NO.	S.WA - 273 Revision 1
DATE	May 10, 1972

AVERY OVER/UNDER COUNTER SCALE - MODEL 1106

Manufacturer: W. & T. Avery Limited,  
Birmingham, England.

Distributor: Robert Morse Corporation Ltd.,  
Ville St. Pierre, Quebec.

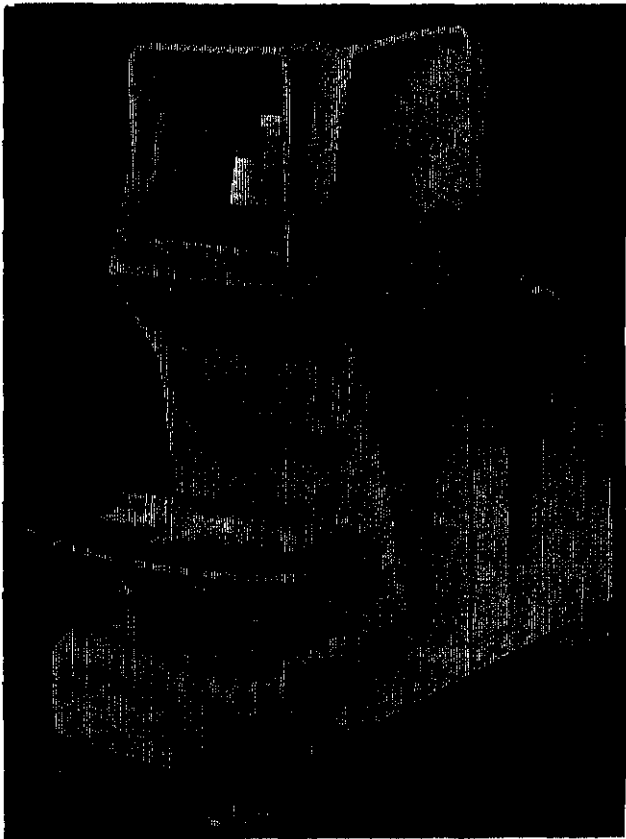

Apparatus: Over/Under Counter Scale, Model 1106.  
The graduations may be in avoirdupois  
or metric units, or may be ungraduated  
with a centre zero position only.  
Metric graduations shall be clearly  
identified.

Rating: Maximum capacity - 2 pounds or 1 kilo-  
gram.

Application: The weighing of commodities in trade.

Description: This scale is equipped with an equal  
arm lever of cast construction and has  
a parallel link stabilizing mechanism  
mounted above the lever. The indica-  
ting system is optical projection type,  
utilizing a graticule attached to the  
lever, in conjunction with an arrange-  
ment of lenses, mirrors, light source,  
and viewing screen. Total load weight  
is indicated by the sum of the balance  
weights on the weight platter and the  
value shown on the viewing screen.

AVERY OVER/UNDER COUNTER SCALE - MODEL 1106

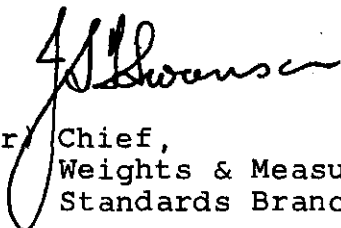

The mechanism is enclosed in a sheet metal housing with enamel finish. The scale is equipped with levelling feet and a bubble type level indicator.

Testing: The standard tests for over and under counter scales shall apply.

References: SW - 85 - A3  
SL - 102 - 398

Conditions of Approval:

Approval is granted under the Weights and Measures Act, Chapter 292, and Regulations thereunder (P.C. 6894) for use in Canada under the general conditions of P.C. 6894, and under any special conditions listed above.

  
(for) Chief,  
Weights & Measures Division,  
Standards Branch.

  
R. W. MacLean,  
Director,  
Standards Branch.
