NOTICE OF APPROVAL

S.WA-802

OTTAWA October 29, 1970

Approved: HOBART PREPACKAGING SYSTEM - MODEL 3000VU

manufactured by Hobart Manufacturing Co. Ltd., 190 Railside Road, Don Mills, Ontario

Apparatus Listed: Prepackaging System, Model 3000VU, consisting of the following:

Mechanical Scale with Weight Encoder
Electronic Price Computer
Label Printer

Rating of System: Weighing capacity - 25 lb. x 0.01 lb.
Max. unit price - 99-4/5 cents

Application: The weighing and pricing of prepackaged commodities in trade.

Special Conditions:

- I Scales shall be marked "FOR PREPACKAGING ONLY". Marking must be in a location which is readily visible to the operator, and must be of a permanent nature with letters of 3/16" minimum height.
- II Scales shall not be used for direct sales to customers.
- III Scales shall not be installed on a retail premises unless in a prepackaging room separate from the retail area.

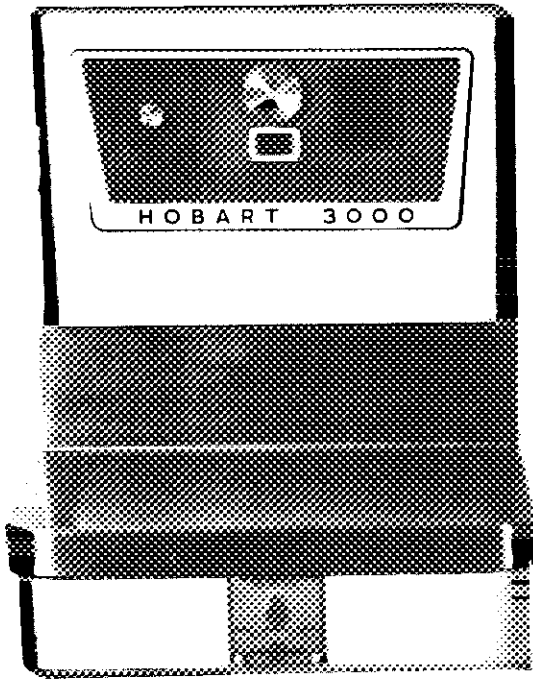

Description: The Hobart 3000VU system produces printed labels, denoting quantity and price, for prepackaged foods. Weighing, computing and label-printing are performed automatically.

This system is a modified version of the Hobart 3000 (S.WA-577) and is principally intended for the prepackaging of fruits and vegetables. The 3000VU has a lower range of unit pricing, permitting price settings down to fractions of one cent.

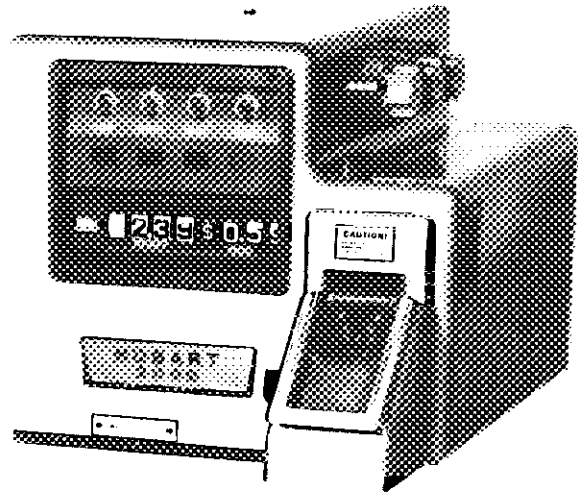

The 3000VU may be used for pricing and labelling either "By Weight" or "By Count". In the "By Weight" mode, label printing is based on weight and unit price, performance being the same as for Model 3000.

In the "By Count" mode, label printing is based on pricing by units or quantities other than weight, as follows -

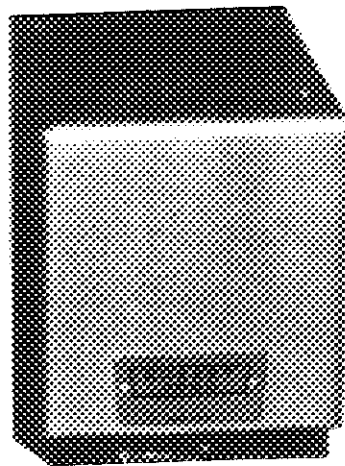

Single Unit Pricing - BASKET, BAG, BUSHEL, etc.
Multiple Unit Pricing - 3 for 25¢, 4 for 39¢, etc.

SCALE

LABEL PRINTER

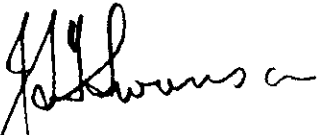

PRICE COMPUTER

Testing: The standard tests for computing prepackaging scales shall apply.
