Trademarks Journal

Vol. 69 No. 3549

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts,

and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing, and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive

batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable

media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the

aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and

fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods.

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts,

and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing, and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive

batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable

media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the

aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and

fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods.

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts,

and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing, and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive

batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable

media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the

aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and

fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods

Class 12

(2) Anti-theft devices for motor cars, and parts and fittings for all of the aforesaid goods.

Services

Class 37

(1) Maintenance, repair, servicing, reconditioning, restoration, inspection prior to maintenance and repair, care, cleaning, painting and polishing of motor land vehicles, drones, unmanned aerial vehicles, civil engineering construction machines, automotive manufacturing machinery, agricultural machines, internal combustion engines and of parts and fittings for all these goods, and information, consultancy and advice relating to any of the aforesaid services; applying external finishes and coatings to vehicles, namely, motor vehicle greasing, motor vehicle painting, and motor vehicle undercoating services, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for motor cars, internal combustion engines and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; installation of accessories for motor vehicles, namely, custom installation of automobile interiors, and exterior automobile accessories, namely, spoilers for automotive vehicles, vehicle running boards, mudguards for automobiles, wheel rims for motor vehicles, roof racks for vehicles, spare tire carriers for vehicles, radiator grilles for vehicles, bicycle racks for vehicles, and luggage racks for automobiles, and information, consultancy and advice relating to any of the aforesaid services; vehicle breakdown repair services, and information, consultancy and advice relating to any of the aforesaid services; providing emergency roadside assistance service, and information, consultancy and advice relating to any of the aforesaid services; tuning of engines and motor vehicles, and information, consultancy and advice relating to any of the aforesaid services; providing maintenance and vehicle repair assistance and information to drivers regarding their vehicles, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services; charging station services for electric vehicles, and information, consultancy and advice relating to any of the aforesaid services; vehicle battery charging, and information, consultancy and advice relating to any of the aforesaid services; automobile customization services, and information, consultancy and advice relating to any of the aforesaid services; automotive upgrade services, and information, consultancy and advice relating to any of the aforesaid services.

Class 42

(2) Automotive inspection services; diagnostic services for motor cars, internal combustion engines, and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; diagnostic services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart

wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services.

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts,

and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing, and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive

batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable

media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the

aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and

fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods.

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts,

and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing, and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive

batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable

media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the

aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and

fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods.

Class 12

(2) Anti-theft devices for motor cars, and parts and fittings for all of the aforesaid goods.

Services

Class 37

(1) Maintenance, repair, servicing, reconditioning, restoration, inspection prior to maintenance and repair, care, cleaning, painting and polishing of motor land vehicles, drones, unmanned aerial vehicles, civil engineering construction machines, automotive manufacturing machinery, agricultural machines, internal combustion engines and of parts and fittings for all these goods, and information, consultancy and advice relating to any of the aforesaid services; applying external finishes and coatings to vehicles, namely, motor vehicle greasing, motor vehicle painting, and motor vehicle undercoating services, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for motor cars, internal combustion engines and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; installation of accessories for motor vehicles, namely, custom installation of automobile interiors, and exterior automobile accessories, namely, spoilers for automotive vehicles, vehicle running boards, mudguards for automobiles, wheel rims for motor vehicles, roof racks for vehicles, spare tire carriers for vehicles, radiator grilles for vehicles, bicycle racks for vehicles, and luggage racks for automobiles, and information, consultancy and advice relating to any of the aforesaid services; vehicle breakdown repair services, and information, consultancy and advice relating to any of the aforesaid services; providing emergency roadside assistance service, and information, consultancy and advice relating to any of the aforesaid services; tuning of engines and motor vehicles, and information, consultancy and advice relating to any of the aforesaid services; providing maintenance and vehicle repair assistance and information to drivers regarding their vehicles, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services; charging station services for electric vehicles, and information, consultancy and advice relating to any of the aforesaid services; vehicle battery charging, and information, consultancy and advice relating to any of the aforesaid services; automobile customization services, and information, consultancy and advice relating to any of the aforesaid services; automotive upgrade services, and information, consultancy and advice relating to any of the aforesaid services.

Class 42

(2) Automotive inspection services; diagnostic services for motor cars, internal combustion engines, and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; diagnostic services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart

wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts,

and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing, and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive

batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable

media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the

aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and

fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods.

Class 12

(2) Anti-theft devices for motor cars, and parts and fittings for all of the aforesaid goods.

Services

Class 37

(1) Maintenance, repair, servicing, reconditioning, restoration, inspection prior to maintenance and repair, care, cleaning, painting and polishing of motor land vehicles, drones, unmanned aerial vehicles, civil engineering construction machines, automotive manufacturing machinery, agricultural machines, internal combustion engines and of parts and fittings for all these goods, and information, consultancy and advice relating to any of the aforesaid services; applying external finishes and coatings to vehicles, namely, motor vehicle greasing, motor vehicle painting, and motor vehicle undercoating services, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for motor cars, internal combustion engines and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; installation of accessories for motor vehicles, namely, custom installation of automobile interiors, and exterior automobile accessories, namely, spoilers for automotive vehicles, vehicle running boards, mudguards for automobiles, wheel rims for motor vehicles, roof racks for vehicles, spare tire carriers for vehicles, radiator grilles for vehicles, bicycle racks for vehicles, and luggage racks for automobiles, and information, consultancy and advice relating to any of the aforesaid services; vehicle breakdown repair services, and information, consultancy and advice relating to any of the aforesaid services; providing emergency roadside assistance service, and information, consultancy and advice relating to any of the aforesaid services; tuning of engines and motor vehicles, and information, consultancy and advice relating to any of the aforesaid services; providing maintenance and vehicle repair assistance and information to drivers regarding their vehicles, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services; charging station services for electric vehicles, and information, consultancy and advice relating to any of the aforesaid services; vehicle battery charging, and information, consultancy and advice relating to any of the aforesaid services; automobile customization services, and information, consultancy and advice relating to any of the aforesaid services; automotive upgrade services, and information, consultancy and advice relating to any of the aforesaid services.

Class 42

(2) Automotive inspection services; diagnostic services for motor cars, internal combustion engines, and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; diagnostic services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart

wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services.

Class 09

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the

aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts, and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing,

and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for

the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that

provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use

in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods.

Class 12

(2) Motor vehicles, namely, automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, utility terrain vehicles, racing cars, and structural parts for all of the aforesaid goods; apparatus for locomotion by land, air and water, namely, cars, airplanes, boats and autonomous underwater vehicles, and structural parts for all of the aforesaid goods; land vehicles, and structural parts for all of the aforesaid goods; off-road vehicles, and structural parts for all of the aforesaid goods; all-terrain vehicles (ATVs), and structural parts for all of the aforesaid goods; driverless motor vehicles, namely, driverless cars, and structural parts for all of the aforesaid goods; autonomous motor vehicles, namely, autonomous automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, utility terrain vehicles, racing cars, and structural parts for all of the aforesaid goods; racing cars, and structural parts for all of the aforesaid goods; reconditioned classic vehicles, namely, reconditioned classic automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, and structural parts for all of the aforesaid goods; vehicles sold in kit form, namely, automotive body kits comprising external structural parts of automobiles; commercial vehicles, namely trucks, vans, trailer trucks, buses, taxis, and structural parts for all of the aforesaid goods; electric vehicles, namely, electrically powered motor vehicles, and structural parts for all of the aforesaid goods; hybrid vehicles, namely, hybrid cars, trucks, vans, sport utility vehicles, all-terrain vehicles, utility terrain vehicles, racing cars, and structural parts for all of the aforesaid goods; military vehicles, namely, armoured trucks, armoured cars, tanks, military automobiles and sport utility vehicles, and structural parts for all of the aforesaid goods; vehicles for use by emergency services, search and rescue services, namely, police vehicles, namely, cars, trucks, vans, sport utility vehicles and ambulance, and structural parts for all of the aforesaid goods; powertrains for land vehicles, and parts and fittings for all of the aforesaid goods; engines for land vehicles, and parts and fittings for all of the aforesaid goods; motors for land vehicles, and parts and fittings for all of the aforesaid goods; engines for motorcycles, and parts and fittings for all of the aforesaid goods; motors for motorcycles, and parts and fittings for all of the aforesaid goods; engines for bicycles, and parts and fittings for all of the aforesaid goods; motors for bicycles, and parts and fittings for all of the aforesaid goods; engines for racing cars, and parts and fittings for all of the

aforesaid goods; trailers, namely, car trailers, truck trailers, bicycle trailers, boat trailers, travel trailers, and parts and fittings for all of the aforesaid goods; arm rests for vehicle seats, and parts and fittings for all of the aforesaid goods; luggage bags specially adapted for fitting in the boot of vehicles, and parts and fittings for all of the aforesaid goods; car interior organizer bags, nets and trays specially adapted for fitting in vehicles; head-rests for vehicle seats, and parts and fittings for all of the aforesaid goods; vehicle head rest covers; wing mirror protective and vanity covers, and parts and fittings for all of the aforesaid goods; car seat covers; covers for vehicle steering wheels; fitted covers for vehicles; wheels for land vehicles; alloy wheels for land vehicles; wheel trims for land vehicles; wheel rims for land vehicles; spare wheels for land vehicles; hub caps for wheels; hub centre caps; spare wheel covers; wheel sprockets, and parts and fittings for all of the aforesaid goods; spoilers for vehicles, and parts and fittings for all of the aforesaid goods; covers for vehicles; seats for vehicles, and parts and fittings for all of the aforesaid goods; safety seats for vehicles, and parts and fittings for all of the aforesaid goods; safety belts for vehicles, and parts and fittings for all of the aforesaid goods; safety harnesses for vehicles, and parts and fittings for all of the aforesaid goods; safety signals [audible] for vehicles, namely, back-up warning alarms and audible direction signals for vehicles, and parts and fittings for all of the aforesaid goods; airbags for vehicles, and parts and fittings for all of the aforesaid goods; anti-theft, security and safety devices and equipment for vehicles, namely anti-theft and alarm devices for automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, and parts and fittings for all of the aforesaid goods; anti-theft devices for motor cars, and parts and fittings for all of the aforesaid goods; radiator grilles for vehicles, and parts and fittings for all of the aforesaid goods; trim panels for vehicle bodies, and parts and fittings for all of the aforesaid goods; doors for vehicles, and parts and fittings for all of the aforesaid goods; vehicle windows, and parts and fittings for all of the aforesaid goods; vehicle windshields, and parts and fittings for all of the aforesaid goods; window glass for vehicle windows and windshields, and parts and fittings for all of the aforesaid goods; roof windows for vehicles, and parts and fittings for all of the aforesaid goods; skylight windows for vehicles, and parts and fittings for all of the aforesaid goods; vehicle bumpers, and parts and fittings for all of the aforesaid goods; steering wheels for motor vehicles, and parts and fittings for all of the aforesaid goods; motor vehicle centre consoles sold as structural parts of land vehicles which incorporate electronic interfaces, and parts and fittings for all of the aforesaid goods; bicycles, and parts and fittings for all of the aforesaid goods; tricycles, and parts and fittings for all of the aforesaid goods; parts and fittings and accessories for bicycles, namely, bicycle horns, water bottle cages, saddlebags adapted for bicycles, rack packs, saddle covers for bicycles, baskets adapted for bicycles, air pumps for bicycles, and parts and fittings for all of the aforesaid goods; hover boards; scooters; quadricycles; motorised unicycles; go-karts; strollers and prams, and their parts and accessories, namely, stroller covers, canopies and umbrellas for baby strollers, fitted stroller mosquito nets; baby, infant and child seats for vehicles, and parts and fittings for all of the aforesaid goods; sun blinds, roof racks, luggage carriers and nets, cycle carriers, sail board carriers, ski carriers, and snow chains, all for vehicles, and parts and fittings for all of the aforesaid goods; drones, namely, camera drones, civilian drones, delivery drones, photography drones and military drones, and parts and fittings for all of the aforesaid goods; unmanned aerial vehicles, and parts and fittings for all of the aforesaid goods; personal air vehicles, namely, personal aircraft, and parts and fittings for all of the aforesaid goods; hovercraft, and parts and fittings for all of the aforesaid goods; underwater vehicles, namely, underwater remotely operated vehicles for transport underwater and for underwater inspection, and structural parts and fittings for all of the aforesaid goods; jet vehicles for water sports, namely, personal watercraft in the nature of jet skis, and parts and fittings for all of the aforesaid goods; remote control vehicles, not toys, namely remote control automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, and parts and fittings for all of the aforesaid goods.

Services**Class 37**

(1) Maintenance, repair, servicing, reconditioning, restoration, inspection prior to maintenance and repair, care, cleaning, painting and polishing of motor land vehicles, drones, unmanned aerial vehicles, civil engineering construction machines, automotive manufacturing machinery, agricultural machines, internal combustion engines and of parts and fittings for all these goods, and information, consultancy and advice relating to any of the aforesaid services; applying external finishes and coatings to vehicles, namely, motor vehicle greasing, motor vehicle painting, and motor vehicle undercoating services, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for motor cars, internal combustion engines and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; installation of accessories for motor vehicles, namely, custom installation of automobile interiors, and exterior automobile accessories, namely, spoilers for automotive vehicles, vehicle running boards, mudguards for automobiles, wheel rims for motor vehicles, roof racks for vehicles, spare tire carriers for vehicles, radiator grilles for vehicles, bicycle racks for vehicles, and luggage racks for automobiles, and information, consultancy and advice relating to any of the aforesaid services; vehicle breakdown repair services, and information, consultancy and advice relating to any of the aforesaid services; providing emergency roadside assistance service, and information, consultancy and advice relating to any of the aforesaid services; tuning of engines and motor vehicles, and information, consultancy and advice relating to any of the aforesaid services; providing maintenance and vehicle repair assistance and information to drivers regarding their vehicles, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services; charging station services for electric vehicles, and information, consultancy and advice relating to any of the aforesaid services; vehicle battery charging, and information, consultancy and advice relating to any of the aforesaid services; automobile customization services, and information, consultancy and advice relating to any of the aforesaid services; automotive upgrade services, and information, consultancy and advice relating to any of the aforesaid services.
