STANDARDS BRANCH - DIRECTION DES NORMES

NOTICE OF APPROVAL

G-67

OTTAWA April 9, 1970.

MAITLAND POLYESTER (MYLAR®) CHARTS

Charts Approved

Charts manufactured by Maitland Charts Limited, Maitland, Ontario.

Scope of Approval

This approval covers only those charts intended for use on approved devices. Any chart used on an approved device shall be suitable for the purpose for which it is used and the approval is subject to review when the meter or device is verified, or other samples are called for, at any time by the Standards Laboratory.

The charts shall bear the name or trademark of Maitland Charts and a chart number identifying the particular chart.

These charts are made of polyester and are only approved for use with special ink manufactured by Tejas Instrument Engineers and identified as "Special Plastic Chart Ink".

Approval granted to:

Maitland Charts Limited,
Maitland, Ontario.

J.S.T. Swanson, P. Eng.,
Chief, Standards Laboratory,
Standards Branch.

W.J.S. Fraser,
Chief, Electricity and Gas Division,
Standards Branch.
