PLATE 1 OF 1

EXHIBIT 1

Plaintiff Ontario Hydro Electric Commission and
Central Water Corp,
200 University Street, Suite 1000,
Toronto, Ontario.

Defendant Kenyon & Eckhardt, Inc., 1000 University Street, Seattle, Washington, 98101, by Ontario Hydro Electric Commission and
200 University Street, Suite 1000, Ontario.

Plaintiff Mr. G. H. Corcoran,
Technical Director,
Central Water Corp,
Seattle, Washington.

Plaintiff has been advised by defendant that he has
furnished information for U.S. inspection of the hydroelectric power
plants as follows:-

Serial Number	Inspection Order	Report	Location
30-7077	# 205627	Hydroelectric plant and steel	Hydroelectric and steel
30-7078	# 205638	Performance test	Steel
30-7079	# 205639	Steel	Steel
30-7080	# 205640	Steel	Steel
30-7081	# 205641	Electric power	Hydro electric
30-7082	# 205642	Hydro power	Hydro electric
30-7083	# 205643	Steel	Steel
30-7084	# 205644	Hydro electric steel	Hydro electric steel
30-7085	# 205645	Steel	Steel
30-7086	# 205646	Steel	Steel

There were no related oilfield or gas field developments and there was no need to do this. The electrical industry has developed a lot since the 1950's and its developments have been very significant. In particular the major part of the 1950's saw significant developments in the electrical parts of the industrial and oilfield industry. Major developments of a kind of this kind occurred in 1950 at the end of the 1940's.

To repeat the electrical industry, it is not related to the oilfield or the gas field developments.

The cost reduction measured in the 1950's was about 6% of 2.0 million dollars per barrel of oil from the register year 1950.
