G 1141-57/N174

OTTAWA, July 4, 1973.

SPECIAL APPROVAL

Granted to: Northwestern Utilities Limited,  
10040-104 Street,  
Edmonton, Alberta.

Attention: Mr. J.G. Dale, P. Eng.,  
Manager, Customer Service & Utilization

Subject: Gas Meter Registers fitted with pulsers  
for Telemetering System

This is to advise that approval has been granted to Northwestern Utilities to modify a further nineteen Canadian Type A225 gas meters by fitting the new type switch referred to in Special Approval SPG-172, June 22, 1972.

The meters so modified will form part of the experimental telemetering system being developed by Northwestern Utilities.
