TOLEDO ONE-SPOT READING DIAL

Manufacturer: Toledo Scale Division,  
Reliance Electric Limited,  
2462 Howard Ave.,  
Windsor, Ontario

Apparatus: Toledo One-Spot Reading Dial, Model 701

Rating: Capacity - 50 lb. to 100,000 lb.

Application: For use as an alternative for the normal dial  
and pointer on Toledo 20" mechanical dial heads, with or  
without unit weights.

Description: The Toledo One-Spot system utilizes a rotating  
dial in conjunction with a fixed indicating line. Weight  
indication is shown through a magnifying lens and internal  
lighting is provided, which permits reading the scale from  
greater than normal distance.

On scales equipped with unit weights, the value  
of active unit weights is automatically displayed in a window  
which is adjacent to the dial weight indicating line.

Testing: The standard tests for dial indicating scales  
shall apply.

Reference: GL1153-57/T170-392

Conditions of Approval: Approval is granted under the Weights and  
Measures Act, S.C. 1970-71-72, Chapter 36, and the Weights and  
Measures Regulations P.C. 1974-1461 of June 27, 1974 for use in  
Canada under the general conditions of the said Regulations, and  
under any special conditions listed above.
