Trademarks Journal

Vol. 68 No. 3460

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) metal cutting tools [parts of machines], namely, power drill bits, tool bits for machines, cutting insert holders [parts of machines], cutting inserts [parts of machines], milling cutters [machine tools], end mills, reamers [machine tools], taps being machine tools, gear cutters [machine tools], hobs [machine tools], dies for use with machine tools, chasers [machine tools], and broaches [machine tools]; wear resistant metalcutting tools for machines, namely, punches for punching machines, lathe centers [machine tools], slitter knives for metalworking, side trimmer knives, collets [power tool parts], and guide bushings; wear resistant parts for machines, namely, mandrels [parts of machines], plungers [machines], cylinder liners; power saws; blades for power saws; cemented carbide cutting tools; high speed steel drill bits; diamond cutting tools for machines; cubic boron nitride tools for metalworking; accessories for metalworking machines and tools, namely, drill chucks [parts of machines], tool holders [parts of machines], and automated tool changers; tools for mining machines, namely, drills for the mining machines, and bits for mining machines; machines and machine tools for civil engineering, namely, drills for civil engineering, and drill bits for civil engineering; parts and accessories for electric discharge machines, namely, electrical discharge machine wire guides; fittings for high-pressure water jet machines, namely, nozzles for water jet cleaning machines, and nozzles for water jet cutting machines; sand-blasting apparatus, namely, sand blast nozzles; pneumatic machines and apparatus, namely, air needle scalers; brakes for machines; transmissions, other than for land vehicles, namely, shafts for machines, gears for machines, gear boxes for industrial machinery, transmission chains for industrial machinery, sprockets for machines, power transmission belts for machines, pulleys [parts of machines], shaft couplings [machines], clutches for machines, planetary gears, other than for land vehicles, oil pump rotors, and machine flywheels; spring shock absorbers for machines; shock absorbers for machines; oil mist separators; oil filters for motors and engines, gas filters for motors and engines, air filters for motors and engines, water filters for motors and engines; cartridges for filtering machines for filtering air, gas, oil and liquids; parts for semiconductor manufacturing machines, namely, liquid filters for semiconductor manufacturing machines, air filters for semiconductor manufacturing machines, susceptors for semiconductor manufacturing machines, and semiconductor bonding tools; printing machines; marking machines for marking tubes and sleeves; machines for laying cables

Class 09

(2) electric wires and cables, namely, electric conductors, power cables, power distribution cables, control cables, signal cables, winding wires [electricity], electronic cables, electric wiring harnesses, trolley wires, electrical bus ducts, super-conducting wires and cables, communications cables, optical fibers, and optical fiber cables; resistance wires; fuse wires; accessories for electric wires and cables, namely, sheaths for electric cables, electrical shielding spacers for cables and cable assemblies, cable connectors, strain relief cable glands, junction sleeves for electric cables, cable identification markers for electric cables, and strain clamps; electrical wiring installations, namely, conduit for electric cables, ducts for electric cables, electric cable trunkings, electrical raceways, branch boxes [electricity], junction boxes [electricity], and terminal boxes [electricity]; cable monitoring apparatus, composed of electrical industrial controls for remotely monitoring the functionality of electric power lines and insulation resistance meters; apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric connectors, electric terminals, electric transformers, electrical inductors, electrical resistors, voltage surge protectors, electric reactors, electrical capacitors, electric relays, electric converters, electric inverters, power conditioners, panels for the distribution of electricity, electric circuit breakers, electric fuses, electric switches, electric contacts, electric sockets, electric plugs, wireless battery chargers, and semiconductor power elements; electrically conductive and semiconductive materials, namely, tapes, films, and pastes; electric storage batteries and parts thereof, namely, accumulators [batteries], namely, redox flow batteries, fuel cells, photovoltaic cells and modules, and battery separators; electrodes; electrode wires for electrical discharge machining; electric discharge tubes, other than for lighting; radio communication machines and apparatus, namely, portable radio communication machines, point-to-point wireless communications link hardware, point-to-multipoint radio communication machines for fixed stations, radio communication machines for use in land vehicles, marine radio communication machines, aeronautical radio communication machines, waveguides, and antennas, antenna boosters, antenna cables, antenna masts, antenna filters and antenna amplifiers; radar reflector apparatus for location of persons in distress and for rescue actions; mobile telecommunications apparatus, namely, structural parts for mobile phones, namely, mobile phone vibrators, and air vent filters for mobile phones; broadcasting equipment, namely, CATV (community antenna television) equipment and apparatus, namely cable, digital, and over-the-air television signal receivers, generators, and transmitters; computer networking and data communications equipment, namely, network routers, computer network switches, modems, gateway routers, computer network hubs, network converters, and home gateway devices; teleconferencing and video conferencing apparatus, namely, electrical power connectors, Ethernet ports, internet protocol telephones, cameras, video display monitors, audio speakers, lighting fixtures, microphones, multimedia and video projectors, and furniture namely, tables, carts, mounts and stands; computer hardware and software for movie, music, video and video game content delivery via Internet; optical communications instruments, namely, light-emitting diodes [LED], photodiodes, lenses for optical fiber communication, optical modulators, optical amplifiers, optical repeaters, optical filters, optical multiplexers, optical demultiplexers, optical circulators, optical couplers, optical splitters, optical combiners, optical interleavers, optical waveguides, optical fiber arrays, optical attenuators, optical isolators, optical dispersion compensators, dynamic gain equalizers, optical transmitters, optical receivers, optical transceivers, optical transponders, optical data links, optical media converters, optical routers, optical switches, optical ferrules, optical connectors, optical jumper cords, optical fiber pigtails, optical adapters, mechanical splice connectors, optical fiber closures, fiber optic outlets, fiber optic connection panels, fiber optic cabinets, fiber optic distribution panels, fiber optic connection boxes, and fiber optic termination boxes; apparatus for

splicing optical fibres, namely, optical fiber fusion splicers; optical fiber cleavers, optical fiber cutters, and optical fiber jacket strippers; optical fibers measuring or testing machines and instruments, namely, optical fiber identifiers, fiber optic visual fault locators, fiber optic talk sets, optical light sources, optical power meters, optical power multimeter, optical wavelength meter, optical spectrum analyzers [not for medical use], and optical time domain reflectometers (OTDRs); instruments for electrically operated remote fiber test system (RFTS); distribution boxes for distributing video signals to multiple computers; display apparatus [electrical or electronic], namely, liquid crystal displays; parts and accessories for spectacles; electronic components, namely, semiconductors, semiconductor wafers, semiconductor chips, semiconductor devices, heat sinks for use in electronic components, electric lead wires, lead frames for semiconductors, bonding wires for semiconductor devices, integrated circuits, integrated circuits packages, printed circuits, flexible printed circuits, conductive films for mounting electronic components, SAW (surface acoustic wave) filters, transistors, and thermistors; input devices for computers, namely, optical character readers, bar code readers, bar code decoders, and data entry terminals; computer digital maps; parts for photocopiers, facsimiles, computer printers, namely, paper guides, fuser rollers, pressure rollers, cleaning blades, and transfer belts; electrical components for land vehicles, namely, electrical junction blocks, electric relay boxes, vehicle fuses, electrical fuse boxes for automobiles, electric connectors for automobiles, and electronic control units (ECUs) for controlling automotive engines; sensing apparatus for use in land vehicles, namely, wheel speed sensors, gyro sensors, and impact sensors; optical apparatus for use in land vehicles, namely, CCD (charge-coupled device) cameras; electric and electronic video surveillance installations; disaster prevention equipment, namely, earthquake alarms; life saving apparatus and equipment, namely, life buoys, life-saving rafts, inflatable lifeboats; meteorological instruments; filtration membranes for laboratory use, and crucibles [laboratory]; solar modules; energy storage devices, namely, batteries and fuel cells; energy monitoring and analysis apparatus comprised of meters, monitors and controllers for measuring, monitoring, analyzing and controlling energy use; filters for respiratory masks

Class 12

(3) parts and fittings for land vehicles, namely, transmission components for land vehicles, namely, transmission shafts for land vehicles, gears for land vehicles, gear boxes for land vehicles, transmission chains for land vehicles, sprockets for land vehicles, power transmission belts for land vehicles, pulleys for land vehicles, shaft couplings for land vehicles, clutches for land vehicles, planetary gears for land vehicles, oil pump rotors, torque converters for land vehicles, and flywheels for land vehicles, power steering apparatus for land vehicles, namely, steering columns for vehicles, steering shafts, steering gears, steering joints, steering racks for vehicles, steering pinions, steering cylinders, and steering hoses, land vehicle suspension parts, namely, suspension members, suspension arms, vehicle suspension springs, bushes for vehicles, shock absorbers for vehicles, suspension mounts, and ball joints [vehicle parts], springs for land vehicles, brakes for land vehicles, hydraulic hoses for land vehicles, vibration dampers for land vehicles, engine covers, components for airbags, namely, airbag sensors, interior panels for vehicles, display panels, automotive interior trims, head-rests for vehicle seats, arm rests for vehicles, windshield wipers, and fuel tanks for land vehicles; structural parts for aircraft, namely, fuel tanks for aircrafts, deicers, and vibration dampers and buffers for use in aircraft; air springs for vehicle suspension components for cushioning driver's seats and cabs; automotive shock absorbing springs

Class 17

(4) industrial packaging containers of rubber; reinforcing materials of rubber for pipes, reinforcing materials of plastic for pipes; non-metallic junctions for pipes namely, plastic junctions for pipes; non-metal flanges, namely, plastic flanges; sealing materials, namely, O-rings, oil seals, gaskets

and sealant compounds for joints; adhesive sealant and caulking compound; sealing putty; packing material for forming seals for industrial purposes; anti-corrosion protective covering for pipe and structural steel; heat resistant materials in the form of tape and tubes; insulating materials for insulation against heat; structures for noise absorption [soundproofing]; acoustic insulation and acoustic insulation materials; rubber shock absorbers for industrial machinery; electrical insulating materials, namely, insulating coatings, insulating sleeves for machinery, insulating sleeves for power lines, insulating tapes, insulating tubes, electrical insulating rubber products namely rubber tubing and rubber wrap tape for electrically insulating wires, wire joints, and other conductors, insulating papers, insulating oils, insulating compounds, and electric porcelain insulators; insulation materials for use on splices of electric cables; self-adhesive tapes other than for stationery, household or medical purposes, namely, self-adhesive tapes for general industrial use; insulating film for use in the manufacture of semiconductors; semi-processed plastics; heat shrinkable plastic tubings and sleeveings used with electric wires and cables and other electrical products for bundling, splicing, sealing, insulation, mechanical and corrosion protection, identification and decoration; porous plastic membrane sheets and tubes for use in filtering, insulating, sealing and packing materials; polyurethane foam for use in the further manufacture of cushioning and insulation; reflective plastic films for use on windows; ceramic foams for industrial use, namely, for thermal and acoustic insulation

Services

Class 42

chemical laboratories; technical consultation services in the fields of metalworking; research in the field of automotive technology; development of energy and power management systems; technical research in the field of semiconductors and integrated circuits; design of semiconductors and integrated circuits for others; testing of semiconductors and integrated circuits; design, development, installation and maintenance of computer software; providing search engines for obtaining data on the Internet and corporate Intranets; mapping services

Class 37

(1) construction of nuclear power-generating plants, thermal power-generating plants, hydropower-generating plants, steam power-generating plants, geothermal power-generating plants, solar power-generating plants, wind power-generating plants, marine power-generating plants and fuel cell power-generating plants and providing information and consultancy relating thereto; construction of nuclear power supplying plants, thermal power supplying plants, hydropower

supplying plants, steam power supplying plants, geothermal power supplying plants, solar power supplying plants, wind power supplying plants, marine power supplying plants and fuel cell power supplying plants and providing information and consultancy relating thereto; construction of heat supplying plants, namely chemical plants and heating and cooling plants, and providing information and consultancy relating thereto; construction of natural gas supplying plants, petroleum gas supplying plants and water gas supplying plants and providing information and consultancy relating thereto; construction of electrical power generating facilities, electrical power transmitting facilities, electrical power receiving facilities, electrical power distributing facilities and electrical power transforming facilities and providing information and consultancy relating thereto; installation of nuclear power supplying installations, thermal power supplying installations, hydropower supplying installations, steam power supplying installations, geothermal power supplying installations, solar power supplying installations, wind power supplying installations, marine power supplying installations and fuel cell power supplying installations in buildings and providing information and consultancy relating thereto; installation of heating installations and heating and cooling installations in buildings and providing information and consultancy relating thereto; installation of natural gas supplying installations, petroleum gas supplying installations and water gas supplying installations in buildings and providing information and consultancy relating thereto; installation of gas turbines and providing information and consultancy relating thereto; installation of steam turbines and providing information and consultancy relating thereto; installation of ventilating fans, heating fans, cooling fans, centrifugal fans, steam fans and axial fans for industrial purposes and providing information and consultancy relating thereto; installation of heating boilers and providing information and consultancy relating thereto; installation of vacuum and drainage pumps, high pressure pumps, oil hydraulic pumps, centrifugal pumps, conveying pumps and mixed flow pumps and providing information and consultancy relating thereto; installation of electronic machines and apparatus, namely, electrical generating machinery, industrial X-ray apparatus, ultrasonic flow detectors, namely, ultrasonic inspection machines for detecting flaws in machineries used in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry and computer hardware and providing information and consultancy relating thereto; installation of computers and providing information and consultancy relating thereto; installation of telecommunication machines and apparatus for monitoring and controlling of power-generating plants and chemical plants and providing information and consultancy relating thereto; installation of power-saving control apparatus, namely, photovoltaic electric power generators, nuclear power generators, thermal power generators, hydropower generators, steam power generators, geothermal power generators, wind power generators, marine power generators and fuel cell power generators and providing information and consultancy relating thereto; installation of electric motors and providing information and consultancy relating thereto; installation of electrical power distribution and control machines and apparatus, namely, electric switches and providing information and consultancy relating thereto; installation of power generators and providing information and consultancy relating thereto; construction services of electrical power generating facilities, electrical power supplying installations, heating installations, natural gas supplying installations, petroleum gas supplying installations and hydrogen gas supplying installations; building construction information; building construction consultancy; operation and maintenance of nuclear power-generating plants, thermal power-generating plants, hydropower-generating plants, steam power-generating plants, geothermal power-generating plants, solar power-generating plants, wind power-generating plants, marine power-generating plants and fuel cell power-generating plants and providing information and consultancy relating thereto; operation and maintenance of nuclear power supplying plants,

thermal power supplying plants, hydropower supplying plants, steam power supplying plants, geothermal power supplying plants, solar power supplying plants, wind power supplying plants, marine power supplying plants and fuel cell power supplying plants and providing information and consultancy relating thereto; operation and maintenance of heat supplying plants, namely chemical plants and heating and cooling plants and providing information and consultancy relating thereto; operation and maintenance of natural gas supplying plants, petroleum gas supplying plants and water gas supplying plants and providing information and consultancy relating thereto; operation and maintenance of electrical power generating facilities, electrical power transmitting facilities, electrical power receiving facilities, electrical power distributing facilities and electrical power transforming facilities and providing information and consultancy relating thereto; operation and maintenance of nuclear power supplying installations, thermal power supplying installations, hydropower supplying installations, steam power supplying installations, geothermal power supplying installations, solar power supplying installations, wind power supplying installations, marine power supplying installations and fuel cell power supplying installations in buildings and providing information and consultancy relating thereto; operation and maintenance of heating installations and heating and cooling installations in buildings and providing information and consultancy relating thereto; operation and maintenance of natural gas supplying installations, petroleum gas supplying installations and water gas supplying installations in buildings and providing information and consultancy relating thereto; operation and maintenance of building equipment for nuclear power supplying, thermal power supplying, hydropower supplying, steam power supplying, geothermal power supplying, solar power supplying, wind power supplying, marine power supplying and fuel cell power supplying and providing information and consultancy relating thereto; operation and maintenance of building equipment for natural gas supplying, petroleum gas supplying and water supplying and providing information and consultancy relating thereto; operation and maintenance of heating installations and heating and cooling installations in buildings and providing information and consultancy relating thereto; operation and maintenance of building equipment for use in electrical power generating facilities, electrical power transmitting facilities, electrical power receiving facilities, electrical power distributing facilities and electrical power transforming facilities and providing information and consultancy relating thereto; repair and maintenance of gas turbines and providing information and consultancy relating thereto; repair and maintenance of steam turbines and providing information and consultancy relating thereto; repair and maintenance of ventilating fans, heating fans, cooling fans, centrifugal fans, steam fans and axial fans for industrial purposes and providing information and consultancy relating thereto; repair and maintenance of heating boilers and providing information and consultancy relating thereto; repair and maintenance of vacuum and drainage pumps, high pressure pumps, oil hydraulic pumps, centrifugal pumps, conveying pumps and mixed flow pumps and providing information and consultancy relating thereto; repair and maintenance of electronic machines and apparatus, namely, electrical generating machinery, industrial X-ray apparatus, ultrasonic flow detectors, namely, ultrasonic inspection machines for detecting flaws in machineries used in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry and computer hardware and providing information and consultancy relating thereto; repair and maintenance of computers and providing information and consultancy relating thereto; remote monitoring of operation condition of telecommunication machines for monitoring and controlling of power-generating plants and chemical plants and providing information and consultancy relating thereto; repair and maintenance of telecommunication machines and apparatus for monitoring and controlling of power-generating plants and chemical plants and providing information and consultancy relating thereto; repair and maintenance of power-saving control apparatus, namely, photovoltaic electric

power generators, nuclear power generators, thermal power generators, hydropower generators, steam power generators, geothermal power generators, wind power generators, marine power generators and fuel cell power generators and providing information and consultancy relating thereto; repair and maintenance of electric motors and providing information and consultancy relating thereto; repair and maintenance of electrical power distribution and control machines and apparatus, namely, electric switches and providing information and consultancy relating thereto; repair and maintenance of power generators and providing information and consultancy relating thereto; repair and maintenance of nuclear power-generating plants, thermal power-generating plants, hydropower-generating plants, steam power-generating plants, geothermal power-generating plants, solar power-generating plants, wind power-generating plants, marine power-generating plants and fuel cell power-generating plants and providing information and consultancy relating thereto; repair and maintenance of nuclear power supplying plants, thermal power supplying plants, hydropower supplying plants, steam power supplying plants, geothermal power supplying plants, solar power supplying plants, wind power supplying plants, marine power supplying plants and fuel cell power supplying plants and providing information and consultancy relating thereto; repair and maintenance of heat supplying plants, namely chemical plants and heating and cooling plants, and providing information and consultancy relating thereto; repair and maintenance of natural gas supplying plants, petroleum gas supplying plants and water gas supplying plants and providing information and consultancy relating thereto; repair and maintenance of electrical power generating facilities, electrical power transmitting facilities, electrical power receiving facilities, electrical power distributing facilities and electrical power transforming facilities and providing information and consultancy relating thereto; repair and maintenance of building equipment for nuclear power supplying, thermal power supplying, hydropower supplying, steam power supplying, geothermal power supplying, solar power supplying, wind power supplying, marine power supplying and fuel cell power supplying and providing information and consultancy relating thereto; repair and maintenance of heating installations and heating and cooling installations in buildings and providing information and consultancy relating thereto; repair and maintenance of natural gas supplying installations, petroleum gas supplying installations and water gas supplying installations in buildings and providing information and consultancy relating thereto; repair and maintenance of building equipment for nuclear power supplying, thermal power supplying, hydropower supplying, steam power supplying, geothermal power supplying, solar power supplying, wind power supplying, marine power supplying and fuel cell power supplying and providing information and consultancy relating thereto; repair and maintenance of building equipment for natural gas supplying, petroleum gas supplying and water gas supplying and providing information and consultancy relating thereto; repair and maintenance of heating installations and heating and cooling installations in buildings and providing information and consultancy relating thereto; repair and maintenance of building equipment for use in electrical power generating facilities, electrical power transmitting facilities, electrical power receiving facilities, electrical power distributing facilities and electrical power transforming facilities and providing information and consultancy relating thereto

Class 42

(2) architectural design; construction drafting; architectural consultancy; designing of machines, apparatus and instruments namely their parts for industrial machinery in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry; consultancy in the design and development of computer hardware; computer software design, computer programming, and maintenance of computer software; creating and maintaining web sites for others; internet security

consultancy; creating and maintaining web sites for others; web site design consultancy; off-site data backup, namely, providing cloud computing services for backup storage of data; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access; computer system design; computer security consultancy; updating of computer software; maintenance of computer software; recovery of computer data in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry; installation of computer software; duplication of computer programs; conversion of computer programs and data, from one media to another, in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry, other than physical conversion; creating and designing website-based indexes of information for others in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry [information technology services]; computer data security consultancy in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry; data encryption services; monitoring of computer systems for detecting unauthorized access and data breach; technological advice in the field of operation of computers, automobiles and industrial machines; chemical research; chemistry services, namely, chemical analysis, chemical laboratories, laboratory research in the field of chemistry; chemical analysis; energy auditing; research in the field of environmental protection; material testing; consultancy in the field of energy-saving; providing quality control in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry; physics research; testing and research on machines, apparatus and instruments in the field of nuclear and thermal physics, nuclear and thermal dynamics, electricity, electronics, electric power, chemistry, fluid dynamics, material engineering and used in nuclear power-generating plants, thermal power-generating plants, hydropower-generating plants, steam power-generating plants, geothermal power-generating plants, solar power-generating plants, wind power-generating plants, marine power-generating plants and fuel cell power-generating plants and chemical plants; calibration [measuring], namely, calibration of electronic equipment, calibration of industrial temperature controllers and calibration of laboratory equipment; mechanical research in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry; rental of measuring apparatus, namely, temperature measuring apparatus, pressure measuring apparatus, liquid level measuring apparatus, rotation measuring apparatus, vibration measuring apparatus, noise measuring apparatus, speed measuring apparatus, calorimeters, concentration measuring apparatus and flow measuring apparatus; rental of computers; providing computer programs, namely, platform as a service (PAAS) for use of non-downloadable software in connection with interactive applications for third parties and computer software for monitoring and controlling plants and machinery in the nuclear power-generating, thermal power-generating, hydropower-generating, steam power-generating, geothermal power-generating, solar power-generating, wind power-generating, marine power-generating, fuel cell power-generating and chemical industry; rental of web servers; software as a service [SaaS] services featuring software for monitoring of

operating status, remote control, operation control and maintenance management of nuclear power generating facilities, nuclear power generating apparatus, nuclear power supplying installations, nuclear power supplying apparatus, heating installations, heating installation apparatus, natural gas supplying installations, natural gas supplying apparatus, thermal power-generating plants, hydropower-generating plants, steam power-generating plants, geothermal power-generating plants, solar power-generating plants, wind power-generating plants, marine power-generating plants and fuel cell power-generating plants, heating and cooling plants, natural gas supplying plants, petroleum gas supplying plants and water gas supplying plants; cloud computing provider services for general storage of data; cloud computing providing software for database management; cloud computing web hosting services; hosting computer sites [web sites]; rental of computer software; computer rental; server hosting, namely, rental of a database server to third parties and rental of web servers; electronic data storage, namely, cloud computing provider services for general storage of data; providing information on computer technology and programming via a web site; computer technology consultancy; information technology [IT] consultancy services, namely, creating and designing website-based indexes of information for others in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry; computer system analysis in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry; computer virus protection services; scientific research in the field of nuclear and thermal physics, nuclear and thermal dynamics, fluid dynamics, material engineering, electricity, electronics, electric power, chemistry; scientific laboratory services, namely, research laboratory services and testing laboratory services in the field of nuclear and thermal physics, nuclear and thermal dynamics, fluid dynamics, material engineering, electrical engineering, electronics, electric power engineering, chemical engineering; conducting technical project studies in the field of nuclear power generation, nuclear power supply, heating installations, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation, natural gas supply, petroleum gas supply and water gas supply; technical research in the field of nuclear power generation, nuclear power supply, heating installations, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation, natural gas supply, petroleum gas supply and water gas supply; technical writing; research and development of new products for others; remote monitoring of operation condition of nuclear power-generating plants, thermal power-generating plants, hydropower-generating plants, steam power-generating plants, geothermal power-generating plants, solar power-generating plants, wind power-generating plants, marine power-generating plants and fuel cell power-generating plants and providing information and consultancy relating thereto; remote monitoring of operation condition of nuclear power supplying plants, thermal power supplying plants, hydropower supplying plants, steam power supplying plants, geothermal power supplying plants, solar power supplying plants, wind power supplying plants, marine power supplying plants and fuel cell power supplying plants and providing information and consultancy relating thereto; remote monitoring of operation condition of heat supplying plants, namely chemical plants and heating and cooling plants, and providing information and consultancy relating thereto; remote monitoring of operation condition of natural gas supplying plants, petroleum gas supplying plants and water gas supplying plants and providing information and consultancy relating thereto; remote monitoring of operation condition of electrical power generating facilities, electrical power transmitting facilities, electrical

power receiving facilities, electrical power distributing facilities and electrical power transforming facilities and providing information and consultancy relating thereto; remote monitoring of operation condition of nuclear power supplying installations, thermal power supplying installations, hydropower supplying installations, steam power supplying installations, geothermal power supplying installations, solar power supplying installations, wind power supplying installations, marine power supplying installations and fuel cell power supplying installations in buildings and providing information and consultancy relating thereto; remote monitoring of operation condition of building equipment for heating installations and heating and cooling installations in buildings and providing information and consultancy relating thereto; remote monitoring of operation condition of building equipment for natural gas supplying installations, petroleum gas supplying installations and water gas supplying installations in buildings and providing information and consultancy relating thereto; remote monitoring of operation condition of building equipment for nuclear power supplying, thermal power supplying, hydropower supplying, steam power supplying, geothermal power supplying, solar power supplying, wind power supplying, marine power supplying and fuel cell power supplying and providing information and consultancy relating thereto; remote monitoring of operation condition of natural gas supplying installations, petroleum gas supplying installations and water gas supplying installations in buildings and providing information and consultancy relating thereto; remote monitoring of operation condition of heating installations and heating and cooling installations in buildings and providing information and consultancy relating thereto; remote monitoring of operation condition of building equipment for use in electrical power generating facilities, electrical power transmitting facilities, electrical power receiving facilities, electrical power distributing facilities and electrical power transforming facilities and providing information and consultancy relating thereto; remote monitoring of operation condition of gas turbines and providing information and consultancy relating thereto; remote monitoring of operation condition of steam turbines and providing information and consultancy relating thereto; remote monitoring of operation condition of ventilating fans, heating fans, cooling fans, centrifugal fans, steam fans and axial fans for industrial purposes and providing information and consultancy relating thereto; remote monitoring of operation condition of heating boilers and providing information and consultancy relating thereto; remote monitoring of operation condition of vacuum and drainage pumps, high pressure pumps, oil hydraulic pumps, centrifugal pumps, conveying pumps and mixed flow pumps and providing information and consultancy relating thereto; remote monitoring of operation condition of electronic machines and apparatus, namely, electrical generating machinery, industrial X-ray apparatus, ultrasonic flow detectors, namely, ultrasonic inspection machines for detecting flaws in machineries used in the fields of nuclear power generation, thermal power generation, hydropower generation, steam power generation, geothermal power generation, solar power generation, wind power generation, marine power generation, fuel cell power generation and the chemical industry and computer hardware and providing information and consultancy relating thereto; remote monitoring of operation condition of computers and providing information and consultancy relating thereto; remote monitoring of operation condition of telecommunication machines for monitoring and controlling of power-generating plants and chemical plants and providing information and consultancy relating thereto; remote monitoring of operation condition of power-saving control apparatus, namely, photovoltaic electric power generators, nuclear power generators, thermal power generators, hydropower generators, steam power generators, geothermal power generators, wind power generators, marine power generators and fuel cell power generators and providing information and consultancy relating thereto; remote monitoring of operation condition of electric motors and providing information and consultancy relating thereto; remote monitoring of operation condition of electrical power distribution and control machines and apparatus, namely, electric switches and providing information and consultancy relating thereto; remote monitoring of operation condition of power

generators and providing information and consultancy relating thereto

voltage monitors, and parts and fittings for the aforesaid goods; safety and driving assistant systems for mobile vehicles comprised of electronic proximity sensors and switches, high-resolution cameras, integrated circuits for the purpose of imaging processing, and display monitors, and parts and fittings for the aforesaid goods; lasers for use in relation to vehicles, namely, laser object detectors for use on vehicles, and parts and fittings for the aforesaid goods; radar for vehicles to detect objects around the vehicle, and parts and fittings for the aforesaid goods; cameras for vehicles, and parts and fittings for the aforesaid goods; onboard cameras, and parts and fittings for the aforesaid goods; action cameras, and parts and fittings for the aforesaid goods; parking sensors and rear-view cameras for vehicles, and parts and fittings for the aforesaid goods; automotive measuring instruments, namely, water temperature gauges, air fuel/ratio gauges, boost gauges, vacuum gauges and exhaust gas temperature gauges, and parts and fittings for the aforesaid goods; electronic apparatus for collecting pressure and distance measurements and receiving data, namely, electronic sensors for measuring pressure and distance, wireless receivers, wireless transmitters, and computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information relating to pressure and distance, and parts and fittings for the aforesaid goods; computer software, mobile applications and wireless data and audio transmission and receiving equipment for use in connection with autonomous and hands-free driving, namely, software, applications, and wireless data transmission and receiving equipment for making and receiving phone calls, automobile safety features and warning and alarm functions, accident prevention and traffic alerts, namely, vehicle navigation, and parts and fittings for the aforesaid goods; driving control unit for motor vehicles, namely, cruise controls, and parts and fittings for the aforesaid goods; driver assistance systems for motor vehicles comprising automotive imaging software, LIDAR, radar, image processing software, computer display apparatus, in-car networking and wireless connectivity, and parts and fittings for the aforesaid goods; charging stations for charging electric vehicles, and parts and fittings for the aforesaid goods; cables for use in charging electric vehicles, and parts and fittings for the aforesaid goods; batteries for vehicles, and parts and fittings for the aforesaid goods; electric accumulators for vehicles, voltage regulators, car aerials, automotive electric batteries and mountings in the nature of mounting brackets specially adapted for automotive batteries, and parts and fittings for the aforesaid goods; motor vehicle alarm sensors, and parts and fittings for the aforesaid goods; gauges, namely, fuel gauges, pressure gauges, tire pressure gauges, tire tread depth gauges, and parts and fittings for the aforesaid goods; instrument panels and clusters, namely, panels containing odometers, speedometers, and tachometers, and parts and fittings for the aforesaid goods; odometers, and parts and fittings for the aforesaid goods; speedometers, and parts and fittings for the aforesaid goods; tachometers, and parts and fittings for the aforesaid goods; temperature sensors, and parts and fittings for the aforesaid goods; voltmeters, and parts and fittings for the aforesaid goods; ammeters, and parts and fittings for the aforesaid goods; testing machines for controlling, adjusting and testing of drives, motors and engines, and parts and fittings for the aforesaid goods; proximity meters, and parts and fittings for the aforesaid goods; electric circuit breakers, and parts and fittings for the aforesaid goods; commutators, and parts and fittings for the aforesaid goods; electric connectors for vehicles, and parts and fittings for the aforesaid goods; electric cables, and parts and fittings for the aforesaid goods; electric fuses, and parts and fittings for the aforesaid goods; electric fuse boxes, and parts and fittings for the aforesaid goods; electric control apparatus and instruments for motor vehicles and engines, namely, electronic control systems for engines, simulators for the steering and control of vehicles, vehicle climate controls, cruise controls for motor vehicles, and parts and fittings for the aforesaid goods; fire extinguishers for motor vehicles, and parts and fittings for the aforesaid goods; lenses for lamps, namely, anti-reflective lenses, and parts and fittings for the aforesaid goods; printed electrical circuits, and parts and fittings for the aforesaid

goods; electric relays, and parts and fittings for the aforesaid goods; electric switches, namely, power switches, and parts and fittings for the aforesaid goods; mechanical remote controls for motors, and parts and fittings for the aforesaid goods; remote control starters for vehicles, and parts and fittings for the aforesaid goods; emergency warning lights, and parts and fittings for the aforesaid goods; emergency notification system comprising data processor and a user input device for connecting the data processor to an emergency response entity through a communication network and allowing audio and data communication between the processor and the entity, and parts and fittings for the aforesaid goods; display panels for vehicles, namely, flat panel display screens and touchscreens, and parts and fittings for the aforesaid goods; electronic driver display systems for vehicles comprising heads-up displays (HUDs) in the nature of transparent electronic displays for use in projection of data from a mobile device onto a vehicle windshield, and parts and fittings for the aforesaid goods; audio, audiovisual or telecommunications equipment, namely, audiovisual receivers, radios, televisions, telephones, and parts and fittings for the aforesaid goods; car radios, and parts and fittings for the aforesaid goods; in-car entertainment systems comprising multiple image display screen, multiple input devices, television, DVD player, touchscreen, USB charging port, and parts and fittings for the aforesaid goods; televisions, and parts and fittings for the aforesaid goods; radios, and parts and fittings for the aforesaid goods; CD players, and parts and fittings for the aforesaid goods; loud speakers, and parts and fittings for the aforesaid goods; headphones, and parts and fittings for the aforesaid goods; Personal Digital Assistants, and parts and fittings for the aforesaid goods; tablet computers, and parts and fittings for the aforesaid goods; multimedia devices, namely, portable media players such as digital music players and digital video players, and parts and fittings for the aforesaid goods; MP3 or MP4 apparatus and equipment, namely, MP3 and MP4 players, and parts and fittings for the aforesaid goods; mobile hard drives, namely, external computer hard drives, hard disk drives, blank hard drives for computers, and parts and fittings for the aforesaid goods; Universal Serial Bus drives, namely, USB flash drives, and parts and fittings for the aforesaid goods; cases and holders for mobile phones, smartphones, computers, personal digital assistants, laptops, notebook computers, and parts and fittings for the aforesaid goods; chargers for mobile phones, smartphones, laptop and tablet computers, and parts and fittings for the aforesaid goods; telephones, and parts and fittings for the aforesaid goods; mobile telephones, and parts and fittings for the aforesaid goods; mobile phone and tablet computer headsets and accessories, namely, ear phones, ear buds, and belt clips, and parts and fittings for the aforesaid goods; straps for telephone handsets, and parts and fittings for the aforesaid goods; screensavers for phones and tablets, and parts and fittings for the aforesaid goods; car telephones, and parts and fittings for the aforesaid goods; recording media, namely, blank DVDs, blank CDs, blank secure digital (SD) memory cards, blank cassettes, blank floppy discs, and blank hard discs, and parts and fittings for the aforesaid goods; highway emergency warning equipment, namely, vehicle breakdown warning triangles, and parts and fittings for the aforesaid goods; thermometers for motor vehicles, not for medical purposes, and parts and fittings for the aforesaid goods; directional compasses, and parts and fittings for the aforesaid goods; calculators, and parts and fittings for the aforesaid goods; electronic instructional and teaching apparatus and instruments, namely, vehicle drive training simulators, and parts and fittings for the aforesaid goods; electrical and scientific apparatus for use in the repair and servicing of vehicles, namely, handheld diagnostic scanners for automobiles, and parts and fittings for the aforesaid goods; decorative magnets; tape measures; eyewear, namely, eye glasses, sunglasses, driving glasses, namely, sports glasses, skiing goggles, and parts and fittings for the aforesaid goods; cases for eyeglasses, sunglasses or skiing goggles, and parts and fittings for the aforesaid goods; drivers helmets, and parts and fittings for the aforesaid goods; racing driver protective clothing; articles of protective clothing for wear by motorists for protection against accident or injury, namely, shoes for protection against accidents, protective helmets for

motorists, safety helmets, protective gloves for motorists, and parts and fittings for the aforesaid goods; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and parts and fittings for the aforesaid goods; navigational systems, comprising electronic transmitters, receivers, circuitry, microprocessors, cellular telephone and computer software all for use in navigation and all integrated into a motor vehicle, and parts and fittings for the aforesaid goods; downloadable electronic maps, and parts and fittings for the aforesaid goods; wireless radio and data transmission and receiving equipment, namely, sensors, computers, and data wireless transceivers to provide connectivity within a vehicle, between vehicles, with cell phones, and with data centres, and parts and fittings for the aforesaid goods; interactive multimedia software featuring audio and video information for automotive customers, enthusiasts and dealers on the subject of motor vehicles, and parts and fittings for the aforesaid goods; wireless controllers used in connection with vehicles and vehicle engines to remotely monitor and control the function and status of vehicle mechanical and electrical systems, namely, radar detectors, LIDAR systems, electric control panels, telemetry devices, namely, electronic sensors and wireless receivers and transmitters, all for use in connection with vehicles, and parts and fittings for the aforesaid goods; computer hardware and software for tracking driver behaviour, namely, recording and analyzing vehicle safety statistics, and parts and fittings for the aforesaid goods; proximity sensors, computers and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data centers, and parts and fittings for the aforesaid goods; wireless transmission and receiving equipment, namely, wireless communication devices, namely wireless receivers and transmitters for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing maintenance for vehicles and for providing vehicle maintenance information to drivers, and parts and fittings for the aforesaid goods; computer application software for use by drivers and passengers of vehicles for accessing, viewing, and interacting with and downloading information and entertainment content, namely, news, digital video recordings, music, and podcasts; downloadable software and on-board computer software that provides users with remote and in-vehicle access to make restaurant reservations, locate and reserve parking, make travel arrangements, request valet service, order transport and delivery of parcels, order chauffeur and concierge services, locate vehicle charging stations, order taxi transportation, book tickets for sporting, cultural and entertainment events, book rental or lease of cars, set up ride shares, request and obtain car history, participate in car rental club, obtain information about public and mass transit, manage business travel, track driver decisions to collect and transmit results with recommendation for vehicle selection, plan routes and modes of transportation with possibility to earn points that can be used to acquire work benefits and vouchers for goods and services of others, coordinate and engage transportation services, provide communications by means of mobile phones, personal digital assistants (PDAs), and direct to in-vehicle screens and entertainment connectivity in connection with the use of motor land vehicles, provide connectivity within the vehicle, between vehicles, with cell phones, and with data centres; diagnostic apparatus consisting of sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, and parts and fittings for the aforesaid goods; software and software applications to allow users to track and locate stolen vehicles, charge electronics, and store and synchronize collected personalized user and vehicle information, namely, driver identification information, driver habits, driver's driving record, vehicle history, vehicle function reports, vehicle maintenance and repair alerts and records; electronic interface modules for wired and wireless interface of mobile phones and wearable and portable electronic devices with an automotive electronics system, namely, smart watches, smart wristbands and hand-held computers, and parts and fittings for the aforesaid goods; integrated electronic computer systems for automated vehicle control comprising electronic control unit that monitors engine performances and delivers re-

calculated sensor values to the original engine control unit to increase engine performance, and parts and fittings for the aforesaid goods; downloadable mobile applications to detect vehicle location; downloadable electronic publications in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles and route navigation, travel and transportation; electronic publications, in the field of motor vehicles, mobility sectors, namely, ride sharing, parking booking, scooter and bike sharing, autonomous vehicles and route navigation, travel and transportation; electronic periodic publications; application software for use in or in relation to vehicles for remote start, setting climate control, unlocking vehicle, tracking vehicle use, storing vehicle information, contacting customer services and stolen vehicle center, and obtaining vehicle diagnostic data, monitoring and managing vehicle service; computer games, computer games software for creating computer games; computer software and electronic databases containing data sets and data files in the field of motor vehicles for 3D printing, the design and manufacture of motor vehicles, and the design and manufacture of replica and model vehicles; computer-aided design (CAD) software for general use and for motor vehicle use and downloadable CAD data files in the field of motor vehicles; downloadable image files in the field of motor vehicles; downloadable electronic databases containing image files in the field of motor vehicles; electronic databases containing downloadable files, data set files, data files and software relating to car sharing schemes for matching drivers with cars; electronic databases containing downloadable files, data set files, and data files and software relating to vehicle driver behaviour for improving safety risks, providing safety warnings and correcting driver error; simulators for simulating the operation of land vehicles, and parts and fittings for the aforesaid goods; virtual reality software for creating virtual models of vehicles or vehicle interiors; virtual reality software for playing computer games, motor vehicle driver training and computer hardware, and parts and fittings for the aforesaid goods; augmented reality software for use in mobile devices for integrating electronic data with real world environments for the purpose of locating vehicles and creating maps and computer hardware, and parts and fittings for the aforesaid goods; bicycle helmets

Class 12

(2) motor land vehicles, namely, automobiles, trucks, vans, sport utility vehicles, and structural parts for all of the aforesaid goods; apparatus for locomotion by land, air and water, namely, boats, cars and airplanes, and structural parts for all of the aforesaid goods; ATVs, and structural parts for the aforesaid goods; driverless motor vehicles, namely, driverless cars, and structural parts for the aforesaid goods; autonomous motor vehicles, namely, autonomous cars, and structural parts for the aforesaid goods; racing cars, and structural parts for the aforesaid goods; reconditioned classic vehicles, namely, cars, automobiles, trucks, vans, sport utility vehicles, and structural parts for the aforesaid goods; vehicles sold in kit form, namely, automotive body kits comprising external structural parts of automobiles, and parts and fittings for the aforesaid goods; commercial vehicles, namely vans and trucks, and structural parts for the aforesaid goods; electric vehicles, namely electric cars, and structural parts for the aforesaid goods; hybrid vehicles, namely, hybrid cars, and structural parts for the aforesaid goods; military vehicles, namely, armoured cars, trucks, and structural parts for the aforesaid goods; vehicles for use by emergency services, search and rescue services, namely, fire trucks, fire engines, police vehicles, cars and ambulances, and structural parts for the aforesaid goods; powertrains for land vehicles, and parts and fittings for the aforesaid goods; engines for land vehicles, and parts and fittings for the aforesaid goods; motors for land vehicles, and parts and fittings for the aforesaid goods; engines for motorcycles, and parts and fittings for the aforesaid goods; motors for motorcycles, and parts and fittings for the aforesaid goods; engines for bicycles, and parts and fittings for the aforesaid goods; motors for bicycles, and parts and fittings for the aforesaid goods; engines for racing cars, and parts and fittings for the

aforesaid goods; trailers, namely, bicycle trailers, boat trailers, camping trailers, cargo trailers, horse trailers, house trailers, travel trailers, and parts and fittings for the aforesaid goods; arm rests for vehicle seats, and parts and fittings for the aforesaid goods; luggage bags specially adapted for fitting in the boot of vehicles, and parts and fittings for the aforesaid goods; car interior organizer bags, nets and trays specially adapted for fitting in vehicles, and parts and fittings for the aforesaid goods; head-rests for vehicle seats, and parts and fittings for the aforesaid goods; vehicle head rest covers, and parts and fittings for the aforesaid goods; wing mirror protective and vanity covers, and parts and fittings for the aforesaid goods; car seat covers; covers for vehicle steering wheels; fitted covers for vehicles, namely, fitted vehicle covers for automobiles; wheels for motor vehicles, and parts and fittings for the aforesaid goods; alloy wheels for motor vehicles, and parts and fittings for the aforesaid goods; wheel trims, and parts and fittings for the aforesaid goods; wheel rims, and parts and fittings for the aforesaid goods; spare wheels, and parts and fittings for the aforesaid goods; hub caps for wheels, and parts and fittings for the aforesaid goods; hub centre caps, and parts and fittings for the aforesaid goods; wheel covers, and parts and fittings for the aforesaid goods; wheel sprockets, and parts and fittings for the aforesaid goods; spoilers for vehicles, and parts and fittings for the aforesaid goods; seats for vehicles, and parts and fittings for the aforesaid goods; safety seats for vehicles, and parts and fittings for the aforesaid goods; safety belts for vehicles, and parts and fittings for the aforesaid goods; safety seat harnesses for vehicles, and parts and fittings for the aforesaid goods; safety directional signals [audible] for vehicles, and parts and fittings for the aforesaid goods; anti-theft, security and safety devices and equipment for vehicles, namely, anti-theft devices for motor vehicles and airbags for vehicles, and parts and fittings for the aforesaid goods; radiator grilles for vehicles, and parts and fittings for the aforesaid goods; trim panels for vehicle bodies, and parts and fittings for the aforesaid goods; doors for vehicles, and parts and fittings for the aforesaid goods; vehicle windows, and parts and fittings for the aforesaid goods; vehicle windshields, and parts and fittings for the aforesaid goods; roof windows for vehicles, and parts and fittings for the aforesaid goods; skylight windows for vehicles, and parts and fittings for the aforesaid goods; vehicle bumpers, and parts and fittings for the aforesaid goods; bicycles, and parts and fittings for the aforesaid goods; tricycles, and parts and fittings for the aforesaid goods; accessories for bicycles, namely, bicycle bells, bicycle horns, portable inflators for bicycles, side mirrors for bicycles, grip tape for bicycles, water bottle cages and holders for bicycles, cell phone cases adapted for bicycles, fitted covers for bicycles, bicycle mudguards, luggage racks for bicycles, saddlebags for bicycles; hover boards, and parts and fittings for the aforesaid goods; scooters, namely, motor scooters, electric scooters, push scooters, and self-balancing scooters and parts and fittings for the aforesaid goods; quadricycles, and parts and fittings for the aforesaid goods; motorised unicycles, and parts and fittings for the aforesaid goods; go-karts, and parts and fittings for the aforesaid goods; strollers and prams, and their parts and accessories, namely, sunshield, rain cover, buggy hook for bags, snack tray, fitted stroller and pram mosquito nets, seat protectors, stroller and pram organizer, stroller and pram cup holder, stroller and pram seat adapter, stroller and pram footmuff; baby, infant and child seats for vehicles, and parts and fittings for the aforesaid goods; sun blinds, roof racks, luggage carriers and nets, cycle carriers, sail board carriers, ski carriers, and snow chains, all for vehicles, and parts and fittings for the aforesaid goods; drones, namely, camera drones, civilian drones, delivery drones, photography drones and military drones, and structural parts for the aforesaid goods; unmanned aerial vehicles, and structural parts for the aforesaid goods; personal air vehicles, namely, aircraft, and structural parts and fittings for the aforesaid goods; hovercraft, and structural parts for the aforesaid goods; underwater vehicles, namely, underwater diver propulsion vehicles and underwater remotely operated vehicles for transport, and structural parts for the aforesaid goods; jet vehicles for water sports, and structural parts for the aforesaid goods; remote control vehicles, not being toys, namely, remote controlled land vehicles, automobiles, trucks, vans, sport utility

vehicles, and structural parts for the aforesaid goods; motor vehicle centre consoles sold as structural parts of land vehicles which incorporate electronic interfaces, and parts and fittings for the aforesaid goods; antitheft devices for motor cars, and parts and fittings for the aforesaid goods

Goods

Class 07

(1) Machines, machine tools and mechanical installations for wood, metal and plastic working and processing, namely, milling machines and power operated milling tools; machines, machine tools and mechanical installations for the wood, metal, plastic and furniture industries, in particular for the wood working and processing industry, the metal working and processing industry and the plastic working and processing industries, namely, drilling machines and power operated drilling tools; Wood-working machines for form machining and edge machining; machines for processing veneers; formatting machines and contouring machines, namely, planing machines and moulding machines, namely, wood profiling machines; post forming machine, namely machines for applying a continuous laminate coating to surfaces and edges; industrial wood grinders, hand-held power-driven grinders; lacquer and laminate coating machines; wood drilling machines; dowel inserting machines; assembly machines and installations, namely, case clamp machines and hinge fitting

machines; packaging machines and installations, namely, cardboard box cutting machines and cardboard box closing machines; saws machines; lifting machine and carrying machine and machine installations for transporting goods; handling controls for controlling the operation of loading and unloading machines; driverless transportation systems, namely, automated guided vehicle system for transporting cargo; mechanical installations for transporting, rotating, turning, commissioning and sorting, namely, return conveyors; loading machines and loading systems for separating wood and lumber stacks; stacking machines and stacking systems consisting predominantly thereof; lifting and transmission machines, namely, stacking machines and machines for supplying material to a machine; trimming machines and beam processing machines, namely, saw machines, wood drilling machines, metal drilling machines, plastic drilling machines and wood routing machines, metal routing machines, plastic routing machines and corresponding trimming and beam processing work stations; machines for surface machining, edge machining and component manufacture, namely, routers, edge banding machines and tenoners; wood planing machines; clamping devices, being parts of machines, namely, clamps for use in the precision clamping of work pieces, machine parts, namely machine beds and machine frames; mounts, namely, leveling mounts for machines; beams sold as part of machines and machine installations; machine parts, namely, holders and carriers for machines and machine installations; motor engine blocks, namely automotive engine blocks; parts and fittings for the aforementioned goods; all of the aforesaid goods only in the field of processing systems for wood, metal, plastics and synthetic material as well as in the field of systems for processing composites and composite materials; all aforementioned goods with the exception of materials for use in the field of road construction, with the exception of pumps and with the exception of parts and fittings for pumps.

Class 09

(2) Software for use in configuration and design of furniture and space usage of building interiors, creating 3D graphics, creating production processes, and optimization of production processes in the field of furniture and space usage of building interiors design; CAD/CAM software for use in the design and production of furniture and space usage of building interior; electric and electronic checking apparatus and instruments, namely, electronic monitor for furniture-making machines and carpentry machines, namely wood-working machines for shaping and edge processing, edge banding machines, formatting and sizing, profiling and contouring machines, post-forming machines, grinding and sanding machines, coating machines, drilling machines; electronic control systems consisting of powerful human machine interface (HMI) industrial power control (IPC), real-time industrial PC (RT-IPC) and programmable control (PLC) for furniture-making machines and carpentry machines, namely wood-working machines for shaping and edge processing, edge banding machines, formatting and sizing, profiling and contouring machines, post-forming machines, grinding and sanding machines, coating machines, drilling machines; programmable electronic controllers for machines for furniture-making machines and carpentry machines, namely, wood-working machines for shaping and edge processing, edge banding machines, formatting and sizing, profiling and contouring machines, post-forming machines, grinding and sanding machines, coating machines, drilling machines; computer hardware and software for controlling machines for lifting and carrying goods, machines for transporting goods, machines for loading and unloading goods and mechanical installations, namely, for inputting and outputting computer numerical control (CNC) data for lifting and carrying goods, goods transporting, loading and unloading machine tools; industrial process control software for controlling industrial machines for furniture-making machines and carpentry machines, namely, wood-working machines for shaping and edge processing, edge banding machines, formatting and sizing, profiling and contouring machines, post-forming machines, grinding and sanding machines, coating machines, drilling machines; business technology software, namely, software for use in creating and tracking orders for

furniture-making machines and carpentry machines, namely, wood-working machines for shaping and edge processing, edge banding machines, formatting and sizing, profiling and contouring machines, post-forming machines, grinding and sanding machines, coating machines, drilling machines.

Services**Class 37**

Machinery installation, maintenance and repair: all of the aforesaid services only in the field of processing systems for wood, metal, plastics and synthetic material as well as in the field of systems for processing composites and composite materials all aforementioned services not in connection with processing systems for materials for use in the field of road construction and not in connection with pumps.

Class 07

(1) Metalworking machines, namely, bending machines for metalworking, boring machines for metalworking, cutting machines for metalworking, drilling machines for metalworking, grinding machines for metalworking, and their parts and fittings; machine tools for metalworking; Lumbering and woodworking machines, namely, lumbering band saws, sanding machines for woodworking, circular saws for woodworking, laser engraving machines for woodworking, and their parts and fittings; wood veneer manufacturing machines and plywood manufacturing machines, and their parts and fittings; Non-electric prime movers [not for land vehicles] namely, engines and motors for industrial machinery, engines and motors for boats, engines and motors for aircraft, and their parts

Class 09

(2) Electronic machines, apparatus and their parts, namely, tablet computers, computer terminals, industrial personal computers, and electronic programmable logic controllers for metalworking machines, lumbering and woodworking machines, laser engraving machines and wood veneer and plywood manufacturing machines, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Computer hardware, computer software and computer programs for use in point-of-production tablet terminals, industrial PCs, and programmable logic controllers at industrial sites and facilities, to provide past and present production information concerning industrial manufacturing operations to allow for site improvements to occur, namely, maintenance optimization, early-state maintenance response, reduction in inefficient operations and operation time, and reduction in in-process inventory; Computer software for monitoring industrial manufacturing operations in the metalworking, lumbering and woodworking industries, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots by transmitting operation data to the cloud and from the cloud to a user's application on a mobile device, namely a computer, smartphone, computer tablet; Computer software for satellite navigation systems for use

in vehicle navigation and tracking; Computer programs for managing position, operational status and maintenance information of metalworking machines and tools, construction machines, mining machines, civil engineering machines, namely excavators, backhoes, bulldozers, graders, and loading-unloading machines, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Computer programs for processing data of production site; Pre-recorded computer programs and pre-recorded computer software reproducing in 3D, model-making, editing, measuring, graph-excluding and data-transferring to other applications for use in metalworking, lumbering and woodworking, and wood veneer and plywood manufacturing, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Computer software for creating and drawing 2D and 3D graphics for computer-aided design/computer-aided manufacturing [CAD/CAM]; Computer hardware for testing and measuring electric current, voltage, acceleration, auto exposure (AE), strain, and displacement, and for measuring 3D figures and images by using a method of triangulation using two cameras, or one camera and projectors, or one camera and line lasers, for use in production site; Electrical power distribution boxes and panels; distribution boxes for electrical power; power controllers

Services

Class 37

(1) Operation and maintenance of building construction equipment; Providing information regarding location and operational status of building construction machines for repair and maintenance purposes; Providing information regarding maintenance of building construction machines; Repair and maintenance of loading-unloading machines; Providing information regarding the location and operational status of loading-unloading machines for repair and maintenance purposes; Providing information regarding maintenance of loading-unloading machines; Repair and maintenance of civil engineering machines, namely, excavators, backhoes, bulldozers, graders; Providing information regarding the location and operational status of civil engineering machines, namely, excavators, backhoes, bulldozers, graders, for construction purposes; Providing information regarding the location and operational status of civil engineering machines, namely, excavators, backhoes, bulldozers, graders, for repair and maintenance purposes; Providing information regarding maintenance of civil engineering machines, namely, excavators, backhoes, bulldozers, graders; Repair and maintenance of metalworking machines, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Providing information regarding the location and operational status of metalworking machines, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots for construction purposes; Providing information regarding the location and operational status of metalworking machines, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots for repair and maintenance purposes; Providing information regarding maintenance of metalworking machines, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer

machines for metalworking and woodworking, welding robots, and handling robots; Repair and maintenance of mining machines; Providing information regarding the location and operational status of mining machines for repair and maintenance purposes; Providing information regarding maintenance of mining machines

Class 42

(2) Providing downloadable and non-downloadable programs for use in providing data of production facilities, namely, machine tools and robots, and for use in providing data of production line operation; Cloud computing services for general storage of data; Rental of operating software for accessing and using a cloud computing network; Electronic data storage and data back-up services for production facilities; Design and development of operating software for accessing and using a cloud computing network; Planning, design and maintenance of computer hardware and software; Computer software design, computer programming, and maintenance of computer software; Electronic storage of data, drawings, documents, digital photographs, music, images, video and electronic data for production facilities by cloud computing; Technological advice about industrial machines used in the fields of metalworking, lumbering and woodworking, laser engraving, and wood veneer and plywood manufacturing, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Technical advice about the operation of computer programs used in the fields of metalworking, lumbering and woodworking, laser engraving, and wood veneer and plywood manufacturing, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Technical project planning in the fields of metalworking, lumbering and woodworking, laser engraving, and wood veneer and plywood manufacturing, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Testing and research services relating to machines used in the fields of metalworking, lumbering and woodworking, laser engraving, and wood veneer and plywood manufacturing, machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots; Design of industrial machines in the field of machining centers, mechanical presses, robotic arms for industrial purposes, turning centers, lathes, grinding machines, wire saws, gear milling machines, crankshaft milling machines, transfer machines for metalworking and woodworking, welding robots, and handling robots, and their parts; Design and development of computer hardware, software and databases
