Trademarks Journal

Vol. 69 No. 3554

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Goods

Class 06

(1) vanes namely, guide vanes and rotor blades for continuous-flow machines; shims.

Class 07

(2) Aeroplane engines, namely jet engines and turboprop engines; gas turbines, namely turboshaft engines for the generation of electricity; gas turbine installations, namely gas turbines for the generation of electricity in combination with electric drives, generators and electric drives and generators; parts for the aforesaid goods, namely turbo compressors, exhaust gas turbochargers, mechanically driven compressors, gear boxes, liquid pumps and fuel pumps, pump drives for electric generators, radial and axial compressors, fans for motors and engines, guide baffles for turbomachines, gas flow systems, namely gas pumps, and compressors, axial and radial turbines, silencers for motors and engines, fuel lines, fuel regulators, fuel gauges, injection pumps, nozzles and valves for gas turbine engines, compressed air-start systems, fixed and detachable couplings, hydraulic drives and couplings, oil and fuel filters, liquid filters, centrifuges, shaft bearings, axles, and gear boxes, gearwheels, engine igniters, section tubes and exhaust manifolds for engines,

machine housings, mounting devices for propulsion mechanisms namely, reciprocating engines, control rods, gaskets (in particular brush seals, labyrinth seals and mechanical seals), sealing rings for engines, pump impellers, stators, rotors namely rotating blades for turbomachinery, integral rotors and housings (for turbomachines), thrusters for aeroplane engines, and parts and fittings for the aforesaid goods, electronic generators; component parts of turbo-engines of fibre composites, namely turboshaft engines, turboprop engines, ceramics and metals; metalworking machines and machine tools for engines and turbine generators, and parts therefor.

Class 09

(3) Magnetic and optical discs and electronic circuits recorded with software used in controlling electronic components of aeroplane engine and gas turbines; magnetic and optical discs and electronic circuits recorded with software used in the testing of aeroplane engines or turbines; electronic and electric regulators for fuel pumps, fuel valves and fuel injectors used in the fuel supply of aeroplane engines and gas turbines; electronic sensors and electronic measuring instruments used in electronic and electric diagnostic devices for aeroplane engines and gas turbines; electronic and electric diagnostic devices used in the testing and maintenance of aeroplane engines and gas turbines; electronic and electric controllers and their components to be used with aeroplane engines and gas turbines; protective goggles, namely dust goggles and safety goggles.

Class 11

(4) Heat exchangers, namely counter current heat exchangers, recuperating heat exchangers, regenerative heat exchangers, burners, combustion chambers, flame retention baffles, ignitors, ignition devices, coolers, namely for oil, fuel and coolants; radiators; profile and distributing pipes; all of the aforesaid goods for use in aeroplane engines.

Class 12

(5) electric drives for aircrafts;

Class 16

(6) Paper, cardboard and goods made from these materials, namely, leaflets, catalogs and brochures in the field of turbine generators; printed matter, namely prospectuses, catalogues and brochures, newspapers and periodicals; bookbinding articles; photographs; instructional and training material (except apparatuses) in the field of turbine generators; plastic materials for packaging, namely plastic bags, plastic film (not included in other classes).

Services

Class 35

(1) Commercial consultancy in the field of aeroplane engines, gas turbines and gas turbine installations.

Class 36

(2) financing of aeroplane engines, gas turbines and gas turbine installations; trading in aeroplane drives, gas turbines and gas turbine installations; asset management, namely gas turbine asset management; arranging and concluding of commercial transactions, for others, namely in the field of aeroplane engines, gas turbines and gas turbine installations;

Class 37

(3) Technical maintenance, repair of aeroplane engines, gas turbines and gas turbine installations, and parts therefor, namely gas turbines combined with electric drives and generators.

Class 39

(4) Leasing and rental of aeroplane engines, gas turbines and gas turbine installations;

Class 40

(5) custom manufacture of aeroplane engines, gas turbines and gas turbine installations, and parts therefor, namely gas turbines combined with electric drives and generators.

Class 42

(6) Provision of technical consultancy; condition monitoring services; scientific and industrial research and development; creation and updating of computer programs for data and information processing, for organisation, planning, control, material management, production, distribution and accounting; engineering services; all of the aforesaid services in class 42 being in the field of aeroplane engines, gas turbines and gas turbine installations.

(6) aids for the correction of the feet, namely, arch supports for footwear, splints for the foot and ankle; apparatus for measuring, examining and taking impressions of the feet, namely an electronic foot measuring pad for measuring foot sizes with display capability of the measured foot in two and three dimensional views for medical purposes; apparatus for measuring, examining and taking impressions of the feet, namely, measuring pads and plates to measure the length and width of the foot to enable correct fitting of shoes and boots; apparatus for the fixing of fingers and toes, namely, foot care equipment, namely, toe positioning supports, regulators, splints and separators; apparatus for the fixing of fingers, namely, finger care equipment, namely, finger positioning supports, regulators, splints and separators; apparatus for the separation and the straightening of the toes, namely, foot care equipment, namely, toe positioning supports, regulators, splints and separators; arch supports; artificial limbs, eyes and teeth; baby monitoring sensors and alarms for medical use; body massagers; boot inserts, foot rings, namely, cushioned inserts for boots and shoes and foot supports; compression hosiery; condoms; contraceptive and prophylactic devices, namely, diaphragms, intrauterine devices, arm implants contraceptive coils; contraceptive or prophylactic devices, namely, cervical caps; cushions for care of the feet, namely, orthopaedic cushions; cushions for the heels and under-heels, namely, heel pads for orthopaedic use, orthopaedic insoles, compression hosiery; elastic bandages for joint supports, elastic gaiters, elastic knee joint supports, elastic bandages, bandages for the waist, bandages for orthopaedic purposes; electric and electronic massage apparatus, instruments and appliances, namely, body massagers, massagers for intimate areas, massagers for sexual stimulation, battery-operated, electric and electronic body massagers, battery-operated electric and electronic massagers for intimate areas, battery-operated electric and electronic massagers for sexual stimulation; electrically operated massagers; fever thermometers; foot massagers; graduated compression hosiery; heart monitors; hosiery for medical, surgical and prophylactic purposes; infant respiratory monitors; infrared thermometers for medical purposes; instruments and apparatus for placing bandages, namely, surgical instruments, tubular bandage applicators; massage apparatus, instruments and appliances, namely, body massagers, massagers for intimate areas, massagers for sexual stimulation, battery-operated, electric and electronic body massagers, battery-operated electric and electronic massagers for intimate areas, battery-operated electric and electronic massagers for sexual stimulation; measuring devices and instruments adapted for the purpose of health and temperature monitoring, namely, thermometers and pulse oximeters; medical and surgical socks; medical devices, namely, breathing sensors; medical support hosiery; medicated pads and insoles, namely, insoles impregnated with a deodorant, insoles impregnated with anti-fungal preparations; orthopaedic and therapeutic hosiery; orthopaedic articles, namely, orthopaedic braces, orthopaedic bandages, orthopaedic footwear, orthopaedic implants, orthopaedic insoles, orthopaedic splints; orthopaedic, orthotic, chiropody and foot care apparatus

and instruments, parts and fittings for all the aforesaid goods; personal massagers; pessaries; cushions for medical purposes, namely, cushioning for footwear to prevent and alleviate metatarsal discomfort; protective apparatus against the hardening of areas of skin calluses and inflammation of the toes, namely, protective pads and cushioning for footwear to prevent hardening of areas of skin calluses and inflammation of the toes; respiration monitors; sex aids, namely, vibrators for personal use, penis rings, vibrating rings, benwa balls, tongue rings, dildos, butt plugs, parts and fittings for all the aforesaid goods; sex toys; shoe insoles, orthopaedic insoles, disposable insoles, deodorized insoles for orthopaedic footwear; splints for the fixing of fingers and toes; stockings for varicose veins; surgical and medical instruments for use in applying bandages; suture materials; therapeutic apparatus and appliances for massaging and bathing, namely, therapeutic apparatus and appliances for the relief of muscle tension, namely, electric foot massagers; thermometers for medical use; vibrating rings; vibrators for personal use; lice treatment preparations and pharmaceutical products, namely, lice removal combs; medical imaging apparatus, namely, magnetic resonance imaging [MRI] apparatus for medical purposes

Class 11

(7) apparatus and instruments, all for scenting, purifying or freshening the atmosphere, namely, salt crystal lamps with plates for diffusing aromatic oil, air purifying units, deodorizing apparatus, parts and fittings for all the aforesaid goods; electrical powered air purifiers for the neutralization, reduction or control of allergens; filter cartridges for water purification and water softening for household use; water decalcifying and descaling apparatus, namely, water treatment units for household use that have decalcifying and descaling properties; water filtering apparatus, namely, water filtering units for producing potable water for domestic, commercial or industrial use, water filtering units for domestic use; water filters, namely, water filters for use with domestic water filtering units, water filters for use with industrial water filtering units; water softening apparatus, namely, water softening units; water treatment filters, namely, filter cartridges for water purification and water softening for household use

Class 25

(8) clothing, namely, coats, trousers, jeans, skirts, dresses, jackets, shirts, blouses, lingerie, t-shirts, shorts, jumpers, underwear, nightwear, gloves, scarves, socks, hosiery and stockings, swimwear, belts, ties, costumes for use in sexual role playing, footwear, namely, shoes, slippers, boots, sandals, clogs, headgear, namely, hats, caps, headbands, scarves; footwear cushionings; heel cushions and heel grips; inner soles; insoles and soles for footwear; soles for the manufacture of shoes and boots

Class 28

(9) exercise equipment for the feet, namely, resistances bands, exercise balls

Class 29

(10) meat, fish, poultry and game; meat extracts; preserved frozen, dried and canned fruits and vegetables; eggs, milk and milk products; edible oils and fats; preserved fruits and vegetables; jellies, jams; powdered preparations for making coconut milk-based beverages, powdered preparations for making milk beverages, namely, powdered milk, milk beverages with high milk content; milk powder; milk based drinks; milk substitutes, namely, almond milk soy milk, soy-based beverage for use as a milk substitute

Services

Class 35

(1) business management; providing retail sale of a variety of third party consumer goods via retail shops, wholesale outlets and online sales, enabling customers to conveniently view and purchase

those goods, namely bleaching preparations and other substances for laundry use, dishwasher preparations, preparations for removing stains, carpet cleaners, soaps, detergents, decalcifying and descaling preparations, limescale removers, rust removers, fabric softeners, laundry additives, water softening preparations, grease removers, drain and sink unblocking preparations, preparations for prevention of limescale, rust or grease, nonmedicated toilet preparations, non-medicated preparations for the care of feet, foot care preparations, skin care preparations, medicated skin care preparations, preparations for treatment of acne, depilatory preparations, pharmaceutical preparations, medicated beverages and confectionery, contraceptive preparations and substances, spermicidal gels, liquids and creams, condoms, sanitary preparations, antiseptic preparations, anti-bacterial preparations, disinfecting preparations, articles impregnated with a disinfectant or anti-bacterial product, articles impregnated with an antiseptic product, insecticides, insect repellents, pesticides, rodenticides, miticides, preparations for destroying vermin, germicides, deodorants, not for personal use, air freshening preparations, air fresheners, nail clippers, nail files, nail scissors, footwear; provision of business information, namely, incorporation information, stock prices, marketing trend information, publication of publicity texts; providing a customer loyalty program to promote the sale of infant formula; promoting the sale of infant formula through promotional contests and distribution of related printed materials; promoting the sale of infant formula through distribution of discount offers; advertising the goods and services of others on websites, in printed publications, and through all public communication means; advertising, namely, advertising the wares and services of others, advertising agency services; business administration; office functions, namely, office space management services and secretarial and clerical services; marketing services, namely, providing marketing strategies for others, marketing consulting services, namely, providing marketing strategies; organisation, operation and supervision of customer loyalty and incentive programs; rental and leasing of vending machines; infant formula sample distribution

(1) Computer hardware, and parts and fittings for the aforesaid goods; on-board computers for vehicles, and parts and fittings for the aforesaid goods; computers for self-driving cars, and parts and fittings for the aforesaid goods; on board electronic systems for providing driving and parking assistance comprising electrical controller, proximity sensors, ultrasonic sensors, back-up warning alarms, central computer processor, camera, global positioning system (GPS) and display screen, and parts and fittings for the aforesaid goods; on board electronic systems for automatic braking comprising warning alarms, electrical controller, proximity and speed sensors, LIDAR apparatus, camera, global positioning system (GPS), display screen and anti-lock braking system, and parts and fittings for the aforesaid goods; on board electronic systems to assist in maintaining or changing lanes when driving comprising adaptive cruise control, lane departure warning systems comprising cameras, sensors and motor vehicle alarm sensors, global positioning system (GPS) apparatus and proximity sensors, and parts and fittings for the aforesaid goods; cruise control systems for vehicles comprising electronic throttle control, main switch and warning lamp, set and resume switches, brake switch, velocity sensors and acceleration sensors, camera, driveshaft, speedometer cable, wheel speed sensor, electronic control unit, and parts and fittings for the

aforesaid goods; vehicle speed control apparatus, namely, electronic speed controllers, and parts and fittings for the aforesaid goods; computer software in the automotive field, namely, computer software for use in providing multiple user access to a global computer information network, computer software for wireless reception, storage and transmission of data and messages, namely, to provide Internet access, access to wireless local area networks, and to permit the sharing and storage of the user's mobile phone information and personal text messages with the motor vehicle, computer software to enable electronic payments, computer software to enable electronic operation of access barriers and entrance controls, namely, to open, close, lock and unlock doors and gates, computer software to enable wearable and portable devices, namely, smart watches, smart wristbands, smart rings, hand-held computers, and mobile phones to act as remote controllers for controlling access, security and movement of motor vehicles, and computer software to operate and manage car-sharing and ride-sharing programs, and computer software for computing, comparing, analyzing and selling insurance in the automotive field; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts, and dealers on the subject of motor vehicles; automotive computer software and hardware, namely, computer software and computer hardware for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, and parts and fittings for the aforesaid goods; telemetry monitoring devices for motor vehicle and engine applications, namely, electronic sensors and wireless receivers and transmitters, and parts and fittings for the aforesaid goods; electric control panels, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; sensors, namely, motion sensors, pressure sensors, speed sensors, ultrasonic sensors, and acceleration sensors, and parts and fittings for the aforesaid goods; integrated electronic safety systems for vehicles, namely, electronic tire pressure monitors, back-up sensors and cameras, on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle, electronic vibration, shock, motion, angle, temperature and voltage monitors, and alarms in the nature of electronic warning bells and electronic warning lights, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; LIDAR apparatus for vehicles comprised of a laser for use in measuring distance, a laser scanner, and a specialized global positioning system (GPS) receiver, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, measuring transducers, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting measurements and receiving data relating to land vehicles, namely, automotive diagnostics sensors integrated into a motor vehicle for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, wireless transmission, and receiving equipment integrated into a motor vehicle to communicate wirelessly with remote computers and data center for tracking, monitoring and diagnosing vehicle maintenance and driver's performance, and computer software and hardware for collecting, measuring, recording, analyzing, diagnosing,

and transmitting data on engine, vehicle and driver's performance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmitters for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts relating to vehicle navigation; driving control unit for vehicles, namely, electrical controllers for gas and diesel engines, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles, namely, integrated electronic driver assistance systems for land vehicles and for autonomous vehicles, including advanced driver assistance systems (ADAS), and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; electric cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; electric testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; electric commutators for motor vehicles, and parts and fittings for the aforesaid goods; electric condensers for motor vehicles, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid goods; electric relays, and parts and fittings for the aforesaid goods; electric current switches, and parts and fittings for the aforesaid goods; electric wiring harnesses comprised of electric connectors, electrical terminal blocks and electrical terminators, clamps for electrical wires, sheaths for electric cables, and parts and fittings for the aforesaid goods; mechanical remote controls for motors for vehicles, namely, remote control starters for vehicles, remote controls for operating vehicle alarms, electronic key fobs being remote control apparatus, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; vehicle emergency notification system comprising computer hardware for data processing and a user input device comprised of communications computers and microphones for use in contacting an emergency response coordination entity through a communication network and allowing audio and data communication between the vehicle and the emergency response coordination entity for the purpose of vehicle safety and security, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for

the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers; chargers for mobile phones, smartphones, laptop and tablet computers; telephones; mobile telephones; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips; straps for telephone handsets; screensavers for phones and tablets; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses; calculators; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles; cases for eyeglasses, sunglasses and skiing goggles; drivers helmets; racing driver protective clothing; articles of protective clothing for wear by motorist for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for motorists, safety helmets, protective gloves for motorists; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps; wireless radio and data transmission and receiving equipment, namely, sensors, namely, motion sensors, proximity sensors, temperature sensors, optical sensors, ultrasound sensors, light curtain sensors, pressure sensors and acceleration sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software, namely, interactive computer application software for a mobile device or computer that enables users to connect remotely with their vehicles to access vehicle information and control functions, and interactive computer application software for a mobile device or computer that

provides customized information about the functions and features of a motor vehicle; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices comprising electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; communications apparatus, namely, radio, satellite, and GPS transmitters and receivers used in sending and receiving electronic communication signals via vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; electric sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data processing centers, and parts and fittings for the aforesaid goods; wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communication and entertainment connectivity by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors, namely, motion sensors, pressure sensors, liquid level sensors, temperature sensors, timing sensors, and acceleration sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location, start vehicle, lock and unlock vehicle, view fuel level and odometer reading, control temperature in vehicle, track history of vehicle use; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles, and route navigation, travel and transportation; electronic periodic publications; application software for use

in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and to obtain vehicle diagnostic data, monitor and manage vehicle service; computer games, computer games software; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles and parts and accessories therefor, and the design and manufacture of replica and model vehicles and parts and accessories therefor; computer aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data sets, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set file, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and fittings for any of the aforesaid goods; downloadable software in the nature of a mobile application for creating, viewing, and sharing virtual models of vehicles and vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for any of the aforesaid goods; augmented reality software for integrating electronic data with real world environments and augmented reality computer hardware, and parts and fittings for the aforesaid goods.

Class 12

(2) Motor vehicles, namely, automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, utility terrain vehicles, racing cars, and structural parts for all of the aforesaid goods; apparatus for locomotion by land, air and water, namely, cars, airplanes, boats and autonomous underwater vehicles, and structural parts for all of the aforesaid goods; land vehicles, and structural parts for all of the aforesaid goods; off-road vehicles, and structural parts for all of the aforesaid goods; all-terrain vehicles (ATVs), and structural parts for all of the aforesaid goods; driverless motor vehicles, namely, driverless cars, and structural parts for all of the aforesaid goods; autonomous motor vehicles, namely, autonomous automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, utility terrain vehicles, racing cars, and structural parts for all of the aforesaid goods; racing cars, and structural parts for all of the aforesaid goods; reconditioned classic vehicles, namely, reconditioned classic automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, and structural parts for all of the aforesaid goods; vehicles sold in kit form, namely, automotive body kits comprising external structural parts of automobiles; commercial vehicles, namely trucks, vans, trailer trucks, buses, taxis, and structural parts for all of the aforesaid goods; electric vehicles, namely, electrically powered motor vehicles, and structural parts for all of the aforesaid goods; hybrid vehicles, namely, hybrid cars, trucks, vans, sport utility vehicles, all-terrain vehicles, utility terrain vehicles, racing cars, and structural parts for all of the aforesaid goods; military vehicles, namely, armoured trucks, armoured cars, tanks, military automobiles and sport utility vehicles, and structural parts for all of the aforesaid goods; vehicles for use by emergency services, search and rescue services, namely, police vehicles, namely, cars, trucks, vans, sport utility vehicles and ambulance, and structural parts for all of the aforesaid goods; powertrains for land vehicles, and parts and fittings for all of the aforesaid goods; engines for land vehicles, and parts and fittings for all of the aforesaid goods; motors for land vehicles, and parts and fittings for all of the aforesaid goods; engines for motorcycles, and parts and fittings for all of the aforesaid goods; motors for motorcycles, and parts and fittings for all of the aforesaid goods; engines for bicycles, and parts and fittings for all of the aforesaid goods; motors for bicycles, and parts and fittings for all of the aforesaid goods; engines for racing cars, and parts and fittings for all of the

aforesaid goods; trailers, namely, car trailers, truck trailers, bicycle trailers, boat trailers, travel trailers, and parts and fittings for all of the aforesaid goods; arm rests for vehicle seats, and parts and fittings for all of the aforesaid goods; luggage bags specially adapted for fitting in the boot of vehicles, and parts and fittings for all of the aforesaid goods; car interior organizer bags, nets and trays specially adapted for fitting in vehicles; head-rests for vehicle seats, and parts and fittings for all of the aforesaid goods; vehicle head rest covers; wing mirror protective and vanity covers, and parts and fittings for all of the aforesaid goods; car seat covers; covers for vehicle steering wheels; fitted covers for vehicles; wheels for land vehicles; alloy wheels for land vehicles; wheel trims for land vehicles; wheel rims for land vehicles; spare wheels for land vehicles; hub caps for wheels; hub centre caps; spare wheel covers; wheel sprockets, and parts and fittings for all of the aforesaid goods; spoilers for vehicles, and parts and fittings for all of the aforesaid goods; covers for vehicles; seats for vehicles, and parts and fittings for all of the aforesaid goods; safety seats for vehicles, and parts and fittings for all of the aforesaid goods; safety belts for vehicles, and parts and fittings for all of the aforesaid goods; safety harnesses for vehicles, and parts and fittings for all of the aforesaid goods; safety signals [audible] for vehicles, namely, back-up warning alarms and audible direction signals for vehicles, and parts and fittings for all of the aforesaid goods; airbags for vehicles, and parts and fittings for all of the aforesaid goods; anti-theft, security and safety devices and equipment for vehicles, namely anti-theft and alarm devices for automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, and parts and fittings for all of the aforesaid goods; anti-theft devices for motor cars, and parts and fittings for all of the aforesaid goods; radiator grilles for vehicles, and parts and fittings for all of the aforesaid goods; trim panels for vehicle bodies, and parts and fittings for all of the aforesaid goods; doors for vehicles, and parts and fittings for all of the aforesaid goods; vehicle windows, and parts and fittings for all of the aforesaid goods; vehicle windshields, and parts and fittings for all of the aforesaid goods; window glass for vehicle windows and windshields, and parts and fittings for all of the aforesaid goods; roof windows for vehicles, and parts and fittings for all of the aforesaid goods; skylight windows for vehicles, and parts and fittings for all of the aforesaid goods; vehicle bumpers, and parts and fittings for all of the aforesaid goods; steering wheels for motor vehicles, and parts and fittings for all of the aforesaid goods; motor vehicle centre consoles sold as structural parts of land vehicles which incorporate electronic interfaces, and parts and fittings for all of the aforesaid goods; bicycles, and parts and fittings for all of the aforesaid goods; tricycles, and parts and fittings for all of the aforesaid goods; parts and fittings and accessories for bicycles, namely, bicycle horns, water bottle cages, saddlebags adapted for bicycles, rack packs, saddle covers for bicycles, baskets adapted for bicycles, air pumps for bicycles, and parts and fittings for all of the aforesaid goods; hover boards; scooters; quadricycles; motorised unicycles; go-karts; strollers and prams, and their parts and accessories, namely, stroller covers, canopies and umbrellas for baby strollers, fitted stroller mosquito nets; baby, infant and child seats for vehicles, and parts and fittings for all of the aforesaid goods; sun blinds, roof racks, luggage carriers and nets, cycle carriers, sail board carriers, ski carriers, and snow chains, all for vehicles, and parts and fittings for all of the aforesaid goods; drones, namely, camera drones, civilian drones, delivery drones, photography drones and military drones, and parts and fittings for all of the aforesaid goods; unmanned aerial vehicles, and parts and fittings for all of the aforesaid goods; personal air vehicles, namely, personal aircraft, and parts and fittings for all of the aforesaid goods; hovercraft, and parts and fittings for all of the aforesaid goods; underwater vehicles, namely, underwater remotely operated vehicles for transport underwater and for underwater inspection, and structural parts and fittings for all of the aforesaid goods; jet vehicles for water sports, namely, personal watercraft in the nature of jet skis, and parts and fittings for all of the aforesaid goods; remote control vehicles, not toys, namely remote control automobiles, trucks, vans, sport utility vehicles, all-terrain vehicles, and parts and fittings for all of the aforesaid goods.

Class 27

(3) Shaped and fitted mats and floor mats for vehicles.

Services**Class 37**

(1) Maintenance, repair, servicing, reconditioning, restoration, inspection prior to maintenance and repair, care, cleaning, painting and polishing of motor land vehicles, drones, unmanned aerial vehicles, civil engineering construction machines, automotive manufacturing machinery, agricultural machines, internal combustion engines and of parts and fittings for all these goods, and information, consultancy and advice relating to any of the aforesaid services; applying external finishes and coatings to vehicles, namely, motor vehicle greasing, motor vehicle painting, and motor vehicle undercoating services, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for motor cars, internal combustion engines and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; installation of accessories for motor vehicles, namely, custom installation of automobile interiors, and exterior automobile accessories, namely, spoilers for automotive vehicles, vehicle running boards, mudguards for automobiles, wheel rims for motor vehicles, roof racks for vehicles, spare tire carriers for vehicles, radiator grilles for vehicles, bicycle racks for vehicles, and luggage racks for automobiles, and information, consultancy and advice relating to any of the aforesaid services; vehicle breakdown repair services, and information, consultancy and advice relating to any of the aforesaid services; providing emergency roadside assistance service, and information, consultancy and advice relating to any of the aforesaid services; tuning of engines and motor vehicles, and information, consultancy and advice relating to any of the aforesaid services; providing maintenance and vehicle repair assistance and information to drivers regarding their vehicles, and information, consultancy and advice relating to any of the aforesaid services; maintenance, upgrading and repair services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services; charging station services for electric vehicles, and information, consultancy and advice relating to any of the aforesaid services; vehicle battery charging, and information, consultancy and advice relating to any of the aforesaid services; automobile customization services, and information, consultancy and advice relating to any of the aforesaid services; automotive upgrade services, and information, consultancy and advice relating to any of the aforesaid services.

Class 42

(2) Automotive inspection services; diagnostic services for motor cars, internal combustion engines, and for parts and fittings therefor, and information, consultancy and advice relating to any of the aforesaid services; diagnostic services for in-car electronics systems and in-car entertainment systems, namely, car radios, multiple image display screens, multiple input devices, namely, mobile phones, digital music players, digital video players, smart watches, smart wristbands, smart rings, hand-held computers, digital music players, digital video players, MP3 and MP4 players, televisions, DVD players, touchscreens, and USB charging ports, and information, consultancy and advice relating to any of the aforesaid services.

Class 05

(1) Injectable bone substitute material consisting of natural materials to fill gaps and voids in the skeletal system; injectable bone substitute material consisting of synthetically produced ceramics to promote bone healing; injectable bone filler consisting of natural material for treatment of osteoporotic fractures and other bone voids; Injectable, radiopaque bone substitute materials consisting of natural material to fill gaps and voids in the skeletal system; products for tissue generation specific to bone remodeling, namely, osteoconductive products, namely, synthetic bone grafts and ceramic bone grafts; living tissue, cells and molecules produced in vitro and in vivo to support new bone growth and bone remodeling; bone void fillers consisting of natural materials used to fill gaps and voids in the skeletal system; bone fillers consisting of living materials; bone void fillers consisting of natural materials; bone growth media consisting of biological materials for medical purposes; pharmaceutical products and preparations for the treatment of bone diseases; pharmaceutical products and preparations for the treatment of bone fractures; Radiopaque biphasic injectable ceramic bone substitute; injectable osteoconductive bone void filler to fill gaps and voids in the skeletal system; injectable radiopaque bone substitute; natural bioceramic bone substitutes to fill gaps and voids in the skeletal system; bone remodeling, namely, bone void filler consisting of natural materials to fill gaps and voids in the skeletal system; pharmaceutical preparations for use within general surgery, urology, odontology, orthopedic surgery and cosmetic surgery; biological preparations for the promotion and growth of new bone; biomaterial for the promotion and growth of new bone; ceramics for the promotion and growth of new bone; ceramics for use within general surgery, urology, odontology, orthopedic surgery and cosmetic surgery.

Class 10

(2) Hypodermic injectors; Medication injectors for the support of injectable bone graft material; injection syringes; needles for use with injectable bone void filler syringes; injection device for pharmaceuticals used in the preparation of injectable bone void fillers; injectors for medical

purposes; apparatus, instruments and equipment for preparing of injectable bone substitute material used during surgical treatment of bone voids and gaps; apparatus, instruments and equipment for injecting injectable bone substitute material used during surgical treatment of bone voids and gaps; bone substitutes for surgical use; substitutes, namely, synthetic bone grafts, ceramic bone grafts and other osteoconductive material for filling gaps and voids in bones; biological bone implant material used during surgical treatment of bone voids and gaps; nonbiological bone implant material used during surgical treatment of bone voids and gaps; artificial bone materials used during surgical treatment of bone voids and gaps; artificial bone materials of ceramics used during surgical treatment of bone voids and gaps; artificial bone parts to be implanted in natural bones; apparatus, instruments and equipment for preparing and application of pharmaceutical preparations for the promotion and growth of new bone; containers made of glass and plastic to store injectable, radiopaque bone void fillers; mixing instruments for bone fillers for the promotion and growth of new bone; injection instruments and instruments for preparing and making the injection easier of bone void fillers for the surgical treatment of bone gaps and voids; instruments and equipment for preparing and application of biological preparations of bone void fillers for the surgical treatment of bone gaps and voids; apparatus, instruments and equipment for preparing and application of biomaterials for the surgical treatment of bone gaps and voids; apparatus, instruments and equipment for preparing and application of ceramic material for the surgical treatment of bone gaps and voids; apparatus, instruments and equipment instruments for preparing and application of bone substitute material for the surgical treatment of bone gaps and voids; apparatus, instruments and equipment instruments for preparing and application of preparations used in operative procedures for the treatment of bone voids and gaps; bone substitutes and bone expanders for odontological, cosmetically and operative procedures.

Services

Class 41

(1) Provision of teaching and training in relation to apparatus, instruments and equipment used with injectable bone substitute material; provision of teaching and training in relation to injectable bone substitute material; provision of education and training in relation to bone disease and the impact upon bones of various cancers; provision of education and training in relation to medicine, medical techniques, medical technical products and medical services for the treatment of bone voids and gaps; education and training services for medical and healthcare professionals in the treatment of bone voids and gaps; provision of education and training in relation to osteopathy; provision of education and training in relation to bone filling and implant services; information, advisory and consultancy services relating to the provision of teaching and training in relation to apparatus, instruments and equipment used with injectable bone substitute material, provision of teaching and training in relation to injectable bone substitute material, provision of education and training in relation to bone disease and the impact upon bones of various cancers, provision of education and training in relation to medicine, medical techniques, medical technical products and medical services for the treatment of bone voids and gaps, education and training services for medical and healthcare professionals in the treatment of bone voids and gaps, provision of education and training in relation to osteopathy, provision of education and training in relation to bone filling and implant services.

Class 42

(2) Medical and pharmacological research and development services in the field of the treatment of bone defects using bone substitutes; analysis of medical and technical research and development in the field of the treatment of bone defects using bone substitutes; industrial analysis and research services in the field of the treatment of bone defects using bone substitutes; clinical

research in the field of the treatment of bone defects using bone substitutes; clinical trials; conducting clinical trials and research in the field of bone disease; conducting clinical trials and research in the field of for injectable bone substitutes, materials and fillers; design and development of computer software for use in the field of injectable bone substitute material, injecting bone substitute material, preparing bone substitute material and equipment therefor; information, advisory and consultancy services relating to the medical and pharmacological research and development services in the field of the treatment of bone defects using bone substitutes, analysis of medical and technical research and development in the field of the treatment of bone defects using bone substitutes, industrial analysis and research services in the field of the treatment of bone defects using bone substitutes, clinical research in the field of the treatment of bone defects using bone substitutes, clinical trials, conducting clinical trials and research in the field of bone disease, conducting clinical trials and research in the field of for injectable bone substitutes, materials and fillers, design and development of computer software for use in the field of injectable bone substitute material, injecting bone substitute material, preparing bone substitute material and equipment therefor.

Class 44

(3) Medical diagnostic services; medical services in the field of treatment of bone voids and gaps; medical consultation relating to the treatment of bone voids and gaps; medical imaging services; medical testing services; preparation of medical reports relating to the treatment of bone voids and gaps; rental of medical equipment; leasing of medical equipment; medical screening; medical counselling relating to the treatment of bone voids and gaps; charitable services, namely providing medical services relating to the treatment of bone voids and gaps; medical services for the treatment of bone cancer and tumours; medical services for the treatment of bone disease; medical services in connection with injectable bone substitute material for the treatment of bone voids and gaps; medical services in connection with injecting bone substitute material for the treatment of bone voids and gaps; diagnostic, medical and treatment services in connection with preparing bone substitute material for the treatment of bone voids and gaps and equipment therefor; information, advisory and consultancy services relating to medical diagnostic services, medical treatment services relating to the treatment of bone voids and gaps, medical consultation relating to the treatment of bone voids and gaps, medical imaging services, medical testing services, medical reports relating to the treatment of bone voids and gaps, rental of medical equipment, leasing of medical equipment, medical screening, medical counselling relating to the treatment of bone voids and gaps, charitable services, namely providing medical services relating to the treatment of bone voids and gaps, medical services for the treatment of bone cancer and tumours, medical services for the treatment of bone disease, medical services in connection with injectable bone substitute material for the treatment of bone voids and gaps, medical services in connection with injecting bone substitute material for the treatment of bone voids and gaps, diagnostic, medical and treatment services in connection with preparing bone substitute material for the treatment of bone voids and gaps and equipment therefor.

(3) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, laboratory scales and balances, scales with body mass analyses, laser measuring tapes, laser measuring machines for surveying, meters for measuring voltage, optical amplifiers, radio signal tuners, radio receivers, magnetic compasses, directional compasses, barometers, surveying instruments, inflatable apparatus for use in life-saving, signal bells, signal lanterns, rescue laser signaling flares, and optical microscopes, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electric coils, electric converters, electric current shunts, electric current switches, electric current control devices, and electric wires and connecting fittings therefore, electrical, apparatus and instruments for recording, transmission or reproduction of sound or images or data, namely, sound processors, sound projectors and amplifiers, image scanners, video phones, and data loggers, detection apparatus, namely, electromagnetic measuring detectors, electromagnetic frequency detectors,

smoke detectors, fire detectors, carbon dioxide detectors, carbon monoxide detectors, combustible gas concentration detectors, heat detectors, metal detectors, laser speed detectors, radar detectors, and voltage detectors, electronic stud finders, non-electric wall stud finders, blank magnetic disks, blank digital recording discs, cash registers, electronic calculators, computer hardware and software for data processing, data processing equipment and computers, namely, digital signal processors, micro-processors, fire-extinguishers, calculators, printers for use with computers, smart watches, electrical inverters, chargers for electric accumulators, USB chargers, battery jump starters, electronic surveillance apparatus, namely, infrared sensors, motion sensors, and security cameras, surveillance robots, humanoid robots with artificial intelligence, electrical controllers for robots, audio speakers, radios, internal fans for computers, computer software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, computer software applications for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable mobile applications for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for smart phones for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for mobile phones, tablets, laptops and computers for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable mobile and computer software as control systems for power operated tools, power lawn and garden tools, remote controls for operating power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, remote control transmitters, remote control receivers, software for the remote control of power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices for tracking and locating people, pets, and objects, measuring instruments, namely, carpenter's levels, bubble levels, plumb levels, spirit levels, surveyor's levels, vertical levels, and digital laser levels, laser measuring instruments, namely, laser altimeters, laser distance meters, and laser range finders, battery chargers for power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, battery packs for power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, lithium-ion batteries, solar batteries, storage batteries, electric automotive batteries, electrical power supplies, namely, electrical connectors, plug adaptors, electric sockets, electric control panels, time switches, automatic, and voltage regulators, electric power converters, knee pads for protection against accident or injury, goggles for sports, protective safety goggles, clothing for protection against accident or injury, gloves for protection against accident or injury, electrically heated clothing for protection against accident or injury, namely, electrically heated coats, jackets, waistcoats, vests, and gloves, for protection against accident or injury, electrically heated gloves for protection against accident or injury

(4) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, laboratory scales and balances, scales with body mass analyses, laser measuring tapes, laser measuring machines for surveying, meters for measuring voltage, optical amplifiers, radio signal tuners, radio receivers, magnetic compasses, directional compasses, barometers, surveying instruments,

inflatable apparatus for use in life-saving, signal bells, signal lanterns, rescue laser signaling flares, and optical microscopes, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electric coils, electric converters, electric current shunts, electric current switches, electric current control devices, and electric wires and connecting fittings therefore, electrical, apparatus and instruments for recording, transmission or reproduction of sound or images or data, namely, sound processors, sound projectors and amplifiers, image scanners, video phones, and data loggers, detection apparatus, namely, electromagnetic measuring detectors, electromagnetic frequency detectors, smoke detectors, fire detectors, carbon dioxide detectors, carbon monoxide detectors, combustible gas concentration detectors, heat detectors, metal detectors, laser speed detectors, radar detectors, and voltage detectors, electronic stud finders, non-electric wall stud finders, blank magnetic disks, blank digital recording discs, cash registers, electronic calculators, computer hardware and software for data processing, data processing equipment and computers, namely, digital signal processors, micro-processors, fire-extinguishers, calculators, printers for use with computers, smart watches, electrical inverters, chargers for electric accumulators, USB chargers, battery jump starters, electronic surveillance apparatus, namely, infrared sensors, motion sensors, and security cameras, surveillance robots, humanoid robots with artificial intelligence, electrical controllers for robots, audio speakers, radios, internal fans for computers, computer software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, computer software applications for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable software for use in power operated tools, power operated lawn and garden tools, household domestic appliances electric vehicles and robots, downloadable mobile applications for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for smart phones for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for mobile phones, tablets, laptops and computers for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable mobile and computer software as control systems for power operated tools, power lawn and garden tools, remote controls for operating power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, remote control transmitters, remote control receivers, software for the remote control of power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices for tracking and locating people, pets, and objects, measuring instruments, namely, carpenter's levels, bubble levels, plumb levels, spirit levels, surveyor's levels, vertical levels, and digital laser levels, laser measuring instruments, namely, laser altimeters, laser distance meters, and laser range finders, battery chargers for power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, battery packs for power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, lithium-ion batteries, solar batteries, storage batteries, electric automotive batteries, electrical power supplies, namely, electrical connectors, plug adaptors, electric sockets, electric control panels, time switches, automatic, and voltage regulators, electric power converters, knee pads for protection against accident or injury, goggles for sports, protective safety goggles, clothing for protection against accident or injury, gloves for

protection against accident or injury, electrically heated clothing for protection against accident or injury, namely, electrically heated coats, jackets, waistcoats, vests, and gloves, for protection against accident or injury, electrically heated gloves for protection against accident or injury

(5) Batteries for power tools; batteries for lighting systems

Class 10

(6) Built-in massage apparatus for massage beds, massage chairs, and massage mats; vibrators massagers, electric massage guns, body massagers, vibrating massage seat cushions

Class 11

(7) Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes and parts, namely, electric lamps and luminaires, lighting fixtures, electric light bulbs, incandescent light bulbs, LED light bulbs, flashlights, work lights, sockets for electrical lights, filters for use with lighting, electric heating fans, heating elements, heat transfers, electrical controls for heating elements, electrical controls for heat transfers, solar collectors for heating, tubes, pipes, valves for heat pumps, steam generators, combination steam and convection ovens for cooking, commercial cooking ovens, microwave ovens for cooking, cooking ovens for household purposes, cooking stoves, cooking tunnels, cooking ranges, cooking grills, cooking pots, electric, electric cooking steamers, refrigerators, refrigerator - freezers, refrigerator shelving, drawers, bins and trays, laundry drying machines, electric shoe dryers for outdoor purposes, air dryers, hood dryers, drying ovens, hand drying apparatus for washrooms, hair drying machines for beauty salon use, hair dryers for household purposes, combination dryer-washers, dish drying machines for restaurants, industrial dish drying machines, heating, ventilation and air condition (HVAC) systems for use in cleanrooms, operating rooms, patient rooms and hospital isolation rooms, and laboratories, ventilation fans, apparatus for purifying industrial water, atmospheric water generators, drainage water treatment tanks, drinking water purifiers for commercial purposes, drinking water purifiers for household purposes, devices for warming feed water in heating boilers, electric hot water dispensers, sanitary installations in the nature of steam rooms, waste pipes for sanitary installations, urinals, wash-hand basins being parts of sanitary installations, agricultural irrigation units, air purifying units, air purifying machines, ice boxes, electrically heated socks, electrically heated gloves, electrically heated vests, electrically heated boots, electric ice boxes, robots for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, intelligent street lighting, adaptive street lighting, automatic temperature regulators for heating elements, automatic temperature regulators for heat transfers, refrigerated beverage dispensing units, automatic bread-making machines for household purposes, automatic faucets, automatic flush valves for toilets, automatic hand dryers, automatic sprinkler apparatus for agricultural irrigation, automatic sprinkler apparatus for horticultural irrigation, automatic water dispensers for pets, smart fans, and electronic facial steamers, electric fans for household purposes, portable electric fans, electric fans for personal use, electric fans with evaporative cooling devices, ventilating fans, tanning beds, tanning booths, tanning lamps, UV filter glasses for tanning beds, high-pressure bulbs for tanning beds, filters for water purifiers, filters for dehumidifiers, filters for air purifiers, filters for air conditioning, filters for heating and cooling registers, faucet filters, swimming pool filters, heat guns

(8) Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes and parts, namely, electric lamps and luminaires, lighting fixtures, electric light bulbs, incandescent light bulbs, LED light bulbs, flashlights, work lights, sockets for electrical lights, filters for use with lighting, electric heating fans, heating elements, heat transfers, electrical controls for heating elements, electrical controls for heat transfers, solar collectors for heating, tubes, pipes, valves for heat pumps, steam generators, combination steam

and convection ovens for cooking, commercial cooking ovens, microwave ovens for cooking, cooking ovens for household purposes, cooking stoves, cooking tunnels, cooking ranges, cooking grills, cooking pots, electric, electric cooking steamers, refrigerators, refrigerator - freezers, refrigerator shelving, drawers, bins and trays, laundry drying machines, electric shoe dryers for outdoor purposes, air dryers, hood dryers, drying ovens, hand drying apparatus for washrooms, hair drying machines for beauty salon use, hair dryers for household purposes, combination dryer-washers, dish drying machines for restaurants, industrial dish drying machines, heating, ventilation and air condition (HVAC) systems for use in cleanrooms, operating rooms, patient rooms and hospital isolation rooms, and laboratories, ventilation fans, apparatus for purifying industrial water, atmospheric water generators, drainage water treatment tanks, drinking water purifiers for commercial purposes, drinking water purifiers for household purposes, devices for warming feed water in heating boilers, electric hot water dispensers, sanitary installations in the nature of steam rooms, waste pipes for sanitary installations, urinals, wash-hand basins being parts of sanitary installations, agricultural irrigation units, air purifying units, air purifying machines, ice boxes, electrically heated socks, electrically heated gloves, electrically heated vests, electrically heated boots, electric ice boxes, robots for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, namely, intelligent street lighting, adaptive street lighting, automatic temperature regulators for heating elements, automatic temperature regulators for heat transfers, refrigerated beverage dispensing units, automatic bread-making machines for household purposes, automatic faucets, automatic flush valves for toilets, automatic hand dryers, automatic sprinkler apparatus for agricultural irrigation, automatic sprinkler apparatus for horticultural irrigation, automatic water dispensers for pets, smart fans, and electronic facial steamers, electric fans for household purposes, portable electric fans, electric fans for personal use, electric fans with evaporative cooling devices, ventilating fans, tanning beds, tanning booths, tanning lamps, UV filter glasses for tanning beds, high-pressure bulbs for tanning beds, filters for water purifiers, filters for dehumidifiers, filters for air purifiers, filters for air conditioning, filters for heating and cooling registers, faucet filters, swimming pool filters, heat guns

Class 12

(9) Vehicles, namely, motor vehicles, land vehicles, all-terrain vehicles, off-road vehicles, amphibious vehicles, submarine vehicles airplane towing vehicles, and armored vehicles, apparatus for locomotion by land, air or water, namely, locomotives, turbines for locomotives, gear wheels, motorcycle wheels, vehicle wheels, brakes for motor vehicles, cycle motors, automobile engines, and engines for land vehicles, mobility scooters, non-motorized scooters, water scooters, motorized scooters, electrically powered scooters, bicycles, electric bicycles, vehicle tire deflators, tire inflators, self-driving robots for delivery, delivery drones, camera drones, civilian drones, photography drones, aircraft carriers, bicycle carriers, bulk carriers, cargo carriers for vehicles, car-top luggage carriers, luggage carriers for cycles, luggage carriers for bicycles, luggage carriers for motorcycles, luggage carriers for automobiles, straddle carriers, spare tire carriers for vehicles, multipurpose wheeled carriers in the nature of garden carts, go-carts, two-wheeled carts, wheelbarrows, wheelbarrows for garden use, tool trolleys, cleaning trolleys, roll cage trolleys, handling carts, mobile storage carts, dump carts, hand carts, dollies, water bags, garden cart seats, wheelbarrow and garden cart tub organizers, , wheelbarrow to hay wagon assembly kits comprising primarily wheels, axles, and structural frames for converting wheelbarrows into hay wagons, wheelbarrow to garden cart assembly kits comprising primarily wheels, axles, handles, and structural attachments for converting wheelbarrows into garden carts

(10) Vehicles, namely, motor vehicles, land vehicles, all-terrain vehicles, off-road vehicles, amphibious vehicles, submarine vehicles airplane towing vehicles, and armored vehicles, apparatus for locomotion by land, air or water, namely, locomotives, turbines for locomotives, gear

wheels, motorcycle wheels, vehicle wheels, brakes for motor vehicles, cycle motors, automobile engines, and engines for land vehicles, mobility scooters, non-motorized scooters, water scooters, motorized scooters, electrically powered scooters, bicycles, electric bicycles, vehicle tire deflators, tire inflators, self-driving robots for delivery, delivery drones, camera drones, civilian drones, photography drones, aircraft carriers, bicycle carriers, bulk carriers, cargo carriers for vehicles, car-top luggage carriers, luggage carriers for cycles, luggage carriers for bicycles, luggage carriers for motorcycles, luggage carriers for automobiles, straddle carriers, spare tire carriers for vehicles, multipurpose wheeled carriers in the nature of carts, go-carts, two-wheeled carts, wheelbarrows, wheelbarrows for garden use, tool trolleys, cleaning trolleys, roll cage trolleys, handling carts, mobile storage carts, dump carts hand carts, dollies, water bags, garden cart seats, wheelbarrow and garden cart tub organizers, wheelbarrow to hay wagon assembly kits comprising primarily wheels, axles, and structural frames for converting wheelbarrows into hay wagons, wheelbarrow to garden cart assembly kits comprising primarily wheels, axles, handles, and structural attachments for converting wheelbarrows into garden carts

Class 20

(11) Furniture, namely, bar furniture, office furniture, school furniture, living room furniture, bathroom furniture, bedroom furniture, dining room furniture, computer furniture, and outdoor furniture, mirrors, picture frames, ladders not of metal, wooden step ladders, non-metal step stools, tool boxes, not of metal, empty, saw horses, multipurpose saw horses with non-metal clamps, workbenches, worktables, industrial worktables, workstations having multi-use work surfaces, portable work tables, especially, saw tables for clamping and holding saws, workbench accessories, especially, attachable work tables

(12) Furniture, namely, bar furniture, office furniture, school furniture, living room furniture, bathroom furniture, bedroom furniture, dining room furniture, computer furniture, and outdoor furniture, mirrors, picture frames, ladders not of metal, wooden step ladders, non-metal step stools, tool boxes, not of metal, empty, saw horses, multipurpose saw horses with non-metal clamps, workbenches, worktables, industrial worktables, workstations having multi-use work surfaces, portable work tables, especially, saw tables for clamping and holding saws, workbench accessories, especially, attachable work tables

Class 28

(13) Games and playthings, namely, action skill games, action target games, arcade games, board games, building games, card games, educational games for children, electronic hand-held games, inflatable games for swimming pools, parlor games, party games, role playing games, table top games, and word games; gymnastic and sporting articles not included in other classes, namely, body protectors for athletic use, body protectors for sports use, ankle and wrist supports for sports use, protective padding for playing sports, protective guards for sports use, sports gloves, hand wraps for sports use, bags adapted for use with sporting equipment, cases adapted for sports equipment, starting blocks for sports, sports balls, nets for sports, and sleds; decorations for Christmas trees; toys, namely, baby toys, bath toys, beach toys, action toys, pet toys, children's multiple activity toys, educational toys, model toys, and musical toys; toy robots, pumps for inflating balls for games and needles therefore

(14) Games and playthings, namely, action skill games, action target games, arcade games, board games, building games, card games, educational games for children, electronic hand-held games, inflatable games for swimming pools, parlor games, party games, role playing games, table top games, and word games gymnastic and sporting articles not included in other classes, namely, body protectors for athletic use, body protectors for sports use, ankle and wrist supports for sports use, protective padding for playing sports, protective guards for sports use, sports gloves, hand

wraps for sports use, bags adapted for use with sporting equipment, cases adapted for sports equipment, starting blocks for sports, sports balls, nets for sports, and sleds; decorations for Christmas trees; toys, namely, baby toys, bath toys, beach toys, action toys, pet toys, children's multiple activity toys, educational toys, model toys, and musical toys; toy robots, pumps for inflating balls for games and needles therefore

(1) Machine coupling and transmission components (except for land vehicles), agricultural cultivators, motorized cultivators, power operated cultivators, rotary cultivators, scarifiers, electrically powered garden tillers, power operated rototillers, power lawn tillers, power-operated sprayers for applying fungicides and herbicides, mechanical , spreaders, fertilizer spreading machines, pumps as parts of motors, engines and machines, pneumatic pumps, compressed air pumps, vacuum pumps, suction pumps, cargo handling robots for unmanned loading and unloading , cargo lifting derricks, unmanned robots being cargo handling machines, unmanned transportation conveyors being cargo handling machines, emergency power generators, electric generators, current generators, electricity generators, solar-powered electricity generators, machines and machine tools for thermoforming and processing of plastics machines for processing and shaping wood, machines for working metals, robotic arms for dispensing machines, adhesive tape dispensing machines, dispensing valves being machine parts, packaging dispensing machines, electric carpet sweepers, electric floor cleaning machines, electric machines for cleaning surfaces using highpressure, cleaning machines for ponds, steam cleaning machines, pressure washing machines, vehicle washing installations, air-operated power tools, power-driven wrenches, impact wrenches, pneumatic ratchet wrenches, electric hammers, deep hole drilling machines, impact drills, hammer drills, drill press, Page 3 of 12 screwdrivers, drill bits for power drills, sharpeners, saw machines, jigsaws (machines), circular saws, electric bench grinders, electric hand-held grinders, robotic grinders for working metal and wood, sanders, floor buffing machines, parquet wax-polishers, shoe polishers, metal cutting machines, die-cutting machines, routers, planers, hot adhesive guns, hot glue guns, engraving machines, air compressors, electric welding machines, lathes,, power operated pole pruners, electric shearing machines, power blowers for lawn debris, shears, electric, electric hedge shears, grass trimmers, electric, hedge trimmers, electric, chain saws, electric lawn mowers, garden water pumps for aeration of ponds, garden shredders, electric, high pressure washers, vacuum cleaners, road sweepers, snow throwers, automatic swimming pool cleaners and parts therefor, pneumatic tools, pneumatic electric arc welding machines, pneumatic nail guns, pneumatic impact wrenches, pneumatic screwdrivers, pneumatic drills, powder coating spray guns, pneumatic grease guns , pneumatic

scissors, pneumatic shovels, pallet fork lifter , lawn edgers, electric, knife grinding machines, tool grinding machines, wood grinding machines, grinding machines for metalworking, nailing guns, electric motors and engines for machines, motors and engines for the generation of electricity, spray guns for paint, power operated jacks, hand mixers, concrete mixers, kitchen mixers, electric, robotic mopping cleaner, robotic pool cleaner, robotic lawn mowers, robotic snow throwers, robotic grass trimmers, robotic edge trimmers, robotic garden watering machines, robotic cleaners, namely, robotic vacuum cleaners, robotic floor cleaning machines, robotic road sweeping machines, robotic jigsaw machines, motor saws, robotic electric hand drills, mechanized feeders for wildlife, mechanized livestock feeders, robotic painting machines, compressing fans for the compression, sucking and carrying of grain, fans for motors and engines, fans for machine engines, industrial robots for working wood, wood planing machines, planing machines for metal working, engraving machines, electric kitchen appliances, namely, mixers, electric food blenders, food grinders, electric, for commercial use, food grinders, electric, for domestic use, food grinders, electric, for industrial purposes, electric food slicers, electric food choppers, electric egg beaters, electric can openers, electric fruit peelers, electric juice extractors, electric juicers, electric knife sharpeners, electric pasta makers for domestic use, electric vegetable peelers, electric food processors, disintegrators for chemical processing, hydraulic door openers and closers (parts of machines), electric elevators, leather dressing machines, metalworking machines, electric angle polishing machines, floor staining and floor polishing machines, robots and robotic arms for floor polishing, portable power tools, hand-held power tools, other than hand-operated, thermal spray guns being parts of machines, electric plastics welders, electric sand-blasting apparatus, angle grinder machines, electric breakers [power tools], starters for motors and engines, 3D printers, wood brushing machines, carpet cleaning machines and parts , rotary brushes for machines, brushes for vacuum cleaners, brushes being parts of motors, generators and dynamos

(2) Machine coupling and transmission components (except for land vehicles), agricultural cultivators, motorized cultivators, power operated cultivators, rotary cultivators, scarifiers, electrically powered garden tillers, power operated rototillers, power lawn tillers, power-operated sprayers for applying fungicides and herbicides, mechanical spreaders, fertilizer spreading machines, pumps as parts of motors, engines and machines, pneumatic pumps, compressed air pumps, vacuum pumps, suction pumps, cargo handling robots for unmanned loading and unloading, cargo lifting derricks, unmanned robots being cargo handling machines, unmanned transportation conveyors being cargo handling machines, emergency power generators, electric generators, current generators, electricity generators, solar-powered electricity generators, machines and machine tools for thermoforming and processing of plastics, machines for processing and shaping wood, machines for working metals, robotic arms for dispensing machines, adhesive tape dispensing machines, dispensing valves being machine parts, packaging dispensing machines, electric carpet sweepers, electric floor cleaning machines, electric machines for cleaning surfaces using highpressure, cleaning machines for ponds, steam cleaning machines, pressure washing machines, vehicle washing installations, air-operated power tools, power-driven wrenches, impact wrenches, pneumatic ratchet wrenches, electric hammers, deep hole drilling machines, impact drills, hammer drills, drill press, screwdrivers, drill bits for power drills, sharpeners, saw machines, jigsaws (machines), circular saws, electric bench grinders, electric hand-held grinders, robotic grinders for working metal and wood, sanders, floor buffing machines, parquet wax-polishers, shoe polishers, metal cutting machines, die-cutting machines, routers, planers, hot adhesive guns, hot glue guns, engraving machines, air compressors, electric welding machines, lathes, power operated pole pruners, electric shearing machines, power blowers for lawn debris, shears, electric, electric hedge shears, grass trimmers, electric, hedge trimmers, electric, chain saws, electric lawn mowers, garden water pumps for aeration of ponds, garden shredders, electric, high pressure washers, vacuum cleaners, road sweepers, snow throwers,

automatic swimming pool cleaners and parts therefor, pneumatic tools, pneumatic electric arc welding machines, pneumatic nail guns, pneumatic impact wrenches, pneumatic screwdrivers, pneumatic drills, powder coating spray guns, pneumatic grease guns, pneumatic scissors, pneumatic shovels, pallet fork lifter, lawn edgers, electric, knife grinding machines, tool grinding machines, wood grinding machines, grinding machines for metalworking, nailing guns, electric motors and engines for machines, motors, and engines for the generation of electricity, spray guns for paint, power operated jacks, hand mixers, concrete mixers, kitchen mixers, electric, robotic mopping cleaner, robotic pool cleaner, robotic lawn mowers, robotic snow throwers, robotic grass trimmers, robotic edge trimmers, robotic garden watering machines, robotic cleaners, namely, robotic vacuum cleaners, robotic floor cleaning machines, robotic road sweeping machines, robotic jigsaw machines, motor saws, robotic electric hand drills, mechanized feeders for wildlife, mechanized livestock feeders, robotic painting machines, compressing fans for the compression, sucking and carrying of grain, fans for motors and engines, fans for machine engines, industrial robots for working wood, wood planing machines, planing machines for metal working, engraving machines, electric kitchen appliances, namely, mixers, electric food blenders, food grinders, electric, for commercial use, food grinders, electric, for domestic use, food grinders, electric, for industrial purposes, electric food slicers, electric food choppers, electric egg beaters, electric can openers, electric fruit peelers, electric juice extractors, electric juicers, electric knife sharpeners, electric pasta makers for domestic use, electric vegetable peelers, electric food processors, disintegrators for chemical processing, hydraulic door openers and closers (parts of machines), electric elevators, leather dressing machines, metalworking machines, electric angle polishing machines, floor staining and floor polishing machines, robots and robotic arms for floor polishing, portable power tools, hand-held power tools, other than hand-operated, thermal spray guns being parts of machines, electric plastics welders, electric sand-blasting apparatus, angle grinder machines, electric breakers [power tools], starters for motors and engines, 3D printers, wood brushing machines, carpet cleaning machines and parts, rotary brushes for machines, brushes for vacuum cleaners, brushes being parts of motors, generators, and dynamos

Class 09

(3) Batteries for power tools; batteries for lighting systems

(4) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, laboratory scales and balances, scales with body mass analyses, laser measuring tapes, laser measuring machines for surveying, meters for measuring voltage, optical amplifiers, radio signal tuners, radio receivers, magnetic compasses, directional compasses, barometers, surveying instruments, inflatable apparatus for use in life-saving, signal bells, signal lanterns, rescue laser signaling flares, and optical microscopes, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electric coils, electric converters, electric current shunts, electric current switches, electric current control devices, and electric wires and connecting fittings therefore, electrical, apparatus and instruments for recording, transmission or reproduction of sound or images or data, namely, sound processors, sound projectors and amplifiers, image scanners, video phones, and data loggers, detection apparatus, namely, electromagnetic measuring detectors, electromagnetic frequency detectors, smoke detectors, fire detectors, carbon dioxide detectors, carbon monoxide detectors, combustible gas concentration detectors, heat detectors, metal detectors, laser speed detectors, radar detectors, and voltage detectors, electronic stud finders, non-electric wall stud finders, blank magnetic disks, blank digital recording discs, cash registers, electronic calculators, computer hardware and software for data processing, data processing equipment and computers, namely, digital signal processors, micro-processors, fire-extinguishers, calculators, printers for use with

computers, smart watches, electrical inverters, chargers for electric accumulators, USB chargers, battery jump starters, electronic surveillance apparatus, namely, infrared sensors, motion sensors, and security cameras, surveillance robots, humanoid robots with artificial intelligence, electrical controllers for robots, audio speakers, radios, internal fans for computers, computer software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, computer software applications for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable software for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable mobile applications for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for smart phones for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, application software for mobile phones, tablets, laptops and computers for use in power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, downloadable mobile and computer software as control systems for power operated tools, power lawn and garden tools, remote controls for operating power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, remote control transmitters, remote control receivers, software for the remote control of power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, Global Positioning System [GPS] consisting of computers, computer software, transmitters, receivers, and network interface devices for tracking and locating people, pets, and objects, measuring instruments, namely, carpenter's levels, bubble levels, plumb levels, spirit levels, surveyor's levels, vertical levels, and digital laser levels, laser measuring instruments, namely, laser altimeters, laser distance meters, and laser range finders, battery chargers for power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, battery packs for power operated tools, power operated lawn and garden tools, household domestic appliances, electric vehicles and robots, lithium-ion batteries, solar batteries, storage batteries, electric automotive batteries, electrical power supplies, namely, electrical connectors, plug adaptors, electric sockets, electric control panels, time switches, automatic, and voltage regulators, electric power converters, knee pads for protection against accident or injury, goggles for sports, protective safety goggles, clothing for protection against accident or injury, gloves for protection against accident or injury, electrically heated clothing for protection against accident or injury, namely, electrically heated coats, jackets, waistcoats, vests, and gloves, for protection against accident or injury, electrically heated gloves for protection against accident or injury

(5) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, laboratory scales and balances, scales with body mass analyses, laser measuring tapes, laser measuring machines for surveying, meters for measuring voltage, optical amplifiers, radio signal tuners, radio receivers, magnetic compasses, directional compasses, barometers, surveying instruments, inflatable apparatus for use in life-saving, signal bells, signal lanterns, rescue laser signaling flares, and optical microscopes, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, namely, electric coils, electric converters, electric current shunts, electric current switches, electric current control devices, and electric wires and connecting fittings therefore, electrical, apparatus and instruments for recording, transmission or reproduction of sound or images or data, namely, sound processors,

Trademark Description

The declared mark for goods and services is a combined symbol, which consists of the word ROSAVA, graphic composition and slogan "We know the roads - the roads know us." The mark is declared in the 12th class of goods and services under the NCL. In the symbol, the word ROSAVA, written in Latin letters, is used. The spelling of the declared word ROSAVA uses a simplified modern stylization of letters. Graphic composition is a stylized image of a car tire, where arc-shaped elements resemble of a tire tread, which is one of the main elements of a tire. The word ROSAVA, slogan and graphic composition are made in blue. The slogan "We know the roads - the roads know us" is declared as an unprotected object. The sign is simple, easy to apply and engrave on molds.

Colour Claim

Colour is claimed as a feature of the trademark. The word ROSAVA, the Russian characters under the word ROSAVA and the curved lines are blue.

Foreign Character Translation

The translation provided by the applicant of the Russian word(s) "MY ZNAYEMO DOROGY - DOROGY ZNAYUT NAS" is "We know the roads - the roads know us".

Foreign Character Transliteration

The transliteration provided by the applicant of the Russian character(s) is "MY ZNAYEMO DOROGY - DOROGY ZNAYUT NAS".

Colour Claim

Colour is claimed as a feature of the trademark. The entire background is dark grey. A wrestler's mask is depicted. The mask has openings for the eyes, nose and mouth with bold trims around the open features. There is a shadow that divides the left from the right side of the mask. The color of the mask on the left side is black and the trims are light grey. The right side of mask is of same color as background (Dark Grey) and trims are white. The star on the forehead is also divided into right and left side by two tones of red. The left side of the star contains a darker tone of red. The star has a thin white outline. A smaller representation of the star appears on top of the words 'El Rudo'.

Foreign Character Translation

El Rudo: the harsh, the tough. In traditional Mexican wrestling, there are two categories of wrestlers that compete during a match. The name/adjective "El Rudo" was taken from one of those categories. On one side, there are the "Tecnicos" (technicians) that tend to be more geared towards sportsmanship and they are seen as rule followers. Whereas the "Rudos", break the rules more often and are perceived as being brawlers.
