Trademarks Journal

Vol. 68 No. 3480

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

infections of the circulatory system and lymph nodes and fungal infections of the skin and nails; antitoxic sera; mixed biological preparations for the prevention and treatment of infectious diseases; vaccines; hemotropic agents; anticoagulants; blood substitutes; blood plasma; hemostatics; cellular function activating agents; chlorophyll preparations for medical purposes; dye preparations for medical purposes; diagnostic preparations for medical purposes; drugs for medical purposes; medicines for human purposes for the treatment of ophthalmic diseases; medicines for human purposes for the treatment of respiratory diseases; medicines for human purposes for the treatment of hematologic disorders; medicines for human purposes for the treatment of neoplastic diseases; medicines for human purposes for the treatment of edematous states; medicines for human purposes for the treatment of gastrointestinal diseases; medicines for human purposes for the treatment of the nervous system, namely brain, movement, ocular motility and spinal cord diseases; medicines for human purposes for the treatment of endocrine disorders; medicines for human purposes for the treatment of organ transplantation; medicines for human purposes for the treatment and alleviation of chronic renal failure, uremia, chronic glomerulonephritis, chronic renal insufficiency, hypoparathyroidism, rickets, osteomalacia, aching pain of waist and knees, hypodynamia, anemia, mycoplasma pneumonia, conjunctivitis, genitourinary tract infection, legionellosis, diphtheria, skin and soft tissue infections, pertussis, upper respiratory tract infection, streptococcal angina, listeria infection, rheumatic fever, endocarditis, campylobacter jejuni enteritis, gonorrhea, syphilis, acne, allergic rhinitis, urticaria, skin itching, diarrhea; Medicines for human purposes for the treatment of tumors, lymphoma, leukemia, granulomatosis with polyangiitis and microscopic polyangiitis; medicines for veterinary purposes for treatment of pneumonia, hospital acquired pneumonia, urinary tract infection, gynecological infections, endometritis, pelvic inflammation, skin and skin structure infections, meningitis, septicemia; medicines for dental purposes, namely, botanicals and pharmaceutical preparations for the treatment of dental and oral diseases; reagent paper for medical and veterinary purposes; diagnostic agents and substances for medical purposes, namely, medical laboratory use, medical research use and medical diagnostic use; diagnostic preparations for clinical laboratory use for blood testing; in vitro diagnostic preparations and reagents for medical and veterinary use, namely, reagents, test-strips, test-kits, test-sets and test-packs for allergy diagnostics, infectious diseases detection, antigen detection, molecular diagnostics, gastroenterology, and therapeutic drug monitoring (TDM)

Class 09

(2) cameras and parts and accessories therefor; digital cameras and parts and accessories therefor; camera lenses; batteries for cameras and digital cameras

(3) battery chargers for cameras and digital cameras

(4) straps for cameras and digital cameras

(5) computer software for editing and managing of photographs and movies

(6) electronic publications, namely, images, pictures, photographs, archival photographs, photography pictorial images, still images, moving images, art reproductions, film, video, graphic designs, clip art, news images, audio data, animations, illustrations, computer code snippets, and other design elements namely, computer design patterns, and the above mentioned goods stored and recorded on electronic and computer media and downloadable from databases and other facilities provided over global computer networks, wide area networks, local area networks, and wireless networks

(7) photographic equipment and parts and accessories therefor; remote controls for cameras and digital cameras; cases for cameras and digital cameras; optical apparatus and instruments; binoculars; telescopes; range finders; non-contact measuring machines and instruments, namely

gasometers, thermometers, water meters, tape measures, planimeters, measuring rulers, pressure gauges [manometers], water level indicators, acoustic meters, tachometers, accelerometers, refractometers, luminous flux meters, photometers, altimeters, hygrometers, illuminometers, vibration meters, noisemeters, speedometer, calorimeters, viscosimeters, concentration meters, gravimeters, densimeters, dynamometers, flowmeters, angle dividing protractors, spherometers, inclinometers, interferometers, graduation checkers for calibration purposes, surface roughness testing machines and instruments, metal compression testing machines, metal hardness testing machines, metal strength testing machines, concrete testing machines, cement testing machines, textile testing machines, plastic testing machines, lumber testing machines, alidades, meteorological instruments, range finders for cameras, clinometers, magnetic compasses for surveying, surveying compass needles, gyrocompasses, magnetic gyrocompasses, level measuring machines for surveying, precision theodolites, surveying chains, tripods for surveying machines, transits for surveying, levelling rods for surveying, sextants, meridian transit telescopes, astronomical spectrographs, zenith telescopes, thermosensitive temperature indicator strips, acidimeters for batteries, manometers, pressure gauges, sulfimeters, hydrometers, satellite finder meters, ergometers, salinometers, wind socks for indicating wind direction, gasometers [measuring instruments], gasoline gauges, petrol gauges, calipers, barometers, aerometers, refractometers, chronographs [time recording apparatus], theodolites, measuring spoons, weighbridges, marine compasses, micrometer screws for optical instruments, actinometers, comparators, thermostats, steelyard balances, plumb lines, saccharometers, acid hydrometers, thermohygrometers, climate control digital thermostats, spirit levels, levelling staffs [surveying instruments], thread counters, sounding leads, sounding lines, range finders, telemeters, surveying instruments, surveyors' levels, photometers, bathroom scales, scales with body mass analysers, scales with body mass analyzers, taximeters, wearable activity trackers, square rulers for measuring, letter scales, digital weather stations, dosage dispensers, dynamometers, dressmakers' measures, nanoparticle size analysers, nanoparticle, size analyzers, lactodensimeters, lactometers, baby scales, densitometers, slide calipers, thermostats for vehicles, kilometer recorders for vehicles, mileage recorders for vehicles, automatic indicators of low pressure in vehicle tires, automatic indicators of low pressure in vehicle tyres, verniers, pyrometers, octants, pressure indicator plugs for valves, appliances for measuring the thickness of leather, apparatus for measuring the thickness of skins, densimeters, rods [surveying instruments], anemometers, planimeters, plane tables [surveying instruments], hemline markers, polarimeters, directional compasses, pedometers, micrometer gauges, micrometers, screw-tapping gauges, dosimeters, finger sizers, ring sizers; non-contact measuring machines and instruments, namely comparators, non-electronic; computer software for cameras and camera lenses, remote controls, binoculars, eyeglass lenses, hearing aids, health care supplies, namely, microscopes; computer software for preserving images; computer software for cell culture observation devices for regenerative medicine, fundus cameras; computer software for medical equipment, namely, laser ophthalmoscopes, visual field testing equipment, color vision testing equipment, visual function inspection equipment, image analyzer for anterior eye part, corneal shape measuring equipment; computer software for industrial equipment products, namely, X-ray non-destructive inspection device, CT non-destructive inspection device, machining centers; computer software for measuring instruments, namely, three coordinate parts measuring machines, non-contact measuring machines, image measuring devices; computer software for flat panel display exposure apparatus, namely, devices for printing circuit patterns on glass plates for liquid crystal and organic EL displays; computer software for semiconductor exposure apparatus, namely, devices printing electronic circuit patterns on silicon wafers; computer software for laser processing machines, precision instruments, optical instruments, encoders; computer software for optical materials, namely, calcium fluoride, glass, namely, synthetic fused silica, optical glass for i-line; computer

software for surveying instruments, namely, level and distance measuring machines for surveying; computer software for business system solutions, namely, information systems related to accounting, sales, production management and management of companies, solutions for managing digital content and utilizing assets, solutions that support research and development, trial production, commercialization, and maintenance of commercial equipment and video equipment, solutions that support video production and quality check for program materials, solutions that support video production and video quality checking, solutions that support production of 3D computer graphics and virtual reality content, solutions that support multi-view photography for observation, recording and tourism, technical translation, planning, writing, desktop publishing, publishing, distribution of product manuals, business consulting and business manual preparation, computer aided engineering; computer software for image processing; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for image scanners; computer software for moving image analysis; computer software for error checking of moving images; computer software for image transmission, moving picture analysis, image quality evaluation; computer software that allows transmission of graphics to mobile phones; computer software to enable the transmission of photographs to cellular phones and mobile phones; computer software for filing images; computer software for image transmission; computer software for high-speed transfer of large amounts of data; liquid crystal projectors; cameras with liquid crystal projectors; digital cameras with liquid crystal projectors; microscopes; electron microscopes; biological microscopes; X-ray electron microscopes; rifle scopes; telescopic sights; monoculars; spectacles; eyeglasses; glasses; eyewear; ophthalmic lenses; optical lenses; lenses for spectacles; lenses for eyeglasses; lenses for glasses; lenses for eyewear; eyeglass frames; solid state memory cards; flash memory cards; cell culture and observation systems for laboratories; magnifying glasses; crossbow scopes; digital photo frames; telescopes for firearms; sighting telescopes for firearms; semiconductor manufacturing machines; semiconductor manufacturing systems, namely, semiconductor wafer processing equipment; liquid crystal manufacturing machines and instruments, parts and fittings therefor; semiconductor lithography machine and parts and fittings therefor; liquid crystal lithography machine and parts and fittings therefor; semiconductor testing machine and parts and fittings therefor; liquid crystal testing machine and parts and fittings therefor; polishing machines for polishing wafers and parts and fittings therefor; cases especially made for photographic apparatus and instruments; filters for ultraviolet rays for cameras and digital cameras; filters for cameras and digital cameras; flash-bulbs for cameras and digital cameras; flashlights for cameras and digital cameras; shutter releases for cameras and digital cameras; shutters for cameras and digital cameras; photographic slides; spools for cameras and digital cameras; stands for photographic apparatus; photographic transparencies; viewfinders for cameras and digital cameras; tripods for cameras and digital cameras; epidiscopes; mobile phones; cellular phones; smartphones; handheld terminal devices, namely personal digital assistants, smart phones, tablet personal computers; scanners for data processing; CCD (charge-coupled device) cameras; decoration stickers for cameras; SD memory cards; flash card readers; video game software for use with computers; video game software for use with cellular phones; speakers; metronomes; bags, namely, camera bags; camera bags

Class 10

(8) finger guards for medical purposes; pacifiers for babies; dummies for babies in the nature of pacifiers and rings for teething; ice bag pillows for medical purposes; triangular bandages for medical purposes; supportive bandages for medical purposes; surgical catguts; feeding cups for medical purposes; dropping pipettes for medical purposes; teats; medical ice bags; medical ice bag holders; baby bottles; nursing bottles; contraceptives, non-chemical, namely, contraceptive

coils, contraceptive diaphragms; artificial tympanic membranes; prosthetics and fillings materials, not for dental use; ear plugs for sleeping; ear plugs for soundproofing; esthetic massage apparatus for commercial use, namely, facial massagers, massage gloves; medical apparatus and instruments, other than walking aids, crutches, namely, stethoscopes, percussors, sphygmomanometers, electrocardiographs, electroencephalographs, speculums, pelvimeters, probes, machines for testing vision and testing for eye diseases, ophthalmometers, tongue depressors, audiometers, inhalers, scopes, scissors, knives, curettes, elevators, separators, forceps, retractors, bone drills, planes, saws, dilators, bougies, cauters, syringes, needles, sutures, sprayers, lamps, ultrasound diagnostic machines, kneaders, examining and operating tables, operating lights, stands, tables, cabinets, stretchers, operating chairs, dental filling, drilling, cutting, excavating, planing, prosthetic, orthodontic tools, cleansers, veterinary surgical instruments; walking aids for medical purposes, namely, invalid walkers, walking frames for disabled persons, canes and walking sticks; crutches; electric massage apparatus for household purposes, namely, electric body massagers, electric personal massagers; gloves for medical purposes; urinals for medical purposes; bed pans; ear picks; diagnostic apparatus for medical purposes, namely, gastroscopes, magnetic resonance CT apparatus, keratoscopes, tonometers, speculums, sphygmomanometers, blood testing apparatus, eye testing machines and apparatus, pelvimeters, clinical probes, electrocardiographs, tongue depressors, clinical thermometers, body-fat monitors, percussion hammers, stethoscopes, audiometers and electroencephalographs; hearing aids for the deaf; artificial eyes; intraocular prostheses lenses for surgical implantation; ophthalmoscopes; gastroscopes; arterial blood pressure measuring apparatus; hearing protectors, namely, ear plugs, noise reducing earmuffs, and hearing protection headsets; testing apparatus for medical purposes, namely apparatus for culturing and observing cells; roentgen apparatus for medical purposes, namely, X-ray machines; devices for protecting against roentgen rays, for medical purposes, namely, protective helmets, protective masks, protective gloves, faceprotection shields, protective industrial boots, safety goggles, protective clothing; apparatus for the treatment of deafness, namely, hearing aids; blood testing apparatus, namely blood collecting tubes, reusable blood sugar testing units for drawing blood and analyzing it for glucose content; dental apparatus and instruments, namely, dental articulators, artificial teeth and protective cups, bibs for dental use, dental bite trays, ceramic alloy used in dental crowns, cutting and grinding discs for dental applications, cut-off and abrasive wheels for dental purposes, dental drill bits for cutting teeth and bone, dental apparatus, namely, intra-oral light systems, apex locator for dental use, dental bridges, dental broaches, dental burrs, dental caps, dental chairs, dental clips for securing pre-existing dentures, dental crowns, dental dams, dental device that expands the mouth to improve the field of view inside the mouth and extracts saliva from the work area inside the mouth, dental drill bits used in dental motors to enable dentists to cut and drill teeth, dental drills, dental examination chairs, dental excavators, dental fixtures, namely, prefabricated parts for crowns, bridges and pontics, dental foundation supports, dental gloves, dental handpieces, dental implants made of artificial materials, dental impression trays, dental inlays, oral irrigators, dental root files used in root canal therapy procedures, root canal therapy instruments used to shave the inside of a root canal, prophy angles, crown and bridge removers, dental intra-oral cameras, dental mirrors, dental sterilizers, dental onlays, dental operating lamps, dental picks, plastic material for fabricating complete and partial denture liners/relines and for fabricating gaskets for over dentures, dental prostheses, dental tray covers made of paper, dentists' chairs, dentures, drilling jigs for dental applications, drills for dental use, endodontic container for holding dental drill, dental burrs and dental files, face masks for use by dental care providers, forceps for dental technical purposes, implant abutments for dental purposes, implant bridges for dental purposes, intra-oral dental light system, motorized equine dentistry tool and parts thereof, orthodontic appliances, orthodontic machines and instruments for dental purposes, pins for artificial teeth, plastic material

for producing, relining and repair of dental prostheses, prosthetic instruments for dental purposes, teeth aligners, teeth protectors for dental purposes, teething rings, teething rings incorporating baby rattles, ultrasound machine for dental imaging, ultrasound appliances for dental use, X-ray machines for dental imaging, X-ray appliances for dental use

Class 18

(9) handbag frames; purse frames; horseshoes; leather straps; rawhides; raw skins; tanned leather; fur; industrial packaging containers of leather; clothing for domestic pets; pouches, namely, leather coin pouches, leather toiletry pouches, pouches for holding keys, jewellery pouches; vanity cases, not fitted; umbrellas and their parts; walking sticks; canes; metal parts of canes and walking-sticks; handles for canes and walking sticks; saddlery; drawstring bags; quilting pouches; card cases [notecases]; business card cases; key cases; shopping bags; backpacks; rucksacks; handbags;

Services

Class 35

(1) retail services and wholesale services for cameras, lenses, optical equipment and accessories; retail store services for cameras, lenses, optical equipment and accessories, and related merchandise in the field of consumer electronics and entertainment, provided via the Internet, electronic communication networks and via a global computer network; providing information relating to products, services, and events in the field of consumer electronics all for business and commercial transactions and purposes, all of such information provided via a website

(2) administration of the business affairs of retail stores; computerised point-of-sale data collection services for retailers; management of a retail enterprise for others; electronic shopping retail services connected with cameras, lenses, optical equipment and accessories; retail services connected with the sale of consumer electronics; business administration; computerised business information processing services; data processing, namely, compilation and analysis of marketing data, sales volumes and web analytics for others, compilation and analysis of market research data, advertising data and statistics for others, statistical evaluation of data from market studies, computerized file management, updating and maintenance of data in computer databases and data base management, analysis of data; data processing for businesses, namely, compilation and analysis of marketing data, sales volumes and web analytics for others, compilation and analysis of market research data, advertising data and statistics for others; data processing for the collection of data, in particular, image, audio, and video data in computer databases for business purposes; information services relating to data processing, namely, electronic data for software for editing and managing of photographs and movies; on-line data processing services, namely, film processing, credit card transaction processing services, processing electronic payments made through prepaid cards, electronic processing and transmission of bill payment data; accounting; advertising the goods and services of others; advertising agencies; advertising the goods and services of others by mail order; auditing, namely, account auditing, business auditing; bill-posting; book-keeping; business appraisals; providing business information, namely, providing advice and information concerning commercial business management; advice in the field of professional lighting and photography; business inquiries, namely, business feasibility studies, business appraisals, business risk assessment services, business strategy development services, conducting business and market research surveys for others; business investigations, namely, workplace investigations of job performance, workplace safety, business audits, job function analyses; business management and organisation consultancy; business management assistance; business management of performing artists; business research, namely, collection of market research information; commercial information agencies; commercial and industrial management

assistance; compilation of information into computer databases; cost price analysis; demonstration of goods for sales promotion; physical demonstration of goods of others to customers for promotional purposes; direct mail advertising of the goods and services of others; dissemination of advertising matter for others; distribution of samples; document reproduction; marketing studies; modelling for advertising and sales promotion; office machines and equipment rental; opinion polling; organization of exhibitions for commercial and advertising purposes in the fields of cameras and camera related products, binoculars and binocular related products, eyeglass lenses, hearing aids, health care supplies, microscopes, cell culture observation apparatus, fundus cameras, medical equipment, industrial equipment products, measuring instruments, flat panel display exposure apparatus, semiconductor exposure apparatus, laser processing machine, precision instruments, optical instruments, encoders, optical materials, glass, surveying instruments, business system solutions, image related systems, image transmission, moving picture analysis, image quality evaluation, data management and data transmission; organization of trade fairs for commercial and advertising purposes in the fields of cameras and camera related products, binoculars and binocular related products, eyeglass lenses, hearing aids, health care supplies, microscopes, cell culture observation apparatus, fundus cameras, medical equipment, industrial equipment products, measuring instruments, flat panel display exposure apparatus, semiconductor exposure apparatus, laser processing machine, precision instruments, optical instruments, encoders, optical materials, glass, surveying instruments, business system solutions, image related systems, image transmission, moving picture analysis, image quality evaluation, data management and data transmission; outdoor advertising the goods and services of others; payroll preparation; personnel management consultancy; personnel recruitment; photocopying; providing business statistical information on cameras and accessories; public relations; publication of publicity texts; publicity; publicity agencies; publicity columns preparation; publicity material rental; radio advertising the goods and services of others; production of radio commercials for others; relocation services for businesses; rental of advertising space; secretarial services; shop window dressing; business statistical information on sales of new goods; systemization of information into computer databases; tax preparation; television advertising the goods and services of others; production of television commercials for others; music transcription; music transcription for others; typing; updating of advertising material; word processing; automated data processing, namely, the processing by computer systems of commercial and business data; computer data processing, namely, storing, saving, updating, and syncing data, namely, text files, audio files, video files for online and offline use by order of third parties; computerised data processing in the field of cameras and camera related products, binoculars and binocular related products, eyeglass lenses, hearing aids, health care supplies, microscopes, cell culture observation apparatus, fundus cameras, medical equipment, industrial equipment products, measuring instruments, flat panel display exposure apparatus, semiconductor exposure apparatus, laser processing machine, precision instruments, optical instruments, encoders, optical materials, glass, surveying instruments, business system solutions, image related systems, image transmission, moving picture analysis, image quality evaluation, data management and data transmission; data processing verification services in the field of cameras and camera related products, binoculars and binocular related products, eyeglass lenses, hearing aids, health care supplies, microscopes, cell culture observation apparatus, fundus cameras, medical equipment, industrial equipment products, measuring instruments, flat panel display exposure apparatus, semiconductor exposure apparatus, laser processing machine, precision instruments, optical instruments, encoders, optical materials, glass, surveying instruments, business system solutions, image related systems, image transmission, moving picture analysis, image quality evaluation, data management and data transmission; electronic data processing in the field of cameras and camera related products, binoculars and binocular related products, eyeglass lenses, hearing aids,

health care supplies, microscopes, cell culture observation apparatus, fundus cameras, medical equipment, industrial equipment products, measuring instruments, flat panel display exposure apparatus, semiconductor exposure apparatus, laser processing machine, precision instruments, optical instruments, encoders, optical materials, glass, surveying instruments, business system solutions, image related systems, image transmission, moving picture analysis, image quality evaluation, data management and data transmission; data search in computer files for others, in particular news articles; advisory, consultancy and information services in the fields of cameras and camera related products, binoculars and binocular related products, eyeglass lenses, hearing aids, health care supplies, microscopes, cell culture observation apparatus, fundus cameras, medical equipment, industrial equipment products, measuring instruments, flat panel display exposure apparatus, semiconductor exposure apparatus, laser processing machine, precision instruments, optical instruments, encoders, optical materials, glass, surveying instruments, business system solutions, image related systems, image transmission, moving picture analysis, image quality evaluation, data management and data transmission; advertising and publicity services, namely, advertising the goods, services, brand identity and commercial information and news of third parties through print, audio, video, digital and on-line media; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; business management analysis and business consultancy, namely, business management and organization consultancy; marketing research and analysis; providing information concerning commercial sales; business management of hotels; preparation, auditing and attesting of financial statements; employment agencies; auctioneering; importexport agencies; arranging newspaper subscriptions; shorthand services; office functions, namely filing, in particular documents and magnetic tapes; providing business assistance to others in the operation of data processing apparatus namely, computers, typewriters, telex machines and other similar office machines; reception services for visitors in buildings; rental of typewriters, copying machines and word processors; providing employment information to the public, namely, information about recruiting, hiring, placement, staffing and career development; providing information on newspaper articles; rental of vending machines; retail services and wholesale services for a variety of goods in each field of clothing, foods and beverages, and livingware, carrying all goods together; retail services and wholesale services for woven fabrics and beddings; retail services and wholesale services for clothing; retail services and wholesale services for diapers; retail services and wholesale services for footwear, other than special footwear for sports; retail services and wholesale services for bags and pouches; retail services and wholesale services for personal articles, namely, precious metals and their alloys, jewellery, precious stones, watches and clocks, writing paper, cardboard boxes, catalogues, magazines, periodical publications, books, pamphlets, posters, stickers, photographs, stationery, general purpose adhesive, paint brushes, typewriters, printers type, printing blocks, leather, leather clothing, animal skins, animal hides, travelling trunks, travelling bags, umbrellas, parasols, walking sticks, whips, saddlery, household containers, kitchen containers, cones, sponges, hair brushes, cleaning articles, steel wool, glass, glassware, porcelain and earthenware; retail services and wholesale services for foods and beverages; retail services and wholesale services for liquor; retail services and wholesale services for meat; retail services and wholesale services for sea food; retail services and wholesale services for vegetables and fruits; retail services and wholesale services for confectionery, bread and buns; retail services and wholesale services for rice and cereals; retail services and wholesale services for milk; retail services and wholesale services for carbonated drinks [refreshing beverages] and non-alcoholic fruit juice beverages; retail services and wholesale services for tea, coffee and cocoa; retail services and wholesale services for processed food; retail services and wholesale services for automobiles; retail services and wholesale services for two-wheeled motor vehicles; retail services and wholesale services for bicycles; retail services and wholesale services for furniture; retail

services and wholesale services for joinery fittings; retail services and wholesale services for tatami mats; retail services and wholesale services for ritual equipment used in funerals, namely grave markers, incense burners; retail services and wholesale services for electrical machinery; retail services and wholesale services for bladed and pointed hand tools, hand tools and metal hardware; retail services and wholesale services for kitchen equipment, cleaning tools and washing utensils; retail services and wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services and wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail services and wholesale services for agricultural machines, implements and supplies; retail services and wholesale services for flowers [natural] and trees; retail services and wholesale services for fuel; retail services and wholesale services for printed matter; retail services and wholesale services for paper and stationery; retail services and wholesale services for sports goods; retail services and wholesale services for toys, dolls, game machines and apparatus; retail services and wholesale services for musical instruments and records; retail services and wholesale services for photographic machines and apparatus and photographic supplies; retail services and wholesale services for clocks, watches and spectacles [eyeglasses and goggles]; retail services and wholesale services for tobaccos and smokers' articles; retail services and wholesale services for building materials; retail services and wholesale services for semi-wrought precious stones and their imitations; retail services and wholesale services for pets; the bringing together, for the benefit of others, of a variety of goods in the field of cameras and camera related products, binoculars and binocular related products, eyeglass lenses, hearing aids, health care supplies, microscopes, cell culture observation apparatus, fundus cameras, medical equipment, industrial equipment products, measuring instruments, flat panel display exposure apparatus, semiconductor exposure apparatus, laser processing machine, precision instruments, optical instruments, encoders, optical materials, glass, surveying instruments, business system solutions, image related systems, image transmission, moving picture analysis, image quality evaluation, data management and data transmission, enabling customers to conveniently view and purchase those goods from a department store and from an Internet website, enabling customers to conveniently view and purchase those goods from a department store and from an Internet website; management of information files, namely, files with information in the fields of daily living, advertising, websites, making friends on websites, sharing photos, and transmitting image data for providing social networking; business administration and management services made on a global computer network for businesses distributing content in the fields of daily living, advertising, websites, making friends on websites, sharing photos, and transmitting image data for providing social networking; advertising on the Internet for others; business planning for sales promotion of a counterparty's goods and services provided on the Internet; mediation services between the users and the developing/printing company to enable the ordering and processing of photos and digital images; providing media for advertisements for others, namely, books, pamphlets, brochures, magazines, posters and billboards; providing information on commodity sales regarding photographs, cameras, flashlamps for cameras, reflectors, tripods, light stands and supports, and bags specially adapted for these goods; E-commerce services relating to photography services, namely, buying and selling photos, photo license, photo editing services; image data storage services, all the aforementioned services being provided in the field of on-line photography services

Class 37

(3) semiconductor manufacturing machines and systems installation; liquid crystal manufacturing machines and systems installation; repair and maintenance of liquid crystal manufacturing machines and systems; repair and maintenance of semiconductor manufacturing machines and systems; repair and maintenance of camera lenses; repair and maintenance of optical machines

and apparatus; repair and maintenance of binoculars; repair and maintenance of telescopes; repair and maintenance of range finders; semiconductor testing apparatus installations; liquid crystal testing apparatus installations; repair and maintenance of semiconductor testing apparatus; repair and maintenance of liquid crystal testing apparatus; repair of spectacles; repair and maintenance of measuring and testing machines and instruments; repair and maintenance of telecommunication machines and apparatus; repair and maintenance of electronic machines and apparatus; repair and maintenance of hearing aids; repair and maintenance of medical apparatus and instruments; repair and maintenance of 3D printers; sterilization of medical apparatus and instruments

(4) repair and maintenance of photographic equipment; repair and maintenance of cameras; repair and maintenance of digital cameras

(5) repair and maintenance of microscopes; repair and maintenance of laboratory apparatus and instruments

Class 41

(6) arranging, conducting and organization of seminars in the field of cameras, microscopes, medical instruments, machine tools, machining centers, providing information thereof

(7) coaching and training in the field of cameras, microscopes, medical instruments, machine tools and machining centers; practical training in the field of cameras, microscopes, medical instruments, machine tools, machining centers and video filming
