Trademarks Journal

Vol. 68 No. 3479

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

industrial use, water treatment plant filters, portable water filters for humanitarian emergencies; filters for drinking water; air filtering units for removing dust, smoke and allergens from the air; coffee filters, electric; water pipes for industrial water treatment plants; standpipes; disposable sterilization pouches for household use; sterilizers for water treatment; sterilizers for water treatment, water treatment chlorinator units; filters for sanitizing water and for removing bacteria and viruses, reverse osmosis water purification units, tap-water purifying apparatus, ultraviolet light (UV) water purification device, water ionizers for household purposes, water purification machines for domestic use, drinking water filters; iron and hardness reduction water filters and compact water filters for domestic use; parts for water purification machines for domestic use, namely filter discs, filter pads, substrate bags, tank filters, filter sensor heads for microfiltration, ultrafiltration, nanofiltration, and reverse osmosis; air filtering units for removing dust, smoke and allergens from the air; water conditioning units; water filtering and water filtration apparatus based on membrane technology, reverse osmosis technology, UV technology, ozone technology, carbon technology, in particular with activated carbon, carbon blocks and carbon biscuits; water filter and water filtration equipment for water sterilisation on a microbiological basis; pressure-driven water filters, gravity-driven water filters, suction water filter cartridges, manually operated water filter cartridges, water filter cartridges with lowering filter mechanisms, all for industrial use, water filter cartridges with ion exchangers and adsorbents for domestic, commercial and industrial use, in particular for water filters, kettles, coffee machines, tea machines, espresso machines, samovars, rice cookers, fridge-freezers, ranges, portable refrigerators, refrigerated beverage dispensing units, barbecues and grills, cooking grills, ice machines, steamers, combined steamers, baking ovens, coffee brewers, refrigerators, refrigerating apparatus, beverage dispensing machines, cold beverage machines, kitchen plumbing fittings for sinks, exhaust hoods for kitchen, linear motors and electric motors for machines; water-conducting fittings, in particular for taps with integrated filter systems; beverage cooling and ice dispensing machines; water cooling and ice dispensing machines, water dispensing machines; water filtering and purification units for industrial use and for water treatment plants comprised of some or all of diluting units, consumption displays, fittings for conducting water, filters, enrichment units, heating units, cooling units, flavouring units, and carbon dioxide units; installations and filters for water sterilization removing bacteria and viruses, industrial air purifiers, domestic air purifiers, separators for the cleaning and purification of air; water filters and water filtering apparatus for microbiological sterilization; components and accessories for apparatus and installations for water treatment, in particular filter disks, bags containing ion exchangers and activated carbon; filters for water kettles, coffee machines, tea machines, espresso machines, samovars, rice cookers, automatic vending machines, filters for large food and beverage catering appliances, ice machines, combination steamers, steam cookers, ovens, dishwashing machines, refrigerators, refrigerating apparatus, apparatus for mixing beverages, cold drink dispensers; taps with integrated filter systems; water dispensers, beverage cooling and ice dispensing machines, beverage dispensing machines; automatic water filtering and purification units for industrial use and for water treatment plants comprised of some or all of diluting units, consumption displays, fittings for conducting water, filters, enrichment units, heating units, cooling units, flavouring units, and carbon dioxide units; municipal water purification machines; refill cartridges for water treatment plant filters; refill cartridges for drinking water filters; beverage dispensing machine parts; electric kettles; beverage cooling and ice dispensing machines for household use; tea and coffee making machines; electric coffee percolators, coffee roasters, coffee machines; water coolers; water boilers; ice making machines and apparatus; refrigerators; electrostatic filters for water filtration; household tap water filters; mixer faucets for water pipes; mixer taps for water pipes; filter boxes for water purification; filter elements for the air vents of water supply tanks; filter elements for the overflows of water supply tanks; filters for ponds; water treatment plant filters; filters for sanitary water distribution apparatus; filters for use in aquariums;

filters for drinking water; filters for use with swimming pools; chilled purified water dispensers; tap-water purifying apparatus; sterilizers for water treatment; ultraviolet light (UV) water purification device; ultraviolet sterilizers for water treatment; water conditioning units; reverse osmosis water purification units; water distillation units; water ionizers for household purposes; water purification machines for domestic use; water softening units; water sterilizers; water sterilizers; water treatment chlorinator units; water control valves for faucets; water filtering units for domestic use; water filtering units for industrial use; flow restrictors for reverse osmosis water purification units; portable water filters for humanitarian emergencies; installations for water treatment under osmotic process; ionisation chambers for industrial and municipal water treatment plants; membrane purifying apparatus for the purification of water; reverse osmosis elements for reducing the brackishness of water; reverse osmosis elements for domestic use in reducing the salt content of water; reverse osmosis elements for industrial use in reducing the salt content of water; reverse osmosis elements for reducing the salt content of water; beverage dispensing machine parts.

Class 17

(5) Flexible plastic conduits for plumbing purposes.

Class 20

(6) Water intake pipes and valves of PVC and plastic.

Class 21

(7) Non-electric coffee percolators.

(1) Computer application software for mobile phones and tablet computers featuring information on gastronomy, recipes, ingredient lists, nutritional information on food and beverages, information on food microbiology and sustainable agriculture practices, meal planning, personalized nutrition and providing dietary plans; computer application software for mobile phones and tablet computers featuring instructional and entertainment videos and photographs on the subjects of food preparation, gastronomy, sustainable agriculture, cooking and baking, cooking classes, healthy eating and grocery shopping advice; computer application software for mobile phones and tablet computers featuring instruction in cooking and baking; computer application software for mobile phones and tablet computers featuring recipes and instructions in cooking and baking from world-class chefs and food experts; computer application software featuring advanced health and nutrition algorithms and data to personalize and customize diets tailored to specific dietary needs; downloadable computer software for mobile devices for managing the ordering, collection, preparation and delivery of foodstuff and beverages to homes and businesses and to review and manage the delivery status of the order; downloadable electronic publications, in the nature of magazines, recipes, ebooks, in the field of foodstuff and beverages, prepared meals, restaurants

Class 16

(2) Printed recipe cards; printed recipes sold as a component of food packaging; cookbooks

Class 29

(3) Refrigerated food package combinations consisting primarily of meat, meat substitutes, poultry, fish, seafood, cheese, and vegetables, processed beans, processed nuts and edible seeds, and also including sauces and seasonings, ready for cooking and assembly as a meal; prepared food kits composed of meat, meat substitutes, poultry, fish, seafood, cheese and vegetables, processed beans, processed nuts and edible seeds, and also including sauces and seasonings, ready for cooking and assembly as a meal; fish, not live; seafood, not live; poultry; meat; meat substitutes; cheese; olive oil; edible oils and fats

Class 31

(4) Packaged meal kits consisting of fresh fruits, fresh vegetables, fresh beans, fresh herbs, fresh nuts and unprocessed edible seeds; fresh fruits and vegetables; fresh nuts and unprocessed edible seeds for human consumption; fresh herbs; fresh beans; unprocessed grains for eating; unprocessed quinoa

Services

Class 38

(1) Providing access to a website on global computer networks featuring information about food and beverage preparation, cooking, recipes, ingredients, cookware techniques and providing information in the fields of food and beverage delivery

Class 39

(2) Food and beverage delivery services; delivery of foodstuffs and prepared meals

Class 42

(3) Hosting a website on global computer networks featuring information about food and beverage preparation, cooking, recipes, ingredients, cookware techniques and providing information in the fields of food and beverage delivery

Class 43

(4) Restaurant and bar services; subscriber-based meal planning services in digital form, accessible through the Internet; food preparation services featuring meat, meat-substitutes, poultry, fish, seafood, cheese, pastas, rice, fruits, vegetables, seasonings and sauces; consulting in the field of menu planning for others; restaurant services, namely take-out restaurant services; restaurants featuring home delivery of food and drinks; preparing customized food and meal plans for others; preparing customized meal kits for others; providing advice in the field of food preparation and meal planning; providing of information in the field of recipes via a database; providing information about food and beverage preparation, cooking, recipes, ingredients, cookware techniques and providing information in the fields of food and beverage delivery via a website

The logo for Daigas features the word "Daigas" in a bold, blue, sans-serif font. A small, stylized tetrahedron is positioned above the letter 'i'. The tetrahedron is colored with orange on its top face, yellow on its right face, and light blue on its left face.

Colour Claim

Colour is claimed as a feature of the trademark. Colour is claimed as a feature of the mark. The word 'Daigas' is in light blue, while the tetrahedron over the letter 'i' consists of the colour orange on its top face, the colour yellow on its right face and the colour light blue on its left face.

Goods

Class 01

(1) Catalysts for use in the manufacture of industrial chemicals; waterproofing chemicals used in the manufacture of ships; waterproofing chemicals used in roof repair; industrial preservatives used on building materials, paints, synthetic resin emulsions, pigments, fibers, plastics and hygiene products to prevention corruption, industrial wood preservatives used for wooden buildings to mildew proof, moth proof and prevent corruption, industrial antibacterial agents used on building materials, paints, synthetic resin emulsions, pigments, fibers, plastics and hygiene products to suppress bacterial growth, all-purpose industrial disinfectants, industrial deodorants used on paints, building materials, textile, clothing and plastics; effluent treatment agents used in waste water treatment; synthetic resins, unprocessed; chemical soil conditioners; soil stabilizers for use in road repair; soil purifying agents for industrial use; wallpaper removing preparations; microorganisms for use in effluent waste water treatment; anionic and non-ionic surfactants for industrial use; lactose for use in the manufacture of pharmaceuticals; chemicals used in industry, namely, petroleum coke; adsorbents consisting of activated carbon; carbon for electrode formation of batteries; chemicals, namely agricultural chemicals, anti-freeze chemicals, chemical adsorbents for removing impurities from fuel, emulsifiers for the manufacture of cosmetics, food and leather, oil dispersing agents; artificial graphite for secondary cell batteries; natural graphite for industrial purposes; unprocessed polyester resins; polyester resins for films, epoxy resins for hardeners;

glue and adhesives for consumer packaging and textile industries; plant growth regulating preparations; fertilizers; ceramic glazings; priming putty used to prepare surfaces for painting; higher fatty acids; chemical compositions for developing, printing and enlarging photographs; non-medical reagent paper, namely chemical test paper and litmus paper; artificial sweeteners; wheat flour and corn starch for industrial purposes; wood pulp used in making plywood.

Class 02

(2) Canada balsam; copal; sandarac; shellac for use as a surface coating; dammar; mordants for the textile industry; anti-corrosive preparations for anti-corrosive grease; anti-rust preparations, namely, anti-rust treatment for vehicles; raw pine gum; wood preservatives; dyestuffs; pigments for use in the manufacture of paints; acrylic paints; printing ink; colors for painting pictures by artists and precious metals in foil and powder form for painters, decorators, printers and artists; anti-rust greases; non-ferrous metals in foil and powder form for painters, decorators, printers and artists.

Class 04

(3) Solid fuels for lighting, heating; liquid fuels for cars, trucks, buses, ships, tanks, airplanes, rockets; gaseous fuels for cars, trucks, buses, ships; solid lubricants for industrial purposes; grease for shoes and boots; leather preserving oil and grease; mineral oils and greases for industrial purposes [not for fuel]; nonmineral oils and greases for industrial purposes [not for fuel]; waxes for skis, industrial wax and belting wax; lamp wicks; candles.

Class 05

(4) Medicated facial soap and medicated body skin soap, both used in the treatment of acne; pharmaceutical grade lactose; oxygen for medical purposes; agricultural fungicides; agricultural rodenticides; agricultural insecticides; herbicides; agricultural insect repellants; agricultural antiseptics; reagent paper for medical purposes; oiled paper for medical purposes, especially for stopping exudation; drug delivery agents in the form of edible wafers for wrapping powdered pharmaceuticals; gauze for dressings; empty capsules for pharmaceuticals; eyepatches for medical purposes; ear bandages; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; adhesive plasters; bandages for dressings; liquid bandages; breast-nursing pads; cotton swabs for medical use; bonding and primer materials for dental purposes; adult diapers; baby diapers; diaper covers; fly catching paper; mothproofing paper; lacteal flour for babies; dietary supplements for general health and wellbeing; dietary supplements for controlling cholesterol; dietary supplements for weight control; beverages for babies, namely, vitamin-fortified milk, apple juice; food for babies; animal feed supplements; animal semen for artificial insemination; human semen for artificial insemination; chemical agents, namely, repellent for ants, industrial fungicides; mastic, namely, dental mastic.

Class 06

(5) Resin coated metal gas pipes for gas, natural gas, propane gas, H₂, N₂, O₂ and air; aluminum alloy, nickel alloy, Inver and stainless steel storage tanks and reservoirs for liquefied natural gas, heavy oil and light oil; liquefied gas storage tanks of metal; iron and steel; nonferrous metals and their alloys; ores of metal; metal materials for building and construction, namely, iron, steel, stainless-steel; prefabricated tool shed and garden shed assembly kits of metal; loading and unloading pallets of metal; artificial fish reefs of metal; prefabricated sectional poultry houses of metal; paint spraying booths of metal; metal moulds for forming cement products; metal junctions for pipes; metal flanges; machine keys; cotter pins; railway points; nonluminous and non-mechanical road signs of metal; non-luminous metal safety beacons; reservoirs of metal; anchors; containers of metal for transport; anvils; swage blocks; metal hardware, namely, nuts, nails, bolts, rivets, washers, door hooks and studs; wire ropes; wire nets and gauzes; industrial packaging containers of metal; metal nameplates and door nameplates; transportable flagpoles of metal;

stakes of metal for plants and trees; metal stepladders and ladders; letter boxes of metal; hat-hanging hooks of metal; water tanks of metal for household purposes; tool boxes of metal, empty; towel dispensers of metal; metal joinery fittings; safes; upright signboards of metal; man-made garden ponds of metal [structures]; transportable greenhouses of metal for household use; metal tombs and metal tomb plaques; shoe dowels of metal; shoe pegs of metal; hobnails of metal; protective metal shields for safety shoes and boots; ferrules of metal for canes and walking sticks; spurs; metal crampons for climbing; metal carabiners; mountaineering pitons; sculptures of metal; non-ferrous metals.

Class 07

(6) Filters for machines, filters being parts of machines for laboratory use and industrial use; cyanogen compound resolution equipment for refining fuel gas; sulfur compound resolution equipment for refining fuel gas; air compressors and natural gas compressors; power generators used in power generation plants and commercial onsite power generator; pigs for cleaning, repairing and fixing pipes; non-electric prime movers that convert energy into mechanical energy, namely water wheel and wind wheel; power generating equipment using cogeneration system, namely, gas-engine power generators and fuel-cell power generators; high pressure washers for sewerage pipe; washing machines for water supplying for portable water and for plumbing pipes in buildings; metalworking machines and tools, namely drills, sanders, and grinders; mining machines and apparatus, namely, rock drills, rock crushers; construction machines and apparatus, namely, concrete mixing machines, cement mixing machines, soil spreading machines and soil digging machines; loading-unloading machines and apparatus, namely, cranes, conveyors, winches, escalators and elevators; industrial fishing machines, namely, fish netting machines; chemical processing machines and apparatus, namely, separating machines and absorbing machines for chemical processing machines; textile machines and apparatus, namely, textile printing machines, textile weaving machines, textile embroidering machines, textile sewing machines, textile ironing machines, textile washing machines and textile drying machines; food and beverage processing machines and apparatus, namely, meat slicer, vegetable chopper, food straining machines, food scraps disposing machines, food threshing machines, food grinding machines, mineral water making machines, coffee extracting machines; wood lumbering machines, wood working machines, namely chain saws, table saws, wood drilling machines, veneer making machines, plywood making machines; pulp making machines; paper making machines; paper-working machines, namely corrugated paperboard making machines, paper box making machines, paper bag making machines; paper conveyors; printing and bookbinding machines and apparatus, namely, embossed printing machines, photogravure printing presses, typographic machines; coil, strip and thermal bookbinding machines; inking apparatus for printing machines; sewing machines; non-hand-operated agricultural machines and implements, namely, agricultural harvesting machines, namely combine harvester; power-operated self-propelled agricultural sprayers used in pesticide control; implements for binding agricultural products, namely hay baler; agricultural agitators; agricultural sieves machines; agricultural reapers; agricultural harrows; agricultural fodder presses; agricultural weeding machines; agricultural threshing machines; agricultural hay tedder; agricultural grain dryer; agricultural winnowers; corn husking machines; shoe making machines; leather tanning machines; tobacco processing machines; painting machines; packaging and wrapping machines for powdery activated carbon, polyethylene pellet-shaped resin, perishable food (meat and raw fish); poweroperated potters' wheels; plastic processing machines, namely, plastic welding machines, plastic pouring machines, plastic molding machines, plastic imprinting machines, plastic ironing machines, and plastic compressing machines; semiconductor manufacturing machines for Central Processing Units; machines and apparatus for manufacturing rubber goods; rubber mixing machines; rubber ironing machines; rubber compressing machines;

stone working machines and apparatus, namely, stone compressing machines; stone spreaders used in the construction field; stone drilling machines; stone grinding machines; stone separating machines; stone cutting machines; shafts of gas turbines and steam turbines, not for land vehicles; chains of gasoline engines and gas engines, not for land vehicles; belts of gasoline engines and gas engines, not for land vehicles; filters for cleaning air, for engines; superchargers of gasoline engines and gas engines, not for land vehicles; sealing joints of gasoline engines and gas engines, not for land vehicles; de-aerators for feed water used in steam-generating boiler; pneumatic starters for gas engines; pneumatic brakes, parts of machine; hydraulic cranes; industrial blowers for the compression, exhaustion and transport of natural/liquid gas; turbo compressors for oil, gas and petrochemical plants; adhesive tape dispensing machines; automatic stamping machines; vending machines; fuel dispensing machines for service stations; washing machines [laundry]; hydraulic jacks used in automotive garages; circuit board repairing machines for soldering metal; mechanical barrier gates for parking garages; mechanical parking systems for lifting cars comprising vertical car lifts, parking platforms and car racks; vehicle washing installations; food mixing machines for commercial use; food peeling machines for commercial use; food cutting, chopping and slicing machines for commercial use; dishwashers; electric wax polishers for floors, electric; vacuum cleaners; gas engine elements, not for land vehicles, namely cylinders, conveying belts, joints, coils, air filters, valves; lawnmowers; electric drapery-drawing tracks; electric door openers; waste compacting machines for industrial purposes; waste crushing machines for industrial purposes; 3-D printers; starters for motors and engines; AC motors and DC motors for air compressors; AC generators [alternators]; DC generators; electric food blenders for household purposes; dynamo brushes; electric turntables for industrial load handling; electric traversers for railway load handling; engine gaskets.

Class 08

(7) Metalworking tools, namely, hand-operated hammers, wrenches and bolt cutters.

Class 09

(8) detecting and alarm apparatus, namely, security and disaster prevention alarms, anti-intrusion alarms, burglar alarms, fire alarms, gas alarms and personal security alarms, all the foregoing comprising sensors and computer networks; monitoring and alarm apparatus, namely, cameras and motion sensors that monitor and alert individuals to residential and commercial security breaches and natural disasters; video surveillance cameras; smoke and fire sensors, gas leak detection sensors and sensors for intruder detection; radars; gas meters; power meters; water meters; remote control telemetering apparatus, namely, power meters and gas meters; electric monitoring apparatus, namely, electronic monitors and monitor modules for monitoring electric current and electrical signals used for detecting underground pipelines and cables; computers; photovoltaic thermal hybrid solar collectors used in photovoltaic power plants, photovoltaic installations set on the roof of houses and buildings; electric storage batteries; alkaline batteries; dry cells, galvanic cells, electrolytic cells; photovoltaic cells; radar detectors; remote controllers for power generator for household purpose; remote controllers for fuel-cell co-generating apparatus and equipment; remote controllers for gas-engine co-generating apparatus and equipment; remote controllers for photovoltaic apparatus and equipment; remote controllers for gas water heaters; remote controllers for air-conditioning apparatus; remote controllers for humidifiers; remote controllers for air purifiers; remote controllers for space heating apparatus; remote controllers for fuel cells; remote controllers for fuel cell co-generating apparatus and equipment; remote controllers for power generating apparatus and equipment, namely, remote controllers for fuel-cell co-generation apparatus, gas-engine heat-pump apparatus and gas-engine cogeneration apparatus; remote controllers for fuel cells; power supply inverters, photovoltaic inverters, AC/DC inverters; fuel cells; computer software programs for bank account, password and identification

management, editing photos, making restaurant reservations, file transport from digital camera to PC, accounting; electronic machines, apparatus and their parts, namely, television set, television transmitters; ear plugs for swimmers; ear plugs for divers; ozonisers [ozonators]; electrolytic cells; egg-candlers; blueprinting machines; cash registers; coin counting and sorting machines; photocopying machines; mathematical instruments, namely, calculators; time and date stamping machines; time recording devices, namely time clocks; punched card office machines; voting machines; coin-operated mechanisms for operating gates for car parking lots; lifesaving belts; lifesaving pontoons; lifesaving rafts; lifesaving jackets; lifesaving buoys; fire extinguishers; fire hoses; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; bicycle helmets, motorcycle helmets; luminous and mechanical railway signals; vehicle breakdown warning triangles; luminous and mechanical road safety signs; divers' apparatus, not for sports, namely, air tanks, wetsuits, snorkels; game programs for arcade video game machines; simulators for the steering and control of vehicles; computerized swing simulators for training in the field of golf; laboratory apparatus and instruments, namely, laboratory centrifuges, laboratory furnaces, laboratory trays, laboratory safety clothes, microscopes, fermenters used to grow cell and microorganisms, water and solvent distillers, chromatography apparatus for laboratory use; photographic machines and apparatus, namely cameras, tripods for cameras, lens filters for cameras, photographic flash units for cameras; cinematographic machines and apparatus, namely, cinematographic cameras, sound recorders, movie projectors; binoculars, telescopes, periscopes, microscopes, stereoscopes; measuring and testing machines and instruments, namely, gas meters, pressure gauges, temperature indicators, water meters; power distribution and control machines and apparatus, namely, electric switches, electric relays, circuit breakers, power controllers, current rectifiers; rotary converters; phase modifiers; solar batteries; batteries and cells, namely, electric batteries, alkaline batteries, electric cells, photovoltaic cells; electric and magnetic meters and testers, namely, electric currents meters, electric currents testers, magnetic force meters, magnetic force testers, voltmeters, wavemeters, ohmmeters; electric wires and cables; telecommunication machines and apparatus, namely, telecommunication antennas, telecommunication aerials, telecommunication wave filters, telecommunication cables, computer workstations for installation of routers; personal digital assistants in the shape of a watch; smartphones; magnetic cores; resistance wires; laboratory electrodes; fuel cell electrodes; fire boats; satellites for scientific purposes; fire engines; dust masks; gas masks; welding masks; fireproof garments; wearing apparel, namely, disaster prevention hoods; gloves for protection against accidents, namely, motorcycle safety gloves, gloves for use in welding for protection against accidents; computer game programs for operating video games; electronic circuits and CD-ROMs recorded with programs for hand-held video games with liquid crystal displays for operating video games; protective helmets for sports; weight belts for scuba diving; air tanks for scuba diving; regulators for scuba diving; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments: computerized sound effects processor for electric and electronic musical instruments; phonograph records; downloadable music files; downloadable image files of nature and dishes; recorded video discs and video tapes of music and cooking; exposed cinematographic films; exposed slide films; slide film mounts; electronic publications, namely, newsletters and brochures in the field of cooking; carbon nanotubes for electrodes; sanitary masks for dust isolation; remote temperature controllers for commercial and residential gas-fired water heaters; remote controllers for industrial and residential water heaters; remote controllers for bubble making machines for the bath; remote controllers for bath tub boilers; remote controllers for controlling the operation of toilets with bidet sprayers; remote controllers for controlling the operation of power generating apparatus and equipment, namely, fuel-cell co-generation units and hot water supply units, gas engine co-generation units and hot water supply units, photovoltaic apparatus (solar photo voltaics)

Class 10

(9) Sanitary masks for medical purposes.

Class 11

(10) Fittings of gas air conditioners for industrial purposes, gas water heaters for household purposes, gas cooking heaters for household purposes, gas boilers, gas cooking apparatus and installations for commercial use for the purpose of adjustment and safety, namely, steam valves, knobs; commercial and residential fuel cell co-generation units for air conditioning comprising an evaporator, natural gas engine compressor, condenser and expansion valve; gas engine driven heat pumps; hot water radiators for air-conditioning apparatus; radiators for industrial and household air-conditioning purpose; underfloor electric and hot-water floor heating; bathroom heaters and dryers equipped with sauna mist function; bathroom heaters and dryers; methane gas generators used in the field of industry and commerce (heating furnaces, carbonizing furnaces, melting furnaces) to supply methane gas as a fuel; gas generators used in the field of industry and commerce (chemical industry) to supply some kind of gases (H₂, N₂, O₂, CO₂) as raw materials for chemical processing; gas scrubber, which removes traces of liquid droplets from gas streams to protect downstream equipment from damage and failure; effluent treatment of industrial waste water; biogas generators; steam generating installations; gas burners and their fittings; gas purifier; desulphurization equipment is used to remove sulfur dioxide (SO₂) from exhaust flue gases of fossil-fuel power plants, and from the emissions of other sulfur oxide emitting processes; vaporizer for chemical processing; water chiller; gas absorption chillerheater used in the field of commerce for supplying cold-hot water; gas cocks used as the terminal of pipes and pipelines; valves for gas pipes, namely, angle valves, ball valves; combination gas convection and microwave ovens; air conditioners; air conditioners for industrial purposes; gas-fired water heaters; gas hot plates for cooking; gas and electric fan heaters; industrial water purifiers; filters for water purifiers for household use, non-electric; water purifying apparatus for industrial purposes; filters for industrial water purifiers; filters for air conditioners; toilet bowls and seats sold as a unit; prefabricated bathrooms comprising a bathtub, toilet and sink sold as a unit; dryers used in chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; dryers used in the manufacture of textiles; milk sterilizers; bread-making machines for industrial purposes; plywood drying machines; industrial furnaces; nuclear reactors [atomic piles]; harvested crop dryers; dryer for forage, namely, corn, grain sorghum, soy; boilers for heating installations; industrial freezers; laundry dryers, electric, for industrial purposes; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking stoves and flat tops used in restaurants and cafeterias; dish drying machines for commercial use; dish disinfectant sprayers used in restaurants and cafeterias; kitchen worktop units with integrated sinks for use in restaurants, cafeterias; kitchen sinks for commercial use; tap water faucets; level controlling valves for tanks; pipe line cocks; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; garbage incinerators; solar water heaters; electric lamps; LED lighting bulbs; LED lighting strips; lighting coils for light bulbs; household electro-thermic appliances, namely, cooking ovens, cooking pots, cooking hot plate, electrically heated carpets, Japanese electric leg warmers, laundry dryers; washers for water taps; household kitchen worktops with integrated sinks; kitchen sinks for household purposes; standing paper lanterns [andon]; portable paper lanterns [chochin]; gas lamps; oil lamps; lamp chimneys; warming pans, non-electric; pocket warmers, non-electric; hot water bottles for warming one's feet in bed; waste water treatment tanks for household purposes; septic tanks for household purposes; toilet with a bidet sprayer; disinfectant dispensers for toilets; toilet bowls; seating for use with Japanese style toilet bowls;

bath fittings; stoves for household purposes, non-electric; industrial waste water treatment machines; agricultural watering implements, namely, agricultural irrigation units; glassware manufacturing machines and apparatus, namely furnaces; fireplugs; indoor cooking grills; electric and gas griddles.

Class 12

(11) Anti-theft warning apparatus, namely, anti-theft alarms for vehicles.

Class 14

(12) Good luck charms, namely, talismans.

Class 16

(13) Paper cutters; Japanese fabric marking boards for tailors, namely, hera-dai.

Class 17

(14) rubber gas hoses for conveying gas; gas pipes made of rubber for conveying gas; boards and plates of insulation materials made from carbon fiber (not for building purposes); insulation materials made from carbon fiber (not for building purposes); boards and plates of sound absorbing materials made from carbon fiber (not for building purposes); sound absorbing materials made from carbon fiber (not for building purposes); soundproofing materials made from carbon fiber (not for building purposes); core material for airplane seats made from carbon fiber; powdery carbon fiber used for purification, metal removal, dioxin removal and stuffing in disposable body warmers; sheets of carbon fiber used in the linings of fiber-reinforced plastics, filters, tiles, mats, electric poles of electric dust collectors and in the prevention of static charges; carbon fiber used for insulation, filters, wall furnishings, and for fire and heat resistance; chemical fiber yarn and thread used as insulation; raw and partly processed mica; valves of rubber and vulcanized fiber for water pipes; plastic pipe junctions; joint packings for pipes; floating antipollution barriers; electrical insulation; washers of rubber and vulcanized fiber; non-textile chemical fiber used as insulation; mineral wool; slag wool; rubber thread and covered rubber yarn, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; rubber drain stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper used as insulation; vulcanized fiber; plastic semi-worked products, namely, plastic films, sheets, plates, boards, tapes, pipes; raw and semi-worked rubber, namely, natural rubber, synthetic rubber, silicone rubber, acrylic rubber, rubber products, namely, rubber sheets, pipes, bars, tubes; soundproofing materials of mineral wool, not for building purposes; sealing tape for plumbing pipes and sealing compound for plumbing pipes; insulation materials comprised of carbon fiber for building and construction; sound absorbing materials comprised of carbon fiber for building and construction; cushion materials comprised of carbon fiber for building and construction; plastic building materials, namely, silicone resins, ureaformaldehyde resins, phenolic resins, polyester resins, polyurethane resins, polyethylene resins; rubber building and construction materials, namely, natural rubber, synthetic rubber, silicone rubber, acrylic rubber; joinery fittings of plastic; water-pipe valves made of rubbers

Class 19

(15) coal tar; tar and pitch; finishing mud for wall coating comprised of diatom earth for interior, exterior and floors; building and construction walls comprised of diatom earth; plaster [for building purposes]; lime building and construction materials, namely, walls and sheets; building and construction boards of plaster; cement and its products, namely, walls, boards, tiles, bricks; non-metallic minerals for building and construction; ceramic building refractory bricks; building walls and floors made of linoleum for fixing to existing walls and floors; building and construction materials, namely, asphalt; buildings, namely, wooden garden sheds and houses; erosion control

mats integrating plants seeds; plastic security windows allowing communication; road and field marking sheets and strips used for regulating the movement of automobiles and humans; building timber; building stone; building glass; artificial fish reefs, not of metal; poultry houses made of wood and plastic; paint spraying booths made of wood and plastic; moulds made of wood and plastic for forming cement products; non-luminous and non-mechanical plastic road signs; non-luminous plastic road beacons; water and oil reservoirs of plastic and pottery; transportable flagpoles of plastic; letter boxes of masonry; decorative stone garden lanterns; man-made plastic Koi ponds for the garden; transportable plastic and wooden greenhouses; gravestones and tomb plaques made of granite; stone sculptures; concrete sculptures; marble sculptures; non-metallic mineral materials, namely, lime, stone, marble; non-metallic minerals for construction; mastic, namely, asphalt-based roofing mastics; gas pipes made of plastic for conveying gas; building and construction materials comprised of carbon fiber seat; water-pipe valves made of pottery and ceramics

Class 20

(16) Bathroom stools.

Class 21

(17) Cooking pots; heating and cooling packs containing chemicals used to keep food and beverages chilled; dental floss [floss for dental purposes]; unworked and semi-worked glass used for making tableware, namely, cups, dishes, bowls and plates; mangers for animals [troughs for livestock]; poultry rings; cosmetic make-up brushes and plastic toilet bowl brushes; metal cleaning brushes for cleaning metal pipes; brushes for pipes; industrial cleaning brushes for cleaning metal pipes; ship-scrubbing brushes; gloves for household purposes; industrial packaging containers of glass and porcelain; industrial plastic bottles used for packaging powdered chemicals; cooking spoons; cooking molds for household purposes; cooking flour rollers; non-electric cooking pots; food jugs; food boxes of glass; food trays; food dishes; non-electric griddles; nonelectric cooking pans; non-electric frying pans; non-electric kettles; non-electric drinking cups; teapots; non-electric coffee-makers; non-electric Japanese cast irons kettles; non-electric rice cooking pots; food plates; lunch-boxes; non-electric portable cool boxes; vacuum bottles; cleaning tools and washing utensils, namely, buckets, washing boards, wash basins, brooms, dustpans, mops; ironing boards; tailors' sprayers used before pressing the wrinkles out of the clothes; ironing boards [kotedai]; stirrers for hot bathtub water [yukakibo]; bathroom pails; candle extinguishers; candlesticks; cinder sifters for household purposes; trivets for Japanese household charcoal heaters, namely, gotoku; coal scuttles; Japanese charcoal extinguishers [hikeshi-tsubo]; mouse and rat traps; fly swatters; flower pots; hydroponic plant pots for home gardening; watering cans; ceramic food bowls for pets; bird cages; bird baths; clothes brushes; chamber pots; piggybanks; boxes of metal for dispensing paper towels; soap dispensers; fish tanks and their fittings; toilet paper holder; flower vases; flower bowls; upright signboards of glass and ceramics; perfume burners; shoe brushes; shoe horns; shoe shine cloths; shoe shine sponges and cloths; shoe-trees [stretchers]; portable cooking kits for outdoor use comprising pans, cups, forks, knives, plates and pots; cattle hair for brushes, raccoon dog hair for brushes, pig bristles for brushes and horsehair for brushes.

Class 22

(18) Rockslide retention nets of textiles made of carbon fibers, polyester resins, polyamide resins.

Class 24

(19) Felt made from carbon fiber (not for textile use); felt made from carbon fiber used for electrodes.

Services

Class 35

(1) business management and production management relating to oil fields, gas fields and their facilities used in production, gas fields and their facilities; marketing research; marketing analysis; business management consulting in the field of information technology; compilation of customer information, financial information, personal identification information, sales order information, supplier information and energy use information into computer databases; agencies for calculating usage of gas, electric power and water; retail services and wholesale services for power generating apparatus, namely, gas-engine power generators and fuel-cell power generators; retail services and wholesale services for air-conditioning apparatus; retail services and wholesale services for boilers; retail services and wholesale services for gas stoves, gas ovens, rice cookers and other cooking apparatus and installations; retail services and wholesale services for gas fan heaters and gas fires; retail services and wholesale services for gas generators; retail services and wholesale services for freezing machines; retail services and wholesale services for dish drying machines and dish disinfectant machines; retail services and wholesale services for fire alarms, gas alarms, anti-theft alarm, smoke detectors; retail services and wholesale services for supplements, namely, vitamin tablets, amino acid tablets, protein dietary supplements, mineral food supplements; retail services and wholesale services for dietetic food and beverages adapted for medical purposes; providing information relating to the data for electric power and gas usages; advertising agency services; promoting the goods and services of others through the administration of sales and promotional incentive schemes involving trading stamps; business management analysis and advisory services for business management; providing information concerning commercial sales by way of a website, podcasts, newsletter; business management of hotels; preparation, auditing and attesting of financial statements; employment agencies; auctioneering; import-export agencies; newspaper subscriptions; shorthand services; stenographic, braille, music transcription; document reproduction; office support services, namely, the provision of file clerk personnel; providing business assistance to others in the operation of data processing apparatus, namely, computers, typewriters, telex machines; reception services for visitors in buildings; publicity material rental, namely, billboards, sales stands, advertising space; rental of typewriters, copying machines and word processors; providing information on newspaper articles, namely, news clipping services; rental of vending machines; retail services and wholesale services for woven fabrics and beddings; retail services and wholesale services for clothing; retail services and wholesale services for diapers; retail services and wholesale services for footwear, other than special footwear for sports; retail services and wholesale services of handbags, shopping bags and jewellery pouches; retail services and wholesale services of personal articles, namely, handkerchiefs, wallets and purses; retail services and wholesale services for foods and beverages; retail services and wholesale services for automobiles; retail services and wholesale services for two-wheeled motor vehicles; retail services and wholesale services for bicycles; retail services and wholesale services for furniture; retail services and wholesale services for joinery fittings; retail services and wholesale services for tatami mats; retail services and wholesale services for electrical machinery and apparatuses, namely, TV- sets, washing machines, refrigerators, cleaners, hair dryers, hot-plates, rice-cookers, electric-ovens, electric- pots, electric-fans, camcorders; retail services and wholesale services of bladed and pointed hand tools, hand tools and metal hardware, namely, hand-held cutting tools, bits for hand drills, hand-held drills, wrenches, bit drivers for hand tools, woodworking and metal-working clumps, hand-operated scrapers for repairing machines, pliers; retail services and wholesale services of kitchen equipment, vacuum cleaners, mops, brooms and dusters; retail services and wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services and wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail services and

wholesale services of agricultural machines and implements; retail services and wholesale services for flowers [natural] and trees; retail services and wholesale services of fuel, namely, butane, biodiesel, methane, hydrogen, solid fuels, liquid fuels and gaseous fuels; retail services and wholesale services for printed matter, namely, calendars, diaries and magazines; retail services and wholesale services for paper and stationery; retail services and wholesale services for sports goods; retail services and wholesale services of toys, dolls, game machines, joysticks, controllers and headgear; retail services and wholesale services for musical instruments and records; retail services and wholesale services of photographic machines, tripods for cameras and video cameras; retail services and wholesale services for tobaccos and smokers' articles; retail services and wholesale services for building materials, namely, stone, wood, steel, aluminum, glass, ceramics, polymers, cements; retail services and wholesale services for semi-wrought precious stones and their imitations; retail services and wholesale services for pets, namely, cat and dog food sales; providing cost and consumption information relating to gas supply, electricity distribution, heat distribution and water supply through a website, newsletters and by mail; gas utility provider services, namely, monitoring natural gas consumption through a global computer network for customer account auditing and billing; remotely monitoring natural gas consumption by others for customer account auditing and billing; gas utility provider services, namely, remote access and monitoring of natural gas supply to customers through a global computer network; retail and wholesale sale of fuel, namely, Liquefied Natural Gas (LNG), Liquefied Petroleum Gas (LPG), coal, charcoal, wood, coke, gasoline, heating oil, light gas oil, heavy oil, alcohol, methane, propane, ethane, butane, acetylene, hydrogen, carbon monoxide, ammonia, methanol, dimethyl ether

Class 36

(2) The financing of loans and discounting of bills; financing services, namely, the acceptance of deposits and substitute bonds, fixed interval installment deposits and liability guarantees; domestic monetary exchange services; securities lending; acquisition and transfer of monetary claims, namely, deposit, bill receivables, credit and loans; safe deposit services, namely, the safekeeping of valuables, securities and precious metals; money exchange; trusteeship of financial futures contracts; trusteeship of money, securities, monetary claims, personal property, land, rights on land fixtures, surface rights and lease on land; financial services, namely, agencies for bond subscriptions, foreign exchange transactions, the provision of letters-of-credit; financial services, namely, the brokerage of credit sales services; management of buildings; agency services for the leasing and rental of buildings; leasing and renting of buildings; commercial real estate agency services; real estate appraisal; managing the use and development of land resources; agency services for the leasing and rental of land; financial investment services and financial investment consulting; brokerage for assigning interests of oil fields and gas fields; issuance of tokens of value, namely, issue of company stocks, corporate bonds, financial bonds, state treasury bonds, public bonds, warrants, preference stock that are redeemable for purchase; agencies for collecting gas and electric power utility payments; debt collection agency services; buying and selling of financial securities; trading of securities index futures; trading of securities options; trading of overseas market securities futures; agencies for brokerage of securities, securities index futures, securities options, and overseas market securities futures; agencies for brokerage of entrusting agents with on-commission trading in domestic markets of securities, securities index futures and securities options; agencies for brokerage of entrusting agents with on-commission trading in overseas markets of securities and securities index futures; agencies for brokerage of forward agreement of securities, for forward agreement of securities index futures, for forward agreement of securities options, spot and forward transaction of securities index futures; brokerage for securities liquidation; securities underwriting; securities offering; brokerage services relating to

securities subscription and offering; providing stock market information; agencies for commodity futures trading; life insurance brokerage; life insurance underwriting; agencies for non-life insurance; claim adjustment for non-life insurance; non-life insurance underwriting; insurance premium rate computing; antique appraisal; art appraisal; precious stone appraisal; used automobiles appraisal; financial assessment of company credit; advisory services in the field of tax planning; tax payment processing services; charitable fund raising; rental of paper money and coin counting and processing machines; rental of cash dispensers; rental of automated-teller machines.

Class 37

(3) construction, namely, house and building construction, warehouse construction, road construction, railway construction, expressway construction, runway construction, underground subway construction, gas pipelines construction, oil and gas drilling platforms, construction of liquid storage tanks and reservoirs, construction of gas storage tanks and reservoirs, construction of liquefied gas storage tanks and reservoirs, liquefied gas pipeline construction, asphaltting, laying of cable, fire alarm installation and repair, plumbing; construction management consultancy in the fields of liquefied natural gas terminal construction, construction of gaseous storage tanks and reservoirs, gas pipeline construction, electric power plant construction and construction in the field of gaseous energy; operation and maintenance of building equipment, namely, escalators, elevators, ventilators; repair and maintenance of water pollution control equipment; repair and maintenance of water purifiers; repair and maintenance of nuclear power plants; repair and maintenance of chemical plants; extermination of termites; residential and commercial exterminating services; repair and maintenance of gas cocks; cleaning of escalators; cleaning of elevators; cleaning of kitchen stoves; cleaning of dishwashers; cleaning of laundry dryers and clothing spin dryers; cleaning of industrial furnaces; cleaning of air purifiers and deodorizing machines; rental of high pressure washers used in kitchens; repair and maintenance of machine elements, namely, shafts, bearings, cranks for gas engines; repair and maintenance of power transmissions and gearing, namely, parts of gas-engine power generator, gas-turbine power generator, gas-engine heat-pumps, wind power generator; repair and maintenance of power lines; repair and maintenance of electric wires and cables; repair and maintenance of electric and magnetic meters and testers for power meters and gas meters; internal cleaning of heat exchangers; rental of spilled oil recovery equipment; repair and maintenance of power generating apparatus equipped with cogeneration function, namely, gas-engine power generators and fuel-cell power generators, gas-turbine power generators with heat recovery; repair and maintenance of power generating apparatus equipped with cogeneration function, namely, gas-engine power generators and fuel-cell power generators, gas-turbine power generators without heat recovery; repair and maintenance of fuel cells; repair and maintenance of air conditioners equipped with hot water systems; repair and maintenance of gas heat pumps; repair and maintenance of heat pumps; repair and maintenance of hot water radiators; repair and maintenance of floor heating apparatus, namely electric and hot-water floor heating; repair and maintenance of bathroom heaters and dryers; repair and maintenance of sauna equipment; repair and maintenance of clothes dryers; repair and maintenance of gas pipelines; repair and maintenance of detecting and alarm apparatus, namely, security and disaster prevention alarms, anti-intrusion alarms, burglar alarms, fire alarms, gas alarms, and personal security alarms, all the foregoing comprising sensors and computer networks; repair and maintenance of monitoring and alarm apparatus for security and disaster prevention, namely, fire alarms, gas alarms, anti-theft alarm, smoke detectors; repair and maintenance of video surveillance cameras; repair and maintenance of smoke and fire sensors; repair and maintenance of gas leak detection sensors; repair and maintenance of sensors for intruder detection; repair, maintenance and monitoring of gas-fired water heaters via the Internet and providing information relating thereto; repair and maintenance of gas generators;

repair and maintenance of gas absorption chiller-heater; repair and maintenance of water heaters; repair and maintenance of air conditioning apparatus; repair and maintenance of gas meters and electric power meters; shipbuilding; repair and maintenance of ships and tankers; aircraft repair and maintenance; repair of bicycles; repair and maintenance of automobiles; repair and maintenance of railway rolling stocks; repair and maintenance of two-wheeled motor vehicles; repair and maintenance of cinematographic machines and apparatus; repair and maintenance of photographic machines and apparatus; repair and maintenance of loading-unloading machines and apparatus, namely, cranes, conveyors, winches, escalators and elevators; repair and maintenance of fire alarms; repair and maintenance of office machines and equipment, namely, calculators and time clocks; repair and maintenance of air conditioners for industrial purposes; repair and maintenance of burners; repair and maintenance of boilers; repair and maintenance of pumps; repair and maintenance of freezing machines and apparatus for industrial purposes; repair and maintenance of electronic machines and apparatus, namely, electronic controllers for gas compressors, electronic extinguishing installations, television sets, television transmitters; repair and maintenance of telecommunication antennas, telecommunication aerials, telecommunication wave filters, telecommunication cables, stations for installation of telecommunication instruments; repair and maintenance of construction machines and apparatus; repair and maintenance of consumer electric appliances, namely, TV-sets, washing machines, refrigerators, cleaners, hair dryers, hot-plates, rice-cookers, electric-ovens, electric-pots, electric fans, camcorders; repair and maintenance of electric lighting apparatus, namely, arc lamps, pocket search lights, fluorescent lamps, LED lamps; repair and maintenance of electric motors; repair and maintenance of power distribution and control machines and apparatus, namely, electric switches, electric relays, circuit breakers, power controllers, current rectifiers; repair and maintenance of power generators; repair and maintenance of laboratory apparatus and instruments; repair and maintenance of measuring and testing machines and instruments, namely, thermometers, gasometers, water meters, scales, pressure gauges, hygrometers, calorimeters, viscometers, flowmeters; repair and maintenance of medical apparatus and instruments; repair and maintenance of firearms; repair and maintenance of printing and bookbinding machines and apparatus; repair and maintenance of chemical processing machines and apparatus; repair and maintenance of glassware manufacturing machines and apparatus; repair and maintenance of fishing machines and instruments; repair and maintenance of metalworking machines and tools; repair and maintenance of shoe making machines; repair and maintenance of industrial furnaces; repair and maintenance of mining machines and apparatus; repair and maintenance of rubber-goods manufacturing machines and apparatus that make rubber sheets, rubber stoppers, rubber rings and rubber hoses; repair and maintenance of integrated circuits manufacturing machines and systems; repair and maintenance of semiconductor manufacturing machines and systems; repair and maintenance of machines and apparatus for processing foods and beverages; repair and maintenance of machines and apparatus for lumbering, woodworking, and veneer and plywood making; repair and maintenance of textile machines and apparatus; repair and maintenance of tobacco processing machines; repair and maintenance of painting machines and apparatus; repair and maintenance of agricultural machines and implements; repair and maintenance of machines and apparatus for pulp-making, papermaking and paper-working; repair and maintenance of plastic processing machines and apparatus; repair and maintenance of packaging and wrapping machines and apparatus; repair and maintenance of sewing machines; repair and maintenance of reservoirs, water reservoirs, liquefied N₂ reservoirs, liquefied natural gas reservoirs, liquefied propane gas reservoirs, city gas reservoirs, methane gas reservoirs; repair and maintenance of gasoline station equipment; repair and maintenance of mechanical parking systems; repair and maintenance of bicycle parking apparatus; repair and maintenance of cooking equipment for industrial purposes; repair and maintenance of industrial dishwashers; repair and maintenance of electric washing machines for

industrial purposes; repair and maintenance of vehicle washing installations; repair and maintenance of vending machines; repair and maintenance of power-driven floor cleaning machines; repair and maintenance of amusement machines and apparatus, namely, pinball machines, air hockey machines, kiddie rides machines, photo booths, video game machines; repair and maintenance of apparatus and instruments for use in beauty salons and barbers' shops; repair and maintenance of waste compacting machines and apparatus for industrial purposes; repair and maintenance of waste crushing machines for industrial purposes; repair and maintenance of divers' apparatus; repair and maintenance of 3-D printers; furniture restoration; umbrella repair; repair and maintenance of musical instruments; safe maintenance and repair; shoe repair; clock and watch repair and maintenance; sharpening of scissors and kitchen knives; setup and repair of locks; repair and maintenance of gas water heaters; repair and maintenance of non- electric cooking heaters for household purposes; repair and maintenance of cooking pots and pans; repair and maintenance of signboards; repair of carry-on bags, shoulder bags and jewellery pouches; repair of brooches, necklaces, rings, ankle bracelets, bracelets and jewellery; repair of toys and dolls; repair of sports equipment; repair of billiard equipment; repair of gaming machines; repair and maintenance of bath fittings; repair of toilets with bidet sprayers; repair of fishing tackle; fur care and repair; laundering; pressing of clothing; clothing repair, namely, the mending of clothing; fluffing of cotton batting for futon; repair of tatami mats; chimney sweeping; cleaning of building exterior surfaces; window cleaning; carpet and rug cleaning; floor polishing; septic tank cleaning; bathtub and bath boiler cleaning; street cleaning; cleaning of reservoirs, water reservoirs, liquefied N2 reservoirs, liquefied natural gas reservoirs, liquefied propane gas reservoirs, city gas reservoirs, methane gas reservoirs; disinfecting of telephone hand-sets; sterilization of medical apparatus and instruments; rental of construction machines and apparatus, namely, concrete construction machines, bulldozer, backhoe, cranes; rental of floor cleaning machines; rental of mops; rental of car- washing apparatus; rental of laundry dryers; rental of spin dryers for clothes; rental of electric washing machines; rental of mining machines and apparatus; rental of drainage pumps; rental of dish drying machines for restaurants; rental of dish washing machines for industrial purposes; construction of liquefied gas storage tanks and reservoirs, liquefied gas pipeline construction, asphaltting, laying of cable; foodservice equipment rental services, namely, rental of dishwashers; water utility company services, namely rental of residential and commercial water heaters

Class 39

(4) transport of oil and gas through pipelines; transport of gas and liquid natural gas through pipelines; rental of gas storage tanks; rental of water chilling unit that supplies cold water for air conditioning; rental of gas absorption chiller-heater that supplies cold and hot liquid for air conditioning; public utility services, namely, electricity distribution, gas distribution, heat distribution and water distribution; transportation of passengers and goods by railway, car, truck, bus, ship and by airplane; rental of vessels, namely tankers; providing road and traffic information; relief bus driver, truck driver and limo driver services; packaging of goods, namely, powdery activated carbon, pellet-shaped resin, perishable food are being packaged; freight brokerage; cargo unloading; moving services; brokerage for rental, selling, purchasing and chartering of ships and tankers; refloating of ships; ship piloting; warehousing rental services; public storage rental services; warehouse storage services; rental of warehouse space; car parking lot services; waste and trash collection; providing vessel mooring facilities; operating car parking lot services; rental of loading-unloading machines and apparatus, namely, cranes, conveyors, winches, escalators and elevators; car rental; rental of bicycles; rental of aircraft; rental of mechanical parking systems; rental of packaging and wrapping machines and apparatus, namely, for powdery activated carbon, pellet-shaped resin, perishable food; rental of freezers for household purposes; rental of

refrigerator-freezers for household purposes; rental of wheelchairs; courier services; arranging of travel tours, travel tour organizing; escorting of travel tours; travel arrangement and rail and flight transportation reservation services; rental of aircraft engines; rental of freezing machines and apparatus for industrial purposes; rental of gasoline station equipment, not for repair and maintenance of automobiles; provision of navigational information through GPS coordinates for recognizing the physical positions of people using wireless communications, Internet access, electronic mailing systems to search them; providing computerized map information for identifying the position of individuals and things through a global positioning tracking system, Internet access, electronic mailing systems to search them

Class 40

(5) silicon resin and ceramic coating onto metal surface of kitchen appliances; silicon resin and ceramic coating onto metal surface of electric appliances, namely, TV-sets, washing machines, refrigerators, cleaners, hair dryers; silicon resin and ceramic coating onto the surface of molds used in formation processing with carbon fiber, plastic, resin; silicon resin and ceramic coating onto metal surface of parts of machines; silicon resin and ceramic coating onto metal surface of hand tools; silicon resin and ceramic coating onto metal surface of electric tools; silicon resin and ceramic coating onto the surface of glass-forming substance, namely, SiO₂, B₂O₃, GeO₂, GeS₂, TiO₂, Al₂O₃; silicon resin and ceramic coating onto metal surfaces of blades, scissors, pens, ball point pens, mechanical pencils, rulers, pencil cases; silicon resin and ceramic coating onto metal surface of equipment and instruments, namely, roll, duct, inner-surface of pipes and tanks; fluorine resin and ceramic coating onto metal surface of kitchen appliances; fluorine resin and ceramic coating onto metal surfaces of electric appliances, namely, computer monitors, televisions, refrigerators, freezers, stoves, clothes washing machines and clothes dryers, dishwashers and dish dryers, clothing irons, hair straighteners and electrical pots; fluorine resin and ceramic coating onto the surface of molds used in formation processing with carbon fiber, plastic, resin; fluorine resin and ceramic coating onto metal surface of parts of machines; fluorine resin and ceramic coating onto metal surface of hand tools; fluorine resin and ceramic coating onto metal surface of electric tools; fluorine resin and ceramic coating onto the surface of glass-forming substance, namely, SiO₂, B₂O₃, GeO₂, GeS₂, TiO₂, Al₂O₃; fluorine resin and ceramic coating onto metal surface of blades, scissors, pens, ball point pens, mechanical pencils, rulers, pencil cases; fluorine resin and ceramic coating onto metal surface of equipment and instruments, namely, rolls, ducts, bolts, plates, hoppers, inner-surfaces of pipes and storage tanks; metal treating, namely, electroplating, annealing, metal tempering, metal casting, metal welding; rental of water purifying apparatus; rental of burners for industrial furnaces; rental of calcining kilns for ceramics; rental of industrial furnaces; rental of gas burners for industrial purposes; rental of burners for garbage incinerators; rental of gas installations; rental of air conditioners; rental of radiators for air conditioners; refining and processing of natural gas, bio gas and synthetic gas; refining solid, liquid and gaseous fuel, namely, coal, charcoal, wood, coke, gasoline, heating oil, light gas oil, heavy oil, alcohol, methane, propane, ethane, butane, acetylene, hydrogen, carbon monoxide, ammonia, methanol, dimethyl ether; processing and transformation of solar, heat and light energy, namely, the conversion of solar energy, heat energy and light energy into electricity, the conversion of recovered exhaust heat energy into a heat source, the conversion of electric energy into a heat source, the conversion of solar energy into a heat source; processing of chemicals and petrochemicals, namely, the synthesis and reaction of monomer, oligomer and polymer used for functional chemical products, fine chemical products, paints, building materials and structural materials; air purification, namely, the removal of air oxide for reaction; air deodorizing, namely, the removal of organic substances from the air when air oxide is used for reaction; contaminated soil treatment; hazardous waste treatment; waste water treatment; treatment of contaminated soil;

substance catalyst reduction in the field of chemical processing; custom manufacture of hydrogen gas generators; custom manufacture of cooking apparatus and installations, namely, gas stoves, gas ovens, rice cookers, cooking pots, cooking hot plate; custom manufacture of fuel cells; custom manufacture of power generators for use in power generation plants; coating and surface finishing of gas-fired water heaters, kitchen worktops, kitchen sinks for prevention of contamination; decontamination of nuclear waste; treatment and processing of cloth, clothing and fur, namely, drying for dyeing, bleaching, shrink-proofing, waterproofing, mothproofing, crease-resistance; tailoring and dressmaking; embroidery services; processing of semi-worked rubber for use in the further manufacture of vehicle tires; processing of plastics, namely, injection molding of plastics, coating of plastics, surface finishing of plastics, patterning of plastics for photolithography, photoresist materials and optical masks, mixing and kneading different types of masks and film forming of plastics; wood-working; corrugated and stationery paper treating and working of punching, foil stamping, cutting, poly-propylene coating; taxidermy; food processing, namely, food preservation of fruits, coffee beans, sesame, nuts and food additives through grinding, concentrate processing, cryogenic and freeze grinding, flour milling and freeze-drying to make lactic acid powder; processing of cinematographic films; photographic enlarging; photographic printing; photographic film development; bookbinding; waste water treatment services; recycling of waste; nuclear fuel reprocessing; engraving of sealing stamps; photogravure; rental of machines and apparatus for film development, photograph printing, photograph enlargement and photograph finishing; rental of metal treating machines and tools; rental of bookbinding machines; rental of machines and apparatus for processing foods and beverages, namely, meat slicer, vegetable chopper; rental of machines and apparatus for lumbering, wood-working, and veneering and plywood making; rental of machines and apparatus for pulp making, papermaking and paper-working; rental of waste compacting machines and apparatus; rental of waste crushing machines; rental of chemical processing machines and apparatus; rental of glassware manufacturing machines and apparatus; rental of shoe making machines; rental of tobacco processing machines; rental of 3-D printers; providing material treatment information in the fields of fine materials, carbon fibers, activated carbon, silica-alumina-based materials and preservatives through newsletters and a website; offset printing, photogravure printing, screen printing, digital printing; waste and trash sorting and disposal of waste and trash; rental of knitting machines; rental of sewing machines; rental of air-conditioning apparatus for household purposes; rental of humidifier for household purposes; rental of air purifiers for household purposes; rental of electricity generators; rental of printing machines and apparatus; rental of boilers; rental of humidifier for industrial purposes; rental of air purifiers for industrial purposes; rental of air conditioners for industrial purposes; rental of power generating apparatus equipped with cogeneration function, namely, gas-engine power generators and fuel-cell power generators, gas-turbine power generators with heat recovery; rental of power generating apparatus equipped with cogeneration function, namely, gas engine power generators and fuel-cell power generators, gas-turbine power generators without heat recovery; rental of fuel cells; rental of heat pumps; rental of air-conditioning apparatus equipped with hot water system; rental of hot water radiators; rental of floor heating apparatus, namely, electric and hot-water floor heating; rental of bathroom heaters and dryers; rental of sauna equipment; rental of gas generators; rental of water heaters; rental of industrial waste water treatment apparatus for purifying water; rental of soil treatment apparatus that removes water-soluble contaminant by washing soil with water and removing hydrocarbon contaminants by washing soil with organic solvent; conversion of energy, namely, energy transformation of oil to natural gas, cryogenic liquids (LNG) to electricity and liquid fuel to gaseous fuel; power generation plant services, namely, the production of gas energy, electricity, heat energy; rental of remote controllers for commercial and residential gas-fired water heaters; rental of immersion bath tub water heaters

Class 41

(6) Rental of fishing equipment and instruments; amusement park and tourist attraction guided tour ticket reservation services.

Class 42

(7) Architectural design; surveying, namely, land surveying, aerial surveying, construction drafting, architectural services, urban planning; designing of machines, apparatus, instruments and parts therefor and systems composed of such machines, apparatus and instruments, namely, filtering machines, industrial waste water treatment machines, air compressors, gas engine power generators, fuel cell power generators, air purifiers, gas engine heat pumps; research and planning in the field of building construction and city planning; testing and research on prevention of pollution; testing and research on electricity; testing and research on civil engineering, namely, on house and building construction, warehouse construction, building structure construction, road construction, railway construction, expressway construction, runway construction, underground transportation construction, gas pipeline construction, oil and gas drilling platforms, construction of liquid storage tanks and reservoirs, construction of gas storage tanks and reservoirs; geological surveys and research; rental of computers; providing computer programs on data networks, namely, software as a service [SaaS] services for financial accounting, payroll accounting, customer management, inventory management, sales and purchase management, and product and production management; computer software design, computer programming, and maintenance of computer software on finance, data analysis, file transport, security, geospatial information and cloud computing; providing meteorological information; designing, other than for advertising purposes, namely, interior design, industrial design, packaging design; technological advice about an operating method of computer hardware, computer software and industrial machine through a helpdesk; testing, inspection and research of pharmaceuticals, cosmetics and foodstuffs; testing, inspection and research on agriculture, livestock breeding and fisheries; testing and research on machines, apparatus and instruments, namely, power generators, fuel-cells, gas-heat-pumps, industrial waste water treatment machines, chemical processing machine, plastic processing machine, hydrogen gas generators; rental of measuring apparatus, namely, micrometers, range finders, electronic scales, barometers, vacuum gauges, ammeters, oscilloscopes, thermometers, spectrometers, seismometers; rental of laboratory apparatus and instruments; rental of technical drawing instruments, namely, drawing sheets, drawing boards, T-squares, compasses, dividers, clinograph; providing information in the field of energy-saving and energy cost saving; consultancy in the field of energy-saving and energy cost saving; analysis in the field of energy-saving and energy cost saving; scientific analysis and diagnosis of human behavior and providing observational data in relation thereto; consultancy in the field of designing of gas generating and supplying apparatus and plant, namely, liquefied natural gas storage tanks, pipelines of liquefied natural gas, vaporizer of liquefied natural gas, pipelines of natural gas, gas compressors, natural gas storage tanks; technical consulting services in the field of information process systems for the financial industry, the manufacturing industry, the energy industry, the retail distribution industry, the traffic industry and public institutions; designing of water treatment apparatus, namely, water purifiers; designing of industrial waste water treatment machines; provision of map information on wiring diagrams and plumbing diagrams of communication cables, electric wires, gas and water pipes through the Internet in order to prevent unanticipated accidents before they occur.

Class 43

(8) providing temporary accommodation, namely, hotel, motel, tourist home services; hotel reservation services; providing foods and beverages, namely, restaurant, café services; boarding

for animals; preschooler and infant care at daycare centers; retirement home; rental of conference rooms; rental of facilities for exhibitions, namely, tents, meeting place, multi-purpose hall; rental of futon and quilts; rental of pillows; rental of blankets; rental of electric hot plates for household purposes; rental of electric toasters for household purposes; rental of microwave ovens for household purposes; rental of cooking ovens, cooking pots, cooking hot plates; rental of kitchen worktops with integrated sinks for commercial use; rental of non- electric cooking heaters for household purposes, namely, cooking ovens, cooking pots, cooking hot plates; rental of kitchen worktops with integrated sinks for household purposes; catering supply services, namely, rental of dishes; rental of curtains; rental of furniture, namely, chairs, desks, office bedroom, chests, tables, cabinets; rental of wall hangings, namely rental of paintings, photographs, lithographs; rental of floor coverings, namely, area rugs which set at the entrance of buildings and houses to clean sole before entering; linen supply services, namely, the rental of kitchen towels, face towels; providing information relating to menus, recipes and ingredients for food and drinks; rental of electric lamps and lighting apparatus, namely, arc lamps, pocket search lights, fluorescent lamps, LED lamps; foodservice equipment rental services, namely, rental of dish drying machines; rental of microwave ovens; hotel room and restaurant reservation services

Class 44

(9) Rental of mist sauna equipment; rental of portable toilets; bathroom outfitting services, namely, rental of prefabricated bathrooms sold as a unit; barbershops; providing bath houses; garden tree planting; garden and flower bed care; fertilizer spreading; weed killing; vermin exterminating for agriculture, aquaculture, horticulture and forestry; massage and therapeutic shiatsu massage; chiropractic; moxibustion; treatment for dislocated joints, sprain, bone fractures and the like [judo-seifuku]; acupuncture; medical practice services, namely, providing the services of a medical doctor; providing a website that provides medical information on the symptoms and treatments for breast cancer; providing medical services, namely, physical examinations of humans for the purposes of diagnosing medical ailments; dentistry services; preparation and dispensing of medications; dietary and nutritional guidance; livestock breeding; veterinary services; beautification for animals; nursing care; rental of potted plants; farming equipment rental; rental of medical CT-scan, X-ray and ultrasonic diagnostic apparatus; rental of chairs, lavatory bowls, lavatories and mirrors for use in beauty salons and barber shops; rental of lawnmowers; commercial restaurant supply services, namely, the rental of kitchen sinks for commercial use.

Class 45

(10) Rental of electric and electronic locks and parts and fittings for residential doors and windows; rental of smoke and fire sensors, gas leak detection sensors and sensors for intruder detection; rental of alarms and warning equipment; rental of detecting and alarm apparatus, namely, security and disaster prevention alarms, anti-intrusion alarms, burglar alarms, fire alarms, gas alarms and personal security alarms, all the foregoing comprising sensors and computer networks and used in home and personal security assessment consisting of sensor and computer networks used for physical assessment of people in the house and apartment house; rental of video surveillance cameras; rental of monitoring and alarm apparatus for security and disaster prevention, namely, fire alarms, gas alarms, anti-theft alarm, smoke detectors; providing remote monitoring of individuals and safety confirmation information by way of telephone; rental of safes; information relating to fashion coordination services for individuals; marriage partner introduction and dating services; planning and arranging of wedding ceremonies; funeral service undertaking; and agencies for legal procedures relating to lawsuits and other legal issues; agencies for copyright licensing; legal services relating to social insurance claims; security guarding for facilities; personal

body guarding; investigation and surveillance on background profiles; fortune-telling; pet sitting; babysitting services; maid services; guardianship services; rental of clothing; rental of altars; rental of fire alarms; rental of fire extinguishers.

access to, seizing control of and destroying computers, computer networks, computer software and computer network resources of an adversary; apparatus, instruments and equipment for electronic warfare, namely, GPS, audio and video receivers and GPS, optical, radar, radio, satellite, telephone, video transmitters and computer hardware and software for attacking and interfering with, disrupting, disabling, denying functional access to, seizing control of command, control and communications networks and control and communications network resources of an adversary; apparatus, instruments and equipment for electronic warfare, namely, GPS, audio and video receivers and GPS, optical, radar, radio, satellite, telephone, video transmitters and computer hardware and software for detecting and analyzing presence, location, motion and nature of vehicles, aircraft, tanks, marine vessels, weapons platforms and personnel of an adversary; laser warning sensors for use on an in particular airborne military platform; emergency warning lights, electronic warning bells, optoelectronic measuring devices for creating touch and gesture-sensitive surfaces that interact with computers and electrical signal transmission systems; computer hardware and software for recording, transmitting, processing and reproduction of images; central processing units for processing images; Automatic altitude indicators, speed indicators, level indicators, temperature indicators, optoelectronic receivers, optoelectronic detectors, optoelectronic transducers, sensors for the determination of temperature, positions and distances, optical sensors, power supply connectors and adaptors for use with portable electronic devices; Power supplies for lights, sirens and public address systems, electric power converters; optical cables; Indicator lights for telecommunication apparatus, lighting control panels, emergency warning lights; telecommunication terminals, namely Laser communication terminals for Laser-based high-speed data transfer; pagers; electronic apparatus for satellite telecommunications, namely airborne radars; video recorders, cassette recorders, monitors, radios, portable camcorders with integrated video recorders and DVD burners, cameras; television sets; keyboards, mice, calculators, computer printers; computers; modems; computer screens; computer network interface boards, cards and microprocessors for accessing multimedia databases; database servers; printed circuits; on-board wireless and satellite data networks, namely navigation apparatus for vehicles and airplanes in the form of on-board computers; computer hardware and software for use on aircrafts namely image processing software; electronic media, in particular cassettes, USB flash drives, blank sound recording discs, blank video discs and blank CD-ROMs, audio, video and sound recording discs; compact discs, optical discs and DVDs containing navigation and flight instructions for helicopters, rotorcraft and drones; radars, radar detectors, radar receivers, radar receivers with amplifiers, radar transmitters; air traffic control radio equipment with radar imaging; navigation computers for boats, land vehicles, airplanes and space vehicles; guidance and navigation systems, namely Global Positioning Systems consisting of computers, computer software, transmitters, receivers, and network interface devices; checking apparatus for flight parameters, in particular pre-recorded software programs for assisting with the navigation and control of helicopters, rotorcraft and drones; airplane antennas; automatic altimeters; communications equipment, namely multiplexers and radio and television transmitters and receivers for recording, displaying and transmitting all properties and flight parameters of helicopters, rotorcraft and drones, for developing, manufacturing, controlling, flying, steering, navigating, monitoring and securing the aforesaid helicopters, rotorcraft and drones; electronic controllers for flight control systems; altitude and speed measuring stations; adaptable pre-recorded software for locating air vehicles with the aid of inertia values; systems for creating electric commands and electric signals, namely electric signal transmitters, character generators; computers, flight phase analyzers; computer hardware and software for directing combat operations; pre-recorded computer software for recording, processing and displaying cartographic data and algorithms of boats, land vehicles, airplanes and moving objects in space; area observation and monitoring systems featuring radar installations on

board air vehicles; transmitters of radio waves, ultrasound, sound and infrasound waves; optical and infrared transmitters, tuners, radio transmitters and receivers, encoders and decoders; pre-recorded software for recording and processing data for controlling, flying, steering, navigating, monitoring and securing air vehicles, rotorcraft and drones; pre-recorded software for displaying flight logs, ground stations for processing flight, steering, navigation and monitoring data from aircraft, rotorcraft and drones, remote transmitters for the transmission of information between air vehicles, rotorcraft and drones and at least one ground station; computers and electronic card readers; prerecorded software for calculating, reading and applying cartographic data; software for electronic communications, navigation, collision warning and pilot assistance systems for manned and unmanned land and air vehicles; electronic mission systems namely computer hardware and software for land and air vehicles for assisting crew with regard to executing their mission, in particular for displaying the current state of the mission, said current state being ascertained through communications systems and recorded information and being displayed; electronic checking, supervising and management systems for land and air vehicles, in particular for planning flights, namely position determination, lateral navigation guidance for roll steering command to the autopilot and vertical navigation guidance to provide speed, pitch and altitude targets; electronic map display systems namely computer hardware and software for land and air vehicles for graphically displaying the position of the vehicle; electronic recording systems for land and air vehicles for recording vehicle data and mission data; computer hardware and software for sensors for the determination of temperature, positions and distances, optical sensors, computer, database management, display, recording and Binary Unit Systems, meaning communication systems that transfers data between components inside a computer, or between computers, including communication protocols; sensor-assisted, in particular electro-optical, Lidar and radar systems for air and land vehicles for recording environmental data, in particular topographical altitude data, distance data and obstacle data, in the air and on the ground; electric and electronic control stations comprising of application-specific computer software, computer hardware and communications computers for mission preparation, mission execution and mission follow-up for manned and unmanned air vehicles; electric and electronic application-specific computer software and computer hardware for use in the aforesaid control stations for mission preparation, mission execution and mission follow-up for manned and unmanned air vehicles; detectors, receivers and transmitters for passive radars speed detectors, motion detectors and location detectors for determining the azimuth, distance and elevation of an object; radiofrequency adapters, amplifiers, receivers, repeaters and transmitters; GPS, optical, radar, radio, satellite telephone or video transmitters of electronic signals; electrical, digital, radio and radar signal generators; Global Positioning System consisting of computers, computer software, transmitters, receivers and network interface devices; global positioning System receivers, satellites and transmitters; computer systems for simulating and analyzing radar installations; optical and electronic apparatus, instruments and equipment, namely optronic and radar sensors, cameras and computer software for the electronic securing and monitoring of borders and protected areas; satellite communications systems namely receivers, processors, transmitters and antennas; sensor towers for monitoring purposes; satellite monitoring systems, namely transmitters, antennas and receivers for passive interception of satellite communications signals, for simultaneous interception of signals and services from multiple satellites and the analysis and identification of unknown satellite-based communications as well as for the processing of satellite signals and air monitoring systems, namely radios, distance, infrared, motion and optical sensors, radars and cameras used for this purpose; software for planning and managing requests with regard to intelligence gathering; computer hardware and software for surveillance and monitoring of military forces and military and non-military services and agencies; radio transmitters and receivers; on-board electronic systems consisting of equipment for satellites and space vehicles, in

particular avionics and compartments of space capsules; ground systems computer hardware and software for operating and controlling satellites; radioelectric transceivers and radios; data processing computers; transmitters, namely emergency signal transmitters, Global Positioning System transmitters, optical transmitters, radar transmitters, satellite transmitters, radio transmitters and receivers, telephone transmitters and video transmitters, electric wires, fibre-optic cables; coders and decoders, digital sound and image data transmitters; radar antennae, satellite transmitters and receivers, power converters and transponders; equipment for electric and electronic tracking, capture and monitoring, and for determining and locating geographical locations; cameras and computer hardware for radar image-based air-borne ground monitoring and surveillance; steering and navigation apparatus for vehicles in the form of on-board computers and handheld remote controls; computer servers, servers, computer workstations, modems; equipment for capturing, compressing, transmission, analysis and reproduction of satellite images and aerial photographs; equipment for transmission of images through digital radio; software for determining the position, observation and monitoring of specific geographical locations; data and user computer terminals for position determination, navigation, for navigation databases, for radar and satellite navigation, radio navigation and for subsequent applications; electric and electronic instruments for reception, processing and transmission of navigation signals and elements and components therefor; computer hardware and computer software for telecommunications and radio networks, computer hardware and computer software for digital telecommunications networks; internet access software, internet servers; telecommunications and desktop automation terminals for military applications; software programs for secure communications and for facilitating the authentication, examination, recording and analysis of business relations and transactions using a system of controlled access rights and notifications, for satellite telecommunications, in particular in air vehicles; computer software for communications and radio communications networks used for the transmission of text files and documents, videos, sound and pictures through wire, cable, optical fibre, radio and satellite; pre-recorded software for encryption and decryption; servers for modelling, simulating, testing and experimenting civil and military operations; software for planning, capturing, processing and disseminating intelligence information and data, solely in the fields of secret service information and geography, for defense and security purposes; software for providing access to an electronic messaging service; transmission security software for intranet and internet data terminals, operating stations and terminals for presenting information in graphic and text form; software for synchronizing secure data between a remote data station and a remote device and a fixed and remote data station and a device of this kind; pre-recorded computer software for examining and identifying space segments in two and three dimensions; industrial geoproduction systems, consisting of software and computer hardware for a digital process chain for generating satellite, aerial and terrestrial images and 3D data; computer software for processing and analyzing photographs, namely aerial and satellite photographs; computer software for stereographic projections, digital terrain models, orthophotos and thematic maps; database management software, namely for stereographic reproduction, for storing, preparing, processing and analyzing drawings, depictions, photographs, maps, aerial and satellite images and surface models; database management software, in particular for stereographic reproduction, for storing, creating, processing and analyzing drawings, images, photographs, graphic representations, aerial and satellite images and surface models; data carriers namely blank cassettes, USB flash drives, blank CD-ROMs, blank DVDs and external hard drives for computers, computer files and software packages, for stereographic reproduction and for storing, creating, processing and analyzing surface models, images and photographs; satellites; satellite navigation systems, namely Global Positioning Systems, consisting of computers, computer software, transmitters, receivers and network interface devices; satellites for scientific purposes, in particular satellites for terrestrial observation and radar satellites; aerial imaging sensors;

Database management software for databases containing digital topographical models; software packages for processing and evaluating photographs, namely aerial and satellite images; software packages for stereographic reproduction, for creating digital terrain models, for orthophotos and for thematic maps; computer files and software packages featuring geographical, geological, cartographic and topographical content; computer files and software packages featuring terrain representations and digital maps; satellites; terminals for satellite communications; data processing and transmission apparatus and instruments in the nature of magnetic encoders and decoders; computer terminals and keyboards, screen units; communications computers, for facilitating real-time communications between users and providers via the internet; computer software for simulating and analyzing satellite communications systems; computer software programs for operating and managing satellite communications systems; software for target recognition, target identification and target tracking, and for fire control and ballistic correction; telescopic sights with gyroscopically stabilized biaxial sighting lines, photogrammetric film cameras; computer software, namely for the evaluation and display of sound, text, videos and pictures for use on land, on water, air and space vehicles; optical and optoelectronic components and assemblies for controlling self-propelled weapons carriers for use in the air, on water and on land; optical and optoelectronic components for controlling rockets; periscope systems for use in air, water and land vehicles, submarine periscopes; optoelectronic mast systems comprised of optoelectronic periscopic viewers, periscope masts, cameras, night vision cameras, video cameras, infrared cameras, short wave infrared cameras, high definition video cameras, range finders, operator control and viewing stations, periscopic viewing optics, antenna mounts and combat system interface modules; optoelectronic mast systems for submarines, including control consoles, and software required therefor, in particular image processing software; apparatus in the nature of electromechanical stabilizers for stabilizing the line of sight direction on the basis of regulating signals from mechanical, optical and fibre-optic gyroscopes, accelerometers based on image evaluation algorithms; periscopes with direction-stabilized line of sight for use on land, on water and in the air; gyroscopically and inertially stabilized and scene-based stabilized commander's periscopes and driver vision systems, for armored vehicles; optoelectronic sensors for air defense systems featuring TV assemblies, thermal imaging cameras, laser rangefinders, laser target illuminators and laser designators; laser rangefinders, laser target illuminators; laser altimeters, in particular for use in space; electro-optical surveillance cameras and vision equipment in the nature of electro-optical periscopes, electro-optical periscopes, electro-optical sights for firearms, electro-optical sights for guns and artillery, electro-optical firearm sights with integrated laser rangefinders and ballistics information displays, electro-optical gun and artillery sights with integrated rangefinders and ballistics information displays, electro-optical binoculars, electro-optical spotting scopes, electro-optical night vision cameras, electro-optical range finders, electro-optical periscopes, electro-optical reflex sights for firearms, electro-optical cameras with integrated rangefinders and ballistics information displays, electro-optical missile trackers for detecting tracking missiles in flight, and stabilized multi-sensor platforms, namely stabilized multi sensors, namely optical sensors, motion sensors, temperature sensors, position sensors and distance sensors for manned and unmanned air vehicles, land vehicles and water vehicles; missile warning sensors for use on water, on land and in the air; gyroscopically stabilized commander's periscopes with integrated thermal imaging cameras; submarine periscopes and optoelectronic mast systems with integrated laser range finding, laser target illuminators and integrated thermal imaging cameras and integrated line of sight direction stabilization, in particular with an integrated image processing platform and high-level algorithms, including image fusion and tracking; sensors for position regulation and orbit control, in particular for satellites, optical instruments for terrestrial observation and for observing other natural and technical objects in space, star and solar sensors; rendezvous and docking sensors for aerospace; inertial and gyro sensors; Barcode readers;

microwave switches, DC converters, laser transmitters and receivers, electronic amplifiers, power amplifiers; satellite transmitters and receivers for analogue and digital signals; data processing computers, and disk drives, scanners and screens therefor; keyboards and printers; communications computers for receiving and reproducing terrestrial signals and satellite signals, keyboards and printers; laser communications terminals; computer hardware and computer software for sensor data fusion; computer hardware and software for augmented reality and virtual reality applications, namely computer media, monitors, tablets and data glasses; computer hardware and software for displaying maps and positions; jammers; electromagnetic, ultraviolet and infrared-based self-defence systems for defending ships, land vehicles, aircraft and helicopters against attack, namely, systems comprised mainly of distance, infrared, motion and optical sensors for the determination of temperatures, positions and distances, electromagnetic signal transmitters, lasers, directional aiming devices and associated computer processing systems for threat detection, threat assessment, missile tracking and directing energy from such sensors and lasers onto attacking munitions to neutralize the threat; directional infrared countermeasure (DIRCM) systems for defending against missile attacks, namely, DIRCM systems comprised mainly of distance, infrared, motion and optical sensors for the determination of temperatures, positions and distances, infrared signal transmitters, lasers, directional aiming devices and associated computer processing systems for threat detection, threat assessment, missile tracking and directing energy from such infrared sensors and lasers onto attacking missiles to neutralize the threat; directional IR and lasers (DIRCM) for defending against missile attacks on airborne platforms; databases for identifying electronic threats; Computer hardware and computer software for signal encryption and decryption, and test apparatus therefor; IFF (identification friend and foe) receivers and transponders on airborne platforms; IFF query systems as secondary radars on ships and land-based platforms; antennae, transmitters and receivers for wide-band data transmission; computer hardware and computer software for mission planning and evaluation for airborne platforms; computer hardware and computer software for use in capturing maintenance and diagnostic data from airborne sensor platforms on aircrafts; satellite communication antennae, electronic data loggers in black boxes for motor vehicles; rangefinders, binoculars, spyglasses, telescopes, filters for photography, photovoltaic cells, calipers, directional compasses, correcting optical lenses, close-up lenses, surveyors' levels, lenses, eyepieces, periscopes, prisms, transmitters of electronic signals, stands for photographic apparatus and cameras, telescopes, sighting telescopes; electronic and optical spyholes for doors and peepholes fitted with magnifying lenses for doors; helmet target tracking systems comprised of head-up displays for use in military and commercial air vehicles, land vehicles and water vehicles namely, helmet mounted transparent electronic displays for providing vehicle crew members with target tracking information for use in air, land and water vehicles; multispectral landing aids for helicopters; laser target illumination for combat aircraft; sensor platforms for military air vehicles equipped with electro-optical and radar sensors; boresight equipment, namely optical and electro-optical adjustment equipment, residual light intensifiers; laser rangefinders; Targeting pods, namely apparatus consisting of computer software and global positioning systems (GPS) used by aircrafts for identifying targets and guiding precision guided munitions (PGM) bombs to those targets; UCM (uncooled modules) being night vision attachments, namely software and map /position display; computer software for encryption, electronic encryption apparatus in the nature of downloadable computer software for use in the encryption of digital files, namely audio, video, text, binary, still images, graphics and multimedia files; electronic encryption units.

Class 12

(2) Camera drones and military drones.

Class 13

(3) Optical sights for firearms.

Services

Class 37

(1) Conducting of exploratory drilling for crude oil.

Class 41

(2) Digital imaging for graphics.

Class 42

(3) Design and development of computer hardware and software; Design of electro-optical apparatus, monitoring apparatus and monitoring installations in the nature of electro-optical range-finders, electrooptical sights for guns and firearms, electro-optical sights for artillery weapons, electro-optical viewing devices in the nature observation cameras for use on aircraft, helicopters, unmanned aerial vehicles and satellites, electro-optical periscopes for aircraft, land vehicles, tanks, personnel carriers, marine vessels and submarines, electro-optical viewing devices in the nature of thermal cameras, electro-optical viewing devices in the nature of infrared and short wave infrared cameras, electro-optical viewing devices in the nature of night vision cameras, electro-optical viewing devices in the nature ultraviolet cameras, electro-optical viewing devices in the nature of thermal cameras, electro-optical weapon sights in the nature of night vision sights for guns and firearms, inertial stabilizers for electro-optical viewing devices, gyroscopes stabilizers for electro-optical viewing devices, image stabilizers for electro-optical viewing devices, helmet mounted electrooptical viewing devices for use by military and law enforcement personnel, electro-optical head-up displays for use by drivers, pilots and crew of aircraft, tanks, personnel carriers, land vehicles and marine vessels, electro-optical targeting devices for use on vehicles, airborne platforms, land vehicles, tanks, personnel carriers, marine vessels and submarines for detecting and tracking targets, electro-optical automatic aiming devices for automatically aiming guns, firearms and artillery weapons at targets, electro-optical viewing devices in the nature of surveillance cameras for use in the field of military and law enforcement situational awareness, electro-optical surveillance cameras for targeting devices for detecting and tracking targets, electro-optical fire controllers for automatically controlling firing of weapons based on information from an electro-optical camera, mounts and supports for electro-optical viewing devices in the nature of cameras, and articulating mounts for supporting electro-optical viewing devices in the nature of cameras; design of ballistic information systems; scientific and technological services and scientific and technical consultancy relating to microscopes, magnifying glasses and reading glasses, telescopes, spotting scopes, binoculars and spyglasses, spectacles and loupes, safety eyewear, spectacle lenses, thermal imaging apparatus, night-vision apparatus, thermal image recorders for night-vision purposes, night-vision goggles, telescopes, sighting telescopes, interference and polarization filters, photographic recording, projecting and magnifying lenses, image intensifiers, image intensifier tubes, lens hoods, condensers, mirrors, prisms, objective and ocular lenses, observation eyepieces, photogrammetric cameras, digital cameras, digital cameras with an integrated laser rangefinder and a ballistics information system, measuring instruments, measuring apparatus and parts therefor, in particular for geodetic and nautical purposes, rangefinders, laser rangefinders, optical sights for firearms and astronomical telescopes, reflex sights, daytime and night-time sights, precision gauges, optical parts for headlights; testing, checking, analysis and monitoring of signals of vehicles, for locomotion by land, air and water, in particular helicopters and rotorcraft as well as drones; development, optimization, checking and trialling of the performance capability of methods, algorithms, processing and software modules for the computerized processing of signals on vehicles for locomotion by land, air and water, in particular helicopters and rotorcraft as well as drones; engineering services, namely monitoring and checking

performance parameters of vehicles for locomotion by land, air and water, in particular helicopters and rotorcraft as well as drones; engineering services, namely satellite signal testing; engineering services, namely developing algorithms and methods for the computerized processing of satellite signals; scientific and technological research and design provided by engineers in the fields of data processing, data analysis and data conversion; development, design, preparation and updating of programs for computer bases; research and development and adaptation of radio communications networks on vehicles, apparatus for locomotion by land, air and water, in particular helicopters, rotorcraft and drones; design, development and updating for others of software for managing, administering, designing, configuring and securing local and remote communications networks for the transmission of speech, images, data and multimedia data for vehicles for locomotion by land, air and water, in particular helicopters and rotorcraft as well as drones; design, preparation and updating for others of pre-recorded programs for designing, preparing, managing and securing access to computer networks and Internet Protocol networks; design and development of control stations, comprising application-specific computer software, computer hardware and communications apparatus for mission preparation, mission execution and mission follow-up for manned and unmanned air vehicles; design and development of application-specific computer software and computer hardware for use in control stations for mission preparation, mission execution and mission follow-up for manned and unmanned air vehicles; design and development of computer hardware and software for radar apparatus; computerized services regarding the evaluation of monochromatic and multispectral, aerial and satellite images; physics research, engineering services in the field of aerospace and information technology services, namely providing technology information in the field of aerospace relating to computerized services regarding the processing of monochromatic and multispectral, aerial and satellite images; development of databases of global digital topographical models; scientific and technological services, namely providing of terrestrial observation data generated with the aid of satellites, precise relief measurement, precise weather measurements, measurement physics, namely characterization of objects observed on the ground as a function of their spectral signatures, atmospheric influence, geometric and radiometric model depictions using on-board cameras; scientific and research applications, studies and projects with the purpose of developing and validating digital topographical models; research and design in the field of satellite images, and exploitation of corresponding data, namely development of methods for processing corresponding data, namely development of methods for processing data from observation satellites, preparation of processing protocols for using satellite data to generate geographical information, and engineering in the field of programming aerial images from a network of observation satellites; industrial analysis and research services in the fields of displaying images through satellite; industrial analysis and research services based on digital topographical models for applications in the field of processing and orthorectification of other geodata, mapping, creation of models of geophysical processes on earth, calculation of wave propagation in the field of telecommunications, and logistical and safety applications for aerospace and transportation vehicles by land, air and water; design and development of computers and software; recovery of computer databases; environmental protection consultancy; conversion of data and computer programs, other than physical conversion; design of computer software; surveying of oil fields; geological surveys; geological research; analysis for crude oil and natural gas production; land surveying; urban planning; computer programming; creation and maintenance of websites for others; geological prospecting; research services in the field of cartographic products, land coverage maps and land registries; technical information and research services provided by engineers for the presentation of images generated with the aid of satellites, in particular geographical images, geographical maps and topographical base maps consisting of images generated with the aid of satellites and antennae; technical information and research services

provided by engineers for images generated with the aid of satellites, in particular geographical images, geographical maps and topographical base maps consisting of images generated with the aid of satellites and antennae, design and development of computer software in the field of cartography; technical consultancy in the field of cartography; processing and evaluation of monochromatic and multispectral, aerial and satellite, images and being a service for research institutes and for others; creation of maps and terrain sections, propagation localization of electromagnetic waves, in digital form; processing and analysis of stereoscopic images; computer programming for industrial purposes, namely for the fire service, the police and the government, relating to operational systems, client management, installation management systems, geographical information systems, computer-aided design (CAD) systems, real-time display systems and mobile systems, and the configuration thereof, for use with suitable computer hardware; design and development of systems, apparatus and instruments for providing satellite communications and telecommunications; design and development of computer software and systems, computer infrastructures for operating satellite communications and telecommunications equipment, and for managing satellite communications and telecommunications; design and development of computer software, computer systems, computer infrastructures, communications and transmission apparatus for the exchange and transmission of news, information about weather, sporting events, business services; technical project management for information and internet applications; technical support, namely consultancy for the operation, management and maintenance of satellite communications and telecommunications apparatus and systems; technical support, namely consultancy relating to the operation, management and maintenance of satellite communications and telecommunications; technical support relating to computer software for information and internet applications; programming; rental of computer hardware, computer software and computer peripheral devices; maintenance and updating of computer software; creation and maintenance of websites; weather information services; encryption, decryption and authentication of messages; computer programming; updating and maintenance of databases; rental of data processing equipment and computers; technical design and technical planning of telecommunications equipment, technical support services in the form of troubleshooting of computer hardware and software problems for apparatus for electronic warfare and for radar systems; rental of measuring apparatus for testing the environment and measuring electromagnetic compatibility; IT services related to digital imaging namely development of computer software for digital image processing; rental of database server to third parties; storage of user generated electronic messages in a computer database.

Class 45

(4) Technical and EDP consultancy regarding the planning of crisis interventions; technical and EDP consultancy regarding defense and security policy operations.

Class 09

(1) video game software for accessing and playing electronic games for use with video game apparatus, namely, personal computers, laptops, televisions, consoles, arcade equipment, handheld game devices, mobile phones, and tablet computers; computer software programs and video game programs for accessing and playing online computer games, electronic games, and social media networking for entertainment; downloadable and installable video game and social media networking software for entertainment; parts and accessories, namely straps and cases for mobile devices, namely, mobile phones and tablet computers; lanyards for mobile phones; decorative magnets; lanyards for holding encoded identity cards

Class 14

(2) key chains; key rings; jewellery pins, lapel pins; charms for jewellery; beads for making jewelry; jewellery, namely, necklaces, bracelets and earrings; lanyards for holding badges of precious metal

Class 16

(3) books; novels; children's books; picture books; picture storybooks; comic books; coloring books; activity books; printed instructions for playing games; game instruction books; rulebooks; strategy guides; collectible trading cards; posters; art prints; photographs; bookmarks; calendars; memo pads; note pads; notebooks; clipboards; journals, namely blank journals; diaries; greeting cards; postcards; stationery, namely, agendas, binders, cases, labels, personal organizers; sticker albums; stickers; decals; removable tattoos; heat transfer labels; writing instruments, namely pens, ball point pens, pencils, colored pencils, crayons, and markers; pen and pencil cases; erasers; protective plastic sleeves for holding collectible trading cards; paper place mats; lanyards for holding visiting cards

Class 18

(4) bags, namely, clutch bags, cosmetic bags, diaper bags, drawstring bags, evening bags, garment bags for travel, make-up bags, messenger bags, overnight bags, shoe bags, school bags, sports bags, toiletry bags, travel bags; backpacks; all-purpose carrying bags; umbrellas; leashes for animals, leashes for guiding children; tote bags; shopping bags

Class 20

(5) pillows

Class 21

(6) drinkware, namely, cups and mugs; drinking bottles for sports, plastic bottles, refrigerating bottles, water bottles; drink coasters

Class 24

(7) pillow covers; blankets; fabric place mats, vinyl placemats; towels, namely, bath towels, cloth towels

Class 25

(8) clothing, namely, shirts, namely, T-shirts, raglan sleeve shirts, Henley shirts, polo shirts and sweatshirts, sweaters, hooded sweatshirts, jerseys, namely sports jerseys and team jerseys, coats, jackets, dresses, rompers, shorts, pants, track pants, yoga pants, tights, leggings, socks, sleepwear, namely, pajamas, loungewear, robes, sleepshirts, underclothes and undergarments, jump suits, costumes, namely Halloween costumes, masquerade costumes, theatrical costumes; infant's and children's clothing, namely, infantwear, underwear, bodysuits, underclothes and undergarments; slippers; plush slippers; ponchos; aprons; scarves; neck gaiters; earmuffs; headgear, namely, hats, toques, caps, baseball caps, and headgear, namely visor caps; bandanas

Class 26

(9) embroidered patches; iron-on patches; patches for clothing attached via hook and loop fasteners; ornamental novelty buttons, lapel buttons, buttons for clothing; lanyards for holding ornamental novelty badges; lanyards for holding police badges

Class 28

(10) board games; card games; trading card games; collectible card games; customizable card games; deckbuilding games; playing cards; adult and children party games; parlor games; role-playing games; building games; drawing games; hobby games; handheld action skill games; electronic game equipment for playing video games in the nature of hand held units for playing electronic games; game cards; boxes for decks of game cards; play mats for the purpose of putting together puzzles; game mats; dice bags; game boards for board games; chess games; chessboards; checkers; checkerboards; bingo game sets; dominoes; mahjong; dice; marbles; construction toys; toy building blocks; puzzles; puzzle toys; toy balloons; infant toys; stuffed animals; stuffed and plush toys and accessories therefor; dolls and accessories therefor; toy action

figures and accessories therefor; collectible toy figures; game miniatures, namely board game miniatures, role playing game miniatures; puppets; sports equipment, namely, sport balls, tennis balls, and baseballs

Services

Class 35

(1) retail services, namely, retail sale of games, board games, card games, cards, dice, dice bags, play mats, game mats, game boards, electronic games, toys, puzzles, stuffed animals, plush toys and accessories thereof, dolls and accessories thereof, collectible toy figures, game miniatures, books, posters, art prints, stationery, stickers, printed instructions for playing games, audio recordings, namely music recordings and news podcasts, clothing, headgear, bags, patches, pins, jewellery, and keychains; sales of board games, card games, and video games

Class 40

(2) Entertainment services in the nature of production of art installations namely permanent and temporary artwork and sculptures to the specifications of others

Class 41

(3) provision of information, news, articles, and commentary relating to games, toys, and children's play development via the Internet for entertainment and education purposes; entertainment services in the nature of production of interactive games, art exhibitions, films, cartoons, audio recordings, namely music, video content, namely movies, television shows, music videos, and webcasts; entertainment services, namely, providing online computer and electronic games; arranging, organizing and conducting board game tournaments and exhibitions in the field of board games, and board game competitions and contests in the field of board games, all for social entertainment purposes; entertainment services in the nature of creation and development of interactive games, films, cartoons, audio recordings, namely music, video content, namely movies, television shows, music videos, and webcasts

Class 42

(4) design and development of electronic game programs and software; design and development of virtual reality software; graphic arts and computer graphics design services; entertainment services in the nature of creation, development, and production of animations, and downloadable and non-downloadable digital content, namely, text, graphics, animations, and images in the fields of games, toys, and children's play development; design and development of board games, card games, and video games; product design and development in the field of games, toys, and children's play development; design and development of multimedia products, namely computer games and video games; new product design for others; production of art installations, namely design of statues
