ELECTRICITY AND GAS.

Re: Approval of Types "M-20" and "M-21"
Demand Registers on Canadian General
Electric Types "I-20S" and "I-30S"
Watthour Meters

Dear Sirs:

This is to advise you that the National Research Council has approved of the use in Canada of the types "M-20" and "M-21" demand registers, manufactured by the General Electric Company, when attached to the Canadian General Electric types "I-20S" and "I-30S" watthour meters. When so equipped, the type designations will be "IM-20S" and "IM-30S" respectively.

Yours truly,

J. L. Stiver,
Director.
