Trademarks Journal

Vol. 68 No. 3483

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Cannabis, namely, medical marijuana for temporary relief of seizures, the relief of nausea caused by chemotherapy, the relief of nerve pain and for the treatment of muscle spasms caused by multiple sclerosis; medical herb extracts, namely medical marijuana extracts for temporary relief of seizures, the relief of nausea caused by chemotherapy, the relief of nerve pain and for the treatment of muscle spasms caused by multiple sclerosis; medicinal herbal extracts for medical purposes namely medical cannabis and marijuana extracts for temporary relief of seizures, the relief of nausea caused by chemotherapy, the relief of nerve pain and for the treatment of muscle spasms caused by multiple sclerosis; medicinal herbs, namely medical marijuana for temporary relief of seizures, the relief of nausea caused by chemotherapy, the relief of nerve pain and for the treatment of muscle spasms caused by multiple sclerosis; medicinal herbs in dried or preserved form, namely medical marijuana for temporary relief of seizures, the relief of nausea caused by chemotherapy, the relief of nerve pain and for the treatment of muscle spasms caused by multiple sclerosis; medicinal herbal preparations, namely marijuana preparations including dried flower and marijuana derivatives that may be legally produced, namely, liquids, oils, oral sprays, capsules, teas and infused baked goods all for human consumption for temporary relief of seizures, the relief of nausea caused by chemotherapy, the relief of nerve pain and for the treatment of muscle spasms caused by multiple sclerosis; cannabis, namely, butters, oils, hashes, waxes, tinctures, tonics, balms, salves, lotions, sprays, and ointments containing cannabinoids derived from the cannabis plant all to be applied topically to the human body for temporary relief of seizures, the relief of nausea caused by chemotherapy, the relief of nerve pain and for the treatment of muscle spasms caused by multiple sclerosis.

Class 31

(2) Live cannabis plant.

Class 34

(3) Dried cannabis; dried marijuana.

(4) Scientific, nautical, surveying, optical, weighing, measuring, analyzing, indicating, signaling, and checking apparatus, instruments and devices, including parts for all the aforesaid goods, namely, timers for recording and measuring electric currents, ammeters, volt meters, control and protective equipment for electrical networks in the nature of surge protectors, electronic controls for machines, for motors and for engines, namely, electric control panels, remote control apparatus in process automation systems, namely, electronic notice boards as well as visual and acoustic warning signals, namely, electronic warning bells, emergency warning lights, luminous and mechanical warning signals, beacons, sirens, warning indicators, signal lights, electric control panels, power distribution boxes, control cables and buttons, namely, cable connectors, electric cables, power switches, electronic industrial controls for motion failure detectors, facility management control system goods, namely, electronic controls for heating, air conditioning, ventilating, electricity, lighting, fire alarm, and access control systems, namely, security access controls in the nature of control panels for security alarms, and climate control systems consisting of digital thermostats and electronic control systems for heating and air conditioning systems, facility management control system goods, namely, lighting control, fire alarms, safety access controls in the form of safety alarm controls for building automation systems heating and ventilation control apparatus, regulators for ventilating, air conditioning and refrigerating installations, namely, HVAC regulators, for controlling, measuring and monitoring of air conditioning installations, air flow, heating, ventilating and air conditioning installations, downloadable mobile applications for remote management, administration, modification and monitoring of home and building automation systems consisting of heating, air conditioning, ventilating, electricity, lighting, fire alarm and safety access controls, namely, security alarms, control panels for security alarms, event recorders for security purposes, motion sensors for security lights, and computer software for building automation systems, namely, software for integrating heating, air conditioning, and lighting systems in buildings to optimize the environment for inhabitants and ensure lower energy consumption, building automation equipment, namely, actuators for electric oil pumps, electric water pumps, and engine cooling fans, electrical control systems for heating and air conditioning systems, control circuit boards and monitoring systems consisting of electric drives for industrial machines; emergency, rescue and teaching apparatus and instruments, namely, fire alarms, anti-intrusion alarms, burglar alarms, personal security alarms, and emergency warning lamps; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electric current and voltage, including parts for all the aforesaid goods, namely, apparatus and instruments for conveying, distributing, transforming, storing, regulating and controlling electric current, namely, integrated switching circuits, electric storage batteries, electric current switches, voltage regulators, current sensors, electrical transformers, ammeters, volt meters, timers for recording and measuring electric currents, control and protective equipment for electrical networks in the nature of surge protectors; data processing equipment, namely, calculators, computer programmes for document management, electronic tags for goods; computer software for dealing with the control of electricity

generating power plants, industrial plants, buildings and networks for the transport of electric energy, gas and oil; computer software and hardware for wireless connection of electronic equipment, systems and apparatus with smart devices for remote monitoring and control, namely, building automation systems for integrating heating, air conditioning, and lighting systems in buildings to optimize the environment for inhabitants and ensure lower energy consumption, motion detectors, smoke detectors, carbon monoxide detectors, security alarms, video cameras and digital audio tape recorders for remotely controlled audio, video and image capture for monitoring, safety, and security purposes, motion sensors, temperature detectors, water detectors, heat detectors, freeze sensors, flood sensors, light sensors, remotely controlled door-locks, remotely controlled thermostats, remotely controlled appliance electrical switches for remote monitoring and control; computer software for database management, in particular for the collation and distribution of data in computer networks for data communication between application programs, consumer devices and industrial apparatus, namely, computer software for database management in the nature of collecting and distributing personal, commercial, industrial, municipal and financial data within computer networks, including the internet for use in in the field of asset optimization, namely, process optimization of administration and operations in healthcare, manufacturing, mining, power supply, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of industrial operations, heating, air conditioning, ventilation, energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of industrial and mining machines, and optimization of industrial operations in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification, and computer software for database management, in particular, the collation and distribution of data in computer networks to enable the sharing and transmission of said data and information in the field of environmental monitoring and control, energy management, automation of lighting and security purposes, transportation, power stations, power plants, between networked computer software application programs and the connected consumer devices and the connected industrial apparatus, namely, computers, mobile phones, electronic tablets, HVAC regulators for controlling, measuring and monitoring of air conditioning installations, air flow, heating, ventilating, lighting controls, energy controls and security alarms; microprocessors; lasers for use in industrial cutting applications; chargers for electric storage batteries; timer switches, except for clockwork mechanisms; electrical capacitors; electric collectors, namely, photovoltaic cells; electric wires, lines and cables; battery boxes; junction boxes; cable identification sheaths for electrical transmission lines and cable identification yarns for electrical transmission lines; ducts for electric cables; inductors, namely, chip coils, inductance capacitance filters, electrical coils; magnetic data carriers, namely, magnetic identifying cards, magnetically encoded key cards for controlling locks in residential and commercial buildings, blank compact discs; semi-conductors; electric and electronic apparatus, devices and instruments including parts thereof for the production, distribution and supply of energy, particularly alternative energy, namely, photovoltaic solar modules, solar panels for production of electricity, and batteries, namely, general purpose batteries, solar batteries, electric storage batteries, AC generators; electronic and electrical apparatus, devices and instruments including their parts for the generation, distribution and supply of energy, in particular for alternative energy, namely, photovoltaic solar modules, solar panels for production of electricity, batteries, namely, general purpose batteries, solar batteries, electric storage batteries, calibrated photovoltaic reference cells, photovoltaic cells and modules, photovoltaic inverters; fuel cells; electronic, magnetic and optical storage, namely, blank floppy

computer disks, blank magnetic disks, and blank optical disks; data protection apparatus, namely, overvoltage protection solutions in the nature of surge protectors; electronic, magnetic and optical storage, namely, floppy disks, magnetic disks, optical disks; current, voltage inverters; current, voltage rectifiers; current converters; electrical connection parts, namely, connectors for electronic circuits, power connectors, electrical connector housings electrical connector boxes, wire connectors, electric connections and connectors, namely, cable connectors, electrical connectors for power converters and electrical and electronic connectors, namely, cable connectors, electrical connectors for power converters; junction sleeves for electric cables; transistors, thyristors, electric diodes; semiconductor power elements; electrical transformers; electrical resistors; distribution panels and cabinets for electricity; batteries, namely, general purpose batteries, solar batteries, electric storage batteries; integrated switching circuits; printed circuit boards; diagnostic apparatus, not for medical purposes, namely, diagnostic apparatus for testing electrical systems, namely, computer utility programs for providing diagnostic details on devices installed in a computer system for environmental monitoring, environmental control, energy management and energy use in buildings; anti-interference devices, namely, filters for radio interference suppression; computer memory for use with data processing apparatus; switching and distribution installations, namely, circuit boards and electric control panels, electric cables and push buttons for bells, namely, cable connectors, electric cables, power switches, control buttons for switchboards; switches, namely, automatic transfer switches, computer network switches, differential switches, electromagnetic switches, electronic motion sensitive switches, optical switches, power switches, pressure switches; electric relays; modems; connectors for electrical transmission lines; electric measuring and regulating apparatus in the form of voltage regulators; sensors, namely, electric sensors, current sensors, voltage sensors and sensors for determining position, velocity, acceleration and temperature, biochip sensors, distance sensors, optical sensors, solar collectors; fuses and electrical safety devices, namely, surge protectors, voltage surge suppressors, electrical surge arrestors, circuit breakers and circuit closers, circuit overload protector devices and switchgears; electric current switches; electric switching apparatus installations, namely, automatic transfer switches, computer network switches, differential switches, electromagnetic switches, electronic motion sensitive switches, optical switches, power switches, pressure switches; voltmeters; electric and electronic installations for remote control of industrial process automation systems, namely, switching connection panels, namely, power distribution panels, circuit breaker panels and electric control panels, control panels, distribution consoles; automatic steering devices for apparatus for vehicles, namely, simulators for the steering and control of vehicles; apparatus and installations for the transmission, distribution and control of electric current, namely, semiconductor power elements, electric usage meters, voltage testers, electric voltage transformers, voltage regulators, electric conductors, namely, electrical conductors for electric motors, electrical conductors for transformers, electronic conductors for fuel cells, electronic conductors for integrated circuits, electronic semi-conductors, electrical reactors, namely, electrical converters, electrical relays and transformers, electric capacitors, electric contacts, namely, electrical circuits, electrical outlets, electrical power connectors, electrical fuses and electrical surge arresters, electric converters and inverters, both for use only as parts and fittings for coaxial cable, and not for non-electric cable and machinery and machine parts; heavy current circuits; aerial cables for heavy current; transformers, namely, distribution transformers, high voltage transformers, power transformers; electric sockets, electric plugs, and electrical outlets; solar cells; electronic controllers for industrial machines in the nature of industrial machine presses, industrial robots, machine tools for the metalworking industry, heating systems, air conditioning installations, ventilating units for home and commercial use, electric control panels, lighting installations, fire alarms, and security access systems, diesel engines, and diesel motors; facilities management control system products, namely, electronic controllers for heating systems, namely furnaces, air conditioners, ventilating fans, solar energy

panels for production of electricity, lighting, fire alarm, and security access systems, namely, facilities management software to control building environmental access and security systems, security access systems comprised of security alarms, control panels for security alarms, keypads for security alarms, event recorders for security purposes, security surveillance robots, and motion sensors for security lights, home security systems, electronic data security systems; products for facility management control systems, namely electrical control devices for the management of heating and energy, lighting controls, fire alarms, namely thermostats, electromechanical controls for room thermostats, light switches, dimmer switches, fire alarm control panels; security access controls in the nature of control panels for security alarms, and climate control systems consisting of digital thermostats and electronic control systems for heating and air conditioning systems; regulators for ventilating, air conditioning and cooling installations, namely, HVAC regulators, for controlling, measuring and monitoring air conditioning, air current, heating, ventilating and air conditioning installations; home security and automation systems, namely, programmable electronic data acquisition and control apparatus for environmental monitoring, environmental control, energy management, and automation of lighting, remotely controlled digital audio tape recorders for audio capture for monitoring, safety, and security purposes, HVAC, security alarms, home appliances, network routers and servers, internet of things applications and other home and office monitoring and control applications, namely, computers, mobile phones, electronic tablets, HVAC regulators for controlling, measuring and monitoring of air conditioning installations, air flow, heating, ventilating, lighting controls, energy controls and security alarms and computer software that allows the sharing and transmission of said data and information in the field of environmental monitoring and control, energy management, automation of lighting and security purposes between networked devices for the purposes of facilitating environmental monitoring, control, and automation in residential and commercial settings, namely, motion detectors, smoke detectors, carbon monoxide detectors, security alarms, video cameras, remotely controlled audio, and video cameras for video and image capture for monitoring, safety, and security purposes, motion sensors, temperature detectors, water detectors, heat detectors, freeze sensors, flood sensors, light sensors, remotely controlled door-locks, remotely controlled thermostats, remotely controlled appliance electrical switches; downloadable mobile computer software application for remotely managing, administering, modifying, and controlling home security and automation devices, namely, programmable electronic data acquisition and control apparatus for residential environmental monitoring, control, and automation of lighting, remotely controlled audio tape recorder for home and office building monitoring, safety, and security purposes, HVAC, security alarms, home appliances, network routers and servers, and other home and office monitoring and control applications, namely, motion detectors, smoke detectors, carbon monoxide detectors, security alarms, video cameras, remotely controlled audio and video tape recorders and cameras for home and office building monitoring, safety, and security purposes, motion sensors, temperature detectors, water detectors, heat detectors, freeze sensors, flood sensors, light sensors, remotely controlled door-locks, remotely controlled thermostats, remotely controlled appliance electrical switches; building automation systems, namely, Programmable electronic data acquisition and control apparatus for residential environmental monitoring, control, and automation of heating, air conditioning, ventilating, electrical control panels, lighting, fire alarm, and security access controls and software for building automation systems, namely, software for integrating heating, air conditioning, and lighting systems in buildings to optimize the environment for inhabitants and ensure lower energy consumption; automation equipment for buildings, namely electrical linear actuators for machines, for electric oil pumps, electric water pumps, for industrial applications, namely HVAC systems, linear actuators, electrical controllers, namely, electric control panels, electrical control systems for, heating and air conditioning systems, electrical controllers for diesel engines, control circuit boards, and monitoring systems comprising electric actuators,

namely, electrical linear actuators for machines, for electric oil pumps, electric water pumps, for industrial applications, namely, HVAC systems, linear actuators; computer software and hardware for enabling wireless connections of electronic devices, systems and appliances, namely, computers, mobile phones, electronic tablets, HVAC regulators for controlling, measuring and monitoring of air conditioning installations, air flow, heating, ventilating, lighting controls, energy controls and security alarms for enabling connection and the sharing and transmission of said data and information in the field of environmental monitoring and control, energy management, automation of lighting, monitoring, safety, and security purposes between networked smart-devices, namely, motion detectors, smoke detectors, carbon monoxide detectors, security alarms, video cameras, remotely controlled audio and video tape recorders and cameras for home and office building monitoring, safety, and security purposes, motion sensors, temperature detectors, water detectors, heat detectors, freeze sensors, flood sensors, light sensors, remotely controlled door-locks, remotely controlled thermostats, remotely controlled appliance electrical switches for remote monitoring and control; computer software platform for use in diagnosis, repair and configuration of computers and for controlling and managing access server applications in the fields of asset optimization, namely, process optimization of industrial, healthcare, manufacturing, mining, and infrastructure operations in order to improve the efficiency of machines, and equipment, industrial automation, namely, monitoring and control of heating, air conditioning, ventilation, energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of industrial and mining machines, and optimization of assets in industrial utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, and in the fields of mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; computer software for collation and distribution of data in computer networks to enable the sharing and transmission of said data and information in the field of environmental monitoring and control, energy management, automation of lighting and security purposes between networked computer software application programs and the connected consumer devices or the connected industrial apparatus, namely, computer software for collecting and distributing personal, commercial, industrial, municipal and financial data within computer networks, including the internet for use in asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification, and enabling data communication among application programs, consumer and industrial devices, namely, mobile phones, electronic tablets and computers and computer software for information management, data collection and data analysis in the fields of asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire

alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; downloadable cloud computing software for database management in the fields of information management, data collection and data analysis for use in asset optimization, namely, process optimization of administration and operations in healthcare, manufacturing, mining, power supply, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of industrial operations, heating, air conditioning, ventilation, energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of industrial and mining machines, and optimization of industrial in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; downloadable computer software application for information management, data collection and data analysis for the purpose asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; remote monitoring apparatus, namely, acceleration sensors, pressure sensors, temperature sensors, humidity sensors, electric sensors, timing sensors and optical sensors; computer software for recording data from recordings in the nature of video and sounds generated by machines and human beings captured by video cameras and digital audio tape recorders, namely, computer software for recording data in the field of asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification from audio and video recordings generated by machines and human beings; computer communications software for control and monitoring of communication between computers in automatic machine systems for industrial purposes for the purpose of asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining,

electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling; electronic servo motor controllers; electrical control systems for heating systems; electrical control systems for air conditioning systems; electric controls for heating and energy management, namely, monitoring and control of heating, air conditioning, and lighting systems in buildings; air conditioning control systems, consisting of digital thermostats; laboratory robots; automated process control systems for use in building automation systems for automation of computer hardware and computer software

Class 11

(5) Apparatus for lighting, namely, lighting fixtures; apparatus for heating, cooling and ventilation, namely, heating installations, namely, automatic temperature regulators for central heating radiators, central heating radiators, electric radiant heaters, gas water heaters, heat pumps, heat regenerators, radiators for heating buildings, furnaces, air cooling apparatus, namely, evaporative air coolers, evaporators for air conditioners, air conditioners, cooling installations for water, namely, water coolers, water conditioning units, chillers, and air-conditioning, air cooling and ventilation apparatus and instruments, namely, fans for heating, cooling and ventilation, namely, fan for air conditioners, fans for HVAC units, electric fans for household and industrial purposes, roof fans, and ventilating fans for commercial and industrial use; sanitary installations in the nature of steam rooms; ventilation systems comprised primarily of ventilating exhaust fans, ventilating louvers, and ventilation doors; air-conditioning installations for commercial and industrial use, namely, air cleaning units, air conditioners, evaporators for air conditioners, filters for air conditioners; apparatus for steam generation, namely, steam generators; apparatus for cooking, namely, electric cooktops and exhaust hoods for kitchens; apparatus for drying, namely, industrial dryers for heating and dehumidifying; ventilation, namely, ventilation units for commercial food preparation and food serving, namely, ventilation hoods; apparatus for water distribution, namely, level controlling valves in tanks; apparatus for drying, namely, industrial dryers for heating and dehumidifying, namely, industrial dehumidifiers, industrial furnaces, apparatus for ventilation, namely, ventilating fans for commercial and industrial use, apparatus for water distribution, namely, cooling installations for water and water purification and filtration apparatus, namely, water coolers, water distillations units, water sterilizers, solar collectors, heat pumps, stoves; ovens, namely, induction ovens, microwave ovens, cooking ovens, convection ovens, industrial cooking ovens; air conditioning control systems, consisting of air conditioning installation.

Class 12

(6) Vehicles, namely, cars, trains, planes, boats; apparatus for locomotion by land, air or water, namely, funicular railway cars and carriages, fork lift trucks, locomotives, motor coaches, trams, railway coaches, railway cars, railcars, trolley buses, cable cars, airplanes, automobiles, automatic guided vehicles, ships, tankers, boats, marine vehicles in the nature of run-abouts, electric drives for vehicles, and electric drives for rail bound vehicles; steering gear for ships; aeronautical apparatus, machines and devices, namely, aircraft, space vehicles, drones, namely, camera drones, civilian drones, military drones and photography drones, and unmanned aerial vehicles; driving motors for land vehicles, particularly for rail vehicles; hydraulic drives for vehicles; machines and machine tools as well as their parts, namely, drive gears, drives for machines, namely, electric drives for vehicles.

Services

Class 35

(1) measuring and monitoring electricity consumption for account auditing purposes for electric power providers, and measuring and monitoring electricity consumption of machines and machine tools as well as their parts, namely, automated machines and machine tools as well as their parts in the nature of electric drives for electric motors for machines, drives for vacuum pumps, drive gears, drives for machines, namely, electric drives for vehicles and electric drives for industrial machinery, electric generators, turbines other than for land vehicles, namely, wind turbines, turbines for generation of electricity, turbines for jet engines, steam turbines and industrial gas turbines for power generation and industrial gas turbines for mechanical drive, turbochargers for internal combustion engines, electricity generators, spindles being parts of machines, high frequency motor spindles with high frequency electric converters and power supply units; management and compilation of computerised databases

Class 37

(2) Construction of gas treatment plants, oil processing plants, oil pumping stations, offshore oil and gas production installations, gas compressor stations, oil refineries and petrochemical plants, advice regarding the aforesaid services; repair of gas treatment plants, oil processing plants, oil pumping stations, offshore oil and gas production installations, gas compressor stations, oil refineries and petrochemical plants, advice regarding the aforesaid services; installation services, namely, installation of electrical systems, solar energy based power plants, heating, ventilating and air conditioning systems, installation of computer networks and computer systems, installation of electrical installations, automated process control systems, namely, motion detectors, smoke detectors, carbon monoxide detectors, security alarms, video cameras, temperature detectors, water detectors, heat detectors, freeze sensors, flood sensors, light sensors, remotely controlled door-locks, remotely controlled thermostats, and remotely controlled appliance electrical switches for use in building automation systems for environmental monitoring, environmental control, energy management, and automation of heating, air conditioning, ventilating, energy, lighting, fire alarm, and security access controls, power plants, oil and gas installations, machines and machine tools as well as their parts, namely, automated machines and machine tools as well as their parts in the nature of electric drives for electric motors for machines, drives for vacuum pumps, drive gears, drives for machines, namely, electric drives for vehicles and electric drives for industrial machinery, electric generators, turbines other than for land vehicles, namely, wind turbines, turbines for generation of electricity, turbines for jet engines, steam turbines and industrial gas turbines for power generation and industrial gas turbines for mechanical drive, turbochargers for internal combustion engines, electricity generators, spindles being parts of machines, high frequency motor spindles with high frequency electric converters and power supply units, heating, ventilating, air conditioning installations and computer hardware, installation of gas treatment plants, oil processing plants, oil pumping stations, offshore oil and gas production installations, gas compressor stations, oil refineries and petrochemical plants, advice regarding the aforesaid services; servicing, maintenance and installation works particularly of machines and machine tools for industrial installations, advice regarding the aforesaid services, namely, installation and maintenance of electrical and generating machinery; installation, implementation, maintenance and repair of office machines and office equipment and advice regarding the aforesaid services; maintenance of computer hardware, particularly computers and computer network installations, advice regarding the aforesaid services; installation, maintenance, repair and modification services for the purpose of noise suppression of machines and apparatus and electrical noise suppression machine installations, advice regarding the aforesaid services; installation and maintenance of oil pipelines, advice regarding the aforesaid services; underwater building and construction, advice regarding the aforesaid services; installation services, including advice relating thereto, namely,

installation of electrical systems, solar energy based power plants, heating, ventilating and air conditioning systems, including consultation in the field of installation of electrical systems, solar energy based power plants, heating, ventilating and air conditioning systems; consultancy services in the field of installation of computer hardware and hardware setup for use in the field of automated process control systems comprised of electrotechnical and electronic micro-processor based hardware used for the collection, processing and output of data related to the status of industrial processes, namely, power generation, electrical distribution and oil and gas processing, and consultancy services in the field of installation of computer hardware and hardware setup for use in robotics, namely, industrial robots, laboratory robots, robots for welding, handling, assembly, painting and finishing, picking, packing, palletizing and machine tending, all in the field of electricity generation, construction, operation of solar energy based power plants, heating, ventilating and air conditioning systems; installation of computer networks and computer systems, including providing advice and consultation in the fields of computer networks and computer systems

Class 40

(3) technical consultancy in the fields of electricity generation and generation of electricity from solar energy based power plants;

Class 42

(4) Scientific research and industrial research in the fields of mechanical engineering, machines and machine tools as well as their parts, namely, automated machines and machine tools as well as their parts in the nature of electric drives for electric motors for machines, drives for vacuum pumps, drive gears, drives for machines, namely, electric drives for vehicles and electric drives for industrial machinery, electric generators, turbines other than for land vehicles, namely, wind turbines, turbines for generation of electricity, turbines for jet engines, steam turbines and industrial gas turbines for power generation and industrial gas turbines for mechanical drive, turbochargers for internal combustion engines, electricity generators, spindles being parts of machines, high frequency motor spindles with high frequency electric converters and power supply units, power plants, namely, solar energy based power plants, wind energy based power plants, electricity generation, energy efficiency, energy saving and environmental protection; creation of data processing computer software programs; providing temporary use of online, non-downloadable Internet-based computer software for providing computer programs in data networks, namely, providing user access to a global computer network; providing information on computer technology and programming via a web site, namely, providing technical information in the field of computers, computer hardware, software and networks online via a computer data bank and via computer networks; services provided by an industrial designer; services provided by a packaging designer; quality assessment, namely, materials testing, analyzing and evaluation; underwater exploration; testing of raw materials; engineering services relating to environmental impact, advice in the field of energy saving, providing technical advice in connection with energy-saving measures, services provided by technical advisers in the field of energy saving and energy performance; computer software design, particularly in the field of computer security; network engineers' services, namely, computer and network security consulting; scientific and industrial research in the field of software and networks online via a computer data bank and via computer networks; software updating; carrying out chemical analyses; oil prospecting; oil-well testing; preparation of analyses for oil-field exploitation; oil-field surveys; physics research; chemical research; services provided by a physicist; computer consulting services, particularly in the field of technical security; research and development of new products for others; scientific and industrial research, namely research in the field of machine construction and engineering, namely, research in the field of power plants, electricity generation, energy efficiency, energy saving, environmental protection and data

processing and scientific and industrial research in the field of software and networks online via a computer data bank and via computer networks; technical surveying; engineering work including advice provided by engineers, particularly consultation in the field of technical security, namely, computer support services in the field of technical security; construction drafting; rental of software for data processing; software development; engineering surveying services, civil engineering drawing services, mechanical engineering, chemical engineering; technological monitoring and control of mechanical and computer systems to ensure proper functioning in the fields of electricity distribution services, machines and machine tools as well as their parts, namely, automated machines and machine tools as well as their parts in the nature of electric drives for electric motors for machines, drives for vacuum pumps, drive gears, drives for machines, namely, electric drives for vehicles and electric drives for industrial machinery, electric generators, turbines other than for land vehicles, namely, wind turbines, turbines for generation of electricity, turbines for jet engines, steam turbines and industrial gas turbines for power generation and industrial gas turbines for mechanical drive, turbochargers for internal combustion engines, electricity generators, spindles being parts of machines, high frequency motor spindles with high frequency electric converters and power supply units; monitoring, diagnostic and inspection services for fault detection in electricity production, transmission and distribution systems and in machines and machine tools, namely, electrical and generating machinery; monitoring of oil wells; computer programming; analysis of software; consultancy relating to computers, namely, computer programming consultancy; analysis and design of computer systems and networks; providing online, non-downloadable software to enable customers to remotely manage, administer, modify and control home security systems, lighting, remotely controlled audio tape recorder for home and office building monitoring, safety, and security purposes, HVAC, security alarms, home appliances, network routers and servers, internet of things applications and other home and office monitoring and control applications, namely, motion detectors, smoke detectors, carbon monoxide detectors, security alarms, video cameras, remotely controlled audio and video tape recorders and cameras for home and office building monitoring, safety, and security purposes, motion sensors, temperature detectors, water detectors, heat detectors, freeze sensors, flood sensors, light sensors, remotely controlled door-locks, remotely controlled thermostats, remotely controlled appliance electrical switches; information technology services, namely hosting a web-based system and online portal, offering technology that enables customers to remotely manage, administer, modify and control home security and automation devices, namely, lighting, remotely controlled audio tape recorder for home and office building monitoring, safety and security purposes, HVAC, security alarms, home appliances, network routers and servers, internet of things applications and other home and office monitoring and control applications, namely, motion detectors, smoke detectors, carbon monoxide detectors, security alarms, video cameras, remotely controlled audio and video tape recorders and cameras for home and office building monitoring, safety, and security purposes, motion sensors, temperature detectors, water detectors, heat detectors, freeze sensors, flood sensors, light sensors, remotely controlled door-locks, remotely controlled thermostats, remotely controlled appliance electrical switches; platform as a service (PAAS) offering computer software platforms for the optimization of the asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials

production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; software as a service (SAAS) services featuring computer software for use in asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; software as a service (SAAS) services featuring software for data collection and data analysis for use in industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling and material asset optimization and management for industrial warehouses and residential apartments and condominiums, power stations, solar energy power plants, transportation of goods via rail and water purification, management processes, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment; software as a service (SAAS) services featuring software for recording data for use in the fields of industrial automation, namely, monitoring and control of heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling and asset optimization and management for industrial and residential buildings, namely, process optimization of mining operations in order to improve the efficiency of mining vehicles, mining machines, and mining equipment, power stations, solar energy power plants, transportation of goods via rail and water purification, and for the management, control, automation of devices, namely, computer software for connecting controlled hand-held devices, namely, computers, tablets and mobile phones to each other and the internet so the devices are able to transmit and receive data in the field of environmental monitoring, environmental control and energy management, namely, monitoring and control of heating, air conditioning, and lighting systems in buildings; cloud computing providing software featuring cloud-based software-as-a-service (SAAS) for computer software platforms for use in asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; providing temporary

use of online, nondownloadable computer software platforms for the asset optimization, namely, development of business processes in the fields of medicine, automated industrial manufacturing, mining, electricity generation, utilities and infrastructure, namely, electricity, air, rail, ship and truck transportation, water purification in order to improve the efficiency of processes, machines, and equipment, industrial automation, namely, monitoring and control of automated industrial machinery, heating, air conditioning, ventilation, electrical energy consumption, lighting, fire alarms, and security alarms, machine diagnostics of automated industrial machinery and mining machines for drilling, and optimization of automated industrial machinery in the fields of utilities, namely, natural gas, petroleum, oil and carbon based fuels and effluent, raw plastic materials production processes, mining, healthcare, namely, medical clinics, hospitals, dental clinics, veterinary clinics, medical laboratories, manufacturing and infrastructure, namely, energy, namely, electricity, air, rail, ship and truck transportation, water purification; technological consultancy services in the field of the optimization of electric power stations; engineering services in the field of the optimization of electric power stations; engineering services and technical and technological consultancy services relating thereto in the field of solar energy, wind energy, electricity generation, and energy efficiency, electrical energy, solar energy for owners and operators of industrial, commercial and governmental facilities; engineering services and technical and technological consultancy services in the field of the measurement and monitoring of the use of power and energy to improve energy efficiency for owners and operators of industrial, commercial and governmental facilities; diagnostic services in the field of testing electricity generation and distribution, diagnostic services for fault detection in production, transmission and electricity distribution systems and in machines and machine tools as well as their parts, namely, automated machines and machine tools as well as their parts in the nature of electric drives for electric motors for machines, drives for vacuum pumps, drive gears, drives for machines, namely, electric drives for vehicles and electric drives for industrial machinery, electric generators, turbines other than for land vehicles, namely, wind turbines, turbines for generation of electricity, turbines for jet engines, steam turbines and industrial gas turbines for power generation and industrial gas turbines for mechanical drive, turbochargers for internal combustion engines, electricity generators, spindles being parts of machines, high frequency motor spindles with high frequency electric converters and power supply units; performance of chemical analyses; analyses for oil extraction; performance of exploratory drilling operations for oil; monitoring of oil wells; production of analyses for oil extraction, drawing up of experts reports about oil presence; computer support services, particularly in the field of technical security; computer data recovery; software maintenance; computer systems analyses; installation and maintenance of computer software and technical consultancy relating thereto; technical consultancy services in the field of energy saving and energy efficiency; technological consulting services in the field of solar and nuclear energy generation; computer software consultancy in the field of automation software for use in the field of solar and nuclear energy generation; technical consultancy services in the field of the design and development of computer programs and software for use in the field of energy saving, energy efficiency, solar and nuclear energy generation; technical consultancy services in the field of robotics, namely, design and development of industrial robots, laboratory robots, robots for welding, handling, assembly, painting and finishing, picking, packing, palletizing and machine tending; providing temporary use of non-downloadable software applications for accessing and using cloud computing provider services for general storage of data; remote monitoring of computer systems for detecting unauthorized access, data breach, breakdowns; installation, implementation, maintenance and repair of computer software and advice regarding the aforesaid services; technological consultancy services in the field of computer software and computer programs for environmental monitoring, environmental control, energy management, and automation of heating, air conditioning, ventilating, energy, lighting, fire alarm, and security access

controls, technological consulting services in the field of computer software and computer programs for robotics, namely, industrial robots, laboratory robots, robots for welding, handling, assembly, painting and finishing, picking, packing, palletizing and machine tending, electricity generation, construction, operation of solar energy based power plants, heating, ventilating and air conditioning systems, and systems for heating, ventilation, air-conditioning, production and distribution of electricity; technical consulting in the fields of computer science, chemistry, physics, chemical engineering, mechanical engineering, computer engineering, engineering services in the field of technical project planning and design engineering, namely, civil engineering drawing services as well as related consulting; technical consulting in the fields of design and development of computer software and computer programs for use in building automation systems for environmental monitoring, environmental control, energy management, and automation of heating, air conditioning, ventilating, energy, lighting, fire alarm, and security access controls, computer networks and computer systems; computer network and computer system configuration services and advisory services relating thereto; computer network and computer system design for others and advisory services relating thereto; computer network and computer system security services and advisory services relating thereto; technological consulting services in the field of alternative energy generation

Consumer coupons downloaded from a global computer network; Downloadable electronic publications in the nature of digital magazines, newsletters, articles, information sheets and mobile applications in the fields of cooking, nutrition, grocery shopping, environmental issues, ecology, food, wine, fitness, mental health, self-help and personal empowerment; Computer application software for mobile phones and mobile devices such as smartphones, personal digital assistants (PDAs), handheld computers, tablets computers, and handheld digital media storage and playback devices, to enable users to access and interact with live and pre-recorded programs, audio and video recordings, digital magazines in the fields of cooking, nutrition, grocery shopping, environmental issues, ecology, food, wine, fitness, mental health, self-help and personal empowerment, and to access and interact with information in the fields of cooking, nutrition, grocery shopping, environmental issues, ecology, food, wine, fitness, mental health, self-help and personal empowerment; Pre-recorded videotapes, audio tape recordings, television programs, and downloadable digital audio and video recordings in the fields of cooking, nutrition, grocery shopping, environmental issues, ecology, food, wine, fitness, mental health, self-help and personal empowerment.

Services

Class 35

(1) Retail grocery store services; supermarkets; Retail and online retail store services featuring a wide variety of consumer goods of others, namely, food, beverages, meats, grains, groceries being fresh fruit and vegetables, seeds, natural plants and flowers, malt, clothing, footwear, headgear, household or kitchen utensils and containers, combs and sponges, brushes, articles for cleaning purposes, steelwool, unworked or semi-worked glass, glassware, porcelain and earthenware, bakeware, and dishes, blenders, table clothes, candles, bed and table covers, cotton fabric, wool yarn fabrics, household linens, bed linens, kitchen linens, bath linens, towels, oven mitts, bleaching preparations and other substances for laundry use, cleaning, polishing, scouring and abrasive preparations, soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices, cosmetics, vitamins, dietary supplements and hair brushes, electric shavers, body cleaning and beauty care preparations, baby care products (non-medicated), homeopathic medicines, food for babies,

pharmaceutical preparations, sanitary preparations being toiletries, sanitary preparations for medical purposes, medical dressings, and dressings for wounds; computerized on-line ordering featuring general consumer merchandise, namely, food, beverages, meats, grains, groceries being fresh fruit and vegetables, seeds, natural plants and flowers, malt, clothing, footwear, headgear, household or kitchen utensils and containers, combs and sponges, brushes, articles for cleaning purposes, steelwool, unworked or semi-worked glass, glassware, porcelain and earthenware, bakeware, and dishes, blenders, table clothes, candles, bed and table covers, cotton fabric, wool yarn fabrics, household linens, bed linens, kitchen linens, bath linens, towels, oven mitts, bleaching preparations and other substances for laundry use, cleaning, polishing, scouring and abrasive preparations, soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices, bath additives, loofahs for bathing, cosmetics, vitamins, dietary supplements and hair brushes, electric shavers, body cleaning and beauty care preparations, baby care products (non-medicated), homeopathic medicines, food for babies, pharmaceutical preparations, sanitary preparations being toiletries, sanitary preparations for medical purposes, medical dressings, and dressings for wounds; retail and on-line grocery store services featuring home delivery service; promoting the goods and services of others by distributing advertising materials through a variety of methods; advertising services for promoting public awareness of the benefits of proper diet and nutrition; providing consumer product information in the field of food and beverages via a website; retail grocery store services featuring a customer loyalty rewards program for shoppers.

(1) pumps, compressors, generators and fans as parts of motors and engines; water pumps; fuel pumps; grease pumps; hydraulic pumps for crushing and sifting machines; electric generators for crushing and sifting machines; fans for coolers for crushing and sifting machines; industrial robots; granulating machines; engines, motors and power trains for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; couplings for machines; power transmissions for machines; gearboxes for machines; electro-magnetic clutches for machines; filters for engines and motors, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters; filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters; housings for filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; housings for filters for engines; machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste; mechanical, pneumatic, hydraulic and electric implements for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; machines for recycling construction materials, raw materials and valuable materials for road construction and building construction; tunnel boring machines; asphalt finishers (machines); machines for the finishing and aftertreatment of road surfaces; concrete construction machines; mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; machines for feeding asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste to crushing and sifting machines; electromagnetic separators for separating stone, metal, ore, asphalt, concrete, bitumen, mineral

aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; machines for spraying, sputtering and nebulizing water; crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; comminutors for solid materials; sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; electric sieves for industrial applications; roller screens (machines); mixing machines and installations, in particular concrete and asphalt mixing machines and installations; machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; sorting machines for sorting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; machines for filtering stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; machines and installations for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; machines for the making of and working on polymers, bitumen, concrete and asphalt; dust removing installations for cleaning purposes; conveyors; conveyors and installations for conveyors; conveyor belts; conveyor chains; bucket conveyors; hopper loaders (machines); winches; lifting work platforms; windlasses; pressure relief transformer; hydraulic intensifier; parts of crushing and sifting machines, namely, rings for holding crushing tools, breaking and crushing mantles for cone crushers, bowl liners for cone crushers, impact ledges for impact crushers, drive drums, drums for driving conveyors, magnetic separators for taking out the metal parts from crushing material, toothed belts, v-belts, belts for fans, belts for electrical generators, belt pulleys, tensioning arms of metal, tensioning units of metal, tensioning pulleys, tension links of metal, tensioning bearings, tensioning wedges, tensioning clamps for screens, tensioning devices for screens, tensioning equipment for tensioning belts, devices for tensioning scrapers on conveyors, devices for tensioning belts on drives, couplings, metal shafts, cardan shafts, shafts for rotors, eccentric shafts, metal shafts for screens, coolers, coolers for engine coolants, air and water coolers for motors and engines, hydraulic and lubrication oil coolers, air coolers, water coolers, water separators, fuel separators, magnetic valves, pressure relief valves, pressure relief valve blocks, hydraulic valves, rollers for supporting conveyor belts, covers of metal for screens, covers for conveyors, protective covers of metal for unbalances, crawler chains, hydraulic cylinders, clamping cylinders for cone crushers, tensioning cylinders for crawler chains, spherical roller bearings, pressure plate bearings, bearings for labyrinth lids, bearings for return pulleys for machine belts, bearings for screens, bearings for electric generators, side panels of metal, side panels of metal for crushers, fuel tanks, fly wheels, bearing brackets, compression springs, material scrapers, breaking and crushing bars, blow bars for impact crushers, impact bars for impact crushers, breaking and crushing plates, rockers for jaw crushing machines, impact plates for impact crushers, impact toggles for impact crushers, breaking and crushing jaws for jaw crushers, breaking and crushing cones for cone crushers, hoppers, hopper extensions, rotors for impact crushers, sieves, screening units, vibrating screens, slotted screens, perforated plates and wire mesh screens, chisels, shovels, spraying booms, slide valves, scraper chains, pistons, piston rods, mirrors, guide bars, gear wheels; brake linings, brake calipers, and brake shoes; electric, hydraulic, mechanical and pneumatic tools (other than hand-operated) for repairing machines; electric, hydraulic, mechanical and pneumatic tools (other than handoperated) for changing, removal and fitting of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting,

mixing and agricultural machines; power tools; mechanical, hydraulic and pneumatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; mechanical, hydraulic and pneumatic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; coverings for parts of crushing and sifting machines; fitted tarpaulins for crushing and sifting machines; fitted coverings for crushing and sifting machines; spark plugs; pneumatic hammers; bearing brackets for machines; wheels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; belts for motors; machine belt pulleys; driving chains and transmission shafts for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; exhaust manifolds for motors and engines; mufflers for motors and engines; radiators and radiator caps for motors; mechanical discharging hoppers of metal; metal loading ramps for use with construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; parts and fittings for crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; parts and fittings for sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; parts and fittings for machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; parts and fittings for sorting machines for sorting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; parts and fittings for machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste; parts and fittings for machines for recycling construction materials, raw materials and valuable materials for road construction and building construction; parts and fittings for machines for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; parts and fittings for mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; parts and fittings for machines for feeding asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste to crushing and sifting machines; parts and fittings for conveyors.

Class 09

(2) electronic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electronic control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; automatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; power switches; electricity transformers; electric rectifiers; apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data, namely cameras, image scanners, scanners

for scanning surfaces, digital voice recorders, digital audio tape recorders, video recorders, audio transmitters and receivers, audio transformers, audio-visual transmitters and receivers, laser, infrared and ultrasound transmitters and receivers, loudspeakers, computer display screens, touchscreens, head-up displays, sound amplifiers, antennas for radio signals, wireless LAN antennas, antennas for satellite signals, video receivers and transmitters, radio receivers and transmitters, satellite receivers and transmitters; communications equipment, namely computer hardware, computer monitors, computer keyboards, computer mice, computer speakers, computer microphones, computer cables, computer printers, radio, telephone and satellite receivers and transmitters, radio, telephone and satellite signal antennas, telephones, global positioning systems (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and computer terminals for telematics and satellite ground stations; blank optical, magnetic and digital data carriers, namely CDs, DVDs, digital optical data storage discs, hard discs, flash memory cards, USB cards, and SD memory cards; calculators; modems; network interface cards and computer interface cards; computer central processing units; electronic pens; light pens; touch screen pens; microprocessors; fieldbus modules; computers; computer software for monitoring, controlling and remote controlling trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for the management, monitoring, control, operating and regulating of motors, engines, drive systems for trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for collecting, analyzing and processing operational data for trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for database management; computer software for the management of fleets of machines, namely trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for use in repair and maintenance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; computer software for on-board computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines; computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks; computer software for connecting on-board computers in trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks; software for playing computer games; computer hardware; computer peripherals, namely, computer monitors, computer mice, computer keyboards, external computer hard drives; fire extinguisher; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of commercial trucking, construction, milling, recycling, soil stabilization, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information namely, operational data concerning construction, milling, recycling, soil

stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information on global positioning systems (GPS) and global navigation satellite systems (GNSS); pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; information technology and audiovisual equipment, namely, cameras, microphones, flat panel display screens, LCD displays and monitors, computer and television screens and monitors, video monitors, audiovisual receivers, audiovisual transmitters, LCD projectors, video projectors, sound projectors and amplifiers, audio speakers, audio equipment for vehicles, machines and industrial installations, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings; industrial magnets, industrial magnetizers and demagnetizers; electromagnets; electromagnetic coils; electromagnetic separators for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials or waste; electrical branch boxes; electric power generators; electric power converters; terminal boxes for electricity; electricity limiters; electric contacts; current converters; voltage converters; voltage regulators; jump leads; alternators; strands and wires for electricity; insulated wires for electricity; screw connections for electric cables; frequency converters and invertors; distribution cabinets, panels and boxes for electricity; electric cable channels; semiconductors; microprocessors; microcontrollers; resistors; variable resistances; electric coils; capacitors; power contactors; circuit breakers; current amplifiers; optical devices, equipment, enhancers and correctors, namely, optical cables, plugs for optical cables, optical lenses, signal mirrors, optical transmitters, optical receivers, optical disc drives, optical scanners and optical sensors; safety, security, protection and signalling devices and equipment for vehicles, machines and industrial installations, namely, flashing and steady safety lights, safety bar lights, beacon lights, emergency warning lights, signal lights, sirens, safety fuses, safety contact plugs, mechanical safety lighting signals, luminous safety lighting signals, back-up sensors, motion sensors, cameras, security and fire alarms, reversing alarms, security control panels and motion detectors, emergency signal transmitters, signal bells, signal whistles, electronic tire pressure, vibration, shock, motion, angle, temperature and voltage monitors, electrical indicators and overhang indicators; satellite-aided navigation systems for commercial vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; navigation apparatus in the form of on-board computers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; navigation and positioning systems for locating and tracking movements of commercial vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition,

crushing, sifting, mixing and agricultural installations, machines and apparatus using a global navigation satellite system (GNSS), cellular communications or radio frequency; vehicle and machine tracking systems comprised of computer hardware, computer software, cellular phones, distance and motion sensors, satellite antennas, satellite receivers, satellite transmitters, radio antennas, radio receivers and radio transmitters; machines for drawing and making digital maps, including maps showing the progress and results of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes; measuring, detecting and monitoring instruments, devices, appliances and controllers, namely, rotary encoders, dipsticks, measuring buckets, scanners for vehicles and machines, scanners for scanning the earth's surface, scanners for scanning the surface of parts of vehicles and machines, gauges for measuring the profile of chisels, picks and belt pulleys, pressure gauges, analog and digital multimeters, mechanical altimeters, levels, measuring instruments for measuring the thickness of pavement layers, revolution counters, digital speedometers, ammeters, infrared thermometers, frequency meters, meters for measuring the frequency and amplitudes of vibration drums, flow meters, temperature meters (not for medical purposes), hygrometers, speedometers, measuring rods for measuring lengths and distances, measuring rods for measuring fluid levels, electrical currents sensors, scales, electronic scales, weighbridges, potentiometers, meters for measuring height, measuring cups, measuring hoses, measuring tapes and tachometers; instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil; temperature gauges; electric and electronic apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, namely, computer hardware, computer monitors, computer keyboards, computer mice, loud speakers, microphones, digital, optical, radio and satellite receivers and transmitters, levelling sensors, slope sensors, grade sensors, cylinder sensors, transducing sensors, wire-rope sensors, ultrasonic sensors, laser sensors, sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, antennas, computer terminals for telematics and satellite ground stations; electronic systems comprised of computer hardware, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; testing and quality control devices, namely, insulation continuity testers, hydraulic pressure testers, power testers, voltage testers, apparatus for measurement and quality control of soil, construction material and road surfaces, machines and apparatus for testing the consistency and quality of the ground, soil, road surfaces, asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, slag, metal and waste; computers, computer software and machines for analysing and diagnosing the condition, operation of and faults with computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; operation and driving simulators for trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; dosimeters; laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines; laser, infra-red and ultrasound rangefinders; laser, infra-red and ultrasound transmitters and receivers; laser and infra-red diodes; laser pointers; pressure switches; power switches; electrical switches; proximity switches;

emergency stop switches, in particular wire-rope switches; electric control boxes and control boards; electric cabinets for pressure switches; electric cabinets for power switches; electric control panels; computer joysticks; joysticks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; levelling sensors; slope sensors; grade sensors; cylinder sensors; transducing sensors; wire-rope sensors; ultrasonic sensors; laser sensors; sensors for measuring displacement and height; shock sensors; pressure sensors; temperature sensors; photo sensors; scanner sensors; acceleration sensors; level sensors; height sensors; electronic sensors for determining position, velocity, acceleration and temperature; vibration sensors; laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines; light emitting diodes; horns for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric buzzers; luminous signs; optical reflectors; rearview mirrors for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; radio frequency transmitters and receivers; antennas for radio signals; telephone antennas; wireless LAN antennas; antennas for satellite signals; radar transmitters; satellite transmitters; microwave transmitters; wireless LAN transmitters; radar receivers; satellite receivers; microwave receivers; wireless LAN receivers; electrostatic metal separators; remote controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; lifts and hoists for lifting and lowering machines and machine parts; oil level indicators for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electronic components for integrated circuits; electrical cables and wires; electric connection components, namely, connecting electrical cables, coaxial connection gender changers; electric relays; electric fuses; electrical terminal boxes; electrical circuits and circuit boards; audio devices, namely, audio headphones, audio recorders, audio speakers, digital and analog, audio tape and cassette players, audio amplifiers and audio frequency transformers; audio speakers; computer speakers; graphic equalizers; electric batteries for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric storage batteries; electric battery chargers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; electric battery chargers for electric storage batteries; audio amplifiers; protective and safety clothing for protection against accident or injury, namely, protective pants, protective jackets, protective coats, protective vests, protective gloves, protective masks, protective caps, protective hats, reflective safety jackets, reflective safety pants and reflective safety vests; safety boots; protective helmets, namely, safety helmets; eyeglasses, in particular safety glasses for protecting the eyes and sun glasses; exposed films for educational purposes; cinematographic films for educational purposes, namely, prerecorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks featuring educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; cinematographic films for educational purposes, namely, downloadable educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; identification cards with embedded chips; covers for electric cabinets for pressure switches; covers for electric cabinets for power switches;

electric and electronic input modules for electric and electronic controls; digital input modules for electric and electronic controls; digital output modules for electric and electronic controls; battery jump starters.

Class 12

(3) vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste; transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; tractors; concrete mixing vehicles; truck tractors; cargo trailers; tractor trailers; towing trucks; trucks; trailers for motor land vehicles; tipping bodies for transport trucks; wagons; steering wheels; vehicle wheels; trailer wheels; wheels for industrial machinery; wheels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; tyres; pneumatic tyres; solid rubber tyres; wheel rims for vehicle wheels; wheel rims for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; inner tubes for tyres; repair outfit for tyres and inner tubes for tyres; chains for motor vehicles; tracks for vehicles, namely, continuous metal tracks and rubber continuous tracks; continuous tracks; complete running gears for continuous metal tracks and rubber tracks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; track pads for continuous tracks of rubber and metal; powertrains, motors and engines for land vehicles; coupling and power transmission components for land vehicles; driving chains and transmission shafts for land vehicles; body parts for vehicles; undercarriages for vehicles; braking systems, brakes, brake calipers, brake shoes and brake linings for motor vehicles; braking systems, brakes, brake calipers, brake shoes and brake linings for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; scrapers for tyres; windscreen wipers; adapted tarpaulins for use with motor land vehicles and trailers for motor land vehicles; adapted coverings for use with motor land vehicles and trailers for motor land vehicles; alarm systems for vehicles; mirrors for vehicles; air pumps for tyres; parts and fittings for tractors, concrete mixing vehicles, truck tractors, towing trucks, trucks, trailers for motor land vehicles, wagons, steering wheels, tyres, driving chains and transmission shafts for land vehicles, body parts for vehicles, scrapers for tyres, windscreen wipers, alarm systems for vehicles, mirrors for vehicles, air pumps for tyres; parts and fittings for cargo trailers, tractor trailers; parts and fittings for continuous metal tracks and rubber continuous tracks for vehicles; parts and fittings for continuous tracks; parts and fittings for complete running gears for continuous metal tracks and rubber tracks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; parts and fittings for track pads for continuous tracks of rubber and metal; parts and fittings for powertrains, motors and engines for land vehicles; transport vehicles, namely, trucks for transporting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof.

Class 28

(4) model vehicles; model milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines;

toy vehicles, machines and industrial installations; controllers for toy vehicles, machines and industrial installations; action figures; dolls; stuffed and plush toys, in particular machines and animals; decorative toy mobiles; bath toys; bendable toys; clockwork toys; construction toys; electrical, mechanical, pneumatic and hydraulic action toys; electronic learning toys; infant toys; ride-on toys; inflatable ride-on toys; inflatable mattresses; toy figures; musical toys; party favors in the nature of small toys; push toys; sand toys; water toys; drawing toys; sketching toys; squeeze toys; talking toys; toy balloons; toy building blocks; toy buildings, building structures and vehicle tracks; toy construction sets; toy masks; toy robots; toy tools; wind-up toys; toy racing sets; electric computer games with flat panel display screen which features animation and sound effects; video game consoles; video game machines; board games; card games; dice games; action skill games; amusement game machines; arcade games; building games; dart games; electronic educational game machines; electronic games other than those adapted for use with television receivers only; memory games; handheld game consoles; handheld electronic games; handheld, non-electronic skill games; party games; puzzle games except crossword puzzles; tabletop games; carnival masks and costumes; toy and novelty face masks; novelty toy items in the nature of pop ups; play balls; play balloons; play figures; play vehicles, machines and industrial installations; controllers for play vehicles, machines and industrial installations; play buildings, building structures and vehicle tracks; beach balls; balls for sport; pumps for inflating balls for sport; nets for sports; bags adapted for sports equipment; boxing gloves; face, shin, knee, leg, arm and elbow guards for athletic use; roller skates; exercise weights; sport hoops; sleighs; sleds; springboards; golf clubs; golf bags; skis; ski sticks; ski bags; football or soccer goals; festive Christmas tree decorations; parts and fittings for model vehicles; parts and fittings for model milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines.

Services

Class 35

(1) business management; business administration services; advertising the goods and services of others; distribution of advertising materials for others; rental of advertising spaces; direct marketing of the goods and services of others; business administration consultancy; business management consultancy; consultancy in the field of business structure and organizational management; product demonstration and product presentation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; internet product demonstration and internet product presentation of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; conducting and organization of trade fairs for commercial and advertising purposes in the field of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; commercial trading and consumer information services, namely auctioneering services, price comparison services; business appraisals; evaluation of business matters; arranging of sales competitions in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; negotiation and conclusion of commercial transactions for third parties; acquisition of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, for third parties; subscription management services for customer subscriptions and product catalogues; compilation and systematization of data and information in electronic databases; compilation of statistics; cost-benefit analysis; cost-

price analysis; business studies concerning capacity utilisation; business project management; organisational project management and organisational management of vehicle and machine fleets, and related organisational and business consultancy; operating an information, complaints and emergency hotline, also online, namely taking, collecting and forwarding customer requests or customer complaints by telephone or electronic means; import-export agencies services; organisational scheduling of the operating time and location of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; business relocation services; retail and wholesale services also via the internet, in relation to pumps, compressors, generators and fans as parts of motors and engines, water pumps, fuel pumps, grease pumps, hydraulic pumps for crushing and sifting machines, electric generators for crushing and sifting machines, fans for coolers for crushing and sifting machines, industrial robots, granulating machines, engines, motors and power trains for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, couplings for machines, power transmissions for machines, gearboxes for machines, electro-magnetic clutches for machines, filters for engines and motors, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, housings for filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, housings for filters for engines, machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, mechanical, pneumatic, hydraulic and electric implements for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, machines for recycling construction materials, raw materials and valuable materials for road construction and building construction, tunnel boring machines, asphalt finishers (machines), machines for the finishing and aftertreatment of road surfaces, concrete construction machines, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, machines for feeding asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste to crushing and sifting machines, electromagnetic separators for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, machines for spraying, sputtering and nebulizing water, crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, comminutors for solid materials, sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, electric sieves for industrial applications, roller screens (machines), mixing machines and installations, in particular concrete and asphalt mixing machines and installations, machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, sorting machines for sorting stone, metal, ore, asphalt, concrete,

bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, machines for filtering stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, transport vehicles, namely, trucks for transporting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, machines and installations for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, machines for the making of and working on polymers, bitumen, concrete and asphalt, dust removing installations for cleaning purposes, conveyors, conveyors and installations for conveyors, conveyor belts, conveyor chains, bucket conveyors, hopper loaders (machines), winches, lifting work platforms, windlasses, pressure relief transformer, hydraulic intensifier, parts of crushing and sifting machines, namely, rings for holding crushing tools, breaking and crushing mantles for cone crushers, bowl liners for cone crushers, impact ledges for impact crushers, drive drums, drums for driving conveyors, magnetic separators for taking out the metal parts from crushing material, toothed belts, v-belts, belts for fans, belts for electrical generators, belt pulleys, tensioning arms of metal, tensioning units of metal, tensioning pulleys, tension links of metal, tensioning bearings, tensioning wedges, tensioning clamps for screens, tensioning devices for screens, tensioning equipment for tensioning belts, devices for tensioning scrapers on conveyors, devices for tensioning belts on drives, couplings, metal shafts, cardan shafts, shafts for rotors, eccentric shafts, metal shafts for screens, coolers, coolers for engine coolants, air and water coolers for motors and engines, hydraulic and lubrication oil coolers, air coolers, water coolers, water separators, fuel separators, magnetic valves, pressure relief valves, pressure relief valve blocks, hydraulic valves, rollers for supporting conveyor belts, covers of metal for screens, covers for conveyors, protective covers of metal for unbalances, crawler chains, hydraulic cylinders, clamping cylinders for cone crushers, tensioning cylinders for crawler chains, spherical roller bearings, pressure plate bearings, bearings for labyrinth lids, bearings for return pulleys for machine belts, bearings for screens, bearings for electric generators, side panels of metal, side panels of metal for crushers, fuel tanks, fly wheels, bearing brackets, compression springs, material scrapers, breaking and crushing bars, blow bars for impact crushers, impact bars for impact crushers, breaking and crushing plates, rockers for jaw crushing machines, impact plates for impact crushers, impact toggles for impact crushers, breaking and crushing jaws for jaw crushers, breaking and crushing cones for cone crushers, hoppers, hopper extensions, rotors for impact crushers, sieves, screening units, vibrating screens, slotted screens, perforated plates and wire mesh screens, chisels, shovels, spraying booms, slide valves, scraper chains, pistons, piston rods, mirrors, guide bars, gear wheels, brake linings, brake calipers, and brake shoes, electric, hydraulic, mechanical and pneumatic tools (other than hand-operated) for repairing machines, electric, hydraulic, mechanical and pneumatic tools (other than handoperated) for changing, removal and fitting of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, power tools, mechanical, hydraulic and pneumatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, mechanical, hydraulic and pneumatic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, coverings for parts of crushing and sifting machines, fitted

taraulins for crushing and sifting machines, fitted coverings for crushing and sifting machines, spark plugs, battery jump starters, pneumatic hammers, bearing brackets for machines, wheels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, belts for motors, machine belt pulleys, driving chains and transmission shafts for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, exhaust manifolds for motors and engines, mufflers for motors and engines, radiators and radiator caps for motors, mechanical discharging hoppers of metal, metal loading ramps for use with construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, parts and fittings for crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for sorting machines for sorting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, parts and fittings for machines for recycling construction materials, raw materials and valuable materials for road construction and building construction, parts and fittings for machines for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, parts and fittings for machines for feeding asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste to crushing and sifting machines, parts and fittings for conveyors, electronic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electronic control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, automatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, power switches, electricity transformers, electric rectifiers, apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data, namely cameras, image scanners, scanners for scanning surfaces, digital voice recorders, digital audio tape recorders, video recorders, audio transmitters and receivers, audio transformers, audio-visual transmitters and receivers, laser, infra-red and ultrasound transmitters and receivers, loudspeakers, computer display screens, touchscreens, head-up displays, sound amplifiers, antennas for radio signals, wireless LAN antennas, antennas for satellite signals, video receivers and transmitters, radio receivers and transmitters, satellite receivers and transmitters, communications equipment, namely computer hardware, computer monitors, computer keyboards, computer mice, computer speakers, computer microphones, computer cables, computer printers, radio, telephone and satellite receivers and transmitters,

radio, telephone and satellite signal antennas, telephones, global positioning systems (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices, and computer terminals for telematics and satellite ground stations, blank optical, magnetic and digital data carriers, namely CDs, DVDs, digital optical data storage discs, hard discs, flash memory cards, USB cards, and SD memory cards, calculators, modems, network interface cards and computer interface cards, computer central processing units, electronic pens, light pens, touch screen pens, microprocessors, fieldbus modules, computers, computer software for monitoring, controlling and remote controlling trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for the management, monitoring, control, operating and regulating of motors, engines, drive systems for trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for collecting, analyzing and processing operational data for trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for database management, computer software for the management of fleets of machines, namely trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for use in repair and maintenance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, computer software for on-board computers, namely, computer software for the operation and control of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, asphalt and concrete mixing machines, computer software for connecting computers with each other, namely, computer programs for connecting to remote computers and computer networks, computer software for connecting onboard computers in trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines to computer networks, software for playing computer games, computer hardware, computer peripherals, namely, computer monitors, computer mice, computer keyboards, external computer hard drives, fire extinguisher, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of commercial trucking, construction, milling, recycling, soil stabilization, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information namely, operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information on global positioning systems (GPS) and global navigation satellite systems (GNSS), pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction,

milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, information technology and audiovisual equipment, namely, cameras, microphones, flat panel display screens, LCD displays and monitors, computer and television screens and monitors, video monitors, audiovisual receivers, audiovisual transmitters, LCD projectors, video projectors, sound projectors and amplifiers, audio speakers, audio equipment for vehicles, machines and industrial installations, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings, industrial magnets, industrial magnetizers and demagnetizers, electromagnets, electromagnetic coils, electromagnetic separators for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials or waste, electrical branch boxes, electric power generators, electric power converters, terminal boxes for electricity, electricity limiters, electric contacts, current converters, voltage converters, voltage regulators, jump leads, alternators, strands and wires for electricity, insulated wires for electricity, screw connections for electric cables, frequency converters and invertors, distribution cabinets, panels and boxes for electricity, electric cable channels, semiconductors, microprocessors, microcontrollers, resistors, variable resistances, electric coils, capacitors, power contactors, circuit breakers, current amplifiers, optical devices, equipment, enhancers and correctors, namely, optical cables, plugs for optical cables, optical lenses, signal mirrors, optical transmitters, optical receivers, optical disc drives, optical scanners and optical sensors, safety, security, protection and signalling devices and equipment for vehicles, machines and industrial installations, namely, flashing and steady safety lights, safety bar lights, beacon lights, emergency warning lights, signal lights, sirens, safety fuses, safety contact plugs, mechanical safety lighting signals, luminous safety lighting signals, back-up sensors, motion sensors, cameras, security and fire alarms, reversing alarms, security control panels and motion detectors, emergency signal transmitters, signal bells, signal whistles, electronic tire pressure, vibration, shock, motion, angle, temperature and voltage monitors, electrical indicators and overhang indicators, satellite-aided navigation systems for commercial vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, navigation apparatus in the form of on-board computers for vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, navigation and positioning systems for locating and tracking movements of commercial vehicles and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural installations, machines and apparatus using a global navigation satellite system (GNSS), cellular communications or radio frequency, vehicle and machine tracking systems comprised of computer hardware, computer software, cellular phones, distance and motion sensors, satellite antennas, satellite receivers, satellite transmitters, radio antennas, radio receivers and radio transmitters, machines for drawing and making digital maps, including maps showing the progress and results of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural processes, measuring, detecting and monitoring instruments, devices,

appliances and controllers, namely, rotary encoders, dipsticks, measuring buckets, scanners for vehicles and machines, scanners for scanning the earth's surface, scanners for scanning the surface of parts of vehicles and machines, gauges for measuring the profile of chisels, picks and belt pulleys, pressure gauges, analog and digital multimeters, mechanical altimeters, levels, measuring instruments for measuring the thickness of pavement layers, revolution counters, digital speedometers, ammeters, infrared thermometers, frequency meters, meters for measuring the frequency and amplitudes of vibration drums, flow meters, temperature meters (not for medical purposes), hygrometers, speedometers, measuring rods for measuring lengths and distances, measuring rods for measuring fluid levels, electrical currents sensors, scales, electronic scales, weighbridges, potentiometers, meters for measuring height, measuring cups, measuring hoses, measuring tapes and tachometers, instruments, devices and appliances for measuring and indicating the rigidity, compaction degree, load bearing capacity and temperature of the ground, in particular of road surfaces and soil, temperature gauges, electric and electronic apparatus, as well as equipment composed of such goods, for the purposes of telematics, telecommunications and data processing, namely, computer hardware, computer monitors, computer keyboards, computer mice, loud speakers, microphones, digital, optical, radio and satellite receivers and transmitters, levelling sensors, slope sensors, grade sensors, cylinder sensors, transducing sensors, wire-rope sensors, ultrasonic sensors, laser sensors, sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, antennas, computer terminals for telematics and satellite ground stations, electronic systems comprised of computer hardware, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, testing and quality control devices, namely, insulation continuity testers, hydraulic pressure testers, power testers, voltage testers, apparatus for measurement and quality control of soil, construction material and road surfaces, machines and apparatus for testing the consistency and quality of the ground, soil, road surfaces, asphalt, concrete, bitumen, stone, ore, construction materials, construction aggregate, bituminous mixtures, rock, gravel, sand, slag, metal and waste, computers, computer software and machines for analysing and diagnosing the condition, operation of and faults with computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, operation and driving simulators for trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, dosimeters, laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines, laser, infra-red and ultrasound rangefinders, laser, infra-red and ultrasound transmitters and receivers, laser and infra-red diodes, laser pointers, pressure switches, power switches, electrical switches, proximity switches, emergency stop switches, in particular wire-rope switches, electric control boxes and control boards, electric cabinets for pressure switches, electric cabinets for power switches, electric control panels, computer joysticks, joysticks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, levelling sensors, slope sensors, grade sensors, cylinder sensors, transducing sensors, wire-rope sensors, ultrasonic sensors, laser sensors, sensors for measuring displacement and height, shock sensors, pressure sensors, temperature sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic

sensors for determining position, velocity, acceleration and temperature, vibration sensors, laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines, light emitting diodes, horns for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric buzzers, luminous signs, optical reflectors, rearview mirrors for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, radio frequency transmitters and receivers, antennas for radio signals, telephone antennas, wireless LAN antennas, antennas for satellite signals, radar transmitters, satellite transmitters, microwave transmitters, wireless LAN transmitters, radar receivers, satellite receivers, microwave receivers, wireless LAN receivers, electrostatic metal separators, remote controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, lifts and hoists for lifting and lowering machines and machine parts, oil level indicators for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electronic components for integrated circuits, electrical cables and wires, electric connection components, namely, connecting electrical cables, coaxial connection gender changers, electric relays, electric fuses, electrical terminal boxes, electrical circuits and circuit boards, audio devices, namely, audio headphones, audio recorders, audio speakers, digital and analog, audio tape and cassette players, audio amplifiers and audio frequency transformers, audio speakers, computer speakers, graphic equalizers, electric batteries for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric storage batteries, electric battery chargers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric battery chargers for electric storage batteries, audio amplifiers, protective and safety clothing for protection against accident or injury, namely, protective pants, protective jackets, protective coats, protective vests, protective gloves, protective masks, protective caps, protective hats, reflective safety jackets, reflective safety pants and reflective safety vests, safety boots, protective helmets, namely, safety helmets, eyeglasses, in particular safety glasses for protecting the eyes and sun glasses, exposed films for educational purposes, cinematographic films for educational purposes, namely, prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks featuring educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, cinematographic films for educational purposes, namely, downloadable educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, identification cards with embedded chips, covers for electric cabinets for pressure switches, covers for electric cabinets for power switches, electric and electronic input modules for electric and electronic controls, digital input modules for electric and electronic controls, digital output modules for electric and electronic controls, vehicles, namely, trucks for transporting asphalt, concrete, bitumen, stone, ore, construction materials, raw materials, valuable materials and waste, transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, tractors, concrete mixing vehicles, truck tractors, cargo trailers, tractor trailers, towing trucks, trucks, trailers for motor land vehicles, tipping bodies for transport trucks, wagons, steering

wheels, vehicle wheels, trailer wheels, wheels for industrial machinery, wheels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, tyres, pneumatic tyres, solid rubber tyres, wheel rims for vehicle wheels, wheel rims for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, inner tubes for tyres, repair outfit for tyres and inner tubes for tyres, chains for motor vehicles, tracks for vehicles, namely, continuous metal tracks and rubber continuous tracks, continuous tracks, complete running gears for continuous metal tracks and rubber tracks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, track pads for continuous tracks of rubber and metal, powertrains, motors and engines for land vehicles, coupling and power transmission components for land vehicles, driving chains and transmission shafts for land vehicles, body parts for vehicles, undercarriages for vehicles, braking systems, brakes, brake calipers, brake shoes and brake linings for motor vehicles, braking systems, brakes, brake calipers, brake shoes and brake linings for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, scrapers for tyres, windscreen wipers, adapted tarpaulins for use with motor land vehicles and trailers for motor land vehicles, adapted coverings for use with motor land vehicles and trailers for motor land vehicles, alarm systems for vehicles, mirrors for vehicles, air pumps for tyres, parts and fittings for tractors, concrete mixing vehicles, truck tractors, towing trucks, trucks, trailers for motor land vehicles, wagons, steering wheels, tyres, driving chains and transmission shafts for land vehicles, body parts for vehicles, scrapers for tyres, windscreen wipers, alarm systems for vehicles, mirrors for vehicles, air pumps for tyres, parts and fittings for cargo trailers, tractor trailers, parts and fittings for continuous metal tracks and rubber continuous tracks for vehicles, parts and fittings for continuous tracks, parts and fittings for complete running gears for continuous metal tracks and rubber tracks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, parts and fittings for track pads for continuous tracks of rubber and metal, parts and fittings for powertrains, motors and engines for land vehicles, model vehicles, model milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines; hire, rental and leasing of office equipment, billboards, advertisement space, advertisement space on the internet, sales stands, auctioneering equipment and material; retail and wholesale services also via the internet, in relation to toy vehicles, machines and industrial installations, controllers for toy vehicles, machines and industrial installations, action figures, dolls, stuffed and plush toys, in particular machines and animals, decorative toy mobiles, bath toys, bendable toys, clockwork toys, construction toys, electrical, mechanical, pneumatic and hydraulic action toys, electronic learning toys, infant toys, ride-on toys, inflatable ride-on toys, inflatable mattresses, toy figures, musical toys, party favors in the nature of small toys, push toys, sand toys, water toys, drawing toys, sketching toys, squeeze toys, talking toys, toy balloons, toy building blocks, toy buildings, building structures and vehicle tracks, toy construction sets, toy masks, toy robots, toy tools, wind-up toys, toy racing sets, electric computer games with flat panel display screen which features animation and sound effects, video game consoles, video game machines, board games, card games, dice games, action skill games, amusement game machines, arcade games, building games, dart games, electronic educational game machines, electronic games other than those adapted for use with television receivers only, memory games, handheld game consoles, handheld electronic games, handheld, non-electronic skill games, party games, puzzle games except crossword puzzles, tabletop games, carnival masks and costumes, toy and novelty face masks, novelty toy items in the nature of pop ups, play

balls, play balloons, play figures, play vehicles, machines and industrial installations, controllers for play vehicles, machines and industrial installations, play buildings, building structures and vehicle tracks, beach balls, balls for sport, pumps for inflating balls for sport, nets for sports, bags adapted for sports equipment, boxing gloves, face, shin, knee, leg, arm and elbow guards for athletic use, roller skates, exercise weights, sport hoops, sleighs, sleds, springboards, golf clubs, golf bags, skis, ski sticks, ski bags, football or soccer goals, festive Christmas tree decorations, parts and fittings for model vehicles, parts and fittings for model milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines.

Class 36

(2) insurance services; real estate services, namely, rental of real estate, real estate management; pawnbrokerage; financial planning; financial forecasting; money lending; fundraising; financial sponsorship of trainees and experts in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; financial management services and real estate management services; financial appraisals and valuations; financial analysis consultation services; consultancy with regard to financing of loans and financing of purchases; financial analyses; financing and funding of loans; financing and funding of purchases, in particular of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; investment funding services; arranging financing and funding of loans; arranging financing and funding of purchases, in particular of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; intermediation of financing and investment funding; leasing and hire-purchase services for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machine, and parts thereof; consultancy with regard to financing of loans; consultancy with regard to financing of purchases, in particular of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; consultancy with regard to investment funding, lease-purchase financing and hire-purchase; warranty and financial guarantee agency and brokerage; warranty and financial guarantee consultancy and information; warranty and financial guarantee services, namely, warranty and financial guarantee underwriting, issuing and administration in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines and in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural projects; providing extended warranties on construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof.

Class 37

(3) construction and demolition services, namely, construction and demolition of buildings, bridges, concrete, asphalt, tunnels, underground buildings, metal structures, steel structures, industrial plants and pipelines; demolition services, namely, demolition of roads, canals and waste dumps; construction planning; construction supervision services, namely, supervision services for building construction, bridge construction, concrete construction, asphalt construction, tunnel construction, underground building construction, metal structure construction, steel structure construction, industrial plant construction, pipeline construction, road construction, canal construction and waste

dump construction; consultancy with regard to building construction, bridge construction, concrete construction, asphalt construction, tunnel construction, underground building construction, metal structure construction, steel structure construction, industrial plant construction, pipeline construction, road construction, canal construction and waste dump construction; mining services; earth moving services; road construction; canal construction; waste dump construction; crushing services, namely, crushing of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; hire, rental and leasing of construction machines, and parts thereof; hire, rental and leasing of crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; hire, rental and leasing of sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; hire, rental and leasing of machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; hire, rental and leasing of sorting machines for sorting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; hire, rental and leasing of machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, and parts thereof; installation, cleaning, repair and maintenance services with respect to crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; installation, cleaning, repair and maintenance services with respect to sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; installation, cleaning, repair and maintenance services with respect to machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; installation, cleaning, repair and maintenance services with respect to machines for sorting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, and parts thereof; installation, cleaning, repair and maintenance services with respect to machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, and parts thereof; installation, cleaning, repair and maintenance services with respect to computer hardware; installation, cleaning, repair and maintenance services with respect to construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, mixing and agricultural machines, and parts thereof; installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; rustproofing; application of surface coatings, in particular protective coatings, for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; application of surface coatings, in particular protective coatings, for buildings, canals, roads, metal structures and steel structures; hire, rental and leasing of tools, construction machines and equipment, demolition machines and equipment, earth moving machines and equipment, mining machines and equipment, cleaning machines and equipment, apparatus and equipment for troubleshooting and fault diagnosis; hire, rental and leasing of machines and equipment for crushing of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste,

bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; consultancy with regard to mining; consultancy with regard to earth moving; consultancy with regard to demolition services, namely, demolition of buildings, bridges, concrete, asphalt, tunnels, underground buildings, metal structures, steel structures, industrial plants, pipelines, roads, canals and waste dumps; consultancy with regard to crushing services, namely, crushing of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; consultancy with regard to installation, cleaning, repair and maintenance services with respect to computer hardware and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; consultancy with regard to installation, cleaning, repair and maintenance services with respect to structures, in particular buildings, canals and roads; consultancy with regard to installation, cleaning, repair and maintenance services with respect to metal buildings; consultancy with regard to building construction, bridge construction, concrete construction, asphalt construction, tunnel construction, underground building construction, metal structure construction, steel structure construction, industrial plant construction, pipeline construction, road construction, canal construction and waste dump construction; consultancy with regard to hire, rental and leasing of tools, construction machines and equipment, demolition machines and equipment, earth moving machines and equipment, mining machines and equipment, cleaning machines and equipment, apparatus and equipment for troubleshooting and fault diagnosis; consultancy with regard to hire, rental and leasing of machines and equipment for crushing of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; hire, rental and leasing also via the internet, in relation to electronic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electronic control panels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, automatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, information technology and audiovisual equipment, namely, industrial magnets, industrial magnetizers and demagnetizers, electromagnets, electromagnetic coils, electromagnetic separators for separating asphalt, concrete, stone, ore, metal, raw materials, valuable materials or waste, mixing and agricultural machines, dosimeters, laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines, laser, infra-red and ultrasound rangefinders, laser, infra-red and ultrasound transmitters and receivers, laser and infra-red diodes, laser pointers, pressure switches, power switches, electrical switches, proximity switches, emergency stop switches, in particular wire-rope switches, electric control boxes and control boards, electric cabinets for pressure switches, electric cabinets for power switches, electric control panels, computer joysticks, joysticks for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, levelling sensors, slope sensors, grade sensors, cylinder sensors, transducing sensors, wire-rope sensors, ultrasonic sensors, laser sensors, sensors for measuring displacement and height, shock sensors, pressure sensors, temperature sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, vibration sensors, laser, infra-red and ultrasound object detectors and scanners for use on vehicles and machines, light emitting diodes, horns for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric buzzers,

luminous signs, optical reflectors, rearview mirrors for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, radio frequency transmitters and receivers, antennas for radio signals, telephone antennas, wireless LAN antennas, antennas for satellite signals, radar transmitters, satellite transmitters, microwave transmitters, wireless LAN transmitters, radar receivers, satellite receivers, microwave receivers, wireless LAN receivers, electrostatic metal separators, remote controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, lifts and hoists for lifting and lowering machines and machine parts, oil level indicators for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electronic components for integrated circuits, electrical cables and wires, electric connection components, namely, connecting electrical cables, coaxial connection gender changers, electric relays, electric fuses, electrical terminal boxes, electrical circuits and circuit boards, audio devices, namely, audio headphones, audio recorders, audio speakers, digital and analog, audio tape and cassette players, audio amplifiers and audio frequency transformers, audio speakers, computer speakers, graphic equalizers, electric batteries for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric storage batteries, electric battery chargers for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, audio amplifiers; hire, rental and leasing also via the internet, in relation to pumps, compressors, generators and fans as parts of motors and engines, water pumps, fuel pumps, grease pumps, hydraulic pumps for crushing and sifting machines, electric generators for crushing and sifting machines, fans for coolers for crushing and sifting machines, industrial robots, granulating machines, engines, motors and power trains for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, couplings for machines, power transmissions for machines, gearboxes for machines, electro-magnetic clutches for machines, filters for engines and motors, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, in particular oil filters, fuel filters, air filters, water filters, filters for additives for purifying exhaust gases, coolant filters, hydraulic fluid filters and dust filters, housings for filters for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, housings for filters for engines, machines for cleaning, washing and rinsing asphalt, concrete, bitumen, bituminous mixtures, stone, ore, rock, road surfaces, construction aggregate, gravel, sand, slag, metal and waste, mechanical, pneumatic, hydraulic and electric implements for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, machines for recycling construction materials, raw materials and valuable materials for road construction and building construction, tunnel boring machines, asphalt finishers (machines), machines for the finishing and aftertreatment of road surfaces, concrete construction machines, mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, machines for feeding asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore,

rock, construction aggregate, gravel, sand, slag, metal and waste to crushing and sifting machines, electromagnetic separators for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, machines for spraying, sputtering and nebulizing water, crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, comminutors for solid materials, sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, electric sieves for industrial applications, roller screens (machines), mixing machines and installations, in particular concrete and asphalt mixing machines and installations, machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, sorting machines for sorting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, machines for filtering stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, transport vehicles, namely, trucks for transporting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, transport vehicles, namely, trucks for transporting construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof, machines and installations for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, machines for the making of and working on polymers, bitumen, concrete and asphalt, dust removing installations for cleaning purposes, conveyors, conveyors and installations for conveyors, conveyor belts, conveyor chains, bucket conveyors, hopper loaders (machines), winches, lifting work platforms, windlasses, pressure relief transformer, hydraulic intensifier, parts of crushing and sifting machines, namely, rings for holding crushing tools, breaking and crushing mantles for cone crushers, bowl liners for cone crushers, impact ledges for impact crushers, drive drums, drums for driving conveyors, magnetic separators for taking out the metal parts from crushing material, toothed belts, v-belts, belts for fans, belts for electrical generators, belt pulleys, tensioning arms of metal, tensioning units of metal, tensioning pulleys, tension links of metal, tensioning bearings, tensioning wedges, tensioning clamps for screens, tensioning devices for screens, tensioning equipment for tensioning belts, devices for tensioning scrapers on conveyors, devices for tensioning belts on drives, couplings, metal shafts, cardan shafts, shafts for rotors, eccentric shafts, metal shafts for screens, coolers, coolers for engine coolants, air and water coolers for motors and engines, hydraulic and lubrication oil coolers, air coolers, water coolers, water separators, fuel separators, magnetic valves, pressure relief valves, pressure relief valve blocks, hydraulic valves, rollers for supporting conveyor belts, covers of metal for screens, covers for conveyors, protective covers of metal for unbalances, crawler chains, hydraulic cylinders, clamping cylinders for cone crushers, tensioning cylinders for crawler chains, spherical roller bearings, pressure plate bearings, bearings for labyrinth lids, bearings for return pulleys for machine belts, bearings for screens, bearings for electric generators, side panels of metal, side panels of metal for crushers, fuel tanks, fly wheels, bearing brackets, compression springs, material scrapers, breaking and crushing bars, blow bars for impact crushers, impact bars for impact crushers, breaking and crushing plates, rockers for jaw crushing machines, impact plates for impact crushers, impact toggles for impact crushers, breaking and crushing jaws for jaw crushers, breaking and crushing cones for cone crushers, hoppers, hopper extensions, rotors for

impact crushers, sieves, screening units, vibrating screens, slotted screens, perforated plates and wire mesh screens, chisels, shovels, spraying booms, slide valves, scraper chains, pistons, piston rods, mirrors, guide bars, gear wheels, brake linings, brake calipers, and brake shoes, electric, hydraulic, mechanical and pneumatic tools (other than hand-operated) for repairing machines, electric, hydraulic, mechanical and pneumatic tools (other than hand-operated) for changing, removal and fitting of parts of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, power tools, mechanical, hydraulic and pneumatic controls for motors and engines in construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, mechanical, hydraulic and pneumatic controls for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, coverings for parts of crushing and sifting machines, fitted tarpaulins for crushing and sifting machines, fitted coverings for crushing and sifting machines, spark plugs, battery jump starters, pneumatic hammers, bearing brackets for machines, wheels for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, belts for motors, machine belt pulleys, driving chains and transmission shafts for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, exhaust manifolds for motors and engines, mufflers for motors and engines, radiators and radiator caps for motors, mechanical discharging hoppers of metal, metal loading ramps for use with construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, parts and fittings for crushing machines, in particular, jaw crushers, cone crushers and impact crushers for crushing stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for sifting machines for sifting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for machines for separating stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for sorting machines for sorting stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for machines for recycling asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste, parts and fittings for machines for recycling construction materials, raw materials and valuable materials for road construction and building construction, parts and fittings for machines for breaking, separating, classifying, washing, drying, agitating, dispensing, filtering, loading and transporting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag, parts and fittings for mechanical feeders for construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, parts and fittings for machines for feeding asphalt, concrete, road surfaces, bitumen, bituminous mixtures, stone, ore, rock, construction aggregate, gravel, sand, slag, metal and waste to crushing and sifting machines, parts and fittings for conveyors.

Class 40

(4) recycling of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; processing of gases,

liquids, stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; sifting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; separating of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; extraction of minerals contained in waste residues; custom manufacture and assembly of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; supervision of crushing of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; supervision of recycling of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; supervision of processing of gases, liquids, stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; supervision of sifting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; supervision of separating of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; supervision of extraction of minerals contained in waste residues; hire, rental and leasing of machines and equipment for extraction of minerals contained in waste residues; hire, rental and leasing of machines and equipment for recycling of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; hire, rental and leasing of machines and equipment for processing of gases, liquids, stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; hire, rental and leasing of machines and equipment for sifting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; hire, rental and leasing of machines and equipment for separating of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; consultancy with regard to recycling of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; consultancy with regard to processing of gases, liquids, stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; consultancy with regard to sifting of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; consultancy with regard to separating of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; consultancy with regard to extraction of minerals contained in waste residues; hire, rental and leasing also via the internet, in relation to power switches, electricity transformers, electric rectifiers, information technology and audiovisual equipment, namely, electrical branch boxes, electric power generators, electric power converters, terminal boxes for electricity, electricity limiters, electric contacts, current converters, voltage converters, voltage regulators, jump leads, alternators, strands and wires for electricity, insulated wires for electricity, screw connections for electric cables, frequency converters and invertors, distribution cabinets, panels and boxes for electricity, electric cable channels, semiconductors, microprocessors, microcontrollers, resistors, variable resistances, electric coils, capacitors, power contactors, circuit breakers, current amplifiers, temperature and voltage monitors, electrical indicators and overhang indicators, information technology and audiovisual equipment, namely, electric and electronic apparatus, as well as equipment composed of such

goods, for the purposes of telematics, telecommunications and data processing, namely, computer hardware, computer monitors, computer keyboards, computer mice, loud speakers, microphones, digital, optical, radio and satellite receivers and transmitters, levelling sensors, slope sensors, grade sensors, cylinder sensors, transducing sensors, wire-rope sensors, ultrasonic sensors, laser sensors, sensors for measuring displacement and height, in particular milling depth, shock sensors, pressure sensors, mechanical and ultrasonic sensors for augers, in particular for measuring the auger speed and material flow rate, sensors for measuring drum acceleration, temperature sensors, electronic compaction density sensors, photo sensors, scanner sensors, acceleration sensors, level sensors, height sensors, electronic sensors for determining position, velocity, acceleration and temperature, antennas, computer terminals for telematics and satellite ground stations, electronic systems comprised of computer hardware, computer software for detecting errors and monitoring the performance of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, electric battery chargers for electric storage batteries, mixing and agricultural machines, identification cards with embedded chips, covers for electric cabinets for pressure switches, covers for electric cabinets for power switches, electric and electronic input modules for electric and electronic controls, digital input modules for electric and electronic controls, digital output modules for electric and electronic controls.

Class 41

(5) vocational education and instruction in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; vocational education and instruction in the field of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; vocational education and instruction in the field of tracking, targeting, monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; vocational education and instruction in the field of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; vocational education and instruction in the field of hydraulics, electrics and mechanical engineering; vocational education and instruction in the field of safety at work; vocational education and instruction in the field of commercial data processing; vocational education and instruction in the field of monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of computer hardware and computer software; vocational education and instruction in the field of machine navigation; organising, arranging and conducting courses, workshops and seminars in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; organising, arranging and conducting courses, workshops and seminars in the field of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; organising, arranging and conducting courses, workshops and seminars in the field of tracking, targeting, monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; organising, arranging and conducting courses, workshops and seminars in the field of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel,

sand, slag; organising, arranging and conducting courses, workshops and seminars in the field of hydraulics, electrics and mechanical engineering; organising, arranging and conducting courses, workshops and seminars in the field of safety at work; organising, arranging and conducting courses, workshops and seminars in the field of commercial data processing; organising, arranging and conducting courses, workshops and seminars in the field of monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of computer hardware and computer software; organising, arranging and conducting courses, workshops and seminars in the field of machine navigation; training in the field of construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agriculture; training in the field of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; training in the field of tracking, targeting, monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of trucks and construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, and parts thereof; training in the field of stone, metal, ore, asphalt, concrete, bitumen, mineral aggregate, waste, bituminous mixtures, rock, road surfaces, construction aggregate, gravel, sand, slag; training in the field of hydraulics, electrics and mechanical engineering; training in the field of safety at work; training in the field of commercial data processing; training in the field of monitoring, operating, controlling, remote controlling, usage, repairing and maintaining of computer hardware and computer software; training in the field of machine navigation; services of a training facility for obtaining a driving licence; entertainment in the nature of demonstrations and presentations of vehicles, machines and industrial installations, and parts and fittings therefor; entertainment services, namely, arranging, organizing, conducting and hosting parties, fireworks and lightshows; organising and conducting lotteries; organising and conducting promotional contests promoting the sale of goods and services; provision of fan club services; arranging, organizing, conducting and hosting art, music, baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; arranging, organizing, conducting and hosting baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions for professionals, customers and fans in the construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural industry; arranging, organizing, conducting and hosting community baseball competitions, basketball competitions, football competitions, hockey competitions, car racing competitions, horse racing competitions and golf competitions; publishing and reporting; production of films for educational purposes; hire, rental and leasing of audio and video equipment, motion picture films, sporting articles, musical equipment, games, playthings and books; hire, rental and leasing also via the internet, in relation to apparatus and instruments for capturing, recording, transmission, reception or reproduction of sound, images or data, namely cameras, image scanners, scanners for scanning surfaces, blank optical, magnetic and digital data carriers, namely CDs, DVDs, digital optical data storage discs, hard discs, computer peripherals, namely, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of commercial trucking, construction, milling, recycling, soil stabilization, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory

cards, USB cards, SD memory cards and USB sticks containing information namely, operational data concerning construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards, USB sticks containing information on global positioning systems (GPS) and global navigation satellite systems (GNSS), pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of computer software for telecommunication and in-vehicle telematic communication systems for wireless tracking, monitoring and navigation of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, prerecorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of fleet management, namely, fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, pre-recorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks containing information in the field of management of fleets of trucks, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, communications equipment, namely electronic pens, light pens, touch screen pens, information technology and audiovisual equipment, namely, cameras, microphones, flat panel display screens, video monitors, audiovisual receivers, audiovisual transmitters, LCD projectors, video projectors, sound projectors and amplifiers, audio speakers, audio equipment for vehicles, information technology and audiovisual equipment, namely, machines and industrial installations, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings, exposed films for educational purposes, cinematographic films for educational purposes, namely, prerecorded CDs, DVDs, pre-recorded digital optical data storage discs, hard discs, flash memory cards, USB cards, SD memory cards and USB sticks featuring educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines, cinematographic films for educational purposes, namely, downloadable educational videos for the operation, maintenance and repair of vehicles, construction, milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting; hire, rental and leasing also via the internet, in relation to toy vehicles, machines and industrial installations, controllers for toy vehicles, machines and industrial installations, action figures, dolls, stuffed and plush toys, in particular machines and animals, decorative toy mobiles, bath toys, bendable toys, clockwork toys, construction toys, electrical, mechanical, pneumatic and hydraulic action toys, electronic learning toys, infant toys, ride-on toys, inflatable ride-on toys, inflatable mattresses, toy figures, musical toys, party favors in the nature of small toys, push toys, sand toys, water toys, drawing toys, sketching toys, squeeze toys, talking toys, toy balloons, toy building blocks, toy buildings, building structures and vehicle tracks, toy construction sets, toy masks, toy robots, toy tools, wind-up toys, toy racing sets, electric computer games with flat panel display screen which features animation and sound effects, video game consoles, video game machines, board games, card games, dice games, action skill games, amusement game machines, arcade games, building games, dart games, electronic educational game machines, electronic games other than those adapted for use with television receivers only, memory games, handheld game consoles, handheld electronic games, handheld, non-electronic skill games, party games, puzzle games except crossword puzzles, tabletop games, carnival masks and costumes,

toy and novelty face masks, novelty toy items in the nature of pop ups, play balls, play balloons, play figures, play vehicles, machines and industrial installations, controllers for play vehicles, machines and industrial installations, play buildings, building structures and vehicle tracks, beach balls, balls for sport, pumps for inflating balls for sport, nets for sports, bags adapted for sports equipment, boxing gloves, face, shin, knee, leg, arm and elbow guards for athletic use, roller skates, exercise weights, sport hoops, sleighs, sleds, springboards, golf clubs, golf bags, skis, ski sticks, ski bags, football or soccer goals, festive Christmas tree decorations, parts and fittings for model vehicles, parts and fittings for model milling, recycling, soil stabilizing, spreading, paving, mining, material feeding, compacting, earthmoving, demolition, crushing, sifting, mixing and agricultural machines.
