APPROVAL LISTING

TRINER FAN TYPE POSTAL SCALE - MODEL 120

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein has been listed as an approved device and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Postal Fan Type Counter Scale Model 120, manufactured by the Triner Scale and Manufacturing Company of Canada Limited, 313 Horner Avenue, Toronto 14, Ontario.

Rating of Apparatus: 20 ounce capacity.

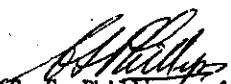

Application: Weighing and computing postage.

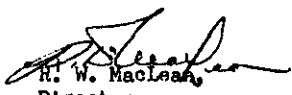

Conditions: As prescribed in P. C. 6894.

Description: This device is a counter automatic indicating postal scale with a fan shaped chart. The scale is of the single lever design with an adjustable nose iron.

Movement is transmitted to the indicator from the lever by steel ribbons and cam device, the resistance to the load is accomplished by two pendulums. Pivots and bearings are of hardened steel.

Tests: The standard tests for computing counter scales shall apply.
