TOLEDO PREPACKAGING COUNTER SCALE

MODEL 1070 A

Manufacturer: Toledo Scale Co. of Canada Ltd.  
2462 Howard Ave. Windsor, Ont.

Apparatus: Platform Counter Scale, Model 1070 A, with projection indication and external tare control knob. Scale trade name is "Verilux".

Rating: Maximum capacity - 50 pounds.

Application: The weighing of prepackaged commodities in trade.

Special Conditions:

- I. Scales shall be marked "FOR PREPACKAGING ONLY". Marking must be located as to be readily visible to the operator, and must be of a permanent nature with letters of 3/16" minimum height.
- II. Scales shall not be used for direct sales to customers.
- III. Scales shall not be installed on a retail premises except in a prepackaging room separate from the retail area.

Description: These scales are spring-resistance type with a load lever of cast construction and triangular shape. Fulcrum and load bearings are enclosed ball bearing assemblies.

S.WA-545

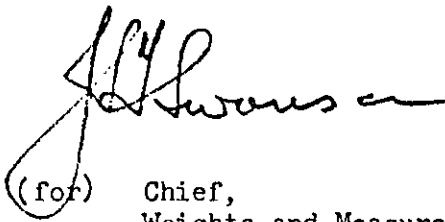

On scales of current manufacture platform load force is transmitted to the load lever by means of a single centre-mounted bearing. Earlier scales were fitted with outboard load bearings, one on each side of the load lever.

Weight reading is provided by an optical projection system, utilizing a transparent moving chart with the customary arrangement of light source, lenses, mirrors and viewing screen. Tare is adjusted by means of a control knob located at the front of the indicator housing.

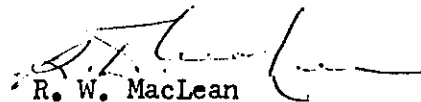

Testing: The standard tests for counter scales shall apply.
