Trademarks Journal

2023-07-12 — Vol. 70 No. 3585

Trademarks Journal

Vol. 70 No. 3585

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Electronic computer databases in the field of finance recorded on computer media; Computer programs for use in database management; Computer software programs for database management; Card readers for credit cards; Magnetically encoded charge cards; Encoded credit cards; Encoded bank cards; Computer terminals for use with credit cards at point of sale; Credit card controlled ticket issuing machines; Credit card encoding machines; Credit card payphones; Credit card processing terminals; Credit card terminals; Credit cards with a magnetic strip; Magnetic credit cards; Terminals for electronically processing credit card payments; Terminals for processing credit card transactions; Terminals for processing credit cards; Terminals for the electronic payment of charges with credit cards; Magnetically encoded bank cards; Magnetically encoded debit cards; Magnetically encoded payment cards; Computer hardware for data processing; Fiber interconnection cable; Interface cards for computers; Interface cards for data processing equipment in the form of printed circuits; Recorded computer programs for processing financial data; Data processing apparatus, namely readers, scanners, terminals and external storage apparatus for use in financial information storage; Central processing units; Electronic data processing devices, namely, personal computers, tablets, computer servers, point-of-sale registers; Information storage devices for use in data processing apparatus, namely, online cloud storage servers; Integrated data processing installations, namely, personal computers, tablets, computer servers, point-of-sale registers; Blank magnetic disks; Computer software applications for administering employee payroll; computer software applications for use in the management of payroll; Software applications for processing electronic bill payments; software applications for processing credit and debit card payments; Computer software applications to track sales, expenses, and payments; computer software applications to allow users to perform electronic payment transactions; Encoded smart cards for accessing recorded and downloadable computer software for use in the field of finance; Computer communications software to allow customers to access financial account information, interact with payment providers, and transact business; personal finance software programs; Business finance software programs; Computer software for tracking and managing digital currency and virtual currency; Computer software for electronic

payments and money transfers; Computer software for investment management and tracking; Computer software for bill payment; Computer software for personal and small business financial management; computer software for management of payroll; computer software for online banking, transaction management, financial planning, financial management, bill tracking and management, expense tracking and management and accounting; bookkeeping software; computer software for creating reports and graphs; computer software for forecasting and analysis of financial data; accounting software; computer software for data aggregation, namely business and financial data compilation and analysis, via a global computer network; computer software for providing banking, financial and bill payment alerts; computer software for providing wireless access to data and databases, namely, computer software for providing user access to a global computer network; computer software for enabling users to retrieve financial account balances and financial transaction information using mobile phones, smart phones, and mobile telecommunication networks; invoicing software; Downloadable educational software containing topics of instruction in financial planning and financial management; software for analyzing financial data and generating reports; Computer software designed to estimate costs; Computer software for providing financial data, analysis, research, news and information related to financial markets; Downloadable software for mobile phones and computers for implementing and recording financial transactions in data networks; Downloadable software for mobile phones and computers to allow users to access their interactive banking services, debit card services; Point-of-sale electronic payment devices for payment with magnetically encoded cards; Point-of-sale register devices for payment with magnetically memory cards; Point-of-sale registers for receiving cash payments; NFC enabled devices for cashless payment systems; Cards incorporating electronic devices, namely flash drives or memory cards; Data storage devices namely hard drives and flash drives; Interfaces between application programs and firmware on real-time computers; Magnetic payment cards; Payment cards being magnetically encoded; Computer programs for simulating the trading in futures and options; blank tapes for storage of computer data; blank USB cards, blank USB flash drives, credit card-style USB flash drives

Class 16

(2) Newsletters relating to financial matters; Catalogues relating to computer software; Computer software operating manuals; Manuals for computer software; Computer program manuals; Computer program user manuals; Computer programme manuals; Computer programmes recorded in manuals; Computer programming manuals; Newsletters relating to banking matters; Financial newsletters; Newspapers relating to financial subjects; Manuals for computer programs; Printed computer program reference material; Printed computer program user manual; Printed computer programme documentation; Printed computer programme manuals; Computer programmes recorded in printed manuals; Printed computer programming manuals; Documents generated by computer programmes, namely, financial reports; Printed manuals relating to computer programmes; Materials, namely, instructional tutorials and trouble-shooting, bearing computer programmes in printed form; Printed matter relating to machine readable computer programs, namely, advertising, instructions, trouble-shooting; Printed publications regarding recorded and downloadable computer programs, namely, advertising, instructions, trouble-shooting; Forms for transactions relating to banking; Newsletters relating to banking matters; Printed forms relating to banking; Printed matter, namely, forms, information and guides relating to finance; Financial documents; Financial newsletters; Newspapers relating to financial subjects; Printed matter, namely, financial information guides regarding buying and selling currency; non-magnetic credit cards of plastic

Services

Class 35

(1) Providing business information in the field of finance and payment services via a website; Advice and information concerning commercial business management, providing information about business planning, providing information in the field of business administration, business information services related to taxes, providing business information related to blockchain technology and cryptocurrency; Web site traffic optimisation; Administration of customer loyalty programs, administration of a discount program for enabling participants to obtain discounts on goods and services; administration of customer loyalty programs, administration of a discount program for enabling participants to obtain discounts on goods and services; direct marketing services of the goods and services of others; direct marketing consultancy; advice in the field of business management and marketing; analysis of market research data and statistics; Business advice relating to marketing; consultancy and advisory services in the field of business marketing; Planning of marketing strategies; Preparation of reports for marketing; Product marketing; providing business marketing information for others; Providing access to a computer database in the field of commercial business information; management and compilation of computerized databases; Computerised database management; Database management; Maintaining data in databases; Systemization of information into computer databases; Updating and maintenance of data in computer databases; Updating data in databases; Advertising copywriting; production of advertising materials for others; Rental of advertising billboards; Rental of advertising space; Rental of advertising space on web sites

Class 36

(2) Providing information in the field of financial planning and financial investments via a website; Providing information in the field of financial information namely payments and collections, foreign exchange, credit and debit cards, card processing, payroll, business analytics, budget management, bill payments, invoicing, cash flow management, handling of crypto currencies, provision of high interest accounts via a website; Providing information in the field of financial information namely digital currency and virtual currency, electronic payments and money transfers, investment management and tracking, personal and small business financial management, online banking, financial transaction management, financial planning, financial management, bill tracking and management, expense tracking and management, bookkeeping, forecasting and analysis of financial data, accounting, financial data aggregation, namely business and financial data compilation and analysis, banking, financial and bill payment alerts, financial account balances and financial transaction information; Buying and selling currency; Currency exchange services; Provision of foreign currency; Provision of online currency exchange calculators; Foreign currency exchange services; electronic foreign exchange payment processing; Foreign exchange bureau services; Providing information relating to foreign exchange transaction; Conducting foreign exchange transactions for others; Agencies for the exchange of currency; Brokerage of currency; Credit card services; Issuance of credit cards; Issuing of credit cards; Processing of credit card statements; Provision of credit cards; Acceptance of bill payments, Bill payment services, Electronic bill payment, Electronic bill payments for others via the internet, Electronic payment, namely, electronic processing and transmission of bill payment data, Electronic purchase payment and electronic bill payment services, Payment administration services, Payment of bills and accounts for others, Payment transaction card services, Processing of debit card payments, Processing of payments for banks; Bill payment services provided through a web site, contactless payment services, digital wallet payment services, namely, the processing of electronic funds payment transactions from digital wallet accounts, electronic funds transfer, electronic transfer of funds, merchant services, namely, payment transaction processing services, payment gateway services, processing of credit card payments, processing of debit card payments; Payment

administration services; Payment of bills and accounts for others; Payment transaction card services; Processing of debit card payments; Processing of payments for banks; Card accessed banking services; Providing information, including online, about insurance, financial and monetary affairs and real estate affairs; Provision of financial information via an online calculator; Provision of online financial calculators; Electronic funds transfer communication services

Class 38

(3) Electronic exchange of messages using chat lines, chatrooms and Internet forums; Peer-to-peer network computer services, namely, electronic transmission of financial data over electronic communications networks; E-mail transmission services; Email transmission of data and documents via computer terminals; Text messaging services; Providing access to on-line forums for transmission of messages among computer users; Electronic transmission of computer data, information, pictures, images, audio and video to online forums, video broadcasting services over the Internet featuring the uploaded, posted and tagged video of others; Providing access to financial databases

Class 41

(4) Electronic desktop publishing; Publishing of books, magazines, journals, software, games, music and electronic publications; Providing online non-downloadable game software.

Class 42

(5) Hosting computer sites (web sites); Providing information on computer technology and programming via a web site; Web site design; Database design; Design of computer databases; Hosting of databases; Compilation of data-processing programs; Rental of data processing systems; Research and design in the field of computer data center architecture; Research and design in the field of computer networking; Research and design in the field of computers; Research in the field of computer software; Computer software design; Computer software engineering; Design of computer software; Development of computer software; Development of computer software application solutions; Development of computer software; Web hosting of software as a service (SAAS) for the operation of a small business, for tracking and managing digital currency and virtual currency, for electronic payments and money transfers, investment management and tracking, bill payment, for personal and small business financial management, for management of payroll, online banking, transaction management, financial planning, financial management, bill tracking and management, expense tracking and management and accounting, bookkeeping, creating reports and graphs, forecasting and analysis of financial data, accounting, data aggregation, namely business and financial data compilation and analysis, providing banking and financial and bill payment alerts, retrieving financial account balances and financial transaction, information and invoicing; Development of computer software application solutions; Application services provided (ASP), namely, hosting computer software applications of others; Information (IT) services, namely, technical consultation on computer hardware, software and peripherals design; Installation of computer software; Maintenance of computer software; Providing information, including online, about design and development of computer hardware and software; Software creation; Software engineering; Updating of computer software; Upgrading of computer software; Writing of computer software; application service provider (ASP) services featuring the hosting of computer software applications of others; application service provider (ASP) services featuring computer software and providing online non-downloadable software, namely, computer software for accessing, browsing and searching online financial databases; application service provider (ASP) featuring financial software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants; application service provider (ASP) services featuring computer software and providing online non-downloadable

software, namely, computer software for accessing, browsing and searching online databases; application service provider (ASP) services featuring the hosting of computer software applications of others; testing, analysis and evaluation of the services of others to determine conformity with industry standards; Creating indexes of online websites and information sources; Design and development of online calculators; Hosting of online calculators; Providing temporary use of online non-downloadable software for making financial models; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; graphic design of promotional materials; designing of packaging and wrapping materials; Providing user authentication services in e-commerce transactions

Class 45

(6) Software development in the framework of software publishing; Licensing of computer software (legal services)

Visual Representation

The image shows a handwritten trademark logo. The word "Las" is written in a cursive script, with the 'L' being particularly large and stylized. Below "Las", the word "Hamacas" is written in a similar cursive script, with a long vertical stroke extending from the 'H' down to the bottom of the page.

Foreign Character Translation

The translation provided by the applicant of the Spanish phrase LAS HAMACAS is HAMMOCKS.

Visual Representation

The image shows the word "Tweed" in a highly stylized, cursive script. The letters are thick and interconnected, with a dynamic, flowing appearance. The 'T' is particularly prominent, with a long, sweeping tail that underlines the rest of the word. The overall style is reminiscent of a classic, elegant brand mark.

Goods

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a fanciful image of the sun, where the rays of the sun and the right half of the face of the sun is yellow; where the top left portion of the face representing the nose is pink, the middle left portion of the face is green and the bottom left portion of the face is purple; where the outline of the face, the nose and the mouth are white. The colour green is claimed for the word TICONDEROGA. The word DIXON is in dark navy blue.

Goods

Class 16

Catalogs in the field of paper goods, arts and craft materials, classroom and office supplies, educational aids, early learning products, racks and dispensers for paper goods

Colour Claim

Colour is claimed as a feature of the trademark. The colors red, gold and white are claimed as a feature of the mark. The mark consists of a golden ribbon and the word «al alali» (Latin logo with Latin logo type and Arabic logo with Arabic logo type) within a red oval design. The al alali logo ribbon is in gold-gradient color and contains varying sizes of a lighter shade of gold-gradient triangles. The al alali logo oval has a red-gradient with two sidelong goldencrecepts. The al alali logo type is in white color with a dark red shade underneath it.

(1) Biochemicals, namely for in vitro genetic engineering use; biochemicals, namely for ex vivo genetic engineering use; biochemicals, namely precursors for in vitro genetic engineering use; biochemicals, namely precursors for ex vivo genetic engineering use; biological preparations, namely, for in vitro genetic engineering use; biological preparations, for ex vivo genetic engineering use; biological preparations, precursors for in vitro genetic engineering use; biological preparations, precursors for ex vivo genetic engineering use; biological tissue cultures for use in scientific research; biological preparations in the nature of human tissue and human body fluid, animal tissue and animal body fluid, cultures of microorganisms, tissue and enzymes for scientific and research use in the fields of nucleic acid sequencing, genotyping, diagnosing conditions and diseases, clinical research, drug development and manufacturing, drug development research, laboratory research, agriculture, forensics, food safety, and genetics, not for medical or veterinary purposes; chemical reagents for use in genetic research and genetic identity testing; chemical reagents, namely, for in vitro genetic engineering use; chemical reagents, for ex vivo genetic engineering use; chemical reagents, precursors for in vitro genetic engineering use; chemical reagents, precursors for ex vivo genetic engineering use; diagnostic preparations for medical-scientific research use; diagnostic preparations, namely, for in vitro genetic engineering use; diagnostic preparations, for ex vivo genetic engineering use; diagnostic preparations, precursors for in vitro genetic engineering use; diagnostic preparations, precursors for ex vivo genetic engineering use; immunoassay reagents for medical-scientific research use; immunoassay reagents, namely, for in vitro genetic engineering use; immunoassay reagents, for ex vivo genetic engineering use; immunoassay reagents, precursors for in vitro genetic engineering use; immunoassay reagents, precursors for ex vivo genetic engineering use; immunoassays based on polypeptides for determining immunological profile for scientific research; reagents for use in immunoserology; reagents, namely, for in vitro genetic engineering use; reagents, namely, for ex vivo genetic engineering use; reagents, namely, precursors for in vitro genetic engineering use; reagents, namely, precursors for ex vivo genetic engineering use

Class 05

(2) Biological preparations for veterinary and medical purposes, namely, for cell therapy; biological preparations for ex vivo gene engineering for medical purposes; biological preparations for cellular therapeutics; biological preparations for cellular therapy; biological preparations for cell therapy; biological preparations for treatment of diseases using cells; biological preparations for medical purposes, namely, for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; biological preparations for treatment of cancer; biological tissue cultures for medical purposes; diagnostic biomarker reagents for medical purposes; diagnostic preparation for veterinary and medical purposes, namely, for detecting cancer, allergies, autoimmune disease and biologic drug rejection; diagnostic preparation for in vitro testing for medical use; diagnostic preparations for clinical laboratory use; diagnostic preparations for medical laboratory use; immunoassay reagents for medical use; immunomodulators; immunostimulants; in vitro diagnostic preparation for medical use; mixed biological preparations for medical purposes for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; personalized viral antigens for medical diagnosis; personalized tumour antigens for medical diagnosis; personalized tumour vaccines; personalized human vaccines; pharmaceutical compositions with anti-inflammatory properties for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical compositions and substances with anti-inflammatory properties for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical compositions for the prevention of autoimmune conditions; pharmaceutical compositions for the prevention of autoimmune diseases; pharmaceutical compositions for the prevention of autoimmune disorders; pharmaceutical compositions for the prevention of oncological conditions; pharmaceutical compositions for the prevention of oncological disorders; pharmaceutical compositions for the prevention of oncological diseases; pharmaceutical compositions for the prevention of tumours; pharmaceutical compositions for the treatment of autoimmune conditions; pharmaceutical compositions for the treatment of autoimmune diseases; pharmaceutical compositions for the treatment of autoimmune disorders; pharmaceutical compositions for the treatment of oncological conditions; pharmaceutical compositions for the treatment of oncological diseases; pharmaceutical compositions for the treatment of oncological disorders; pharmaceutical compositions for the treatment of tumours; pharmaceutical preparations for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations and substances for the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations and substances for the prevention of cancer; pharmaceutical preparations and substances for the treatment of cancer; pharmaceutical preparations and substances for the treatment of gastro-intestinal diseases; pharmaceutical preparations and substances for use in oncology; pharmaceutical preparations and substances with anti-inflammatory properties for the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations for activating cellular function for the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations for human use in the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations for use in immunomodulation therapies; pharmaceutical preparations for medical purposes, namely, the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations for prevention of tumours; pharmaceutical preparations for regulating the immune system; pharmaceutical preparations for suppressing tumors; pharmaceutical preparations for the prevention of autoimmune conditions; pharmaceutical preparations for the prevention of autoimmune diseases; pharmaceutical preparations for the prevention of autoimmune disorders; pharmaceutical preparations for the prevention of diseases and disorders of the immune system, namely, autoimmune diseases and disorders and immunologic deficiency syndromes; pharmaceutical preparations for the prevention of oncological conditions;

pharmaceutical preparations for the prevention of oncological disorders; pharmaceutical preparations for the prevention of oncological diseases; pharmaceutical preparations for the treatment of autoimmune conditions; pharmaceutical preparations for the treatment of autoimmune diseases; pharmaceutical preparations for the treatment of autoimmune disorders; pharmaceutical preparations for the treatment of digestive diseases; pharmaceutical preparations for the treatment of gout; pharmaceutical preparations for the treatment of immune system related diseases and disorders, namely, autoimmune diseases and disorders and immunologic deficiency syndromes; pharmaceutical preparations for the treatment of oncological conditions; pharmaceutical preparations for the treatment of oncological diseases; pharmaceutical preparations for the treatment of oncological disorders; pharmaceutical preparations for the treatment of tumours; pharmaceutical preparations for treating arthritis; pharmaceutical preparations for treating gastrointestinal disorders; pharmaceutical preparations for treating malignant tumours; pharmaceutical preparations for treating rheumatological diseases; pharmaceutical preparations for treatment of cancer; pharmaceutical preparations for treatment of digestive system disorders; pharmaceutical preparations for treatment of tumours; pharmaceutical preparations for the treatment of blood disorders; pharmaceutical preparations for use in oncology; pharmaceutical preparations for use in organ transplantation; pharmaceutical preparations for use in tissue transplantation; preparations for detecting genetic predispositions for medical purposes; prophylactic vaccines for tumors; prophylactic human vaccines; reagents for use in medical genetic testing; tumour antigens for medical diagnosis; tumour prevention vaccines; human vaccines; vaccines for human use; human viral vaccines

Class 09

(3) Immunostaining instruments for scientific purposes

Class 10

(4) Apparatus for the diagnosis of autoimmune conditions; apparatus for ex vivo gene engineering; apparatus for cellular therapeutics; apparatus for cell therapy; apparatus for cellular therapy; apparatus for treatment of diseases using cells, namely, medical apparatus for use in cell therapy; apparatus for the diagnosis of autoimmune diseases; apparatus for the diagnosis of autoimmune disorders; apparatus for the diagnosis of inflammatory conditions; apparatus for the diagnosis of inflammatory diseases; apparatus for the diagnosis of inflammatory disorders; apparatus for the diagnosis of oncological conditions; apparatus for the diagnosis of oncological diseases; apparatus for the diagnosis of oncological disorders; apparatus for tumour diagnosis; diagnostic apparatus for medical purposes for testing antigen targets in cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection, and in providing targeting immune receptors for antigen targets in said diseases; diagnostic instruments for medical use for testing blood, urine or tissue specimen for the presence of genes associated with cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; diagnostic testing apparatus for use in immunoassay procedure (medical); genetic testing apparatus for medical purposes

Services

Class 42

(1) Research in the field of molecular biology; analysis of human serum for medical research; analysis of human tissues for medical research; biochemical research and analysis; biochemical research in the field of ex vivo gene engineering; biochemical research in the field of cellular therapeutics; biochemical research in the field of cell therapy; biochemical research in the field of cellular therapy; biochemical research in the field of treatment of diseases using cells; biological laboratory services, namely, genetic testing for scientific research purposes; biological clinical research and analysis and medical research in the fields of cancer, infectious disease, allergies,

autoimmune disease and biologic drug rejection; biological research and research laboratory services in the fields of cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; biological research, clinical research and medical research in the fields of cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; biomedical research services; biotechnology research; blood analysis services for scientific research purposes; cell separation research services; clinical trials; conducting clinical trials; conducting clinical trials for pharmaceutical products; conducting clinical trials in the field of autoimmune disease therapy; conducting clinical trials in the field of cancer therapy; conducting clinical trials in the field of gene therapy; contract research services relating to molecular biology sciences; DNA screening for scientific research purposes; genetic engineering services; genetic engineering services relating to plants; genetic research; genetic testing for scientific research purposes; laboratory scientific services, namely, preparation of biological samples for research purposes and preparation of biological samples for testing and analysis in research laboratories; laboratory research in the field of immunobiology; laboratory research in the field of gene expression, namely, cancer biology; laboratory research services in the field of pharmaceuticals; medical testing laboratory services; laboratory services relating to the production of monoclonal antibodies; medical and pharmacological research services; medical laboratory services for the analysis of blood samples taken from patients; medical research; medical research laboratory services; medical research services; pharmaceutical research and development; pharmaceutical research and development services; pharmaceutical research services; preparation of biological samples for analysis in research laboratories; preparation of biological samples for research purposes; preparation of biological samples for testing and analysis in research laboratories; research and development for the pharmaceutical industry; research and development in the field of biotechnology; research and development in the field of diagnostic preparations; research and development in the field of immunology; research and development in the pharmaceutical and biotechnology fields; research and development of new products for others; research and development of new products for third parties in the field of autoimmunity, cancer and rheumatoid heart disease; research and development of vaccines and medicines; research and development services in the field of antibodies; research and development services in the field of antibody technology; research and development services in the field of immunology; research and development services in the field of microorganisms and cells; research and development services relating to vaccines; research in the field of autoimmune disease; research in the field of gene therapy; research in the field of genetic engineering; research in the field of inflammatory diseases; research in the field of oncology; research laboratories in the field of immunobiology; medical research laboratory services; research of pharmaceuticals; research on the subject of pharmaceuticals; research relating to biotechnology; research relating to medicine; research relating to molecular biology; research relating to pharmaceuticals; research relating to medical science; research and development services in the field of immunology; scientific investigations for medical purposes; scientific research and analysis for medical purposes in the fields of identifying antigen targets in cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; scientific research and analysis in the field of immunobiology; scientific research and development, namely, medical product development services; scientific research for medical purposes; scientific research for medical purposes in the area of cancerous disease; scientific research in the field of genetics and genetic engineering; scientific research relating to biology; scientific research relating to cellular therapeutics; scientific research relating to genetics; scientific research relating to immunotherapeutics; scientific research relating to prophylactic vaccines; scientific research services in the field of immunobiology; scientific services relating to the isolation and cultivation of human tissue and cells; scientific testing services in the fields of identifying antigen targets in cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection, and in

providing targeting immune receptors for antigen targets in said diseases

Class 44

(2) Blood bank services; medical clinic services; therapy services, namely, T-cell therapy; blood banks; medical clinics; medical clinic services; medical health clinic services; medical care clinics; medical clinics; providing personalized therapy for treating cancer; providing personalized medical services for the treatment of cancer, autoimmune diseases, infectious diseases, inflammatory diseases, allergies, and biologic drug rejection; provision of medical services for the treatment of cancer, autoimmune diseases, infectious diseases, inflammatory diseases, allergies, and biologic drug rejection; medical testing services relating to the diagnosis and treatment of disease; medical testing services relating to ex vivo gene engineering; medical testing services relating to cellular therapeutics; medical testing services relating to cell therapy; medical testing services relating to cellular therapy; medical services relating to the removal, treatment and processing of human blood; medical services for the treatment of cancer, autoimmune disease and inflammatory disease; medical services for the treatment of conditions of the human body, namely, diabetes, cancer, allergies, autoimmune disease and biologic drug rejection; medical screening services relating to oncological disease, autoimmune disease and inflammatory disease; medical care and analysis services relating to patient treatment; medical diagnostic services; medical health risk assessment services; medical laboratory services for the analysis of samples taken from patients; medical laboratory services for the analysis of blood samples taken from patients; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; medical analysis services relating to the treatment of persons and patients, namely, for diagnosis and treatment of cancer, autoimmune diseases, infectious diseases, inflammatory diseases, allergies, and biologic drug rejection; medical analysis services for the diagnosis of cancer; medical analysis services for cancer diagnosis and prognosis; medical and healthcare services as medical genetic testing; medical services in the field of oncology; genetic testing for medical purposes

Standard Characters

Goods

Class 05

(1) Prepared food kits composed of prepackaged foods ready for cooking, assembly in a meal, or consumption, namely, food kits primarily composed of powdered nutritional supplement drink mixes for general health and well-being

Class 29

(2) Soups; dried beans; snack mix consisting of dehydrated fruit; prepared emergency food kits ready for cooking and assembly as a meal, namely, food kits composed primarily of dehydrated meat and poultry, which is combined with vegetables, pastas, rice, beans, and oatmeal, and also contains sauces or seasonings; dehydrated mashed potatoes; dry whey; whey; prepackaged survival preparedness foods, namely, prepared food kits composed of meat and poultry, served with pasta, rice and vegetables, also including soups, eggs, butter, freeze dried fruits, vegetables, and sauces and seasonings, ready for cooking and assembly as a meal to be used for emergency purposes.

Class 30

(3) Baking mixes, namely, bread mixes, muffin mixes, pancake mixes, instant pudding mixes, dessert pudding mixes, and brownie mixes; frozen, frosted, preserved, processed, dried, cooked, and crystallized pasta and rice mixes, namely, packaged meal mixes consisting primarily of pasta and rice; rolled oats; powdered dehydrated honey; oatmeal; prepared food kits composed of prepackaged foods ready for cooking, assembly in a meal, and consumption, namely, food kits primarily composed of cake mixes, brownie mixes, muffin mixes, instant pancake mixes, instant pudding mixes, ready-to-eat cereals, breakfast cereals, sugar, dairy and non-dairy creamers for beverages, freeze-dried fruit, and powdered nutritional supplement drink mixes for general health and well-being; coffee; farina; powdered dehydrated honey sold as a unit with powdered dehydrated butter.

Visual Representation

Trademark Description

The mark consists of a stylized representation of the letter "C" in orange against an orange background.

Colour Claim

Colour is claimed as a feature of the trademark. The color(s) orange is/are claimed as a feature of the mark. The mark consists of a stylized representation of the letter "C" in orange against an orange background.

Goods

Class 09

(1) Computer software for the autonomous driving of motor vehicles; computer software for autonomous vehicle navigation, steering, calibration, and management; computer software for providing and managing transportation services, namely, software for scheduling and dispatching autonomous vehicles to passengers; computer software for management of transportation rideshare and ride hailing services; computer software used in the field of transportation, shipping and delivery services for dispatching, tracking and managing delivery of goods; computer software

for providing and managing delivery of consumer goods, food, and groceries; downloadable mobile applications for scheduling and booking transportation and delivery of goods; downloadable mobile applications for scheduling and booking delivery of consumer goods, food, and groceries; computer software for visualization, manipulation, and integration of digital graphics and images; computer software for the integration of artificial intelligence, machine learning, and deep learning of Big Data in relation to transportation, shipping and delivery services; computer software for vehicle fleet management and operations; computer software for use in operating and calibrating LiDAR; downloadable open source software for use in management of data relating to sales transactions, orders and shipment of orders in relation to goods; LiDAR detectors for the measurement of distance and detection of objects; laser object detectors for use on vehicles; laser object detectors for sensing distance to objects; laser detectors for the measurement of distances; lasers for measuring distance for navigational purposes; vehicle sensors in the nature of sensors for measuring the presence of objects in the environment and the speed, trajectory, and heading of objects; sensors for determining position, velocity, direction, and acceleration of land vehicles; navigation apparatus for vehicles in the form of on-board computers; navigational apparatus for vehicles in the form on on-board computers and software for GPS systems; vehicle detection electronics in the nature of monitoring devices for vehicles, namely, global positioning system (GPS) receivers and sensors for monitoring vehicle functions, the presence of objects in the environment, and the speed, trajectory, and heading of objects.

Class 12

(2) Autonomous and semi-autonomous motor vehicles namely automobiles, trucks, vans and structural parts thereof.

Services

Class 35

(1) Business information services namely analysing and preparing business intelligence and analytics; business information services namely business intelligence and analytics in the field of transportation, energy, utilities and insurance; compiling and analyzing statistics, and data namely business intelligence and analytics for business purposes; business information management and business strategic planning services in the technology industry; statistical analysis and reporting services for business purposes; providing business intelligence services; business advisory and consulting services relating to business intelligence and analytics in the field of transportation, energy, utilities and insurance; fleet management services in the nature of tracking, locating, and monitoring of fleet vehicles for commercial purposes.

Class 39

(2) Providing transportation, ride sharing, ride hailing, and delivery services by autonomous vehicles; providing market research data in the fields of transportation, energy, and utilities; land transportation of goods and passengers by car, truck or van and bookings for transportation of goods and passengers by car, truck or van, land transportation of goods and passengers by autonomous vehicles; land transportation of passengers by autonomous vehicles; delivery of goods by vehicles; delivery of goods by autonomous vehicles; food, grocery, and package delivery services; supply chain logistics and reverse logistics services, namely, storage, land transportation, and delivery of goods for others by car, truck or van; car rental.

Class 42

(3) Providing online non-downloadable software for the autonomous driving of motor vehicles; providing online non-downloadable software for autonomous vehicle navigation, steering, calibration, and management; providing online non-downloadable software for providing and

managing transportation services, namely, software for scheduling and dispatching autonomous vehicles to passengers; providing online non-downloadable software for management of transportation rideshare and ride hailing services; providing online non-downloadable software used in the field of transportation, shipping and delivery services for dispatching, tracking and managing delivery of goods; providing online non-downloadable software for providing and managing delivery of consumer goods, food, and groceries; providing online non-downloadable software for visualization, manipulation, and integration of digital graphics and images; providing online non-downloadable software for the integration of artificial intelligence, machine learning, and deep learning of Big Data in relation to transportation, shipping and delivery services; providing online non-downloadable software for vehicle fleet management and operations; providing online non-downloadable software for use in operating and calibrating LiDAR; providing online non-downloadable software used for analyzing market research data in the fields of transportation, energy, utilities and insurance; providing online non-downloadable software used for data analytics in the field of transportation fleet management; providing online non-downloadable open source software for use in management of market research data; land and road surveying; land and road surveying services and collection and analysis of data obtained in connection therewith; mapping services; research and development into autonomous vehicles.

Colour Claim

Colour is claimed as a feature of the trademark. The color turquoise is claimed as a feature of the mark. The mark consists of the word "ANOCCA" in turquoise to the right of which is a turquoise circular design with two white vertical curved lines between which is a white circle with a white horizontal curved line below the circle. We note that the color white is not claimed as a feature of the mark.

Goods

Class 01

(1) Biochemicals, namely for in vitro genetic engineering use; biochemicals, namely for ex vivo genetic engineering use; biochemicals, namely precursors for in vitro genetic engineering use; biochemicals, namely precursors for ex vivo genetic engineering use; biological preparations, namely, for in vitro genetic engineering use; biological preparations, for ex vivo genetic engineering use; biological preparations, precursors for in vitro genetic engineering use; biological preparations, precursors for ex vivo genetic engineering use; biological tissue cultures for use in scientific research; biological preparations in the nature of human tissue and human body fluid, animal tissue and animal body fluid, cultures of microorganisms, tissue and enzymes for scientific and research use in the fields of nucleic acid sequencing, genotyping, diagnosing conditions and diseases, clinical research, drug development and manufacturing, drug development research, laboratory research, agriculture, forensics, food safety, and genetics, not for medical or veterinary purposes; chemical reagents for use in genetic research and genetic identity testing; chemical reagents, namely, for in vitro genetic engineering use; chemical reagents, for ex vivo genetic engineering use; chemical reagents, precursors for in vitro genetic engineering use; chemical reagents, precursors for ex vivo genetic engineering use; diagnostic preparations for medical-scientific research use; diagnostic preparations, namely, for in vitro genetic engineering use; diagnostic preparations, for ex vivo genetic engineering use; diagnostic preparations, precursors for in vitro genetic engineering use; diagnostic preparations, precursors for ex vivo genetic

engineering use; immunoassay reagents for medical-scientific research use; immunoassay reagents, namely, for in vitro genetic engineering use; immunoassay reagents, for ex vivo genetic engineering use; immunoassay reagents, precursors for in vitro genetic engineering use; immunoassay reagents, precursors for ex vivo genetic engineering use; immunoassays based on polypeptides for determining immunological profile for scientific research; reagents for use in immunoserology; reagents, namely, for in vitro genetic engineering use; reagents, namely, for ex vivo genetic engineering use; reagents, namely, precursors for in vitro genetic engineering use; reagents, namely, precursors for ex vivo genetic engineering use

Class 05

(2) Biological preparations for veterinary and medical purposes, namely, for cell therapy; biological preparations for ex vivo gene engineering for medical purposes; biological preparations for cellular therapeutics; biological preparations for cellular therapy; biological preparations for cell therapy; biological preparations for treatment of diseases using cells; biological preparations for medical purposes, namely, for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; biological preparations for treatment of cancer; biological tissue cultures for medical purposes; diagnostic biomarker reagents for medical purposes; diagnostic preparation for veterinary and medical purposes, namely, for detecting cancer, allergies, autoimmune disease and biologic drug rejection; diagnostic preparation for in vitro testing for medical use; diagnostic preparations for clinical laboratory use; diagnostic preparations for medical laboratory use; immunoassay reagents for medical use; immunomodulators; immunostimulants; in vitro diagnostic preparation for medical use; mixed biological preparations for medical purposes for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; personalized viral antigens for medical diagnosis; personalized tumour antigens for medical diagnosis; personalized tumour vaccines; personalized human vaccines; pharmaceutical compositions with anti-inflammatory properties for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical compositions and substances with anti-inflammatory properties for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical compositions for the prevention of autoimmune conditions; pharmaceutical compositions for the prevention of autoimmune diseases; pharmaceutical compositions for the prevention of autoimmune disorders; pharmaceutical compositions for the prevention of oncological conditions; pharmaceutical compositions for the prevention of oncological disorders; pharmaceutical compositions for the prevention of oncological diseases; pharmaceutical compositions for the prevention of tumours; pharmaceutical compositions for the treatment of autoimmune conditions; pharmaceutical compositions for the treatment of autoimmune diseases; pharmaceutical compositions for the treatment of autoimmune disorders; pharmaceutical compositions for the treatment of oncological conditions; pharmaceutical compositions for the treatment of oncological diseases; pharmaceutical compositions for the treatment of oncological disorders; pharmaceutical compositions for the treatment of tumours; pharmaceutical preparations for the treatment of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations and substances for the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations and substances for the prevention of cancer; pharmaceutical preparations and substances for the treatment of cancer; pharmaceutical preparations and substances for the treatment of gastro-intestinal diseases; pharmaceutical preparations and substances for use in oncology; pharmaceutical preparations and substances with anti-inflammatory properties for the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations for activating cellular function for the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations for human use in the treatment and prevention of cancer, allergies,

autoimmune disease and biologic drug rejection; pharmaceutical preparations for use in immunomodulation therapies; pharmaceutical preparations for medical purposes, namely, the treatment and prevention of cancer, allergies, autoimmune disease and biologic drug rejection; pharmaceutical preparations for prevention of tumours; pharmaceutical preparations for regulating the immune system; pharmaceutical preparations for suppressing tumors; pharmaceutical preparations for the prevention of autoimmune conditions; pharmaceutical preparations for the prevention of autoimmune diseases; pharmaceutical preparations for the prevention of autoimmune disorders; pharmaceutical preparations for the prevention of diseases and disorders of the immune system, namely, autoimmune diseases and disorders and immunologic deficiency syndromes; pharmaceutical preparations for the prevention of oncological conditions; pharmaceutical preparations for the prevention of oncological disorders; pharmaceutical preparations for the prevention of oncological diseases; pharmaceutical preparations for the treatment of autoimmune conditions; pharmaceutical preparations for the treatment of autoimmune diseases; pharmaceutical preparations for the treatment of autoimmune disorders; pharmaceutical preparations for the treatment of digestive diseases; pharmaceutical preparations for the treatment of gout; pharmaceutical preparations for the treatment of immune system related diseases and disorders, namely, autoimmune diseases and disorders and immunologic deficiency syndromes; pharmaceutical preparations for the treatment of oncological conditions; pharmaceutical preparations for the treatment of oncological diseases; pharmaceutical preparations for the treatment of oncological disorders; pharmaceutical preparations for the treatment of tumours; pharmaceutical preparations for treating arthritis; pharmaceutical preparations for treating gastrointestinal disorders; pharmaceutical preparations for treating malignant tumours; pharmaceutical preparations for treating rheumatological diseases; pharmaceutical preparations for treatment of cancer; pharmaceutical preparations for treatment of digestive system disorders; pharmaceutical preparations for treatment of tumours; pharmaceutical preparations for the treatment of blood disorders; pharmaceutical preparations for use in oncology; pharmaceutical preparations for use in organ transplantation; pharmaceutical preparations for use in tissue transplantation; preparations for detecting genetic predispositions for medical purposes; prophylactic vaccines for tumors; prophylactic human vaccines; reagents for use in medical genetic testing; tumour antigens for medical diagnosis; tumour prevention vaccines; human vaccines; vaccines for human use; human viral vaccines

Class 09

(3) Immunostaining instruments for scientific purposes

Class 10

(4) Apparatus for the diagnosis of autoimmune conditions; apparatus for ex vivo gene engineering; apparatus for cellular therapeutics; apparatus for cell therapy; apparatus for cellular therapy; apparatus for treatment of diseases using cells, namely, medical apparatus for use in cell therapy; apparatus for the diagnosis of autoimmune diseases; apparatus for the diagnosis of autoimmune disorders; apparatus for the diagnosis of inflammatory conditions; apparatus for the diagnosis of inflammatory diseases; apparatus for the diagnosis of inflammatory disorders; apparatus for the diagnosis of oncological conditions; apparatus for the diagnosis of oncological diseases; apparatus for the diagnosis of oncological disorders; apparatus for tumour diagnosis; diagnostic apparatus for medical purposes for testing antigen targets in cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection, and in providing targeting immune receptors for antigen targets in said diseases; diagnostic instruments for medical use for testing blood, urine or tissue specimen for the presence of genes associated with cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; diagnostic testing apparatus for use in immunoassay procedure (medical); genetic testing apparatus for medical purposes

Services**Class 42**

(1) Research in the field of molecular biology; analysis of human serum for medical research; analysis of human tissues for medical research; biochemical research and analysis; biochemical research in the field of ex vivo gene engineering; biochemical research in the field of cellular therapeutics; biochemical research in the field of cell therapy; biochemical research in the field of cellular therapy; biochemical research in the field of treatment of diseases using cells; biological laboratory services, namely, genetic testing for scientific research purposes; biological clinical research and analysis and medical research in the fields of cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; biological research and research laboratory services in the fields of cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; biological research, clinical research and medical research in the fields of cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection; biomedical research services; biotechnology research; blood analysis services for scientific research purposes; cell separation research services; clinical trials; conducting clinical trials; conducting clinical trials for pharmaceutical products; conducting clinical trials in the field of autoimmune disease therapy; conducting clinical trials in the field of cancer therapy; conducting clinical trials in the field of gene therapy; contract research services relating to molecular biology sciences; DNA screening for scientific research purposes; genetic engineering services; genetic engineering services relating to plants; genetic research; genetic testing for scientific research purposes; laboratory scientific services, namely, preparation of biological samples for research purposes and preparation of biological samples for testing and analysis in research laboratories; laboratory research in the field of immunobiology; laboratory research in the field of gene expression, namely, cancer biology; laboratory research services in the field of pharmaceuticals; medical testing laboratory services; laboratory services relating to the production of monoclonal antibodies; medical and pharmacological research services; medical laboratory services for the analysis of blood samples taken from patients; medical research; medical research laboratory services; medical research services; pharmaceutical research and development; pharmaceutical research and development services; pharmaceutical research services; preparation of biological samples for analysis in research laboratories; preparation of biological samples for research purposes; preparation of biological samples for testing and analysis in research laboratories; research and development for the pharmaceutical industry; research and development in the field of biotechnology; research and development in the field of diagnostic preparations; research and development in the field of immunology; research and development in the pharmaceutical and biotechnology fields; research and development of new products for others; research and development of new products for third parties in the field of autoimmunity, cancer and rheumatoid heart disease; research and development of vaccines and medicines; research and development services in the field of antibodies; research and development services in the field of antibody technology; research and development services in the field of immunology; research and development services in the field of microorganisms and cells; research and development services relating to vaccines; research in the field of autoimmune disease; research in the field of gene therapy; research in the field of genetic engineering; research in the field of inflammatory diseases; research in the field of oncology; research laboratories in the field of immunobiology; medical research laboratory services; research of pharmaceuticals; research on the subject of pharmaceuticals; research relating to biotechnology; research relating to medicine; research relating to molecular biology; research relating to pharmaceuticals; research relating to medical science; research and development services in the field of immunology; scientific investigations for medical purposes; scientific research and analysis for medical purposes in the fields of identifying antigen targets in cancer,

infectious disease, allergies, autoimmune disease and biologic drug rejection; scientific research and analysis in the field of immunobiology; scientific research and development, namely, medical product development services; scientific research for medical purposes; scientific research for medical purposes in the area of cancerous disease; scientific research in the field of genetics and genetic engineering; scientific research relating to biology; scientific research relating to cellular therapeutics; scientific research relating to genetics; scientific research relating to immunotherapeutics; scientific research relating to prophylactic vaccines; scientific research services in the field of immunobiology; scientific services relating to the isolation and cultivation of human tissue and cells; scientific testing services in the fields of identifying antigen targets in cancer, infectious disease, allergies, autoimmune disease and biologic drug rejection, and in providing targeting immune receptors for antigen targets in said diseases

Class 44

(2) Blood bank services; medical clinic services; therapy services, namely, T-cell therapy; blood banks; medical clinics; medical clinic services; medical health clinic services; medical care clinics; medical clinics; providing personalized therapy for treating cancer; providing personalized medical services for the treatment of cancer, autoimmune diseases, infectious diseases, inflammatory diseases, allergies, and biologic drug rejection; provision of medical services for the treatment of cancer, autoimmune diseases, infectious diseases, inflammatory diseases, allergies, and biologic drug rejection; medical testing services relating to the diagnosis and treatment of disease; medical testing services relating to ex vivo gene engineering; medical testing services relating to cellular therapeutics; medical testing services relating to cell therapy; medical testing services relating to cellular therapy; medical services relating to the removal, treatment and processing of human blood; medical services for the treatment of cancer, autoimmune disease and inflammatory disease; medical services for the treatment of conditions of the human body, namely, diabetes, cancer, allergies, autoimmune disease and biologic drug rejection; medical screening services relating to oncological disease, autoimmune disease and inflammatory disease; medical care and analysis services relating to patient treatment; medical diagnostic services; medical health risk assessment services; medical laboratory services for the analysis of samples taken from patients; medical laboratory services for the analysis of blood samples taken from patients; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; medical analysis services relating to the treatment of persons and patients, namely, for diagnosis and treatment of cancer, autoimmune diseases, infectious diseases, inflammatory diseases, allergies, and biologic drug rejection; medical analysis services for the diagnosis of cancer; medical analysis services for cancer diagnosis and prognosis; medical and healthcare services as medical genetic testing; medical services in the field of oncology; genetic testing for medical purposes

Class 09

(1) Electrical gang boxes; programmable electronic computer operating software and programmable controllers for home security alarm monitoring and home security alarm event management and parts therefor, fire alarm installations, video surveillance installations; remote controls for the electronic monitoring of burglar alarms; electric anti-theft alarms; electronic door alarms, electronic window alarms and electric locksets being programmable locking systems consisting of electronic cylindrical locksets and keypads; smart home devices for building and home automation consisting of computer hardware, wireless and wired controllers, and downloadable software for automating the operation of kitchen appliances, light fixtures, HVAC systems, security alarms, electrical power switches; perimeter monitoring apparatus, namely security alarm monitors; cameras; fire alarms; water detectors; smoke alarms; motion sensor; glass breakage detectors; vibration detectors; electronic access control systems for interlocking doors; electric and electronic door and window locks and specially adapted structural parts therefor; electric and electronic keys, namely, electronic key fobs being remote control apparatus, USB computer security key, electronic key cards; electronic locks comprising fingerprint readers; Electronic locks comprising biometric fingerprint scanners; electronic biometric access control systems for interlocking doors; facial recognition apparatus, namely, optical character recognition apparatus, iris recognition systems, biometric hand scanners, biometric retinal scanners; biometric vein pattern recognition systems; gesture control apparatus, namely gesture recognition software and biometric gesture recognition systems; speech recognition apparatus, namely, speech recognition software and biometric speech recognition systems; movement pattern recognition apparatus, namely, biometric movement recognition software and biometric movement pattern recognition systems; electronic wireless door and window locks; automatic controllers for revolving doors; automatic controllers for security doors; radiocommunication apparatus, namely, radio sets, radio relay cables, short range radios; telephony apparatus being telephones and smart phones; integrated circuits; magnetic encoders being magnetically encoded card programmers and card readers; apparatus for the recording, transmission and reproduction of data, sound or images namely, computers, laptop computers, tablet computers, smart phones, telephones, voice

recorders, computer monitors, video cameras, webcams; data-processing equipment namely central processing units, computer chipsets for use in transmitting data to and from a central processing unit, computer motherboards, computer daughterboards, computer graphics boards, computer expansion boards, circuit boards, cables for electrical signal transmission systems, modems, computer hardware, word processors, computer memory expansion modules, computer monitors, computer operating systems, computer styluses, computer terminals, computer touch screens, external computer hard drives, supercomputers, smartphones, and computers; peripherals adapted for use with computers namely docking stations and port replicators, headsets and headset adapters, computer keyboards and computer mice, VoIP telephone adapters, computer speakers, printers, scanners, multimedia projectors; magnetic data media, namely, blank magnetic discs; encoded magnetic key cards; blank smart cards; smoke detectors; magnifying peepholes for doors; electronic integrated circuit modules for speech recognition and electrical relays for integrated circuit modules; radio programming apparatus being radio station microwave receivers and electric relay modules; panic buttons for electrical and electronic burglar alarms; magnetic contacts for door and window alarms; electric switch contacts being switch actuators and stationary contacts for power switches; magnetic switch contacts being reed switches for door and window ajar sensors; storage batteries; electric cables and distributors, namely, distribution boxes for electrical power, distribution transformers, electricity distribution consoles; recorded operating programs for data processing equipment namely for computers, central processing units, modems, computer hardware, word processors, computer memory expansion modules, computer monitors, computer styluses, computer terminals, computer touch screens, external computer hard drives, supercomputers, and smartphones; recorded software for operating and controlling electric and electronic video surveillance installations, burglar alarms and electronic lock assemblies; downloadable home and building automation software to control internet enabled light fixtures, burglar alarms and intruder alarms; downloadable application software for mobile devices for the remote control and operation of video surveillance installations, door and window alarms, door and window locks, and to upload and send video surveillance footage; interactive computer mobile application software that enables users to connect remotely with their vehicles to access vehicle information and control functions; downloadable cloud computing software for running cloud computing based applications for the remote control and operation of video surveillance installations, door and window alarms, door and window locks, and to upload and send video surveillance footage; computer software for interpreting fingerprints or palm prints; facial recognition, vein pattern recognition, gesture control, voice recognition and movement pattern recognition software; software for the remote operation of electronic access control systems for interlocking doors via a global computer network, by wireless telephone network, and by radio transmission; software for downloading mobile application programs and for the remote programming, control, monitoring, and management of electronic door and window locks and electronic access control systems for interlocking doors via global computer network, wireless telephone network and radio transmission; downloadable software for smart home devices, namely software for the operation and control of building and home automation systems being biometric voice recognition systems, biometric facial recognition systems, biometric vein pattern recognition systems, biometric gesture control systems and biometric movement pattern recognition systems; Downloadable software for programming, control, monitoring, and management of electronic door and window locks and electronic access control systems for interlocking doors; recorded computer programs and software for the operation and control of video surveillance installations, home burglar and intruder alarms, electronic home door and window locks, and for the operation and control of home automation systems being biometric voice recognition systems, biometric facial recognition systems, biometric vein pattern recognition systems, biometric gesture control systems and biometric movement pattern recognition systems;

downloadable software for the operation and control of home video surveillance installations, home burglar and intruder alarms, home electronic door and window locking systems and house automation applications to operate and control lighting fixtures, burglar and intruder alarms, and for the operation and control of home automation windows, gates, doors, and locks; downloadable mobile phone applications to enable the purchase, sale, management and viewing of digital assets being photos, third-party videos, computer files, word documents, PDF documents and presentations containing virtual computer software for data security; downloadable computer software for data security to be used with distributed ledgers of blockchain transactions, digital currency and virtual currency exchange, and for managing digital assets; downloadable media namely, downloadable computer security graphics for user verification and authentication, downloadable graphics for mobile phones; downloadable representations of digital assets, namely, downloadable photos containing computer security graphics for user verification and authentication; protection devices for personal use against accidents, namely, gloves for protection against accidents, flashing helmet safety lights, nets for protection against accidents; protective clothing, namely, clothing for protection against accidents, irradiation and fire; head protection, namely, safety helmets; fire extinguishers; fire-extinguishing sprays being fire extinguishing preparations and fire extinguishing compositions; temperature sensors and temperature detectors for roller blinds; motion sensors, proximity sensors, brightness sensors, temperature sensors, gas pollutant sensors for use on semiconductors, using infrared waves, radio waves, and microwaves, and signal processors therefor; distance sensors; commutators being a rotary electrical switch; finger switches for users with limited mobility to operate and control home video surveillance installations, home burglar and intruder alarms, home electronic door and window locking systems and house automation applications to operate and control lighting fixtures, windows, gates, doors, and locks; key-operated power switches; switches for garage door drives, door drives, swing gate drives, sliding door drives, sectional gate drives, rolling gate drives, external gate drives or articulated arm drives; roller shutter switches; awning switches; encoded switches for garage door drives, door drives, swing gate drives, sliding door drives, sectional gate drives, rolling gate drives, external gate drives or articulated arm drives, roller shutters and awnings; wireless encoded switches for garage door drives, door drives, swing gate drives, sliding door drives, sectional gate drives, rolling gate drives, external gate drives or articulated arm drives, roller shutters and awnings; light switches; radio receiving tuners; time switches, automatic; radio transmitters; telephone transmitters; wireless radio transmitters; wireless telephone transmitters; electrical radio transmitters; electrical telephone transmitters; optical transmitters; transmitters for transmitting signals to garage door drives, door drives, swing door drives, sliding door drives, sectional gate drives, rolling gate drives, external gate drives or articulated arm drives; electric, electronic, thermal and programmable controllers for doors and windows; electrical controls for roller blinds; radio antennas, car antennas, cell phone antennas, microwave antennas, dish antennas, panel antennas, parabolic antennas, satellite antennas; electrical sockets, electrical plugs, and electrical contacts for use in circuit breakers, electric relays and power switches; radio-controlled electric sockets; electric window contacts; electrical transducers; remote controls for radios; smart home programmable radio transmitters and radio receivers for remote controls; programmable remote controllers for electric fans, for lighting systems, televisions, stereos, for kitchen refrigerators, stoves, microwaves, coffee makers, dishwashers; programmable remote controllers for household technology being climate control digital thermostats, doorbell cameras, security cameras, laundry washers and dryers; electronic ballasts for electric lighting apparatus, for emergency warning lights, for motion sensitive security lights, for housing burglar and fire alarms, and for housing home automation system hardware and software, as well as wireless and wired controllers, for the automation of lighting fixtures, HVAC systems, security cameras, and electrical power switches; photovoltaic cells and photovoltaic installations for generating solar electricity; sensors for

automatically tracking the sun's position; industrial automation controllers for the operation of electrical power switches and security surveillance systems; electrically operated converters; light diodes; rotating signalling lights; flameless light-emitting diodes.

Class 11

(2) Lighting lamps being lighting fixtures; electric lamps; LED lamps; electric lamps for electrical installations; halogen lamps; projector lamps being laser light projectors and LED light projectors; safety lamps for underground use; illuminant lamps for laser light projectors; reading lights; electrical lamps for indoor lighting; lamps for outdoor use being led landscape lights; stroboscopic lamps [light effects]; strobe lights [light effects]; fluorescent lamps; solar lamps; portable oil lamps; portable gas lamps; portable electric lamps; portable solar powered lamps; LED safety lamps for underground use; portable hand lamps namely oil lamps, gas lamps, electric lamps, solar powered lamps; solar powered lamps; full spectrum light sources, namely, LED luminaires; electric night lights; floor lamps; street lamps; reflector lamps being spotlights and floodlights; lamps for vehicle lighting; motor vehicle lamps; lamps for directional signals of automobiles; turn sign-board lamps for motor vehicles; luminaires; LED luminaires; LED lighting fixtures; lighting fixtures, namely recessed lights; electrically operated lighting fixtures and accumulator lamps; lights for vehicles; bicycle lights; motorcycle lights; vehicle lighting and lighting reflectors; helmet lights; light emitting diode lights for automobiles; emergency lighting fixtures with battery pack back-up; lamps for emergency lighting fixtures; emergency lighting fixtures with single batteries; fixed general-purpose lighting fixtures; fixed garden lights; portable general-purpose battery operated tea lights, flashlights and lanterns; portable pocket lamps for children; electric hand lamps; built-in floor lights; LED landscape lights; spotlights and floodlights for use with security systems; opaque casings for lights; luminous house numbers; lamp holders, namely, lamp shade holders; lamp glasses; lamp reflectors; lamp shades; filters for use with electric lamps; bases adapted for the mounting of lamps being lamp bases; direction indicators for cycles, namely, directional lights for bicycles; reflectors for vehicles; vehicle headlamps; headlamps for use on motor cycles; headlamps for use on bicycles; pocket search lights; spot lights for household illumination; electric lighting fixtures; light bulbs, electric; incandescent lamps; LED light bulbs; filament lamps for household use and similar general lighting purposes being incandescent lamps; halogen light bulbs; fluorescent lamp tubes; fluorescent luminaires for architectural lighting; fluorescent luminaires for stage lighting; fluorescent electric light bulbs; electric torches for lighting; LED flashlights; solar powered torches for lighting; electric flashlights utilising electric rechargeable devices; light sources of electro luminescence namely lighting fixtures, outdoor landscape lighting and nightlights; self-luminous light sources namely lighting fixtures, outdoor landscape lighting and nightlights; light sources being outdoor landscape lighting; LED light strips; LED candles; LED lighting assemblies for illuminated signs; light-emitting diodes [LED] lighting fixtures; bicycle dynamo lights; battery-operated night lights; electric fairy lights for festive decoration; industrial lighting fixtures; outdoor electrical lighting fixtures; lighting elements for buildings, namely, lighting fixtures, lights for illuminating stairs, doors, wall mounted lights, ceiling lights, outdoor floodlights; indoor electrical lighting fixtures; lighting fixtures for commercial use; lighting fixtures for household use.

Services

Class 36

(1) Insurance underwriting; insurance and financial affairs relating to legal assistance, fraud, robbery, theft, violence, price protection, health, healthcare and hospital stays, namely, insurance claims processing, insurance claims administration, financial analysis; insurance and financial affairs relating to electrical engineering, plumbing, locksmithing, pest control and relating to air conditioning installations, and with regard to breakdown services, car breakdowns, rental of cars,

rental of vehicles and travel using vehicles, namely, insurance claims processing, arranging and provision of credit, loans, insurance, currency exchange and travellers cheques, providing vehicle insurance rate quotes; underwriting of motor accident insurance; financial affairs namely, financial analysis, financial securities brokerage services, financial administration of retirement plans; monetary affairs namely, monetary exchange, acceptance of monetary charitable contributions, electronic funds transfer; leasing, financing and insurance relating to security solutions, namely, financial analysis, cheque verification services, insurance claims processing, and lease-purchase financing for IT equipment, computer software, automobiles and security hardware; processing of electronic payments, namely, electronic funds transfer, automated financial clearing house services, processing of credit card payments, processing of debit card payments, electronic check payment guarantee services and electronic payment gateway services; processing payments for the purchase of goods and services via an electronic communications network; bank card, credit card, debit card and electronic payment card services; electronic processing payments made by charge cards.

Class 38

(2) Telecommunications services, namely, electronic exchange of messages using chat lines, chatrooms and Internet forums, electronic mail and mailbox services, electronic transmission of digital photo files via a peer-to-peer network, internet access provider services, communication by telephone, communication by smart phone, email and facsimile transmission services, instant messaging services, network conferencing, and information and advisory services therefor; providing access to a website providing users with secure access to mobile applications over private computer networks, and information and advisory services therefor; providing access to data on the Internet, namely, providing high speed access to the Internet, and information and advisory services therefor; providing access to electronic databases; providing access to connectivity services and access to electronic communications networks for the transmission or reception of digital files and in particular audio, image or multimedia content on the Internet, namely, personal communication services (PCS), providing access to a video sharing portal, and information and advisory services therefor; providing Internet access, namely, providing access to websites having digital files, and information and advisory services therefor; electronic transmission of digital files via telecommunications installations, namely providing electronic transmission of credit card transaction data and electronic payment data via a global computer network, providing on-line forums for transmission of messages and digital files among computer users, providing access to Internet platforms for the purpose of exchanging digital photographs, and information and advisory services therefor; providing telecommunications connections to the Internet or databases namely providing access to a global computer network, providing access to databases, and information and advisory services therefor; providing Internet access, namely, providing access to communications networks for transmission or reception of computer software and applications on the Internet, and information and advisory services therefor; e-mail services; delivery of messages by electronic transmission, namely, email exchange and text messaging services, and information and advisory services therefor; wireless data messaging services, particularly services that enable a user to send and/or receive messages through a wireless data network, namely, digital text messaging services, and information and advisory services therefor; transmission and reception of voice communication services, namely, providing voice chat services, voice over Internet Protocol [VoIP] services, and information and advisory services therefor; broadcasting or transmission of streamed and downloadable digital audio and video content via computer and telecommunications networks, namely, broadcasting and transmission of radio programs, broadcasting and transmission of television programs, broadcast of cable television programs providing streaming audio and video such as music, movies, television shows,

music videos, news and sports webcasts via a website, broadcasting of pay-per-view television and sports programs, broadcasting of television shopping programmes, video on demand transmission services, and information and advisory services therefor.

Class 42

(3) Scientific and technological services namely scientific analysis for the testing of biometrics and sensors for computer security threat analysis for protecting data; Scientific research in the field of biometrics and sensors for computer security threat analysis for protecting data, and computer site design and computer software design relating thereto; industrial analysis and research services in the field of biometrics and sensors for computer security threat analysis for protecting data; design and development of computer hardware and software; design and development of software in the field of mobile applications; providing virtual private computer systems and virtual computer environments through cloud computing for hosting of mobile applications for the storage and management of security data and software in the field of security solutions of others; cloud computing, namely, design and development of operating software for accessing and using a cloud computing network; cloud hosting provider services, namely programming of operating software for accessing and using a cloud computing network; design and development of operating software for accessing and using a cloud computing network; programming of operating software for accessing and using a cloud computing network; application service provider [asp] namely hosting on-line web facilities for others in the field of computer software applications; consultancy in relation to interior design, or construction planning; consultancy in the field of computer software design for home video surveillance apparatus, home alarm apparatus and home alarm installations as well as home locking systems; design services for the interior of buildings; planning and design of domestic and commercial security computerized surveillance systems, as well as computer security threat software for protecting data, and information related thereto provided online; technical consultancy, namely, technical research in the field of computer hardware engineering and computer software engineering with regard to fire protection and security; technical advice in connection with energy-saving measures; technical planning and consulting in the field of computer hardware engineering and computer software engineering in relation to lighting systems; certification in relation to lighting, domestic and security technology, and locking technology, namely, testing, analysis and evaluation of the services of others to determine conformity with certification standards; rental of computer software systems; cloud computing provider services for general storage of data namely the rental of storage area of computer servers; cloud computing provider services for general storage of data namely the rental of memory space on servers via communication networks; designing, production and maintenance of computer programs; computer rental; providing non-downloadable computer programs for administration of electronic payment settlement systems.

Computers, computer hardware, and computer software for the recording, transmission and reproduction of digital sound recordings, digital and photographic images and video, and computer data; Telecommunications switching systems; Broadband wireless equipment, namely, telecommunications base station equipment comprised of radio receivers and transmitters for cellular and fixed networking and communications applications; Computer hardware and recorded software for setting up and configuring local area networks sold as a unit; Computer hardware and recorded software for setting up and configuring wide area networks sold as a unit; Computer hardware for telecommunications; Computer networking hardware; Computer software for internet access, streaming media and content delivery; Computer software for location-based transmission of voice, data, graphics, sound and video; Geolocation software; LAN (local area network) access points for connecting network computer users; Mobile device software for use in teleconferencing and video conferencing; Network access server hardware; Telecommunications and data networking hardware, namely, computer network hubs, switches and routers for transporting and aggregating voice, data, and video communications across multiple network infrastructures and communications protocols; Wireless computer network adapters used to link computers to a telecommunications network; Computer software to enable uploading, downloading, accessing, posting, displaying, streaming, linking, sharing or otherwise providing electronic media and information via computer and communication networks; Downloadable computer software and computer software applications to enable transmission, access, organization, and management of text messaging, instant messaging, web links, global positioning and geographic location data, and digital and photographic images via the Internet and other communications networks

Services

Class 36

(1) Telephone calling card services;

Class 37

(2) Advisory services relating to the installation of wireless computer networks and computer hardware

(3) Consultancy relating to the installation, maintenance and repair of telecommunications network hardware; Installation, maintenance and repair of telecommunications hardware and fiber optic networks; Maintenance of alarm systems; Repair and maintenance of telecommunications network hardware, computer network hubs, switches and routers

Class 38

(4) Consultancy in the field of computer networks, radio and television broadcasting, telephone voice and electronic messaging, teleconferencing, video conferencing and wireless networking; Providing information in the field of computer networks, radio and television broadcasting, telephone voice and electronic messaging, teleconferencing, video conferencing and wireless networking; Voice over internet protocol [voip] services, voice messaging services, internet telephony services, instant messaging services; Rental and lease of equipment for telecommunications, namely, computer networking equipment, computers and computer hardware, modems, telephones, fax machines

(5) Providing multiple use access to global computer information networks for the transfer and dissemination of a wide range of information; Communications services, namely, wireless telephone, video conferencing, and digital messaging services; Digital broadcasting of television programs and movies via a global computer network; Electronic streaming and transmission of audio and video messages and digital and photographic images on the internet and an intranet; Providing electronic mail and instant messaging services; Interactive television broadcasting services; Internet protocol television (IPTV) broadcasting services; Transmission of global positioning and geographic location data; Personal communication services (pcs); Providing high speed access to local area networks and a global computer information network; Providing access to internet protocol television (IPTV); Providing computer network access services to others by means of Ethernet services, managed router services and virtual private networks (VPN); Providing facilities and equipment for internet access provider services; Providing facilities and equipment for video conferencing and telepresence video conferencing; Providing online forums and chat rooms for the transmission of messages, comments and multimedia content among users; Voice over internet protocol [voip] services; Session initiation protocol (SIP) trunking services; Telecommunication services, namely, cloud-based telephone, telephone voice and electronic messaging, teleconferencing and video conferencing, and mobile telephone communication; Telecommunication services, namely, private branch exchange (PBX) dialing services and private branch exchange (PBX) wireless services; Providing network gateway services; Providing integrated services digital network (ISDN) services; Video-on-demand transmission services provided through the use of internet protocol television (IPTV) distribution facilities; Teleconferencing and video conferencing services; Internet and mobile telephony services; Cable television transmission services and satellite television transmission services; Time division multiplexing (TDM) services, namely, providing for the wireless transmission of multiple digitized data, voice, and video signals using wireless broadband networks; Voice over IP services; Communications services, namely, operating a local-area network (lan), operating a wide-area network (wan), and providing internet access via fiber optic broadband networks; Television broadcasting services; Internet radio broadcasting services; Providing multiple user access to global computer information networks for the transfer and dissemination of information and files; Provision of access to the internet

Class 42

(6) Computer network configuration services; Computer security consultancy; Computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud, mobile or network resources based on assigned credentials; Computer

security threat analysis for protecting data; Computer systems integration services; Consulting in the field of configuration management for computer hardware and software; Data security consultancy; Internet security consultancy; Installation and maintenance of Internet access software; Installation of computer software; Integration of computer systems and networks; Technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; Technical support services, namely, migration of data servers and database applications; Telecommunications hardware and software engineering consultancy; Updating and maintaining computer software through patches; Integration, testing and support of wireless networks

(7) Application service provider (ASP), namely, hosting computer software applications of others, automation services, namely, automated monitoring of computer systems that allows for remote or automated control of environmental control systems for homes, buildings and structures, automation services for security purposes, namely, automated monitoring of computer systems by remote access that allows for remote or automated control of building access and building security systems, computer software consulting and consultancy in the design and development of computer hardware, computer hardware and software design in the field of telecommunications, computer network design for others, computer network management, namely, monitoring of network systems for technical purposes, computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities, computer services, namely, cloud hosting provider services, computer services, namely, filtering of unwanted e-mails, computer services, namely, monitoring, testing, analyzing, and reporting on the internet traffic control and content control of the web sites of others, computer services, namely, optimizing cloud computing networks in the nature of remote and on-site infrastructure management and monitoring of cloud computing IT and application systems, computer services, namely, providing a web-based system and online portal for customers to remotely manage, administer, modify and control their end user computer devices, data and software applications, computer services, namely, virus protection, data backup and recovery services, installation of computer software, consulting in the field of wireless communications technology, consulting services in the field of information technology, namely, in the design, development and implementation of software, computer security consultancy, computer network security services, computer diagnostic services, and troubleshooting of computers, servers and computer software problems, and consulting services in the field of cloud computing, design, creation, hosting, maintenance of websites for others, design of computer networks for others, design of telecommunication systems, namely, wireless computer networks, and computer systems for others, electronic storage services for archiving databases, digital and photographic images and e-mails, improving, optimizing and accelerating the performance of computing and networking applications, data storage, and communications protocols used in cloud computing networks, namely, updating and maintaining cloud-based computer software and programs, managing and optimizing the WAN, VPN, and VPLS of others, onsite telecommunications project management in the nature of monitoring computer network access and activity and LAN/WAN design, professional computer services, namely, computer network analysis, LAN/WAN design, wireless communications network engineering, providing virtual computer systems and virtual computer environments through cloud computing, and computer software project management, providing virtual computer systems and virtual computer environments through cloud computing, remote computer backup services, technical support services, namely, managing the performance of computing and networking applications, servers, data storage, and communications protocols used in cloud computing networks, technical support, namely, monitoring of network systems, technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems, virtual server colocation services, namely, monitoring and managing hosted

server infrastructure for others, information, advisory and consultancy services relating to all the aforesaid

Downloadable computer software for use in uploading, downloading, streaming, posting, showing, displaying, following, tagging, viewing, interacting, commenting on, tracking the social engagement status of and sharing videos, images, and augmented reality and virtual reality multimedia content over the Internet and other communications networks; computer application software for mobile phones, portable media players, handheld computers and other wireless devices in the nature of digital media players and tablet computers, namely, software for use in uploading, downloading, streaming, posting, showing, displaying, following, tagging, viewing, interacting, commenting on, tracking the social engagement status of and sharing videos, images, and augmented reality and virtual reality multimedia content over the Internet and other communications networks.

Services

Class 41

(1) Movie theaters; motion picture theaters; cinema theaters; entertainment, namely, live music concerts; arranging and conducting of concerts; ticket reservation and booking services for recreational and leisure events, namely, music concerts and theater shows; provision of performing arts theater facilities; theater productions; film and video production; media production services, namely, video and film production; multimedia entertainment services in the nature of recording, production and post-production services in the fields of virtual reality, music, video and films; pop-up virtual reality, music, video and film exhibitions and installations.

Class 42

(2) Providing temporary use of online non-downloadable software for use in uploading, downloading, streaming, posting, showing, displaying, following, tagging, viewing, interacting, commenting on, tracking the social engagement status of and sharing videos, images, and augmented reality and virtual reality multimedia content over the Internet and other communications networks; software as a service (SAAS) services, namely, hosting software for others for use in uploading, downloading, streaming, posting, showing, displaying, following, tagging, viewing, interacting, commenting on, tracking the social engagement status of and sharing

videos, images, and augmented reality and virtual reality multimedia content over the Internet and other communications networks.

Class 43

(3) Arena services, namely, providing facilities for theatrical, celebrity, musical and sports entertainment events, and concerts all featuring virtual reality experiences; providing pavilion facilities for concerts, theatrical, celebrity, musical and sports entertainment events, and concerts all featuring virtual reality experiences and other functions namely banquets, conventions, conferences and meetings.

Goods

Class 07

(1) Crusher installations, slotting machines, impact mechanism, crushing machines, namely machines for crushing and grinding minerals, machines for crushing stones, size reduction machines for rock and parts therefor, machines for crushing building materials and building rubble, in particular jaw crushers, cone crushers and impact crushers, rotating pulverisers, all of the aforesaid goods being solar-powered or wind-powered; machine installations for feeding, crushing, grinding, sifting, separating, classifying and recycling material, namely minerals, ceramics, wood, concrete, stone and metals for use in building construction, and in the mineral processing and mineral conveying industry, all of the aforesaid goods being solar-powered or wind-powered; loading and mixing machines for minerals, ceramics, wood, concrete, stone and metals, all of the aforesaid goods being solar-powered or wind-powered; mechanical equipment for cleaning soil, all of the aforesaid goods being solar-powered or wind-powered; perforated plates being parts of machines for sorting material; casting plates being parts of machines; wear parts for crushing machines (crushers), namely beater bars, impact bars, crusher jaws, swing jaws, beater bar locking mechanisms, impact plates, clamping wedges, rotor shafts, clamping elements, belt pulleys, rotors, rotor protection plates, protective panels, bearings [parts of machines], roller bearings for machines, machining centres, spindles for machines; sifting machines and installations for sifting minerals, ceramics, wood, concrete, stone and metals and parts therefor, sieves being machines for sifting minerals, ceramics, wood, concrete, stone and metals and parts therefor, wire cloth being parts of sifting machines, screen linings, in particular wire screen sections; industrial screening machines for separating minerals and metals from soil; impact mills and hammer mills for grinding and crushing minerals, ceramics, wood, concrete, stone and metals; conveyors and conveyors belts, conveyers, belt conveyors, conveyors, conveyors for controlling

the movement of articles, belts for conveyors; wear parts for conveying machines and sifting machines, namely conveyor belts, sieves and sifting means (parts of machines); windmills, wind turbines, wind-powered electricity generators, solar power generators, electrical generators using solar cells.

Class 09

(2) Photovoltaic cells and modules, photovoltaic installations for generating solar electricity, solar panels for the production of electricity, photoelectric cells, electric accumulators for vehicles, electrical solar cells, accumulators for photovoltaic power, solar panel arrays, solar energy collectors for electricity generation; batteries for electric vehicles, charging stations for electric vehicles; software for the monitoring and remote control of industrial machines, software for collecting and transmitting data and information on the operation and status of industrial machines, software for use in diagnosis, repair, maintenance and configuration of industrial machines, software for locating, tracking and establishing a spatially limited operational area for industrial machines, all of the aforesaid goods for use in telematic telecommunications; remote monitoring apparatus, namely, wireless controllers and sensors for the remote monitoring of vehicles, industrial machines, security alarms, security cameras, and motion sensors; telematic apparatus and telematic terminal apparatus, namely, wireless controllers and sensors that enable the remote monitoring of vehicles and the collection and transmission of vehicle information.

Class 12

(3) Electrically powered motor vehicles.

Services**Class 37**

(1) Building construction; maintenance and repair of machines, in particular crushers, sifting installations and conveying installations; installation and maintenance of equipment for installations for use in building construction, in the mineral processing and mineral conveying industry; installation of solar powered systems; recharging services for electric vehicles, maintenance and repair of electric vehicles.

Class 42

(2) Development, installation, implementation, maintenance, repair, updating and rental of software, customised software adaptation, software consultancy.

Colour Claim

Colour is claimed as a feature of the trademark. The letters "RIB" and "MIC" are blue. The letter "O" is dark gray on top, fading to light gray on the bottom. The gradient in the background of the trademark is blue.

Goods

Class 01

(1) Chemicals for use in stabilization of RNA before purification and after purification under laboratory experiment and medical examination; chemical reagents for separating, detecting, measuring and analyzing proteins; ribonucleic acid (RNA); nuclease; unsticking and separating preparations for scientific and laboratory use used in the manufacture of proteins and cells; chemicals for manufacture of pharmaceutical compositions and reagents; plant growth regulating preparations; fertilizers; ceramic glazings; priming putty; higher fatty acids; chemical compositions for developing photographs; reagent paper for diagnostic purposes; reagent paper for scientific and research use; artificial sweeteners; cellulose pulp; nucleic acid reagents for medical research

Class 05

(2) medical diagnostic reagents; chemical preparations for pharmaceutical and medical purposes, namely, for treating vision failure, hearing failure, born growth failure, lung failure, heart failure, articular failure, mental disorders, namely, depression, bipolar disorder, personality disorders and eating disorders, central nervous system disorder, blood disorders, skin disorders, pain, inflammation of the joints, inflammation of the bowels, kidney failure, liver failure, fibrosis, metabolic disorders, endocrine diseases, gynecological diseases, respiratory diseases, cardiovascular diseases, tissue regeneration and cancer; chemical preparations for medical purposes, namely, tissue-regeneration pharmaceutical preparations; pharmaceutical preparations for prevention and treatment of infectious diseases, namely, viral infections, namely, influenza, coronavirus (COVID), congenital cytomegalovirus (CMV) infection and bacterial infections, namely,

pneumonia, tuberculosis, gastritis; pharmaceutical preparations and other preparations for destroying vermin, fungicides, herbicides; reagent paper for medical purposes; oiled paper for medical purposes; adhesive tapes for medical purposes; drug delivery agents in the form of edible wafers for wrapping powdered pharmaceuticals; gauze for dressings; empty capsules for pharmaceuticals; eyepatches for medical purposes; ear bandages; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; adhesive plasters; bandages for dressings; liquid bandages; breast-nursing pads; cotton swabs for medical use; dental materials, namely, dental implants; dental implant materials; diaper covers; fly catching paper; mothproofing paper; lacteal flour for babies; dietary supplements for humans, namely, nucleic acid dietary supplements, dietary supplements for promoting weight loss, nucleic acid supplements for general health and well-being; dietetic beverages adapted for medical purposes, namely, for weight loss, for muscle retention; dietetic food adapted for medical purposes, namely, for weight loss, for muscle retention; beverages for babies; food for babies; dietary supplements for animals, namely, feed supplements for veterinary purposes, glucose dietary supplements for animals; animal semen for artificial insemination, human semen for artificial insemination

Services

Class 42

Testing, checking, analyzing, surveying, and research and development in the field of aptamer based therapeutics; testing, checking and researching of advances in medical technologies relating to the field of aptamer based therapeutics and providing information and consultancy services in the field of aptamer based therapeutics; research and development of pharmaceuticals and medical supplies; providing information relating to research of pharmaceuticals and medical supplies; testing, checking and researching of chemicals used in the field of aptamer based therapeutics; evaluation and analysis of functions of chemical compositions available for medical purposes; providing information on medical researches; DNA analysis services for scientific research purposes, checking and researching, and providing information relating thereto; cytogenetic testing; testing, inspection and research of pharmaceuticals, cosmetics and foodstuffs; rental of computers; computer programming relating to medical data; computer programming; providing computer programs for medical image analysis on data networks; providing temporary use of online non-downloadable computer programs for the selection of ideal candidates to participate in clinical trials through and online database network; providing meteorological information; architectural design; designing of pharmaceuticals and pharmaceutical packaging, other than for advertising purposes; technological advice in the field of diagnostic advancements in the operation of computers, automobiles and industrial robots; testing, inspection and research relating to the use of fertilizers in agriculture, the costs associated with livestock breeding and supply chain management of the fisheries industry; testing and research on machines, apparatus and instruments in the field of detection of trace components, hazardous substances and microorganisms; rental of measuring apparatus for medical treatment; rental of laboratory apparatus and instruments for biology and chemistry; rental of technical drawing instruments

(1) Measuring apparatus and instruments, namely, global positioning system (GPS) trackers and parts and fittings thereof; signalling apparatus and instruments, namely, sensors for wireless measuring of driving behaviour, namely, identification, speed, time, duration, distance, location, fuel and energy consumption, exhaustion and braking of vehicles and groups of vehicles, for assessing the condition of vehicles, for providing signals representing a measurement related to a tire, for activating and resetting TPMS (tire pressure monitoring system) sensors, for use in controlling the actuation and operation of automotive safety systems, for determining the rate of motion of a vehicle, pressure sensors, parking sensors, motion recognizing sensors, optical positioning sensors, electric sensors, proximity sensors, oil life and oil level sensors, engine timing sensors, tire measurement sensors, vibration sensors, rotation measuring sensors, temperature sensors and fluid level sensors; navigation apparatus for vehicles in the nature of on-board computers and parts and fittings thereof; global positioning system consisting of computers, computer software, transmitters, receivers, and network interface devices and parts and fittings thereof; satellite navigational system, namely global positioning system consisting of computers, computer software and satellite transmitters and receivers and parts and fittings thereof; operating system software for satellite navigational systems and global positioning systems

(2) Computer hardware and software for use with satellite and GPS navigation systems for navigation purposes; electronic maps and digital dictionaries for navigation purposes; software for travel information systems for providing or displaying travel advice on petrol stations, car parks, restaurants, car dealers and other travel and transport-related information; software for viewing electronic maps; downloadable electronic maps; software for operating electronic digital dictionaries; location, orientation and navigation, and global positioning systems (GPS) consisting of computers, computer software, transmitters, global positioning system receivers (GPS) and satellite receivers; holders for handheld computers; satellite and radio transmitter and receiver apparatus technology, namely processors, mobile telephones and receivers; telecommunications installations, networks and apparatus, namely fixing racks for telecommunications hardware, telecommunication switches; computer terminals, all in particular for the use of navigation systems,

and digital maps; electric vehicle charging stations, comprised of a charging port and housing, used for the transfer of electric power to a vehicle; electronic publications relating to tires, vehicle parts, vehicles and groups of vehicles; electronic sensors for tires, vehicles and vehicle parts, namely, pressure sensors, parking sensors for vehicles, motion recognizing sensors, optical positioning sensors, electric sensors, proximity sensors, oil life and oil level sensors, engine timing sensors, tire measurement sensors, vibration sensors, rotation measuring sensors, temperature sensors, and fluid level sensors and parts and fittings thereof

Services

Class 35

(1) Computerized database management

Class 36

(2) Financial services relating to the provision of loans; financial planning and investment advisory services; financial analysis consultation services

Class 38

(3) Telecommunications, namely, mobile telephony and providing user access to a global computer network; video broadcasting of videos related to traffic, road conditions and roadworks, and broadcasting of digital recordings of videos related to traffic, road conditions and roadworks over the internet; telecommunications services to update maps, firmware and software over the air; providing of temporary access to non-downloadable software providing map images and geographical and itinerary information obtained with the aid of a global positioning system (GPS) to enable others to determine locations or directions accurately; secure or non-secure telecommunications services, namely transmission and delivery of digital data, in particular for navigation systems, and the use of electronic maps

Class 39

(4) Providing navigation and information services via a global computer network, a mobile telephone network and a wireless navigation network, namely information relating to traffic, road conditions and traffic jams; provision of information relating to travel including provided via a global computer network, a mobile telephone network and a wireless navigation network; consultancy relating to traffic, journeys and roadworks provided via a global computer network, a mobile telephone network and a wireless navigation network, namely monitoring traffic and receiving alerts from vehicles

Class 42

(5) Technological consultancy namely, computer software consultancy; consultancy in the field of computer software design; development and design of navigation systems; computer software and hardware design; development and design of computer software for use with navigation systems and with electronic maps and digital dictionaries; design and development of wireless computer networks; updating of the aforesaid computer software for use with navigation systems, electronic maps and digital dictionaries; development of computer databases on traffic and information relating to travel; design of new products for others; information, advice and consultancy in the field of computer software and hardware design, design and development of wireless computer networks, updating of software, creation of databases on traffic and information relating to travel, design of new products for others; technological consultancy in connection with telecommunications software and hardware engineering; secure or non-secure storage services, namely the electronic storage of digital data, photographs, audio files, data, information and image signals, all in particular for navigation systems, and the use of electronic maps

شام الأصيل
SHAM ALASEEL

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a bust of a man in black and beige with white eyes and mouth over a partial green background and with a shaded white and black shirt. Beneath the man are the non-Latin characters that transliterate to "SHAM ALASEEL" in red, above the wording "SHAM ALASEEL" in green. Except as specified, the color white is background, outlining, shading, and/or transparent areas and is not part of the mark.

Foreign Character Transliteration

As provided by the applicant, the transliteration of the foreign words contained in the trademark is "SHAM ALASEEL".

Authorisation For Use

Consent from Thabet Ahmad Anini is of record.

Goods

Class 29

(1) Meat, fish, poultry and game; meat extracts; preserved, frozen, dried and cooked fruits and vegetables; jellies, namely fruit jellies; jams, compotes; eggs; milk, cheese, butter, yoghurt and other milk products; oils and fats for food.

control systems for controlling automobiles, engines and industrial machines, none of the aforesaid goods in connection with rail vehicles.

Class 12

(2) Automobiles, engines for land vehicles, axles for air suspension systems in vehicles, brake systems for motor vehicles, chassis for motor vehicles, bodies for vehicles, body panels for vehicles, clutch mechanisms for motor cars, shock absorbers for automobiles, shock absorbing springs for motor cars, tyres for motor vehicle wheels, rims for vehicle wheels, solid rubber tyres for motor vehicle wheels, automotive wheels, hubs for motor vehicle wheels, inner tubes for pneumatic tires, repair outfits for inner tubes, adhesive rubber patches for repairing tyre inner tubes, spikes for tires [tyres], snow chains, non-skid devices for automobile tires, child car seats, car seat covers, motor car seats, seats for automobiles, vehicle seats, rearview mirrors, head-rests for car seats, alarms for motor vehicles, anti-theft devices for motor vehicles, cigar lighters for automobiles, motor car, cars, lorries, trailers and semi-trailers for motor vehicles, tow bars for motor vehicles, omnibuses, buses, caravans, tractors, bicycles, electric scooters, electrically powered motor scooters, motor scooters, chairlifts, funiculars, wheelchairs, none of the aforesaid goods in connection with rail vehicles.

Class 28

(3) Athletic sporting goods, namely, athletic wrist, ankle and joint supports, bags adapted for use with sporting equipment, balance beams for gymnastics, gymnastic parallel bars, gymnastic springboards, vaulting horses for gymnastics, Christmas tree ornaments and artificial Christmas trees, playground playhouses, playground sandboxes, playground slides, playground swing sets, action skill games, action target games, parlor games, party games, toy scale model kits, stuffed toy animals and other stuffed toys, coin-operated amusement electronic games, coin-operated arcade video game machines, coin-operated automatic gaming machines and gaming machines, in particular for gaming arcades, with or without a prize payout, scale model vehicles, toy vehicles, toy scooters, scale model automobiles, toy automobiles, radio controlled toy vehicles, balls for games, kaleidoscopes, board games, playing cards, playing balls, exercise bicycles, archery implements namely, archery arrows, archery bows, archery gloves, archery targets, archery bow cases, archery finger tabs, toy racetrack, archery gloves, baseball gloves, bowling gloves, boxing gloves, fencing gloves, football gloves, golf gloves, hockey gloves, karate gloves, lacrosse gloves, racketball gloves, skydiving gloves, soccer goalkeepers' gloves, softball gloves, floats for fishing, camouflage screens [sports articles], all aforementioned goods not in relation to electronic games or video games.

Services

Class 35

(1) Retail and wholesale services concerning motor vehicles, motors and engines for land vehicles, vehicle chassis, vehicle bodies and tires for vehicle wheels, retail and wholesale services for mail-order business concerning motor vehicles, motors and engines for land vehicles, vehicle chassis, vehicle bodies and tires for vehicle wheels, retail and wholesale services via internet concerning motor vehicles, motors and engines for land vehicles, vehicle chassis, vehicle bodies and tires for vehicle wheels, retail and wholesale services via television shopping concerning motor vehicles, motors and engines for land vehicles, vehicle chassis, vehicle bodies and tires for vehicle wheels, bringing together, but not transporting, a variety of motor vehicles, motors and engines for land vehicles, vehicle chassis, vehicle bodies and tires for vehicle wheels for the benefit of others, thereby enabling customers to view and purchase the goods in a retail outlet, negotiation of contracts for the benefit of others about sale and purchase of motor vehicles, motors and engines for land vehicles, vehicle chassis, vehicle bodies and tires for vehicle wheels, business

administration and organizational management of vehicles fleets for others, assistance, advisory services and consultancy with regard to business organization, administrative handling of orders (office work), negotiation of contracts for the benefit of others about sale and purchase of goods, consultancy and assistance in organization and management of retail and business companies, advertising the goods and services of others, business management, business administration, office work, namely personnel recruitment, personnel management consultancy, business management consultancy, advertising the goods and services of others through all public communication means, business organization and management consulting, personnel management consultancy, providing a searchable online advertising guide featuring the goods and services of other on-line vendors on the internet, public relations, auctioneering, promoting the goods and services of others by preparing and placing advertisements in electronic magazines, internet websites, personnel recruitment, relocation services for businesses, administrative processing of purchase orders, account auditing, sponsorship search, none of the aforesaid services in connection with rail vehicles.

Class 37

(2) Building constructions contracting services, building construction and repair, demolition services, rental of building scaffolds, working and building platforms, rental of air compressors, drilling platforms, excavators, mining, oil and gas extraction, exterminating services, disinfection services for home, office, medical, industrial, rental and vehicle services, pest control, reconstruction, repair, servicing and dismantling of vehicles, vehicle breakdown repair services, customized carrying out of alterations on body, chassis and motor of motor vehicles (tuning) included in this class, varnishing of vehicles, vehicle polishing, anti-rust treatments for vehicles, vehicle maintenance, vehicle cleaning, retreading of tires, boiler and burner maintenance, cleaning and repair, providing information on repair services in the construction sector, advisory services relating to the construction of buildings, installation of doors and windows, quarrying services, reconstruction, repair, dismantling and maintenance of vehicles in the nature of vehicle breakdown repair services, cleaning, servicing, namely, repairing, washing and polishing, and varnishing of vehicles, airplane maintenance and repair, shipbuilding, repair or maintenance of photographic laboratory machines, clock and watch repair, repair of security locks, anit-rust treatment for vehicles, rust removal, furniture maintenance, leather care, cleaning and repair, burglar alarm installation and repair, none of the aforesaid services in connection with rail vehicles.

Goods

Class 06

(1) Irons and steels; nonferrous metals and their alloys; ores of metal; metal materials for building or construction, namely water pipes, hinges, bars for railings; prefabricated building assembly materials of metal; loading and unloading pallets of metal; turn-tables for load handling; traversers for load handling; artificial fish reefs of metal; poultry cages of metal; paint spraying booths of metal; metal moulds for forming cement products; metal hardware pulleys, not including machine elements; metal hardware springs, not including machine elements; metal hardware valves, not including machine elements; metal junctions for pipes; metal flanges; keys (mechanical element); cotter pins; railway points; road signs of metal (not luminous nor mechanical); beacons of metal (non-luminous); reservoirs of metal; anchors; mooring bits of metal; mooring bollards of metal; containers of metal for transport; anvils; swage blocks; metal hardware, namely, washers and nuts; wire ropes; wire nets and gauzes; industrial packaging containers of metal; metal nameplates and door nameplates; chains for dogs; metal stepladders and ladders; letter boxes of metal; hat-hanging hooks of metal; money boxes of metal; water tanks of metal for household purposes; tool boxes of metal (empty); towel dispensers of metal; metal joinery fittings; safes; upright signboards of metal; transportable greenhouses of metal for household use; metal tombs and metal tomb plaques; ferrules of metal for canes and walking-sticks; sculptures of metal.

Class 07

(2) metalworking machines and tools; filtering machines for chemical processing; food or beverage processing machines and apparatus, namely mineral water making machines; sewing machines; agricultural machines and agricultural implements, other than hand-operated, namely blight prevention machines and implements; machines for use in shoe production; leather tanning machines; tobacco processing machines; painting machines and tools; power-operated potters'

wheels; plastic processing machines and apparatus, namely injection molding machines for processing plastics, molds being parts of machines for processing plastics; semiconductor manufacturing machines and systems; machines and apparatus for manufacturing rubber goods, namely rubber forming machines, molds being parts of machines for use in the manufacture of rubber goods; stone working machines and apparatus; non-electric prime movers, not for land vehicles, for compressed air machines; pneumatic valve actuators, hydraulic valve actuators, hydraulic valves being parts of machines; adhesive tape dispensing machines; automatic stamping machines; dish washing machines for household purposes; electric wax-polishing machines for household purposes; washing machines for household purposes; vacuum cleaners for household purposes; electric food blenders (for household purposes); vehicle washing installations; power sprayers for disinfecting, insecticides and deodorants (not for agricultural purposes); machine elements, not for land vehicles, namely valve, cock shafts, bearings, couplings and shaft connectors for machines, power transmissions and gearing; lawnmowers; curtain drawing devices electrically operated; waste compacting machines and apparatus; waste crushing machines; starters for motors and engines; AC motors and DC motors for machines, not including those for land vehicles but including parts, namely stators and rotors for any AC motors and DC motors; AC generators (alternators); DC generators; dynamo brushes; electric metal cutting machines (by arc, gas or plasma)

Class 09

(3) Ear plugs; lense glass (semi-finished material) (not for building); electric arc welding machines; ozonisers (ozonators); electrolyzers, namely electrolytic cells; egg-candlers; cash registers; electric sign boards for displaying target figures, current outputs or the like; photo-copying machines; time and date stamping machines; time clocks (time recording devices); punched card office machines; voting machines; billing machines; postage stamp checking apparatus; vending machines; gasoline pumps for service stations, compressed natural gas pumps for service stations, and liquid natural gas pumps for service stations; coin-operated gates for car parking facilities; fire extinguishers; fire hydrants; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas leak alarms; railway signal apparatus, luminous or mechanical; vehicle breakdown warning triangles; luminous or mechanical road signs; electric door openers; simulators for the steering and control of vehicles; laboratory machines and instruments, namely, test tubes, glassware, aspirators, beakers, capillary tubes, centrifuges, automatic chromatography apparatus, drying ovens, furnaces, scales and balances for laboratory use; optical machines and tools, namely, microscopes, telescopes and cameras; measuring machines and instruments, namely measuring tapes, square rulers and spirit levels; power control machines and tools for fluid control; rotary converters; phase modifiers; electric and magnetic meters and testers; electric wires and cables; electric flat irons; electric hair-curlers; electric buzzers; telecommunication machines and tools, namely, telephones and mobile telephones; magnetic cores; resistance wires; electrodes; fire boats; fire engines; cigar lighters for automobiles; gloves for protection against accidents; dust masks; gas masks; welding masks; fireproof garments; spectacles (eyeglasses and goggles); electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; phonograph records; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; slide-rules; exposed cinematographic films; exposed slide films; slide film mounts; electronic publication, namely, electronic publications on fluid devices such as valves; rockfall prevention nets of textile

Class 11

(4) toilet units consisting of toilet bowl and seat; bath installations; drying apparatus for humidity controllers; recuperators used for chemical processing; steamers for chemical processing; evaporators used for chemical processing; distillers used for chemical processing; heat

exchangers used for chemical processing; milk sterilizers; industrial furnaces; nuclear reactors (atomic piles); forage drying apparatus; air-conditioning apparatus, for industrial purposes; laundry dryers (electric, for industrial purposes); towel steamers (for hairdressing purposes); hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barber's shop use; cooking equipment for industrial purposes; industrial dish drying apparatus and installations; dish disinfectant apparatus for industrial purposes; tap water faucets; level controlling valves for tanks; pipe line cocks; waste water treatment tanks (for industrial purposes); septic tanks (for industrial purposes); garbage incinerators; solar water heaters; water purifiers for household and industrial purposes; dehumidifiers for household purpose; microwave ovens (for household purposes), and electromagnetic induction cookers (for household purposes); washers for water taps; gas water heaters (for household use); non-electric cooking heaters (for household purposes); kitchen sinks; ice chests (for household purposes, non-portable); ice-cooling refrigerators (for household purposes); household tap-water filters; standing paper lanterns (andon); portable paper lanterns (chochin); gas lamps; oil lamps; lamp chimneys; warming pans (non-electric); pocket warmers (non-electric); hot water bottles (for warming one's feet in bed); toilet stool units incorporating water squirters; disinfectant dispensers for toilets; toilet bowls; seating for use with Japanese style toilet bowls; waste water treatment tanks for household purposes; septic tanks for household purposes

Class 12

(5) ropeways for cargo or freight handling; unloading tippers (for tilting railway freight cars); pusher cars for mining; puller cars for mining; traction engines; shaft couplings used for land vehicles; parachutes; anti-theft alarms for vehicles; wheelchairs; AC motors and DC motors used for land vehicles, not including their parts; vessels and their parts and fittings, other than air cushion vehicles, namely valves and fittings for ships; aircraft and their parts and fittings; railway rolling stock and their parts and fittings; automobiles and their parts and fittings; baby carriages (prams); rickshaws; wheelbarrows; horse drawn carriages; bicycle trailers (riyakah); adhesive rubber patches for repairing tubes or tires

Class 17

(6) Mica (raw or partly processed); valves of rubber and vulcanized fiber, not including machine elements; gaskets, namely gaskets used for valves and fittings; plastic junctions for pipes; packings, namely packings used for valves and fittings; fire hoses; asbestos fire curtains; floating anti-pollution barriers; electrical insulating materials; washers of rubber; washers of vulcanized fiber; asbestos; mineral wool; slag wool; rubber thread and covered rubber yarn (not for textile use); chemical fiber yarn and thread (not for textile use); asbestos yarn; asbestos fabrics; asbestos felt; insulating gloves; rubber cords and laces; asbestos cords and strings; asbestos nets; industrial packaging containers of rubber; rubber stoppers for valves; plastic sheeting for agricultural purposes; condenser paper; asbestos paper; vulcanized fiber; plastic substances, semi-processed; rubber (raw or semi-worked); soundproofing materials of mineral wool, not for building purposes; asbestos boards; asbestos powder; demarcating tapes

Class 20

(7) Meerschaum (raw or partly worked material); yellow amber; loading pallets (not of metal); beehives (hive boxes or honeycombs); hairdressers' chairs; barbers' chairs; valves of plastic for pipes, not including machine elements; non-metallic containers for transport; curtain fittings; closures of plastic for containers; furniture fittings, not of metal; nails, wedges, nuts, screws, tacks, bolts, rivets and casters (not of metal); washers (not of metal, not of rubber or vulcanized fiber); cushions (furniture); Japanese floor cushions (zabuton); pillows; mattresses; straw plaits (braids); industrial packaging containers of wood, bamboo or plastics; drinking straws; embroidery frames

and hoops; nameplates and door nameplates (not of metal); flagpoles; hand-held flat fans; hand-held folding fans; stakes for plants or trees; beds for household pets; dog kennels; nesting boxes for small birds; step ladders and ladders (not of metal); letter boxes (not of metal or masonry); hat hooks (not of metal); shopping baskets; water tanks for household purposes (not of metal or masonry); hanging boards (Japanese style pegboards using positional hooks); tool boxes (not of metal); towel dispensers (not of metal); indoor window blinds (shades) (furniture); blinds of reed, rattan or bamboo (sudare); bead curtains for decoration; oriental single panel standing partitions (tsuitate); oriental folding partition screens (byoubu); advertising balloons; upright signboards of wood or plastics; artificial model food samples; funerary urns; cradles; infant walkers; mannequins; costume display stands; picture frames; plaster sculptures; plastic sculptures; wooden sculptures; bamboo (unworked or partly worked material); bamboo skins (unworked or partly worked material); rattan (unworked or partly worked material); tree barks; onigaya hay (raw or partly worked material); rice straw; tusks (raw or partly worked material); whalebone; shells and crustacean shells; artificial horns; ivory (unworked or partly worked material); animal horns; animal teeth; tortoiseshell (unworked or partly worked material); animal bone (unworked or partly worked material); coral (unworked or partly worked); joinery fittings (not of metal); bathroom stools; wind chimes; Japanese cloth screens with black-and-white stripes (kuroshiro-maku); Japanese cloth screens with red-and-white stripes (kohaku-maku)

Services

Class 37

construction, namely plumbing, construction consultancy, namely construction consultant on plumbing; repair and maintenance of building equipment, namely pipes; shipbuilding; repair or maintenance of vessels; aircraft maintenance or repair; repair of bicycles; repair or maintenance of automobiles; repair or maintenance of railway rolling stock; repair or maintenance of two-wheeled motor vehicles; repair and maintenance of cameras and camera parts; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of fire alarms; repair or maintenance of office machines and apparatus; repair or maintenance of air-conditioning apparatus (for industrial purposes); repair and maintenance of non-ferrous metal melting furnace burner; repair or maintenance of boilers; pump repair or maintenance; repair and maintenance of valves as part of electric machines for detecting abnormality of valves; repair and maintenance of valves as part of telecommunication machines for grasping status of valves; repair or maintenance of construction machines and apparatus; repair or maintenance of electric lighting apparatus; repair and maintenance of power distribution or control machines and apparatus, namely repair and maintenance of valve actuator; repair or maintenance of power generators; repair or maintenance of electric motors; repair or maintenance of laboratory apparatus and instruments; repair and maintenance of measuring and testing machines and tools for leak and pressure measurements; repair and maintenance of measuring and testing machines and tools for flow rate measurement; repair or maintenance of medical machines and apparatus; repair or maintenance of firearms; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus; repair or maintenance of fishing machines and instruments; repair or maintenance of metalworking machines and tools; repair or maintenance of machines and apparatus for use in shoe production; repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of machines and apparatus for manufacturing rubber goods; repair or maintenance of machines and systems for manufacturing integrated circuits; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of machines and apparatus for processing foods or beverages; repair or maintenance of machines and apparatus for lumbering, woodworking, or

veneer or plywood making; repair or maintenance of tobacco processing machines; repair or maintenance of painting machines and apparatus; repair or maintenance of agricultural machines and implements; repair or maintenance of machines and apparatus for pulp-making, papermaking or paper-working; repair or maintenance of plastic processing machines and apparatus; repair or maintenance of packing or wrapping machines and apparatus; repair or maintenance of sewing machines; repair or maintenance of storage tanks; repair or maintenance of gasoline station equipment; repair or maintenance of mechanical parking systems; repair or maintenance of bicycle parking apparatus; repair or maintenance of industrial dish washing machines; repair or maintenance of cooking apparatus for industrial purposes; repair or maintenance of industrial washing machines; repair or maintenance of vehicle washing installation; repair or maintenance of vending machines; repair or maintenance of power-driven floor cleaning machines; repair or maintenance of amusement machines and apparatus; repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; repair and maintenance of water pollution control equipment; repair and maintenance of water purifying devices for industrial purposes and household purposes; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of diving machines and apparatus; repair or maintenance of nuclear power plants; repair or maintenance of chemical plants; furniture restoration; umbrella repair; repair or maintenance of musical instruments; safe maintenance or repair; shoe repair; clock and watch repair or maintenance; sharpening of scissors and kitchen knives; repair or maintenance of gas water heaters; repair or maintenance of non-electric cooking heaters; repair or maintenance of cooking pots and pans; repair or maintenance of signboards; repair of bags or pouches; repair of toys or dolls; repair of sports equipment; repair of billiard equipment; repair of game machines and apparatus; repair of toilet stool units with washing water squirters; repair of fishing tackle; repair of spectacles; fur care and repair; laundering; pressing of clothing; clothing repair (mending clothing); repair of tatami mats; chimney sweeping; cleaning of building exterior surfaces; window cleaning; carpet and rug cleaning; floor polishing; septic tank cleaning; bathtub and bath boiler cleaning; street cleaning; storage tank cleaning; disinfecting of telephone hand-sets; sterilization of medical machines and apparatus; rental of construction machines and apparatus; rental of floor cleaning machines; rental of mops; rental of car-washing apparatus; rental of electric washing machines; rental of laundry dryers; rental of spin dryers for clothes; rental of mining machines and apparatus; rental of industrial dish drying machines; rental of dish washing machines for industrial purposes

SEC CARBON

Goods

Class 01

(1) Graphite for batteries; artificial graphite for industrial purposes; natural graphite for industrial purposes; natural graphite; graphite in raw or semi-finished form for use in manufacture; absorbent graphites; absorbent expandable graphites; activated aluminium material in particulate form for use as filtering media; carbon for filters; microglass filter media for removing particulates in industrial in-plant equipment, lube systems and return line hydraulic systems; mineral filtering materials for the sewage treatment industry; mixed-media filtering material in particulate form being activated and catalytic carbon; mixed-media filtering material in particulate form being copper and zinc carbonate particles; mixed-media filtering material in particulate form being synthetic resins and catalytic carbon; glass granules for use in swimming pool filters.

Class 07

(2) Semiconductor manufacturing devices; brushes being parts of motors, generators and dynamos; rotary brushes for machines; dynamo brushes; carbon brushes for electrical machines; carbon brushes for starter motors; machine coupling and transmission components, other than for land vehicles, and parts therefor; hydraulic torque converters, other than for land vehicles; internal combustion engines for power generation, other than for land vehicles; angle valves being parts of machines; ball valves being parts of machines; bearings as machine parts; butterfly valves being parts of machines; center drill bits being parts of machines; flexible couplings being parts of machines; fluid couplings being parts of machines; metal pulleys being parts of machines; joints being parts of engines; electrodes for welding machines; graphite electrode making machines; graphite electrodes for electric arc welding machines; welding electrodes.

Class 09

(3) Electrodes for electric furnace steel making; electrodes for non ferrous smelting and refining; graphite electrode for discharge machining; cathode block for aluminium smelting; electrodes for laboratory research; fuel cell electrodes; graphite electrodes; graphite electrodes for use in electric arc furnace steel making processes; graphite electrodes for use in steel making processes.

Class 11

(4) Heating elements for industrial furnaces; gas inlets for industrial furnaces used for non-ferrous smelting and refining; distilling plants; heat exchangers.

Class 19

(5) Building construction materials in the nature of carbon fiber; bricks; non-metal semi-refractory bricks; refractory aggregates; refractory blocks, not of metal; refractory bricks; refractory castable mixes; refractory cement; refractory clay; refractory concrete; armour-plating of ceramic; ceramic bricks for use in refractory furnaces; ceramic ceiling tiles; ceramic drain pipes; ceramic floor tiles; ceramic roofing tiles; ceramic tiles; ceramic tiles for flooring and facing; ceramic water pipe valves; glazed ceramic tiles.

Colour Claim

Colour is claimed as a feature of the trademark. The colours aqua green, green, purple, orange, blue, white, and gray are claimed. The mark consists of silhouette of a human from the waist up with head slightly tilted and arms raised, all in various shades of aqua green. The silhouette contains areas of white mist and hexagonal designs of various sizes in blue, green, purple, and orange. An aqua green circle at the abdomen containing hexagons in various sizes in white and gray. The additional areas of white represent background, outlining, shading, and/or transparent areas and are not part of the mark.

Goods

Class 05

(1) Dietary supplements for general health and well-being; dietary supplements in the nature of grains for general health and well-being.

Class 30

(2) Cereal-based snack foods; cereal-based beverages being liquid meal replacements; barley, processed.

Colour Claim

Colour is claimed as a feature of the trademark. The arc of the top portion of the design is the colour orange, the three sections beneath it are the colour green, and the Chinese characters and words TIMU FARM are the colour brown.

Foreign Character Translation

The translation provided by the applicant of the Chinese words "TIAN" "MU" "XIN" and "LIANG" is "field", "herd", "honest", "grain" respectively in English. The wording "TIAN MU XIN LIANG" has no meaning when read as a whole sentence in a foreign language. The word TIMU is a coined word without actual meaning in any language.

Foreign Character Transliteration

The transliteration provided by the applicant of the non-Latin (Chinese) characters in the trademark is "TIAN" "MU" "XIN" and "LIANG".

Visual Representation

ASKANELI
1880

Trademark Description

The mark is a combined trademark. The image is black and white, leading part of which is a stylized bird profile on a thin branch. The word "ASKANELI" is also eye-catching below the image, while the numbers 1880 are given in a small size so as not to interfere with the perception of the impression created by the image of the bird and the verbal inscription.

Disclaimer

The right to the exclusive use of 1880 is disclaimed apart from the trademark.
