Type MCGS Coll.

Dear Mr. Kiuru:

This is in reply to your letter of February 10, 1984 requesting the extension of Temporary Approval no. E-188-T.

The original expiry date of this approval was based on the understanding that the MC-68 Data Collector would be in service for 15 months under temporary approval. Because there has been an unavoidable delay in putting the device into service, your request for one-year extension is in accord with this intention.

Accordingly, the date of expiry of Temporary Notice of Approval no. E-188-T is hereby extended to December 31, 1985.

All recipients of Notices of Approval under the Electricity Inspection Act are being informed of this decision by a copy of this letter.

Yours truly,

W.R. Virtue
Chief,
