## APPROVAL LISTING

## SALTER SUSPENDED SPRING DIAL SCALE

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified herein has been listed as an approved device for RESTRICTED TRADE USE and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Suspended spring scale with circular dial Model 236T with a capacity of 60 lbs. manufactured by George Salter and Company, West Bromwich, England.

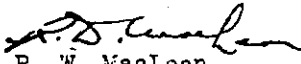

Application: Weighing baggage, light freight and express parcels for the purpose of establishing carrying charges when transported by air lines, railways or other conveyance.

Conditions: As prescribed in P.C. 6894. The tolerances applicable are as laid down in SD-WC.195.

Description: This device is a suspended spring dial scale of similar design to Model 236T listed on SD-WA.170 except that the capacity of the scale is 60 lbs. and the dial capacity is 20 lbs. X 2 ozs.

Testing: The standard tests for a suspended spring dial scale for restricted application shall apply.
