Trademarks Journal

2021-03-31 — Vol. 68 No. 3466

Trademarks Journal

Vol. 68 No. 3466

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Standard Characters

Authorisation For Use

Consent from SASKATCHEWAN POWER CORPORATION for use and registration of the mark is of record.

Goods**Class 09**

Portable computer hardware, namely tablet computers, notebook computers, electronic book readers, electronic personal organizers and personal digital assistants, and parts and fittings therefore

Services**Class 35**

(1) Providing information relating to promotional contests via wired and wireless networks; providing recognition and incentives to participants in a membership program by the way of awards and contests; maintaining on-line databases for others

Class 38

(2) Telecommunications, namely, email and instant messaging services, telecommunications services, namely streaming of audio and video via the Internet featuring music, movies, news, and sports; telecommunications services, namely providing access to a website that enables users to access and download third party computer software; telecommunications services, namely, electronic transmission of streamed and downloadable user-selected and user-generated text, audio, video and audiovisual files namely music, audio books, movies, television shows, news, sports, and video games for users of portable computer hardware, via a global computer network and the Internet; providing access to an interactive database, to an internet forum, to online chat rooms and to online communities, all for transmission of messages among users concerning music, books, movies, motion pictures, television programs, games, toys, sporting goods, electronics, multimedia presentations, videos and DVDs, and other household and consumer goods, together with product reviews and purchase information; communication services for

transmitting, caching, accessing, receiving, downloading, streaming, broadcasting, sharing, displaying, formatting, mirroring and transferring user-selected and user-generated text, images, audio, video, and audio-visual files namely music, audio books, photographs, computer graphics, movies, television shows, news, sports, and video games via a global computer network and the Internet; provision of information, consultancy and advisory services in the field of streaming, of audio and video via the Internet featuring music, movies, news, and sports; provision of information, consultancy and advisory services in the field of telecommunications, namely email and instant messaging services; provision of information, consultancy and advisory services in the field of telecommunications, namely providing access to a website that enables users to access and download third party computer software; provision of information, consultancy and advisory services in the field of telecommunications, namely, electronic transmission of streamed and downloadable user-selected and user-generated text, audio, video and audiovisual files for users of portable computer hardware, via wired and wireless networks; provision of information, consultancy and advisory services in the field of telecommunications, namely, providing access to an interactive database, to an internet forum, to online chat rooms and to online communities, all for transmission of messages among users concerning music, books, movies, motion pictures, television programs, games, toys, sporting goods, electronics, multimedia presentations, videos and DVDs, and other household and consumer goods, together with product reviews and purchase information; provision of information, consultancy and advisory services in the field of telecommunications, namely, the provision of communication services to others for transmitting, caching, accessing, receiving, downloading, streaming, broadcasting, sharing, displaying, formatting, mirroring and transferring user-selected and user-generated text, images, audio, video, and audio-visual files via wired and wireless networks

Class 41

(3) Education services, namely providing of training relating to the use of computer hardware; entertainment services, namely providing images and information in the field of entertainment, namely movies, motion pictures, documentaries, films, television programs, computer graphics, computer animation and multimedia presentations combining video, animation and sound, downloadable videos and pre-recorded DVDs containing movies, documentaries and television programs, and high density optical discs via wired and wireless networks; providing access to online non-downloadable electronic publications, namely magazines and newsletters in the field of movies, motion pictures, documentaries, films, television programs, graphics, animation and multimedia presentations, videos, DVDs, and high density optical discs; providing information on-line relating to entertainment and education via wired and wireless networks in the areas of music, movies, motion pictures, documentaries, films, television programs, video games, computer graphics, computer animation and multimedia presentations combining video, animation and sound, and downloadable videos and pre-recorded DVDs containing movies, documentaries and television programs; providing information, reviews and personalized recommendations in the field of entertainment namely movies, motion pictures, documentaries, films, television programs, computer graphics, computer animation and multimedia presentations combining video, animation and sound, downloadable videos, and pre-recorded DVDs and pre-recorded high density optical discs containing movies, documentaries and television programs via wired and wireless networks; providing information relating to video games via wired and wireless networks; consultancy in the field of entertainment and the entertainment industry, namely providing information on entertainment, namely movies and television shows via social networks; consultancy and advisory services in the field of education, namely the providing of training relating to the use of computer hardware

Class 42

(4) Scientific and technological services, namely research and design services in the field of computer hardware and software, the development of online retail service websites and software, and the development of cloud computing provider services; design and development of computer hardware and software; computer services, namely remote hosting of operating systems and computer applications via a global computer network and the Internet; hosting a social networking website featuring a virtual computing environment accessible via wired and wireless networks in which users can communicate with each other for recreational, leisure, and entertainment purposes; data warehousing for third parties, namely providing repositories of integrated data from one or more disparate sources for access and analysis; data elaboration for third parties, namely adding data to existing datasets to amplify findings contained in the original dataset; web site maintenance, creation and hosting services for others; application service provider, namely, hosting, managing, developing, maintaining for others, and providing temporary use of applications, software, websites and databases in the fields of order queuing, website design, data storage, shared computing capacity scaling, messaging services, personal productivity, and calculation of website ranking based on user traffic; providing on-line non-downloadable internet browser software; interactive hosting services which allow users to publish and share their own photos, videos, text, data, and images online, and to engage in social networking; maintenance and updating of software relating to computer, Internet and password security and prevention of computer, internet and password risks; providing information in the field of astronomy, weather, the natural environment, interior design, computer technology, computers, software, computer peripherals, computer hardware, geology, mechanical engineering, civil engineering, electrical engineering, chemical engineering, architecture, medical research, and product research and testing via a global computer network and the Internet; computer services, namely hosting of an online database of consumer information, media content, and scientific and technical information for third parties featuring a wide range of general interest information on wired and wireless networks; providing temporary use of non-downloadable computer software and hosting online facilities, namely a website to enable users to access and download computer software; providing temporary use of online non-downloadable computer software that generates customized recommendations of software applications based on user preferences; monitoring of computerized data and computer systems and networks for security purposes; hosting and scaling on-line databases for others; cloud computing featuring software for use in database management; cloud hosting of electronic databases; providing temporary use of on-line non-downloadable software development tools for the design and development of electronic games; technical support services, namely, troubleshooting of computer hardware and software problems; application service provider (ASP) featuring application programming interface (API) software for the streaming, storage, and sharing of video games, movies, motion pictures, documentaries, films, television programs, graphics, animation, and multimedia presentations combining video, animation and sound, and data and information regarding same; providing temporary use of on-line non-downloadable cloud computing software for use in electronic storage of data; provision of information, consultancy and advisory services in the field of computers, computer technology, computer hardware, and computer software; rental of electronic data storage facilities of variable capacity to third parties; rental of online cloud computing facilities of variable capacity to third parties

Goods

Class 01

(1) chemicals used in industry and science, namely, coatings, anti-sticking agents, coated agents, polishing agents, glazes and machine release agents all for use in the food and confectionary industry, the nutraceutical industry and the pharmaceutical industry; chemicals used in the manufacture of pigments and chemical agents for pigment production for use in the manufacture of food, beverages, cosmetics, nutritional supplements and pharmaceuticals; chemical compounds for use in the manufacture of food or beverages, cosmetics, cleaning agents, baked goods, sauces, cheese and sausage products, yoghurt and condiments; chemicals used in photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering preparations; soldering preparations, namely, soldering chemicals and soldering fluxes; chemical substances for preserving foodstuffs; tanning substances, namely, enzymes for use in the tanning of leather, tanning agents for use in the manufacture of leather; chemicals for use in the manufacture and processing of leather, namely, leatherimpregnating chemicals, leather-renovating chemicals, leather-waterproofing chemicals, mastic for leather, leather glues, currying preparations for leather; oils for currying leather, preparations for dressing and tanning leather, oils for dressing and tanning leather, chemical additives for oils; industrial detergents

Class 03

(2) bleaching preparations and other substances for laundry use, namely, laundry additives for water softening, laundry bluing, laundry detergent, laundry fabric conditioner, laundry glaze, laundry pre-soak, laundry soap, laundry starch, laundry wax, laundry sizing, seaweed gelatine; all-purpose cleaning preparations, wood and metal polishing preparations, scouring preparations and general use abrasives; detergent, namely detergent soap and detergents for household use; industrial soaps; bath and body care soaps; perfumery; essential oils for personal use and cosmetic purposes as well as for use as food flavourings, cosmetics and hair lotions; dentifrices; leather care preparations, namely leather cleaning preparations, leather dressings, leather polishes; leather bleaching preparations, creams for leather, preservatives for leather (polishes) and additives therefor; leather preservatives (oils and greases)

Class 04

(3) industrial oils and greases; all purpose lubricants, industrial lubricating oils, industrial lubricating greases; dust absorbing, wetting and binding compositions for dust suppression; fuels including motor fuels and illuminants, namely, lighting fuel, lighting fluid, lighting paper and wood spills for lighting; candles and wicks for lighting; grease for leather, oil for the preservation of leather

Class 17

(4) sealing agents for use in the food and confectionary industry

Services

Class 35

advertising the goods and services of others; business management, business administration; retailing and wholesaling, and mail order retailing and wholesaling, in connection with the following goods: chemicals used in industry and science, namely, coatings, anti-sticking agents, coated agents, polishing agents, glazes, machine release agents, sealing agents for use in the food and confectionary industry as well as chemicals used in the manufacture of pigments, chemical agents for pigment production as well as chemical compounds for use in the manufacture of food or beverages, cosmetics, cleaning agents, baked goods, sauces, cheese and sausage products, yoghurt, condiments, and chemical used in photography, as well as in agriculture, horticulture and forestry, unprocessed artificial resins, unprocessed plastics, manures, fire extinguishing compositions, tempering preparations and soldering preparations, namely, soldering chemicals and soldering fluxes, chemical substances for preserving foodstuffs, tanning substances, adhesives used in industry, impregnating chemicals for leather, leather-renovating chemicals, leather-waterproofing chemicals, mastic for leather, leather glues, currying preparations for leather, oils for currying leather, preparations for dressing and tanning leather, oils for dressing and tanning leather, chemical additives for oils, paints, varnishes, lacquers, preservatives against rust and against deterioration of wood, colorants, mordants, raw natural resins, metals in foil and powder form for painters, decorators, printers and artists, stains for leather, anti-corrosive preparations and additives therefor, bleaching preparations and other substances for laundry use, all-purpose cleaning preparations, wood and metal polishing preparations, scouring preparations and general use abrasives, soaps, perfumery, essential oils, cosmetics, hair lotions, dentifrices, leather care preparations, leather bleaching preparations, creams for leather, leather preservatives (polishes) and additives therefor, industrial oils and greases, lubricants, lubricating grease, lubricating oil, dust absorbing, wetting and binding compositions for dust suppression, fuels (including motor spirit) and illuminants, candles and wicks for lighting, grease for leather, preservatives for leather (oils and greases), oil for the preservation of leather

Colour Claim

Colour is claimed as a feature of the trade-mark. The Russian letters, the wheel and the ellipse are blue.

Foreign Character Translation

As provided by the applicant, the English translation of the Russian words is POWER MACHINES.

Foreign Character Transliteration

As provided by the applicant, the transliteration of the RUSSIAN characters is SILOVYE MASHINY.

Goods

Class 06

(1) Steel castings; shaped and profiled iron; rails of metal; steel rails; guard rails of metal; fish plates [rails]; forgings made of steel, iron and alloys, closed die forgings, rolled iron for turbine casings; metal alloys, iron castings, bronze and metal studs for use in the field of power engineering; materials of metal for building purposes, namely building boards of metal, building panels of metal, linings of metal for building purposes, metal reinforcement materials for building; Temporary mobile building structures made from metal; metallic materials for rail tracks; metal non-

electrical cables and wire for electrical signal transmission systems for use in the field of power engineering; products made of iron, namely studs and locks for use in the field of power engineering; metal pipes and tubes, namely branching pipes and tubes of metal, branching tubes of metal for pipelines, elbows of metal for pipes, metal drain pipes, metal gutter pipes, junctions of metal for pipes, metal penstock pipes, metal pipes for liquid and gas transfer, water-pipes of metal, metal pipes and tubes for liquid and gas transfer for use in the field of power engineering; safes; ores; metal ejector pins for use in industrial machines in the field of power engineering.

Class 07

(2) Motors and engines used in industrial applications; engines and motors for model vehicles, aircraft and boats; engines and motors for the generation of electricity; engines and motors for industrial machinery; motors and engines used in industrial applications; air suction machines used in the field of energy, machinery manufacturing and power, technical and mechanical engineering; alternators for industrial applications in the field of power engineering; dynamos; valves being parts of machines, valves for industrial machinery; steam condensers used in industrial applications in the field of power engineering; pumps used in industrial applications in the field of power engineering; steam engines; Gas turbines, turbines for generation of electricity, turbines for jet engines, turbines for steam plants, wind turbines, hydraulic turbines; turbines for generation of electricity; turbines for steam plants; wind turbines; half-speed hydraulic turbines; filters for industrial applications for use in the field of power engineering; filters, namely gas, oil, air for motors and engines; electric motors for machines; electric motors for industrial installations and equipment; electrical control panels for industrial applications; Generators of electricity, namely turbine generators and hydro generators; electric generators; electric power generators; electricity generators; turbine generators; current generators; pressure generators for use in the field of power engineering; component parts of electricity generators and turbines, namely turbine blades.

Class 09

(3) Computer software and databases for use in diagnosis, repair and configuration of computers, computer software for database management, electronic databases providing downloadable information in the field of power engineering, electronic databases providing downloadable information in the field of power engineering, educational and instructional databases accessible via the Internet in the field of power engineering; computer operating programs; computer operating recorded programs; computer programs for the development, design and analysis of the phases of engineering in the field of mechanical engineering, computer recorded programs for the development, design and analysis of the phases of engineering in the field of mechanical engineering; computer software for developing and creating program code for use in multiple application programs; computer software for database management; electrical converters including rectifier-inverter converters, digital-to-analogue converters, reversible and non-reversible bridge converters; voltage converters; relay boards and card frames with electrical junctions; electrical controllers for engines and pumps used in the field of power engineering; electrical drive controllers for use in industrial applications; circuit breakers; electrical control boards; current-limiting reactors; electrical systems of power circuit switches; current limiters; control panels used in industrial applications; flow meters; speedometers for motors, engines and turbines, used in industrial applications; electric control panels and boards; pressure gauges; temperature gauges; contactor switches and starters for use in electrical motors, engines and turbines used in the field of power engineering; electric power monitoring and control systems, namely, microprocessor based hardware and software used to monitor the status and control electrical power systems, power transfer switches, electric load banks, electric power distribution units, battery systems and uninterruptible electrical power supply systems for use with hydro-generators and generators for turbines.

Class 11

(4) Heat exchangers.

Class 12

(5) Diesel motors for land vehicles, electric motors for land vehicles, electrical motor vehicles, motor vehicle engines; driving motors for land vehicles; steam turbines, half-speed steam turbines.

Services**Class 35**

(1) Marketing studies; compilation of statistical information; organization of exhibitions for commercial and advertising purposes in the field of power engineering industry; organization of trade fairs for commercial and advertising purposes in the field of power engineering industry; advertising flyer distribution, distribution of samples for publicity purposes, publication of publicity texts, advertising agency services, writing of publicity texts for others, advertising agencies; business efficiency expert services.

Class 37

(2) Rebuilding engines that have been worn or partially destroyed; rebuilding machines, namely, motors and engines used in industrial applications, engines and motors for model vehicles, aircraft and boats, engines and motors for the generation of electricity, engines and motors for industrial machinery, motors and engines used in industrial applications, air suction machines used in the field of energy, machinery manufacturing and power, technical and mechanical engineering, alternators for industrial applications in the field of power engineering, dynamos, valves being parts of machines, valves for industrial machinery, steam condensers used in industrial applications in the field of power engineering, pumps used in industrial applications in the field of power engineering, steam engines, gas turbines, turbines for generation of electricity, turbines for jet engines, turbines for steam plants, wind turbines, hydraulic turbines, turbines for generation of electricity, turbines for steam plants, wind turbines, half-speed hydraulic turbines, filters for industrial applications for use in the field of power engineering, filters, namely gas, oil, air for motors and engines, electric motors for machines, electric motors for industrial installations and equipment, electrical control panels for industrial applications, generators of electricity, namely turbine generators and hydro generators, electric generators, electric power generators, electricity generators, turbine generators, current generators, pressure generators for use in the field of power engineering, component parts of electricity generators and turbines, namely turbine blades, diesel motors for land vehicles, electric motors for land vehicles, electrical motor vehicles, motor vehicle engines, driving motors for land vehicles, steam turbines, half-speed steam turbines, that have been worn or partially destroyed; pump repair; construction of buildings for industrial machinery in the field of power engineering industry; installation, repair and maintenance of industrial machinery in the field of power engineering industry; retrofit and conversion services for industrial machinery in the field of power engineering industry; installation, maintenance, repair and reconditioning of industrial machinery in the field of power engineering industry; upgrading of computer hardware; repair of air, gas, steam, hydraulic, wind and nuclear turbines, other than for land vehicles; practical training of installation, maintenance, repair, retrofit and conversion of industrial machinery in the field of power engineering.

Class 41

(3) Arranging and conducting of congresses in the field of power engineering industry; arranging and conducting of conferences in the field of power engineering industry; arranging and conducting of seminars in the field of power engineering industry.

Class 42

(4) Mechanical engineering; power machinery and engineering design in the field of power engineering industry; technical surveying, land and road surveying, geological surveying, engineering surveying services; preparation and provision of expert technical opinions and reports in the field of power engineering; research and development of new products (for others); scientific research and development in the field of power engineering industry; engineering and technical development services in the field of power engineering; technical research in the field of power engineering industry; computer software design; configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software.

Goods

Class 09

(1) Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments, namely pressure sensors and pressure gauges, laboratory thermometers, thermometers for medical use, pedometers, speed indicators, smoke detectors, safety sensors and fire alarms, apparatus and instruments for displaying and predicting humidity, speed, salinity and opacity, namely hygrometers, pressure meters, anemometers, rain gauges, and barometers, opacimeters, salinometers, apparatus and instruments for measuring, analyzing and checking gases and liquids, namely oxygen, carbon oxide, carbon dioxide and ammonia content in gases and liquids, environmental hazard detectors, namely fire detectors, combination carbon monoxide and smoke detectors, gas leakage alarms, motion detectors, proximity sensors, radon detectors and seismic detectors, hygrometers, anemometers, rain gauges, barometers, telemetry antennas and receivers, scales, baby scales; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, in particular for measuring health-related data, namely ammeters, signal distortion analyzers, ohmmeters, oscilloscopes, voltmeters and wattmeters; apparatus for recording, transmitting, reproducing sound or images, namely satellite

and radio transmission apparatus in the nature of, signal processors, mobile telephones and signal receivers, video cameras, webcams; signalling apparatus and instruments, especially warning systems, namely baby monitors, wireless electronic devices for monitoring and checking the functioning of other electronic apparatus, namely telephone receivers and telephone antennas, location, geolocation, steering, navigation and satellite positioning (GPS) systems consisting of computers, GPS transmitters, satellite receivers, and network interface units, connection cables, and related parts and fittings, satellite and radio transmission apparatus, namely satellite signal processors, pager receivers and mobile telephones; audio and video surveillance apparatus, namely video surveillance cameras; electric and electronic alarm systems and installations for surveillance and security, namely intruder alarms, door alarms, control panels for security alarms, electric and electronic burglar alarms, and electronic video surveillance systems; electric and electronic theft prevention installations, namely burglar alarms; electronic burglar detectors and intruder sensors; alarms, namely alarms for the detection of inflammable gases, intruder alarms, baby alarms, burglar alarms, door alarms, fire alarm systems, smoke alarm testers; anti-theft alarms; electric and electronic signalling apparatus, namely alarm bells, namely security and fire alarms, sound amplifiers, public address apparatus; electronic signal transmitters, namely sound projectors and amplifiers; computers and information processing apparatus, namely central processing units; accelerometers; computer peripherals, namely mice, keyboards, microphones, printers, webcams, image scanners, loudspeaker enclosures and audio speakers; blank memory and microprocessor cards; magnetic identification cards; USB keys; optical data carriers, namely blank integrated circuit cards, blank USB cards, blank smart cards, magnetic identification cards, microchip cards, video cards, blank DVDs and blank CDs; sound amplification apparatus, namely sound amplifiers and sound projectors; sound reproduction apparatus, namely sound recording machines, namely digital voice recorders; sound amplifiers; public address apparatus; image scanners; downloadable computer graphics; videophones (viewphones); audio/video receivers; pre-recorded video cassettes; video screens; musical video recordings, namely floppy discs, hard drives, CDs, DVDs and CD-ROMs, magnetic stripe cards; video processors; radio frequency identification devices, namely transponders; electronic pagers; radio apparatus; radiotelephony sets; radiotelegraphy sets; radio transmitters; radio beacons; portable radios; pagers; radio receivers; videophones; intercoms; video monitors; headsets; earphones; digital video players; optical scanners; Internet telephones; transceivers; telephone receivers for mobile data; satellite receivers; telephone receivers; magnetic data carriers, namely blank integrated circuit cards, blank USB cards, blank smart cards, magnetic identification cards, microchip cards, video cards, blank DVDs and blank CDs; blank magnetic tapes for tape recorders; blank magnetic recording media, namely integrated circuit cards, USB cards, blank smart cards, magnetic identification cards, microchip cards, video cards, DVDs and CDs, blank recording discs; blank audio compact discs, DVDs and other blank digital recording media, namely USB keys, integrated circuit cards, smart cards, magnetic identification cards, microchip cards and CDs; calculating machines in the nature of calculators, data processing equipment in the nature of computers; software in the nature of software for use with satellite navigation apparatus and GPS units; software for use with route planners, electronic maps and electronic dictionaries for geolocation purposes; software for displaying electronic maps; application software for portable telephones and other wireless devices, namely software for recording, viewing, storing, sharing and analyzing audio and video content regarding a user's health status body mass and weight, fitness activities, namely data related to time, distance, pace, heart rate and bodily rhythm as well as calories burned, general data related to wellness, sleep cycles, breathing rate, heart rate, blood pressure, limb movement and activity during sleep, the environment, namely temperature, air and light quality as well as ambient noise during sleep (online); physiotherapy and kinesiotherapy software for helping individuals improve their overall fitness, namely computer software used as a computer application

for portable computers, tablets and cellular telephones that records, organizes, manipulates, analyzes text, data, visual graphics and audio files regarding a user's health body mass and weight, fitness activities, namely data related to time, distance, pace, heart rate and bodily rhythm as well as calories burned, general data related to the breathing rate, heart rate, blood pressure and limb movements of the user; software for use in the treatment and diagnosis of neurological, muscular, movement and postural control disorders; software used in electromyography for displaying electromyogram (EMG) readings, for developing patient treatment models, for generating work/rest statistics, for work/rest training and for storing patient records; telephone handsets; remote control apparatus in the nature of satellite navigation systems and GPS units consisting of computers, software, transmitters, receivers and network interface units; electronic tablets, video monitors for vehicles, computers, watches (smart), smart bracelets and cellular telephones for use with route planners, electronic maps, and electronic dictionaries for geolocation purposes; downloadable electronic maps; location, geolocation, steering, navigation and satellite positioning (GPS) systems consisting of computers, computer software, transmitters, GPS devices and satellite receivers; devices for the geolocation of animals, namely animal collars; devices for the geolocation of persons, namely watches; computer drives, namely DVD players, smart card readers, compact disc players, digital compact disc players, USB flash drivers; speed indicators; wearable electronic mobile devices, namely smart phones in the form of watches, electronic mobile devices in the form of watch bands; personal devices for displaying, measuring, recording, organizing, manipulating, analyzing and receiving data, text, images and audio files related to health, namely blood pressure monitors, heart rate monitors, pulse rate monitors, oxygen monitors, body-fat monitors, body temperature monitors; electronic receivers used for detecting, storing, and processing electronic data coming from a sensor that records data related to health, data related to fitness activities, namely data related to time, distance, pace, heart rate and bodily rhythm, as well as calories burned; electric and electronic sensors for detecting, measuring, processing, gathering, recording and transmitting general data related to wellness, sleep cycles, breathing rate, heart rate, blood pressure, limb movements and activity during sleep; electric and electronic sensors used for detecting, measuring, processing, gathering, recording and transmitting variables related to the health of individuals, the environment, namely temperature, air and light quality as well as ambient noise during sleep; software for portable apparatus enabling the organization, recording, transmission, wireless transmission, reception, processing, display and analysis of user medical data, namely in relation to user health, fitness activities, body mass and weight, location in case of a fire, body temperature; computer software for collecting and analyzing variables related to the health status of individuals, the environment, namely temperature, air and light quality as well as noise during sleep; software for managing personal information related to user health, namely computer software used as a computer application for portable computers, electronic tablets and cellular telephones that records, organizes, manipulates, analyzes and receives data, text, visual graphics and audio files relating to user health, namely body mass and weight, fitness activities, namely data related to time, distance, pace, heart rate and bodily rhythm as well as calories burned, general data pertaining to sleep cycles, breathing rate, heart rate, blood pressure, limb movements (user-related) and activity during sleep and the environment (user-related), namely temperature, air and light quality as well as ambient noise during sleep (user-related); smart watches, wearable activity sensor bracelets, electronic kitchen scales, baby scales and scales for recording, transmitting and presenting medical data related to health, health status, fitness activities, body mass and weight, fires, body temperature; fire alarms; apparatus and instruments for detecting, extinguishing or eliminating fires or explosions, namely fire extinguishing apparatus, namely fire extinguishers, flame, smoke and gas detection apparatus and instruments, namely smoke detectors, gas leak detectors, flame detectors; apparatus and instruments for measuring, detecting and indicating temperature and overtemperature, namely thermosensitive temperature

indicator strips, temperature sensors; electric or electronic sensors used for detecting, measuring, processing, collecting, recording and transmitting variables related to the environment, namely temperature and air quality; computer software and computer software applications for portable apparatus enabling the remote monitoring of environmental conditions and of control apparatus, namely smoke detectors, carbon monoxide alarms, fire alarms, electrical lighting control systems, safety sensors and alarms, electromechanical controls for thermostats, sensors for air purifying units and indoor room lighting controls for use during the user's sleep, gas and liquid control apparatus, namely gas flow monitors, apparatus for monitoring data related to the location and geolocation of people and animals, namely devices for the geolocation of animals, namely animal collars, devices for the geolocation of people, namely watches; computer software used for collecting and analyzing variables that affect changes in the gravity of fires; software applications for computers and portable devices, namely portable computers, tablets and cellular telephones, smart watches, smart bracelets, for monitoring and controlling, remotely and via wired and wireless communication, devices for monitoring and checking environmental conditions, namely smoke detectors, carbon monoxide alarms, fire alarms, motion sensors for security lights, safety alarms and sensors; personal devices for displaying, measuring, recording, organizing, manipulating, analyzing and receiving data, text, images and audio files related to air quality, namely humidity monitors, temperature monitors, pollution monitors, CO2 monitors; computer software used as a computer application for portable devices, namely portable computers, electronic tablets and cellular telephones, smart watches and smart bracelets, for recording, organizing, transmitting, receiving and analyzing data, text, visual graphics and audio files regarding a user's air quality; meteorological, climatological and hydrological apparatus and instruments for observation, measurement, prediction, display, location and notification purposes, namely mobile telephone applications for accessing weather information and humidifiers; network interface devices, namely connection cables and related parts and fittings; mounts adapted for hand-held personal computers; electric and electronic sensors used for detecting, measuring, processing, gathering, recording and transmitting variables related to health, namely heart rate; electric and electronic sensors used for detecting, measuring, processing, gathering, recording and transmitting variables related to health, namely blood glucose levels; electric and electronic sensors for detecting, measuring, processing, gathering, recording and transmitting general data related to body mass and weight; software for portable devices, namely tablets, video monitors for vehicles, computers, smart watches, smart bracelets and cellular telephones for the wireless transmission of user data related to oxygen concentration, kinesiotherapy, physiotherapy, blood glucose level and heart rate, and for the transmission and display of user information related to oxygen concentration, kinesiotherapy, physiotherapy, blood glucose level and heart rate.

Class 10

(2) Pulsometers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity, in particular for measuring health-related data, namely electrocardiographs, artificial pacemakers, and defibrillators.

Services

Class 38

(1) Provision of certain information related to health and the environment to the public through electronic, radio, telephone, telegraph, telematic, teleinformatic communications, namely on terminals, computer peripherals and electronic or digital equipment, namely smart phones, cameras, and via interactive video, and, particularly on terminals, computer peripherals and videophones, video telephones, video conferences on the subject of environmental hazard detectors, recorders of data related to people's health status, fitness activities, body mass and

weight, oxygen concentration, heart rate, blood glucose level, blood pressure, sleep quality, postural control and movement, kinesiotherapy, physiotherapy, the development of patient treatment models, security alarms, devices for the geolocation of animals, namely animal collars, devices for the geolocation of people, namely watches; bundled telecommunication services enabling the use of a telephone, voice mail and message forwarding between wired and wireless services; provision of online forums, chat sites and electronic message boards enabling users to post about, search for, view, share, review, rate and comment on subjects of interest; provision of access to computer, electronic and online databases containing information in the health sector in relation to fitness activities, body mass and weight, oxygen concentration, heart rate, blood glucose level, blood pressure, sleep quality, postural control and movement, kinesiotherapy, physiotherapy, the development of patient treatment models, security alarms, devices for the geolocation of animals, namely animal collars, devices for the geolocation of people, namely watches, beauty devices and information in the sector of family hygiene products; provision of a forum on a website enabling users to share blogs, photographs, videos, films, animations, drawings, images, texts, information, podcasts and other audiovisual material in the medical field; provision of a forum on website enabling users, through the Internet, to create, update and share personal electronic web pages offering content, namely blogs, photographs, videos, films, animations, drawings, images, texts, information, podcasts and other content in the health and environmental sector; provision of access to custom web pages offering user-defined information, profiles and personal information; provision of discussion forums for registered users for transmitting messages; online provision of communication forums in the sector of health, beauty and sanitation affairs; provision of access to computer databases in the fields of social networking, meetup and social gatherings; provision of user access to global computer networks; provision of access to guides, manuals, directories, in particular in the sector of health, beauty and sanitation affairs, accessible via electronic means through a global computer network, but non-downloadable; provision of a digital files and databases viewable online and containing medical data and research data in the medical field; temporary provision of services in the nature of access time to a web application such as a site and application software for electronic tablets, computers, and cellular telephones in the fields of health and monitoring, namely in the field of information on electronic and connected medical devices, namely smart watches, smart bracelets, and connected scales, pain treatment solutions, family hygiene products and protective auditory products and solar optical products.

Class 42

(2) Scientific and technological services in the nature of research, design and assessment services for new inventions related to medical products provided by biomedical engineers; design and development of computers and computer software; analysis of computer systems for use in the medical field; consulting related to computer design and development; conversion of data and documents from physical to electronic media; software development [design]; feasibility studies; maintenance of computer software; updating of software; computer programming; research and development of new products for others; recovery of health-related computer data regarding fitness activities, body mass and weight, oxygen concentration, heart rate, blood glucose level, blood pressure, sleep quality, postural control and movement, kinesiotherapy, physiotherapy, the development of patient treatment models; design and development of computer hardware and software intended for use in the medical field; design and development of medical technologies; design and development of medical diagnostic apparatus; computer services in the nature of the provision of a website offering technology that facilitates the monitoring and checking, remotely and through wired and wireless communication, environmental monitoring and checking devices in the nature of smoke detectors, carbon monoxide alarms, fire alarms, lighting equipment, safety

sensors and alarms; computer services in the nature of the provision of a website offering technology that facilitates the automatic monitoring and checking of environmental monitoring and checking devices in the nature of smoke detectors, carbon monoxide alarms, fire alarms, lighting equipment, safety sensors and alarms; design of apparatus and instruments for measuring health-related data, namely blood testing apparatus, namely glucose meters, electrocardiographs, electrodes for medical use, temperature indicator labels for medical use, insufflators, therapeutic inhalers, thermometers for medical use, cardiac pacemakers, arterial blood pressure measuring apparatus, pulse oximeters, electrocardiograms, portable electrocardiograms, apparatus for measuring breathing, weight, oxygen concentration, quality of sleep, portable oximeters, blood pressure meters, physiotherapy apparatus namely, for treating sports-related injuries, attacks, pain, prolapse, incontinence, apparatus for, transcutaneous electrical muscle stimulators, electromyopathy apparatus, neuromuscular stimulators, skin electrodes; technical assistance services in the nature of assistance in the use of computer apparatus and software for use in the medical field; meteorological information services; provision of a website offering information about the weather and air quality; weather forecasting; provision of historical, current and future weather information for data management purposes.

Class 44

(3) Medical services, namely medical assistance in the nature of emergency medical assistance, provision of medical information and medical advice in the field of electronic and connected medical devices, namely smart watches, smart bracelets, and connected scales, pain treatment solutions, family hygiene products and protective auditory products and solar optical products, nursing and in-home medical care services, medical diagnostic services, medical consultation services in the field of electronic and connected medical devices, namely smart watches, smart bracelets, and connected scales, pain treatment solutions, family hygiene products and protective auditory products and solar optical products; telemedicine services; medical screening; medical testing; behavioural analysis for medical purposes; rental of medical apparatus and machines; conduct of medical examinations; medical evaluation services; medical analysis for the diagnosis and treatment of people; counselling services in the medical field; health assessment and monitoring services, provision of information in the fields of health and wellness; provision of information related to health and wellness via a website; consultant services related to diagnostic medicine; health assessment and monitoring services; diagnostic analysis for medical purposes.

Goods

Class 03

(1) Cosmetics; fragrances, perfumery, colognes; anti-perspirants; cosmetic creams and cosmetic lotions; non-medicated hand soaps and shampoos; liquid soaps for the face; shaving and after-shave preparations; preparations and substances for the conditioning, care and appearance of the skin, body, face, hair and scalp; shower and bath preparations; shower gel; moisturisers

Class 09

(2) Apparatus for recording, transmission or reproduction of sound and music, namely audio speakers, audio receivers, audio mixers, audio amplifiers and software to control and improve audio equipment sound quality, CD-ROMs containing music, CD-ROMs containing computer games, DVDs containing movie recordings, digital music downloadable from internet, protective clothing, footwear and headgear for racing drivers and mechanics, protective helmets for racing drivers and mechanics, helmets for motorcyclists, articles of protective clothing for wear by motorcyclists for protection against accident or injury, telephones, mobile telephones and cases thereof, computer software for digital animation and special effects of images, computer software to enhance the audio visual capabilities of multimedia applications for the integration of text, audio, graphics still images and moving pictures, head phones, ear phones, computer hardware, computer chips, computer games, video games, electronic and digital books, magazines, journals,

newspapers and newsletters, spectacles, sunglasses, parts and fittings for all the aforesaid goods, computer games hardware,

Class 12

(3) Fitted protective covers for personal watercraft and snowmobiles

Class 14

(4) Jewellery, wrist watches, key rings and fobs, trophies and medals in precious metals, parts and fittings for all the aforesaid goods;

Class 16

(5) Photographs, writing instruments and cases, therefor, note books, cardboard packing boxes, cardboard packing cartons, prints of photographs, posters greetings cards, calendars, diaries, books, magazines, journals, periodical publications, newspapers, newsletters, decalcomanias, pressure sensitive stickers, promotional leaflets and flyers, parts and fittings for all the aforesaid goods

Class 18

(6) Leather and imitations of leather, trunks and travelling bags, backpacks, wallets, parts and fittings for all the aforesaid goods;

Class 25

(7) Clothing, namely t-shirts, shirts, jackets, overcoats, shorts, jeans, trousers, hoodies, knitted jumpers, underwear, socks, scarves, gloves, belts, formal wear, casual clothing, training suits, footwear, namely training shoes, casual shoes, sandals and beach shoes, dress shoes, ankle boots, hiking boots and motorcyclist boots; headgear, namely hats, baseball caps, knitted caps, parts and fittings for all the aforesaid goods listed in this class

Class 28

(8) Games, namely game consoles, board games, word games, card games, counters and marbles for games, dice games, party games, educational games for children, small toys, toy cars and vehicles, model cars and vehicles, toy helmets, toy figurines, bags, cases and carriers for sporting, motor racing, fitness and gymnastic equipment, adapted/shaped to carry such equipment, parts and fittings for all the aforesaid goods

Services

Class 35

(1) Public relations, endorsement and publicity services, namely developing promotional campaigns for others, modelling services for advertising or sales promotion, producing promotional videotapes, video discs, and audio visual recordings for others and promoting the sale of wares and services through promotional contests and the distribution of related printed material, advertising the wares and services of others, retail services connected with the sale of perfumery, colognes, antiperspirants, shaving and after-shave preparations, cosmetic creams and cosmetic lotions, liquid soaps for the face, shower and bath preparations, shower gel, moisturisers, fuels, oils, apparatus for recording, transmission or reproduction of sound and music, namely audio speakers, audio receivers, audio mixers, audio amplifiers and software to control and improve audio equipment sound quality, protective clothing, footwear and headgear for racing drivers and mechanics, protective helmets for racing drivers and mechanics, helmets for motorcyclists, articles of protective clothing for wear by motorcyclists, telephones, mobile telephones and cases therefor, software applications (apps) including apps for installation on telephones, mobile telephones and communications and wireless communication devices, head phones, ear phones, films,

animations, cartoons, computer games, computer games software, electronic and digital publications, sunglasses, cases for spectacles and/or sunglasses, vehicles, jewellery, wrist watches, watch straps, key rings and fobs, trophies and medals in precious metals, photographs, writing instruments and cases therefor, prints of photographs, posters, greetings cards, calendars, diaries, books, magazines, journals, periodical publications, newspapers, newsletters, decalcomanias, pressure sensitive stickers, leather and imitations of leather, travelling bags, backpacks, wallets, belt clasps, clothing, footwear, hats, caps, games small toys, toy cars and vehicles, model cars and vehicles, toy helmets, toy figurines, fitness articles and equipment bags, cases and carriers for sporting, motor racing, fitness and gymnastic equipment, adapted/shaped to carry such equipment, computer games hardware, alcoholic and non-alcoholic drinks, energy drinks, and parts and fittings for all the aforesaid goods, provision of information and advice to consumers regarding the selection of products and items to be purchased, providing information relating to the aforesaid via a website and blogs

Class 41

(2) Entertainment In the form of personal appearances by a sports celebrity; providing information in the field of entertainment relating to a recording artist via an online network; performances featuring live music; providing publications, online publications, information, news in the fields of sports motor racing, music, youth, culture, popular culture, literature, fashion, style, design, people, health, well-being, film, art and photography via a website and blogs; music publishing, production of music and films providing information in the field of sports, motor racing, entertainment or education via a global computer network, namely information in the field of sports, motor racing and music

Colour Claim

Colour is claimed as a feature of the trademark. The colours light green, dark green, grey and white are claimed as a feature of the mark. The words GREEN POWER are dark green. The straight portions of the letters of the word ENEL are grey. The fade on the end of the letters e and l and in the middle portion of the n of the word ENEL are white. The remaining portions of the word ENEL are green fading to light green.

Goods

Class 04

(1) Fuels derived from crude oil; industrial gasoline, gas oil; fuel gas; industrial lubricating oils; liquified petroleum gases; solid lubricants for industrial purposes; lighting fuel; fuels for heating purposes; solidified gas for fuel; fuel gas; fuel oil

Class 07

(2) Electric alternators for machines; electronic starters for engines; steam engine boilers; steam engine boilers; electricity generators; compressors for air conditioning apparatus; refrigerant compressors for cooling installations; refrigerant compressors for heating installations; generators of electricity; portable electric power generators; electric generators; electric generators using solar cells; mobile electric power generators; generators for wind turbines; machine tools for removing waste material; emergency power generators; machine tools for removing waste material; hydroelectric power plants for the generation of electricity for household purposes for the production of electricity; electric garbage disposal machines; machines for generating electricity; electric motors for machines; engines for the generation of electricity; shovels, mechanical; electric

pumps; hydraulic pumps; gas pumps; wind turbines; hydraulic turbines; turbines for power generation

Class 09

(3) Automotive batteries; automotive battery chargers; batteries for pocket lamps; battery boxes; battery cables; battery cases; battery chargers for use with telephones; battery jars; battery jump starters; battery starter cables; battery testers; camera battery chargers; cellular phone batteries; electric batteries for powering electric vehicles; electronic cigarette batteries; galvanic batteries; general purpose batteries; grids for batteries; hearing aid batteries; high tension batteries; plates for batteries; watch batteries; electric storage batteries; electric batteries for vehicles; electric adapter cables; power AC adapters; electric fuse box; electric power analyzers; machines for measuring gases, namely gas flow meters, oxygen meters, CO detectors, viscosity meters; voltage testers; electric controller for measuring energy consumption; boiler control instruments; device for measuring electricity output; device for measuring thermal energy output; device for monitoring energy consumption; fiber optic cables; open-wire electrical transmission lines; photovoltaic installations for generating solar electricity; electric control panels; electric converters; electric light switches; electric capacitors; electrical circuit boards; electric transformers; data processing equipment and accessories, namely computers and computer printers; electrical remote controls for measuring energy consumption and electrical remote controllers for measuring energy consumption; devices for regulating consistent energy consumption; machine for measuring energy consumption; machine for monitoring energy consumption; photovoltaic installations for converting solar radiation to electric energy; machine for remote meter reading energy consumption of water, gas and electricity; electronic door access control systems; machine for measuring fuel consumption for cars and homes; chargers for electric storage batteries; chargers for electric vehicles; gas detecting devices for homes; electric cables; meter testing device for energy consumption; distance sensors; digital versatile disc drives; computer software applications, downloadable in the field of energy management for remotely monitoring energy consumption; electric storage batteries; batteries for electric vehicles; rechargeable all-purpose batteries, rechargeable phone batteries, batteries chargers for cars, mobile phones and computers; solar batteries; electrical power distribution blocks; all-purpose battery chargers, car battery chargers; solar battery chargers; encoded loyalty smart cards; blank smart cards; electricity boxes for electrical installations; fiber optic cables; audio cable; coaxial cables; electric cables and wires; Ethernet cables; optical cables; communications cables; telecommunications cables; calibrated photovoltaic reference cells; photoelectric cells; solar cells for electricity generation; photovoltaic cells; electrical circuits; electrical couplings for machines; electric current collectors; solar energy collectors for electricity generation; electric and electronic components, namely electrical transformers, power switches, resistors, plug adapters, current converters, electric connectors, semiconductor diodes, transistors, circuits for heavy current, electric cables, electric wires, circuit breakers, electric fuses; capacitors; ducts [electricity]; electric conductors for electric motors; water meters; gasometers; thermostats; frequency meters; electric meters for energy consumption; converters, electric; electric switch plates; light diodes; multifunctional remote controls for vehicles and homes for controlling intrusions; electric power control machines for stopping electric current; electrical distribution boxes; nonlinear fiber optic cables; polarization-maintaining fiber optic cables; light conducting filaments; fiber optic cables; electric wires; electric fuses; electrical couplings for machines; splices for electrical transmission lines; sheaths for optical fiber cable; electricity indicators; electric loss indicators; electric motor for machines; electric coil; photovoltaic installations for generating electricity; solar power plants made of solar panels and wafers for the production of electricity; electric circuit closers; photovoltaic inverters; inverters for power supply; voltage regulators; power meter limiters; instruction manuals in electronic format in

the field of energy management; voltmeters; photovoltaic solar modules; electric switch panels; electricity control panels; control panels for electricity connection; solar panels for the production of electricity; electrical sockets; electrical power extension cords; downloadable electronic publications in the nature of magazines; electric contact boards; electrical control boards; electric connection boards; electric control panels; electricity distribution boards; current limiting reactors; voltage regulators for electric power; resistances, electric; ballasts for electrical lighting fittings; fiber optic cable tester; receivers for home automation system; combustion gas detectors; voltage detectors; detectors for electric meters; distance sensors; gas sensors for homes; electronic sensors for measuring solar radiation; application software for mobile phones in the field of energy management for remotely monitoring energy consumption; computer software for table computer for remotely monitoring energy consumption; electrical plugs; voltage stabilizers; electrical power connectors; electric thermostats; digital timers for industrial use; electric voltage transformers; optical transmitters for use with fiber optic cables; power distribution panels; electric thermionic valves; solar wafers; light-emitting diodes [LED]; Home automation system, namely a network of hardware, computer software, and electronic interfaces that work to integrate computer application with temperature sensors, motion detection, light switches and motors that control a function of a home automation system, via the Internet; fire and carbon monoxide detectors; home automation security systems, namely video surveillance cameras and security alarms for homes featuring personal assistant integration and thermostat controls; software for monitoring remote access, namely software for monitoring home entry, home flooding, fire and smoke detection, carbon monoxide detection, lighting and appliances and home temperature from mobile devices, including your laptop, tablet or smartphone; computer network routers; clamp meters; webcams; sensors for the detection of intrusions; thermostats; sirens; security cameras; data storage devices namely blank USB sticks, CD, DVD; alarms for the detection of gases and intrusions into buildings; security alarms for homes; personal information computer apparatus featuring software for personal digital assistant capabilities, namely for accessing and controlling wireless audio speakers, smart home appliances, for monitoring remote access namely home entry, home flooding, home temperature, fire and smoke detection, carbon monoxide detection, lighting and appliances, for accessing mobile phones, smart phones, computers, tablet computers, computers and personal digital assistants (PDAs), for Internet web browser and database search functions, for accessing home theatre surround sound systems and personal digital media players, for streaming and playing audio, video, and multimedia content namely movies, television shows, digital images, video recordings, music, video games, weather, news, language and translation files and audio books, for controlling televisions, computer monitors, LCD monitors, LED monitors, tablet monitors, television monitors, video baby monitors, gaming systems, DVD Players, portable media players and digital set-top boxes, for providing personal concierge services initiated by voice-controlled commands namely, adding and accessing calendar appointments, alarms, timers, reminders and making restaurant, travel, and hotel reservations; computer hardware; computer software for voice control of audio speakers that function as a virtual personal digital assistant to provide voice recognition and speech to text conversion, process voice commands and create audio responses, facilitate retrieval of user-requested information from the Internet, and to create, download, transmit, send, receive, play, edit, store, schedule and organize text messages, electronic mail, music files, voice messages, video clips and images, personal reminders, calendar information, contact information, telephone calls, meetings, maps and directions and for accessing and searching online databases and websites and cameras to monitor buildings

Class 11

(4) Electrical lighting fixtures; electric water purifiers for household purposes; gas water heaters for household purposes; heat accumulators; lights for vehicles; air conditioners; cooling evaporators;

electric radiant heaters for household purposes; boilers for heating installations; electric boilers; electrical boilers; gas boilers; oil burners; portable electric heaters; domestic boilers; industrial boilers; electric candles; windowmounting air-conditioners [for industrial purposes]; electric radiant heaters for household purposes; fuel processors; evaporators for air conditioners; air filters for air conditioning units; filters for air conditioning; waste disposal furnaces; fans [air-conditioning]; lighting diffusers; hot water heaters; solar heating panels; heating radiators; nuclear generators; waste disposal incinerators; chandeliers; solar powered lamps; light bulbs; electric light bulbs; LED light bulbs; electric lamps; solar thermal collectors [heating]; heat pumps; heat pumps for energy processing; sockets for electric lights; radiators, electric; nuclear reactors; heaters for baths; water heaters; stoves [heating apparatus]; solar powered torches; pocket searchlights; discharge tubes, electric, for lighting; lamp chimneys; valves for air conditioners; portable electric fans; Aeolian ventilating fans for industrial use; fans for air conditioning apparatus

Class 12

(5) Electric cars; electric bicycles; electrically operated scooters; electrically powered motor vehicles namely automobiles, motorbikes, scooters; spare parts and ignition keys, USB keys for electrically powered vehicles, namely, electric cars, electric bicycles, electrically operated scooters, automobiles and motorbikes; electric cigar lighters for automobiles

Services

Class 35

(1) Cost price analysis; business management assistance; industrial management consultation namely cost/yield analyses; business management; providing business information via a web site in the field of energy management; commercial information and advice for consumers via a web site in the field of energy management; clerical services; organization of trade fairs for commercial or advertising purposes in the field of energy management; negotiation and conclusion of commercial transactions for third parties; procurement of contracts for the purchase and sale of services; business administration; assistance and consultancy services in the field of business management of companies in the energy sector; business management consulting; tariff information and tariff advisory services via a website in the field of energy management; business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; systemization of information into computer databases

Class 37

(2) Installation of electrical systems; construction of power plants; construction of wind power plants; construction of nuclear power plants; construction of structures for the storage of natural gas; construction of structures for the transportation of natural gas; construction of structures for the production of natural gas; construction of nuclear reactors; extraction of gas; extraction of oil; providing information relating to the repair or maintenance of power generators; providing information relating to the repair or maintenance of consumer home appliances; providing information relating to the repair or maintenance of electric lighting apparatus; providing information relating to the repair or maintenance of nuclear power plants; installation of reactive power plants; installation of boilers; installation of cables for internet access; installation of photovoltaic cells and modules; installation of gas and water pipelines; installation of electrical energy generators; installation of hardware and cables for internet access; installation of electric light and power plants; installation of solar heating systems; repair and maintenance of power generators; installation of solar powered plants; installation of pipelines for conducting of gases; installation and maintenance of photovoltaic installations; installation and maintenance of solar thermal installations; pipeline construction and maintenance; electrical contracting services; air conditioning apparatus installation and repair; extraction of natural gas; repair and maintenance of

nuclear power plants; maintenance and repair of computers; maintenance and repair of power plants; maintenance and repair of gas turbines; laying of cables; laying of land cables; laying of sea cables; laying and burial of cable; repair and maintenance of electrical wiring systems; repair and maintenance of gas water heaters; repair of industrial waste treatment machines; emergency services for repair of power generators; emergency services for extraction of natural gas; maintenance and repair of air conditioning apparatus; maintenance and repair of wind power plants; maintenance and repair of electricity generators; electrical repair and installation of heaters; maintenance and repair of gas and electricity installations; maintenance and repair of electric vehicles; repair or maintenance of boilers; repair or maintenance of gas water heaters; repair of power lines; advisory services relating to the installation of power plants; submarine cable jointing services; installation of electrical and generating machinery; recharging services for electric vehicles; repair services for electric generators and wind turbines; natural gas refueling service for motor vehicles; dismantling of power lines

Class 39

(3) Public utility services in the form of electricity distribution; transmission of oil or gas through pipelines; public utility services in the form of natural gas distribution; electricity distribution via cables; distribution of electricity for heating and cooling buildings; electricity supply and distribution; providing information relating to the distribution of electricity; leasing the use of power lines to third parties for the transmission of electricity; waste collection services; consultancy services relating to the distribution of electricity; gas storage services; distribution of gas; information and advisory services in relation to the distribution of electricity; automobile vehicle renting services; storage of waste; storage of energy and fuels; storage of liquefied natural gas on ships; supply of electricity; rental of refrigerator-freezers for household purposes

Class 40

(4) Consultancy relating to the recycling of waste and trash; consultancy relating to the destruction of waste and trash; consultancy relating to the incineration of waste and trash; destruction of trash; gas compression services; providing information relating to the recycling of waste; electricity generating; leasing of electricity generators; rental of air conditioning apparatus; rental of batteries; rental of boilers; rental of current generators; rental of electrical energy generators; rental of electricity generators; rental of heating installations; rental of electrical transformers; generation of electricity from wind energy; electricity generation; production of electrical power from renewable sources; production of electricity by power plants; production of electricity by nuclear power plants; generation of gas and electricity; purification of gases; refining of gas; recycling of insulating gases from refrigerators; recycling and waste treatment; gas compression services; consultancy services relating to the generation of electrical power; refining of gas; gas processing services, namely the processing of natural gas and the production of liquefied natural gas; gas well treatment

Class 42

(5) Environmental testing of exhaust emissions; conducting feasibility studies relative to gas exploration; conducting feasibility studies relative to gas exploitation; consultancy in the field of energy-saving; professional consultancy relating to the conservation of energy; technological consultancy in the fields of electric energy production and use; environmental monitoring of energy waste storage areas; exploration and searching of oil and gas; geophysical exploration for the oil, gas and mining industries; technical advice in connection with energy-saving measures; providing information about the design and development of computer software, systems and networks; greenhouse gas emission measuring and analysis; monitoring of contaminated land for gas; design of electric circuit boards; design of electric energy storage systems; designing of electrical systems for homes and business; technical design and planning of power stations; technical

design and planning of pipelines for gas, water and waste water; design and development of regenerative electric energy generation systems; design and development of software for control, regulation and monitoring of solar energy systems; engineering drawing; engineering design; exploration of gas and oil; geophysical exploration for the gas industry; exploration services to locate gas; development of computer programs for analysis of exhaust gas emissions; conducting research and technical project studies relating to the use of natural energy; research relating to waste analysis; industrial research in the field of energy management; analysis and testing services relating to electrical engineering devices, namely meters and electric control panels; advisory services relating to the use of energy efficiency; technological consulting services in the field of alternative energy generation; electrical engineering services in the field of electrical power and natural gas production; technical design services relating to electricity plants; electrical engineering services; computer security troubleshooting in the operation of electric motor ignition; development of testing apparatus for electrical wires; development of power assemblies for others; developing of integrated energy plans for others; development of energy and power management systems for others; testing of software in the field of electrical engineering for others; design and development of domestic automation software for monitoring remote access namely software for monitoring homes and business from mobile devices, including your laptop, tablet, or smartphone; design and development of software for domestic automation applications and control systems; Installation, maintenance and repair of domestic automation software for monitoring remote access namely software for monitoring homes and business from mobile devices, including your laptop, tablet, or smartphone; Software programming for domestic automation apparatus; design and development of automatic domestic control systems, namely temperature, humidity and electric control apparatus; monitoring of computer systems by remote access to ensure proper functioning

Class 45

(6) Licensing of industrial property rights, licensing of intellectual property rights

Application Number 1,857,161
Language of Application English

Goods

Class 09

(1) Motorists' and cyclists' protective clothing

Class 18

(2) Furs for clothing; garment bags

Class 24

(3) Ready-made linings for clothing; gabardines

Class 25

(4) Cloth bibs; headbands; swimming costumes; bathing caps; boas; underwear; babies' pants; boots for sports and beach shoes; hoods, namely hooded sweatshirts and hooded sweaters; shawls; belts as clothing; money belts; wet suits for water skiing; neckties; corsets; scarves and headscarves; fur stoles; caps; gloves; rainwear; mantillas; stockings; socks; neckerchiefs; pocket squares; pyjamas; outsoles; heels; veiling; suspenders; gymnastic and sports outfits, namely gymnastic suits, track suits; layettes; shoulder wraps, sport singlets, mittens; ear muffs; insoles; bowties; beach wraps; wristbands; dress shields; masquerade costumes; beachwear; sun visors; coats; sock suspenders; stocking suspenders; petticoats; tights; aprons; wooden shoes;

espadrilles; non-slip soles; bathrobes; bath slippers; birettas; blouses; bodysuits; berets; footmuffs, not electrically heated; lace boots; boots; boot uppers; studs for football boots and shoes; booties; fittings of metal for shoes and boots, namely cleats; tips for footwear; welts for boots and shoes; heelpieces for footwear; boxer shorts; shirts; shirt yokes; shirt fronts; tee-shirts; bodices; waistcoats; jackets; fishing vests; stuff jackets; combinations, namely suits; combined underwear; detachable collars for clothes; shower caps; slippers; skirts; topcoats; gymnastic shoes; sports jerseys; pullovers; sweaters; liveries; hand muffs; footwear uppers; parkas; pelerines; pelisses; gaiters; knitwear, namely sweaters, pullovers, jumpers; clothing for gymnastics, namely tights; outerclothing, namely outerwear jackets; sandals; saris; briefs; hats; brassieres; wimples; togas; gaiter straps; suits; turbans; gowns; sports shoes; trouser shorts; slacks; tracksuit bottoms; casual trousers; waterproof trousers; leggings; silk ties; bolo ties

Services

Class 41

(1) Providing fashion information by website, namely webinars in the field of fashion shows

Class 42

(2) Providing fashion design information by radio; providing fashion information by magazine, namely information regarding fashion design consulting;

Class 45

(3) On-line social networking services; dating services provided through social networking; online social networking services accessible by means of downloadable mobile applications; handbags rental; rental of clothing; personal wardrobe styling consultancy; providing fashion information, namely information about personal wardrobe styling services by website; providing fashion information by newspaper, namely fashion coordination services for individuals; providing personal fashion information by television; registration of domain names for identification of users on a global computer network; personal fashion consulting services

Trademark Type

Standard Characters

Goods

Class 03

(1) Soaps for personal use; soaps for household use; liquid soaps; cleansing products for the body, namely cleansing lotions, beauty masks, cleansing foam, cleansing creams, cleansing gels and cleansing milk; shower gels and creams; cosmetic preparations for baths; perfumes; eau-de-cologne; aromatic essential oils; incense; pre-shave and after-shave lotions; shaving creams, shaving gels; hair conditioners; oral care products, namely dentifrices, mouthwashes; deodorants and anti-perspirants for personal use; skin care creams, beauty creams, moisturising creams; facial cleansing creams; make-up removing preparations; astringents for cosmetic purposes; sun care lotions; hair lotions, hair gels, hair creams, hair spray; cosmetic creams; make-up preparations; eye shadows; face powders; cosmetic pencils; decorative transfers for cosmetic purposes; cleaning, polishing, scouring and abrasive preparations for household use, not being preparations for washing automobiles; cleaning chalk; washing powder for household use; shoe waxes

Class 06

(2) common metals and their alloys, ores; small items of metal hardware, namely bolts, nails, nuts, screws, springs, and washers; chains of metal; statuettes of common metal- figurines (statuettes) of common metal; medals, name plates, trophies, commemorative shields, in common metals; badges of metal for vehicles; Towel dispensers, fixed, of metal; metal distributors of hand towels, paper napkins, kitchen paper

Class 09

(3) apparatus for recording, transmission or reproduction of sound or images, namely cameras, video cameras, video processors, video receivers, video tape players, video tape recorders, video transmitters, audio cassette recorders, audio receivers, audio speakers, audio/video cables; magnetic data carriers and recording discs, namely blank floppy disks, blank hard discs, blank audio discs, blank compact discs, blank optical discs, blank DVDs, blank flash memory cards, blank USB flash drives; cash registers, calculators, data processing equipment, namely, computers and laptop computers; fire extinguishers; eyeglasses; sunglasses; anti-glare glasses; anti-dazzle shades; cords for sunglasses and glasses; contact lenses; containers for contact

lenses; binoculars; decorative magnets; directional compasses; radios; vehicle radios; transceivers; televisions; flat screens; liquid crystal displays; plasma screens; high definition televisions; home cinema systems; video recorders; CD players; portable CD players; DVD players; MP3 players; digital music players; cassette players; portable cassette players; mini-disc players; portable radios; loudspeakers; headphones; earphones; microphones; electronic key fobs being remote control apparatus; remote controls for starting vehicle engines; electric door remote control systems that facilitate remote opening and closing; navigation apparatus for vehicles in the form of on-board computers; personal digital assistants (PDAs); computers; computer keyboards; computer monitors; modems; computer carrying cases; computer mouse; mouse pads; electronic pocket translators; dictating machines; electronic notebooks, diaries and agendas; data processing equipment namely scanners; printers for use with computers; photocopiers (photographic, electrostatic, thermic); facsimile machines; telephones; answering machines; video telephones; portable telephones; cellular telephone covers; hands free kits for phones; earphones and headsets for cellular telephones; keyboards for cellular telephones; downloadable ringtones and graphic representations for cellular telephones; cellular telephone straps; carrying cases adapted for cellular telephones; smartphones; calculators; credit card reading machines; money counting and sorting machines; automated teller machines; video cameras, camcorders; cameras (photography); cameras (cinematographic cameras); projectors for home theaters, video projectors; exposed films; slides (photography); flash bulbs (photography); cameras and camera accessory cases and straps, batteries; karaoke recorders and players; computer operating system software; computer games; computer software for database management; protective screens; computer screens; video discs, video tapes, magnetic tapes, magnetic discs, DVDs, floppy discs, optical discs, compact discs, mini-discs, CD-ROMs, all the aforementioned being blank; video game cassettes; compact discs containing video games; simulators for the steering and control of vehicles; holograms; magnetically encoded credit cards, magnetically encoded gift cards; USB flash drives; computer chips; magnetically encoded phone cards; blank integrated circuit cards; blank integrated circuit cards, namely smart cards; identity cards, magnetic; card readers for verifying data of cards magnetically encoded; door alarms; smoke detectors; windsocks for indicating wind direction; photovoltaic cells; solar panels; distance sensors; velocity sensors; speed indicators; time recording devices namely stopwatches, transponders and cable loops used to measure time; automatic indicators of low pressure in vehicle tires; pressure gauges; pressure measuring sensors; tire pressure gauges; downloadable electronic books and periodicals; electronic maps; audio-receivers and video-receivers; amplifiers, namely stereo amplifiers, sound amplifiers, signal amplifiers; x-rays tubes not for medical purposes; cathode ray tubes; computer software for editing, downloading, transmitting, receiving, creating, playing, extracting, encoding, decoding, displaying, storing and organizing digital text, computer graphics, digital images, electronic publications; satellite dishes; computer disc drives; semi-conductors; integrated circuits; cellular phone batteries, electric batteries for vehicles; central processing units; electric converters; cables, electric; protective helmets for sports; magnetic identification bracelets; ticket dispensers; clothing for protection against fire; clothing for protection against accidents, irradiation and fire; gloves for protection against accidents; protection goggles, namely goggles for sport, safety goggles; ear plugs for divers; protective helmets for sport; electric batteries for vehicles; computer software, particularly software for transmission, recording, reproduction, visualization, organization, management, manipulation and review messages, digital text, computer graphics, movies, music and audio clips to facilitate communications between two or multiple users via the global computer network; protective sports helmets

Class 14

(4) precious metals and their alloys and goods in precious metals or coated therewith, namely bracelets, brooches, earrings, rings, necklaces; jewellery, precious stones; semi-precious stones; horological and chronometric instruments, namely clocks and watches; jewellery; necklaces (jewellery); rings (jewellery); earrings; gems (precious stones); watches; wristwatches, watch straps, clocks; stopwatches; electric clocks; pendulums (clock- and watchmaking); medals, medallions (jewellery); charms (jewellery)- trinkets (jewellery); brooches (jewellery); bracelets (jewellery); pins (jewellery); tie clips; tie pins; cufflinks; commemorative medals of precious metal; commemorative plates, trophies, statues of precious metal; statuettes of precious metal- figurines (statuettes) of precious metal; sculptures made of precious metal; ornamental pins for hats; key rings (trinkets or fobs); novelty key holders; straps for keys; amulets (jewellery); ornaments (jewellery); coins; medallions not of precious metal; rings of common metal for keys; ornamental pins

Class 16

(5) paper and cardboard and goods made from these materials, namely, advertisement boards, boxes, placards, signboards; printed matter, namely printed awards, printed tags, printed timetables; bookbinding material; photographs; stationery, namely, stationery agendas, stationery binders, stationery labels, writing stationery; office requisites, namely, adhesive tape dispensers and correcting fluid; adhesives for stationery or household purposes; artists' brushes, artists' palettes, artists' pastels, artists' pencils, artists' pens; drawing pens, drawing paper; paintbrushes; plastic sheets, films and bags for wrapping and packaging; plastic materials for packaging namely plastic bags, plastic bubble packs, plastic film; printers' type, printing blocks; colouring and drawing books; bookmarks; event programs; albums; photograph albums; autograph books; printed timetables; pamphlets; collectible photographs of sports personalities; bumper stickers, stickers (stationery); sticker albums; posters; photographs; photograph stands; tablecloths of paper; towels of paper; paper bags; invitation cards; greeting cards; gift wrapping paper; boxes of cardboard or paper; paper coasters; place mats of paper; garbage bags of paper or plastics; food wrapping paper; plastic film for preserving foodstuffs; paper coffee filters; stationery labels; towel wipes of paper; toilet paper; napkins of paper for removing make-up; handkerchiefs of paper; tissues of paper; writing paper; paper; copying paper (stationery); envelopes (stationery); notepads; folders for papers; writing or drawing books; file folders; luminous paper; self-adhesive paper for notes; paperweights; flags of paper; writing instruments; fountain pens; pencils; ball-point pens; ball-point pen and pencil sets; felt-tip colouring pens; fibre-tip pens and felt-tip writing pens; marker pens (stationery); stands for pens and pencils; pencil cases; drawing sets; boxes for pens; writing cases (sets); writing cases (stationery); ink; inking pads; stamps (seals); electric or non-electric typewriters; lithographs; lithographic works of art; paintings (pictures), framed or unframed; paint boxes (articles for use in school); palettes for painters; colouring pencils; writing chalks; blocks for printing; address books; diaries; organizers (calendars); geographical maps; tickets; cards- charts; passes, namely, sporting event tickets; pass holders; admission tickets; comic books; calendars; postcards; advertisement boards of paper or cardboard; banners of paper; decalcomanias; correction fluids (office requisites); rubber erasers; pencil sharpeners (electric or non-electric); stands and containers for office articles; paper clips; thumbtacks; square rulers; adhesive tapes for stationery or household purposes; adhesive tape dispensers (office requisites); staples for offices; stencils (stationery); folders for papers; paper clasps; cases for visiting cards; bookends; stamps (seals); commemorative stamp sheets; cards for sale, credit, debit, charge, telephone; cardboard or plastic cards that are printed or stamped; baggage tags of paper; passport holders; travellers' cheques; holders for cheque books

Class 18

(6) leather and imitations of leather; animal skins, hides; luggage and trunks; umbrellas, parasols and walking sticks; whips, harness and saddlery; collars for animals; leather leashes; clothing for animals; leather and imitation leather; leather straps; umbrellas; parasols; sport bags (other than those adapted for the goods they are designed to contain); leisure bags; backpacks, rucksacks; tote bags, school bags; belt bags, handbags, bags of leather; beach bags, garment bags for travel; suit bags; suitcases; straps of leather (saddlery); travel bags; wheeled bags; briefcases (leather ware); vanity cases (not fitted); toiletry bags; key cases (leather ware); wallets; purses; luggage tags; boxes of leather or leather board; card cases (notecases); pet clothing made of leather, collars and leashes for pets

Class 21

(7) large-toothed combs for the hair and bath sponges, make-up sponges, scouring sponges; brushes, namely, make-up brushes; brush-making materials, namely horsehair, pig bristles; cleaning, dusting and polishing cloths, brooms, dusters; unworked or semi-worked glass, except building glass; earthenware; cooking utensils; containers for household or kitchen use, namely, food storage containers, garbage containers, pail containers; fitted picnic baskets (including dishes); glass flasks (containers); mixing spoons (kitchen utensils); fruit presses, non-electric, for household use; cutting boards for the kitchen; trays for domestic use; coolers (ice pails); cocktail shakers; sugar bowls; tankards; beer mugs; cups; drinking glasses; decanters; dishes; drink coasters; saucers; decorative glass; tea pots; gloves for household purposes; bottle openers; corkscrews; cap lifters; sports bottles sold empty; insulating bottles; containers for food and beverages; non-electric coolers for food and drinks; metal boxes for dispensing paper towels; hairbrushes; toothbrushes; dental floss; statues of porcelain, terra-cotta or glass; statuettes of porcelain, terra-cotta or glass- figurines (statuettes) of porcelain, terra-cotta or glass; statues, sculptures, figurines, ornaments and trophies related to motor sport made of porcelain, terra-cotta or glass; decorative glass trays; decorative boxes of non-precious metals; drying racks for washing; clothes racks (for drying); waste paper baskets; feeding troughs for animals; cages for household pets

Class 25

(8) clothing, namely, athletic clothing, baby clothing, casual clothing, children's clothing, sports clothing; footwear, namely, athletic footwear, casual footwear, exercise footwear, sports footwear; headgear, namely, hats, caps, protective visors for athletic use; shoes; sandals; sports shoes; boots; shirts; knitted tops; pullovers; sleeveless pullovers; t-shirts; waistcoats; singlets; vests; sleeveless jerseys; dresses; skirts; underwear; bathing suits; bath robes; shorts; trousers; sweaters; sweatshirts; kimonos; knitted caps; caps; hats; sashes for wear; scarves; shawls; cap peaks; bandanas (neckerchiefs); tracksuits; jackets; sports jackets; stadium vests (marking vests); blazers; waterproof jackets and pants; coats; sports uniforms; motorists' clothing; neckties; wrist bands; headbands; gloves; aprons; baby bibs, not of paper; pyjamas; suits for infants and children; socks and stockings; garters; belts; braces for clothing

Class 28

(9) games, toys and playthings, namely, action skill games, board games, card games, coin-operated amusement electronic games, parlour games, party games, video games; video game machines; decorations for Christmas trees; playing balls; play balloons; sports balls; board games; tables for indoor football; plush dolls; plush toys; toy vehicles; remote control toy vehicles; toy scooters; puzzles; jigsaw puzzles; inflatable toys; playing cards; lottery tickets to scratch; confetti; articles for gymnastics and sports, namely, balls for rhythmic gymnastics, clubs for rhythmic gymnastics, hoops for rhythmic gymnastics, ribbons for rhythmic gymnastics; rackets for tennis, badminton or squash; apparatus for gymnastics, namely, balance beams, horizontal bars, parallel

bars, pommel horses, rings, springboards, vaults; golf accessories, namely, golf bags, golf balls, golf clubs, golf gloves, golf markers, golf tees; golf clubs; golf gloves; ground markers, ball markers; golf bags with or without wheels; golf club head covers, golf tees; sporting bags and cases specially adapted for sports equipment; party hats (toys) of paper; arcade games; game consoles; automatic gaming machines; slot machines; arcade video game machines; coin-operated arcade video game machines, coinoperated amusement electronic games; joystick for game consoles; electronic games consoles adapted for use with television sets; handheld video games consoles; home video game machines; controllers for electronic game consoles, bags specially adapted for electronic game consoles, fitted covers specially adapted for electronic game consoles; voice-activated or hand-operated game controllers; joysticks for video games; electronic game consoles with liquid crystal displays; foam hands (toys); robots (toys) for entertainment; amusement park rides; scale model vehicles; kites; roller skates; skate boards; toys for pets; coin-operated amusement machines

(4) industrial greases, oils, and lubricants

Class 05

(5) all-purpose sanitizers, general purpose germicides and deodorant preparations for industrial use for use on inanimate surfaces, all-purpose disinfectants and sanitizers, air fresheners, namely, air deodorizers and room air deodorizers, carpet, fabric and upholstery deodorizers, veterinary preparations, namely, all purpose sanitizers for animal teats, algacides, sterilizing materials, namely, sanitizers, disinfecting handwash, disinfectants for hygiene and sanitary purposes, namely, all-purpose disinfectants, disinfectant bathroom cleaners, disinfectant soap, and disinfecting hand wash, hand-sanitizing preparations, sanitizing preparations, namely, all purpose sanitizers, hand-sanitizing preparations, and sanitizing wipes, disinfectant bathroom cleaners, disinfectant toilet bowl cleaners, all-purpose disinfecting and deodorizing preparations, air deodorizing preparations, all of the foregoing for commercial and institutional use; all-purpose disinfectants; disinfectants for bottle washing

Class 07

(6) cleaning and polishing machines, instruments and apparatuses, namely, floor cleaning and polishing machines; vacuum cleaners and cleaning machines for carpets and rugs and structural parts thereof; machines, namely, rug and carpet beaters; machines for dry cleaning carpets and rugs, namely, carpet cleaning machines; power operated floor scrubbers, floor polish and foam cleaning machines for cleaning floors and structural parts thereof; electric carpet sweepers; vacuum cleaners and electric carpet and floor sweepers

Class 09

(7) web based tracking and monitoring system consisting of computer hardware and software used to track and monitor floor cleaning machines that are used to clean and sanitize retail, industrial

and commercial facilities; computer software for the control and operation of automatic machines, namely, automatic floor scrubbers, vacuum cleaners, and industrial robots in the field of interior maintenance of industrial and commercial buildings; downloadable software program for remote monitoring of floor cleaning; automated dispensers for commercial laundry detergent; electronic automated laundry detergent dispenser for laundry machines; caliper for measuring the thickness of human skin folds; automatic laundry detergent dispenser with date logging capability; automated systems comprising software, hardware and communications devices, namely handheld computers and tablets, for monitoring, collecting information on, and reporting on, industrial cleaning and sanitation practices, worker hygiene practices and food product temperatures, and workplace conditions and safety within the food and beverage industry; computer software that allows multiple sensors to identify specific floor areas to be cleaned, and to generate a route to connect multiple rooms for cleaning, by commercial robotic floor scrubbers and vacuums; automated process control and monitoring system for use in connection with commercial dishwasher systems consisting of computer hardware, computer software, electronic sensors, and communication devices, namely, handheld computers and tablets, that provide monitoring and control of automated chemical and cleaning product dispensing functions of commercial dishwashers, information and recordkeeping for hygiene compliance for commercial dishwashers, troubleshooting of deficiencies and breakdowns of commercial dishwashers, optimizing water, energy and chemical usage of commercial dishwashers, and maximizing productivity of commercial dishwashers; automated process control and monitoring system for use in connection with commercial laundry washer and dryer systems comprised of computer hardware, computer software, electronic sensors, and communication devices, namely, handheld computers and tablets for monitoring and controlling chemical and cleaning product dispensers for commercial laundry washers and clothes dryers, information and recordkeeping for hygiene compliance for commercial laundry washers and clothes dryers, troubleshooting of deficiencies and breakdowns for commercial laundry washers and clothes dryers, optimizing water, energy and chemical usage for commercial laundry washers and clothes dryers, and maximizing productivity of commercial laundry washers and clothes dryers; mobile tracking and quality control systems, consisting of barcode scanners, RFID (Radio Frequency Identification) sensors, computer hardware and software used to create, collect, process and transmit information and recordkeeping for hygiene compliance for monitoring, reporting and training in association with cleaning of buildings and industrial premises, and janitorial services in the retail, industrial and commercial industries; web based tracking and monitoring system consisting of computer hardware and software used to track and monitor floor cleaning machines that are used to clean and sanitize retail, industrial and commercial facilities; videobased tracking, monitoring and control system consisting of computer hardware and software used to track, monitor and control floor cleaning machines that are used to clean and sanitize retail, industrial and commercial facilities

Class 11

(8) sterilizers for veterinary use

Class 21

(9) dispensers for all-purpose cleaning and disinfecting preparations; cleaning instruments, namely, scrubbing brushes, namely, washing brushes, mops, scouring sponges and cleaning cloths; dispensers and dispensing systems comprising dispensers and controlled dose pouring nozzles for all-purpose cleaning and sanitizing preparations; dosage dispensers containing a portion control delivery system comprising dispensers and controlled dose pouring nozzles for dispensing of all purpose cleaning and sanitizing solutions

Services

Class 35

(1) administrative monitoring and computerized management and report generation of workplace cleanliness and sanitization practices, worker hygiene practices, environmental temperatures, workplace conditions, workplace safety for businesses; retail services by direct solicitation by sales agents in the field of vacuum cleaners and power-operated floor scrubbers; consultation in business management of floor cleaning programs; business management of floor cleaning programs

Class 36

(2) financial services, namely, providing financing for the lease and purchase of floor cleaning machines, accessories and supplies

Class 37

(3) rental of floor cleaning machines, repair and maintenance services for floor cleaning machines; consultation in implementation of floor cleaning programs; restoring the appearance of building facades and structures; deodorizing and cleaning buildings and industrial premises for humans, animal and fish farms and hatcheries and food preparation and serving facilities, namely, buildings in the food service, food retail, hospitality and catering industries; removing silicones from food and beverage processing equipment; removing product spills in processing facilities; removing graffiti and rust stains; polishing, restoring and decontaminating metal surfaces, namely, cleaning manhole covers of metal and steam tunnels of metal; drain and portable toilet maintenance; and installing and maintaining drip irrigation systems for use in drain maintenance, waste treatment, air scrubbing, septic tanks, grease traps, trash chutes and waste receptacles, water treatment, waste water treatment, filtration systems; consulting performed in the field of restoring the appearance of building facades and structures, in the field of deodorizing and cleaning buildings and industrial premises for humans, animal and fish farms and hatcheries and food preparation and serving facilities, namely, buildings in the food service, food retail, hospitality and catering industries in the field of removing silicones from food and beverage processing equipment, in the field of decontaminating and removing product spills in processing facilities, in the field of removing graffiti and rust stains, and polishing metal surfaces, in the field of restoring and decontaminating, namely, cleaning manholes and steam tunnels, and in the field of drain and portable toilet maintenance

Class 41

(4) educational services, namely, providing training, seminars and workshops, and publication of information materials, namely, printed publications, books, magazines, and periodicals in the field of worker hygiene practices, building and industrial premises cleaning, floor care and laundry services and concerning proper food safety practices and procedures with respect to cleaning of kitchens and food service equipment, proper floor and carpet care, proper hygiene procedures for food service employees, and proper cleaning and disinfection of food processing plants and areas, and consultation relating to such training, seminars and workshops; training in implementation and business management of floor cleaning programs

Class 42

(5) diagnostic services and monitoring of automated process control systems in connection with commercial laundry washer and dryer systems to ensure proper functioning; control in the nature of remote management and monitoring of computer hardware, computer software, electronic sensors, and communication devices, namely, handheld computers and tablets for monitoring and controlling automated laundry pre-soaking preparations, detergent, bleaching preparations, soap, starch, and fabric softeners dispensers for commercial laundry washing machines and dryers,

information and recordkeeping for hygiene compliance for commercial laundry washing machines and dryers, troubleshooting of deficiencies and breakdowns for commercial laundry washing machines and dryers, optimizing water, energy and chemical usage for commercial laundry washing machines and dryers, and maximizing productivity of commercial laundry washing machines and dryers; application service provider, namely, hosting, managing, developing, and maintaining applications and software for use by businesses in the food service, food retail, hospitality and catering industries and their suppliers in the fields of food safety, quality monitoring, supply chain and traceability, regulatory compliance, reporting and analysis; providing temporary use of non-downloadable software that allows users to create, store, record, manage, and maintain checklists and audit records demonstrating compliance with applicable regulations and industry best practices in the fields of food safety, quality monitoring, supply chain and traceability via a website; providing temporary use of non-downloadable software for tracking goods through the supply chain and within retail systems in the food and beverage industry via a website; providing temporary use of non-downloadable software to monitor and track the temperature of cold and hot food holding areas such as refrigerators, freezers, and hot tables via a website; computer software consulting services; customizing computer software; scientific and technological services, namely, scientific testing services featuring site surveys and scientific testing and analysis, all performed in the field of restoring the appearance of building facades and structures, in the field of deodorizing and cleaning buildings and industrial premises for humans, animal and fish farms and hatcheries and food preparation and serving facilities, namely, buildings in the food service, food retail, hospitality and catering industries, in the field of treating waste water and sewage facilities, in the field of removing silicones from food and beverage processing equipment, in the field of decontaminating and removing product spills in processing facilities, in the field of removing graffiti and rust stains, and polishing metal surfaces, in the field of restoring and decontaminating, namely, cleaning manholes and steam tunnels, in the field of drain and portable toilet maintenance, and in the fields of the decontaminating, coating, neutralizing, and activating of heavily soiled dishwashing loads with dishwashing detergent; industrial design services, namely, the design of drip systems and carts for use in carrying equipment to perform services; electronic monitoring, data collecting, and reporting on cleaning and sanitation, worker hygiene practices, and product temperatures, conditions and safety, in food manufacturing facilities using computers and sensors

Class 45

(6) evaluating cleaning and sanitizing practices in the fluid milk processing industry in food manufacturing facilities to assure compliance with industry standards

Colour Claim

Colour is claimed as a feature of the trademark. The word DIVERSEY and the bird are white on a shaded blue background.

Goods

Class 01

(1) chemical substances for industrial and manufacturing processes, namely, detergents for industrial use and detergents for industrial use as part of manufacturing operations, preparations for degreasing inanimate objects in the commercial field of meat packing plants and other food processing industries, compounds for softening water, chelating agents for water softening, degreasing agents for use in manufacturing process, chemical agents for acid removal in industrial manufacturing applications, scale removing preparations for industrial, rinse aid compositions, namely, defoamers for water treatment, cooling brines used as refrigerants, additives to cooling brines used as refrigerants, additives used in water treatment, chemical preservatives for use as scale and corrosion inhibitors for cooling water treatment in boilers, chemical preservatives for use as sludge conditioners for water treatment in boilers, chemical preparations for oxygen scavenging in water treatment and oil dispersants

Class 02

(2) durable floor finish in the form of a coating that is applied to flooring substrates for commercial, industrial and institutional use; concrete sealer in the form of a coating for commercial, industrial and institutional use; protective floor sealers and protective coating preparations for porous surfaces; protective and decorative coatings in the nature of an ultra-high speed floor varnish; floor sealing and filling agent in the nature of a varnish

Class 03

(3) all-purpose cleaning preparations, degreasers other than for use in manufacturing processes, namely, degreasing preparations for household use, polishing and finishing preparations and cleaning preparations with disinfecting properties for use on inanimate surfaces, namely, floor cleaning preparations, floor polishing preparations, floor finishing preparations, floor wax and floor polish removing preparations; furniture polish, glass cleaning and polishing preparations; stainless steel cleaning preparations; cleaning preparations for use in the internal and external cleaning and maintenance of all types of vehicles, namely, windshield cleaning preparations, detergents for automobiles, automobile wax, automobile polishes, cleaning preparations for leather and vinyl, carpet cleaning preparations, pressure wash detergents for use in frictionless carwashes, cleaning preparations for vehicle tires and wheels; sink, toilet, shower and tub cleaners, namely, disinfectants and spray cleaners for cleaning sinks, toilets, showers and tubs; tile cleaning preparations, namely, disinfectants and spray cleaners for cleaning tiles of ceramic for floors; non-medicated hand soaps and hand lotions; shampoo; carpet cleaning solutions and stain removers; cleaning preparations for use on fabrics, upholstery and carpets, with and without deodorant properties; laundry products for commercial use, namely, detergents, bleach, fabric softeners, rinsing agents for laundry, starch and stain removers; germicidal detergents for commercial laundry; washing products, namely, machine dishwashing detergents and dishwasher rinsing agents, hand dishwashing detergents, flatware presoaking detergents, dishware cleaning preparations in the nature of destaining preparations, acid cleaning preparations for use in machine dishwashers, dishwasher detergent rinsing agents, dishwasher pre-soaking preparations; cleaning preparations for bottle washing, namely, all purpose cleaning preparations; oven cleaning preparations, pipe and drain cleaning preparations; all purpose cleaning preparations for cleaning metal storage tanks, floors, walls and ceilings; degreasing preparations for household use; floor waxes; floor finish remover, namely, floor wax remover; starch for use in commercial laundries; rinsing agents for laundry

Class 04

(4) industrial greases, oils, and lubricants

Class 05

(5) all-purpose sanitizers, general purpose germicides and deodorant preparations for industrial use for use on inanimate surfaces, all-purpose disinfectants and sanitizers, air fresheners, namely, air deodorizers and room air deodorizers, carpet, fabric and upholstery deodorizers, veterinary preparations, namely, all purpose sanitizers for animal teats, algacides, sterilizing materials, namely, sanitizers, disinfecting handwash, disinfectants for hygiene and sanitary purposes, namely, all-purpose disinfectants, disinfectant bathroom cleaners, disinfectant soap, and disinfecting hand wash, hand-sanitizing preparations, sanitizing preparations, namely, all purpose sanitizers, hand-sanitizing preparations, and sanitizing wipes, disinfectant bathroom cleaners, disinfectant toilet bowl cleaners, all-purpose disinfecting and deodorizing preparations, air deodorizing preparations, all of the foregoing for commercial and institutional use; all-purpose disinfectants; disinfectants for bottle washing

Class 07

(6) cleaning and polishing machines, instruments and apparatuses, namely, floor cleaning and polishing machines; vacuum cleaners and cleaning machines for carpets and rugs and structural parts thereof; machines, namely, rug and carpet beaters; machines for dry cleaning carpets and rugs, namely, carpet cleaning machines; power operated floor scrubbers, floor polish and foam cleaning machines for cleaning floors and structural parts thereof; electric carpet sweepers; vacuum cleaners and electric carpet and floor sweepers

Class 09

(7) web based tracking and monitoring system consisting of computer hardware and software used to track and monitor floor cleaning machines that are used to clean and sanitize retail, industrial and commercial facilities; computer software for the control and operation of automatic machines, namely, automatic floor scrubbers, vacuum cleaners, and industrial robots in the field of interior maintenance of industrial and commercial buildings; downloadable software program for remote monitoring of floor cleaning; automated dispensers for commercial laundry detergent; electronic automated laundry detergent dispenser for laundry machines; caliper for measuring the thickness of human skin folds; automatic laundry detergent dispenser with date logging capability; automated systems comprising software, hardware and communications devices, namely handheld computers and tablets, for monitoring, collecting information on, and reporting on, industrial cleaning and sanitation practices, worker hygiene practices and food product temperatures, and workplace conditions and safety within the food and beverage industry; computer software that allows multiple sensors to identify specific floor areas to be cleaned, and to generate a route to connect multiple rooms for cleaning, by commercial robotic floor scrubbers and vacuums; automated process control and monitoring system for use in connection with commercial dishwasher systems consisting of computer hardware, computer software, electronic sensors, and communication devices, namely, handheld computers and tablets, that provide monitoring and control of automated chemical and cleaning product dispensing functions of commercial dishwashers, information and recordkeeping for hygiene compliance for commercial dishwashers, troubleshooting of deficiencies and breakdowns of commercial dishwashers, optimizing water, energy and chemical usage of commercial dishwashers, and maximizing productivity of commercial dishwashers; automated process control and monitoring system for use in connection with commercial laundry washer and dryer systems comprised of computer hardware, computer software, electronic sensors, and communication devices, namely, handheld computers and tablets for monitoring and controlling chemical and cleaning product dispensers for commercial laundry washers and clothes dryers, information and recordkeeping for hygiene compliance for commercial laundry washers and clothes dryers, troubleshooting of deficiencies and breakdowns for commercial laundry washers and clothes dryers, optimizing water, energy and chemical usage for commercial laundry washers and clothes dryers, and maximizing productivity of commercial laundry washers and clothes dryers; mobile tracking and quality control systems, consisting of barcode scanners, RFID (Radio Frequency Identification) sensors, computer hardware and software used to create, collect, process and transmit information and recordkeeping for hygiene compliance for monitoring, reporting and training in association with cleaning of buildings and industrial premises, and janitorial services in the retail, industrial and commercial industries; web based tracking and monitoring system consisting of computer hardware and software used to track and monitor floor cleaning machines that are used to clean and sanitize retail, industrial and commercial facilities; videobased tracking, monitoring and control system consisting of computer hardware and software used to track, monitor and control floor cleaning machines that are used to clean and sanitize retail, industrial and commercial facilities

Class 11

(8) sterilizers for veterinary use

Class 21

(9) dispensers for all-purpose cleaning and disinfecting preparations; cleaning instruments, namely, scrubbing brushes, namely, washing brushes, mops, scouring sponges and cleaning cloths; dispensers and dispensing systems comprising dispensers and controlled dose pouring nozzles for all-purpose cleaning and sanitizing preparations; dosage dispensers containing a

portion control delivery system comprising dispensers and controlled dose pouring nozzles for dispensing of all purpose cleaning and sanitizing solutions

Services

Class 35

(1) administrative monitoring and computerized management and report generation of workplace cleanliness and sanitization practices, worker hygiene practices, environmental temperatures, workplace conditions, workplace safety for businesses; retail services by direct solicitation by sales agents in the field of vacuum cleaners and power-operated floor scrubbers; consultation in business management of floor cleaning programs; business management of floor cleaning programs

Class 36

(2) financial services, namely, providing financing for the lease and purchase of floor cleaning machines, accessories and supplies

Class 37

(3) rental of floor cleaning machines, repair and maintenance services for floor cleaning machines; consultation in implementation of floor cleaning programs; restoring the appearance of building facades and structures; deodorizing and cleaning buildings and industrial premises for humans, animal and fish farms and hatcheries and food preparation and serving facilities, namely, buildings in the food service, food retail, hospitality and catering industries; removing silicones from food and beverage processing equipment; removing product spills in processing facilities; removing graffiti and rust stains; polishing, restoring and decontaminating metal surfaces, namely, cleaning manhole covers of metal and steam tunnels of metal; drain and portable toilet maintenance; and installing and maintaining drip irrigation systems for use in drain maintenance, waste treatment, air scrubbing, septic tanks, grease traps, trash chutes and waste receptacles, water treatment, waste water treatment, filtration systems; consulting performed in the field of restoring the appearance of building facades and structures, in the field of deodorizing and cleaning buildings and industrial premises for humans, animal and fish farms and hatcheries and food preparation and serving facilities, namely, buildings in the food service, food retail, hospitality and catering industries in the field of removing silicones from food and beverage processing equipment, in the field of decontaminating and removing product spills in processing facilities, in the field of removing graffiti and rust stains, and polishing metal surfaces, in the field of restoring and decontaminating, namely, cleaning manholes and steam tunnels, and in the field of drain and portable toilet maintenance

Class 41

(4) educational services, namely, providing training, seminars and workshops, and publication of information materials, namely, printed publications, books, magazines, and periodicals in the field of worker hygiene practices, building and industrial premises cleaning, floor care and laundry services and concerning proper food safety practices and procedures with respect to cleaning of kitchens and food service equipment, proper floor and carpet care, proper hygiene procedures for food service employees, and proper cleaning and disinfection of food processing plants and areas, and consultation relating to such training, seminars and workshops; training in implementation and business management of floor cleaning programs

Class 42

(5) diagnostic services and monitoring of automated process control systems in connection with commercial laundry washer and dryer systems to ensure proper functioning; control in the nature of remote management and monitoring of computer hardware, computer software, electronic

sensors, and communication devices, namely, handheld computers and tablets for monitoring and controlling automated laundry pre-soaking preparations, detergent, bleaching preparations, soap, starch, and fabric softeners dispensers for commercial laundry washing machines and dryers, information and recordkeeping for hygiene compliance for commercial laundry washing machines and dryers, troubleshooting of deficiencies and breakdowns for commercial laundry washing machines and dryers, optimizing water, energy and chemical usage for commercial laundry washing machines and dryers, and maximizing productivity of commercial laundry washing machines and dryers; application service provider, namely, hosting, managing, developing, and maintaining applications and software for use by businesses in the food service, food retail, hospitality and catering industries and their suppliers in the fields of food safety, quality monitoring, supply chain and traceability, regulatory compliance, reporting and analysis; providing temporary use of non-downloadable software that allows users to create, store, record, manage, and maintain checklists and audit records demonstrating compliance with applicable regulations and industry best practices in the fields of food safety, quality monitoring, supply chain and traceability via a website; providing temporary use of non-downloadable software for tracking goods through the supply chain and within retail systems in the food and beverage industry via a website; providing temporary use of non-downloadable software to monitor and track the temperature of cold and hot food holding areas such as refrigerators, freezers, and hot tables via a website; computer software consulting services; customizing computer software; scientific and technological services, namely, scientific testing services featuring site surveys and scientific testing and analysis, all performed in the field of restoring the appearance of building facades and structures, in the field of deodorizing and cleaning buildings and industrial premises for humans, animal and fish farms and hatcheries and food preparation and serving facilities, namely, buildings in the food service, food retail, hospitality and catering industries, in the field of treating waste water and sewage facilities, in the field of removing silicones from food and beverage processing equipment, in the field of decontaminating and removing product spills in processing facilities, in the field of removing graffiti and rust stains, and polishing metal surfaces, in the field of restoring and decontaminating, namely, cleaning manholes and steam tunnels, in the field of drain and portable toilet maintenance, and in the fields of the decontaminating, coating, neutralizing, and activating of heavily soiled dishwashing loads with dishwashing detergent; industrial design services, namely, the design of drip systems and carts for use in carrying equipment to perform services; electronic monitoring, data collecting, and reporting on cleaning and sanitation, worker hygiene practices, and product temperatures, conditions and safety, in food manufacturing facilities using computers and sensors

Class 45

(6) evaluating cleaning and sanitizing practices in the fluid milk processing industry in food manufacturing facilities to assure compliance with industry standards

Goods

Class 03

(1) Cannabis preparations, namely, oils for cosmetic purposes

Class 05

(2) Medicinal marijuana; medicinal cannabis; cannabis preparations, namely, cannabis capsules for temporary relief of seizures, cannabis capsules for the relief of nausea caused by chemotherapy, cannabis capsules for the relief of nerve pain, and cannabis capsules for the treatment of muscle spasms caused by multiple sclerosis; cannabis preparations, namely, cannabidiol [CBD] oil for medical purposes, and tetrahydrocannabinol [THC] oil for medical purposes; cannabis preparations, namely, oil for the treatment of cancer; cannabis preparations, namely, cannabis extracts for temporary relief of seizures, cannabis extracts for the relief of nausea caused by chemotherapy, cannabis extracts for the relief of nerve pain, and cannabis extracts for the treatment of muscle spasms caused by multiple sclerosis

Class 29

(3) Cannabis preparations, namely, cannabis oil for food; and cannabis preparations, namely, infused food, namely, fruit-based snack food containing marijuana, fruit-based snack food infused with cannabis oils, nutbased snack mixes containing marijuana, nut-based snack mixes infused with cannabis oils, snack food dips containing marijuana, snack food dips infused with cannabis oils, beef jerky containing marijuana, and beef jerky infused with cannabis oils

Class 30

(4) Cannabis preparations, namely, infused food, namely, corn-based snack food containing marijuana, cornbased snack food infused with cannabis oil, cereal-based snack food containing marijuana, cereal-based snack food infused with cannabis oil, granola-based snack food containing marijuana, granola-based snack food infused with cannabis oil, rice-based snack food containing marijuana, rice-based snack food infused with cannabis oil, snack crackers containing marijuana, snack crackers infused with cannabis oil, brownies containing marijuana, brownies infused with cannabis oil, cookies containing marijuana, cookies infused with cannabis oil, almond confectionery containing marijuana, almond confectionery infused with cannabis oil, chocolate

confectionery containing marijuana, chocolate confectionery infused with cannabis oil, frozen confectionery containing marijuana, frozen confectionery infused with cannabis oil, fruit-based confectionery containing marijuana, fruit-based confectionery infused with cannabis oil, peanut confectionery containing marijuana, peanut confectionery infused with cannabis oil, sugar confectionery containing marijuana, sugar confectionery infused with cannabis oil, chocolate containing marijuana, chocolate infused with cannabis oil, marshmallows containing marijuana, marshmallows infused with cannabis oil, frozen desserts containing marijuana, frozen desserts infused with cannabis oil, dessert mixes containing marijuana, and dessert mixes infused with cannabis oil; and cannabis preparations, namely, infused food flavorings, namely, infused oils, not being essential oils

Class 31

(5) Live cannabis plants

Class 32

(6) Cannabis preparations, namely, infused drinks, namely, carbonated soft drinks containing marijuana, carbonated soft drinks infused with cannabis oil, energy drinks containing marijuana, energy drinks infused with cannabis oil, fruit drinks and juices containing marijuana, fruit drinks and juices infused with cannabis oil, iced fruit beverages containing marijuana, and iced fruit beverages infused with cannabis oil

Class 34

(7) Dried marijuana; dried cannabis; cannabis preparations, namely, cannabis oil for oral vaporizers for smoking; cannabis preparations, namely, cannabis oil for electronic cigarettes; cannabis preparations, namely, cannabidiol [CBD] oil for electronic cigarettes; cannabis preparations, namely, cannabidiol [CBD] oil for oral vaporizers for smoking; cannabis preparations, namely, tetrahydrocannabinol [THC] oil for electronic cigarettes; cannabis preparations, namely, tetrahydrocannabinol [THC] oil for oral vaporizers for smoking

Services**Class 35**

(1) Retail sale of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes; and import and export of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes

Class 39

(2) Transportation of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes by air; transportation of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes by mail order; transportation of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes by truck; transportation of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes by train; and transportation of cannabis, cannabis extracts, cannabis infused food products, cannabis infused

beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes by hand

Class 40

(3) Processing of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes

Class 44

(4) Cultivation of cannabis; and production of cannabis, cannabis extracts, cannabis infused food products, cannabis infused beverages, cannabis oils for cosmetic purposes, cannabis oil for food, cannabis oil for oral vaporizers for smoking, and cannabis oil for electronic cigarettes

PROHIBITED MARK DETAILS

Working NB

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Her Majesty The Queen in Right of the Province of New Brunswick as represented by the Minister of Post-Secondary Education Training and Labour of the mark shown here, as an official mark for services.

Application Number 926,577

PROHIBITED MARK DETAILS

The Registrar hereby gives public notice under subparagraph 9(1)(n)(iii) of the Trademarks Act, of the adoption and use in Canada by Ulkatcho First Nation of the mark shown here, as an official mark for goods and services.

Description

The colours blue, yellow, white, brown and black are described as an element of the mark. The mark consists of a blue circular design featuring a grizzly bear in brown at the bottom thereof. Anahim Peak is centrally positioned and shown primarily in blue, with some white portions. A brown spearhead is positioned at the top of the mark and overlaps in black with the top of Anahim Peak. A yellow sky/sun with a white periphery extends between and around the spearhead and Anahim Peak. Two blue feathers, with white and black portions, are attached to the spearhead using brown rope and extend downwards to the left and right. The right feather contains a yellow eagle head at the bottom thereof. The left feather contains in yellow near the bottom thereof the head of a First Nations man wearing a headdress.
