SD-WA.156

STANDARDS DIVISION

OTTAWA, August 21st, 1953.

NOTIFICATION OF TYPE LISTING

Under the provisions of the Weights and Measures Act, Chapter 36, S.C. 1951, and Regulations thereunder (P.C.6894), the apparatus specified and illustrated herein have been listed as approved devices and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Floor portable platform dial scales type 1000. This group includes models #1001, 1121, 1201, 1221 and 1021, manufactured by Berkel, Rotterdam, Holland, Canadian agent:- Berkel Products Company, Limited, 2199 Bloor Street West, Toronto 9, Ont.

Rating of Apparatus: The capacities of these mechanisms range from 200 lbs. to 1500 lbs.

Application: Weighing of material in wholesale quantities, warehouse weighing and industrial use.

Conditions: As prescribed in P.C.6894.

Description: These devices are of the same general construction as the Berkel bench scale listed on SD-WA.143, except that: the dial supporting pillar is replaced by a metal cabinet which is of greater height, the lever system on scales of higher capacities is relatively stronger, wheels have been added and models whose capacity is greater than their dial capacity are equipped with tare beams or drop weights or a combination of both beams and drop weights. The construction of the different models vary only as to capacity, dial capacity and the addition of beams or drop weights.

Testing: The standard tests for a portable platform dial scale shall apply.
