Special Approval Section

Dear Sirs:

Replying to your letter of December 21th concerning Special Approval of two units of type 1-134 Current Transformers of 30/60/120-5 amp. ratio, we must apologize for having overlooked your request.

If you will be so kind as to supply us with the test results of the required unit, a list of the loads, and the installation location of both units, we shall immediately prepare the Special Approval letter and notify the District Inspector concerned.

We do not consider that either of these two units will require either witness or laboratory tests.

Respectfully,

H. Dyer,
Chief, Electricity & Gas Division,
Ontario Branch.
