## Vol. 70 No. 3577

---

### General Information

---

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

---

### Electronic *Trademarks Journal*

---

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

---

### Official Languages

---

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

---

### Filing Dates

---

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

---

## Nice Classification

---

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

### Colour Claim

Colour is claimed as a feature of the trademark. The color(s) black, red, yellow, white, green and blue is/are claimed as a feature of the mark. The mark consists of a vertically oriented rectangular carrier of black dotted lines having in the bottom portion the black stylized wording "ZORAH" where the "O" has a black horizontal bar beneath it and each of the letters includes a small yellow segment within the letter; in the upper part of the rectangular carrier appears a design of a black circle having feather-like decorations within parts of the inner edge, outlined in yellow; a beehive-like pattern appears around other parts of the inner edge, formed by yellow dots having a black center; overlaid on the beehive patterns appears a circular pattern having overlaid on its outer edge an alternating pattern of smaller red and green circles with a blue circle at its center surrounded by tiny white circles; extending below the circular design are two black feather-like designs with yellow outline which reach to a horizontal design of a staff being black with yellow segmenting lines; at the point where the two feathers intersect the staff, a black circle appears having within six smaller red circles around a single blue circle; the right end of the staff extends in a design resembling a half fleur de lys being formed of black lobes outlined in yellow; the left end

of the staff has a design of black wings outlined in yellow extending from each side and at its center a black circle outlined in yellow having at its top four blue circles outlined in yellow and at center a red circle surrounded by six white circles outlined in yellow; below the staff appears a series of Sumerian cuneiform characters in black that has no transliteration; below these characters and to the right appears in smaller stylized red font "2013" with a red flower design to the left; other white areas represent background and are not claimed as a feature of the mark.

**Disclaimer**

The right to the exclusive use of 2013 is disclaimed apart from the trademark.

(1) Providing information and a website featuring information in the field of procurement of chemicals; Providing information and a website featuring information in the field of procurement of industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents; providing an on-line searchable database featuring search tools used in the procurement of chemicals; providing an on-line searchable database featuring search tools used in the procurement of industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants,

grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents.

### **Class 36**

(2) Electronic payment processing services; facilitating payment transactions, namely, merchant payment transaction processing services; redeeming vouchers of others for payment of chemicals and industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents; credit redemption in the nature of credit card payment processing for others for payment of goods.

### **Class 39**

(3) Storage of chemicals and industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents for others; warehouse storage services; freight brokerage; arranging for pickup, delivery, storage and transportation of packages, freight and parcels.

### **Class 42**

(4) Hosting a website that features temporary use of non-downloadable software allowing website users to upload, post, share and display online photos, data and information about chemicals, and which also allows users to post questions and comments in the field of chemicals; Hosting a website that features temporary use of non-downloadable software allowing website users to upload, post, share and display online photos, data and information about industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic

additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents, and which also allows users to post questions and comments in the field of industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents; computer services, namely, providing search engines for obtaining information about chemicals on electronic and optical computer networks; computer services, namely, providing search engines for obtaining information about industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents on electronic and optical computer networks; providing information in the field of design of chemicals via a website; providing information in the field of design of industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes,

surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents via a website; providing services for chemicals, namely, design of chemicals for others; providing services for industrial products, namely, design of industrial industrial products, namely, industrial minerals, industrial monomers, oligomers, prepolymers, polymers, polyols, industrial nanopowders, unprocessed plastics, unprocessed resins, chemical additives, cosmetic additives, elastomer additives, polymer additives, chemical catalysts, chemical powders, chemical extracts and premixes, chemical binders, adhesives and sealants, adjuvants, oils and lubricants, grease thickeners, thermoplastics, batteries, chelators, industrial cleaners, pigments and colorants, coolant and deicing glycols, crop protection preparations, pest control preparations, dispersions and dispersants, masterbatches, dyes, excipients, animal feed preservatives, animal feed additives, foams, inks and pastes, metals and metal alloys, nutraceuticals and supplements, vitamins, nutritional ingredients, taste and flavor enhancers, food texture and consistency enhancers, edible extracts and oils, technical salts, paints and coatings, surface finishes, surfactants and cleansers, plastic films, elastomers, plant health preparations, soil nutrients and soil preparations, planting seeds, molding compounds, solvents for others; hosting a website that features temporary use of non-downloadable software for arranging for pickup, delivery, storage and transportation of packages, freight and parcels.

(1) Compositions for fire extinguishing and fire-proofing; fire extinguishing chemicals; chemicals for fighting forest fires; fire suppression chemicals; fire extinguishing foaming concentrates; fire extinguishing foaming surfactants; fire extinguishing fluorochemical surfactants; fireproofing preparations; fire resistant chemicals; fire extinguishing compounds; fire extinguishing preparations; fire extinguishing media, namely, carbon-dioxide (CO<sub>2</sub>) filled portables, fire extinguishing powder, and firefighting foam; fire retarding chemicals, compositions and preparations; fire protection chemical compositions in the nature of fire retardant and suppression, extinguishing chemicals; dry chemicals for fire extinguishing; dry chemicals for fire suppression; fireproof seals in the nature of chemical sealants used for buildings which penetrate through walls, floors and ceilings for fire prevention.

#### Class 09

(2) computer hardware and software for the connection of video enabled applications and store execution functions via the cloud, Internet or wireless networks of apparatus, systems and devices in order to access security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms, smoke and gas alarms, home surveillance systems, lighting controls, home automation devices, and systems for inventory and asset management, anti-shoplifting and loss prevention, device health monitoring, consumer traffic patterns, and point-of-sale transaction analysis; computer operating systems; computer servers; electronic display devices in the nature of video display screens; video cameras; video systems comprising digital video recorders, multiplexed signal processors for display and recording of multiple cameras, and recorded event retrieval systems comprising video recorders, processors and software; closed circuit television systems for security and surveillance, namely, closed captioned television (cctv) and surveillance cameras and housings, domes and related parts thereof, digital video recording hardware and software for management of the recordings; video encoders and video decoders; video surveillance computer hardware and software, namely, hardware and software for video security, closed circuit television, digital video surveillance, digital video recording, storage and management, keyboards, video encoders and video decoders, video analytics, point of sale monitoring and integrated electronic security systems; video surveillance cameras; video

surveillance systems, namely, camera hardware systems for IP video surveillance; security surveillance apparatus, namely, security and surveillance cameras; electric and electronic video surveillance installations; computer programs and software for image processing, video recorders, and video cameras; laser rangefinders, laser speed detectors, and lasers for bar code readers; thermal imaging cameras for night vision; fire-extinguishers; fire detection systems consisting of smoke detectors, heat detectors, manual fire alarm activation call points and pull stations, speaker strobes which sound an alarm, followed by a voice evacuation message; fire detectors; fire alarms; smoke alarms; intrusion detection systems and accompanying accessories, namely, configuration software, proximity and pressure alarm sensors, electric current switches, electric current contacts and electric relays, automated telephone dialing keypads, hardwire and USB cellular phone cables, central intrusion monitoring stations consisting of audio and visual annunciators, namely, sirens, horns, strobes, and lights; computer networking hardware and data communications equipment in the nature of communications network servers; burglar alarms and anti-theft warning bells; panic button alarms; telecommunications and data networking hardware, namely, computer network hubs, switches and routers, computer network-attached storage [NAS] hardware for transporting and aggregating voice, data, and video communications across multiple user network infrastructures and communications protocols; database software for gas and filter selection management to help determine the type of gas and filter cartridge and how long a gas and filter cartridge should be used; network routers; wireless routers; safety, security, protection and signalling devices, namely, flashing safety lights; measuring, detecting and monitoring instruments, indicators and controllers, namely, distance measuring laser rangefinders; telecommunications computer hardware and software for monitoring sensors within a building remotely to alert users of the status of the ambient lighting systems, of the light and motion detection systems, of the moisture detection systems, of the environmental sound detection systems, of the fire and voice alarm speaker systems, of the fire, smoke and gas detection systems, of the fire and security alarm suppression, containment and control systems, of the security access and alarms, and of the external threat detection systems via the Internet; calculators, data processing equipment namely, digital signal processors, digital voice signal processors, computerized building access keypads, computer monitors, and computers; computer hardware and parts, fittings and accessories in the nature of computer peripherals namely computer keyboards, computer mice, computer touchscreens, microphones, computer monitors, computer printers, computer speakers, internal and external hard drives, as well as internal and external media card readers; anti-theft alarms, anti-theft alarm keypads; gas detectors; magnetic and electromagnetic object detectors; transponders; car antennas, dish antennas, and satellite antennas; electronic deactivators and detaching devices, hooks and detaching hooks for use with electronic inventory control and anti-theft tags; sensors and detector units for detecting proximity, carbon monoxide levels, heat, gas, temperature increase, glass break, smoke detection, flooding, fire, flame flare ups, full grease traps, alarm/disarm of security systems, open doors, weather threats in the nature of thunderstorms, tornados, rainfall, excessive heat, wind chills, snow, and freezing rain, crime threats in the nature of vandalism, burglary, physical violence and motion; sensors and detectors for gathering safety and security data, namely, proximity, carbon monoxide levels, heat, gas, temperature increase, glass break, smoke detection, flooding, fire, flame flare ups, full grease traps, alarm/disarm of security systems, open doors, weather threats concerning hail and heavy rainfall, burglary and theft, and motion, not being for medical use; sensors and detectors for gathering data for transmission to insurance agencies in relation to the status of property, commercial premises and domestic premises, namely, flood detection, flare up, full grease traps, alarm/disarm of security systems, door openings, weather threats in the nature of thunderstorms, tornados, rainfall, excessive heat, wind chills, snow, and freezing rain, regionalized crime threats in the nature of vandalism, burglary, physical violence, regionalized intrusions, trouble signals from

security alarm and access control panels, door forcing, human presence detection, and the presence of explosive materials; sensors and detectors for gathering, processing and transmitting data using internet of things technology, namely, proximity, carbon monoxide levels, heat, gas, temperature increase, glass break, smoke detection, flooding, fire, flame flare ups, full grease traps, alarm/disarm of security systems, open doors, weather threats in the nature of thunderstorms, tornados, rainfall, excessive heat, wind chills, snow, and freezing rain, crime threats in the nature of vandalism, burglary, physical violence and motion; data streaming apparatus in the nature of digital media streaming converters, cameras, and signal processors; data streaming software to enable the streaming of security surveillance videos; motion sensors, namely, electronic motion sensitive switches; optical beam sensors, namely, detecting, counting and tracking people; infra-red sensors, namely, remote sensors for use in detecting the presence of gas for industrial purposes, for use in detecting flames; sensors for detecting, counting and tracking of on-site personnel; fire alarm initiating systems comprising fire alarms, fire, heat and smoke detectors and sensors, flame detectors, repeaters, monitoring modules; electric control panels; Ethernet repeaters; initiating devices, namely, fire alarm boxes, Smoke detectors, Heat detectors, Flame detectors, Sprinkler waterflow detectors, and switches indicating actuation of fire suppression systems; thermostats; wireless fire alarm initiating systems comprising fire and smoke detectors, monitoring modules; carbon monoxide detectors; fire hoses; fire hose nozzles; carbon monoxide alarms; safety equipment, namely, fire escape ladders; fire beaters; fire pumps; fire sprinklers; fire trucks; fire engines; fire extinguishers; fire boats; fire blankets; fireproof clothing, namely, clothing for protection against fire; fire resistant gloves; fireproof garments; fire detection apparatus, namely, computer network hubs, switches and routers, multiplex fire alarm signaling line circuit (SLC) systems, voice alarm communication systems and SOS emergency phone systems in the event of fire, comprising, graphical computer network command centers, manual fire alarm pull stations, smoke detectors and sensors, flame detectors, heat detectors and sensors, water flow switches, sprinkler supervisory switches, door holders and/or closures, modems, fiber optic line drivers, alarm communicator transmitters and receivers, remote station audio and video receivers, audible and visible notification appliances namely fire alarm bells, fire alarm horns and fire alarm light strobes, annunciator fire alarm panels, intercoms, crt monitors and printers, batteries and battery chargers and transient voltage suppressors (TVS); fire extinguishers; fire extinguishing systems namely water sprinkler systems, water misting systems, fire hose and reel systems, and fire extinguishing foam chemical systems; fire suppression systems and component parts thereof, for use in pre-engineered restaurant, vehicle and industrial systems, comprised of agent storage containers, mechanical releasing devices, electro-mechanical releasing devices and pneumatic releasing devices, mechanical detection, electric detection, comprised of thermal detection, rate of rise detection, heat detection, and linear wire detection, system discharge devices; sprinkler systems for fire protection and fire extinguishing; sprinkler heads for fire sprinklers; automatic fire extinguishers; electric alarms for fire; fire break glass units; asbestos safety screens for firemen; safety equipment, namely, fire escape ladders; fire extinguishers for automobiles; water sprinkler systems for fire protection; inflammable gas alarms; dispersion systems using chemical powder and chemical foam comprised of storage tanks for the fire fighting agents, valving and piping to deliver the agents, proportioning controllers, high expansion foam generators, monitors, nozzles and eductors; flame detection instruments, namely, flame detecting instrument comprised of an infrared flame detector and cctv camera; fire suppression nozzles; security cameras; security and fire alarms; security warning apparatus, namely, sensors for detecting body heat, motion and vibrations; personal security alarms; electronic security tags; radio frequency identification (RFID) tags; security surveillance apparatus, namely, computer hardware for video recorders, computer disc storage containers, audio and video encoders, audio and video decoders, and computer keyboards, and software for digital video recording, digital video storage,

digital video management, point of sale video monitoring, and video analytics for security systems integration; automatic access security apparatus, namely, comprised of entry door systems comprising touch pads and security doors; motion detectors; motion sensing input devices, namely, motion sensing sensors and detectors for protecting property; security alarm systems, namely, building security alarm systems comprising software and hardware for providing picture, video, alarm status, building plans, and other information to a remote station; wireless security alarm systems comprising software and hardware for providing picture, video, alarm status, building plans, and other information to a remote station; anti-theft alarms in the nature of burglar alarms not for vehicles; anti-theft alarm keypads; electronic apparatus for monitoring and tracking, namely, detaching devices and deactivators for use with inventory control and anti-theft labels; electronic apparatus for monitoring and tracking, namely, proximity sensors, security cameras and video monitors for security alarm monitoring systems; intercoms; intercom apparatus in the nature of voice evacuation systems comprising intercoms, audio speakers and microphones; nurse call systems, namely, audio/visual signaling and communication systems for use in health care environments, comprising, nurse master stations, bath stations, patient room stations, emergency code terminals, monitors, pagers, intercoms, notification devices, dome lights, and zone lamps; vehicle tracking system comprised of an antenna and radio transmitter; digital signage; mass notification systems, comprised of speakers, signboards, strobes, sirens, pagers, lights, telephones, cell phones and computers for alerting and instructing individuals during emergency and/or disaster situations; computer hardware and software systems for tracking equipment and assets using GPS data on a device on the tracked equipment and assets; transponders; electronic tracking sensors and two-way voice pendant with panic button to connect emergency personnel with people needing emergency assistance; computerized interlocking doors and card readers used for managing the flow of passengers and baggage, as well as store customers, to direct them through secure access points inside airports and store fronts; positioning tags in the nature of electronic tags for goods; encoded personnel identity badges; encoded patient bracelets; asset tracking tags in the nature of electronic tags for goods; temperature sensors with radio, low frequency and infrared communication capability; electronic wireless input modules for reading data from personnel and article monitoring devices and systems; flame detectors; flame detectors in the nature of fire and smoke detectors; combustion gas detectors; gas sensors for measuring gas concentration; gas alarms; gas testing instruments; gas detecting apparatus in the nature of gas sensors for measuring gas concentration, including wireless and mobile gas detecting apparatus; gas leak alarm systems comprising sensors and alarms; decontamination devices namely aerosol spray for neutralizing chemical and biological decontamination in industrial, commercial and residential buildings, facilities and plants; security lights for outdoor and indoor use; lamps for security lighting for outdoor and indoor use; motion sensitive security lights; lighting being for use with security systems; security lighting incorporating a heat activated sensor, a movement activated sensor; directional valves for delivering fire suppression gas as component of an inert gas fire suppression system; computer hardware and software and systems for gathering, collecting, aggregating, storing, sorting, analyzing and reporting on trends for air heating, cooling and ventilation, energy usage, and to provide time-stamped internal environment audits of industrial, commercial and residential buildings, facilities and plants; computer hardware, software for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data from building, facility and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, threat detection, access, asset management, automation and optimization devices, apparatus and systems; computer hardware, software and systems for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data from building, facility and plant devices, monitors, monitoring systems, sensors, controls, control systems, and apparatus for heating, air conditioning, ventilation, refrigeration, energy use and

allocation, maintenance, process efficiency and stabilization of lighting, sound, fire and voice alarm communication systems, luminescent display, audio and video emergency broadcast systems, battery and storage cell electrical charging, energy metering and payment tracking, fire and smoke detection, fire and burglar alarm, suppression and containment, water flow control, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, external threat security detection and personal safety detectors, gas detection, alarm and containment, asset management systems for predictive power plant maintenance to avoid unplanned shutdowns and for predictive power, air flow and heating, ventilating and air conditioning (HVAC) maintenance; computer hardware and software for wired and wireless networking of building, facility and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, asset management, automation and optimization devices, apparatus and systems; computer software for wide area network systems and graphical user interface configuration used in energy and security management systems; software for use in the creation, configuration, engineering, installation and operation of building, facility, and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, threat detection, access, asset management, automation and optimization devices, apparatus and systems; software for recording, tracking, auditing and reporting the performance and compliance of environmental controls systems; solenoid valves; terminal unit valves (electric); terminal unit valve actuators (electric); temperature monitors (valves) for central heating radiators; computer software, namely application programming interface library for the integration of third party building control systems and building automation systems with other building energy management system software or frameworks.

### **Class 11**

(3) Lighting apparatus, namely, lighting installations for use in fire protection and security lighting; emergency lighting fixtures in the nature of power failure backup safety lighting; emergency lighting apparatus, namely, lighting installations; safety lamps for underground use; cooling evaporators; separators for cleaning and purification of air; Heating equipment, namely, heating furnaces; gas burners, heat exchangers, ventilating equipment, namely, exhaust fans; ventilators; fire ventilators; energy recovery ventilators; indoor and outdoor ventilators; ventilators with heating and cooling options; air conditioning apparatus, and refrigeration equipment, namely, refrigeration units; consisting of electric fans, water chillers, air chillers, cooling coils; sprayers and heat pumps, valves used in refrigeration; non-mechanical separators for the cleaning and purification of oil or refrigerants; apparatus for heating, cooling, namely, thermosiphon cooler hybrid systems for power plants consisting primarily of a thermosiphon cooler; Registers, grilles and diffusers for air distribution systems; manual air volume dampers; air conditioning and furnace accessories, namely, baseboard and floor registers, side wall registers, ventilating registers, and diffusers; commercial registers and grilles used in heating and air conditioning systems; dampers; fire dampers; smoke dampers; combination fire and smoke dampers; draught dampers; draught dampers and regulators for preventing the spread of smoke; inlet vane dampers; blast dampers; mixing dampers; damper kits comprising damper bearings, counterweights, chain, chain coupling and chain lock; manual damper regulators and regulator sets comprising chain, pulleys, hooks and screws packaged together; strainers for plumbing drains; air handling devices and equipment; air handling and conditioning system louvres, shutters, grilles and penthouses; fibre glass fans and structure support, all for use with smoke defenders or control devices for measuring air flows; louvres (non-metallic); thermostatic valves; ball valves; radiator valves including thermostatic; valves for air conditioners; safety valves for pipes.

**Services****Class 35**

(1) Business monitoring services, namely, tracking and monitoring of commercial transactions for business purposes; sales volume tracking for others; provision of advice and information in the fields of cloud based and non-cloud based inventory management services; provision of advice and information in the fields of cloud based and non-cloud based asset tracking, namely, monitoring and tracking of inventory shipments, and inventory control at the warehouse and retail store levels; business consulting services, namely, providing analysis of retail inventory and sales data for business purposes; business advisory services in the field of business operation performance; business data analysis, research and information services, namely, providing analysis of retail data on specific business locations and compilation and systematization of statistics and index figures pertaining to retail, shopping center, gaming and entertainment industry sales and customer traffic; business data analysis, research and information services in the field of retail and shopping center sales and customer traffic; market research; business data analysis, research and information services, namely, providing information about retail, shopping center, gaming and entertainment industry sales and customer traffic via the Internet, telephone, facsimile and mail; compilation and systemization of business data into computer databases; providing business intelligence services; data collection services in the nature of collection and analysis of retail, shopping center, gaming and entertainment industry sales and customer traffic; compilation and provision of business statistical analysis information for business purposes; preparation of business reports; electronic data collection for business purposes, in the nature of collection of information, analysis and advisory services relating to pedestrian movements and store traffic analysis services, namely, generating and analyzing metric, statistics, reports and analytics of retail store traffic and traffic patterns including people counting, dwell times, and line queuing; technical project studies, namely, conducting feasibility studies in the fields of customer care, loss prevention, inventory, business and retail performance, customer traffic; procuring of contract for the purchase and sale of goods of others; Providing analysis, custom design, implementation and management of a merchandise protection program for others in the nature of merchandise tagging, tracking and analytics; Providing demographic information, namely providing information on pedestrian movement for marketing purposes; business research services in the field of pedestrian movement; business performance information based on pedestrian movement and providing an index of performance based on pedestrian movement; Business and market research services for analyzing new retail sales opportunities in the fields of retail, real estate, hotel, restaurant and bank industries; providing information about new sales opportunities in the fields of retail, real estate, hotel, restaurant and bank industries via the internet; business and market research services in the field of retail traffic statistics and index figures related to retail traffic; providing information about retail traffic via a computer network; providing a computer database in the field of customer traffic trends and patterns in public areas; providing online non-downloadable data for analyzing retail traffic; Store traffic analysis, namely, software as a service for recording, reporting and analysis of shopper traffic based upon people counting sensors and monitoring cameras; business consultancy services and management consultation in the field of facilities management, relating to quality management services for industrial, commercial and governmental facilities in the field of workplace, office space, and personnel; business consultation services, namely, conducting market studies with the goal of maximizing real estate assets and space utilization consultation services provided to businesses, namely, establishing customized guidelines for space utilization, furniture and material specifications; Business consultation services, namely, analyzing, planning and monitoring resource investment for mission critical programs used in facility management control systems for automated control of heating,

ventilation, air-conditioning, lighting and fire safety equipment; business relocation and personnel selection, namely, personnel recruitment and placement; customer support services in the field of facilities management; providing customer support and complaint resolution services in the field of facilities management, via electronic, telephonic and wireless means; energy management services, namely, energy usage management information services; cargo tracking services in the nature of providing tracking services and information concerning tracking of assets in transit, namely, vehicles, trailers, cargo and delivery containers for business inventory purposes; compilation, systemization, collection, statistical analysis and reporting for business purposes of information pertaining to industrial, commercial and residential building, facility and plant control, automation, and optimization systems.
