## Vol. 69 No. 3506

---

### General Information

---

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

---

### Electronic *Trademarks Journal*

---

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

---

### Official Languages

---

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

---

### Filing Dates

---

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

---

## Nice Classification

---

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

#### Class 02

(2) Canada balsam; copal; sandarac; shellac for use as a surface coating; dammar; mordants for the textile industry; anti-corrosive preparations for anti-corrosive grease; raw pine gum; wood preservatives; dyestuffs; pigments for use in the manufacturer of paints; acrylic paints; printing ink; colors for painting pictures by artists; nonferrous metals in foil and powder form for painters, decorators, printers and artists; precious metals in foil and powder form for painters, decorators, printers and artists; anti-rust greases; anti-rust preparations, namely, anti-rust treatment for vehicles

#### Class 04

(3) solid fuels for lighting, heating; liquid fuels for cars, trucks, buses, ships, tanks, airplanes, rockets; gaseous fuels for cars, trucks, buses, ships; solid lubricants for industrial purposes; grease for shoes and boots; leather preserving oil and grease; mineral oils and greases for industrial purposes [not for fuel]; nonmineral oils and greases for industrial purposes [not for fuel]; waxes for skis, industrial wax and belting wax; lamp wicks; candles; chemicals used in industry, namely, petroleum coke

#### Class 05

(4) agricultural fungicides; agricultural rodenticides; agricultural insecticides; herbicides; agricultural insectrepellants; agricultural antiseptics; reagent paper for medical purposes; oiled paper for medical purposes, especially for stopping exudation; drug delivery agents in the form of edible wafers for wrapping powdered pharmaceuticals; gauze for dressings; empty capsules for pharmaceuticals; eyepatches for medical purposes; ear bandages; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; adhesive plasters; bandages for dressings; liquid bandages; breast-nursing pads; cotton swabs for medical use; bonding and primer materials for dental purposes; adult diapers; baby diapers; diaper covers; fly catching paper; mothproofing paper; lacteal flour for babies; dietary supplements for general health and wellbeing; dietary supplements for controlling cholesterol; dietary supplements for weight control; beverages for babies, namely vitamin-fortified milk, apple juice; food for babies; animal feed supplements; animal semen for artificial insemination; human semen for artificial insemination; mastic, namely dental mastic

### **Class 06**

(5) luminum alloy, nickel alloy, Inver and stainless steel storage tanks and reservoirs for liquefied natural gas, heavy oil and light oil; liquefied gas storage tanks of metal; iron and steel; nonferrous metals and their alloys; ores of metal; metal materials for building and construction, namely iron, steel, stainless-steel; prefabricated tool shed and garden shed assembly kits of metal; loading and unloading pallets of metal; electric turn-tables for industrial load handling; electric traversers for railway load handling; artificial fish reefs of metal; prefabricated sectional poultry houses of metal; paint spraying booths of metal; metal moulds for forming cement products; metal junctions for pipes; metal flanges; machine keys; cotter pins; railway points; non-luminous and non-mechanical road signs of metal non-luminous metal safety beacons; reservoirs of metal; anchors; containers of metal for transport; anvils; swage blocks; metal hardware, namely nuts, nails, bolts, rivets, washers, door hooks and studs; wire ropes; wire nets and gauzes; industrial packaging containers of metal; metal nameplates and door nameplates; transportable flagpoles of metal; stakes of metal for plants and trees; metal stepladders and ladders; letter boxes of metal; hat-hanging hooks of metal; water tanks of metal for household purposes; tool boxes of metal, empty; towel dispensers of metal; metal joinery fittings; safes; upright signboards of metal; man-made garden ponds of metal [structures]; transportable greenhouses of metal for household use; metal tombs and metal tomb plaques; shoe dowels of metal; shoe pegs of metal; hobnails of metal; protective metal shields for safety shoes and boots; ferrules of metal for canes and walking-sticks; spurs; metal crampons for climbing; metal carabiners; mountaineering pitons; sculptures of metal; nonferrous metals

### **Class 07**

(6) non-electric prime movers that convert energy into mechanical energy, namely water wheel and wind wheel; power generating equipment using cogeneration system, namely, gas-engine power generators and fuel-cell power generators; metalworking machines and tools, namely drills, hammers, sanders, wrenches, grinders and cutters; mining machines and apparatus, namely rock drills, rock crushers, mine borers, ore treating machines and extractors for mines; construction machines and apparatus, namely, concrete mixing machines, cement mixing machines, soil spreading machines and soil digging machines; loading-unloading machines and apparatus, namely, cranes, conveyors, winches, escalators and elevators; industrial fishing machines, namely, fish netting machines; chemical processing machines and apparatus, namely, chemical separating machines and absorbing machines for chemical processing machines, dissolving machines for chemical processing, blending machines for chemical processing, chemical sprayers used in agriculture; textile machines and apparatus, namely, textile printing machines, textile weaving machines, textile embroidering machines, textile sewing machines, textile ironing

machines, textile washing machines and textile drying machines; food and beverage processing machines and apparatus, namely, meat slicer, vegetable chopper, food straining machines, food scraps disposing machines, food threshing machines, food grinding machines, mineral water making machines, coffee extracting machines; wood lumbering machines, woodworking machines, namely chain saws, table saws, wood drilling machines, veneer making machines, plywood making machines; pulp making machines, papermaking machines, corrugated paperboard making machines, paper box making machines, paper bag making machines, paper conveyors; embossed printing machines, photogravure printing presses, typographic machines, bookbinding machines; inking apparatus for printing machines; sewing machines; non-hand-operated agricultural harvesting machines, namely combine harvester; power-operated self-propelled agricultural sprayers used in pesticide control implements for binding agricultural products, namely, hay balers; agricultural agitators; agricultural sieves machines; agricultural reapers; agricultural harrows; agricultural fodder presses; agricultural weeding machines; agricultural threshing machines; agricultural hay tedder; agricultural grain dryer; agricultural winnowers; corn husking machines; shoe making machines; leather tanning machines; tobacco processing machines; painting machines; packaging and wrapping machines for powdery activated carbon, polyethylene pellet-shaped resin, perishable food (meat and raw fish); power-operated potters' wheels; plastic processing machines, namely, plastic welding machines, plastic pouring machines, plastic molding machines, plastic imprinting machines, plastic ironing machines, and plastic compressing machines; semiconductor manufacturing machines for Central Processing Units; rubber mixing machines; rubber ironing machines; rubber compressing machines; stone working machines and apparatus, namely, stone compressing machines; stone spreaders used in the construction field; stone drilling machines, stone grinding machines; stone separating machines; stone cutting machines; shafts of gas turbines and steam turbines, not for land vehicles; chains of gasoline engines and gas engines, not for land vehicles; belts of gasoline engines and gas engines, not for land vehicles; filters for cleaning air, for engines; superchargers of gasoline engines and gas engines, not for land vehicles; sealing joints of gasoline engines and gas engines, not for land vehicles; deaerators for feed water used in steam-generating boiler; pneumatic starters for gas engines; pneumatic brakes, parts of machine; hydraulic cranes; industrial blowers for the compression, exhaustion and transport of natural/liquid gas; turbo compressors for oil, gas and petrochemical plants; adhesive tape dispensing machines; automatic stamping machines; vending machines; fuel dispensing machines for service stations; washing machines [laundry]; hydraulic jacks used in automotive garages; circuit board repairing machines for soldering metal; mechanical barrier gates for parking garages; mechanical parking systems for lifting cars comprising vertical car lifts, parking platforms and car racks; vehicle washing installations; food mixing machines for commercial use; food peeling machines for commercial use; food cutting, chopping and slicing machines for commercial use; dishwashers; electric wax polishers for floors, electric; vacuum cleaners; gas engine elements, not for land vehicles, namely cylinders, conveying belts, joints, coils, air filters, valves; lawnmowers; electric drapery-drawing tracks; electric door openers; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; 3D printers; starters for motors and engines; AC motors and DC motors for air compressor; AC generators [alternators]; DC generators; electric food blenders for household purposes; dynamo brushes; engine gaskets

**Class 08**

(7) hand-operated self-propelled agricultural sprayers used in pesticide control

**Class 09**

(8) fuel cells; computer software programs for bank account, password and identification management, editing photos, making restaurant reservations, file transport from digital camera to

PC, accounting; electronic machines, apparatus and their parts, namely, television set, television transmitters; ear plugs for swimmers; ear plugs for divers; ozonisers [ozonators]; electrolytic cells; egg-candlers; blueprinting machines; cash registers; coin counting and sorting machines; photocopying machines; mathematical instruments, namely, calculators; time and date stamping machines; time recording devices, namely, time clocks; punched card office machines; voting machines; coin-operated mechanisms for operating gates for car parking lots; lifesaving belts; lifesaving pontoons; lifesaving rafts; lifesaving jackets; lifesaving buoys; fire extinguishers; fire hoses; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; bicycle helmets, motorcycle helmets; luminous and mechanical railway signals; vehicle breakdown warning triangles; luminous and mechanical road safety signs; divers' apparatus, not for sports, namely, air tanks, wetsuits, snorkels; game programs for arcade video game machines; simulators for the steering and control of vehicles; computerized swing simulators for training in the field of golf; laboratory apparatus and instruments, namely, laboratory centrifuges, laboratory furnaces, laboratory trays, laboratory safety clothes, microscopes, fermenters used to grow cells and microorganisms, water and solvent distillers, chromatography apparatus for laboratory use; photographic machines and apparatus, namely cameras, tripods for cameras, photographic flash units for cameras; cinematographic machines and apparatus, namely cinematographic cameras, sound recorders, movie projectors; binoculars, telescopes, periscopes, microscopes, stereoscopes; measuring and testing machines and instruments, namely, gas meters, pressure gauges, temperature indicators, water meters; power distribution and control machines and apparatus, namely electric switches, electric relays, circuit breakers, power controllers, current rectifiers; rotary converters; phase modifiers; solar batteries; batteries and cells, namely, electric batteries, alkaline batteries, electric cells, photovoltaic cells; electric and magnetic meters and testers, namely electric currents meters, electric currents testers, magnetic force meters, magnetic force testers, voltmeters, wavemeters, ohmmeters; electric wires and cables; telecommunication machines and apparatus, namely, telecommunication antennas, telecommunication aerials, telecommunication waver filers, telecommunication cables, computer workstations for the installation of routers; personal digital assistants in the shape of a watch; smartphones; magnetic cores; resistance wires; laboratory electrodes; fuel cell electrodes; fire boats; satellites for scientific purposes; fire engines; dust masks; gas masks; welding masks; fireproof garments; wearing apparel, namely, disaster prevention hoods; gloves for protection against accidents, namely, motorcycle safety gloves, gloves for use in welding for protection against accidents; computer game programs for operating video games; electronic circuits and CD-ROMs recorded with programs for hand-held video games with liquid crystal displays for operating video games; protective helmets for sports; weight belts for scuba diving; air tanks for scuba diving; regulators for scuba diving; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; computerized sound effects processor for electric and electronic musical instruments; phonograph records; downloadable music files; downloadable image files of nature and dishes; recorded video discs and video tapes of music and cooking; exposed cinematographic films; exposed slide films; slide film mounts; electronic publications, namely, newsletters and brochures in the field of cooking; sanitary masks for dust isolation

**Class 10**

(9) sanitary masks for medical purposes

**Class 11**

(10) air conditioners for industrial purposes; gas-fired water heaters; gas hot plates for cooking; gas and electric fan heaters; industrial water purifiers; filters for water purifiers for household use, non-electric; water purifying apparatus for industrial purposes; filters for industrial water purifiers;

filters for air conditioners; toilet bowls and seats sold as a unit; prefabricated bathrooms comprising a bathtub, toilet and sink sold as a unit; dryers used in chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; dryers used in the manufacture of textiles; milk sterilizers; bread-making machines for industrial purposes; plywood drying machines; industrial furnaces; nuclear reactors [atomic piles]; harvested crop dryers; dryer for forage, namely, corn, grain, sorghum, soy; boilers for heating installations; industrial freezers; laundry dryers, electric, for industrial purposes; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking stoves and flat tops used in restaurants and cafeterias; dish drying machines for commercial use; dish disinfectant sprayers used in restaurants and cafeterias; kitchen worktop units with integrated sinks for use in restaurants, cafeterias; kitchen sinks for commercial use; tap water faucets; level controlling valves for tanks; pipe line cocks; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; garbage incinerators; solar water heaters; electric lamps; LED lighting bulbs; LED lighting strips; lighting coils for light bulbs; household electro-thermic appliances, namely, cooking ovens, cooking pots, cooking hot plate, electrically heated carpets, Japanese electric leg-warmers, laundry dryers; washers for water taps; household kitchen worktops with integrated sinks; kitchen sinks for household purposes; standing paper lanterns [andon]; portable paper lanterns [chochin]; gas lamps; oil lamps; lamp chimneys; warming pans, non-electric; pocket warmers, non-electric; hot water bottles for warming one's feet in bed; waste water treatment tanks for household purposes; septic tanks for household purposes; toilet with a bidet sprayer; disinfectant dispensers for toilets; toilet bowls; seating for use with Japanese style toilet bowls; bath fittings; stoves for household purposes, non-electric; worktops and sinks for kitchen use; fireplugs; electric and gas griddles; agricultural watering implements, namely, agricultural irrigation units; glassware manufacturing machines and apparatus, namely furnaces

### **Class 12**

(11) anti-theft warning apparatus, namely, anti-theft alarms for vehicles

### **Class 16**

(12) Japanese fabric marking boards for tailors, namely, hera-dai; paper cutters

### **Class 17**

(13) boards and plates of insulation materials made from carbon fiber (not for building purposes); insulation materials made from carbon fiber (not for building purposes); boards and plates of sound absorbing materials made from carbon fiber (not for building purposes); sound absorbing materials made from carbon fiber (not for building purposes); soundproofing materials made from carbon fiber (not for building purposes); core material for airplane seats made from carbon fiber; felt made from carbon fiber (not for textile use); felt made from carbon fiber used for electrodes; powdery carbon fiber (not for building purposes); sheet of carbon fiber (neither for building purposes nor textile use); carbon fiber (not for textile use); chemical fiber yarn and thread used as insulation; mica [raw and partly processed]; valves of rubber and vulcanized fiber for water pipes; plastic pipe junctions; joint packings for pipes; floating anti-pollution barriers; electrical insulation; washers of rubber and vulcanized fiber; non-textile chemical fiber used as insulation; mineral wool; slag wool; rubber thread and covered rubber yarn, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; rubber drain stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper used as insulation; vulcanized fiber; plastic semi-worked products, namely, plastic films, sheets, plates, boards, tapes, pipes; raw and semi-worked rubber, namely, natural rubber, synthetic rubber,

silicone rubber, acrylic rubber, rubber products, namely, rubber sheets, pipes, bars, tubes; soundproofing materials of mineral wool, not for building purposes; insulation materials comprised of carbon fiber for building and construction; rubber building and construction materials, namely, natural rubber, synthetic rubber, silicone rubber, acrylic rubber; joinery fittings of plastic; sound absorbing materials comprised of carbon fiber for building and construction; cushion materials comprised of carbon fiber for building and construction

### **Class 19**

(14) coal tar; tar and pitch; finishing mud comprised of diatom earth for interior, exterior and floors; plaster [for building purposes]; lime building and construction materials, namely, walls and sheets; building and construction boards of plaster; cement and its products, namely, walls, boards, tiles, bricks; non-metallic minerals for building and construction; ceramic building refractory bricks; building walls and floors made of linoleum for fixing to existing walls and floors; plastic building materials, namely, silicone resins, urea-formaldehyde resins, phenolic resins, polyester resins, polyurethane resins, polyethylene resins; building and construction materials, namely, asphalt; rockslide retention nets of textiles made of carbon fibers, polyester resins, polyamide resins; buildings, namely, wooden garden sheds and houses; erosion control mats integrating plants seeds; plastic security windows allowing communication; road and field marking sheets and strips used for regulating the movement of automobiles and humans; building timber; building stone; building glass; artificial fish reefs, not of metal; poultry houses made of wood and plastic; paint spraying booths made of wood and plastic; moulds made of wood and plastic for forming cement products; non luminous and non-mechanical plastic road signs; non-luminous plastic road beacons; water and oil reservoirs of plastics and pottery; transportable flagpoles of plastic; letter boxes of masonry; decorative stone garden lanterns; man-made plastic Koi ponds for the garden; transportable plastic and wooden greenhouses; gravestones and tomb plaques made of granite; stone sculptures; concrete sculptures; marble sculptures; non-metallic mineral materials, namely, lime, stone, marble; anti-rust preparations, namely, anti-rust treatment for vehicles; mastic, namely, asphalt-based roofing mastics; building and construction materials comprised of carbon fiber seat; building and construction materials comprised of diatom earth for wall material; non-metallic minerals for construction

### **Class 20**

(15) water-pipe valves made of pottery, ceramics, rubbers; bathroom stools

### **Class 21**

(16) heating and cooling packs containing chemicals used to keep food and beverages chilled; dental floss [floss for dental purposes]; unworked and semi-worked glass used for making tableware, namely, cups, dishes, bowls and plates; mangers for animals [troughs for livestock]; poultry rings; cosmetic make-up brushes and plastic toilet bowl brushes; tub brushes; metal cleaning brushes for cleaning metal pipes; brushes for pipes; industrial cleaning brushes for cleaning metal pipes; ship-scrubbing brushes; gloves for household purposes; industrial packaging containers of glass and porcelain; industrial plastic bottles used for packaging powdered chemicals; cooking spoons; cooking molds for household purposes; cooking flour rollers; non-electric cooking pots; food jugs; food boxes of glass; food trays; food dishes; non-electric griddles; non electric cooking pans; non-electric frying pans; non-electric kettles; non-electric drinking cups; teapots; non electric coffee-makers; non-electric Japanese cast irons kettles; non-electric rice cooking pots; food plates; lunch-boxes; non-electric portable cool boxes; vacuum bottles; cleaning tools and washing utensils, namely, buckets, washing boards, wash basins, brooms, dustpans, mops; ironing boards; tailors' sprayers used before pressing the wrinkles out of clothes; ironing boards [kotodai]; stirrers for hot bathtub water [yukakibo]; bathroom pails; candle extinguishers;

candlesticks; cinder sifters for household purposes; trivets for Japanese household charcoal heaters, namely, gotoku; coal scuttles; Japanese charcoal extinguishers [hikeshi-tsubo]; mouse and rat traps; fly swatters; flower pots; hydroponic plant pots for home gardening; watering cans; ceramic food bowls for pets; brushes for pets; bird cages; bird baths; clothes brushes; chamber pots; piggybanks; boxes of metal for dispensing paper towels; soap dispensers; fish tanks and their fittings; toilet paper holder; flower vases; flower bowls; upright signboards of glass and ceramics; perfume burners; shoe brushes; shoe horns; shoe shine cloths; shoe shine sponges and cloths; shoe-trees [stretchers]; portable cooking kits for outdoor use comprising pans, cups, forks, knives, plates and pots; cattle hair for brushes, raccoon dog hair for brushes, pig bristles for brushes and horsehair for brushes

## Services

### Class 35

(1) business management and production management relating to oil fields, gas fields and their facilities used in production; marketing research; marketing analysis; business management consulting in the field of information technology; compilation of customer information, financial information, personal identification information, sales order information, supplier information and energy use information into computer databases; advertising agency services; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; business management analysis and advisory services for business management; providing information concerning commercial sales by way of a website, podcasts, newsletter; business management of hotels; preparation, auditing and attesting of financial statements; employment agencies; auctioneering; import-export agencies; newspaper subscriptions; shorthand services; stenographic transcription; document reproduction; office support services, namely, the provision of file clerk personnel; providing business assistance to others in the operation of data processing apparatus, namely, computers, typewriters, telex machines; reception services for visitors in buildings; publicity material rental, namely, billboards, sales stands, advertising space; rental of typewriters, copying machines and word processors; providing information on newspaper articles, namely, news clipping services; rental of vending machines; retail services and wholesale services for woven fabrics and beddings; retail services and wholesale services for clothing; retail services and wholesale services for diapers; retail services and wholesale services for footwear, other than special footwear for sports; retail services and wholesale services of handbags, shopping bags and jewelry pouches; retail services and wholesale services of personal articles, namely, handkerchiefs, wallets and purses; retail services and wholesale services for foods and beverages; retail services and wholesale services for automobiles; retail services and wholesale services for two-wheeled motor vehicles; retail services and wholesale services for bicycles; retail services and wholesale services for furniture; retail services and wholesale services for joinery fittings; retail services and wholesale services for tatami mats; retail services and wholesale services for electrical machinery and apparatuses, namely, TV sets, washing machines, refrigerators, cleaners, hair dryers; retail services and wholesale services of bladed and pointed hand tools, hand tools and metal hardware, namely, hand-held cutting tools, bits for hand drills, hand-held drills, wrenches, bit drivers for hand tools, woodworking and metal-working clumps, hand-operated scrapers for repairing machines, pliers; retail services and wholesale services of kitchen equipment, vacuum cleaners, mops, brooms and dusters; retail services and wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services and wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail services and wholesale services of agricultural machines and implements; retail services and wholesale services for flowers [natural] and trees; retail services and wholesale services for printed matter, namely, calendars, diaries and magazines;

retail services and wholesale services for paper and stationery; retail services and wholesale services for sports goods; retail services and wholesale services of toys, dolls, game machines, joysticks, controllers and headgear; retail services and wholesale services for musical instruments and records; retail services and wholesale services of photographic machines, tripods for cameras and video cameras; retail services and wholesale services for tobaccos and smokers' articles; retail services and wholesale services for building materials, namely, stone, wood, steel, aluminum, glass, ceramics, polymers, cements; retail services and wholesale services for semi-wrought precious stones and their imitations; retail services and wholesale services for pets, namely, cat and dog food sales

### **Class 36**

(2) the financing of loans and discounting of bills; financing services, namely, the acceptance of deposits and substitute bonds, fixed interval installment deposits and liability guarantees; domestic monetary exchange services; securities lending; acquisition and transfer of monetary claims, namely, deposit, bill receivables, credit and loans; safe deposit services, namely, the safekeeping of valuables, securities and precious metals; money exchange; trusteeship of financial futures contracts; trusteeship of money, securities, monetary claims, personal property, land, rights on land fixtures, surface rights and lease on land; financial services, namely, agencies for bond subscriptions, foreign exchange transactions, the provision of letters-of-credit; financial services, namely, the brokerage of credit sales services; management of buildings; agency services for the leasing and rental of buildings; leasing and renting of buildings; commercial real estate agency services; real estate appraisal; managing the use and development of land resources; agency services for the leasing and rental of land; financial investment services and financial investment consulting; brokerage for assigning interests of oil fields and gas fields; issuance of tokens of value, namely, issue of company stocks, corporate bonds, financial bonds, state treasury bonds, public bonds, warrants, preference stock that are redeemable for purchase; agencies for collecting gas and electric power utility payments; debt collection agency services; buying and selling of financial securities; trading of securities index futures; trading of securities options; trading of overseas market securities futures; agencies for brokerage of securities, securities index futures, securities options, and overseas market securities futures; agencies for brokerage of entrusting agents with on commission trading in domestic markets of securities, securities index futures and securities options; agencies for brokerage of entrusting agents with on commission trading in overseas markets of securities and securities index futures; agencies for brokerage of forward agreement of securities, for forward agreement of securities index futures, for forward agreement of securities options, spot and forward transaction of securities index futures; brokerage for securities liquidation; securities underwriting; securities offering; brokerage services relating to securities subscription and offering; providing stock market information; agencies for commodity futures trading; life insurance brokerage; life insurance underwriting; agencies for non-life insurance; claim adjustment for non-life insurance; non-life insurance underwriting; insurance premium rate computing; antique appraisal; art appraisal; precious stone appraisal; used automobiles appraisal; financial assessment of company credit; advisory services in the field of tax planning; tax payment processing services; charitable fund raising; rental of paper money and coin counting and processing machines; rental of cash dispensers; rental of automated-teller machines

### **Class 37**

(3) construction, namely, house and building construction, warehouse construction, road construction, railway construction, expressway construction, runway construction, underground subway construction, gas pipelines construction, oil and gas drilling platforms, construction of liquid storage tanks and reservoirs, construction of gas storage tanks and reservoirs, construction of liquefied gas storage tanks and reservoirs, liquefied gas pipeline construction, asphaltting, laying

of cable, fire alarm installation and repair, plumbing; construction management consultancy in the fields of liquefied natural gas terminal construction, construction of gaseous storage tanks and reservoirs, gas pipeline construction, electric power plant construction and construction in the field of gaseous energy; operation and maintenance of building equipment, namely, escalators, elevators, ventilators; repair and maintenance of water pollution control equipment; repair and maintenance of water purifiers; repair and maintenance of nuclear power plants; repair and maintenance of chemical plants; extermination of termites; residential and commercial exterminating services; shipbuilding; repair and maintenance of ships and tankers; aircraft repair and maintenance; repair of bicycles; repair and maintenance of automobiles; repair and maintenance of railway rolling stocks; repair and maintenance of two-wheeled motor vehicles; repair and maintenance of cinematographic machines and apparatus; repair and maintenance of photographic machines and apparatus; repair and maintenance of loading-unloading machines and apparatus, namely, cranes, conveyors, winches, escalators and elevators; repair and maintenance of fire alarms; repair and maintenance of office machines and equipment, namely, calculators and time clocks; repair and maintenance of industrial air conditioners; repair and maintenance of burners; repair and maintenance of boilers; repair and maintenance of pumps; repair and maintenance of industrial freezing machines and apparatus; repair and maintenance of electronic machines and apparatus, namely, electronic controllers for gas compressors, electronic extinguishing installations, television sets, television transmitters; repair and maintenance of telecommunication antennas, telecommunication aerials, telecommunication wave filters, telecommunication cables, stations for installation of telecommunication instruments; repair and maintenance of construction machines and apparatus; repair and maintenance of consumer electric appliances, namely, TV-sets, washing machines, refrigerators, cleaners, hair dryers, hotplates, rice-cookers, electric-ovens, electric-pots, electric-fans, camcorders; repair and maintenance of electric lighting apparatus, namely, arc lamps, pocket search lights, fluorescent lamps, LED lamps; repair and maintenance of electric motors; repair and maintenance of power distribution and control machines and apparatus, namely, electric switches, electric relays, circuit breakers, power controllers, current rectifiers; repair and maintenance of power generators; repair and maintenance of laboratory apparatus and instruments; repair and maintenance of measuring and testing machines and instruments, namely, thermometers, gasometers, water meters, scales, pressure gauges, hygrometers, calorimeters, viscometers, flowmeters; repair and maintenance of medical apparatus and instruments; repair and maintenance of firearms; repair and maintenance of printing and bookbinding machines and apparatus; repair and maintenance of chemical processing machines and apparatus; repair and maintenance of glassware manufacturing machines and apparatus; repair and maintenance of fishing machines and instruments; repair and maintenance of metalworking machines and tools; repair and maintenance of shoe making machines; repair and maintenance of industrial furnaces; repair and maintenance of mining machines and apparatus; repair and maintenance of rubber-goods manufacturing machines and apparatus that make rubber sheets, rubber stoppers, rubber rings and rubber hoses; repair and maintenance of integrated circuits manufacturing machines and systems; repair and maintenance of semiconductor manufacturing machines and systems; repair and maintenance of machines and apparatus for processing foods and beverages; repair and maintenance of machines and apparatus for lumbering, woodworking, and veneer and plywood making; repair and maintenance of textile machines and apparatus; repair and maintenance of tobacco processing machines; repair and maintenance of painting machines and apparatus; repair and maintenance of agricultural machines and implements; repair and maintenance of machines and apparatus for pulp-making, papermaking and paper-working; repair and maintenance of plastic processing machines and apparatus; repair and maintenance of packaging and wrapping machines and apparatus; repair and maintenance of sewing machines; repair and maintenance of reservoirs, water reservoirs,

liquefied N2 reservoirs, liquefied natural gas reservoirs, liquefied propane gas reservoirs, city gas reservoirs, methane gas reservoirs; repair and maintenance of gasoline station equipment; repair and maintenance of mechanical parking systems; repair and maintenance of bicycle parking apparatus; repair and maintenance of cooking equipment for industrial purposes; repair and maintenance of industrial dishwashers; repair and maintenance of electric washing machines for industrial purposes; repair and maintenance of vehicle washing installations; repair and maintenance of vending machines; repair and maintenance of power-driven floor cleaning machines; repair and maintenance of amusement machines and apparatus, namely, pinball machines, air hockey machines, kiddie rides machines, photo booths, video game machines; repair and maintenance of apparatus and instruments for use in beauty salons and barbers' shops; repair and maintenance of waste compacting machines and apparatus for industrial purposes; repair and maintenance of waste crushing machines for industrial purposes; repair and maintenance of divers' apparatus; repair and maintenance of 3D printers; furniture restoration; umbrella repair; repair and maintenance of musical instruments; safe maintenance and repair; shoe repair; clock and watch repair and maintenance; sharpening of scissors and kitchen knives; setup and repair of locks; repair and maintenance of gas water heaters; repair and maintenance of nonelectric cooktops for household purposes; repair and maintenance of cooking pots and pans; repair and maintenance of signboards; repair of carry-on bags, shoulder bags and jewelry pouches; repair of brooches, necklaces, rings, ankle bracelets, bracelets and jewelry; repair of toys and dolls; repair of sports equipment; repair of billiard equipment; repair of gaming machines; repair and maintenance of bath fittings; repair of toilets with bidet sprayers; repair of fishing tackle; fur care and repair; laundering; pressing of clothing; clothing repair, namely, the mending of clothing; fluffing of cotton batting for futon; repair of tatami mats; chimney sweeping; cleaning of building exterior surfaces; window cleaning; carpet and rug cleaning; floor polishing; septic tank cleaning; bathtub and bath boiler cleaning; street cleaning; cleaning of reservoirs, water reservoirs, liquefied N2 reservoirs, liquefied natural gas reservoirs, liquefied propane gas reservoirs, city gas reservoirs, methane gas reservoirs; disinfecting of telephone hand-sets; sterilization of medical apparatus and instruments; rental of construction machines and apparatus, namely, concrete construction machines, bulldozer, backhoe, cranes; rental of floor cleaning machines; rental of mops; rental of car-washing apparatus; rental of laundry dryers; rental of spin dryers for clothes; rental of electric washing machines; rental of mining machines and apparatus; rental of drainage pumps; rental of dish drying machines for restaurants; rental of dish washing machines for industrial purposes; retail services and wholesale services of fuel, namely, butane, biodiesel, methane, hydrogen, solid fuels, liquid fuels and gaseous fuels; wood-working, namely, carpentry services

### **Class 39**

(4) public utility services, namely, electricity distribution, gas distribution, heat distribution and water distribution; transportation of passengers and goods by railway, car, truck, bus, ship and by airplane; rental of vessels, namely, tankers; providing road and traffic information; relief bus driver, truck driver and limo driver services; packaging of goods, namely, powdery activated carbon, pellet-shaped resin, perishable food are being packaged; freight brokerage; cargo unloading; moving services; brokerage for rental, selling, purchasing and chartering of ships and tankers; refloating of ships; ship piloting; warehousing services; public storage rental services; warehouse storage services; warehouse rental services; car parking lot services; providing vessel mooring facilities; operating car parking lot services; rental of loading-unloading machines and apparatus, namely, cranes, conveyors, winches, escalators and elevators; car rental; rental of bicycles; rental of aircraft; rental of mechanical parking systems; rental of packaging and wrapping machines and apparatus, namely, for powdery activated carbon, pellet-shaped resin, perishable food; rental of

freezers for household purposes; rental of refrigerator-freezers for household purposes; rental of wheelchairs; courier services; arranging of travel tours, travel tour organizing; escorting of travel tours; travel arrangement, rail and flight transportation reservation service; rental of aircraft engines; rental of freezing machines and apparatus for industrial purposes; rental of gasoline station equipment, not for repair and maintenance of automobiles; power generation plant services, namely, the production of gas energy, electricity, heat energy

Electronic test and measurement instruments, namely, oscilloscopes and parts therefor; electronic instruments in the nature of signal generators, namely, analog and vector signal generators, waveform generators, function generators, pulse and data generators, digital pattern generators, arbitrary waveform generators, noise generators, and signal generation devices synthesizing electronic signals, and synchronization modules for various types of signal generators and remote controls for the aforesaid goods all for use in scientific laboratories, for use in industrial research in the fields of wireless communication, electronic and optical communication and for industrial research on electronic test and measurement equipment; electronic test and measurement instruments in the nature of analyzers, namely, spectrum, vector, signal, network, power and power source, protocol, radio frequency, microwave, logic, modulation-domain, optical component, light wave component, optical modulation, time-interval, polarization, and photonic dispersion and loss analyzers and remote controls for the aforesaid goods all for use in scientific laboratories, for use in industrial research in the fields of wireless communication, electronic and optical communication and for industrial research on electronic test and measurement equipment; electronic test and measurement equipment, namely, router testers, ethernet switch testers, asynchronous transfer mode (ATM) testers, multi-protocol label switching (MPLS) testers, Internet protocol (IP) testers, testers for communication equipment, namely core routers, enterprise routers, Ethernet switches, ATM switches, multi-service switches, multi-service provisioning platforms, multi-service access platforms, optical switches; electronic test and measurement instruments, namely, signaling analyzers, performance measurement and diagnosis tools, emulators, emulation test software, protocol testers, broadband series testers all for use in scientific laboratories, for use in industrial research in the fields of wireless communication, electronic and optical communication and for industrial research on electronic test and measurement equipment; wireless communication protocol testing devices, namely network packet analyzers; electronic test and measurement equipment, namely telephone, television and cable television testers, testers for broadband equipment, namely, broadband remote access concentrators, edge access routers, firewalls, line cards, modules, frame processors, protocol

processors and equipment to test computer and communications networks, namely, communications network testers; automatic test equipment for integrated circuits, circuit boards, electronic flat panel display testers, system on a chip (SOC) testers, memory testers, parametric testers, automated optical inspection testers, and in-circuit testers; electronic and optical communications instruments, namely, light wave testers and light wave multimeters; measuring instrumentation and apparatus, namely, digitizers; test and measurement equipment, namely, electromagnetic interference receivers, radio frequency interference receivers, and electromagnetic compliance products, namely, electromagnetic interference receivers for testing electromagnetic compliance and making conductive emission measurements; polarization controller units used to change light from any polarized or unpolarized light source into any well-defined state of polarization; electronic test and measurement instruments, namely, electric meters, inductance meters, capacitance meters, resistance meters, impedance meters, acoustic testing meters, wavelength meters, frequency meters, and frequency counters, flow testing meters, vibration testing meters, ohmmeters, ammeters, voltmeters, microwave meters, electromagnetic interference meters, power meters and remote controls for the aforesaid goods; electrical and electronic measuring and testing devices, namely, DC electronic load measurers and testers; electronic test and measurement instruments in the nature of testers, namely, cable, radio antenna, wireless communication signal antennas, microwave antennas, telephone signal antennas, voltage, amperage, telephone line, and continuity testers and remote controls for the aforesaid goods; electronic test and measurement instruments, namely, handheld cable and antenna tester with optional spectrum analyzer, network analyzer, and power meter; electronic testing equipment, namely, power meters for testing radio frequency and microwave signals; electronic and optical communications instruments and components, namely, communication link testers for testing communication links, telecommunication line integrity testing and for testing connections within local area networks, fiber optic cables, digital cables, telephone cables, computer networks and connection to servers, and remote controls for the aforesaid goods; computer hardware for testing electronic circuit boards; electronic apparatus for testing electromagnetic properties and characteristics of industrial materials, namely testers for measuring how industrial materials interact with electromagnetic fields to calculate their related properties, namely electromagnetic permittivity, conductivity, resistance, impedance and electromagnetic permeability; electronic test and measurement instruments, namely, voltmeters and source measure units; test and measurement equipment, namely, one box testers containing a signal source and a signal analyzer for testing microwave generators and transmitters, and wireless communication signal strength, signal quality and protocol compliance; electronic test and measurement instruments, namely, interferometers, electrical transducers, and vibration transducers; electronic test and measurement instruments, namely, nano indenters for nanomechanical testing of semiconductors, thin films, wafer applications, hard coatings and DLC films, composite materials, fibers, polymers, metals, ceramics, and biomaterials; component features of electronic testing, signaling, diagnostic and measurement systems and equipment used in signal generators, signal analyzers, arbitrary waveform generators, pulse generators, and one-box testers, namely, mobile cellular and wireless local area network (WLAN) testers and network analyzers; electronic component in the nature of software and hardware, namely, digital signal processor and its controlling algorithm, sold as integral components of waveform generators, for improving signal fidelity and signal breadth; atomic clocks; optical encoders, audio encoders, video encoders, linear encoders, rotary encoders; data processing equipment, namely, couplers; amplifiers; electrical signal attenuators; electricity limiters; electronic and voltage circuit multipliers; testing apparatus for testing fiber optics; electric switches; electronic switches; optical switches; probes for testing integrated circuits, semiconductors, and telecommunication networks; electrical equipment and instruments used for generating, processing, amplifying, measuring and converting

electrical signals, radio waves, optical signals, microwaves, digital signals and audio signals, namely signal amplifiers, signal filters, signal isolators, signal routers, signal dividers, signal conditioner, signal encoders, signal converters, signal processors, signal modulators and remote controls for the aforesaid goods; lasers for measuring purposes and accessories therefor, namely, monolithic laser combiners, laser heads, beam splitters, beam benders, beam translators, retro reflectors, adjustable mounts, plane mirrors, plane mirror converters, plane mirror reflectors, and turning mirrors; lasers not for medical use; microscopes; microscopes, namely, atomic force microscopes; microscopes, namely, scanning electron microscopes; recording apparatus comprised of computer hardware and software for recording data usage on telecommunications networks; portable electronic recorder for measuring and recording multiple voltage, current and thermocouple readings from various transducers; electric sensors; industrial calibration sensors; optical sensors; timing sensors; ultrasonic sensors; surface acoustic wave sensors; sensors for measuring air pressure, temperature, and humidity; sensors for monitoring the temperature of an object being measured; electronic and optical communications instruments and components, namely, optical transmitters and electro-optical transmitters; wireless transmitters of electronic signals and wireless receivers of electronic signals for use in laboratories for performing scientific research and for industrial research in the fields of electronics, wireless communications and optoelectronics; electronic test and measurement equipment, namely electronic signal transmitters and receivers used to test and measure electrical signals, radio waves, optical signals, microwaves, digital signals and audio signals and remote controls for the aforesaid goods; wireless transmitters and receivers for generating, receiving and analyzing electronic and digital signals for the purpose of testing connections within telecommunications networks, local area networks and computer networks; electronic and optical communications instruments and components, namely, optical and opto-electrical receivers; computer hardware; computer peripherals, namely cables and USB plugs to permit computers to be connected to scientific and measurement instruments; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely signal generators, signal transmitters and signal receivers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely laser calibration equipment; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from wireless communication protocol testing devices; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from machines to test semiconductors; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from oscilloscopes, scilloscopes, multimeters, logic analyzers, signal generators, spectrum analyzers, vector network analyzers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from automated X-ray inspection equipment; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely lasers for measuring purposes and power meters; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely voltage generators, voltage transmitters and voltage receivers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from base station testers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from optical and opto-electrical receivers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from monolithic laser combiners, laser interferometers and telecommunications signal analyzers;

network access server operating software; computer software used with scientific electronic testing equipment for the purpose of collecting, analyzing, storing and managing data obtained from testing measure voltage, radio waves, microwaves, radio and wireless communication signals, acoustic waves, cellular signals, satellite and optical signals, integrated circuits, circuit boards and signal-processing circuits; software used to test, analyze and optimize signal strength and bandwidth in telecommunications networks and computer networks; computer software for calibration of scientific and laboratory measuring instruments, namely, oxygen meters, temperature meters, pH meters, combined meters, namely combined oxygen, pH and temperature meters, oxygen sensors, temperature sensors, pH sensors, and combined oxygen, temperature and pH sensors, analyzing measuring instrument data obtained from optical sensors, namely, oxygen; computer software for calibrating electronic signal testing devices and test instruments for use in the sourcing and measuring of voltage and current, DC generators, calibrators for calibrating current and voltage measuring equipment, digital multimeters, manometers, digital thermometers, loop powered indicators, namely power meters which receive and display voltage and current signals from electronic transmitters; Computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely signal generators, signal transmitters and signal receivers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely laser calibration equipment; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from wireless communication protocol testing devices; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from machines to test semiconductors; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from oscilloscopes, scilloscopes, multimeters, logic analyzers, signal generators, spectrum analyzers, vector network analyzers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from automated X-ray inspection equipment; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely lasers for measuring purposes and power meters; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from electronic test and measurement equipment, namely voltage generators, voltage transmitters and voltage receivers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from base station testers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from optical and opto-electrical receivers; computer software for operating and for collecting, measuring, analyzing, storing, manipulating, and managing data obtained from monolithic laser combiners, laser interferometers and telecommunications signal analyzers; network access server operating software; computer software used with scientific electronic testing equipment for the purpose of collecting, analyzing, storing and managing data obtained from testing measure voltage, radio waves, microwaves, radio and wireless communication signals, acoustic waves, cellular signals, satellite and optical signals, integrated circuits, circuit boards and signal-processing circuits; software used to test, analyze and optimize signal strength and bandwidth in telecommunications networks and computer networks; computer software for calibration of scientific and laboratory measuring instruments, namely, oxygen meters, temperature meters, pH meters, combined meters, namely combined oxygen, pH and temperature meters, oxygen sensors, temperature sensors, pH sensors, and combined oxygen, temperature and pH sensors, analyzing measuring instrument data obtained from optical sensors, namely, oxygen; computer software for calibrating electronic signal testing devices and

test instruments for use in the sourcing and measuring of voltage and current, DC generators, calibrators for calibrating current and voltage measuring equipment, digital multimeters, manometers, digital thermometers, loop powered indicators, namely power meters which receive and display voltage and current signals from electronic transmitters; software, namely, electronic design automation (EDA) software for communications product design, for RF and microwave circuit, high-speed, signal integrity, device modeling, and signal-processing design, and for electro-thermal, electromagnetic, circuit and system design and simulation; power supplies, namely, computer power supplies, high-frequency switching supplies, voltage stabilizing power supplies, uninterruptible power supplies, electric power converters, electrical power connectors, electronic power converters electrical power distribution blocks and boxes, high-frequency switching power supplies and power transformers; electronic test equipment, namely power supplies and power systems used together to provide varying power levels to electronic equipment for the purpose of testing operability of the electronic equipment under various conditions; microprocessors; semiconductors;

(1) On-board equipment for the dynamic control of naval platforms, namely computer hardware, digital process controllers for automatically maintaining control of the position and heading of a seagoing vessel by using the vessel's propellers and thrusters; computer programs and software used to calculate the mathematical model of a seagoing vessel in the fields of hydrodynamics, fluid mechanics, automation and optimization, namely computer-based database application and integration software, simulation software (for digital calculators); systems for the automatic steering of ships or marine craft; dynamic positioning systems, namely GPS navigation devices comprising gyroscope sensors with GPS functions, approach sensors, motion detectors, distance sensors, measurement sensors; automated systems for recovering manned and unmanned ships at sea, namely equipment comprising a positioning laser and a mechanical attachment device; test sets or test beds for laboratory or field testing in the fields of hydrodynamics and fluid mechanics; study and training simulators, namely flight and ship steering simulators; detection measurement and monitoring instruments, indicators and controllers in the nature of power meters, accelerometer pressure meters, radars, buoys, portable data acquisition apparatus, namely remote-controlled underwater video cameras containing a TV camera, a transmitter, a receiver and a microphone for recording, detecting, measuring, studying and locating underwater objects, surveillance and security apparatus, namely radars, sonars, cameras, optical sensors, electronic sensors, infrared sensors, ultrasonic sensors, light sensors, temperature sensors, electromagnetic frequency detectors, remote drone control and surveillance modules, underwater surveillance sonars, target surveillance apparatus, namely underwater cameras and infrared cameras; radars, sonars, optical sensors, electronic sensors, infrared sensors, ultrasonic sensors, light sensors, temperature sensors, broadband radio satellites; stations for the remote control of marine and submarine drones and torpedoes; human-machine interfaces for software and computers, namely computer keyboards and computer mice, screens, touch screens, head mounted displays, virtual reality data gloves and controllers.

#### Class 12

(2) Boats, surface ships, submarines; marine and submarine drones; ship motion stabilization systems in the nature of axis stabilization equipment for ship steering, namely roll dampers for ships and roll stabilizers for ships.

## **Services**

### **Class 37**

(1) Shipbuilding, manned or unmanned underwater vehicles and aircraft; installation, maintenance and repair of on-board ship, marine craft and seagoing ship systems, and marine systems consisting of marine navigation and naval navigation equipment, in the nature of electronic navigation and positioning apparatus, global positioning systems, computer hardware and automatic and electronic controllers for automatically maintaining the position and course of seagoing ships and unmanned aerial vehicles (UAVs), in the nature of drones; computer maintenance services; installation, maintenance and management of telecommunications networks, namely computer networks, cellular phone networks, wide area telecommunication networks (WAN).

### **Class 38**

(2) Implementation of fixed and on-board systems for enabling communications between calculators (telecommunications) via over-the-air, sound and satellite transmission used to provide information about a seagoing ship's position as well as the magnitude and direction of the environmental forces affecting said position; transmission of high-bandwidth digital, computer, magnetic, electronic and optical data, namely written data, audio data, graphic data, photographic data, video data and voice data via over-the-air, sound and satellite transmission and via fibre optics, used to provide information about a seagoing ship's position as well as the magnitude and direction of environmental forces affecting said position; transmission and reception of digital, computer, magnetic, electronic and optical data, namely written data, audio data, graphic data, photographic data, video data and voice data, through telecommunications, namely via over-the-air, sound and satellite transmission and via fibre optics, used to provide information about a seagoing ship's position as well as the magnitude and direction of environmental forces affecting said position.

### **Class 42**

(3) Development (design) of on-board systems for stabilizing, monitoring and the dynamic positioning of ships, submarines and unmanned aircraft; design and development of operational solutions, namely steering and maintenance procedures for ships and submarines, and on-board systems for the dynamic control of marine and aerial platforms; development (design), maintenance and updating of aerodynamics, hydrodynamics and multi-disciplinary design optimization software, namely design in the air, naval and submarine industries; computer programming and database use in the field of hydrodynamics; consultant services offering an expertise in the fields of on-board measurement, control laws and digital simulation, decking and drone recovery in the air, naval and submarine industries; research and development of new products for others in the fields of ship and buoyant craft behaviour; technical tests performed on ship prototypes, manned and unmanned submarines and aircraft for conducting resistance, propulsion, floatation and stabilization tests; computer system integration services; conduct of scientific studies in the field of naval engineering; studies, research and software development in the fields of naval engineering and architecture, namely unmanned vehicles; engineering services related to robotics; design, technical development and technical planning of telecommunications networks and telecommunications equipment, namely via over-the-air, sound and satellite transmission, development of algorithms and calculation methods for the processing of over-the-

air, sound and satellite telecommunications signals, and navigation, testing, analysis and control of the algorithms of systems for the production and treatment of data related to telecommunications and navigation, development of algorithms and calculation methods for the production and treatment of data related to over-the-air, sound and satellite telecommunications and to navigation, development and testing of software, algorithms and calculation methods for the production and treatment of navigation and over-the-air, sound and satellite telecommunications signals, technical assistance services (advice) in the fields of over-the-air, sound and satellite telecommunications.

#### Class 01

(1) Chemicals additives for use in automotive industry, and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering chemicals; substances for tanning animal skins and hides; adhesives for use in the automotive industry; Glazing putties and paste fillers for automobile body repair; compost, manures, fertilizers; biological chemicals additives for use in automotive industry; chemical preparations for enhancing the performance of lubricating oils of motor vehicles and vehicle engines; coolants for vehicle engines; coolants for vehicle engines; calibration fluids in the nature of chemical additives for motor fuels; brake fluids

#### Class 04

(2) Industrial oils and greases, wax for industrial purposes; lubricants for machines; petroleum-based dust absorbing compositions, dust wetting and binding compositions for use on unpaved roads; candles and wicks for lighting; combustible ethanol fuels; oils for engines; lubricating oil for motor vehicle engines; motor oils; gear oil

#### Class 07

(3) Machine coupling and transmission components, except for land vehicles; incubators for eggs; automatic vending machines; engines for industrial machinery; hydraulic turbines; machine parts, namely, bearings; atomizers for industrial or commercial use; driving belts (not for land vehicles); carburetors; cooling radiators for internal combustion engines; cooling radiators for motors and engines; electric generators; cylinder heads for engines; drive chains being parts of machines; engine injectors; fan belts; engine pistons; engine speed governors; taps being parts of motors; sparking plugs; Air filters for engines and filters for cleaning and cooling air for engines; engine fly wheels; fuel injectors; engine fuel pumps; current generators; piston rings; Transmission for

machines, gear boxes, namely, transmission gears for industrial machinery, coupling for machines, clutches for industrial machinery, hydraulic valves for industrial machinery; parts and fittings for motors and engines; starter alternators, dynamos, magnetos, distributors; electric ignitions for vehicles; ignition devices for motors of land vehicles; ignitions for vehicles; spark plugs and glow plugs; electric starters; air filters cleaners for engines, air filters for engines, oil filters and fuel filters for automobile engines; fuel sedimentors; pressure regulators, injection nozzles; throttle bodies; valves being parts of machines; intake air heaters; electric generators; alternating current generators; integrated ignition assembly for vehicles; capacitive discharge ignition for vehicles; ignition coils; pumps as parts of machines, motors and engines; engines fuel pumps, fuel injection pumps and air pumps; exhaust gas recirculation apparatus and parts therefor; vacuum modulators, namely, transmission valves being parts of machines; charcoal separating devices and charcoal canisters, being anti-pollution devices for motors and engines; compressors for air conditioners; condensers being engine parts; control mechanisms for machines, motors and engines, namely thermostatic control valves for machines; knock control apparatus; industrial robots (machines); machine tools for the automotive industry; machines, dies for use with machine tools and machine tools, all for manufacturing parts of vehicles in the automotive industry; radiators for motors and engines; catalytic convertors; monolithic carriers, all for use in catalytic convertors; water valves being parts of machines; compressed air pumps; vacuum pumps; superchargers; turbo compressors; cold mixture heaters; exhaust silencers for engines, exhaust pipes for land vehicles, and exhaust mufflers for motors; fuel economizer as parts of machines, motors and engines; hydraulic and pneumatic controls valves being parts of machines, motors and engines; fuel conversion apparatus being parts of internal combustion engines; silencers for motors and engines; silencers for motors and engines; oil coolers for engines; fans for motors and engines; compressors as parts of machines, motors and engines; oil separators; heat exchangers; lathes; automatic handling machines (manipulators for robots), namely, Industrial robots; mechanically operated hand-held tools, namely, hand-held pneumatic drill and hammers; apparatus for machining, namely, machine tools for automotive and textile industry; milling machines; Compression moulding machines, extrusion moulding machines, and injection moulding machines; moulds and tools (parts of machines), namely, forging moulds; holding devices for machine tools for the automotive industry; electrically operated curtain drawing devices; electric motors for machines; brake linings; agricultural implements, namely, agricultural cultivators, combine harvesters, harrows, agricultural equipment for seeding; agricultural machines, namely, power saws, power operated cultivators, power tillers; anti-pollution catalytic converters for motors and engines; dynamo belts, dynamo brushes; belts for machines, motors and engines; electrically operated rotary brushes for machines; cartridges being parts for filtering machines; clack valves being parts of machines; filtering machine tools for the automotive industry; electric kitchen machines, namely, electric mixers for household purposes, electric meat grinders; machine pulleys; pressure reducers being parts of machines; torque converters; machine coupling and transmission components; ignition timers for vehicles; electric starters for motors and engines; coolers for turbo chargers

### **Class 09**

(4) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments, namely, optical glass, scientific prisms, water level indicators, glass test tubes, electricity meters, scientific prisms, magnetic compasses, sonar equipment and parts thereof, level measuring machines for surveying, leveling rods for surveying, surveying instruments, surveying chains, cameras, exposure meters, photographic filters, photographic flash units for cameras, photographic flashbulbs, cinematographic cameras, cinematographic projectors, exposed cinematographic films,

optical filters for screens , optical lenses, optical scanners, optical sensors, optical reflectors, laboratory scales and balances, measuring rules, measuring spoons, laser measuring tapes, electronic sensors for measuring solar radiation, laboratory thermometers, signal processors, electrical signal attenuators, graduation checkers for calibration purposes, life saving rafts , safety helmets, video projectors; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, fiber optic cables, electrical conductors for electric motors and transformers, electricity meter, electric relays and transformers, power switches, electric power switches, voltage regulators for electric power, voltage stabilizing power supply, electric accumulators for vehicles, electrical controllers for engines and motors of vehicles; apparatus for recording, transmission or reproduction of sound or images, namely, cameras, personal video recorders [PVRs], digital audio tape recorders and players, digital voice recorders , digital voice signal processors; blank magnetic discs, recording discs, namely, blank CD-ROMs for sound or video recording; blank compact discs, blank DVDs and other digital recording media, namely, blank digital versatile discs, blank digital audio discs, and blank digital videodiscs; mechanisms for coin-operated apparatus, namely coin-operated mechanisms for vending machines; cash registers, calculators, data processing equipment namely, printed electronic circuits, computers; computer software for use as a spreadsheet, word processing, and for creating searchable databases; fire-extinguishers; computers, computer software and computer hardware for computer operating systems, for database management, all the foregoing specifically and uniquely designed, adapted and sold for use in the field of motor vehicles and parts thereof; radios; GPS navigation devices; televisions; automotive batteries, electrical connectors; general purpose database management software; electronic speed and direction finders controllers for vehicles; diagnostic apparatus, namely, computer utility programs for providing diagnostic details on devices installed in a computer system; High voltage inverters, DC-to-DC converters, onboard chargers, battery management systems, namely, electronic controllers for managing battery chargers, 48V inverters, 48V DCto- DCs, gasoline engine control modules, diesel engine control modules, after treatment control modules, local control modules for electrified accessories, pressure sensors, smart electronics supporting sensors or actuators, namely computer hardware for sensors and actuators; Electronic controls for controlling gas emissions in motor vehicles; traction control apparatus, namely, automatic electronic controllers for managing stability of motor vehicles; Electronic controls for safety belts for vehicle seats

## **Class 12**

(5) Vehicles, namely, cars, trucks, vans; apparatus for locomotion by land, air or water, namely, locomotives, airplanes, boats; Windshield wipers, wiper arms and blades; windshield washers for motor vehicles; windshield washing apparatus for vehicles, namely, windshield wipers, wiper arms and blades for vehicles; horns for motor vehicles; direction signals for vehicles; electric motors for motor cars; wiper motors, washer motors, window regulating motors and fan motors, namely, electric motors for windshield wipers, windshield washers for vehicles, for opening and closing vehicles windows, for motors vehicles fans; headlight wipers; air bag for automobiles; alarms and theft prevention apparatus, namely, anti-theft alarms for vehicles; reversing alarms for vehicles; power seats for vehicles; brakes for vehicles; braking control systems for motor vehicles and parts thereof; antilock braking systems for motor vehicles; electronic control transmission for motor vehicles; electronic control suspension systems for motor vehicles; remote control security apparatus for vehicles; anti-dazzle devices for vehicles, namely, sun shields and visors for motor cars; rearview mirrors; safety belts for vehicle seats; seat belt tensioners; suspension shock absorbers for vehicles; brake linings; driving motors for land vehicles; engine motors for land

vehicles; engine mounts for land vehicles; non-skid devices for vehicle tyres, namely, anti-skid studs for vehicle tires; turbines for locomotives; drive gear wheels; aeronautical aircraft; marine vehicles and parts thereof, namely, amphibious vehicles

### **Visual Representation**

The image shows the word "Temper" written in a stylized, handwritten font. The letter 'T' is large and blocky, with a horizontal bar that extends to the left. The letters 'e', 'm', 'p', and 'e' are smaller and more fluid, with some overlapping. The final 'r' has a long, thin tail that extends downwards. The overall appearance is that of a casual, hand-drawn signature or logo.
