class 42

(7) Research pertaining to mechanical engineering; technical consulting in the field of aerospace engineering; safety testing of products

(8) Industrial design; product design consulting services; mechanical engineering; computer software design; computer system design; design and development of computer software (for others)

APPLICANT DETAILS

Applicant

Ben Mackay
4507 Varsity Green NW
Calgary
ALBERTA
T3B3A3

TRADEMARK DETAILS

Trademark Type

Design

Visual Representation

The image shows a handwritten trademark design. It consists of a thick, curved horizontal line at the top. Below this line, the word "FICTION" is written in a bold, stylized, handwritten font. The letters are black and have a slightly irregular, hand-drawn appearance. The 'F' is particularly tall and narrow, while the 'I' is also tall and narrow. The 'O' is a simple circle, and the 'N' is a simple vertical line with a diagonal stroke.

Trademark Description

The mark consists of a boldly delineated hexagon within which is a left-side facial view, together with the shoulders, upper torso and arms of a helmeted craftsman or workman. The craftsman's two hands grasp the upper portion of a mechanical instrument, seemingly operating the instrument. There are evenly spaced bold lines shooting out from inside the encasing hexagon.

Colour Claim

Colour is claimed as a feature of the trade-mark. The colours black and red are claimed as a feature of the mark. The lining is black and the small enclosed area at the bottom of the instrument is red. The color white represents background and is not part of the mark.

Public notices under section 9 of the *Trademarks Act*

Application Number 926,498

PROHIBITED MARK DETAILS

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by CORPORATION OF THE TOWNSHIP OF NORTH DUNDAS of the mark shown here, as an official mark for goods and services.

Description

The colours dark green and beige are described as an element of the mark. The words ¿TOWNSHIP OF North Dundas¿, the house, the tree, the tractor and the two people riding bikes are dark green. The taller buildings behind the house, the horizontal lines before and after the words ¿TOWNSHIP OF¿, and the ploughed field are beige.
