# Trademarks Journal

## Vol. 69 No. 3539

---

### General Information

---

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

---

### Electronic *Trademarks Journal*

---

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

---

### Official Languages

---

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

---

### Filing Dates

---

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

---

## Nice Classification

---

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Downloadable computer software for providing and managing government services, namely, government cashiering, government land use management, the issuing of government controlled permits, government required inspections, government zoning, government code enforcement, government licensing and government issued registrations in the fields of asset management, finance administration, licensing and case management, citizenship, land management, recreation and resource management, utility billing, environment and health, legislation management, and right of way management; downloadable computer software for managing work flows and activities in the workplace, namely, managing government and municipal assets and resources; downloadable computer software for creating searchable databases of information and data and the ability to upload data to a database for statistical analysis and to create reports; downloadable computer software for consolidating multiple databases of business management information and that provides real-time access to this information through a user-interface available via wireless networks, cellular networks, touch-tone telephones, and the World Wide Web; downloadable computer software that provides access to third party and government applications and services via wireless networks, cellular networks, touch-tone telephones, and the Internet; downloadable computer software that enables Internet access to government services, namely, government cashiering, government land use management, the issuing of government controlled permits, government required inspections, government zoning, government code enforcement, government licensing, and government issued registrations in the fields of asset management, finance administration, licensing and case management, citizenship, land management, recreation and resource management, utility billing, environment and health, legislation management, and right of way management

(2) Computer software for applying for and obtaining government required permits, and for tracking the status of government required permits, and scheduling government required permit inspections in the fields of asset management, finance administration, licensing and case management,

citizenship, land management, recreation and resource management, utility billing, environment and health, legislation management, and right of way management; software development kits (SDK) namely, software development tools namely software for the creation of and improved functionality of mobile internet applications and for the client accessibility to those applications; application programming interface (API) software for programming mobile applications; computer software to enable the public to communicate with government agencies and to enable sharing information on government agencies and government productivity via mobile phone and the Internet; computer software to enable government agencies the ability to communicate with the public with texts and emails via mobile phone and the Internet for reporting community health and safety issues namely, damaged public property, street conditions, graffiti, and personal safety warnings to government agencies

## **Services**

### **Class 35**

(1) Administrative review of business licenses; assisting others in scheduling building permit inspections

### **Class 38**

(2) Providing consumers with access to permit and licensing information from government agencies, and to enable the sharing of permit and licensing information between consumers and government agencies, and to facilitate the sharing of permit and licensing information between consumers on government agencies

### **Class 42**

(3) Providing on-line non-downloadable computer software in the nature of a web-based on-line portal that provides customer access to government services and information, namely, government cashing, government land use management, the issuing of government required permits, government inspections, government zoning, government code enforcement, government licensing, and government registrations; Providing on-line non-downloadable computer software for managing work flows and activities in the workplace, namely, managing government and municipal assets and resources namely the management of government required permits and licensing and of government municipal assets and government resources; Providing on-line non-downloadable computer software for creating searchable databases of information and data; Providing on-line non-downloadable computer software for processing transactional data and statistical analyses related to government permits and government licenses and for producing notifications and reports from those data; geographic information services, namely, providing geographic survey information for government permit and licensing requirements; providing temporary use of non-downloadable computer software for providing web and mobile based access to third party government applications and services for communications between government agencies and the public; providing temporary use of non-downloadable computer development software for the creation and enhancement of mobile internet applications and client interfaces; providing temporary use of non-downloadable application programming interface (API) software for programming mobile applications; providing temporary use of non-downloadable computer software to enable the sharing of information about government agencies and their productivity with the public in relation to government licensing and government permits; software as a service (SAAS) services featuring software to enable government agencies to communicate by texts and emails with the public via mobile phone and the Internet relating to government issued licenses and government issued permits; hosting a website that features software applications that

enable wireless communications between the public and government agencies and for accessing and sharing information on government services and productivity related to government licensing, permits and community health and safety concerns

**Class 45**

(4) Assisting others in applying for and obtaining building permits, in tracking status of building permits, managing, processing and tracking building permits in person and online; processing requests for administrative review of ordinance violations and building licenses in person and online; assisting others with obtaining and renewal of building licenses and zoning related services namely, assisting others with obtaining and managing access to land-use permits, building zoning licenses, building zoning geography, and providing information on building zoning ordinances in person and online; reviewing standards and practices to assure compliance with building ordinances and violations thereof; assisting others with obtaining and renewal of business licenses provided in person and online

#### Class 01

(1) industrial chemicals, namely, chemicals for welding, engine-decarbonising chemicals, metal tempering chemicals and chemical preparations for scientific purposes (other than for medical or veterinary use), namely, chemical binding agents for filters, chemical buffer solutions, chemical additives for fuel treatment; unprocessed artificial resins; phenolic resins; unprocessed plastics; unprocessed plastics, namely, filtering materials; adhesives for industrial purposes for connecting filter element parts with each other, and for connecting of end caps with pleated or cylindrical shaped filter media or filter mats as well as for longitudinal seam connecting of such filter media and filter mats

#### Class 04

(2) industrial oils and greases; lubricating oils being hydraulic oils and engine oils; all purpose lubricants, lubricants for machines, cooling lubricants for industrial machinery, industrial cooling lubricants; ethanol fuels, motor fuels, fuel gas, fuel oil, engine fuels and lighting fuels

#### Class 06

(3) Metal screws; fittings of metal for fastening storage units and filters, valves and control blocks, as well as for fastening gas, liquid and electric conduits; regulating and safety device armatures for gas and liquid storage tanks and for gas or liquid conduits of metal; mechanical fastening elements of metal, namely, machine belt fasteners, collars for fastening pipes; metal clips for connecting hydraulic and pneumatic system parts; metallic connector supports for pipes; screw couplings of metal; metal adapters and sealing caps for pneumatic and hydraulic units; metal storage tanks, namely, hydraulic tanks; metal housings and parts therefor, namely, storage housings, filter housings and valve blocks for gas and liquid circuits.

#### Class 07

(4) Fluid technology, gas technology and lubricating technology installation components, namely, pressurized or non-pressurized air filters, filters for hydraulic liquids, namely, filters for hydraulic oils, fuels, water, gases and pasty media, for use in the automobile industry, mobile hydraulics, the semiconductor industry, the food industry, aerospace industry, medicine industry, pharmacy industry, oil and gas transport technology industry, environmental engineering, laboratory and testing technology, household and sanitary systems, in mining and in the field of steelworks, for use in power plants, wind power installations, machine tools, transfer presses, and plastic injection moulding machines; hydro-pneumatic storage units as machine parts; piston accumulators (parts of machines), bladder accumulators (parts of machines), diaphragm accumulators (parts of machines), bellows accumulators (parts of machines), spring accumulators (parts of machines); hydraulic accumulator stations consisting of piston accumulators, bladder accumulators, diaphragm accumulators, bellows accumulators or spring accumulators, being parts of machines; parts of machines, namely, hydraulic, hydro-pneumatic and reflective sound, vibration and pressure dampers; parts of machines, namely, resonators for industrial machinery; parts of machines, namely, silencers for fluid noise damping; filter devices and filters as machine components for filtration and separation technologies, usable for all technical, chemical, biological, and process engineering applications, namely, depth filters, highpressure, medium-pressure and low-pressure filters, liquid filters, line filters and process line filters, gas filters, gas filters for seal gas systems, cyclone filters and separating filters, filling filters and ventilation filters, full flow filters and bypass filters, multistage, multistage filters, return flow filters, suction filters and return flow suction filters, tank-integrated filters, ventilators and dryers, drum filters and strip winding filters, perforated plate filters and screen filters, offline filters and inline filters and spin-on filters, plastic melt filters, membrane filters, filter units together with drains for gases and liquids; coalescers, parts of machines and engines, namely, high-pressure filters, medium-pressure filters, low-pressure filters, liquid filters, line filters and process line filters, gas filters, gas filters for seal gas systems, cyclone filters and separating filters, filling filters and ventilation filters, full flow filters and bypass filters, multistage filters, return flow filters, suction filters and return flow suction filters, tank-integrated filters, ventilators and dryers, drum filters and strip winding filters, perforated plate filters and screen filters, offline filters and inline filters and spin-on filters, plastic melt filters, membrane filters, filter units together with drains; filter component parts, namely, perforated sheet filter elements and screen filter elements for gases and liquids, gap-type tube filter elements, rheological filter elements, flow filter elements, filter candles, filter cartridges, filter housings, filter discs and disc filter elements, filter mats, filter pots, filter cloths formed of fabric, filter cloths formed of glass, carbon and synthetic, plastic, organic paper, metal stainless steel, textile cotton and coated fibers, filter bags, filter belts, filter packs for liquid and gas media, all being machine parts; woven fabrics for filters as machine parts; cooling and heating units, namely, heat exchangers as parts of machines for stationary and mobile applications for exchanging heat between liquid and gaseous media; machine parts, namely, shut-off equipment, shut-off valves, stop valves, switch-over devices and valves, in particular for hydraulic and pneumatic propellants and media; machine parts, namely, inflow pressure and circulating pressure balances, flow control valves, priority valves, shuttle valves, seat valves and slide valves, throttle valves, directional control valves, check valves, pressure valves, pressure control valves and pressure limiting valves, optionally with indicators and monitors and vent valves; control apparatus being parts of machines, in particular for hydraulic and pneumatic installations, namely, flow-dividers and control blocks, valve control blocks; hydraulic and pneumatic operating cylinders, being parts of machines; hydraulically and pneumatically working or acting motors and engines, gears, couplings, pumps and compressors, in each case being parts of machines; hydraulic drive units, pneumatic drive units, hydraulic and pneumatic drive units, consisting of at least one hydraulic pump, at least one drive motor and at least one container of metal or plastic for liquids, for machines, in particular for process

engineering, for general machine construction, in particular for construction machines, for machine tools, for machines for manufacturing plastics, for electric drives for machine tools, for presses, for transport machines, for shipping and aeronautics, for chemical and reactor technology, for mining and iron and steel works, and for rolling mills; hydraulic motors for excavators and marine engines; machine parts, namely, electrical controlling devices, in particular electric, electromechanical and electro-hydraulic controls; lubricating apparatus and equipment and lubricating installations, namely, lubricating machines; parts of hydraulic and pneumatic machines, namely, clamping machines and clamping tools; motor operated hydraulic pressure and feed pumps, being parts of machines, adjustable and non-adjustable; hydraulic drive units for elevator controllers, transport controllers and lift controllers, in particular consisting of a hydraulic pump, a drive motor and a liquid container of metal or plastic; machines for washing and cleaning industrial machinery.

(5) Hydraulic motors for excavators and marine engines; machines for washing and cleaning industrial machinery.

### **Class 09**

(6) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely, diagnostics in the nature of diagnostic apparatus, namely, pressure transducers that convert hydraulic or pneumatic pressure into analog electrical signals for monitoring and controlling hydraulic or pneumatic systems, pressure switches for monitoring, controlling, and switching hydraulic or pneumatic systems, electrical temperature transducers, temperature switches, electronic LCD display units with multi-networking (TCP/IP) capabilities, fluid condition sensors in the nature of liquid level sensors and electric sensors and portable electronic data recorders; electric control and checking (supervision) installations and components, namely, electric sensors, electrical controllers, electrical controllers, and electronic regulators and controllers for the operation of hydraulic and pneumatic installations and machines, transformers, degassing units and tank membranes, in particular for use in the automobile industry, for mobile hydraulics, the semiconductor industry, the food industry, aeronautics, medicine, pharmacy, oil and gas transport technology, environmental engineering, laboratory and testing technology, household and sanitary systems, as well as in mining and in the field of steelworks, and for power plants, wind turbines, metal cutting machine tools, transfer presses and plastic injection moulding machines; computer display screens, liquid crystal displays, LED monitors, video monitors, manometer selector switches and controls for level, pressure, temperature and amount of gaseous and liquid media; pressure sensors, flow sensors, temperature sensors, level sensors, sensors for detecting state variables of liquids and gases, fluid flow sensors, viscosity sensors, gas sensors, conductivity sensors, sensors for determining relative permittivity, moisture sensors, optical sensors, magnetic sensors, capacitive sensors, chemical sensors, thermoelectric sensors, distance sensors, incline sensor, fluid quality measurement apparatus, namely, particle counters; electric actuators, namely, piezoelectric actuators, electrostatic actuators and magnetic actuators; active and passive electric and electronic components, namely, capacitors, connectors, filters, oscillators, relays, switches, transformers, resistors, semiconductors, integrated circuits, rectifiers, transistors, electronic parts and memory devices, namely, memory boards, random access memory cards, blank flash memory cards, MMC memory cards, memory sticks, manufactured by thick-film, thin-film, and solid-state technology; electronic, electro-technical and mechanical apparatus, equipment and instruments for computers and systems constructed from the aforesaid goods, namely, the computer peripheral apparatus for the acquisition, display, output and transmission of data and for manufacturing and process technology, namely, joysticks, consoles, memory card readers, keyboards, computer mice, touchpads, graphic tablets, computer printers, computer scanners; control apparatus and vehicle stabilization systems, namely, electromechanical systems consisting of electronic controls

for motor vehicle roll stabilization; controls for drives, in particular for variable speed motors, namely, electronic speed controllers.

(7) electrical motors, namely, electronic regulating and control devices for the operation of elevator controls; resonators for industrial machinery; electric switches, pressure switches, level switches, temperature switches, flow switches, position switches, for use in electronic measurement technology; monitoring and diagnostic apparatus for use in electronic measurement technology, namely, pressure transmitter, differential pressure transmitter, temperature transmitter, flow transmitter, condition monitoring units, condition monitoring sensors, condition monitoring Interface modules, digital display units for displaying and storing measured data of the fluid technology; apparatus, instruments and components for conducting, switching, converting, storing, regulating or controlling electricity, namely, accumulators for energy storage and electric and electrical storage batteries; measuring transducers; electric actuators; microwave antennas; magnets, magnets in combination with valve switching components, except ignition magnets for motors and engines; optical equipment and apparatus, namely, cameras, microscopes, optical recording apparatus, namely, optical data recording media, namely, portable pressure, temperature, flow rate, and condition monitoring measurement instruments for use in hydraulics and pneumatics, portable pressure, temperature, and flow rate recorders for use in hydraulics and pneumatics, thin film transistor displays, in particular for analysis and metrology; optical particle counters; components for electronic devices, namely, electrotechnical and electronic components and assemblies made thereof, namely, printed circuits, semiconductor memory elements, integrated circuits, memory boards, memory cards and semiconductor memory units, resistors, microprocessors; circuit boards with electric and electronic assemblies and components of computers, as well as electric and electronic installations for the monitoring, testing and control and regulation of industrial operations; research, science and industrial computers for technical and natural science applications; blank magnetic discs and blank tapes as well as data processing programs, namely, software, for these computers, namely, computer software for image processing, computer software for processing digital music files, computer software for word processing, that are stored on discs; computer software for the operation of hydraulic and pneumatic installations

### **Class 11**

(8) filter devices and filters for heating, steam-generating, refrigerating, drying, ventilating, water supply, water treatment, air-conditioning, and sanitary installations and apparatus, namely, coalescers, highpressure filters, medium-pressure filters, low-pressure filters, liquid filters, line filters, process line filters, gas filters, gas filters for seal gas systems, cyclone filters and separating filters for removing particulates from air, gas, and liquid streams, filling filters and ventilation filters, full flow filters and bypass filters, multistage filters, return flow filters, suction filters and return flow suction filters, tank-integrated filters, ventilators and dryers, drum filters and strip winding filters, perforated plate filters and screen filters, offline filters and inline filters and spin-on filters, plastic melt filters, membrane filters, filter units together with drains, and replacement parts for the aforesaid goods; air, oil, gas and water filter component parts, not being parts of machines, engines, motors or land vehicles, namely, perforated sheet filter and screen filter elements, gaptube filter elements, rheological filter elements, flow filter elements, filter candles, filter cartridges, filter housings, filter sheets and disc filter elements, filter mats, filter pots, filter cloths, filter bags, filter belts, filter packs and depth filter elements, woven fabrics for filters; gas-technical installations and components, namely, gas injectors for discharging solids and liquids for purification and sterilization purposes for use in the automobile industry, in mobile hydraulics, the semiconductor industry, the food industry, aeronautics, medicine, pharmacy, oil and gas transport technology, environmental engineering, laboratory and testing technology, household and sanitary

systems, and in mining and in the field of steelworks, power plants, windpower installations, machine tools, transfer presses and plastic injection moulding machines; heat exchangers, not being parts of machines, for stationary and mobile applications for exchanging heat between liquid and gaseous media; cooling units for industrial purposes, namely, electric fans with evaporative cooling devices, fans for air conditioning units, portable electric fans, ventilating fans, and heating installations for air and liquid, gaseous and/or pasty media therein, namely, electric radiators, heating radiators, radiators for industrial air-conditioning purposes

### **Class 12**

(9) hydraulic and pneumatic controls for vehicles, namely, flow-dividers and control blocks, namely, valve control blocks, shut-off equipment, shut-off apparatus, stop valves, switch-over devices and valves for hydraulic and pneumatic propellants and media, in particular inflow pressure and circulating pressure balances, flow control valves, priority valves, shuttle valves, seat valves and slide valves, throttle valves, diaphragms, directional control valves, non return valves, pressure valves, pressure control valves and pressure limiting valves, optionally with indicators and monitors, vent valves

(10) vehicles for land, air or on water, namely, automobiles, trucks, vans, sport utility vehicles, airplanes and boats; motors as well as gears and converter gears, engines and gearboxes for land vehicles; couplings and transmission components for motor vehicles; air cushion vehicles

### **Class 16**

(11) filter materials of paper for liquid, gaseous and paste media

### **Class 17**

(12) plastic filtering materials for liquid, gaseous and pasty media, namely, plastic sheets, plastic films, plastic membranes.

### **Class 24**

(13) textile filter fabrics, namely, nylon fabric, cotton fabric, glass fiber fabric, metal fiber fabric and polyester fabric, each for use in the manufacture of filters for liquid and gaseous media

### **Services**

#### **Class 35**

(1) advertising the goods and services of others in the field of fluid technology, in particular hydraulic and pneumatic technology, including electrical engineering and electronics

#### **Class 37**

(2) Installation, maintenance, repair and replacement of hydraulic, electric and electronic installations, devices and their components of hydraulics and pneumatics; rebuilding engines repair and maintenance of hydraulic and pneumatic door closers; maintenance of mobile and stationary filter systems, cross-flow filtration systems and solvent recovery systems in the area of fluid technology and in the hydraulics, electronics, and engineering sectors; maintenance of hydraulic and cooling lubricant liquids and gases, in the area of fluid technology and in the hydraulics, electronics, and engineering sectors.

(3) Cleaning of tribological systems of others, namely, filters and filter components in compliance with environmental regulations, namely, emission standards and other environmental criteria of hydraulics, pneumatics and electrical engineering.

#### **Class 40**

(4) treatment of materials by applying and structuring electrically conductive, semi-conductive and electrically insulating layers for the production of electric and electronic components; treatment of

wafer by applying and structuring optical layers; treatment of materials by applying and structuring layers for heat conduction and heat insulation; treatment of oil by cooling, degassing, settling, charge separation and charge removal

#### **Class 41**

(5) education services, namely, conducting courses and publishing and issuing of scientific papers in the fields of hydraulics, pneumatics and electrical engineering

#### **Class 42**

(6) scientific and technological services and research and design relating thereto in the fields of hydraulics, pneumatics and electrical engineering; industrial analysis and research services in the fields of hydraulics, pneumatics and electrical engineering; conducting fluid and gas technology and chemical analysis in the fields of hydraulics, pneumatics and electrical engineering; consultancy in the field of oil state monitoring; consultancy in the field of oil treatment, namely, consultancy in the field of preventing the aging of oil, foreign particles in oil, like water, rust and other pollutants, bearing wear, corrosion and damage; scientific and technological services, namely, testing, measuring, checking, (supervision) and documenting services in the field of fluid technology, sensor technology, environmental technology and process engineering; quality control services for others in the field of microsystems engineering, quality control services for others in the field of electrical engineering, quality control services for others in the field of oil treatment; creation of dataprocessing programs; implementation of optimisation work, including simulations in the area of fluid technology and in the hydraulics, electronics, and engineering sectors, namely, computer simulation based on computer programs for others

(7) computer software and hardware design and development; research in the field of chemistry; research in the field of mechanical engineering; research in the field of electrical engineering; physics research; technical research in the fields of hydraulics, pneumatics and electrical engineering; mechanical research in the fields of hydraulics, pneumatics and electrical engineering; research in the field of microsystems engineering; chemical research in the fields of hydraulics, pneumatics and electrical engineering; technical surveying; materials testing; mechanical engineering services, namely, technical project planning, electrical engineering services, namely, technical project planning; computer programming; research and development for others in the fields of hydraulics, pneumatics and electrical engineering; development of processes for the manufacture of new products using thin-film technology in the fields of hydraulics, pneumatics and electrical engineering; development of product structures and layouts in the fields of hydraulics, pneumatics and electrical engineering; development of pressure sensors, thermal sensors, and measuring processes and measuring principles for use in the field of oil treatment, electrical engineering; material testing

(1) chemicals, namely, chloroethene, ethene, propene, butenes, butadiene, ethylene, propylene, benzene, toluene, xylenes, methane, ethane, propane, butanes, methanol, formaldehyde, helium, lithium, beryllium, boron, carbon, nitrogen, oxygen, fluorine, neon, sodium, magnesium, acrylates, acrylic acid, butadiene, propylene, sulphur, carbon dioxide, argon, hydrogen, helium, noble gases, silicon, glycol, glycerin, oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas and mixtures of chemicals, namely, chloroethene, ethene, propene, butenes, butadiene, ethylene, propylene, benzene, toluene, xylenes, methane, ethane, propane, butanes, methanol, formaldehyde, helium, lithium, beryllium, boron, carbon, nitrogen, oxygen, fluorine, neon, sodium, magnesium, acrylates, acrylic acid, butadiene, propylene, sulphur, carbon dioxide, argon, hydrogen, helium, noble gases, silicon, glycol, glycerin, oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas, in liquid or gaseous form, for use in industry, in particular for the cosmetic industry, cosmetology industry, electronics industry, optoelectronics industry, optic fibre industry, in the human, dietetic and animal food industries, the pharmaceutical and veterinary industry, the paper industry, cardboard, packaging and textile industry, metallurgy, glass, cement, construction, welding, cutting, chemical, petrochemical, agriculture, horticulture, forestry, petroleum industry, drilling mud, science and scientific research, photography, for environmental protection; chemicals, namely, chloroethene, ethene, propene, butenes, butadiene, ethylene, propylene, benzene, toluene, xylenes, methane, ethane, propane, butanes, methanol, formaldehyde, helium, lithium, beryllium, boron, carbon, nitrogen, oxygen, fluorine, neon, sodium, magnesium, acrylates, acrylic acid, butadiene, propylene, sulphur, carbon dioxide, argon, hydrogen, helium, noble gases, silicon, glycol, glycerin, oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas and mixtures of chemicals, namely,

chloroethene, ethene, propene, butenes, butadiene, ethylene, propylene, benzene, toluene, xylenes, methane, ethane, propane, butanes, methanol, formaldehyde, helium, lithium, beryllium, boron, carbon, nitrogen, oxygen, fluorine, neon, sodium, magnesium, acrylates, acrylic acid, butadiene, propylene, sulphur, carbon dioxide, argon, hydrogen, helium, noble gases, silicon, glycol, glycerin, oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas, in liquid or gaseous form, intended for drilling mud, for use in science, in research, in photography, as well as in agriculture, horticulture, forestry, the protection of the environment, the treatment of waters and materials; oxygen, carbon dioxide, nitrogen, argon, hydrogen, helium, krypton, xenon, neon, radon, all these gases being in the form of simple gases or gaseous mixtures; oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, and xenon gas and mixtures of oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, xenon gas and radon gas in gaseous and liquid form, transported and stored in bulk; oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, and xenon gas and mixtures of oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, xenon gas and radon gas in gaseous and liquid form, stored, transported and distributed by means of cylinders and industrial gas dispensers; propellant gases for aerosols; protective gases for welding; solidified gases for industrial purposes; oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas and mixtures of oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas of high purity used in industry, research, science and photography, as well as in agriculture, horticulture and forestry; chemicals, namely, chloroethene, ethene, propene, butenes, butadiene, ethylene, propylene, benzene, toluene, xylenes, methane, ethane, propane, butanes, methanol, formaldehyde, helium, lithium, beryllium, boron, carbon, nitrogen, oxygen, fluorine, neon, sodium, magnesium, acrylates, acrylic acid, butadiene, propylene, sulphur, carbon dioxide, argon, hydrogen, helium, noble gases, silicon, glycol, glycerin, oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas and mixtures of chemicals, namely, chloroethene, ethene, propene, butenes, butadiene, ethylene, propylene, benzene, toluene, xylenes, methane, ethane, propane, butanes, methanol, formaldehyde, helium, lithium, beryllium, boron, carbon, nitrogen, oxygen, fluorine, neon, sodium, magnesium, acrylates, acrylic acid, butadiene, propylene, sulphur, carbon dioxide, argon, hydrogen, helium, noble gases, silicon, glycol, glycerin, oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas, in liquid or gaseous form, and mixtures of oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas; catalysts for the manufacture of urethane foams and the cracking and refining of hydrocarbons; tempering and soldering preparations, namely, metal tempering preparations, tempering chemicals, soldering flux, soldering chemicals; chemical catalysts for use in synthesis gas production and in the operation of synthesis gas plants; chemical catalysts for use in synthesis gas and olefin purification; chemical catalysts for use in the purification of liquids, gases, natural gas, industrial oils and petrochemicals; synthesis gas catalysts for use in ammonia manufacture and plant operation; catalytic absorbents and regenerable absorbents for use in the purification of liquids, gases, natural gas, industrial oils and petrochemicals; gas purifying preparations; chemical reagents other than for medical or veterinary purposes, namely reagents used to analyse humidity levels; chemical preparations for neutralizing toxic gas; gas leak detector spray; chemicals derived from petroleum, natural gas, plant and animal fats; chemical preparations for use in the manufacture of pharmaceuticals;

**Class 05**

(2) pharmaceutical, veterinary and sanitary preparations, namely, gas and gas mixtures for medical, therapeutic, veterinary and hygiene purposes, namely, oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, and xenon gas and mixtures of oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, and xenon gas; medical gases; anaesthetics and analgesics; chemical sterilising agents for laboratory equipment and medical equipment; all-purpose disinfectants, disinfectant soap, disinfectants for medical instruments; air deodorizers for use in vehicles, homes, professional offices and premises, laboratories, factories; fungicides, herbicides; pipes for smoking sold separately for medical and curative purposes, namely, for the treatment of smoking cessation, pipes for smoking blended with tobacco for medical and curative purposes, namely, for the treatment of smoking cessation; tobacco substitutes for medical and curative purposes, namely, as smoking cessation preparations

**Class 06**

(3) reservoirs, containers and receptacles of metal for the manufacture, storage and transport of chemicals and gases under pressure or in liquid form; cylinders for liquefied gas and gas under pressure; pallets for gas cylinders, namely pallets of metal for gas cylinders, transport pallets of metal for gas cylinders and loading pallets (trays) of metal for gas cylinders; metal cylinder for compressed gas equipped with a regulator cap; metal tanks for cryogenic fluids, in particular for rockets and spacecrafts; valves of metal regulating and stopping the flow of gas in gas and cryogenic installations; filler metals for welding, wires and rods of metal for welding, plating, brazing and soldering; ironmongery, namely nuts, screws, nails, bolts; hoses of metal for the distribution of chemicals and gas and metallic containers for chemicals and gas

**Class 07**

(4) safety valves; valves for industrial machinery; cutting and electric arc welding machines, electric soldering stations, welding electrodes, gas-operated blow pipes, for electric arc welding and cutting; electric arc welding and cutting torches; plasma welding torches; stations for arc welding under flux with blow pipes and burners; chemistry apparatus for liquefaction and gasification, in particular for coal or biomass, namely, gasifiers; chemical apparatus for the production of pharmaceutical preparations, namely, pharmaceutical extruders, homogenizers, agitators, centrifuges; automatic vending machines for helium balloons; installations, apparatus and equipment for distributing fluids, namely chemical injectors for chemical machinery, gas injectors for chemical machinery; air filters for automobile engines; air filters for engines; air filters for motors; hydrogen charging stations for hydrogen fuel cells vehicles;

**Class 09**

(5) cameras, video cameras, apparatus for image transmission and recording, namely, image scanners, cameras, video cameras, apparatus for audio transmission and recording, namely, digital music recorders, digital video recorders, digital telephone recorders, radar transmitters, radio frequency transmitters, satellite transmitters, telephone transmitters, video transmitters, air-plane cockpit recorders, digital versatile disc recorders, event recorders for security purposes, tape recorders, telephone recorders, video screens, laboratory instruments, namely, pipettes, scales and balances, stirrers, swabs, test tubes, thermometers, optical range finders for cameras, optical transmitters, radio transmitters, GPS transmitters, video transmitters, telephone transmitters, weighing instruments, namely, scales with body mass analyzers, glass graduated scales, pocket scales, metrological instruments, namely, anemometers, barometers, actinometers; emergency instruments not for medical use, namely lifesaving device, namely, life belts, left jackets, life rafts, life vests, life preservers, laboratory thermometers, infra-red thermometers;

emergency signal transmitters; apparatus, machines and scientific instruments of measurement and control for the supply, mixing and distribution of chemicals namely fluid meters, fluid sensors, fluid control switch, automatic controller, temperature controller, pressure controller, programmable logic controller, meters for dispensing chemicals in measured quantities; microbiological analysis device for industrial and medical gases, namely, chromatography apparatus for laboratory use; machines, apparatus and devices of a mechanical nature for measuring gases and gaseous mixtures, namely, gauges, rotometers, liquid and gas level sensors, regulators, flow meters, liquid level controllers for filling, storage and distribution of gases in the form of gases compressed and liquefied, as well as their parts and components; regulators, flowmeters, liquid level controllers for filling, storage and distribution of gases in compressed and liquefied form; dispensers for liquefied gas; air pressure indicators, oil pressure indicators, fuel pressure indicators, gas pressure indicators; apparatus and instruments for the detection of gases namely, alarms for the detection of flammable gases and inert gases, radon detectors, and their parts and components; ion-beam deposition device for optical thin-film coating, thin-film coating device for optical and electronic parts; vacuum gauges; spectrometers; manometers; gas chromatographs; mass spectrometers; air pressure regulators, oil pressure regulators, fuel pressure regulators, gas pressure regulators; closed-cycle cryostats, continuous-flow cryostats, multistage cryostats, bath cryostats; ozone production installations, namely, ozone generators; devices for measuring and monitoring welding and metal cutting techniques; thyristor welding current controllers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, circuits, generators, wires, microcircuits, circuit boards; electric current transformers, electric storage batteries, electric batteries for vehicles; fuel cells and component parts thereof, namely anodes, cathodes, membranes for electrochemical separation and collector plates for electric current; air quality and air property analysers; respirators for filtering air; air temperature sensors; equipment and clothing for safety and protection, in particular welding masks, protective goggles, namely, dust protective goggles, protective goggles for sports, protective goggles for welding and safety goggles, clothing for protection against accidents, irradiation and fire, gloves for protection against accidents; aqualungs, breathing apparatus for scuba diving, gas regulators for scuba diving, underwater telephones, location finding apparatus, namely, global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, diving and swimming goggles; wet suits, costumes, gloves or masks for diving; computer software for use in the simulation of physical and chemical reactions and processes of air gases for use in the fields of environmental engineering and industrial processes handling; pre-recorded magnetic data carriers, namely, floppy disks, hard disk drives, plastic cards with magnetic strip, USB flash drives featuring pressure readings data for automated reading, and related computer software for reading and playing the same; data processing equipment, namely, card punching and sorting machines, printers, circuit boards and computers; data processing equipment, namely, card punching and sorting machines, printers, circuit boards and computers; programming stations consisting of computers, computer terminals, data processing equipment, namely, computer printers, computer scanners, and internet routers; electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data, namely, computers and facilities management software for controlling access to buildings and security control systems, as well as to control and regulate the level of gas in tanks, software for the management and control of production schedules, delivery schedules, purchase of equipment, inventory and accounts; pressure transducers, flow transducers, temperature transducers, electrical transducers; electronic identification cards and electronic identification labels for use in association with optical, magnetic, mechanical, and radio frequency identification systems and electronic identification card readers and electronic identification label readers; flowmeters; manometers; pressure relief valves, magnetic valves; fittings and pipes for gas mixers

for laboratory use; electrical industrial controls for monitoring waste water treatment;

### **Class 10**

(6) surgical, medical, dental and veterinary apparatus and instruments, namely, medical apparatus and instruments for monitoring blood properties and respiratory events, medical apparatus for the administration of gases, sleep apnoea, respiratory assistance, ventilators, cryotherapy and oxygen-therapy apparatus; ventilators, for medical purposes

### **Class 11**

(7) infrastructures, apparatus and materials for igniting, lighting, heating, burning, cooking, drying, suctioning, steam generating, ventilating, cooling and refrigerating purposes, namely, oxyhydrogen burners, industrial burners; blow torches and burners, in particular burners for industrial ovens; installations and apparatus for the cooling, treatment, purification and disposal of solid, liquid or gaseous matter, namely, cooling evaporators, heat treating furnaces, air purifying units, gas purification machines, waste disposal incinerators, installations for the production and distribution of gases and chemicals intended for equipment cleaning, layer deposition, layer functionalization and layer etching processes for the manufacture of photovoltaic cells, light-emitting diodes, flat screens and batteries; generators of oxygen gas, nitrogen gas, gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas and mixtures of oxygen gas, nitrogen gas, hydrogen gas, carbon dioxide gas, acetylene gas, argon gas, helium gas, krypton gas, neon gas, radon and xenon gas, in liquid and gaseous form; apparatus for the transport, storage, cooling, treatment, purification and disposal of solid, liquid or gaseous matter, namely, cooling evaporators, heat treating furnaces, air purifying units, gas purification machines, waste disposal incinerators, cryogenic equipment able to have gases and chemicals to cryogenic temperatures; separators for the cleaning and purification of air; air separators for the production of air gases; apparatus for compressed or liquefied gas expansion, namely, insulated evacuated chambers; liquefiers taking gases to liquid states by low temperature; level controlling valves in tanks; parts of gas installations, namely, cap and pressure regulators fitted to gas containers; compression regulating valves, fittings and pipes for gas purification machines, fittings and pipes for gas stoves, fittings and pipes for gas ranges, fittings and pipes for gas generating furnaces for industrial purposes, infrastructures and apparatus for the generation and production of vacuum pressure, namely, vacuum forming machines; electric apparatus, namely waterproof lamps, bulbs, lamp fittings, lamp mantles, lamp glasses, lamp chimneys, lamp globes, lamp reflectors, lamp shades, lampshade holders, filaments for electric lamps; cryopreservation machines for the transport, handling and storage of liquid gases, cryogenic degalvanisation machines; refrigerant apparatus and process using gases, namely gas heat-pumps, cryo-tunnel to freeze food; refrigerators for refrigerated trucks for the transport of sensitive products; equipment and installations for processing wastewater and sludge, namely, felt filtration media for waste water treatment, sterilizers for waste treatment, water treatment chlorinator units, apparatus for the injection of oxygen in water; synthetic membranes for the separation of chemicals and gases; air humidifiers, air sterilizers; air filters for air conditioning units; air filters for medical ventilators; air filters for air treatment apparatuses in industrial processes; air supply, filtering and handling units;

### **Services**

analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials for scientific purposes; training manuals in the form of a computer program; computer programmes for image processing; computer programmes in the field of local area networks for non-destructive testing, analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; storage apparatus for computer programs, namely, USB flash drives, DVDs, CD-ROMs and hard drives containing computer programs in the field of non-destructive testing, analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, measurement and defect inspection of components and materials, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; computer programs for non-destructive testing, analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and

non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; computer software for non-destructive testing, analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes, recorded on USB flash drives, DVDs, CD-ROMs and hard drives

## **Services**

### **Class 41**

(1) Provision of instruction in the field of computer programming; training in the development of software systems; training in the design of software systems; training in the operation of software systems; computer training; training in the field of operating computerised systems in the industrial sector; providing computer assisted software training courses; computer education training services; training services in the field of the use of computer aided engineering systems; training services in the field of computer-aided engineering design; training services in the field of computer-aided manufacturing; software training services in the field of computer-aided testing; computer education training; provision of instruction in the field of computer programming; training in the design of computer programs; training in the operation of computer programs; training in the field of data processing techniques; consultancy services in the field of the analysis of training requirements; electronic data processing training; provision of software training courses; conducting software training workshops arranging of software training workshops; coaching in the field of using software.

### **Class 42**

(2) Technological analysis services in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, Computer aided product development, 3D printing inspection all for use in the measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials

in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials for scientific purposes, all of the aforesaid in the field of industrial computed tomography data, optical scan data, 3D printing meltpool data; computer aided industrial analysis services in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, 3D printing inspection all for use in the measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials for scientific purposes, all of the aforesaid in the field of industrial computed tomography data, optical scan data, 3D printing meltpool data; materials testing and analysing; calibration services in the field of analytical apparatus in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, 3D printing inspection; calibration services in the field of optical scanners, computer tomography equipment, and computer tomography scanners; analysis of geological samples; industrial analysis and research services in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, 3D printing inspection all for use in the measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components

and materials for scientific purposes, all of the aforesaid in the field of industrial computed tomography data, optical scan data, 3D printing meltpool data; computer based analytical services in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, 3D printing inspection all for use in the measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes, all of the aforesaid in the field of industrial computed tomography data, optical scan data, 3D printing meltpool data; development of computer programs for combustion process analysis inside an engine; analysis of human tissues for medical research; technological engineering analysis in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, 3D printing inspection all for use in the measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes, all of the aforesaid in the field of industrial computed tomography data, optical scan data, 3D printing meltpool data; analytical services using computer programmes for use in analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and

materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; metallurgical analysis; computer aided analytical services in the field of analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; engineering services for the analysis of machinery; analysis of the structural behaviour of building materials; computer software design; software development; updating of computer software; consultancy in the field of software design; consultancy in the field of computer software and computer hardware, namely, computer tomography scanners, optical scanners, computer tomography scanning equipment, and computers; development of interactive multimedia software; technical project studies in the field of computer hardware and software in the field of analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, measurement and defect inspection of components and materials, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; software engineering; software customisation services; project studies in the field of software in the

field of analyses and visualization of industrial computed tomography data, analyses and visualization of optical scan data, analyses and visualization of 3D printing meltpool data, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, measurement and defect inspection of plastic and metal castings, measurement and defect inspection of injection molded components, inspection of closed cell foams, 3D printing inspection, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and nondestructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; computer software design; design of computer programs and software in the field of aircraft; software creation; creation, maintenance and adaptation of software; rental of computer hardware and computer software; computer programming and software design; design, development and implementation of software; consultancy services in the field of computer networks using mixed software environments; custom design of software packages; maintenance and repair of software; software development services; repair of software [maintenance, updating]; advisory services in the field of computer programming; computer software research; computer software technical support services; services for the design of electronic data processing software; design and development of computer hardware and software; design and development of multimedia software products; troubleshooting of computer hardware and software problems; rental of software; software design and development; development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); advisory services in the field of computer aided product development and quality improvement of software; updating of computer programs; modifying of computer programs; updating and maintenance of computer software and programs; provision of information in the field of computer programs; rental of computers and computer software; provision of technical studies in the field of computer programming in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, 3D printing inspection, all for use in the inspection of closed cell foams, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the

fields of computed tomography and non-destructive testing of components and materials for scientific purposes; appraisal of computer programmes in the field of non-destructive testing of components and materials, computer aided industrial testing, micromechanics simulation, automated CT inspection, quality control, computer aided part and mold design, product development, 3D printing inspection, all for use in the inspection of closed cell foams, detection and assessment of defects, analyses and visualization of inclusions, software for measurement and defect inspection of components or materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; computer programming; provision of information in the field of computer programming; design services in the field of computer hardware and to computer programmes; updating of computer programs; computer programming and maintenance of computer programs; research in the field of computer programming; computer software consultancy; writing of computer programs for medical applications; consultancy services in the field of computer programming; editing of computer programs; provision of on-line support services for users of computer program in the field of non-destructive testing of components and materials, micromechanics simulation, automated CT inspection, quality control using CT inspection, computer aided part and mold design for plastic and metal casting, computer aided product development, 3D printing inspection, all for use in the inspection of closed cell foams, detection and assessment of pores and shrinkage cavities, analyses and visualization of foreign material in plastic and metal castings, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for scientific purposes, software for measurement and defect inspection of components and materials in the fields of computed tomography and non-destructive testing for industrial purposes, fiber analyses and visualization, porosity analyses and visualization, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes, analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for scientific purposes; computer programming in the medical field; updating of computer programs; writing of computer programs; diagnosis of faults in computer software; duplicating computer programs; updating of computer programs for third parties; repair of damaged computer programs; testing of computer programs; research in the field of computer programs; design services for computer programs; copying of computer programs; development of computer programs; technological advisory services in the field of computer programs; engineering consultancy in the field of computer programming; maintenance of computer programs; design services in the field of computer hardware and to computer programmes; technical consultancy services in the field of computer programming; installation and maintenance of computer programs; development and creation of computer programmes for data processing; creation, updating and adapting of computer programs; engineering services in the field of computer programming; installation of software;

research in the field of the computerised automation of industrial processes; computer-aided design of video graphics; computer-aided construction planning; computer aided graphic design; computer aided design services for parts and molds for plastic and metal casting

#### Class 11

(1) Apparatus for lighting, namely, accent lights for indoor use; lighting fixtures for household use; electric candles; electric fairy lights; electrical lamps for indoor lighting; electrical lamps for outdoor lighting; pocket searchlights; LED flashlights; garden lighting; gas lamps; lamp mantles; helmet lights; infrared lamps; LED luminaires; chandeliers; floor lamps; wall lamps; arc lamps; table lamps; book lights; Christmas tree lights; Uplighters; ceiling lights; electric night lights; Bedside lamps; desk lamps; spotlights; lighting for ponds; Lanterns; lanterns made of ceramics; candle lanterns; portable paper lanterns; electric tea makers; electric stockpots; electric heating fans; heating apparatus for use in the home, namely, electric radiators for heating buildings; air-conditioning installations for buildings; air conditioning installations for household purposes; ventilating fans for household use; hot water bottles; fitted fabric covers for hot water bottles; bed warmers; blankets, electric, not for medical purposes; heating cushions [pads], electric, not for medical purposes; walls for shower cubicles; refrigerating cabinets; baby bottle warmers

#### Class 20

(2) filing cabinets; credenzas [furniture]; cupboards; inflatable furniture; furniture for displaying goods, namely, showcases; extendible sofas; seats adapted for babies, namely, high chairs for babies; babies' bouncing chairs; furniture, namely, bathroom furniture, bedroom furniture, computer furniture, dining room furniture, furniture chests, garden furniture, kitchen furniture, living room furniture, office furniture, outdoor furniture, patio furniture; bathroom furniture; bamboo furniture, namely, chairs, tables and shelves made of bamboo; benches [furniture], namely, piano benches, work benches, kitchen benches; high stools [furniture]; office furniture; office armchairs; armchairs; footrests; lawn furniture; glass furniture, namely, glass tables, glass shelves, glass showcases; wooden furniture, namely, wooden beds, wooden tables, wooden chairs, wooden shelves; furniture made of rattan, namely, rattan beds, rattan tables, rattan chairs, rattan shelves; furniture for children; wickerwork; furniture for kitchens; furniture of plastic materials, namely, plastic beds, plastic tables, plastic chairs, plastic shelves; playpens for babies; furniture made of leather, namely, leather armchairs, leather couches; furniture made of metal, namely, metal beds, metal tables, metal chairs, metal shelves; outdoor furniture; room dividers; key racks for hanging keys; chests for toys; umbrella stands; furniture chests; living room furniture; boxes of wood and plastic; flower-pot pedestals; plastic clothes hooks; wall hooks of non-metallic materials; packaging containers of plastic; closures for containers, non-metallic; portable boxes [containers] of plastic; containers in the form of boxes made of wood; chairs; work stools; drafting chairs; swivel chairs; dining chairs; high chairs for babies; easy chairs; chair pads; pouffes [furniture]; tables; worktables; office desks; office tables; Coffee tables; dining room tables; end tables; side tables; baby changing platforms; clothes lockers; wall cupboards; plate racks; Bedside cabinets; shoe cabinets; racks [furniture], namely, coat racks; library shelves; book rests [furniture]; hanging storage racks [furniture]; chests of drawers; box shelves; wine racks [furniture]; sofas; divanes; stools; picture and photograph frames; mirrors [furniture]; Bathroom mirrors; Wall mirrors; mirror frames; mirror tiles; Statues, figurines, works of art; models [ornaments] made of synthetic resin; wind chimes [decoration]; gazing globes; decorative window finials; curtain tracks; curtain hooks; curtain rings; curtain rods; interior venetian blinds; indoor blinds [roller]; indoor window blinds [shades] [furniture]; clothes racks [furniture]; coat racks; hat racks [furniture]; hat stands; garment rails; valet stands; clothes hangers, clothes stands [furniture] and clothes hooks, namely, plastic clothes hooks and wooden clothes hooks; mannequins and tailors' dummies; magazine racks; mattresses, pillows and cushions; beds; adjustable beds; transportable beds; children's beds; wooden beds; slatted bases for beds; bed heads; rods for beds; futons; bed casters, not of metal; beds for animals

#### **Class 24**

(3) knitted fabric, not included in other classes; bed blankets; comforters; bed sheets; cushion covers; table linen (not made of paper); table runners (not made of paper); sleeping bags; curtains made of textile fabrics and plastic; protective coverings of textile for furniture [unfitted]; place mats of textile; quilt bedding mats; travelling rugs (lap robes); towels of textile, table napkins of textile, handkerchiefs of textile; wall decorations of textile; furniture coverings of plastic; furniture coverings of textile; shaped seat covers of textile for furniture

#### **Class 27**

(4) Carpets, rugs and floor mats; carpets [textile]; Carpeting; fur rugs; carpet underlay; Primary carpet backing; Door mats; Gymnastic mats; Bath mats; Shower mats; Play mats for children made of textile materials; Yoga mats; vinyl floor coverings; linoleum; Artificial turf; Mats of woven rope for ski slopes; Non-textile wallpaper

### Certification Mark Standard

The Orangutan Alliance No Palm Oil Certification Program is a program for manufacturers and brands, enabling them to use the Orangutan Alliance Palm Oil Free certification trademark to certify that no palm oil or palm oil derivatives are used in their approved consumer products. Pursuant to the annexed Certification Rules, the ORANGUTAN ALLIANCE PALM OIL FREE certification has the following general criteria. 1. Food and product manufacturers must meet strict standards and guidelines to prove their products contain no palm oil or no palm oil derivatives, including provision of the application for certification, Statutory Declarations providing assurances as to the product and ingredients' palm oil free status, declarations from ingredient suppliers, ingredient lists, manufacturing materials, equipment and utensil information, random auditing, and compliance with the certifier's Style Guide and rules relating to use of the certification mark. 2. Products may be independently checked by approved third party organisations. 3. When requesting the Palm Oil Free Seal, the product must be checked individually and not at company level. 4. Should a product fail to meet our standards, it will no longer be eligible to receive the Orangutan Alliance Palm Oil Free Seal. 5. The licensor must be satisfied that the applicant's proposed product will not mislead or deceive the public. 6. The logo can be randomly audited at any time to ensure the approved products continue to maintain the accreditation to use the logo. At

any stage this changes, the Orangutan Alliance Certified Palm Oil Free Seal can no longer be used. The applicant is not engaged in the manufacture, sale, leasing or hiring of goods or the performance of services such as those listed in the application.

#### Class 01

(1) Silicones, silicone polymers, silicone amines and silicone emulsions all for use in the general manufacture of pharmaceutical preparations, of drug delivery agents, of medical devices, of cosmetics, of skin care products, of personal care products, of healthcare products, of electronic products, of optoelectronic products, of aerospace products, of defense products, of plastics, of rubbers, of protective coatings, of industrial fillers, of adhesives, of lubricants, as well as for the manufacture of sealants; Chemical preparations for use in the manufacture of tamper-evident consumer packaging for use in laboratories, industry, science and research; Chemical additives for use in the manufacture of pharmaceuticals, of biopharmaceuticals, of nutraceuticals, for the manufacture of third-party electronics, for the manufacture of photovoltaic cells and photovoltaic cell components, semiconductors, for use in the manufacture of food and beverage, and for the further manufacture of fine chemicals; Chemical preparations and chemical additives both for use in the manufacture of foods, beverages, flat panel displays, semiconductors, photovoltaic cells and photovoltaic cell components, nutraceuticals, pharmaceuticals, biopharmaceuticals, for the further manufacture of fine chemicals, and for the manufacture of third-party electronic and microelectronic devices; Chemicals for use in the manufacture of tamper-evident packaging for use in the manufacture of foods, beverages, flat panel displays, semiconductors, photovoltaic cells and photovoltaic cell components, nutraceuticals, pharmaceuticals, biopharmaceuticals, fine chemicals, electronic and microelectronic devices; Chemical preparations for preserving foodstuffs; Scientific and test laboratory chemicals being diagnostic reagents for medical-scientific research use, namely, precision volumetric solutions for reagent sample testing, reference standard solutions of metals for testing, general reagent chemicals to treat and process test samples, chemicals for processing pathological tissue samples; Desiccants for absorbing moisture; Chemical reagents for use as cell culture media to analyze biological tissues for use in in vitro diagnostic laboratory testing; Chemical agents for stripping and removing film and residue from silicon wafers; chromatography chemicals; chemical preparations for use in genetic

engineering for the general manufacture of biotechnological pharmaceutical preparations, drug delivery agents, medical devices, cosmetics, skin care products, personal care products, and healthcare products

### **Class 03**

(2) All-purpose cleaners; General purpose cleaning preparations used in the pharmaceutical and biopharmaceutical industries for use in laboratories and manufacturing environments to clean raw materials, containers, gloves, transfer vessels, processing equipment, tanks, carts, countertops, walls and floors; Cleaning preparations namely ether and alcohol for scientific equipment; Sterile eye wash solutions for non-medical use

### **Class 05**

(3) Pharmaceutical products and pharmaceutical drug delivery system, namely, drug delivery agents in the form of powders, tablets, and capsules that provide controlled release of the active ingredients for a wide variety of pharmaceuticals into the body; All-purpose sanitizers for medical purposes; Chemical disinfectants for use in a laboratory for medical purposes; Diagnostic kits being diagnostic preparations for clinical laboratory use primarily consisting of monoclonal antibodies, buffers, and reagents for use in infectious disease testing; Hand sanitizing preparations; Chemical clinical diagnostic reagents for medical or veterinary purposes; Hand sanitizers; All-purpose sanitizing preparations for commercial and industrial use; Sanitizing wipes; Sterile medicated eye wash solutions

### **Class 07**

(4) Automatic vending machines; vacuum pumps

### **Class 08**

(5) Hand-operated lifting jacks; hand-operated drum pumps

### **Class 09**

(6) Chromatography columns for laboratory use; Chromatography apparatus for laboratory use; Scientific laboratory apparatus, namely, solid phase extraction laboratory distillation columns and chromatography columns using chromatographic sorbents for extraction of chemicals from solvents; Scientific laboratory apparatus, namely, vacuum tubes containing a solid phase extraction system comprising a manifold and an extraction disk holder; Scientific and test laboratory apparatus and supplies-namely, electronic timers, baths, temperature regulated circulators being centrifuges, electrode arms, test laboratory digital heat blocks for use with dry baths, gas mixers, ovens, digital pH meters, stirrers, glass columns and laboratory glassware, laboratory plasticware, microscope slides, thermometers; Syringes for laboratory use; Protective goggles and masks; Disposable plastic gloves for laboratory use; Disposable latex gloves for laboratory use; Pipette jars; Safety goggles; Safety aprons for laboratory use; Laboratory centrifuges; Scientific tools, equipment and apparatus, namely, waste bags especially adapted for the disposal of laboratory instruments and syringes and other contaminated scientific laboratory waste; Beakers; Centrifuge tubes; Centrifuge holders and racks; Clamps specially adapted for use with laboratory glassware; Laboratory glassware, namely, burettes; Holders for laboratory glassware, namely, burette and funnel holders; Chromatography column holders and support stands; Brushes for laboratory use; Colorimeters, namely, light sensitive devices for measuring colors; Graduated cylinders; Graduated glassware; Flasks for laboratory use; Flask holders for laboratory use; Flask rings for laboratory use; Laboratory funnels; Filters for laboratory use; Sterile vial glassware for laboratory use; Sterile and non-sterile sample handlers, namely laboratory scoops, spoons, tongs, spatulas, ladles, scrapers and knives; Glove boxes, namely, isolating units for laboratory use; Safety jars made of polypropylene and polyethylene for laboratory use;

Pipettors; Pipette pumps; Laboratory consumables, namely, pipette tips; Racks for supporting and drying laboratory glassware; Stirring bars and bar retrievers both for laboratory use; Shakers and shaking platforms for laboratory use; Plastic and glass stoppers for laboratory glassware; Non-metal laboratory trays and containers, namely, storage bins, spill containment trays and sample collection trays; Tubing for use with laboratory equipment; Fittings, namely tubing connectors for use with laboratory equipment; Baskets, namely polypropylene and epoxy-coated baskets for dipping, straining, transport and storage of laboratory glassware; Lab jacks, namely, adjustable stands for supporting laboratory equipment at variable heights; Evaporating dishes; Microscopes; Microscope covers; Microscope slide trays; Microscope slide boxes; Microscope slide cover slips; Cold storage boxes, namely, coolers for storing and transporting laboratory samples; Safety goggles; Splash face shields; Safety aprons; Safety gloves; Waste and spill containers especially adapted for the disposal of scientific laboratory waste; Laboratory wash bottles for dispensing solvents; Laboratory furniture; Laboratory instrument, namely, light boxes for the analysis of electrophoresis gels, slides, petri dishes and transparencies; Laboratory equipment and supplies, namely, calipers; Precision balances; Control valves for regulating the flow of gases and liquids; Barometers; Laboratory equipment, namely, electric bath heaters; Constant temperature incubators for laboratory use; Distillation columns for scientific purposes; Petri dishes; Cell culture apparatus for laboratory use, namely, cell culture dishes, tissue culture flasks and cell counters; Electrophoresis separators for scientific laboratory use; Face protection shields; Technical laboratory thermometers, temperature gauges, and temperature sensors; Technical laboratory pressure gauges and pressure sensors; Technical laboratory gas mixers to quantity and concentration of gas and liquids for laboratory use; Flow meters; Laboratory freezers for cryogenic preservation; Respirators for filtering the air; Laboratory equipment, namely, ductless fume enclosures Biological safety cabinets; Ovens for laboratory use; Hydrometers; Hygrometers; Refractometers; Electrodes for laboratory research; Magnetic stirrers and agitators for laboratory use; Temperature controllers for laboratory equipment; Laboratory magnetic and non-magnetic RNA, DNA, antibody, protein, and peptide purification and immobilization beads made from metal, glass, ceramic or plastic for scientific laboratory use; Fluid handling devices, namely, specially adapted single-use bag and waste container systems used for disposing bioprocessing waste and specially adapted parts and fittings therefor; Single-use laboratory equipment comprised of tubing, hoses, vial molded component closures, tube seals, and tube stoppers; Laboratory equipment, namely, sterile single-use sample tubes, sample bags, pillow bags for fluid recovery, and tank liners; Laboratory equipment, namely, single-use bottles, flasks, end caps, connectors and assemblies therefor; Disposable single use laboratory articles, namely, plates, columns, cuvettes, pipette tips, test tubes, storage tubes, sample storage vessels, bottles and containers; Laboratory equipment, namely, bottle manifolds; Laboratory equipment for processing biopharmaceuticals, namely, a tangential flow filtration system comprising a pump and tangential flow filter; Bioreactors for laboratory use

**Class 10**

(7) Sterile eye wash stations

**Class 11**

(8) Desiccating units for lab use; Bunsen burners for lab use; Hot water heaters; Refrigerators for laboratory use; Freezers for laboratory use; Cooling evaporators; Scientific and test laboratory apparatus and supplies, namely, hot plates; Desiccator cabinets and cases for desiccating units for lab use; Laboratory chemical fume hoods

**Class 21**

(9) Glass bottles; Siphons

**Services****Class 35**

(1) Wholesale distributorship services in the field of cleaners, sanitizers and disinfectants for scientific and laboratory rooms, laboratory instruments, laboratory equipment and scientific chemicals and reagents for laboratory use; Wholesale distributorship of scientific laboratory appliances, chemicals, reagents and laboratory equipment; Procuring of contracts for the purchase and sale of goods of others specifically the procurement of third-party selling agreements for laboratory products; Business management consultation and business management services in the field of clean room, laboratory and science products, namely, managing and administering non-core functions namely mailing and shipping, inventory records management and administrative processing of purchase orders; physical asset management services for others in the nature of inventory management in the field of cleaners, sanitizers and disinfectants for scientific and laboratory rooms, laboratory instruments, laboratory equipment and scientific chemicals and reagents for laboratory use; inventory management, namely, replenishing and resetting inventory and determining inventory optimal storage in the field of cleaners, sanitizers and disinfectants for scientific and laboratory rooms, laboratory instruments, laboratory equipment and scientific chemicals and reagents for laboratory use; performing inventory control and accounting services; Business management services, namely, management of scientific, clinical and pharmaceutical laboratory services for others; Online retail store services featuring laboratory equipment, instruments and scientific chemical supplies

**Class 40**

(2) Custom manufacturing of silicones, silicone polymers, silicone amines and silicone emulsions in the fields of pharmaceuticals, drug delivery agents, medical devices, cosmetics, skin care products, personal care products, healthcare products, electronic products, optoelectronic products, commercial products, industrial products, aerospace products, defense products, plastics, rubbers, coatings, fillers, adhesives, lubricants and sealants to the order and specification of others; Technical support services for products manufactured by others in the field of cleaners, sanitizers and disinfectants for scientific and laboratory rooms, laboratory instruments, laboratory equipment and scientific chemicals and reagents for laboratory use

**Class 42**

(3) Scientific research in the field of silicones, silicone polymers, silicone amines and silicone emulsions; design, engineering, research, development and testing services in the field of silicones, silicone polymers, silicone amines and silicone emulsions; Scientific and technological services and research and design in the field of silicones, silicone polymers, silicone amines and silicone emulsions; Technical consulting in the chemical laboratory field; Contract research services, namely, medical, pharmaceutical, and scientific research for others in the field of silicones, silicone polymers, silicone amines and silicone emulsions; Calibration services, namely, calibration of laboratory apparatus, instruments and equipment for others; Scientific laboratory services; Design and development of computer software for managing scientific, clinical and pharmaceutical laboratory services for others; operating and maintaining a chemical laboratory biorepository for medical and scientific research purposes

engines; aquarium pumps; asphalt mixers; asphalt paving machines; autogenous soldering machines; automatic door openers; automatic electrostatic-paint sprayers; automatic floor scrubbers; automatic grappels for marine purposes; automatic looms; automatic sprayers for electrostatic painting; automatic tire removing and installing machines; automatic vending machines; automotive exhaust pipes; automotive hoists; automotive parking lifts; aviation drive trains; axial flow blowers; axial flow compressors; axial flow pumps; axles for industrial machinery; axles for machines; back hoes; bakery mixing machines; balers for agricultural use; balers for industrial use; ball bearings for hard drives; ball bearings for turntables; ball rings for bearings; ball thrust bearings for turntables; ball valves being parts of machines; band brakes for machines; band saws; barking machines; barley polishing machines; barley press rollers; barley splitting machines; basket presses; bearing brackets for machines; bearing housings for machines; bearing inserts for machines; bearings as machine parts; bearings for transmission shafts; beating machines; beer pumps; belt conveyors; belt sanding machines; belts for conveyors; belts for farm vehicle machines; belts for machines; belts for motors and engines; belts for power-operated sanders; bending machines for metalworking; bicycle assembling machines; bicycle dynamos; bits for mining machines; bitumen making machines; blanking presses; blending machines for chemical processing; blowing machines for the compression, exhaustion and transport of gases; blowing machines for the compression, sucking and carrying of grain; blowing machines or fans for the compression, sucking and carrying of grain; boat engines; boat hoists; boat motors; bobbins for sewing machines; bobbins for weaving looms; bookbinding laminating machines; bookbinding machines; bookbinding machines for industrial purposes; boring machines for metalworking; bottle capping machines; bottle capping machines for food and beverages; bottle filling machines; bottle sealing machines; bottle stoppering machines; bottle washing machines; bottling machines; braiding machines; brake linings for machines; brake segments for machines; brake shoes for machines; brakes for industrial machinery; brakes for industrial machines; bread cutting machines; bridge cranes; broaching machines for metalworking; brushes for vacuum cleaners; bulldozer tractors; bulldozers; bushings for use as parts of machines; butter machines; butterfly valves being parts of machines; cable cranes; cables for lifts; cake-fodder crushing machines; calcining machines for chemical processing; calenders; cam shafts; cams being parts of machines; camshafts for vehicle engines; canning machines; capping machines; capstans; car lifts; car washing installations; carburetors; carburetter feeders; carburetters; carding machines; cargo lifting derricks; carpet cleaning machine parts; carpet cleaning machines; carriages for knitting machines; cartoning machines; catalytic converter units for vehicle exhausts; catalytic converters; cemented carbide cutting tools; cemented carbide tips; centering drilling bits being parts of machines; central vacuum cleaning installations; centrifugal compressors; centrifugal mills; centrifugal pumps; centrifuges; cereal processing machines; chaff cutter blades; chaff cutters; chain conveyors; chain saws; chainsaws; chaser machine tools; check valves; cheese making machines; chemical fiber spinning machines; chick brooders; chisels for machines; chucks for power drills; churns; cigarette machines for industrial purposes; cigarette making machines; circular saw benches; circular saws; circular saws for woodworking; circulating pumps; cleaning machines for aviation engines; cleaning machines for ponds; clothes washers; clothes washing machines; clutches for industrial machinery; coal loaders; coal plough; coal-cutting machines; coalcutting machines; coffee extracting machines; coin-operated washing machines; collating machines; combine harvesters; commercial and industrial vacuum cleaners; compressed air guns for the extrusion of mastics; compressed air pumps; compression moulding machines; compressors as parts of machines, motors and engines; compressors for air conditioners; compressors for dehumidifying machines; compressors for industrial machinery; compressors for inflating tires; compressors for motor vehicles; compressors for recovering and recycling refrigerant gases; compressors for refrigerators; compressors for scuba diving; concrete

construction machines; concrete finishing machines; concrete mixers; concrete paving machines; concrete placing machines; concrete vibrators; condensed milk making machines; cone brakes being parts of machines; connecting rods for machines, motors and engines; construction rammers; continuous casting machines; continuous metal casting machines; continuous scouring and bleaching machines; conveyer belts; conveyor lines; conveyors; cooling radiators for motors and engines; core drilling bits; corn and grain husking machines; corn husking machines; corrugated cardboard manufacturing machines; corrugated paperboard making machines; couplings for machines; cranes; crank shafts; crankcases for components for motor cars; crankcases for machines; crankcases for motors and engines; crawler cranes; crawler-mounted bulldozers; crawler-tracked loaders; cream separators; current generators; cutting machines for metalworking; cyclone dust collectors; cyclones; cylinder heads for engines; cylinders for engines; cylinders for industrial machinery; cylinders for mills; cylinders for motors; cylinders for motors and engines; cylinders for use in the manufacture of chocolate; cylinders for use in the manufacture of colorants; darning machines; DC generators; degreaser machines for motor vehicles; diamond-pointed metal-cutting tools; die-cutting and tapping machines; die-cutting machines; dies for use with machine tools; diesel airplane engines; diesel boat engines; diesel engines for concrete mixers; diesel engines for industrial machinery; diesel-engine heating plugs; die-stamping machines; diffusion pumps; dip-dyeing machines; direct current motors; disc brakes being parts of machines; dish washing machines for household purposes; dish washing machines for industrial purposes; dishwasher fittings; dishwasher racks being parts of a dishwasher; dishwashers; disintegrators for chemical processing; dispensing valves being machine parts; dissolving machines for chemical processing; drain cocks; dredging machines; drill bits for rock drilling; drill chucks for power drills; drill presses; drilling machines for metalworking; drilling rigs; drills for the mining industry; drop-forging machines; dust collecting machines for chemical processing; dust filters and bags for vacuum cleaners; dynamo belts; dynamo brushes; dynamos; dynamos for bicycle; earth augers; earth compacting machines; earth moving scrapers; edible kelp processing machines; egg brooders; egg incubators; electric and pneumatic hoists; electric arc welders; electric arc welding machines; electric brooms; electric carpet sweeper; electric chaff-cutters; electric chain saws; electric coffee mills; electric compressors; electric concrete vibrators; electric door closer; electric door openers; electric fan units for vacuum cleaners; electric food blenders; electric food blenders for household purposes; electric food choppers; electric food processors; electric food slicers; electric fruit presses for household use; electric fruit squeezers for household purposes; electric generators; electric graters; electric hammers; electric hand drills; electric hand-held drills; electric hedge shears; electric ice crushers; electric ice crushing machines; electric jacks; electric juice extractors; electric juicers; electric knives; electric lawn trimmers; electric lawnmowers; electric meat grinders; electric milk frothers; electric mixers for household purposes; electric motors for machines; electric nail guns; electric parquet wax-polishers; electric pepper mills; electric planers; electric planes; electric power generators; electric power generators for emergency use; electric power generators for ships; electric pulley blocks; electric rotary hammers; electric salt mills; electric screwdrivers; electric shearing machines; electric shoe polishers; electric soldering apparatus; electric soldering irons; electric starter motors; electric vacuum cleaners; electric vacuum cleaners and their components; electric washing machines for industrial purposes; electric welding machines; electric window closers; electric window openers; electrical coffee grinders; electrical drills; electrical juice extractors for fruit; electrical squeezers for fruit and vegetable; electrically operated curtain drawing machines; electrically powered windlasses; electricity generators; electricity winding wires; electrodes for welding machines; electrolysis apparatus for electroplating; electronic ignitions for vehicles; electroplating machines; electrostatic generators; elevator belts; elevator buckets; elevator chains being parts of machines; elevator doors; elevator gears; elevator lifts; elevator motors; elevators; elevators and parts of elevators;

embossing printing machines; embroidery machines; emergency power generators; emulsifying machines for chemical processing; engine bearings; engine cooling radiators; engine cylinders; engine fuel pumps; engine injectors; engine timing components, namely, cam chains; engine timing components, namely, cam sprockets; engine timing components, namely, cam sprockets and chains; engines and motors for model vehicles, aircraft and boats; engines and motors for the generation of electricity; engines for air cushion vehicles; engines for boats; engines for industrial machinery; engines for model vehicles; engraving machines; envelope feeders; envelope stuffing and inserting packaging machines; envelope-inserting machines; erg (exhaust gas recirculation) valves; escalators; etching apparatus for use in manufacturing display panels; excavating machines; excavators; exhaust manifold for engines; exhaust mufflers for motors; exhaust pipes for land vehicles; exhaust silencers for engines; extracting machines for chemical processing; extractor hoods for household purposes; extractors for mines; extruding machines for metals; extrusion machines for plastic; extrusion moulding machines; fan belts; fan belts for motors and engines; fans for motors and engines; fans for the compression, sucking and carrying of grain; feed mills; feed mixers; felt carding machines; felt milling machines; felting machines; fertilizer distributing machines; fiber blowing and scutching machines; fiber blowing machines; fiber cutting machines; fiber scutching machines; filter presses for chemical processing; filter rod making machines; filters for cleaning cooling air for engines; fish paste making machines; fish-netting machines; fittings for engine boilers; fixed and mobile cranes; flap discs for power-operated grinders; flexographic printing machines; floating cranes; floating drilling rig; floor buffing machines; floor cleaning machines; floor polishers; floor polishing machines; floor sanders; floor sanding discs; floor washing machines; flour mill machines; flues for engine boilers; fluid couplings being parts of machines; fodder cutting machines; fodder mixing machines; fodder presses; food chopping machines for commercial use; food cutting machines for commercial use; food garbage disposals; food mixers; food mixing machines for commercial use; food peeling machines for commercial use; food slicing machines for commercial use; food vending machines; food waste disposals; forage crushers; forge bellows; forging machines; forging moulds; franking machines; free-form forging machines; front-end loaders; fuel and air mixture regulators being parts of internal combustion engines; fuel dispensing pumps for service stations; fuel injection systems for engines; fuel injector parts for land and water vehicle engines; fuel injectors; galvanizing machines; gantry cranes; garbage disposal machines; garbage disposal units; garbage disposals; garbage grinders; gas compressors; gas filters for engines; gas filters for motors; gas operated cutting blow pipes; gas operated power generators; gas pumps; gas turbines for airplanes; gas welding machines; gasifiers; gaskets for engines; gaskets for motors; gasoline lawn mowers; gas-operated blow torches; gas-operated cutting blow pipes; gas-operated welding machines; gear cutters for use as a machine tool; gear cutting and finishing machines; gears for weaving looms; generators for boats; generators for industrial machinery; generators for motor vehicles; generators for wind turbines; generators of electricity; glassware manufacturing machines; glaziers' diamonds being parts of machines; glow plugs for diesel engines; glue guns; graders; grain augers; grain elevators; grain husking machines; grain scourers; grain separating machines; grain separators; grain storage dust collectors; granulating machines for chemical processing; grating machines for vegetables; grinding machines for metalworking; grinding machines for the treatment of ceramics and metal; grinding mills for chemical processing; grinding tools for grinding machines; grissini; ground surface finishing and compacting machines; gumball machines; hair clipping machines for animals; hair cutting machines for animals; hair shearing machines for animals; hand cranked spin dryers; hand mixers; hand weaving looms; hand-held electric drills; hand-held electric hammers; hand-held pneumatic drills; hand-held pneumatic hammers; hand-held power driven grinders; hand-held vacuum cleaners; harrows; hay balers; hay binding machines; hay crushers and forage crushers; hay making machines; hay tedders; heel-making machines; hemming machines; high

pressure washers; high pressure water jetting system for the gas and oil industry; high-pressure pumps for washing appliances and installations; high-voltage generators; hoisting drums; honing machines for metalworking; hoses for vacuum cleaners; hosiery looms; hot adhesive guns; hydraulic accumulators being parts of machines; hydraulic conveyors; hydraulic cylinders; hydraulic door closers; hydraulic door openers; hydraulic excavators; hydraulic hammers; hydraulic hoists; hydraulic intensifiers being parts of machines; hydraulic jacks; hydraulic lift tables; hydraulic motors for excavators; hydraulic presses for metalworking; hydraulic pumps; hydraulic torque converters for machines; hydraulic turbines; hydraulic window closers; hydraulic window openers; hydrogen dispensing pumps for service stations; ice-resurfacing machines; idling pulleys being parts of machines; ignition coils; ignition devices for motors of land vehicles; ignition magnetos for engines; ignitions for vehicles; impact wrenches; incubators for eggs; industrial balers; industrial machine presses; industrial robots; industrial sewing machines; industrial steam engine boilers for power generation for machinery; injection molding machines; injection moulding machines; injection plastic molding machines; inking apparatus for printing blocks; inking apparatus for printing machines; intaglio printing machines; intake manifolds for internal combustion engines; internal combustion engines for boats; ironing machines for commercial use; Japanese style wooden clogs [Geta] shaping machines; jet engines; jib cranes; journal boxes that are parts of machines; juice extractors; key cutting machines; kick starters for motorcycles; kneading machines; kneading machines for chemical processing; knife grinding machines; knife sharpening machines; knitting machines; knives for mowing machines; label guns; lace making machines; lace making machines and parts thereof; laminated leaf-springs being parts of machines; laminating machines for industrial use; lapping machines; lapping machines for metalworking; laser engraving machines for woodworking; laser welding machines; lathes; lathes for metalworking; lattice mast cranes; lawn mower blades; lawnmowers; leather paring machines; leather tanning machines; line haulers; linear motors; lineman's pliers; livestock feeders; locomotive cranes; loom shafts; looms; lumbering band saws; machine bearings; machine bellows; machine belt pulleys; machine coupling and belting; machine couplings; machine couplings and transmission components; machine fly-wheels; machine parts, namely, bearings; machine propellers; machine pulleys; machine tool for broaching; machine tools for breaking up road surface material; machine tools for breaking up road surfaces; machine tools for removing waste material; machine tools for the automotive industry; machine tools for the metalworking industry; machine tools for the textile industry; machines for banknote cleaning; machines for dyeing textiles; machines for flaking dried fish meat [kezuri-bushi making machines]; machines for making pasta; machines for molding plastics; machines for separating recyclable materials; machines for the mineralisation of drinking water; mangles; manufacturing machines for liquid crystal display devices; marine engines and parts and fittings thereof; marine mounted dock cranes; material handling buckets; matrices for use in printing; mechanical escalators; mechanical lawn mowers; mechanical presses for metalworking; mechanical railed lifting conveyors; mechanical seals; mechanical spreaders; mechanical winders and machines for forming coils with pipes made of plastic materials; mechanized livestock feeders; membrane filters for use as parts of machines; memory chip manufacturing machines; metal engine gaskets for vehicles; metal extrusion presses; metal forming machines; metal laminated leaf-springs for machinery; metal pulleys being parts of machines; metal sanding discs; metal sawing machines; metal working machines; metalworking machine tools; milk filtering machines; milk homogenizing machines; milking machines; milling cutters for milling machines; milling cutters machine tools; milling grinding motors; milling machines; milling machines and grinding machines for the treatment of ceramics and metal; milling machines for metalworking; milling machines for the treatment of ceramics and metal; millstones; mine borers; mineral water making machines; mining bits; mining drill sharpeners; miso making machines; mobile cranes; mobile dock cranes; mobile electric power generators; motors and

engines used in industrial applications; motors for boats; moving sidewalks; moving staircases; moving walkways; mud dredging machines; mufflers for engines; mufflers for motors; mufflers for motors and engines; mulberry leaf chopping machines; multi-phase screw pumps; multi-purpose steam cleaners; nail guns; nailing machines; net hauling machines; nickel plating machines; noodle making machines; oil centrifuges; oil coolers for engines; oil filters; oil filters for engines; oil filters for motors; oil filters for motors and engines; oil hydraulic presses for metalworking; oil separators; oil well boring machines; oil well bridge plugs; oil well derricks; oil-well pumping machines; ore treating machines; outboard motors; overhead travelling cranes; oxy-acetylene welding and cutting machines; packaging machines; packaging machines for food; packing machines; paint guns; paint mixing machines; paint spray guns; painting machines; paper bag making machines; paper bags for vacuum cleaners; paper calendaring machines; paper coating machines; paper cutting machines; paper reeling machines; paper sack making machines; passenger elevators; pedal drives for sewing machines; pedal-powered spin dryer; perforating machines for metalworking; photo-engraving machines; photogravure printing presses; pigs for cleaning pipes; pile drivers; pile-drivers; pile-extractors; piston rings; piston rings being engine parts; piston rings for motors; piston segments; pistons; pistons for cylinders; pistons for engines; plaiting machines; planetary gear motors; planing machines for metalworking; planographic printing machines; plastics molding machines; ploughshares; plunger pistons; plywood clipping machines; plywood finishing machines; plywood gluing machines; plywood jointing machines; plywood presses; pneumatic conveyors; pneumatic door closers; pneumatic door openers; pneumatic grease guns; pneumatic hammers; pneumatic hoists; pneumatic jacks; pneumatic nail guns; pneumatic pumps; pneumatic screwdrivers; pneumatic shears; pneumatic transporters; pneumatic tube conveyors; pneumatic waste oil drainers; pneumatic window openers; portable electric spin dryer; portable saw mills; positive displacement pumps; potters' wheels; power blowers for lawn debris; power chain saws; power drill bits; power hammers; power jacks; power looms; power operated boat lifts; power operated cultivators; power operated hedge trimmers; power operated jacks; power operated potters' wheels; power saws; power shovels; power tillers; power tool motors; power tools; power transmission belts for industrial machinery; power transmission belts for machines; power transmission belts for machines, motors and engines used in industrial applications; power transmissions and gearing for machines; power winches; power-operated flour mills; power-operated lifts for moving, parking and storing land vehicles; power-operated meat mincers; power-operated ski sharpening machines; power-operated sprayers for insecticides; power-operated tire removing and installing machines; press dies for metal forming; pressure washers; printing cylinders; printing machines for textile; printing machines for use on sheet metal; printing plates; printing presses; printing presses for ceramic material; printing rollers; printing rollers for machines; puddling machines; pulp making machines; pulp processing machines; pulp refining machines; pump diaphragms; pump impellers; pump seals; pumps and compressors as parts of machines, motors and engines; pumps as parts of machines, motors and engines; pumps for counter-current swimming; punching presses for metalworking; push rods for engines; rack and pinion jacks; racket stringing machines; racquet stringing machine; radial drills; radiators for motors and engines; radiators for vehicles; rail-laying machines; railway wagon lifts; raising machines for textile treating; ramie barking machines; ramie brushing machines; ramjet engines for airplanes; reamers being machine tools; reapers; reapers and binders; reapers and threshers; rechargeable hedge cutters; reciprocating vacuum pumps; recoil starters for engines for generators; recoil starters for engines for lawn mowers; reduction gears being parts of machines; reels for weaving looms; refrigerator compressors; refuse crushing machines; rice grain sorting machines; rice huskers; rice husking machines; rice polishing machines; rivet guns; road paving machines; road rollers; road sanders; road scrapers; road sweepers; robotic controlled mechanical parking lifts for multi-layered parking; robotic vacuum cleaners; rock drills; rocker arms for engines;

rocker arms for motors; rocket engines; rocket engines for spacecraft; roller bearings for conveyor belts; roller bearings for industrial machinery; roller bearings for machines; roller bridges; roller chains being parts of machines; roller chains for engines; roller conveyors; rollers for rotary printing machines; rolling machines for rolling metals; rolling mill cylinders; rolling mills; rolling mills for metalworking; root slicing machines; rope making machines; rotary blowers; rotary brushes for machines; rotary lobe pumps; rotary presses for textiles; rotary printing presses; rotary pumps; routing machines; roving machines; rubber forming machines; rubber mixing machines; rubber mixing rolls being parts of rubber mixing machines; rubber tracks being parts of crawlers on agricultural machines; rubber tracks being parts of crawlers on construction machines; rubber tracks being parts of crawlers on mining machines; rubber tracks being parts of crawlers on snow ploughs; safety valves; sand cleaning machines; sand sorting machines; sand-blasting apparatus; sanders; sanding machines for woodworking; sausage machines; sausage making machines; saw machines; saw-tooth setting machines for lumbering or woodworking saws; scale collectors for machine boilers; screw conveyors; screw grinding machines; screw pumps; sealing machines for industrial packaging; self-oiling bearings; self-regulating fuel pumps; semiconductor making machines; semiconductor wafer processing equipment; separating machines for chemical processing; servomotors; servo-valves; sewage pulverisers; sewage pulverizer machines; sewage pulverizers; sewage pulverizers being machines; sewing machine attachments; sewing machine parts; sewing machines; sewing machines for household purposes; sewing robots; shaft couplings; shaping machines for japanese style wooden clogs [geta]; shaping machines for metalworking; sheaf-binding machines; shearing machines for animals; shearing machines for metalworking; sheet-continuity sequencing machines; sheet-inserting machines; shock absorbers for industrial machinery; shock absorbers for machines; shoe making machines; shredder machines for industrial use; shredders for industrial use; sidewalks; silencers for motors and engines; silk screen printing machines; silk yarn bundling machines; silk yarn reeling machines; silk yarn re-reeling machines; silkworm egg washing machines; sintering machines for chemical processing; sizing machines; skate blade sharpeners; sliders for knitting machines; slides for knitting machines; slotting machines for metalworking; snow blowers; snow grooming equipment; snow ploughs; snow plows; snowblowers; soda-pop making machines; soldering irons; soldering lamps; soldering machines; soldering torches; sorting machines for chemical processing; soy sauce making machines; spark plugs; spark plugs for aircraft; sparking plugs for internal combustion engines; speed change gears being parts of machines; speed governors for machines, engines and motors; spinning boxes for open-end rotor spinning machines; spinning frames; spinning wheels; spray damping machines for textile treatment; spray guns for paint; spring shock absorbers for machines; staged and segmented conveyors; stair lifts; stamping machines; staple fiber cutting machine; starter alternators; starters for engines; starters for motors; starters for motors and engines; stators for machines; steam cleaners for household purposes; steam cleaning machines; steam engine boilers; steam engines; steam marine engines; steam mops; steam operated power generators; steam pressure variation engines; steam traps; steamrollers; stereotype machines; strapping machines; straw bale tightening machines; straw rope finishing machines; straw rope making machines; suction cups for milking machines; suction nozzles for vacuum cleaners; Sugar making machines; sump pumps; swaging machines; swimming pool pumps; tambours for embroidery machines; taps for use with machine tools; tea leaves sorting machines; tea processing machines; teat cups for milking machines; tedding machines; tenoning machines; textile calendering machines; textile scutching machines; textile tentering machines; textile washing machines for industrial purposes; thermostatic control valves for machines; thread milling cutters for machines; threading machines; threshing machines; thrusters for industrial machinery; tile removal and cutting machines; tilling machines for agricultural purposes; tilt hammers; timber harvesting machinery; timing belts for engines for land vehicles; timing belts for industrial motors;

timing belts for machines used in industrial applications; timing belts for motors and engines used in industrial applications; tobacco processing machines; tool bits for metalworking machines; tool grinding machines; toolholder machine parts for metalworking machines; top drives for oil well drilling; torque converters; tower cranes; tractor towed harrows; tractor-towed fertilizer distributors; tractor-towed harrows; transmission belts for machines; transmission gears for industrial machinery; transmission shafts for boats; transmissions for industrial machinery; transmissions for machines; trash compacting machines; trash compactors; trawl winches; tree stump cutters; trench cutters; truck cranes; truck lifts; truck mills for mining purposes; trussing apparatus for hay; tubing mills for metalworking; tunnel boring machines; turbine generators; turbines for generation of electricity; turbines for jet engines; turbines for steam plants; turbocompressors; turboprop engines for aircraft; turf removing ploughs; turntable drive belts; typecasting machines; typesetting machines; type-setting machines [printing]; typographic machines; typographic presses; unloading cranes; vacuum cleaner attachments; vacuum cleaner bags; vacuum cleaner hoses; vacuum cleaner nozzles; vacuum cleaners; vacuum cleaners for household purposes; vacuum cleaners for industrial purposes; vacuum packing machines; vacuum pumps; vacuum shredders for clearing debris; valves as machine components; valves being parts of machines; valves for industrial machinery; vegetable grating machines; vehicle washing installations; vehicle washing machines; vending machines; veneer manufacturing machines; waggon lifts; washing machines; washing machines for household purposes; waste and trash conveying machines; waste and trash separator machines; waste compacting machines; waste crushing machines; waste material conveying machines; water well boring machines; welding electrodes; welding machines; welding torches; well drilling machines; wet decatizing machines; wet scrubbers; wheelchair lifts; wheels for industrial machinery; winch motors; winches; wind turbines; windlasses; wine presses; winnowers; wire drawing machines; wire extruding machines; wire forming machines; wire hoists; wire welding machines; wire-coiling machines; wood beating machines; wood chipping machines; wood cutting machines; wood drilling machines; wood grinding machines; wood lathes; wood milling machines; wood planing machines; wood sawing machines; woodworking dust collectors; woodworking saw-tooth setting machines; wringing machines for laundry; yarn drawing frames; yarn reeling machines; yarn singeing machines; yarn slivering and combing machines; yarn spinning machine; yarn spinning machines; yarn stretching machines; yarn twisting machines; yarn warping machines; yarn winding machines; 3D printers; 3D printing pens

Position

### Visual Representation

### Trademark Description

The trademark consists in part of the position of the two dimensional rings applied to a three-dimensional bottle as shown in the visual representation and, in part, of the word ITALY and the literal element G.Q.D.I embossed on the bottle. The bottle shown in dashed lines does not form part of the trademark but is included merely to show the positioning of the claimed features of the trademark. At the front and top center of the body, the word 'ITALY' is embossed below the shoulder of the bottle, and at the front and bottom center of the body, the literal element 'G.Q.D.I.' is embossed above the heel of the bottle. The design on the body consists of five rings arranged on the bottle such that, from each angle, portions of the rings are seen on the exterior surface of the bottle and the remaining portions of the rings are seen through the bottle. From the front view of the bottle, two of the rings on the exterior of the bottle are partially visible on the right side, and one of the rings on the exterior of the bottle is partially visible on the left side. The remaining portions of the rings are visible through the bottle. From the back view of the bottle, all five rings on the exterior of the bottle are visible; one ring on the exterior of the bottle is completely visible and portions of the remaining four rings on the exterior of the bottle are partially visible. The remaining

portions of the rings are visible through the bottle. The trademark depicts multiple views of the same trademark.

Downloadable computer software, namely, software for business analytics and database management in the fields of social media, marketing, merchandising, customer service, website performance, financial services, healthcare, communication, mobile technology, consumer goods, retail, and manufacturing; downloadable computer software, namely, software for monitoring and ensuring compliance with government regulations in the fields of health and public service; computers, computer hardware, and computer peripheral interface equipment, namely, computer terminals, computer monitors, external disk drives; downloadable computer programs and software, namely, computer software for capturing human biometric data, modelling from sensor data for anomaly detection and prediction, data collection and management, geographic information systems, data mining and analytics, communications to increase collaboration, and processing digital images, all in the fields of biometrics, cloud analytics, data mining, visualization, and motion imagery; downloadable publications, namely, books, newsletters, and reports in the fields of management, technology consulting, engineering, and innovation; downloadable mobile application software for providing data analytics, business analytics, and business intelligence and cybersecurity protection; biometric identification apparatus, namely, biometric voice recognition systems, biometric retinal scanners, biometric hand scanners, biometric fingerprint scanners, biometric locks, and biometric access control systems

### Services

#### Class 35

(1) Business management consulting services in the fields of aerospace, defense, manufacturing, technology management, electronics, health care, chemicals, pharmaceuticals, government contracting, transportation, marketing, education, banking, utilities, insurance, energy, telecommunications, and environment management; business data analysis services, namely, compilation and analysis of business data in the fields of social media, marketing, merchandising, customer service, website performance, financial services, healthcare, communication, mobile technology, consumer goods, retail, and manufacturing; business management and organization

consultancy in the fields of organizational planning, policy development, operations improvement, productivity improvement, personnel appraisal and selection

**Class 41**

(2) Educational services in the nature of conducting seminars, workshops, and conferences in the field of business management.

**Class 42**

(3) Providing technology consultancy in the field of cybersecurity; computer cybersecurity services, namely, a cloud-based cybersecurity platform as a service featuring software for detecting cyber threats; computer cybersecurity consultancy; providing a website featuring technology information in the field of cybersecurity; website design and development for others; software as a service (SAAS) services featuring software for use in data analytics, project analysis, and location-based security in the field of cybersecurity; application service provider featuring application programming interface (API) software for financial threat analysis; computer software design and development for others; engineering services, namely, advisory services related to engineering in the fields of software systems integration engineering, digital engineering, directed energy weapon systems engineering, and environmental engineering services

(1) 3D printers; 3D printing pens; abrasive belts for power-operated sanders; abrasive discs for automotive use; abrasive discs for power operated grinders; abrasive discs for power operated sanders; abrasive disks for power-operated sanders; AC generators; adhesive bands for pulleys; adhesive tape dispensing machines; aerated beverage making machines; aerated beverage-making machines; aerating pumps for aquaria; aerocondensers; aeronautic engines; aeronautical engines; aeroplane engines; aeroplane motors; agitators for chemical processing; agricultural aircraft spray nozzles; agricultural balers; agricultural cultivators; agricultural elevators; agricultural equipment for seeding; agricultural land fertilizing equipment; agricultural plows; agricultural reaper machines; agricultural seed planting machine; agricultural seed planting machines; air brushes for applying make-up; air compressors; air compressors for vehicles; air drills; air filters for automobile engines; air filters for engines; air filters for motors; air hammers; air screwdrivers; airplane engines; airplane motors; alternating current servo motors; alternators for airplanes; alternators for boats; alternators for motor vehicles; alternators for trains; angle valves for use with machines; anti-friction bearings for machines; anti-friction pads for machines; anti-pollution catalytic converters for motors and engines; aquarium pumps; asphalt mixers; asphalt paving machines; autogenous soldering machines; automatic door openers; automatic electrostatic-paint sprayers; automatic floor scrubbers; automatic grapnels for marine purposes; automatic looms; automatic sprayers for electrostatic painting; automatic tire removing and installing machines; automatic vending machines; automotive exhaust pipes; automotive hoists; automotive parking lifts; aviation drive trains; axial flow blowers; axial flow compressors; axial flow pumps; axles for industrial machinery; axles for machines; back hoes; bakery mixing machines; balers for agricultural use; balers for industrial use; ball bearings for hard drives; ball bearings for in-line skates; ball bearings for turntables; ball rings for bearings; ball thrust bearings for turntables; ball valves being parts of machines; band brakes for machines; band saws; barking machines; barley polishing machines; barley press rollers; barley splitting machines; basket presses; bearing brackets for machines; bearing housings for machines; bearing inserts for machines; bearings as machine parts; bearings for transmission shafts; beating machines; beer pumps; belt conveyors; belt sanding machines;

belts for conveyors; belts for farm vehicle machines; belts for machines; belts for motors and engines; belts for power-operated sanders; bending machines for metalworking; bicycle assembling machines; bicycle dynamos; bits for mining machines; bitumen making machines; blanking presses; blending machines for chemical processing; blowing machines for the compression, exhaustion and transport of gases; blowing machines for the compression, sucking and carrying of grain; blowing machines or fans for the compression, sucking and carrying of grain; boat engines; boat hoists; boat motors; bobbins for sewing machines; bobbins for weaving looms; bookbinding laminating machines; bookbinding machines for industrial purposes; boring machines for metalworking; bottle capping machines; bottle capping machines for food and beverages; bottle filling machines; bottle sealing machines; bottle stoppering machines; bottle washing machines; bottling machines; braiding machines; brake linings for machines; brake segments for machines; brake shoes for machines; brakes for industrial machinery; brakes for industrial machines; bread cutting machines; bridge cranes; broaching machines for metalworking; brushes for vacuum cleaners; bulldozer tractors; bulldozers; bushings for use as parts of machines; butter machines; butterfly valves being parts of machines; cable cranes; cables for lifts; cake-fodder crushing machines; calcining machines for chemical processing; calenders; cam shafts; cam sprockets and chains for engines; cams being parts of machines; camshafts for vehicle engines; canning machines; capping machines; capstans; car lifts; car washing installations; carburetors; carburetter feeders; carburetters; carding machines; cargo lifting derricks; carpet cleaning machine parts; carpet cleaning machines; carriages for knitting machines; cartoning machines; catalytic converter units for vehicle exhausts; catalytic converters; cemented carbide cutting tools; cemented carbide tips; centering drilling bits being parts of machines; central vacuum cleaning installations; centrifugal compressors; centrifugal mills; centrifugal pumps; centrifuges; cereal processing machines; chaff cutter blades; chaff cutters; chain conveyors; chain saws; chainsaws; chaser machine tools; check valves; cheese making machines; chemical fiber spinning machines; chick brooders; chisels for machines; chucks for power drills; churns; cigarette machines for industrial purposes; cigarette making machines; circular saw benches; circular saws; circular saws for woodworking; circulating pumps; cleaning machines for aviation engines; cleaning machines for ponds; clothes washers; clothes washing machines; clutches for industrial machinery; coal loaders; coal plough; coal-cutting machines; coalcutting machines; coffee extracting machines; coin-operated washing machines; collating machines; combine harvesters; commercial and industrial vacuum cleaners; compressed air guns for the extrusion of mastics; compressed air pumps; compression moulding machines; compressors as parts of machines, motors and engines; compressors for air conditioners; compressors for dehumidifying machines; compressors for industrial machinery; compressors for inflating tires; compressors for motor vehicles; compressors for recovering and recycling refrigerant gases; compressors for refrigerators; compressors for scuba diving; concrete construction machines; concrete finishing machines; concrete mixers; concrete paving machines; concrete placing machines; concrete vibrators; condensed milk making machines; cone brakes being parts of machines; connecting rods for machines, motors and engines; construction rammers; continuous casting machines; continuous metal casting machines; continuous scouring and bleaching machines; conveyer belts; conveyor lines; conveyors; cooling radiators for motors and engines; core drilling bits; corn and grain husking machines; corn husking machines; corrugated cardboard manufacturing machines; corrugated paperboard making machines; couplings for machines; cranes; crank shafts; crankcases for components for motor cars; crankcases for machines; crankcases for motors and engines; crawler cranes; crawler-mounted bulldozers; crawler-tracked loaders; cream separators; current generators; cutting machines for metalworking; cyclone dust collectors; cyclones; cylinder heads for engines; cylinders for engines; cylinders for industrial machinery; cylinders for mills; cylinders for motors; cylinders for motors and engines; cylinders for use in the manufacture of chocolate; cylinders for use in the

manufacture of colorants; darning machines; DC generators; degreaser machines for motor vehicles; diamond-pointed metal-cutting tools; die-cutting and tapping machines; die-cutting machines; die-stamping machines; dies for use with machine tools; diesel airplane engines; diesel boat engines; diesel engines for concrete mixers; diesel engines for industrial machinery; diesel-engine heating plugs; diffusion pumps; dip-dyeing machines; direct current motors; disc brakes being parts of machines; dish washing machines for household purposes; dish washing machines for industrial purposes; dishwasher fittings; dishwasher racks being parts of a dishwasher; dishwashers; dishwashing machines for restaurants; disintegrators for chemical processing; dispensing valves being machine parts; dissolving machines for chemical processing; drain cocks; dredging machines; drill bits for rock drilling; drill chucks for power drills; drill presses; drilling machines for metalworking; drilling rigs; drills for the mining industry; drop-forging machines; dust collecting machines for chemical processing; dust filters and bags for vacuum cleaners; dynamo belts; dynamo brushes; dynamos; dynamos for bicycle; earth augers; earth compacting machines; earth moving scrapers; edible kelp processing machines; egg brooders; egg incubators; egr (exhaust gas recirculation) valves; electric and pneumatic hoists; electric arc welders; electric arc welding machines; electric brooms; electric carpet sweeper; electric chaff-cutters; electric chain saws; electric coffee mills; electric compressors; electric concrete vibrators; electric door closer; electric door openers; electric fan units for vacuum cleaners; electric food blenders; electric food blenders for household purposes; electric food choppers; electric food processors; electric food slicers; electric fruit presses for household use; electric fruit squeezers for household purposes; electric generators; electric graters; electric hammers; electric hand drills; electric hand-held drills; electric hedge shears; electric ice crushers; electric ice crushing machines; electric jacks; electric juice extractors; electric juicers; electric knives; electric lawn trimmers; electric lawnmowers; electric meat grinders; electric milk frothers; electric mixers for household purposes; electric motors for machines; electric nail guns; electric parquet wax-polishers; electric pasta makers for domestic use; electric pasta making machines; electric pepper mills; electric planers; electric planes; electric power generators; electric power generators for emergency use; electric power generators for ships; electric pulley blocks; electric rotary hammers; electric salt mills; electric screwdrivers; electric shearing machines; electric shoe polishers; electric soldering apparatus; electric soldering irons; electric starter motors; electric vacuum cleaners; electric vacuum cleaners and their components; electric washing machines for industrial purposes; electric welding machines; electric window closers; electric window openers; electrical coffee grinders; electrical drills; electrical juice extractors for fruit; electrical squeezers for fruit and vegetable; electrically operated curtain drawing machines; electrically powered windlasses; electricity generators; electricity winding wires; electrodes for welding machines; electrolysis apparatus for electroplating; electronic ignitions for vehicles; electroplating machines; electrostatic generators; elevator belts; elevator buckets; elevator chains being parts of machines; elevator doors; elevator gears; elevator lifts; elevator motors; elevators; elevators and parts of elevators; embossing printing machines; embroidery machines; emergency power generators; emulsifying machines for chemical processing; engine bearings; engine cooling radiators; engine cylinders; engine fuel pumps; engine injectors; engine timing components, namely, cam chains; engine timing components, namely, cam sprockets; engine timing components, namely, cam sprockets and chains; engines and motors for model vehicles, aircraft and boats; engines and motors for the generation of electricity; engines for air cushion vehicles; engines for boats; engines for industrial machinery; engines for model vehicles; engraving machines; envelope feeders; envelope stuffing and inserting packaging machines; envelope-inserting machines; escalators; etching apparatus for use in manufacturing display panels; excavating machines; excavators; exhaust manifold for engines; exhaust mufflers for motors; exhaust pipes for land vehicles; exhaust silencers for engines; extracting machines for chemical processing; extractor hoods for household purposes; extractors

for mines; extruding machines for metals; extrusion machines for plastic; extrusion moulding machines; fan belts; fan belts for motors and engines; fans for motors and engines; fans for the compression, sucking and carrying of grain; feed mills; feed mixers; felt carding machines; felt milling machines; felting machines; fertilizer distributing machines; fiber blowing and scutching machines; fiber blowing machines; fiber cutting machines; fiber scutching machines; filter presses for chemical processing; filter rod making machines; filters for cleaning cooling air for engines; fish paste making machines; fish-netting machines; fittings for engine boilers; fixed and mobile cranes; flap discs for power-operated grinders; flexographic printing machines; floating cranes; floating drilling rig; floor buffing machines; floor cleaning machines; floor polishers; floor polishing machines; floor sanders; floor sanding discs; floor washing machines; flour mill machines; flues for engine boilers; fluid couplings being parts of machines; fodder cutting machines; fodder mixing machines; fodder presses; food chopping machines for commercial use; food cutting machines for commercial use; food garbage disposals; food mixers; food mixing machines for commercial use; food peeling machines for commercial use; food slicing machines for commercial use; food vending machines; food waste disposals; forage crushers; forge bellows; forging machines; forging moulds; franking machines; free-form forging machines; front-end loaders; fuel and air mixture regulators being parts of internal combustion engines; fuel dispensing pumps for service stations; fuel injection systems for engines; fuel injector parts for land and water vehicle engines; fuel injectors; galvanizing machines; gantry cranes; garbage disposal machines; garbage disposal units; garbage disposals; garbage grinders; gas compressors; gas filters for engines; gas filters for motors; gas operated cutting blow pipes; gas operated power generators; gas pumps; gas turbines for airplanes; gas welding machines; gas-operated blow torches; gas-operated cutting blow pipes; gas-operated welding machines; gasifiers; gaskets for engines; gaskets for motors; gasoline lawn mowers; gear cutters for use as a machine tool; gear cutting and finishing machines; gears for weaving looms; generators for boats; generators for industrial machinery; generators for motor vehicles; generators for wind turbines; generators of electricity; glassware manufacturing machines; glaziers' diamonds being parts of machines; glow plugs for diesel engines; glue guns; graders; grain augers; grain elevators; grain husking machines; grain scourers; grain separating machines; grain separators; grain storage dust collectors; granulating machines for chemical processing; grating machines for vegetables; grinding machines for metalworking; grinding machines for the treatment of ceramics and metal; grinding mills for chemical processing; grinding tools for grinding machines; grissini; ground surface finishing and compacting machines; gumball machines; hair clipping machines for animals; hair cutting machines for animals; hair shearing machines for animals; hand cranked spin dryers; hand mixers; hand weaving looms; hand-held electric drills; hand-held electric hammers; hand-held pneumatic drills; hand-held pneumatic hammers; hand-held power driven grinders; hand-held vacuum cleaners; harrows; hay balers; hay binding machines; hay crushers and forage crushers; hay making machines; hay tedders; heel-making machines; hemming machines; high pressure washers; high pressure water jetting system for the gas and oil industry; high-pressure pumps for washing appliances and installations; high-voltage generators; hoisting drums; horning machines for metalworking; hoses for vacuum cleaners; hosiery looms; hot adhesive guns; hydraulic accumulators being parts of machines; hydraulic conveyors; hydraulic cylinders; hydraulic door closers; hydraulic door openers; hydraulic excavators; hydraulic hammers; hydraulic hoists; hydraulic intensifiers being parts of machines; hydraulic jacks; hydraulic lift tables; hydraulic motors for excavators; hydraulic presses for metalworking; hydraulic pumps; hydraulic torque converters for machines; hydraulic turbines; hydraulic window closers; hydraulic window openers; hydrogen dispensing pumps for service stations; ice-resurfacing machines; idling pulleys being parts of machines; ignition coils; ignition devices for motors of land vehicles; ignition magnetos for engines; ignitions for vehicles; impact wrenches; incubators for eggs; industrial balers; industrial machine presses; industrial robots;

industrial sewing machines; industrial steam engine boilers for power generation for machinery; injection molding machines; injection moulding machines; injection plastic molding machines; inking apparatus for printing blocks; inking apparatus for printing machines; intaglio printing machines; intake manifolds for internal combustion engines; internal combustion engines for boats; ironing machines for commercial use; Japanese style wooden clogs [Geta] shaping machines; jet engines; jib cranes; journal boxes that are parts of machines; juice extractors; key cutting machines; kick starters for motorcycles; kneading machines; kneading machines for chemical processing; knife grinding machines; knife sharpening machines; knitting machines; knives for mowing machines; label guns; lace making machines; lace making machines and parts thereof; laminated leaf-springs being parts of machines; laminating machines for industrial use; lapping machines; lapping machines for metalworking; laser engraving machines for woodworking; laser welding machines; lathes; lathes for metalworking; lattice mast cranes; lawn mower blades; lawnmowers; leather paring machines; leather tanning machines; line haulers; linear motors; lineman's pliers; locomotive cranes; loom shafts; looms; lumbering band saws; machine bearings; machine bellows; machine belt pulleys; machine coupling and belting; machine couplings; machine couplings and transmission components; machine fly-wheels; machine parts, namely, bearings; machine propellers; machine pulleys; machine tool for broaching; machine tools for breaking up road surface material; machine tools for breaking up road surfaces; machine tools for removing waste material; machine tools for the automotive industry; machine tools for the metalworking industry; machine tools for the textile industry; machines for banknote cleaning; machines for dyeing textiles; machines for flaking dried fish meat [kezuri-bushi making machines]; machines for molding plastics; machines for separating recyclable materials; machines for the mineralisation of drinking water; mangles; manufacturing machines for liquid crystal display devices; marine engines and parts and fittings thereof; marine mounted dock cranes; material handling buckets; matrices for use in printing; mechanical escalators; mechanical lawn mowers; mechanical presses for metalworking; mechanical railed lifting conveyors; mechanical seals; mechanical spreaders; mechanical winders and machines for forming coils with pipes made of plastic materials; mechanized livestock feeders; membrane filters for use as parts of machines; memory chip manufacturing machines; metal engine gaskets for vehicles; metal extrusion presses; metal forming machines; metal laminated leaf-springs for machinery; metal pulleys being parts of machines; metal sanding discs; metal sawing machines; metal working machines; metalworking machine tools; milk filtering machines; milk homogenizing machines; milking machines; milling cutters for milling machines; milling cutters machine tools; milling grinding motors; milling machines; milling machines and grinding machines for the treatment of ceramics and metal; milling machines for metalworking; milling machines for the treatment of ceramics and metal; millstones; mine borers; mineral water making machines; mining bits; mining drill sharpeners; miso making machines; mobile cranes; mobile dock cranes; mobile electric power generators; motors and engines used in industrial applications; motors for boats; moving sidewalks; moving staircases; moving walkways; mud dredging machines; mufflers for engines; mufflers for motors; mufflers for motors and engines; mulberry leaf chopping machines; multi-phase screw pumps; multi-purpose steam cleaners; nail guns; nailing machines; net hauling machines; nickel plating machines; noodle making machines; oil centrifuges; oil coolers for engines; oil filters; oil filters for engines; oil filters for motors; oil filters for motors and engines; oil hydraulic presses for metalworking; oil separators; oil well boring machines; oil well bridge plugs; oil well derricks; oil-well pumping machines; ore treating machines; outboard motors; overhead travelling cranes; oxy-acetylene welding and cutting machines; packaging machines; packaging machines for food; packing machines; paint guns; paint mixing machines; paint spray guns; painting machines; paper bag making machines; paper bags for vacuum cleaners; paper calendering machines; paper coating machines; paper cutting machines; paper reeling machines; paper sack making machines;

passenger elevators; pedal drives for sewing machines; pedal-powered spin dryer; perforating machines for metalworking; photo-engraving machines; photogravure printing presses; pigs for cleaning pipes; pile drivers; pile-drivers; pile-extractors; piston rings; piston rings being engine parts; piston rings for motors; piston segments; pistons; pistons for cylinders; pistons for engines; plaiting machines; planetary gear motors; planing machines for metalworking; planographic printing machines; plastics molding machines; ploughshares; plunger pistons; plywood clipping machines; plywood finishing machines; plywood gluing machines; plywood jointing machines; plywood presses; pneumatic conveyors; pneumatic door closers; pneumatic door openers; pneumatic grease guns; pneumatic hammers; pneumatic hoists; pneumatic jacks; pneumatic nail guns; pneumatic pumps; pneumatic screwdrivers; pneumatic shears; pneumatic transporters; pneumatic tube conveyors; pneumatic waste oil drainers; pneumatic window openers; portable electric spin dryer; portable saw mills; positive displacement pumps; potters' wheels; power blowers for lawn debris; power chain saws; power drill bits; power hammers; power jacks; power looms; power operated boat lifts; power operated cultivators; power operated hedge trimmers; power operated jacks; power operated potters' wheels; power saws; power shovels; power tillers; power tool motors; power tools; power transmission belts for industrial machinery; power transmission belts for machines; power transmission belts for machines, motors and engines used in industrial applications; power transmissions and gearing for machines; power winches; power-operated flour mills; power-operated lifts for moving, parking and storing land vehicles; power-operated meat mincers; power-operated ski sharpening machines; power-operated sprayers for insecticides; power-operated tire removing and installing machines; press dies for metal forming; pressure washers; printing cylinders; printing machines for textile; printing machines for use on sheet metal; printing plates; printing presses; printing presses for ceramic material; printing rollers; printing rollers for machines; puddling machines; pulp making machines; pulp processing machines; pulp refining machines; pump diaphragms; pump impellers; pump seals; pumps and compressors as parts of machines, motors and engines; pumps as parts of machines, motors and engines; pumps for counter-current swimming; punching presses for metalworking; push rods for engines; rack and pinion jacks; racket stringing machines; racquet stringing machine; radial drills; radiators for motors and engines; radiators for vehicles; rail-laying machines; railway wagon lifts; raising machines for textile treating; ramie barking machines; ramie brushing machines; ramjet engines for airplanes; reamers being machine tools; reapers; reapers and binders; reapers and threshers; rechargeable hedge cutters; reciprocating vacuum pumps; recoil starters for engines for generators; recoil starters for engines for lawn mowers; reduction gears being parts of machines; reels for weaving looms; refrigerator compressors; refuse crushing machines; rice grain sorting machines; rice huskers; rice husking machines; rice polishing machines; rivet guns; road paving machines; road rollers; road sanders; road scrapers; road sweepers; robotic controlled mechanical parking lifts for multi-layered parking; robotic vacuum cleaners; rock drills; rocker arms for engines; rocker arms for motors; rocket engines; rocket engines for spacecraft; roller bearings for conveyor belts; roller bearings for industrial machinery; roller bearings for machines; roller bridges; roller chains being parts of machines; roller chains for engines; roller conveyors; rollers for rotary printing machines; rolling machines for rolling metals; rolling mill cylinders; rolling mills; rolling mills for metalworking; root slicing machines; rope making machines; rotary blowers; rotary brushes for machines; rotary lobe pumps; rotary presses for textiles; rotary printing presses; rotary pumps; routing machines; roving machines; rubber forming machines; rubber mixing machines; rubber mixing rolls being parts of rubber mixing machines; rubber tracks being parts of crawlers on agricultural machines; rubber tracks being parts of crawlers on construction machines; rubber tracks being parts of crawlers on mining machines; rubber tracks being parts of crawlers on snow ploughs; safety valves; sand cleaning machines; sand sorting machines; sand-blasting apparatus; sanders; sanding machines for woodworking; sausage machines; sausage making machines; saw

machines; saw-tooth setting machines for lumbering or woodworking saws; scale collectors for machine boilers; screw conveyors; screw grinding machines; screw pumps; sealing machines for industrial packaging; self-oiling bearings; self-regulating fuel pumps; semiconductor making machines; semiconductor wafer processing equipment; separating machines for chemical processing; servo-valves; servomotors; sewage pulverisers; sewage pulverizer machines; sewage pulverizers; sewage pulverizers being machines; sewing machine attachments; sewing machine parts; sewing machines; sewing machines for household purposes; sewing robots; shaft couplings; shaping machines for japanese style wooden clogs [geta]; shaping machines for metalworking; sheaf-binding machines; shearing machines for animals; shearing machines for metalworking; sheet-continuity sequencing machines; sheet-inserting machines; shock absorbers for industrial machinery; shock absorbers for machines; shoe making machines; shredder machines for industrial use; shredders for industrial use; sidewalks; silencers for motors and engines; silk screen printing machines; silk yarn bundling machines; silk yarn re-reeling machines; silk yarn reeling machines; silkworm egg washing machines; sintering machines for chemical processing; sizing machines; skate blade sharpeners; sliders for knitting machines; slides for knitting machines; slotting machines for metalworking; snow blowers; snow grooming equipment; snow ploughs; snow plows; snowblowers; soda-pop making machines; soldering irons; soldering lamps; soldering machines; soldering torches; sorting machines for chemical processing; soy sauce making machines; spark plugs; spark plugs for aircraft; sparking plugs for internal combustion engines; speed change gears being parts of machines; speed governors for machines, engines and motors; spinning boxes for open-end rotor spinning machines; spinning frames; spinning wheels; spray damping machines for textile treatment; spray guns for paint; spring shock absorbers for machines; staged and segmented conveyors; stair lifts; stamping machines; staple fiber cutting machine; starter alternators; starters for engines; starters for motors; starters for motors and engines; stators for machines; steam cleaners for household purposes; steam cleaning machines; steam engine boilers; steam engines; steam marine engines; steam mops; steam operated power generators; steam pressure variation engines; steam traps; steamrollers; stereotype machines; strapping machines; straw bale tightening machines; straw rope finishing machines; straw rope making machines; suction cups for milking machines; suction nozzles for vacuum cleaners; Sugar making machines; sump pumps; swaging machines; swimming pool pumps; tambours for embroidery machines; taps for use with machine tools; tea leaves sorting machines; tea processing machines; teat cups for milking machines; tedding machines; tenoning machines; textile calendering machines; textile scutching machines; textile tentering machines; textile washing machines for industrial purposes; thermostatic control valves for machines; thread milling cutters for machines; threading machines; threshing machines; thrusters for industrial machinery; tile removal and cutting machines; tilling machines for agricultural purposes; tilt hammers; timber harvesting machinery; timing belts for engines for land vehicles; timing belts for industrial motors; timing belts for machines used in industrial applications; timing belts for motors and engines used in industrial applications; tobacco processing machines; tool bits for metalworking machines; tool grinding machines; toolholder machine parts for metalworking machines; top drives for oil well drilling; torque converters; tower cranes; tractor towed harrows; tractor-towed fertilizer distributors; tractor-towed harrows; transmission belts for machines; transmission gears for industrial machinery; transmission shafts for boats; transmissions for industrial machinery; transmissions for machines; trash compacting machines; trash compactors; trawl winches; tree stump cutters; trench cutters; truck cranes; truck lifts; truck mills for mining purposes; trussing apparatus for hay; tubing mills for metalworking; tunnel boring machines; turbine generators; turbines for generation of electricity; turbines for jet engines; turbines for steam plants; turbocompressors; turboprop engines for aircraft; turf removing ploughs; turntable drive belts; type-setting machines; typesetting machines; typesetting machines; typographic machines; typographic presses; unloading cranes;

vacuum cleaner attachments; vacuum cleaner bags; vacuum cleaner hoses; vacuum cleaner nozzles; vacuum cleaners; vacuum cleaners for household purposes; vacuum cleaners for industrial purposes; vacuum packing machines; vacuum pumps; vacuum shredders for clearing debris; valves as machine components; valves being parts of machines; valves for industrial machinery; vegetable grating machines; vehicle washing installations; vehicle washing machines; vending machines; veneer manufacturing machines; waggon lifts; washing machines; washing machines for household purposes; waste and trash conveying machines; waste and trash separator machines; waste compacting machines; waste crushing machines; waste material conveying machines; water well boring machines; welding electrodes; welding machines; welding torches; well drilling machines; wet decatizing machines; wet scrubbers; wheelchair lifts; wheels for industrial machinery; winch motors; winches; wind turbines; windlasses; wine presses; winnowers; wire drawing machines; wire extruding machines; wire forming machines; wire hoists; wire welding machines; wire-coiling machines; wood beating machines; wood chipping machines; wood cutting machines; wood drilling machines; wood grinding machines; wood lathes; wood milling machines; wood planing machines; wood sawing machines; woodworking dust collectors; woodworking saw-tooth setting machines; wringing machines for laundry; yarn drawing frames; yarn reeling machines; yarn singeing machines; yarn slivering and combing machines; yarn spinning machine; yarn spinning machines; yarn stretching machines; yarn twisting machines; yarn warping machines; yarn winding machines

decks; audio cassette decks for automobiles; audio cassette players; audio cassette players for automobiles; audio cassette recorders; audio circuit boards; audio frequency amplifiers; audio mixers; audio mixing desks; audio receivers; audio speaker enclosures; audio speakers; audio tape recorders; audio tape recordings; audio tapes featuring music; audio transformers; audio- and video-receivers; audio-video receivers; audio/video cable connectors; audio/video cables; audiovisual headsets for playing video games; audiovisual receivers; augmented reality software for creating maps; autocollimators; automated bank note sorting machines; automated banking machines; automated cash machines; automated laundry detergent dispensers; automated teller machines; automated teller machines (ATM); automatic altitude indicators; automatic answering machines; automatic cash registers; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic controllers for revolving doors; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; automatic ion-exchange chromatography apparatus for laboratory use; automatic solar tracking sensors; automatic switchboards; automatic telegraph apparatus; automatic telephone dialers; automatic telephone diallers; automatic telephone exchanges; automatic teller machines; automatic ticket dispensers; automatic time switches; automatic transfer switches; automatic valves; automobile airbag deactivation switches; automobile stereo adapters; automotive batteries; automotive battery chargers; automotive fuses; autotransformers; avalanche probes; baby alarms; baby monitors; baby scales; backlit signs; bags adapted for laptops; bags and cases specially adapted for holding or carrying portable telephones and telephone equipment and accessories; bags for cameras and photographic equipment; bags specially adapted for cameras and photographic equipment; balaclavas for protection against accidents, irradiation and fire; ballasts for electric lighting apparatus; ballasts for fluorescent lamps; ballasts for gas discharge lamps; ballasts for halogen lamps; ballasts for halogen lights; banana plugs; banknote acceptors; banknote counting machines; banknote sorting machines; bar code printers; bar code readers; bar code scanners; bar-code scanners; barcode readers; barcode scanner; barcode scanners; barometers; baseball batting helmets; baseball catchers' helmets; bathroom scales; batteries for cell phones; batteries for cellular telephones; batteries for electronic cigarettes; batteries for electronic cigars; batteries for hearing aids; batteries for mobile phones; batteries for mobile telephones; batteries for pocket lamps; batteries for pocketlamps; batteries for use in hearing aids; battery boxes; battery cables; battery cases; battery chargers for cell phones; battery chargers for cellular phones; battery chargers for electronic cigarettes; battery chargers for use with telephones; battery jars; battery jump starters; battery plates; battery starter cables; battery testers; batting helmets; beacon lights; beeper carrying cases; bellows for cameras; betatrons; bicycle flashing safety lights; bicycle helmets; bicycle speedometers; bifocal contact lenses; bifocal eyeglasses; bifocal lenses for eyeglasses; bifocal lenses for spectacles; bifocal spectacles; binders adapted for compact discs; binders for CDs; binocular cases; binocular covers; binoculars; biochip sensors; biohazard suits; biological microscopes; biological safety cabinets for laboratory use; biometric fingerprint readers; biometric fingerprint scanners; biometric hand readers; biometric hand scanners; biometric retinal scanners; biometric voice recognition systems; biomicroscopes; bioreactor for cell culturing; bioreactors for cell culture; BIOS [basic input/output system] software; bipods for cameras; black box data recorders for airplanes; blank audio cassettes; blank audio compact discs; blank audio digital discs; blank audio discs; blank audio tapes; blank audiotapes; blank cassettes; blank CD-ROMs; blank CD-ROMs for sound or video recording; blank CDs; blank compact discs; blank computer discs; blank digital audio discs; blank digital audio tapes; blank digital audiotapes; blank digital versatile discs; blank digital videodiscs; blank discs for computers; blank diskettes; blank DVDs; blank flash memory cards; blank floppy computer discs; blank floppy discs; blank hard discs; blank hard disks for computers; blank integrated circuit cards; blank laser

discs; blank magnetic discs; blank magnetic tapes for tape recorders; blank optical discs; blank optical disks; blank record disks; blank recordable DVDs; blank secure digital (SD) memory cards; blank smart cards; blank USB cards; blank USB flash drives; blank video cassettes; blank video tapes; blank videocassettes; blank videodiscs; blank videotapes; blueprinting machines; body-tubes for microscopes; books recorded on disc; books recorded on tape; boom poles; boom poles for sound transmission apparatus; booms for microphones; boost gauges; booster cables; boots for protection against accidents; boots for protection against fire; boots for protection against irradiation; borescopes; boxes adapted for slides; boxing head guards; boxing helmets; brackets for setting up flat screen television sets; brackets for setting up flat screen TV sets; brake fluid testers; breathing apparatus for underwater swimming; bridges for eyeglass frames; bridges for spectacle frames; broadband radios; bubble levels; bullet proof glass; bullet resistant vests; bullet-proof clothing; bullet-proof personal protection shields in the form of a backpack; bullet-proof vests; bullet-proof waistcoats; bullet-resistant vests; bullet-resistant waistcoats; bulletproof clothing; bulletproof vests; bullhorns; buoyancy bladders for diving; buoyancy helmets; burettes; burglar alarms; cabinets for loudspeakers; cable connectors; cable jump leads; cable modems; cable television converters; cable television receivers; cable television transmitters; cables for electrical signal transmission systems; cables for transmitting and receiving cable television signals; calculators; calibrated glassware; calibrated photovoltaic reference cells; calipers; call bells; call processors; calorimeters; camcorder cases; camcorder covers; camcorders; camera adapters; camera bags; camera batteries; camera battery chargers; camera bellows; camera bipods; camera brackets; camera cases; camera containing a linear image sensor; camera covers; camera filters; camera flashes; camera goggles; camera hoods; camera lenses; camera monopods; camera shutters; camera spools; camera straps; camera sunshades; camera tripods; cameras; cameras for monitoring and inspecting equipment in a nuclear power station; cameras for self-developing film; cameras for self-developing films; cameras shutters; cameras with linear image sensors; candy thermometers; capacitive styluses for touch screen devices; capacitors; capillary tubes; car aerials; car antennas; car broadcasting tuners; car cassette players; car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands free; car navigation computers; car radios; car stereos; car televisions; car video recorders; car videorecorders; carbon dioxide detectors; carbon monoxide detectors; carbon nanotubes for use in extremely small scale electronic and mechanical applications; card punching and sorting machines for data processing; card readers for credit cards; card readers for magnetically encoded cards; card reading equipment; carpenter's levels; carpenters' folding rules; carpenters' rules; carrying cases adapted for computers; carrying cases and containers for contact lenses; carrying cases for cell phones; carrying cases for cellular phones; carrying cases for contact lenses; carrying cases for digital music players; carrying cases for mobile telephones; carrying cases for notebook computers; carrying cases for portable music players; carrying cases for radio pagers; carrying cases specially adapted for computer printers; cases adapted for camcorders; cases adapted for cameras; cases adapted for CD players; cases adapted for cellular phones; cases adapted for compact disc players; cases adapted for computers; cases adapted for DVD players; cases adapted for mobile phones; cases adapted for mobile telephones; cases adapted for MP3 players; cases adapted for netbook computers; cases adapted for notebook computers; cases adapted for photographic equipment; cases adapted for sunglasses; cases adapted for video cameras; cases fitted for dissecting instruments; cases for binoculars; cases for children's eye glasses; cases for children's spectacles; cases for compact discs; cases for contact lenses; cases for diskettes; cases for diskettes and compact disks; cases for electronic diaries; cases for eyeglasses; cases for eyeglasses and sunglasses; cases for laptops; cases for mobile phones; cases for MP3 players; cases for personal digital assistants; cases for photographic cameras; cases for pince-nez; cases for pocket calculators; cases for satellite navigation devices; cases for smartphones; cases for

spectacles; cases for spectacles and sunglasses; cases for spectacles, for pince-nez and for contact lenses; cases for sunglasses; cases for telephones; cases for video cameras; cash dispensing machines; cash registers; cassette players; cassette players for cars; cassette recorders; cassette tape players; catchers' helmets; cathode ray tubes; cathode-ray tubes; cathodes; CD burners; CD cases; CD drives for computers; CD music recordings; CD players; CD storage wallets; cd-rom drives; CD-ROM writers; CD-ROMs containing computer games; CD-ROMs containing encyclopedias; CD-ROMs containing music; CDs containing audio recordings of dramatic performances; CDs containing audio recordings of live comedic performances; CDs containing audio recordings of live musical performances; cell phone antennas; cell phone batteries; cell phone battery chargers; cell phone battery chargers for use in vehicles; cell phone cases; cell phone cases made of leather or imitations of leather; cell phone covers; cell phone holders; cell phone straps; cell phones; cellular phone batteries; cellular phone battery chargers for use in vehicles; cellular phone cases; cellular phone straps; cellular phone transmission towers; cellular phones; cellular telephone batteries; cellular telephone covers made of cloth or textile materials; cellular telephone straps; cellular telephones; cellular television towers; cement testing machines; central processing unit [CPU] clocks; central processing unit [CPU] coolers; central processing unit [CPU] fans; central processing unit coolers; central processing units; centrifuges for laboratory use; centrifuges used as laboratory apparatus; chains and cords for sunglasses; chains for eyeglasses; chains for pince-nez; chains for spectacles; chains for spectacles and for sunglasses; chains for sunglasses; change-over switches for telecommunication apparatus; changeover switches for telecommunication apparatus; chargers for electric toothbrushes; chargers for electronic cigarettes; charging stations for electric vehicles; chemical exposure protective clothing; chemical exposure protective footwear; cheque encoding machines; children's eye glasses; children's eyeglasses; children's spectacles; chin straps for American football helmets; chin straps for athletic use; chin straps for football helmets; chip card readers; chip coils; choking coils for use in electrical apparatus; chromatography apparatus for laboratory use; chromatography columns for laboratory use; chronographs for use as specialized time recording apparatus; cine cameras; cine projectors; cinematographic cameras; cinematographic projectors; circuit boards; circuit boards provided with integrated circuits; circuit breakers; circuit breakers and circuit closers; circuit testers; circuits for heavy current; circular slide rules; clear protective covers adapted for cellular phones; clear protective covers adapted for mobile phones; clear protective covers adapted for MP3 players; clear protective covers adapted for personal digital assistants; clear protective covers adapted for smartphones; climate control digital thermostats; clinical centrifuges; clinometers; clinometers for measuring of angles and slopes; clip-on flashing safety lights; clock generators for computers; closed circuit television; closed circuit television cameras; clothing and gloves for use in welding for protection against accidents or injury; clothing for protection against biological hazards; clothing for protection against chemicals and radiation; clothing for protection against fire; coaxial cables; coaxial cables incorporating filters; coaxial connection gender changers; coelostats; coin changers; coin counting and sorting machines; coin counting machines; coin sorters; coin sorting machines; coin-operated gates for car parking facilities; coin-operated gates for parking lots; coin-operated mechanisms for operating gates for car parking lots; coin-operated mechanisms for television sets; coin-operated mechanisms for vending machines; coin-operated musical automata; collimators; color filters for liquid crystal displays; color filters for television and motion picture film cameras; color laser printers; colorimeters; colour filters for liquid crystal display [LCD] screens; colour filters for television and cinematographic cameras; colour filters for television and motion picture film cameras; colour laser printers; colour printers; colour separation films; combination carbon monoxide and smoke detectors; combination video players and recorders; communications computers; compact digital cameras; compact disc cases; compact disc drives for computers; compact disc players; compact

discs containing computer games; compact discs containing encyclopedias; compact discs containing music; compact discs featuring music; comparators; compressed air bailout units for diving; computer accelerator boards; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer cases; computer central processing units; computer chassis; computer chips; computer chipsets; computer chipsets for use in transmitting data to and from a central processing unit; computer communications software to allow customers to access bank account information and transact bank business; computer daughterboards; computer disc drives; computer disk/disc drives; computer display monitors; computer display screens; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer fingerprint imaging software; computer fingerprint scanning software; computer game cartridges; computer game cassettes; computer game programmes; computer game programs; computer game software; computer game tapes; computer games; computer games downloadable from a global computer network; computer games for use on mobile and cellular phones; computer graphics boards; computer graphics cards; computer hardware; computer hardware and computer software for database management; computer hardware and software for database management; computer hardware and software for setting up and configuring local area networks; computer hardware for network access servers; computer hardware for telecommunications; computer heat sinks; computer interface boards; computer interface cards; computer joysticks; computer keyboards; computer keypads; computer memory expansion modules; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer mouse; computer mouse mats; computer mouse pads; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network server; computer network switches; computer network-attached storage [NAS] hardware; computer networking hardware; computer operating programmes; computer operating programs; computer operating recorded programs; computer operating system software; computer operating systems; computer parallel ports; computer power supplies; computer printers; computer programmes for document management; computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing; computer programs and computer software for electronic trading of securities; computer programs and software for image processing; computer programs for connecting to remote computers and computer networks; computer programs for processing digital music files; computer programs for searching remotely for content on computers and computer networks; computer programs for searching the contents of computers and computer networks by remote control; computer programs for using the Internet and the World Wide Web; computer programs used for electronic cash register systems; computer scanners; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer software and databases for use in diagnosis, repair and configuration of computers; computer software featuring mathematical algorithms and indices for use in analyzing and evaluating dairy cow health and productivity; computer software for administration of computer local area networks; computer software for assisting developers in creating program code for use in multiple application programs; computer software for computer-aided design /computer-aided manufacturing [CAD/CAM]; computer software for controlling and managing access server applications; computer software for controlling and operating laser rangefinders; computer software for converting document images into electronic formats; computer software for creating and editing music; computer software for creating and editing music and sounds; computer software for creating and inserting metatags into documents and information; computer

software for creating computer games; computer software for creating searchable databases; computer software for creating video games; computer software for creating, sending and receiving e-mail; computer software for database management; computer software for digital animation and special effects of images; computer software for displaying orders and driver locations on maps; computer software for fingerprint imaging; computer software for fingerprint scanning; computer software for global positioning systems; computer software for image processing; computer software for logistics, namely, software for tracking documents, packages and freight; computer software for managing retail store customer accounts; computer software for medical imaging; computer software for oil and gas reservoir analysis; computer software for optical character recognition; computer software for organizing and viewing digital images and photographs; computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants; computer software for processing digital images; computer software for processing digital music files; computer software for running development programs and application programs in a common development environment; computer software for the collection of statistical production data for oil and gas field operations; computer software for the creation of firewalls; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use as a spreadsheet; computer software for use in cancer diagnosis; computer software for use in controlling and improving computer processing speed; computer software for use in creating and designing web sites; computer software for use in generating streaming advertisements on the web sites of others; computer software for use in managing and controlling production schedules, shipping schedules, purchase of materials, inventories and accounts; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for validating address and zone information; computer software for word processing; computer software that allows transmission of graphics to mobile telephones; computer software to automate data warehousing; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to cellular telephones; computer software to enable the transmission of photographs to mobile phones; computer software to enable the transmission of photographs to mobile telephones; computer software, namely cryptocurrency blockchain for peer-to-peer sharing of financial data; computer software, namely cryptocurrency tokens for facilitating commercial transactions; computer speakers; computer stands; computer stands specially designed for holding a computer, printer and accessories; computer styluses; computer terminals; computer touch screens; computer touchscreens; computer user manuals in electronic format; computer user manuals in the form of downloadable electronic publications; computer utility file compression programs; computer utility file storage programs; computer utility programs for adding or repartitioning a hard disk drive; computer utility programs for data compression; computer utility programs for file management; computer utility programs for managing, scheduling, queuing and execution of batch jobs; computer utility programs for providing diagnostic details on devices installed in a computer system; computer utility programs for testing and evaluating a computer monitor or video display for optimum image and picture quality; computer utility virus protection programs; computer video games; computer video games downloaded via the internet; computer whiteboards; computerised personal organisers; computerized time clocks with fingerprint recognition; computers; computers and computer hardware; computers and instructional manuals in electronic format sold as a unit; computers for managing control devices for aircraft; computers for use in data management; concentration meters; concrete testing machines; connecting electrical cables; connections for electric lines; connectors for electronic circuits; constant humidity incubators for laboratory use;

constant temperature incubators for laboratory use; contact lens blanks; contact lens cases; contact lens containers; contact lenses; containers for contact lenses; containers for microscope slides; continuity testers; control panels for elevators; control panels for security alarms; converters for electric plugs; convex security mirrors; coolant-temperature sensors; copper panels for circuit boards; cordless telephones; cords for eyeglasses; cords for pince-nez; cords for spectacles; cords for sunglasses; correcting lenses; corrective eyeglasses; corrective glasses; corrective spectacles; cotton swabs for laboratory use; counterfeit coin detectors; covers for binoculars; covers for camcorders; covers for cameras; covers for cellular phones; covers for cellular telephones; covers for electric outlets; covers for laptops; covers for mobile telephones; covers for MP3 players; covers for personal digital assistants; covers for personal digital assistants [PDAs]; covers for smartphones; covers for tablet computers; covers for video cameras; craft magnets; crash helmets; crash helmets for motorcyclists; crash test dummies; credit card encoding machines; credit card terminals; credit card-style USB flash drives; credit cards; credit screening software; cross beam depth gauges; cruise controls for motor vehicles; currency recognition machines; currency sorting machines; current converters; current rectifiers; current transformers; cut-out switches; cyclists' glasses; cyclotrons; daisy wheel printers; darkroom lamps; dashboard cameras; data cables; daughterboards; DC to AC converters; DC to AC inverters; DC/AC inverters; DC/DC converters; decibel meters; decision circuits; decompression chambers; decorative covers for smoke detectors; decorative dials for thermostats; decorative fridge magnets; decorative magnets; decorative magnets in the shape of animals; decorative magnets in the shape of letters; decorative refrigerator magnets; decorative switch plate covers; decorative wind socks for indicating wind direction; demagnetizers; demagnetizers for magnetic tapes; demagnetizing apparatus for magnetic tapes; demodulators; demultiplexers; densimeters; densitometers; depth gauges; desk mounted unit incorporating a loudspeaker to allow a telephone handset to be used hands-free; desk or car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands-free; desktop computers; desktop printers; desktop publishing software; diagrams for model aircraft circuits; dictating machines; dictation machines; dictionaries in electronic form; diesel oil emission testers; diesel-electric locomotives; differential switches; digital audio tape players; digital audio tape recorders; digital audiotape players; digital book readers; digital books downloadable from the Internet; digital camcorders; digital camera lights; digital camera memory cards; digital cameras; digital cameras for industrial use; digital cellular phones; digital cellular telephones; digital color copiers; digital color photocopiers; digital color printers; digital colour copiers; digital colour photocopiers; digital colour printers; digital compact disc players; digital disc drives; digital door locks; digital egg timers; digital force gauges; digital input and output scanners; digital laser levels; digital meat thermometers; digital mixing desks; digital mobile phones; digital mobile telephones; digital music downloadable from internet; digital music downloadable from the Internet; digital music players; digital notepads; digital organizers; digital panel meters; digital pH meters; digital photo cameras; digital photo frames; digital photo viewers; digital photo-optical systems; digital plotters; digital signage display panels; digital signage monitors; digital signal processors; digital single lens reflex cameras; digital single-lens reflex (dslr) cameras; digital sound processors; digital still cameras; digital tablets; digital telephones; digital to analogue converters; digital torque gauges; digital versatile disc drives; digital versatile disc player; digital versatile disc players; digital versatile disc recorders; digital video cameras; digital video disk players; digital video players; digital voice recorders; digital voice signal processors; digital weather stations; digital-to-analog converters; digital-to-analogue converters; digitizer tablets; digitizing tablets; dimmer switches; diode arrays; direct current converters; direction-finders; directional compasses; dish aerials; dish antennas; disk drives for computers; dispersion shifted optical fibres; display screen filters; display screen filters adapted for use with computer monitors; display screen filters adapted for use with tablet computers; display screen filters adapted for use with televisions;

disposable cameras; disposable dispenser syringes for laboratory use; disposable gloves for laboratory use; disposable latex gloves for laboratory use; disposable plastic bioreactors for cell culture; disposable plastic bioreactors for culturing cells; disposable plastic gloves for laboratory use; distance sensors; distillation columns for laboratory use; distribution boxes for electrical power; distribution transformers; dive computers; divers masks; divers' masks; diving boots; diving gloves; diving goggles; diving heel straps; diving helmets; diving masks; diving regulators; diving snorkels; diving suits; diving weight belts; diving weights; DMB (Digital Multimedia Broadcasting) televisions; DMB televisions; docking stations for cell phones; docking stations for cellular phones; docking stations for digital music players; docking stations for laptops; docking stations for mobile phones; docking stations for MP3 players; docking stations for smartphones; dog whistles; door alarms; door chimes; dosage dispensers; dosimeters; dot matrix printers; downloadable application for mobile phones to download video games via the internet; downloadable applications for handheld computers to download music, movie and television graphics; downloadable applications for handheld computers to download video games; downloadable applications for handheld computers to enable the streaming of movies and television shows; downloadable applications for handheld computers to enable the streaming of music; downloadable applications for handheld computers to read periodicals; downloadable applications for handheld computers to take and edit photographs; downloadable applications for mobile phones to enable the streaming of movies and television shows; downloadable applications for mobile phones to enable the streaming of movies and television shows;; downloadable applications for mobile phones to enable the streaming of music; downloadable applications for mobile phones to read periodicals; downloadable applications for mobile phones to take and edit photographs; downloadable applications for mobiles phones to download music, movie and television graphics; downloadable applications for mobiles phones to download video games; downloadable applications for tablet computers to download music, movie and television graphics; downloadable applications for tablet computers to download video games; downloadable applications for tablet computers to enable the streaming of movies and television shows; downloadable applications for tablet computers to enable the streaming of movies and television shows;; downloadable applications for tablet computers to enable the streaming of music; downloadable applications for tablet computers to read periodicals; downloadable applications for tablet computers to take and edit photographs; downloadable comic strips; downloadable computer desktop wallpaper; downloadable computer games; downloadable computer graphics; downloadable digital audio recordings of television shows and movies; downloadable digital books; downloadable digital music; downloadable digital video recordings of television shows and movies; downloadable electronic books; downloadable electronic games; downloadable electronic games for use with mobile telephones, handheld computers and tablet computers; downloadable electronic newspapers; downloadable electronic publications in the nature of magazines; downloadable electronic sheet music; downloadable emoticons for mobile phones; downloadable graphics for mobile phones; downloadable metronome software applications; downloadable multimedia news podcasts; downloadable multimedia news webcasts; downloadable multimedia news weblogs; downloadable music; downloadable music files; downloadable music for mobile telephones, handheld computers and tablet computers; downloadable printing fonts; downloadable radio podcasts; downloadable ring tones and graphics for hand-held computers; downloadable ring tones and graphics for mobile phones; downloadable ring tones and graphics for tablet computers; downloadable ring tones for cell phones; downloadable ring tones for cellular telephones; downloadable ring tones for mobile phones; downloadable ring tones for mobile telephones; downloadable sports tournament webcasts; downloadable telephone ring tones; downloadable television shows and movies; downloadable templates for designing audiovisual presentations; downloadable video games; downloadable video recordings featuring music; downloadable

wallpaper for handheld computers; downloadable wallpaper for mobiles telephones; downloadable wallpaper for tablet computers; drainers for use in photography; dressmakers' measures; dry cells; drying ovens for laboratory use; drying racks for photography; ductility testers; ducting for electric cables; ducts for electric cables; dust covers for computers; dust emission monitors; dust goggles; dust masks; dust protection masks; dust protective goggles; dust protective goggles and masks; dust protective masks; dustproof glasses; dustproof plugs for cell phone jacks; dustproof plugs for cellular phone jacks; dustproof plugs for cellular telephone jacks; dustproof plugs for jacks of mobile phones; dustproof plugs for mobile phone jacks; dustproof plugs for mobile telephone jacks; DVD burners; DVD cases; DVD drives; DVD players; DVD recorders; DVD sleeves; DVDs containing movie recordings; DVDs containing recordings of television shows and movies; dynamometers; e-book readers; e-commerce software to allow users to perform electronic business transactions via a global computer network; ear buds; ear pads for eyeglass frames; ear pads for headphones; ear pads for spectacle frames; ear phones; ear plugs for divers; earbuds; earphones; earphones and headphones; echo sounders; echo sounding devices; editing appliances for cinematographic films; editing machines for movie films; educational software containing topics of instruction in astronomy; educational software containing topics of instruction in math; educational software containing topics of instruction in nutrition; educational software for children; effects pedals for use with electrical musical instruments; egg timers; egg-candlers; electric accumulators for vehicles; electric adapter cables; electric and electronic effects units for musical instruments; electric and electronic musical effects equipment; electric and electronic video surveillance installations; electric batteries for powering electric vehicles; electric batteries for vehicles; electric buzzers; electric cable connectors; electric cables; electric cables and wires; electric call bells; electric capacitors; electric capacitors for telecommunication apparatus; electric circuit closers; electric coils; electric connectors; electric control panels; electric converters; electric discharge tubes; electric door bells; electric door chimes; electric double layer capacitors; electric fences; electric flasher switches; electric fuse boxes; electric fuses; electric light dimmers; electric light switches; electric locks for vehicles; electric outlet covers; electric phonographs; electric plugs; electric pocket translators; electric power converters; electric relays; electric resistors; electric resistors for telecommunication apparatus; electric sockets; electric storage batteries; electric switch plates; electric toy train transformers; electric transformers; electric transformers for toy trains; electric voltage transformers; electric wire harnesses for automobiles; electric wires; electric wires and cables; electric wires and connection fittings therefor; electrical and electronic burglar alarms; electrical and optical cables; electrical bare wires; electrical cables; electrical circuit boards; electrical circuits; electrical coils; electrical conductors for electric motors; electrical conductors for transformers; electrical connection boxes; electrical connectors for junction boxes; electrical connectors for power converters; electrical control systems for heating and air conditioning systems; electrical control systems for lighting systems; electrical controllers for diesel engines; electrical controllers for pizza ovens; electrical controllers for traffic lights; electrical controls for irrigation sprinkler systems; electrical converters; electrical cords; electrical distribution boxes; electrical ducts; electrical extension cords; electrical fuse boxes; electrical fuses; electrical industrial controls for conveyor systems in underground mines; electrical industrial controls for monitoring waste water treatment; electrical outlet plates; electrical outlets; electrical plugs; electrical plugs and sockets; electrical power connectors; electrical power distribution blocks; electrical power extension cords; electrical raceways; electrical relays; electrical relays and transformers; electrical resistors; electrical signal attenuators; electrical sockets; electrical storage batteries; electrical terminal blocks; electrical terminal boxes; electrical transformers; electrical transformers for telecommunication apparatus; electrical wire; electrical wires; electricity conduits; electricity distribution consoles; electricity meters; electrified fences; electrified rails for mounting spot lights; electroacoustic transducers; electrodes for laboratory research; electrodynamic

apparatus for the remote control of railway points; electroluminescent display panels; electrolysis apparatus for producing hydrogen and oxygen from water; electrolytic cells; electromagnetic coils; electromagnetic frequency detectors; electromagnetic measuring detectors; electromagnetic relays; electromagnetic switches; electromagnets; electromechanical controls for airplanes; electromechanical controls for room thermostats; electromechanical controls for swimming pools; electromechanical controls for water heaters; electron guns; electron microscopes; electron tubes; electronic access control systems for interlocking doors; electronic agendas; electronic audio signal processors for compensating sound distortion in speakers; electronic ballasts for lamps; electronic book reader covers; electronic book readers; electronic books; electronic burglar alarms; electronic cables; electronic calculators; electronic card readers; electronic cash registers; electronic chips for the manufacture of integrated circuits; electronic cigar batteries; electronic cigarette batteries; electronic cigarette chargers; electronic circuit board; electronic circuit boards; electronic circuits; electronic collars to train animals; electronic components for integrated circuit cards; electronic computers; electronic conductors for fuel cells; electronic conductors for integrated circuits; electronic connectors for circuit boards; electronic connectors for loud speakers; electronic connectors for video recorders; electronic control circuits for electric fans; electronic control circuits for electric heaters; electronic control circuits for electronic musical instruments; electronic control gears [ECGs] for LED lamps and light fixtures; electronic control systems for automobile brakes; electronic control systems for room locking systems; electronic controllers for flight control systems; electronic controllers for furnaces; electronic currency converters; electronic databases containing information in the field of allergies recorded on computer media; electronic databases containing topics related to financial planning recorded on computer media; electronic databases in the field of dentistry recorded on computer media; electronic databases in the field of financial planning recorded on computer media; electronic databases in the field of language training recorded on computer media; electronic desk calculators; electronic diaries; electronic dictionaries; electronic door alarms; electronic door closing systems; electronic door locks; electronic effects pedals for use with musical instruments; electronic effects pedals for use with sound amplifiers; electronic encryption units; electronic equipment for detecting mines; electronic equipment for mine detection; electronic frequency converters for high velocity electro motors; electronic game cartridges; electronic glossaries; electronic identification cards; electronic industrial controls for digital timers; electronic industrial controls for motion failure detectors; electronic integrated circuits; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic keys for automobiles; electronic keys for vehicles; electronic kitchen timers; electronic labels; electronic legal publications; electronic load modules; electronic lock assemblies; electronic locking mechanisms for safes; electronic machines for reading credit cards; electronic machines for reading credit cards and recording financial operations; electronic medical publications; electronic metering devices for faucets; electronic metronomes; electronic motion sensitive switches; electronic newsletters; electronic newspapers; electronic notice boards; electronic organizers; electronic pagers; electronic payment terminals; electronic pens; electronic periodicals; electronic personal organisers; electronic personal organizers; electronic pipette battery chargers; electronic pipettes; electronic pipettes for laboratory use; electronic plotters; electronic pocket calculators; electronic pocket translators; electronic power converters; electronic power transformers; Electronic Random Number Indicator Equipment [ERNIE]; electronic scoreboards; electronic semi-conductors; electronic semiconductors; electronic sensors for measuring solar radiation; electronic servo motor controllers; electronic sound pickups for guitars and basses; electronic speed controllers; electronic tags for goods; electronic taximeters; electronic telephone dialers; electronic terminals for generating lottery tickets; electronic toll smart cards; electronic warning bells; electronic weighing scales for kitchen use; electronic weighing scales for personal use; electronic window

frames for eyeglasses and pince-nez; frames for monocles; frames for photographic transparencies; frames for pince-nez; frames for spectacles; frames for spectacles and pince-nez; frames for spectacles and sunglasses; frames for sunglasses; frequency converter for actuators; frequency converters; frequency meters; fridge magnets; fuel cell electrodes; fuel cells; fuel gauges; fuel level indicators for vehicles; full-circle protractors; furnaces for laboratory experiments; furnaces for laboratory use; fuse wire; fuses for electric current; fuses for fire alarm control panels; fuses for lighting control panels; galena crystal detectors for use in electronics; galvanic batteries; galvanic cells; galvanometers; gamma radiation detectors; garments and clothes for protection against fire; garments for protection against fire; gas alarms; gas chromatography apparatus for laboratory use; gas flow monitors; gas leak alarms; gas masks; gas meters; gas mixers for laboratory use; gasifiers for laboratory use; gasoline gauges; gasometers; geiger counters; gender changers for coaxial cables; gene chips; general purpose batteries; gesture recognition software; glacier eyeglasses; glass driers for laboratory purposes; glass dryers for laboratory use; glass graduated scales; glassware for laboratory use; glassware for scientific experiments in laboratories; global positioning system (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; global positioning system (GPS) receivers; global positioning system (GPS) satellites; global positioning system (GPS) transmitters; Global Positioning System [GPS] receivers; Global Positioning System [GPS] transmitters; Global Positioning System receivers; global positioning system transmitters; gloves for divers; gloves for protection against x-rays for industrial purposes; go ring gauges; go/no-go gauges; go/no-go plug gauges; goggles for motorcyclists; goggles for protection against dust; goggles for scuba diving; goggles for skiing; goggles for sports; goggles for swimmers; goggles for swimming; goggles for use in sport; GPS receivers; GPS transmitters; graduated glassware; graduated rulers; graduation checkers for calibration purposes; gramophone records; gramophones; graphic tablets; graphics accelerators; graphics cards; graphics chipsets; graphics processor units; graphics tablets; graphite electrodes; gravimeters; grids for batteries; guitar amplifiers; guitar cables; guitar effects processors; gum shields; gyrocompasses; gyrometers; gyroscopes; hand-held calculators; hand-held computers; hand-held electronic dictionaries; hand-held monopod; hand-held personal computers; hand-held protective shields for use by the police; hand-held security wands; handheld computers; handheld electronic dictionaries; hands free kits for phones; hands-free headsets for cellular phones; hands-free headsets for mobile phones; hands-free headsets for mobile telephones; hands-free holders for cell phones; hands-free holders for mobile phones; hands-free holders for mobile telephones; hands-free kits for cellular phones; hands-free kits for telephones; hands-free microphones for cell phones; hands-free microphones for cellular telephones; hands-free microphones for mobile phones; hands-free microphones for mobile telephones; hard disk drives; hard drives for computers; hard hats; HD (High Definition) televisions; head cleaning diskettes; head cleaning tapes for audio cassette recorders; head cleaning tapes for video recorders; head guards for boxing; head guards for karate; head guards for martial arts; head guards for sports; headphones; headsets; headsets for cell phones; headsets for mobile phones; headsets for mobile telephones; headsets for telephones; headsets for use with computers; hearing aid batteries; heat sinks for use in computers; helicopter load monitoring scales; helmet camera mounts; helmet cameras; helmets for bicycles; helmets for ice hockey; helmets for motorcyclists; hemline markers; high definition graphic chipsets; high definition multimedia interface cables; high definition televisions; high intensity pulse lasers for nuclear fusion; high pressure manometers; high tension batteries; high voltage transformers; high-definition multimedia interface cables; high-definition televisions; high-frequency switching power supplies; high-tension batteries; high-voltage transformers; highway safety cones; hinges for eyeglass frames; hinges for spectacle frames; hockey helmets; holders for contact lenses; holders for electric coils; hologram films; holograms; home cinema projectors; home theater projectors; home theatre projectors;

home theatre surround sound systems; horns for loudspeakers; horse riding helmets; hotel room key smart card; hourglasses; humanoid robots with artificial intelligence; hunting binoculars; hydrometers; hydrophones; hygrometers; identification cards with embedded chips; identification sheaths for electric wires; identification smart cards; identification threads for electric wires; ignition batteries; illuminated advertising signs; illuminated exit signs; illuminated signs used for advertising; illumination regulators; illuminometers; image intensifier tubes; image scanners; impact printers; in-car telephone handset cradles; inclinometers; incubators for bacteria culture; incubators for bacteria cultures; incubators for laboratory use; indicator lights for telecommunication apparatus; inductance capacitance filters; induction voltage regulators; industrial betatrons; industrial magnets; inflatable lifeboats; infra-red thermometers; infrared cameras; infrared sensors; infrared thermometers for checking electrical equipment; ink cartridges, unfilled, for printers and photocopiers; ink jet colour printers; ink jet printers; ink reservoirs; ink-jet color printers; ink-jet printers; inspection mirrors; instructional software for language training; instruments for measuring milk quality parameters; insulated clothing for protection against accidents or injury; insulated copper wire; integrated circuit electronic toll cards; integrated circuit hotel room key cards; integrated circuit identification cards; integrated circuit modules; integrated circuits; integrated circuits incorporating algorithms for use in processing television signals; intelligent copiers; intelligent videodisc players; interactive multimedia computer game programs; interactive multimedia computer games; interactive touch screen terminals; interactive whiteboards; intercoms; interface boards for computers; interface cards for computers; interface cards for data processing equipment in the form of printed circuits; interface circuits for video cameras; interferometers; internal cooling fans for computers; internal modems; Internet access software; internet newsletters; internet phones; internet servers; internet telephones; intranet servers; inverters for power supply; jackets for protection against accidents, irradiation and fire; joystick chargers; juke boxes for computers; jukeboxes; jump cables; jump leads; jump start cables; jumper cables; junction boxes; junction sleeves for electric cables; karaoke machines; karate head guards; keyboards for cellular phones; keyboards for cellular telephones; keyboards for computers; keyboards for mobile phones; keyboards for mobile telephones; keypads for cell phones; keypads for cellular telephones; keypads for mobile phones; keypads for mobile telephones; keypads for security alarms; kilometer recorders for vehicles; kilometre recorders for vehicles; kitchen timers; kitchen weighing scales; knee pads for gardening; knee pads for workers; knee-pads for workers; labels carrying magnetically recorded bar codes; labels with integrated radio frequency identification [RFID] chips; laboratory baths; laboratory calipers; laboratory centrifuges; laboratory countertops; laboratory eyewash fountains; laboratory flasks; laboratory furniture; laboratory glassware; laboratory incubators; laboratory instrument for the detection of pathogens and toxins in a biological sample for research use; laboratory ovens; laboratory pipettes; laboratory robots; laboratory scales and balances; laboratory slides; laboratory stirrers; laboratory storage tubes; laboratory swabs; laboratory test tubes; laboratory thermometers; laboratory trays; lactodensimeters; lactometers; laminar flow cabinets for laboratory use; laminar flow hoods for laboratory use; LAN (local area network) operating software; lan [local area network] computer cards for connecting portable computer devices to computer networks; LAN [local area network] operating software; lanyards for cameras; lanyards for cell phones; lanyards for cellular telephones; lanyards for holding encoded identity cards; lanyards for holding eyeglasses; lanyards for mobile phones; lanyards for mobile telephones; lanyards for safety purposes for fall protection; laptop carrying cases; laptop cases; laptop computers; laptop covers; laptop docking stations; laptop sleeves; large scale integrated circuits; large-scale integrated circuits; large-screen liquid crystal displays; laser altimeters; laser diode modules; laser diodes; laser for use in industrial drilling; laser measuring tapes; laser plotting tables for the application of conduction patterns on insulated supports; laser pointers; laser printers; laser rangefinders; laser

scanners; laser speed detectors; laser tracers for application of conduction patterns to insulation media; lasers for additive manufacturing; lasers for bar code readers; lasers for capture microdissection; lasers for compact disc players; lasers for engraving; lasers for land surveying; lasers for lunar ranging; lasers for photochemistry; lasers for surveying; lasers for use as visual effects; lasers for use in firearm sights; lasers for use in industrial cutting applications; lasers for use in industrial welding applications; lasers to store and retrieve data from CDs and DVDs; LCD large-screen displays; lcd monitors; LCD panels; lcd projectors; LCD televisions; leather cases for cell phones; leather cases for cellular telephones; leather cases for mobile phones; leather cases for mobile telephones; LED displays; led emergency underwater lights for submarine rescue; LED Microscopes; led monitors; LED position sensors; LED televisions; led underwater lights for use as a safety beacon for scuba divers; lens barrels for microscopes; lens barrels for telescopes; lens filters for cameras; lens hoods; lens hoods for cameras; lens shutters; lens shutters for cameras; lens-barrels; lenses for astrophotography; lenses for binoculars; lenses for cameras; lenses for eyeglasses; lenses for microscopes; lenses for monoculars; lenses for spectacles; lenses for sunglasses; lenses for telescopes; lenses for use with still cameras; lenses for video cameras; letter scales; letter scales for domestic use; letter scales for office use; level gauges; level measuring machines for surveying; leveling rods for surveying; leveling staffs; levelling rods for surveying; lever scales; lever scales steelyards; life belts; life buoys; life jackets; life jackets for pets; life nets; life preservers; life rafts; life saving rafts; life vests; life-buoys; life-saving capsules for natural disasters; life-saving rafts; life-saving vests for dogs; life-saving vests for use by dogs; lifebelts; lifeboats; lifejackets; light conducting filaments; light dimmers; light diodes; light emitting diode displays; light emitting diodes; light meters; light pens; light switches; light-emitting diode [LED] microscopes; light-emitting diode [LED] monitors; light-emitting diode [LED] televisions; light-emitting diode microscopes; light-emitting diode monitors; light-emitting diode televisions; light-emitting diodes; light-emitting diodes [LED]; light-emitting electronic pointers; lighting ballasts; lighting control panels; lightning arrester equipment; lightning arresters; lightning conductors; lightning rods; liquid crystal display (LCD) televisions; liquid crystal display monitors; liquid crystal display panels; liquid crystal display projectors; liquid crystal display screens; liquid crystal display televisions; liquid crystal displays; liquid level sensors; liquid-level gauges; lithium secondary batteries; local area network [LAN] operating software; local area network operating software; lorgnettes; loud speakers; loudspeaker cabinets; loudspeakers; loudspeakers with built in amplifiers; loudspeakers with built-in amplifiers; loudspeakers, headphones, microphones and cd players; low profile DC/DC converters; lp records; lumber testing machines; luminoflux meters; luminous beacons for safety or warning purposes; luminous flux meters; luminous or mechanical signals; luminous pointers; luminous road signs; luminous safety beacons; luminous safety beacons for use as a personal locator; luminous signs; luminous traffic signs; luminous vehicle breakdown warning beacons; magnetic agitators for laboratory use; magnetic and electromagnetic coils; magnetic cabinet door catches; magnetic coded card readers; magnetic coils; magnetic compasses; magnetic compasses for surveying; magnetic cores; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic gyrocompasses; magnetic head cleaners; magnetic identifying cards; magnetic labels; magnetic mount flashing safety lights for vehicles; magnetic object detectors; magnetic pens; magnetic stud finders; magnetic tape cleaners; magnetic tape drives; magnetic tape erasers; magnetic tape recorders; magnetic tape units for computers; magnetic telephone wires; magnetic valves; magnetic wall stud finders; magnetic wires; magnetic-tape recorders; magnetically encoded bank cards; magnetically encoded card readers; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded hotel room key cards; magnetically encoded identification bracelets; magnetically encoded phone cards; magneto-optical pens; magnetometers; magnets for industrial purposes; magnifying eyeglasses; magnifying glasses;

magnifying lenses; magnifying peepholes for doors; magnifying rulers; magnifying spectacles; manometers; manual telegraph apparatus; marine compasses; marine depth finders; marine luminous safety beacons; marine luminous warning beacons; marine radios; maritime patrol radar; maritime patrol radars; marker buoys; marking and signalling buoys; marking buoys; marking gauges for joinery purposes; masks for protection against dust; masks for scuba diving; mass spectrometers; master ring gauges; masts for wireless aerials; math coprocessors; measuring bowls; measuring buckets; measuring cups; measuring jugs; measuring rods; measuring rulers; measuring rules; measuring scoops; measuring spoons; measuring tapes; measuring wheels; meat thermometers; mechanical egg timers; mechanical metronomes; mechanical road signs; mechanical signs; mechanical traffic signs; medical scales; megaphones; memory boards; memory card readers; memory cards for video game machines; meridian transit telescopes; metal compression testing machines; metal detectors; metal detectors for industrial or military purposes; metal hardness testing machines; metal strength testing machines; metallurgical microscopes; metallurgy blooms; meteorological balloons; meteorological instruments; metronomes; micro-computers; microchip cards; microchips; microchips for computer hardware; microcircuits; microcomputers; microfiche; microfiches; microhardness testers; micrometer gauges; micrometer screws for optical instruments; micrometers; microphone cables; microphone mixers; microphone stands; microphones; microphones for communication devices; microphones for telecommunication apparatus; microprocessors; microprocessors and semi-conductors; microscope condensers; microscope illuminating devices; microscope lamps; microscope lenses; microscopes; microscopes and parts thereof; microscopes for operations; microtomes; microwave antennae; microwave antennas; microwave ovens for laboratory use; milage recorders for vehicles; mileage recorders for vehicles; military lasers for directed energy weapons; military lasers for guiding missiles; military low power infrared lasers; mine detecting apparatus; mineral insulated electric cables; minicomputers; mobile and portable fax machines; mobile computers; mobile phone batteries; mobile phone chargers; mobile phone covers; mobile phone straps; mobile phones; mobile radios; mobile telephone batteries; mobile telephone battery chargers for use in vehicles; mobile telephone cases; mobile telephone cases made of leather or imitations of leather; mobile telephone covers made of cloth or textile materials; mobile telephone straps; mobile telephones; modem cables; modems; money counting and sorting machines; monocle frames; monocles; monocular frames; monopods for cameras; motherboards; motion detectors; motion picture cameras; motion picture projectors; motion pictures; motion sensors; motion sensors for security lights; motion-activated cameras; motion-picture cameras for self-developing film; motor vehicle power locks; motorcycle goggles; motorcycle helmets; motorcyclist protective clothing; mounting racks adapted for computer hardware; mounting racks for computer hardware; mounts for helmet cameras; mouse mats; mouse pads; mousepads; mouth guards; mouth guards for athletic use; mouth guards for sports; moveable sockets; movie editing projectors; movie film developing machines; movie projectors; mp3 players; mp4 players; multi-outlet socket blocks; multifocal eyeglass lenses; multifocal eyeglasses; multifocal spectacle lenses; multifocal spectacles; multiframe view cameras; multifunction computer keyboards; multifunction keyboards; multifunctional photocopier; multifunctional printer; multilayer printed wiring boards; multimedia accelerator boards; multimedia applications for mobile phones in the form of word games; multimedia CD-ROMs containing information in the field of tax management; multimedia software for teaching language training; multimedia software for teaching piano; multiple purpose cameras; multiplexers; multipurpose cameras; music composition software; music headphones; music-composition software; musical instrument amplifiers; musical juke boxes; nanoparticle size analysers; nanoparticle size analyzers; navigation apparatus for vehicles in the form of on-board computers; navigation computers for cars; navigational buoys; needles for record players; needles for surveying compasses; neon signs; netbook computers; nets for protection against accidents;

network access server hardware; network access server operating software; network facsimile servers; network interface cards; network operating system programs; network printers; network routers; network servers; nickel-cadmium storage batteries; night vision goggles; no-go ring gauges; noise level meters; noisemeters; non-linear optical fibres; nonlinear optical fibres; nose clips for divers; nose clips for divers and swimmers; nose clips for swimmers; nose clips for swimming; nose pads for eyeglasses; nose pads for eyewear; nose pads for spectacles; nose pads for sunglasses; notebook and laptop computers; notebook computer carrying cases; notebook computer cooling pads; notebook computers; nucleic acid sequencers for scientific purposes; observation rockets; octants; odometers; ohmmeters; oil and gas well downhole survey and measurement equipment; oil level indicators for vehicles; oil level sensors; opacimeter; opacimeters; opera glasses; operating and user instructions for computers stored in digital form; operating and user instructions for computers stored in digital form on CD-ROM; operating and user instructions stored in digital form for computers and computer software, in particular on floppy disks or CD-ROMs; operating microscope stands; operating software for network access servers; ophthalmic eyeglasses; ophthalmic lenses; optical amplifiers; optical breadboards; optical cables; optical character readers; optical character recognition apparatus; optical condensers; optical disc drives; optical disc readers; optical disk drives; optical disk players; optical disk readers; optical disks featuring music; optical fiber cables; optical fibres; optical filters for plasma display panels; optical filters for screens; optical frames; optical frequency metrology devices; optical glass; optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits; optical inspection apparatus for inspecting the circuitry used in cell phones; optical inspection apparatus for inspection of food; optical lens sights; optical lenses; optical lenses for sunglasses; optical lenses for use with sunglasses; optical multiplexers; optical profilers; optical reflectors; optical scanners; optical semi-conductor amplifiers; optical semiconductor amplifiers; optical sensors; optical shutters; optical spectacles; optical switches; optical transceivers; optical transmitters; organic light emitting diode display panels; organic light emitting diodes (OLED); organic light-emitting diode display panels; organic light-emitting diode televisions; organic light-emitting diodes; oscillators; oscillographs; oscilloscopes; ovens for laboratory experiments; ovens for laboratory use; overhead projectors; oxygen regulators; ozonators; ozonisers; pacemarkers; pagers; palm rests; palmtop computers; paper covers for telephone receivers; paper currency detectors; parabolic aerials; parabolic antennae; parabolic antennas; parking facility gates; parking meters; particle accelerators; particle counters for measuring air quality; PDF creation and conversion software; pedometers; pens with conductive point for touch screen devices; periscopes; personal computers; personal digital assistants; personal digital assistants [PDAs]; personal floatation aids; personal headphones for use with sound transmitting systems; personal security alarms; personal stereos; personal video recorders [PVRs]; petri dishes; petri dishes for laboratory use; petrol gauges; phase indicators; phase modifiers; phonograph needles; phonograph record players; phonograph records; phonographic records; phonographs; photo printers; photocopiers; photocopy machines; photocopying machines; photodiodes; photoelectric cells; photographic cameras; photographic cameras for the instant production of pictures; photographic digital cameras; photographic filters; photographic flash units for cameras; photographic flashbulbs; photographic lenses; photographic negatives; photographic projectors; photographic racks; photographic slide transparencies; photographic slides; photographic transparencies; photographic viewfinders; photography dark room lamps; photography darkroom lamps; photography projectors; photography reflectors; photometers; photosensors; phototubes; photovoltaic cells; photovoltaic cells and modules; photovoltaic installations for generating solar electricity; photovoltaic inverters; photovoltaic modules; picture projectors; piezoelectric switches; pince-nez; pince-nez cases; pince-nez chains; pince-nez cords; pince-nez mountings; pipeclay triangles for laboratory use; pipette racks for laboratory use; pipette tips for laboratory use; pipettes; pitot tubes; plane tables;

planetarium projectors; planimeters; plasma display panel [PDP] televisions; plasma display panels; plasma televisions; plastic covered electric wires; plastic testing machines; plastic-coated electrical wires; plastic-covered electrical wires; plate cameras; plates for batteries; plates for electric accumulators; plug adapters; plug adaptors; plug connectors; plug gauges; plug-in connectors; plumb bobs; plumb levels; plumb lines; pocket calculators; pocket computers for note-taking; pocket scales; pocket secretaries; pocket translators; pocket-sized electronic calculators; point-of-sale [POS] terminals; point-of-sale terminals; polarimeters; polarisation maintaining optical fibres; polarizing eyeglasses; polarizing microscopes; polarizing spectacles; pollutant sensors; polyethylene measuring cups; polygraphs; polymer light-emitting diodes; polymer light-emitting diodes [PLED]; pool alarms; portable computers; portable DVD players; portable facsimile machines; portable fax machines; portable MP3 players; portable radios; portable telephones; portable video cameras with built-in videocassette recorders; postage stamp meters; power amplifiers; power cable sheathes; power cables; power connectors; power cords; power distributing boxes; power distribution boxes; power distribution panels; power locks for motor vehicles; power strips with moveable sockets; power switches; power transformers; power transformers for amplification; power wires; pre-amplifiers; pre-recorded audio cassettes; pre-recorded audio tapes featuring music; pre-recorded audiotapes; pre-recorded CDs and DVDs containing audio and video clips; pre-recorded compact discs containing computer games; pre-recorded compact discs containing encyclopaedias; pre-recorded compact discs containing information in the field of art history; pre-recorded compact discs containing music; pre-recorded digital versatile discs containing information in the field of trade-marks; pre-recorded digital videodiscs containing topics of instruction in first-aid training; pre-recorded DVDs containing music; pre-recorded DVDs featuring music; pre-recorded exercise DVDs; pre-recorded fitness DVDs; pre-recorded floppy discs containing information in the field of trade-marks; pre-recorded floppy discs containing spreadsheet software; pre-recorded floppy discs containing word processing software; pre-recorded laser discs containing movies; pre-recorded laser discs containing video games; pre-recorded music compact discs; pre-recorded music videotapes; pre-recorded optical discs containing information in the field of hospital medical records; pre-recorded optical discs featuring topics related to the game of baseball; pre-recorded optical discs featuring topics related to the game of soccer; pre-recorded phonograph records; pre-recorded video cassettes; pre-recorded video cassettes featuring cartoons; pre-recorded video cassettes featuring music; pre-recorded videodiscs containing topics related to the game of baseball; pre-recorded videotapes; pre-recorded videotapes featuring music; precision theodolites; prerecorded audio tapes featuring music; prerecorded DVDs featuring music; prerecorded exercise DVDs; prerecorded fitness DVDs; prerecorded music compact discs; prerecorded music videotapes; prerecorded video cassettes featuring cartoons; prerecorded videotapes featuring music; prescription eyeglasses; prescription goggles for sports; prescription goggles for swimming; prescription spectacles; prescription sunglasses; pressure gauges; pressure indicating plugs for valves; pressure indicator plugs for valves; pressure relief valves; pressure sensors; pressure switches; pressure-to-current converters; print heads for computer printers; print heads for ink-jet printers; print heads for plotters; print heads for printers; printed circuit boards; printed circuit boards incorporating integrated circuits; printed circuits; printed electronic circuits; printed electronic circuits for apparatus and cards bearing integrated circuits; printer cables; printer plotters; printers for computers; printers for use with computers; printing fonts that can be downloaded provided by means of electronic transmission; prisms for microscopes; prisms for telescopes; probes for testing integrated circuits; probes for testing semi-conductors; programmable digital television recorders; programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, energy management, plant irrigation, plant nutrient management, alarm monitoring and alarm event management within horticultural production; progressive addition

lenses for eyeglasses; progressive addition lenses for spectacles; progressive eyeglass lenses; progressive spectacle lenses; projected capacitive touch sensors; projection screens; projection screens for cinematographic films; projection screens for movie films; projectors for the entertainment industry; protective cases for cell phones; protective cases for cellular phones; protective cases for cellular telephones; protective cases for e-book readers; protective cases for electronic book readers; protective cases for mobile phones; protective cases for mobile telephones; protective cases for MP3 players; protective cases for personal digital assistants; protective cases for smartphones; protective cases for tablet computers; protective covers for e-book readers; protective covers for electronic book readers; protective covers for smartphones; protective covers for tablet computers; protective eyeglasses; protective face-shields for protective helmets; protective films adapted for computer screens; protective films adapted for screens for tablet computers; protective films adapted for smart phones; protective films adapted for smartphone screens; protective films adapted for tablet computer screens; protective goggles for animals; protective goggles for dogs; protective goggles for pets; protective helmets for boxing; protective helmets for cyclists; protective helmets for motorcyclists; protective helmets for motorists; protective helmets for sports; protective metal gloves for meat cutting; protective sheaths for fibre optical cables; protective spectacles; protective sports helmets; protective suits for aviators; protective visors for athletic use; protractor gauges; proximity sensors; public address systems; public telephones; punch clocks; punched card machines for offices; punched card office machines; push buttons for bells; pyrometers; quantum dot light-emitting diodes [QLED]; racks adapted for amplifiers; racks adapted for loudspeakers; radar; radar detectors; radar guns for sporting events; radar receivers; radar receivers with amplifiers; radar transmitters; radars; radiation protective clothing; radio aerials; radio and television aerials; radio antennas; radio frequency adapters; radio frequency adaptors; radio frequency amplifiers; radio frequency connectors; radio frequency receivers; radio frequency repeaters; radio frequency transmitters; radio pagers; radio receivers; radio receivers and radio signal tuners; radio receivers and transmitters; radio receivers for remote controls; radio relay cables; radio sets; radio signal antennas; radio signal tuners; radio transceivers; radio transmission towers; radio transmitters; radio transmitters and receivers; radio transmitters for remote controls; radio tuners; radio-clock; radios; radios and telephones; radios for vehicles; radios incorporating alarm clocks; radios incorporating clocks; radiotelegraphy sets; radiotelephones; radiotelephony sets; radon detectors; railway signals; rain gauges; RAM (random access memory) cards; random access memory [RAM] cards; random access memory cards; range finders for cameras; range finders for golf; raster image processors; reading eyeglasses; reading glasses; reading spectacles; rearview cameras for vehicles; rebreathers for diving; receivers for receiving cable television; receptacles for contact lenses; record decks; record players; record players for digital compact disks; record turntables; recorded computer operating programs; rectifier modules; rectifier tubes; reflective safety bands to be worn on the body; reflective safety vests; reflectors for microscopes; reflectors for photographing; reflectors for photography; reflectors for telescopes; reflectors for traffic signals; refractometers; refrigerator magnets; regulators for scuba diving; regulators for use in scuba diving; regulators for use in turbo engines in vehicles; regulators for use in VCRs; relays for radio and television stations; relays for radio and TV stations; remote controls for adjustable beds; remote controls for operating vehicle alarms; remote controls for radios; remote controls for stereos; remote controls for televisions; remotely deployable spike strips used to stop cars by puncturing tires; remotely deployable spike strips used to stop cars by puncturing tyres; repeaters for radio and television stations; replacement lenses for eyeglasses; replacement lenses for spectacles; rescue laser signalling flares; rescue sleds; residual gas analyzers; resistance wires; resonators for motor vehicles; resonators for percussion instruments; resonators for stringed instruments; respirators for filtering air; respiratory mask filters; resuscitation mannequins; retorts;

retorts' stands; reusable dispenser syringes for laboratory use; rheometers; rheostats; riding helmets; ring buoys for use in water rescue; ring gauges; ring sizers; rocker switches; rods for water diviners; rotary converters; rotating signaling lights; rotating signalling lights; round plug connectors; rubber covered electrical wires; rubber-covered electrical wires; saccharometers; safety boots; safety contact plugs; safety covers for electrical sockets; safety goggles; safety harnesses; safety helmets; safety markers; safety vests for water-skiing; salinometers; sandglasses; satellite aerials; satellite antennas; satellite dishes; satellite dishes for satellite transmissions; satellite finder meters; satellite phones; satellite processors; satellite receivers; satellite telephones; satellite transmitters; satellites; satellites for scientific purposes; scales with body mass analysers; scientific apparatus for determining the water content in petroleum products; scientific prisms; screen filters for computers and televisions; screen savers; screens for photoengraving; screensavers; screw-tapping gauges; screw-thread measuring machines and instruments; scuba diving compressed-air tanks; scuba diving goggles; scuba diving masks; scuba goggles; scuba masks; scuba snorkels; secure digital (SD) memory cards; secure microprocessors; secure terminals for electronic transactions; security and fire alarms; security software; security surveillance robots; seismic detectors; seismic exploration machines; seismographs; self-acting focussing projectors; self-timers for cameras; selfie lenses; selfie stick; selfie sticks for use with digital cameras; selfie sticks for use with smartphones; semi-circle protractors; semi-conductor chips; semi-conductor wafers; semi-conductors; semiconductor chips; semiconductor diodes; semiconductor integrated circuits; semiconductor power elements; semiconductor transistors; semiconductor wafers; semiconductors; sensors for determining acceleration; sensors for determining temperature; sensors for determining velocity; set-top boxes; setting ring gauges; sextants; sheaths for electric cables; shield cases for magnetic disks; shoes for protection against accidents; shoes for protection against accidents and fire; shoes for protection against accidents, irradiation and fire; shoes for protection against fire; shoes for protection against irradiation; short range radios; short-range radios; shutter releases for cameras; shutters for cameras; side guards for eyeglasses; side guards for spectacles; side shields for eyeglasses; side shields for spectacles; sighting telescopes for firearms; signal amplifiers; signal bells; signal lanterns; signal processors; signalling buoys; signalling whistles; silicon carbide diodes; silicon chips; silicon wafers; silicon wafers for integrated circuits; simultaneous interpretation receivers; single-channel radio communication machines and apparatus for fixed stations; single-crystal silicon wafers; single-use cameras; sirens; sirens for vehicles; skateboard helmets; skateboarding helmets; ski glasses; ski goggles; ski helmets; skin diving masks; sleeves for laptops; slide boxes; slide calipers; slide film; slide film mounts; slide projectors; slide rules; slide-rules; smart card readers; smart phones; smart printers; smart rings; smart terminals; smart watches; smartglasses; smartwatches; smoke alarm testers; smoke alarms; smoke detectors; snap gauges; snorkels; snow goggles; snowboarding helmets; software for computer aided design CAD; software for computer aided mechanical design; software for creating photo slide shows; software for creating virtual picture frames; software for creating virtual reality games; software for dosimetry purposes in the field of radiotherapy; software for ensuring the security of electronic mail; software for operating laser altimeters; software for optical character recognition; software to control and improve audio equipment sound quality; solar batteries; Solar cells; solar panels for the production of electricity; solar wafers; solderers' helmets; solenoid valves; solenoid-actuated valves; solenoid-operated valves; solid state drives; sonar; sonar equipment and parts thereof; sonars; sound amplifiers; sound effects pedals for musical instruments; sound filters made of cloth, for radio apparatus; sound level meters; sound mixers; sound mixers with integrated amplifiers; sound projectors; sound projectors and amplifiers; sounding leads; sounding lines; space probes; spark plug gap gauges; spark-guards; speaker mounting brackets; speaker systems consisting of loudspeakers and cabinets for use with loudspeakers; speakers for computers; speaking tubes;

special clothing for use in laboratories; spectacle cases; spectacle chains; spectacle cords; spectacle frames; spectacle frames made of metal; spectacle frames made of plastic; spectacle holders; spectacle lanyards; spectacle lenses; spectacle nose pads; Spectacle temples; spectacles; spectacles and sunglasses; spectacles, spectacle frames and spectacle cases; spectrograph apparatus; spectrophotometers; spectrosopes; speech analytics software; speech recognition software; speed guns for recording velocity of ball pitches; speed regulators for record players; speedometer testers; speedometers; speedometers for vehicles; spherometers; spirit level indicators; spirit levels; spirit measures; splices for electrical transmission lines; spools for cameras; sport whistles; sports eyewear; sports glasses; sports goggles; sports helmets; sports whistles; spotting scopes; sprinkler systems for fire protection; spyglasses; square rulers for measuring; stab proof vests; stage lighting regulators; stands adapted for laptops; stands adapted for mobile phones; stands adapted for tablet computers; stands for use with operating microscopes; starter cables for motors; steel-toe boots; steelyard balances; steelyards; step down transformers; step up transformers; step-up transformers; stereo amplifiers; stereo headphones; stereo receivers; stereo tuners; stereo zoom microscopes; stereomicroscopes; stereoscopes; sterilizers for laboratory use; still cameras; stills cameras; stills for laboratory experiments; storage wallets adapted for compact discs; straps for cameras; straps for cellular phones; straps for mobile phones; straps for sunglasses; stroboscopes; structured semi-conductor wafers; styli for record players; stylus pens for use with touch-screens; sub-woofers; subscriber identification module (SIM) card; subwoofers; subwoofers for vehicles; sulfitometers; sulphitometers; sunglass cases; sunglass chains and cords; sunglass cords; sunglass lenses; sunglass temples; sunglasses; sunglasses and spectacles; sunglasses for dogs; super luminescent laser diodes; supercomputers; superminicomputers; surface roughness testing machines and instruments; surge protectors; surveying chains; surveying compass needles; surveying instruments; surveyor's levels; surveyors' levels; survival blankets; survival suits; swim floats for safety purposes; swim goggles; swim masks; swimming face masks; swimming goggles; swimming pool alarms; switchboards; T-squares for measuring; tablet computer; tablet computers; tablet monitors; tachometers; talking books; tape and videotape players; tape cartridges; tape drives; tape measures; tape recorders; tape recorders and players; taximeters; telecameras; telecopying equipment; telegraph wires; telemeters; telephone answering machines; telephone cables; telephone connectors; telephone headsets; telephone receivers; telephone recorders; telephone sets; telephone sets with screen and keyboard; telephone smart cards; telephone switchboards; telephone terminals; telephone transmitters; telephone wires; telephones; telepresence robots; teleprinters; teleprompters; telescopes; telescopic bow sights for archery; telescopic inspection mirrors for automotive use; telescopic lens sights; telescopic riflescopes; telescopic sights; telescopic sights for artillery; telescopic sights for firearms; telescopic sights for guns; teletypewriters; television aerials; television cameras; television converters; television decoder; television monitors; television receivers; television sets; television transmitters; televisions; televisions and video recorders; temperature gauges; temperature indicator labels for dishwashers; temperature sensors; temples for sunglasses; terminals for radiotelephones; test adapters for testing printed circuit boards; test pins for testing printed circuit boards; test tubes; testers for axle clearance; textile testing machines; theater glasses; theatre glasses; theodolites; thermal imaging cameras; thermal printers; thermal sensors; thermionic tubes; thermionic valves; thermistors; thermo-hygrometers; thermosensitive temperature indicator strips; thermostats; thermostats for vehicles; thin client computers; Thin Film Transistor-Liquid Crystal Display (TFT-LCD) panels; thread counters; threaded cable connectors of metal; three-dimensional scanners; thyristors; ticket dispensers; ticket validation mechanisms for automatic gates; tilting heads for cameras; time and date stamping machines; time clocks; time switches; timer switches; timing discs; timing sensors; tire balancing machines for land vehicles; tire pressure gauges; tire tread

depth gauges; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; totalizers; touch pads; touch panels; touch screen pens; touch screens; touch sensitive switches; touchpads for computers; touchscreen monitors; touchscreens for smartphones; trackball input devices; trackballs; traffic cones; traffic control lights; traffic lights; traffic-light signaling devices; transceivers; transistors; transits for surveying; transparency projection apparatus; transponders; triangles for laboratory use; triodes; tripods for cameras; tripods for surveying machines; tripods for telescopes; truck scales; TV cameras; TV monitors; TV sets; two-way radios; tyre tread depth gauges; tyre-pressure measurers; ultra high definition televisions; ultrashort pulse lasers for spectroscopy; underwater power cables; uninterruptible power supplies; unmounted spectacle frames; urinometers; USB (universal serial bus) operating software; USB cables; USB cables for cellular phones; USB cables for mobile phones; USB card readers; USB chargers; USB flash drives; vacuum distillation columns for laboratory use; vacuum gauges; vacuum tube characteristic testers; vacuum tubes for radios; varifocal eyeglass lenses; varifocal eyeglasses; varifocal spectacle lenses; variometers; vehicle breakdown warning lamps; vehicle breakdown warning triangles; vehicle dipsticks; vehicle drive training simulators; vehicle radios; vehicle stereos; velocity sensors; verniers; vertical levels; vibration dampeners for electronic audio equipment; vibration meters; vibration sensors for installation in wind mill housings; vibration sensors for installation in windmill housings; video and computer game programs; video baby monitors; video cable adapters; video camera cases; video camera covers; video camera stands; video cameras; video cameras for analyzing golf swing; video cards; video cassette recorders; video cassette recorders and players; video cassettes; video disc players; video disk players; video disks and video tapes with recorded animated cartoons; video disks with recorded animated cartoons; video display terminals; video game cartridges; video game cartridges and cassettes; video game cassettes; video game software; video game tape cassettes; video games; video monitors; video multiplexers; video printers; video processors; video projectors; video receivers; video screens; video surveillance cameras; video tape players; video tape recorders; video tape recordings; video tapes with recorded animated cartoons; video telephones; video transmitters; video-telephones; videocameras; videocassette recorders; videodisc players; videophones; videotape recorders; videotapes and video disks recorded with animation; viewfinders for cameras; viewphones; virtual reality game software; virtual reality games; virtual reality headsets; virtual reality software for doctors to perform test surgery; virtual reality software for movie special effects; virtual reality software for simulating golf game; viscosimeters; visières pour casques; visors for helmets; visual telephones; voice recognition software; voip phones; VoIP telephones; voltage monitor modules; voltage regulators; voltage regulators for electric power; voltage regulators for vehicles; voltage stabilizers; voltage stabilizing power supply; voltage surge protectors; voltage surge suppressors; voltmeters; voting machines; VPN (virtual private network) operating software; wafers for integrated circuits; wah pedals for guitars; wah-wah pedals; wah-wah pedals for guitars; walkie-talkies; wan (wide area network) operating software; warning triangles; warning triangles for road safety; watch batteries; water level indicators; water meters; water ski safety vests; waterproof camera cases; waterproof survival suits for the prevention of drowning; wattmeters; waveguides for high power beam delivery; wavemeters; wearable activity trackers; wearable video display monitors; weather balloons; web camera; web cameras; webcams; weighbridges; weighing scales for medical use; weight belts for scuba diving; welding aprons; welding goggles; welding helmets; welding masks; wet suits for scuba diving; wheel alignment machines; wheel balancing machines; whistles; wide area network (WAN) routers; wind sleeves in the form of wind -direction indicators; wind socks for indicating wind direction; wind-direction indicators; windsocks; wire diameter measuring devices; wireless computer mice; wireless computer mice; wireless headsets for smartphones; wireless headsets for use with cellular telephones; wireless headsets for use with mobile phones; wireless

headsets for use with smartphones; wireless telephones; word processors; workmen's protective face-shields; wrist pads; wrist rests; wrist rests for use with computer keyboards; wrist rests for use with computers; wristwatches featuring a cellphone and display screen for viewing, sending and recording text messages and emails; x-ray apparatus for crystallography; x-ray apparatus for detecting moisture in building material; x-ray apparatus for screening luggage at airports; x-ray photographic art posters; x-ray photography art prints; x-ray tubes for airport luggage scanners; x-ray tubes for neutralization; X-Y plotters; xerographic printers; yardsticks; zenith telescopes; zoom lenses for cameras; zoom microscopes
