APPROVAL LISTING

DETECTO FAN TYPE COUNTER SCALE

MODEL D3F30

Under the provisions of the Weights and Measures Act, Chapter 292, R.S.C. 1952, and Regulations thereunder (P.C. 6894), the apparatus specified and illustrated herein has been listed as an approved device and may be used in Canada in accordance with the conditions applicable.

Apparatus Listed: Fan type counter scale model D3F30 manufactured by Detecto Scales Inc., 540 Park Avenue, Brooklyn, N.Y., U.S.A.

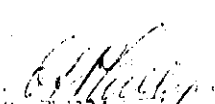

Rating of Apparatus: Capacity 30 pounds.

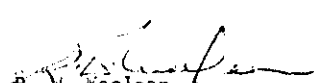

Application: Weighing commodities in general trade.

Conditions: As prescribed in P.C. 6894.

Description: This device is an automatic indicating counter scale with fan type chart and two beams. A pendulum type mechanism is used as resistance to the load and in turn connected to a single unequal arm main lever. The main pivots are pear shaped hardened steel and the bearings are V notched agate. The load receiving element may be a flat platform or scoop type.

Testing: The standard tests for an automatic indicating counter scale shall apply.
