NO.	S.W.A - 238 Revision 1
DATE	February 28, 1972

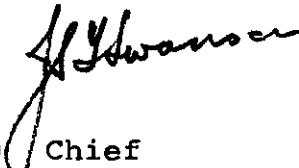

AVERY FAN TYPE COUNTER SCALE - MODEL 1103 CCC

- Manufacturer: W.&T. Avery Limited
Birmingham, England
- Apparatus: Fan Type Counter Scale, Model 1103, CCC
Scales may be equipped with tare beams.
Scale charts may be price-computing type
or may be graduated for weight only.
Weight graduations may be in avoirdupois
or metric values.
- Rating: Maximum capacity - 40 pounds or metric
equivalent.
- Application: The weighing of commodities in trade.
- Description: This scale utilizes a single load lever
of cast iron construction with parallel link stabilizer.
The indicator head is equipped with a cam and single
pendulum mechanism.
The indicating head may be front reading
style as illustrated on this circular or may be arranged
for side reading. Side reading indicators have the chart
housing angled away from the load platter in order to
allow clearance for articles being weighing.
The scale base and housings are of cast
construction with enamel finish. The commodity holder
may be a scoop or a platform. Scales are equipped with
levelling feet.
- Testing: The standard tests for counter scales
shall apply.
- References: SW - 85 - A3
SL - 102 - 355

AVERY FAN TYPE COUNTER SCALE - MODEL 1103CCC

Conditions of Approval: Approval is granted under the Weights and Measures Act, Chapter 292, and Regulations thereunder (P.C. 6894) for use in Canada under the general conditions of P.C. 6894, and under any special conditions listed above.
