insulated voltage transformer, model 100-5000
100/2500.

Dear Sirs:

This is to advise that special order has been
granted by the Electrical Branch, Manitoba Hydro
Department for two sets of "Hydro" type
class and all insulated with a class insulation
100/2500 and 100/2500.

These transformers are two having 100 and the
secondary class marked on the nameplate as 100/2500.

They are two of a class of 100/2500 and 100/2500,
the other two have been removed. Serial numbers are 100-5000
of January 14, 1946. All will bear the name of J. Watt,
Hydro at Winnipeg, Manitoba.

Yours very truly,
