Trademarks Journal

Vol. 70 No. 3568

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Application software to allow electronic sharing, sending, receiving, uploading, downloading and streaming of messages, photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos, and live streaming of user-generated audio and video messages, via a global computer network; Downloadable computer software applications for modification of and electronic sharing, sending, receiving, uploading, downloading and streaming of messages, text, photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos, via a global computer network; Computer software for the collection, editing, organizing, modifying, transmission, storage and sharing of data and

information, namely, downloadable video sharing software; Downloadable computer software for viewing and interacting with a feed of photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos, and associated messages and comments; Downloadable computer software for finding photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos, those who publish any of the foregoing, and for subscribing for the provision of photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos; Computer software for tagging audio-visual and video content with data indicating date, location, people and subject matter; Computer search engine software; Computer software for social networking; Computer software for creating, managing, and interacting with an online community; Computer software for managing social networking content, interacting with a virtual community, and electronic sharing, sending, receiving, uploading, downloading and streaming of photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos, comments and messages on any of the foregoing content, advertisements, media advertising communications; Computer software for creating, editing, uploading, downloading, accessing, viewing, positing, displaying, tagging, blogging about, streaming, linking, annotating, indicating sentiment about, commenting on, embedding in websites, sharing, searching, and providing access to electronic media, namely messages, photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos; Software for sending and receiving electronic messages; Computer software for disseminating advertising for others; Computer software for use as an application programming interface (API); Computer software in the nature of application programming interfaces (APIs) which facilitate online social networking, developing software applications, and purchasing and disseminating advertising

Services

Class 35

(1) Advertising by transmission of on-line publicity for third parties through electronic communications networks

Class 38

(2) Providing access to a global computer network for communication among computers, laptops, mobile phones, smart phones, table computers, and personal digital assistants; SMS message sending services via electronic communications networks; Transmission of information on software applications via the internet; Providing virtual private network (VPN) communications services; Electronic delivery of digital images and photographs via a global computer network; Data transmission and telecommunication services, namely, providing access to an online portal for sharing, sending, receiving, uploading, downloading and streaming of messages, photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos; Wireless electronic transmission of messages, photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos, still and moving images over the internet and via wireless and cellular networks; Peer-to-peer (P2P) sharing services, namely, electronic transmission of messages, photographs, video clips, audio clips, movies, films, television shows, radio shows, podcasts and music videos among internet users; Providing access to a video sharing portal

Class 41

(3) Presentation of music videos via mobile device online; Online publication of non-downloadable electronic books, magazines, and periodicals via mobile devices; Multimedia publishing of printed matter, books, magazines, journals, newspapers, newsletters, tutorials, maps, graphics, photographs, videos, and electronic publications; Electronic publication of magazines, journals,

newspapers, newsletters, articles, tutorials, maps, photographs, and videos on a wide range of topics on-line; Entertainment services in the nature of non downloadable music videos and video games transmitted via the Internet;

Class 42

(4) Design and development of computer software; Software as a service (SaaS) featuring software that enables users to create user accounts with personal identity data for sharing personal identity data with and among multiple applications or websites; Computer programming services, namely, creating online virtual communities for registered users to share, view, subscribe to and interact with audio-visual and video content and related data and information in the nature of graphics, photographic images, video messages and user uploaded video clips, text messages; Providing search engines on the Internet for locating software applications for use with smart phones and mobile computers.

(1) Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely substations for electrical transformation and breakers or switches, apparatus and instruments for the generation, storage or demand and flow management of electric current, namely batteries, accumulators, relays, smart outlets, intelligent switches, power plants, building management systems, home energy management systems, charging stations, apparatus for electrical regulation, namely smart electricity meters, controlled electrical relays, apparatus for controlling electricity consumption, namely electricity meters, energy managers, charge management controllers electrical accumulators, batteries for household use, electric vehicle batteries, battery charging stations, electrical circuit breakers, electrical contactors, electrical programmers, power supply or power failure indicators, electrical power generating apparatus, namely electrical current transformers, apparatus for controlling electricity consumption, namely voltmeters, ammeters, multimeters, sensors, wireless sensors, calculating machines, namely calculators and equipment for processing data, namely computer network hubs, switches and routers, computers, microcomputers, software, software packages, namely software and software packages for tracking, calculating and managing the consumption of water, electricity and gas and for home automation, software and software packages for performing remote technical interventions related to electricity, electricity consumption, energy conservation and energy management in buildings, software and software packages for receiving and transmitting data and commands related to the use of electrical power, software and software packages for the diagnosis of electrical grid problems, software and software packages for controlling the supply and use of electrical power in a building, software and software packages for receiving and transmitting data and commands related to the use of electrical power, software and software packages in the form of computer platforms centralizing the collection of measurements from sensors and the control of actuators in distributed systems, all these goods being intended for use in the fields of the generation, storage and demand and flow management of energy and electricity.

Class 11

(2) Apparatus for lighting, namely street lighting, namely lamp posts, indoor lighting, lighting for parking lots, apparatus for heating, namely heating installations for buildings, apparatus for

cooling, namely refrigerators, apparatus for drying, namely heating, ventilation, air conditioning and cooling systems, apparatus for ventilating, namely circulating fans, apparatus for air conditioning, namely air diffusers, air conditioners.

Services

Class 37

(1) Installation and repair services for electric apparatus, namely apparatus and instruments for regulating electricity, namely smart electricity meters, controlled electrical relays, apparatus for controlling electricity consumption, namely electricity meters, energy managers, charge management controllers electric accumulators, batteries for household use, electric vehicle batteries, battery charging stations, electrical circuit breakers, electrical contactors, electrical programmers, power supply or power failure indicators; installation and repair services for radiators and air conditioning apparatus; information about repair services.

Class 38

(2) Telecommunication services, namely provision of electronic messaging, VOIP services, mobile telephony, provision of access to an Internet discussion website, communications through computer terminals, namely television simulcasting over global communication networks, the Internet and wireless networks, electronic messaging, electronic transmission of information, namely transmission of configuration data, binary data, images, sounds, documents, scripts (executable) by means of computer terminals, by means of terrestrial radio waves, namely over a wireless local area network, IEEE 80216-based wireless broadband communication standards, microwave, Li-Fi, from mobile telephony operators, by means of satellite radio waves, by means of electrical waves, namely powerline communications, by means of specialized networks by means of the Internet of Things by means of computer networking cables, namely the Internet and virtual private networks, by means of household and industrial electrical cables, all these services being intended for use in the fields of the generation, storage and demand and flow management of energy and electricity.

Class 39

(3) Energy distribution, heat distribution for energy generation for machinery, electricity distribution, water distribution, steam and water distribution for energy generation for machinery, gas distribution.

Class 40

(4) Generation of energy, namely generation of electrical energy, namely solar, hydroelectric, wind, hydraulic, nuclear, for domestic and industrial applications, generation of solar thermal, hydroelectric, wind, hydraulic, nuclear energy, all these services being intended for use in the fields of the generation, storage and demand and flow management of energy and electricity; recycling of waste and trash, sorting (processing) of waste and secondary raw materials, chemical treatment of materials through vulcanization.

Class 42

(5) Computer systems design services, technical advice and information related to the generation, storage and demand and flow management of energy and electricity, studies and research related to the generation, storage and demand and flow management of energy and electricity, development of software, installation of software, maintenance of computer software, advice related to the generation and conservation of energy, technical project studies related to energy and electricity and the control thereof, namely technical project studies and technical research regarding computer systems design related to the conservation and optimization of energy consumption, drafting of construction plans related to energy and electricity and the control

thereof, namely technical project studies and technical research regarding computer systems design related to the conservation and optimization of energy consumption, technical studies, analysis and diagnosis for electrical appliance installation, namely conduct of feasibility studies in the field of smart city technologies, all these services being intended for use in the fields of the generation, storage and demand and flow management of energy and electricity.

Class 07

(1) Specialized power-operated forestry equipment, namely, purpose built four wheel drive-to-tree and track type log bunchers, log loading machines, skidders and other forestry industry equipment, namely, bunching saws, bunching shears and component parts thereof, earth moving, tree planting, and excavating equipment, namely, heavy duty vehicles and agricultural and forestry vehicles, and replacement parts therefor; Machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles); machine coupling and transmission components (not for land vehicles); machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles), machine coupling and transmission components (not for land vehicles) for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles); machine coupling and transmission components (not for land vehicles); compressors for machines; electricity generators; pumps for machines for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power

generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles), machine coupling and transmission components (not for land vehicles), namely, articulated trucks, asphalt pavers, backhoe loaders, cold planers, compacting machines, compacting machines for soil, landfill, and paving applications, compact track and multi terrain loaders, dozers, draglines, drills, electric rope shovels, excavators, feller bunchers, forest machines, namely processors for forest products, namely soil and trees, forwarders, harvesting machines for use in agricultural and forestry applications, highwall miners, hydraulic mining shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, site prep tractors, skidders, skid steer loaders, surface mining conveyor systems, telehandlers, track loaders, rock mining machines, mining machines, namely, underground longwall mining machines, underground room and pillar mining systems; mining machines, namely, earth drilling machines and mine borers; wheel dozers, wheel excavators, wheel loaders, wheel tractor scrapers, log loaders, backhoe loaders, marine engines, industrial engines, diesel engines for machines, hydraulic engines and motors; electric, industrial, diesel, gas and natural gas generators and gensets; attachments, namely, augers, backhoes, bale grabs, bale spears, cutting blades, brooms, brushcutters, buckets, cold planers, delimiters, felling heads, flail mowers, forks, grapples, hammers, harvester heads, material handling arms, mulchers, pulverizers, rakes, rippers, saws, shears, silage defacers, snow blowers, snow plows, snow pushes, stump grinders, tillers, trenchers, truss booms, winches, integrated tool carriers, cutting jaws, and pallet forks all of the foregoing for earth moving, earth conditioning and material handling; machine parts for use in compaction, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees and brush, compaction, demolition, earth conditioning, earth contouring, earth moving, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations; metal sealing rings for use with turbomachinery and centrifuges; metal sealing rings for machines for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; a full line of engine parts for backhoe loaders, skid steer loaders, multi terrain loaders, integrated tool carriers, wheel loaders, track excavators, wheeled excavators, front shovels, telescoping material handlers, track material handlers, wheeled material handlers, track-type tractors, pipelayers, track loaders, landfill compactors, soil compactors, wheel dozers, motor graders, industrial tractors, wheel tractor-scrapers, track skidders, wheeled skidders, track feller bunchers, wheeled feller bunchers, agricultural and forestry forwarders, track harvesters, knuckleboom loaders, vibratory soil compactors, soil compactors, vibratory asphalt compactors, pneumatic compactors, asphalt pavers, track asphalt pavers, screeds, cold planers, road reclaimers, windrow elevators, soil stabilizers, underground mining loaders, waste handlers, drilling augers, bale accumulators, cutting blades for use in forestry and agricultural applications, brooms, brushcutters, buckets, mowers, forks, grapples, hammers, harvester heads, mulchers, pulverizers, rakes, rippers, saws, shears, defacers, blowers, plows, stump grinders, thumbs, tillers, trenchers, and winches; motors and engines for miscellaneous uses except for use with land vehicles; machine coupling and transmission components except for land vehicles; agricultural implements other than hand-operated, namely, bale grabs, bale spears, mulchers, rakes, tillers, trenchers for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; machine couplings and

transmission components except for land vehicles; valves being parts of machines; spark plugs; air and gas filters as parts of machines and engines for mechanical purposes; air intake and exhaust assemblies for engines; oil filters; couplings for machines; starters for motors and engines; belts for machines; blades as machines parts; attachments for vehicles, namely, grapple buckets for moving earth and loose objects; combustion engine fuel nozzles; water separators for use in engines; fuel heaters for engines; air condensers; alternators for land vehicles; anti friction bearings for machines; anti-friction pads for machines; anti-pollution devices for motors and engines; axles for machines; ball rings for bearings for machines, namely, for articulated trucks, on /off highway trucks, asphalt pavers, backhoe loaders, cold planers, earth and soil compactors, track loaders, dozers, draglines, drills, shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, hydraulic shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, skidders, skid steer loaders, wheel dozers, wheel excavators for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; bearing brackets for machines; engine bearings; brake linings for machines other than for vehicles; brake segments for machines other than for vehicles; brake shoes for machines other than for vehicles; carburetors; compressed air machines; compressed air pumps; connecting rods for machines, motors, and engines; engines, or motors; current generators; cylinder heads for engines; cylinders for motors and engines; centering drilling bits being parts of machines; drilling heads being parts of machines; power drilling heads for industrial applications; electric, diesel, gas, and natural gas generator belts; electric, diesel, gas, and natural gas generators; belts for motors and engines; fans for motors and engines; fuel transfer apparatus for internal combustion engines, namely, fuel pumps; transmission gears for machines, other than for land vehicles; hammers being parts of machines; hydraulic hammers; machine fly wheels; pistons for motors; pulleys being parts of machines; electric pumps for vehicles; reduction gears other than for land vehicles; shaft couplings for machines; bearings for transmission shafts being parts of machines; superchargers for motors and engines; turbochargers for motors and engines; transmission chains and shafts, other than for land vehicles; turbocompressors; mechanical engine parts for land vehicles, agricultural machinery, and earth moving machinery, namely, starting motors, alternators, pistons, cylinder heads, cooling systems parts namely, water pumps for land vehicles, water pumps for use in motors and engines, oil coolers for engines, radiators, heat exchangers for motors and engines and fans for motors and engines, turbochargers, lubricating systems parts namely, oil pumps for land vehicles, oil pumps for use in motors and engines, metal and non-metal engine seals, metal and non-metal engine gaskets for vehicles, gaskets for internal combustion engines, shaft couplings for machines, and air compressors; crank shafts for engines, engine camshafts, engine bearings; mufflers for engines and motors; engine exhaust caps; exhaust silencers for engines; radiators and radiator caps for vehicles; current generators, compressors, and pumps as parts of machines, motors, and engines, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lawn care, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, waste management, and vegetation management; blocks, camshafts, crankshafts, cylinder heads, filters for motors and engines, frames, fuel injectors, metal engine gaskets for vehicles, piston rings, engine rods, mechanical seals, pressure switches as parts of machines, turbochargers for machines, and valves as machine components for compacting earth, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees, landscaping, lawn care, material handling,

mining, mulching, paving, pipelaying, powering oil and gas drilling operations, producing power from engines and generators, pumping oil, waste management, and vegetation management; winches; motors for model vehicles and/or slot cars

Class 09

(2) Pressure and temperature sensors, gauges, and meters; GPS equipment, namely, sensors for use in navigation, assets tracking, and precise timing applications; electronic equipment for remote operation, control, and monitoring of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, power generation equipment, and off-highway trucks; equipment, namely, electronic devices and parts therefor for locating, positioning, and controlling machines, engines, machine tools, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; batteries and battery chargers for miscellaneous use; battery jump starters; batteries for vehicles; batteries for engines and machines for compacting earth, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations, producing power from engines and generators, pumping oil, waste management, and vegetation management; radios; electric switches; pressure switches for controlling and switching hydraulic or pneumatic systems; electrical connectors; thermostats; pressure gauges, and leveling rods; reflective mirrors to prevent accidents; power inverters; parts and fittings for land vehicles, agricultural machinery, and earth moving machinery, namely, amplifiers for wireless communications, antennas, antennas for wireless communications apparatus; electric relays; machine parts, namely, control mechanisms, namely, mechanical remote controls for machines, engines, or motors and wireless controllers for machines, engines, or motors; fuel/air ratio controls for engines; speed governors for machines, engines, and motors; sensors, namely, electronic liquid level, position, pressure, speed and timing, and temperature sensors; simulators for the steering and control of vehicles; computer hardware; handheld computers; tablet computers; computer routers; blank USB flash drives; computer stylus; computer software for facilitating operation of heavy equipment; computer software games; computer screensaver software downloadable; CD-ROM games; virtual reality training simulation software in the field of agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; eyeglasses; sunglasses; protective glasses; eyeglass lanyards; cases for eyeglasses, sunglasses, and safety glasses; binoculars; telescopes; magnifying glasses; telecommunications equipment, namely, wireless transmitters and receivers; telephones; cordless telephones; mobile phones; mobile phone cases; mobile phone battery chargers; mouse pads; wrist rests for use with computers; protective industrial shoes; reflective safety vests; hard hats; safety helmets; protective helmets; bicycle helmets; solar panels; calculators; electric calculators; signal lanterns; optical lanterns; audio speakers; wireless speakers; headphones; headsets; wireless headphones; wireless headsets; cameras; digital cameras; rearview cameras for vehicles; electric cords; electrical power extension cords; electrical adaptors; electrical adaptor cables

Class 12

(3) Off road industrial vehicles, namely, skidders and purpose-built prime movers, carrying aerial devices, mulchers and sprayers; Vehicles, apparatus for locomotion by land, air or water, and

repair and replacement parts for the aforementioned goods; vehicles for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; vehicles, tractors, marine vehicles and apparatus for locomotion by land, air or water for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; vehicles, apparatus for locomotion by land, air or water, namely, trucks, off-highway trucks, articulated trucks, underground mining trucks, internal combustion fork-lift trucks, electric fork-lift trucks, electric pallet movers, manual pallet movers, asphalt pavers, backhoe loaders, cold planers, compact track and multi terrain loaders, dozers, draglines, drills, electric rope shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, highwall miners, hydraulic mining shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, site prep tractors, agricultural tractors, combines, windrowers, balers, disc mowers and conditioners, sickle mowers and conditioners, bale accumulators, skidders, skid steer loaders, surface mining conveyors, telehandlers, track loaders, underground hard rock mining machines, underground longwall mining machines, underground room and pillar mining systems, wheel dozers, wheel excavators, wheel loaders, wheel tractor scrapers, log loaders, backhoe loaders; structural, repair and replacement and remanufactured parts for engines for the foregoing vehicles; transmissions for land vehicles and structural, repair and replacement parts therefor; locomotives; railcars; Engines for land vehicles; diesel engines for land vehicles, rocket engines for land vehicle propulsion; vehicle parts, namely, tracks for tracked land vehicles; hydraulic circuits and hydraulic adapters for connecting components of hydraulic systems in vehicles; horns for vehicles; rearview mirrors; side view mirrors for vehicles; seats and seat belts for vehicles; seat suspension, seat cushions and seat arm rests all for vehicles; fitted seat covers for vehicles; vehicle head rest covers; brakes for vehicles; brake linings for vehicles; brake air compressors for land vehicles; land vehicle structural parts; hydraulic apparatus for use in moving work tools attached to vehicles and not for engines or motors, namely, hydraulic drives, hydraulic gears, hydraulic pumps, and hydraulic shock absorbers; parts and fittings for land vehicles, namely, engines, connecting rods for vehicles other than parts of motors and engines, transmissions for land vehicles; repair, and replacement parts for land vehicles, namely, a full line of structural parts for articulated trucks, on/off highway trucks, asphalt pavers, backhoe loaders, cold planers, track loaders, dozers, draglines, drills, shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, hydraulic shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, skidders, skid steer loaders, wheel dozers, wheel excavators for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, earth and soil lifting and handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; wheelbarrows; hitch covers; mud flaps; license plate holders; covers for vehicle steering wheels; automobile windshield sunshades; bicycles; tricycles; motor scooters; push scooters; air pumps; bicycle horns; bicycle bells; bicycle training wheels

Class 18

(4) Luggage; bags for carrying tools; wallets; credit card cases; business card cases; coin holders in the nature of wallets; briefcases; garment bags for travel; shoe bags for travel; back packs; duffel bags; flight bags; tote bags; traveling bags; athletic bags; sport bags; dry bags; bags for climbers and campers; book bags; shoulder bags; purses; briefcase-type portfolios; luggage tags; umbrellas; collars, leashes and clothing for animals

Class 21

(5) Cookware, except forks, knives and spoons; unworked or semi-worked glass, except building glass; earthenware; beverage stirrers; pitchers; drinking glasses; cups; mugs; tumblers; insulated containers for beverages; water bottles sold empty; drinking bottles for sports; hydration packs containing a fluid reservoir, delivery tube, and mouthpiece; bottle openers non-electric; shot glasses; insulating sleeve holders for beverages; salt and pepper shakers; grill scrapers; grill covers; chamois leather for cleaning; figurines of porcelain, ceramic, earthenware, terra-cotta or glass; trash cans; soap dish; soap dispenser; glassware, namely, cups, mugs, drinking glasses, pint glasses; porcelain, namely, mugs; thermal insulated containers for beverages, insulated mugs, thermal insulated bottles sold empty

Class 25

(6) Apparel, footwear and headwear, namely, workwear, sport, dress, casual, children, and infant clothing; caps being headwear; baseball hats; hats; visors; knit hats; sun hats; work uniforms; one piece jumpsuits; shirts; t-shirts; golf shirts; dress shirts; sport shirts; polo shirts; collared shirts; night shirts; sweatshirts; wind shirts; sweaters; pullovers; jumpers; fleece pullovers; pants; dress pants; sport pants; casual pants; jeans; lounge pants; sleep pants; sweatpants; wind pants; shorts; jackets; fleece jackets; parkas; vests; rainwear; bathing suits; underwear; gloves; work gloves; ski gloves; mittens; socks; sock liners; footwear, namely, shoes, casual shoes; sandals, boots, work boots, sport shoes, hiking shoes, hiking boots; insoles for shoes and boots; belts; leather belts; fabric belts; ties; scarves; bandanas; wrist bands

Services

Class 36

(1) Insurance services, namely, underwriting extended warranty contracts in the field of heavy equipment, namely, agricultural, forestry and construction equipment

Class 37

(2) Repair and maintenance of vehicles, engines, and industrial machines; rental of construction, demolition, earth conditioning, earth moving, forestry, natural material handling, material scrapping, mulching, oil and gas distribution, exploration and pipelaying, road building and repair, environmental site preparation and remediation, waste management and vegetation management equipment

Class 39

(3) Rental of vehicles

Class 40

(4) Rental of power generators

Class 42

(5) Testing and inspection of engines and machinery, namely, construction, demolition, earth conditioning, earth moving, forestry, natural material handling, material scrapping, mulching, oil and gas distribution, exploration and pipelaying, road building and repair, environmental site preparation and remediation, waste management and vegetation management equipment; testing,

remote control, diagnosis and calibration of vehicles, equipment, and machines used for agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, lifting, forestry, landscaping, lawn care, marine propulsion, natural material handling, mining, oil and gas production, paving, pipelaying, power generation, and road building and repair; testing, remote control, diagnosis and calibration of engines, power generation equipment, vehicle fleets, trucks, and trucking fleets; rental of equipment, machines, and machine tools for use in mining exploration

Class 44

(6) Rental of forestry machines, namely, cut-to-length tree harvesting machines, full tree forest harvesting machines, forwarders for transporting felled logs, timber harvesting machinery, knuckleboom loaders, pipelayers, site prep tractors, skid steer loaders, track loaders

paving applications, compact track and multi terrain loaders, dozers, draglines, drills, electric rope shovels, excavators, feller bunchers, forest machines, namely processors for forest products, namely soil and trees, forwarders, harvesting machines for use in agricultural and forestry applications, highwall miners, hydraulic mining shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, site prep tractors, skidders, skid steer loaders, surface mining conveyor systems, telehandlers, track loaders, rock mining machines, mining machines, namely, underground longwall mining machines, underground room and pillar mining systems; mining machines, namely, earth drilling machines and mine borers; wheel dozers, wheel excavators, wheel loaders, wheel tractor scrapers, log loaders, backhoe loaders, marine engines, industrial engines, diesel engines for machines, hydraulic engines and motors; electric, industrial, diesel, gas and natural gas generators and gensets; attachments, namely, augurs, backhoes, bale grabs, bale spears, cutting blades, brooms, brushcutters, buckets, cold planers, delimiters, felling heads, flail mowers, forks, grapples, hammers, harvester heads, material handling arms, mulchers, pulverizers, rakes, rippers, saws, shears, silage defacers, snow blowers, snow plows, snow pushes, stump grinders, tillers, trenchers, truss booms, winches, integrated tool carriers, cutting jaws, and pallet forks all of the foregoing for earth moving, earth conditioning and material handling; machine parts for use in compaction, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees and brush, compaction, demolition, earth conditioning, earth contouring, earth moving, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations; metal sealing rings for use with turbomachinery and centrifuges; metal sealing rings for machines for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; a full line of engine parts for backhoe loaders, skid steer loaders, multi terrain loaders, integrated tool carriers, wheel loaders, track excavators, wheeled excavators, front shovels, telescoping material handlers, track material handlers, wheeled material handlers, track-type tractors, pipelayers, track loaders, landfill compactors, soil compactors, wheel dozers, motor graders, industrial tractors, wheel tractor-scrapers, track skidders, wheeled skidders, track feller bunchers, wheeled feller bunchers, agricultural and forestry forwarders, track harvesters, knuckleboom loaders, vibratory soil compactors, soil compactors, vibratory asphalt compactors, pneumatic compactors, asphalt pavers, track asphalt pavers, screeds, cold planers, road reclaimers, windrow elevators, soil stabilizers, underground mining loaders, waste handlers, drilling augers, bale accumulators, cutting blades for use in forestry and agricultural applications, brooms, brushcutters, buckets, mowers, forks, grapples, hammers, harvester heads, mulchers, pulverizers, rakes, rippers, saws, shears, defacers, blowers, plows, stump grinders, thumbs, tillers, trenchers, and winches; motors and engines for miscellaneous uses except for use with land vehicles; machine coupling and transmission components except for land vehicles; agricultural implements other than hand-operated, namely, bale grabs, bale spears, mulchers, rakes, tillers, trenchers for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; machine couplings and transmission components except for land vehicles; valves being parts of machines; spark plugs; air and gas filters as parts of machines and engines for mechanical purposes; air intake and exhaust assemblies for engines; oil filters; couplings for machines; starters for motors and engines; belts for machines; blades as machines parts; attachments for vehicles, namely, grapple buckets for moving earth and loose objects; combustion engine fuel nozzles; water separators for use in

engines; fuel heaters for engines; air condensers; alternators for land vehicles; anti friction bearings for machines; anti-friction pads for machines; anti-pollution devices for motors and engines; axles for machines; ball rings for bearings for machines, namely, for articulated trucks, on /off highway trucks, asphalt pavers, backhoe loaders, cold planers, earth and soil compactors, track loaders, dozers, draglines, drills, shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, hydraulic shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, skidders, skid steer loaders, wheel dozers, wheel excavators for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; bearing brackets for machines; engine bearings; brake linings for machines other than for vehicles; brake segments for machines other than for vehicles; brake shoes for machines other than for vehicles; carburetors; compressed air machines; compressed air pumps; connecting rods for machines, motors, and engines; engines, or motors; current generators; cylinder heads for engines; cylinders for motors and engines; centering drilling bits being parts of machines; drilling heads being parts of machines; power drilling heads for industrial applications; electric, diesel, gas, and natural gas generator belts; electric, diesel, gas, and natural gas generators; belts for motors and engines; fans for motors and engines; fuel transfer apparatus for internal combustion engines, namely, fuel pumps; transmission gears for machines, other than for land vehicles; hammers being parts of machines; hydraulic hammers; machine fly wheels; pistons for motors; pulleys being parts of machines; electric pumps for vehicles; reduction gears other than for land vehicles; shaft couplings for machines; bearings for transmission shafts being parts of machines; superchargers for motors and engines; turbochargers for motors and engines; transmission chains and shafts, other than for land vehicles; turbocompressors; mechanical engine parts for land vehicles, agricultural machinery, and earth moving machinery, namely, starting motors, alternators, pistons, cylinder heads, cooling systems parts namely, water pumps for land vehicles, water pumps for use in motors and engines, oil coolers for engines, radiators, heat exchangers for motors and engines and fans for motors and engines, turbochargers, lubricating systems parts namely, oil pumps for land vehicles, oil pumps for use in motors and engines, metal and non-metal engine seals, metal and non-metal engine gaskets for vehicles, gaskets for internal combustion engines, shaft couplings for machines, and air compressors; crank shafts for engines, engine camshafts, engine bearings; mufflers for engines and motors; engine exhaust caps; exhaust silencers for engines; radiators and radiator caps for vehicles; current generators, compressors, and pumps as parts of machines, motors, and engines, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lawn care, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, waste management, and vegetation management; blocks, camshafts, crankshafts, cylinder heads, filters for motors and engines, frames, fuel injectors, metal engine gaskets for vehicles, piston rings, engine rods, mechanical seals, pressure switches as parts of machines, turbochargers for machines, and valves as machine components for compacting earth, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations, producing power from engines and generators, pumping oil, waste management, and vegetation management; winches; motors for model vehicles and/or slot cars

Class 09

(2) Pressure and temperature sensors, gauges, and meters; GPS equipment, namely, sensors for use in navigation, assets tracking, and precise timing applications; electronic equipment for remote operation, control, and monitoring of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, power generation equipment, and off-highway trucks; equipment, namely, electronic devices and parts therefor for locating, positioning, and controlling machines, engines, machine tools, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; batteries and battery chargers for miscellaneous use; battery jump starters; batteries for vehicles; batteries for engines and machines for compacting earth, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations, producing power from engines and generators, pumping oil, waste management, and vegetation management; radios; electric switches; pressure switches for controlling and switching hydraulic or pneumatic systems; electrical connectors; thermostats; pressure gauges, and leveling rods; reflective mirrors to prevent accidents; power inverters; parts and fittings for land vehicles, agricultural machinery, and earth moving machinery, namely, amplifiers for wireless communications, antennas, antennas for wireless communications apparatus; electric relays; machine parts, namely, control mechanisms, namely, mechanical remote controls for machines, engines, or motors and wireless controllers for machines, engines, or motors; fuel/air ratio controls for engines; speed governors for machines, engines, and motors; sensors, namely, electronic liquid level, position, pressure, speed and timing, and temperature sensors; simulators for the steering and control of vehicles; computer hardware; handheld computers; tablet computers; computer routers; blank USB flash drives; computer stylus; computer software for facilitating operation of heavy equipment; computer software games; computer screensaver software downloadable; CD-ROM games; virtual reality training simulation software in the field of agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; eyeglasses; sunglasses; protective glasses; eyeglass lanyards; cases for eyeglasses, sunglasses, and safety glasses; binoculars; telescopes; magnifying glasses; telecommunications equipment, namely, wireless transmitters and receivers; telephones; cordless telephones; mobile phones; mobile phone cases; mobile phone battery chargers; mouse pads; wrist rests for use with computers; protective industrial shoes; reflective safety vests; hard hats; safety helmets; protective helmets; bicycle helmets; solar panels; calculators; electric calculators; signal lanterns; optical lanterns; audio speakers; wireless speakers; headphones; headsets; wireless headphones; wireless headsets; cameras; digital cameras; rearview cameras for vehicles; electric cords; electrical power extension cords; electrical adaptors; electrical adaptor cables

Class 12

(3) Off road industrial vehicles, namely, skidders and purpose-built prime movers, carrying aerial devices, mulchers and sprayers; Vehicles, apparatus for locomotion by land, air or water, and repair and replacement parts for the aforementioned goods; vehicles for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site

preparation and remediation, waste management, vegetation management, transportation, and government and defense; vehicles, tractors, marine vehicles and apparatus for locomotion by land, air or water for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; vehicles, apparatus for locomotion by land, air or water, namely, trucks, off- highway trucks, articulated trucks, underground mining trucks, internal combustion fork-lift trucks, electric fork-lift trucks, electric pallet movers, manual pallet movers, asphalt pavers, backhoe loaders, cold planers, compact track and multi terrain loaders, dozers, draglines, drills, electric rope shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, highwall miners, hydraulic mining shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, site prep tractors, agricultural tractors, combines, windrowers, balers, disc mowers and conditioners, sickle mowers and conditioners, bale accumulators, skidders, skid steer loaders, surface mining conveyors, telehandlers, track loaders, underground hard rock mining machines, underground longwall mining machines, underground room and pillar mining systems, wheel dozers, wheel excavators, wheel loaders, wheel tractor scrapers, log loaders, backhoe loaders; structural, repair and replacement and remanufactured parts for engines for the foregoing vehicles; transmissions for land vehicles and structural, repair and replacement parts therefor; locomotives; railcars; Engines for land vehicles; diesel engines for land vehicles, rocket engines for land vehicle propulsion; vehicle parts, namely, tracks for tracked land vehicles; hydraulic circuits and hydraulic adapters for connecting components of hydraulic systems in vehicles; horns for vehicles; rearview mirrors; side view mirrors for vehicles; seats and seat belts for vehicles; seat suspension, seat cushions and seat arm rests all for vehicles; fitted seat covers for vehicles; vehicle head rest covers; brakes for vehicles; brake linings for vehicles; brake air compressors for land vehicles; land vehicle structural parts; hydraulic apparatus for use in moving work tools attached to vehicles and not for engines or motors, namely, hydraulic drives, hydraulic gears, hydraulic pumps, and hydraulic shock absorbers; parts and fittings for land vehicles, namely, engines, connecting rods for vehicles other than parts of motors and engines, transmissions for land vehicles; repair, and replacement parts for land vehicles, namely, a full line of structural parts for articulated trucks, on/off highway trucks, asphalt pavers, backhoe loaders, cold planers, track loaders, dozers, draglines, drills, shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, hydraulic shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, skidders, skid steer loaders, wheel dozers, wheel excavators for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, earth and soil lifting and handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; wheelbarrows; hitch covers; mud flaps; license plate holders; covers for vehicle steering wheels; automobile windshield sunshades; bicycles; tricycles; motor scooters; push scooters; air pumps; bicycle horns; bicycle bells; bicycle training wheels

Class 18

(4) Luggage; bags for carrying tools; wallets; credit card cases; business card cases; coin holders in the nature of wallets; briefcases; garment bags for travel; shoe bags for travel; back packs; duffel bags; flight bags; tote bags; traveling bags; athletic bags; sport bags; dry bags; bags for climbers and campers; book bags; shoulder bags; purses; briefcase-type portfolios; luggage tags; umbrellas; collars, leashes and clothing for animals

Class 21

(5) Cookware, except forks, knives and spoons; unworked or semi-worked glass, except building glass; earthenware; beverage stirrers; pitchers; drinking glasses; cups; mugs; tumblers; insulated containers for beverages; water bottles sold empty; drinking bottles for sports; hydration packs containing a fluid reservoir, delivery tube, and mouthpiece; bottle openers non-electric; shot glasses; insulating sleeve holders for beverages; salt and pepper shakers; grill scrapers; grill covers; chamois leather for cleaning; figurines of porcelain, ceramic, earthenware, terra-cotta or glass; trash cans; soap dish; soap dispenser; glassware, namely, cups, mugs, drinking glasses, pint glasses; porcelain, namely, mugs; thermal insulated containers for beverages, insulated mugs, thermal insulated bottles sold empty

Class 25

(6) Apparel, footwear and headwear, namely, workwear, sport, dress, casual, children, and infant clothing; caps being headwear; baseball hats; hats; visors; knit hats; sun hats; work uniforms; one piece jumpsuits; shirts; t-shirts; golf shirts; dress shirts; sport shirts; polo shirts; collared shirts; night shirts; sweatshirts; wind shirts; sweaters; pullovers; jumpers; fleece pullovers; pants; dress pants; sport pants; casual pants; jeans; lounge pants; sleep pants; sweatpants; wind pants; shorts; jackets; fleece jackets; parkas; vests; rainwear; bathing suits; underwear; gloves; work gloves; ski gloves; mittens; socks; sock liners; footwear, namely, shoes, casual shoes; sandals, boots, work boots, sport shoes, hiking shoes, hiking boots; insoles for shoes and boots; belts; leather belts; fabric belts; ties; scarves; bandanas; wrist bands

Services**Class 36**

(1) Administrative processing of warranty claims

Class 37

(2) Repair and maintenance of vehicles, engines, and industrial machines; rental of construction, demolition, earth conditioning, earth moving, forestry, natural material handling, material scrapping, mulching, oil and gas distribution, exploration and pipelaying, road building and repair, environmental site preparation and remediation, waste management and vegetation management equipment

Class 39

(3) Rental of vehicles

Class 40

(4) Rental of power generators

Class 42

(5) Testing and inspection of engines and machinery, namely, construction, demolition, earth conditioning, earth moving, forestry, natural material handling, material scrapping, mulching, oil and gas distribution, exploration and pipelaying, road building and repair, site preparation and remediation, waste management and vegetation management equipment; testing, remote control, diagnosis and calibration of vehicles, equipment, and machines used for agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, lifting, forestry, landscaping, lawn care, marine propulsion, natural material handling, mining, oil and gas production, paving, pipelaying, power generation, and road building and repair; testing, remote control, diagnosis and calibration of engines, power generation equipment, vehicle fleets, trucks, and trucking fleets; rental of equipment, machines, and machine tools for use in mining exploration

Class 44

(6) Rental of forestry machines, namely, cut-to-length tree harvesting machines, full tree forest harvesting machines, forwarders for transporting felled logs, timber harvesting machinery, knuckleboom loaders, pipelayers, site prep tractors, skid steer loaders, track loaders

Class 07

(1) Specialized power-operated forestry equipment, namely, purpose built four wheel drive-to-tree and track type log bunchers, log loading machines, skidders and other forestry industry equipment, namely, bunching saws, bunching shears and component parts thereof, earth moving, tree planting, and excavating equipment, namely, heavy duty vehicles and agricultural and forestry vehicles, and replacement parts therefor; Machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles); machine coupling and transmission components (not for land vehicles); machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles), machine coupling and transmission components (not for land vehicles) for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles); machine coupling and transmission components (not for land vehicles); compressors for machines; electricity generators; pumps for machines for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; machines, machine tools and attachments thereof, motors, engines and generators (not for land vehicles), machine coupling and transmission components (not for land vehicles), namely, articulated trucks, asphalt pavers, backhoe loaders, cold planers, compacting machines, compacting machines for soil, landfill, and paving applications, compact track and multi terrain loaders, dozers, draglines, drills, electric rope shovels, excavators, feller bunchers, forest machines, namely processors for forest products, namely soil and trees, forwarders, harvesting machines for use in agricultural and forestry applications, highwall miners, hydraulic mining shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, site prep tractors, skidders, skid steer loaders, surface

mining conveyor systems, telehandlers, track loaders, rock mining machines, mining machines, namely, underground longwall mining machines, underground room and pillar mining systems; mining machines, namely, earth drilling machines and mine borers; wheel dozers, wheel excavators, wheel loaders, wheel tractor scrapers, log loaders, backhoe loaders, marine engines, industrial engines, diesel engines for machines, hydraulic engines and motors; electric, industrial, diesel, gas and natural gas generators and gensets; attachments, namely, augurs, backhoes, bale grabs, bale spears, cutting blades, brooms, brushcutters, buckets, cold planers, delimiters, felling heads, flail mowers, forks, grapples, hammers, harvester heads, material handling arms, mulchers, pulverizers, rakes, rippers, saws, shears, silage defacers, snow blowers, snow plows, snow pushes, stump grinders, tillers, trenchers, truss booms, winches, integrated tool carriers, cutting jaws, and pallet forks all of the foregoing for earth moving, earth conditioning and material handling; machine parts for use in compaction, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees and brush, compaction, demolition, earth conditioning, earth contouring, earth moving, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations; metal sealing rings for use with turbomachinery and centrifuges; metal sealing rings for machines for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; a full line of engine parts for backhoe loaders, skid steer loaders, multi terrain loaders, integrated tool carriers, wheel loaders, track excavators, wheeled excavators, front shovels, telescoping material handlers, track material handlers, wheeled material handlers, track-type tractors, pipelayers, track loaders, landfill compactors, soil compactors, wheel dozers, motor graders, industrial tractors, wheel tractor-scrapers, track skidders, wheeled skidders, track feller bunchers, wheeled feller bunchers, agricultural and forestry forwarders, track harvesters, knuckleboom loaders, vibratory soil compactors, soil compactors, vibratory asphalt compactors, pneumatic compactors, asphalt pavers, track asphalt pavers, screeds, cold planers, road reclaimers, windrow elevators, soil stabilizers, underground mining loaders, waste handlers, drilling augers, bale accumulators, cutting blades for use in forestry and agricultural applications, brooms, brushcutters, buckets, mowers, forks, grapples, hammers, harvester heads, mulchers, pulverizers, rakes, rippers, saws, shears, defacers, blowers, plows, stump grinders, thumbs, tillers, trenchers, and winches; motors and engines for miscellaneous uses except for use with land vehicles; machine coupling and transmission components except for land vehicles; agricultural implements other than hand-operated, namely, bale grabs, bale spears, mulchers, rakes, tillers, trenchers for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; machine couplings and transmission components except for land vehicles; valves being parts of machines; spark plugs; air and gas filters as parts of machines and engines for mechanical purposes; air intake and exhaust assemblies for engines; oil filters; couplings for machines; starters for motors and engines; belts for machines; blades as machines parts; attachments for vehicles, namely, grapple buckets for moving earth and loose objects; combustion engine fuel nozzles; water separators for use in engines; fuel heaters for engines; air condensers; alternators for land vehicles; anti friction bearings for machines; anti-friction pads for machines; anti-pollution devices for motors and engines; axles for machines; ball rings for bearings for machines, namely, for articulated trucks, on /off highway trucks, asphalt pavers, backhoe loaders, cold planers, earth and soil compactors, track loaders, dozers, draglines, drills, shovels, excavators, feller bunchers, forest machines,

forwarders, harvesters, hydraulic shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, skidders, skid steer loaders, wheel dozers, wheel excavators for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; bearing brackets for machines; engine bearings; brake linings for machines other than for vehicles; brake segments for machines other than for vehicles; brake shoes for machines other than for vehicles; carburetors; compressed air machines; compressed air pumps; connecting rods for machines, motors, and engines; engines, or motors; current generators; cylinder heads for engines; cylinders for motors and engines; centering drilling bits being parts of machines; drilling heads being parts of machines; power drilling heads for industrial applications; electric, diesel, gas, and natural gas generator belts; electric, diesel, gas, and natural gas generators; belts for motors and engines; fans for motors and engines; fuel transfer apparatus for internal combustion engines, namely, fuel pumps; transmission gears for machines, other than for land vehicles; hammers being parts of machines; hydraulic hammers; machine fly wheels; pistons for motors; pulleys being parts of machines; electric pumps for vehicles; reduction gears other than for land vehicles; shaft couplings for machines; bearings for transmission shafts being parts of machines; superchargers for motors and engines; turbochargers for motors and engines; transmission chains and shafts, other than for land vehicles; turbocompressors; mechanical engine parts for land vehicles, agricultural machinery, and earth moving machinery, namely, starting motors, alternators, pistons, cylinder heads, cooling systems parts namely, water pumps for land vehicles, water pumps for use in motors and engines, oil coolers for engines, radiators, heat exchangers for motors and engines and fans for motors and engines, turbochargers, lubricating systems parts namely, oil pumps for land vehicles, oil pumps for use in motors and engines, metal and non-metal engine seals, metal and non-metal engine gaskets for vehicles, gaskets for internal combustion engines, shaft couplings for machines, and air compressors; crank shafts for engines, engine camshafts, engine bearings; mufflers for engines and motors; engine exhaust caps; exhaust silencers for engines; radiators and radiator caps for vehicles; current generators, compressors, and pumps as parts of machines, motors, and engines, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lawn care, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, waste management, and vegetation management; blocks, camshafts, crankshafts, cylinder heads, filters for motors and engines, frames, fuel injectors, metal engine gaskets for vehicles, piston rings, engine rods, mechanical seals, pressure switches as parts of machines, turbochargers for machines, and valves as machine components for compacting earth, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations, producing power from engines and generators, pumping oil, waste management, and vegetation management; winches; motors for model vehicles and/or slot cars

Class 09

(2) Pressure and temperature sensors, gauges, and meters; GPS equipment, namely, sensors for use in navigation, assets tracking, and precise timing applications; electronic equipment for remote operation, control, and monitoring of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, power generation equipment, and off-highway trucks; equipment, namely, electronic

devices and parts therefor for locating, positioning, and controlling machines, engines, machine tools, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; batteries and battery chargers for miscellaneous use; battery jump starters; batteries for vehicles; batteries for engines and machines for compacting earth, compressing gas, demolition, earth conditioning, earth contouring, earth moving, forestry, namely, cutting and clearing trees, landscaping, lawn care, material handling, mining, mulching, paving, pipelaying, powering oil and gas drilling operations, producing power from engines and generators, pumping oil, waste management, and vegetation management; radios; electric switches; pressure switches for controlling and switching hydraulic or pneumatic systems; electrical connectors; thermostats; pressure gauges, and leveling rods; reflective mirrors to prevent accidents; power inverters; parts and fittings for land vehicles, agricultural machinery, and earth moving machinery, namely, amplifiers for wireless communications, antennas, antennas for wireless communications apparatus; electric relays; machine parts, namely, control mechanisms, namely, mechanical remote controls for machines, engines, or motors and wireless controllers for machines, engines, or motors; fuel/air ratio controls for engines; speed governors for machines, engines, and motors; sensors, namely, electronic liquid level, position, pressure, speed and timing, and temperature sensors; simulators for the steering and control of vehicles; computer hardware; handheld computers; tablet computers; computer routers; blank USB flash drives; computer stylus; computer software for facilitating operation of heavy equipment; computer software games; computer screensaver software downloadable; CD-ROM games; virtual reality training simulation software in the field of agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; eyeglasses; sunglasses; protective glasses; eyeglass lanyards; cases for eyeglasses, sunglasses, and safety glasses; binoculars; telescopes; magnifying glasses; telecommunications equipment, namely, wireless transmitters and receivers; telephones; cordless telephones; mobile phones; mobile phone cases; mobile phone battery chargers; mouse pads; wrist rests for use with computers; protective industrial shoes; reflective safety vests; hard hats; safety helmets; protective helmets; bicycle helmets; solar panels; calculators; electric calculators; signal lanterns; optical lanterns; audio speakers; wireless speakers; headphones; headsets; wireless headphones; wireless headsets; cameras; digital cameras; rearview cameras for vehicles; electric cords; electrical power extension cords; electrical adaptors; electrical adaptor cables

Class 12

(3) Off road industrial vehicles, namely, skidders and purpose-built prime movers, carrying aerial devices, mulchers and sprayers; Vehicles, apparatus for locomotion by land, air or water, and repair and replacement parts for the aforementioned goods; vehicles for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; vehicles, tractors, marine vehicles and apparatus for locomotion by land, air or water for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power

generation, road building and repair, site preparation and remediation, waste management, vegetation management, transportation, and government and defense; vehicles, apparatus for locomotion by land, air or water, namely, trucks, off-highway trucks, articulated trucks, underground mining trucks, internal combustion fork-lift trucks, electric fork-lift trucks, electric pallet movers, manual pallet movers, asphalt pavers, backhoe loaders, cold planers, compact track and multi terrain loaders, dozers, draglines, drills, electric rope shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, highwall miners, hydraulic mining shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, site prep tractors, agricultural tractors, combines, windrowers, balers, disc mowers and conditioners, sickle mowers and conditioners, bale accumulators, skidders, skid steer loaders, surface mining conveyors, telehandlers, track loaders, underground hard rock mining machines, underground longwall mining machines, underground room and pillar mining systems, wheel dozers, wheel excavators, wheel loaders, wheel tractor scrapers, log loaders, backhoe loaders; structural, repair and replacement and remanufactured parts for engines for the foregoing vehicles; transmissions for land vehicles and structural, repair and replacement parts therefor; locomotives; railcars; Engines for land vehicles; diesel engines for land vehicles, rocket engines for land vehicle propulsion; vehicle parts, namely, tracks for tracked land vehicles; hydraulic circuits and hydraulic adapters for connecting components of hydraulic systems in vehicles; horns for vehicles; rearview mirrors; side view mirrors for vehicles; seats and seat belts for vehicles; seat suspension, seat cushions and seat arm rests all for vehicles; fitted seat covers for vehicles; vehicle head rest covers; brakes for vehicles; brake linings for vehicles; brake air compressors for land vehicles; land vehicle structural parts; hydraulic apparatus for use in moving work tools attached to vehicles and not for engines or motors, namely, hydraulic drives, hydraulic gears, hydraulic pumps, and hydraulic shock absorbers; parts and fittings for land vehicles, namely, engines, connecting rods for vehicles other than parts of motors and engines, transmissions for land vehicles; repair, and replacement parts for land vehicles, namely, a full line of structural parts for articulated trucks, on/off highway trucks, asphalt pavers, backhoe loaders, cold planers, track loaders, dozers, draglines, drills, shovels, excavators, feller bunchers, forest machines, forwarders, harvesters, hydraulic shovels, knuckleboom loaders, material handlers, motor graders, pipelayers, road reclaimers, skidders, skid steer loaders, wheel dozers, wheel excavators for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, earth and soil lifting and handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; wheelbarrows; hitch covers; mud flaps; license plate holders; covers for vehicle steering wheels; automobile windshield sunshades; bicycles; tricycles; motor scooters; push scooters; air pumps; bicycle horns; bicycle bells; bicycle training wheels

Class 18

(4) Luggage; bags for carrying tools; wallets; credit card cases; business card cases; coin holders in the nature of wallets; briefcases; garment bags for travel; shoe bags for travel; back packs; duffel bags; flight bags; tote bags; traveling bags; athletic bags; sport bags; dry bags; bags for climbers and campers; book bags; shoulder bags; purses; briefcase-type portfolios; luggage tags; umbrellas; collars, leashes and clothing for animals

Class 21

(5) Cookware, except forks, knives and spoons; unworked or semi-worked glass, except building glass; earthenware; beverage stirrers; pitchers; drinking glasses; cups; mugs; tumblers; insulated containers for beverages; water bottles sold empty; drinking bottles for sports; hydration packs containing a fluid reservoir, delivery tube, and mouthpiece; bottle openers non-electric; shot

glasses; insulating sleeve holders for beverages; salt and pepper shakers; grill scrapers; grill covers; chamois leather for cleaning; figurines of porcelain, ceramic, earthenware, terra-cotta or glass; trash cans; soap dish; soap dispenser; glassware, namely, cups, mugs, drinking glasses, pint glasses; porcelain, namely, mugs; thermal insulated containers for beverages, insulated mugs, thermal insulated bottles sold empty

Class 25

(6) Apparel, footwear and headwear, namely, workwear, sport, dress, casual, children, and infant clothing; caps being headwear; baseball hats; hats; visors; knit hats; sun hats; work uniforms; one piece jumpsuits; shirts; t-shirts; golf shirts; dress shirts; sport shirts; polo shirts; collared shirts; night shirts; sweatshirts; wind shirts; sweaters; pullovers; jumpers; fleece pullovers; pants; dress pants; sport pants; casual pants; jeans; lounge pants; sleep pants; sweatpants; wind pants; shorts; jackets; fleece jackets; parkas; vests; rainwear; bathing suits; underwear; gloves; work gloves; ski gloves; mittens; socks; sock liners; footwear, namely, shoes, casual shoes; sandals, boots, work boots, sport shoes, hiking shoes, hiking boots; insoles for shoes and boots; belts; leather belts; fabric belts; ties; scarves; bandanas; wrist bands

Services

Class 36

(1) Insurance services, namely, underwriting extended warranty contracts in the field of heavy equipment, namely, agricultural, forestry and construction equipment

Class 37

(2) Repair and maintenance of vehicles, engines, and industrial machines; rental of construction, demolition, earth conditioning, earth moving, forestry, natural material handling, material scrapping, mulching, oil and gas distribution, exploration and pipelaying, road building and repair, environmental site preparation and remediation, waste management and vegetation management equipment

Class 39

(3) Rental of vehicles

Class 40

(4) Rental of power generators

Class 42

(5) Testing and inspection of engines and machinery, namely, construction, demolition, earth conditioning, earth moving, forestry, material handling, material scrapping, mulching, oil and gas distribution, exploration and pipelaying, road building and repair, site preparation and remediation, waste management and vegetation management equipment; testing, remote control, diagnosis and calibration of vehicles, equipment, and machines used for agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, lifting, forestry, landscaping, lawn care, marine propulsion, material handling, mining, oil and gas production, paving, pipelaying, power generation, and road building and repair; testing, remote control, diagnosis and calibration of engines, power generation equipment, vehicle fleets, trucks, and trucking fleets; rental of equipment, machines, and machine tools for use in mining exploration

Class 44

(6) Rental of forestry machines, namely, cut-to-length tree harvesting machines, full tree forest harvesting machines, forwarders for transporting felled logs, timber harvesting machinery, knuckleboom loaders, pipelayers, site prep tractors, skid steer loaders, track loaders

(1) chemical compositions for developing and printing photographs; chemical preservatives for the food industry; chemical reagents for use in genetic research; chemicals for use in the oil refining industry; gas purifying preparations; water treatment chemicals; waste water treatment chemicals; chemicals for the treatment of cooling water systems; coolants, namely, coolants for excavator engines, crane engines, welding machines, cutting machines, vehicle engines, and industrial machinery; concentrated cutting fluid coolants; chemical condensation preparations, namely, fluorocarbons, chlorofluorocarbons, hydrofluorocarbons, sulfur dioxide, non-halogenated hydrocarbons, and ammonia; refrigerants; cryogenic preparations in solid, liquid or gas state for use in chilling and freezing; carburizing agents used in steel making, namely, coke; carbon for filters; activated carbon; purification preparations, namely, chemicals for use in purification of water, chemicals for use in purification of gases, and chemicals for use in soil remediation; chemicals for use in the treatment of water; anti-corrosion chemicals in the nature of chemical preservatives for use as corrosion inhibitors in water treatment systems; chemicals for use in the decontamination of polluted sites; chemical preparations in the nature of filtering materials used in filtering processes for water, liquid, air, gases, oil, and fuel; mineral substances in the nature of filtering materials used in filtering processes for water, liquid, air, gases, oil, and fuel; unprocessed plastics in the nature of filtering materials used in filtering processes for water, liquid, air, gases, oil, and fuel; ceramic filtration media for water filtration; biochemical catalysts; catalysts for chemical and biochemical processes; catalysts for use in the oil processing industry; catalysts for use in the water treatment industry; non-metallic catalysts for ozone decomposition; urea water used as catalysts for treating exhaust gas; flocculants; reducing agents for use in industrial manufacturing processes; iron powders used as reducing agents; chemical sorbents, namely, iron powders, carbon molecular sieves, synthetic zeolites; chemicals for absorbing moisture and carbon dioxide in gas generating processes; chemicals for absorbing nitrogen in gas generating

processes; iron powders being mineral sorbents; chemicals for absorbing oxygen, namely, iron powders, carbon molecular sieves; chemicals for absorbing oxygen in gas generating processes; chemicals for absorbing oxygen for boilers used in water treatment processes; stain repellents for water treatment apparatus; chemical preparations for repelling stains for industrial purposes, namely, welding and fusing purposes; descaling preparations for industrial purposes; chemical preparations for preventing scale formation; bacterial preparations for waste water treatment; chemical preparations for stabilizing soil; chemicals for welding; metal welding flux; descaling preparations for industrial purposes; hydraulic fluids; defoaming agents for waste water treatment; anti-freezing preparations; heat transfer fluids for industrial use; metal plating chemical compositions; reagents for detecting flaws in materials; powdered iron used as heating agents for disposable body warmers; chemical compositions for waterproofing articles of fabric; fuel for nuclear reactors; chemical reagents for material flaw testing; assays of metal pieces for use in the fields of material testing for industrial, scientific and research purposes; paste fillers for suppressing cracks in metal structures; bicarbonate of soda for chemical purposes; hydrogen peroxide for industrial purposes; oxygen for industrial purposes; carbon black for industrial purposes; solidified gases for industrial purposes; propellant gases for aerosols; protective gases for welding; acetylene for industrial purposes; refrigerant gas for use in industrial cooling systems; microorganisms for use in water treatment; ion-exchange resins; ion-exchange resin membranes in the form of chemical preparations; alkalis; argon; ammonia water; calcium carbide; citric acid for industrial purposes; chlorofluorocarbons used as a chemical condensation preparation; sodium silicate; oxalic acid; caustic soda for industrial purposes; sodium carbonate; sodium thiosulfate; dry ice [carbon dioxide]; sodium; helium; methanol; phosphoric acid; calcium chloride; hydrochloric acid; metallic oxides; industrial salts; sodium hypochlorite; sodium bisulphite; nitric acid; acetic acid; calcium hydroxide; hydrogen; nitrogen; carbon dioxide; urea water used as a reducing agent for selective catalytic reduction; urea used as a water treatment chemical; acetic anhydride; sulfuric acid; adhesives for use in the automotive industry; adhesives for use in the construction industry; general use adhesives; synthetic resin adhesives for industrial purposes; chemical oxidants for contaminated soil treatment; soil improving preparations; soil conditioning preparations; chemical adsorbents for contaminated soil treatment; iron powder for purification of contaminated soil; soil conditioners for agricultural purposes; fertilizers; slag fertilizers; gypsum for use as a fertilizer; ceramic glazings; glaziers' putty; detergents for industrial use; detergents for industrial use as part of manufacturing operations; fluids for hydraulic circuits; transmission fluid; fatty acids for industrial purposes; bentonite; artificial graphite for electrodes; artificial graphite for industrial purposes; natural graphite for industrial purposes; graphite in raw or semi-finished form for use in manufacture; chemical compositions for developing photographs; reagent paper for scientific and research use; artificial sweeteners [chemical preparations]; colostrum for the food industry; bacteria for use in food manufacture; adlay flour for industrial purposes; bacteria for waste water treatment; unprocessed plastics for industrial purposes; dissolving pulp; ceramic matrix composite materials (CMC) for use in the manufacture of satellites, rockets, missiles, aerospace vehicles, aircraft engines and brakes; hydraulic oils

Class 04

(2) all-purpose lubricants; industrial lubricants; motor vehicle lubricants; lubricants for industrial machinery; lubricants for compressors; lubricants for earth moving machines, loading and unloading machines and demolition wrecking machines; drilling lubricants; sewing machine lubricating oils; oils for paints; grease for shoes; leather preserving oil and grease; coal based fuels; alcohol for use as fuel; ammonia for use as fuel; butane gas for use as fuel; charcoal for use as fuel; hydrogen for use as fuel; propane for use as fuel; wood for use as fuel; biodiesel fuel; biomass fuel; fuel from crude oil; gas fuel; fuel oil; fuel pellets; motor fuel; fuel for aircraft; fuel for

ships; fuel for motor vehicles; fuel for domestic heating; coke; coal; propane; liquefied petroleum gas; gas oil; diesel oil; heating oil; lamp oil; kerosene; animal oils for industrial purposes; fish oil for industrial purposes; vegetable oils for use in the manufacture of plastics, rubber, and waxes; mineral oils and greases for industrial purposes; cutting oil for industrial metal working; emulsified industrial oil; hardened oils for industrial use; motor oils, automotive lubricants and automotive greases; textile oils; automotive greases; general purpose greases; engine oils; gear oils; non-mineral oils for industrial purposes; industrial wax; lamp wicks; candles

Class 06

(3) iron and steel; stainless steel; alloyed iron; steel alloys; pig iron; steel in the form of sheets, plates, foils and reels; steel in sheet, rod, bar and billet form; steel plates and sheets; galvanized steel sheets; steel rods; steel rails; steel wire; rolled and peeled tubes of steel, ground tubes of steel; pelletized iron; steel balls; billets of metal; iron slabs; cast steel; angle irons of metal; iron and steel scraps; common metals and their alloys; soundproofing, noise damping and vibration damping metal panels, beams, rails, bars, sheets and strips; ingots of common metal; slabs of metal, including those made from alloy steel and titanium; sheets and plates of metal; common metals in foil form [semi-wrought]; drain pipes of metal; gutter pipes of metal; sewer pipes of metal; water pipes of metal; pipes of metal for liquid and gas transfer; seamless tubes of metal for the oil and gas industry; metal drill pipes for use in well boring; metal tubes for machinery; metal pipe fittings; reinforcing materials of metal for pipes; valves of metal for water pipes; metal wall hooks for pipes; end caps of metal for pipes; elbows of metal for pipes; muffs of metal for pipes; junctions of metal for pipes; joints of metal for pipes; clips of metal for pipes; connectors of metal for pipes; couplings of metal for pipes; collars of metal for fastening pipes; pipework of metal including those from alloy steel and titanium; tubing and tubing couplings of metal for joining and terminating pipes; non-electrical cables and wires of common metal; steel wire and steel strands, namely, pre-stressing steel in the form of wires and strands for manufacturing pre-stressed concrete; non-electric single-strand wire; non-electric multi-strand wire; common metal in powdered form; castings of iron, unwrought or semi-wrought and its alloys; castings of steel, unwrought or semi-wrought and its alloys; castings of aluminium, unwrought or semi-wrought and its alloys; castings of copper, unwrought or semi-wrought or its alloys; castings of titanium, unwrought or semi-wrought and its alloys; rods of metal for brazing and welding, including those made from alloy steel and titanium; welding wire; sputtering targets of metal; aluminium and its alloys; castings, foils, powder, and rolled, drawn or extruded semi-finished articles of aluminium and its alloys; copper alloys; copper, unwrought or semi wrought; copper wire, not insulated; copper pipes and tubes for air-conditioning purposes; copper pipes and tubes for refrigeration purposes; copper pipes and tubes for construction purposes; copper pipes and tubes for plumbing use; copper pipes and tubes for heat exchangers; copper pipes and tubes for air-conditioning units; castings, foils, powder, and rolled, drawn or extruded semi-finished articles of copper and its alloys; titanium and alloys thereof; nickel and its alloys; magnesium and its alloys; zinc and its alloys; ores of metal; metal partitions for building; spacer brackets of metal; reinforcing materials of metal for building; window frames of metal; steel frames for building; metal pillars for building; building boards of metal; building panels of metal; metal trims for buildings; linings of metal for building; tiles of metal for building; cladding of metal for building; shutters of metal; fittings of metal for building; reinforcing materials of metal for building; branching pipes of metal; ventilating ducts of metal; metal expansion joints for piping and ducting; insulated pipe supports of metal; fittings of metal for compressed air lines; crash barriers of metal; barricades of metal; rockslide retention wire nets; nozzles of metal; anchor bolts; bars for metal railings; laths of metal; gratings of metal; reinforcing materials, of metal, for concrete; building panels of metal; wall panels of metal; barbed wire; shutters of metal; balustrades of metal; metal suspended ceiling systems comprising panels; ceiling supports of metal; fence

posts of metal; beams of metal; fence panels of metal; fences of metal; guard barriers of metal; anchor plates; floor panels of metal; duckboards of metal; scaffolding of metal; prefabricated houses of metal; foundry molds of metal; cable stretchers and cincture stretchers of metal [clamp links]; loading and unloading pallets of metal; containers of metal for the storage and transportation of goods; artificial fish reefs of metal; traps for wild animals; aviaries of metal; paint spraying booths of metal; metal casting forms for concrete; ice moulds of metal; bicycle parking installations of metal; sash pulleys of metal; metal hardware, namely, springs; metal valves for controlling the flow of gas and pipelines; metal valves for water pipes; junctions of metal for pipes; cable junction sleeves of metal; metal cotter pins; metal hoses for agricultural use; metal hoses for machinery; metal hoses for plumbing use; non-luminous and non-mechanical metal signs for decoration; non-luminous and non-mechanical road signs of metal; metal storage tanks; gas storage tanks of metal; wind vanes of metal; telpher cables; anchors; anvils; washers being metal hardware; washers of metal; metal hardware, namely, double-end swivels; brackets of metal for furniture; metal brackets for use in the construction and assembly of decking; metal hardware screws; screw rings of metal; split rings of common metal for keys; wrapping bands of metal; binding bands of metal; binding screws of metal for cables; machine belt fasteners of metal; fasteners of metal for scaffolds; fasteners of metal for windows; chains of metal; bindings of metal, namely, metal binding strips used on packaging; bolts of metal; lock bolts; nuts of metal; washers of metal; rivets, cramps and nails of metal; clips of metal for cables and pipes; cable linkages of metal, non-electric; cable clamps of metal; cable thimbles of metal; grease nipples; metal locks and keys therefor; wire rope; bands of metal for tying-up purposes; wire nets and gauzes; industrial packaging containers of metal; containers made of metal for use in the storage of gases; containers of metal for storage, transport and packaging; general purpose storage containers of metal; portable metal storage containers; welding rod holders in the nature of metal containers for storage of welding rods; general purpose metal storage bins; metal refuse bins for commercial use; casks of metal; containers of metal for chemicals, compressed gases and liquids; closures of metal for containers; pot hooks of metal; bathtub grab bars of metal; identity plates of metal; hand-held flagpoles of metal; cattle chains of metal; metal stepladders and ladders; letter boxes of metal; clothes hooks of metal; water tanks of metal for household purposes; tool boxes of metal, empty; towel dispensers of metal; joinery fittings of metal; cask stands of metal; safes; works of art of non-precious metal; outdoor blinds of metal; signboards of metal; transportable greenhouses of metal for household use; memorial plates of metal; grave markers of non precious metal; shoe pegs of metal; ferrules of metal for canes and walking sticks; spurs; metal karabiners; labels of metal; sculptures of metal; composite panels of nonferrous metal; metallic moulds for metal casting; metal detonation chambers in the nature of tanks of metal, capable of self-treatment of blasting experiments and fragments in the chamber for detonation of chemical and conventional munitions; couplings of metal for chains

Class 07

(4) metalworking machines and tools, and their parts and fittings; laminating machines for industrial use; blades for earth moving machines; saw blades being parts of machines; moulding machines and parts and fittings therefor, namely, compression moulding machines, extrusion moulding machines, and injection moulding machines; tables for machines, namely, cutting machines for metal working and metal forming machines; electric welding machines and parts and fittings therefor; electrodes for welding machines; gas welding machines; welding torches; metalworking machines, namely, machining centers; metal electropolishing machines; angle polishers; metal cutting machines; plastic cutting machines; glass cutting machines; semiconductor cutting machines; ceramic cutting machines; wood cutting machines; milling cutters for milling machines; thread milling cutters for machines; shearing machines for metalworking; cemented

carbide tips for use with machine tools; abrasive discs for power operated grinders; dies for use with machine tools; bits for power drills; blades for power saws; rolling mills and parts and fittings therefor; rolling mill cylinders; hydraulic presses for metalworking; hydraulic punching presses for metalworking; metal extrusion presses; mechanical presses for metalworking; press dies for metal forming; manipulators for forging presses and for forging machines; industrial machine presses; presses for chemical processing; molding presses; isostatic presses and their parts and fittings; mechanical presses for metalworking; hydraulic presses for metalworking; casting machines; continuous casting machines; moulds being parts of machines for processing plastics; die-casting moulds being parts of machines; forging moulds; tungsten carbide moulds; extrusion molds; molds being parts of machines for use in the manufacture of rubber goods; punching molds being parts of machines; thermoforming molds being parts of machines; vibrators [machines] for industrial use; forging machines; rock crushing machines; casting gates separating machines; hand-held tools, other than hand-operated, namely, power hammers, electric drills, pneumatic drills, hand held power driven grinders, electric wet grinders for welding electrodes, electric food grinders, power operated screwdrivers, pneumatic nut runners, pneumatic ratchet wrenches, and hand-held vacuum cleaners; wire forming machines; wire extruding machines; wire drawing machines; industrial robots for welding; industrial robots for working glass; industrial robots for working metal; industrial robots for working plastic material; industrial robots for working wood; industrial robots for milling; industrial robots for painting and for metalworking and semiconductor manufacturing; unmanned industrial robots being cargo handling machines; robotic arms for assembling; robotic arms for automated painting; robotic arms for dispensing machines; robotic arms for injection molding; robotic arms for loading; robotic arms for palletizing; robotic arms for metalworking; robotic arms for semiconductor manufacturing; wire-coiling machines; sandblasting machines; riveting machines; washing apparatus, namely, electric washing machines for industrial purposes; compressor cleaning machines; moulds and dies for metal-forming in the nature of metal forming machines; press dies for metal forming; forging moulds; mining machines and apparatus, namely, coal cutting machines, oil-well pumping machines, drills for the mining industry, mine borers, coal loaders, truck mills for mining purposes, coal ploughs, ore treating machines, rubber tracks for crawler mining machines, and machines for geological, mining and ore exploration; ore treating machines; shredders [machines] for industrial use; sand sorting machines for industry; construction machines and apparatus and their parts and fittings, namely, truck cranes, power shovels, earth augers, pile-drivers, pile-extractors, graders, earth moving scrapers, bulldozers, construction rammers, road rollers, concrete placing machines, concrete vibrators, concrete paving machines, concrete mixers, concrete construction machines, concrete finishing machines, asphalt paving machines, asphalt mixers, dredging machines, skid-steer loaders, backhoes, deep hole drilling machines, and tunnel boring machines; mechanical spreaders; blades for earth moving machines; buckets for earth moving machines; building demolition machines and their parts and fittings; demolition excavators and their parts and fittings, namely, heavy duty arms, multi-use dismantling nibblers, clamp arms, boom holding valves, poles, grips, teeth and anchors, all the foregoing for use in dismantling vehicles for scrap and metal parts; demolition equipment for earth moving machines, namely, hydraulic pliers; rubber tracks being parts of crawlers on construction machines; excavators; excavating machines; trench diggers; road rollers; machine tools for breaking up road surfaces; multi-purpose road maintaining machines; road paving machines; road rollers; crawler-tracked loaders; unloading cranes; rubber tracks being parts of crawlers on cranes; cranes; crawler cranes; mobile cranes; wheel cranes; winches; mechanical reeling apparatus, namely, wire reeling machines, cable reeling machines, and wire rope reeling machines; electric hoists; conveyors [machines]; roller conveyors; power operated jacks; dredging machines; loaders being earth moving machines; earth compacting machines; railroad constructing machines; waste material conveying machines; automatic warehousing systems and their parts and fittings;

agitators for chemical processing; agitators for circulating liquid media; rubber mixing machines; concrete mixers; food mixing machines for commercial use; blending machines for chemical processing; kneading machines for chemical processing; trawl winches; chemical processing machines and apparatus, and their parts and fittings; filtering machines for chemical processing; air filters for gear drives; air filters for motors and engines; air filters for pneumatic controls being part of machines; fuel filters; gas filters for engines; gas filters for motors; oil filters; oil filters for motors and engines; particulate air filters for exhaust systems for internal combustion engines; filters and purifiers for removing contaminants from gases used in the semiconductor industry; membrane filters for use as parts of machines; membrane filters for use as parts of machines; filter presses for chemical processing; absorbing machines for chemical processing, namely, vapor absorption chillers; sintering machines for chemical processing; calcining machines for chemical processing; granulating machines for chemical processing; extracting machines for chemical processing; reaction vessels for chemical processing, namely, chemical reactors, desulphurization and hydrocracking reactors, the foregoing used in chemical plants; crude oil refining machines; oil filtering towers; air condensers; steam condensers; steam condensers being parts of machines and other types of condensers; centrifugal grinding machines; centrifugal fans; centrifugal mills; centrifugal separators; separating machines for chemical processing; oil separators; water separators; cleaning apparatus for chemical processing, namely, machines for decontamination of Poly Chlorinated Biphenyl (PCB) waste; machines for cleaning, electric, namely, nozzle cleaners for welding machines, and slug removers for welding machines; machines for cleaning, electric, namely, surface cleaners for coating machines; electric washing machines for industrial purposes; dust collecting machines for chemical processing; dust separators for waste water treatment; carburettors; chemical fiber processing machines; chemical fiber spinning machines; machine tools for the textile industry; container filling machines for compressed gas and air; spray can filling machines; calenders; food preparation machines, electromechanical, and their parts and fittings, namely, machines for extruding food materials and isostatic presses for food processing; food processors, electric, and their parts and fittings; blades for electric food processors; timber harvesting machinery; woodworking machines; forestry machines and apparatus, and their parts and fittings, namely, chain saws, skidders, yarders and grapples; harvesters for use in forestry; papermaking machines; 3D printing machines; embossing printing machines; printing machines for textile; printing machines for use on sheet metal; printing plates; converters for steelworks and their parts and fittings; sewing machines; agricultural machines, namely, cultivators, harvesters for agricultural use and disk harrows; machines for shredding horticultural waste; shoe making machines; tobacco processing machines; glass-working machines and their parts and fittings, namely, glass cutting machines; glassware manufacturing machines and apparatus; painting machines and their parts and fittings; packing machines; sealing machines for industrial purposes; potters' wheels; machines for processing plastics and their parts and fittings, namely, machines for extruding plastics and machines for molding plastics; machines for extruding plastics; extrusion molding machines; injection molding machines; moulds being parts of machines for processing plastics; compression moulding machines; machines for manufacturing semi-conductors and their parts and fittings; semi-conductor wafer processing machines and their parts and fittings; plasma etching machines; semi-conductor substrates manufacturing machines; machines for manufacturing rubber goods, and their parts and fittings; rubber manufacturing machines; rubber processing machines; rubber mixing machines; rubber mixing rolls; vulcanization apparatus; stone-working machines; milling machines and grinding machines for the treatment of ceramics; cases and blades of jet engines being parts of engines; fuel filters; motors and engines, except for land vehicles; aeronautical engines; cowlings of aircraft engines and motors; hydraulic turbines; turbines for generation of electricity; turbines for jet engines; turbines for steam plants; wind turbines; marine engines and parts and fittings therefor; steam engine boilers; fittings for engine

boilers; cylinders for motors and engines; cylinders for industrial machinery; hydraulic cylinders; shock absorbing cylinders being parts of machines; cylinder heads for engines; pistons [parts of machines or engines]; piston rings; camshafts; mufflers for motors and engines; exhaust pipes for land vehicles; exhaust systems for diesel engines; exhaust systems for vehicles; catalytic converters; anti-pollution catalytic converters for motors and engines; engine mounts for excavators and cranes; fans for motors and engines; joints being parts of engines; filters for cleaning air, for engines; particulate air filters for exhaust systems for internal combustion engines; radiators [cooling] for motors and engines; distributors for vehicle engines; gaskets for internal combustion engines; nitrogen oxide traps for exhaust systems being parts of internal combustion engines; expansion tanks [parts of machines]; timing belts for land vehicle engines; connecting rods for machines, motors and engines; grease rings [parts of machines]; windmills; compressors being machines and their parts and fittings, namely, axial flow compressors, centrifugal compressors, turbocompressors, reciprocating compressors, and rotary compressors; electric compressors; air compressors; pistons for compressors; compressors for refrigerators; compressors for air conditioners; pneumatic pumps and hydraulic pumps, and their parts and fittings; oil drain pumps; pumps as parts of machines, motors and engines; screw pumps; reciprocating vacuum pumps; pneumatic waste oil drainers; axial flow blowers; centrifugal blowers; blowers for use with conveying systems; forge blowers; rotary blowers; power-operated leaf blower; snow blowers; blowing machines for the compression, exhaustion and transport of gases; air hammers; air screwdrivers; compressed air pumps; automatic stamping machines; vending machines; fuel dispensing pumps for service stations; hydrogen compressors for hydrogen generators; hydrogen dispensing pumps for service stations; electric washing machines; tire repair machines; pneumatic grease guns; mechanical parking systems; vehicle washing installations; food mixing machines for commercial use and their parts and fittings; vacuum cleaners; machine coupling and transmission components, except for land vehicles, and parts therefor; cam shafts, axles for machines; transmission shafts for boats; crank shafts; bearings being parts of machines; couplings for machines, other than for land vehicles; couplings for machines; transmissions for machines; cams being parts of machines; power transmissions and gearing for machines; reduction gears being parts of machines; transmission gears for machines; speed change gears being parts of machines; reduction gears being parts of machines; speed governors for machines, engines and motors; clutches for industrial machinery; torque converters, other than for land vehicles; belt pulleys being parts of machines; metal pulleys being parts of machines; machine pulleys; belts for machines; belts for motors and engines; roller chains being parts of machines; hydraulic accumulators being parts of machines; hydraulic intensifiers being parts of machines; shock absorbers for machines; springs being parts of machines; brakes for industrial machinery; brake shoes for machines; valves being parts of machines; pressure regulating valves being parts of machines; lawnmowers; electric door openers; food waste disposals; machine tools for removing waste material; waste crushing machines; sewage pulverisers; waste compacting machines; waste sorting machines; 3D printers; electric motors for machines; generators of electricity and their parts and fittings; electric mixers for household purposes; brushes being parts of motors, generators and dynamos; jigs for holding a component during machining; lubricating pumps; heat exchangers [parts of machines]; automatic handling machines for semiconductor wafers; tension regulators for use with winding machines for making electric wires and fiber optic cables; paper coating machines; vacuum deposition machines for use in the treatment of metal surfaces for plasma enhanced chemical vapor deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes; vacuum deposition machines for use in the treatment of plastic surfaces for plasma enhanced chemical vapor deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes; vacuum deposition machines for use in the treatment of glass surfaces for plasma enhanced chemical vapor

deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes; machines and equipment for producing optical cables and fibres, namely, chemical vapor deposition (CVD) machines for producing preforms, cable coloring machines and ribbon machines; electric wire and cable manufacturing machines and their parts and fittings; machines for insulating and sheathing electric cables and optical fibres; fiber-optic line drawing machines; mechanical seals [parts of machines]; tire manufacturing machines and their parts and fittings; feeders for raw and semi worked rubber, being parts of rubber processing machines; feeders for semi-processed plastic, being parts of plastic processing machines; tool bits for metalworking machines; electrolysis apparatus for electroplating; machines for generating gas by electrolysis; water electrolyser machines for use with hydrogen gas generators; hydraulic accumulators being parts of machines; compressors as parts of machines, motors and engines

Class 09

(5) ear plugs for divers; decorative magnets; electrified fences; electrolysis apparatus for producing hydrogen and oxygen from water; water electrolytic cells; ozonisers [ozonators]; liquid and gas ionizers for scientific and laboratory use; egg-candlers; photocopying machines; plates for electric accumulators; parking meters; inflatable apparatus for life-saving purposes; lanyards for safety purposes for fall protection; fire extinguishers; anti-theft warning apparatus in the nature of burglar alarms; welding helmets; protective safety helmets for use on the job site; safety helmets; face shields for protective helmets; face shields for athletic use; face-shields for protection against accidents, irradiation and fire; workmen's protective face shields; clothing for protection against accidents, irradiation and fire; headwear for protection against accidents, irradiation and fire; footwear for protection against accidents, irradiation and fire; gloves for protection against accidents, irradiation and fire; protective face masks for the prevention of accidents and injury; reflective apparel and clothing for the prevention of accidents; clothing, footwear and headwear for protection against accidents, irradiation and fire; flashing safety lights; vehicle breakdown warning triangles; road signs, luminous or mechanical; reflectors for traffic signals; vehicle breakdown warning lamps, other than parts of vehicles; highway flares, not explosive or pyrotechnical; underwater breathing apparatus; electronic game programs; electronic door locks; electric locks for vehicles; electric locks for industrial machines; simulators for the steering and control of vehicles; golf training simulators; furnaces for laboratory use; laboratory chemical reactors; chemical vapor deposition apparatus for use in research; physical vapor deposition apparatus for use in research; magnets for laboratory use; isostatic presses for laboratory use; optical microscopes for industrial purposes; optical reflectors; optical scanners; optical mirrors, being parts of machines, namely, laser scanners, laser printers, bar code scanners and optical scanners; thermocouples; surface roughness testing machines and instruments; metal strength testing machines; non-destructive testing devices, namely, magnetic particle testers to detect flaws in metal objects; automotive measuring instruments, namely, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges; measuring rulers; optical fiber testing machines, namely, optical fiber strength evaluators, optical fiber screeners, optical fiber quality measurement machines; oiliness friction testers, grease testers, hydraulic equipment performance testers, bearing testers, seal and belt testers, gear and rolling fatigue testers, rotating machine testers, clutch and brake testers, transmission testers and dynamo benches, all the foregoing for use in testing automobiles, construction machinery, rail vehicles, aircraft, as well as machinery and systems in the petrochemical and iron and steel fields; level gauges; sound level meters; surveying instruments; fuel gauges; odometers; sound measuring apparatus; thermometers, not for medical purposes; ultrasonic thickness gauges; pressure gauges; charge meters; data meters; digital panel meters; electrotechnical vibration meters; energy meters for tracking and monitoring energy usage; flow meters; frequency meters; joint meters being measuring instruments; liquid-level gauges;

meters for internal combustion engines; meters for measuring values of electrical parameters; meters for testing humidity; pH meters; power system meters; pressure meters; refrigerant meters; vibration meters; water meters; sensors for measuring flatness of rolled metal strips; ultrasonic flaw detectors; magnetic flaw detectors; UV flaw detectors; electromagnetic measuring detectors; ultrasonic detectors; radiation detectors; metal detectors; voltage detectors; heat detectors; fire detectors; smoke detectors; magnetic object detectors; electrical controls for multiple compressors; electrical controls for welding robot systems; electrical industrial controls for monitoring waste water treatment; remote monitoring apparatus for compressor operating conditions; remote monitoring apparatus for operating conditions of excavators and cranes; diagnostic apparatus for diagnosing the performance of compressors; diagnostic apparatus for diagnosing the performance of excavators and cranes; material testing instruments and machines; semiconductor testing apparatus; computer component testing and calibrating equipment; probes for testing integrated circuits; probes for testing semiconductors; ultrasound probes, not for medical use; rubber testing machines; friction testers; automotive testing equipment, namely, brake testing equipment; automotive testing equipment, namely, transmission testing equipment; atmospheric oxygen monitors; oxygen monitors, not for medical purposes; electronic carbon dioxide monitors, other than for medical purposes; dust emission monitors; particle flow monitors; particle emission monitors; gas flow monitors; temperature monitors for industrial purposes; temperature monitors for scientific purposes; electric power distribution units; electronic power transformers; electric current control devices; welding transformers; electric relays; electric transformers; welding transformers; electric plugs; electric sockets; electrical contacts; semiconductor lead frames; electrical terminal boxes; electric current switches; AC to DC inverters; DC to AC inverters; electric converters; AC/DC power supplies; high voltage power supplies; low voltage power supplies; power supplies for smart phones; uninterrupted power supplies; voltage stabilizing power supply; computer power supplies; electric power supplies for welding machines; electric reactors; fuel cells; general purpose batteries; electric storage batteries; electric batteries for vehicles; electric batteries for smartphones; photoelectric cells; solar cells; battery separators; rechargeable batteries for smartphones; rechargeable electric storage batteries; wavemeters; magnetometers; probes for testing semiconductors; probes for testing integrated circuits; electric cables and wires; super-conducting wires and cables in the nature of electric wires and cables; cable harnesses; electric cable connectors; battery cables; electric coils; optical fibers; computers and computer hardware for installation within a compressor for wirelessly transmitting and receiving information and data about the compressor and its operating conditions; computers and computer hardware for installation within a excavator and crane for wirelessly transmitting and receiving information and data about the excavator and crane, its location and its operating conditions; magnetic wires; electromagnetic coils; magnets for industrial purposes; magnetic coils; satellite processors; satellite receivers; satellite transmitters; GPS receivers; satellite navigation devices; satellite navigation systems; monitoring apparatus, other than for medical purposes, namely, monitoring devices for monitoring functional operations of industrial machinery, earth moving machines, loading and unloading machines, demolition wrecking machines, welding machines and compressors; remote-control telemeters; wireless controllers to remotely control the function and status of industrial operations in manufacturing plants and automated warehouses; remote controls for the remote operation of industrial machinery, earth moving machines, loading and unloading machines, demolition wrecking machines, welding machines and compressors; covers for smartphones; mobile phone straps; dustproof plugs for jacks of mobile phones; digital sound processors; video processors; encoding and decoding apparatus, namely, electronic encoders and decoders for encoding and decoding audio and video signals on digital video players and recorders, digital audio players and recorders; visual display units in the nature of flat panel display screens; electronic visual display interfaces for computers; digital cameras; electronic components

in the nature of semiconductor diodes, transistors, electric resistors, capacitors, electrical inductors oscillators, electric fuses, printed circuit boards; computer firmware for remote monitoring of the function of the hardware within a computer network; firmware for remote monitoring of hardware; computer software and firmware in the field of operation of mass transit services for the general public through buses, subway trains, streetcars and commuter trains; computer software and firmware in the field of operation of manufacturing plants for industrial use; computer systems; computer hardware; computer mouse; computer keyboards; computer printers; computer programs and software for teaching and programming industrial robots and welding robots; computer programs and software for operating industrial machinery, earth moving machinery, loading and unloading machines, demolition wrecking machines, welding machines and compressors; computer programs and software for operating computer hardware; downloadable computer software for remote monitoring and analysis of the remote operations of industrial machinery, earth moving machines, loading and unloading machines, demolition wrecking machines, water treatment apparatus, welding machines and compressors; downloadable computer software for remote monitoring and analysis of environmental elements, namely, the water, soil and atmosphere; computer programs for monitoring the functional operation of industrial machinery, earth moving machines, loading and unloading machines, demolition wrecking machines, water treatment apparatus, welding machines and compressors; computer programs for monitoring environmental elements, namely, the water, soil and atmosphere; computer software for use in processing semiconductor wafers; diagnostic and troubleshooting software for industrial machinery, earth moving machines, loading and unloading machines, demolition wrecking machines, welding machines and compressors; computer memory devices; blank integrated circuit cards; electronic integrated circuit cards; encoded integrated circuit cards; integrated circuit electronic toll cards; integrated circuit hotel room key cards; integrated circuit identification cards; portable blank flash memory cards; blank USB flash drives; pre-recorded data carriers containing computer aided design (CAD) data for use with computers; pre-recorded data carriers containing teaching and programming for industrial robots and welding robots; optical scanners; mousepads; integrated circuits; semi-conductors; geiger counters; high frequency apparatus, namely, high-frequency power switches, high-frequency switching power supplies; cyclotrons; particle accelerators; industrial x-ray apparatus; radiological apparatus for industrial purposes, namely, electromagnetic wave generators; betatrons; hydrophones; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; magnetic resonance imaging [MRI] apparatus, not for medical purposes; laser pointers; lasers for additive manufacturing; lasers for use in industrial welding applications; metal detectors; electron microscopes; magnetic cores; resistance wires; graphite electrodes; graphite electrodes for use in steel making processes; fuel cell electrodes; electrodes for laboratory research; anodes; cathodes; electromagnets; fire boats; satellites for scientific purposes; fire engines; face-shields for protection against accidents, irradiation and fire; gloves for protection against accidents, irradiation and fire; sunglasses; eyewear, namely, eyeglasses, goggles for sports; eyeglass lanyards; safety goggles; consumer video game programs; head guards for sports; sports whistles; weight belts for scuba diving; snorkels; regulators for scuba diving; metronomes; phonograph records; downloadable music files; downloadable image files; pre recorded DVDs containing video recordings featuring sports; electronic publications, namely, books in the field of sports recorded on computer media; electronic publications, namely, newsletters in the field of industrial machinery and industrial material manufacturers recorded on computer media; downloadable digital content in the form of electronic publications of brochures; downloadable digital content in the form of electronic publications of newsletters; exposed cinematographic films; electronic control systems which controls the functional operation of industrial machinery; tire testing machines and their parts and fittings; tire and tire/wheel uniformity machines for the purpose of measuring and correcting the uniformity of tires and tire/wheels;

magnetic agitators for laboratory use; electrostatic emission control devices, namely, electrostatic precipitators for reducing particulate emission in industrial applications

Class 11

(6) kiln furniture [supports]; sanitary apparatus and installations, namely, portable toilets; drying apparatus and installations, namely, refrigerated air dryers, desiccant air dryers; dryers used in chemical processing; automatic ash conveyor installations comprising modular conveyors used in the foundry industry, industrial furnaces, incinerators; aquarium filtration apparatus; distillers for chemical processing; refining towers for distillation; vacuum distillation columns for industrial purposes; cooling evaporators; evaporators for air conditioners; evaporators for heat exchangers; evaporators for chemical processing; gas condensers, other than parts of machines; gas purification machines; gas scrubbers; parts of gas installations, namely, gas scrubbers; heat accumulators; heat exchangers, other than parts of machines; heat exchangers for chemical processing; polymerisation installations; oil purifying installations; industrial oil-scrubbers; air sterilisers; water sterilisers; desalination installations used in desalination plants; desalination units; water filtering units for domestic use; water filtering units for industrial use; filters for drinking water; filters for water purifiers; water treatment plant filters; reverse osmosis membrane filters for water treatment; reverse osmosis water filtration units; flare stacks for use in the oil industry; steam generators; automatic ion exchange chromatography apparatus for industrial purposes; pure water manufacturing apparatus, namely, water filtering units for industrial use and water ion-exchangers; pure water manufacturing apparatus, namely, water ion-exchangers comprising ion-exchange membranes or ion-exchange resins; gas generators and their parts, namely, electrochemical gas generators, gas generating furnaces, pressure swing adsorption (PSA) gas generators, membrane gas generators, and cryogenic gas generators; chemical fiber drying machines; pasteurisers; industrial furnaces and their parts and fittings; gas generating furnaces for industrial purposes; melting furnaces; blast furnaces; kilns; hearths; shaped fittings for furnaces; object material loaders for industrial furnaces; waste loaders for industrial incinerators; nuclear reactors and their parts and fittings; installations for processing nuclear fuel and nuclear moderating material; forage dryers used in the agricultural field; watering machines for agricultural purposes; automatic watering installations, namely, dust suppression watering machines for use in the construction field; heat guns; boilers, other than parts of machines, namely, industrial boilers, electric boilers; water fountains; glue-heating appliances, namely, electric hot glue melting pots; air conditioners; fans for air conditioning units; heat pumps; humidifiers; axial flow fans for air conditioning; air cleaning units and their fittings; air deodorizing apparatus; industrial dehumidifiers; heat accumulators; heating elements; electric fans with evaporative cooling devices; cooling evaporators; filters for air conditioning; filters for air extractor hoods; filters for air purifiers; condenser and evaporator for heat pumps; tubes, pipes and valves for heat pumps; freezers; refrigerators; electric refrigerators; gas refrigerators; refrigeration condensers; water coolers; water cooling towers; laundry drying machines; hair dryers; cooking apparatus and installations, namely, electric pressure cookers, non-electric pressure cookers; electric autoclaves; pressure cookers, electric; industrial dish drying machines; sinks; hydrants; water irrigation system used in the irrigation of agricultural crops; water distribution installations, namely, water meters, water gauges, flow controllers and water-jet controllers; water pressure regulators; level controlling valves in tanks; cocks for pipes and pipelines; gas pressure regulators; wastewater treatment installations and their parts and fittings; wastewater purification installations; sewage treatment plants; waste water treatment tanks for industrial purposes; incinerators; pressure water tanks; solar water heaters; water purification apparatus; water purification tanks; reverse osmosis water purification units; industrial water purifiers for producing potable water; desalination plants; food waste dehydrators; sterilizers for laboratory use; disinfectant sprayers for disinfecting medical equipment;

sockets for electric lights; electric luminaires; floodlights; electric flashlights; lights for vehicles; light bulbs; germicidal lamps; ultraviolet ray lamps, not for medical purposes; electric lamps; household electrothermic appliances, namely, electric fans and electric thermal cooking pots; water purifiers for household use; boat reflectors; vehicle reflectors; bicycle reflectors; washers for water taps; gas-fired water heaters; gas stoves; luminous house numbers; portable paper lanterns; oil lamps; pocket warmers; bidets; wastewater treatment tanks for household purposes; waste incinerators for household purposes; disinfectant dispensers for toilets; bath fittings; oil stoves; air filtering units for removing dust, smoke and allergens from the air; air filters for air conditioning units; air filters for dehumidifiers; filters for air conditioning; filters for air extractor hoods; filters for air purifying units; bubble generating machines for use in wastewater treatment machines and instruments; incinerators and reaction chambers for the decomposition by explosion of explosive charges and for the pollution-free destruction of objects including chemical and conventional munitions, parts and fittings therefor; chemical preparation dispensers for water treatment for use with water cooling towers; chemical preparation dispensers for waste water treatment; liquid and gas ionizers for industrial, commercial and agricultural use; heat accumulators; steam accumulators; electric fans for use with incinerators; electric fans for use with water treatment plants; hydrogen generators

Class 12

(7) treads for vehicles [roller belts]; engines for land vehicles; motors for land vehicles; engine mounts for land vehicles; mechanical elements for land vehicles, namely, drive axle boots, suspension struts, drive shafts, shock absorbers, air springs, valves, cocks, cylinders; shafts, axles or spindles for land vehicles; shaft couplings or connectors for land vehicles; bearings for land vehicles; spindles for land vehicles; axles for vehicles; cardan shafts for vehicles; universal joints for land vehicles; shaft couplings for land vehicles; axle bearings for land vehicles; wheel bearings for land vehicles; axle journals; axle boots for vehicles; gearing for land vehicles, namely, drive gears, reduction gears, reversing gears, speed change gears; transmissions for land vehicles; cams cam shafts for land vehicles; links for land vehicles, namely, center links, drag links and tie rod links; roller chains for land vehicles; reversing gears for land vehicles; reduction gears for land vehicles; gear wheels for land vehicles; gear boxes for land vehicles; drive gears for land vehicles; speed change gears for land vehicles; idling pulleys for land vehicles; belt pulleys for land vehicles; transmission belts for land vehicles; clutches for land vehicles; hydraulic circuits for vehicles; torque converters for land vehicles; fluid couplings for land vehicles; wheel sprockets; steering control units for land vehicles; connecting rods for land vehicles, other than parts of motors and engines; shock absorbers for land vehicles; wheel suspensions; suspension systems for automobiles; suspension arms, suspension bars (tow bars), parts for suspensions; brakes for vehicles; brake shoes for vehicles; parachutes; anti-theft devices for land vehicles; electric scooters for the physically handicapped and those of reduced mobility; motors, electric, for land vehicles; vehicles for locomotion by land, air, water and rail, namely, automobiles, trucks, air planes, trains; water vehicles, namely, boats, ships; dredgers [boats]; structural parts for boats; boat rudders; oars; ship hulls; dashboards for vehicles; cup holders for vehicles; vehicle seats; security harness for vehicle seats; head-rests for vehicle seats; seat covers for vehicles; upholstery for vehicle seats; arm rests for vehicles; handbrake knobs for vehicles; gear lever knobs for vehicles; fuel tanks for vehicles; caps for vehicle fuel tanks; luggage nets for vehicles; horns for motor vehicles; windows for motor vehicles; body panels for vehicles; door panels for vehicles; doors for vehicles; aircraft and their parts and fittings; space vehicles; structural parts for aircraft; wheels for motor vehicles; safety belts for vehicle seats; vehicle chassis; railway rolling stock and their parts and fittings; structural parts for trains; bodies for railway cars; running boards for land vehicles; door handles for land vehicles; side view mirrors for vehicles; roof panels for land vehicles; gear shifts for land vehicles; automobiles and their parts and fittings; forklift trucks;

freewheels for automobiles; structural parts for automobiles; bodies for vehicles; automobile chassis; automobile hoods; bumpers for automobiles; doors for automobiles; running boards for automobiles; seats for automobiles; airbags for vehicles; interior trim for automobiles; rearview mirrors; steering wheels for vehicles; sun visors for automobiles; electric cigarette lighters for land vehicles; lug nuts for vehicle wheels; mudguards; luggage carriers for vehicles; spare tire holders for land vehicles; direction indicators for land vehicles; windscreens; windscreen wipers; windshield wiper blades; clips adapted for fastening automobile parts to automobile bodies; brake pedals for vehicles; motorcycles, scooters, bicycles and their structural parts and fittings; structural parts for motorcycles; bicycles; structural parts for bicycles; golf carts; luggage carts; tyre repair patches; air cushion vehicles; baby carriages; ashtrays for automobiles; springs for land vehicles; electrical anti-theft installations for motor vehicles

Class 17

(8) metal foil for insulation; unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; bonded seals; composite seals; dynamic seals; static seals; encapsulated seals, not of metal; rotary shaft seals; non-metallic oil seals; non-metallic piston seals; non-metallic seals for cables; non-metallic seals for gas pipes; non-metallic seals for preventing leakage of fluids; non-metallic seals for preventing leakage of gases; non-metallic seals for shock absorbers; non-metallic seals for hydraulic piston accumulators; non-metallic seals for pneumatic suspensions; non-metallic seals for use in enameled pressure vessels; non-metallic seals for use in glass lined pressure vessels; rings of metal for use as pipe connection seals; rings of rubber for use as pipe connection seals; rubber seals for jars; rubber sheets for sealing purposes; sealing gaskets of metal; sealing rings; seals for pipe connections; seals of metal for pipes; seals of metal for preventing leakage of fluids; seals of metal for preventing leakage of gases; sealant compounds for joints; caulking materials; thermal insulations; thermal insulating materials in the form of plates, panels, sheets, granulated materials and dye-formed parts, all the foregoing used in the building and construction fields; quay wall-mounted rubber cushioning materials for the prevention of damage to docks, ships and vessels; connecting hoses for vehicle radiators; cylinder jointings; clutch linings; brake lining materials, partly processed; valves of rubber; pipe gaskets; non-metal plumbing gaskets; non-metal hardware gaskets; non-metal vehicle gaskets; non-metal gas gaskets; non-metal gaskets for use in the food and beverage, medical, automotive, oil and gas and agricultural industries; non-metal gaskets for industrial water filters; non-metal gaskets for vehicle hubcaps and engine transmissions; gaskets of metal; stuffing rings; joint packings for sealing applications; joint packings for valves, cylinders, shafts, bearings, belts, straps, bands, and sliding and rotating joints; joint packings for plumbing pipes, metal and plastic machine pipes and metal and plastic piping used in chemical plants; non-metal flexible pipe fittings; non-metal pipe couplings and joints; rings of rubber for use as pipe connection seals; pipe jackets, not of metal; non-metal junctions for pipes; insulated pipe supports; rubber fittings for rigid pipes; plastic fittings for rigid pipes; water-tight metal rings for use as pipe connection seals; water-tight rubber rings for use as pipe connection seals; waterproof packings for use as pipe connection seals; canvas hose pipes; rubber air hoses; rubber hoses for pneumatic tools; rubber connecting hoses for vehicle radiators; fuel oil hoses of rubber; rubber hoses for air conditioners; rubber hoses for agricultural purposes; rubber hoses for plumbing use; rubber hoses for use with welding apparatus; hydraulic hoses of rubber; plastic air hoses; plastic hoses for pneumatic tools; plastic connecting hoses for vehicle radiators; fuel oil hoses of plastic; plastic hoses for air conditioners; plastic hoses for agricultural purposes; plastic hoses for plumbing use; plastic hoses for use with welding apparatus; flexible plastic hoses for use with ventilation systems; hydraulic hoses of plastic; floating anti-pollution barriers; electric, thermal and acoustic insulators; insulating tapes and belts; insulators for cables; insulators for electric mains; insulation materials for pipes;

insulating covers for industrial machinery; rubber sheets for insulating purposes; plastic films for electrical insulation; metal foil for insulation; insulating refractory materials; composite materials that prevent the radiation of heat, namely, fibre glass, polystyrene and polyurethane, the foregoing used in the building and construction fields; electrical insulators made of rubber; insulating sleeves for machinery; insulating oils; rubber material for recapping tires; washers of rubber or vulcanized fiber; stops of rubber; cotton wool for packing [caulking]; plastic fibres for use in the manufacture of tire cord; plastic filaments for 3D printing; asbestos; carbon fibers, other than for textile use; plastic soldering threads; covered rubber yarn, not for textile use; elastic threads, other than for textile use; asbestos yarn, not for textile use; sound-absorbing metal panels; soundproofing foam; soundproofing ceiling coverings; soundproofing wall coverings; asbestos felt; insulating gloves; rubber cords; industrial packaging containers of rubber; rubber or plastic stuffing used as packing material; shock-absorbing buffers of rubber; rubber lids and caps [for industrial packaging containers]; rubber stoppers for industrial packaging containers; figurines made of rubber; foam supports for flower arrangements [semi-finished products]; plastic sheeting for agricultural purposes; vulcanized fiber; adhesive packaging tapes, other than stationery and not for medical or household purposes; laminated plastic films for use on vehicle windows; laminated plastic films for use on windows; plastic sheet materials for use in manufacture; filtering materials of semi-processed films of plastic; filtering materials of semi-processed foams of plastic; extruded plastics for use in manufacturing; artificial resins, semi-processed; acoustical insulation barrier panels; rubber, raw or semi-worked; rubber solutions; foam rubber; ebonite moulds; rubber sleeves for protecting parts of machines

Class 20

(9) yellow amber; furniture knobs; stone drawer pulls; gun cabinets; loading pallets, not of metal; containers, not of metal [storage, transport]; bakers' bread baskets; comb foundations for beehives; drafting tables; hairdresser's chairs; plastic water pipe valves; collars, not of metal, for fastening pipes; reels, not of metal, non-mechanical, for flexible hoses; mooring buoys, not of metal; liquid storage tanks made of non-metallic materials; water tanks of plastic for industrial purposes; storage tanks of plastic; identification bracelets, not of metal; brush mountings; shoulder carrying poles; non-metal hardware, namely, nails, wedges, nuts, screws, tacks, bolts, rivets and furniture casters; metal-substitute plastic fasteners; screws, not of metal; washers of plastic; bolts, not of metal; rivets, not of metal; clips, not of metal, for cables and pipes; clips of plastic for sealing bags; locks, other than electric, not of metal; pillows; cushions; boxes of wood or plastic; wood crates; non-metal general purpose storage bin; plastic storage bins; packaging containers of plastic; plastic caps; embroidery frames; bathtub grab bars, not of metal; identity plates, not of metal; hand-held flagpoles, not of metal; non-electric fans for personal use; stakes, not of metal, for plants or trees; beds for household pets; step stools, not of metal; letter boxes, not of metal or masonry; coathooks, not of metal; hampers in the nature of baskets used in the transport of third-party goods for commercial purposes; water tanks for household purposes, not of metal or masonry; tool boxes, not of metal, empty; towel dispensers, fixed, not of metal; furniture, namely, office furniture, school furniture, camping furniture, outdoor furniture, mirrors, picture frames; metal tables; metal shelving; work benches; trestle tables; indoor blinds; statuettes of resin; wind chimes; screens [furniture]; decorative boxes made of wood; benches, namely, furniture benches, saw benches being furniture, work benches; signboards of wood or plastics; mobile boarding stairs, not of metal, for passengers; coffins; personal compact mirrors; shoe pegs, not of metal; infant walkers; mannequins; camping mattresses; fishing stools; labels of plastic; sculptures of plastic; bamboo; reeds [plaiting materials]; animal horns; coral

Class 27

(10) floor mats for vehicles; carpets for automobiles; bath mats; rubber mats; carpets; floor mats; non-slip mats; anti-slip floor mats; door mats; decorative wall hangings, not of textile; artificial turf; gymnastic mats; wallpaper

consultancy services relating to import-export agencies; arranging newspaper subscriptions for others; shorthand; document reproduction; systemization of information into computer databases; systemization of data into computer databases; administrative office functions, namely, document processing, photocopying, and the processing and payment of purchase orders; typing information into computers; providing business assistance to others in the operation of data processing apparatus namely, computers, typewriters, telex machines and other similar office machines; typing; telephone answering; secretarial services; rental of advertising billboards; rental of exhibition stands and booths; rental of office machinery and equipment; commercial information and advice for consumers in the choice of products and services; providing employment information; news clipping services; rental of vending machines; writing of curriculum vitae for others; retail services or wholesale services for a variety of goods in each field of clothing, foods and household goods, carrying all goods together; retail services or wholesale services for woven fabrics and bedding; retail services or wholesale services for clothing; retail services or wholesale services for bags and pouches; retail store services and wholesale store services for personal articles in the nature of clothing, fashion accessories, stationery, toys, sporting goods, and household goods; retail services or wholesale services for food and beverages; retail services or wholesale services for automobiles; wholesale services relating to the sale of automobile accessories, namely, air filters, car deodorizers, tire cleaners and floor mats; wholesale services relating to automobile parts; retail services relating to the sale of automobile accessories, namely, air filters, car deodorizers, tire cleaners and floor mats; retail services relating to automobile parts; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for furniture; retail services or wholesale services for electrical machinery and apparatus; retail services relating to computer software; retail services or wholesale services for electronic machines, apparatus and their parts; retail services or wholesale services for telecommunication machines and apparatus; retail services or wholesale services for bladed or pointed hand tools, hand tools, hardware; retail or wholesale services for detergents; retail services or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services relating to flowers; retail services or wholesale services for fuel; retail services or wholesale services for paper and stationery; retail services or wholesale services for toys, dolls, game machines and apparatus; online retail services relating to toys; online retail services for downloadable and pre-recorded music and movies; retail services or wholesale services for clocks, watches and spectacles [eyeglasses and goggles]; retail services or wholesale services for tobacco and smokers' articles; retail services or wholesale services for building materials; retail services or wholesale services for metal materials for building or construction; retail services relating to jewelry; retail services or wholesale services for chemicals retail services relating to lubricants; wholesale services relating to lubricants; retail services or wholesale services for metal welding rods and wires; retail services or wholesale services for electric welding machines and their parts and fittings; retail services or wholesale services for metalworking machines and tools and their parts and fittings; retail services or wholesale services for chemical processing machines and apparatus and their parts and fittings; retail services or wholesale services for machines and apparatus for processing foods or beverages and their parts and fittings; retail services or wholesale services for industrial furnaces; retail services or wholesale services for glassware manufacturing machines and apparatus; retail services or wholesale services for plastic processing machines and apparatus and their parts and fittings; retail services or wholesale services for machines for manufacturing semi-conductors; retail services or wholesale services for machines and apparatus for manufacturing rubber goods; retail services or wholesale services for ceramic processing machines; retail services or wholesale services for machines and apparatus for manufacturing rubber goods; retail services or wholesale services for food or beverage processing machines and apparatus; retail services or wholesale

services for machine parts and elements; retail services or wholesale services for pneumatic or hydraulic machines and instruments; retail services or wholesale services for compressors; retail services or wholesale services for air-conditioning apparatus; retail services or wholesale services for laboratory apparatus and instruments; retail services or wholesale services for measuring or testing machines and instruments and their parts and fittings; retail services or wholesale services for construction machines and apparatus, and their parts and fittings; retail services or wholesale services for the sale of loading-unloading machines and their structural parts and fittings, namely, cranes and their structural parts and fittings; retail services or wholesale services for waste disposal units and their parts and fittings; retail services or wholesale services for iron and steel; retail services or wholesale services for nonferrous metals and their alloys; retail services or wholesale services for machine elements [not for land vehicles]; retail services or wholesale services for oils and greases for industrial purposes [not for fuel]; retail services or wholesale services for the sale of metal hardware, namely, screws, nuts, nails, bolts, pegs, bindings, cable clamps and grease nipples, none of the foregoing including security locks, keys for locks, rings of metal for keys and padlocks; retail services or wholesale services for wire ropes; retail services or wholesale services for ropes; retail services or wholesale services for water purifying apparatus; retail services or wholesale services for wastewater treatment apparatus; retail services or wholesale services for machines and equipment for producing optical cables and fibres, and their parts and fittings; retail services or wholesale services for tire manufacturing machines and their parts and fittings; retail services or wholesale services for vacuum deposition machines for plasma enhanced chemical vapor deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes, and parts and fittings therefor; retail services or wholesale services for forestry machines and apparatus, and their parts and fittings; retail services or wholesale services for industrial robots and their parts and fittings; retail services or wholesale services for presses [machines for industrial purposes] and their parts and fittings

Class 37

(2) construction of industrial plants, namely, steel making plants, metal treatment plants, iron ore pelletizing plants, fly ash pelletizing plants, chemical processing plants, water purifying and wastewater treatment plants, waste treatment plants, energy storage plants, power plants, water desalination plants, fiber or textile producing plants, nuclear plants, oil plants, petrochemical plants, machine-manufacturing plants, and industrial plants; construction of industrial facilities, namely, pipelines, water supply and sewerage facilities, environment and sanitation related facilities, and storage and transportation facilities; construction and repair of buildings and other structures; building maintenance and repair; demolition of buildings; construction and maintenance services relating to civil engineering; demolition of civil engineering structures; steel structure construction works; construction and renovation of bridges; pier breakwater building; installation of fencing; construction of roads, sewers and water supply systems; road construction; painting; plumbing; installations of electrical systems; machinery installation; installation and maintenance of traffic control apparatus; installation of machines and machine tools for treating and processing metals; installation of industrial furnaces; installation of foundry equipment; installation of foundry products; installation of apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; installation of insulating materials; installation of oil production apparatus; installation of environmental control systems; installation of environmental protection systems; installation of energy-saving apparatus; installation maintenance and repair of loading and unloading machines; office machines and equipment installation, maintenance and repair; installation maintenance and repair of boiler systems; installation maintenance and repair of pumps and pumping stations; installation maintenance and repair of refrigerating apparatus; freezing equipment installation and repair; installation

maintenance and repair of air purifying apparatus; installation and repair of air-conditioning apparatus; installation and maintenance of electronic apparatus; installation, repair and maintenance of computers and computer peripherals; installation maintenance and repair of electronic regulating apparatus; installation maintenance and repair of telecommunications apparatus and instruments; installation, maintenance and repair of equipment and apparatus for use in road building; installation, maintenance and repair of remote control apparatus; installation, maintenance and repair of apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; electric appliance installation and repair; installation, maintenance and repair of electrical lighting apparatus; installation, construction, maintenance, servicing and repair of energy and power generating apparatus, equipment and installations; installation, maintenance and repair of apparatus for distributing electricity; installation, maintenance and repair of measuring and testing apparatus and instruments; installation, maintenance and repair of rollers for machines; installation, maintenance and repair of drying apparatus; installation, maintenance and repair of rolling mills; installation, maintenance and repair of molding machines; installation, maintenance and repair of filling machines; installation, maintenance and repair of machines for processing plastics; installation, maintenance and repair of manufacturing plants, namely, iron making plants, iron ore pelletizing plants, nonferrous metals processing plants, oil plants, chemical plants, food plants, resin processing plants, and power plants; consultancy and information services relating to the construction of buildings and bridges; consultancy and information services relating to project management in the field of construction; providing information relating to the installation of electrical apparatus; providing information relating to the installation of machinery; plant construction work; advisory services relating to the maintenance, repair and renovation of buildings and other structures; advisory services relating to the construction of buildings and other structures; advisory services relating to the installation of plumbing; construction supervision; operation and maintenance of building equipment; shipbuilding; fueling, washing, cleaning, maintenance and repair of vehicles; information and consultancy services relating to vehicle repair; repair, maintenance, servicing, dismantling, rebuilding, cleaning and varnishing of vehicles and parts thereof; repair, servicing and maintenance of vehicles and apparatus for locomotion by air; providing information relating to the repair or maintenance of aircraft; repair of rubber tires; maintenance and repair of land vehicles; custom rebuilding of existing land vehicles and structural parts therefor; repair or maintenance of automobiles; repair or maintenance of railway rolling stock; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of optical machines and instruments; providing information relating to the repair or maintenance of optical machines and instruments; providing information relating to the repair or maintenance of loading-unloading machines and apparatus, namely, cranes; repair or maintenance of conveyors; repair of alarms; repair or maintenance of office machines and apparatus; providing information relating to the repair or maintenance of office machines and apparatus; providing information relating to the repair or maintenance of boilers; burner maintenance and repair; providing information relating to the repair or maintenance of burners; providing information relating to the repair or maintenance of pumps; repair and maintenance of compressors; repair of compressed air machines; installation, repair and maintenance of condensing apparatus, steam condensers, radiators for motors and engines, air reheaters, boiler tubes; repair of air filtering apparatus; providing information relating to the repair or maintenance of freezing machines and apparatus; maintenance and repair of heating installations; plumbing repair advisory services; repair or maintenance of electronic machines and apparatus; providing information relating to the repair or maintenance of electronic machines and apparatus; providing information relating to the repair or maintenance of telecommunication machines and apparatus; repair or maintenance of construction machines and apparatus; repair and maintenance of building scaffolds, working and building platforms; providing information

relating to the repair or maintenance of construction machines and apparatus; repair of construction and agricultural machinery; repair of radio or television sets; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; providing information relating to the repair or maintenance of waste compacting machines and apparatus; providing information relating to the repair or maintenance of waste crushing machines and apparatus; providing information relating to the repair or maintenance of electric lighting apparatus; repair or maintenance of electric motors; providing information relating to the repair or maintenance of electric motors; providing information relating to the repair or maintenance of power distribution or control machines and apparatus; providing information relating to the repair or maintenance of power generators; repair or maintenance of laboratory apparatus and instruments; providing information relating to the repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; providing information relating to the repair or maintenance of measuring and testing machines; repair or maintenance of medical machines and apparatus; providing information relating to the repair or maintenance of medical machines and apparatus; repair or maintenance of firearms; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; providing information relating to the repair or maintenance of chemical processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus; providing information relating to the repair or maintenance of machines and apparatus for manufacturing glassware; repair or maintenance of fishing machines and instruments; repair or maintenance of metalworking machines and tools; providing information relating to the repair or maintenance of metalworking machines and tools; maintenance of welding machines and equipment; repair of installations for use in metal production, metal processing and metal working; repair of metallurgical plants and rolling mills; repair or maintenance of shoe making machines and instruments; providing information relating to the repair or maintenance of machines and instruments for making shoes; repair or maintenance of industrial furnaces; providing information relating to the repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of rubber-goods; repair or maintenance of rubber-goods manufacturing machines and apparatus; providing information relating to the repair or maintenance of machines and apparatus for manufacturing rubber goods; repair or maintenance of integrated circuits manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems; providing information relating to the repair or maintenance of semi conductor manufacturing machines and systems; repair or maintenance of machines and apparatus for processing food or beverages; providing information relating to the repair or maintenance of machines and apparatus for processing food or beverages; repair or maintenance of machines and apparatus for lumbering; repair or maintenance of machines and apparatus for woodworking; repair or maintenance of textile machines and apparatus; repair or maintenance of tobacco processing machines; repair or maintenance of painting machines and apparatus; repair or maintenance of agricultural machines and implements; repair or maintenance of milking machines; repair or maintenance of egg incubators; repair or maintenance of sericultural machines and implements; repair or maintenance of machines and apparatus for papermaking; repair or maintenance of plastic processing machines and apparatus; providing information relating to the repair or maintenance of plastic processing machines and apparatus; repair or maintenance of packing or wrapping machines and apparatus; repair or maintenance of sewing machines; repair or maintenance of storage tanks; providing information relating to the repair or maintenance of storage tanks; repair or maintenance of gasoline station equipment; repair or maintenance of mechanical parking systems; repair or maintenance of cooking apparatus for industrial purposes and providing information relating thereto; repair or maintenance of industrial washing machines and providing information relating

thereto; repair or maintenance of vehicle washing installations and providing information relating thereto; repair or maintenance of vending machines and providing information relating thereto; repair or maintenance of power-driven floor cleaning machines and providing information relating thereto; repair or maintenance of amusement machines and apparatus and providing information relating thereto; repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; repair or maintenance of water pollution control equipment; providing information relating to the repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus; providing information relating to the repair or maintenance of water purifying apparatus; repair or maintenance of diving machines and apparatus and providing information relating thereto; repair or maintenance of chemical plants; providing information relating to the repair or maintenance of chemical plants; repair and maintenance of energy generating installations; repair and maintenance of nuclear plants and providing information relating thereto; repair and maintenance of 3D printers repair of power lines; furniture restoration, repair and maintenance; providing information relating to furniture restoration; umbrella repair and providing information relating thereto; repair or maintenance of musical instruments and providing information relating thereto; safe maintenance or repair and providing information relating thereto; shoe repair and providing information relating thereto; repair or maintenance of clocks and watches and providing information relating thereto; repair of hand tools; setup or repair of locks and providing information relating thereto; re-tinning; repair or maintenance of gas water heaters and providing information relating thereto; repair or maintenance of signboards and providing information relating thereto; repair of bags or pouches and providing information relating thereto; repair of personal ornaments and providing information relating thereto; repair of toys or dolls and providing information relating thereto; repair of sports equipment and providing information relating thereto; repair of game machines and apparatus and providing information relating thereto; repair of bathtubs; repair or maintenance of fishing tackle and providing information relating thereto; repair and maintenance of spectacles and providing information relating thereto; leather care, cleaning and repair; laundering and providing information relating thereto; clothing repair and providing information relating thereto; repair of tatami mats and providing information relating thereto; book repair and restoration; restoration of works of art; chimney sweeping and providing information relating thereto; cleaning of building interiors and exteriors; providing information relating to building cleaning; drain cleaning services; bathtub and bath boiler cleaning and providing information relating thereto; street cleaning and providing information relating thereto; storage tank cleaning and providing information relating thereto; swimming pool cleaning services; building disinfecting; vermin exterminating in businesses; sterilization of medical instruments; rental of construction machines and apparatus; rental of cranes [construction equipment]; providing information relating to the rental of construction equipment; rental of cleaning machines; rental of car washing apparatus and providing information relating thereto; rental of electric washing machines and providing information relating thereto; snow removal services; rental of dishwashing machines; rental of mining machines and apparatus; rental of drainage pumps; consultancy relating to construction and civil engineering works; machinery installation, maintenance and repair; repair information; maintenance, servicing and repair of weapon systems; maintenance and repair of transport containers; repair or maintenance of industrial plants and relevant consultancy; repair or maintenance of oil plants and providing information relating thereto; repair or maintenance of petrochemical plants and providing information relating thereto; repair or maintenance of water purifying and wastewater treatment plants and providing information relating thereto; repair or maintenance of water supply and sewerage facilities and providing information relating thereto; repair or maintenance of machine-manufacturing plants and providing information relating thereto; repair or maintenance of pipelines and providing information relating thereto; repair or maintenance of environment and sanitation related facilities and providing information

relating thereto; repair or maintenance of storage and transportation facilities and providing information relating thereto; repair or maintenance of fiber or textile producing plants and providing information relating thereto; repair or maintenance of nuclear plants and providing information relating thereto; repair and maintenance of machine elements; repair or maintenance of electric wires and cables; repair or maintenance of tire manufacturing machines repair or maintenance of forestry machines; repair or maintenance of vacuum deposition machines for plasma enhanced chemical vapor deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes; repair or maintenance of machines and equipment for producing optical cables and fibres; repair or maintenance of industrial robots; repair or maintenance of presses [machines for industrial purposes]; rental of hand tools

Class 39

(3) railway transport; carriage of persons by urban rapid transit rail systems; providing information relating to railway transport; air transportation of freight; air transportation of passengers; transportation of freight by railway; transportation of passengers by railway; transportation of freight by truck; transportation of passengers by bus; transportation of freight by ship; transportation of passengers by ship; arranging for the transportation and storage of goods for others by air, rail, ship or truck; arranging of transport and travel for passengers by air, rail, ship or bus; supply chain logistics and reverse logistics services for the transportation of goods for others by air, rail, ship and truck; monitoring and tracking of package shipments; consultancy relating to the transportation, packaging, and storage of goods; car transport; providing road and traffic information; GPS navigation services; vehicle-driving services; packaging of goods; freight brokerage; providing information relating to the financing of freight brokerage; providing information relating to freight brokerage logistics; cargo handling; providing information relating to cargo unloading services; removal services and providing information relating thereto; shipbrokerage; refloating of ships and providing information relating thereto; ship piloting; warehouse storage services; storage of contaminated waste; storage of radioactive waste; warehousing; consultancy services relating to warehouse storage services; consultancy services relating to storage of contaminated waste; consultancy services relating to storage of radioactive waste; temporary safekeeping of personal belongings; distribution of nitrogen gas to commercial users; power utility services, namely, the distribution of electricity; providing information relating to the distribution of electricity; power utility services, namely, water supply services; power utility services, namely, the distribution of heat; rental of warehouses; car parking; operating toll roads; providing vessel mooring facilities; air traffic control services; rental of pallets and containers for storage of goods; rental of pallets and containers for transportation of goods; rental of loading-unloading machines and apparatus, namely, cranes; vehicle rental; reservation services for vehicle rental; rental of vessels, namely, chartering of ships and boats; providing information relating to the charter of ships and boats; rental of bicycles; aircraft rental; rental of mechanical parking systems; rental of packing or wrapping machines and apparatus; rental of freezers; rental of wheelchairs; delivery of mail by courier; operating and organizing of travel tours; arranging and booking of sightseeing travel tours, day trips and excursions, booking of seats for travel; arranging for travel visas, passports and travel documents for persons travelling abroad; travel consultancy and information services; rental of aircraft engines; rental of freezing machines and apparatus; providing information relating to the rental of freezing machines and apparatus; rental of gasoline station equipment, not for repair and maintenance of automobiles

(1) Advertising the goods and services of others; services of advertising establishments responsible primarily for communication to the public, declarations and announcements by all means of diffusion and concerning all kinds of merchandise or services, namely, dissemination of advertisements; Brand creation services; Brand strategy services; positioning services and brand testing, namely, brand positioning and evaluation services; advertising services to create corporate and brand identity; Business management; Business administration; Office functions, namely, reception services for visitors, office administration, providing temporary office support staff; Advice in the field of marketing, marketing services in the fields of arranging for the distribution of the products of others, promoting the goods and services of other through online advertisements; Market research and information services; Publication of publicity texts; Promotion of third party goods and services via computer and communication networks by means of electronic couponing; Online business networking services; Employment agencies; Dissemination of advertising for others via an on-line electronic communications network; Business management consultancy, also via the Internet; Data search in computer files for others in the nature of data processing.

Class 41

(2) Education, training and entertainment services, namely, providing motivational and educational speakers; Entertainment services in the nature of organizing and conducting team and individual sports competitions and cultural events, namely theatrical, film, music and dance performances and festivals, art and museum exhibitions; Publication of online electronic publications (not downloadable); Publication of online journals, namely, non-downloadable blogs featuring user-defined content in the field of social networking; Providing entertainment news and information via a website in the field of sports, television shows, movies and cultural events, namely theatrical, film, music and dance performances and festivals, art and museum exhibitions; Electronic library services for the providing of electronic information (including archive information) in the form of texts, audio and video information in relation to advertising, entertainment, sports, education, culture and news; Entertainment services provided via wireless global communication networks, namely, providing on-line computer games; Providing on-line non-downloadable images featuring television shows, movies, virtual art works, photographs, animation videos transmitted via wireless

computer networks; Publication of magazines; Music publishing services; Providing online, non-downloadable digital music from the Internet; Rental of equipment for recording sound and video; Music publishing services, on-line book publishing services, magazine publishing; Publication of the editorial content of sites accessible via a global computer network; Information relating to computer gaming entertainment provided online from a computer database or a global communication network; Electronic games services provided from a computer database or by means of the internet.

Class 42

(3) Design of trademarks in the nature of graphic design services; Scientific and technological services, namely, computer programming, as well as associated scientific research and design services; Industrial analysis and research services, namely, analysis of industrial fluids; Design and development of computers and software; Computer services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, get feedback from their peers, and engage in social, business and community networking; Hosting a website that enables users to upload photographs and manage their social network accounts; Online software for modifying the appearance and enabling transmission of photographs; File sharing services, namely, hosting a website enabling users to upload and download electronic files; hosting on-line web facilities for others for managing and sharing on-line content; Providing search index technical computer programming information and computer programming information databases; Search engine services for obtaining data by means of communication networks, namely, provision of search engines for the Internet; Computer services, namely, creating virtual companies in the nature of an on-line virtual environment, so that registered users can discuss the participation of social, business and community being online social networks; Computer services, namely, hosting electronic facilities in the nature of internet websites and mobile applications for others for organizing and conducting meetings, events and interactive discussions via communication network; Services provided by application service provider (ASP), namely, hosting computer software applications for others.

Add-in cards, namely, network interface cards, subscriber identification module (SIM) card, embedded SIM cards; ethernet cards, sound cards, graphics cards, capture cards, memory expansion cards; blank secure digital (SD) memory cards; apparatus, namely, portable digital audio, video and multimedia players, transmitters and receivers, for recording, transmission, and reproduction of sound and images; computer software for use as an application programming interface (API) for end-to-end development of artificial intelligence applications; application programming interface (API) for rendering, modeling, producing, editing and processing of image data and moving image data in the field of end-to-end development of artificial intelligence applications; application programming interface (API) for computer software for developing and creating virtual reality and augmented reality experiences; application programming interface (API) for software which facilitates data retrieval, upload, download, access and management in the field of end-to-end development of artificial intelligence applications; application programming interface (API) for use in building software applications in the field of end-to-end development of artificial intelligence applications; downloadable application programming interface (API) software for camera applications and sensor drivers in the field of end-to-end development of artificial intelligence applications; application programming interfaces (API) using imaging components in the field of end-to-end development of artificial intelligence applications; computer software for use as an application programming interface (API), namely computer imaging software; downloadable application programming interface (API) software for image content analysis, natural language processing, speech recognition, virtualization in the field of end-to-end development of artificial intelligence applications; artificial intelligence computers; artificial intelligence software; artificial intelligence software and accelerator hardware for visual pattern recognition in video streams and still images, for learning user-specified patterns, for classification of faces, for identifications of faces in video streams and still images, and for allowing users to develop their own artificial intelligence and pattern recognition applications; artificial intelligence supercomputers; audio and video receivers; audio speakers; audio transmitter units; automated process control system comprised of hardware and software for optical signal transmission; camera automation and artificial intelligence software for real time people tracking, face detection, object tracking for use with cameras and monitors; cameras; central processing units for processing information, data,

sound, or images; chipsets; compiler software; downloadable computer application software to streamline workflows by removing human inputs in the field of end-to-end development of artificial intelligence applications; computer graphics software and firmware for enhancement of graphical and video display; computer graphics software for enhancement of graphical and video display; computer graphics software for improving display quality; computer hardware; computer hardware and software for advanced graphics processing and visual computing; computer hardware and software for detecting objects, user gestures, and commands; computer memory expansion modules; computer memory boards; computer operating programs; computer operating software; computer peripheral devices, namely CD players, DVD players, DVD recorders, computer monitors, memory expansion cards, integrated circuit [IC] memory cards, interface cards for computers, video file compression cards, video encoders and decoders, printers, scanners, computer keyboards, computer mice, computer speakers, web cameras, microphones, stylus pens, computer batteries, power cords, computer cables, and external computer hard drive; computer network adaptors; computer network bridges; computer network hubs, switches and routers; computer serial ports; computer parallel ports; computer power supplies; computer programs for connecting remotely to computers or computer networks in the field of end-to-end development of artificial intelligence applications; computer software and hardware, namely, artificial intelligence based software for machine learning, deep learning, natural language generation, supervised and unsupervised algorithms, statistic learning, and data mining to enable predictive analytics and predictive modeling; computer software for performing computer graphics operations and improving graphical and video display capabilities; downloadable computer software for use in connection with photographic and video equipment and cameras in the nature of downloadable software for taking, capturing, processing, operating, viewing, storing, editing, arranging, combining, sharing, manipulating, modifying, transmitting and displaying data, images, videos, multimedia files, and other digital data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content; computer software for use in general purpose computation, manipulation of collections of data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content, data analysis, image content analysis, information analysis, data transformation, input/output, image recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization, and machine learning; computer software that assists computers in deploying parallel applications and performing parallel computations; computer terminals; connectors for electronic circuits; copper electronic cables; computer hardware for data processing; application programming interface (API) for desktop and mobile photo and video editing software; software development kit [SDK] to process data received from trained neural networks for image classification, image segmentation and object detection in the field of deep learning inference applications; computer software and mobile application for publishing photos and for video editing; digital audio and video players; digital audio and video players and recorders; digital graphic scanners; digital media players, namely digital video players and digital music players, portable MP3 players, portable MP4 players, portable MPEG players, portable CD players, portable DVD players, notebook computers, portable computer disc players, portable TVs, mobile computers, handheld computers, portable personal digital assistants, tablet computers, portable personal computers, portable electronic personal organizers, portable electronic notepads, mobile phones, smartphones, video phones, portable electronic book readers, digital cameras, global positioning systems namely personal digital assistants featuring a GPS receiver and electronic maps, personal digital assistants, television receivers, portable radios; digital media servers; digital media streaming devices; downloadable computer graphics; computer drivers in the nature of computer software for software development kit [SDK] in the field of end to-end development of artificial intelligence applications;

electric cables; electric sensors namely, lidar sensors, radar sensors, camera containing a linear image sensor, distance sensors, acceleration sensors, infrared sensors, motion sensors, optical sensors, position sensors, pressure sensors, proximity sensors; electrical power supply adaptors; connectors for electronic circuits; electronic connectors for circuit boards; electronic connectors for video recorders; electrical audio and speaker cables and connectors; electronic cables parts and fittings; electronic circuit board; electronic circuits; electronic computer vision accelerators; electronic control systems for land motor vehicles; computer hardware, namely electronic display interfaces for use in relation to artificial intelligence applications; electronic integrated circuits; computer memory boards; flash memory cards; memory expansion cards; semiconductor memory devices being computer memories; electronic sensor devices, namely, cameras, projectors, microphones, lidar sensors, radar sensors, camera containing a linear image sensor, distance sensors, acceleration sensors, infrared sensors, motion sensors, motion tracking sensors, optical sensors, position sensors, pressure sensors, proximity sensors for gesture, facial, and voice detection, capture and recognition; gesture recognition software; graphics cards; graphics processing units (GPUs); graphics processing units (GPUs) in the nature of computer hardware for enhancing graphical and video display; computer graphics software in the field of end-to-end development of artificial intelligence applications; portable digital audio, video and multimedia players, transmitters and receivers, namely digital video players, digital music players, portable MP3 players, portable MP4 players, portable MPEG players, portable CD players, portable DVD players, notebook computers, portable computer disc players, portable TVs, mobile computers, handheld computers, portable personal digital assistants, tablet computers, portable personal computers, portable electronic personal organizers, portable electronic notepads, mobile phones, smartphones, video phones, portable electronic book readers, digital cameras, global positioning systems namely personal digital assistants featuring a GPS receiver and electronic maps, personal digital assistants, television receivers, portable radios for receiving and transmitting text, audio, video, images, still and motion pictures, graphics, computer games, video games, signals, messages, and multimedia files through global computer networks; hardware and software for detecting objects, user gestures and commands; computer hardware and software for operating sensor devices namely, lidar sensors, radar sensors, camera containing a linear image sensor, distance sensors, acceleration sensors, infrared sensors, motion sensors, optical sensors, position sensors, pressure sensors, proximity sensors; input devices, namely keyboards for computer hardware, computers, and tablet computers; integrated circuit components for graphics and video systems, namely, multimedia accelerators, graphic accelerators and peripheral units; integrated circuits; integrated circuits for enhancing graphical and video display; computer hardware namely electronic display interfaces for computers used for the end-to-end development of artificial intelligence applications; downloadable machine learning software for developing and implementing machine learning applications and for managing, processing and analyzing data; microcontrollers; mobile digital computing devices, namely digital video players, digital music players, portable MP3 players, portable MP4 players, portable MPEG players, portable CD players, portable DVD players, notebook computers, portable computer disc players, portable TVs, mobile computers, handheld computers, portable personal digital assistants, tablet computers, portable personal computers, portable electronic personal organizers, portable electronic notepads, mobile phones, smartphones, video phones, portable electronic book readers, digital cameras, global positioning systems namely personal digital assistants featuring a GPS receiver and electronic maps, personal digital assistants, television receivers, portable radios; mobile entertainment devices, namely digital video players, digital music players, portable MP3 players, portable MP4 players, portable MPEG players, portable CD players, portable DVD players, notebook computers, portable computer disc players, portable TVs, mobile computers, handheld computers, portable personal digital assistants, tablet computers, portable personal computers,

portable electronic personal organizers, portable electronic notepads, mobile phones, smartphones, video phones, portable electronic book readers, digital cameras, global positioning systems namely personal digital assistants featuring a GPS receiver and electronic maps, personal digital assistants, television receivers, portable radios; motion tracking sensors; neural network library for deep learning frameworks, namely, downloadable computer software for operating and processing deep learning frameworks; optical cables; optical readers; optical scanners; photographic equipment, namely, cameras, digital cameras, video cameras; portable handheld electronic devices for recording, storage, transmission or reproduction of photographic, video and multimedia content, namely, video cameras, digital cameras, MP3 players, MP4 players, MPEG players, personal media players, namely CD players, DVD players, notebook computers, computer disc players, portable TVs, mobile computers, handheld computers, personal digital assistants, tablet computers, electronic personal organizers, electronic notepads, mobile phones, smartphones, video phones, portable electronic book readers, digital cameras, global positioning systems, namely personal digital assistants featuring a GPS receiver and electronic maps, television receivers, portable TVs, portable radios, audio amplifiers, microphones and speakers; communication systems namely, electronic receivers of electronic signals; recorded software for use in connection with photographic and video equipment and cameras, namely downloadable and recorded computer software for use in connection with photographic and video equipment and cameras, namely, downloadable recorded software for taking, capturing, managing, processing, operating, viewing, storing, editing, arranging, combining, sharing, manipulating, modifying, commenting on, transmitting and displaying data, images, videos, multimedia files, and spherical and panoramic photo and video content; semiconductors; semiconductors and semiconductor chip sets; sensors for monitoring physical movements; simulation, modeling and data processing software for use in machine learning, database infrastructure design, device control, open data analytics, graphic and multimedia design services, housing and securing data, database design, database development, database implementation, creating applications all in the field of end-to-end development of artificial intelligence applications; downloadable computer software platform for assisting programming developers to collaborate on digital computer programming code used in the field of end-to-end development of artificial intelligence applications; software and firmware for controlling, configuring and managing game controllers for computer games and video games, virtual reality and augmented reality video game controllers; software and firmware for enabling electronic devices to share data and communicate with each other; computer operating systems software and firmware; computer software and hardware, namely, artificial intelligence based software for machine learning, deep learning, natural language generation, supervised and unsupervised algorithms, statistic learning, and data mining to enable predictive analytics, predictive modeling and business intelligence reporting; computer software development tools, namely, computer software for assisting developers in creating program code for use in multiple application programs in the field of end-to-end development of artificial intelligence applications; software development kits (SDKs) consisting of software for ray tracing and image rendering, modeling, and image manipulation and processing in the field of end-to-end development of artificial intelligence applications; software development kits (SDKs) consisting of computer software development tools, such as Application Programming Interfaces (APIs) in the form of pre-compiled software libraries and code, documentation, and sample applications for image rendering, modeling, and image manipulation and processing; installer with operating system image in the nature of a bootable or non-bootable structure, namely, downloadable computer operating systems; system image file comprised of a serialized copy of the state of a computer system, namely, downloadable computer operating systems; computer software that uses archived system images of a hard drive to restore the contents of a computer; components of a computer operating system in the nature of a kernel, namely, downloadable operating system programs;

board support package, namely, computer hardware; board support package (BSP) for a hardware environment, namely, a computer and CPU card; downloadable software development kits (SDK) consisting of computer software for use in the end-to-end development of artificial intelligence applications; downloadable software driver programs for computer peripherals, namely CD players, DVD players, DVD recorders, video file compression cards, video encoders and decoders, printers, scanners, computer keyboards, computer mice, computer speakers, web cameras, microphones, stylus pens, computer batteries, power cords, computer cables, and external computer hard drive, for enabling computer hardware and computer peripherals, namely CD players, DVD players, DVD recorders, video file compression cards, video encoders and decoders, printers, scanners, computer keyboards, computer mice, computer speakers, web cameras, microphones, stylus pens, computer batteries, power cords, computer cables, and external computer hard drive, to communicate with each other; computer software for controlling the operation of audio and video devices, namely for viewing, searching, playing audio, video, digital images, and other multimedia content; computer software for converting natural language into machine-executable commands; software for enhancing computer performance, for operation of integrated circuits, semiconductors, computer chipsets and micro-processors, and for gaming purposes; software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; software for integrating electronic data, namely, text, electronic messages, images, computer graphics, images, audio, video and audiovisual content with real world environments; software for use in cognitive computing, namely, algorithms, robotic process automation, machine learning, natural language processing, natural language generation, natural language reasoning, artificial intelligence and data analytics; software for monitoring and controlling communication between computers and automated machine systems; computer software for voice command and recognition, converting speech to text, and data analytics in the fields of natural language processing, natural language generation, natural language reasoning and speech recognition; software for object tracking, motion control and content visualization; software for operating and managing integrated circuit components; software for optical character recognition; software for performing computer graphics operations and improving graphical and video display capabilities in the field of end-to-end development of artificial intelligence applications; software for processing images, graphics and text in the field of end-to-end development of artificial intelligence applications; software for recording, storing, transmitting, receiving, displaying and analyzing data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content from wearable computer hardware; computer software for the display of digital media in the field of end-to-end development of artificial intelligence applications; software for tracking motion; computer software for use as an application programming interface (API) in the field of end-to-end development of artificial intelligence applications; artificial intelligence software in the field of automated reasoning, machine learning for pattern discovery, recognition, classification, segmentation, regression and decision support for natural interaction across an artificial intelligence platform; augmented reality software for operating augmented reality headsets; artificial intelligence software for autonomous vehicles; computer software and applications for electric vehicle navigation; software in the fields of artificial intelligence, augmented reality, and virtual reality for predicting, classifying, collecting, simulating, and optimizing data, for, augmented reality, virtual reality, and virtual reality simulation; downloadable software in the nature of a mobile application for the transmission of user-generated messages and playing of computer games among computer users in the field of end-to-end development of artificial intelligence applications; software that assists computers in deploying parallel applications and performing parallel computations; software used for the storage of electronic data namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content in the field of end-to-end development of artificial intelligence

applications; software used for real time people tracking, face detection, object tracking for use with cameras and monitors; software, firmware and hardware for use in visual, voice, audio, motion, eye and gesture tracking and recognition; software, namely, an interpretive interface for facilitating interaction between humans and machines in the field of end-to-end development of artificial intelligence applications; computer software for use in operating artificial intelligence platforms; computer software for use in operating data analytics platforms; computer software for use in automation platforms, namely business management automation platforms; supercomputers; system-on-chip processors; downloadable computer software in the nature of toolkits comprised of libraries and application tools for processing data, images, graphics, audio, video, and text; downloadable computer software in the nature of toolkits for development environments and applications for processing data, images, graphics, audio, video, and text; video cards; video display hardware; video display software; software for use as an application programming interface (API) for use in the field of end-to-end development of artificial intelligence applications; video receivers; vision programming interface for computer vision.

Services

Class 42

Advanced product research in the field of artificial intelligence; cloud computing services, namely, cloud hosting provider services; cloud-based supercomputing featuring software for use in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; computer technology consultancy in the fields of machine learning, deep learning, and deep neural networks; consulting services in the field of graphics software for the end-to-end development of artificial intelligence applications; design and development of computer hardware; design and development of computer hardware and software in the fields of machine learning, deep learning, and deep neural networks; design and development of computer software, namely, software for use in connection with photographic and video equipment and cameras design and development of software and hardware for use in virtual simulation; design of computer hardware, software, and peripherals in the field of end-to-end development of artificial intelligence applications; design, development and maintenance of computer programs in the field of end-to-end development of artificial intelligence applications; design, development and maintenance of computer programs for data processing in the field of end-to-end development of artificial intelligence applications; design, development, customization, integration, support and maintenance of computer software in the field of end-to-end development of artificial intelligence applications; design, programming and maintenance of artificial intelligence software; electronic storage of electronic data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content in the field of end-to-end development of artificial intelligence application, in the fields of end-to-end development of artificial intelligence applications; graphics design services, namely, creating 3D content, 3D product renderings, photorealistic renderings and models; hosting on-line web facilities for others for databases and libraries of third parties in the field of photography and videography for the development of artificial intelligence applications; providing temporary use of online non-downloadable computer software featuring development tools and API's (application program interface) for developers in the field of end-to-end development of artificial intelligence applications; cloud computing provider services for general storage of data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content in the field of end-to-end development of artificial intelligence applications; providing temporary use of online non-downloadable computer software for use in visual, voice, audio, motion, eye and gesture tracking and recognition; image processing software design in the field of end-to-end development

of artificial intelligence applications; design and development of computer hardware and software in the field of end-to-end development of artificial intelligence applications; providing temporary use of non-downloadable cloud-based software for use with a supercomputer for artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, and business intelligence; providing temporary use of online non-downloadable software for 3D-visualization, 3D modeling and 3D rendering; providing temporary use of online non-downloadable computer software for autonomous vehicle simulation; providing temporary use of online non-downloadable computer software for enhancing computer performance, for operation of integrated circuits, semiconductors, computer chipsets and micro processors, and for gaming purposes; providing temporary use of online non-downloadable computer software for facilitating interaction between humans and computer hardware and software in the field of end to-end development of artificial intelligence applications; online nondownloadable software for machine learning, deep learning, and deep neural networks, in the field of self-driving and autonomous land vehicles and in the field of computer graphics for professional designers, engineers, and scientists for advanced graphics processing and visual computing; providing temporary use of online non-downloadable computer software for artificial intelligence (AI), machine learning, unsupervised learning, and deep learning to enable contextual prediction, personalization, predictive analytics, predictive modeling and business intelligence services, all for improving experiences in the fields of self-driving and autonomous land vehicles, computer graphics and artificial intelligence, video games, and entertainment via a website; providing temporary use of online non-downloadable software using artificial intelligence (AI), for machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, for contextual prediction, predictive analytics, predictive modeling, visualization, and business intelligence; providing non-downloadable computer software for motion control, for tracking the movement of objects, and downloadable data visualization; providing temporary use of online non-downloadable computer software for use in analyzing image and sensor data and for image and sensor data processing; providing temporary use of online non-downloadable computer software for streaming multimedia entertainment content in the field of online streaming of computer and video games; platform as a service (PaaS) featuring computer software platforms for developing and operating artificial intelligence applications, data analytics software platforms, and automation software platforms; platform as a service (PAAS) featuring computer software platforms for downloading, storing, viewing, playing and interacting with digital media; platform as a service (PAAS) featuring computer software platforms for downloading, storing, viewing, playing and interacting with computer video games; platform as a service (PAAS) featuring computer software platforms for downloading, storing, viewing, playing and interacting with computer software applications in the fields of self-driving and autonomous land vehicles, computer graphics, and artificial intelligence, in the field of video games; platform as a service (PaaS) featuring computer software platforms for electronic graphic design in the field of end-to end development of artificial intelligence applications; software as a service (SaaS) featuring software platforms for automation in the nature of downloadable software for processing artificial intelligence process automation in the field of end-to-end development of artificial intelligence applications; platform as a service (PaaS) featuring computer software platforms for voice command and recognition, converting speech to text, and data analytics in the fields of natural language processing, natural language generation, natural language reasoning and speech recognition; platform as a service (PaaS) featuring software platforms for electronic graphic design in the field of end-to-end development of artificial intelligence applications; providing temporary use of online non-downloadable computer software development tools for use in the fields of facilitating the deployment of artificial intelligence solutions, deep learning, high performance computing, and machine learning; design

and development of computers and programs for computers on data networks in the field of end-to-end development of artificial intelligence applications; providing computer software technical support services, technical information and technical support regarding software patches, upgrades and updates in the field of end-to-end development of artificial intelligence applications; providing online non-downloadable software for rendering, modeling, producing, editing and processing of image data and moving image data in the field of end-to-end development of artificial intelligence applications; providing temporary use of online non-downloadable software using artificial intelligence (AI), for machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, for contextual prediction, predictive analytics, predictive modeling, visualization, and business intelligence; providing online non-downloadable software for rendering, modeling, producing, editing and processing of image data and moving image data; providing software technological support services and consultation in the fields of software, development and use of computer hardware in the field of end-to-end development of artificial intelligence applications; providing temporary use of downloadable computer graphics software, namely, software that enables importation and exportation, virtualization, acceleration, manipulation, and editing of visual images and modelling on a computer; providing temporary use of downloadable computer software for computer graphics in the field of end-to-end development of artificial intelligence applications; providing temporary use of downloadable interactive software in the field of end-to-end development of artificial intelligence applications; scientific and technological services and research and design relating thereto in the field of end to-end development of artificial intelligence applications; providing temporary use of online non downloadable computer software for enhancing computer performance, for operation of integrated circuits, semiconductors, computer chipsets and micro-processors, and for use with computer games and video games; providing temporary use of online non-downloadable interactive entertainment computer software for playing video games; scientific and technological services and research and design relating thereto in the field of self-driving and autonomous land vehicles, artificial intelligence, automobile research and development, computers, software design, and deep neural networks, in the field of video games, and in the field of entertainment via a website; software as a service (SaaS) featuring software platforms for electronic graphic design in the field of end-to-end development of artificial intelligence applications; nondownloadable software for machine learning, deep learning, and deep neural networks, in the field of self-driving and autonomous land vehicles and computer graphics processing, in the field of video games, and in the field of entertainment via a website, provided as software as a service (SaaS); software as a service (SaaS) featuring software for use in connection with photographic and video equipment and cameras, namely, software for taking, capturing, managing, processing, operating, viewing, storing, editing, arranging, combining, sharing, manipulating, modifying, commenting on, transmitting and displaying electronic data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content, and featuring desktop and mobile photo and video editing software, and featuring computer software and software applications for use in uploading, downloading, editing, storing, distributing and sharing spherical and panoramic photo and video content via global and local computer networks, mobile devices and via virtual reality devices and environments; software as a service (SaaS) services featuring software in the fields of artificial intelligence, augmented reality, and virtual reality for predicting, classifying, collecting, simulating, and optimizing electronic data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content, for virtual reality simulation; software development services in the field of end-to-end development of artificial intelligence applications; software for integrating electronic data, namely text, electronic messages, images, computer graphics, images, audio, video and audiovisual content with real world environments for the purpose of capturing, processing, and visualizing modeling and placement of goods of others and

visual image markers; application programming interface (API) for use in building software applications in the field of end-to-end development of artificial intelligence applications; providing temporary use of online non-downloadable computer software featuring development tools and API's (application program interface) for developers in the field of end-to-end development of artificial intelligence applications; software platform for software development featuring software development kits (SDKs); technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems in the field of end-to-end development of artificial intelligence applications; services provider in the nature of software development and computer modeling services in the field of artificial intelligence technology solutions and software products providing online non-downloadable artificial intelligence based software solutions and software development solutions, namely, for the design and development of software, databases, web services and cloud computing infrastructure; application programming interface (API) and software research, development, design and maintenance, in the field of artificial intelligence; computer software design for others; design, development and implementation of software for others in the field of end-to-end development of artificial intelligence application; software as a service (SaaS) provider for end-to-end development of computer and mobile device applications, advanced graphics processing, visual computing and data visualization, in the field of artificial intelligence; platform as a service (PaaS) featuring computer and mobile software and application programming interface (API) platforms for use in the field of end-to-end development of artificial intelligence applications, advanced graphics processing, visual computing, data visualization, and design and development of computer interfaces; design and development of software architectures in the field of end-to-end development of artificial intelligence applications; providing temporary use of online non-downloadable computer software for computer graphics in the field of end-to-end development of artificial intelligence applications; providing temporary use of online non-downloadable computer software for detecting objects, user gestures and commands; providing temporary use of online non-downloadable computer software for enhancing computer performance, for operation of integrated circuits, semiconductors, computer chipsets and micro-processors.
