## NOTICE OF APPROVAL

S.WA-720

OTTAWA April 16, 1970.

Approved: HOBART COMPUTING COUNTER SCALE - MODEL 100

manufactured by the Hobart Manufacturing Co. Ltd., 190 Rainside Rd., Don Mills 400, On

Apparatus Listed: Fan Type Computing Scale, Model 100.

Load Rating: Maximum capacity - 4 pounds.

Application: The weighing of commodities in trade.

Description: This scale is equipped with a load lever of cast construction. Load resistance is by means of a single cam and pendulum mechanism. Scales are equipped with two separate charts and pointers, providing front and rear indication.

The scale is enclosed in a metal housing with porcelain enamel finish. The commodity holder may be a plastic or metal scoop or a flat metal platter.

Testing: The standard tests for a computing counter scale shall apply.
