APPROVAL LISTING

YAMATO - PORTABLE PLATFORM SCALE

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein has been listed as an approved device and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Portable platform floor scale Model B-32
manufactured by Yamato Scale Company, Hyogo, Japan.

Rating of Apparatus: 500 pounds capacity.

Application: Weighing commodities in general trade and
industrial use.

Conditions: As prescribed in P.C. 6894.

Description: This device is a portable platform scale equipped with: a beam graduated to 20 lbs. x 1/4 lb., a counter poise hanger, proportional weights and a plumb bob type level indicator. The frame is cast iron and the leverage system consists of two A type levers suspended from the scale base by loops and an extension arm from one of the levers extends to the connecting rod. Load bearings are V type with mushroom heads. The frame is mounted on wheels.

Testing: The standard tests for a platform scale shall
apply.
