APPROVAL LISTING

TRINER FAN TYPE POSTAL SCALES
MODELS 803, 804 and 805

Under the provisions of the Weights and Measures Act Chapter 292 R.S.C. 1952 and Regulations thereunder (P.C. 6894) the apparatus specified and illustrated herein have been listed as approved devices and may be used in Canada in accordance with conditions applicable.

Apparatus Listed: Postal Fan Type Counter Scales Models 803, 804 and 805 manufactured by the Triner Scale and Manufacturing Company of Canada Limited, 513 Horner Avenue, Toronto 14, Ontario.

Rating of Apparatus: Model 803 - 3 pound capacity
Model 804 - 4 pound capacity
Model 805 - 5 pound capacity

Application: Weighing and computing postage.

Conditions: As prescribed in P.C. 6894.

Description: This device is a counter automatic indicating postal scale with fan shaped chart. The computations on the chart are for various postal rate classifications. The scale is of the two main lever design with an adjustable nose iron. Resistance to the load is accomplished by a double pendulum mechanism. Pivots and bearings are of hardened steel.

Tests: The standard tests for computing counter scales shall apply.
