NOTICE OF APPROVAL

S.WA-40

Revision (1)

OTTAWA September 23rd, 1969.

APPROVED: BERKEL FAN CHART COUNTER SCALES -
MODELS GF, EB, E

manufactured by S. A. Van Berkel N.V. Brussels, Belgium and Berkel Products Co. Ltd., Cooksville, Ont.

Apparatus Listed: Equal Arm Counter Scales with front and back indication on fan-type charts.

Model GF - Equipped with weight charts visible from both sides, and with price computing chart on merchant's side only.

Models EB, E - Equipped with weight charts visible from both sides. No price computing chart. Can also be furnished with over and under indicator. Models EB and E are identical scales, and supersede the earlier Model GF.

Rating of Apparatus: Maximum capacities -
Scale - 40 lb. or 20 kg.
Chart - 2 lb. or 1 kg.

Application: The weighing of commodities in trade.

Special Condition: Over and under charts may be graduated but weight values shall not be marked thereon.

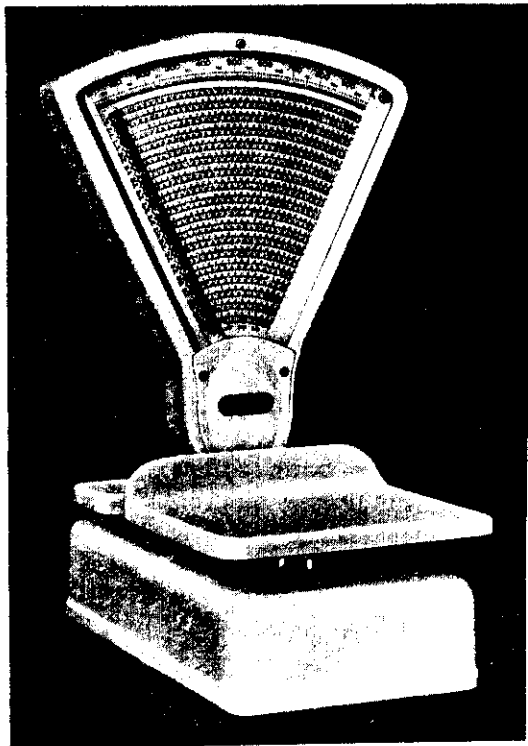

Description: These scales utilize a single equal-arm lever and pendulum mechanism. On Model GF the load bridges are stabilized by means of a pair of yoke-type secondary levers mounted above and parallel to the main lever.

On Models EB and E, the load bridges are equipped with vertical extension arms which connect with parallel stabilizing links mounted within the upper section of the dial housing.

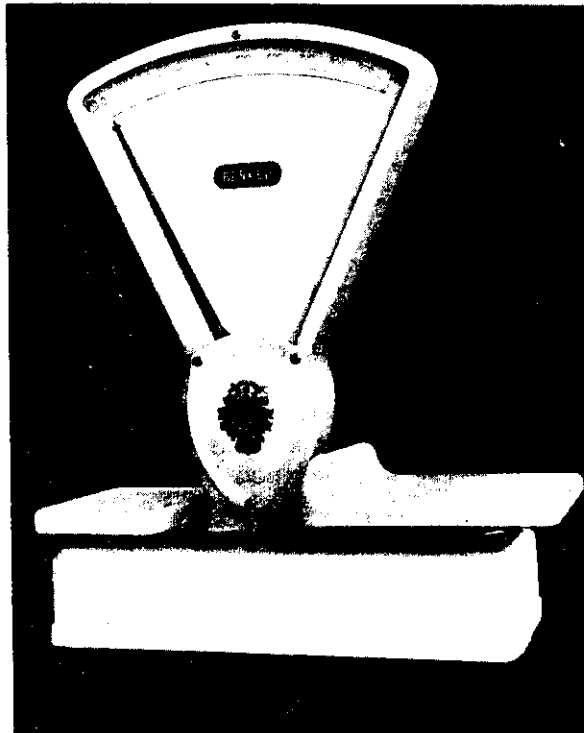

Scales are equipped with front and back weight charts and indicating pointers.

Scales may be finished in white porcelain, in coloured enamel, or in polished stainless steel.

The commodity receptacle may be a flat platter or any one of several styles of scoops.

MODEL GF SCALE

MODEL E SCALE

Testing: The standard tests for equal arm scales shall apply.
