## NOTICE OF APPROVAL – AVIS D'APPROBATION

### TOLEDO COUNTER COMPUTING FAN TYPE SCALE MODEL 3111

Manufactured by the Toledo Scale Company of Canada Limited, 2462  
Howard Avenue, Windsor, Ontario.

Apparatus Listed: Fan type face to face or side indication computing  
counter scale model 3111.

Rating of Apparatus: Capacities 20 ounce, 2 pound, 3 pound, 4 pound  
and 6 pound.

3 pound converted to 1.5 kilograms by 10 grams.

Application: Weighing commodities in retail or general trade.

Description: This device is a counter computing face to face or side  
indication fan type scale with pendulum resistance to load, having  
cam and ribbon connection between the single unequal arm lever and  
the registering head. Instead of load and fulcrum pivots and bearings,  
hardened steel pins which operate in ball bearing races are used.

Commodity equipment can be either platter, scoop, both-  
ends-open scoop or round pan.

This scale may also be used for industrial purposes  
with non-computing charts having capacities as listed above.

Testing: Standard tests for fan type counter scale shall apply.

Reference: SW-85-T6  
SL-102-106

Note: Approval is granted under the Weights and Measures Act, Chapter  
292, and Regulations thereunder (P.C. 6894) for use in Canada  
under the general conditions of P.C. 6894, and under any  
special conditions listed above.
