General Information

The *Trademarks Journal* (the "*Journal*") is published on the website of the Canadian Intellectual Property Office (http://cipo.gc.ca). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the "*Act*"), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(5) Auto ramps of metal; axle stands of metal; flange gaskets of metal; frost plugs of metal; grease fittings of metal; hose clamps of metal; lock cylinders of metal; lock guards of metal; muffler clamps of metal; propeller tab washers of metal; metal utility springs

Class 07

(6) Air breathers for car engines; air filter kits for vehicle engines; air filters for engines and motors; machine bearing assemblies; machine bearings vacuum pumps for car power steering; carburetor repair kit consisting of carburetor diaphragms, carburetor gaskets, carburetor welch plugs, and carburetor springs; carburetors; choke valve controls; choke pull offs; automotive ignition coils; compressor pumps as parts of machines, motors and engines; control modules for internal combustion engines; crankshafts; cylinder heads for engines; distributor cap for internal combustion engines; distributors for vehicle engines; exhaust gas recirculation valves for motors and engines; electric orbital car polishers; automotive exhaust pipes; fan belts; fuel filters; fuel pump assemblies; engine gasket parts; gimbal bearings for boat engines; head gaskets for engines; high pressure power washer; hydraulic jack; ignition coils; ignition modules; ignition rotors; ignition switches for engines; ignition tune up kits consisting of distributor caps, ignition rotors, spark plug wires, and spark plugs; ignition wires; engine ignitions; pump impellers; inline fuel filters; gaskets for intake manifolds for engines and motors; mufflers; oil breather cap; oil drain plugs; oil filter cap; oil filters; PCV (positive crankcase ventilation) valves; ignition pick up coil; machine pressure switches; primer bulbs for engines and motors; radiators for engines; rocker arms for engines and motors; rotors for vehicle alternators; turbine rotors; shock absorbers for machines; spark plug wires; spark plugs; starter drives for motors and engines; electric starter motors; engine starter rewind springs; ignition starter switches; automotive tail pipes; engine thermostat gaskets; housing for engine coolant thermostats; timing belts for motors and engines for land vehicles and industrial applications; motor and engine timing chains; trolley jack; universal-joints; valve lifters for internal combustion engines, hydraulic tappets for internal combustion engines; valve pushrods for engines; VR springs as parts of machines; water pumps for internal combustion engines; wheel cylinders for machine brakes; wiper motor. oil pan gaskets

Class 08

(7) Hand-operated bumper jack; crimping pliers; ice scrapers; wheel wrench

Class 09

(8) Automotive batteries; automotive battery blanket; battery cables; automotive battery chargers; battery testers; booster cables; engine timing cam sprocket; choke thermostat; circuit tester; dimmer switch; door switches for power door locks and power mirrors on vehicles; electric flasher switches; antifreeze testers; automotive fuses; headlamp switch; horn relay; idler solenoid valves; radio-frequency modulators; AC/DC power pack supplies for automobiles; pressure sensors;

remote control engine starters; current rectifiers, rectifier modules and rectifier tubes; solenoid switches; starter cables for motors; ignition starter relays; stoplight switch; thermostats; toggle switches; electric vacuum switches; volt testers; voltage regulators; electric accumulators for vehicles; electric locks for vehicles; batteries for electric vehicles; charging stations for electric vehicles

Class 11

(9) Air conditioning condensers; block heaters for vehicles; brake lights; light bulbs; car warmer; fog lights for automobiles; air impellers for ventilation; radiator cap; sealed beams; trailer lights and wiring; turn signal lamps

Class 12

(10) Automobile suspension alignment kits; axle gaskets for automobile transmissions; back up lamps for vehicles; ball joints; axle bearing assemblies for motor vehicles, roller bearing assemblies for motor vehicles, axle bearings for motor vehicles, and ball and roller bearings for motor vehicles; brake cables; brake drum; brake hardware kits consisting of brake dust shields, brake facings, brake pads, brake drums, brake discs, brake seals, brake shoes, brake cylinders, brake pucks, and brake disc clips; brake rotors; brake seals; brake shoes; brake-pads; rotary brushes for machines and car wash brushes; bug deflectors for vehicles; suspension bushing kits; brake disc and alloy caliper assemblies; vehicle steering linkage; clutch release mechanisms for vehicles; automotive coil springs; coin holder specially adapted for vehicles; control arm bushing; fitted fender covers; fitted frost shields for vehicle windshields; fuel line hoses for vehicles; vehicle gas caps; gear puller for steering wheels; vehicle brake hoses; hub and rotor assemblies for vehicle brakes; idler arm for vehicle steering linkages; license plate holders; master cylinder vehicle brake parts; mechanic's creeper; rear-view mirrors engine motor mount; power trim bushings; propellers for marine engines; rack and pinion for vehicle steering; roof racks; fitted seat covers for automobiles; shock absorbers for motor vehicles; vehicle splashguards and mud flaps; stabilizer bars for automobile suspensions; stone guards; suspension strut cartridges and suspension strut assemblies; tie rod ends for vehicle suspension; air pumps for motor vehicle tires; tire pumps for bicycles; tires; traction mats for vehicle tires; tire chains; durable polyethylene plastic pieces specially adapted for use in vehicles to transfer weight for extra traction; trailer hitches; adhesive rubber patches for tire repair; fitted truck bed liners; air springs for vehicle suspension; steering wheel covers; spare wheel covers; wheel cylinders for vehicle brakes; wiper arm; wiper blades; electric reversing alarms for vehicles

Class 16

(11) Automobile service manuals

Class 17

(12) Flexible hoses used for flushing engines; frost plugs of rubber; connecting hoses for vehicle fuel injectors; liquid gasket sealer for automobile use; oil absorbent pads; PCV (positive crankcase ventilation) hoses; chemical compositions for repairing leaks in automobile transmissions water pump gaskets; power trim connecting hoses; flexible rubber tubing; engine and radiator leak sealing preparations

Class 20

(13) Vanity mirrors

Class 21

(14) Chamois cleaning cloths; cheesecloth for cleaning; oil filler extension funnels; automotive cleaning sponges; wash mitts

Class 22

(15) Gunnel boat straps; elastic straps for securing cargo; nylon and synthetic tie down straps; unfitted truck bed tarps

(1) 3D spectacles; computer controllers; video monitor controllers; computer monitors; display monitors; tv monitors; video monitors; computers; video display monitors; video screens; video tape recorders; teaching robots for medical use; teaching robots; tablet computers; computer hardware namely computer monitors downloadable electronic publications in the nature of magazines, electronic newspapers and downloadable electronic books in the field of medicine; computer hardware; computer peripheral devices namely cameras, headphones, loudspeakers, computer mouse, modems, earphones and microphones; recorded computer programs for training in the field of robotic and robotic assisted surgery; software; computer software for database management; application software; artificial intelligence software; augmented reality software; business management software; computer games software; games software; virtual reality games software; video games software; electronic game software; data and file management software; database management software; computer software for database management; computer software for accessing databases; electronic databases of medical publications; data processing software; digital dashboard software; education software; hardware testing software; graphics software; health monitoring software; machine learning software; maintenance software; simulation software for training in the field of robotic and robotic assisted surgery; simulation apparatus for use in training in the field of robotic and robotic assisted surgery; software for remote diagnostics; system software; training software; web application software; software for use in calculating, transferring, storing, and visualizing data relating to the use of robots and robotic tools for patient diagnosis and treatment, sold as a component of a robotic surgical apparatus; medical software; medical computer software; medical application software; medical artificial intelligence software; medical augmented reality software; medical business management software; medical data and file management software; medical database management software; medical databases; medical computer databases; medical computer software for database management; medical computer software for accessing databases; medical electronic databases; medical data processing software; medical digital dashboard software; medical education software; medical hardware testing software; medical graphics software; medical machine learning software; medical

maintenance software; medical simulation software; medical simulation apparatus; medical software for remote diagnostics; medical system software; medical training software; medical web application software; software for use in calculating, transferring, storing, and visualizing data relating to the use of robots and robotic tools for patient diagnosis and treatment, sold as a component of a robotic surgical apparatus; software for robotics; computer software for robotics; application software for robotics; artificial intelligence software for robotics; augmented reality software for robotics; business management software for robotics; data and file management software for robotics; database management software for robotics; databases for robotics; computer databases for robotics; computer software for database management for robotics; computer software for accessing databases for robotics; electronic databases for robotics; data processing software for robotics; digital dashboard software for robotics; education software for robotics; hardware testing software for robotics; graphics software for robotics; machine learning software for robotics; maintenance software for robotics; simulation software for robotics; simulation apparatus for robotics; software for robotics; system software for robotics; training software for robotics; web application software for robotics; software for robotic process automation; computer software for robotic process automation; application software for robotic process automation; artificial intelligence software for robotic process automation; augmented reality software for robotic process automation; business management software for robotic process automation; data and file management software for robotic process automation; database management software for robotic process automation; databases for robotic process automation; computer databases for robotic process automation; computer software for database management for robotic process automation; computer software for accessing databases for robotic process automation; electronic databases for robotic process automation; data processing software for robotic process automation; digital dashboard software for robotic process automation; education software for robotic process automation; hardware testing software for robotic process automation; graphics software for robotic process automation; machine learning software for robotic process automation; maintenance software for robotic process automation; simulation software for robotic process automation; simulation apparatus for robotic process automation; software for remote diagnostics; system software for robotic process automation; training software for robotic process automation; web application software for robotic process automation; calipers; teaching apparatus namely anatomical mannequins remote controls for video, game consoles; mannequin for practising surgery; laboratory robots; tactical robots; teaching robots; digital controls for robots; electric control apparatus for robots; operating systems for robotics; bar code readers; biometric scanners; computer touch screens; data storage devices; electronic components; interfaces for computers; manipulators for the remote operation of robotic arms

Class 10

(2) Analytical instruments for medical use; cases fitted for medical tools; cases fitted for medical instruments; detecting instruments for medical purposes; diagnostic apparatus for medical purposes; fibre optic instruments for medical purposes; fibre optic viewers for medical purposes; flexible medical endoscopes; infrared apparatus for medical purposes; medical analytical apparatus for medical purposes; medical apparatus and devices; medical devices; medical cutting devices; scanners for medical use; scanning apparatus for medical use; robotic medical apparatus for minimal access surgery namely, surgical robots; robotic medical apparatus for surgery namely surgical robots; endoscopic cameras for medical purposes; endoscope; robotic surgical with diagnostic and therapeutic uses; surgical robots; surgical robotic arm; surgical instruments and apparatus namely, staplers, surgical knives and surgical pliers; robotic arms for medical purposes; surgical drapes; surgical controllers; surgical console; medical imaging apparatus; medical imaging apparatus for use in surgical procedures; diagnostic imaging apparatus for medical use; robotic

surgical system for diagnostic and therapeutic uses comprised of a surgical platform, one or more robotic arms used with computer hardware and software for use in operating the robotic arms, a surgical workstation comprising robotic control devices and one or more surgical instruments; trocars; medical and surgical cutters for cutting human or animal tissue and organs; surgical graspers; sensors for medical use namely electrodes; patient monitoring sensors and alarms namely patient physiological parameter monitors; surgical field visualisation devices namely laparoscopy cameras and lenses; suction apparatus for medical use namely oral suction catheters and oral suction probes for medical use; biopsy instruments; biopsy forceps; biopsy needles; probes connected to microprocessing apparatus for medical diagnosis; surgical probes; probes for medical purposes; medical catheters; electrocautery instruments; sutures; suture materials; suture needles; surgical sutures; drug delivery devices namely, hypodermic syringes and injection needles; monitoring apparatus for medical purposes namely, blood pressure monitors, heart monitors, oxygen monitors and heart rate monitors; surgical glasses in the nature of loupes for medical purposes; surgical loupes; controllers for robotic medical apparatus

Class 16

(3) Printed matter namely periodicals; printed publications namely magazines and manuals; printed forms; printed charts; posters; photographs; pictures; placards of paper or cardboard; instructional and teaching materials namely, educational books, printed periodicals, charts, workbooks, guides guidelines and posters in the field of medicine; books; newsletters; periodicals; periodical publications; booklets; charts; diagrams; graphic prints; graphic reproductions; graphic representations; manuals; pamphlets; paper stationery and educational supplies namely, notepapers, file folders, adhesive notes, whiteboards and paper stationery; flash cards; index cards; educational books; instructional and teaching materials; educational publications in the field of medicine; printed educational materials namely, manuals and booklets; anatomical models for instructional and educational purposes; manuals for software

Class 28

(4) Educational games for training in the field of robotic and robotic assisted surgery; cards games; electronic game playing apparatus namely, handheld video game consoles; apparatus for games namely, balls, nets and rackets; playthings namely, toy animals, toy cars and toy construction blocks; educational toys; educational playthings; educational games; games consoles; video game consoles; controllers for game consoles

Class 35

(1) Collating of data in computer databases; collection and systemization of information into computer databases; compilation and input of information into computer databases; compilation and systemisation of information into computer databases; compilation of information into computer databases; computer databases management services; computer database management; data compilation for others; data collection services namely, compilation of medical statistics; health care data processing services; retail and wholesale services relating to 3D spectacles, computer controllers, video monitor controllers, computer monitors, display monitors, tv monitors, video monitors, computers, video display monitors, video screens, video recorders, teaching apparatus, teaching robots, tablet computers; retail and wholesale services relating to monitors [computer hardware], monitors [computer programs], electronic publications, recorded computer software, computer software, downloadable computer software applications, computer hardware, computer peripheral devices, recorded computer programs; retail and wholesale services relating to calipers, databases, database management software, computer databases, computer software for database management, computer software for accessing databases,

electronic databases, application software, computer software, educational software, simulation software, simulation apparatus, resuscitation mannequins [teaching apparatus], computer games, games software, virtual reality games software, video games software, remote controllers; retail and wholesale services relating to robotic medical apparatus for minimal access surgery, robotic medical apparatus for surgery, endoscopic cameras for medical purposes, endoscope, controllers for robotic medical apparatus, robotic surgical system with diagnostic and therapeutic uses, surgical robots, surgical robotic arm, surgical instruments and apparatus; retail and wholesale services relating to robotic arms for medical purposes, surgical drapes, surgical controllers, surgical glasses, surgical loupes, surgical console, medical imaging apparatus, medical imaging apparatus for use in surgical procedures, diagnostic imaging apparatus for medical use, software (for use in calculating, transferring, storing, and visualizing data relating to the use of robots and robotic tools for patient diagnosis and treatment, sold as a component of a robotic surgical apparatus); retail and wholesale services relating to robotic surgical system for diagnostic and therapeutic uses comprised of a surgical platform, one or more robotic arms, computer hardware and software for use in operating the robotic arms, a surgical workstation comprising robotic control devices and one or more surgical devices and instruments; retail and wholesale services relating to trocars, medical and surgical cutters for cutting human or animal tissue and organs, surgical graspers, sensors for medical use, patient monitoring sensors and alarms, surgical field visualisation devices, suction apparatus for medical use, biopsy instruments, biopsy forceps, biopsy needles, probes connected to microprocessing apparatus for medical diagnosis, surgical probes, probes for medical purposes; retail and wholesale services relating to medical catheters, medical imaging apparatus, electro-cautery instruments, sutures, suture materials, suture needles, surgical sutures, drug delivery devices, monitoring apparatus for medical purposes, mannequin for practising surgery; retail and wholesale services relating to printed matter, printed publications, printed forms, printed charts, posters, photographs, pictures, placards of paper or cardboard, instructional and teaching materials, books, newsletters, periodicals, periodical publications, booklets, guidelines, cards, charts, diagrams, graphic prints; retail and wholesale services relating to graphic reproductions, graphic representations, manuals, pamphlets, guides, stationery and educational supplies, flash cards, index cards, educational books, educational equipment, educational publications, printed educational materials, anatomical models for instructional and educational purposes, placards of paper or cardboard; retail and wholesale services relating to games, cards [games], apparatus for playing electronic games, apparatus for games, playthings, educational toys, educational playthings, educational games, games consoles, video game consoles, controllers for game consoles; retail and wholesale services for analytical instruments for medical use; retail and wholesale services for cases fitted for medical tools; retail and wholesale services for cases fitted for medical instruments; retail and wholesale services for detecting instruments for medical purposes; retail and wholesale services for diagnostic apparatus for medical purposes; retail and wholesale services for fibre optic instruments for medical purposes; retail and wholesale services for fibre optic viewers for medical purposes; retail and wholesale services for flexible medical endoscopes; retail and wholesale services for infrared apparatus for medical purposes; retail and wholesale services for medical analytical apparatus for medical purposes; retail and wholesale services for medical apparatus and devices; retail and wholesale services for medical devices; retail and wholesale services for medical cutting devices; retail and wholesale services for scanners for medical use; retail and wholesale services for scanning apparatus for medical use; statistical data analysis; database management services in relation to medicine; database management services in relation to robotics; database management services in relation to software.

Class 37

(2) Maintenance of medical apparatus namely surgical robots and surgical instruments; maintenance of robotic medical apparatus; medical instruments repair; maintenance and repair of surgical instruments; maintenance and repair of medical instruments, apparatus and equipment; servicing of medical surgical and robotic apparatus namely surgical robots and surgical instruments; repair services for surgical robots and surgical instruments; repair services for robotics; repair or maintenance of medical machines; providing technical information relating to safe maintenance and repair; modification of medical apparatus by means of installation of new components; improvement of medical apparatus by means of installation of new components

Class 41

(3) Training in the field of robotic surgery; training consultancy in the field of robotic surgery; training in the use and operation of a robotic surgical system and consultation relating thereto; training in the field of medicine; training in the field of carrying out surgery using robotic medical apparatus; education services in the field of robotic surgery; arranging of educational events in the field of robotic surgery; continuing education services, namely, providing live and on-line continuing professional education seminars in the medical field relating to surgery; arranging and conducting of seminars relating to the use of robotic medical apparatus for surgery; correspondence courses relating to the carrying out of surgery using robotic medical apparatus; providing educational information relating to the carrying out of surgery via robotic surgical systems; education and training services in the field of robotic surgery; education and training consultancy in the field of robotic surgery; provision of training featuring data relating to performance of surgeons for educational purposes; medical training provided through a simulation structure; organisation of educational games in the field of robotic surgery; providing online games; providing games in the field of robotic surgery; educational and training services relating to games in the field of robotic surgery; arranging and conducting of games in the field of robotic surgery; videotape editing; publishing of medical publications; medical education services; advice relating to medical training; training in relation to software; training in relation to medical software

Class 42

(4) Technical research in the field of robotic surgery; scientific research in the field of robotic surgery; scientific research for medical purposes; research in the field of minimal access surgery; research in the field of medicine; medical research; medical research services; analysis of technical data relating to improving the design and development of surgical instruments and robotic surgical systems; analysis of data relating to improving surgical procedure for research purposes; technological consultancy services; consulting services relating to improving the design and development of surgical instruments and robotic surgical systems; software design; design of software for use with medical apparatus; repair of software; maintenance of software; installation of software; updating of software; design and development of medical technology; design and development of medical diagnostic apparatus; design of computer hardware; design of computer software; design of software for medical purposes; design of software for robotics purposes; design of medical equipment; design of robotics for medical purposes; design of surgical equipment; design and development of databases; design of computer database; technical medical data analysis; medical data analysis (technical); medical technology data analysis; computer services for the analysis of medical data; data mining for treatment and best standards of medical and care practices; electronic storage of videos; electronic storage of digital video files in the field of medicine; technological advisory services in relation to robotics; advisory services in relation to software; database development services in relation to medicine; database development services in relation to robotics; database development services in relation to software; data security services; data security services in relation to medicine; data security consultancy services; data security consultancy services in relation to medicine

Class 44

(5) Medical services using robotic medical apparatus for minimal access surgery; consulting services in the field of medical care relating to surgery; preparation of reports relating to health care matters and in particular to surgical procedures, surgical instruments, and robotic surgical systems for improving health care and medical services; medical equipment rental; surgical diagnostic services; surgical treatment services; medical advisory services relating to surgical instruments; medical information services; medical advisory services; medical treatment services; medical imaging services; medical assistance services; telemedicine services; telemedicine advisory services; consultancy services in relation to medicine; advisory services in relation to medicine
