Conditions of Approval:

1. This approval is in effect for one year from date of issue.
2. No devices shall be sold for use in trade without written disclosure to the purchaser, prior to the sale, that the device has received only temporary approval.
3. This approval covers one installation only at Sherritt-Gordon Mines Ltd., Leaf Rapids, Manitoba. Up to 4 further installations may be approved subject to satisfactory test results of the above-mentioned installation. Each subsequent installation must be reported to the Chief, Weights & Measures, by the manufacturer. This report to include a brief description of the device, specifying capacity, size, and options supplied. An installation drawing must also be included.
4. The applicant must submit test reports to the Chief, Weights and Measures, 3 months, and 8 months after the initial verification test. Each test to consist of increasing/decreasing load test and section test generally per items 2 a) and 2 b) of the Weights and Measures Pre-Approval Test Requirement Guide.
5. Reports to be submitted by all W & M regional or district offices in whose regions an installation occurs. An initial verification report plus at least one control report to be submitted during the period of this approval by each relevant office.
