

Permission has been granted to the Canadian Meter Company  
limited to introduce a new style zinc alloy integrated index box and  
baseplate assembly on the following positive displacement gas meters:-

- |                      |       |                                 |
|----------------------|-------|---------------------------------|
| 35B, 80B, 250B, 500B | ..... | SD-GA.127, -146, -159, S-GA.215 |
| <u>Meters</u>        |       |                                 |
| DU 5000              | ..... | G-13                            |
| AL 800               | ..... | SD-GA.156, S-GA.237             |
| AL 1000              | ..... | G-29                            |
| AL 1400              | ..... | S-GA.258                        |
| AL 2300              | ..... | S-GA.235                        |
| AL 5000              | ..... | S-GA.230                        |
| Rotary Meters        | ..... | G-7, G-27, G-27-1               |

The permission to use this new style assembly does not cancel  
the approval of the old style index box with a separate baseplate.
