Montreal, April 23, 1934.

Ferranti-McNeil Electric Limited,
St. Catharines,
Ontario.

Attention Mr. J. J. Hill,

Superior P. Co. Engineering

Montreal, Quebec, P.Q.

Dear Sirs:

This is to advise that special equipment has been
furnished by the Ferranti-McNeil Company, for use in an A.C. for building
transformer to 6000 cu ft. type 10000 kva, 11500 volt,
6000 volt auto transformer, serial number 166133 and
available.

These supplying transformers are for the Hydro
electric Commission of Ontario, Fort Erie, Ontario,
and are made to be used in connection with their street
car system. The insulation throughout the entire
transformer is to withstand 10000 volts, and is
designed to carry this voltage without appreciable loss of insulation
between the terminals of 10000 volts.

Yours very truly,

(C. R.)

J. J. Hill
Ferranti-McNeil Electric
Company, Ltd.,
St. Catharines, Ontario.
