APPROVAL LISTING

EXACT WEIGHT GRAF-A-WEIGH SCALE MODEL 2100

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C.1952 and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein has been listed as an approved device and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Equal arm counter scale equipped with over and under indicator and printing device, model 2100, manufactured by The Exact Weight Scale Company, Columbus 15, Ohio U.S.A. and sold in Canada by E. W. Scale Company Limited, Toronto 18, Ontario.

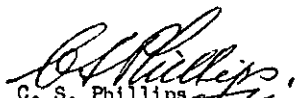

Rating of Apparatus: 5 pounds and 1500 grams.

Application: Weighing commodities in general trade.

Conditions: As prescribed in P.C. 6894. The over and under chart may be graduated but weight values must not be marked on the chart.

Description: This device is an equal arm counter scale with an over and under indicator to which has been added a printing device for recording weights on a permanent plotted weight graph. The basic scale is similar in design to model 213 listed on Approval Circular SD-WA.28. This device may be equipped with a side beam notched and graduated 10 ounces by 1/10 ounce or 100 grams by 1 gram.

Testing: The standard tests for an equal arm scale with over and under head and printing device shall apply.
