APPROVAL LISTING

EXACT WEIGHT RECORD-A-WEIGH SCALE MODEL 2130

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein has been listed as an approved device and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Equal arm counter scale equipped with over and under indicator and a manually operated recording attachment, model 2130, manufactured by The Exact Weight Scale Company, Columbus 15, Ohio, U.S.A., and sold in Canada by E. W. Scale Company Limited, Toronto 18, Ontario.

Rating of Apparatus: Capacities 12 pounds and 22 pounds.

Application: Weighing commodities in general trade.

Conditions: As prescribed in P.C. 6894. The over and under chart may be graduated but weight values must not be marked on the chart.

Description: This device is an equal arm counter scale with an over and under indicator to which has been added a manually operated printing device for recording weight values on a graph chart. The basic scale is similar in design to model 273 listed on Approval Circular SD-WA.28. This device may be equipped with a graduated notched side beam.

Testing: The standard tests for an equal arm scale with over and under head and printing device shall apply.
