Trademarks Journal

Vol. 69 No. 3536

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

file formats; computer software for steganographically encoding digital watermarks in product packaging design files for reproducing such information on packaging produced from such product packaging design files; computer software for steganographically encoding digital watermarks in packaging label files for reproducing such information on packaging labels produced from such product packaging label files; software for creating product packaging design files steganographically encoded with digital watermarks; computer programs for the identification of goods in the field of decoding steganographically encoded watermarks on goods and on packaging for goods; computer programs for the identification of steganographically encoded physical objects, namely commercially printed products namely books, magazines, newspapers, brochures, catalogues, posters and tags, product packaging, and packing labels; computer software for decoding digital watermarks from digital images; computer software for decoding digital watermarks from audio signals in uncompressed, lossy compressed and lossless compressed file formats; computer software for recognizing steganographically encoded objects, namely commercially printed products namely books, magazines, newspapers, brochures, catalogues, posters and tags, product packaging, and packing labels; computer software for recognizing audio signals in uncompressed, lossy compressed and lossless compressed file formats; computer software for mobile phones, hand held computers, data capture equipment, tablets, optical readers, electronic readers and scanners, for recognizing digital watermarks in printed objects, namely, product packaging, labels and commercially printed products, namely, books, magazines, newspapers, brochures, catalogues, posters and tags; computer software for mobile phones, hand held computers, data capture equipment, tablets, optical readers, electronic readers and scanners, for recognizing digital watermarks in digital images; computer software for mobile phones, hand held computers, data capture equipment, and tablets for recognizing digital watermarks in audio signals in uncompressed, lossy compressed and lossless compressed file formats; computer software for decoding steganographically encoded information from physical items, namely product packaging, encoded with steganographic information; computer software for decoding digital watermarks used in the fields of e-commerce, marketing, self-checkout, variable weight labeling, manufacturing, quality control, inventory, logistics and product tracking; computer software for point-of-sale systems that can decode digital watermarks, namely, software for point-of-sale optical scanners and optical digital code readers; computer software for mobile phones, hand held computers, tablets, optical readers, electronic readers and scanners, for decoding hidden optical digital codes machine-readable representations of data included in printed objects, namely, product packaging, labels and commercially printed products, namely, books, magazines, newspapers, brochures, catalogues, posters and tags, and image signals, and for linking users to e-commerce and other internet and global communications network connected sites and computers based upon such hidden optical digital machine-readable representations of data; computer software for recognizing steganographically encoded digital images captured by optical sensors and for linking users to e-commerce and other internet and global communications network connected sites and computers based upon such captured steganographically encoded digital images; computer software for recognizing audio signals in uncompressed, lossy compressed and lossless compressed file formats captured by audio sensors and for linking users to e-commerce and other internet and global communications network connected sites and computers based upon such captured audio signals; computer software for decoding steganographically encoded digital watermarks from images; computer software for decoding steganographically encoded digital watermarks from audio signals in uncompressed, lossy compressed and lossless compressed file formats; computer software for decoding steganographically encoded watermarks from packaging and packaging labels; computer software for detecting steganographically encoded watermarks in images; computer software for detecting steganographically encoded watermarks in audio signals in uncompressed, lossy compressed and

lossless compressed file formats; computer software for detecting steganographically encoded information on physical objects, namely commercially printed products namely books, magazines, newspapers, brochures, catalogues, posters and tags, product packaging, and packing labels.

Services

Class 35

(1) Preparation of business reports; providing business information in the field of using digital watermarks to facilitate e-commerce transactions; business services, namely, consulting services in the field of using steganographically encoded digital codes in marketing and product sales for business purposes; preparation of business reports based on steganographically encoded information decoded from image and audio signals; preparation of business reports based on steganographically encoded information decoded from product packaging; preparation of business reports based on decoded steganographically encoded product codes; preparation of business reports based on decoded steganographically encoded product codes from product packaging.

Class 42

(2) Consulting services in the field of software for signal processing; consulting services in the field of steganography; development and consulting services in the field of product packaging; digital watermarking in the nature of providing identifiers for products and assets for trade in commerce; online services, namely, providing temporary use of online non-downloadable software for managing and tracking projects and results relating to using digitally retrievable markings in images; online services, namely, providing temporary use of online non-downloadable software for managing and tracking projects and results using digitally retrievable markings in audio signals in uncompressed, lossy compressed and lossless compressed file formats; providing information about digital watermarking use in the fields of e-commerce and supply chain management; Computer services, namely encoding hidden digital identification information in product packaging design files for reproducing the information on packaging produced from such product packaging design files; online services, namely, encoding of hidden digital identification information into images and audio to provide website links to computers; computer services, namely, encoding hidden digital identification information in images; computer services, namely, steganographically encoding digital identification information in images; computer services, namely, steganographically encoding digital identification information in image signals for reproducing the information on packaging; computer services, namely, steganographically encoding digital identification information in product packaging design files for reproducing the information on packaging produced from such product packaging design files; computer services, namely, steganographically encoding digital identification information in product packaging; consulting services in the field of adding steganographically encoded identification information in and retrieving such information from product packaging.

Colour Claim

Colour is claimed as a feature of the trade-mark. The characters are coloured blue except for the round dot found on the second character which is coloured red.

Foreign Character Translation

The translation provided by the applicant of the word SEKISUI is A VAST AMOUNT OF ACCUMULATED WATER.

Goods

Class 01

(1) unprocessed synthetic resins for use in the manufacture of plastic molding compounds; unprocessed synthetic resins for use in the manufacture of molding compounds; chemical additives for synthetic polymer modified resin; artificial resins, unprocessed; synthetic resins, unprocessed; plastics, unprocessed; artificial and synthetic resins as raw materials; unprocessed plastic material in powder, liquid or paste form; synthetic resins in the form of powders, liquids or pastes for industrial use; thermos-expandable microspheres of plastic; unprocessed synthetic resins used in industry and chemical products; chemical compounds in the form of extra fine particles for use in the manufacture of resin molding products; fine plastic particles for use in the manufacture of resin molding products; catalysts for use in the manufacture of industrial chemicals; catalysts for use in the manufacture of synthetics, rubbers and polymers; fabric glue for industrial purposes; gelatine glue; glue for use in the automobile industry; glue for use in the canning industry; glue for use in the lumber industry; gum arabic glue; gum arabic glue for industrial purposes; latex glue for industrial purposes; leather glues; seaweed glue for industrial purposes; wood glue for industrial purposes; wood glue for industrial use; adhesives for use in the

manufacture of surgical bandages; adhesives for use in the textile industry; adhesives for wall tiles; adhesives for wallpaper; book binding adhesives; bookbinding adhesives; chemicals for use in the manufacture of adhesives; construction industry adhesives; contact adhesives for use with laminates; contact adhesives for use with wood; flooring adhesives; general use adhesives; polyurethane adhesives; premixed adhesive foam cements; roofing adhesive; roofing adhesives; synthetic resin adhesives for industrial purposes; wall covering adhesives; wall tile adhesives; wallpaper adhesives; plant growth regulating preparations; manures; fertilisers; chemical test paper; unprocessed plastics in all forms; liquid photoresists containing photographic sensitizer, solvent and resin; artificial sweetener; artificial sweeteners; flour and starch for industrial purposes; wood pulp for manufacturing purposes; wood pulp; thermomechanical pulp; sulphite pulp; sulfite pulp; straw pulp; recycled paper pulp; rag pulp; paper pulp; groundwood pulp; ground-wood pulp; esparto pulp; dissolving wood pulp for manufacturing purposes; dissolving pulp for use in manufacture; chemimechanical pulp; chemic-ground wood pulp; cellulose pulp; bast pulp; bast fibre pulp; bagasse pulp for use in the manufacture of paper; artificial graphite for industrial purposes; artificial graphite for secondary cell batteries; graphite in raw or semi-finished form for use in manufacture; natural graphite for industrial purposes; polymer coating agents for paper; chemical agents for the flame-retardant coating of textiles; chemical agents for coating textiles, furs and leather, non-wovens and fabrics; adhesives for ceramic coating; powdered carbon for use in the manufacture of secondary cell batteries; powdered carbon for secondary cell batteries; granulated carbon for water treatment; carbon tetrachloride; carbon monoxide; carbon for filters; carbon fluorochloride; carbon fluoro-chloride; carbon disulphide; carbon disulfide; carbon dioxide filled cylinder; carbon dioxide; carbon compounds; animal carbon; activated carbon; absorbing carbons; carbon black for industrial purposes; carbon composite materials consisting of a fibrous reinforcing structure made of carbon fibers and densified by a carbon matrix, for use in manufacturing; carbon nano particles, namely, carbon nano particles that photoluminesce; powdered carbon for secondary cell batteries; unprocessed composite carbon epoxy resins; carbon nano tubes, namely, tubular carbon molecules used in extremely small scale electronic and mechanical applications; graphite for industrial purposes in powder form; ceramic glazings; oil cement [putty]; higher fatty acids; chemical compositions for developing photographs; raw resin with additives; composite materials of unprocessed resin and plastic for use in the manufacture of plastic molding compounds

Class 07

(2) membrane filters for use as parts of machines; road scrapers; construction rammers; concrete construction machines; sorting machines for chemical processing; sintering machines for chemical processing; separating machines for chemical processing; pulp processing machines; kneading machines for chemical processing; grinding mills for chemical processing; granulating machines for chemical processing; filter presses for chemical processing; extracting machines for chemical processing; emulsifying machines for chemical processing; dust collecting machines for chemical processing; dissolving machines for chemical processing; disintegrators for chemical processing; chemical fiber spinning machines; cereal processing machines; calcining machines for chemical processing; blending machines for chemical processing; agitators for chemical processing; bottle capping machines for food and beverages; food chopping machines for commercial use; food cutting machines for commercial use; food mixing machines for commercial use; food peeling machines for commercial use; food slicing machines for commercial use; food vending machines; packaging machines for food; aerated beverage making machines; packaging machines; packaging machines for food; sealing machines for industrial packaging; envelope stuffing and inserting packaging machines; turf removing ploughs; snow plows; snow ploughs; coal plough; agricultural plows; transplanting machines and implements; Seeding machines and implements;

harvesting machines and implements; plant fiber processing machines and implements for agricultural purposes; fodder presses; fodder cutting machines; fodder mixing machines; cake-fodder crushing machines; dishwashers for household purposes; wax-polishing machines, electric, for household purposes; electric washing machines for household purposes; vacuum cleaners for household purposes; electric food blenders for household purposes; brushes for vacuum cleaners; dynamo brushes; ramie brushing machines; rotary brushes for machines; paint spray gun; vehicle washing machines; waste compacting machines; waste crushing machines; cam shafts; crank shafts; loom shafts; transmission shafts for boats; axles for industrial machinery; axles for machines; spindles for machines; bearings being parts of machines; shaft couplings; valves being parts of machines; semiconductor manufacturing machines; electric and pneumatic hoists; hand-held pneumatic drills; hand-held pneumatic hammers; pneumatic conveyors; pneumatic door closers; pneumatic door openers; pneumatic grease guns; pneumatic hammers; pneumatic hoists; pneumatic jacks; pneumatic nail guns; pneumatic pumps; pneumatic screwdrivers; pneumatic shears; pneumatic transporters; pneumatic tube conveyors; pneumatic waste oil drainers; pneumatic window openers; hydraulic accumulators being parts of machines; hydraulic conveyors; hydraulic cylinders; hydraulic door closers; hydraulic door openers; hydraulic excavators; hydraulic hammers; hydraulic hoists; hydraulic intensifiers being parts of machines; hydraulic jacks; hydraulic lift tables; hydraulic motors for excavators; hydraulic presses for metalworking; hydraulic pumps; hydraulic torque converters for machines; hydraulic turbines; hydraulic window closers; hydraulic window openers; oil hydraulic presses for metalworking; high pressure washers; high pressure water jetting systems for the gas and oil industry; high pressure pumps for washing appliances and installations; pressure washers; steam pressure variation engines; wheelchair lifts; wagon lifts; truck lifts; stair lifts; robotic controlled mechanical parking lifts for multi-layered parking; railway wagon lifts; power-operated lifts for moving, parking and storing land vehicles; power operated boat lifts; mechanical railed lifting conveyors; hydraulic lift tables; elevator lifts; cargo lifting derricks; car lifts; automotive parking lifts; excavators; adhesive tape dispensing machines; refrigeration condensers; 3D printers; agricultural equipment for seeding; agricultural elevators; agricultural cultivators; agricultural balers; agricultural land fertilizing equipment; tilling machines for agricultural purposes; balers for agricultural use; agricultural seed planting machine; agricultural reaper machines; agricultural plows; transmissions for machines; hydraulic valve actuators; machines for repairing and reforming old sewer pipelines by manufacturing and inserting lining pipes inside sewer pipelines; machines for drilling a communicating hole for attaching another sewage pipe to the lining pipes; automotive exhaust pipes; exhaust pipes of land vehicles; gas operated cutting blow pipes

Class 09

(3) Blueprinting machines

Class 16

(4) water soluble plastic bags for packaging; water soluble plastic film for packaging; plastic bags for packaging; plastic film for packaging; food wrapping plastic film for household use; garbage bags of plastic; industrial packaging containers of paper; garbage bags of paper for household purposes; craft patterns; knitting patterns; patterns for dress making; patterns for making clothing; printed patterns for dress making; sewing patterns; tracing patterns; tailors' chalk; paper and cardboard; hygienic hand towels of paper; paper towels; hand towels of paper; handkerchiefs of paper; paper tablecloths; silk screen prints; printed timetables; printed flip charts; printed calendars; printed awards; printed advertising boards of paper; printed advertising boards of cardboard; art prints; graphic art prints; colour print; hologram art prints; graphic prints; office paper stationery; paper stationery; stationery agendas; stationery binders; stationery labels; stationery personal organizers; stationery stickers; stationery tabs; writing stationery; pastes for stationery

and household purposes; adhesives for stationary and household purposes; addressing machines; ink ribbons; hectographs; automatic stamp affixing machines; envelope sealing machines for offices; stamp cancelling machines; drafting curves; drafting instruments; drafting squares; drafting templates; drafting triangles; typewriters; check writing machines; mimeographs; paper shredders for office use; franking machines for office use; rotary duplicators; adhesive tapes for stationery or household purposes; self adhesive tapes for stationery for cleaning floor; gummed tape for stationery or household purposes; gummed paper tape for stationery or household purposes; paper carton sealing tape; double-sided adhesive tapes for household use

Class 17

(5) plastic pipe couplings; plastic junctions for pipes; pipe gaskets; pipe jackets, not of metal; pipe muffs of plastic; joint packings for pipes; water-tight rings for plumbing purposes; plastic reinforcing materials for pipes; sealant compounds for joints; fillers for expansion joints; semi-processed synthetic resins; valves of rubber; valves of vulcanized fiber; flexible plastic pipes for conveying natural gas; flexible plastic pipes for plumbing purposes; flexible plumbing pipes of plastic; flexible plastic pipes for heat retention for plumbing purposes; flexible plastic pipes for building; flexible plastic pipes for construction; flexible plastic pipes for water and sewage; flexible plastic pipes for protection of cables; flexible plastic pipes for plants; flexible plastic tubes for containing natural gas; flexible plastic tubes for plumbing purposes; flexible plastic tubes of plastic; flexible plastic tubes for heat retention for plumbing purposes; flexible plastic tubes for building; flexible plastic tubes for construction; flexible plastic tubes for water and sewage; flexible plastic tubes for protection of cables; flexible plastic tubes for plants; acrylic resin sheeting for use in the manufacture of laminated glass; plastic film for use in glass laminations for residential and commercial windows and doors; plastic interlayer for use in laminating safety glass; laminated plastic film for use in home or auto windows for sound control; laminated plastic film for use in home or auto windows for sun control; laminated plastic films for use in vehicle windows; laminated plastic films for use on windows; reflective plastic glass for use on vehicle windows; reflective plastic films for use on windows; tinted plastic film for use on windows; tinted plastic films for use on vehicle windows; plastic sheet and film for use in making laminated safety glasses; semi-processed plastic film for masking; semi-processed plastic film for infrastructure protection; semi-processed plastic film for protection of liquid crystal glass; semi-processed plastic film for use on vehicle windows; semi-processed plastic film for use on windows; semi-processed plastic film for use as insulation for buildings; semi-processed plastic film for use in sealing buildings; semi-processed plastics; artificial resins in extruded form for general industrial use; fiberglass insulation for buildings for insulating buildings against moisture; fiberglass fabrics for building insulation for insulating buildings against moisture; fiberglass insulation materials for buildings for insulating buildings against moisture; foam insulation materials for use in buildings for insulating buildings against moisture; foam sheeting for use as building insulation for insulating buildings against moisture; foils of metal for building insulation for insulating buildings against moisture; glass fibers for use in the manufacture of building insulation for insulating buildings against moisture; glass wool for building insulation for insulating buildings against moisture; metal foil for building insulation for insulating buildings against moisture; mineral wool for building insulation for insulating buildings against moisture; polyurethane film for use as building insulation for insulating buildings against moisture; polyurethane foam sheeting for use as building insulation for insulating buildings against moisture; slag wool for building insulation for insulating buildings against moisture; valcanized fiber for use in the manufacture of building insulation materials for insulating buildings against moisture; soundproofing materials of mineral wool; soundproofing materials made of mineral wool; soundproofing foam; soundproofing double face glass; soundproofing batting; acoustic baffles for soundproofing purposes; soundproofing films; gaskets of plastic;

gaskets of synthetic resin; canvas hose pipes; flexible plastic pipe for conveying natural gas; flexible plastic pipe for plumbing purposes; flexible plumbing pipes of plastic; joint packings for pipes; electrical insulation; plastic sheeting for agricultural purposes; plastic foam; laminated plastic intermediate film for safety glass; semi-finished acrylic molded plastic; semi-finished acrylic molded plastic substances; semi-processed plastics; adhesive tape for use in the consumer packaging industry; bonded seals; door seals; dynamic seals; packaging material for forming seals of candy packaging; packing material for forming seals for medical and pharmaceutical packaging; polyurethane films for use in sealing and insulating buildings; rings of metal for use as pipe connection seals; rings of rubber for use as pipe connection seals; rubber rings for use as pipe connection seals; rubber seals for jars; sealing compounds for masonry and wood; sealing gaskets of metal; sealing rings; seals for pipe connections; seals of metal for pipes; seals of metal for preventing leakage of fluids; static seals; pipe joint sealants; sealant compounds for joints; adhesive sealant compounds; dust proofing sealants; waterproof sealants; anti-rust sealants; pressure sensitive adhesive tapes used in manufacturing process of electronic parts such as semiconductor wafers and ceramic capacitors; synthetic resin marking film coated with adhesive agents for the protection for the back of wafers in the UBM process; masking tapes for painting; fiber-reinforced foam urethane for use in the manufacture of molding components; adhesive tapes for industrial purposes, namely, for packing, binding, water-proofing, fixing carpets, buffering, pasting parts of buildings, and pasting parts of precision machines; water soluble plastic film for plant seedings; water soluble plastic film for spraying agricultural chemicals; water soluble plastic film for embroidery base fabric; water soluble plastic film for hydraulic transfer film printing; water soluble plastic film for masking; artificial resins in the form of sheets for use in manufacture; non-flammable urethane plates, sheets, blocks, and tapes for filling gaps and undercoating of building material; non-flammable urethane for flame retardant, heat insulation, sealing for vehicles and aircrafts, fuel cells and electric products; plastic urethane boards reinforced with glass fiber; hollow fiber membranes of plastic for water filtration; vibration-damping plastic sheets; soundproofing materials of mineral wool; chemical fiber thread, not for textile use; insulating gloves; floating anti-pollution barriers; raw rubber; semi worked rubber; rubber cords and laces; asbestos cords and strings; bark coverings for sound insulation; sound dampening blankets; sound-absorbing non-metal discs; sound-absorbing non-metal panels; sound absorbing non-metal plates; adhesive anti-slip tape for flooring applications; adhesive elastomeric tape for placement onto electronic devices to prevent slipping; camouflage tape used in hunting; carpet seam tape; carpet seaming tape; drywall joint tape; duct tape; duct tapes; electrical insulating tape; electrical insulating tapes; electrical tape; fibreglass electrical insulating tape; gaffer tape; insulating tape; insulating tape and band; insulating tapes; masking tape; masking tape for industrial purposes; mounting tape; photographic splicing tape; pipe joint tape; reflective tape; strapping tape; oriented polypropylene (OPP) tape for use in industrial packaging; gaffer tape; adhesive paper tape; adhesive textile tape for use in the consumer packaging industry; adhesive textile tape used in the manufacturing process to protect and adhere electronic parts, namely, semi-conductor wafers and ceramic capacitors; adhesive textile tape for industrial purposes, namely, for the adhesion and waterproofing of building materials, namely, sheetrock, flooring underlayment, vapor barriers and insulation; adhesive cellophane tape for use in the consumer packaging industry; adhesive cellophane tape used in the manufacturing process to protect and adhere electronic parts, namely, semi-conductor wafers and ceramic capacitors; adhesive cellophane tape for industrial purposes, namely, for the adhesion and waterproofing of building materials, namely, sheetrock, flooring underlayment, vapor barriers and insulation; plastic pipe joints used with plastic pipes; semi processed synthetic resins used in industry and chemical products; polyurethane sealants, caulking, foams and paints used for waterproofing, fireproofing and heat resistance in the field of building construction; acrylic construction adhesive and modified acrylic plates used in the field of

building construction; polysulfide joint sealants and polysulfide protective coatings used in the field of building construction; synthetic epoxy resin used in the field of building construction; composite materials, namely carbon fiber and resin for use in the manufacture of composite molds used in the further manufacture of car body panels, home appliances, industrial fixtures, panels for airplanes and for railway sleepers; plastic sheets for use in construction and building, namely, for molding, heat insulation, repair and maintenance, and waterproofing; foamed resin sheets and boards for heat insulation, buffering, shock absorption, joint filtering, and damping, all the foregoing for use in construction; silicone seals used in the field of building construction, namely silicone joint seals for sealing glass joints, window sash joints, plastic joints, enameled tile joints, and wood joints; silicone joint seals for sealing wall joints in the interior and exterior of buildings; silicone joint seals for sealing metal hinge joints, bathtub joints, washstand joints and vanity joints, toilet joints and kitchen counter joints; deformed silicone seals used in the field of building construction, namely, deformed silicone joint seals for sealing glass joints, window sash joints, plastic joints, enameled tile joints, and wood joints; deformed silicone joint seals for sealing wall joints in the interior and exterior of buildings; deformed silicone joint seals for sealing metal hinge joints, bathtub joints, washstand joints and vanity joints, toilet joints and kitchen counter joints

Class 19

(6) plastic water and sewer pipes used in construction; synthetic resin water, drainage and waste disposal pipes used in construction; non-metal rain gutters; railway sleepers of wood; multilayer panels of plastic for use in buildings; armour-plating of ceramic; ceramic ceiling tiles; ceramic drain pipes; ceramic floor tiles; ceramic monuments; ceramic roofing tiles; ceramic tiles; ceramic tiles for flooring and facing; ceramic tiles for flooring and lining; ceramic tiles for tile floors and coverings; ceramic wall tiles; ceramic water pipe valves; glazed ceramic tiles; tiles of ceramic for ceilings; tiles of ceramic for floors; plastic building materials, namely, plastic used to make rain water pipes, interior and exterior plastic decorative moldings and plastic sheets, plates, blocks, sticks and tapes used for heat insulation and vibration damping; plastic railway sleepers; synthetic building materials, namely, synthetic block and pellet used to make rain water pipes, interior and exterior plastic decorative moldings and synthetic sheets, plates, blocks, sticks and tapes used for heat insulation and vibration damping; synthetic railway sleepers; asphalt; asphalt road coatings; rubber flooring; plaster; lime; slag-lime cement; boards of gypsum plaster; facing plaster; finish plasters made of coloured artificial resin; plaster boards; plaster for use in building; plaster used for building purposes; prefabricated building assembly kits of synthetic resin comprising the building's frame, walls and floor; prefabricated building assembly kits of plastic comprising the building's frame, walls and floor; cement and cement sewer pipes; building timber; building stone; building glass; joinery fittings of synthetic resin; joinery fittings of plastic; plaster boards; tar and pitch; transportable greenhouses of plastic for household use; artificial fish reefs, not of metal; erosion control mats integrating plants seeds; non-luminous and non-mechanical road signs of synthetic resin; non-luminous and non-mechanical road signs of plastic; liquid storage tanks of masonry for industrial purposes; water tanks of masonry for industrial purposes; water tanks of masonry for household purposes; diving platforms not of metal; porous plastic construction materials, which are laid under the ground for water supply and storage purposes; plastic branching pipes; plates for roof cladding; slates for wall cladding; rigid synthetic resin gutter pipes, drain pipes and plumbing pipes used in construction; rigid synthetic pipes for plumbing; rigid synthetic pipes for drainage; rigid synthetic pipes for rainwater pipes (guttering downpipes); rigid plastic gutter pipes, drain pipes and plumbing pipes used in construction; rigid synthetic pipes for plumbing; rigid synthetic pipes for drainage; rigid synthetic pipes for rainwater pipes (guttering downpipes); ceramic drain pipes; concrete drain pipes; non-metal drain pipes; PVC drains for construction of basement waterproofing systems; synthetic resin drain pipes; plastic drain pipes; synthetic resin pipe

fittings; plastic pipe fittings; Plastic gutter pipes; PVC gutter pipes; concrete manhole covers; polymer composite manhole covers; synthetic resin manhole covers; plastic manhole covers; molding material, namely, acrylic modified vinyl plate for building; plastic branching pipes; plastic gutter pipes; plastic storm sewer pipes for construction; plastic water pipes; railway sleepers of synthetic resin; ceramic roofing tiles and brick tiles used in building construction; composite materials used in the field of building construction, namely, resins and plastics used for interior and exterior decorative moldings, heat insulation, buffering, shock absorbing, vibration damping and sound proofing; glass fiber reinforced plastic composites for building construction, namely, to make rain water pipes, interior and exterior decorative moldings and glass fiber reinforced plastic composite sheets, plates, blocks, sticks and tapes used for heat insulation and vibration damping; foamed resin boards for construction, namely, for heat insulation, buffering, shock absorbing, damping, interior and exterior decoration of building, sound proofing, and molding; urethane and urethane boards reinforced with glass fiber and carbon fiber; drain traps of plastic; drain traps of plastic resin; synthetic resin gutter pipes, drain pipes and plumbing pipes used in construction; cement mortar pipes; cement sewer pipes; ceramic drain pipes; clay pipes and conduits; concrete drain pipes; concrete pipes; concrete sewer pipes; fibreglass drainage pipes; hume pipes; non-metal drain pipes; plastic branching pipes; plastic gutter pipe; plastic storm sewer pipes for construction; plastic water pipes; PVC conduit pipes for building; PVC gutter pipes; PVC rigid pipes for construction purposes; PVC sewer pipes; PVC water pipes; sandstone pipes; sewer pipes of concrete; painting apparatus, namely, non-metal paint booths; synthetic building materials, namely, non-metal synthetic block and pellet used to make rain water pipes, interior and exterior plastic decorative moldings and synthetic sheets, plates, blocks, sticks and tapes used for heat insulation and vibration damping; non-metal rain water pipes; non-metal valves for water pipes; non-metal rigid synthetic pipes for plumbing; non-metal rigid synthetic pipes for drainage; non-metal rigid synthetic pipes for rainwater pipes (guttering downpipes); non-metal rigid synthetic pipes for plumbing; non-metal rigid synthetic pipes for drainage; non-metallic minerals for building; non-metallic minerals for construction; plastic pipes for lining the inner surface of sewage pipes; wooden building components, namely, stairs, doors, door and window frames; plastic water pipes; synthetic resin water pipes; synthetic resin drain traps; pavement marking tapes; water pipes of synthetic resin

pharmaceutical preparations for the treatment of bone fractures; pharmaceutical preparations for inhalation for the treatment of pulmonary hypertension; pharmaceutical preparations for ocular or intraocular surgery; pharmaceutical preparations for reducing cholesterol; pharmaceutical preparations for the prevention of osteoporosis; pharmaceutical preparations for the relief of pain; pharmaceutical preparations for the treatment of acne; pharmaceutical preparations for the treatment of bacterial skin infections, fungal skin infections, viral skin infections and parasitic skin infections; pharmaceutical preparations for the treatment of allergies; pharmaceutical preparations for the treatment of blood disorders; pharmaceutical preparations for the treatment of cancer; pharmaceutical preparations for the treatment of cardiovascular diseases; pharmaceutical preparations for the treatment of carpal tunnel syndrome; pharmaceutical preparations for the treatment of chronic pain; pharmaceutical preparations for the treatment of cranial or facial nerve disorders; pharmaceutical preparations for the treatment of degenerative nerve diseases and disorders, namely, Alzheimer's disease, Parkinson's disease, Huntington's disease and multiple sclerosis; pharmaceutical preparations for the treatment of dental and oral diseases; pharmaceutical preparations for the treatment of diseases, disorders and infections of the endocrine system, namely growth and thyroid disorders; pharmaceutical preparations for the treatment of diseases, disorders and infections of the spinal cord systems and related cartilage and tissue; pharmaceutical preparations for the treatment of drug and alcohol abuse; pharmaceutical preparations for the treatment of gastro-intestinal diseases; pharmaceutical preparations for the treatment of genito-urinary and pelvic diseases, disorders and infections, namely infertility, sexually transmitted diseases, incontinence and sexual dysfunction; pharmaceutical preparations for the treatment of genitourinary diseases, namely, urological diseases, infertility, sexually transmitted diseases, inflammatory pelvic diseases; pharmaceutical preparations for the treatment of glaucoma; pharmaceutical preparations for the treatment of headaches; pharmaceutical preparations for the treatment of hypercholesterolemia; pharmaceutical preparations for the treatment of hyperlipidemia; pharmaceutical preparations for the treatment of immunologic diseases, namely, autoimmune diseases, immunologic deficiency syndromes; pharmaceutical preparations for the treatment of infectious diseases, namely respiratory infections, eye infections; pharmaceutical preparations for the treatment of inflammatory connective tissue diseases and injuries; pharmaceutical preparations for the treatment of inflammatory diseases, namely, inflammatory bowel diseases, inflammatory connective tissue diseases; pharmaceutical preparations for the treatment of inflammatory muscle diseases and disorders; pharmaceutical preparations for the treatment of metabolic diseases and disorders, namely gout, osteoarthritis, muscular dystrophy, anemia; pharmaceutical preparations for the treatment of metabolic disorders, namely bulimia nervosa, anorexia, and hypothyroidism; pharmaceutical preparations for the treatment of migraine; pharmaceutical preparations for the treatment of motion sickness; pharmaceutical preparations for the treatment of multiple sclerosis; pharmaceutical preparations for the treatment of myalgia and neuralgia; pharmaceutical preparations for the treatment of neurological diseases, namely, Alzheimer's, Huntington's Disease, cerebral palsy; pharmaceutical preparations for the treatment of neurological disorders, namely, brain injury, spinal cord injury, seizure disorders; pharmaceutical preparations for the treatment of neuromuscular diseases and disorders, namely, cerebrovascular accident (stroke), Parkinson's disease, multiple sclerosis, myasthenia gravis, Huntington's disease; pharmaceutical preparations for the treatment of oncological diseases and disorders; pharmaceutical preparations for the treatment of ophthalmological diseases and disorders; pharmaceutical preparations for the treatment of physical and psychological addictions, namely, gambling addiction, eating disorders and addictions, nicotine addiction, Internet addiction, drug addiction; pharmaceutical preparations for the treatment of psychiatric and other brain diseases and disorders, namely, anxiety, mood disorders, schizophrenia, cognitive and bipolar disorders, epilepsy, Alzheimer's, cerebral palsy,

Parkinson's disease, multiple sclerosis; pharmaceutical preparations for the treatment of psychiatric diseases, namely, mood disorders, anxiety disorders, cognitive disorders, schizophrenia; pharmaceutical preparations for the treatment of respiratory diseases, disorders and infections; pharmaceutical preparations for the treatment of skin irritations, namely bee stings, sunburn, rashes, sores, corns, calluses, and acne; pharmaceutical preparations for the treatment of smoking cessation; pharmaceutical preparations for the treatment of the central nervous system, namely, central nervous system infections, brain diseases, central nervous system movement disorders, ocular motility disorders, spinal cord diseases; pharmaceutical preparations for the treatment of the central nervous system, namely, encephalitis, epilepsy, Alzheimer's, cerebral palsy, Parkinson's disease; pharmaceutical preparations for the treatment of the diseases, disorders and infections of the central nervous system namely brain, movement, ocular motility and spinal cord diseases; pharmaceutical preparations for the treatment of the musculoskeletal system, namely, connective tissue diseases, bone diseases, spinal diseases, back pain, fractures, sprains, cartilage injuries; pharmaceutical preparations for the treatment of the respiratory system; pharmaceutical preparations for the treatment of varicose veins; pharmaceutical preparations for the treatment of vascular diseases; pharmaceutical preparations for the treatment of viral diseases, namely, herpes, hepatitis, Acquired Immune Deficiency Syndrome (AIDS); pharmaceutical preparations for treating allergic rhinitis and asthma; pharmaceutical preparations for treating asthma; pharmaceutical preparations for treating dandruff; pharmaceutical preparations for use in dermatology, namely, dermatitis, skin pigmentation diseases, sexually transmitted diseases; pharmaceutical preparations for use in discouraging the smoking habit; pharmaceutical preparations for use in gastroenterology; pharmaceutical preparations for use in ocular disorders; pharmaceutical preparations for use in oncology; pharmaceutical preparations for use in ophthalmology; pharmaceutical preparations for wounds; pharmaceutical products and preparations against dry skin caused by pregnancy; pharmaceutical products and preparations for hydrating the skin during pregnancy; pharmaceutical products for ophthalmological use; pharmaceutical products for the treatment of cancer; pharmaceutical products for treating respiratory diseases; pharmaceutical solutions used in dialysis; radioactive pharmaceutical preparations for in vivo diagnostic or therapeutic use; sunburn preparations for pharmaceutical purposes; synthetic peptides for pharmaceutical purposes; disinfection systems, namely allpurpose disinfectants.

Class 10

(2) Drug delivery systems, namely needles, syringes, nasal spray bottles, patch pumps, and anesthetic delivery apparatus for medical purposes, but not for use in the fields of diabetes and obesity; drug delivery systems, namely oral and nasal inhalation devices, namely inhalers for therapeutic use, and medical apparatus for facilitating the inhalation of pharmaceutical preparations.

Services

Class 40

(1) Contract manufacturing of clinical batches of pharmaceuticals; consulting services relating to pharmaceutical manufacturing of drug substances and drug products for others, and commercial production of drug substances and drug products for others.

Class 42

(2) Consulting services relating to clinical evaluation and testing, stability studies, method development, formal stability testing of the quality of a drug substance and drug product for others;

formulation development services, namely the formulation of new dosage forms and the reformulation of existing drug products; clinical trial services, namely managing clinical studies to fast track drug products to market.

Class 45

(3) Consulting services to assist companies with obtaining regulatory compliance and licenses for pharmaceuticals and medical devices; regulatory compliance consulting services relating to regulatory registration of drug substances and drug products for others, and registration batches and drug products for new drug applications for others.
