STANDARDS BRANCH

OTTAWA April 14, 1961.

TYPE APPROVAL

CANADIAN METER COMPANY

The apparatus specified herein has been duly approved by the Standards Branch under the provisions of the Gas Inspection Act, Chapter 129, R.S. 1952, and may be admitted to verification in Canada.

Apparatus Approved: Rotary-Type Positive Displacement Gas Meters, manufactured by Roots-Connersville Blower Division of Dresser Industries, Inc., Connersville, Indiana, U.S.A., and distributed in Canada by the Canadian Meter Company Limited, Milton, Ontario.

Rating of Apparatus: All ratings of rotary-type meters previously approved for the Roots-Connersville Company.

Application: Measurement in distribution service of manufactured, natural and petroleum gases, or mixtures thereof.

Description: The complete line of previously-approved Rotary-Type Positive Displacement Gas Meters, manufactured by Roots-Connersville Blower Division of Dresser Industries, Inc., Connersville, Indiana, U.S.A. may be offered for sale by the Canadian Meter Company Limited, Milton, Ontario. Canadian Meter Company nameplates shall be used on these meters with an indication that they are manufactured by Roots-Connersville.

Roots-Connersville will also continue to sell the rotary-type meter in Canada, but in this latter connection the Roots-Connersville nameplate only will be used.
