Dear Sirs:

It is requested that special approval be given by the GE Board of Directors for the purchase of one only of the following transformers, which are to be used in the Province of Ontario, Canada, and which are subject to the following serial numbers: B-7007.

The above mentioned B-type "100" 5000-110 voltage transformer model no. B-7004, and B-type "100" 500/500-5 type transformer model no. B-7003 & B-7006.

The voltage ratio of the voltage transformers is 0.33 and the current ratio is 0.33/0.9.

This equipment is for the Dominion Power Company Limited, 180-185, Toronto.

Yours truly,

G. J. ...
